At the Texas . . .

Producer-director Arthur Lubin here has ventured into the quicksand paved realm of period comedy, accompanied by Ginger Rogers, Barry Nelson, Carol Channing, David Brian and Ames Arness as principals in "The First Traveling Saleslady," to show Sunday and Monday at the Texas Theatre.

In spite of this impressive and marquee worthy support, he has fared no better than the many other top men in his profession who have found it frustratingly difficult to make yesterday's people seem real to today's people, and practically impossible to make them seem real and funny at the same time.

The man who spends all his time worrying about what other people think about his seldom lives a happy life.

At the Hillcrest . . .

"The Proud Ones," a Twentieth Century-Fox CinemaScope western which relates with gusto to the first knuckling-under of gun rule to the command of a town marshal, opens tonight, Friday and Saturday at the Hillcrest Drive In Theatre with a top cast of stars. Robert Ryan, Virginia Mayo, and Jeffrey Hunter are co-starred with Robert Middleton. Walter Brennan heads the featured cast.

At the Horseshoe . . .

Joan Crawford is starred in Columbia Pictures' "Autumn Leaves" at the Horseshoe Drive In Theatre Sunday and Monday, as a woman who discovers the cost of love. Considered by Hollywood one of the most unusual love stories in years, "Autumn Leaves" also stars

handsome newcomer Cliff Robertson, Vera Miles, Lorne Greene and Ruth Donnelly.

Famous for her portrayals of glamorous creatures in luxurious surroundings, Miss Crawford reportedly offers a complete change of pace in "Autumn Leaves," appearing as an attractive, lonely woman who weds a man younger than herself only to see their ecstatic romance bog down under the suspicion that he is a pathological liar and perhaps, even worse.

**WEST TEXAS
NOTES**

Future Farmers of America at Meivin have been busy the past two weeks buying sheep and other animals for the McCulloch County commercial feeding project. A large number of sheep will be included in the program this year and several boys have purchased calves which they have had weighed-in and started on feed. In addition to the feeding project, the boys will also enter some of the animals in the spring livestock shows in that area.

A large number of school teachers from district II met in Brownwood Saturday for the annual workshop. The sessions were held at the Hotel Brownwood and Miss Onita King of Lockhart was consultant. A large number of timely topics were discussed with specialists on each in charge of the round table sessions. Special entertainment was provided by the music departments of the Brownwood schools.

The City Council at Brady held a special session last week marked streets with all houses numbered is an asset to any town and it is a shame that there are some who would destroy such civic projects which were made possible for the good of everyone.

Members of Company I, 142 infantry, Ballinger's national guard company, perform many civic duties outside their regular line of duty. They are called upon many times to assist with policing and they always do an excellent job. This fall they are assisting at all local football games and have men in uniform at each game to assist local police with keeping order, parking cars, handling traffic and other jobs. The company is a real asset to Ballinger. Their payroll is good for the town and each year thousands of dollars are spent by members which they earn through the unit. It provides military training for youth so they can remain at home and on the job with exception of two weeks each summer. Company I is worthy of every local support that can be given them.

In recent months the members have been trying to raise funds to furnish and equip their day room. The next time they stage a benefit for this cause, help them complete this part of their modern armory.

The Ballinger Chamber of Commerce needs more members who are willing to pay dues and devote their time to projects which require work. Tom Caudle is making one of the best managers the chamber has had in many years and under his leadership many things can be accomplished with a larger membership and an increased budget to provide funds for a fulltime job. A plan has been devised for giving all local people an opportunity to line up with this organization, become a dues-paying member and also get in the harness and work on projects which are good for Ballinger and Runnels County. Every town and community needs some group to work for the civic betterment of the area and in places such as Ballinger only a chamber of commerce can do the job. There are a number of vital things which Ballinger needs and most of these have been included in a work program for future accomplishments. While a chamber of commerce takes the lead in major jobs, it requires the full force of all the people to get the job done. It is for this reason that local people who are not cooperating will be given an opportunity this fall to line up with the chamber and start working for the things that are needed in Ballinger. Join and have a part in the future growth of your town.

