Achievement Day to be Held Here October 25

All home demonstration clubs of Runnels county and girls' 4-H clubs will take part in the Achievement Day here on October 25.

Exhibits will be shown in the building adjoining the Pearce-Bailey Drug Store and will remain intact all day. Home demonstration clubs will exhibit their work in separate booths and girls will display all their projects together.

For several weeks, clubs have been planning their exhibits which include accomplishments of the past two years. Last year members of the clubs made tours of inspection to demonstrations that could not be shown on a program such as planned this year.

Members of the county home

demonstration council will serve coffee and cake during the day and local citizens are invited to visit the show and have coffee and a serving of cake with them. This plan is being used to raise council funds instead of publishing the birthday calendar as has been done heretofore.

At least one club will have a bake sale, offering pies, cakes and other baked items. Buyers of cakes and other items in the booths will not get delivery until the show is over in the afternoon.

Miss Ollie Chenoweth, county home demonstration agent, reminds that everybody is urged to visit the exhibits and take time to give each display a close inspection.

Farm Bureau Campaign Goal 500-Member Total

The Runnels County Farm Bureau will launch its annual membership drive this week. Members and their wives will meet here tonight for a barbecue dinner in the Runnels County Implement Co. building, which will be the kick-off for the beginning of the membership campaign.

in Texas at this time.

The following members are on the committee to take an active part in the membership drive which will get underway tomorrow (Friday) morning: A. T. Halfmann, Elliott Kemp, Dacy Crockett, Tom Morgland, Erwin Halfmann, Leo Freeman, Sam Faubion, Andrew Engler, Ernest B. Tounget, Jake Pressley, Kirby Robinson, Walter Werner, F. D. Gardner, E. F. Albro, Ervin Schraer, Joe Droll, Frank Lange, Ben Frerich, J. A. Barton, and Neil Phelps office secretary.

The Runnels county organization now has 439 active members and the goal for the drive is 500.

Getting Rid of Cattle Grubs Explained by County Agent

County Agent John A. Barton issued a statement this week to stock raisers of this section in regard to cattle grubs.

"Don't let cattle grubs rob you of beef, milk, leather and profits in your program of raising both beef and dairy cattle," says Mr. Barton.

"Cattle grubs that have been in your cattle since last March or April work their way to the top of the animal's back in the latter part of September and may continue until December. From the time they reach the back of the beef or dairy cow until grown and ready to drop out usually takes from 30 to 35 days."

Giving reasons for ridding cattle of grubs, Mr. Barton said that when stock go to market it costs the raiser from 1 to 1½ cents a pound or around \$4.00 per head dockage.

"It has been proved that steers in the feed lot will gain from ¼ to ½ pound less a day when grubby as compared to those free of grubs. Northern feeders are demanding grub-free cattle. Those in the dairy business find on the average during the grub season that they lose from 10 to 25 per cent in milk production."

Mr. Barton points out that Texas producers lose annually about \$5,000,000 from grubs. He also calls attention to the fact that the three months when treatment should be applied is here. The following instructions for treating are given:

"Where one has only a few more or less gentle cattle, a good job can be done by rubbing along the back of the animal with a mixture of Rotonone and sulphur or Rotonone and trippol ether (use 5% Rotonone)."

"In this method be sure to brush well into the hair or use finger tips."

"Where herds are larger and wilder, use spray with 7% Rotonone to 100 gallons of water. For this method get the cattle into a chute where the spray can be applied on top of the back with 250-pound pressure and up to 500 pounds of pressure. In whatever method is better, be sure the scrub that follows, be sure the scrub that covers the grub hole is open so that in contact with the grub comes in this county show that a thorough clean up of grubs in the fall will eliminate them for the next year or more.

The grub fly hatches in the spring and deposits its eggs on the hair of the legs during February, March and April. The grub fly lives only a short time and dies after eggs are deposited on the animals. A neighborhood program would be better than just an individual effort."

Annual Hallowe'en Carnival Planned By B. H. S. Seniors

The senior class of the Ballinger high school is completing plans for holding its annual Hallowe'en carnival on the afternoon and night of October 25.

This affair is the main cash raising event for the seniors and this year they expect to attract a large crowd with an excellent program.

