

THE BALLINGER LEDGER

VOL. 66

BALLINGER, TEXAS, THURSDAY, AUGUST 7, 1952

NO. 42

Heavy Oil Production Registered for Week

Oil production in Runnels county was heavy last week, some of the largest producers of the year being reported.

Texas & Pacific Coal & Oil Co. No. 1-Carroll Dickenson, a one-location extension to the northeast of the Hull-Dobbs field, had a daily flowing potential of 1,067 barrels of 41 gravity oil. Top of pay was encountered at 4,011 feet.

Geochemical Surveys No. 1W-J. W. Harris is a half mile west-northwestern extension of the West Crews field in the upper Gardner. Daily flow was gauged at 426.31 barrels of 44 gravity oil. Top of pay is 3,849 feet.

E. K. and E. M. Burt and Edgar Davis No. 1-Robert Spill has been finished as a Caddo lime discovery in the central-north portion of Runnels county. Upon completion of the well rated 322 barrels of 46 gravity oil with the top of pay at 4,385 feet. Operators have requested designation as the Jim Burt (Caddo) field.

George Callihan No. 1-L. Tinkle was completed last week for a daily flow of 177 barrels of 46 gravity oil in the Gray sand. Production is natural through a quarter-inch choke with perforations between 4,180-90 feet.

A wildcat, Saxon Exploration Co. No. 1-Noyes Estate, is projected for 3,800 feet, drilling to begin Saturday. Drillsite is 11 miles southeast of Ballinger

and 3 1/4 miles west of the Colorado River.

S. C. Herring No. 4-Bond Cook has been staked in the Hull-Dobbs field and will go to 4,500 feet.

Paint Production Co. No. 1-Dan Woodroof will be a one-location western extension of the Ballinger (Palo Pinto) field. It will be drilled with rotary equipment to a depth of 4,000 feet.

Murray Petroleum Co. and Sheets & Walton No. 1-Virginia Routh is being drilled three miles north of Ballinger. Contract depth is 4,600 feet.

G. W. Strake No. 2-A. L. Mitchell has been staked as a northern outpost of the Lloyd (Gardner) field. It will be drilled to 5,200 feet.

Saxon Exploration Co. No. 26-O. C. Sykes has been started and will be drilled to 4,500 feet.

Drilling in the T. D. Humphrey No. 1-D. O. Lee, 1 1/2 miles south of Maverick was below 2,580 feet yesterday. Contract depth is 5,300 feet or to the Ellenburger.

W. M. Peyton Estate No. 1-D. J. Goetz has been located and is projected for 4,500 feet. The location is 4 1/2 miles southeast of Winters.

Roark, Hooker and A. G. Hill No. 1-Harris Davenport, 7 miles east of Winters, has been staked and will go to 4,450 feet. Drillsite is 2 3/4 miles south of production in the Sykes (Morris sand) field.

VENEZUELA'S WEST POINTERS... Venezuela's finest! Fifty-four cadets from Escuela Militar (the West Point of Venezuela) are graduated with full military honors as President Suarez Flamerich, Minister of Defense Col. Perez Jimenez and Minister of Interior Col. Llovera Paez look on. Escuela Militar is one of the most advanced military training schools in South America. The students are taught how to fight subversive infiltration into their country. Several members of the Escuela were entered in the Olympics at Helsinki, Finland. Many foreign diplomats were present at the graduation.

Good Reports Heard By C. of C. Directors

Directors of the Ballinger Chamber of Commerce met Monday night, a considerable number attending and numerous committee reports being heard.

A complete report was made on the huge highway sign at the outskirts of Fort Worth which directs traffic over highway 377 to Stephenville and over highway 67 there to the Big Bend region and to Mexico.

A check-up had been made by the local chamber and it was found that the sign is already in place. It is located on the "Y" where highway 377 and highways 80 and 180 divide. Ballinger filling stations and cafes are contributing \$20 a month to this sign, which costs towns along the route \$100 a month for 36 months. The sign is 50 feet long and 11 feet high, lighted at night and equally attractive in daytime.

Copy changes have been made in a brochure of the Big Bend Trail and approximately 10,000 copies of this tourist literature will be distributed from a booth at the State Fair, Dallas, in the fall. A few Ballinger business houses carry advertisements in the brochure.

A letter from Rev. Joseph L. Emery tendered his resignation as a director. This was done, he wrote, because of other meetings which conflict with the chamber meeting each month. Directors voted to carry him as an honorary member and asked that he notify the board of any assistance that could be rendered the Ballinger Ministerial Alliance.

Wayman Mason reported on the recent clean-up campaign and commended those worked in this project.

K. V. Northington reported a recent meeting here with officials of the Big Bend Trail Association. He cited figures on the advertising program to be undertaken, the number of visitors in the Big Bend National Park during the past two vacation periods and said Ballinger was being asked for 25 members at \$5 each.

John Purifoy reported that the chamber of commerce sign at the baseball park had been repainted.

A. H. Dallinger, chairman of the safety committee, complimented county and city officers for their efforts to make highways and streets safer.

The manager was instructed to write the city commission suggesting that it demand better and permanent crossings on the Santa Fe tracks at Tenth and Thirteenth streets.

A committee composed of E. B. Underwood, Jack Moore and Jack Pridden was named to rewrite the chamber's by-laws. The by-laws now in force were written in 1940 and since then many changes have been made and recorded in the minutes, necessitating the rewriting of the entire section. Copies of the revised by-laws will be mimeographed and mailed to each director.

Jim Cuseberry reported on the labor conference he attended at Sonora Saturday.

John Barton was called on for a report on crop conditions and an estimate on the cotton production. He explained that the droughty condition prevailing prevented an accurate estimate of the amount of cotton. Rains would increase production, he pointed out, but without moisture the output would be greatly reduced.

Club Boys to Hold Encampment Here 2 Days Next Week

All plans have been completed for holding the county 4-H club boys' encampment here next Tuesday and Wednesday.

County Agent John A. Barton stated that registration at the city park would start soon after the noon hour Tuesday. As soon as all boys are in camp the softball tournament will get underway and will be continued Wednesday morning until championships are decided for both junior and senior divisions.

Pictures will be shown as part of the program Tuesday night and games and stunts will be presented by the boys.

Wednesday at noon a barbecue dinner will be served, at which a number of business and professional men will be invited guests. Following the noon meal, the camp will be "policed" and boys will pack their equipment.

A parade will be staged Tuesday afternoon and the Ballinger Chamber of Commerce will distribute tickets to a theatre matinee.

7th Street Baptist Revival Will Start Tomorrow Night

Rev. Maple Avery

Revival services will start Friday night at the Seventh Street Baptist Church, Ballinger. This series of meetings will be in cooperation with the Baptist simultaneous revivals being held in each church of the Runnels Association.

Rev. Maple Avery, pastor of the East Fourth Street Baptist Church, of Big Spring, is the evangelist. Rev. Maple has been pastor of the church there for three years and is one of the most prominent young preachers in the state. He is dynamic and the youth of this area are urged to hear him.

Alton Webb, of Brownfield, will be in charge of the music and Miss Wanda Smith will be at the organ.

The morning service will be held each week-day at 7 a. m. and the evening service will be at 8 o'clock.

The pastor, Rev. Emmett Brooks, and members of the church extend a cordial welcome to everyone to attend as many services as possible.

Mrs. J. C. Lemburg and daughter, Miss Jamie Lemburg, of Kingsville, are here for a visit with the former's brother, James Skinner.

Multiple Insurance For '53 Crops Being Pushed in County

A drive is being made by all employees of the local PMA office to sell multiple crop insurance. The Runnels county committee points out that the time is short and during August sale contracts must be completed for applications.

The salesmen say it costs as much to produce a failure as a crop and for that reason farmers cannot afford to be without this insurance. A policy covering the 1953 crop will protect the investment of seed and work.

The protection for Runnels county next year will be about 16 per cent lower than for 1952. The premium is reduced proportionately but after the premium is computed on this basis, it is then increased 30 per cent for the heavy losses in 1951 and 1952. The coverage is still enough to guarantee a return on the farmer's investment. The committee points out that the small increase will be worthwhile if a crop is not made in 1953.

The cotton coverage is changed as follows: If a crop is lost before it has been laid by the farmer, he will collect 40 per cent of his guarantee. If lost after laying by the farmer, he will collect 75 per cent of his harvested guarantee. If the crop is harvested, the amount harvested will be subtracted from the guarantee and the farmer will be paid the difference.

