Commission to Open Bids for Oil Leasing Friday, November 24

The Ballinger city commission will open bids for leasing city land on Valley Creek for oil and gas operations on November 24. Several bids are on file and some companies will have personal representatives here when the bids are opened.

Operators near the discovery well adjoining the city lake are anxious to drill well to the No. 1 Turner. Tests drilled to the south, east and northeast have failed and it is believed the oil pool lies under the lake or along the shoreline.

The city will have the right to reject all offers in case the bids are considered too low. This will be the second time the commission has opened bids on this tract and a contract is expected to result after proposals next week.

Bids will be accepted until November 24 and the commission will welcome personal representatives of firms who want to discuss leases or any other operation for the production of oil and gas.

Girl's Poignant Plight Sparks Drama Produced by Goldwyn, 'Our Very Own'

Dealing with the problem of the adopted child, Samuel Goldwyn's "Our Very Own," to be shown at the Texas Theatre Sunday and Monday, November 19, 20, stars Ann Blyth, Farley Granger and Joan Evans in a striking drama.

The heroine is the eldest of three girls in a typical American family—a happy high school senior who has no idea that she, unlike her "sisters," is adopted. She learns the truth in a startling manner, and her dismayed reactions at the news lead to emotional situations, some of which affect her "steady date" as played by Granger.

Acclaimed as an unusually understanding and sympathetic treatment of the adoption subject, the film has a strong supporting cast headed by Jane Wyatt. Other players are Ann Dvorak, Natalie Wood, Phyllis Kirk, Donald Cook and Gus Schilling.

The double-feature program at the Texas today, tomorrow and Saturday presents "Beware of Blondie," one of the "Blondie" comedy series, and "The Showdown," a Republic western.

"The Showdown" is said to be highlighted by one of the most spectacular cattle stampedes ever

seen in a motion picture. William Elliott, Marie Windsor and Walter Brennan are the stars.

Warner's new romantic comedy, "Pretty Baby," co-starring Dennis Morgan and Betsy Drake, is the offering at the Texas Tuesday and Wednesday, November 21, 22.

A riotous satire on the advertising business, the film deals with a minor employee in an agency, who is suddenly skyrocketed into major importance when a crochety client takes a fatherly interest.

John Wayne Top Man In RKO's 'Fort Apache'

John Wayne heads the cast of "Fort Apache," to be shown at the Hillcrest Drive-In tomorrow and Saturday. Wayne has the role of an army officer in Arizona some 70 years ago whose conflict of authority with his commander precipitates the taut drama of the climax, a stirring battle between a cavalry squadron and a band of Apaches. Henry Fonda, Shirley Temple and Pedro Armendariz have other top roles.

The Randolph Scott-Ella Raines starrer, "The Walking Hills," is to be shown at the Hillcrest Sunday and Monday, November 19, 20. Concerned with a dramatic search for fabulous desert treasure, the film features William Bishop, John Ireland, Arthur Kennedy and Josh White, the folk singer.

On the same program is another feature, "River Lady," starring Yvonne DeCarlo. Scheming of heartless frontier crooks and the heartbreak of the head schemer provide the motivation. In the Technicolor melodrama also are Dan Duryea, Rod Cameron and Helena Carter.

"The Avengers," adaptation of the famous Rex Beach novel, "Don Careless," starring John Carroll and Adele Mara, and to be presented at the Hillcrest Tuesday and Wednesday, November 21, 22, was filmed entirely in Argentina, in and around Buenos Aires. The lavishness and beauty of the early days of South American history are brought to the screen in this swashbuckling romantic drama.

Whip Wilson Western Declared Thrill Loaded

Whip Wilson in "Silver Raiders," and "Federal Agent at Large," an exciting crime melodrama, make up the double-bill at the Palace Theatre tomorrow and Saturday, November 17, 18.

Whip Wilson has his hands full of badmen in "Silver Raiders," described as sixty minutes of action, thrills and suspense for devotees of the sagebrush sagas. Andy Clyde, Virginia Herrick and Patricia Rios are others in the cast.

