Hunters Urged to Note Rules

Nearness of happy hunting days for Texas hunters are indicated as the Parks and Wildlife Department distributes the new 1964-65 hunting digest to sporting goods stores and license deputies.
And the local game warden recommends that you pick up a free copy of the game laws and examine regulations for the county where you intend to hunt.
For instance, an easily overlooked item might be the definition of a buck deer. In some counties in the state, having regulatory responsibility, a buck is defined as a deer with a hardened antler protruding through the skin. Not so, says the warden in Harrison County. Due to a special law, a buck deer in Harrison, to be a legal buck deer, must have at least one pronged antler.
So it will pay to read before you shoot.

Methodist W. S. C. S.

On Monday evening at 7:30 o'clock the Home Builders, Henry and Pioneer Circles of the Methodist Church met at the church for a social meeting. The guests were greeted by the hostesses, Mrs. Virgil Johnson, Mrs. R. J. Thomas and Mrs. W. L. Johnson.

The program leader, Mrs. R. J. Thomas, led in the singing of "Sweet Hour of Prayer." Then, Mrs. Fred Wehba gave a devotional prayer after which Mrs. Thomas used the Lord's Prayer as the basis for her devotional meditation. "The Purpose and Goals of the Woman's Society of Christian Service" was given by the president, Mrs. Allen Sanders.

Mrs. Newell Hofmann sang a special song, "Christopher Robin Is Saying His Prayers." Then, Mrs. Moody Bursley gave a very timely discussion on "Love or Perish," as seen by Dr. S. B. Blanton, as the answer given to people who have problems.

The closing prayer was given by Mrs. Virgil Johnson.

Refreshments were served by Mrs. W. L. Johnson pouring punch and assisting were Mrs. Thomas and Mrs. Johnson. The lovely serving table was laid with a white linen cloth. An arrangement of fall fruits surrounded by a lighted candle in gold glass was at one end of the table, while the punch was served from the opposite end of the table with cookies, nuts and mints.

The next meeting will be a business meeting for members of all circles on Monday, Sept. 14, at 3 p. m. at the church.

West Side H. D. Club

"How about comparing your rough road with others you see on life's highway. Would you change places and burdens with someone else? Try watching out for some traveler who is having more trials than you are. Listen to others. It helps them and you," stated Mrs. Dwayne Boren in the program of the West Side H. D. Club when it met in the home of Mrs. E. A. Boren Tuesday, Sept. 8, with Mrs. Charlene Wishon, president, presiding. The opening exercise was a poem, "A Secret," read by Mrs. Jim Henry. Ten members answered roll call with "my first school." The president appointed a nominating committee: Mrs. Ruth Thomson, Mrs. S. H. Ross and Mrs. Oscar Gentry. Officers are to be elected next meeting. After refreshments, the club adjourned to meet with Mrs. Ruth Thomson Sept. 22. The program will be "new ideas in sewing," by the agent.

TEXAS PRESS ASSOCIATION

Austin, Tex.—"Interbasin diversions," the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on September 21. Speakers are Frank Raab of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin diversion to solve some water problems.

Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also Houston has signed

Mr. and Mrs. Leotis Roberts spent the Labor Day week end in Detroit visiting his daughter, Mrs. Charles Sharp, and husband, Mrs. E. H. Roberts of Thalia accompanied them as far as Fort Worth where she visited relatives.

Mrs. Elmo McClellan of Lubbock, Mrs. Eek Gillespie of Stamford and Mrs. Doug Buchanan of Post have been here this week visiting their sister, Mrs. D. R. Magee, and husband, and attending to business.

Mr. and Mrs. Lynn Boyett and baby, Tammy, of Garland and Mr. and Mrs. Paul Johnson and children, Paula and Richard Ray, of Garland spent the Labor Day holidays with their parents, Mr. and Mrs. R. C. Johnson.

A baby daughter, Dana Lynn, was born to Mr. and Mrs. Glenn Carroll of CeeVee in a Childers hospital Thursday, Sept. 3. Mr. Carroll is the son of Mr. and Mrs. Claudius Carroll and Mrs. Carroll is the daughter of Mrs. L. R. Werley, all of Crowell.

Mr. N. A. Denton made a trip to Waxahachie last week to visit her daughters, Marolyn and Carolyn, and move them back into the dorm where they will attend college. Marolyn will attend the AGC there and Carolyn is moving to Arlington where she will attend the State University there.

