### 214 Bales Cotton Ginned in County

Charles Dunham of the Texas Employment Commission office in Vernon reported that 214 bales of 1964 cotton have been ginned thus far in Foard County.

At this date last year, the four gins of the county had already processed 1,739 bales.

One of the reasons given for the slowness with which the 1964 crop is being ginned, is that, due to the drought, the crop is extremely short this year, and rather than pay for defoliating the crop, many farmers are waiting until frost in order to save the expense of defoliating.

first Southern Assembly presented by Art Jennings, a charming clown. Mr. Jennings had the ability to hold the attention of everyone. He charmed the smaller children with his funny acts and inspired the older ones with his good advice in regard to driving, to studying, and to becoming successful. He stressed three important things for success in life: to read, to study, and to think.  
Even though Mr. Jennings is now acting as a clown on the Southern Assembly programs, he is a lecturer, artist, philosopher, and business man. An outstanding accomplishment is his famous Story Book Forest at Ligonier, Pa., which he designed and built. His name is a name well known to many people; CHS students are glad to be added to the list of those who have met him.

**This Is CHS**

Rickey Traweck attended the Tech-Baylor game Saturday. Bob Shyroce made his yearly rounds this week to CHS to let the seniors choose their invitations. The 1965 class made a beautiful, though expensive choice. Just wait until you see them.  
CHS will surely miss Sandra Weathered for the next few weeks especially at ball games. Sandra, who was injured in a car accident Oct. 10, will remain in the hospital for six weeks and then be in a brace for six months. Karen Shirley is acting as drum major of the Wildcat band during Sandra's absence. Our thoughts are with you, Sandra.  
An enthusiastic pep rally was held in the high school gymnasium last Thursday. Izzy Fisch gave a "boosting" speech to all the football boys to encourage them to overrun the Turks.  
The 1965 seniors had the pleasure of sitting on the ducking stool at the Lions Club carnival Monday, Tuesday and Wednesday nights. Thanks, everyone, for your support.  
"This is a poor way to get at-

full force in the fourth quarter. Seeing action for the first time this season because of injuries, Paul Campbell dashed 33 yards for another Wildcat touchdown. Clifton kicked the extra points. My little brother Randy Smith ran 25 yards for the sixth touchdown. (You will have a new sportswriter next week if he keeps his promise of breaking my neck for putting his name in this column.) Looney made Crowell's final touchdown with a 25-yard run. Clifton again kicked the extra points, making the score 47-0 with 2 minutes, 7 seconds remaining in the game. Many Crowell reserves gained experience in the last half.  
Crowell plays Archer City this Friday night at Archer City in the big game of the season. Archer City has been picked the winner of District 11-A. All Crowell fans should go to Archer City to help the Crowell Wildcats upset the Archer City Wildcats.

**Seniors Participate in Survey**

Tuesday, Oct. 20, the seniors participated in a survey made by the Ohio State University to determine whether the present form of "Tests of General Education Development" should be replaced by a new form.  
The tests are being developed for the United States Armed Forces Institute and for the American Council on Education. Each of the two-hour tests was on interpretation of literature. The students found the tests to be an "eye opener" for they had not known that a knowledge of rhyme and rhythm of a poem, the kinds of figures of speech, the authors of literary selections, etc., would appear on tests to determine one's educational ability as required by the armed services. It is further proof that to be educated, one must have a basic knowledge of many varied fields.

**English Committee Announces Theme**

The Texas Joint English Committee for Schools and Colleges has announced the theme for 1964 English teachers to be "strengthening the effectiveness of the English teacher." The theme includes three areas: (1) structural linguistics applied to composition and literature, (2) better writing through better reading, (3) teaching human values in the classroom.  
Participation in the effort to improve the teaching of English is to be stressed in three levels: secondary schools, colleges, and universities.

ed as treasurer of the club. The next meeting will be Oct. 21.

**A Visit to the Fair**

On Friday night, Oct. 16 after the ball game, some fifty students left for the State Fair at Dallas. They arrived on the fairgrounds at 4:15 a. m.; after the sun had risen, they strolled around until the exhibits opened at 9 a. m.