Gold smuggling across the Mexican border is the basis for "Federal Agent at Large," co-starring Kent Taylor, Dorothy Patrick and Robert Rockwell. Supporting are Roy Barcroft, Denver Pyle, Frank Puglia, Estelita Rodriguez, Robert Kent, Jonathan Hale and Thurston Hall.

Lynns Tells of European Tour at Garden Club Meeting

Estes M. Lynn talked on the tour of the British Isles and the European continent which he and Mrs. Lynn made the past summer and showed more than 150 slides of pictures Mrs. Lynn took in the different countries, at a meeting of the Ballinger Civic-Garden Club Tuesday evening. Husbands and others were guests of members.

Mr. Lynn's interesting narrative, along with the pictures, began when they touched at Cobh, Eire, and on to Edinburgh, where they visited Mrs. Fraser Wishart, cousin of Mrs. Lynn, and Mr. Wishart. In Edinburgh they made a tour of Loch Lomond and its surrounding highland country, also visiting historic St. Andrews and the beautiful gardens.

Their travel progressed on to the Scotch borderlands along the river Tweed, in the lake district, then to Stratford-on-Avon, where they visited the Shakespeare shrines, and witnessed "Measure for Measure" on the state of the Memorial Theatre.

The Lynns found the Netherlands charming and picturesque, and from there journeyed on to Belgium, thence into romantic Luxembourg, where the castles on the hillside were enchanting and the people most hospitable. In Switzerland they enjoyed the beauty of Lake Lemana, and the pictures the Lynns had made of the lake and the towering peaks were exquisite, as were those of the chateau.

After describing the beauty of Lucerne, Mr. Lynn told of their trip to Paris, where they enjoyed the appeal of the city situated in the Seine valley. Pictures were shown of this beautiful city which included the Museum de Louvre, the lovely windows in the Cathedral of Notre Dame, and the Church of the Sacred Heart. The last picture taken in Paris was of the statue of Joan of Arc.

Concluding pictures shown were of the Atlantic and sunset on the water, the Statue of Liberty, the plane which brought the Lynns home, and of their home in Ballinger.

Mrs. Elmer Shepperd, president, conducted a brief business period preceding the talk by Mr. Lynn, and at the conclusion the club was hostess at a tea. Mrs. Chester Cherry, Mrs. W. O. Irby and Mrs. Joe Flynt assisted in serving assorted cookies. Mrs. Shepperd ladeled punch at the lace-laid tea table which was centered with an autumn arrangement of cedar boughs, berries, mistletoe and thistles combined with candles in autumn shades which encircled a pumpkin. The arrangement was made by Mrs. J. O. Satterwhite.

Thanksgiving arrangements consisting of fruits, vegetables, nuts, avocados, and berries were exhibited by Mmes. Cherry, Shepperd, F. M. Pearce, Bill Clark, Joe Flynt, John Castor, and a chrysanthemum arrangement was by Mrs. Beulah Frazier. Approximately 100 attended.

Any boy who wants to join the Cub Scouts or any Cub Scout who does not have a den mother can get in a den now. There are several new dens and there is room for every boy if the boy or his parents will get word to Mr. Ledford or Mrs. Paul Petty.

Members of Cub Scout Den 1 met with the den mother, Mrs. E. W. Stasney, Tuesday afternoon. Billy Witter served ice cream sandwiches and cake to: Michael Watson, Buddy Stasney, Calvin Kirk, Paul Price, Bill Wray, Jerry Candler and Bobby Bisset.

Dr. Stasney accompanied the boys to the skeet shooting grounds where they learned how to carry, handle, and use a rifle, and do some shooting.

Cubs of den 2 met Tuesday afternoon with Mrs. Pierson Corder, den mother. Members turned in their achievements to Mrs. Paul Petty so that badges and arrow points can be ordered for awards at the November 28 meeting.

