Farm Bureau Delegates Report on Issues Raised

Runnels County delegates to the state Farm Bureau convention returned home the past week-end after meeting with the 1,500 delegates from all parts of Texas at Fort Worth.

Strong sentiment was voiced at the opening of the state convention for a farm program embodying the principles of the soil bank plan. This plan calls for a 90% support price on basic crops under strict controls and 75% to 90% on other crops with lesser controls on acreage.

A concern over the need to move American farm products to foreign trade channels also was brought out in the opening session.

Clinton P. Anderson, of New Mexico, a former secretary of agriculture in the Democratic administration, told farmers at the convention that no farm program can work so long as huge surpluses are piled up in government warehouses. He suggested the cleaning out of government stocks before starting a new program.

Charles B. Shuman, of Chicago, president of the American Farm Bureau Federation, sounded off against failure of the government control program to protect farmers who produce crops which are not under acreage controls. He said: "Under the present program we restrict acreage that may be planted to certain crops but let farmers use the acres that are taken out of control crops for the production of other things. This does not solve the surplus problem, it merely spreads it."

Attending from this county were Mr. and Mrs. Marion Hays, Mr. and Mrs. I. W. Conway, C. L. Howell, Mr. and Mrs. Ben French, Joe F. Droll and A. J. Bishop, Jr.

Baptists to Hear Special Speaker

Dr. L. T. Daniel, of the Southern Baptist Convention, will be the speaker at both services of the First Baptist Church of Ballinger Sunday. The pastor, Dr. W. LeRay Fowler, is conducting a revival at Tyler this week and will conclude services there Sunday.

Dr. Daniel is serving with the relief and annuity board of the Southern Baptist Convention. He is a graduate of Anachita Baptist College and the Southern Baptist Theological Seminary. Previous to his coming to the denomination position, he was pastor of the First Baptist Church of Palestine.

The Fowler family will return to Ballinger Tuesday. Mrs. Fowler and their sons, Mark and Steve, are visiting her mother at Henderson.

APPLICATIONS BEING TAKEN FOR HIGHWAY PATROLMEN

The state highway patrol is accepting applications between now and January 1 for appointment as state patrolmen. Examinations will be given applicants in January and the successful candidates will begin training at Austin in April.

A class of 47 is in training at this time and another class will be selected in January. All men interested in a career of law enforcement are urged to make application as soon as possible. They must be between the ages of 21 and 35, have a high school education, be at least 5 feet 8 inches in height and weigh not less than two or more than three and a half pounds per inch of height. Base pay for a patrolman, after schooling and six months probationary period, is \$315 a month.

Salvation Army Fund Campaign Half Completed

The Salvation Army fund campaign had reached the half-way mark Monday morning, about \$750 being turned in from the local solicitation. Several hundred letters were mailed Monday to citizens in this trade area asking that they support the campaign and mail their checks to the Salvation Army or to Joe Forman, treasurer, at the First National Bank.

Dan Johnston, field representative, left Monday and the remainder of the drive will be directed by local officers. The local chapter is asking for \$1,500 this year and every effort will be made to reach that goal before the drive is concluded.

Chapter officers stated Monday that all funds have been exhausted. Many calls for assistance are being received each week and such has been the case most of the year, more than 400 individuals and families being aided.

In the local drive solicitors missed some of their prospects. Any person who was not contacted is asked to mail a check to the treasurer or leave it at the chamber of commerce office.

Jaycees Witness F.F.A. Ceremony

Ballinger Jaycees met Monday night at the Acapulco Cafe for a regular business session and program.

H. B. Edmondson, vocational agriculture teacher, presented officers of the local F. F. A. chapter in their opening ceremony and in parliamentary procedure. The boys took their stations and demonstrated the formal ceremony which opens and closes business sessions of the chapter.

Mr. Edmondson said the team would go to Coleman this week to compete with 12 other teams in a contest.

Taking part in the program were: Rodney Flanagan, president; Dwayne Patton, vice-president; Grider Hays, reporter; Jimmy Stubblefield, secretary; Wallace Walthers, treasurer; Glenn Lisso, gavelman; J. A. McClelland, first alternate delegate.

Jaycees considered a number of projects at the business session but will take no definite action until committees investigate.

BALLINGER BAND PLAYS AT HOWARD PAYNE GAME

The Ballinger high school band went to Brownwood Saturday and performed at the Howard Payne College football game at night. The local musicians were invited there several weeks ago but could not attend at that time and received a make-up invitation for Saturday.

The college fans gave the band a good reception.

PANCAKE SUPPER TO BE SERVED NOVEMBER 22

St. Mary's Altar Society will serve a pancake supper at the St. Mary's recreation hall on November 22. Service will start at 6:00 p. m. and will continue until all customers have been served.

A committee has been conducting a ticket sale but those not contacted will be able to secure tickets at the door.

This is an annual activity for the society and in the past large crowds have attended.

HAYS APPEARS BEFORE INVESTIGATION GROUP

Marion Hays, president of the Runnels County Farm Bureau, was one of 66 witnesses to appear before the senate investigation committee at the Texas Hotel, Fort Worth, on November 5.

This was the tenth such inquiry conducted by the committee. Every phase of agriculture from every section of the state was represented. S. E. Cloninger, of Gorman, a former resident of Runnels County, represented the peanut growers.

The witnesses appeared before Senator Eastland, of Mississippi; Senator Ellender, of Louisiana, and other important agriculture leaders.

The Ballinger Bearcats meet the Winters Blizzards here tomorrow (Friday) night in a game that can mean the district championship for the locals and the right to enter the bi-district games. Members of the Bearcat squad are: First row, left to right, Charles Jackson, Grider Hays, Charles Holloway, Dwayne Patton, Hugh Campbell, Jimmy Robbins. Second row, Milford Jackson, Rodney Flanagan, Ronnie Maedgen, James Buskempfer, Kenneth Doty, Robert Click. Third row, Leroy Rollwitz, Wilda Moon, Repete Bryan, Jerry Candler, Delbert Wiley, James Hite. Fourth row, Wesley Stokes, Glenn Lisso, Clarence Welbrock, Don Simmons, Bill Clifton. Coaches are Bill Scoggins and Bill Gosney.

Ballinger Hunters on Leases To Get First Crack at Bucks

Ballinger hunters began leaving the first of the week for their deer leases and practically all were gone by Tuesday. Most of the parties had their camps ready so that they could be on the ground at daylight Wednesday to try for their first bucks.

It was estimated by the state game department that there would be 250,000 hunters in Texas this year.

Many of the Ballinger hunters are returning to the same leases they have held for a number of years.

The 9-Point Hunting Club, composed of E. C. Grindstaff, D. G. Posey, G. A. Swann, W. O. Wallace, M. A. Foy, Clyde Gabbert, J. G. Tuckey, Jim Dankworth, Chester Cherry, E. T. Branham, Jr., and Carl Murman, left Tuesday for their lease in Loyal Valley, Mason County. They are returning to the lease they have hunted on for many years and which recent visits showed the range in excellent condition and a large number of deer.

