

## Mothers' March of Dimes Slated Tonight

### Campbell's Calf Brings \$1,800

Mark Campbell, Runnels county 4-H club boy who showed the grand champion steer in the boys' division at the Fort Worth fat stock show, sold his 940-pound Hereford in the sale Friday for \$1,800. The sale price brought his total take at Fort Worth to slightly more than \$2,600.

Prior to the sale he had won prizes valued at \$800 and with the sale price added, he will make some \$3,000 on his calf, counting other shows and prizes won.

Mark became ill before the auction and was forced to return home. His brother, Hugh Campbell, attended the show and was in charge of the calf at the sale.

Other winners in the various departments of the Fort Worth show included a number of Runnels county 4-H club boys.

Obie Dee Bradford showed 34 entries in the poultry department, including white laced Cornish, dark Cornish and white Cornish. His placings were as follows: white laced, 1st, 2nd, 3rd, 4th and 5th; cocks, 1st, 2nd and 3rd; pullets, 1st, 2nd, 3rd, 4th and 5th; trio, 1st, 2nd and 3rd; junior trio, 3rd; white hen, 3rd; cock, 5th; and he also showed the best white laced Cornish in the entire show. ### Red Cross Officials, Others To Have Important Meeting

Officials of the Runnels county chapter of the American Red Cross have called an important meeting for Monday night. Officials of the Ballinger Chamber of Commerce, Lions and Rotary clubs, Jaycees, Winters Red Cross chapter and present officials of the county organization will assemble at the Central Hotel for a dinner at 7 p. m. followed by a business session.

At the business period new officers are to be elected, a fund chairman named for 1951, and other business transacted. At the present the organization has no chairman since the resignation of W. J. Hembree, who moved from the county, and there is no fund chairman since Leon Reese was recalled to air force service.

A. A. Warren, field representative of Goodfellow Field, San Angelo, will attend the meeting. He will give plans and needs of the 1951 fund campaign, to be conducted during the entire month of March.

The Ballinger chapter has been called upon after during the past two weeks for assistance to local needy as a result of the blizzard.

### Sgt. Walker's Body Here for Reburial; Funeral Tomorrow

The body of Sgt. Robert Arien Walker arrived here this (Thursday) morning from Japan.

Sgt. Walker, son of Mr. and Mrs. Bill Walker, of Odessa, was born and reared in Ballinger. He was serving in Japan with the first radio squadron of the U. S. Air forces and was found dead in his bed on Christmas day, death resulting from a heart attack.

Decedent was born on August 12, 1929, and made home in Ballinger until the family moved to Odessa.

Funeral services will be held at the First Christian Church tomorrow (Friday) at 2:00 p. m. Chaplain E. F. Mignery, of Goodfellow Field, will conduct the services, assisted by Rev. A. O. Rue, pastor of the First Presbyterian Church, U. S. A. Interment will follow in Evergreen Cemetery and Goodfellow Field personnel will be in charge of the military rites.

Survivors besides the parents include two brothers, Gordon and Henry Walker; a sister, June Walker, all of Odessa; grandmother, Mrs. E. D. Walker, Ballinger; uncles, H. W. Vorbeck, E. J. Vorbeck, Ballinger; H. L. Walker, Los Angeles; A. Walker, Banning, California; P. J. Walker, Houston; aunts, Mrs. S. W. Hale, Marshall; Miss Mickey Vorbeck, Ballinger.

The Mothers' March of Dimes will be conducted in Ballinger this evening from 6:30 to 7:30 o'clock. This feature was postponed from Wednesday night of last week when the temperature dropped to around the zero mark.

The fire alarm will be sounded at 6:30 p. m. to remind citizens to turn on their porch lights if they will make contributions in the battle against infantile paralysis. Where there is no porch light, a candle, a flashlight or any other light will serve, and the solicitor on that block will stop. No call will be made at a house where there is no light burning on the porch.

Leaders directing the feature event tonight are hoping to raise 10 cents per capita from all called upon. They make this announcement so that those who have already donated and think they can only give a small amount will turn on a light and help.

A large number of Ballinger high school students will participate in the canvass tonight. Members of the football team, band and pep squad will serve on blocks as solicitors. They will be sent to their territory in patrol cars with the sirens blowing, which will be another reminder to switch on porch lights.

The March of Dimes campaign is far behind the goal in this county and leaders hope tonight's call will meet with the same ready response as in other cities. This is the final solicitation here and the campaign will be concluded tonight.

Citizens are warned that the sounding of the fire alarm at 6:30 will be a signal for porch lights to be snapped on and will not mean a fire. They also are reminded that contributions of any size will be appreciated.

### Harman and Wommack Get Data on Making Bid

Fred Harman and "Toots" Wommack spent the first part of the week here securing information and making arrangements in preparation for submitting a bid to the U. S. Air Forces training command for the operation of a flight training school at Bruce Field.

Looking into the securing of land for auxiliary fields, meeting with the city commission in regard to local requirements, holding an interview with the commanding officer at Goodfellow Field and a number of other transactions were necessary before they go to Dayton, Ohio, on February 12.

No actual work is being started and will not be until after a contract is let, but the prospective operators got agreements and all details worked out so there will be nothing in the way if they are the successful bidders.