Mrs. Fred Middleton, a new den mother, met with den 4. Cubs of den 3 who have been meeting with den 4, were transferred to Mrs. Middleton.

Members were told of hand-craft work to be started in the training program. Mr. Ledford has obtained the necessary material and the program will be underway by next week.

Home Demonstration Club Women End County Tours

County-wide tours on November
2 and 7 gave over 200 women the
opportunity to see results of dem-
onstrations being carried out in
Runnels county. The women mak-
ing the tours represented all
twelve of the home demonstration
clubs in the county.

The group met November 2 at
the Winters clubhouse to begin
the tour in the northern part of
the county. The first stop was the
new Drasco clubhouse, which has
been completed, equipped and
made attractive by some good
planning. The house was formerly
a teacherage, left vacant by school
consolidations. Members of the
club first asked their husbands to
do some carpentry. One wall was
removed to make possible a large
room for club meetings and other
community gatherings, one room
was made into a children's room
and a third room was equipped
for a modern kitchen. The interior
was completely refinished and
kitchen cabinets were built, vene-
tarian blinds installed, furniture
refinished and a hand-painted
picture contributed.

The living room demonstra-
tion at the home of Mrs. Elmo Mat-
thews showed the results of carry-
ing out plans which she and the
agent had made. New paper and
rearrangement of furniture were
noted. Mrs. R. Q. West exhibited
a chair which had been reuphol-
stered and a 35-year-old ironing
board which had been remodeled.

From Drasco the women went
to the home of Mrs. A. B. Spill at
Winters where they inspected
hooked rugs made to improve the
living room, new window drapes
with cornices and a new furniture
arrangement.

At the home of Mrs. Glen Eager,
in the Victory community, the
group saw results of good plan-
ning. New drapes, new rugs, fur-
niture and walls mentioned to
blend were seen.

A stop was made to inspect the
landscape demonstration at the
home of Mrs. Chester Busher.
Here work had been carried out
over a five-year period according
to plans made with the agent.

The Crews clubhouse was the
next place of interest where a
large dressing room at the end of
an auditorium had been refin-
ished.

In the Norton community, Mrs.
Lawrence Bryan told the group
how she had made plans to pro-
vide reading centers in her room,
repairer, and reupholster furni-
ture.

On November 7, 115 women met
in Ballinger to tour the southern
part of the county.

Mrs. Hedrick Shelburne in the
Bethel community had her living
room ready for inspection. Three
chairs and a divan had been
reupholstered, a reading center
equipped with proper light and a
study table and chairs provided.

In the Olfen community the
group saw the progress of Mrs.
Theo Halfmann in her living
room demonstration. Hooked rugs
had been completed, two chairs
upholstered and new wallpaper
put up.

Mrs. Virgil McShan's living
room was an example of the
rearrangement of furniture and
rechanging of pictures.

Mrs. Earl Crockett's one-year-
old landscape caused much favor-
able comment.

The refinished porch furniture
at the home of Mrs. J. L. Ohl-
hausen and the refinished dinette
of Mrs. Tom McEntire were
results of putting into practice
the techniques given in the train-
ing school by the agent.

Mrs. Leon Russell, demonstrator
for the friendly Neighbors Club,
showed a well planned color
scheme, rearrangement of furni-
ture and pictures and a living
room centered around the radio.

The last visit was to the living
room demonstration at the home
of Mrs. Elliott Kemp. Drapes had
been planned to blend with up-
holstered furniture, furniture had
been slip-covered and floors cov-
ered from wall to wall. Land-
scaping in the Kemp yard is being
carried out on a well-planned
basis.

Six-Man Football Game Won 34 to 18 By Novice Hornets

A fair crowd of shivering foot-
ball fans was on hand last Thurs-
day night to watch the Norton
Eagles and the Novice Hornets
battle to a 34 to 18 score in favor
of the Novice lads. The game was
sponsored here by the Ballinger
Lions Club and had received wide
publicity. A capacity crowd was
expected until the chilling north
wind blew in to make it almost
unbearable in the stands. A large
number of fans gave up at the
half and sought warmer places.