A number of years ago the Ballinger Rotary Club put over a fine civic job here when they placed steel street markers at all intersections and urged all people to see that the proper number was placed on their house. Today many of these markers have been destroyed until it is getting hard to find some sections of the town easily. These markers were installed on two-inch pipe with the marker at the top showing both the street and the avenue. Some have been completely uprooted, others have had the steel markers broken, some are completely missing. Most of this has been just vandalism, a few destroyed by traffic and a few stolen. Those who deliver now find it hard in some areas of the town to find the right block and they also report that a good number of houses have no numbers showing. Property

placed in the post office. As soon as the wheat certificates are processed, office workers will start on the cotton certificates.

The City Transportation Company at Abilene received informal permission from the City Commission last week to discontinue service on Sundays. An ordinance is being prepared on the subject which will be presented to the next meeting of the commission. Before passing the ordinance the city manager has called upon the presidents of all three colleges in Abilene asking what effect the change of service will have on students.

SOCIAL SECURITY LAW AFFECTS LOCAL FARMERS

One important change made in the social security law by the 1956 Amendments will directly affect many farmers and ranchers in the Ballinger area, according to E. M. Bowers, manager of the San Angelo District office.

For taxable years ending on or after December 31, 1956, a self-employed farmer or rancher whose gross income from self-employment is not more than \$188, may use for social security purposes either his actual net or 2 1/2% of his gross farm income. If his gross farm income is more than \$188 but his net farm earnings are less than \$1200, he may use either

his net or \$1200. If his gross farm income is more than \$1800 and his net farm earnings are \$1200 or more, he must then use the amount of his actual net earnings in computing his self-employment tax. Bowers stated that this provision will enable low income farmers and ranchers to build more protection for themselves and their families under social security. Order book in triplicate, 40 cents. The annual Erath Free Fall Fair was held in Stephenville last week and declared a big success by the officers of the association. Crowds were good all during the fair and the exhibits and shows were the best in recent years. Members of the board of directors will meet soon and prepare a statement of the receipts and expenses of the 1956 show. The entertainment program at the fair was one that helped to attract huge crowds for the entire week.

Announcement has been made that the annual band marching contests for Region 2 will be held in Winters on December 8. The contests are expected to bring some 3,500 school musicians to town for the day along with many parents and others who help transport the band groups. Announcement of the designation of Winters for the marching contests was made by executive committee for Region 2. Concert playing and sight reading contests for bands of the area will be held in Abilene in April.

The Parent-Teacher Association and school officials at Paint Rock have started plans for the annual Halloween Carnival to be held there on October 27. This annual program is one of the best attended of any staged by the schools. The program will offer an evening of entertainment for all ages. It also provides food for those who wish to eat at the carnival and an opportunity for various contests and games.

Mary Haynes, Comanche County 4-H club girl, went to Dallas last week-end where she appeared in the annual dress revue. She was awarded the trip after winning the district revue held in Stephenville in August. Judging at Dallas was done by four specialists. After the showing before the judges, the girls in the contests modeled in the Woman's Building at the State Fair on Saturday morning for the general public.

The first soil bank money for Coleman County farmers was released there last week-end when a number of certificates were received on the wheat acreage program. The certificates were mailed directly to the farmers as soon as they were checked in the office. The manager of the ASC office stated that a new group would be mailed each day as fast as they could be checked and

Social Security Changes Affects Nations Workers

Editor's Note: This is the first in a series of stories on the 1956 Amendments to the Social Security Act, prepared for this paper by Ed. Bowers, Manager of the San Angelo district office. Readers may want to clip these articles and thus have a complete file on what the new law does and does not provide.

Congress deliberated for almost two years before making changes in the Social Security Act which became law when President Eisenhower signed the bill on August 1, 1956. The far-reaching changes in the law will affect every American family. This series of short

articles is intended to give you information that will enable you to determine the importance of the Amendments of 1956, to you and your family.

Retirement and family insurance payments will be payable beginning with November of this year to women at age 62. The benefits for women workers and the wives of retired workers will be at a reduced rate before age 65. Payments to widows and the dependent mothers of deceased workers will be paid at age 62 without a reduction.

Another important change in the law provides for the payment of disability insurance at age 50 to those who become unable to work because of extended sickness or accident. These payments will first be paid for July, 1957, to those over age 50, who have had extensive social security coverage.

