

County Officials, Rampy Talk Road Construction

County judges and commissioners from four West Texas counties met here Saturday with Representative W. H. Rampy to discuss proposed legislation dealing with farm-to-market and lateral roads.

Attending the meeting were Judge Ira Galloway, K. Anderson, Earl Hardy, Monroe Foreman and Pete Sneed, of Coleman county; Judge Jeff Davis, Coke county; Judge Carl Peek, W. B. Bishop and L. M. Maddox, Concho county; and Judge E. C. Grindstaff, Bill Harmon, Fred Bedford, Paul Gordon and Clyde Chapman, Runnels county.

Ben J. Frerich, president of the Runnels County Farm Bureau; John Barton, county agent; and a delegation of bureau members also attended the meeting.

The group suggested ways of obtaining farm-to-market road finances and providing a lateral road fund for use in the counties. The belief was expressed that the best way of providing this money was to increase the gasoline tax 1 cent and leave the lateral road fund as it is at the present.

The group expressed their opposition to Graham bill, No. 266, which has brought on a bitter fight from the smaller counties of the state.

The meeting was called at the suggestion of Mr. Rampy in order that he might get first-hand information from county officials of his district in regard to road problems. Coleman officials were included in the meeting because of changes suggested in regrouping representatives of districts.

C. C. Directors Hear Reports: Standing Committees Named

Directors of the Ballinger Chamber of Commerce heard committee reports and discussed other business Monday night.

Cooperation was pledged to farmers of the county in assisting with the big cotton crop to be planted this year. County Agent John A. Barton talked on plans and told of farmers' meetings being held in the county. He stressed that many farmers were undecided on how much cotton to plant because of the child labor law which may make harvesting difficult.

The county agent pointed out that a small grain crop was out of the picture this year, that grain sorghums were not a big money crop and that farmers of this county would have to depend on cotton. He intimated that from 150,000 to 180,000 acres might be planted.

Considerable time was spent in discussing new industries which may come to Ballinger in the near future. The chamber is giving close cooperation to a number of prospects at this time.

Two Children Die As Result of Crash Of Car and Scooter

Tragedy struck in Ballinger late last Thursday when two elementary school students were killed in a motor scooter-automobile crash.

Rene Rollwitz, 10, son of Mr. and Mrs. L. L. Rollwitz, was killed instantly, and Linda Foster, 10, daughter of Mr. and Mrs. W. J. Foster, died en route to the Ballinger Clinic-Hospital.

Frank Haynes, driver of the car, did everything possible to avoid the collision and pulled his car so sharply to the left that he overturned.

The accident occurred on a side road near the Lone Star Gas Co. booster station. The children on the scooter were coming from the station and Haynes was approaching it.

Young Rollwitz had gone to the Foster home to ask the girl to go riding and permission had been granted, provided they would stay off the highway.

Funeral services for the Rollwitz boy were held Saturday at 10:00 a. m. at St. Mary's Catholic Church, Rev. Edward Post, O.M.I., officiating. Rosary service was held Friday evening at the Newby-Davis Chapel. Interment followed in Evergreen Cemetery.

Funeral services for Linda Foster were held at McLean Sunday afternoon. The body was taken there Friday in a Newby-Davis funeral coach.

Survivors besides the parents include a brother, James Foster; her grandparents, Mr. and Mrs. J. W. Foster, Sr., of McClean, and Mr. and Mrs. Clarence Summer, Salinas, California.

Rene Rollwitz is survived by his parents; two brothers, Lewis and Robert Rollwitz; a sister, Elaine Rollwitz; and the grand parents, Mrs. Lucy Rollwitz, Ballinger, and Mr. and Mrs. C. E. Sargent, Ballinger.

SISTER OF MRS. W. T. COX SUSTAINS SEVERE BURNS

Mrs. Emmett Brown, of Monahan, formerly Miss Maurine Meaders, of Ballinger, sustained first degree burns at her home recently. She was cooking a roast and when she started to inspect it, the oven blew up, causing deep burns on her face and left hand and arm.

A sister, Mrs. W. T. Cox, has received word that Mrs. Brown is recovering and will not be scarred about the face.

