## City Adds 5,750 Feet of New Sewer Lines

### Two New Gas Wells Completed in Thalia Field

Completion of a gas well in the Thalia field has been announced by H. A. Hackathorn. It is the No. 1 C. B. Morris & Co., 1 1/2 miles northeast of Thalia, 330 feet from north and west lines, section 32, Block 8, H&TC survey. Total depth was 1,000 feet with initial production of 1,700,000 cubic feet of gas daily.

Another more prolific gas producer has also been completed in the Thalia field: H. A. Hackathorn No. 2 C. B. Morris & Co., 1 1/2 miles northeast of Thalia, 330 feet from north line, 990 feet from west line, section 32, block 8, H&TC survey. Total depth is 1000 feet with initial production of 3,400,000 cubic feet of gas.

### Census of Agriculture Questionnaires Sent to Foard Farmers

Questionnaires for the 1964 Census of Agriculture are now being mailed out to farmers and ranchers of Foard County, according to Omer Johnson, crew leader in charge of the census in the county. The questionnaires are being mailed early enough so they can be properly filled out before the enumerators begin calling on individual farmers to collect the questionnaires. These visits are scheduled to start on Nov. 30 in this county.

### "Precious Promises of Jesus" Topic at First Christian Church

"Precious Promises of Jesus" will be the topic of R. C. McLeod's message for the Sunday night worship service at the First Christian Church. The services will begin at 7 o'clock. This is the seventh in a series of ten consecutive Sunday night services at the First Christian Church called "Ten Nights in God's House."

### Down Town Bible Class

Twenty-one men were present at the Sunday morning meeting of the Down Town Bible Class and heard Jeff Bell bring the message. Mrs. W. W. Lemons played piano accompaniment for the group singing which was led by Rev. Clarence Bounds.

### Ten-Year-Old Girl to Dance With Dallas Ballet Next Month

In city-wide competition, Miss Christie Caldwell, daughter of Dr. and Mrs. Joe Caldwell of Dallas, was selected to dance as a junior member in Dallas Civic Ballet performances for the 1964-65 season. Christie's mother is the former Miss Betty Barker of Crowell.

Auditions were conducted by Marina Svetlana, former prima ballerina of the Ballet Russe de Monte Carlo and the Metropolitan Opera Company, and by Nathalie Krasovsha, also a noted prima ballerina.

There are thirty junior company members, ages 10-13, selected from all dancing studios in Dallas. Christie is ten and a student at The Cranford House.

Christie will dance in four performances of the "Nutcracker" to be presented at Fair Park Music Hall December 26-27-28 in conjunction with the Dallas Symphony Orchestra. One performance is completely sold out to Texas Instruments for their employees.

Christie is a granddaughter of Roy Barker and niece of Mrs. Howard Bell; and a great granddaughter of Mrs. G. M. Canup, and Mrs. A. W. Barker, all of Crowell.

### Soil Conservation District Supervisors Meet in Crowell

The supervisors of the Lower Pease River Soil Conservation District held their regular meeting on Wednesday afternoon, Nov. 18, at the Crowell State Bank. Attending the meeting were Grady Halbert and Roy Ayers of Foard County and W. C. Howard, J. H. Downey, O. T. Holmes of Hardeman County. Also attending were Doug Cunningham of Quanah and Don Newhouse of Crowell.

The district was represented at the State Soil Conservation District convention at Sherman by W. C. Howard, J. H. Downey and O. T. Holmes. They gave a report of the convention.

The board also made plans to hold a soil judging contest in March for 4-H and FFA teams in the district.

### T. E. Duncan Grows Burley Tobacco Stalk

T. E. Duncan of the Foard City community could be raising his own "smoking" from the looks of the stalk of tobacco he brought to the News office Monday morning.

Mr. Duncan said the stalk, about six feet tall, is burley tobacco, and the seed came from Virginia.

In releasing the auditor's report of the condition of the City of Crowell for publication in this week's News, Mayor Henry Black told of some of the improvements made by the city government during the past two years.

In that period, some 5,750 feet of sewer lines have been laid to serve Crowell customers. Part of the pipe was used in the southwest part of town, and just recently a sewer line has been laid from near U. S. 70 south through the Latin section and part of the Negro section on to the disposal plant. This line serves several customers on the highway, and in the Latin and colored sections.

Mayor Black added that the City hopes to lay more sewer lines in the northwest part of town in the near future.

One and one-half blocks west of the square on California Street, the City has built another small park. Covering about a half-block, the park is bordered in cedars, and a multitude of shrubs and trees have been planted. The entire area has also been planted to grass.

This past summer, the City put into service a new water well in the Margaret field, and laid 1 1/2 miles of pipe at a cost of some \$10,000.00. This well helped keep a plentiful supply of water to Crowell during the long, hot summer and the cost of the well did not result in increased rates for customers.

October Tax Collections  
The City collected \$15,084.19 during October in current taxes, and \$384.73 in delinquent taxes, to make a total of \$15,468.92. The auditor's report will be found on page 4 of this issue.

### Crowell to Host Two T. I. L. Spring Competition Events

Dates for District 11-A Inter-scholastic League spring competition were set in a meeting at Seymour last week, Supt. Henry Black has announced.

One-act play competition will be staged in Crowell on March 30, and science competition will be at Henrietta on March 26. Literary events will be conducted at Paducah on April 9 with Mrs. Dick Todd of Crowell in charge of the typing competition at Paducah.

Crowell will host the west half of District 11-A in tennis competition, with L. H. Wall Jr. supervising. The district tennis competition will be in Holiday April 14. The track meet is also scheduled at Holiday on April 10. Volleyball will be conducted at Arch City on April 12.

## Funeral Services for Guy Bounds Held Wednesday

Guy A. Bounds, 75, died in the Foard County Hospital Tuesday morning following a long illness.

Funeral services were held at 3 p. m. Wednesday from the Crowell Methodist Church, with Rev. Glenn Chambers, pastor, officiating. Burial was in the Crowell Cemetery directed by Womack Funeral Home.

Pall bearers were Luke Hutson of Vernon, Gordon Erwin, Henry Black, Milton Hunter, Ray Hy-singer and Jim Owens.

Mr. Bounds was born Feb. 9, 1889. He worked in the shipyards in California for a number of years. He was a member of the Methodist Church.

He was married to the former Miss Emma Belle Hunter 14 years ago.

Survivors include his wife; one daughter, Mrs. C. H. Pryor of Chico, Calif.; two grandsons; two brothers, Rev. Clarence Bounds and Ray Bounds.

### Two Crowell Men Enlist in Army

Sfc. Maurice A. Wilson, local Army recruiter, announced Monday that two men from Crowell and Quanah enlisted together on Nov. 20 for three years in the U. S. Army. They are Jake Denton Jr., son of Mr. and Mrs. J. B. Denton Sr. of Crowell, and Michael P. Huffman, son of Mr. and Mrs. H. P. Huffman of Quanah.

Pvt. Denton enlisted for duty in the Air Defense Command, and with a guaranteed assignment in the missile base located at Abilene. Pvt. Huffman enlisted for duty in the Transportation Corps.

Both men will go through basic combat training together, and they will receive "Christmas leave from Dec. 19 through Jan. 3. All men enlisting in the U. S. Army will be home for the holidays, Sgt. Wilson said.

Sgt. Wilson also announced that Don Hinkle, 20-year-old son of Mr. and Mrs. Charlie Hinkle of Crowell, left Tuesday morning for Fort Polk, La., where he will take his basic training. Following basic, Hinkle will be assigned to the Abilene missile site.

Hinkle, who attended the Crowell Schools, enlisted for 3 years in the Army.

### Liberal Education Needed for Future Businessmen

Less attention should be paid by America's business schools to the production of technicians and specialists and greater efforts should be made to provide future businessmen with a liberal education, in the view of the Research and Policy Committee of the Committee for Economic Development.

## Crowell Rainfall Totals 1.17 Inches Last Week

### Open House Planned Sunday Afternoon at Methodist Parsonage

The Crowell Methodist Church is inviting all residents of this area to an open house at their new parsonage Sunday afternoon, Nov. 29, from 3 to 5 p. m.

