

New Elementary School Building Contract Inked

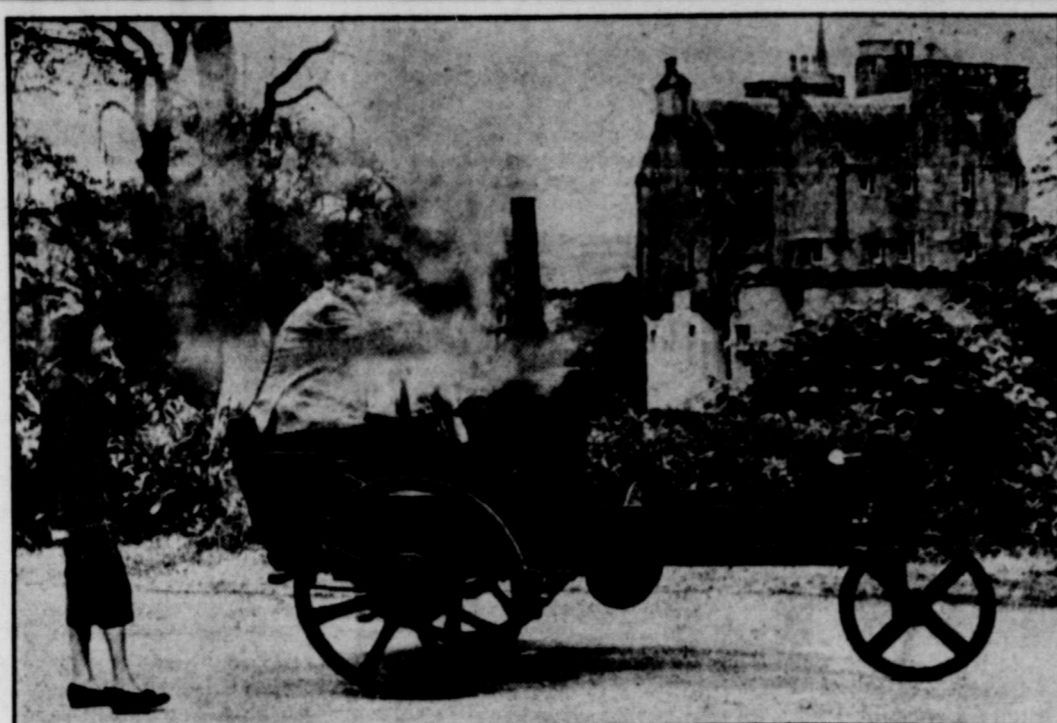

A. P. Kasch, building contractor of Big Spring, was awarded the contract for a new elementary school Tuesday after the board had opened bids and given them study. The contract was let on a bid of \$278,274 for the building, heating and plumbing. The Ballinger Electric Co. was given the electrical contract on a bid of \$10,933.

The new one-story building will be constructed at the West Ward school location and will face Broad Street and Ninth Street. It will connect with the new elementary school on the same block which faces Eighth Street and continue around the block. A center section will extend back from Broad Street to connect with the old junior high school building, which will

be converted into a one-story modern assembly building. Supt. Ernest Caskey stated that work is expected to be started within the next three weeks and the building completed in time for the term opening in September, 1956. The new building will provide 25 new classrooms for the Ballinger system.

On May 9 this year an election approved \$325,000 in bonds to make the necessary repairs and improvements included in the present contract and the razing and modernizing of an old two-story building on the central elementary campus and the west ward school.

A total of 22 bids were submitted. Eleven were by general contractors, 6 for the electrical work and 5 for heating and plumbing.

VIA PARCEL TOAST—Good Scots got their penny's worth when they mailed a letter in Craigavon, Scotland, in 1890. This steam wagon sped Her Majesty's Royal Mail through Aberdeenshire at a sedate 20 miles per hour, and can still put on a steaming-hot performance for interested visitors such as Lord Douglas, who is in the driver's seat. Lady Douglas, at left, is taking no chances. She's standing back just in case the old boiler causes a sudden elevation in the peagee.

Heavy Voting Expected In Road Bond Election

Citizens of ten precincts in the southern part of Runnels County, comprising road district No. 3, will go to the polls Saturday to decide whether \$275,000 in road bonds will be approved or rejected. The bonds must be approved by a two-thirds majority to be legalized and the proceeds spent on a huge highway building program in the district.

Three Completions Reported for Week In County's Fields

The Norton North (Gardner lime) field has gained its second producer and a 5% of a mile west-southwestern extension by completion of M. C. Account and Murray Petroleum Co. No. 1-E. L. Bryan. The location is 4 miles northeast of Norton. It was drilled for a daily flowing potential of 188 barrels of oil, gravity unreported. The project was drilled to 4,712 feet.

Sinclair Oil & Gas Co. has set casing at 2,950 feet for completion of its No. 3-Tennie Wilson, a King sand prospect, one location south of the Breckenridge lime strike in the Pennell (Cisco reef) field, five miles west of Winters. Production was indicated with the flowing of 42 barrels of oil on a 4-hour drillstem test in the King sand. The field opener was drilled by W. W. West for dual production in the King and Cisco reef.