"Everyone learned something, but some learned more than others," was the remark made by Mrs. James Welch, one of the sponsors. Other sponsors were James Welch and Terry Garrett. Class mothers attending were Mmes. Cecil Carpenter, June Looney and Patsy Hammonds. Allen Taylor and Geo. Fox served as bus drivers. The students wish to thank each of these for the wonderful supervision.

A huge crowd of 385,000 attended the fair last Saturday. Of particular interest were the Ice Capades. Beautiful costumes and spectacular lighting added much to the skill of the artists. Some of the other interesting exhibitions were the wax museum, a display of new automobiles, electric building, and the gas building. Rides enjoyed by the group were the double ferris wheel, roller coaster, Swiss sky ride, bumper cars, and the wild mouse.  
Everyone rejoiced when he arrived at the Travis Hotel late Saturday afternoon to relax before going back to the fairgrounds until 11 p. m. A tired but happy group arrived in Crowell about 6 p. m. Sunday.

Reports were made in regard to the payment of dues and the drawing up of a constitution. Tickets for the hootenanny will go on sale October 23. In order that the "little ones" may visit you to get their "treats," the time for the hootenanny has been set at 8 p. m., so plan to complete your evening of Halloween fun at the CHS Hootenanny.

The Spanish Club was honored royally in the home of President Dan Mike Bird on Monday night, with a supper which consisted of enchiladas, ensalad, frijoles, and te. **Wildcats Slaughter Turks 47-0**

Friday night, Oct. 16, was the Wildcats' night to shine, and shine they did when they defeated the class B Turkey Turks at Wildcat stadium in a non-conference game. One reason for the 47-0 victory was the fact that five of Turkey's starters were unable to play because of previous injuries.

Dan Mike Bird ran Crowell's first touchdown. The try for extra points failed. Then with 1 minute and 35 seconds left in the first quarter, Steve Kralicke made the second touchdown for the Wildcats. Again the attempt for extra points failed, putting Crowell ahead 12-0 in the first quarter. During the second period, Lee Looney ran the touchdown; then he ran the extra points. Mike Payne made the fourth touchdown with Ronny Clifton kicking the extra points, resulting in a 27-0 halftime score. No touchdowns were made during the third quarter, but the Wildcats came back

**Juniors Take PSAT**

Last Tuesday, 15 juniors took the Preliminary Scholastic Aptitude Tests approved by the College Entrance Examination board, a non-profit organization whose school and college members cooperate in developing services to help high school students. The charge for the test was .75 each.  
The PSAT is a preliminary test for the students who in their senior year will take the SAT (Scholastic Aptitude Test) of the CEEB, a requirement for entrance into such schools as Texas Tech, University of Texas, TCU, North Texas, etc. The test measures two kinds of scholastic ability—verbal and mathematical. Studies show that these abilities are essential to successful work.

Ken Ferguson and Toye McCurley were appointed as a committee to be in charge of other arrangements.

It was decided that each class would nominate a candidate for CHS King and Queen to be crowned as a highlight of the hootenanny.

Reports were made in regard to the payment of dues and the drawing up of a constitution.

Tickets for the hootenanny will go on sale October 23. In order that the "little ones" may visit you to get their "treats," the time for the hootenanny has been set at 8 p. m., so plan to complete your evening of Halloween fun at the CHS Hootenanny.

Wednesday, Oct. 14, the Pep Club met in the gymnasium for a regular meeting.  
The president, Betty Welch, presented the proposed constitution and the girls voted to accept it. Materials for pom poms were given out, and the girls were urged to make signs to be placed in the high school halls prior to a game. To complete the slate of officers, Marilyn Cates was elect-

asked Bill Klepper, co-owner and publisher of The Foard County News, to brief us on the publishing of his paper. He came to school last Thursday, Oct. 15, and as he explained how a line of print was molded, he distributed to each of us a slug which read, "Journalism Class, CHS, 1964."