A number of side-shows will be operated for the entertainment of the crowds, including the "House of Horrors," Bingo, a cake walk, and numerous contests and games will be featured.

Ellen Shelburne Named 1952 Gold Star Girl of the County

Ellen Shelburne, daughter of Mr. and Mrs. J. H. Shelburne of the Bethel community, has been selected as the 1952 gold star 4-H girl of Runnels county.

Ellen has been a 4-H club girl seven years. During this time she has been a clothing demonstrator, a bedroom demonstrator and food demonstrator for her club. She has also been president, vice-president, reporter and recreational leader for the club.

In her 4-H clothing work she has learned to make a complete garment without assistance from anyone. She learned to choose her pattern and materials, to lay the pattern and cut the garment and to choose the colors that are most becoming to her.

Ellen has modeled a garment at each of the four county dress revues. This year she modeled a green wool suit which she had tailored and won first place on the garment. She wore the same suit in the district dress revue and won fourth place.

Ellen enjoys cooking and often prepares an entire meal without assistance from her mother. She has learned to follow the Texas food standard in planning her meals. She has learned to prepare and serve many nutritious and attractive dishes since she has been a club girl.

While working on her clothing projects, Ellen has learned many things. During 1952 she made fifteen garments. During the past year she says she has accomplished another goal, that of improving her posture. This, she says, improves her appearance to those who see her.

Recreation has been one of the most interesting phases of club work for Ellen. She has assisted with the recreation programs of her church and community for the past three years. She has had a leading part in planning and carrying out the recreation program at the county 4-H encampment the past three years.

She believes she should pass her 4-H information on to other girls. She has taught five younger club members how to lay a pattern on material, to cut a garment and put in the hem. At school she has taught four girls to place their patterns on material and how to put zippers in garments.

Ellen attended the state round-up in June, 1952. She also attended the district encampment and the recreation training meeting for leaders. She visited four home demonstration clubs in the summer to tell members about her trip to the state round-up. She also planned and directed the recreation for these adult clubs.

This year Ellen will continue her 4-H work. She will take an active part in the bedroom and foods programs that are being emphasized in Runnels county.

Salvation Army Drive Underway For \$1,000 Fund

The future election will determine the course of our country during crucial years ahead. Party lines are dimmed by principles and fundamental issues. The welfare of our nation is above that of any group or any individual.

Many do not vote. This means that pressure groups and professional politicians have an influence far out of proportion to their number. Government is not then truly representative of all the people. If this continues, the equality of opportunity by which our country has prospered, will be lost.

In the fight to save freedom at home and abroad, America has no ballots or bullets to waste. Help to safeguard your country's future—and your own. **BE SURE TO VOTE!!!!**

Candidate Wanted: Must be efficient, honest, experienced. Pay and term of office uncertain, since public will vote every day to see if candidate stays in office.

We bet you don't want that job of being forced to get elected every day. Yet it's a reasonably accurate description of what a manufacturer must do to hold his job.

Every day at the sales counter, millions of women and men vote General Electric in or out of a job.

When you stop to think of it, we don't hold office for four years—or even two. We have a daily fight on our hands.

Hands at the sales counter pick up G-E products—hold them, turn them over, inspect them, try them against competitive articles for value and price—then decide for or against.

The only way we can win the election is by constantly improving our product. Thousands of engineers are paid to think up ways to improve, redesign, simplify. We use every known device of mass production to deliver more for the money. And our employees are as keen on winning our daily "public election" as is the salesman at the counter.

Manufacturers sell products on the basis of "be good every day—or get out of office." The result is the American public has the world's highest standard of living.

You can put your confidence in—

WHEN BETTER AUTOMOBILES ARE BUILT

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost.

You'll discover this about a Buick: The more you drive it, the more you like it; the longer your trip, the louder your praise. That's what people tell us. And we'll tell you why. You can drive a Buick three, four, five hundred miles in a single day, and feel fresh enough to keep on going. You can romp up high hills, cruise straight-aways, ease through traffic-tangled towns, clock off hour after hour of relaxed and pleasurable driving—and be no more tired

than a neighborhood jaunt would make you. How come this comfort-rich ground-covering ability in a Buick? There's the ease of deep, soft seats for one thing—and plenty of move-about room for arms, legs, shoulders. There's Dynaflo Drive* taking all the chore out of driving, and giving your whole ride a satiny smoothness without trace of jerkiness or driving tension. There's a hoodful of thrilling, tireless power from a high-compression, valve-

in-head Fireball 8 Engine that whips out miles like a tarpon reels off line. There's the soft, steady, solid, swerve-free going of a coil-spring-cushioned ride that's well worth the million-plus dollars it cost to engineer. There's all this and more—much more—that makes your heart grow fonder of this trim and thrifty traveler. But words can't do justice to a Buick in motion. Only you can. When will you come sample this experience yourself?