Wheat and oats planted on grain sorghum land or sweet sorghum land is not insurable in 1953. If grain sorghum or sweet sorghum came up this year and the land is planted in wheat this fall, the wheat will not be insurable.

Officers Report Number of Cases Handled in Week

County and city officers filed a number of charges and made several investigations the past week.

B. U. McQueen was tried in county court on a charge of sale of liquor and fined \$150 and costs.

Wayne Robbins was arrested Sunday and charged with driving while intoxicated. Bond was set Monday and he was released.

Three young boys were fined \$38.50 each in justice court Monday on a charge of damaging property.

Pipe protectors were stolen from the O. C. Sykes oil lease the past week-end. Members of the sheriff's force are investigating the case but no arrests have been made.

Durwood Williams paid a fine of \$38.50 in justice court the first of the week on a charge of reckless driving.

A car was stolen from in front of the Broadway Cafe Saturday. The owner, Oscar Wartenback, reported the loss but so far the car has not been recovered nor the thief arrested.

James Green, 15, was picked up by city officers the past week-end and returned to his home at Rotan.

F. F. A. Meeting Slated Tonight

A meeting of the Ballinger Future Farmers of America chapter will be held tonight in the agriculture building on the high school campus. All who have paid their summer dues are urged to be present.

Delegates to the recent state convention at Dallas will relate the highlights of the program. Members will make plans for the two remaining meetings of the vacation period. All interested in a fishing trip before the beginning of school are urged to be present. A trip is being considered and if enough are interested a date will be set and arrangements made for a place.

The business session tonight will get underway at 8 o'clock. All chapter members will be back in school next month and the summer sessions will be concluded in August.

Mrs. R. E. George and Miss Samantha McElroy attended the funeral of Mrs. C. E. Ferguson at San Angelo Monday afternoon. The families were life-long friends.

City Swimming Pool Work to be Resumed

Construction is to be resumed at once on the municipal swimming pool located in city park. Work had been halted for some time because allocation of steel for the project was not approved.

Towner Dickinson, one of the contractors on the project, is in Washington this week and called city officials Tuesday morning to report that he had received approval of the request for use of steel on hand here. He is expected to return with all the necessary papers by the end of this week and work

probably will get underway Monday.

All excavation has been completed and is in good condition at this time. Machinery will be moved to the location as soon as possible and the actual laying of steel and concrete started.

No time has been set by the contractors on when the job can be completed.

The used steel, suitable for the completion of the pool, is available in the yards of the Ballinger Salvage Co.

Santa Claus to Parade Here In Sleigh Pulled by Reindeer

Santa Claus, driving a sleigh pulled by real live reindeer, will be in Ballinger at 3 p. m. on December 1 to greet the children of this section. It will be his regular visit before the Christmas season and the parade will officially open the holiday season here.

The chamber of commerce entered into a contract with Grady Carrothers, of Goldthwaite, Friday to bring reindeer and sleigh to Ballinger to provide transportation for Santa.

Supt. Ernest Caskey stated that all school children would be free to attend the parade and that school organizations, including the bear cat band, would participate. Santa Claus will ride in the parade and at the conclusion will greet each child with a gift at the court house.

The 1952 parade will be much longer than last year's and will cover all blocks in Ballinger upon which business houses are

located. The committee in charge will announce soon the exact line of march.

Local features will be added to the procession to make it the longest and best in the history of Christmas programs here.

Mr. Carrothers was here Friday and presented a colored picture at a meeting of the Ballinger Lions Club. The film, taken by professional photographers, showed his trip last year to Alaska and the securing of reindeer from herds there to be brought back to Texas and his Goldthwaite ranch. Mr. Carrothers talked as the picture was being shown and answered many questions.

The reels showed much scenery, fishing, wildlife and boat and plane trips over the frozen shores of the Arctic Ocean.

The Carrothers' schedule for programs in this section on December 1 will include Brownwood, Ballinger and Abilene.

Harman Park Property Deeded to City by PHA

The city of Ballinger is now the owner of Harman Park. A deed for three acres of land, the buildings and furnishings was received Tuesday from the public housing administration.

In exchange, the city will pay the appraised value of \$1,700.

For the past two years a deal has been underway for the return of this property to the city. Seven acres of land belonging to the PHA was not included in the deed received this week.

At the city commission meeting next week it will be decided what disposition of the build-

ings and contents. Most of the buildings are in a bad state of repair and it is likely that they will be wrecked and the materials sold.

Inside the houses are a number of stoves, circulating heaters, refrigerators and bedroom suites that are in good condition.

The three acres of land on which the buildings stand are desirable lots and can be used by the city or sold for new homes. The remaining 7 acres, which probably will be transferred to the city later, is in a low place and not desirable for building lots.

Many Farmers Buying 1953 Crop Insurance

Employees of the Runnels county PMA office are engaged in the sale of multiple crop insurance for 1953. A number of Ballinger firms are assisting the salesmen by placing advertisements in this newspaper urging their friends to be protected next year.

With one of the most severe droughts in the history of the country taking a heavy toll this year, the period for applications for crop insurance comes at a good time. Farmers who are protected this year will probably collect \$1,500,000 or more on their policies because of the crop failure. The exact amount of crop losses will not be determined until the end of the grain sorghum and cotton harvest.

Those who were not covered in 1952 may secure the insurance for next year by signing an application and showing what crops will be planted. Coverage is granted on cotton, wheat, oats and grain sorghums.

There are 809 farmers participating in the crop insurance program this year and will the dry weather of the current year as a reminder, many others are expected to take the protection for another year.

The time for securing insurance is short and farmers interested are urged to call at the PMA office as soon as possible. Employees will be glad to explain the full benefits. No money is needed to make an application.

County Conventions Held by Two Parties

Runnels county Democrats and Republicans held conventions here Saturday and made ready to have representatives at the state conventions.

The county Democratic convention was held at 2 p. m. in the court house. H. W. Rampey was named temporary and permanent chairman and R. E. Bruce secretary.

The convention voted to seat all persons present as delegates and the following were named to attend the state convention at Amarillo on September 9: H. W. Rampey, R. E. Bruce, Mrs. W. E. Little, Winters, Dorsey Reed, Ballinger, and A. J. Bishop, Jr., Winters. The delegates will go unopposed but will vote under the unit rule.

A resolution was passed calling upon Democratic nominees for president and vice president to give their views on state ownership of the tid-

lands.

Another resolution presented was tabled by the convention without action. This resolution called upon delegates to support the nominees of the Democratic primary for president and vice-president.

The chairman was authorized to name alternates for any of the delegates who found that they could not attend the convention.

In the Republican convention Tom Agnew was named delegate to the state convention at San Antonio on August 26 and A. F. Brock is alternate.

A resolution was passed favoring state ownership of the tidelands and endorsing Alvin Lane as state chairman. The Runnels county delegation has supported the Porter group for the past two years and was with the Eisenhower forces at Mineral Wells in the first state meeting.

Ballinger Schools' Opening Postponed to September 2

The fall semester of the Ballinger schools will start Tuesday, September 2. The opening was delayed one day because of a city-wide holiday on the first Monday in September, Labor Day.

Supt. Ernest Caskey stated that the faculty is complete with the exception of one vocational agriculture instructor. Several applicants are due to come here soon for interviews and this position will be filled before the opening of the term.

Students who have moved to this district since last year are asked to come to the school office so they can be registered, classified and their transcripts secured from the last school attended.

Coach Douglas Cox stated that football practice will commence on September 1. First game for the Bearcats is billed for September 12 and the team will have only a short time to get into condition. More than 40 are expected to report for the first string squad.

All school facilities are ready for the opening, buildings and playgrounds being in the best of condition.

Principal Joe Forester announced that he would be in his office all day Monday, August 11, and would like to meet all high school students who were not enrolled in the Ballinger school last year and who intend to attend here this fall.

Those who have grade records from the schools they

attended last year are asked to bring them.

Other registrations will be as follows:

August 26, 9 a. m. to noon, high school seniors

August 27, 9 a. m. to noon, juniors

August 27, 1 to 4 p. m., sophomores

August 28, 9 a. m. to noon, freshmen.

Mr. Forester stated that if possible all students should come for the beginning of the period when their class is to register. This will permit one general meeting with all the classes in one body.

All students other than those in high school will register at 8:30 a. m. on September 2.

MISS TRAIL WINNER IN SOAP CONTEST

Miss Winnie Trail received a check last week in the amount of \$100, third prize in a toilet soap contest. The contest required completion of a sentence using not more than ten words.

The entry was judged on originality, sincerity and aptness by an independent judging organization.

