

Jefferson Davis

Only a few are given those natural endowments which enable them to win renown in almost any field. One of these was Jefferson Davis, for he was a man of many abilities which destined him to play an important part in history.

Time marches on, and leaders in each generation depart from the scene. A few are remembered for their devotion to principles or causes which they deemed to be right. And so each year on the Birthday Anniversary of Jefferson Davis we pause to honor him, because he was a great man . . . and a great leader.

Local Legion Post Sponsors Memorial Rites for War Dead

American Legion sponsored memorial rites were conducted at Evergreen Cemetery Sunday afternoon at 5 o'clock, approximately 100 people attending. The services were held in the shady grove in the center of the cemetery where chairs for the audience had been arranged by Legionnaires. Company Sgt. Ballinger national guard unit, assisted, providing the color guard and men for the firing squad.

Rev. A. O. Rue, pastor of the First Presbyterian Church, U. S. A. gave the opening prayer. Speaker for the occasion was J. L. Davis, minister of the Eighth Street Church of Christ. Mr. Davis is a veteran of both I and II World Wars. The speaker urged people not to forget the sacrifices of the men who gave their lives that freedom might remain in this country and declared that these men had not died in vain. He cited this as the only remaining nation with freedom today.

The services were concluded with a rifle salute and the sounding of taps.

Methodist Pastor, Laymen to Attend Annual Conference

Rev. C. D. Wooten and a group of Ballinger Methodists will leave the first of the week for Waco to attend the annual sessions of the Central Texas conference.

The sessions will be held in the Austin Avenue Church with Bishop William A. Martin presiding. The conference this year will be composed of some 276 ministers and about the same number of laymen, representing about 110,000 church members.

The assignment of ministers to churches for the next twelve months will be made on Sunday afternoon, June 10. Assignments are made by Bishop Martin and the district superintendents of the Central Texas conference. Rev. H. Brown Loyd, of Brownwood, a former local pastor, is a member of the cabinet.

Rev. Wooten takes to conference one of the best reports ever made by the local church. A budget of more than \$20,000 has been raised during the year, excellent growth has been shown and improvements and church attendance have been good.

Start of a Wonderful Journey!

Well, there it goes—out from the great Cadillac factory into the hands of a proud and happy owner.

And what an odyssey it would make if its whole future course could be charted and foreseen!

—far journeys to the world's most fascinating places . . . grand appearances at the proudest social events . . . splendid visits to affairs of state . . . year after year of participation in the life of a fine American family.

Yes—and perhaps two or three, or even four fine American families—for a Cadillac is so soundly designed

and built that there is no practical limit to its utility.

Truly, no more interesting biography could be written than an account of the life of the average Cadillac car. As the primary means of transportation for interesting, vital people—it is usually a spectator at important events—always in demand as a trustworthy traveling companion.

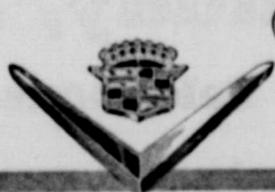

So there it goes, like the many thousands of its predecessors, on one of the most eventful and fascinating journeys a motor car ever began.

Wouldn't it be wonderful—and inspiring—to go along?

We are sorry indeed that delay in delivery of new Cadillacs continues unavoidable. If you are waiting for a Cadillac, please be patient—but hold to your purpose. There is no substitute for the "Standard of the World."

In these critical times, national defense is calling for the wires. The telephone needs of our Armed Forces, defense industries and government are increasing daily.

In addition, increasing amounts of the materials used in the telephone business—such as copper, nickel, rubber, cobalt, aluminum and zinc—are going into equipment for national defense. They are being used to build tanks, guns, planes and other equipment for our fighting men.

All this means that national welfare rather than personal needs must get first call on the telephone facilities we now have available and on the limited amount of new equipment we will be able to install in the foreseeable future.

Your telephone company will continue to do its level best to take care of civilian needs but sometimes it may be unable to provide service when and where it is desired. If your application for service should be delayed, we're sure you'll understand the reason why.