Another party leaving Tuesday for Mason County included J. D. Reneau, Clyde Williams, Joe Pfuger and Leon Gibson. These men also are returning to a ranch where they have hunted for a number of years.

Leaving for a ranch in Gillespie County was a party composed by Charles Webb, Morris Stokes, Lynn Candler, Lee Parker and Jimmy Dankworth.

A party going to 30 miles southwest of Rock Springs in Edwards County is made up of Doyle St. John, George Newby, O. L. Huddleston, Jack Seales, Earl Barr, Clifford Cook and a Mr. Reagan, of Eastland. They left early Tuesday and will spend most of the first week of the season on the lease. They also plan to make other trips there before January 1.

Leaving for a lease on the John Royal Ranch between Menard and Junction is a party composed of Buster Parrish, C. A. Bissett, J. T. Gregory, Gay Edwards, Charles Dankworth, Frank Greville, of Killeen; and J. P. Carson, of Midland. This group had a very successful hunt last year and expects to find deer again this year.

A party left for Segovia, Kimble County, Tuesday to hunt on a lease which they have held for the past four years. In the group were E. B. Underwood, Dr. Z. I. Hale, E. E. Avey and Dr. Henry McCright, of Winters.

Leaving Thursday for a lease in San Saba County where they have hunted the past ten years were C. E. Maedgen, Fred Underwood, Alvin Holbrook, Vernon Webb, Arthur Giesecke, B. F. Smith, all of Ballinger; Marvin Williams, of Lubbock; and Oma McGahey, of Big Spring.

A group left Tuesday morning for its lease at Midway, between Junction and Kerrville, on which it has hunted the past 4 years. Included were Play Brevard, W. S. Hale and A. S. Allcorn, Talpa; Walter Hale, Houston; and Ira Hale, Miles.

Ministers Arrange Thanks Day Service November 23 Night

The Ballinger Ministerial Alliance has announced a union Thanksgiving service, to be held Wednesday night, November 23.

The program, to begin at 7:30 p. m., will be presented in the auditorium of the First Baptist Church. Rev. Felix W. Keys, Jr., pastor of the First Presbyterian Church, U. S., will deliver the sermon.

Special music will be provided by the choir of the First Baptist Church, Jerry Jones, of Winters, to direct. For a special number the choir will sing "God of Our Fathers."

All other members of the alliance will be present and participate in the program. During the service a special offering will be taken and the money used for the relief of the poor and people passing through Ballinger who need assistance. The fund will be handled by the alliance as it has been in the past.

It has been the custom here in recent years to have the Thanksgiving service on the evening before and the change has resulted in much better attendance. All ministers of the alliance urge all citizens to be present for the 1955 observance.

15,145 BALES OF COTTON COUNTY'S GINS REPORT

Cotton ginnings in Runnels County to Tuesday of this week totaled 15,145 bales. Gins in the northern part of the county reported 6,475 bales and in the southern part 8,670 bales.

Ginners estimated that 80 percent of the crop had been gathered to date.

L. L. Williams, in charge of local labor placement, stated that pickers were plentiful and that any farmer needing help should contact him and let him know how many and when cotton will be ready.

Award to Seismograph Crew

Ashton Crain, of Wichita Falls, was here last week to present a safety award to the Texas Seismograph Co. crew which is operating out of Ballinger. The award was for the fewest number of accidents for any company crew over the six months period. The presentation was made at a steak dinner at the Lowake Inn. In the picture are: A. W. Tanner, party manager; Mr. Crain; Charles Burchett, party chief; and Mrs. Burchett.

Drillstem Test Gets Oil in Gray In No. 1 Holliday

Hoxsey Oil Co. No. 1-Mattie Holliday, one mile southwest of Hatchel, was ready for testing production after reaching the depth of the Gray sand. The well is one location southeast of No. 1-Vancil, producer in the Gray.

Berry No. 4-Hugh Campbell was being drilled below 2,500 feet and production depth in the Palo Pinto soon will be reached. The well is one location south of No. 3-Campbell and north of No. 1-Harry Lynn.

Oil was recovered on a drillstem test and gas surfaced in 25 minutes between 4,994 and 5,006 in the Gardner sand in Paul Page No. 1-E. J. Bishop, 1 1/2 miles southwest of Wingate. Gas and oil were recovered on a two-hour drillstem test in the Palo Pinto in Rhodes Drilling Co. No. 1-Alvin Benson, 8 miles southeast of Winters. Drilling is continuing below 3,858 feet on a 4,200-foot Caddo contract.

Bob Brinkerhoff and Wallace Bohannon, of Houston, will drill a 2,500-foot wildcat six miles north of Ballinger, which will be their No. 2-Wesley Wood. Operations are to start at once. Humble Oil & Refining Co. No. 1-Olivia Mueller, wildcat, 1 1/2 miles east of Rowena, is being drilled below 1,500 feet.

Henson Drilling Co., of Abilene, has filed an application for a permit to drill a one-location northeast step out to production in the Enoch Johnson field. Contract depth is 4,400 feet and tours will start when the permit is approved.

At the final business session, Mr. Farmer was elected a director to serve the next twelve months. The next meeting will be held at Sweetwater.

Mr. Farmer stated that an important program was presented and that he met many managers from West Texas towns including J. A. Killough, of Vernon, a former Ballinger manager.

160 on Special Venire To Hear Murder Cases

A special venire of 160 citizens has been called to report at 10:00 a. m. on Monday, November 28, in 119th district court. At that time the cases of Herman E. Smith and Sarah Lou Murray, charged with murder, will be called for trial. It is understood that the defendants will be tried separately, but the venire is called for both cases.

Herman Smith and Mrs. Sarah Lou Murray were indicted for murder by a Runnels County grand jury following the drowning of Carl Murray in a ranch tank on the Vernon Dankworth place, south of Ballinger on July 25.

The indictment stated "that

on or about July 25, 1955, voluntarily and with malice aforethought the defendants did kill by drowning in water, the manner and means of effecting said drowning unknown."

On the special venire are 139 men and 21 women. It will be the first time that women of this county have been asked to serve on a criminal case.

County Judge W. H. Rampy stated Tuesday that no provisions have been made for taking care of women in the court house during trial of a criminal case. He stated that if women were sworn in on the jury called for November 28, that provisions probably would be made at a local hotel for sleeping.

Water District Board to Meet For Organizing

The recently appointed directors of the Runnels County water improvement district will hold their first business meeting here Monday night.

The meeting has been called by County Judge W. H. Rampy and Price Middleton, chairman of the water resources committee of the Ballinger Chamber of Commerce. A dinner will be served the group by the chamber of commerce at the Acapulco Cafe before the meeting is called to order.