Mrs. E. M. Lynn has returned from Los Angeles, where she visited in the home of her son, Dr. Jack Lynn, and family, and greeted a new grandson.

8 Producers Highlight Oil Activities of Week

Trustee Election Ordered April 7

The Ballinger school board in session Thursday night of last week ordered a trustee election for Saturday, April 7, but it will be after the consolidation election on March 24 before it will be known how many are to be elected.

A consolidation election for the Ballinger and Bethel districts has been ordered for March 24. If the consolidation is favored, a complete new board of seven will be elected, and after they take office, each will draw for one-, two- and three-year terms. If consolidation is defeated only three will be elected to serve with four hold-overs.

Miss Elnita Faubion is among 1,400 students enrolled at Hardin-Simmons University for the spring semester which started on January 31 and will continue through May 28. University officials reported a decrease of about 200 from the fall semester, due largely to men entering the service.

Paper Shortage Calls for Change in Ledger's Size

The Ledger has a "new look" this week. Subscribers will find one more column to the page, set the standard width but slightly narrower than heretofore.

This change has been made in order to conserve newsprint paper. The Ledger was notified March 1 that a 10 per cent cut in newsprint would be imposed the remainder of this year, dating back to December shipments.

This reduction comes at an inopportune time. With a steady growth in Ballinger, occasioned by increased oil activities, more paper was needed instead of less. The adding of another full column will give some more space, but will not take care of the demand.

It will be necessary to limit the number of pages, and it will be impossible to print large circulars, page or more in size.

The shortage of newsprint has become critical in recent months and stockpiles have become exhausted. Mills have cut the supply to wholesale houses and they in turn are passing the same percentage of cut to their customers.

The shortage thus far does not extend to bond papers and other materials used in the commercial department and to date only applies to the stock used in printing the newspaper.

Two Top Rated Teams Will Play Basketball Here

The Ballinger Lions Club will bring basketball at its best to Ballinger fans on April 3 when the Harlem Aces meet the House of Davids in the local gymnasium. The two top rated national professional teams have been booked for a game here and an advance ticket sale will be conducted by the club, offering a limited number of reserved seats and adult and student general admissions.

The Ballinger club was able to book these teams because they are en route to Mexico and Central America for a spring series of games and needed games along the route.

Within a short time publicity will be given and a committee will advertise the game all over this section.

The Harlem Aces, considered one of the fastest negro teams in basketball, is capable of fast play and of many tricks which provoke comedy.

The House of David five is well known in West Texas, having played the larger cities for many years. It will be their first appearance in Ballinger.

Five Candidates Will Seek Places in City Election

Two names were filed with the city secretary late Saturday for the office of street commissioner and will be on the city election ballot April 3. This brings the number of candidates to five but only one place is contested.

Filing Saturday were L. J. ("Red") Campbell and J. R. Lusk, both for street commissioner. Mr. Campbell is owner and manager of the Ideal Barber Shop, and Mr. Lusk has been employed by the company constructing the sewer lines here. For many years Mr. Lusk served as city secretary, leaving the position in 1929 to become superintendent of departments.

Other candidates who filed before the deadline were: J. W. Moore, for mayor Raymond Berryhill, for water commissioner E. C. Baskin, for judge of the corporation court.

All the names were properly posted Monday morning and ballots will be prepared in time for the voting. The election is to be held at the city hall on April 3.

All supplies have been purchased and election judges and clerks appointed.

Traffic Complaints To be Filed by City After Second Note

City officials are still having trouble with parking tickets under the new plan. Several months ago city traffic officers were instructed to place a five-cent piece in any "red" meter, leave a parking ticket with an envelope so the car owner might return the nickel and be free of the offense.

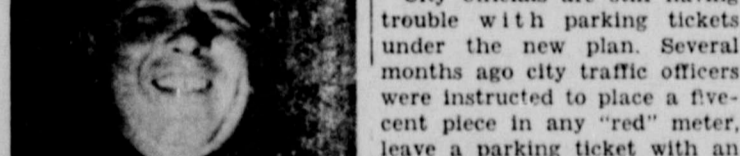

This was done to give Ballinger shoppers a break and an opportunity to avoid the customary fine by returning the five cents advanced by the policeman.