Mr. and Mrs. Oran Ford returned Monday of last week from a trip which took them across Texas and eleven other states: New Mexico, Arizona, California, Oregon, Washington, Idaho, Montana, Wyoming, Utah, Colorado and Oklahoma.

Card of Thanks

We wish to express our sincere and grateful thanks to our friends who sent flowers, cards, food, and for each visit to our home during our recent bereavement. For the kind words of sympathy, the prayers and many other deeds extended to us at this time of sorrow, we cannot find words to express our appreciation.

Down Town Bible Class

Rev. John Hooker, new pastor of the Assembly of God Church, taught the lesson at the Sunday morning meeting of the Down Town Bible Class. There were 29 men present.

In the opening exercises, Misses Ella Ann Cates and Frances Cates sang a duet, accompanied by Miss Lanette Lemons who also played for the group singing led by Rev. Clarence Bounds. Dick Todd presided.

a contract with the Trinity River Authority to move Trinity water to Houston.

Interbasin diversion will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, southward to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD

An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of six per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuses of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans.

"Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insureds," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs."

A spokesman for one company charged that criticism of rolling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control." NAII claimed the order discriminates against Texas policyholders, and that the board had no authority to adopt it.

OUT OF THE RED

State government ended its 1963-1964 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year-end figure since 1949. "It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five

years of deficits still are fresh on his memory. One year the State ran \$110,000,000 in the red.

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000, compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000 compared with \$1,400,000,000 the previous year.

General economic growth of the state, the federal income tax reduction designed to prime spending; and removal of the \$10 clothing exemption from the state sales tax were seen as largely responsible for the bigger yield from that levy.

CABINET MEETINGS RESUMED

Governor Connally has resumed his schedule of unofficial "cabinet" meetings with top state agency heads.

He started the sessions last October, but had to discontinue them when he was wounded by the same assassin who killed President Kennedy.

Last week's meeting was held in the offices of the Texas Education Agency. Emphasized was overall operations and financing of public schools. A general discussion of Agency problems with the governor followed.

HIGHWAY HURRY-UPS ASKED

Citizens from San Antonio, Corpus Christi and the counties which connect them asked the State Highway Commission to "hurry up" and schedule work on a proposed Interstate Highway between the two cities so that construction will be completed by 1968.

That is the year when San Antonio will produce the HemisFair, Padre Island National Seashore will be in full-scale operation and Mexico City will host the World Olympics. Nueces County Judge Noah Kennedy Jr. said, "We would just like to be in a position to swap tourists with the city of San Antonio."

"Hurry-up" urgings also were heard from Valley leaders who

preuded with the Highway Commission to hasten construction of the Valley Expressway (US 83) because the current system of routing traffic on access roads is hazardous.

Lower Rio Grande Valley Chamber of Commerce vice president Jack H. Drake of Westlake told commissioners the Valley death rate has risen 40 per cent this year—compared to a statewide rise of 18 per cent—because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 17-mile section of the expressway within the city limits of Mercedes.

ANTI-MOSQUITO CAMPAIGN

Spurred by the spread of encephalitis, state, county and city officials all over Texas are conducting a vast campaign against mosquitoes, according to State Health Commissioner J. E. Peavy.

Although much of the war against the disease carriers is waged constantly in areas which have tax-supported districts to combat disease-bearing insects, extra measures are being taken in many places, including Houston, where 75 two-man spraying crews are at work.

Dr. Peavy said that as of Sept. 1, a total of 474 cases of encephalitis and 19 deaths had been reported from Houston; 41 cases and five deaths in the Upper Plains region; and a smattering of suspected infections in other counties.

He said the 1964 epidemic has been the worst since 1954, when close to 1,000 cases—most in South Texas—were reported. In a "normal" year, only 50 to 75 cases develop.

Dr. Peavy said he feels that the intensive anti-mosquito campaign, and the advent of cool weather will combine to beat down the disease, which is dwindling somewhat.

TRAFFIC SURVEY FUNDS CHALLENGED

A new attorney general's opinion holding that counties cannot spend their funds for traffic surveys required to obtain future federal highway aid has confused state highway administrators.