After briefing us, he took us to the News office to further explain the technical processes. He told us that each column in his paper is two inches wide and that the standard height of each letter is .918 of an inch. Each week the paper is laid out in molds; each word is stamped out on a mold of lead. About 600 pounds of lead are used each week in publishing the local paper, each page averaging about 75 pounds. "This is the first year," Mr. Klepper said, "that we have bought newsprint made in the United States. Approximately 1600 sheets are used in one week." The name of each subscriber to the Foard County News is stamped on each paper by use of a mailing machine. We, the Journalism Class, want to express our appreciation to Bill Klepper for acquainting us with news publishing and to T. B. Klepper for publishing weekly "The Wildcat."

**CREDIT RECORD:**  
 second to none!

Supplying plenty of low cost electricity to rural Americans is just one of our big jobs. Another equally important function, we believe, is paying our own way in the nation's economy. We think we've done this mighty well, and here's why:

Even though we serve widely scattered consumers, America's Rural Electric Systems — 1,000 strong, across the land — have already paid over \$1 billion in principal and interest on their \$3 1/2 billion in REA loans.

Best of all, every penny of this billion dollars — paid into the U. S. Treasury — came from the light bills of the consumer-owners of these rural electric! This, we submit, is a credit record second to none — another reason why we say that rural electrification is good for all Americans!

Austin, Tex.—An increase of \$107,000,000 in state expenditures for higher education and doubled tuitions in state colleges and universities is proposed.

Texas Commission on Higher Education recommends a \$457,100,000 budget for upper level institutions during the 1965-67 biennium. Figure includes \$307,500,000 for 22 state-supported senior colleges and universities.

Tuitions under the Commission's recommendation would be hiked from \$50 to \$100 a semester. Last increase was in 1957, when the rate was raised from \$25. If the Legislature approves this hike, revenues would be boosted \$33,000,000—leaving some \$74,000,000 more needed from tax funds.

Overall budget increase of 45.2 per cent would permit a 23 per cent faculty salary raise. Previously, the Commission had asked a \$5,900,000 supplemental appropriation for faculty salaries.

Commission also recommended "phasing out" Texas Southern University's law school.

**CONNALLY GETS NEW JOB** — Gov. John Connally returned from the Southern Governors' Conference in San Antonio with a new honor and a new assignment.

Already chairman of the National Democratic Governors' Caucus, he was unanimously elected chairman of the Southern Conference of chief executives.

In a three-day session, the governors discussed a variety of state problems and adopted 14 resolutions. Among the latter was one urging a federal constitutional amendment to permit states to take other factors than popula-

tion into consideration in reapportioning their senates. Resolution was aimed at nullifying a U. S. Supreme Court decision ordering both houses of state legislatures apportioned on the basis of population alone.

Three governors blocked action on Alabama Gov. George Wallace's resolution calling on the federal government to leave operation of public schools entirely in the hands of states.

**TEXAS BIDS FOR NATIONAL CONVENTION** — State Democratic Committee has authorized Chairman Marvin Watson of Daingerfield to enter a bid for the 1968 Democratic Convention in Texas.

Watson will name a committee to consider possible host cities.

**COURTS SPEAK** — Court of Criminal Appeals ordered a new trial for a man convicted of murder, because his attorney filed an appeal after the deadline. Court heard argument that the trial attorney for the defendant lacked sufficient experience.

Third Court of Civil Appeals heard pleas that the new state loan shark law was applied unconstitutionally in an Austin district court. Court had ordered package store owner E. L. Parker to stop lending money at rates over 10 per cent without a license.

State Supreme Court upheld an appellate court's "time is of the essence" ruling in deciding the contract contest between Concord Oil Company of San Antonio and Alco Oil and Gas of Illinois. Court said termination of the contract by letter held precedence over a telephone promise to "wait and see."

**TEXTBOOK PROTESTS AIR-ED**—Witnesses protesting adoption of three high school biology textbooks charged that evolution is an atheistic, unscientific and materialistic theory that should not be taught in public schools.

State Textbook Committee took protests into consideration after a public hearing. Actually, eight books on the list were opposed. Principal targets were the three books developed by the National Science Foundation.

**OIL PRODUCTION FIGURE SET**—Texas Railroad Commission set oil production for November at 28.4 per cent of potential. Figure represents a slight increase over October, which was limited to 2,860,000 barrels daily under a 27.9 per cent of potential order.