Traffic officers report that it has been difficult to get returns on the tickets issued and that so many are issued daily that it requires much bookwork to keep up with the violations.

The city commission has issued an order that after the second notice of violation is ignored, a complaint will be filed and the violator brought into court for a hearing.

The first notice is left on the car at the time of the over-parking. The second notice is mailed within a few days if the envelope is not used to return the nickel, and after that a complaint will be filed.

Barry Williams, of Dallas, was a guest in the Tom Agnew home the past week-end.

S. Sgt. Jack Harmon—S. Sgt. Jack Harmon, marine corps recruiter in this section, will pay a return visit to the Ballinger post office next Tuesday. He is interested in interviewing young men who wish to sign up in the "buddy" squad that leaves from San Angelo on March 20. The idea of the "buddy" squad is to permit men to sign up and go through initial training with friends from home.

Breakfast Will Launch Red Cross Fund Drive

Approximately 40 Red Cross workers will attend a breakfast at the Central Hotel Monday morning at 7:00 o'clock and immediately afterward will launch the 1951 fund campaign. The 40 Ballinger men are to be joined later in the morning by more than 50 Ballinger women, who will make a house-to-house canvass of the city.

Joe Satterwhite, city chairman, will give the workers last minute instructions and their supplies at the breakfast. W. B. May, county chairman, will brief them on the local need and the necessity of raising the quota of \$2,600.

Mr. Satterwhite stated yesterday that all workers had agreed to be ready Monday and to give time until they have thoroughly covered the assigned territory. The workers are being furnished by the Jaycees, Lions, Rotary and Civic-Garden clubs.

Mr. May said all communities in the county now have chairmen and quotas and all the workers will get underway with the campaign the first of the week, completing the coverage as soon as possible.

Ballinger workers have been asked to call on everyone and not miss a firm or employee in the business district. When a firm and every employee makes a contribution, a 100% sticker will be put on the door or show window. Each contributor will also receive a card showing membership in the Red Cross and a small button to be worn, an indication that he has given. The wearing of these buttons will assist solicitors in their work.

Ballinger was the only community in Runnels county to fall on its quota in 1950, contributing only half of the sum asked. Workers are determined to make good this year and are urging that everybody be ready when they call.

Chairman May has called a meeting of committee chairmen, officers, executive committee members and a number of other leaders tomorrow (Friday) night at the chamber of commerce office.

In addition to the Ballinger organization, Mr. May has announced the following community chairmen and quotas:

Miles, C. L. Eckert, \$350
Rowena, Frank Gully, \$300
Benoit, Milton Clayton, \$100
Brookshire, Hurin Lee, \$35
Bethel, Lawson Allen, \$75
Hagan-Barnett, Lee Parks, \$75
Maverick, A. B. Morgan, \$100
Offen, H. E. Halfmann, \$125
Blanton, Bill Witter, \$50
Norton-Oak Creek, Mrs. J. C. Carter, \$200
Humble Station, J. W. Guynes and Mrs. Earl Barr, \$70
Spring Hill, Mrs. Owen Aycock, \$40
Runnels, Wesley Wood, \$40
Kristoff, Mrs. Tom Egan, \$40
Hatchel, Mrs. Fred Parker, \$50

The drive in the northern section of the county will be directed by the Winters branch office.

Cotton Raisers to Meet At Norton Friday Night

All cotton growers living in the west end of Runnels county are invited to attend the outlook and planning program at Norton tomorrow (Friday) night to discuss plans for the 1951 crop.

A good program has been arranged and will be interesting as well as educational. The local committee on arrangements is composed of R. A. Haby, Norton vocational agriculture teacher; Cecil Roper, gin manager; and Davy Crockett, president of the Runnels county 7-point cotton committee. They are hopeful that a large crowd will attend and the boys, girls and women are included in the invitation.