Novice took an early lead when
Joe Golsen received the kickoff
and raced 70 yards for a touch-
down. A short time later he broke
into the open and galloped 87
yards to score again.

Norton came back in the second
period and scored on a pass from
Taylor to Richard Cope, who took
the ball on his ten and raced into
the end zone.

After the half, Norton tied the
score with a pass, Taylor to Cope.
This boy Golsen again featured
when he ripped off a 52-yard run
for his third touchdown of the
evening. The big fullback also
made two other touchdowns and
kicked two extra points.

Norton kept fighting and on
passes by Taylor carried close to
the goal line from where Cope
went over for the third score.

The win for Novice throws the
district into a three-way tie with
Norton, Novice and Mozelle hav-
ing one loss each for the season.

FRIENDLY NEIGHBORS HOME DEMONSTRATION CLUB

Miss Ollie Chenoweth, Runnels
county home demonstration agent,
met with members of the Friendly
Neighbors home demonstration
club and discussed arrangements
of furniture in living rooms, at a
meeting in the home of Mrs. Leon
Russell on Wednesday of last
week.

After the group sang opening
numbers which were led by Mrs.
Merle Taff, the fifteen members
answered roll call by giving "The
Holiday Dessert My Family Enjoys
Most." The business period was
conducted by the president, Mrs.
Eugene Baker. Plans were com-
pleted for a Christmas party

which will be held in the home of
Mrs. David Duke, and the date
will be set later.

Secret pals will be revealed at
the next meeting, which will be
held in the home of Mrs. Lee
Parks on November 24.

The hostess served a salad plate
with cocoa colas.

Bluecats Beat Bearcats In Armistice Grid Tilt

A short jump-pass, Baker to Griffin, gave the Coleman Bluecats a victory over the Ballinger Bearcats in the annual Armistice Day battle. The maneuver was a fourth down try in the waning minutes of the game and the bullet pass fell into the arms of the receiver just across the goal line. Baker added the extra point from placement and that was all the scoring for the afternoon.

Four times the Bearcats drove deep into Coleman territory only to have downs run out on them and the ball go over to the opponents. Twice they lost the ball on the ten-yard line, once on the 13 and again on the 17.

SPORTS

Ballinger and Winters, each defeated by Brady and Coleman, will meet at Bearcat Field tomorrow (Friday) night to complete their schedule. Although both teams are out of the running, the game will lose none of its interest and the two squads will be about evenly matched for the first time in several years. Local school officials expect a ticket sell-out.

Although the Bearcats did not come through this year to win the district, fans believe the boys have developed fast and that the coaches have done a great job in building a team with no carry-overs to speak of. The conference defeats were by a single point to Brady and a lone touchdown to Coleman.

Harold Merrifield and Elroy Payne were good for yardage against the Bluecats but inside the twenty the tight opposition was able to bog down the ground attack and the Bearcats were unable to pass against an alert defense.

In the last minutes of the game the Bearcats took over deep in their own territory and looked like they were headed into safer terrain but a pass and fumble gave Coleman the ball on the 20-yard line, from where they went to pay dirt and what looks like a district championship. The Bluecats have to meet only the Lake View Chiefs to complete their district schedule.

It was a fighting Coleman line that dealt the Bearcats plenty of trouble all afternoon and stopped the ground game in the pinches.

The teams played before a complete sell-out crowd. Stands were packed, trucks in the end zones were loaded with people and several thousand were standing along the railing of the side lines.

Mr. and Mrs. Arthur Doose, Jr., of Llano, spent the Armistice holidays here, visiting relatives and friends.

Jack London Story, 'High Seas' and 'Stars in My Crown' to Horseshoe

The Horseshoe Drive-In Theatre is showing tonight for the last time "The Outriders," a Technicolor production.