Most important part of the preparations is the bond election

here on February 17, when city voters are asked to approve or reject an issue for \$100,000 in bonds to meet city requirements at the field.

The city's part would call for lengthening three runways, installing a lighting system, repairing streets and seal coating the ramp. No bonds would be issued or sold in case the Ballinger air school is not approved and only the needed amount of money would be spent. If the requirements can be met for less than \$100,000, part of the bonds would not be sold.

The contractors would have the responsibility of all construction, preparing auxiliary fields and other improvements.

While here Mr. Harman received a number of applications for positions, including instructors. A number of Ballinger citizens were instructors at the field operated here during World War II and will seek similar positions if the field is reopened.

### Wildcat Scheduled On L. Stokes Place North of Ballinger

The Cree Drilling Co. and the LaGloria Corp. have staked a grey sand wildcat two and a half miles northeast of Ballinger. To be known as the No. 1-Lynn Stokes, the application is for a 4,000-foot hole with rotary equipment, starting February 15. The location is half a mile south of LaGloria No. 1-Ashton, a 4,000-foot failure, and 2 1/2 miles southwest of the Florence Serratt sand field.

The Peterson-Kirkman Drilling Co. has completed setting surface pipe and has begun regular tours on the Homer Price No. 1-E. C. Grindstaff, north of Ballinger. This will be a Serratt sand test to about 2,500 feet.

Drilling was continued this week on the Huffble No. 1-Roy Tyree, most interesting wildcat in the county at this time. The operation will be continued to 6,000 feet and unless better production is found, casing will be set and a gauge made of the Pennsylvania lime where pay on a short run was 35 barrels an hour.

J. A. Messenger and others have completed their No. 2-Jones for a daily flow of 265 barrels of 46.8 gravity oil. The well is in the Nora (Gardner) field. Total depth is 4,125 feet.

Burdell Oil Co. No. 4-Sowell, in the Fort Chadbourne field, was finished the past week-end for a daily flow of 146.72 barrels of 43 gravity crude. Total depth is 5,355 feet.

G. W. Strake No. 7-Elo Michaels is being prepared for completion in the Odom lime at 5,336 feet. The well was swabbed in and flowed.

Electric surveys are being run on the Strake No. 1-Michaels-Nelson, after which it is planned to acidize the Odom lime at 5,270 feet.

Mid-Continent No. 5-Albert Sykes, in the Sykes-Morris sand field, is slated for 4,300 feet.

E. K. Burt, E. M. Burt and others No. 8A-Mrs. Malinda Jameson, in the Burt pool, has been approved for 3,500 feet.

Humble No. 29B-Sallie Odom, in the Fort Chadbourne field, was completed the first of the week for daily production of 197.2 barrels of 46 gravity oil.

E. K. Burt, E. M. Burt and others No. 7A-Jameson was brought in early this week for a flow of 267.94 barrels of 44 gravity oil.

The Humble Co. has staked four locations on the Sallie Odom estate, all to be 6,000-foot rotary operations.

### 2,786 Issued Poll Tax Receipts for Year; Several Elections Set

Dalton Crockett, county tax assessor-collector, announced the past week-end that tabulations of poll tax receipts issued for 1950 revealed a total of 2,786. This is compared with 3,363 in 1949.

Mr. Crockett stated that he had received a number of remittances by mail the first of the month which had not been worked before the final totals for the year were made up. In the last few days there was a rush at the office, but the blizzard interfered with payments from places some distance from Ballinger.

The announcement of the \$100,000 airport bond issue election by the city caused a large number of Ballingerites to pay their poll taxes in the month and the entire force was busy the first three days of last week.

The total poll receipts issued for 1950 is very low for Runnels county, which has a population of about 17,000.

City elections, trustee elections and the bond issue elections already called are the only balloting to be held for sure, but special referendums may be set later in the year.

Within a short time a list will be made up showing how many qualified voters there are in each voting box of the county.

A son, William Harvey, was born to Dr. and Mrs. Jack Lynn at Long Beach, California, Friday, Mrs. E. M. Lynn left by plane to be with her son, daughter-in-law and new grandson.

### County's Teachers Meeting Tonight; Williams Speaker

The regular meeting of the Runnels County Teachers' Association will be held here tonight, starting at 7:30, in the high school auditorium. Entire teaching staffs of all schools of the county are expected to attend.

The Ballinger school faculty will have charge of the opening part of the program during which entertainment numbers will be presented.

Supt. Nat. Williams, of Abilene, will direct the program, on the subject of "In Service Training for Teachers."

Supt. W. E. Elkins, president of the county organization, stated that he did not know how Supt. Williams would handle the program, but he would submit plans for providing training for on-the-job teachers in all schools.

The plan has been carried on successfully at Abilene with a professor from the University of Texas visiting the school once every two weeks to take special classes upon which teachers are given credits.

Notices were sent to all members of the county organization the first of the week, advising them of the meeting and the place and time.

Word was received here last week by his mother that Pvt. Neil W. (Billy) Byers had sailed from the United States, destination unknown. A graduate of the Ballinger high school, he has been in the armed forces since September, 1950.