The program, as follows, will start promptly at 7:45 at the Norton high school:

"Why We Need 16,000,000 Bales in 1951," Joe C. Johnson, assistant county agent

"Farm Machinery Outlook and Some of the Newer Labor Saving Devices for Growing Cotton," Joe Satterwhite

"Four Factors to Watch in Maintenance of a Tractor," Baylis Fletcher

"Outlook for Planting Seed," Cecil Roper

"Why it is Necessary to Keep Informed on Legislative Matters, Such as Child Labor Law," Elliott Kemp

"How Junior Boys Can Help in Growing 16,000,000 Bales," R. A. Haby

"New Insecticides and Life History of 13 Common Cotton Insects," (illustrated by colored picture slides), J. A. Barton

Circulars, a guide to controlling insects, will be distributed to all present. It also deals with how two communities in McLennan county worked together on insect control and made an average profit increase of \$78.44 per acre.

Leaders arranging these meetings believe the farmers of Runnels county will profit by planning together on the big increase needed this year to meet the national goal.

METHODIST SPRING REVIVAL SCHEDULED

Miss Chaffin and Howard Smith Wed in Kansas

In a lovely ceremony at the home of the bride's mother, Mrs. Edna Chaffin, 8 South Sherman Avenue, Liberal, Kansas, at 6 o'clock in the evening, February 24, Miss Florita Chaffin, of Liberal, and Howard Smith, son of Mr. and Mrs. O. H. Smith, of Maverick, Texas, exchanged vows. Rev. George C. Hutto, pastor of the First Baptist Church, read the double ring ceremony.

Attending the bride as matron of honor was her sister-in-law, Mrs. Robert A. Chaffin, of Clarksville, Tennessee. The bride's brother, Cpl. Robert A. Chaffin, was best man.

Given in marriage by her uncle, George Chaffin, of Liberal, the bride wore a white brocaded taffeta gown. The bodice was designed with a square neckline, Victorian collar and cap sleeves. The full skirt, with side drapes, had an inset of white net in front and extended into a host train in the back. Her fingertip, lace-trimmed veil fell from a coronet of pearl flowers. She carried a white Bible topped with white baby orchids with satin streamers. She wore for her traditional something old, her mother's wedding band; for something new she wore a strand of pearls, a gift from the bridegroom's mother; for something borrowed her veil belonged to her sister-in-law, Mrs. H. L. Chaffin; for something blue, she carried a blue handkerchief, belonging to Mrs. Veri Burrows, of Hugaton, Kansas. She also had the traditional good luck sixpence in her shoe.

The matron of honor wore a pink taffeta gown which had a gathered neckline, wide belt

and hoop skirt. She carried a nosegay of pink carnations and tiny white daisies.

Little Gary Dean Burton carried the rings on a white satin pillow.

For her daughter's wedding, Mrs. Chaffin wore a blue crepe dress with black accessories and a corsage of pink carnations.

The bridal party stood before an archway of greenery and stock, decorated with white satin bows. On either side of the arch were white candles in branched candelabra.

To the strains of "I Love You Truly," the candles were lit by Miss Mary Nix, cousin of the bride, who wore a blue taffeta dress and a wristlet of sweet peas. The

worry and indifference

OVERANXIETY, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of common-sense health rules and contempt for medical care.

Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circumstances only invites more serious trouble.

HEALTH FACTS

THE FUNCTION OF THE KIDNEYS

The kidneys are situated in the back of the abdomen, one on either side of the spine about on a level with the twelfth thoracic and the third lumbar vertebrae. They are surrounded by a mass of fat which helps to hold them in position and maintain their heat. The kidneys have a remarkable blood supply, having very short and very thick arteries. The blood supply is estimated to be at least 17,000 fluid ounces daily. The function of the kidneys is to withdraw from the blood stream certain salts that are not required in the body, together with some of the fluid element of the blood. Blood cells and substances required for nourishment of the body are not withdrawn. The blood vessels branch and re-branch in the substance of the organ forming dense networks around the tubules which convey urine away.

The method by which the kidneys accomplish their work has never been discovered, though experiments have been made by many investigators. It has been found that electrical stimulation of nerves leading to the kidneys, injections of drugs and artificial changes in blood pressure all have an effect upon the activity of the organ, but investigation has so far failed to bring out any satisfactory explanation of how kidneys do their work.

Disorders of the kidneys are common, and Chiropractic experience shows that these are usually due to disturbances in the nerve supply of the organs. The nerves are minutely distributed to the blood vessels and cells of the tubules to control their activity. Spinal adjustments by promoting free current of nerve force, have been responsible for some remarkable cures from kidney diseases and other affections which develop in all parts of the body when these important organs are not working efficiently.