Henson Drilling Co. No. 2-V. E. Fisher has been drilled in the Crosscut for a daily flowing potential of 144.06 barrels of 41 gravity oil. The potential was based on an actual 8-hour flow. Top of pay was picked at 3,281 feet. The Henson Co. has completed four wells, three of which were discoveries in the Henson field. The company's first was Fisher-No. 1, which gauged 610 barrels a day.

Gas and oil were recovered on a drillstem test in the Palo Pinto in Joe P. Parris, Jr., No. 1-O. F. Minzenmayer, five miles northeast of Norton. The location is one mile north of the Norton North (Gardner and lower Fry) field. The prospect, slated for 5,500 feet, is being drilled below 4,200 feet in lime and shale.

Henson Drilling Co. has filed an application for a permit to drill its No. 1B-L. C. Fuller in the two-well Henson (Jennings) field. The depth specified in the application is 4,500 feet.

Boy Scout 1956 Fund Campaign Set for October

A coordinated campaign for Boy Scout funds will be conducted next month in region 9, comprising the states of Texas, Oklahoma and New Mexico. In every community of the three states, following the program of the Boy Scouts of America, a campaign will be conducted for the 1956 budget.

Herman Price was selected to head the fund raising campaign in Ballinger. He was accompanied by A. E. Holbrook and Cal Adair to the district training meeting held at Eden Monday evening. Campaign chairmen along with personnel of each community in the Tri-River district received training from members of the Concho Valley council steering committee headed by Charles E. Coombes, Jr.

Plans for the local campaign are being perfected now and will be made public soon. Every effort will be made to secure enough money to take care of the work in the district in 1956.

Heretofore this campaign has been held the first part of each year but is being changed to avoid conflict with a number of other fund drives conducted in January, February and March.

LATIN-AMERICAN GROUP HAS MEETING AT PARK

The Latin-American organization held a meeting Tuesday at city park and enjoyed a watermelon feast. The purpose of the organization is to better the future progress of Latin-Americans in Ballinger. There were about 25 present for the first gathering.

The regular meeting of the group was held Wednesday night. Other meetings will be scheduled later.

Farmer Now Manager Of Ballinger Chamber

The board of directors of the Ballinger Chamber of Commerce employed Foy Farmer as manager at a called meeting Friday afternoon. He was sent to Abilene Saturday to attend a one-day school, sponsored by the West Texas Chamber of Commerce and began his duties here Monday morning.

Farmer has lived in Ballinger for many years, and while chamber of commerce work is new to him, he has been associated with a number of local business houses and is well informed on the needs of the community.

The chamber has a full program of activities planned for the fall and winter which made it necessary that a manager be employed at once. For several months the work has been handled through committees but a full time employee was the desire of the board.

Mrs. Virginia Parrish will remain in the office as secretary and will assist the new manager in getting acquainted with the work program as well as general operations.

All business promotions, an active membership drive, the Christmas program, plans for the livestock show and a number of other items will demand the manager's immediate attention.

A special meeting of the directors will be held soon to hear recommendations of the manager and to discuss new projects to be launched.

Mr. and Mrs. E. E. King spent the past week-end at Amarillo, visiting relatives.

Worthless Checking Demands Much Time of Law Enforcers

Local officers were busy the past week, worthless checking demanding much of their time. Harold D. Hawkins was fined on for worthless checking and a warrant for his arrest was sent to Waco.

John Q. Adams was charged with worthless checking and he has been put in jail at Austin on the local charge.

W. J. O'Leary, charged with forgery, is being held at San Jose, California, for the sheriff's office here.

Five persons were arrested and fined \$20.50 each on gambling charges. Those fined were W. H. White, Charles Setser, Lillie Mae Lacy, Alfred Perez and Vernon Grant.

Rosendo Garcia was arrested at Winters for Midland officers on a burglary charge. He also was fined on in this county for aggravated assault.

Richard Temple was fined on for worthless checking and a warrant for his arrest was sent to Abilene.

William Clyde Walker was charged with worthless checking and a warrant for his arrest was sent to officers at San Angelo.

Bennie Ortegon, charged with aggravated assault, paid a fine of \$72.80.

Ray French was charged with worthless checking and a warrant for his arrest was sent to Winters.

Gus Klaus was fined on for worthless checking and a warrant for his arrest was mailed

2 Farm-Market Roads In County Approved

During the past week two new road approvals were received here from the state highway department which should help in getting approval of the bonds for highway purposes next Saturday.

Citizens of the Miles and Rowena sections recently have sought farm-to-market roads which they believe are justified. Some have based their support or rejection of the present highway bond issue in road district No. 3 on these designations.

A letter from J. A. Snell, district engineer, received here the past week-end states that consideration of the two projects have been reviewed with the Austin office and both routes are eligible for inclusion in the farm-to-market system and development for construction.

One of these is a south-east outlet from Rowena which will connect with highway 83, south of Ballinger. The other is a south road out of Miles which will connect with farm-to-market road 380 in Tom Green County. Tom Green County officials have stated they are ready to complete 380 to the Runnels County line.