The Friday-Saturday double-bill at the Horseshoe is composed of "The Singing Sheriff," starring Bob Crosby, and "High Seas," a Jack London story starring Glenn Ford and Claire Trevor. Suspense and excitement runs riot in the London epic.

"Stars in My Crown," M-G-M drama to be shown at the Horseshoe Sunday and Monday, November 19, 20, stars Joel McCrea with a cast of screen favorites in the action-filled story of a two-fisted parson whose whisper spoke louder than six-guns.

McCrea plays the Civil War cavalryman turned preacher, who brings law and order, love and laughter to a small Southern community. Appearing opposite the star is Ellen Drew, who portrays that unsung heroine, the housewife and gentle power behind many a man's success.

In supporting roles are Lewis Stone, Alan Hale, Juano Hernandez, Charles Kemper, Connie Gilchrist, James Mitchell and Amanda Blake.

Barbara Stanwyck and Henry Fonda star in one of the screen's funniest comedies, Paramount's "The Lady Eve," to be shown at the Horseshoe Tuesday night of next week.

The port side of a boat is the left side, as one faces from stern to bow.

Horseshoe Thanksgiving Special 'Young, Willing'

For its special Thanksgiving program, Wednesday and Thursday, November 22, 23, the Horseshoe Drive-In will show "Young and Willing," starring William Holden, Eddie Bracken, Susan Hayward. "Young and Willing" is rated by previewers as a gay offering loaded with laughter.

SHAMROCK GIRLS' 4-H CLUB

The Shamrock 4-H girls' club met Wednesday, November 8, in the H. L. Frick home with Janice Frick hostess.

The vice-president, Serena Minzenmayer, presided at the business session and the roll was called by the secretary, Janie Busher. Stationery, which the girls had ordered, was received and distributed.

Miss Ollie Chenoweth, home demonstration club agent, brought the girls up to date on the Christmas party plans and announced that she had received the pins, which are to be distributed at a later date, to the ones who have earned them. Miss Chenoweth also gave some pointers in sewing, such as selection of a pattern, straightening material to be used, laying the pattern, cutting the dress, etc.

Refreshments of sandwiches, cake and punch were served to Janie and Naomi Busher, Juanita Bredemeyer, Frances and Serena Minzenmayer, Altus Ueckert, Janice Frick, and Miss Chenoweth; Mmes. W. F. Minzenmayer, Cullen Busher and H. L. Frick; Roger Frick.

1951 Studebaker on Display This Week

A new grille, "spinner," bumpers and bumper support splash shield highlight the principal front end changes of Studebaker's 1951 passenger cars. Changes at the rear are centered around the re-designed tail lamps which provide much greater rearward and lateral lighting, and the trunk deck handles enclosing lock, lid release and license plate lamp. Studebaker's new State Commander Starlight Coupe is shown in the photo above.

Studebaker's 1951 passenger car models, paced by a new Commander series powered by a rugged, compact, new V-8 engine, are now being displayed by Dillion Motor Co., local Studebaker dealer.

"The new engine for our Commanders has been designed not only to prepare for any foreseeable boosts in compression ratios, but to utilize the most modern machinery and manufacturing techniques in producing it," says C. E. Dillion, manager. "Rated horsepower of the new engine is 120 at 4000 r.p.m., while taxable horsepower is 63.4. Compression ratio as released is 7 to 1.

"Although the new engine has 17.6% more power than the six-cylinder engine formerly used, tests completed by company engineers definitely show that the 1951 Commander will maintain the outstanding reputation for fuel economy established by preceding Commander models. More-

over, the use of premium gasoline will not be required," Mr. Dillion explains.

The new power plant for the Commander model is but one of an impressive list of changes in the new 1951 Studebakers.

Exterior lines of the 1951 Studebakers not only continue the smart, revolutionary styling introduced a year ago, but give the cars even greater sleekness as a result of design changes at the front and rear. Principal front-end styling alterations center around the new grille, "spinner," and splash shield which completely encloses the bumper support bars. Styling changes at the rear reflect striking new trunk deck handles and redesigned tail lamps which give much greater lighting both rearward and laterally.