The parsonage, formerly the home of the late Mr. and Mrs. M. S. Henry, has been redecorated inside, and Rev. Glenn Chambers, Methodist pastor, and his family have been living in the new home for several weeks.

### Miss Pam Carter to Enter Twirling Contest

Miss Pam Carter, daughter of Mr. and Mrs. Lorraine Carter, is scheduled to enter a twirling contest at Henrietta later this week. Miss Carter, a talented twirler, has won medals in contests at Lubbock and Paducah, and also has several medals she has won with her twirling routines.

### 166 Poll Taxes Paid

A total of 166 poll tax receipts had been issued to Monday noon by the tax assessor-collector's office.

### Johnson Well Flows 150.47 Barrels in Test

Texaco Inc. has completed its No. 37 L. K. Johnson in Foard County's Choate, North (Cisco K) Field.

During 18-hour test the well flowed 150.47 barrels of 46.1 gravity oil through 18-64-inch choke from two perforations per foot at 3890-96 and 3912-22 feet with 400 pounds pressure on casing and 325 pounds on tubing. Gas-oil ratio was 115-1. Pay was fractured.

Hole was bottomed at 4193 feet and plugged back to 3950 for completion after seven-inch casing was cemented at 4,000 feet.

Producer is 16 miles southwest of Crowell, section 33, block L, SPRR survey.

### 121 Bales Cotton Ginned in Foard County Last Week

In spite of the rains which halted cotton harvest last week, the four gins in the county processed a total of 121 bales.

The total for the 1964 crop is now 1,172 bales. The total reported last week was 1,051 bales.

With the freezing temperatures record here this past week, stripping of cotton can get underway shortly.

### Foard County News Printed on Tuesday

This edition of The Foard County News was printed Tuesday afternoon in order that the rural subscribers could receive their copy Wednesday, instead of Friday. Thanksgiving day is a holiday and the post office will be closed.

### Lions Club Meeting

R. D. Washington spoke to members of the Lions Club at their Tuesday meeting on "God Is Faithful." He also introduced Misses Cindy Chambers, Lela Jo Cates and Frances Cates who sang a special number. Miss Gayle Smith was accompanist.

The club will not meet next Tuesday at noon as the annual club Christmas party will be held on Thursday night, Dec. 3, in the community center at 7 p. m. Each Lion Club member will bring food or a gift for a needy family. Lion Andrew Calvin will be in charge of distributing the gifts to the needy families.

The directors voted to make a donation to David A. Evans in his campaign for third vice president of Lions International next year in Los Angeles, Calif.

The front which kept Foard County under a blanket of clouds the first four days of last week brought an accumulated total of rain to 1.17 inches in Crowell. The rain fell slowly over the period, with .59 being recorded through Wednesday morning. A light mist fell most of the day Wednesday and a heavier shower early Wednesday night added the remainder to total the 1.17 inches.

An arctic front pushed through early Wednesday and cleared the area. The Thursday morning front also brought the lowest temperature of the season with the mercury dropped to the freezing mark early Friday morning.

Most of the county received more rain than was recorded here. The eastern part reported about 1 1/2 inches or more; 2.4 inches was reported in the Vivian community and E. D. Howard of the Foard City area reported that he received 2.5 inches.

The rain halted the cotton harvest temporarily, but assured the small grain crops in the county sufficient moisture for awhile.

Again, the rains fell slowly, and provided little or no water for most of the county's stock tanks, many of which have already gone dry.

### Down Town Bible Class Urges Return of Borrowed Chairs

The Down Town Bible Class issued a plea this week for the return of their chairs which have been borrowed from the community center.

Of the original one hundred chairs bought by the class, only 66 are now at the center.

The class urgently requests that anyone who has any of the chairs to please bring them back.

### Location Made for No. 38 L. K. Johnson

Location for another test on the L. K. Johnson land west of Crowell is Texaco Inc. No. 38 L. K. Johnson, 16 miles southwest of Crowell, 1407 feet from south line, 670 feet from east line, Section 34, block L, SPRR survey.

### Fire in Motor at Laundry Monday

The Crowell Volunteer Fire Department answered an alarm just after noon Monday, when a motor in a washing machine at Bartley Laundry caught fire.

No other damage was reported but the loss of the motor.

### Schools Dismissed for Thanksgiving

The Crowell Public Schools dismissed Wednesday at 2:30 for the Thanksgiving holidays. Classes will resume on Monday, Nov. 30, Supt. Henry Black announces.

Let's Be Thankful

Thanksgiving is traditionally the time for offering thanks to God for all that the year has supplied, but this Thanksgiving we are not only reminded of this, but also that a year has passed since the life of John F. Kennedy was taken. As we offer our thanks to God, we cannot help but be thankful for this man's hopes and dreams that we have seen transformed into laws and policies. Civil rights was said by President Kennedy "to be a moral issue;" although he fought for the passage of this bill, he never lived to see it transacted. The medicare program and the farm policy were two other very important issues to our late President, but it wasn't until after his death that their importance was seen by Congress. Of course, we are thankful for President Johnson who took over the Presidency at a very crucial

time; we're grateful to him and to other politicians for "keeping the peace" during the year. We are also thankful for people such as the Kennedy family who have exemplified the strength and the courage to carry on in time of sorrow.

Aside from material things, what else is there to give thanks for? We could give thanks for these:

For eyes still clear despite the dark. For healthy hearts beating warm despite the cold. For silent sleep and things to do. For love that binds the family fun. For just being.

For all these things, let us give thanks!

Editor's Note

There will be no Wildcat in the December 3 edition of the Foard County News since school will be dismissed during the Thanksgiving holidays.

Senior Personality: Evelyn Fiske

Towering over all the other CHS girls, Evelyn Fiske makes use of every inch or her 6'. For two years Evelyn has been named the best girl athlete in CHS. She has played basketball four years and is captain this year; she also plays tennis. Besides having "brawn," she also has "brains" which cause her to be a very outstanding girl. She studies hard. Result? Outstanding grades! She has been named Who's Who in math and social studies.

This busy 17-year-old daughter of Mr. and Mrs. Henry Fiske is president of FTA, FHA, co-editor of the annual and secretary of the Pep Club. She is also a member of CHS Choir, Drama Club, Forensic League and Spanish Club. When Evelyn has a chance to relax, she enjoys watching Paul

Newman and Deborah Kerr, listening to "Mr. Lonely," eating steak. You probably have guessed that she likes just everything and everybody.

With all of her achievements, we know Evelyn will come out of Midwestern University with top honors to become a good P. E. teacher. Best of luck!

FTA Members Attend District Meet

If you saw two people buzzing around early last Saturday morning, perhaps they were Otis Smith and Mrs. Bursey gathering students who were to attend the District VII FTA meeting at Abilene. Those eleven sleepy members and their sponsor finally left Crowell about 7:15 a. m. After getting Ken Ferguson's "hunger pains" satisfied in Anson, the group arrived at Abilene High School in time to register with some other 100 youth.

The meeting opened at 9:30 a. m. with the district president, Buddy Cox of Abilene presiding. During the business session, the Crowell FTA was recognized by the president and its name was put on the roll as a new member. After the roll call, the 13 girls and 8 boys entering the Mr. and Miss FTA contest gave three minute speeches on the topic, "Explorer in Progress." Each nominee had to have at least an 85 scholastic average and had to have proved himself a leader in his school. Evelyn Fiske and Gayle Smith were delegates representing the Crowell FTA.

Don Jones, from Anson, was elected president of the district. Gaston Welborn from Munday, vice president. After the election of officers, the delegates discussed and voted on corrections of articles in the amendments of the district FTA constitution. Members then attended different workshops for 30 minutes each. Workshops were

provided in the following areas: advisors, cadet teaching, programs, membership, parliamentary procedure, FTA officers, point system, projects, and scrapbooks. The students attained a great deal of information and suggestions valuable to the improvement of their local FTA.

The group attended a luncheon at 12:30 p. m. in the Abilene High School cafeteria. The attendance award was given by Joyce Wende, financial secretary, to Quannah FTA for having traveled the farthest. Musical entertainment was given by a girls trio.