Mr. and Mrs. James Williamson and son, Fred Lynn, have returned from a visit to Mr. and Mrs. E. V. ("Buddy") Hall, of San Angelo. Mrs. Williamson, a sister of Mrs. Hall, is recuperating from a recent operation at St. John's Hospital.

Grid Field Scoreboard Installed and Accepted

A Naden Sign Co. crew, of Webster City, Iowa, arrived here Saturday afternoon and at 10:30 Saturday night the new football scoreboard at Bearcat Field had been installed, tested and accepted by the Ballinger Jaycees.

Preliminary work had been done the first of last week which included concrete foundations, setting of large I-beams and getting ready for the suspension of the board.

A sizeable representation of Jaycees was on hand Saturday night to see the board in operation and to try their hand with the sideline device for changing yardage, downs and other information.

It is likely that a special game, to be played by the juniors, will be arranged for early in September and before the beginning of the regular season, when a dedication program will be presented and the Jaycees will try to secure patronage to make up the needed cash. They still need about \$250 to pay all costs of the board and complete the small amount of work to be done. Electric cables are to be

buried and a small amount of painting is to be done on the board.

WEDNESDAY HOTTEST DAY OF YEAR TO DATE

Wednesday set a record for heat for 1952, the official reading of the government thermometer being 108 degrees at 3 p. m. This was four degrees up from the record set Monday and Tuesday when the peak was 104 F. With a cloud covering the sun by 4 p. m. Wednesday, the temperature dropped to 104.

The temperature Tuesday started above 80 degrees and remained above 100 until after 6 p. m.

Readings at the local weather station for the first five days of August are as follows:

August 1, 97
August 2, 99
August 3, 101
August 4, 104
August 5, 104.

Artis McDorman, of Coleman, was enlisted in the air force on July 31 and has been assigned to Lackland AFB, San Antonio. He is the son of Mrs. Walter McDorman, of Coleman.

**WEST TEXAS
NOTES**

In a number of Texas counties no second primary will be held. The Runnels county Democratic committee is debating the matter and if it is legal to void the August election it will be done. In this county there would be only one office to be voted on and it is of little interest. The voting boxes of this county would require 84 workers at \$8 a day, or \$672. Ballots, tally sheets and other supplies plus the delivering of boxes and delivering them here for the canvass would make the total cost of the election about \$1,000—to determine which of two men would be named for associate justice, supreme court, place 1. If no second primary is held, local candidates will have a cash refund coming from the county committee.

Ballinger Chamber of Commerce committees are eyeing the Christmas season and are making plans for programs which will help to attract shoppers here. With conditions not too good, local merchants have already indicated they will display holiday merchandise earlier than usual and do everything possible to create early sales and keep customers of this trade territory from going to larger shopping centers to spend their money. A number of firms have already received shipments of gift items and will display them as soon as a date is set for the opening.

Organizations interested in getting out the vote in November have come out with a catchy slogan: "Vote as You Please—but Please Vote." The groups sponsoring the slogan point out that the coming election is of tremendous importance and one that will determine the course of this nation in domestic and foreign policies. People are reminded how during the centuries men have fought and died for the right of franchise—the right to a secret ballot, for this is the first and last defense against tyranny. We have that right, yet it is common in this country for half or less of the elig-

Rising Star citizens will vote today on whether to have a federal housing project constructed in their city. Numerous for and against opinions have been expressed, the Rising Star Record publishing letters last week favoring and opposing the proposal. City officials also submitted letters from mayors in towns where housing projects are operated, all of these expressing the opinion that everybody was satisfied. These letters came from mayors of Ballinger, Cisco, Dublin and Ranger.

The annual home-coming for 4-H club and Future Farmers of America members of Menard county will be held on August 22. This date was picked so that the Sears sheep show and the home-coming might be held on the same day. A number of committees are being appointed to make arrangements for the entertainment of the boys and men who formerly were members of the organizations.

An American Legion Auxiliary was organized at Miles last Thursday with a large enrollment of charter members. Officers were elected and an

**HAS YOUR ADDRESS
BEEN CHANGED?**

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

gible voters to go to the polls on election day. Many people say, "My vote does not matter," but if that attitude is held by millions, we have a government by minority and no one can say that the will of the people is dominant.

District Judge O. L. Parish, of Ballinger, was guest speaker for the Paint Rock men's Bible class meeting Sunday. It was "ladies' morning" and couples assembled at the community hall for breakfast and a social hour before the regular meeting. A number of guests were present.

A. J. McDaniel, of Comanche county, cast a ballot in the first Democratic primary on July 26 for the 69th straight time. He first voted when he was 21 in Robinson county in 1883. In 1884 he moved to Comanche county and has voted at Gap, box No. 22, ever since. He is a confirmed Democrat and has attended many conventions during his lifetime. He told election officials he had always voted the Democratic ticket straight down the line and if he lived until November he would vote that way again.

Full terms of nine Coleman county schools will be started on September 1. Three of the schools still need teachers to complete their faculties. Ready for opening in September are the Coleman, Santa Anna, Centennial, Talpa, Novice, Burkett, Buffalo, Mozelle and Rockwood schools. Improvements have

been made in most of the buildings during the summer.

Members of the Lone Wolf electric cooperative assembled at Colorado City Tuesday for their annual meeting and to attend the exhibits of modern electrical appliances. The meeting was held at the rodeo grounds where large circus tents were set up to house the exhibits. Dinner was served at the noon hour and new directors were elected at the business session in the afternoon. The program and demonstrations were designed to be interesting to all ages.

Stephenville police are warning all operators of any type of motor vehicle. They stated that whether it be a motor car, scooter, motor bike or commercial vehicle, there would be a license check and no time or place would be disclosed in advance. Any person driving without a license will be given a ticket and can settle the charge in justice court. The police said they were not interested in making arrests but in upholding the law.

The Rowena Lions Club last week set August 12 as "ladies night" and the meeting will be held at the Lowake Inn. A vote of thanks was extended to Werner Lange and Otto Droll for spraying the town last week in the club's fight against flies and mosquitoes. The water situation at Bronte became more critical last week. Mayor H. O. Whitt revealing only a few days supply was left. City officials planned to use a dragline in the Colorado River in an effort to find additional water. Another plan was to purchase water at Robert Lee and transport it to Bronte. For several weeks citizens have been asked to conserve, but consumption figures remained high.

Howard Payne College gave degrees to 21 seniors last week at a special program held at the First Baptist Church. The students had been attending summer school and completed work, making them eligible for graduation. Rev. Lloyd Corder, of Atlanta, and Dr. H. B. Ramsour, of Hilo, Hawaii, were awarded honorary degrees. Col-

Business Looks Ahead

It is ever the aim of management to make the current year as good—or better than the one before. Many factors affect progress and profits. Business concerns now planning for the months ahead will find a satisfactory banking connection here.

This is a bank of personal service. The accounts of both large and small concerns are given careful and understanding attention. Our interests are in this community—in its farmers, commercial enterprises—and in its people. Through a period of years it has been our privilege to grow with the many local businesses we serve.

New accounts are cordially invited.

lege officials are preparing for the fall semester which will open in September.

Santa Anna people are showing much interest in the planned reopening of the Santa Anna Hospital. Dr. C. M. Hener, of Fort Worth, has moved there and is rushing plans for reopening the institution following a modernization program. It was announced that by late September the building would have 25 beds and by January will be increased to 35 beds. A new X-ray room is

being made available along with other needed facilities.

Water consumption at Winters was curtailed last week because of work necessary on electric lines which operate the pumps. The city has ample water to supply all needs but pumping facilities are operating at capacity. Additional improvements will be made in REA lines within a few weeks to provide more current at the pumping plant.

anybody can have Central Heating

Units can be installed 1) in the attic
2) in a small closet 3) suspended
beneath the floor

TODAY, thanks to new types of central heating units and new types of air delivery and return ducts, any home new or old, large or small can have automatic flue-vented central heating.

Truly, the cost is within everyone's ability to invest. It is not unusual for an inquiring home-owner to learn that the cost of central heating to be about the same as the cost of several individual heating units required to heat his entire home.

They are economical to operate, too. Automatic controls turn fuel on and off

as needed. Just enough fuel burns to maintain comfort.

Summer is the time to have central heating installed because there is no discomfort or delay. When winter comes you can sit back and enjoy the carefree, more healthful, luxurious warmth only flue-vented central heating can give you.

Lone Star Gas Company sells and installs all types of central heating units. If you are planning to modernize your home or to build a new home, call us about central heating now.

LONE STAR GAS COMPANY

You Can Whisper - and Be Heard!