Two weeks ago a farm-to-market road was scheduled from a point west of Miles to the Brookshier community.

The two new approvals are subject to this county's commissioners' court providing the right-of-way and other details. These have already been considered and will meet no difficulty, it was stated.

The district engineer's letter says it is quite probable that these two new roads will be recommended for construction in the next farm-to-market road program.

WILLIAMS WILL CONTINUE LABOR PLACEMENT HEAD

L. L. Williams will again be in charge of receiving and placing transient labor in Runnels County this fall. Farmers who need cotton pickers are asked to contact Mr. Williams, giving him the dates pickers will be required, the number of acres and housing facilities on their farms as well as other information.

Mr. Williams reported Tuesday that a total of 225 bales have been ginned in the county and that the 1955 crop estimate is 18,000 bales.

QUARTERBACK CLUB BUYS RESPIRATOR FOR GRIDSTERS

A meeting of the Bearcat Quarterback Club was held Tuesday night, a large number of fans attending. The members voted to purchase a respirator to be used by coaches and trainers in football games.

Coach Bill Scoggins showed a picture of the 1954 Abilene Christian College-Howard Payne College game.

All regular meetings during the football season will be held at 7:30 on Tuesday nights. Next week a picture of the Ballinger-Anson game will be shown after the business session is closed.

Area Recreation School To Open Next Thursday

The recreation school for home demonstration club members will open next Thursday at the American Legion hall and will continue through Friday.

Miss Ollie Chenoweth, Runnels County home demonstration agent, in charge of local arrangements, stated that delegations have already been registered from 15 of the 17 counties in the district. These are expected to register the opening morning of the program.

Miss Lucille Moore, recreation specialist of the extension service, will have charge of the school and training program.

First Baptist Call Accepted by Pastor Of Church at Brady

The membership of the First Baptist Church of Ballinger extended a call Sunday morning to Rev. W. LeRay Fowler, pastor of the First Baptist Church of Brady. It was stated Monday that Rev. Fowler has accepted the call and will come to Ballinger on October 1 to begin his service here, preaching his first sermon on Sunday, October 2.

Ballinger Church Women's Council To Ship Clothing

The Ballinger chapter of the United Council of Church Women has announced that it will launch a clothing campaign which will continue until November 15. During this period it is hoped to receive much used clothing suitable for overseas relief and shipments are to be made as fast as they can be assembled and packed.

The chapter has received an urgent call for clothing and the national quota is 750,000 pounds before the end of 1955. In addition to clothing, bedding and shoes, the chapter has been asked for sewing machines, soap, cloth remnants, small pieces of fur, leather scraps and other shoe mending materials. These items are used in self-help projects organized among the refugees. They provide the materials to help the stricken people gain self-respect, employ their skills and earn a livelihood.

Clothing will be assembled at the home of Mrs. E. M. Lynn, 300 Eleventh Street. Bundles may be left there or citizens may call any council member and the items will be picked up.

The council has made up these shipments for a number of years and has met with fine response. The same cooperation is requested again this year and council members will be glad to explain to anyone the purpose of the campaign, where clothes are distributed and other information on the program.

UNITED CHURCH WOMEN ANNOUNCE N.B.C. SERIES

The United Church Women are announcing a six-week radio series on NBC network, beginning Tuesday evening, September 27, with radio's well-known and beloved Mary Margaret McBride interviewing representatives of United Church Women concerning "What United Action Achieved."

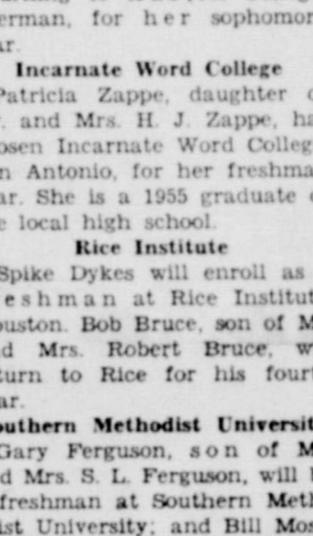

The programs will continue through November 1. They are listed at: September 27, "Strangers No Longer"; October 4, "Youth Finds a Friend"; October 11, "Environments Remodeled"; October 18, "Home—Where Is It?"; October 25, "You Don't Have to Peel Old"; November 1, "New Neighbors." All programs will be at 10:15 to 10:30 on Tuesday evenings.

Area Recreation School To Open Next Thursday

All delegates will bring their lunches for the noon meal Thursday and after that the South Ballinger club will serve the meals. Most of the meals will be prepared at the hall and served at regular hours.

Those attending from each county will take the information back to the clubs in their counties and present special programs to the members. The members will bring their coats and bedding and will spend one night at the hall.

The first program will start at 10:00 a. m. next Thursday and continue until 2:00 p. m. Friday.

Rev. Fowler received his B.A. and M.A. degrees from Baylor University, Waco; his B.D. degree from the Baptist Theological Seminary, Fort Worth; and an honorary doctor of divinity degree from Howard Payne College, Brownwood.