### City Has Heavy Damage In Water Lines, Paving

City crews are going day and night and Sundays trying to repair damage done by the near-zero weather of last week. Many broken water lines are causing much trouble and it was stated Monday that it would require several days more even to estimate the damage to the distributing system.

When work is finished on burst pipes a check-up will be made on damage to pavement. In a number of places pavement has crumbled after water ran under the asphalt and buckled it.

A two-inch water line on Sealy Avenue was broken in a number of places. Water lines on Broadway are broken and at other places water was pouring out Sunday and Monday.

The worst damage to pavement is on Third Street near the old standpipe. The water intake had been cut off but the reservoir was not drained. A six-inch line at the bottom of the standpipe burst and some of the water got under pavement. A section of the street buckled Sunday and was breaking apart.

An intersection on Hamilton Avenue had buckled and was breaking apart Sunday, and numerous small breaks were observed in various sections of the city.

R. E. Harris, water superintendent, kept a crew on the job all day Sunday, trying to get breaks

in water lines repaired as soon as possible. When these jobs are completed a check-up will be made of all paved streets to determine the loss and spot places where work is necessary.

The six-inch line from Ballinger to the airport, which also serves South Ballinger, was opened Sunday. The big line was frozen at the Colorado River crossing where it is exposed.

**COOK NAMED MANAGER OF BANNER PLANT HERE**

John Cook has been employed as manager of the Banner Creameries plant in Ballinger and has assumed the duties.

Oscar Williams, of Abilene, district manager, stated in a telephone conversation this morning that the operators had no thought at this time of closing the Ballinger plant, located at Broadway and Railroad Avenue, and would continue operations there as they had in the past.

Rumors that the Banner plant here would be closed were heard on the streets this week.

Mr. and Mrs. Kelly Chapman are parents of a son, born at 3:50 p. m. January 31 in a San Angelo hospital. The baby weighed 5 pounds, 3 ounces and has been named Randal Clyde. The couple has one other child, Deborah Jo, 17-months-old.

### Information Given Lions On Airfield Reactivation

R. E. Bruce, of the aviation committee of the Ballinger Chamber of Commerce, and Mayor Bill Moore were speakers at the Ballinger Lions Club meeting Friday, telling of the proposed plans for the reactivation of Bruce Field and the city's obligation in the plan.

Mr. Bruce returned Friday morning from Dallas, where he had been in conference with Fred Harman, who will bid on the operations of Bruce Field as a training school for aviation cadets.

Mr. Harman was in receipt of a letter from the air forces training command, in which it was stated that "Ballinger would be highly acceptable" in case he was a successful bidder for one of the 29 civilian-operated school contracts to be let. Mr. Harman will go to Dayton, Ohio, on February 12 and after being briefed, will submit a bid. He will be informed by March 4 if he is a successful bidder and will then be expected to be ready to receive a class of cadets by May 29.

Mr. Bruce also saw a complete plan of requirements for these schools. The city's part will be in providing three runways, 150-foot wide and 4,000-foot long, refinishing streets inside the camp and seal coating the large ramp in front of the hangars. It also will be required to provide a lighting system, but Mayor Moore explained that lights and cables were secured from Corpus Christi several years ago which can be installed for night flying.

The city would also be required to locate sites for three auxiliary fields. The contractor or air forces would make these fields

ready for use.

The classes, when complete, would have 168 student officers learning to fly and 449 aviation cadets. Classes would be received in May, July and August. Contract for the operation of the field would be for fifteen months with option of renewal.

In addition to the facilities which the field had before, some new requirements would be made of the operator. An auditorium and chapel would be necessary with a seating capacity of 600. The hospital would be much larger, 25-bed capacity, and the medical staff would include a dentist. Square feet space for hangars would also be greater than before.

Mayor Moore explained that the election for a \$100,000 bond issue set for February 17 was considered the maximum amount necessary to meet the requirements of the city to put the field in condition. He added that if no contract was granted for Ballinger no bonds would be issued and that in case improvements were made, that only the necessary amount would be sold from the issue. In answer to questions he told Lions that no money could be used from the sale of these bonds except for improvements to the grounds at the field. He also stated that the issue could be handled without an increase in taxes.

Mr. and Mrs. Dillard Adair and baby son, Cal, of Dublin, were week-end guests in the home of Mr. and Mrs. Cal Adair. Mr. Adair returned to Dublin Sunday. Mrs. Adair and baby remained for a week's visit.

### FORMER BALLINGER MAN EXPIRES IN CALIFORNIA

Jack Stubbs, formerly of Ballinger, died at his home in Lynnwood, California, Saturday.

The body and members of the family will arrive at Coleman tonight at 11:15 o'clock and will be brought to Ballinger for funeral services, tentatively scheduled Saturday afternoon.

No other details of the death or funeral will be available here until members of the family arrive.

#### EDITORIAL

All Ballinger people are called upon to participate in the observance of World Day of Prayer tomorrow. The United Council of Church Women are sponsoring the program which will begin at 7 a. m. and continue throughout the day.

The mayor has joined the church women by issuing a proclamation calling upon Ballingerites to take time off to go to the church and spend a few minutes in prayer for guidance in this time when young men are being called to the armed forces and powers threaten war on a worldwide scale.