"We believe the new models will not only set new standards for beauty, but for safety, performance, and riding comfort as well," says Mr. Dillion. "One-piece windshields, for example, which have been used on Studebaker's post-war 5-passenger coupes, convertibles, and Land Cruisers, are now standard on all but the 5-passenger and business coupes. The

increased visibility thus provided will, we feel, make an important contribution to motoring safety."

Among the important chassis changes are the wider rear springs which give the cars much greater lateral stability. Inserted between the new four-leaf, 2½-inch springs are full-length polyethylene inserts to keep out dirt and moisture.

Changes in the Champion include the adoption of center-point steering, a new instrument panel, and steel jacket-enclosed steering column and gear shift lever on all but the Custom models. Other changes include an increase in radiator frontal cooling area of 22 sq. in., and a boost in the generator output from 35 to 40 amperes.

Parking brake handles on all models have been redesigned and mounted on the instrument panel moulding for greater accessibility. Studebaker's automatic transmission is available on all models as optional equipment at extra cost. Overdrive will likewise continue as extra-cost optional equipment.

The fox trot was named after a New York dancing instructor.

Nurse Tells How Hadaacol Was So Helpful To Her

Supplied Vitamins B₁, B₂, Iron and Niacin Which Her System Lacked

elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come in Liquid Form There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas' After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B₁, B₂, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B₁, B₂, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

© 1950, The LeBlanc Corporation.

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B₁, B₂, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B₁, B₂, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

WEST TEXAS NOTES

It is deer hunting time again and many Ballingerites have packed their camping equipment and moved into the Hill Country to be on hand the first morning of the season this morning. Before noon many bucks will be killed and put on cold storage. Some Ballinger men plan their annual hunts from one season to another and nothing prevents them from going. Some have kept the same leases the past ten years and feel reasonably sure of having a successful trip when they leave home. The range is in fair shape and with a good crop of acorns, deer are expected to be fat.

Runnels county farmers want to know what will be the law in regard to working children under 16 years old in gathering cotton next year. Producers need to know this before they plant the 1951 crop. With no restrictions, many farmers will greatly increase their cotton acreage next year, provided they are assured pickers will be available. The government wants more than 16,000,000 bales next year, but such a crop will require a long harvest and growers in this

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their address promptly.

Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.

The best plan for all concerned is to send the change of address in advance.

A number of Stephenville citizens left Sunday on a Big Bend Trail tour. A bus was chartered and round trips were sold at \$25 each. En route the caravan was joined by delegations from other cities on highway 67, who will hold meetings at Alpine and Marfa and make side trips into the Big Bend national park and across the Rio Grande into Mexico. On the return the Stephenville people will take lunch with the Ballinger Lions Club.

region must depend upon Latin-American crews who move in from South Texas. The past fall practically all pickers left as soon as federal agents came into the section to check up and the latter part of the crop was a difficult operation.

The Ballinger Chamber of Commerce through a special committee is striving to present a city-wide Christmas program that will be a credit to the town and one that will attract shoppers here during the gift buying period. Money has been raised for the special features but the success of the venture will depend upon the cooperation of business men. A beautiful town, with Christmas show windows, interiors decorated and special events to increase the spirit of the season will do much to create early shopping and attract buyers. Members of the committee are calling upon merchants, asking that they do something to make Ballinger a 100 per cent Christmas center. These men believe every business window in Ballinger should have some kind of a display and be lighted. Those who do not have show windows are asked to make table displays and place them near the front of their stores. Let's make the most of the opportunity by everybody doing his part.

A drive has been launched at Coleman which it is hoped will make possible a youth center for teen-agers. For several weeks newspapers have opened their columns to the boys and girls, whose letters have been frank in what they want for programs and other gatherings. Civic leaders hope to formulate and submit a plan for the project in the near future.