Previous pastorates include First Baptist Church, Moody; Corinth Baptist Church, Decatur; and student pastorates near Waco. He has been at Brady the past five and a half years. During his work at Brady there were 640 additions to the church, 255 by baptism. A new educational building was constructed in 1953.

At the present time Rev. Fowler is serving as president of district 16, is chairman of the committee for furnishing the new dormitory at Howard Payne College, president of the youth encampment for district 16 and is finishing his fifth year as a member of the executive board of Texas.

Rev. Fowler is 32 years of age, has a wife and two sons, Mark, 5, and Steve, 3. Mrs. Fowler also is a graduate of Baylor University and holds a religious education degree from the Baptist seminary. She is active in church work, particularly in the primary department of the Sunday school and the Training Union.

The Fowlers will be at home in the Baptist parsonage on Broadway.

City Commission To Receive Details On Fire Truck Buy

The Ballinger city commission was in session Tuesday to attend to a large amount of business, mostly routine.

The commission will hold a meeting tonight with F. A. Reenthaler, representative of the Howe Fire Fighting Equipment Co., to discuss the purchase of a new truck. According to the present plan the above company will provide and install the equipment on an International truck.

The city has made a deal with Anderson & Clayton to store cotton at the airport here. This cotton, which was in the flood at Raymondville, will be placed on the concrete ramps at the airport until it is dry.

Chief of Police Lee Moreland gave a report on accidents in Ballinger since January 1 and through September 12. He listed these accidents and pointed where they occurred, showing that Broadway led all other parts of town during the period there were 23 accidents on local streets in which 7 people were injured and property damage amounted to \$9,651.

Location of the accidents by streets was:

- Broadway, 9
- Seventh Street, 2
- Eighth Street, 4
- Ninth Street, 2
- Tenth Street, 4
- Eleventh Street, 2

Two building permits were approved. One went to Odell Howard for an addition to his home on Sharp Avenue between Third and Fourth streets in the amount of \$5,000.

A. L. Warren received a \$9,000 permit for a residence on Thirtieth Street between Hamilton and Largent avenues.

Miss Afferbach, LeRoy Liberda and Mrs. John McGrath were in charge of selling Christmas cards.

Mr. and Mrs. Albert Afferbach, of Winters, are announcing the engagement and approaching marriage of their daughter, Mary Carolyn, to LeRoy Liberda, son of Mr. and Mrs. Fred Liberda, of Ganado.

The wedding will take place on November 11 at St. Mary's Catholic Church in Ballinger. Miss Afferbach is a graduate of the Winters High School and has finished her junior year at Incarnate Word College, San Antonio. She is a member of Kappa Lambda Kappa. Mr. Liberda is a graduate of the Ganado High School and St. Mary's University, San Antonio. He served as a first lieutenant in the Field Artillery and was stationed in Korea one and a half years before receiving his discharge in June. He is employed in the offices of a tire company at San Antonio.

Mrs. Hollingsworth Honored at Friendship Party
Mrs. Lura Hollingsworth, of Hico, who was the house guest of Mrs. C. J. Lynn, and Mr. and Mrs. Dee Oliver, was named honor guest at a Friendship party in the home of Mrs. T. A. Crockett in South Ballinger, Wednesday afternoon, September 14, from four to six o'clock.

Mrs. Hollingsworth, a former home demonstration agent of Runnels County, returns to Ballinger each year to renew old acquaintances and visit friends she made during her many years as home demonstration agent here. She gave a report on the trip her 14-year-old grandson, Joline Hollingsworth, of Odessa, made to the National Boy Scout Jamboree in Canada. Joline is an Eagle Scout.

NOW is the time to buy anti-freeze

Now — while we've got plenty of top-quality Perma-Guard. Now — when you can avoid the rush. Now — when there'll be time for thorough radiator inspection and servicing... Later — when "last-minute" motorists are waiting in line or shopping for substitutes, you'll be glad you Winterized before Winter!

and this **ATLAS PERMA-GUARD ANTI-FREEZE** is your best anti-freeze buy

Don't try to get by with last year's anti-freeze. Automotive engineers agree that even permanent-type anti-freeze should not be re-used.

One fill lasts all winter. Is free-flowing at all temperatures... won't evaporate at 230° above or freeze at 60° below. Is odorless and free from harmful vapors. Will not clog your radiator. It's kind to gaskets, rubber hose, and car finish. Checks foaming, rust, and corrosion, too! You can't get a better, surer anti-freeze than Atlas Perma-Guard. So get it now, at the Chevron sign.

Variety of Action Marks Thriller Opening at Horseshoe Tomorrow

"The Man from Bitter Ridge," Universal production in color, to be presented at the Horseshoe Drive-In Theatre tomorrow and Saturday, offers the widest variety of action—stagecoach holdups, fights, lynchings, explosions and gunplay—plus a handsome hero, a fetching heroine and a hissable villain. Lex Barker, "handsome hero" of the piece, is both handsome and a hero, coming through strongly with good acting technique. Fetching Mara Corday, in her first starring role, is most deserving of the honor. Stephen McNally, of course, is the villain.