The First Presbyterian Church, U. S., on Broadway, will be open the entire day and the church bell will be rung each hour to remind people of prayer time. Two women will be at the church the entire day and visitors may kneel in silence and offer their own petitions.

Similar services are being held throughout the nation and in ninety-three other countries. Many American boys will suffer and die in Korea today. Many others are being called to train for whatever the future brings. Believing in the power of a Divine Father, Prayer Day is sponsored that earnest supplications can be made to God for peace on earth and love and understanding for men of all nations.

You will be welcome at the church any time tomorrow.

S. E. Cloninger was high man in the campaign, signing five new members.

### FIRST METHODISTS WILL HAVE SPECIAL SERVICES THIS MONTH

February 25 will be Layman's Sunday and an out-of-town lay speaker will be here for the special service.

**GREEK WARRIORS IN ACTION IN KOREA**... Greek soldiers on patrol are silhouetted against the sky as they proceed along a ridge in Korea during the withdrawal of United Nations troops after Chinese and North Korean Communists began their drive south across the 38th parallel. Presence of these troops and those of other member nations of the U.N. should dispel critics of the U.N. action in Korea who complain that the United States is bearing the whole burden of defending the Korean republic from the Communists. Most of the rear guard action in the evacuation of troops by sea has been fought by our allies.

## Martin and Lewis Put Gloom to Rout As Zany GIs in 'At War with the Army'

Dean Martin and Jerry Lewis, hailed as the screen's newest and funniest comedy team after their sensational performances in "My Friend Irma" and "My Friend Irma Goes West," are on the loose again in their latest starring vehicle, Paramount's "At War with the Army."

According to advance reports, this comedy, to be shown at the Texas Theatre Sunday and Monday, February 11, 12, is the merriest and maddest escapade of them all. The screwball comics are cast as two trouble-making GIs who subject the army to the sternest test it has ever known. Before their hitch is through, there is talk of adding a sixth side to the Pentagon to deal with their hilarious misadventures.

Mack David and Jerry Livingston have provided a bright and lively musical score that gives Dean a chance to display the famed vocal style that makes girls want to leave home, and he is joined in sing by gorgeous Polly Bergen, who makes her film debut in this wild comedy of army life.

James Whitmore and Nancy Davis, as Mr. and Mrs. Joe Smith, and young Gary Gray, as their son Johnny, represent the typical American family in M-G-M's much-talked-about "The Next Voice You Hear . . ." one of the most unusual and provocative dramas ever to reach the screen.

Being shown at the Texas today, tomorrow and Saturday, the cast also includes Lillian Bronson, Art Smith, Tom D'Andrea and Jeff Corey.

On the same program is "Bandit Queen," starring Barbara Britton and Willard Parker.

A trundle bed is one which rolls out from under a larger bed.

### 'Fuller Brush Girl' Stars Lucille Ball, Eddie Albert

Columbia's "The Fuller Brush Girl," starring Lucille Ball and Eddie Albert, is the feature film at the Texas Theatre Tuesday and Wednesday, February 13, 14.

With Miss Ball as the Fuller brush girl and Albert as her befuddled boy friend, the cast also includes Carl Benton Reid, Gale Robbins, Jeff Donnell and Jerome Cowan in featured supporting roles.

In "The Fuller Brush Girl" Miss Ball attempts to become a cosmetic dealer and experiences many hilariously funny moments in the same madcap vein as "The Fuller Brush Man." She and Albert tangle with a smuggling ring, become involved in a murder and run the gamut of fun before things are satisfactorily straightened out.

Climactic scenes occur aboard ship with the stars chasing and being chased by smugglers.

### 12 Warner Stars Appear In 'It's a Great Feeling'

Twelve stars appear in "It's a Great Feeling," Warner Bros. Technicolor comedy to be shown at the Runnels Theatre Saturday, Sunday, Monday and Tuesday, February 10 through 13. In addition Dennis Morgan, Doris Day and Jack Carson, who star in the film, there are guest appearances by Gary Cooper, Joan Crawford, Errol Flynn, Sydney Greenstreet, Patricia Neal, Eleanor Parker, Ronald Reagan, Edward G. Robinson and Jane Wyman.

A thrilling story of romance and courage in a bomb-swept Chinese village is told in RKO Radio's

"China Sky," billed at the Runnels Wednesday, Thursday and Friday, February 14, 15, 16. Randolph Scott, Ruth Warrick and Ellen Drew are starred in this re-released screen version of Pearl Buck's best-selling novel.

### Comedies and Thrillers Booked at the Hillcrest

Joe E. Brown will be seen at the Hillcrest Drive-In Theatre Tuesday, Wednesday, Thursday, February 13 through 15, in "Beware Spooks!" with blonde and lovely Mary Carlisle. The comedy star plays a patrolman whose antics make him the underworld's best, if most unwilling, friend. In support are Marc Lawrence, Clarence Kolb, Don Beddoe, Lorna Gray and Frank Thomas.

On the same program is "Kiss Tomorrow Goodbye," Warner Bros. release starring James Cagney, who portrays a college professor gone wrong, an educated toughie who uses his fists and Phi Beta Kappa key to open the door to criminal wealth and love. Barbara Payton, Helena Carter, Luther Adler and Steve Brodie are seen in support.