Estes & Amery, of San Angelo, have started a 4,500-foot wildcat oil test near Paint Rock. This operation is supported by the Hawsatha and Seaboard companies and leases were assembled by C. E. Cezeaux, of Ballinger. The location is on the J. F. Dodson ranch.

The usual Armistice parade opened the November 11 program at Menard. Entries were enlarged this year to include all of Menard county and prizes were offered for the best. Following the parade the annual auction was conducted by the Parent-Teacher Association. A dance was held in the evening to conclude the day's festivities.

A committee of business men appeared before the Brady city council last week to ask that parking meters be installed. The group spokesman told city officials that the petition submitted represented 95 per cent of the business interests of Brady. No immediate action was taken by the council. Mayor Earl Rudder passing the proposal to the police committee for study and recommendation.

Good progress is being made on the campaign at Melvin to raise money for the community chest. It was reported at a meeting of the Lions Club last Friday. Frank Strebeck, new secretary, was installed at the meeting. Lions also made plans to take part in the Armistice Day program.

A lease was signed at Winters last week on a 13-acre tract west of town and George W. Strake stated he would move his field headquarters there. Plans call for

the construction of an office building, warehouse, pipe racks and other buildings when needed. Strake will keep his general headquarters at Houston. One of the largest oil lease holders in this county, he has already brought in a large number of wells, and has numerous rigs being operated in

Fireside Banking

On cold stormy days, which winter always brings, you will appreciate the convenience of banking by mail even more than at any other season. A trip to the mailbox is so much easier and quicker than a trip to town, and most transactions may be handled from your own fireside.

The valuable time you need not use on busy days will be an important consideration. The hours required for special trips add up to a big total during a year, and those you save may be put to many other uses with profit. Distance is not a factor—when you bank by mail.

the county at this time. Buyers and cattlemen from all parts of the country are expected to come to Comanche November 20 for the Barrett Hereford Ranch auction. The 1949 sale set a record for high prices in the United States when 59 head sold for an average of \$1,057. Many registered animals will be offered in the 1950 sale and already buyers from several states have made reservations.

Christmas party, to be held on December 8. The affair will be "family night" and suitable entertainment will be arranged. At the club meeting last week the county home demonstration agent, Mrs. Annie Bradshaw, gave pointers on making curtains and drapes.

A paved road from Bronte to Winters looked brighter last week when state highway officials told the Coke county commissioners' court that the Bronte section of the road would be recommended to be completed within the next two years. A group of Coke coun-

tians met with Winters citizens last week to talk promotion of this road. Right-of-way for the Coke county part of the road will be sought soon.

James Edwards, 12-year-old Rising Star boy, has set some kind of a record with a peanut demonstration. On seven-tenths of an acre he harvested 74 bushels, testing 77, and received \$240.86 for the crop. The ground was well fertilized and the vines never needed rain while growing. The yield is best so far reported in the Rising Star section.

200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000. That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one this year. But we're speaking here of new owners only.

We can name many reasons for this landslide—including Fireball power—an incomparable ride—and Dynaflo Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown comparison? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

advice about keeping well

"THE MAN who thinks to conserve his health by uselessness and ease does not differ from him who guards his eyes by not seeing, and his voice by not speaking. . . . Least of all is it to be assumed that laziness is healthful, if it destroys what health aims at; and it is not true that inactive people are more healthy."

This excerpt from Plutarch's essay *Advice About Keeping Well*, written over 2,000 years ago, might have been written yesterday. Had medicine and pharmacy been as well developed then as they are today, we are certain he would have stressed the value of a periodic physical examination by a qualified physician. By the same reasoning, it is wise to take your prescription to a registered pharmacist for expert compounding. We are prescription specialists.

Cub Scouts Have Various Activities Past Week
Members of Cub Scouts, Den 4, met with the Den Mother, Mrs. Pierson Corder, in her home on Ninth Street, Tuesday afternoon of last week for their regular

meeting. The group sang selections to Alva Rothelle, a member of Den 4, who has been dismissed from Hendricks Memorial Hospital, Abilene, recently. This was the first meeting Alva has attended for

several months and it was a happy reunion for the Cub. David Jones, another member who has been unable to attend, will be back soon with the group.