We should like to have you come in for a ride in a Golden Anniversary Cadillac. And when you do, we hope you will just sit back and relax . . . and listen!

And what will you hear?
Well, you'll hear the soft sound of the wind as it slips past the streamlined body . . . and, possibly, the quiet ticking of the electric clock.

But aside from these—you'll hear almost nothing. In fact, you'll find you can actually whisper—and be heard by your fellow-passengers!

We want you to experience this because nothing speaks more eloquently or more convincingly of motor car quality than—silence!

It tells you, first of all, that here is automotive engineering at its superlative best. For such silence of

operation can only come when every phase of the car's performance is in perfect harmony.

It speaks of precision—for only the greatest accuracy in design and construction can result in such remarkable freedom from vibration.

It is a testimonial to fine craftsmanship—to quality materials—and to scientific styling.

And, of course, this marvelous quiet foretells many of the pleasures and satisfactions you would enjoy as the car's owner. It promises rest—and relaxation—and peace of mind . . . and a minimum of upkeep expense.

So why not take our suggestion—and come in and drive this beautiful Golden Anniversary creation? Let it tell you its own wonderful story through the things you cannot hear!

Cotten, Winters, Brady Stellar Trio In Technicolor 'Untamed Frontier'

Chronicling a vivid page of history from the days of the early West, "Untamed Frontier," Universal's Technicolor outdoor drama, will be the main attraction at the Texas Theatre Sunday and Monday, August 10, 11.

The story of the great cattle barons of Texas and the land-hungry home-steeders battling for their rights to free government land, "Untamed Frontier" roars to an exciting climax, thanks to superior performances by its excellent trio of co-stars, Joseph Cotten, Shelley Winters and Scott Brady. Film newcomer Suzan Ball receives introductory billing and capably handles the role of a sultry dance hall siren.

Supporting parts are portrayed by the veteran Minor Watson, Katherine Emery, Jose Torvay and John Alexander.

A suicide which turns out to be a murder keynotes the exciting plot of "Whispering Smith vs. Scotland Yard," RKO Radio thriller, on the double-feature program at the Texas tomorrow and Saturday with "Just Across the Street."

Richard Carlson, Greta Gynt, Rona Anderson and Herbert Lom are starred in "Whispering Smith vs. Scotland Yard," which has Carlson in the role of an American detective who finds himself in deadly danger when he comes up against a group of British criminals.

Ann Sheridan handles a clever comedy role opposite John Lund in Universal's "Just Across the Street." Lund plays the role of a plumber in the new film and Miss Sheridan is cast as his secretary. Robert Keith, Cecil Kellaway and Alan Mowbray head the supporting players.

Claudette Colbert Comedy, Rod Cameron Western Leading Films at the Hillcrest for Ensuing Week

Claudette Colbert's newest comedy success, 20th Century-Fox's "Let's Make It Legal," will hold forth at the Hillcrest Drive-In Theatre tomorrow and Saturday in conjunction with Monogram's "Wagons West," starring Rod Cameron.

Macedonald Carey and Zachary Scott are co-starred with Miss Colbert in "Let's Make It Legal," humorous story of a young, attractive grandmother who finds herself pursued by her ex-husband and a one-time suitor who tries to rekindle their romance after 20 years. In supporting roles are Robert Wagner, Barbara Bates, Marilyn Monroe and Frank Cady.

A plot to smuggle contraband army rifles to the warring tribe of Cheyenne Indians by secreting the weapons in a wagon train of which Rod Cameron, all unsuspecting, is the leader, is the key situation in "Wagons West." Featured players include Peggie Castle, Noah Berry, Jr., Michael Chapin, Henry Brandon, Sarah Hayden, Frank Ferguson and Anne Kimbell.

"Lydia Bailey," 20th Century-

Fox's Technicolor epic drama based on Kenneth Roberts' best-selling novel of high adventure in Haiti during the early 19th century, is billed at the Hillcrest Sunday and Monday, August 10, 11. Dale Robertson and Anne Francis essay the starring roles.

A tale of intrigue and insurrection, it also tells the strange romance of a swashbuckling American who falls in love with the exotic lady of the title and becomes embroiled in the Caribbean republic's struggle against Napoleon.

"A Streetcar Named Desire," film version of the Pulitzer prize-winning and New York Drama Critics' award production, is scheduled at the Hillcrest Tuesday and Wednesday, August 12, 13.

Co-starring Vivien Leigh and Marlon Brando, "A Streetcar Named Desire" features Kim Hunter, Karl Malden, Rudy Bond and Peg Hillias, who with Brando re-create their original New York roles. Miss Leigh, whose last American role was as "Scarlett" in "Gone with the

Thrilling Spy Search Motivates '5 Fingers'

The real-life story of one of the most fabulous and highest paid spies in history furnishes the exciting plot for "5 Fingers," 20th Century-Fox picture starring James Mason, Danielle Darrieux and Michael Rennie, which comes to the Texas Theatre Tuesday, August 12, for a two-day engagement.

Mason plays the spy, "Cicero," whose incredible exploits were first revealed in the book "Operation Cicero" by L. C. Moysich, which was a best-seller and formed the basis for the screen play. Miss Darrieux came from Paris to play the femme fatale role and Rennie is seen as a British intelligence agent.

Supporting players include Walter Hampden, John Wengraf and Oscar Karivels. Mrs. Fred McClanahan and children, of Shreveport, returned home Saturday after a visit here with Mrs. McClanahan's parents.

Marriage Licenses Go to Ten Couples Here Past Month

First Christians' Special Activities Given by Minister

Mr. and Mrs. C. B. Orahoud attended the meeting of the cabinet of district II, of Disciples of Christ in Texas, at Brownwood Friday.

Mrs. Orahoud and Mrs. Charles F. Bailey will attend the ashram at Kerrville from August 7 through August 14. Some 200 people from many denominations will assemble for this event. Dr. E. Stanley Jones, world-known missionary and Christian statesman, will lead the ashram. It is held under the auspices of the National Council of Churches of Christ of America.

LAW HAS LAST WORD . . . Kicking and screaming, 69-year-old Mrs. Elizabeth Stevens, mother of nine children, is dragged from her Lapeer, Mich., farm home by a sheriff's deputy and women assistants. Eviction of Mrs. Stevens climaxed a free-for-all that resulted in injury to eight persons and jailing of two of Mrs. Stevens' sons. The Stevens' farm was sold by auction in 1948 after Mrs. Stevens refused to pay assessments to cover debts of a bankrupt mutual fire insurance company. She has steadfastly refused to vacate the property. Several neighbors are in similar straits. Governor Williams has asked postponement of evictions.

Mr. Orahoud announced that all week-day meetings at the First Christian Church will continue through August. This includes Christian Women's Fellowship at 9 a. m. each Monday, Business Women's Guild at 8 p. m. each first Thursday, Bible school and church worship.

Baptist Association Churches Holding 11 Revivals in Week

The "Crusade for Christ" is underway this week in eleven churches of the Runnels Baptist Association. Evangelistic services started in each church last Sunday and will continue through the evening service next Sunday.

Churches cooperating in the simultaneous revivals include First Baptist Church and Seventh Street Baptist Church, Ballinger; Hopewell church, Miles Baptist Church, Robert Lee church, Pumphrey church, Valley View church, Wilmett church, Ray church and First Baptist Church, Winters.

Members of each church spent considerable preliminary time getting ready for the special services and large crowds are attending. Baptists living in the area covered by the association have been doing organizational work.

Similar services were held last week in all Baptist churches in Coleman county.

PETTY NAMED TO STATE BAR ASSOCIATION GROUP

Paul Petty, Ballinger attorney, has been appointed on the grievance committee of the Texas Bar Association.

The purpose of the committee is to investigate alleged cases of professional misconduct and establish better understanding between clients and attorneys.

Five men were named for the 21st congressional district. G. A. Wynn, of Sonora, is sectional chairman of the committee.

The center of a standard baseball is a piece of cork the size of a marble which has been aged for 15 years.

CUSENBARY ATTENDS LABOR CONFERENCE

Jim Cusenbary was in Sonora Saturday to attend the labor conference called for this region. The meeting was for the purpose of securing the latest information on bringing Mexican workers across the border and the requirements by the employer.

Cusenbary reported some changes in the law but speakers declared there is still considerable red tape. The work of securing workers has been speeded until a farmer or ranchman may obtain the needed help in about two weeks from the time he makes application.

Mr. Cusenbary will be glad to give complete information on the subject to any interested person.

Jockeys stand in their stirrups to distribute their weight evenly.

