The first truck route was established in the early '30's when A. W. Owens, now of Wichita Falls, and his brother, the late Leo Owens, started the route with Leo driving the truck. When J. T. Brooks purchased the Owens Auto Supply back in the early 1940's, he continued the truck route, which covered seven area counties.

## Highway Patrolmen Investigate 1 Accident Here in October

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of October, according to Sgt. Floyd Etheridge, Highway Patrol supervisor of this area.

This crash resulted in no persons killed, no injuries and an estimated property damage of \$500.00.

The rural traffic accident summary for this county during the first ten months of 1968 shows a total of 17 accidents resulting in one person killed, nine persons injured.

November and December are noted to be dangerous months in traffic and especially for pedestrians. Much is heard about the drinking driver and his responsibility for many serious accidents. Seldom is it known that many pedestrians have met their death on the streets and highways because they had been drinking to the extent that they were unaware of the danger they faced as they staggered along the road.

The sergeant stated the familiar saying, "If you drink, don't drive," might be changed to apply to the drinking pedestrian, "If you drink, don't walk—in traffic!"

Senior Class

Last Friday, seniors attended their last pep rally and played their last football game. For many seniors, these were sad occasions; however, seniors now are waiting for basketball season and the many thrilling events which lie ahead.

"I know you are going to start fussing," said Mrs. Manard last week as she passed out five pages of notes about English history. Yes, the time had arrived for seniors to study English history. During the week, seniors studied the "Lines of English Rulers" and the "Major English Wars."

Texas History class keeps rolling along. Covering a chapter a day, the class should finish the book before too long! This week is six weeks' test week. It slipped up on us again. Sounds as though it's time to study, study, study.

Junior Class

The juniors attended the last pep rally and football game of the year. But as one sport closes, the juniors are eagerly awaiting

the start of basketball.

Juniors were surprised last week in English when Mrs. Manard gave us our six weeks test. Book reports were also given. In American History, the juniors studied the Constitution. They should be prepared for a test on it this week.

I have one final word to give to you and that is: Beware of the blob!

Sophomore News

Our thanks and appreciation to the room mothers and Mrs. Halbert for the room party Saturday night at the community center. Everyone enjoyed the games and the refreshments.

The sophomores would like to recognize the boys from our class who have been on the Wildcat team. They are Kenneth Sellers, Mike Weathered, Jackie Thomas, George Eavenson, Douglas Chowning, David Myers, Junior Urquizo, Buff Nelson, Jim Tom Smith and Jimmy Glover. Thanks for a thrilling season, boys.

Freshmen News

With the close of football season last Friday night, the thoughts of the sports-minded turn to basketball. Several of last year's starters will return to lead the Wildcats to victory. The freshmen are backing the teams all the way! The opening game will be Nov. 26.

FHA

The FHA met last Monday after school in the home economics cottage. The meeting was started off with a game by Julie Whitfield and then delicious refreshments were served by Zerne Gafford, Jo Driver, Harriet Halbert and Pam Carter. During the business meeting, the girls voted and elected Ike Everson as FHA beau.

The Christmas party will be on December 10 in the home ec cottage at 7:30. The girls voted to bring silly gifts to exchange. Guests will also attend.

Jo Ann Williams was responsible for the program on projects which would help the girls on their degrees. The projects that we chose and have are as follows: collecting old stamps to be sent to Norway for Tubfrim, old and unused Christmas cards to be sent to the state hospital, toys to be mended for needy children, and food for the needy. All toys, cards, or stamps would be appreciated.

Sports

The Wildcats ended the season with a loss to Archer City on Friday night. Nine seniors saw their last action, and these were Terry Bird, Billy Hord, Jimmy Hammonds, Leslie Hopkins, Junior Carroll, Alan Lee, Ike Everson, Larry Ellis and Charles Dodd. Billy Hord will have memory of his last game for awhile since he sustained a broken finger. The seniors would like to express their thanks to Coaches L. H. Wall, Printiss Gidney and Ben Tyler and wish everyone all the luck in the world next year.

Basketball practice has already begun, and the first game will be coming up soon.

Southern Assembly

Monday morning at 10:20, a Southern Assembly was presented in the gym to all students by Jack Chase, a wheel chair basketball player.