An absorbing tale of stark drama played against an exotic tapestry of a mysterious, colorful city, Honolulu, provides the action-packed, suspenseful pattern for Republic's "Hell's Half Acre," the other feature on the twin-bill at the Horseshoe Friday and Saturday. Starring Wendell Corey, Evelyn Keyes and Elsa Lanchester. Filmed in the famous Hawaiian city, the picture features such accomplished players as Marie Windsor, Nancy Gates, Jesse White, Leonard Strong, Keye Luke, Philip Ahn and the cast also includes numerous native actors.

The strangest, warmest and funniest battle of the century bounces into town at the Horseshoe Sunday, Monday, Tuesday and Wednesday, September 25, 26, 27, 28, in "The Seven Little Foys." The rollicking story of seven kids pitted hilariously against their own father, who could control them only by putting them into his vaudeville act, it presents Bob Hope in a role really different from anything he has ever done. In lavish VistaVision and Technicolor, the Paramount produc-

TRAFFIC SAFETY PROGRAM FEATURES JAYCEE MEETING

Ballinger Jaycees met Monday night at the Acapulco Cafe for their regular program and business session. A schedule of members to provide rides for football players in the late afternoons was posted for the remainder of the season.

Joe Perry, now of San Angelo but formerly with the state highway patrol here, was guest speaker for the program. Mr. Perry reminded the Jaycees that so far this year there had not been a traffic death in this county area. He compared this with five in 1954 and 10 in 1953 and warned that the months of heavy and dangerous traffic were just ahead. He referred to trips to football games, holiday week-ends and the Christmas rush.

He closed with showing a movie dealing with traffic safety.

NORTON F.H.A. CHAPTER ELECTS NEW OFFICERS

The Norton Future Homemakers of America met in the home economics cottage Wednesday of last week for the purpose of organizing the chapter. The following officers were elected:

Janice Roper, president
Patricia Gruber, vice-president
Betty Bryan, secretary
Dorothy Jennings, treasurer

Ideal to Wear to the Ball Game!

Student and School Activities Begun; Council Installed

Student and school sponsored activities are getting underway in the Ballinger schools following the busy registration period and starting of classwork. The enrollment continues to mount, a few being added each week. The student council was in charge of the assembly period Wednesday, when officers were installed and their work began for the term.

Joe Forester, high school principal, stated that general admission tickets for the football game at Anson Friday night would remain on sale at Keel Drug Store until tomorrow noon. Fans who intend to go are urged to purchase tickets in advance. There are no reserved seats at Anson, but there are plenty of seats in the stands. All students are being given opportunity to take the blanket accident insurance offered this week. For only \$1 the student is insured against accidents at school, on school-sponsored trips and on buses to and from school.

Records cards are being sent home by students for parents' signatures this week and this detail will be completed by tomorrow. The junior high school football team will go to Winters tonight for its first meeting of the season with the Winters Juniors.

The B team is scheduled with the Colorado City B team here Saturday night but the game probably will be canceled as all the athletic program there has been halted because of a case of polio which developed on the squad last week.

B.T.U. COMMENCEMENT SCHEDULED SUNDAY

The First Baptist Training Union will observe a promotion service next Sunday evening, September 25, at the church.

The program will be presented as a commencement and graduation program, as follows: processional, played by Miss Hattie Mae Dunlap; invocation, Royce Dowell; hymn sung in unison and directed by R. E. White; welcome and announcements, followed by the class song sung by a sextet composed of LaNell Holbrook, Sarah Chandler, Pat Darby, Mary Ann Buchanan, Joan Gard and June Hash; history and prophecy, by Dorothy Bishop and June Hash; address by Mrs. Jack E. Jackson, director of the Training Union. Following the presenting of diplomas, tied with the purple and gold ribbons, and awards, R. E. White will give the benediction.

New Type of Loan Available To Farmers and Ranchmen

Details of a new credit program tailored to the needs of farmers and ranchmen in the Great Plains region, combining established real estate and production loan programs of the farm home administration with a greatly expanded emergency loan program, were given this week by John H. Curry, county supervisor.

The loans will be available in Rannels County and applications can be filed at the FHA office in Ballinger on Tuesday mornings of each week. Loans will be made for reseed-ing and the establishment of grasslands and other approved conservation and land use practices, including soil and water erosion control measures. It also may be used for development and improvement of domestic and irrigation water supplies, repair and improvement of existing farm buildings and the purchase of additional land needed to enlarge a farm to a family-type size.

Loans also may be made to purchase livestock, farm equipment, farm equipment repairs, seed fertilizer, feed, insecticides, farm supplies and for payment of interest and taxes.

A carefully developed farm and home plan will be part of the processing of each loan. It is not intended that loans shall be made prior to proper classification of the land involved. The farm and home plans will take into consideration such things as the type of farming best suited to the land, and borrowers will be required to follow farm management practices recognized locally as best for their particular type of land.

The regular production loan will bear 5% interest, real estate loans on family-sized farms are 4 1/2% and the special emergency loans are 3%. Terms in all instances will be geared to the expected payment ability of the applicant.

A loan may be made to a farm owner, a farm operator or a stockman, including a partnership or corporation, if the applicant:

1. Is an established operator and is primarily engaged in farming or livestock operations.
2. Is unable to obtain the necessary credit elsewhere.
3. Can be expected to carry on farming operations that are consistent with the assistance of the loan.