The oath to be taken by each director has been sent here from the state department and after all are sworn in, other water districts and their powers will be discussed by Judge Rampy.

Before the close of the meeting, the nine directors will elect officers, set meeting dates and assign committees. C. T. Parker, new farm agent for Runnels County, is interested in the new water district and is ready to work with the directors on their plans. Practically all civic clubs in the county have endorsed the district and possible irrigation.

REPAIRS ON CITY DAM NEARING COMPLETION

Work is nearing completion on the rip-rapping of the city dam on Valley Creek. R. E. Harris, water superintendent, stated that many loads of rock had been put on the dam to repair the damage done by the floods last May and June.

At that time the high waters, plus a strong north wind, whipped the water high on the dam, causing the rock to slip and move into the lake. This left much of the dirt dam exposed and in danger if another similar flood occurred.

Replacing the rock was started about two months ago and will be completed soon.

LOCAL OFFICERS REPORT ONE ARREST FOR WEEK

Law enforcement officers here had a quiet week-end but a number of investigations are underway on which no arrests have been made.

Two juveniles were apprehended at Brady and paid for damages to local school buses which had windows broken the night the Bearcats played the Bulldogs at Brady.

Cody Mayes was returned to Ballinger from Rankin and is being held on a charge of forgery.

Deward William Stevens was charged with aggravated assault and was fined \$72.80.

Sheriff Don Atkins was called to Dallas Tuesday on a special investigation into local crime.

AMERICAN LEGION POST'S '55 BREAKFAST WELL ATTENDED

More than 60 Legionnaires were present Friday morning for the annual breakfast of the Pat Williams post. During the breakfast about 40 members were signed up for 1956, including several who joined for the first time.

A menu of sausage, biscuits, eggs and jelly was served the men as they arrived.

Games and other entertainment were provided for most of the morning, the group breaking up at 11:00 a. m.

The Runnels County Tuberculosis Association will launch the 1955 Christmas seal campaign tomorrow (Friday) by mailing more than 3,000 letters with seals enclosed. Most of the letters have 200 seals inside for which the person addressed is asked to remit \$2.

The only other means of raising funds is the sale of bonds. These will be offered to local stores in a drive later this year and can be purchased in denominations of \$5.

Those who receive the letters with seals enclosed are urged to make their remittance as soon as possible to help the officers of the association close the campaign. A delay in returning a check usually calls for a second notice which postpones completion of the drive.

With the money raised from sale of bonds and seals, the Runnels County chapter conducts a free chest X-ray clinic in a number of towns of the county, giving all citizens 15 years or over the opportunity for this free service. Patch-testing is done in the schools of the county and the association carries on a program of education in the effort to stamp out the disease. Everything possible is done to encourage early diagnosis in cases that show symptoms of tuberculosis.

STUDENTS TO BE RELEASED FOR HOLIDAYS WEDNESDAY

Ballinger students will be dismissed next Wednesday for the long Thanksgiving holidays. Classwork will be resumed the following Monday.

The annual meeting of the Texas State Teachers' Association will be held at San Antonio on Friday and Saturday, November 25 and 26, and a number of local teachers will attend.

CHIROPRACTORS ATTEND SWEETWATER MEETING

Dr. J. L. Oehlhausen, of Ballinger; Dr. J. H. Craig, of Winters; and Dr. L. C. Rankin, of Miles, attended the West Texas district meeting of the Texas State Chiropractic Association at Sweetwater Sunday.

Dr. Richard L. Shipman, of Sweetwater, district president, was in charge of the business and program. Dr. Betty Shipman spoke on the new development of treatment for the heart. She showed films on how the heart performed under different conditions and on heart surgery. Dr. R. E. Capshaw, of San Angelo, state director for district, reported on action taken by state directors in a recent meeting at Austin.

The next district meeting will be held on the second Sunday in January at Brady.

Foy Farmer went to Midland the first of the week to attend a chamber of commerce meeting for West Texas organizations.

GRATITUDE is one of the most beautiful of virtues, and ingratitude one of the most baneful of vices. If children are under obligation to give thanks to human parents... how much more are ALL under obligation to give thanks to GOD! We owe it to HIM; we owe it to our fellows; we owe it to ourselves.

WE owe GOD thanks for all things... for the beautiful season called THANKSGIVING. Moreover, "HE GIVETH US ALL THINGS RICHLY TO ENJOY." Each moment, hour, day adds to our obligation. It is still true that His mercies "are new every morning." Gratitude to Him should find expression in THANKS-GIVING and THANKS-LIVING.

WE owe thankfulness to our fellows. Gratitude is contagious and bears gladness, strength, enrichment. Unconsciously each gives blessing or bane to others. Decency demands that each avoid giving hurt and strive diligently to give help.

WE owe it to ourselves to give thanks. Gratitude may find expression in attitude, utterance, and activity. We are ourselves beneficiaries of habitual thankfulness, or victims of thanklessness. We have abundant occasion for thanksgiving. We should join the chorus and, "PRAISE GOD FROM WHOM ALL BLESSINGS FLOW." Go to your church on Sunday.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Deacons minister to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

PASSING THE WORD—Secretary of Agriculture Ezra Taft Benson emphasizes a point as he gives reporters a run-down on the administration's six-point supplementary farm aid program. Benson met with the press at Denver, Colo., following his conference with President Eisenhower on plans to boost sagging farm prices and handle surplus crop problem.

BALLINGER HOME DEMONSTRATION CLUB

For the program on the making of various candies, Miss Ollie Chenoweth was assisted by Mrs. Vogelsang. The candies were served by the hostess on a sandwich plate with cookies and coffee to Misses D. J. Goetz, Sr., Ramon Berryhill, Cal Adair, D. J. Goetz, Jr., Felix Itz, W. A. Nance, Vogelsang, Allen, Williamson, and a visitor, Mrs. D. L. Vestal.

The next meeting will be held in the home of Mrs. Williamson on November 22, when members will participate in making Christmas centerpieces, candle-dipping, and gift wrapping.

SOUTH BALLINGER HOME DEMONSTRATION CLUB

An all-day meeting of the South Ballinger home demonstration club was held Tuesday in the home of Mrs. B. M. Batts. Mrs. Harold Routh, of the East Side club, and Miss Ollie Chenoweth, county home demonstration agent, were visitors.

A demonstration on making Christmas and holiday centerpieces was given by Mrs. Neuman Smith. Mrs. T. A. Crockett demonstrated the wrapping of packages and how ribbons and bows should be used. Mrs. Archie Wallace showed how to make new hats out of old frames. All these accomplishments were learned by the members who attended the county-wide craft training school, held recently.