**MENTAL HEALTH PLAN COMPLETED** — A statewide citizens committee has approved a new program of mental health services.

Earlier, a steering committee had recommended creation of a single agency—Texas Department of Mental Health—to administer state-financed mental health services, including all mental hospital facilities.

Missing pieces in the Texas plan included facilities, financing and administration.

Hale County Judge C. L. Abernethy, chairman of the 112-member general planning committee, said efforts will be stepped up between now and next January to inform the public and officials about the recommendations which will be submitted to Governor Connally and the 59th Legislature.

**PARK LAND ACQUISITION URGED** — Parks and Wildlife Commission Chairman Will Odom said Texas may lose up to a third of its park land during the next 80 years because leases are expiring.

Odom called for a program of land acquisition to prevent loss of needed acreage when he spoke at the State Conservation Conference.

Earlier, he had lauded Gulf States Marine Commission for efforts to develop the fishing industry and bring sea resources to the public for general benefit.

**WATER NEEDS TALKED** — Atty. Gen. Waggoner Carr told Texas Water Conservation Association all units of government must work with private enterprise and individuals to assure a water supply adequate to meet Texas' needs.

Brig. Gen. R. H. Free, commander of U. S. Army Engineers, said Texas must have an overall program of water development.

**SCREWORM BATTLE BIG SUCCESS**—The screwworm eradication program, which was conceived by individual livestock producers in Texas and later embraced by State and Federal animal health authorities, now is such a

**Ed Zak Transferred by TWA to Long Beach, Calif.**

Ed Zak, son-in-law of Mr. and Mrs. Hubert Brown of Crowell, and resident representative for Trans World Airlines at the Renton, Wash., plant of Boeing Aircraft for a number of years, has been transferred by TWA to Long Beach, Calif.

Zak, whose official title was director of aircraft acceptance, went to Boeing in mid-June of 1956 to work with TWA's 707 procurement program. During his stay, 70 Boeing jetliners—including 13 727s—were delivered to TWA.

Mr. Zak's new job will be the same as in Washington, but he will be accepting twin-jet liners for TWA which are manufactured by Douglas Aircraft in Long Beach.

The TWA representative went to Washington following a four-year stint in Paris, where he served TWA's superintendent of maintenance for its international division. Zak traveled extensively throughout Europe, North Africa, the Middle East and the Far East while on this assignment.

During his more than 20 years with TWA, Zak handled a variety of maintenance and inspection assignments for the airline and also worked with publications and manuals. He began his career with TWA as an aircraft mechanic in Amarillo, Texas.

Zak, his wife, Juanita, and their 11-year-old son, John, have resided in Bellevue, during his Washington assignment.

Boeing and airline officials feted the popular TWA representative at a farewell party. Highlights included the presentation of a "This Is Your Life" picture album and the presence of a surprising number of Ed Zak "doubles."

He has established his office in Long Beach, and Mrs. Zak and John will move shortly.

big success that only 102 cases of screwworm infestation have been reported in Texas this year. This compares to 3,000 by this time in 1963, and 50,000 cases in the last half of 1962.

According to Dr. Seymour J. Smith, State supervisor for the sterile screwworm plant in Mission, the picture is even brighter than those figures indicate because reporting of cases by farmers and ranchers has improved more than 100 per cent.

**EMPLOYMENT UP** — Employment statistics from the Texas Employment Commission shows a big increase in August. There were 3,322,300 jobholders in the non-farm category in July, compared with 3,325,600 in August. More significant was a drop in unemployment: 152,500 were looking for work in August, compared to 159,500 in July, and 174,500 in August of 1963.

**CITRUS CROP UP** — Texas' 1964-65 citrus crop will be four and a half times greater than last season's 740,000 boxes, reports USDA's Crop and Livestock Reporting Service.

CLRS estimated a 3,400,000-box fruit crop for the coming season, including 2,400,000 boxes of grapefruit and 1,000,000 boxes of oranges.

Widespread showers and heavy rains in the Falcon Reservoir watershed of the Lower Rio Grande Valley were credited with assuring proper fruit sizing.