Crowell FTA members attending the convention were Otis Smith, Ken Ferguson, Saunna Martin, Evelyn Fiske, Mike Manard, Rosa Latimer, Shirley Rasberry, Cheryl Thompson, Dena Todd and Gayle Smith with their sponsor, Mrs. Moody Bursey. The group is making plans to attend the state convention in Houston on March 11.

Two Choirs Present Outstanding Program Last Thursday Night

"A Night of Music" fascinated the Crowell residents who attended the first concert given by the school choruses at 7:30 p. m. last Thursday at the high school auditorium.

Wearing their new sky blue choir robes, the High School Chorus, under the direction of Darrell Dick, opened the program with the popular song, "The Happy Wanderer." Singing the solo parts to "Drifting and Dreaming" were Miss Sandra Chowning and Freddie Wehba. After this number, the chorus livened the tempo by singing "Hitch a Ride with the Lord."

To shift the mood to a more serious one, the chorus then sang three "a cappella" numbers: "God So Loved the World," "Adoramus te Christe" and "Beautiful Savior."

Patricia Jackson, a member of the Drama Club, presented a humorous dialogue, "Buying the Turkey." Then, the songs, "It Had to Be You" and "Because" were presented by the "Swinging Singers," Linda Sparkman, Linda Williams, Barbara McGee and Abigail Sillemon. Next, the "Moon Beams," comprised of Cindy Chambers, Lela Cates and Frances Cates, presented "Mix Up" and "Autumn Leaves."

After a fifteen minute intermission, the Junior High Mixed Chorus, directed by Terry Garrett, entertained with two numbers, "Tell Me Why" and "The Ash Grove."

Swinging with "Bye Bye Blues" and "You Tell Me Your Dream" and "Ain't That a Shame" were the Barbershopettes: Jon Ann Carter, Sandra Chowning, Mary Ann Ramsey, Scherry Goodwin, Jackie Eddy, Seth Halbert, Freddie Wehba and Baul Stapp. "Jacob Yonson Describes the First Thanksgiving" was then presented in Swedish dialect by Mike Manard, another member of the Drama Club.

The High School Chorus then presented inspirational numbers: two spirituals, "Climbin' Up the Mountain" and "Every Time I Feel De Spirit," and a secular number, "While for All Mankind We Pray." As Freddie Wehba beat the drum cadence, the concert concluded with the moving number, "Battle Hymn of the Republic," with Miss Janell Gray as soloist.

Those assisting in the presentation were Otis Smith, master of ceremonies; Elaine Crowell, Lanette Lemons and Gayle Smith, accompanists for the High School chorus; and Jo Driver, accompanist for the Junior High chorus.

At the conclusion of the program, Mr. Dick announced that Rickey Traweek and Sandra Chowning had been selected as Mr. and Miss Achievement. Each six weeks this title will be bestowed upon the boy and girl who has made the most progress during the six weeks period.

The following students were chosen to compete for the regional choir in Jacksboro on Dec. 4: first soprano, Sandra Chowning, Janell Gray, Betty Ann Welch, Evelyn Fiske and Gayle Smith; first alto, Lanette Lemons; second alto, Scherry Goodwin and Mary Ann Ramsey; baritone, Ronnie Denton; bass, Paul Stapp. They will be rated on sight reading, tone quality, and singing ability. Best of luck at Jacksboro!

Seniors Take SRA Tests

Thirty-five members of the Senior class participated in the Science Research Associates testing program under the direction of Draughon's Business College last Monday, Nov. 23. A. G. Brookman, representative of the college, instructed the three-hour test consisting of various sections. This test is designed to check the student's ability to succeed in the business world.

Library Club Honors Two Members

On Tuesday, Nov. 19, the CHS Library Club met in the home-making cottage. Deborah Jones brought the devotional, and Ella Hollenbaugh gave a poem, "Thanksgiving."

This year the club has decided to elect a "librarian of the month." For November, Suella Smith was chosen. As a senior, she has served efficiently for three years. This year Suella works in the library every day during activity period. The club honored Betty Ann Welch by naming her the "Library Sweetheart of 1964." This is the second year that the club has honored some girl who has worked unusually hard by making her their sweetheart. Congratulations, Suella and Betty Ann.

Upon completion of the business, refreshments were served by Jon Ann Carter and Deborah Jones.

Speech Students Entertain Children

"Once upon a time..." Yes—once upon a time, this past week to be exact, many members of the speech classes have entertained children of the elementary school with "fairy tales."

The little ones exclaimed gleefully over stories—some new, some old—such as "Princess Nina" told by Jean Burkett; "Three Little Bears" by Deborah Jones; "Twelve Golden Pears" by Evelyn Fiske; "Cinderella" by Betty Ann Welch; "Little Red Riding Hood" by Ronnie Clifton; "Dr. Know It All" by Sherry Goodwin; "Nine Hundred Buckets of Paint" by Otis Smith; "The Emperor's Clothes" by Cheryl Thompson; "Princess on the Glass Hill" by Seth Halbert.

It's been hard to tell who has had the most fun, the listeners or the story tellers themselves.

Chorus Attends Workshop at M. U.

If you were an early bird, perhaps you noticed a large group of students boarding a school bus at 6 a. m. last Saturday. This group, the Crowell High School Chorus, directed by Darrell Dick, attended the Region XIV Music Clinic at Midwestern University.

Each choir was allowed to sing two songs led by their director. Then Gene Kenney, guest clinician from Texas Tech, gave constructive criticism. He stated that the Crowell chorus really did well for a first year choir.

According to Mr. Dick, any school sending representatives to Jacksboro on Dec. 4 to compete for positions in the regional choir had to be in attendance at this Nov. 21 workshop. Some 20 schools in the Wichita Falls area were represented.

Basketball Season Begins

Basketball season began last Tuesday night, Nov. 24, as the A and B team boys played Children in the Crowell gymnasium. Girls' basketball does not begin until December 1 when they play Chillicothe there at 7 p. m. The boys will play after the girls game. Both teams are looking forward to defeating their rivals and entering several tournaments.

This Is CHS

"This just isn't my day!" was the remark made by Ronnie Clifton Friday evening. In chemistry, Ronnie accidentally knocked over a bottle of ammonium hydroxide. The smell of the acid was so strong the students had to leave the room. Then Mr. Welch sent Ronnie downstairs after a bucket of water and a mop. While he was coming up the stairs, he almost spilled the water, but didn't. That is, he didn't until he got to the chemistry room. Then "splash," water went all over the room. The last we saw of Ronnie, he was still mopping.

Has everyone been noticing the new boy in school? To some he is an old friend; but to the others he is a new friend. He is Jackie Brown who left Crowell this past summer to live in Alamosa, Colo. Welcome back, Jackie.

The choir and Darrell Dick wish to express their appreciation to Mrs. Pearl Doyal for her help in getting their new robes ready for the program.

There are only 28 more days until Christmas! Seniors, did you know there is only 54 more days till mid-term. This year's passing fast!

Members of the Pep Squad were guests at the pep rally in Quannah prior to the Quannah-Olney game. More "wet paint" signs have been up this week to warn us to "keep off." This time it's been the library counter. You should see the pretty coral color; it exactly matches the new chairs.

Seniors were seen "playing cards" in English IV class on Monday. Just what is this world coming to? Yes, there's a catch; just ask any senior! They were rearranging their 1000 vocabulary cards so that they can begin a review of them before college entrance exam.

Ten seniors signed up Wednesday to take the scholastic aptitude test of the College Entrance Examination Board, scheduled to be given on Jan. 9 in Wichita Falls.

Mrs. Mary A. Moore of Stephenville, home-making consultant of Area IV, paid a visit to our school on Wednesday of last week. She consulted with Mrs. Carmon Welch, home-making teacher, and Supt. Black.

The period at the end of a sentence weighs .000000035 of an ounce, according to scientists working in an atomic laboratory. If you doubt this, do your own weighing!

The potato is called a "spud" for an odd reason. At one time it was believed that potatoes were harmful to the human body and should not be included in a whole-

some menu. For this reason, the Society for the Prevention of Unwholesome Diets was formed—thus the abbreviation SPUD.