EXCELSIOR . . . Dr. Jean Piccard and wife, who ballooned to an altitude record of nearly 11 miles in 1931, disclose in Los Angeles that they hope to double the mark—to rise 100,000 feet above the earth. They will use \$0 "sky hook" balloons.

Parking Meters Take Low in July

The mid-summer heat and dry weather cut down receipts on parking meters a little in July. The take for the 31-day period was \$784.97.

During the month traffic officers gave out 1,248 tickets for overparking time and all but 59 were returned with the money enclosed. For the month 56 notices were sent out on \$1 fines which had been assessed. For the same period \$44 was taken in for past due parking tickets.

Only one fire occurred in the city last month, damages being set at \$848.85. Seven accidents were reported with total repairs of \$1,349.

Police made 23 arrests during July, two cases being transferred to county court. Eleven paid fines amounting to \$310.60, 4 did not appear, 5 paid with jail sentences, 1 was dismissed and 1 has paid part of his fine.

During the month the police received 565 calls.

IDENTICAL NAMES CAUSE CONFUSION IN NEWS ITEM

It sometimes happens that a person gets in trouble with the law, pays a fine, and when the incident is reported, a law-abiding citizen of the same name is caused embarrassment.

This was true last week when Eugene Baker paid a fine in justice court for aggravated assault and the incident was printed along with other court proceedings in this newspaper.

Eugene Baker, who lives six miles northwest of here on Ballinger star route, received inquiries from his friends who found he knew nothing of the case. It so happens there are two Eugene Bakers.

AGNEW ON HONOR ROLL OF ENGINEERING COLLEGE

Bob Agnew, son of Mr. and Mrs. H. G. Agnew, of Ballinger, is listed on the honor roll of the engineering college at the University of Texas for the spring semester 1951-52.

Bob is a senior, majoring in petroleum engineering and will receive his degree from the university in February, 1953.

Mr. and Mrs. George Newby and daughters, George and Ginger, and Mrs. Newby's parents, Mr. and Mrs. Pounders, of Tuscola, and Mrs. Scottle McGowan, of Houston, were in Fort Worth to attend a family reunion which includes the descendants of Mr. and Mrs. James Thackston, who were parents of Mrs. Pounders. The reunion dates were August 2 and 3.

EXPLOSION BURNS FATAL TO OIL FIELD WORKER

Curtis Wright, 31, died at an Abilene hospital Wednesday from burns sustained Monday when oil tanks exploded on a lease 10 miles northeast of Ballinger.

R. M. Burton, 43, another burned victim in the explosion, remained in an Abilene hospital in a critical condition and H. E. Day, 34, was reported to be resting well. All three were victims of the explosion, the first two suffering third degree burns.

Funeral services for Wright were held Wednesday at the Waldrip church, Rockwood, burial following in the Rockwood cemetery.

Decedent had lived in Abilene for the past year and had been employed in the oil fields of this county. His wife, two sons and parents survive.

COOLING SHOWERS FALL IN COUNTY WEDNESDAY

Cooling showers fell in parts of Runnels county late Wednesday, the gauge at Ballinger registering about one-tenth of an inch.

East and northeast of Ballinger the fall was heavier, water running in the bar ditches beside the road.

Baseball's National League was founded in 1876.

LARGE CROWD ATTENDS PUBLIC MEETING OF AA

About 100 people attended the public meeting here Tuesday night of Alcoholics Anonymous in its club room over the Rudder Shoe Shop. The recently organized Ballinger club has signed up a considerable number of members and plans have been made to carry on a full program of work.

Four members of the Wichita Falls club were here to present information and they were joined by others from about fifteen West Texas towns. A number of local people were present to hear the interesting program on how the AAs give assistance to those who are considered alcoholics.

The Ballinger members served refreshments from their snack bar at the conclusion of the one-hour program.

Mary Jo Forman left Tuesday for a ten-day Methodist youth leadership workshop at Mt. Sequoyah, Fayetteville, Arkansas. The camp is for all district and conference officers of the South Central Jurisdiction of the Methodist Youth Fellowship. Mary Jo is secretary of the Central Texas conference and of the Coleman-Runnels sub-district M.Y.F.

Mrs. George P. Holman's condition is reported satisfactory following a heart attack suffered at Chicago Sunday. She is in a Chicago hospital but expects to be removed to the home of a daughter, Mrs. T. C. Harker, Jr., at Peoria, in a few days. Mr. and Mrs. Holman were on an extended trip in the Middle East. They attended both the Republican and Democratic national conventions.

Standard baseball bats are made from ash wood.

Mr. and Mrs. F. E. Berryman, of Winters, visited their son, Frankie Berryman, and attended the Taylor-Droll wedding at Rowena Wednesday morning.

Walter Presson, of Midland, visited friends in Ballinger Tuesday and Wednesday. While here he attended the marriage of Dr. A. T. Taylor and Miss Jacqueline Droll.

Paper clips at Ledger office

Mr. and Mrs. M. B. Webb have returned from Brackettville, where they visited relatives. They were accompanied on the trip by Miss Virgie Webb, of Midland.

Mrs. S. J. Merrifield has returned from National City, California, where she spent four months in the home of her son and family.

The male seal is called a bull.

JAYCEES TO THANK SCOREBOARD DONORS

Ballinger Jaycees held their regular August business meeting at Martin's Inn Monday night.

Reports were given on the arrival and installation of the electric scoreboard at Bearcat Field and it was voted to send letters of thanks to all firms who had assisted by contributions of material or labor. The letters will be sent out by the secretary at once.

It was decided to place a neon sign bearing the wording, "Ballinger Jaycees," on the scoreboard to show the sponsorship.

Members voted to change the place of meeting to Lowake for a period of time and the next business meeting will be held there.

SERVING UNCLE SAM

Sgt. Jesse J. Denham is helping to keep the army's equipment and weapons ready for combat in Korea. He is a cook in the 17th ordnance medium maintenance group and although considered rear-area personnel, members of the company have captured communist soldiers and are constantly on guard against infiltrators. He was employed by Moore Produce Co. in Ballinger before entering the service. His wife is making home here while he is overseas.

Mr. and Mrs. W. C. Witt and children visited Rev. and Mrs. T. B. Granger and family at Georgetown the past week-end. They also visited at Lockhart and the Buchanan dam.

Mr. and Mrs. Allen Davis and children are spending their vacation at points in Colorado.

Big Crowd Views Auto Races Here; Cookseys in Pay

Another large crowd was on hand Sunday afternoon at the Ballinger speed arena for the second week of automobile races.

Toby and Blondy Cooksey, of San Angelo, were the big money winners of the afternoon. They won first money in both the first and second heats, second and third in the semi-finals and second and third in the feature race.

A. W. Underwood won first in the dash and Gene Boltie was second. In the first heat it was Charles Johnson, Abilene, first; Bob Arnold, Ballinger, second; Leo Walker, San Angelo, third.

Toby Cooksey was first in the second heat race, Bobby Pittman, second; and Billy Burrows, third.

In the consolation races, Clyde Fletcher, Abilene, won first; Bob Poindexter, Ballinger, second; Bob Fenwick, Ballinger, third.

In the feature race it was Clyde Fletcher, Toby Cooksey, Blondy Cooksey, Bob Arnold and Gene Boltie.

Games Promise Baseball Fans Best of Season

Baseball fans will see two of the best games of the year at Cat Park tonight and Saturday night.

The Ballinger-Winters team will meet the Big Spring (negro and Cuban) team tonight at 8:15. This Big Spring outfit was here earlier to play the Abilene negro club. A return engagement was booked for the two teams but the Big Springers would not play the Abilene team again because they have already defeated the Abileneans four times this season.

Bon Spoons, of Bronte, will be here tonight to do the hill chores for the locals. He is one of the best pitchers in this section and will be supported by a strong team.

Because of increased expense, admission for tonight only will be advanced to 40c for students and 75 cents for adults.

Saturday night the Forsan club, members of the Concho Basin League, will be here to meet the Ballinger-Winters entry in a regulation tilt. The locals have been winning the past several weeks and still have a chance to get into the play-off by taking their next two starts.

Bearcat Coaches Attending State School at Dallas

All Ballinger coaches are in Dallas this week, attending the annual meeting of the Coaches Association of Texas. Representing Ballinger are Douglas Cox, Frank Barnett and Bill Scoggins.

Several thousand coaches were registered Monday for the opening of the school, which will continue all this week. The highlight will be tomorrow (Friday) night when the North-South all-star game is played. Senior high school players are selected from schools of the entire state and are trained by two nationally known coaches before the conflict.

