# 32 Ballinger Merchants To Join in Dollar Days

ating in the Ballinger Chamber | Stores signed to participate of Commerce sponsored Dollar in the first city-wide Dollar Days, the first of which will be Days include: held here on November 2 and 3. Approximately 30 merchants will take part in the special selling event and on the two days will offer exceptional values for the price of \$1.00

The Ledger will carry a large number of Dollar Day ads next week featuring these bargains. Stores participating will have large placards in their windows showing they have signed up to take part in these events on the first Monday and Tuesday of each month.

All special Dollar Day items will be displayed and marked with a uniform card for the two days. The chamber of commerce through its retail trades committee is lending every aid possible to the merchants in an effort to bring the biggest shopping crowds of the season

district plans.

# **Conservation Leaders**

The Runnels county soil conservation district has supervisors and officers named for District Governor the ensuing year and is ready Of Rotary Clubs to move forward with its program in this county. Already 363 plans have been approved on farms and ranches of the

Supervisors urge that people know of their needs for assistance as soon as they can make use of it. This will help them to complete as much as possible this year. Work done by the district service men will now enable farmers and ranchmen to know better what they will

want next year. The specialists state that pitting pastures now will invigorate the turf before winter. It will help get a bottom "season" in the ground, according to a astatement by Clarence Spill.

Pitters are easily made two ways from one ways and disc plows that turn on a shaft. First remove every other disc. Then the best way is to cut off a three-inch strip two thrids of the way round the remaining discs. Leave the blades of the first one up, the next down, the next up and so on. Another way is to offset by two or three inches the holes in the remaining discs and replace them one up and one has announced that an assembly down with a blank space will be held Monday evening in between. With this method the E. E. King home at which regular plowing can be done all officers and committee when all discs have been put chairmen will make reports back on through the center and the governor will outline

hole.

Disc plows with separate At noon Tuesday at the Cendiscs can be used by cutting tral Hotel, Governor Fite will four notches in each disc so meet with the entire club and that it will turn by itself. with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

### V-8 or Six power

Only Ford in its field offers you a fine-car highcompression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

#### Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight

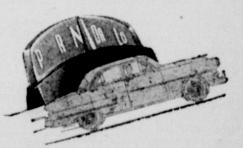

### Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work ior you when you need it . . . yet it leaves you with a natural feel of steering on the straightaway. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

### **Fordomatic Drive**

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

Poppy Sale, Xmas Plans

The American Legion Auxiliary held its regular October business meeting Tuesday night. The group plans to conduct its annual Armistice Day poppy sale Saturday, November 7. The flowers are worn in memory of the men who lost

their lives in the World Wars. Auxiliary is again sponsoring is table was centered with a Hal- where Mrs. W. E. Midgley for the gift shop at Legion mons and orange pyrocanthia reports from the treasurer, Mrs. Mospital and the public is berries where Mrs. Bill Clark C. P. Shepherd; and the secreinvited to help in this. Gifts presided at the silver coffee tary, Mrs. W. W. Chastain. Piccan be left at Stone's, where service and Mrs. Barton served tures of the class will be sent the box will be packed and hot fudge pie topped with ice to former members of the class, shipped November 1

Some of the suggested items for the gift shop are children's clothing, men's and boys' socks, handkerchiefs, toilet articles, stationery, cartons of cigarettes, scarfs, hair brushes playing cards, pipes, billfolds; for women and teen-age girls, hand embroidered linens, toilet soap, boxes of candy, lengths of materials for dresses, towels, host, cosmetics, costume jewelry, purses.

The public is urged to assist the Auxiliary in making the patients happy by donating articles for the gift shop so that disabled veterans may select their own gifts. The happiness and gratitude expressed by the patients would make hearts glad they helped make Christmas a joyful day.

October is membership month for the Auxiliary and the campaign was started early with the president, Mrs. Troy Simpson, steering the drive. The unit president brought in sixty members, which is more than

The local organization will also pay its Christmas assessment, which goes for rehabilitation in hospitals and rehabilitation for veterans and their families in Ballinger.

Mrs. Guynes Speaker at Club Meeting

Mrs. J. W. Guynes presented a program on "Women of the Bible" Tuesday afternoon at the meeting of the Current Book Club. Mrs. O. R. Lasater was hostess to members and a guest, Mrs. J. C. Sturges, in her home on Sixth Street.

Mrs. Guynes talked on women of the Old Testament with par-ticular stress on "Eve—Mother of Us All." In discussing women of the New Testament she emphasized the role of "Mary, the Mother of Jesus."

Party rooms were decorated in the autumn theme with arrangements of orange pyrocanthia berries and red roses. Mrs. J. W. Barr conducted the business at which plans were completed for the Christmas party. Gift pal names will be drawn at the next meeting. The name of the latest book read was given at roll call. Books were exchanged. Members were reminded that November 15 to 21 is Reading Week and of the slogan, "Reading is Fun."

Mrs. Lasater's granddaughter, Barbara Medlen, assisted in erving fudge ice cream and cookies. Plate favors were plastic jack o' lanterns filled with candy.

Others were: Mmes. John A. Parton, Tom Caudle, J. O. Satterwhite, Chester Cherry, Jack Nixon, K. V. Northington, Alex Saunders, O. R. O'Neill and A.

#### NEW GIRL SCOUT HANDBOOK

The tenth edition of the Girl Scout Handbook is scheduled for publication during Girl Scout Week, Oct. 25-31. Containing more than 500 pages, it includes much new material and outlines many new badges which Girl Scouts may earn. A new method of arranging the contents makes the book even easier to use. Official publication date for the Handbook is Monday, Oct. 26, which is Homemaking Day on the Girl Scout Week calendar.