Five Men and a Girl Top Characters In Douglas Film, 'Along Great Divide'

How five men and a girl make their way across the sun-baked, wind-swept Mojave desert, braving the elements and battling the vengeance of an outlaw mob, forms the background for "Along the Great Divide," Warner Bros. western epic, to be presented at the outdoor role, essays the part of

Texas Theatre Sunday and Monday, June 3, 4. Kirk Douglas, in his first a U. S. marshal forced to escort his prisoners through the blazing sands rather than turn them over to a lynch-hungry band. Because the script calls for plenty of double-fisted action, Douglas is called upon

to engage in some of the hardest battle royals since he made "Champion." On the distaff side, lovely Virginia Mayo is seen as the girl who must choose between love for her father and the man sworn to bring him to justice. It is this conflict which brings about the new suspenseful climax of the new drama.

Featured are John Agar, Walter Brennan, Morris Ankrum, James Anderson and Hugh Sanders.

"Al Jennings of Oklahoma," Columbia's new outdoor action drama co-starring Dan Duryea and Gale Storm, is the feature offering at the Texas today, tomorrow and Saturday. The true-life narrative of the last of the great outlaws as told by Jennings himself, traces the story of a desperado who, like the Daltons, the James boys, Billy the Kid and the Doolins, was wanted dead or alive.

Featured in support are Dick Foran, Gloria Henry and Guinn Williams. Photography is in Technicolor.

Poor eyesight won't get you out of the army nowadays. They just put you up front where you can see better.

'Gypsy Fury,' 'Short Grass,' 'The Painted Hills' First Showing Pictures at the Hillcrest Drive-In

Starring the exotic Viveca Lindfors and Christopher Kent, "Gypsy Fury," a passion-filled but tragic love story filmed against the pastoral beauty of Sweden, is the No. 1 feature at the Hillcrest Drive-In, for the first Ballinger showing, tomorrow and Saturday, June 1, 2.

Supporting players include Romney Brent, Johnny Chamberlain, Edwin Adolphson, Naama Wisstrand, Marla Dorff, Vibeke Falk and Rauzena. The other feature film on the same program is Allied Artists' "Short Grass," starring Rod Cameron. In this film Cameron is surrounded by a large number of top-flight supporting players, including Johnny Mack Brown, Cathy Downs, Raymond Walburn, Alan Hale and Morris Ankrum.

Lassie has a new side-kick in M-G-M's "The Painted Hills," billed at the Hillcrest Sunday, Monday and Tuesday, June 3, 4, 5, in the first Ballinger presentation. He is young Gary Gray, boy actor who clicked in "The Next Voice You Hear . . ."

Boy and dog go through stirring adventures in the new Technicolor production, filmed in the California Sierras. Paul Kelly and Bruce Cowling are other principals.

MISS BRYAN HONORED AT TARLETON COLLEGE

Ann Bryan, of Ballinger, was honored at an achievement day assembly held at Tarleton State College, Stephenville, last Thursday. The assembly is held each year to recognize outstanding students. Miss Bryan received a non-athletic "T" award for serving as associate editor of the J-Tac, College student publication.

John Wayne, Pat Neal In Submarine Thriller

The great undersea war which raged in the Pacific, bitter encounters between American subs and enemy surface craft are portrayed in "Operation Pacific," Warner Bros. production, to be shown at the Texas Theatre Tuesday, Wednesday and Thursday, June 5, 6, 7.

Co-starring John Wayne and Patricia Neal, "Operation Pacific" marks Wayne's first film under his new Warner contract and provides the stalwart actor with the kind of action role he does best. For Miss Neal, the film serves as a change of pace from her "bad girl" roles. She is seen as a navy nurse in love with a submarine commander whose devotion to submarines nearly puts his love for Pat up on a reef. Ward Bond and Scott Forbes head the supporting players, who also include Philip Carey, William Campbell and Katherine Givney.

Stylists are revealing the summer fashions now, but mostly what they are revealing are the women who model them.

NOTICE

Property owners who live in the Ballinger Independent School District are urged to come by the downtown office and sign rendition sheets.

This will save the district the expense of hiring a man to cover the entire area to get renditions signed. Your cooperation in this matter will be appreciated.

help the physician help you

An accurate case history is an invaluable aid in arriving at a correct diagnosis. In order to get the information needed to make an accurate diagnosis, the physician must ask you many searching questions. If you answer his questions frankly and accurately, he has a valuable group of facts with which to work. Withholding information from him only serves to obscure the very result you seek.