The county committee will determine the eligibility of the applicants.

County TB Group Receives Reports At Meeting Here

Officers and directors of the Rannels County Tuberculosis Association assembled Thursday, September 15, for a quarterly meeting at the Acapulco Cafe.

Following the chicken dinner, at which the Rev. Wayne Reynolds gave the invocation, Rev. Felix Keys, president, was in charge of the business. Gilbert Armendariz was named to represent the Latin-American Tuberculosis Association. A. E. Holbrook, treasurer, gave the association's financial report which was a balance on hand September 15 of \$1,083.42. He reported that X-ray case finding, office expenses, salaries, seal sale expenses and other items had been paid.

Arrangements for the two winter projects, the chest X-ray mobile unit and the Christmas seal sale, were discussed. Homer Hudgins, of Winters, has been named general chairman and J. O. Satterwhite, of Ballinger, co-chairman for both projects.

F. A. Jernigan, principal of the negro school, gave pointers on how the colored population could help put these two projects over.

It was announced that the Christmas seals had been inserted in envelopes and would be mailed by the secretary, Mrs. J. O. Satterwhite, on November 16. Bonds will be sold by the local service clubs.

Dr. John E. Green, Jr., gave a report on the quarterly state medical meeting, held at Austin recently.

Dr. L. L. Downing, program chairman, introduced the guest speaker, Dr. Clyde E. Rush, chest surgeon at McKnight Sanatorium. Dr. Rush gave an interesting survey of how surgery helps tuberculosis patients, and stated that 190 patients received chest surgery out of more than 700 patients at the hospital last year. He illustrated his talk with chest X-ray pictures.

Attending were: Mr. and Mrs. Homer Hudgins and son, Jerry; Mr. and Mrs. W. I. Dixon, Mrs. Fred Young, Mrs. W. F. Minzenmayer, Elzie Cox, R. W. Balke, of Winters; Mr. and Mrs. Joe Simmons, Mrs. Murrel Loudamy, of Miles; Mr. and Mrs. Willard Renfro and Mrs. Roy Roper, Norton; Mrs. Joe Dierschke, Mrs. W. A. Schumann, E. H. **WEST TEXAS
NOTES**

Next Saturday is the date to determine the highway building program in the southern section of Runnels County. Ten polling places will be open from 8:00 a. m. to 7:00 p. m. and any person who pays a tax of any kind to the county and state and who is eligible otherwise may cast a ballot. Approval of the bonds requires a two-thirds majority of all votes cast. This is the second time the proposal has been submitted to citizens of the district. On the other occasion an issue for more money failed to get the two-thirds majority. Since then a saving has been effected on right-of-way expenses which made it possible to reduce the amount of bonds needed by \$75,000 and next Saturday the question will be on approving \$275,000 in bonds. The election Saturday probably will close the issue for several years. The state highway department cannot hold the money already appropriated for three local projects and if the commissioners' court cannot meet the right-of-way requirements the money will be spent for highways elsewhere. In the first election the voting was light, especially in Ballinger. Some citizens did not understand that if they paid taxes on a watch, automobile, money in the bank, diamond ring or any personal item, they were entitled to vote. Every effort is being made to get a full turnout of voters and settle the proposition for good. It's the duty of every eligible voter to cast a ballot one way or the other.

District Judge Joe L. Mays visited Robert Lee last week to confer with the commissioners' court in regard to the appointment of a county auditor. Tax renditions in Coke County are in excess of 15 million dollars and makes it compulsory that an auditor be named. After a discussion with the commissioners, Judge Mays indicated that he would appoint a man for the new office within the next two weeks. Names of several applicants have been submitted.

Three collecting offices here will begin receiving taxes on the current rolls October 1. Receipts have been made out, bound in books and are ready to be issued to those who desire to pay early. The big incentive for early paying is offered on county and state taxes. During October a 3 per cent discount is offered, 2 per cent in November and 1 per cent in December. The large tax payers take advantage of the saving offered, many sending in checks for their levies early. While the city and school governments do not offer discounts, many citizens also pay these accounts early to clear them.

The state highway department has indicated that two farm-to-market road projects in this county have been approved which have been sought for a number of years—and which kept some people from supporting the highway bond issue. A letter from the division engineer to the county judge states that a road south from Rowena to connect with highway 83 has been approved. Another approval is on a road south of Miles to connect with farm-to-market road 380 in Tom Green County should satisfy many people in the western part of the county. Last week a road north from Miles to the Brookshier community was scheduled. This is a road which has been sought by Miles citizens and other people of the area several years.

Brown County's tax valuations made a substantial gain for 1956 over the current year. The tax assessor-collector reports new renditions of \$18,298,165, an increase of \$685,924 over that for 1955. It also was stated that school district valuations are up this year and approximately \$4,000 more will be collected. Tax collecting offices will open at Brownwood on October 1, the usual discounts to be offered on county and state payments in October, November and December.