The Ballinger Bearcats will play a ten-game schedule this season, the first five away from home, and the last four of the remaining games against all the conference teams, at home.

Following is the complete schedule:

- September 12, Merkel, there
- September 19, Colorado City, there
- September 26, Hamlin, there
- October 3, Stamford, there
- October 10, Cisco, there
- October 17, open
- October 24, Comanche, here
- October 31, Lake View, here
- November 7, Brady, here
- November 14, Coleman, here
- November 21, Winters, here

BIRTHS

Mr. and Mrs. R. L. St. Clair, of Las Cruces, New Mexico, are parents of a daughter, born on July 30. Mrs. St. Clair is the former Vera Taylor, of Ballinger.

Mr. and Mrs. J. V. Smith and daughter, Wanda, and Mr. and Mrs. James Smith and Miss Pat Watson returned Monday from a vacation in Southwest Texas. They attended horse races at Junction and bull fights in Mexico, and visited relatives and friends while away.

Good Care of Shade Trees Advised by County Agent

According to John A. Barton, county agent, many calls are being received at his office in regard to the care of shade trees, pecans, others and even mosquitoes. Mr. Barton this week issued the following statement on this subject:

"Generally speaking, trees in Runnels county are in poor condition due to two years of extreme dry weather and several very cold winters.

"Trees suffering under droughty conditions are subject to attacks from borers, fungi and other troubles due to the weakened condition of the top and root system. The best remedy is to keep tree healthy with plenty of water and plant food."

Here are a few suggestions offered by the county agent.

"First remove dead limbs, cutting back to the live wood. Then paint the surface with asphalt paint thinned to a light brushing with kerosene. This disinfects the wound, seals it against invasion by wood-rotting fungi and promotes healing.

"In the second place inspect the trunk for pockets of wood rot or other rotted zones. In case they are found, chisel out and paint with wood paint and kerosene.

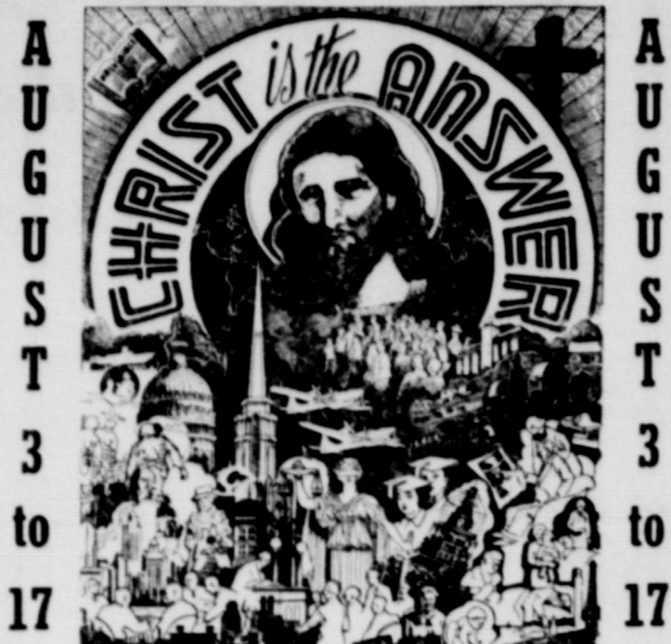

"Third, feed and use water by some appropriate method to fit the situation.

"For best results in watering, build a circular dike of soil around the tree sufficient to hold 4 inches of water. The size of this basin should be at least the size of the spread of the tree or larger. For very small trees or shrubs, a diameter of 6 feet is suggested.

"Spread commercial fertilizer over the soil within the basin, one pound for each 100 square feet of space can be used of 5-10-5, 7-14-0 or vigor. Then fill the basin with water 4 inches in depth. During the hot, dry weather apply water every 7 to 10 days, but discontinue when rains come.

"Repeat the fertilizer application every thirty days during the growing season, withholding water as the tree goes into the dormant season."

CLUB WOMEN STUDY PLANS FOR FINANCES

Miss Ollie Chenoweth went to Winters Tuesday for a meeting of the finance committee of the county home demonstration club.

Members of the committee are Mrs. Calton Smith, Ballinger; Mrs. A. B. Spill, Winters; Mrs. Elmo Mayhew, Drasco; and Mrs. Tom Egan, Rowena.

In the past the club women have published a birthday calendar with firm advertisements printed on the front. This plan will not be taken this year after members of the committee expressed opposition to the plan.

They are giving close study to bake sales and community socials as a means to raise the budget for the ensuing year.

SOCIETY

Mrs. Thomas Hostess to Contract Club

Mrs. Frank Thomas was hostess to members of Thursday Contract Club last week, entertaining in her Sixth Street home, which was decorated with garden flowers.

In games of contract Mrs. Allen Davis was awarded high score prize, and second high went to Mrs. Guy Radley, Jr. The bingo award was won by Mrs. Herman Price.

A salad plate with iced tea was served to: Misses Albert Kitchens, Powell Wear, J. W. Longenette, Richard Lowrey, O. L. Parrish, Jr., Davis, Radley, Price, and Jay Garrett.

We Have a Supply of These Half Dollars

Do You Know Who I Am?

I AM THE AMERICAN HALF DOLLAR pictured above—one of a few—the like of which our country has never seen before! One graven in the image and likeness of two humble Negro slaves who gave their lives to serve their fellowmen.

I was created unanimously by the 82nd Congress (representing people of the North, East, South and West) of the greatest democracy in all the world, christened the George Washington Carver-Booker T. Washington Memorial Half Dollar, and assigned a mission for America. What a wonderful undertaking this mission? One that challenges the finest and best that mankind has to give—the privilege of lending a helping-hand to a needy neighbor—the opportunity to help millions of underprivileged Americans to become self-supporting citizens; to help them to become better Americans by improving their working and living conditions—by giving them a chance for education and understanding.

HERE IS HOW YOU CAN HELP. Buy as many of us CARVER-WASHINGTON MEMORIAL half dollars at two dollars (\$2.00) each as possible. As you make these purchases, say to yourself, "I am doing this because I am an American—and this is the American Way of Life."

Through such cooperation you will not only help to make my mission possible, you will also keep bright and shining these glorious words I so proudly bear as a symbol of the greatness and goodness of our land—FREEDOM AND OPPORTUNITY FOR ALL.

In addition to the important mission which I represent, the \$1.50 above my face value is deductible for income tax purposes.

FIRST NATIONAL BANK

TB and the X-Ray Bus

Time was when the TB victim innocently walked the streets of his town undetected—and undetectable.

For who had the millionaire's pocketbook to pay for examining a whole town of a thousand people to sieve out one possible victim?

Now comes the x-ray bus, able to be TB detective for whole cities, for a few pennies a person. Millions of people now have their TB worries erased when the doctor says "Okay."

How long did it take to get the x-ray bus? Well, for its part, General Electric had been working on x rays for 57 years. Costs of diagnosis have come down by better and better equipment. No year passes without some new development. So this was another big chapter in a long book of events.

Notice the nice way these buses get into service. They are usually purchased by voluntary contributions of plain people trying to get a job done.

It is always hard to write a definition of the "American Way." But this hand-in-hand achievement of state and national health associations, General Electric, and the local communities comes close to being a perfect example.

You can put your confidence in

LaFern Taylor and son, Elm Mott; Mr. and Mrs. George Heffington and family, Chualar, California. Visitors were Ray Raban and Tom Carter, Elm Mott; Helen Harris, Fort Worth.

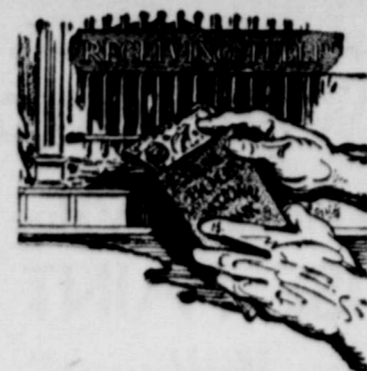

LETTERS to the Editor

"It has come to my attention that the two road blocks in which your county law enforcement officers recently participated and which extended across five counties, have caused numerous complaints. I would like to take this opportunity to explain to you some of the reasons for these two road blocks.

"As you all know, in recent months we have had a number of cattle thefts, valuable oil

equipment missing almost daily, burglaries and due to our location there is always a considerable amount of liquor and dope being transported through our county.

"The last road block resulted in the recovery of three stolen cars and the apprehension of three people who took them, the arrest of a thief and the recovery of goods he had taken, the arrest of several drunk drivers.