We are not diagnosticians, but we are skilled in the art of compounding and dispensing medicine at the order of your physician.

DENTIST

Miss Thelma Midgley

Miss Thelma Midgley, 54, died at the family home, 705 Eighth Street, this (Thursday) morning at 1:45 after illness of only a few hours.

Decedent and her mother attended a ball game at Cat Park Wednesday night and when they arrived home Miss Midgley became ill and was unable to drive the car into the garage. A physician was called and she apparently was at ease for a short time before a second attack caused death.

Decedent was born in Ballinger but spent her early life on a ranch in Concho county and attended school at Paint Rock. She moved here with her mother in 1920 and made this home ever since. She was a member of the First Methodist Church and was active in Sunday school work and other departments of the church.

Survivors besides the mother, Mrs. W. E. Midgley, include a brother, R. D. Midgley, of Ballinger.

Funeral services will be held tomorrow (Friday) at 10:30 a. m. at the First Methodist Church, Rev. C. D. Wooten, pastor, to officiate. Burial will follow in Evergreen Cemetery.

**WEST TEXAS
NOTES**

With rains general in Runnels county, the next few weeks will find farmers busy in the fields day and part of the night getting crops planted. After rains Monday of last week some sections were still dry but the downpour last Thursday afternoon reached all parts of the county. Not only have farmers been benefitted but ranchmen now have a good supply of stock water and soon grass and weeds will be growing to take care of cattle and sheep. Most ranchmen plan to stop feeding at once. It is probable that the deadline for planting under the government insurance plan will be extended in order to give all farmers of this section time to plant. Seed dealers have been doing a good business the past few days and planters were put in operation as soon as farmers could get in the fields.

Vacation has begun for some 1,500 Ballinger school children. Programs were concluded this week and all students dismissed until September. High school students will be looking for employment and some will be taken on by local firms for the next three months. Others will have leisure time and at present there is no summer recreational program planned. Most towns of the area have supervisors for summer games and activities for various age groups but nothing has been offered here except night softball games. A swimming pool is needed and while extensive plans have been made to provide this, the Lions Club does not have sufficient funds to complete the project.

Ballinger now has a replenished lake that assures enough water for many months. Valley Creek was on a big rise last Thursday night and the lake was filled Friday afternoon. The Elm Creek lake has been full since Monday of last week and all day Friday water poured over the spillway to give it a good washing out. Water also ran over the spillway of the Ballinger Country Club lake and practically every stock tank in the county is full. Most of the streams have been flushed out for the first time in many months and local fishermen will find plenty of sport as soon as the water clears.

Menard county voters will go to the polls Saturday to decide whether the former state ad valorem tax will be levied for farm-to-market and lateral roads or for flood control in the county. The ad valorem tax was abolished by the 31st legislature but counties were permitted to levy it for their own purposes if the citizens favor it. If the measure is voted, the levy will bring in \$13,000 a year for road work in Menard county.

The final meeting of the Paint Rock Parent-Teacher Association was held last week, when officers for the next school year were elected. Mrs. W. E. Wright is the new president and other officers are Mrs. W. F. Houston, vice-president; Mrs. Arthur Lisso, secretary; Mrs. W. F. Barnett, treasurer. Supt. J. A. King demonstrated a strip projector and opaque film machine recently purchased for the schools by the P.-T.A.

The first high school band is being organized at Rising Star and arrangements have been made to launch the new training next Monday. A check-up last week revealed 61 members signed up and they will report with instruments to the director, J. H. Camp, formerly of Comanche. Organizations and business men are contributing money to make possible the three months work during the vacation period.

The membership of the First Methodist Church, of Eastland, voted last week to construct a modern three-bedroom parsonage. Cost of the structure will be about \$18,000 and a committee has been given instructions to proceed. The old parsonage will be sold and moved from the lot, or razed for the material. A finance committee will make an effort to raise the needed funds in cash.

A picnic was held Friday for the pupils of the Rowena public school, the faculty also attend-

ing. All pre-school pupils reported the same day for check-ups and for parents to get their instructions for the next term. Ruth Nelson, daughter of Mr. and Mrs. P. M. Nelson, is the honor student of the senior class. Wilburn Pullin, son of Mr. and Mrs. Troy Pullin, had a perfect attendance record for the year.