Problems presented by the opinion were outlined to the Attorney General's office. But a revision of the opinion was not officially requested, according to Carr's aides. Thirteen counties now are participating in the financing of detailed traffic surveys on a 15 per cent local share basis. They are Cameron, Dallas, El Paso, Galveston, Harris, Jefferson, Lubbock, Orange, Potter, Randall, Smith, Tarrant and Webb.

Although cost of the studies is

relatively minor, they are important to Texas' 22 metropolitan areas. They must be under way by next July if federal aid to the urban centers is to continue. Cities in nearly half the areas are picking up the local bill, without help from counties. If the opinion stands up, city governments may have to take over in the other 13 counties.

Churchill Said:

Winston Churchill once said: "If you will not fight for right when you are sure you will be sure and not too costly; you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival."

Mrs. Roberts added, "We had several memorials which were appropriately acknowledged. Our water bill was out of bounds and we'd urge those using water, either pay for it or be conservative in its use."

TEXAS PRESS ASSOCIATION

Austin, Tex.—"Interbasin diversions," the process of moving water from where it is to where it is needed, is being talked about more and more in Texas where half of the state's water supply is centered in the eastern one-seventh of the state.

It will be the topic of three speakers at the Association of Western State Engineers in Austin on September 21.

Speakers are Frank Raab of Oklahoma, David Hale of New Mexico and William Warne of California. All three are water officials in states which have turned to interbasin diversion to solve some water problems.

Some moving already has taken place in Texas. In the Trinity watershed, for instance, Dallas is completing a pipeline and treatment plant for moving Sabine River water from Lake Tawakoni to Dallas. Also Houston has signed a contract with the Trinity River Authority to move Trinity water to Houston.

Interbasin diversion will become the subject of more conversations for Texans when the U. S. Bureau of Reclamation releases its pending report. It proposes a 400-mile canal to move surplus water from the Sabine and Neches basins, southward to link all major rivers in Texas and meet the needs of the Gulf Coast to a point below Corpus Christi.

Gov. John Connally has asked the Texas Water Commission to speed up water planning to seek alternatives to the Bureau of Reclamation's forthcoming proposal. But the commission is strapped by the bounds of a budget inadequate for such a study, unless the 1965 Legislature increases its funds.

INSURANCE INTEREST CHARGE UPHELD — An effort by the Allstate Insurance Company to knock out the State Board of Insurance order requiring a minimum charge of six per cent interest on insurance premiums paid by installments has failed.

Board said it found nothing in the hearing to change its mind. It reported that abuses of Texas laws, prohibiting inducements to prospective policyholders and prohibiting discrimination between policyholders, were taking place under deferred payment plans.

"Net costs of handling premium payments financed by insurance companies at cut-rate interest, or no interest, will ultimately be paid by all insureds," said Board Chairman Hunter McLean. "Those electing deferred payment plans should bear such costs."

A spokesman for one company charged that criticism of ruling by the National Association of Independent Insurers laid the groundwork for "an attack on the Texas rating system and policy control."

NAII claimed the order discriminates against Texas policyholders, and that the board had no authority to adopt it.

OUT OF THE RED — State government ended its 1963-1964 fiscal year on August 31 with a fat general revenue fund balance of \$73,000,000.

It was the brightest year-end figure since 1949.

"It looks better than it has for a long time," beamed State Comptroller Robert S. Calvert. Five years of deficits still are fresh on his memory. One year the State ran \$110,000,000 in the red.

Calvert declined to speculate on the amount of surplus which will be available for legislative appropriation.

Governor Connally predicted earlier that the general revenue surplus may reach \$80,000,000 next year. Despite the abundance of money, the Governor said the Legislature likely will have to pass a new tax bill or amend the existing rates in 1965. This because of demands for more spending in education and other areas.

Calvert noted three factors in the favorable fiscal 1964 close-out: a \$24,000,000 increase this year over 1963 in general sales tax revenues; an \$8,000,000 jump in the auto sales tax; and a \$3,000,000 crude oil tax increase.

Comptroller's report showed state revenue collections during 1964 were more than \$1,600,000,000, compared with \$1,500,000,000 in 1963. Expenditures totaled \$1,500,000,000 compared with \$1,400,000,000 the previous year.

General economic growth of the state; the federal income tax reduction designed to prime spending; and removal of the \$10 clothing exemption from the state sales tax were seen as largely responsible for the bigger yield from that levy.