Following the covered dish luncheon at noon, a business session was conducted in the afternoon by Mrs. Wallace, president. Members answered roll by naming "Something I Must Do This Month." The club's Christmas dinner party, which will include members and their families, to be held at 6:30 p. m. on December 16, in the home of Mrs. Dick Holstead, was discussed. Mrs. Batts, Mrs. J. L. Ohlhausen and Mrs. Dick Holstead were named a committee to make arrangements for the dinner.

Others present were: Mmes. John Cody, V. L. McShan, Ed Farley, J. P. Boothe, Roy Holstead, Andrew Flint, Jack Fry and Calton Smith. The next regular meeting is to be held on November 29, in the home of Mrs. J. P. Boothe, 910 Fifth Street.

The answer is simple. These are brand new vacuum tube Acousticons . . . never used . . . and they are sold with Acousticon's ironclad guarantee. Many of these models have sold for as much as five times this price! But . . . our newest model transistor hearing aids are meeting with such great success that these vacuum tube models—like 1954 automobiles—can no longer command their original prices. So . . . if your need and desire is to be a part of the world of sound again . . . to make your life and the lives of your family and associates easier by hearing, this is the chance-of-a-lifetime value you can't afford to miss!

Federated Clubs Abroad Subject for Fannie Stephens Club

"Federated Clubs in Foreign Countries" was the theme for the Federation Day program at the Fannie Stephens Study Club meeting Wednesday afternoon in the library club room.

In the round table discussion, topics included the area of the country, total membership of federated clubs, location of the club with the largest membership, location of the club with the smallest membership, the purposes of the clubs, types of clubs and the most interesting club.

Mrs. E. C. Grindstaff, program chairman, introduced Mrs. J. Dexter Boff, who gave a short history of the General Federation of Women's Clubs, which was founded in 1890 and is now the largest national and international woman's organization in the world. It has a membership of 11,000,000 in over 15,000 clubs in 55 countries around the globe.

Mrs. E. Y. Bailey discussed clubs in Canada and Latin-America. Mrs. Bailey said the first club in Canada was organized in 1892 and the first in Latin-America in 1920.

Reporting on clubs in Europe, Mrs. E. R. Nolen said in 15 countries there are 51 clubs with a total membership of 150,000. Four of these clubs have headquarters in the United States. Clubs have been in existence since 1883. As a whole most of these clubs are vitally interested in assisting refugees, the DP camps and international good will.

Mrs. John Cody told of the 15 clubs in eight Asian countries. The first club, organized in India in 1919, promotes social welfare and sponsors classes in adult education and handicraft. A major contribution by Asian

clubs is rehabilitation of former service men.

Mrs. Boff talked on clubs in Oceania, which includes all the islands between the southern shores of Asia and the western shores of America.

These clubs range in size from 36 members in Manila to the large clubs in Australia. She said the Junior Federation of Women's Clubs in the Philippines has 5,000 members. The first club was organized in 1894 and joined the federation in 1897.

In conclusion, Mrs. Boff said that the local club members should find inspiration in the aims and purposes of clubs abroad and realize that today women everywhere are alive to their responsibilities and are united as never before to solve the problems of ignorance, disease and war.

At the business period Mrs. B. J. Williams, Jr. presided. The meeting on December 10 was postponed to December 17, because of the Christmas parade, and will be a luncheon in the home of Mrs. E. C. Grindstaff. Mrs. Cody, safety chairman, pointed out that December 1 had been proclaimed as SD Day.

Others present were: Mmes. H. G. Agnew, E. B. Davidson, T. L. Epling, W. E. Moss, M. E. McCleeny, Doyle St. John and Ted Tisdale.

JACK'S CAFE

A special message to truck drivers' wives

from your Ford Dealer . . .

This year, everybody is talking about safety in automobiles. And with good reason. The hazards of the road take more American lives every year than we lost in the whole Korean war.

So important things are being done to make cars safer.

But— isn't safety even more important in trucks?

If safety is important to the man who drives a car a few hours a day, isn't it even more important to the man (and his family) who drives a truck for a living?

We think it is.

And we think you wives think it is. That's why we believe you'll be vitally interested in what Ford has done to make driving a truck safer for your husband.

Ford has taken the lead in safety with not just one, but a whole family of new safety features for America's trucks and cars.

What are these features that could be so important to you?

1. Lifeguard Steering Wheel

Ford's exclusive Lifeguard truck steering wheel is built in such a way that, in case of accident, it helps protect the driver from any contact with the steering post. This kind of "deep-center" steering wheel actually acts as a cushion in case of accidents.

2. Lifeguard Door Latches

Ford's Lifeguard door latches have a new "double grip" type construction. Their extra holding strength gives added protection against doors flying open in the event of an accident . . . to help keep the driver in the truck where he's twice as safe.

3. Seat Belts

You've read a lot about seat belts. You probably know that the Accident Research Center at Cornell University, the American College of

Surgeons and many other groups strongly urge that every owner equip his vehicle with seat belts. Studies prove that in about one-half of all accidents, injuries could be avoided or reduced by the use of seat belts.

Ford is the first truck manufacturer to make seat belts available (at low extra cost, for both new and used trucks).

In case of an accident, or sudden stop, a Ford Seat Belt holds the driver firmly in the seat. This greatly cuts down the chances of serious injury.

And remember—it isn't necessary to be driving fast to be seriously injured or thrown out of the truck in case of an accident. A sizable percentage of injuries of this kind occur at speeds of only 30 or even 25 miles per hour. (If your dealer happens to be out of seat belts temporarily, please be patient. He will have them shortly.)

4. Tubeless Tires

This year, tubeless tires are standard equipment on every Ford Truck. Tubeless tires do not prevent punctures. But they do help to prevent blowouts. When a puncture occurs in a tubeless tire, the air is apt to escape very slowly. The driver has a greater chance to slow down and stop safely.

5. Power Brakes

What we call vacuum-boosted power brakes make it possible for the driver to apply a lot more force to the brakes, faster and easier. This makes it possible to stop faster in emergencies. Power brakes are standard or available on every '56 Ford Truck.

6. High Visibility

A better view of the road—in front, behind and to the sides—can help the driver to spot trouble before it happens. A full-wrap windshield is standard on the new Ford Trucks for '56. The standard rear window is the widest on any truck . . . and a new full-wrap rear window is available at slight extra cost. All told, a new Ford Truck gives the driver one of the greatest all-around glass areas of any truck.

7. Reserve Power

A "slowpoke" truck can be a threat to highway safety—it is a stumbling block in the path of other traffic. Trucks should have enough power to keep up with the traffic stream. And they should have enough reserve power to pull out of emergency situations. So you will be interested to know that the new Ford Trucks for '56 have power increases up to 26%, to make sure drivers have all the reserve power they are ever likely to need.

Why should any man who drives a truck for a living take chances, needless chances, by not taking advantage of every available safety device?

To repeat—if safety is important to a man who drives a car once in a while, isn't it far more important to the man who drives a truck all day, for a living?