The four chaplains, a Catholic, two Protestants, and a Jew, gave their lives in an attempt to save G.I.'s aboard the vessel. President Truman was on hand to dedicate the chapel to the four chaplains. the fruit of unceasing labor

BETWEEN 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

BIRTHDAY GREETINGS

Radio star Jack Benny, an expert at being 39 years old, tells two Girl Scouts what they can expect on March 12, the 39th birthday of their organization. Mr. Benny will honor the Girl Scouts on his March 11 radio program, "The Jack Benny Show" at 7 P.M. EST, over the CBS network.

Girl Scouting's 39th Birthday Next Monday

March is an important month in Girl Scouting in the United States. On March 12 Girl Scouts everywhere will observe the 39th anniversary of the founding of the movement to which they belong. It was on this date, back in 1912, that Juliette Gordon Low organized the first Girl Scout troop in the United States and started the nationwide movement which has grown until today membership is more than a million and a half and there are groups in rural and suburban communities in every state and U. S. possession.

The ideals of Girl Scouting are expressed in the promise and laws, in the motto, "Be Prepared," and in good turns, which build up habits of thoughtfulness and service. These are a spiritual force, which the world needs today. Believing in these ideals, carrying them out in democratic ways, and having fun as they do so, Girl Scouts unite to make the world a better place in which to live. World friendship is one of the needs of the times, which it is the duty of Girl Scouts to help fill.

Once a week the 100 Girl Scouts and Brownies in Ballinger meet at the Girl Scout home on Fifth Street, where they paint, make useful objects for the home, study the Brownie and Girl Scout booklets, have cooking and sewing projects, and discuss hikes and other forms of amusement. Their civic projects have been helping to fold tuberculosis stamp folders, making hospital tray favors, and small gifts for the shut-ins.

Each girl takes her turn at furnishing refreshments for the weekly meetings, picking her own favorite drink or dessert.

The Girl Scout program is open to all girls in Ballinger between the ages of 7 and 18. Twelve leaders of the seven troops in the city with the help of Mrs. Edgar Boelsche, chairman, and troop mothers, are sharing their lives with youth to make happy citizens in the community and preparing girls for their responsibilities in the home.

Mrs. Robert Parramore, of Winters, who was a member of the Girl Guides in England and a guest speaker at the Girl Scout home next Tuesday afternoon. Members of Girl Scout troops Nos. 6, 7 and 9 will be included for the birthday program, with their leaders, Mmes. O. H. Chandler, J. T. Gregory, R. A. Hanson and C. A. Berry, in charge of arrangements.

Mr. and Mrs. Luther Walden had as their guests Sunday, Mr. and Mrs. Dewey Martin, of Talpa; Mr. and Mrs. Marvin Martin, of Seagraves; and Mr. and Mrs. Erwin Martin, of Coleman.

HEIDENHEIMER'S

Errol Flynn, Dean Stockwell, Lukas Leads in Kipling's Immortal 'Kim'

The adventure, excitement, and romance of one of the world's most mysterious lands, India, comes to the Texas Theatre screen Sunday and Monday, March 11, 12, in Rudyard Kipling's "Kim," from the pen of a man who knew that country best. The unflagging action and suspense which have

thrilled millions of readers of this great story now spring to life in M-G-M's Technicolor picturization starring Errol Flynn, Dean Stockwell, Paul Lukas and Robert Douglas. It is the first major picture ever to have been filmed in India.

As Read Beard, horse-dealer, devil-may-care adventurer, romantic hero and espionage agent, Flynn is said to have the most colorful role of his career.

In the title role of "Kim," the rebellious orphan who prefers the danger of alley and bazaar to the boredom of classrooms, Dean Stockwell adds another to his long list of hits.

Pivotal supporting parts are enacted by Robert Douglas, Thomas Gomez, Cecil Kellaway, Arnold Moss, Reginald Owen and Laurette Luez.

Cooperation from the Indian government and native princes contributed to the picture's spectacles, among them scenes in the palaces of maharajahs, episodes on India's famous Grand Trunk Road, and battle scenes with crack native cavalry, camel corps and elephant-drawn artillery.