Menu

- Nov. 30: steak, gravy, blackeyed peas, buttered corn, combination salad, bread, chocolate pudding.
  - Dec. 1: fried chicken, gravy, English peas, celery sticks, rolls, butter, fruit Jello dessert.
  - Dec. 2: pinto beans, corny dogs, onions, pickles, potato salad, corn bread, apricot cobbler.
  - Dec. 3: hamburgers, French fries, beans, ice cream.
  - Dec. 4: roast, gravy, mashed potatoes, green beans, carrot strips, rolls, butter, cherry pie.
- Milk is served with each lunch.

U.S. Infant Death Rate Too High, March of Dimes Physician Says

By VIRGINIA APGAR, M.D.  
 Director, Division of Congenital Malformations, The National Foundation-March of Dimes

Did you know that 10 nations have a lower infant mortality rate than the United States? That every year we lose about 105,000 babies aged one year or less? That this tragic and discreditable situation exists despite the fact we have the

best trained physicians, the most medical schools, more hospital beds than any other nation, and probably more prenatal clinics than any other country? How, if at all, can our infant mortality rate be lowered? In the course of my work with the program of The National Foundation-March of Dimes to eliminate birth defects as a leading cause of infant mortality and disability, I have talked to scores of obstetricians and pediatricians, leaders in public health and other experts to seek answers to the problem of the infant mortality rate in our country. All feel that better prenatal care would help.

Everyone agreed that probably the most blameworthy culprit is a young woman we might call Sally B. She is 20, reasonably pretty, a high school dropout after a year, and she is married to a laborer whose education ceased at age 12. She has had one baby stillborn and two miscarriages, and more such shattering experiences are probably in store for her. Intimately acquainted with this prototype is Vera R. Keane, now research director at Yale University School of Nursing, New Haven, Conn., and formerly director of parent education, New York Hospital-Cornell Medical Center. She has had long experience as a public health nurse, and to me she describes the group to which Sally B. belongs in these terms:

"At any given time in the United States, we estimate that there are some two million women pregnant. Of these, about 500,000 belong to that hardcore, lower socio-economic group who turn a deaf ear to prenatal advice and refuse to attend prenatal clinics because, they say, they don't consider pregnancy as being 'sick.' "When you ask these women and girls why they won't go to prenatal clinics in communities where these facilities exist, they say they don't need any advice or, if they do, they can get it from a girl friend or neighbor; or they don't have the time; or they don't have the money for transportation to the clinic and for a babysitter while they're away from home; or even if they are pregnant they're much more concerned about their husband being out of work, or worried about where they are going to get next month's rent or the money for this week's food. They just poo-poo the whole idea of the protective and preventive health service. That's your typical Sally B."

But let me say to women in early pregnancy that even if they do feel some reluctance about making their first visit to a prenatal clinic we usually find that only about one in five will need to return frequently. Those who are requested to return at close intervals are the high-risk cases where we find such disorders as diabetes, high blood pressure, anemia and obesity. I hasten to add that in these cases there are remedial measures that can be taken. If our infant mortality rate remains shocking and frightening, that tragedy is no justification for doing nothing to improve it. The time is long overdue for us to roll up our sleeves and get to work. We most certainly can make our prenatal clinics more inviting and less wearing on those expectant mothers who should use them.

**STATE CAPITAL**  
*Highlights*  
**AND Sidelights**  
by Vern Sanford

Austin, Tex.—State Representatives who were sworn to the 1965 Legislature on Monday have military matters very much on their minds. Constituencies of those lawmakers with military bases in their districts stand to be affected by both Federal and State proposals.

Some lawmakers were sworn in with the knowledge that many Federal workers in these districts stand to lose their jobs by U. S. Defense Department cutbacks. Operations will be cut out at James Connally Air Force Base at Waco and Amarillo Air Force Base and cut down at Dyess Air Force Base in Abilene and Eagle Mountain Army maintenance facility at Fort Worth.

San Antonio bases and Carswell AFB at Fort Worth stand to gain by the big shift. And that also will present new problems for State Representatives.

**REDISTRICTING** — Congressional redistricting, one of the major problems facing the 1965 Legislature, may cause a headache for legislators whose districts embrace

Texas and elsewhere ever will get glimpses of the President at his "little White House" as Washington, D. C., visitors enjoy at the big White House.

Parks and Wildlife Commission authorized creation of a Lyndon B. Johnson State Park directly across from the LBJ Ranch. Commission said the proposed park—located on some 245 acres between Ranch Road 1 and Highway 290—would be created in cooperation with Gillespie County. Commission does not have authority to condemn land for parks but the county does.

The question came up a day later when the Texas Highway Commission granted the U. S. Secret Service's requested authority to restrict traffic on that part of Ranch Road 1 when President Johnson is there—in the interest of presidential safety.

The President returned home last Thursday and is due to remain on the LBJ Ranch until after Thanksgiving.

**BORDER DISPUTE** — Gov. John Connally, Land Commissioner Jerry Sadler and Attorney Wilson Fox of Taylor, members of the State School Land Board, filed a protest with Louisiana's Board of Mineral Development over the Sabine River border dispute.

Area in dispute is the western half of the Sabine River and Sabine Lake and a pie-shaped wedge of the Gulf of Mexico pointed at the mouth of the Sabine and widening sharply until it reaches the line three miles out where Louisiana's offshore boundary lies. Beyond that point, the area extends to Texas' outer offshore boundary of 10.5 miles.

Controversy grew out of Louisiana's offer of two oil and gas lease tracts which lie in an area claimed by Texas, but also claimed by Louisiana. Governor Connally has requested Atty. Gen. Waggoner Carr be brought into discussions, so he will be fully informed should the dispute travel to the U. S. Supreme Court.

**INDUSTRIAL GROWTH** — A study of UT's Bureau of Business Research's monthly reports on industrial growth from January through November shows that a total of 611 new plant locations and significant plant expansions were announced for Texas in those 11 months.

The Houston metropolitan area led all others with 126 new plants and expansions; Dallas with 81 was next; and Fort Worth followed with 65. However, there were dozens of little towns which boasted big industrial boosts.

**COLLEGE FUND PLAN ADOPTED**—Texas Commission on Higher Education has adopted a

plan for distribution of \$11,700,000 in federal building funds among 90 junior and senior colleges in 1965.

Forty-five per cent of points allocated to schools under the system must be based on projected enrollment increase and utilization of existing facilities.

Formal applications of schools can be submitted after the U. S. Office of Education approves the state plan—probably about Dec. 1. January 15 is deadline for applications.

**RIO GRANDE WATER ESTIMATED** — Texas Water Commission has estimated Rio Grande Valley has water supplies to irrigate up to 680,000 acres over the requirement for municipal and industrial purposes.

Commission figured 124,000-acre feet annually would be needed for municipal and industrial uses. Report was written for the attorney general who is participating in a giant lawsuit over Rio Grande water rights involving Starr, Hidalgo, Cameron and Willacy counties.

**OIL ALLOWABLE** — Texas Railroad Commission set December oil allowable at 29 per cent of maximum for prorated wells, compared to 28.4 per cent in November. Increase is expected to be 29,914 barrels a day higher than the estimated November average of 2,541,909 barrels a day.

**TB CONTROL PLAN MAPPED** — A sweeping new plan for tuberculosis control aimed at consolidating all TB services under one agency and providing treatment of patients close to home has been recommended by the Governor's Committee on TB Eradication.

Committee found the state's program, now divided among four agencies and costing some \$16,200,000 a year, not equal to the job at hand. It proposes placing all related activities in the TB Services Division of the State Health Department.

Recommended treatment procedures, calling for shorter hospitalization but careful at-home treatment after the infectious period is passed and a lifetime "follow-up," would cost more but would be more effective, the committee believes.

**COURTS SPEAK** — Third Court of Civil Appeals upheld most of a trial jury's verdict against three East Texas oilmen penalized \$304,800 for slant well drilling. Court held that the production penalty was in error because the State and Railroad Commission had not established number of production days from the slanted well, and reversed that portion of a district court's ruling.

Supreme Court held lower courts were wrong in refusing Fort Worth an injunction to block an apartment structure in an area zoned for single and two-family dwellings.