A gripping prison story of men who live outside the law, and of the men whose duty it is to apprehend them, Warner Bros.' "Alcatraz Island," starring Ann Sheridan, with John Litel, is the main attraction at the Hillcrest tomorrow and Saturday.

Razor-edged action describes "Undercover Girl," scheduled at the Hillcrest Sunday and Monday, February 11, 12. Two veteran stars in the thrill department, Scott Brady and Alexis Smith, make this story of a trans-continental dope ring chase sizzle with suspense.

IMMIGRANT CAMP AFTER DELUGE IN ISRAEL. . . Among the farmers of Israel, a recent torrential rainfall was a big occasion for thanksgiving, for the rain saved the crops of the land from what was described by all the agricultural experts in Israel as a "major catastrophe." However, the large rain brought nothing but a large portion of hardship and misery to the tent cities that are the immigrant camps. This camp near Tel Aviv became a quagmire. About 20 per cent of the tents collapsed and almost all of them were flooded by surface water that the ditches couldn't carry away. The Israeli army rushed help to those most badly in need.

## Cotton Growers Meeting Will be Held at Winters

John A. Barton, county agent, has announced a mass meeting of cotton growers and others to be held in the Winters school auditorium tomorrow (Friday) evening from 7:30 to 9:00. Local arrangements for the meeting are being made by the Winters F.F.A. chapter.

In a recent meeting at Sweetwater it was pointed out that America faces a serious shortage of cotton at the end of this season and that a 16,000,000 million bale crop must be produced in 1951. It was asserted that cotton is next to steel in importance in fighting a war.

Leaders in agriculture declared that raising a 16,000,000-bale crop is not an easy task and will require much planning, coordinated effort and the support of many people to accomplish.

The Winters meeting has been planned as one of the first to be held in this section to consider the part Runnels county must play to reach the goal. The following program will be presented:

"Why 16,000,000 Bales of Cotton are Needed in 1951," Joe C. Johnson, assistant county agent

"The Farm Machinery Outlook for 1951," Woody W. Alder, Winters

"Labor Saving Devices that may be Used in Growing Cotton," C. R. Kendrick, Winters

"Tractor Maintenance," Baylis Fletcher, Ballinger

"Cotton Planting Seed Outlook," James Glenn and Pete Davidson, Winters

"The Child Labor Law," I. L. Lasater, Winters school superintendent

"Why the People Should Keep Themselves Informed on State and Federal Legislation and Matters that may Affect Our Area, as Illustrated by the Child Labor Law," Harvey D. Jones, Winters

"Community Action in Effective Insect Control," John A. Barton

"How Junior Boys, F.F.A. Chapters, 4-H Clubs Can Help in the Cotton Program," Bill Fox, vocational teacher, Winters.

An open discussion and a question and answer period will follow the talks.

## C. of C. Directors Discuss Housing, Other Projects

Directors of the Ballinger Chamber of Commerce held their first business meeting of the year Monday night. Since new directors took office in January numerous committee meetings have been held but there has been no official board meeting.

Ernest Caskey, chairman of the education committee, reported on the progress of the new school buildings, saying work had been slowed down awaiting arrival of windows but that these had been shipped and all other materials were on the ground to complete both buildings.

Chester Cherry made a talk on the need for a spring clean-up campaign. Fixing the date was delegated to Mr. Cherry and when sewer system work is completed an effort will be made to have one of the best clean-ups in the history of Ballinger. The unsightly, insanitary condition of alleys due to sewer work was pointed out and citizens were urged to put them in good condition.

Holidays for 1951 were set, the same five days as for last year. Since November 11 falls on Sunday, November 12 will be a holiday here.

A lengthy discussion was held on the community chest plan and Manager Jack Pridden was instructed to go to Brady to study the set-up there.

Directors voted to name two more standing committees and one special group. A special committee from local service organizations will be named at once to make a study of the proposed bond issue and reactivation of Bruce Field before February 17.

A petroleum and housing committee will be appointed to work throughout the year.

Directors voted that the chamber would not sign letters or assist individuals in seeking deferment from armed service.

The first Monday night in each month was set for the regular meeting of the board.

During the entire meeting the matter of housing came up time and again. Mr. Pridden pointed to families that were finding living quarters in other towns after staying here several weeks at local hotels. He also said that the chamber's free rental service did not have a single house or apartment listed at the present time.

The special housing committee will make a survey of local needs as quickly as possible and lend every assistance possible to anyone who can be interested in building duplex rental houses.

Ballinger Boy Scouts are joining in the observance of National Boy Scout Week, February 5 through 12, and local leaders will launch the annual finance drive next Tuesday.

Troop 42 is making a nice display of work and activities in a show window of the J. C. Penney store and other troops are having special meetings with feature programs on the national observance.

Scouting is growing in Ballinger and four troops plus a number of Cub packs are organized and meeting regularly each week. At a recent court of honor many boys received advancement and merit badges for work completed during the past summer.

Ballinger business men who work as leaders are planning and will conduct the annual finance campaign next week. They hope to increase the annual budget to carry on the new load caused by more troops, more boys and increased costs.