The final program for the Miles high school was held on Thursday evening of last week when 14 seniors were given diplomas. Senator Dorsey B. Hardeman, of San Angelo was the principal speaker. Mary Ann Mokry was high honor student, having a four-year high school average of 89.55. Second high went to Henry Urban, who had a four-year average of 88.8. The eighth grade graduation exercises were held on Wednesday of last week when 20 members of the class received certificates of promotion.

Rainfall at Brady last week amounted to 1.33 inches for the first three days of the week and was followed by another good rain last Thursday night. Farmers and ranch-

men stated crops and ranges were doing fine. Many of the farmers have crops planted and up. Most of the streams and surface tanks contain ample water.

Dr. Roy C. Maddox has been elected president of the Winters Lions Club. Two full tickets of candidates had made a heated campaign several weeks prior to the voting. Other officers are: H. H. Lewis, first vice-president; C. E. Sullivan, second vice-president; Harold Thomas, third vice-president; Bob Shytles, secretary; Charlie West, lion tamer; John Sherwood, taitwister.

Wesley Hall, Brownwood contractor, submitted the lowest bid to the state highway commission last week for widening highway 67-84 from the traffic circle, west to the city limits of Brownwood. The job will cost \$191,465. Marked in four lanes, the paving will be 100 feet wide. This route serves traffic west to Coleman, Ballinger and Abilene. Work is expected to start within a few weeks.

Coleman people were rejoicing the past week-end when it was disclosed that the city had a water supply for 42 months.

This is the largest supply in the history of the city and will insure adequate water for all purposes. Heavy rains brought an estimated two billion gallons into Lake Scarborough and the Hord's Creek lake. The condition was becoming critical, the Hord's Creek reservoir containing only three feet of water above the intake.

More than 100 friends and relatives called at the home of Mr. and Mrs. J. R. Johnson at Bronte Sunday, May 29, to help them celebrate their golden wedding anniversary. The couple was married at Goldthwaite and soon afterward settled near Bronte. They have five living children.

The large living room was decorated with crepe paper festoons in pastel shades. The school color theme, black and red, was featured with large bows of crepe paper with balloons attached. A starfoam arrangement centered with "51" in black and red candles at each side formed the centerpiece for the tea table where hostesses served fruit punch and cookies throughout the

dancing period. About sixty-five guests danced to nickelodeon music. Others were Mr. Berryhill, Mr. and Mrs. Turner and Freddie Brown.

Edgar Payne, of Ballinger, is rated one of the top 24 football guards in the nation by Stanley Woodward in his recently published "Who's Who in Sports for 1951."

Payne has lettered four years in basketball and three years on the McMurry Indian football team. He is described in the article as one of the best small college guards, particularly effective on offense and in the department of downfield blocking.

Payne received his B. S. degree from McMurry last week and being a member of Abilene's naval reserve training unit, left last Saturday for San Diego for an active training period of two weeks.

Mrs. Payne is here for a visit with her parents, Mr. and Mrs. E. A. Saunders.

UNVENTED GAS MAKES BALLINGER FAMILY ILL

A Ballinger family came near being asphyxiated the first of last week because of an unvented hot water heater. During one of the rains the house was shut up tight and

fumes formed in the building, giving members of the family violent headaches and stomach sickness. A burning in their throats caused them to seek fresh air and the cause was learned.

The incident was reported to the local Lone Star Gas Co. office and it was found that a hot water heater was not vented and fumes were being thrown off in the bathroom. Mack Young, local manager, stated that a check revealed a large number of water heaters in Ballinger without venting.

He stated this was absolutely necessary and urged that installations be examined and if not vented, to have this done.

MRS. WILDER INJURED BY FALLING TREE LIMB

The audience was seated in the grove in the center of the cemetery and a dead limb fell from one of the trees, the heavy end striking her on the head. She was hurried to her home and a doctor summoned.

Mrs. Wilder has been doing nicely, only a slight head injury resulting.

Phone Rate Refunds Due Ballinger Patrons

Ballinger telephone patrons will receive refunds on service accounts for the past eight months, according to an agreement reached last Thursday in a meeting of city and Southwestern States Telephone Co. officials.

