A Lesson from the Chinese

THE STORY is told that the Chinese pay the doctor to keep them well, and if they contract illness, the doctor pays them instead. Whether or not this story is true, the general idea is sound. Serious illness often can be prevented by regular health examinations. Form a habit of visiting your doctor often-at least twice a year. If you do not have a family physician, we will be glad to recommend several from whom you can make your selection.

**High-Level** ventilation system

gives you cleaner, fresher air, ... and all you want of it!

Air enters here at hood-high level away from road heat, fumes and dust!

Only Chevrolet and higher-priced cars give you a ventilation system like this!

A special chamber under the ventilation louvers keeps rain out of the car and supplies you with a more even flow of air. And it also acts as a girder, making the car stronger and safer.

This is just one of the exciting discoveries you'll make when you drive the Motoramic Chevrolet! Come in and see.

YOUR PURINA DEALER SAYS:

#### **High Egg Prices** Indicated for Early Next Fall

This is a special message to our customers and friends. The way things look now, egg prices should be good and high early next fall, and should stay high right through the winter.

U. S. AVERAGE EGG PRICES

go down one year-up the next. The reason is easy to see. Many folks get disgusted when prices are low. So they don't start as many chicks as usual-or none at all. And the shortage of eggs forces the price up the following fall when pullets start to lay.

So this looks like a spring to let the other fellow quit. If you start chicks and start 'em early, you have every chance to make GOOD EGG MONEY next fall and winter.

Come to Your Purina Dealer for Chicks and Chick Supplies

We Purina Dealers sell to folks who believe in GOOD chicks. GOOD feed, and GOOD results. That's why we offer top-quality, high-production chicks. And that's why we carry Purina Chick Start-ena and Purina Sanitation Products. Drop in soon and place your order for the supplies you'll need this spring.

Your cuddly little chicks are like real babies. They need all the careyou'd give your own child. And that's why it's such a good idea to feed PURINA CHICK STARTENA. It's the only feed Micro-Mixed with baby-formula care.

Startena has 26 ingredients. Nine of them are tiny health and? growth boosters. Micro-Mixing blends them so thoroughly that every chick gets just the right amount of every boostes every day.

We're so sure you ladies can raise 96 out of every 100 chicks started on the Purina Plan, we'll give you two pretty color print hankies for your record, when you do it.

That's one big reason why their chicks live and grow see well year after year. You'll likeit, too. And it's so economical -takes only 2 lbs. to give each ful start.

LATEST FIND AND EARLIEST PORTRAIT OF LINCOLN - Treasure trove of Lincolniana was enriched this year, not long before the 145th observance of the Great Emancipator's birth, with the finding of "Picture No. 72," long-missing photograph in a series taken of the Civil War President Located in the Springfield. Ill., paint store of Paul Redeker, who bought it from a customer several years ago for \$3.50, it was taken by Photographer Thomas Peaker in his Springfield studio, about 1859 or 1860. Identification and valuation of \$10,000 was made by Van A. Graham, of Tuscola, Ill., associate of the late Herbert Wells Fay, noted collector of Lincolniana. At right is pictured the earliest known photograph of Lincoln, also taken in Springfield, Ill. The beardless Lincoln is believed to have posed for this picture, a daguerreotype, in 1846, at the age of 37.

#### What Do You Think?

During each session of Congress many important questions are decided. In our government, the Senators and Congressmen are supposed to represent the will of the voters who elect them. They must also do the things which will be best for the nation as a whole.

Decisions to be made on taxes, fiscal policies, foreign policies, farm policies, and on many other important questions are of vital concern to each of us. They will affect our own future and the future of the entire world

When you have a definite idea on legislation which is under consideration, write to your elected representatives to let them know what you think. Public opinion is a powerful force, and conscientious legislators will use it as a guide.

# Guess what it costs to put this in your driveway!

THANCES are, you'll be way over if you guess at the local delivered price of a 1955 Buick. Most people are.

And that's easy to understand when you look at a Buick. It's big, broad, roomy-powered for thrilling action. In prestige alone, it would seem to carry a high price tag.

But when you check into things, you' discover this surprising fact: Buick is in the nation's top three when it comes to sales volume - and when it comes to low prices that make such huge popularity possible.

The price tag we'll show you is one proof of that. And an even bigger one is the soaring success of the 1955 Buick - hottest car in all Buick sales history.

So why miss out on Buick style and power and room and ride when you can have it all if you can afford any new car?

Why do yourself out of the fun and pride and deep satisfaction of bossing a big and brawny beauty like the one pictured here, when the dollars you pay for this Buick buy you so much more sheer automobile?

And why pay extra for things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in the glove compartment-when such things, and more, are yours in every new Buick as standard equipment at no extra cost?

Drop in for a visit this week and start checking things.

We believe that when you look into this great car-when you see what you get for the low price you pay-and when you discover what happens when you nudge that gas pedal-you'll say it's gospel that Buick's the thrill and the buy of the year, hands down.

Thrill of the year is Buick

# Brilliant New Styling-Blazing New Power at everybody's price

fine-car luxury and performance. Every beautiful, new Pontiac you see emphasizes the fact that here is, without question,

the most distinctively styled car of them all. But Pontiac's brilliant new styling is only a clue to all that's new and modern about this

great General Motors masterpiece. The clinching evidence comes to light in your first few minutes behind the wheel.

At a touch of your toe, Pontiac's mighty Strato-Streak V-8 goes into action with instant response, whether you're deep in city traffic or silently cruising the open road. Yet power alone is only part of Pontiac's spectacular performance. With Pontiac's new, bigger brakes and recirculating ball steering, handling is almost effortless.

Pontiac's new wide-stance rear springs, roomy, luxurious Fody by Fisher and shock-proof chassis complete the fine-car picture.

Normally, all this would add up to high price -but Pontiac has changed the pattern with prices so close to the lowest that if you can afford any new car you can afford Pontiac's fine-car pride and distinction. Why not come in at your first opportunity and get the facts? Once you do, you'll wish you'd made the move sooner.

#### - es Study Livestock Barn As New Project

Ballinger Jaycees are studying a project which may be built-in pens, water and feedpushed by the organization in ing facilities and a judging the near future. Under consid- arena with seats to accommoeration is the building of a livestock barn, to be used by the Future Farmers of America and 4-H clubs of this section.

The need for this building has been realized for several years but each time a beginning was made the project was sidetracked for some reason. At the aycees meeting H. B. on, vocational agricul-her for the Ballinger school, will speak on the need and how the building could be used to great advantage by boys receiving training in livestock raising.

This project would not have to be started from scratch. A fund of over \$2,000 in a local bank has been ear-marked for the construction. The Ballinger F. F. A. chapter and 4-H clubs of this vicinity have money appropriated for this purpose. A few years ago a site was purchased near the baseball park which can be used if acceptable to all concerned.

Plans for a building will be drawn soon and an estimate of construction cost submitted. If the project is feasible addiby will be raised for