"North of the Great Divide," Republic's latest Technicolor Roy Rogers starrer, conveying thrills, music, romance and comedy, as well as an appeal to the heart, is the No. 1 feature at the Texas tomorrow and Saturday, March 9, 10. The film also boasts some colorful Indian rites and several highly interesting salmon fishing sequences.

Blending romance, mystery and adventure into its unusual plot, "The Capture," RKO Radio release, is the other feature on the double bill. Lew Ayres and Teresa Wright are the stars. The Mexican oil fields provide the setting for this exciting film, in which Jacqueline White, Victor Jory and Edwin Rand head the supporting players.

Joan Crawford Essays Provocative Film Role

"Harriet Craig," starring Joan Crawford in what is said to be the most provocative role of her career, is booked at the Texas Theatre Tuesday and Wednesday, March 13, 14.

Wendell Corey is co-starred, and Lucille Watson, Allyn Joslyn, William Bishop and K. T. Stevens top the drama's featured supporting list. This Columbia Pictures' release is based on the Pulitzer prize-winning play, "Craig's Wife," by George Kelly.

MONTEZ, HALL, BEY STAR IN THRILLER, "SUDAN"

Realart's Technicolor picture, "Sudan," co-starring Jon Hall, Maria Montez and Turhan Bey, and to be shown at the Hillcrest Drive-In Theatre tomorrow and Saturday, is described as pure escapist entertainment, filled with suspenseful adventure and picturesque romance.

Supt. Ernest Caskey presented the group and told club members something of the musical instruction offered in the Ballinger schools. Supt. Caskey stated that officials believed it required more than books and athletics to provide a well-rounded program to make well-balanced citizens.

In the school's music program are 147 students taking band, 1,106 taking public school music and 36 in choral work.

The five-piece band presented a concert of popular tunes, school songs and marches.

Fort Worth OPS District Covers Ballinger Area

Ballinger is in the 53-county division of West Texas which will be served by the new district office of price stabilization now open at Fort Worth, Ellis H. Boyd, acting director, has announced.
The immediate effort of the Fort Worth OPS office is to inform the public and affected businesses of the details of the general price ceiling regulation issued on January 26 and subsequent amendments.
"It is important that all businessmen realize that their prices are frozen by the regulation unless their type of business is exempt," Mr. Boyd stated. "Many business men seem to be waiting to comply until they are told that their business is regulated, but in most cases they are already affected by the order."
Two important amendments to the regulation, Mr. Boyd pointed out, give retailers until March 22 to complete statements showing their highest costs and selling prices of all items during the base period of last December 19 to January 25, and put most goods sold in department stores, furniture stores, men's and women's apparel stores under a "margin" pricing formula, based on mark-ups of February 24.

Copies of the general regulation have been mailed to the Ballinger Chamber of Commerce for use by local people.
Richard A. Martin, of Fort Worth, acting price specialist, said: "It is hoped that businessmen will take steps to comply with the regulations immediately in order to preclude enforcement action."

Voting in Ballinger will be at the downtown office of the school board and in Bethel at the school house. Eligible voters in both districts are urged to cast ballots.

Atkins Appointed To Help Marines

Sheriff Don Atkins has been named local representative of the U. S. marine corps. The primary service he will render is that of information agent, to tell local young men interested in enlisting in the marines a little of what to expect should they wish to volunteer for this branch of the service.
A former marine himself, Sheriff Atkins can accurately describe to local youths how a young man is trained and sent to duty. He can answer the most asked question on what is marine "boot camp" training really like.
He will assist the marine corps recruiters of the San Angelo area in forming a West Texas "buddy" squad, scheduled to be made up March 20, and leave the same day for final examinations.
Any men, 17 years of age, draft registrants or veterans with military service, may obtain information on the "buddy" squad by writing the marine recruiters at room 201, post office building, San Angelo.