When a man drives a '56 Ford Truck—from Pickup to tandem-axle Big Job—he and his family have this peace of mind. They know he's driving a truck that gives him the added protection of exclusive Lifeguard safety features.

Salvation Army Work Explained At Club Meeting

Johnston, Salvation Army field representative, presented the program for the Senior Lions Club November 17. He explained the work at San Antonio and Ballinger and by a service chapter similar to the one in Ballinger.

Following the film showing, Mr. Johnston told club members of the extent of the Salvation Army's work and what was accomplished in Texas last year. In Ballinger more than 400 individuals and families were given direct aid during the past twelve months and no one in need was denied aid. In answering questions, the field man stated that the administration cost for the Salvation Army in Texas was only 9 per cent of its revenue, 1 per cent going to national headquarters

and the other 90 per cent being spent in assisting unfortunates in the state.

The regular meeting for November 11 was cancelled and the entire cost of the meal was given to the Salvation Army.

The club also voted to purchase picture pamphlets for children in the lower grades of the local schools, warning them about permitting strangers to pick them up in cars. This also is sponsored by the sheriff's office.

Rotary Governor Pays Annual Visit To Ballinger Club

H. Conger Jones, of Del Rio, governor of district 184, Rotary International, made his annual visit to the Ballinger club Monday night and spoke at the club's regular meeting Tuesday noon.

Mr. Jones' talk was along the lines of aims, purposes and accomplishments of Rotary. He paid high compliments to the local club and said he was reporting the Ballinger unit to his superiors as one of the top clubs in the district. He offered no criticism whatever, declaring he was pleased with accomplishments here and plans for work in the near future.

The governor was accompanied by Mrs. Jones and a special meeting of directors and committee heads was held Monday night in the home of Mr. and Mrs. Charles Hambrick. A civil engineer, Mr. Jones has been a Rotarian since 1921.

Entertainment for the program Tuesday was furnished by the high school choral club.

The Ballinger club has signed a contract with the Lee Grabel organization to sponsor its troupe here the night of January 11 in the high school auditorium. The proceeds will be used for community projects to which the club is committed. The performance embraces magic acts and mysterious feats.

Mrs. Otis Jacob and daughter, Kay, Mrs. Roy Higginbotham and Mrs. J. G. Batchelor are spending the week at Del Rio, where they are visiting Mr. and Mrs. H. E. Fulcher and other relatives.

FORMER RUNNELS COUNTY MAN EXPIRES AT LAMPASAS

Funeral services for Henry Jess Crockett, 78, retired Lampasas farmer, were held at the family burial ground near Lampasas at 2:00 p. m. Monday. Dr. E. C. Routh, of Lockhart, retired Baptist minister, officiated.

Mr. Crockett, a resident of Lampasas County 35 years, died at 11:00 p. m. Saturday, November 12, following a heart attack, at his farm home ten miles north of Lampasas.

Mr. Crockett lived in Runnels County many years before moving to Lampasas County. He was a brother of the late T. A. Crockett and the late R. H. Crockett, all three farming near Norton.

Survivors besides the wife include two sisters, Mrs. W. B. Hodges, of Ballinger, and Miss Maggie Crockett, of Humble; and a number of nephews and nieces who live in Runnels County.

Attending the funeral were: Mrs. W. B. Hodges, Robert Hodges, Mrs. T. A. Crockett, Mrs. R. H. Crockett, Mr. and Mrs. Earl Crockett, Mr. and Mrs. Claude Simmons, Mrs. Mack Setser, Mrs. Fred Underwood and Dalton Crockett, of Ballinger; Davy, Buster, Shug and Joe Crockett, of Norton; Mr. and Mrs. E. L. Crockett and Mr. and Mrs. A. W. Crockett, of Winters; and F. A. Crockett, of Midland.

County-Wide Sale Of Christmas Seals To Start Tomorrow

The Runnels County Tuberculosis Association will launch the 49th annual drive to raise funds to carry on the 1956 program on Friday, November 18.

Mrs. J. O. Satterwhite, executive secretary, reported that more than 3,000 letters with seals enclosed will be in Friday's mail. Each letter will request the recipient to keep the seals and use them on Christmas cards, letters and parcels during the holiday season and send the organization a check for the amount of seals enclosed.

Homer Hudgins, county seal sale chairman, has named various committees to assist in the sale of Christmas seals and bonds. Rev. Felix W. Keys, president of the association, will assist at civic club bond programs.

The association sponsors this plan of raising money annually and enough money is realized to carry on the program during the year which includes bringing an X-ray unit to the county for free chest pictures of all adults and students over 15 years old, to conduct an educational program throughout the year, to give skin tests to students below high school age, and give aid to those who are unable to help themselves.

A new record of public service was established the past year when 715,192 Texans passed before the mobile chest X-ray units operated by the state department of health. Of this number 18,192 showed evidence of chest "abnormalities," the department reported.

The X-ray survey will be sponsored by the local association before Christmas, and the unit with the two technicians probably will make stops in Ballinger, Winters, Miles and Rowena.

Officers of the county organization urge that all accept their Christmas seals and bonds, and remit them so the work of the association can be continued in 1956.

Railroads are vigorously promoting a so-called "Cabinet Committee plan" to restrict public controls over transportation rate-making—returning such power to railroad hands.

Both Protect You...

Both Are Modern!

Your rights and privileges as an American citizen are protected by the Constitution, a unique and magnificent document whose principles are as sound today as when written, over 150 years ago.

Through the years, amendments have been added to keep the Constitution up-to-date.

The same is true of the regulatory powers of the Interstate Com-

merce Commission. Congress has enacted more than 150 amendments to the Interstate Commerce Act since it was passed in 1887, completely overhauling it twice.

In principle, present ICC regulations governing the various transportation systems are pertinent, constructive, and modern in concept. Under these principles, we have developed the greatest competitive transportation system in the world!

Bearcats Claw Bluecats At Homecoming Game

The Ballinger Bearcats took the favorite spot in district 7A by defeating the Coleman Bluecats Friday night by the score of 28 to 6. The game was played before a homecoming crowd at Coleman which was swelled by some 2,000 Ballinger fans.

Dwayne Patton, fleet-footed Bearcat halfback, turned in his best game of the season, making several long runs to set up scoring threats. He was ably assisted by a hard charging line that provided many key blocks which kept him and Charles Holloway rolling.

The Bearcats took the first kick-off and without losing the ball drove straight down field, Holloway going over for the counter from three yards out. Patton added the extra point

formation but took the ball on a direct pass from center and went the rest of the distance to count.

The Bearcats started from the Coleman 38 and the gains by Ballinger backs, mixed with a few passed took the ball to the Coleman 17. Patton went off right end, cut into the secondary and crossed the goal line standing up for the final score.

This wineaves the Brady and Ballinger teams tied for first place but the fact that the Bearcats defeated the Bulldogs would permit the local eleven to represent the district, provided it can defeat the Winters Blizzards here tomorrow (Friday) night.