Trails were blazed and followed by Cub Scouts, and refreshments were served to Tommy Corder, Buzzy Underwood, Mack Petty, Lynn Jones, Alva Rothelle, Freddie Brown, Charles Afferbach, Lane Crockett, Mac St. John, Jimmy McWilliams, Wade Clifton, Hershel Lawson and Den Chief

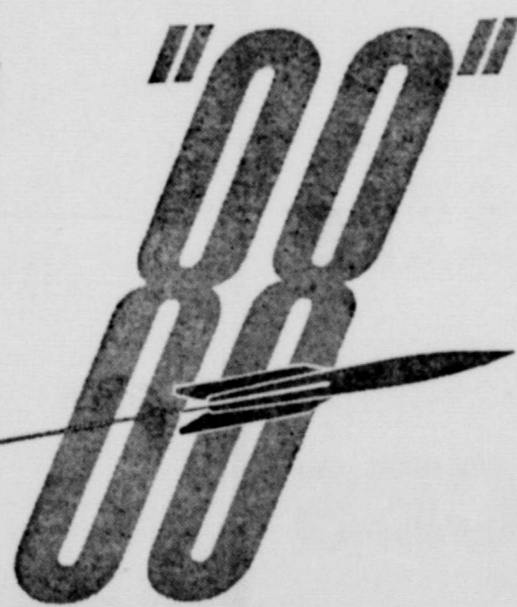

Bobby Cochran. Members of Cub Scout Den 1 met with their Den Mother, Mrs. E. W. Stasney in her home on Eighth Street on Tuesday of last week where fudge and taffy apples were made. Michael Watson served cookies and cold drinks before visiting KRUN during the Bearcat hour. Mrs. Stasney was assisted by Den Chief Jerry Eoff for all Cub activities. Others were: Bobby

Blasett, Jerry Candler, Billy Witter, Calvin Kirk, Bill Wray, Buddy Stasney and Paul Price. **Jan Jones Named Birthday Honoree**
Jan Jones was named honoree on her third birthday anniversary last week at a party in the home of her aunt, Mrs. Jim Mac Wright. Assisting were her mother, Mrs. Frank Jones, and her grandmother, Mrs. H. U. Jones. After games were played in the

patio, gifts were opened and the birthday cake, decorated in yellow and white, was served with ice cream to the following guests: Linda and Charlie Wright, Linda Fulrath, Nelda Jo Barnett, Brenda Proffitt, Linda Delores, Linda and Bubba Simco. Also attending were: Mmes. R. R. Wright, Josie Wright, Elizabeth Fulrath, George Proffitt, L. Z. Simco, and John Wright, Jr.

"Pyorrhoea" May Follow Neglect
Did you ever see an attractive person with irritated "GUMS"? Druggists refund money if first bottle of "LETO'S" fails to help. **Pearce-Bailey Drug**
Mrs. Lloyd Herring assisted Ellen Herring in serving cookies and punch.
Mrs. H. Laxson returned home last Thursday after a visit at Whitesboro and Fort Worth.
Dr. Marshall Dyke, of Borger, and Stubby Green, of Abilene, attended to business in Ballinger Monday.

For Power with Economy...it's High Compression!
FOR HIGH COMPRESSION...
IT'S THE "ROCKET"!

Ever since Oldsmobile introduced the "Rocket" Engine two years ago, seems like everybody claims "high-compression"—but nobody explains it. The phrase simply means squeezing the gasoline into a smaller space before exploding it. This gets more power out of the same amount of fuel. But the engine must be designed for high-compression all the way through to assure smooth, quiet, gas-saving performance. The "Rocket" is 100% high-compression—from the crankshaft out. And the lowest-priced "Rocket" Engine car is Oldsmobile's "88." Makes good sense to try it soon—doesn't it?