**ONE THOUSAND AND ONE REASONS WHY EVERY RED-BLOODED TEXAN SHOULD VOTE FOR LYNDON JOHNSON FOR PRESIDENT:**

The first and most important reason is that Lyndon Johnson is, undoubtedly, the greatest leader the world has ever produced either in ancient or modern history aside from Jesus Christ. Some will counter that Moses did a wonderful job leading the children of Israel out of Egyptian bondage, and he did, but after crossing the Red Sea they dwelled in the wilderness for forty years, and I am quite certain that had it been possible for him to have called in Lyndon Johnson that the children of Israel would have taken possession of the promised land in from four to six months.

The next reason, in point of importance, is that President Johnson is a real TEXAN, born and reared in our own beloved state. He is our own TEXAS SON in whom we each and every one should be well pleased and pray that every living being in the United States would HEAR YE HIM, and go to the polls and VOTE for him.

Day and Night provide no more contrast than Lyndon Johnson and Senator Goldwater. In fact a vote for Mr. Goldwater is a vote to go back to the dark ages of 1930. I can well remember at that time thousands of young men were just out of college with their degrees but walking the highways, hitch-hiking from city to city trying to find a job but there were no jobs to be found. Our banks were folding and closing just like popcorn popping and every bank in America would have closed if we had not elected another Great Democrat. Remember that the ideals of Mr. Hoover were just the same as those of Goldwater and those ideals will still produce the same conditions as those of the dark ages of American History.

Let us resolve that we are NOT GOING BACK TO THE DARK AGES but that we are going FORWARD with President Johnson to mark the next eight years as the greatest time in the History of the world. He has reduced our taxes, increased our Army, Navy and Marine forces, has commanded the highest respect throughout the World and the World is in less danger now of nuclear warfare than at any time in the last fifteen years.

Can you think of even one reason why any Texan should draw a line through the name of Lyndon B. Johnson? If you are a person 60 years of age or older, do not cut off your nose to spite your face, but go to the polls and vote for President Johnson even if you have to crawl to get there. No, don't crawl, just call and we will see that someone comes to get you and carries you back. If you are a working man or woman, do not make the fatal mistake of voting for a man who has voted for NOTHING that would help make business. If you are in business, do not make the fatal mistake that could put you out of business and into BANKRUPTCY. If you are a young couple with a fine group of children in school or college, do not make the fatal mistake that will make it impossible for them to obtain an education, but a vote for our President will provide them with an opportunity to obtain all the education they desire, as our President has and will have a great educational program, and one available to all who are willing to work as he did to obtain his education. If you are a farmer or rancher, never forget that a Goldwater administration would be of the Old Hoover School. Things began to get bad in 1929, they became worse in 1930, but it was in 1931 that the tragedies of life really became manifest, as that was the year your fat hog or your choice milk-fat steer calf sold for two cents a pound and your wheat brought you eighteen to twenty-two cents per bushel after you hauled it into town, and remember there were no jobs in the country or city to be found; the old and the young were crying in hunger for bread, sons and daddies were seeking in vain to provide for their families and many took their own lives. All of this sounds bad, but bear in mind that a Goldwater administration could be of the same kind. If you are either white, black or brown, if your religion is either Protestant, Catholic or Jew, the best thing on earth for you to do is to GO TO THE POLLS AND VOTE FOR PRESIDENT JOHNSON, who will help us all to live together in love instead of dividing us in Hate, City against Country, Labor against Management, and on and on. VOTE FOR a world leader, a man of compassion and sincerity, one who will make good every promise he utters either public or private, a good samaritan who, when he was in Pakistan put his arm around the humble camel driver and said, "Buddy, come to America, and I will take you down on my little Texas ranch and we will kill and barbecue the fatted calf," and he did just that when the camel driver came and the world will never forget this great gesture of friendship and love.