The Bearcat team played its best game of the year at Cole-

man and came out without any serious injuries.

Smith-Parker Wedding vows Repeated at Church

The Seventh Street Baptist Church was the scene of a wedding ceremony Friday afternoon at 5:30 o'clock which united Miss Margaret Parker and Frank Harwell Smith.

The bride is the daughter of Mr. and Mrs. Oscar C. Parker. Mr. and Mrs. A. H. Smith are parents of the bridegroom.

The Rev. Emmett Brooks, pastor of the Hillcrest Baptist Church of San Angelo, officiated at the double ring ceremony before the altar decorated with white gladioli and palms and candelabra holding white tapers. Pews were marked with white satin ribbon.

Miss Carol Beard played traditional wedding music and accompanied Miss Maudie Parker, sister of the bride, who sang "Because" and for the benediction, "The Lord's Prayer."

The bride was given in marriage by her uncle, Lois Brookshire, of Seattle, Washington. She wore a white taffeta gown, fashioned with a long torso bodice, styled with a round neckline and accented by lace intricately encrusted with pearls. At the back of the bouffant waist length skirt was a large bow of taffeta. A shoulder-length tulle veil was attached to the bride's

headress, a coronet of pearls and bugle beads. She carried a white lace handkerchief that was carried by her sister, Mrs. Edward Redman, at her wedding. Her bouquet was a cascade arrangement of white carnations.

Maid of honor was Miss Madge Smith, sister of the bridegroom, and Troyce O'Neill served as best man.

Bridesmaids were Miss Raymond Rose and Mrs. Edward Redman, sisters of the bride, both of Andrews.

Jimmie and Jack Smith, brothers of the bridegroom, were groomsmen. Candelights were Jerry Smith and Mildred Parker, brother and sister of the couple. Ring bearers were Linda Carol Parker, sister of the bride, and Kay Holliday, of Brownwood, cousin of the bridegroom.

Bridal attendants taffeta gowns were styled identically. The fitted bodices were fashioned with a V-shaped neckline and brief cap sleeves. Bouffant gathered skirts were waist length. Bandeaux of white velvet were worn.

The maid of honor wore a gown of lavender taffeta and carried a bouquet of yellow mums. Mrs. Rose wore champagne taffeta and carried white mums. Mrs. Redman wore yellow

taffeta and carried lavender mums.

Baskets of white gladioli also were featured in decorations for the post-nuptial reception, held in the church parlor. The bride's table was laid with a white linen cloth and centered with white gladioli. The three-tiered all-white wedding cake, topped with a bridal couple, was served by Mrs. George Mader, aunt of the bridegroom, and punch was served by Mrs. Gus Redman.

Miss Mariene Witt registered guests in the bride's book.

For a short wedding trip, the bride wore a two-piece turquoise suit with black accessories and a white carnation corsage.

The couple will be at home at 300 1/2 Eighth Street.

According to Hollywood, "Count Three and Pray" is a most unusual story of a man who is through with sin, only to learn sin isn't through with him, are joyously bared in the Columbia picture, "Count Three and Pray," to be shown at the Texas Theatre Sunday, Monday and Tuesday, November 20, 21, 22. Van Heflin is starred in the CinemaScope and Technicolor production.

veteran, a former roosterer who returns home a self-ordained minister. He faces a gun-totin' gal, a whip-wieldin' woman and a hate-filled town, none of whom believe in his reformation and all of whom are determined to smash him if they can.
 Joanne Woodward, Phil Carey, Raymond Burr and Allison Hayes co-star.
 The story of one of the most infamous treacheries in American history will be unfolded on the Texas screen tomorrow and Saturday in M-G-M's new CinemaScope picture, "The Scarlet Coat," starring Cornel Wilde, Michael Wilding, George Sanders and Anne Francis. Director John Sturges has fused suspense, historical validity and a gripping dramatic impact in depicting a fascinating cross-play of espionage between the spy organizations of the American and British forces and the dangerous assignment on the part of Major John Bolton which led to the unmasking of Benedict Arnold as the traitor who almost succeeded in turning over West Point to the enemy.
 Leslie Caron and Michael Wilding are the stars of "The Glass Slipper," brought to the screen by the producer, director, writer and composer team which achieved an outstanding success with Miss Caron's last picture, "Lili," which ran for two years at a New York theatre. "The Glass Slipper," filmed in color, unfolds an imaginative, part-realistic, part-fable version of the classic Cinderella story, highlighted by the dancing of Miss Caron. Eminent supporting players are Elsa Lanchester, Keenan Wynn, Estelle Winwood, Barry Jones, Amanda Blake, Lisa Daniels and Lurene Tuttle.

Walt Disney's 'Lady and the Tramp,' Plus 1st-Run 'Bengazi' Weeh's Features at Hillcrest

Four years in production, Walt Disney's first feature-length cartoon in CinemaScope, "Lady and the Tramp," is to be presented at the Hillcrest Drive-In Theatre today, tomorrow and Saturday. The color is by Technicolor and the musical score by Oliver Wallace includes songs composed by Peggy Lee and Sonny Burke.
 The added attraction on this program is "The Whittetail Buck," an unusual film, combining the beauty of the woodlands, the interesting wild life it harbors and the human element seeking to understand and enjoy it to the full. Narration of the RKO Radio release is by Thomas Mitchell.
 "Bengazi," first-run picture at the Hillcrest Sunday, Monday and Tuesday, November 20, 21, 22, is a melodrama about thieves in the night in North Africa and stars Richard Conte, Victor McLaglen and Richard Carlson. Mala Powers is the feminine lead and other supporting players are Jay Novello, Richard Erdman, Maury Hill, Hillary Brooke and Gonzales Gonzales.
 The saying among those who earn their living by making motion pictures is, "If it's a Hitchcock film it's got to be good." The suspense-master's "Rear Window," also billed at the Hillcrest next Sunday, Monday and Tuesday, is declared not only good, but great. A Paramount picture in Technicolor, "Rear Window" stars James Stewart, Grace Kelly, Wendell Corey, Thelma Ritter and Raymond Burr.

Burt Lancaster-Produced-Directed-Starred 'The Kentuckian' at Horseshoe Four Days

Burt Lancaster is the producer, director and star of "The Kentuckian," a first-run feature to be shown at the Horseshoe Drive-In Theatre Friday, Saturday, Sunday and Monday, November 18, 19, 20, 21. Dianne Foster and Diana Lynn are the feminine leads in this Paramount release, in Technicolor and CinemaScope.
 On the same program with "The Kentuckian" for the four-day run is "Spooks Run Wild," starring Bela Lugosi and Leo Gorcey.
 Another exciting Republic rerelease western, "Silver City Kid," will be presented at the Horseshoe next Tuesday and Wednesday, November 22, 23. Reportedly filled with daring action, expert riding and hard fighting, the picture has Allan "Rocky" Lane in the leading role and the plot is concerned with the efforts of an unscrupulous attorney to secure a rich molybdenum mine from a girl ranch owner. Murders are committed in an attempt to get the mine, until Lane as the ranch foreman succeeds in unmasking the villains and saving the valuable ore. Peggy Stewart, Wally Vernon, Frank Jaquet, Twinkle Watts, Harry Woods, Jack Kirk, Tom Steele, Glenn Strange, Bud Geary and Tom London have important supporting parts.
 "Reaching for Heaven" is the other feature on the same bill.