The Rowena Lions Club was host last week to the regular quarterly zone meeting. George Newby, zone chairman, was in charge of the meeting and heard reports from six clubs, Rowena, Miles, Paint Rock, Talpa, Ballinger and Norton. Most of the clubs reported a slight loss in membership but expected to gain it back during the special membership campaign in January. No other serious problems confronted any of the groups. Preceding the meeting, the Rowena club held its regular business session.

Coleman building permits for August totaled \$32,000. Five permits were for residences in the corporate limits and the rest for various improvements. Most of the jobs were small but one residence will cost \$15,000. The city report revealed one dwelling damaged by fire during the month.

The Winters municipal swimming pool was closed last week after the first year of operations and very successful business. The pool was opened soon after the end of the school term in May. Highest attendance was during the heat wave the first part of August when more than 100 customers per day were in the pool. Coach Morris Southall was manager most of the season and kept a full crew of lifeguards on duty.

A contract was let in Comanche County last week by the state highway department for widening highway 67 from Gomanche east to the Erath County line. The contract price was \$556,065. The resident engineer stated crews would begin work within the next thirty days and that the present road would be widened to a 44-foot crown. The commissioners' court secured the additional right-of-way needed several months ago.

Representatives of the state railroad commission, gas and utilities division, were at Bronte last week to inspect the loading equipment of the Texas Natural Gasoline Corp. Numerous complaints had been registered on the smell from the loading racks. After the inspection, the representatives reported that all equipment was in first-class condition and as safe as could be made. It was pointed out also that the company has installed the latest in fire fighting equipment. The loading racks will be in service five months while the Santa Fe Railroad is building a spur.

The Paint Rock Lions Club has purchased a building from Mrs. H. H. Ratchford and will convert it into a fire station at once. The building will house the truck recently bought by the club and both the truck and new station will be dedicated to county precinct No. 1. The talent show staged by the club last week netted over \$100. A large number of performers were presented before a large audience and this part of the program was followed by a cake sale and other events.

SUMMER PROGRAM ENDS AT LOCAL NEGRO PARK
The recreation program at the negro park and recreation center was concluded last week with a special program when a number of guests saw the display of crafts and art made by the children who participated in the five weeks program. Expressions of appreciation were given to Miss Annie E. Hall, who served as supervisor

from that point last week. Harvesting is underway in most parts of the community but the grain is very spotted, farmers reporting from 100 to 1,000 bushels per acre. Most of the good grain is on low land or on terraced tracts where water was held. Much of the crop is being put in the government loan program due to low prices offered in the regular market. Considerable loss was reported from a light rain and high wind on September 10 which blew down some feed.

The Erath County Fair was opened at Stephenville Wednesday and will be closed Saturday night. All exhibit space was contracted last week. Large tents were erected to take care of several departments and most communities have attractive exhibits. The Alamo Shows offer the midway attractions, including rides, shows and concessions. Parades are featured each day and an army band, mounted in jeeps, is a daily entertainment feature.

The big annual barbecue at Eden will be held Saturday night in Pflugger Park. Committees are putting the finishing touches on the program and publicity is being distributed over a wide area. In addition to the dinner, a number of concession stands will be operated to raise money for a dual purpose. Part of the proceeds will go to the crippled children's camp at Kerrville and the remainder will be put in a local hospital fund. The admission price for the dinner is 50 cents. This is the third annual program of this kind at Pflugger Park.

and her assistants, Mary Helen Jernigan, Barbara Owens, Odell Wallace, James Washington, Jr., and others. Miss Hall is now employed at Midland as teacher in an elementary school.

The following organizations made contributions: Masonic Lodge, \$10; Herons of Jerico, \$5.00; Eastern Star, \$10. Personal contributions for the recreational program totaled \$60, of which \$20 was contributed

by Mrs. Charles Bailey. The undersigned board members wish to express appreciation to all who assisted in any way. They also wish to thank the city officials for recent improvements at the park and center. The board plans a membership drive in October. A piano, which has been needed for various types of entertainment, has been purchased for the center. There also was an unpaid insurance bill on the center which is being taken care of at this time. The board is composed of James Washington, Sr., chairman; Mrs. Lillie M. Smith, secretary; Sol Devaul, treasurer. They ask the support and cooperation of the people of Ballinger for the park and center to make them all that is desired.

THIS COULD HAPPEN

Eight miles of road in Runnels County to be built through Runnels County.

The dotted line in Coleman County shows the Highway 67 "cut-off" south of Coleman, now under construction. This route by-passes Coleman about five miles south and connects Valera and Santa Anna.

The other dotted line is a possible designation from Valera to Paint Rock. At Paint Rock it would connect with a paved highway to San Angelo. This would be a shorter route from Brownwood to San Angelo than by way of Ballinger and would by-pass all of Runnels County.

Eight miles of road in Runnels County to be built soon will connect the pavement west of Winters with Bronte. This will provide a through east-west highway from Brownwood to all points in Northwest Texas via Coleman and Winters.

Think It Over

Think what these two east-west through highways could do to the southern part of Runnels County.