Elsewhere in this paper is a page ad on National Boy Scout Week, setting forth the main objects of scouting.

## School Activities Set for Next Week

The First Baptist Church will be host to seniors and members of the A football team at the annual banquet Monday night of next week.

Tuesday, a Southern Assembly program, Bobo, the Magician, will be the entertainment feature for students in assembly.

Basketball teams played Monday night, the B team defeating the Paint Rock Boys by the score of 38 to 18.

Ballinger girls participated in a tournament at Lake View the past week-end, losing both games.

## DENTISTS

William F. Vaughn

William F. Vaughn, 89, died at his home, 103 South Eleventh Street, Wednesday of last week after being in failing health for sometime.

Decedent came to Texas when a young man of 23 and first settled in Franklin county. He was married to Rebecca Farquese and in the fall of 1900 the couple moved to Runnels county, settling at Crews, where he operated a mercantile store and managed a gin plant. They moved to Ballinger and in 1926 his wife passed away. At that time he retired from cotton buying, which he followed for a time here.

He joined the Methodist Church at the age of 14 but later united with the Primitive Baptist Church in which he remained until his death.

Survivors include a brother, B. M. Vaughn, Houston; and a number of nieces and nephews.

Funeral services were held at the residence here Friday afternoon, Rev. J. M. Harrison officiating. Interment was in the Crews cemetery.

Spill Funeral Home, Winters, was in charge of arrangements.

## BIRTHS

Mr. and Mrs. Robert L. Phillips, Jr., of Cadillac, Michigan, are the parents of a son, born February 6. The young man, weighing 6 pounds 12 ounces upon arrival, has been named Alan Lee. Mrs. Phillips is the former Willa Mae Rudder, of this city, daughter of Mr. and Mrs. L. B. Rudder. Mr. and Mrs. Phillips have another son, Bruce, 4 years old.

## BEARCATS FORGE AHEAD TO CUT DOWN BLIZZARDS

People of this section are not used to sub-zero and near-zero weather and when protracted blizzards hit they cause inconveniences and hardships. Many Ballingerites were without water the past week when pipes were frozen, stockmen were hard put to keep open water for livestock and householders without adequate heating equipment were uncomfortable. Such weather always causes a rush on organizations that deal in charity and assistance to those in need. Workers were unable to earn last week and soon had empty pockets. The Red Cross received many calls for food, medicine and fuel, and had about the heaviest expenses of the year. Those who hoped moisture would accompany the cold spell were disappointed and the small quantity of sleet and snow which fell here did practically no good.

Ledger subscribers are requested to notify the publisher of any change in their address promptly.

Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move.

The best plan for all concerned is to send the change of address in advance.

February 17 is the date set for an important bond issue election in Ballinger. Since publication of the order for the special election there has been much confusion in regard to just how the money is to be spent. In the first place the bonds, if authorized, will not be issued unless a contract is made for training cadets in Ballinger. In the second place only the necessary number of bonds will be sold to meet the city's obligations in getting the field ready. These requirements call for hard-surfaced runways on the field and have nothing to do with replacing buildings or new construction. All the latter improvements would be made by the contractor-operator of the training school. Many local people are hopeful for reactivation of Bruce Field and the training program would bring a huge payroll. Practically all the money would be spent in Ballinger and those who lived here during the days of airfield operation in World War II know something of the value. Meeting the requirements of the city is squarely up to the property-owning eligible voters. If Ballingerites do not want such a training school at the price it will cost, there are many other towns ready to meet the requirements, and there is nothing binding on where a contractor may operate, provided the field meets air force specifications and has room for expansion. At the present there are more than a dozen Texas towns, who have fairly well equipped fields, seeking a contractor and a contract. Just what the future holds cannot be guessed, but if all-out war comes, cities with training bases will have something to rely on.

District court in Ballinger, in the 119th judicial district, has a new prosecuting attorney, W. E. (Bill) Hall, of San Angelo, formerly of Runnels county, has been appointed to the post by Governor Allan Shivers to fill the vacancy caused by the resignation of O'Neal Dendy. Mr. Hall is well known here and has been an

**WEST TEXAS NOTES**

The city of Brady started 1951 off with indications of a building boom. During January permits totalled \$78,100, although recent legislation has curtailed most construction. During 1949 permits were issued in the amount of \$439,400. The permits issued during January were mostly for residences. The only commercials were a filling station and a small structure adjoining the Brady Mills. In addition to the above, the Brady school district has voted bonds in the amount of \$400,000 to be spent in a new building program soon.

The March of Dimes campaign in Coke county has been continued for a few days because a number of programs were postponed during the blizzard last week. Chairman Charles Boecking stated that the Mothers' March of Dimes would be reset and all sections of the county would be given more time to collect money and help reach the county's quota. A play sponsored by the Bronte Parent-Teacher Association is scheduled this week and other events called off last week will be held.

J. S. Bourn, Winters chairman for the March of Dimes, announced the past week-end that a total of \$1,200 had been raised and that the campaign was not over. The Mothers' March of Dimes set for Wednesday of last week was called off and will be rescheduled in February. A number of special benefits have already been held.

active candidate for the office in the past two elections. He will be here at the next term to look after legal business for the state.

at Winters with excellent results. Mrs. Frank Johnson has organized the women for the Mothers' March and every householder will be asked to contribute.