W. M. U. Appreciation Day Honors Mrs. Shepperd

An attractive church worker rounding out her 42 years as member of the Woman's Missionary Union of the local First Baptist Church is Mrs. Elmer Shepperd.

Mrs. Shepperd has been active in church work since her marriage when she came to Ballinger as a bride. She has been president of the W. M. U. many times during the

42 years. She served as Association president for 18 years, and is well known throughout the state for her Christian service in the W. M. U. She is a life member of the State W. M. U., and a permanent member of State Executive Board.

The Runnels Baptist Association, of which Mrs. Shepperd was president for 18 years, is comprised of all the Baptist women's groups and youth organizations in 28

churches. During Mrs. Shepperd's years of presidency she has enjoyed bringing the state-wide programs of the church closer to this area, and has promoted summer camps for members of children's groups in the Baptist church.

When the First Baptist W. M. U. met Monday afternoon in the church parlors for the first meeting of the new year, Mrs. Edgar Boelsche, newly elected president, presided for the Appreciation Day program, honoring Mrs. Shepperd.

The devotional, "The Task," was given by Mrs. R. T. Williams; a special song, "Teach Me to Live," was sung by Mrs.

E. B. Blackburn. Mrs. Boelsche gave the tribute, "She Planted Well," and Mrs. James A. Wear brought the closing prayer.

Yearbooks were distributed. The yearbook is dedicated to Mrs. B. A. Copass, who served as president of the State W. M. U. of Texas for 15 years. She visited in Ballinger many times and made friends here.

Officers for the ensuing year are president, Mrs. Edgar Boelsche; vice-president, Mrs. Frank Flynn; recording secretary, Mrs. A. E. Holbrook; treasurer, Mrs. E. P. Talbott; pianist, Mrs. Charles Hambrick; chorister, Mrs. John Castor.

Bible study is held once a month at the First Baptist chapel with Mrs. West Talbott in charge of the study on "Women of the New Testament."

Officers elected were: president, Linda Crockett; vice-president, Paula Jean Bishop; secretary, Glenda Cook; treasurer, Pauline James; reporter, Dorothy Smith.

Mrs. Wallace Barnett and daughter, Nelda Jo, served refreshments to those previously mentioned and to Linda Wright, Deanna Lindemann, Lucia Clark and Margaret Lou Campbell.

Brownie Troop No. 10 Holds Reassembly Meeting

Mrs. Jack Prigden will assist Mrs. Price Middleton as leader for Brownie troop No. 10, for the ensuing year.

Members met with their leaders at the Girl Scout home on Fifth Street for their first meeting of the year Wednesday afternoon of last week. After reorganizing the troop and discussing projects for the year, the following officers were elected: president, Rebecca Bowers; secretary, Suzanne Middleton; and treasurer, Ann Davidson.

A nature trip was scheduled for the next meeting when the troop will visit the home of Mr. and Mrs. Elmer Shepperd and study the many parakeets which Mr. Shepperd owns.

Miss Mauldin, Sgt. Chase Wed in Church Rites

Tall baskets of yellow glad-toll before a background of palms and ferns decorated the altar, where the Rev. Joseph L. Emery, church pastor, read the double ring service before an assembly of relatives and friends.

WEST TEXAS NOTES

Menard Rotarians got a first-hand view of Italy as it is today by Miss Elizabeth Simmons at the regular program meeting last week. Miss Simmons, who has been vice-consul at Naples the past two years, is vacationing at Menard while awaiting a new assignment from the state department. She declared that politically, Italy is in a state of change and added that it was apparent that the communists were losing some strength. In conclusion she said it was the dream of every Italian to come to the United States.