"These road blocks were not set up for the purpose of embarrassing any law abiding citizen. Our primary interest in these road blocks, and in all our law enforcement, is the protection of our citizens and especially our young people. We ask you, in all fairness, not to complain, but to continue to give us the wonderful support we have previously enjoyed in our work. We also ask you to

get behind law enforcement so that together we will be able to raise our children in a clean, decent, law abiding county.

"We earnestly solicit your cooperation. Without the support of the citizens, officers cannot accomplish their purpose and sworn duties. We have all seen organized crime take over some of our larger cities. If the people of the rural communities do not keep a vigilant watch over their communities, the thugs will take them over. We believe that continued harassment through vigorous law enforcement, including road blocks, of the thugs and criminals will keep them out of the county. They just don't congregate where they are in danger.
"Don Atkins, Sheriff"

Mr. and Mrs. M. E. Darsey, of Grapeland, are here for a visit with their daughter, Mrs. Jack Pridden, and husband.

"Come in Now and Avoid the Rush"

The lace tunic flounce draped over a filmy cloud of pleated nylon net and extended to a wide fan shaped chapel train. Her waist-length veil of nylon net fell from a cloche of lace encircled in pearls. For something old she wore a ring belonging to her paternal grandmother, Mrs. Francisca Droll. Her other ornament was a strand of pearls, a gift from the bridegroom.

The bride carried a bouquet of white split carnations centered with a white purple-throated orchid.

Mrs. E. C. Mixon, of Pasadena, Texas, was matron of honor. Bridesmaids were Miss Marie Manitez, of San Antonio, and Mrs. Joe Mahaffay, of San Angelo. They were attired identically in ballerina length gowns of party rose tone nylon net over matching taffeta. The molded bodices were shirred and their bouffant skirts were draped to form pouts at the side. Their headdresses were of matching nylon net and they carried white nosegays. Little Iris Branner, cousin of the bride, was flower girl. Her floor-length dress was of white nylon net over satin. The fitted hip-length bodice was fashioned with an off-the-shoulder neckline marked by a bertha edged with tiny rows of satin ribbon, which was also used on the skirt. She carried a white basket with daisies and trailers of ivy.

Frankie Berryman, of Ballinger, was best man. Ushers were Albert Purifoy, of Ballinger, and Anthony Zentner, Jr., of Rowena, cousin of the bride.

As a nuptial prelude, Mrs. Sim Cottle, organist, played "Pans Angelicus." She also played Rossini's "Ave Maria," "On This Day Oh Beautiful Mother" during the mass, and Rossini's wedding marches.

For her daughter's wedding, Mrs. Droll wore a dress of navy shantung trimmed in white with white and navy accessories. Mrs. Taylor wore a powder blue crepe dress with white accessories. Both Mrs. Taylor and Mrs. Droll wore corsages of white carnations.

A reception was held in the home of the bride's parents. Rooms were decorated with white gladioli, daisies and asters. Guests were greeted by Mr. and Mrs. Droll, Mr. and Mrs. Charles Taylor and the bridal couple.

The bride's table was laid with lace and centered with double crystal candelabra holding white tapers. Ruffles of

sheer plastic pink lace outlined the heart-shaped wedding cake decorated with lilies of the valley and orchids, which rested on a reflector. Frosted punch was served from a cut glass bowl. Mrs. Albert Purifoy served the cake and Mrs. Robert Brunner presided at the punch bowl. Assisting in serving were Mrs. Josephine Stallings, Mrs. Forest Pohler, Mrs. Felix Huebner and Miss Betty Middleton. Miss Karen Zentner registered guests in the bride's book.

For traveling, the bride chose a two piece dress of white linen, with white hat and gloves and other accessories were brown and white. She wore the orchid from the bridal bouquet. The couple will be at home at 402 Largent in Ballinger.

Mrs. Taylor was graduated from St. Joseph's School in Rowena and attended San Angelo Business College. The past year she has been employed by B. C. D. Home Builders, Inc., in Ballinger.

Dr. Taylor attended Howard Payne College, Brownwood, University of Oklahoma, Norman, and Northern Illinois College, Chicago. For the past three years he has had an office of optometry in Ballinger.

Civic-Garden Club to Sponsor Pot Luck Supper

The Ballinger Civic-Garden Club will sponsor a pot luck picnic supper next Tuesday, August 12, at seven p. m. in

The City Park when husbands and families will be included as guests.

Any kind of covered dish may be prepared for the picnic supper. Members are urged to bring plates, cups and other utensils for the number of guests they invite to the affair.

Picnic table arrangements will be prepared by Mrs. F. M. Pearce and Mrs. Max McCrary.

Mrs. Stallings Hosts Wedding Rehearsal Supper

Concluding party in the round of pre-nuptial events for Miss Jacqueline Droll, of Rowena, was the rehearsal dinner Tuesday evening hosted by Mrs. Josephine Stallings at the Central Hotel.

Miss Droll became the bride of Dr. Alvin Troy Taylor of this city Wednesday morning at 8:30 o'clock in St. Joseph's Catholic Church at Rowena.

The dinner table was centered with white carnations combined with ferns and dotted with chenille hearts. Runners of ivy garlanded with lilies of the valley completed the arrangements. Places were marked by lace wedding bells centered with clusters of lilies of the valley, attached to miniature lace doilies for the ladies, and white cuffs with black cuff links which held cigarettes marked places for the gentlemen.

Gifts were presented the attendants by the couple, and a hostess gift was presented the bridal couple.

Guests included: the bridal couple and their parents, Mr. and Mrs. O. M. Droll, of Rowena; and Mr. and Mrs. Charles Taylor, of Vernon; Rev. W. F. Bosen, Mr. and Mrs. Albert Purifoy; Mr. and Mrs. Tony Zentner, of Rowena; Lt. and Mrs. E. C. Mixon, of Pasadena, Texas; Mr. and Mrs. Joe Mahaffay, of San Angelo; Mr. and Mrs. Loyd Herring; Miss Marie Manitez, of San Antonio; Mrs. Sim Cottle and Frankie Berryman.

For Sale by Sheriff to Highest Bidder

This truck was attached and it will be sold to the highest bidder. **H. D. Club Women
 Attend Instruction
 On Purse Making**

Miss Loreta Allen, Taylor, county home demonstration agent, was here on Wednesday afternoon of last week to meet with Runnels county club women. She presented a purse making demonstration to the 24 women, who included two representatives from each of the clubs in the county.

She used the FA-Cile spring fasteners and advocated the use of velvet, felts and other soft materials for the body of the purse.

The meeting was held in the Ballinger homemaking cottage on the high school campus.

The two representatives from each club who received this training will give the demonstration to their clubs at meetings to be held in September.

The following club members attended the demonstration:

Mrs. Ralph Russell, Mrs. Pat Russell, Mrs. Roy Tyree, Friendly Neighbors; Mrs. Fritz Spieker, Mrs. Henry Sturm, Rowena; Mrs. Archie Wallace, Mrs. Dick Holstead, South Ballinger; Mrs. F. N. Robinson, Mrs. Dell Gardner, Wometh; Mrs. Marion Hays, Mrs. Orady Richards, Bethel; Mrs. Perry Bragg, Mrs. Marvin Hale Crews; Miss Beatrice Halfmann, Mrs. Ben J. Halfmann, Olfen; Mrs. Lawrence Bryan, Mrs. Frank Greger, Mrs. Harvie Bryan, Norton; Mrs. Robert Spill, Mrs. A. B. Spill, Winters; Mrs. H. O. Abbott, Mrs. Buck Smith, Drasco; Mrs. Henry Lotz and Miss Myra Tankerside were visitors.

Mr. and Mrs. Bob McGarvey, and family returned the past week-end from a vacation trip to Ohio and other states.

Hash Honored at Luncheon

John Hash, who was 80 on August 2, was named guest of honor at a luncheon Sunday at the banquet room at the Hotel.

Guests at the affair were Mrs. Hash's seven sons and two daughters. They are J. A. and J. M. of Monahans; R. M. and J. W. of Abilene; W. B. of Pampa; J. C. of Houston; Mrs. Ken- neth Massey, of Lambert, New Jersey; and Miss Belle Hash, of this city.

quiet room. The flowers were gifts to the honoree. Centerpieces for the linen laid table were pink asters and ferns, where the seven sons and their wives and families, and the two daughters were included.