Company officials estimated the refunds would mean about \$10,000. The refunds to subscribers will be for the difference in the rate charged the past eight months and the rate prior to that time.

When the city granted a rate increase here, an agreement was signed that a similar rate would be put in effect at Coleman, or the rate here would revert to the old service charge in effect for many years. At the meeting Thursday the city

agreed to the establishment of the higher rate as permanent, provided patrons were refunded for the past eight months of the difference of the two rates. The rate made permanent will be the same as has been paid since June 11, 1950.

Company officials asked for 90 days in which to work out the refunds.

Representing the company at the meeting were V. T. Strickland, general manager; John D. Allen, district manager; Brownwood; J. Edgar Johnson, legal representative, Dallas; and James Kington, local district manager.

Treating Seed Said to Increase Yield of Cotton

Records of the U. S. and Texas experiment stations show that treating cotton seed before planting will increase the yield as much as 25 to 30 per cent. In Runnels county records disclose that 10 to 15 per cent increase can be expected. These figures were released this week by the county agent's office.

According to County Agent John A. Barton four results can be expected:

1. Keep down seed rot, a disease that kills seed before they sprout, forcing farmers to replant or giving them a poor stand. These factors lead to less cotton per acre.

2. Decreases sore shin, a disease that kills the young plant as it comes through the ground. A weakened stalk and poor growth are other results of this disease.

Nos. 3 and 4 are prevention of anthracose and angular leaf spot, two diseases which remain in the field and do damage the entire season. They cause the bolls to rot, attack the young and older leaves, causing them to shed, and will even attack the squares and bolls. Cotton is an unusual plant in that a more or less balance between the roots, leaves, squares, blooms and bolls is required and when disease upsets this balance, the result is shedding of the small bolls, thus greatly reducing the yield.

Seed treatment is declared almost a 100 per cent cure for seed rot and sore shin.

Treatment is not at all expensive. Warner Niehues, of the Offen community, has constructed a seed treater out of

an old water heater at a cost of about \$2 plus the motor cost. He said most of his neighbors treated their seed last year and he could see the difference. For this reason he has planted only treated seed this year.

MRS. KEATON SUCCUMBS AT ABILENE HOSPITAL

Mrs. E. O. Keeton, a resident of Abilene the past 32 years, died at 8:00 p. m. Sunday in Hendricks Memorial Hospital, Abilene, following illness of several months.

Funeral services were held Monday afternoon at 3:00 o'clock at the Laughter North Memorial chapel. Dr. Millard A. Jenkins, a retired pastor of the First Baptist Church, officiated and was assisted by Dr. James A. Sullivan, present pastor of the church. Burial was in Elmwood Memorial Cemetery.

Decedent was born Nellie Gregory and resided with her family in Ballinger for a number of years. She was married to E. O. Keeton in October, 1922, and had lived at Abilene

ever since. Mrs. Keeton was a teacher in the junior department of the First Baptist Church for 25 years. She was a past president of the Woman's Missionary Union, a past matron of the Eastern Star and was first president for the Mystic Weavers. Survivors besides the husband include two daughters, Miss Kathryn Routh and Mrs. Frank Youngblood, Abilene; a son, W. E. Routh, Temple; four sisters, Mrs. Charles Tibbs, Dallas; Mrs. L. R. Tigner, Mrs. R. E.

Truly and Mrs. Harry Lynn, Ballinger; a brother, David Gregory, Venezuela; and four grandchildren.

Mr. and Mrs. Tommie Moreland, of Norton, met Mr. and Mrs. Orval Moreland and family, Leo Gooding and Mrs. Nancy Peters, of Houston, in the home of Mr. and Mrs. Odell Moreland at Austin the past week-end. The gathering was to celebrate the Tommie Moreland's 33rd wedding anniversary. Their two grandsons, Gerald and Leo Moreland, came

on here for a visit. Carey B. Looney, son of Mrs. Ruth M. Looney, of Ballinger, received his degree at the commencement exercises at Abilene Christian College Monday.

OPS REPRESENTATIVE WILL BE HERE JUNE 6
H. L. Lewis, foods branch of the Fort Worth district office of price stabilization, will be in the Ballinger Chamber of Commerce office on June 6, at 9:00 a. m. to conduct a "price clinic" for the convenience of grocers and food sales organizations.