Stephenville workers have launched a fund raising campaign for the community chest. A goal of \$7,350 has been set for the ensuing year and this will include money for a number of organizations. To share in the fund are the Boy Scouts, Girl Scouts, city library, Gonzales Foundation, Future Farmers, infantile paralysis, community recreation, armed forces service, cancer fund.

Since the closing of the Central Hotel dining room local organizations are lacking a place where a crowd can be handled for a meal. Civic clubs have been having barbecue dinners prepared by an outside concern, served by members, and using the facilities of the dining room and kitchen. Night meetings can be held at the school cafeteria. Rotarians and Lions continue to use the hotel on the above plan. Jaycees are meeting at Lowake and kick-off breakfasts and other similar meetings are being held at various places. The closing of the popular eating place has made many realize the need of a large dining room.

Interest is mounting in the general election to be held on November 4. The ticket will be a large one and voting will be split on party lines more than perhaps in the past 50 years. There are eight columns on the ballot, seven party columns and one for write-in candidates. In front of each name is a small square in which an "X" can be marked, indicating that is the choice. Practically all national and state candidates have been certified on both the Democratic and Republican tickets and this also will cause some confusion. Counting the votes probably will be slow. With interest high extra ballots have been printed for this county. The law requires that the poll tax number be increased 10 per cent, but for this election the poll tax list plus 20 per cent will be printed. This should take care of the "overs" and "unders."

The modern and well equipped American Legion hall at Bruce Field is becoming a popular community center and more and more reservations are being made for the building and facilities. The large assembly rooms and well equipped kitchen provide an ideal place for any

Goodfellow fund, contingent fund. The quota is less than was raised for the chest last year.

Brady will have a city-wide fire inspection in February. Cooperating will be the Rotary and Lions clubs and the chamber of commerce. The inspection will be made by the San Antonio Field Club, assisted by the Lubbock Field Club, and insurance representatives. Cost of the inspection is estimated at over \$5,000. Each hazard found will be marked with a red tag, which will be left there until corrected.

The second annual Bronte school home-coming will be held tomorrow (Friday) and more than 200 special guests are expected. Edward Cumble, arrangements chairman, said a number of special events have been planned for the entertainment of the ex-students. A registration tea, a banquet and a football game are highlights of the afternoon and evening programs.

County Judge Ira Galloway has tendered his resignation to the Coleman county commissioners' court and disclosed he will enter private business. His request was to be relieved by October 15. In resigning he stated that he and his family would move from Coleman. He was elected county judge in 1950 and during the past summer was a candidate for the office of congressman, 21st district.

Ernest Tapin, Comanche watch repair man, was presented with the governor's award for the handicapped person of the year, in a special meeting at Austin on Monday of last week. A victim of a circulatory disease since 1923, which resulted in operations which removed both legs and one arm, Tapin owns his own home and watch repair shop and has successfully trained 60 people. Twenty-five of his trainees have gone into business for themselves and forty-one veterans have been trained by Tapin.

The Brownwood Chamber of Commerce has signed a contract with the Baptist Foundation of Texas for the purchase of 480 acres of land. This land will be used as a site for industrial concerns which will be forced to move soon from the Camp Bowie reservation. The land is along the old Coleman highway at the city limits. Cost of the land was \$36,000 and the down payment was \$9,000. Part of the tract will be made available at once.

Television made its appearance at Winters last week and attracted a large crowd to the entertainment of the ex-students. A steel tower has been erected on the roof of the Main Radio & Electric Service and a tenna rotor mast installed. Programs from San Antonio and Fort Worth were viewed and the reception was good. The set will be available for national programs of outstanding interest.

Emma Tyler, Paint Rock 4-H club girl, has been selected as the 1952 gold star girl of Concho county. Emma has been

active in club work for the past three years and has served her club in many capacities. She has taken part in most of the demonstrations and has attended all county, district and state meetings.

Contractors who have the contract for the water line from Stamford to Hamlin, have announced that the pipe, will be available in January and that work will start at that time. The 21-mile line will carry water from the Stamford lake to Hamlin. A contract was recently let to the Ennix Construction Co., of Amarillo, for a total of \$389,405. Hamlin voted \$625,000 in bonds recently and part of this money will be spent in enlarging the city filtration plant.

The Star Fox Hunters Association at Rising Star held its annual get-together Saturday. Members, their families and their hounds attended. A basket dinner was served in the afternoon. Special races began at 10 a. m. and continued during the afternoon with a bench show concluding the program.