**WEST TEXAS
NOTES**

Runnels countians are anxiously watching the skies for signs of rain. About six months have passed since the last rain of any appreciable amount and present conditions are about as dry as were ever known here. Lambing has begun and will be well underway soon with no green grazing to help pull the ewes through the critical period when they are feeding one to two lambs. Farmers want to start planting soon but until moisture comes this is useless. Those who depend on the soil have waited about as long as they can for moisture and the most welcome gift that could come to this region would be a general rain lasting several days. With sufficient moisture, Runnels county farmers will plant one of their largest cotton crops as there are no restrictions and a guaranteed price.

Workers are all set to make the annual fund drive for the American Red Cross in Runnels county on March 12. Practically every community has been organized and given a quota to raise and all workers have agreed to start next Monday and complete the solicitation as quickly as possible. In Ballinger there will be more than 100 men and women on the job Monday and calls are to be made at every home in the city to give housewives and all an opportunity to contribute. This year will see the greatest Red Cross mobilization

A supplemental appropriation was made last week by the board of directors of A. & M. College for additional work on the football stadium at Tarleton State College, Stephenville. The appropriation, \$50,000, will be supplemented by \$40,000 from the ex-students' association to construct dressing rooms for physical education and two bays of seats at the stadium. The dressing rooms will be on the west side of the field and extend the entire distance between the 24-yard

lines. The two bays of seats will be of concrete and extend ten rows high. Work probably will be started next week. An application was filed by the Texas Power & Light Co. at Brownwood last week in which the city commission was asked for an increase in current rates. This is the first increase sought by the company since 1920 and W. G. Streckert, district manager, stated that it would only raise average consumers about one and a half cents a day. The city officials took the

request under advisement and will give an answer in the near future.

The Winters school board met with representatives of thirteen bond companies the first of the week to discuss the proposed school expansion program and to get their bids on \$750,000 in bonds. A survey was made recently to determine what was necessary to bring the high school to an even footing with other class A schools of this section. It was revealed that approximately \$750,000 would be needed to construct new buildings, make improvements on others and provide necessary equipment. H. A. Springer, of Bronte, serving as Red Cross chairman for Coke county, last Saturday met workers in a breakfast at

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. The best plan for all concerned is to send the change of address in advance.

Economy Must Start at the Top

Billions must be spent for defense, but one competent authority estimates that many other non-essential items could be eliminated to the extent of \$9.1 billion. This would mean a saving of \$60 for each of 150 million people, or about \$180 for the average family.

In this period of emergency, the needless expenditures should be reduced to the minimum, or inflation will proceed unchecked. The government which urges people to use money only for necessary things should set a good example by following the same advice.

Let Congress know your opinion on matters of important public policy. This is still a representative form of government.

PAYING THEIR RESPECTS... Taking time off from the fighting in
defense of the Hungnam perimeter before the evacuation of that area,
marines stand in attendance at the first marine cemetery, paying
their respects to their comrades who died in the fight against the
troops of Communist China. With the mighty battleship Missouri add-
ing its guns to the defense, the American doughboys were surrounded
by a curtain of American firepower.

permit the payment of out-
standing accounts against the

of about \$1,500, on which the
chapter must operate for the
remainder of the year.

Scout Troop No. 42 In Outdoor Meeting For Cooking Tests

Nineteen members of Boy Scout troop No. 42 held their regular meeting on February 26 in the outdoors, the purpose being to instruct and pass some of the new members in fire building and second- and first-class cooking.

A special feature of the outdoor meeting was a demonstration by the scoutmaster, Rev. Edward B. Postert, on aluminum-foil cookery. This method of cooking, it was pointed out, is very convenient since the boy can prepare the food he wishes at home, then build the fire and put the food wrapped in foil in the hot coals and leave it there for the necessary time to cook.

After the outdoor meal, a game of capture the flag was played and plans made for an overnight camp on the Concho River March 9 and 10, while teachers are at Brownwood for a meeting.

Besides the scoutmaster, others attending included the assistant scoutmaster, Bob Gilliam, and the following members: Bill Crockett, Dale Elder, Buddy Clark, Rowell Leggett, Paul Halfmann, Billy Maedgen, Jimmie Nicholas, W. E. Robinson, Wayne Watkins, Nolan Hoelscher, Buddy Queen, Butch Foster, Wayne Johnson, Lanny Maedgen, Louis Rollwitz, Rene Rollwitz, Ronald Maedgen, and a visitor.