WEST TEXAS NOTES

The Runnels County Farm Bureau is concluding its annual membership drive and expects to start the new year with not less than 500 members. During the past two years many farmers joined the organization to lend support to the only group that represents them both in the legislature and in congress. The Bureau maintains staffs at Austin and Washington to watch all legislation which concerns farmers and ranchmen. The Bureau has done much to further the interests of those raising crops and livestock and farmers and ranchmen are realizing this and rallying to the organization to give it a national membership which will draw the respect of all lawmakers. In addition to those actually engaged in agriculture, there are a large number of others dependent on farming and ranching who are eligible for membership and have been invited to join. The Runnels County Farm Bureau has made a fine record for a number of years and is one of the strongest county organizations in West Texas.

The state department of public safety has started an educational campaign which will build up to the holiday season and be climaxed by Safe Driving Day in December. Thanksgiving and Christmas usually bring many highway accidents which take a heavy toll of life and great property loss. Since new cars have more power and speed, the department realizes that it has a tremendous job to decrease accidents. Patrolmen are presenting programs before many civic and service clubs and are appearing at high school assemblies to get their message over to the public. If drivers can be made to think about the dangers and follow the highway markings there can be a big decrease in traffic deaths and damages.

A number of local civic leaders have visions of some day having many acres in Runnels County under irrigation. The Runnels County Water Improvement District is a means to this end. The district has been created and now a governing

Coleman County farmers are marketing one of their best turkey crops this year. The movement started for the Thanksgiving market in October and will continue through the second week in December. Dealers expect to ship about 30,000 birds and raisers will receive about \$191,000. Growers are holding back most of their hens for the laying season and already have contracts for eggs to be shipped to other states. Some of the big raisers are selling birds direct to eastern dealers.

The Comanche F. F. A. chapter has started a swine project and expects to prove profitable pork production. Three members have sows and litters and will carefully tend them during the growing season and exhibit them in the spring shows. In the heart of the peanut growing area, the boys will turn their hogs into the fields after the peanuts are harvested. Full cooperation of the vocational agriculture instructor is being given.

Donald J. Dierschke, of Rowena, has been named a distinguished student in the air force ROTC at Texas A. & M. College. He was one of 57 students to attain this honor. To be certified a student must have dem-

onstrated outstanding qualities of leadership while participating in regular campus activities. He must have special qualities and aptitudes for military training and have been recommended by both the military and civilian personnel.

The Mitchell County Hereford Breeders' Association held its annual meeting at Colorado City last week and planned a two-day tour of all Hereford herds in 1956. On the tour the herd will study the long range planning of ranchmen. The date for the annual sale is January 21 and many buyers will be informed of what is to be offered. The secretary's report disclosed that even in the long drought registered Herefords had increased.

The Menard Chamber of Commerce has compiled information on deer leases available in Menard County. Many requests have come in for week-end or one-day hunting and the chamber hopes to be able to serve all who come there desiring to hunt deer. Ranchmen were contacted and asked to list places available and to state their rates per gun or carload. A number of ranchmen had leased their places for the entire season.

The annual homecoming at Howard Payne College, Brownwood, started last Friday and continued through Saturday. The program opened with a banquet at which Mrs. J. Howard Hodge, of Midland, was honored as the ex-student of the year. The main feature Saturday was the dedication of four new buildings. Dr. John D. McCall, of Dallas, delivering the address. A parade and other features were included on the program.

Officials of the state soil conservation service met with citizens of the Bosque watershed protection project at Stephenville Wednesday. Cost-sharing and other provisions of the watershed protection law were explained. Land owners of the area are being asked to commit themselves on the extent of their ability to share in the cost of the program. The state agency will assign a planning party to the project as soon as a crew is available.

The Future Farmers and Future Homemakers of the Miles school will serve a barbecue dinner tonight at the school cafeteria to raise money for the two organizations. Tickets were sold in advance at \$1 a plate and all who hold tickets are entitled to attend the program to be presented in the auditorium later in the evening. Each chapter has been busy since the opening of school, carrying on a number of special projects.

The Southwestern States Telephone Co. will construct a building at Winters to house the exchange and offices. John D. Allen, of Brownwood, manager, stated that the building would be started early in December and probably will be completed in March. The one-story brick, tile and glass block building will be 49 by 31 feet. Dial equipment for the Winters exchange is due to arrive in April. While at Winters last week, Mr. Allen stated that the new facilities would demand a rate adjustment.

Cleve Paris, Eden fire marshal, has asked for a general clean-up campaign in the fire zone within the near future. November 21 and 22 are dates set for completing the work. Arrangements have been made for free hauling and police will make inspections when the campaign ends to see that all hazards have been removed. Cutting of weeds and grass in alleys is part of the clean-up.

The new \$295,000 Robert Lee school plant was inspected by the 250 ex-students who gathered there Friday for a homecoming. The building has been in service since March but it was the first time many former students had an opportunity to view all departments. A turkey banquet was served the exes at the school lunch room. Officers were elected and plans made for the 1956 program.

Eastland civic workers are nearing the end of raising the first United Fund. Early this month they swung out to raise \$6,500, in which a number of organizations will participate. Only a little more than \$300 was needed to reach the goal the past week-end. Ten or twelve fund drives will be eliminated by this plan.

Small grain in the Melvin section was benefitted last week when about three inches of snow fell. Melvin and the

Members of the Hapsburg-founded Spanish Riding School parade their mounts in chandeliered hall of the Hofburg, onetime Imperial Castle of the Hapsburgs. Known the world around in equestrian circles, the Hapsburg-founded riding organization only recently returned to Vienna from its exile during the occupation.

Salt Gap community got snow and the Doole section got some rain. Farmers and ranchmen have a large acreage planted in small grain and stated that it would be helped by the moisture. It was the earliest snowfall on record at Melvin.

John H. Lovelady, assistant director of field service for the Texas State Teachers' Association, was the speaker when McCulloch County teachers met Tuesday of last week. The meeting was held in the Rochelle school cafeteria. Lovelady discussed the teacher retirement enabling act and proposed constitutional amendments. The speaker was a classroom teacher before becoming a member of the headquarters staff.