CABINET MEETINGS RESUMED — Governor Connally has resumed his schedule of unofficial "cabinet" meetings with top state agency heads.

He started the sessions last October, but had to discontinue them when he was wounded by the same assassin who killed President Kennedy.

Last week's meeting was held in the offices of the Texas Education Agency. Emphasized was overall operations and financing of public schools. A general discussion of agency problems with the governor followed.

These sessions have a two-fold purpose: to analyze workings of departments one by one; and to familiarize the governor and other officials with mutual problems.

HIGHWAY HURRY-UPS ASKED — Citizens from San Antonio, Corpus Christi and the counties which connect them asked the State Highway Commission to "hurry up" and schedule work on a proposed Interstate Highway between the two cities so that construction will be completed by 1968.

That is the year when San Antonio will produce the HemisFair; Padre Island National Seashore will be in full-scale operation and Mexico City will host the World Olympics, Nueces County Judge Noah Kennedy Jr. said. "We would just like to be in a position to swap tourists with the city of San Antonio."

"Hurry-up" urgings also were heard from Valley leaders who

pleaded with the Highway Commission to hasten construction of the Valley Expressway (US 83) because the current system of routing traffic on access roads is hazardous.

Lower Rio Grande Valley Chamber of Commerce vice president Jack H. Drake of Weslaco told commissioners the Valley death rate has risen 40 per cent this year—compared to a statewide rise of 13 per cent—because of accidents on the access roads adjacent to the expressway route.

Commission immediately authorized construction of a 1.7-mile section of the expressway within the city limits of Mercedes.

ANTI-MOSQUITO CAMPAIGN — Spurred by the spread of encephalitis, state, county and city officials all over Texas are conducting a vast campaign against mosquitoes, according to State Health Commissioner J. E. Peavy.

Although much of the war against the disease carriers is waged constantly in areas which have tax-supported districts to combat disease-bearing insects, extra measures are being taken in many places, including Houston where 75 two-man spraying crews are at work.

Dr. Peavy said that as of Sept. 1, a total of 474 cases of encephalitis and 19 deaths had been reported from Houston; 61 cases and five deaths in the Upper Plains region; and a smattering of suspected infections in other counties.

He said the 1964 epidemic has been the worst since 1954, when close to 1,000 cases — most in South Texas — were reported. In a "normal" year, only 50 to 75 cases develop.

Dr. Peavy said he feels that the intensive anti-mosquito campaign, and the advent of cool weather will combine to beat down the disease, which is dwindling somewhat.

TRAFFIC SURVEY FUNDS CHALLENGED — A new attorney general's opinion holding that counties cannot spend their funds for traffic surveys required to obtain future federal highway aid has confused state highway administrators.

Problems presented by the opinion were outlined to the Attorney General's office. But a revision of the opinion was not officially requested, according to Carr's aides.

Thirteen counties now are participating in the financing of detailed traffic surveys on a 15 per cent local share basis. They are Cameron, Dallas, El Paso, Galveston, Harris, Jefferson, Lubbock, Orange, Potter, Randall, Smith, Tarrant and Webb.

relatively minor, they are important to Texas' 22 metropolitan areas. They must be under way by next July if federal aid to the urban centers is to continue. Cities in nearly half the areas are picking up the local bill, without help from counties. If the opinion stands up, city governments may have to take over in the other 13 counties.

Saturday, September 12, is "Straw Vote" election day for Sheriff, Tax Assessor-Collector.

I sincerely solicit your vote for this office!

will serve to the best of my ability if elected and each vote will be appreciated.

W. F. (SHOOTIE) BRADFORD

Mr. and Mrs. Oran Ford returned Monday of last week from a trip which took them across Texas and eleven other states: New Mexico, Arizona, California, Oregon, Washington, Idaho, Montana, Wyoming, Utah, Colorado and Oklahoma.

Card of Thanks

We wish to express our sincere and grateful thanks to our friends who sent flowers, cards, food, and for each visit to our home during our recent bereavement. For the kind words of sympathy, the prayers and many other deeds extended to us at this time of sorrow, we cannot find words to express our appreciation.

Mr. and Mrs. George Johnson Sr. and Family. pd.