October 25-31, Girl Scout Week, October 28, at the church on to be Observed Here

# DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

## It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and longlife economy are a matter of record. For every important value extra Pontiac's your car!

## It's the RIGHT PRICE!

The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that-for very few extra dollars in price-they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big. luxurious, fine-performing Pontiac!

## It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car-the right price-and the right time.

YOU CAN'T BEAT A PONTIAC! It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and longlife economy are a matter of record. For every important value extra Pontiac's your car!

## It's the RIGHT PRICE!

The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that-for very few extra dollars in price-they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

## It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car-the right price-and the right time.

## The Wright Brothers

Orville and Wilbur Wright had little money, but they had a BIG IDEA!!! From junked machinery they made their own tools-they worked and experimented with kites and gliders until they built an airplane that would fly. This first flight was 120 feet and it was made in 12 seconds.

THAT WAS IN 1903-this year marked the 50th anniversary of their successful flight. This new means of transportation was made possible by the initiative and ingenuity of two individuals-it could only have happened in AMER-ICA where men are free to choose their own work and to develop their own ideas.

The American way must be preserved-it has been the mainspring of our nation's phenomenal progress.

### On Display at Heidenheimer's

Miss Willa Chinski, attractive Rodeo Queen of Houston, admires a pair of fine cowboy boots, especially made to honor the state of Texas. These boots show replicas of the state capitol building, seal and other state insignia. They were made by Acme, the world's largest makers of cowboy boots, and are now on display

You could step high, wide and handsome in this pair of boots, and there would be no question of your home state, for these regulation cowboy boots carry hte name and replicas of official insignia of the state of Texas.

In letters and designs carved from leathers that were secured from many parts of the world, the name of this state, and reproductions of the state capitol building, state flag and other official emblems are handsomely and expertly cut and sewn into the pattern of the boots.

Gene Heidenheimer states these boots will remain on dis play until Saturday. These boots were made by the world's largest makers of cowboy boots, the Acme Boot Co., Clarksville, Tennessee. He further stated that the demand for cowboy boots, both for youngsters and adults, is on the increase and has been for the past several years.

Holstead read the council Mrs. A. E. Gromatzky, of report. It was announced that Eden, was a guest in the home the new yearbooks are being of Mr. and Mrs. Chester Cherg compiled and will be blue and last Thursday. While here sh

### Don't Let Your Child Have Diphtheria

DESPITE THE FACT that a way to prevent diphtheria was discovered many years ago, thousands of children have diphtheria every year. Much of this results from the indifference of parents. They know that their children should be immunized, but they just don't get around to it. Make a resolution now to have your children treated. The treatment is simple and safe. Ask your doctor about it at the

# "Bigger pies, not smaller slices"

We ran across a new word the other day... "demographer." That's a research man who studies statistics on births, deaths, populations.

Well, it seems the United States will have 20 million more people aboard by 1960, or thereabouts. Logical enough. We gained 20 million people in the forties.

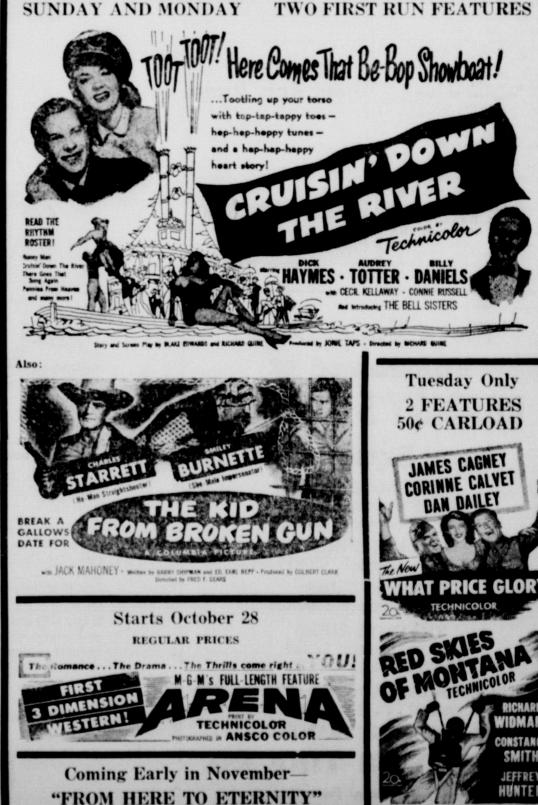

Bigger pies are the order of the day. In the electrical industry, for instance, men with sharp pencils have figured that demand for electric power will have doubled during the decade ending in 1960. More power equipment is therefore needed. More electrical machinery for industry.

And better pies. Americans insist on better products, year by year. Somebody has to pioneer things. Looking ahead for five, ten, fifteen years-creating new and better products and improving old ones-that is the business of General Electric. For seventy-five years progress has been our most important product.

The babies who come into the world today won't want smaller slices of the world's goods and opportunities. Or even the same slice. They'll want more. Wait and see, Nothing less is worth planning for by the people who must organize for the future. It's no job for pessimists.

# Something really Special -in power, room, ride, price

W E picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan-the bargain value that doesn't stay long on our showroom

For this is the best-selling Buick in the land snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL - plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.\*

It has easy-sitting-room for six adults - as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and everlevel ride that comes of coil springs on all four wheels-a full-length torque-tube drive-a massive X-braced frame-a solid and substantial roadweight poised with meticulous balance on broadly spaced

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"-and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks - look into its beauty, its luxury, its handling ease-and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

MILTON BERLE stars for BUICK in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—a "GM" Key Even