**Cotton Quota Vote Coming Up on Dec. 15**

The cotton quota vote coming up on December 15 will make the twelfth consecutive year in which growers have voted on marketing quotas for their upland cotton crop, Ray Hysinger, Chairman, Agricultural Stabilization and Conservation Foard Committee, announced.

"Beginning with the referendum on marketing quotas for the 1964 crop, growers have approved quotas for each year's cotton crop," he stated. "In the vote last year, on quotas for the 1964 upland cotton crop, 94 per cent of the growers voting approved the quotas."

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1964-65 total supply of upland cotton will exceed the estimated normal supply by 41 per cent.

The carry-over of upland cotton on August 1 of this year was 12.1 million bales. With 1964 crop yields indicated at a record high of 522 pounds per acre, domestic usage plus exports during this marketing year is expected to be less than the 1964 crop, and the carryover is expected to increase to about 12.6 million bales by Aug. 1, 1965. A carryover this size has been exceeded only once—in 1956.

Notices of individual farm allotments will be mailed to operators of cotton farms in advance of the Dec. 15 referendum.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1965 upland cotton crop, price support at a level within the range of 65 to 90 per cent of parity will be available to growers who do not exceed the farm's acreage allotment; additional price support in the form of payments will be available to growers who keep their acreage within the farm's "domestic allotment," and marketing quota penalties will apply to any excess cotton produced on a farm.

If more than one-third of the voters oppose quotas for the 1965 crop, the regular allotment program will remain in effect, and price support will be available to growers who do not exceed their acreage allotments at 50 per cent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1964 are eligible to vote in the December 15 referendum.

Constitutionality of a 1963 law providing state regulation of Texas border liquor exporting firms was attacked in arguments before Third Court of Civil Appeals. Law set a stiff licensing fee and other requirements.

**INSURANCE OF ALL KINDS**

**Hughston Insurance Agency**

**Texas Allotted 6,835,945 Acres for Upland Cotton**

Texas farmers have been allotted 6,835,945 acres on which to grow their 1965 upland cotton crop under the national cotton program. This represents the state's share of the 16-million-acre national allotment and of the 200,000-acre national acreage reserve (to take care of minimum farm allotments.)

Marketing quotas have been proclaimed for the 1965 cotton crop, and December 15, 1964, was set as the date for a national referendum on the quotas.

A record number of 780,916 farms were signed up this fall under the voluntary 1965 wheat program. This sign-up—ended October 2—and this total exceeds the entire enrollment—spring as well as winter wheat—of 612,000 for the 1964 program, and 429,000 for 1963.

In announcing the national totals for the 1965 winter wheat sign-up, Secretary of Agriculture Freeman said: "This report indicates that farmers recognize the

value and importance of price-support programs to their farms and to a stable and sound economy. The level of participation, if it holds, assures wheat producers that total wheat income for the 1965 crop will be higher than for 1964, and substantially above the level which would be earned if there were no price support programs."

## Two Minutes With the Bible

### The Spirit of Faith

It is thrilling to hear the Psalmist, though "greatly afflicted," say: "I believe, therefore have I spoken" (Psa. 116:10).

It is thrilling too, to see the Apostle Paul, though "troubled . . . perplexed . . . persecuted . . . cast down . . . always delivered unto death for Jesus' sake,"—it is thrilling to see him take his stand with David and to hear him speak of having "the same spirit of faith," adding "We also believe and therefore speak" (II Cor. 4: 8-13).

If only all who believe the glorious message of God's grace: that believers in Christ are accepted in Him, pronounced "complete" and baptized into one body by one divine baptism—if all who believed these truths would speak out today, there would be a sweeping revival tomorrow in the Church, the Body of Christ. If, putting all other considerations aside they would openly and honestly say, "We also believe and therefore speak," the results would be as refreshing as far reaching. And they should speak, for this is "the spirit of faith."

But, alas, there are few who possess "the spirit of faith," few non is staying in the Ray home caring for her.

Mr. and Mrs. Jim Clark of Kermit visited her sister, Mrs. Bill Coufal, and family Sunday.

Mrs. Leon Taylor of Quanah visited her mother and sister, Mrs. T. L. Ward and Mrs. Sam Kuehn, Saturday.

who will stand, regardless of consequences, for the light God has given them. Some maintain a discreet silence for the "fear of man"; others because they love "the praise of man." Both say "One must be careful what one says, for these truths are not popular," but both alike are guilty of unfaithfulness to God and the truth.

With God's help, let us not be among them. Let us, where the truth is concerned, stand with David and Paul and say "We also believe and therefore speak!" Let us be among those who truly possess "the spirit of faith," who are determined to "stand fast in the faith" and read to "fight the good fight of faith" (I Cor. 16:13; I Tim. 6:12).

### Public Strangely Unconcerned

"There are more than 30,000 persons killed in automobile accidents in this country every year according to reliable estimates. The American public . . . have been, and still are, strangely unconcerned over this death rate. They seem to take it for granted that motor vehicles and dead pedestrians go together, and even if, at times, the occupants of the automobiles get killed, the accident is usually termed 'unavoidable'."—Canton, Pa., Independent Sentinel.

Star-spangled way to send a son to college

Educators expect a year of college will cost at least \$2,500 by the time the class of '76 don their freshman beanies.

But you can get it for less—by buying Series E Savings Bonds now. That's because Bonds pay you back \$4 at maturity for every \$3 you invest.

Bonds are a good deal in another way, too. Because they help preserve your son's freedom to use his education. Uncle Sam makes good use of the money, safeguarding our interests around the world.

If you like, you can build your college fund automatically by buying Bonds on the Payroll Savings Plan where you work.

All you need is a Payroll Savings Application—and a promising youngster.

### Quick facts about Series E Savings Bonds

- You get back \$4 for every \$3 at maturity (7 1/3 years)
- You pay no state or local income tax and can defer payment of federal tax until the Bonds are cashed
- Your Bonds are replaced free if lost, destroyed or stolen
- You can get your money when you need it

**CHRISTMAS SEAL FAMILY AND GOVERNOR**—The C. S. Boatrights—Charles and Mary Jane, DeAnne and Dan, of Austin—met in Governor John Connally's reception room November 6, with a group of thirteen other families from across Texas. They watched the governor sign a proclamation of Christmas Seal Days in Texas. All the families had one thing in common—they had each experienced tuberculosis. Their purpose in meeting was to thank the governor for his efforts at bettering TB control in the state, and to watch him sign the proclamation. The Boatrights have been designated the 1964 Christmas Seal Family by the Texas Tuberculosis Association.

Mrs. Lloyd C. Martin and Mrs. D. L. C. Kinard of Memphis were in Crowell last Friday visiting Mrs. W. B. Johnson, and making plans for the spring convention of the Santa Rosa District, Texas Federation of Women's Clubs, to be held in Memphis April 1 and 2.

Mrs. R. L. Pechacek, formerly of Crowell, is in a New York City hospital. She is recovering from a corneal transplant on Nov. 17. For her friends who wish to write her, the address for the next two weeks is: Nine East Ninety-First St. Hospital, 9 East 91st St., New York 28, N. Y.

Visitors in the J. W. Golden home Sunday afternoon were Mr. and Mrs. Frank Pierce of Stamford and Mr. and Mrs. Leonard Vincent of Abilene. They were visiting Mr. and Mrs. Junior Pierce and son. Mr. Pierce is a brother of Mrs. Vincent and Frank Pierce.

Mrs. T. S. Patton was moved from her home in Crowell to the Sunset Home in Tyler last week. Mrs. Patton's daughter, Mrs. I. B. Lindsey, is manager of the home. Ida Mints, who had been staying here and caring for Mrs. Patton, also went to Tyler and will be employed in the Sunset Home.

### Incompetent Drivers

"Incompetent drivers are not limited to teen-agers. They are in all age brackets. But the statistics show that highway accident fatalities involving teen-age drivers are far higher proportionately. . . . The fact that insurance companies require higher premiums for cars driven by under 25-year-olds is public evidence of the extra hazards created by young drivers."—La Grange, Ill., Citizen.

### Bridal Shower Monday Honors Miss Diane Roark

A miscellaneous bridal shower was given Monday afternoon in the home of Mrs. Bill Gafford for Miss Diane Adele Roark, bride-elect of Wayne Humphrey. Miss Roark is the daughter of Mr. and Mrs. Ed Roark of Crowell and the groom-elect is the son of Mr. and Mrs. W. L. Humphrey of Arlington. They will be married in the St. Elizabeth Catholic Church in Lubbock on December 28 at 7 p. m.