Down Town Bible Class

Rev. John Hooker, new pastor of the Assembly of God Church, taught the lesson at the Sunday morning meeting of the Down Town Bible Class. There were 29 men present.

In the opening exercises, Misses Ella Ann Cates and Frances Cates sang a duet, accompanied by Miss Lanette Lemons who also played for the group singing led by Rev. Clarence Bounds. Dick Todd presided.

ATTENTION, FOARD COUNTY VOTERS

I am taking this opportunity to let the people of Foard County know that I am a candidate for the office of Sheriff, Tax Assessor and Collector. I feel that I am qualified to fulfill the duties of this office; and your vote and influence will be sincerely appreciated in the election on September 12th.

To the People of Foard County:

I am sincerely asking for your vote and support in Saturday's "Straw Vote Election." If elected, the only promise I make to you, the people of Foard County, is that I shall serve you to the best of my ability in an impartial manner as your Sheriff, Tax Assessor-Collector.

I worked closely with Percy the seven and one-half years he served in this capacity; and in the short time since my appointment, I feel I have shown you I have an efficient and competent working office. I would appreciate the opportunity to continue to serve you, and I will devote all my time in discharging the duties of this office.

Thank you,

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, Sept. 13, 1934, issue of The Foard County News:

One of Crowell's early landmarks is being torn down this week. It is the old livery stable building one block west of the square. This old structure once housed one of Crowell's leading business institutions and in the days before the automobile, it held the position in the community now taken by leading garages.

An excellent general rain fell over Foard County Sunday night and Monday morning, amounting to 1.3 inches at Crowell and averaging about the same over the county as a whole.

Dallas has been named as the location of the central celebration in 1936 of the Texas Centennial, the exposition to commemorate a century of independence.

A deal has been completed by the Humble Oil & Refining Co., whereby it has leased 35,000 acres on the Frank Patton ranch in King and Knox counties from the owner, Ed Bateman.

Bill King of Foard City and Miss Dorothy Mapp of Crowell were married Sunday at Frederick, Okla.

Mr. and Mrs. Rudolph Hofmann and son, Robert, of Lockett and Mr. and Mrs. Roy Hofmann visited friends in West Rayland Sunday.

A new room is being added this week to the two-room house occupied by the Good Creek teachers.

Dale Jones of Foard City and Venson Hall of Black spent Saturday night and Sunday with Elton Carroll of Gambelville.

Several representatives from Crowell, including city and county officials and others, will attend a general meeting at Vernon Friday afternoon on the Pease River dam project.

Crowell's new first graders are Clara May Adalote, Ross Adams, Frances Ann Ayers, Elise Black, Mary Lou Bias, John Calvin Carter, Willie Sue Carter, Bobby Cooper, Billie Jo Copeland, Billy Jo Dunagan, Billy John Edwards, Richard Ferguson, Bonnie Jo Franklin, Elsie Halenack, Marian Hays, Marilyn Hays, Doris Evelyn Johnson, Pansy Ketchersid, Mary Nell Mars, George Ann McFarland, Billy McKown, Billy Jean Meek, Mildred June Morris, Eulalia Nichols, Faye Oldham, J. C. Patton, Dorothy Pechacek, Paula Plunkett, Billy Pyle, Ruth Ribble, Marie Sanders, Avalon Jane Smith, Edgar B. Spears, Billy Joe Taylor, Dorothy Mae Teague, Frankie Vanek, Travis Vecera, Lenna Bell Williamson, Herman Wright, Virginia Mabe.

The senior class of Thalia High School met last Thursday and elected the following officers: Donald Chapman, president; Douglas Adkins, vice president; Judy Jones, secretary-treasurer; Eunice Banister, reporter.

Relief checks, representing allotments to Texas counties for the first half of September, were being mailed Tuesday. Total money sent the counties in this allotment will be a little less than \$2,000,000.

Car Dunked, But Is Okay

Routine of a state park crew covers everything from joy to tragedy. Some of the latter was converted into the former the other day at Blanco State Park, reports Ranger Billy J. Smith. A San Antonio woman drove up to the river bank, quickly stepped out to embrace the scenery and then glanced backward to see her car, its brakes unset, disappear into the Blanco River. A wrecker quickly retrieved the vehicle. After it dried out in the hot sun, the woman tried the engine. It sputtered and started. The embarrassed visitor quickly drove away without identifying herself.