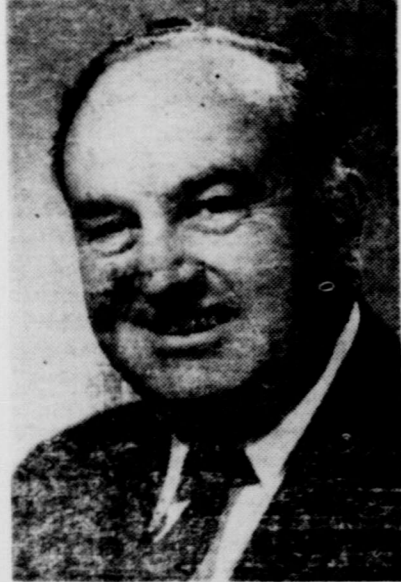

Some may call my attention to the wisdom of King Solomon and ask if I really think that President Johnson has as much wisdom as King Solomon did, but I can answer that question in the affirmative, for you remember that King Solomon had seven hundred wives, princesses, and three hundred concubines, but our great President has bestowed all of his love and compassion on just three lovely country women, namely, Lady Bird, his only wife, and Linda Bird and Lucy Baines, his daughters, all of whom we are all so proud to have in our White House. Yes, they are all three wonderful Texas girls about whom every ambassador from all over the world when entertained in the President's office or in the White House will exclaim, "Oh, the Half has never yet been told of the Greatness and the Wonders of America."

How I wish that every living person who reads this letter could have known President Lyndon Johnson as I have known him for the past twenty-five years, for I am sure that History will record the things about this great and wonderful world leader twenty-five years from now that I have written in this letter.

## Adelphian Club

A fitting devotional study, "Tell Me a Little More About Your God," was told by Mrs. Curtis Barker as she introduced the theme of study for the Adelphian Club when it met at the club house on Wednesday, October 14.

"Communism" was the subject for discussion by a panel composed of Mrs. Glyndon Johnson, leader, Mrs. Robert Kincaid and Mrs. Gordon Erwin. Mrs. Johnson spelled out the means by which communists are taught to overthrow existing non-communist govern-

ments; in all countries, including this one, they are active and use every means to undermine the government. Information records; a phenomenal growth for them; twelve countries have been taken in sixteen years, which enables them to occupy 25 per cent of the land area of the world. From the lowest grade level to the universities, students are indoctrinated in communist philosophy and are taught not to question its logic.

"What can we do about communism?" asked Mrs. Johnson. "Do not join an anti-communist crusade, for in most instances they are wholesale sowers of suspicion. We believe in the divine origin and inherent worth of every person, so the greatest blow to communism would be to strengthen the fiber of the family and of democracy and to avoid the snares of materialism. Discrimination and injustice must be removed. Democracy is only as strong as citizens make it; Chris-

tian citizenship counts."

Mrs. Ray Shirley, legislative chairman, presented the three amendments which will appear on the November 3 ballot. She discussed the issues as seen by both the proponents and opponents.

Hostess for the occasion was Mrs. Henry Borchardt who was assisted in serving by little Miss Jan Reeder. Twenty members were present. Mrs. Glenn Chambers was present for the first time as a new member.

## Columbian Club

"Education in Our Community" was the topic of a talk presented by Henry Black, Crowell School superintendent, to members of the Columbian Club Oct. 14 when they met in the home of Mrs. Clarence Bounds.

He quoted from a thesis written 32 years ago by I. T. Graves which listed 15 schools in Foard County.

He reported several equipment additions to the school. The speech department, added to the high school this year, serves more than 60 pupils in 3 classes. The superintendent said the school hopes to be able to offer speech therapy classes soon. This is the type of education benefit for which the Crowell system has consistently been low scored by the Texas Education Agency. The local educator explained how the new student lounge has met a real need.

The study hall and library are being modernized.

Three inspectors from the Texas Education Agency are expected to visit the school in December. The choir is working to pay for its robes, and Columbian Club members were urged to back choir projects.

The board is investigating the local need for a class for exceptional children, he said.

The project of the Columbian Club at the school, providing teaching materials for a tutoring class composed of children of Mexican descent, was cited as the sort of thing which civic-minded clubs and individuals can do to help the school.

Mrs. John Ray, vice president, presided at the business meeting. A report was made about the teaching materials bought for the tutoring class.

## Junior Leaders

The 4-H Junior Leaders Club met last Thursday afternoon at 4 at the Community Center with Jean Burkett in charge. Don Statter led in prayer and Bob Bird led in the pledge. There were 37 members present when Joe Burkett passed out membership cards. Jon Ann Carter read the minutes

and called the roll. Pam Carter and Debrah Rasberry led in the songs.