Their wages work for the community, too!

Telephone people are important three ways to the community in which they live.

They provide a valuable service that speeds business and social affairs, guards the health and security of the community, day and night. They take part in many local activities—welfare and youth work, civic and service clubs. And in addition to all this, they contribute to the prosperity of the community itself.

For most telephone people live—and spend their money—in and near the places where they work. This money goes to local stores and service stations—to local plumbers, carpenters and painters—pays taxes, buys eggs and cheese and clothes and furniture, and all the other things needed for living.

Texas Frontier Epic, High Comedy Lead Week at Horseshoe Drive-In

Chronicling a vivid page of history from the days of the early west, Universal's "Untamed Frontier" is being shown today and tomorrow at the Horseshoe Drive-In Theatre as one of the features of a twin-bill. The story is of the great cattle barons of Texas and the land-hungry homesteaders battling for free government land. The film, in Technicolor, roars to an exciting climax, thanks to superior performances by its trio of co-stars, Joseph Cotten, Shelley Winters and Scott Brady. Screen newcomer Susan Bell receives introductory billing.

For the second feature on the same program Ann Sheridan and John Lund head the cast of Universal's "Just Across the Street," sparkling comedy of matrimonial errors.

"Three Husbands," based on a story by Vera Caspary, is the first feature at the Horseshoe Saturday only, October 11.

This sophisticated comedy stars Emyln Williams, prominent British actor, and others in the cast are: Howard da Silva, Eve Arden, Ruth Warrick, Vanessa Brown, Shepperd Strudwick, Billie Burk, Louise Erickson and Robert Karnes. This picture is a change from the booking shown on the calendar for this date.

"Kansas Territory," starring Bill Elliott, is the other feature on the same program.

Top stars of the sports world share camera closeups with Spencer Tracy and Katharine Hepburn in their new M-G-M comedy-romance, "Pat and Mike," in which Tracy plays a wily promoter and Miss Hepburn enacts an all-around girl athlete with championship prowess in golf and tennis. Gusie Moran, Babe Didrikson Zaharias, Don Budge, Beverly Hanson, Frank Parker, Betty Hicks, Helen Dettweiler and

Alice Marble bring the thrills of champion competition to Horseshoe screen Sunday and Monday, October 12, 13.

The other feature film on the program for these dates is an East Side Kids comedy.

Universal's "Flesh and Fury," booked at the Horseshoe Tuesday and Wednesday, October 14, 15, is said to cleverly combine the stark background of the prize fight game with the unfolding of a poignant love story. Tony Curtis, Jan Sterling and Mona Freeman are starred and Wallace Ford and Connie Gilchrist head the supporting players.

Says Wonderful Things About You!

The instant your beautiful Cadillac points its crest into view, it begins to say wonderful things about you.

It says, almost as plainly as if the words were written out, that you are a person of achievement in your own world of affairs.

It talks of your good judgment and your splendid taste—and indicates your sense of responsibility for those who ride with you as passengers, or drive beside you in the traffic lanes.

It speaks of your family and home and your way of life—and, in general, paves the way for the respect of those you encounter as you sit at its wheel.

This is true because those who own Cadillacs form a virtual "Who's Who" of America's highways. In almost every community in the country, it is obvious that Cadillac is the favored car of the leading people.

The reason for this, of course, is found in the history of the car itself.

For fifty years, it has been the unwavering purpose to make Cadillac as fine a car as it is practical to produce. Goodness has always been the watchword—craftsmanship has always been the creed.

As a result, Cadillac has long been known and accepted as—"The Standard of the World." And, inevitably, people who want and seek the finest have turned to Cadillac.

That's why the man who sits at the wheel of a Cadillac is an accepted member of the most distinguished motoring family to be found anywhere.

If you are ready for membership in this incomparable group, better come in and see us soon. We'd be happy to welcome you at any time.

Robert Mitchum, Ann Blyth Teamed In Thrill-Shot 'One Minute to Zero'

The combination of a deeply moving love story and a thrilling realistic panorama of modern warfare provides one of the season's more notable screen entertainments in "One Minute to Zero," starring Robert Mitchum and Ann Blyth, and to be presented at the Texas Theatre Sunday and Monday, October 12, 13.