Contractors' Notice of Texas Highway Construction
Sealed proposals for constructing 4.360 miles of Gr. Strs., Base & Surf. from Jct. FM 1770 to Crews on Highway No. FM 382, covered by S 488 (3), in Runnels County, will be received at the Highway Department, Austin, until 9:00 a. m., Nov. 22, 1955, and then publicly opened and read.

Let Us Give Thanks

The Pilgrims came to a new land where they could live with dignity and self-respect. The principles of individual liberty they cherished became the foundation of our constitutional form of government which has made this country strong and great.

On Thanksgiving Day let us rededicate ourselves to preserving the freedom which is our priceless heritage, and which has brought us good things of life in great abundance. And let us be thankful it is our privilege to live, to work, to worship and to pursue happiness in a society of free men.

To a benevolent Creator for many blessings let us give thanks.

TO EACH HIS OWN—Students approach unique on-campus religious facilities of Brandeis University, Waltham, Mass. The three modernistic structures house chapels for each of the major faiths represented among student enrollment. Believed to be the only such installation in the United States, it includes, from left: Berlin Chapel (Jewish); John Marshall Harlan Chapel (Protestant); Bethlehem Chapel (Roman Catholic).

bach, of Winters, are parents of the bride. The bridegroom is the son of Mr. and Mrs. Fred Liberda, of Ganado. The bride's grandparents are Mrs. A. J. Zappe and Louis Afflerbach, both pioneer residents of Ballinger.

White chrysanthemums were on the altar which was lighted by cathedral tapers in bronze sandalabra. Baskets of white mums were at each side.

Mrs. Sim Cottle, organist, and Mrs. Chester Afflerbach, soloist, presented the wedding music. Solos were "Ave Maria" and "Pani's Angelicus."

Given in marriage by her father, the bride wore a colonial style gown of white embroidered nylon and tulle styled with a molded bodice, and a low, scalloped neckline. The pointed sleeves were buttoned at the wrist. Tiers of tulle ruffles peeked from beneath the overskirt of scalloped lace. Another tulle ruffle in back formed the train. Her waist-length veil of white tulle cascaded from a white satin bandeau embroidered in pearls and edged with white net ruffles. She wore a strand of pearls, a gift from the bridegroom, and pearl earrings. She carried a white satin covered prayer book topped with a white orchid bouquet. The earrings and prayer book belonged to the bride's mother, who died in 1945.

Robert E. Dornak, of Jourdan, cousin of the bridegroom, was best man, and groomsmen were John Hughes, of Houston; Mike Mitchell, of Edna; and Stan Psenick, of Mathis, brother-in-law of the bride. Earl Frels, of Ganado, and Albert Uchak, of Jourdan, were ushers.

At the reception in the home of the bride's parents at Winters, Mrs. Max Lewis registered guests. Mrs. W. H. Craven served cake and Mrs. Frank Johnson served coffee. Mrs. P. L. Harrison was in charge of the gift display. Others in the house party were Mrs. John Gardner and Mrs. Billie Holland.

A bronze mum arrangement reflected in a mirror decorated the mantel. The bride's table was laid with a white linen cloth. White mums in Cambridge glass containers formed the centerpiece. The three-tiered wedding cake was topped with a miniature bridal couple.

Bronze mums decorated the coffee table in the den, where the gifts were shown.

For the wedding trip to New Orleans, the bride wore a navy flannel suit with shocking pink collar, hat and purse. Her shoes were navy and her corsage a white orchid.

Mrs. Liberda was graduated from the Winters High School in 1952. She attended St. Joseph's Academy at Abilene and completed her junior year at Incarnate Word College, San Antonio, where she was a member of Kappa Lambda Kappa. The bridegroom is a graduate of Ganado High School and St. Mary's University at San Antonio, where he was a member of Rho Beta Gamma. A year and a half of his two years service in the army was spent in Korea. He is now employed by the Goodyear Service Store at San Antonio.

Miss Afflerbach, LeRoy Liberda Wed at Church
A morning ceremony united

The doubling ring vows were exchanged at a 9:30 Nuptial Mass Friday morning in St. Mary's Catholic Church of Ballinger. The Rev. Robert Vrettau, O. M. I., officiated.

Mrs. Stan Psenick, of Mathis, was her sister's matron of honor. She wore a bronze taffeta princess gown styled waltz-length with low scalloped neckline and short scalloped sleeves. Her hat was of cinnamon col-

ored sequins. Bridesmaids were Miss Patricia Zappe, of Ballinger, cousin of the bride; Miss Frances Dornak, of Jourdan, cousin of the bridegroom; and Miss Wanda Clark, of Winters. Junior bridesmaid was Sharron Afflerbach, of Ballinger, cousin of the bride. Bridesmaids were identically attired in gowns of gold taffeta, styled similar to that of the matron of honor. The junior bridesmaid was gowned in bronze taffeta and her ruffled bandeau was of iridescent taffeta. All the attendants carried colonial bouquets of bronze mums and matching satin ribbons.

ALWAYS A HELPING HAND — Often forgotten by others, prisoners are always remembered by The Salvation Army. Army personnel regularly carry the gospel message of hope to men and women in jails in dozens of Texas cities. The Salvation Army also provides parole service in many areas of Texas, giving counsel and guidance each month to more than a thousand ex-prisoners. This work in helping resume a useful place in society is only one of the many services rendered in Texas by The Salvation Army, which is represented locally by a Service Unit Committee made up of volunteers who carry on the welfare program of the Army. You help support this service as well as many others of The Salvation Army when you give.

SPORTS

The Ballinger Bearcats come to the end of the season tomorrow (Friday) in the all-important game with the Winters Blizzards at Bearcat Field. A win for the Bearcats will cinch a tie for the district position and because the locals whipped the Brady Bulldogs, would be chosen to represent the district

in future games. The Ballinger team holds an edge over the Blizzards in comparative scores, having beaten the Brady and Coleman teams, which defeated the Winters boys. However, when the Ballinger and Winters teams clash there is no "dope"—the game

is played on even terms until the final whistle. The Blizzards showed plenty of strength last week in defeating the Comanche Indians and will be gunning for the Bearcats in an effort to knock them off first place. Game time is 8:00 p. m. and the sideline color will show about 7:30. Winters fans have asked for reserved seats on the southern side of the field and a big crowd is expected. Should the Ballinger team

win and be designated to represent the district, it will run into trouble the first week. According to information, the district 7AA entry will meet the mighty Breckenridge Buckaroos in the first bi-district tilt. For years the Bucks have been one of the strongest teams in the state. Last year they won the state championship in AAA. This year they had to move back into AA. Last year the Breckenridge lads defeated the Abilene Eagles, who went on to take the state AAAA com-

petition. Ballinger fans should pimented on their driving. Returning home from the game at Coleman, cars were kept in line and none exceeded the speed limit. Every driver seemed satisfied to follow the car in front of him, and as a result there were no wrecks. The '55 Bearcats have developed into one of the best football units ever to represent Ballinger.