Committees were appointed for a picnic in the north pocket park scheduled for 6 p. m. Saturday, Oct. 24. Hostesses for next week are Jo Driver and Mary Bob Long.

The meetings will be held on the first and third Thursdays of every month. There were four people on the program: Jean Burkett, Janis James, Bob Bird and Joe Ray Burkett. They told about citizenship, and "how you should act in different cases."

## Methodist W. S. C. S.

On Monday night, Oct. 19, at 7 p. m. at the Methodist Church, Mrs. Glenn Chambers gave the introduction to the study, "Beginning of the Biblical Drama," by Charles F. Kraft.

The meeting was opened by the group singing of "Work for the Night Is Coming." Mrs. Virgil Johnson, director of studies, introduced Mrs. Chambers. After Mrs. Chambers had given the introduction, she read the creation story from Genesis. Then she closed by playing a record of the "Story of Creation."

There was good attendance from members of the three circles, Pioneer, Henry and Homebuilders. All women of the community are invited to attend whether they belong to the Methodist Church or to any circle of the W. S. C. S. The time is 7 p. m. each third, fourth and fifth Mondays of the month.

The WSCS says, "The Bible is our most important book. Not only is it a spiritual and moral guide, but most of our culture and laws are based on the Bible."

## Gambleville H. D. Club

"Fruit delight" and "oven doggies" were the two dishes prepared by Mrs. Milburn Carroll as she gave the program on "Quick Meals for Two," at the Gambleville H. D. Club Friday, Oct. 16, meeting with Mrs. James Sandlin. She also gave several recipes and menus for the members present. Mrs. Charlie Bartley, president, presided at the meeting and roll call was answered with a "new recipe I have tried." Mrs. Sandlin gave a reading, "The Fool," for opening exercise. The members also discussed rally day set for Nov. 5 at the community center. Refreshments were served to twelve members and one visitor. The next meeting will be Nov. 6 with Mrs. Glen Shook as hostess.

Mrs. Pittillo plans to represent the local group at Texas Grand Chapter meeting in San Antonio October 26-29.

Making arrangements for the supper were Mmes. Lizzie Kenner, Agnes Dunn, Verda Bell and Thomas.

## Eastern Star

Crowell Chapter No. 916, Order of the Eastern Star, entertained neighboring chapters with a salad supper at the local Masonic hall on Tuesday, Oct. 13, at 6 p. m. Mrs. Vera Thomas gave the invocation.

The ritualistic meeting was directed by Mrs. Alyene Pittillo, worthy matron, and W. R. Moore, worthy patron.

## Senator Moffett Is Honored as 'Man of the Year'

State Senator George Moffett of Chillicothe, a member of the Texas Legislature since 1930 and senator since 1939, has been named "Man of the Year in Texas Agriculture" by the Texas County Agricultural Agents Association. He is one of the six Texans so honored and was nominated by the county agents of Extension District 3.

The awards, according to Thurman Kennedy, Bexar County Agent and immediate past president of the association, recognize those who have given outstanding leadership to agriculture and who, by their achievements, have improved the industry and raised the level of living and economic conditions of those connected with it.

Senator Moffett's tenure in the Texas Legislature is a record itself, but he was especially cited by the Association for his aggressive leadership in agricultural legislation. His vigorous backing of expanded scientific research for new markets for agricultural products has led to the solution of many agricultural problems. Moffett is the author of more constitutional amendments to the State Constitution than any legislator in history, and many deal with agriculture and rural legislation.

Senator Moffett is a Chillicothe native, probably as well known as a farmer as he is a legislator. He works closely with and is allied with those who work to improve agriculture and rural living, including his local county agent.

The Senator is a graduate of Texas A&M University where he specialized in animal husbandry. He is also widely recognized for his church, civic and service club activities.

Presentation of the awards will be made at the Association's annual banquet scheduled for Oct. 29 as a part of the bi-annual conference of the Texas Agricultural Extension Service. The conference will be held on the campus of Texas A&M University.