Mrs. Massey, the former Miss Louise Hash, was mistress of ceremonies. Original poetry written by Mrs. Massey and Miss Hash, which depicted many humorous and serious events during childhood, was read. Mrs. Massey presented two of the honoree's granddaughters, Misses Jo Ann Hash, of Pampa, and June Hash, of Ballinger, who played musical selections on the piano and saxophone. Mrs. Massey presented numerous gifts to her mother.

The pretty, square three-tiered birthday cake, which was

baked by Mrs. Massey, was iced in white and decorated with pink rosebuds, and topped with pink candles shaped to form the numerals "80".

Mrs. Hash was born in Jasper county, Illinois, but has lived in Texas 74 years. She came from Illinois with her parents in 1878 and settled in Denton. Shortly afterward an epidemic claimed the lives of the entire family except her and her brother, Jessie Gifford, who now resides in Chicago.

The two young people moved to Wise county, and it was at Poolville that the young Lydia Ann Gifford met John Hash. They were married on November 19, 1888, at Gainesville. They moved to Dallas and lived there a short while before moving to Ballinger in 1914. She has lived here since.

Seven sons and four daughters were born to the couple. Two daughters are deceased. Besides her own children, Mrs. Hash reared two grandchildren, son and daughter of one of the deceased daughters. She has 13 grandchildren and 10 great-grandchildren.

Mr. John Hash died on September 6, 1948. Mrs. Hash has made her home with her daughter, Miss Anna Belle Hash, a teacher in the junior high school here.

A devout Baptist since she was 20, Mrs. Hash was active in church activities up to the past few years, when her health forced inactivity. Mrs. Hash stated that her hobby was reading, and in her quiet way, encourages people to do more reading. A great lover of music, she said her radio gives her much pleasure. Now that she isn't able to attend church services, she enjoys the Sunday services on the air. However, she cares very little for the daytime programs so many women like. And—she didn't have to go to Hollywood to get an orchid on a radio show—she frequently receives one right at home, and she produced a large one to prove it. She was wearing an orchid corsage on the shoulder of her pretty black lace dress on her birthday, which was a gift from her niece, Mrs. Williams Greer, of Port Arthur.

Although Mrs. Hash is not in excellent health, she has not lost her interest in her family and her friends and the events in their lives. What she loves most of all is to have her chil-

Mary-Martha Class Meets in Tigner Home

Mmes. L. R. Tigner, H. Clark and Hugh Parrish were hostesses to members of the Mary-Martha Class of the First Baptist Church Thursday evening, entertaining in the Tigner home on Seventh Street.

Arrangements of zinnias and other summer garden flowers were used to decorate rooms where Mrs. L. B. Rudder directed the business period and heard reports from officers. Mrs. Harry Burkhardt, class teacher, brought the devotional.

At the social hour, Mrs. Clark presided at the punch bowl on the dining table centered with zinnias in pastel tones. Other hostesses served a sandwich plate with cookies.

Others were: Mmes. William Hill, Drury Hathaway, Fred Holiday, R. O. Bobo, David Duke, Odie Barrington, B. M. Batts, R. T. Williams, Otto Woods, Lyle Curry, J. F. Owen and Ruth Ramsey.

John Adams, in 1800, was the first occupant of the White House.

Citation by Publication
THE STATE OF TEXAS
TO: C. M. Perry, defendant in the hereinafter styled and numbered cause, GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 25th day of August, A. D. 1952, at or before 10 o'clock a. m. before the Honorable District Court of Runnels County, at the Court House in Ballinger, Texas.

Said plaintiff's petition was filed on the 31 day of March, 1952. The file number of said suit being No. 6072.

The names of the parties in said suit are: John G. Key, Jr., as Plaintiff, and C. M. Perry as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try title concerning the following described lands located in Runnels County, Texas, to-wit:
Being all of Lots Nos. Two (2) and Three (3) in Block No. Four (4), Spill Addition to the City of Winters, Runnels County, Texas.

NOTICE

Members

COLEMAN COUNTY ELECTRIC CO-OPERATIVE, INC.

Due to such a large demand of members for more electricity we are forced to increase the line capacity by increasing the size of the wires on the main lines, and to build more feeder lines and sub-stations. Some lines will be off from 8 each morning until 4:30 in the afternoon, but all lines will be on at night.

A majority of the members will not have their service interrupted at any time, while others will be off frequently. You may check with the office in Coleman to see how you will be affected.

All members who have Home Freezers plan opening these as few times as possible. They will protect food in them for quite a while longer than we will have the lines cut off.

After this work is completed the lines will be in better condition to handle all types of loads and this will enable you to have less interruptions and will give more protection from ice storms.

COLEMAN COUNTY ELECTRIC CO-OPERATIVE, INC.

Western, Waterfront Drama and American Epic Horseshoe Features

Rugged Rex Allen plays the role of a daring fighter for the ranchers' water rights in the first-run Republic drama, "The Last Musketeer," to be shown at the Horseshoe Drive-In Theatre tomorrow and Saturday in addition to "The Raging Tide," a story of the waterfront denizens produced by Universal.

Allen joins his buddies in helping to rid a ranching community of a notorious tyrant who is intent on monopolizing the dwindling water supply. Slim Pickens carries the chief comedy role and lovely Mary Ellen Kay plays the feminine lead.

"The Raging Tide" is a suspense story backgrounded against real-life settings of San Francisco and its famous fishing fleet. Shelley Winters, Richard Conte, Stephen McNally, Alex Nicol and Charles Bickford are starred in the new film.

A nostalgic Technicolor drama spanning half a century of life in mid-western America, 20th Century-Fox's "Wait 'Til the Sun Shines Nellie," is the big attraction at the Horseshoe Sunday, Monday and Tuesday, August 10, 11, 12, with Jean Peters, David Wayne and Hugh Marlowe in starring roles.

A story rich with human emotion traces the life of a small town barber who sees the growth of his community cast its effects on the development of his own life. It is the story of Nellie, a girl desirous of life in the big city, who never lived to see the sunshine, but like the strains of the song, lingered on in the memory of the man who loved her. It is an epic of Americana embracing the Spanish-American War, the first World War, the era of the barbershop quartet, prohibition, and up to the present.

Albert Dekker, Helene Stanley, Tommy Morton, Alan Hale, Jr., Joyce MacKenzie, Richard Karlan are featured.

A colorful, hard-riding regiment of U. S. cavalry that braved and fought its way to fame in the rugged Black Hills country of the Dakotas serves as the exciting focal point for "Warpath," mid-week offering at the Horseshoe Wednesday and Thursday, August 13, 14.

With Edmond O'Brien, Dean Jagger, Forrest Tucker and Harry Carey, Jr., starred, and lovely Polly Bergen heading the featured players, this Paramount production excitingly recreates the story of the most savage and widespread Indian warfare that the West ever saw. "Warpath" was photographed in Technicolor on location in Montana.

Test-tube promise of practical reality

No longer is the atom the smallest bit of indestructible matter. Its innermost secrets have been discovered. It can be converted into energy or rearranged to form new matter almost at the will of science. The art of transmutation is now a reality. Progress in pharmacy and medicine is equally striking. Many drugs which were laboriously isolated from nature may now be synthesized economically in the laboratory. Many diseases which formerly terminated life or lingered for months may now be cured in a few days. Day after day, trained scientists study the problems of medicine and pharmacy. Although disappointments far exceed successes, the work goes on. Test-tube promises eventually become practical realities available to you in this pharmacy.

Pearce-Bailey Drug
Where Pharmacy is a Profession

How smart can a Wife get?

"... I don't know... but my wife can sure spot a bargain. She knows most people earn nearly twice as much today as they did in 1940. But she also says all her costs are up. Most things she buys for the family cost 2 or 3 times as much as they did then... but not our telephone.

Your telephone is truly Big in Value—Little in Cost

Today you can call more of the people you want to call...many more people can call you. And the calls you get are often more important than the calls you make. Yet average telephone rates have gone up less than half as much as the cost of living generally. They're up much less than our costs of providing service. It all comes down to this: Today telephone service can be purchased for fewer hours of work than in 1940. Your telephone is a mighty good friend of the family budget.

accompanied her grandmother
home for a visit.

Robert Holliday and Bill
Ueckert, Jr., left Monday for a
vacation trip in Colorado.

NEOPHONE . . . The newest thing in telephones is being demonstrated
in Paris—a gadget that permits freedom of both hands while telephoning.
It is called the neophone. It consists of a microphone, a loudspeaker and
the usual dialing equipment. Once you have dialed your number, you
can use both hands to go on with your knitting while you chat and
listen. In the event you desire privacy more than the neophone can
give, the orthodox hand phone is there for your use anytime you happen
to need it. 7-1t