The guests were greeted at the door by Mrs. Gafford and presented to Miss Roark, her mother, and Mrs. Humphrey. The bride-elect's dress was a royal blue wool sheath, and she wore a corsage of red carnations.

The bride's colors of red and white were carried out in the decor of the reception rooms. The dining table was laid with a white imported pineapple linen cutwork cloth from Panama. An arrangement of red carnations and baby breath in a crystal bowl and centered with a tiny bride and groom and a tall silver candelabra with three red candles accented one end of the table. A silver tea service graced the opposite end. Other appointments were silver and crystal.

Gifts were displayed in the den of the home. The hostesses presented the bride-elect with an electric skillet. Members of the house party were Mmes. Charlie Drabek, Cleve Gordon, Herbert Edwards, Jimmy Werley, Karl ten Brink, Henry Fish, Decker Magee and Bill Gafford and Misses Charlotte Drabek and Helen ten Brink.

### 4-H Club Meeting

Buff Nelson opened the 6th grade 4-H meeting Nov. 11. Bill Lynch led the prayer and Jackie Thomas led the pledge. Joe Burkett talked about leadership. A song was sung. Mr. Burkett checked the enrollment cards.

### Words of Wisdom

"We read recently a quotation from W. Somerset Maugham which went—'If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money it values more, it will lose that too.' It might be well for us to ponder those words of wisdom. . . . We have moved a long way from the original concept of our founding fathers who gave to their government rather than expecting something back from it."—Camilla, Ga., Enterprise.

## Homebuilders Circle

The Homebuilders Circle of the Methodist Church met last Tuesday evening in the Men's Bible Class room.

Mrs. Fred Collins opened the meeting with prayer. The business session was conducted by Mrs. Boss Johnson, president, at which time discussion and definite plans were made for the Christmas pageant to be presented by the circle on the evenings of December 23 and 24.

"How Great Thou Art" was sung by the group to open the worship.

"Take It or Leave It" was the topic of a devotion given by Mrs. Howard Ferguson. She read scriptures for her text from Hebrews 11:1-3, II Tim. 4:3-4; John 1:1-5; and Gen. 1:1. She pointed out the danger of accepting the theory of atheistic and theistic evolution. She stated the theistic is more dangerous because it does accept some sort of a God. She emphasized the need and importance of holding true to the Christian essentials upon which Christianity stands. She pinpointed the major truths such as the supernatural power of God, the miracles, the Trinity, Virgin birth, blood atonement, gospel of the resurrection, judgment and literal hell, the error of universal salvation, and the Hope of the Ages which is the second coming of Christ.

The closing prayer was offered by Mrs. Baylor Weathered after which Mrs. Johnson, hostess, serv-

ed refreshments to eight members and one visitor, Mrs. Ray IIseng.

## Junior Leaders

The Foard County Junior Leaders met at the community center last Tuesday at 3:30. The meeting was opened by prayer by Betty Ann Welch and the 4-H pledge was led by Charlotte Drabek. The minutes and roll were read by Jon Ann Carter. The program was brought by Mrs. Wanda Myers, a very special guest from Texas A&M, a housing specialist. The program was on home management and money management. Other special guests were Miss Fern Hodge, district agent; Mrs. Kay Crone, Hardeman County's H. D. Agent; and Mrs. Warren Haynie, local 4-H leader.

Delicious refreshments were served by Betty Ann Burkett and Harriet Halbert. Hostesses for the next meeting on Dec. 3 will be Pam Carter and Debra Raspberry. Thirty-five members attended the meeting.

## Gambleville H. D. Club

Christmas decorations which were made by Mrs. Charlie Bartley were on display and she gave suggestions for making them at the Friday, Nov. 19 meeting at the home of Miss Mayme Lee Collins with Mrs. Jack Thomas as hostess. Roll call was answered with "A Christmas gift or decoration I have made." Mrs. Thomas gave "A Sacred Trust" as opening

exercise. The members planned to visit the rest homes on Friday, Dec. 4, at 2 p. m. The annual club Christmas party will be at the home of Mrs. Betty Chatfield at 7:30 p. m. Dec. 17. The hostess gift was received by Mrs. A. B. Calvin.

Refreshments were served to ten members and two visitors, Miss Sharon Chatfield and Stephen Bruner.

## Margaret H. D. Club

Roll call was answered with "a step I have taken to prepare for an emergency" when the Margaret Home Demonstration Club met on Nov. 20 in the home of Mrs. Hugh Shultz.

For the opening exercise, Mrs. Ray Hysinger read "Young at Heart" and Mrs. Bob Thomas read "Fathers Grow Tired." Mrs. Thomas presided in the absence of the president.

Mrs. Virginia IIseng brought the program on family preparedness. The hostess served refreshments to nine members and Mrs. IIseng.

The next meeting will be Dec. 9 in the home of Mrs. Ray Hysinger. Gifts will be exchanged.

## West Side H. D. Club

The West Side Club met Nov. 18 in the home of Mrs. Homer Ketchersid with 8 members and 5 visitors, Mrs. Ray IIseng, Mrs. Donna Baize and 3 children, present.

A poem was read by Mrs. Jim Henry and the THDA prayer was read in unison as the opening exercise. Plans for the Christmas party to be at the home of Mrs. L. G. Simmons on Dec. 8 were discussed and committees appointed.

How to be prepared for any major disaster—storms, atom bombs, etc.—shelter, food and general preparedness was the program given by Mrs. IIseng.

The next meeting will be with Mrs. L. G. Simmons.

## 4-H Club Meeting

The sixth grade 4-H girls met Nov. 11 in Mrs. Erwin's room at school. The president, Debbie Chambers, presided. There were 18 members present. The song leaders, Kristi McLain and Peggy Welch, led the 4-H pledge and the songs. The program was on foods and nutrition presented by Mrs. Ray IIseng.

## Holiday Tables Will Reflect December's Plentiful Foods

Holiday tables will reflect the abundance of food so obvious this Christmas season which is approaching.

Eight items are especially plentiful. They make up the U. S. Department of Agriculture's December list of plentiful foods, reports the Texas Agricultural Extension Service.

Turkeys and peanuts, including peanut products like peanut butter, head the list. Also designated plentiful by USDA's Agricultural Marketing Service, this month, are apples, red tart cherries, cranberries, canned ripe olives, broiler-fryers and beef.

Turkey marketings are expected to run about 6 per cent larger than last year. In early November, farm prices were running 1½ to 3¼ cents a pound lower than a year earlier. Marketings of beef and broiler-fryers will continue large, to provide a wide choice of meat entrees.

With current peanut crop estimates at 2.1 billion pounds, it looks like an abundance of these munching favorites. That estimate is 6 per cent larger than in 1963

and 25 per cent above average. Apples will continue plentiful as the harvest is estimated at 141 million bushels, the most since 1937.

Unusually large packs of frozen and canned tart cherries indicate a big supply of this popular holiday fruit. Colorful cranberries and canned ripe olives, always popular festive delicacies, also will enhance the Christmas season if served often and generously.

## Postmaster Pushes Christmas Planning

A little planning during the Thanksgiving holiday can help avoid the Christmas rush, Postmaster Ted Reeder said today.

The Crowell postmaster has some tips which will not only put ZIP into Christmas mailing, but help local postal employees move the record breaking mountain of mail that is expected this Christmas season.

1. Find last year's Christmas mailing list. If you don't find it, or didn't have one, make one up.
2. Check to see that all addresses are correct. The phone book is usually a good source for local addresses.
3. Wherever possible, add the

ZIP code to the addresses on the list. Because ZIP codes speed your mail, always include the code for your area in return addresses. This is the best way to inform friends, relatives and business associates of the code number for your area.

4. Determine your list of gift purchases which must be mailed. Such planning allows you to shop early when selections are greatest and you can stock up on mailing materials in advance. Be sure to purchase enough material so that parcels will be packed securely.