Lawyers, dentists, osteopaths, veterinarians and chiropractors are now under the law in 1956, like other self-employed persons. Self-employed medical doctors are still excluded. Members of the armed forces of the United States will be covered by the law like other employees on January 1, 1957. Important changes were also made in the law as it applies to farmers and agricultural workers.

These, and other interesting provisions of the amended law, will be explained in detail in this series. In the next article, you can read about the new benefit for women under the subject—Reduced Age for Women.

FARM BUREAU BACKS CLASSING OF COTTON

Efforts of Farm Bureau leaders in Texas to insure accurate classing of cotton by the government now has the wholehearted support of the American Farm Bureau Federation.

Charles B. Shuman, president of the American Farm Bureau Federation, has announced the reactivation of the APBF cotton committee to give specific study to the establishment of a non-governmental cotton classing review board for the purpose of reviewing controversies over cotton classing.

This action is a direct result of efforts of the Texas Farm Bureau leaders to obtain accurate classing of cotton by the government's Smith-Doxey services. Following a hearing at Waco, the House Agriculture Committee promised that the Congress will act immediately after it convenes in January to get a "light spot" classification for cotton put in the government loan.

Shuman also revealed that the APBF cotton committee would also study the question of whether present grades adequately reflect the value of machine-picked cotton and whether the producer interest is adequately represented on the International cotton grades committee.

Some men are real sure they are right until the time comes to back their opinion with real money.

Bearcats Tie Chiefs 6-6 For Big Crowd Friday

The Ballinger Bearcats and the Lake View Chiefs fought to a 6 to 6 draw Friday night before a large crowd of fans at Bearcat Field.

The game was interesting from many angles and saw a fired up Lake View team take over in the first half to control the ball most of the time and hold the Bearcats to only two first downs while they were chalking up 8 and piling up much yardage on the ground and in the air. The Bearcats were able to hold in the tight places and came off the field at the half with the score still 0 to 0.

Coming back in the second half the Bearcats uncorked an offense that rolled over the Chiefs and held on to the ball most of the time.

The Bearcats scored early in the third quarter when Lake View received the kick-off and was jolted loose from the ball on the Chief's 30 yard line. Jerry

Candler, Carrol Edwards and Rodney Flanagan pushed the ball to the four yard line from where Flanagan went over for the counter. Carrol Edwards attempted the extra point which was wide of the uprights.

Lake View rallied and after being stopped on the next kick-off on their own 14 yard line, started a drive which went all the way. Jerry Lay carried over from the four yard line for their only score of the night. Clifford Bly attempted the kick for the extra point which was blocked.

The Bearcats again drove to the Lake View 5 and looked as though they were header for that touchdown which would ice down the game. The big blue line held and the ball went over to Lake View to end the threat of the Bearcats for the night.

The Chiefs had a little heat on statistics for the night. In rushing they gained 243

yards to the Bearcat's 188. In passing the Chiefs attempted 8, completed three for 76 yards while the Bearcats threw six and completed 3 for 32 yards. Each club lost one fumble. The game was practically free from penalties with only one being assessed and that for clipping against the Lake View team.

BEARCAT QUARTERBACK CLUB MEETING TUESDAY

The Bearcat Quarterback Club met Tuesday night at the high school auditorium with a good crowd present.

It was voted to hold the meeting early next Tuesday because of a quartet concert in the auditorium at that time. The meeting will be held at 7 p. m. in the school library.

The members also voted to provide supper for the B-team after the game at Trent on October 20.

Pictures of the Lake View-Ballinger game last Friday night were shown at the close of the program.

A report was made showing 250 members in the club for this year.

Winters To Host Garden Clubs In Tuesday Meeting

The Fall meeting of District VIII, Texas Garden Clubs, will be held in Winters on Tuesday, October 16.

Guest speaker will be Mrs. E. F. Simpson of Memphis, Tennessee, national flower show judge, lecturer and instructor of Flower Arrangements and Flower Show Practice. Her subject will be "Design and Color in Flower Arranging."

Other outstanding speakers will appear on the day's program, which will be held at the Winters' city auditorium.

Executive board meeting will be held between 8 and 9 a. m. in the city hall in Winters. The district meeting will begin at 9 a. m. and continue until about 3 p. m.