INCOME TAX RETURN ASSISTANCE OFFERED

A deputy collector, Leon Broughton, will be in the office at the court house on March 12, 13, 14 and 15 to assist local people in the preparation of their income tax returns. This service is offered free of charge and the office will be open from 8:30 a. m. until noon and from 1 to 5 p. m.

and coffee by the hostesses, Mrs. Ben Kasberg and Mrs. W. A. Schumann.

ATTACK BY COMMUNIST SNIPERS . . . As tanks of a heavy tank battalion advance cautiously on the road to Inchon, Korea, through a rice paddy, they are suddenly attacked by Communist snipers from all sides. The troops take cover along roadside as the tanks execute a turnaround to attempt to locate the snipers hidden at vantage points around the U.N. soldiers. This is the kind of fighting in which the North Koreans and Chinese Communists excel, but American soldiers are becoming well indoctrinated with methods of defense against this kind of warfare. Tanks can blast the snipers once they locate them.

HOME DEMONSTRATION CLUB IS ORGANIZED AT MAVERICK

The Maverick home demonstration club was organized last week and will become a new organization of extension service work in this county.

Mrs. Bill Frazier is club president; Mrs. Joe B. Lee, secretary; and Mrs. Clyde Lee, reporter.

At the first meeting twelve members were signed up and others will be added. Bad weather on the day of the organizational meeting kept a number from attending who had intended to be present and join.

SPECIAL SERVICES WILL BE HELD AT CHRISTIAN CHURCH

Visitation and evangelistic services are to be conducted at the First Christian Church by Rev. George J. Brown, of Fort Worth, beginning Sunday, March 11, and continuing throughout the week.

Services will begin promptly at 7:30 each evening. Dr. L. A. Eisenhuth, minister, stated the services were open to public and everyone has an invitation to attend.

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.

DEATHS

William O. Beard

William O. Beard, 84, died Saturday morning at the Ballinger Clinic-Hospital following illness of five weeks and a critical condition several days.

Born at Albany, Kentucky, decedent came to Texas as a child and later moved to Runnels county in 1915. He was engaged in farming until a few years ago, when he retired.

Funeral services were held Sunday at 2:00 p. m. at the Newby-Davis chapel, Rev. J. H. Shell, pastor of the First Church of God, officiating. Interment followed in the Runnels cemetery.

Survivors besides the wife include six sons, Joe and W. H.

Beard, Ballinger; Bernard and Carl Beard, Moody; Paul Beard, Ireland; George H. Beard, Haskell; three brothers, 19 grandchildren and 22 great-grandchildren.

GRAVESIDE RITES HELD FOR OREAN C. GUNYON

Orean C. Gunyon, 30, died in an Odessa hospital Tuesday following brief illness.

Decedent, a son-in-law of Mrs. Tom Crockett, of this city, is well known in Ballinger, having spent some time here since his discharge from service in World War II. He served three years with the air forces and since then was employed here, at El Paso and Odessa. At the time of his death he was manager of the LaQuey Motor Co. at Odessa.

Mr. Gunyon became ill only recently and was in a Galves-

ton hospital, where it was discovered he was suffering from a rare blood disease. He was taken back to Odessa about a week ago. He held membership in the Methodist Church, the Masonic Lodge and the Eastern Star.

Funeral services were held at Odessa this morning and the body brought to the Newby-Davis Funeral Home here, to remain for a short time. The Masonic Lodge will be in charge of graveside rites at Evergreen Cemetery at 4:30 this afternoon.

Survivors besides the wife, the former Miss Nina Crockett, are three children, Orean Clay, Jr., Janice and John Ross, and his mother, Mrs. Editha Dodson, El Paso.

BIRTHS

Mr. and Mrs. Clyde Williams are parents of a daughter, born Sunday at San Angelo. The young lady weighed 6 pounds 14 ounces at birth and has been named Peggy Ann.

There would be a whole lot more divorces if husbands had a trade-in value like today's cars.

The term "few the coop" probably originated with a hen-pecked husband. The way to make your dreams come true is to wake up and get busy.

EX-GENERAL MYERS PAROLED . . . Former Air Force Maj. Gen.