The postmaster emphasized that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. He also suggested that the address be written on only one side of the exterior wrapping and that a duplicate address be included inside the carton, in case the outer covering is not secure and comes off.

Mr. Reeder said that the Post Office Department in Washington is predicting that a record seven billion pieces of mail will move through the postal system during the peak rush just before Christmas.

"The cooperation of all mailers is vital for us to deliver each holiday card, letter and package before Christmas day. A little planning will make the Christmas rush less hectic for everyone," he said.

## LBJ Park Created by State Agency

The Parks and Wildlife Commission authorized creation of the "Lyndon B. Johnson State Park" near the famous LBJ Ranch in the public interest and in recognition of Texas' celebrated son as "a national and world leader."

The site is near the LBJ Ranch itself and will be designated and operated in cooperation with Gillespie County.

The actual acreage involved was not announced but the Parks and Wildlife Commission members, meeting in regular session in Austin, said there would be substantial space "adequate to accommodate the thousands interested in a pilgrimage to the President's homeland."

The Commission instructed J. Weldon Watson, executive director, to proceed immediately to close the deal for the land.

This would be the first recognition of this type given by the State of Texas to its most distinguished citizen who is cited in the formal resolution for his "great leadership and long years of effective and dedicated service rendered to the people of the State of Texas and all of the United States of America as well as the free world."

The park site to be identified later is described as between Ranch Road One and US Highway 290.

The area would comprise "from two to three hundred acres and possibly more" and would be bounded on the east by the Lutheran Church and cemetery property; on the south by US Highway 290 and on the west by the community road running from 290 to Ranch Road One. This community road also extends across the Pedernales River at the low water

## Income Tax Changes of Interest to Farmers

The 1964 income tax regulations will affect the taxable income of farmers for 1964," says county agent Joe Burkett. "Farmers can benefit from the 1964 changes if they meet certain qualifications."

The payment rate of taxes in 1964 is less than the 1963 rate

for any given level of income. This means that a person having the same income in 1964 as he did in 1963 will pay less taxes. When the rate deduction is fully effective in 1965 all taxpayers' rates will be down an average 14 per cent.

The taxpayer has another option this year in declaring deductions. In 1964 a taxpayer may select to (1) itemize personal deductions; (2) use a standard deduction of ten per cent not to exceed \$100 or (3) use the minimum standard deduction. The minimum standard deduction is \$300 for a single taxpayer or \$400 for a married couple filing jointly. An additional \$100 can be claimed for each dependent up to a maximum of \$1000. These deductions are in addition to the regular \$600 personal exemption. Most of the benefits from this tax change will go to families with incomes less than \$5000 per year.

Several tax changes will benefit farm people over 65 years of age. A taxpayer over 65 years of age can exclude a portion of the gain on the sale of his residence if the sale price exceeds \$20,000 and all of the gain if the sales price is less than \$20,000. This exclusion can be applied only once to the sale of the residence and the home must have been used as a residence for at least five of the last eight years preceding the sale.

Taxpayers who are 65 years or over or who are blind are allowed an additional \$100 minimum standard deduction. This is in addition to the \$600 personal exemption.

All medical and drug expense are deductible for taxpayers over 65 years of age in 1964. In past years only that portion of the medical and drug expenses above one per cent of the adjusted gross income was deductible.

Farmers with large fluctuating

incomes may also benefit from the income average device specified in the new tax code. This new provision permits averaging of all types of income except capital gains, wagering gains and income from gifts and bequests. The averaging provision applies to that income in any given year that exceeds more than one-third of the average income of the four previous years.

Investment credit claimed on eligible items placed in service after December 31, 1963, will not be subtracted to obtain the depreciable base for that item. If property was placed into service before January 1, 1964, and the basis of which was reduced by the amount of the investment credit claimed, the basis of such property will need to be increased by the amount of the investment credit taken. This will increase future depreciation and increase the rate of return on investment.

State and local taxes on cigarettes, tobacco, alcoholic beverages, license plates and driver's licenses are no longer allowed as deductions. Other state and local taxes not deductible are poll taxes and other miscellaneous selective sales taxes.

Expenses incurred in moving by a newly hired employee and unreimbursed moving expenses of existing employees are deductible. This deduction is allowed only if the distance moved by a new employee exceeds 20 miles or in the case of a non-employee the person must have been a full-time employee in the general location to which he moved for 39 weeks during the year following his arrival, but not necessarily with the same employer. These are only a few of the changes in the 1964 Revenue Act. When utilized correctly, these changes may provide farmers with a lower tax liability than was experienced in 1963. Further information regarding these changes may be obtained from any internal revenue office.

## THIRTY YEARS AGO

News items below were taken from the Thursday, Nov. 29, 1934, issue of the Foard County News:

Donkey polo games and races will feature the program of entertainment at the December Trades Day in Crowell.

The Thalia Baptist Church building will be formally dedicated Sunday at which time an all-day program will be conducted.

The Crowell Wildcats defeated the Olney Cubs 33-12 to capture their second district football championship last Friday night at Olney.

Lester Patton, Mark Saunders, Bill Dunn, Jim Riley Gafford, Dick Todd and Paul McKown were Crowell members of the Foard County News' all-district team.

A big feed and program, free to all ex-servicemen and their families will be held in the American Legion hall on the first floor of the Masonic building Thursday night.

Mildred and Marjorie Marlow of West Rayland visited Flodel Wallace of Thalia Sunday.

Floyd Ferguson was operated on for appendicitis in the Quana Hospital Tuesday.

Mr. and Mrs. Claude Callaway were hosts to the members of Mr. Callaway's Sunday School class at their home Tuesday evening with a delightful turkey dinner.

Misses Jo Roark and Maymie Lee Teague and Francis Todd and Rudell Russell, who are attending WTSTC at Canyon, arrived Wednesday to spend Thanksgiving at home.

Cecil Dunn and Ruel Scott of Good Creek made a trip to Mr. Adams, north of Crowell Saturday to get a wolf dog.

Mrs. Blake McDaniel and Mrs. Floyd Borchardt spent last Saturday with Mrs. Borchardt's relatives in Vernon.

The Methodist ladies of Thalia met in the home of Mrs. J. M. Jackson Monday for a covered dish dinner and quilted a quilt.

Mrs. Howard Bursey was hostess to the Idle Hour Club in her home at Thalia Thursday afternoon.

Henry and Rosalie Fish, Roy Everson, J. M. Marr and son, Johnny, and Arthur Sandlin attended the Crowell-Olney football game at Olney Friday night.

The Truscott Dramatic Club will present a minstrel followed by a fiddlers contest Friday night in the high school auditorium.

Grover Moore spent from Tuesday until Saturday at Pampa.

Several in the Claytonville community have sold more cattle to the government.

## Wardens Hit Outlaw Nets

Illegal net fishermen in Laguna Madre are paying heavily in terms of equipment confiscated by wardens of the Parks and Wildlife Department, according to Robert G. Mauermann, regional director.

Value of the nets taken this year was estimated to exceed \$14,000 by M. B. Mullinax, regional conservation supervisor.

"Since January, 1964, coastal game wardens have confiscated 59,800 feet of illegal nets in Laguna Madre and turned them over to the courts," Mauermann said. "The courts either order the destruction of the nets by burning or turn them over to the Parks and Wildlife Department for distribution to state colleges and universities for use in research."

The pressure on these outlaw fishermen is constantly being increased as more wardens and more and better equipment become available.

## Unequal Distribution

According to a railroad tax attorney, the railroads haul only 43 per cent of intercity freight traffic, but pay 90 per cent of all state and local taxes levied on common carriers.

## Peace Corps Volunteers Write of Experiences

Mr. and Mrs. John Wyss officially took up their duties Nov. 9 as Peace Corps volunteers in the Sierra Moudtains at Alausi, Ecuador, South America. Mrs. Wyss is the former Miss Sue Bursey, daughter of Mr. and Mrs. Moody Bursey of Crowell.

The couple is sharing a home with another volunteer, as his house was the only one which had a kitchen, bath and fireplace for heat. The couple has reported in letters to homefolks that the town looks very clean and that there are wide cobblestone streets with little buildings lining the streets. A train from Quito to the coast runs through Alausi.