At the age of 20, Mr. Chase was stricken with polio, leaving his legs paralyzed. Since then, he has attended the University of Illinois and after graduating, enrolled at LIFE Bible College in Los Angeles. Upon completion of his studies there he entered the

ministry.

While in California, he played basketball with the "Flying Wheels," a team composed of disabled veterans, and was privileged to meet President and Mrs. Eisenhower while playing basketball in Washington, D. C. He has also appeared on several national coast-to-coast radio and TV programs, including "Strike It Rich" and "You Asked for It."

In the summer of 1962, Mr. Chase was one of 18 wheelchair personnel to go on an extensive tour of South Africa, Southern Rhodesia and Europe. The purpose of the tour, initiated by South Africans and Southern Rhodesians, was to demonstrate to those countries the possibilities of activities and employment for the physically handicapped. During the course of this tour, Mr. Chase won first place in the "slalom" obstacle course race and played on the United States wheelchair basketball team which won the world championship in the Para-Olympia games in London, England.

Mr. Chase exemplifies those individuals who have overcome severe handicaps to take their place in the world. His tremendous ability as a wheelchair basketball player and his educational and often amusing comments bring a most inspiring assembly.

THANKSGIVING

MAY YOUR THANKSGIVING BE A HAPPY ONE!

Agreed, America and its people currently have plenty of problems. Past generations of Americans had their problems, too... Sometimes more, sometimes less. But, all of us—now, as ever—have tremendous cause for thankfulness. Thanksgiving is an especially appropriate season to remind ourselves of our proud heritage, our current abundance, and our opportunities for the future. And, please, when you count your blessings, don't forget Rural Electrification—and the cooperative movement which fathered it. Life wasn't the same before—and wouldn't be the same now, without it.

**Medicare's Hospital Insurance Benefits Are Explained**

The hospital insurance benefits of Medicare provide for services of three types, according to Edwin Draughon, manager of the Vernon social security office. Benefits are possible when you are (1) a bed patient in a hospital, (2) a bed patient in an extended care facility (skilled nursing home) assigned there by your physician as a follow-up to hospital care, and (3) a patient at home receiving home health services, Mr. Draughon continued. There has been some thought that because you are covered under Medicare up to a certain maximum number of days, you can automatically count on that number of days regardless of your condition. Mr. Draughon went on to say that this is a misunderstanding and that when your condition improves

to the extent you no longer require the level of care provided, then your eligibility ceases. An example of this misunderstanding is the 100 day maximum eligibility in an extended care facility. We are sometimes asked why a certain person was told Medicare would no longer pay for his stay in an extended care facility when he had only been there 50 days and still had 50 days coming. The condition of the patient rather than the number of days is the controlling factor up to the point that the maximum number of days is reached. Coverage ends when his condition is such that he no longer needs the level of care provided by the extended care facility. Any question about this or any area of Medicare or Social Security should be resolved by a visit or contact with the social security office located at 1728 Fannin St., in Vernon. Office hours are from 8:30 a. m. to 4:45 p. m. Monday through Friday and from 10 a. m. until 12 noon on Saturday. The phone number is LI2-9346.

From the News . . .

THIRTY  
YEARS AGO

News items below were taken  
from the Thursday, Nov. 24, 1938,  
edition of The Foard County  
News:

Coch Grady Graves' Crowell  
High School Wildcats won their  
third district championship since  
entering Interscholastic League  
competition in 1931, when they  
romped over the Archer City  
Wildcats by the score of 72 to 0  
on the local gridiron last Friday  
night to finish the 1938 confer-  
ence schedule undefeated and un-  
tied.

An old Indian grave was un-  
covered in Knox County last Thurs-  
day by Mr. and Mrs. S. B. Hord  
of the Antelope Flat community  
on land owned by Pete Moody of  
Knox City and located about 10  
miles northwest of Truscott. Other  
than the well-preserved skeleton  
of an Indian that had long ago  
gone to his happy hunting ground,  
Mr. and Mrs. Hord unearthed a  
large number of interesting relics.  
The most valuable of these relics  
were thirty-one Spanish and Mex-  
ican coins, on which the dates  
ranged from 1781 to 1845. At the  
skeleton's side was found his rifle  
and hunting knife. A rifle ball  
and rifle flint were also taken  
from the grave.

Thieves stole twelve cases of  
oil from the Gulf Refining Com-  
pany's warehouse here Sunday  
night after forcing the hasp and  
padlock from the door.