The Eastland county orchard field day is to be held at Pioneer tomorrow. The morning program will be presented in the school building, followed by a picnic lunch at noon. A number of orchardists will talk on special topics. The program is open to everyone interested in the fruit industry and large attendance is expected.

The ninth building to be erected on the Miles high school campus was completed last week. The new structure is a bus shed to take care of the motor equipment being used to haul children to the Miles school. The sheet metal building was constructed at a cost of \$3,000 and four buses owned by the school system will be housed there. L. M. Hays, superintendent, stated that four buses operated travelled approximately 250 miles a day on round trips. One other bus route is operated by a private contractor, who makes a run by Harriet.

The dance scheduled January 30 by the Rowena Lions Club was postponed until February 3 because of the cold weather last week. The Lions took over the O.D.H.S. hall for the evening to present the benefit entertainment.

Government specialists were in Brownwood last week to conduct meetings and launch a 20,000-acre castor bean growing project. It is believed the Brownwood area will become the center of a big agriculture project. Leaders stated the 20,000 acres were expected to produce a crop annually worth

more than one million dollars to the farmers. The project has the full backing of the PMA, according to R. H. Nelson, district field agent. Experts told farmers that the United States has been obtaining most of the castor bean oil from Brazil but that crushing plants have been erected in two

#### Chain of Prayer Scheduled Tomorrow

On Friday, February 9, unceasing prayer will span the earth, beginning as the sun rises on the Fiji Islands near the international date line and continuing westward until the Amen is sung in the cold Arctic more than 24 hours later.

The chain of prayer will be made by millions of people worshipping in all corners and centers of the earth and prayers in 60 different languages.

Ballinger will join in this universal prayer. Services will be held in the First Presbyterian Church on Broadway at 4:00 p. m. Friday.

The theme, "Perfect Love Casts Out Fear," will be used with Mrs. J. W. Longnette as program leader. Mrs. Conway T. Wharton will be the speaker, her subject to be "Christ Versus Fear in the Congo." Having been a missionary to Africa, Mrs. Wharton will give Africa as an example to fit in with the program theme. Mrs. John I. Guion will be at the organ for the prelude, offertory and for the hymn accompaniments.

The offering which will be taken at the conclusion of the program will be used by the Home Missions Council in providing child care and other social and religious service for American Indians, and

improvement of the Negro Ministry in sharecropper areas of the South. A part of the offering will go for the foreign mission conference, which will aid Christian Women's Colleges in the Far East and India; for the production and distribution of Christian literature to all parts of the world; and will also aid foreign students in this country.

Mrs. Q. V. Miller, general chairman, has been assisted by the local Council of Church Women executive committee in arranging an all-day program beginning at 7:00 o'clock Friday morning, when Ballinger church women will make visitations and keep prayer vigil throughout the day in the First

Presbyterian Church on Broadway, until the 4:00 o'clock program in the afternoon.

Rev. L. A. Eisenhuth, pastor of the First Christian Church, will speak to senior high students; Mrs. Charles F. Bailey will be at junior high school; and Mrs. A. McGregor will present the program at the elementary school. The negro council, under the leadership of Mrs. I. B. Merritt, will also present a program.

Ballinger church women are urged to participate in the all-day service.

#### SOUTH BALLINGER HOME DEMONSTRATION CLUB

Mrs. Fred Moncrief was hostess Tuesday afternoon, when members of the South Ballinger home demonstration club met in her home.

The president, Mrs. Calton Smith, was in the chair for the business session. Roll call was answered with the name of a shut-in to whom cards might be sent. Mrs. Smith was nominated as a delegate to council for the district meeting to be held at Brady on April 7.

Recommendations were read by chairmen of the various committees. A demonstration on making tea-rings and doughnuts was given by Mrs. Jack Fry and Mrs. Tom McEntire.

Refreshments of tea-rings, doughnuts and coffee were served to nineteen members.

Members voted to donate \$5 to the "March of Dimes."

Rev. and Mrs. Alvin O. Rue returned home Tuesday after attending a church meeting at Fort Worth.

Sherman, Grayson county, was named for Gen. Sidney Sherman, reputedly the first to utter the battle cry, "Remember the Alamo, Remember Goliad!" at the battle of San Jacinto.

## The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.\*

Our highways should be SAFE for ALL the people - individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users - individual and commercial - can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.\*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

**Q—What is the difference between sciatica and lumbago? What are the results of adjustments for these diseases?**

**A—**In sciatica there is inflammation of the sciatic nerve and sometimes swelling of the sheath which adds to the pressure and intensifies the pain. If the nerve substance is affected chiefly then there is less pain and sometimes signs of paralysis. The on-set of the disease is sudden with pains in the hip and thigh, which at first may be dull and aching but later may become very severe. Sometimes there is noticed a red streak down the thigh just over the sciatic nerve.