## Goldwater Rally Stated for Wichita Falls October 24

J. C. Man Jr. of Wichita Falls has announced that a Goldwater Rally will be held at Midwestern University stadium at 5 p. m. Saturday, Oct. 24. Senator John Tower will introduce Senator Goldwater. The Presidential hopeful will make a speech of about 30 minutes.

Mr. Man said this is the first time in the history of Wichita Falls that a presidential candidate has visited Wichita Falls other than for a train station or airport stop. A huge and colorful rally is planned with several bands and other entertainment planned.

## Former Crowell Resident Died in Irving Sunday

Mrs. Ruth Austin Biggs, 51, a former Wilbarger and Foard County resident and wife of an Irving painting contractor, died Sunday at Irving after a lengthy illness.

Funeral services were conducted at 2 p. m. Wednesday at Henderson Funeral Home Chapel with Rev. Walter Light, pastor of the Faith Baptist Church of Duncan, Okla., and son-in-law of Mrs. Biggs, officiating. Burial was in East View Memorial Park.

Mrs. Biggs was born on Nov. 21, 1912, in Vernon, a daughter of the late Carl Austin of Rayland and Mrs. Bertha Mote of Alvord. She attended Five-in-One School and she and D. R. Biggs were married on Sept. 24, 1938, at Henrietta. They lived in Wilbarger County, then at Crowell for two years, prior to moving to San Diego, Calif., in 1941.

Mrs. Biggs was a member of the Baptist Church and Rebekah Lodge.

Survivors include her husband; her mother; three step-daughters, and seven grandchildren.

## Mrs. Mary Moore's Sister Wins Prize with Poem, "Monument"

Mrs. Mary Moore returned Sunday from a two-weeks visit with relatives and friends in Austin, Houston and Dallas.

While in Houston, Mrs. Moore and her sister, Mrs. Abbie Faye Petty attended The Houston Post III annual Book and Author luncheon at the Shamrock-Hilton where they heard book authors, David Westheimer, Elizabeth Janeway and James Silver speak and give some of their experiences as writers.

A poem, "Monument," written

## FOARD COUNTY FARM BUREAU JACK WELCH, AGENT

by Mrs. Petty, won the grand prize in the poetry contest sponsored by the South Texas State Fair Women's Division. The poem is on display during the annual fair in Beaumont Oct. 15-24. Mrs. Petty received inspiration for her poem because of a small headstone in a rural cemetery near Crowell which attracted attention when she was a child.

### REMEMBER WHEN?

"Oh brother, is this contraption ever a monstrosity! Can you imagine finding space to put one of these, or even actually using it? This old 1901 Peck-Williamson water-heating stove and clothes dryer can't hold a candle to the modern, automatic, flameless electric clothes washers and dryers. Besides being completely automatic and flameless, they save so much time and energy. The electric dryer alone saves 3 hours weekly of the housewife's valuable time which she can spend with her family and clothes come out so soft, fluffy, and easy to iron, there's no telling how much time is saved just on the ironing board.

Sixty-three years sure makes a lot of difference. Visit your electric appliance dealer or the nearest WTU office."

**THIRTY YEARS AGO**

Over 50 were present for the banquet of the Farmers and Business Men's Association (Horse Traders' Union) in the basement of the Methodist Church Tuesday evening. The banquet meal was served by the Crowell PTA.

Crowell Wildcats defeated the Matador Bullfighters 40 to 0 at Matador last Friday afternoon.

Rain covered most of Foard County Tuesday with the exception of the western portion. As much as two inches fell in some portions of the Catesville community, southeast of Crowell.

**Uncle Sam Says**

One of America's most serious educational programs is conducted by the Internal Revenue Service. The tax folks attempt to recruit outstanding young college graduates specializing in accounting and other technical skills needed in the various tax specialties. These outstanding young men and women must be trained in the complexities of the tax law in order to carry out the various highly technical tasks of auditing, collecting, and enforcing our tax laws. They have to go back to IRS tax schools throughout their career. If the tax man gets to feeling comfortable with his knowledge, Congress changes the tax law—and if this doesn't put him back in the classroom, it at least puts him to studying all over again.

And some of us wonder why we can't win our argument with the tax man, when we haven't even read the instructions.