Noon luncheon will be served at the Lutheran Church. Each member will furnish a door prize to be given during the luncheon.

An antique show arranged by the Winters club, of which Mrs. O. D. Bradford is president, will

be a special feature.

Mrs. R. Grady Bowdry of Stamford, district governor, will preside. Following the business meeting, a workshop will be conducted. State and national theme is "Contemporary Landscaping" and speakers will talk on "Principles of Landscape Design." Mrs. C. W. Carter of Abilene, district chairman of Landscape Design and Plant of Texas, will speak.

In the horticultural division, Mrs. G. B. King of Albany, district chairman of Special Plant Societies and a national rose judge, a rose consultant of the American Rose Society, who grows roses for testing, will speak on "Growing and Showing the Specimen Rose." She will give instructions on growing to show, grooming, stage of opening, as well as how to grow them in this section.

Mrs. Lucy Rollwitz, chairman of the sacristy committee, gave a report on Altar Linens. The society voted to serve breakfast to the children on the first Saturday of each month following mass and prior to Christian Doctrine School. Mrs. M. L. Hodges served doughnuts last Saturday.

The society will sponsor a pancake supper at the parish hall on November 6. Mrs. H. J. Zappe will be in charge of kitchen arrangements. The president will name the general committee at a later date. Young women of the parish are invited to attend the November meeting at which time Father Ryan will be the speaker. Mrs. Evarist Seidel gave a brief discussion on "Preparing for the Priest's Visitation to the Sick and Dying." Mrs. John McGrath and Mrs. Harold Mueller served refreshments. Others were: Meses. W. J. Curtis, D. J. Goetz Jr., Alton Seidel, Zappe, Charles Olsak, T. Gaurine, Al Kohutek, C. T. Moonen, James Mueller, Dale Baird, Hodges and Miss Mary Kre.

MRS. ETHEL HAYLEY BURIED AT SNYDER

Mrs. Ethel Pearce Hayley, 76, the first white child born in Runnels County, died at 2 p. m. Sunday in the Cogdell Memorial Hospital at Snyder. She had been ill for the past two weeks.

She was married to W. L. Hayley in Ballinger in 1899. The couple lived in a number of West Texas Counties and moved to Snyder in 1944. He passed away in 1949.

Funeral services were held at 4:30 p. m. Monday at the First Methodist Church and burial was in the Snyder Cemetery.

Mrs. Hayley was born March 2, 1880 on Valley Creek in Runnels County. When she was one month old, Mr. Pearce moved the family to Runnels City so the children could attend the first school started in the county. He also started the first post office.

The Pearce's three room house and a saloon were started at the same time as two of the first permanent buildings at Runnels. The Peaces rented a front room to the county in which court sessions were held, another room was used for the post office and the third provided living quarters.

Decedent moved to Ballinger when she was 7 years old and her father opened the Pearce Hotel, a landmark at Ballinger for many years. She was correspondent for a number of newspapers in the early day and has provided much information for a historical account

of the pioneer days in this county. Survivors are a daughter, Mrs. Frank Strom, Snyder; two sons, Hubert Hayley, Lufkin; Holiday Hayley, Tyler; three sisters, Mrs. Bird Hamilton and Mrs. Fred Henry, Houston; and Mrs. Olive McFarland, San Angelo.

EARLY SUNDAY SERVICE FOR ROWENA OCTOBER 14

The morning service of the Zoar Evangelical and Reformed Church of Rowena will be changed to 8 a. m. Sunday in order to permit the Rev. O. P. Schroerliuke and some members of the congregation to attend the dedication of the new buildings of the Eden Home for the Aged at New Braunfels at 3:00 p. m.