Lumbago is a form of rheumatism in which the pain is located in the nerve endings of muscles of the loins. If the disease is located in the muscles of the ribs, it is called pleurodynia. If in the hip it is called myalgia. As in sciatica the appearance of the disease is sudden. Acute cases are accompanied with slight fever. Often the pain in lumbago is so severe the patient is unable to roll over in bed. The urine is found to be scanty and highly acid, the perspiration has an

acid odor and the patient is often constipated.

Adjustments are given for both the above named diseases and with results that are generally satisfactory.

**Q—Do spinal adjustments cure headaches permanently?**

**A—**Most headaches are symptoms of some organic disorder. They might be stomach headaches, liver headaches, kidney headaches, etc. Many headaches are symptoms of constipation. In which case the adjustment would be given to remedy the constipation. When the cause is duly corrected and the headache entirely cured it is not intimated that another subluxation could not be produced later which would, of course, cause more headaches, or a different type of headaches.

**Q—After driving my car for some distance I suffer with a pain in the back of my neck. Do Chiropractors adjust for this trouble?**

**A—**Yes. The strain in one position has affected the lower cervical or upper dorsal nerves and that is why you have the distress.

Eldon C. Moody Weds in Church Ceremony

Miss Gean Storey, of Fort Stockton, daughter of Mr. and Mrs. L. R. Storey, of Clarksville, and Eldon C. Moody, son of Mr. and Mrs. Ernest L. Moody, of Lamesa, were married Saturday evening in the McKenzie Memorial Methodist Church at Clarksville.

The Rev. William Morgan Smith performed the ceremony at 6 o'clock before the altar, which was decorated with baskets of gladioli and ferns. Mrs. Joe McBride, of Dallas, was organist, accompanying Mrs. Robert B. Webb, of Dallas, who sang her own composition, "The Endless Song," and "I Love You Truly." After the ceremony, she sang "The Lord's Prayer" as a benediction.

Given in marriage by her father, the bride wore a bridal gown of white satin designed with a yoke of Alencon lace, long fitted sleeves, and matching lace outlined the neckline of the full skirt, which extended to a cathedral train. The veil of imported illusion was attached to a calotte of illusion, satin and seed pearls. The bride carried a bouquet of gardenias and lilies-of-the-valley.

Miss Georgia Waters, of Clarksville, was maid of honor, and Ruth Ann Storey, sister of the bride, was junior bridesmaid.

Bob Moody, of Lamesa, served as his brother's best man. Ushers were Robert Storey, of Clarksville,

**Westerns, Adventure Yarn, Comedy, Drama Varied Fare at the Horseshoe**

Rod Cameron, "Fuzzy" Knight and Lane Chandler have the leading roles in "Riders of the Santa Fe," a western, to be shown at the Horseshoe Drive-In Theatre tomorrow and Saturday. The other film on the double-feature program is "The Skipper Surprised His Wife," starring Robert Walker and Joan Leslie.

The No. 1 feature at the Horseshoe Sunday and Monday, February 11, 12, is the story of oil tankers and the men who sail them, Columbia's "Cargo to Capetown." Broderick Crawford, Ellen Drew and John Ireland are the stars. The film is Crawford's first since winning the 1949 Academy

award as "the best actor of the year" for his work in "All the King's Men."

On the same program is Universal-International's "Louisa," a sprightly comedy starring Ronald Reagan, with Ruth Hussey, Charles Coburn, Edmund Gwenn and Spring Byington in support.

"Side Street," exciting M-G-M drama, coming to the Horseshoe next Tuesday, February 13, tells a story about average, true-to-life people, a story played in the world's most fascinating city—New York.

The film reunites Farley Granger and Cathy O'Donnell, who scored together in a number of hits, most recent of which were "They Live by Night" and "Roseanna McCoy." Granger is cast as the young husband who, in a desperate need to support his wife and their expected baby, becomes embroiled with the law. Miss O'Donnell plays the wife, with other prominent roles enacted by James Craig, Paul Kelly, Jean Hagen and Paul Harvey.

**New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!**

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horse-

power with standard transmission—128 with Dynaflo Drive.\*

It's a Buick with less weight and more power—and that spells a pair of *new thrills for you*. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving in the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road. That title, in three words, will be: "Thriftiest Buick Yet!"

\*Standard on Roadmaster, optional at extra cost on other Series. Standard equipment, accessories and trim illustrated are subject to change without notice.

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

"ON MY HONOR I WILL DO MY BEST—TO DO MY DUTY TO GOD AND MY COUNTRY AND TO OBEY THE SCOUT LAW; TO HELP OTHER PEOPLE AT ALL TIMES; TO KEEP MYSELF PHYSICALLY STRONG, MENTALLY AWAKE AND MORALLY STRAIGHT."

Countless millions of Americans are better citizens because they were once Boy Scouts. And your son will be a better man tomorrow because he is a Scout today.

Scouting is the seed-bed of American Democracy, Tolerance, Friendliness and Fair Play. Communism, Fascism, Hooliganism do not easily appeal to any young man who was ever a Boy Scout.

It would take a whole book to tell why. Yet the real reason may be summed up in a few words. They appear on this page. They are the Scout Oath and the twelve-point Scout Law. While they were written for boys, grown men could do worse than to commit these precepts to heart and live by them diligently.