Mr. Wyss will be working as an agricultural Extension Agent and his wife will work in home economics. Mrs. Wyss' first job will be to set up a school lunch program.

In her letters home, Mrs. Wyss writes that food costs are low.

"We went to market Thursday and bought a whole basket of food for 40 cents. Meat is 25 cents a pound, wonderful pineapples are 10 cents each, bananas are 2 for 7 cents, and for one sucre (which is 5 cents), we get about 8 enormous carrots. Carrots here really look funny—at the top they are as big around as apples—they look kind of like snow cones. There aren't too many fresh vegetables, but perhaps there will be later on."

In regard to the meat, it is from aged stock as it is a sin to kill young animals. Mrs. Wyss must buy her meat every morning and she just asks for 1 or 2 pounds and the butcher "whacks off a chunk." (There are no cuts as Americans know them). A meat grinder and pressure cooker has provided her with a method of making it tender. Her oven is a five-gallon lard can over a gasoline stove burner.

Though the village has electricity, it is only available from 6 p. m. to 6 a. m., and only about 20 volts. Mrs. Wyss said she will have to buy an iron that uses coal. She takes her clothes to a stream and beats them on the rocks.

"You'd be surprised how nice and white it makes John's blue Levis," she writes.

The Ministerio de Formento of Alausi will work with Mr. and Mrs. Wyss for two weeks and show them all the possibilities of their work. The schools need help in cooking the free food CARE packages; 4-H clubs need leadership and there is a demand for an English teacher in the high school. The natives are interested in learning how to raise and care for rabbits; a forestation program was begun by a former Peace Corps volunteer, and there is all types of general work with crops on farms and the school gardens which grow food for the cafeteria. The couple will choose some of these as their projects, as they will be unable to do them all.

## Wall Street Journal Looks at A. R. A.

The Wall Street Journal looks at the Area Redevelopment Administration: "The whole idea behind the ARA reflects the simple old pork barrel theory that just about any depressed area can be revived if you inject enough Federal dollars into it, which may be true in the short run. The fact is, however, that some areas simply cannot be restored to full economic self-sufficiency with any amount of Government funds. Some, for example, lack the manpower, material and natural resources on which a revival might be built. That, however, does not seem to bother the ARA. For in its zeal to spread dollars around as widely as possible, it has approved projects in which a large part of the manpower and materials have to be brought in from other areas—

## Law Limits Boat Usage for Ducks

Some "small print" instructions governing the harvesting of migratory game were pointed out by J. B. Phillips, law enforcement coordinator for the Parks and Wildlife Department, since the duck season opened in Texas Nov. 25.

The rules, which also apply to goose hunting which began in Texas October 31, stipulate that:

"Waterfowl may be taken from outboard motor boat if boat is beached, resting at anchor, or is placed inside of or secured to any shooting blind. Motor boat, sailboat, or other craft may be used solely as a means of picking up dead or injured birds.

"The use of aircraft, power boats, sailboats, or other floating craft or device of any kind for purpose of concentrating, driving, rallying or stirring up waterfowl and coots is strictly prohibited. The use of recorded or electrically amplified bird calls or sound is prohibited."

## NOW! Big travel bargain for cities along Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

## "Rural Electrification Helps Guard Your Health . . ."

says D. G. Meier, Jr., owner of a Grade A dairy in Hitchcock, Oklahoma

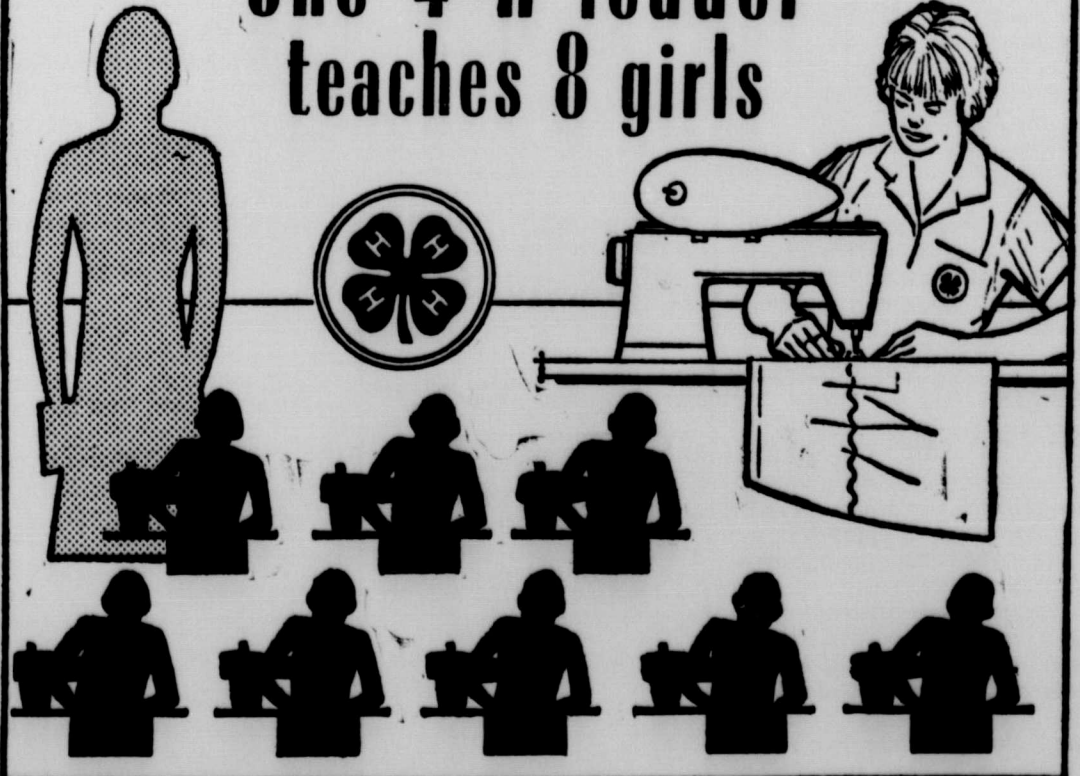

"Rural electrification has enabled us to make our dairy completely automatic from feeding to the pipeline milking machines. Because of this, and the many electrical conveniences in our home, we are able to complete the daily chores and still have time for family and community activities and recreation."

Yes, modern milking machines and milk coolers, pressure water systems, an ample supply of hot water, adequate lighting and insect control devices are but a few of the electrically powered implements for on-the-dairy sanitation which guard the purity of the dairy products delivered to your home. Another reason why we say electric cooperatives are good for all Americans.

## one 4-H leader teaches 8 girls

A breakdown of 10 years of continuous training of local 4-H Club leaders and extension agents who teach girls to sew reveals that a single leader has given special instruction in correct use of the sewing machine to at least eight 4-H members.

During the 10-year period a total of 70,210 women have taken the course taught by The Singer Company personnel in cooperation with the Extension Service. During 1963 a total of

48,553 members were taught, which marked an increase of 31 per cent over 1962, reports the National 4-H Service Committee.

Singer will begin its 11th straight year of sponsorship of "Getting the Most out of Your Sewing Machine" when the program gets under way this fall.

Club leaders interested should contact the County Extension office.

**Decision Shakes Our**  
**System of Government**

... Our U. S. Supreme Court  
recently handed down a decision  
which shakes our system of gov-  
ernment as we have practiced it.  
The Court announced . . . that  
states unconstitutionally adopted  
the federal system of represen-  
tation by people and area . . . But,  
our form of democracy has work-  
ed pretty well under this system,  
one of our checks and balances.  
The urban areas don't lose rep-  
resentation . . . The Supreme  
Court sits in a lofty position and  
pronounces lofty decisions. In  
meaning well in its decisions for  
the people, has it really lost touch  
with them?—Oskeley, Kan.,  
Graphic.

**Overly-High**  
**Price to Pay**

... the average government  
worker has had six raises . . . an  
average increase of about 51 per  
cent since 1955. Private industry  
pay has gone up about 40 per  
cent. The last we heard, the gov-  
ernment was having no trouble  
getting people for its rank and  
file jobs at the present scale. Pro-  
viding them another half billion  
dollars a year now, merely to jus-  
tify increases in some top-echelon  
positions where quality is needed,  
is an overly-high price to pay.—