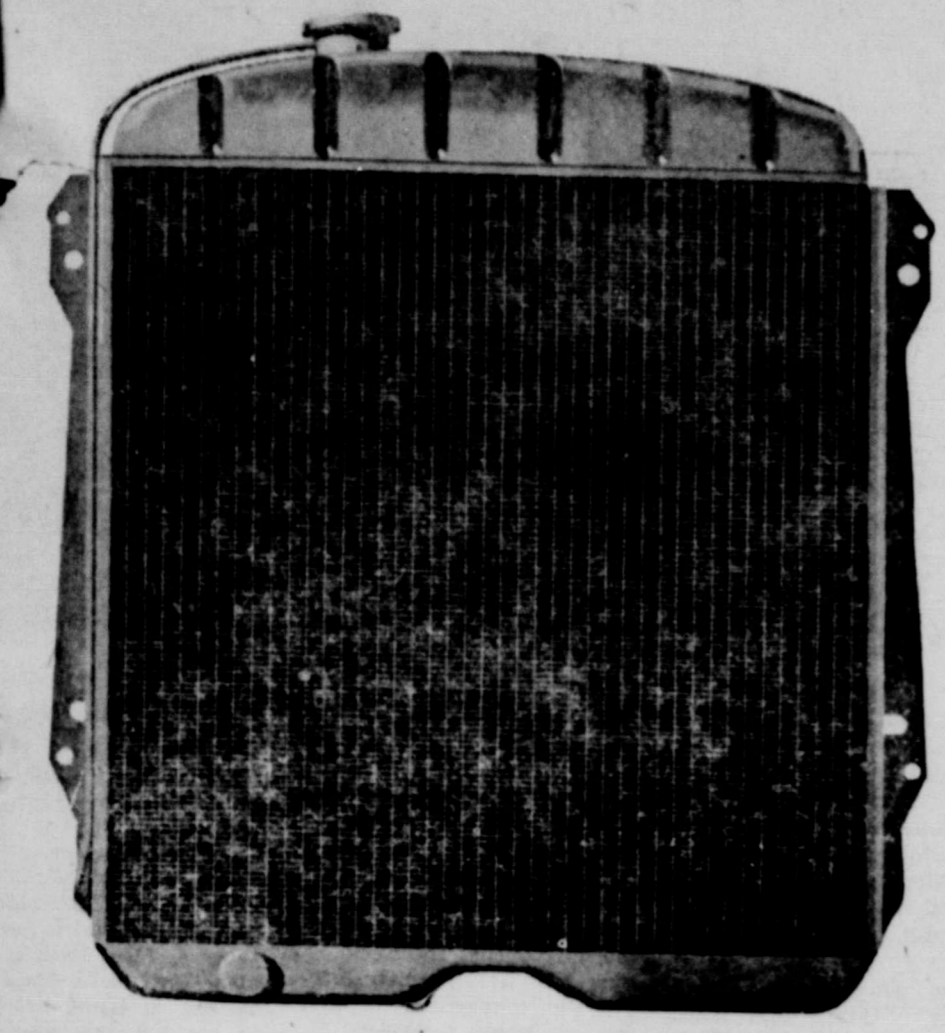

The home is being relocated from San Antonio where it has

served for more than forty years. Some 65 elderly men and women will be provided for. Those able to walk will have individual rooms, others will be cared for on a hospital basis. There is no restriction as to church affiliation and usually about one half are church groups other than Evangelical and Reformed. The home is the property of the Texas Synod and has been erected at a cost of \$400,000.

It may be straight-bourbonese, but it sure makes you see crooked.

But you'll get it replaced FREE if you have

***HOW TO MAKE SURE YOUR FIRST ANTI-FREEZE COST IS YOUR LAST!**

- Any time before Nov. 15 any participating Chevron Dealer will give your car's cooling system a thorough free check to make sure it's watertight.
- He will add a new filling of Atlas Perma-Guard to protect against zero cold — or lower if you wish.
- He will give you a signed agreement that your protection will be maintained until May 1, 1957.
- Then, if a later radiator check shows that, through any cause, you've lost 5* or more of your anti-freeze protection, a Texas or New Mexico Chevron Dealer will add enough Perma-Guard free to restore your original protection.

Leaky radiator or boil-over won't cost you a penny for anti-freeze replacement under this unique money-saving plan.

It's a new way to buy the finest non-evaporative anti-freeze — **ATLAS PERMA-GUARD** — and get all-winter radiator protection at no extra cost.

Once your Chevron Dealer has made sure your cooling system is watertight and installed Perma-Guard to protect against zero cold, he'll give you a **signed agreement** that it will cost you nothing to maintain that protection right through the winter — whether you lose 5* or all of your protection through radiator damage or any other cause!

Why not get your Perma-Guard plus Certified Radiator Protection **now**, and save waiting in line at the first cold spell?