We have the opportunity Saturday, for only \$275,000, to improve two federal-state highways in the southern half of Runnels County. They would be built

'Private War of Major Benson' Comedy Offering at the Texas

In a light-hearted comedy, career officer who dislikes what "The Private War of Major Benson," Universal has mixed a blend of new faces, familiar faces in new characterizations, plus a fresh, bright story, and has come up with what may be the most sparkling comedy of the year. To be presented at the Texas Theatre Sunday, Monday and Tuesday, September 25, 26, 27, the film stars Charlton Heston and Julie Adams and introduces little Tom Hovey.

Heston plays the role of Major Barney Benson, a tough army

with talent as well, and walks off with nearly every scene he's in. William Demarest, Tim Considine, Sal Mineo, Nana Bryant, Milburn Stone and Mary Field are supporting players.

Raymond Massey, Debra Paget and Jeffrey Hunter co-star in "Seven Angry Men," powerful dramatization of a fiery chapter in the history of the United States, currently being shown at the Texas today, tomorrow and Saturday. The period is during the mid 1800s, when the fanatical anti-slavery leader from an Ohio farm, John Brown, went to Kansas territory with six of his seven sons. The story ends at Harper's Ferry, Virginia, when troops under Colonel Robert E. Lee defeated Brown and brought him to trial. This production is a first-run Allied Artists production.

On the same program is "The Case of the Red Monkey," starring Richard Conte.

'White Feather,' at Hillcrest 5 Days, Filmed in CinemaScope, Technicolor

The romantic beauty of "Ramona," the exciting suspense in "Apache," the warmth and understanding of the poignant characters in "Broken Arrow," the dramatic impact of "Broken Lance"—these are the basic ingredients that make "White Feather" among the best Indian stories ever filmed. Photographed in CinemaScope and Technicolor, this 20th Century-Fox production will be presented at the Hillcrest Drive-In Theatre for five days, today, tomorrow, Saturday, Sunday and Monday, September 22 through 26. Not only is this a great story, but "White Feather"

also boasts an important cast headed by Robert Wagner, John Lund, Debra Paget and Jeffrey Hunter. In supporting parts are Eduard Franz, Virginia Leith and Noah Beery.

Double-billed with "White Feather" for Saturday night, September 24, is "Hell's Island," a trap adventure with all the fury and unrelenting violence of its primitive background. Starring John Payne and Mary Murphy and filmed in the new VistaVision, Paramount's Technicolor drama is the smashing story of an ex-D.A.'s dangerous search for a stolen ruby, and of his deadliest opponent.

A whole town stands paralyzed as three strangers walk in, strip the masks of respectability from the gentry and lay bare their secret vices for a price. This is the story of "Violent Saturday," 20th Century-Fox's startling suspense drama to be shown at the Texas Wednesday only, September 28. Starring in the film, produced in DeLuxe color and CinemaScope, are Victor Mature, Richard Egan, Stephen McNally, Lee Marvin, Virginia Leith and Tommy Noonan.

a woman for whom love was a weapon and a means of gaining her unscrupulous ends. Supporting players include Francis L. Sullivan, Eduardo Noriega and Arnold Moss.

Presentation at the Hillcrest of "The Magnificent Matador" next Tuesday through Saturday, September 27-October 1, has excited considerable local interest. The picture is being acclaimed for its authentic depiction of that most exotic—and dangerous of games—the bullfight, realistically filmed in CinemaScope with Eastman color. The 20th Century-Fox production stars Maureen O'Hara and Anthony Quinn in a daring story of the loves and fears that are hidden in the "No. 1"—the top matador Budd Boetticher, once a professional bullfighter in Mexico, where the film was made, directed the action.

NOTHING IN ITS FIELD CAN MATCH CHEVROLET FOR ACCELERATION!

Drive with care . . . EVERYWHERE!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Outrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine Drive Choices in all models—and, finally, the great scientific, technical and engineering resources of General Motors.

When you need a quick sprint for safer passing, this V8 delivers!
It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

Chevrolet's new "Turbo-Fire V8" packs a Sunday punch for safer passing that no car in Chevrolet's field can match! The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet simply walked away from everything else in its field. Plus—and get this—all the high-priced cars except one! Surprising? Not when you consider that this beauty's been cleaning up on all comers in short track stock car events this season. That's where acceleration really pays off, as well as handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

LIGHT YOUR WAY WITH BIBLE STUDY

LUTHERAN EDUCATION WEEK

Special Lutheran Service To Usher Education Week
Bethel Lutheran Church will have a rally day service Sunday to observe the beginning of Lutheran Education Week, September 25 to October 1. The entire service will point to the slogan, "Light Your Way with Bible Study."
The children of the Sunday school will participate in the program Sunday. Also in this service, the teachers, including three new ones, will be dedicated to the serious responsibility of teaching the young people of the church and community. The pastor, Rev. W. H. Ringhardt, teaches the adult Bible class.
Bethel Church, in following the emphasis of the special week, is expanding its facilities. A cradle roll for children under two years of age and a nursery class for the two- to three-year-old group are being added to the present program. In order to offer a more graded program for youths, another Sunday school class is being added.
The general objective of Lutheran Education Week is to call to the attention of every member of the church and the community the basic importance of continued study of the word of God.