Despite its realistic treatment of a subject upon which the entire world has focused attention, this RKO Radio release is entertainment with elements which make for universal appeal. Mitchum, as a disciplined infantry colonel, and Miss Blyth as a courageous

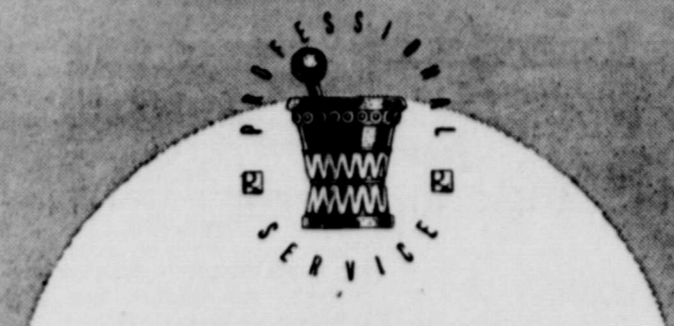

young American girl working for the UN in the Far East, both offer splendid romantic portrayals. Featured at the head of a big cast are William Talman, Charles McGraw and Margaret Sheridan.

Tay Garnett directed Howard Hughes' "One Minute to Zero" from an original screenplay. A large portion of the picture was photographed near Colorado Springs, where the terrain matches that of the Orient.

Judy Canova returns to the Texas screen tomorrow and Saturday as the rollicking star of Republic's "Honeychile." Judy's brand of hilarious shenanigans is just what the doctor ordered and "Honeychile" is fast-paced comedy that keeps the audience laughing from beginning to end. Eddie Foy, Jr. and Alan Hale, Jr., top the featured players, who also include Walter Catlett, Claire Carleton, Roy Barcroft, Leonid Kinskey, Gus Schilling, Roscoe Ates, Fuzzy Knight and Irving Bacon.

Also on the double-bill is "The Devil Makes Three," with Gene Kelly in the leading role. Kelly hangs up his dancing shoes for a straight dramatic role in this M-G-M thriller. His co-star is Pier Angeli, hailed

will be presented at the Hillcrest Sunday and Monday, October 12, 13, through United Artists release. Filmed on location in the dangerously exciting Belgian Congo, "The African Queen" is based on the best-selling novel by C. S. Forester. Humphrey Bogart and Katharine Hepburn, whose screen portrayals would have seemed to lead them in diametrically opposite directions, strike fire as this startlingly different romantic tea.

Abbott and Costello arrive at the Hillcrest next Tuesday, for the two-day showing of their new comedy, "Jack and the Beanstalk," their first picture in color.

Following their hilarious adventures on the screen with everything from the Invisible Man to the combined army and navy, the famed comedy pair tackle the Giant in their version of the ever-living fairy tale and instead of getting the hen away from the ogre, succeed in carrying off the girl. Shaye Cogan, James Alexander, Dorothy Ford and Buddy Baer head the supporting players in this Warner Bros. release.

'What Price Glory,' Bogart-Hepburn Drama. Abbott-Costello Comedy Hillcrest Top-Liners

Use of silent film technique helps to heighten the dramatic impact of 20th Century-Fox's "What Price Glory," new Technicolor comedy-drama being shown at the Hillcrest Drive-In Theatre today, tomorrow and Saturday. James Cagney, Corinne Calvet and Dan Dailey are starred. Interspersed through the fast-paced development of the rousing war drama are a series of sequences which unfold with a minimum of dialogue.

Featured in the film which is based on the famous play by Maxwell Anderson and Laurence Stallars are William Demarest, Craig Hill, Robert Wagner, Marisa Pavan, Casey Adams, James Gleason, Wally Vernon and Henri Letondal.

John Huston's enthralling adventure drama, "The African Queen," filmed in Technicolor,

as Hollywood's most sensational acting find of the decade. The capsule synopsis follows:

A memory brings Capt. Elliot back to Munich—the memory of a girl who hid him from the Germans during the war. He finds her at the Cafe Silhouette. In the struggle for survival, she has become part of a vicious underground pledged to new terror. How much a part, the American can't know. He hunts his answer across the stark miles of the autobahn to a rendezvous with treachery atop a mountain crag in Berntesgaden.