The annual Crowell Christmas  
opening will be held on Thurs-

mapped at a meeting of Crowell

Mrs. Elmer Brisco of this city,  
will leave Crowell this week for  
Columbia, South America, where  
he spent about four months last  
summer in the employment of the  
South America Gulf Company.

Seventeen members of the  
Crowell football squad will leave  
Wednesday afternoon for Austin  
to see Dick Todd play in the last  
game of his college career on  
Thanksgiving Day.

A group of young people were  
entertained Friday night in the  
home of Mrs. J. M. Chilcoat at  
Truscott. Those present were  
Raymond Black, Joe B. Turner,  
Jack Hickman, Bill English, John  
B. Chilcoat, Lewis Holmes, Chry-  
stalene Chilcoat, Neva Mills, Dor-  
othy Ruth Holmes, Mary Jo Chil-  
coat, Katherine Holmes, Rowena  
Nichols and Billie Nichols.

Riverside community who attend-  
ed the Crowell-Archer City foot-  
ball game in Crowell Friday night.

don visited her daughter, Mrs.

Plans Should Be  
Made Now for Next  
Year's Fruit Crop

Health and vigor of trees and  
quality of fruit depend on a well-  
planned, well-executed control  
program, says County Agent Joe  
Burkett.

Insect and disease losses can  
be reduced with a spray program  
and by diligently following orchard  
sanitation practices. Proper tim-  
ing of spray applications is essen-  
tial to prevent insects and diseases  
from becoming established and  
causing extensive injury, says  
Burkett.

While it is true most fruit and  
nut trees are going into dormancy,  
now is the time to make plans  
for keeping orchards and groves  
free of insects and diseases, says  
the county agent. He suggests a  
visit to his office.

Social Security Law  
Changed on Widows,  
Surviving Children

A number of widows and sur-  
viving children of deceased work-  
ers in this area could be missing  
out on social security money due  
them, according to Edwin Draugh-  
on, manager of the social securi-  
ty office in Vernon. Many changes  
have been made in recent years  
concerning benefits for widows and  
children. Some who would be eli-  
gible do not know about the new  
rules, Mr. Draughon said.

A widow who is completely dis-  
abled and over age 50 can now  
receive reduced widow's benefits if  
she becomes disabled within seven  
years of her husband's death or  
the time she last had a child en-  
titled to benefits in her care. Also,  
widows who remarry after age 60  
may retain a part of the widow's  
benefit. Neither of these things  
were true under the old law, Mr.  
Draughon explained.

Children who would be other-  
wise entitled because of the death,  
disability, or retirement of a par-  
ent except for being over age 18,  
can now receive student benefits if  
they are in full-time school at-  
tendance, unmarried, and under  
age 22.

Children also have full protec-  
tion now on their mother's account  
under the same rules that apply  
to a father's account. This new  
law will result in a number of  
children being able to receive so-  
cial security benefits when their  
mother dies or becomes disabled,  
including some who were previous-  
ly turned down under the old  
rules, Mr. Draughon said.

Anyone knowing someone who  
might qualify for benefits under  
these provisions is urged to have  
them get in touch with their so-  
cial security district office in Ver-  
non, Mr. Draughon added.

Efficiency Continues

Today one farm worker in the  
U. S. provides the food for him-  
self and more than 42 others, a  
tribute, explains John G. McHan-  
ey, extension economist, to the  
ever-increasing efficiency of our  
agricultural industry. With the U.  
S. population expected to increase  
100 million over the next 30 years,  
McHaney feels America's farmers  
can meet the challenge. Our ef-  
ficient agricultural industry has  
been the foundation of our econ-  
omy and has helped Americans to  
have the highest level of living  
in the world. And, concludes Mc-  
Haney, National Farm-City Week,  
Nov. 22-28, is a good time for  
recognizing the achievements of  
agriculture and those who are a  
part of the industry.

Three Billion Wills

As long as man remained obedi-  
ent to the will of God, his Mak-  
er, all was well with him. His  
life was perfectly balanced be-  
cause it was centered in God. As  
soon as he listened to Satan, how-  
ever, and set his will against  
God's, all began to go wrong. His  
life was now off center and out  
of balance. It was no longer sub-  
ject to one central Will. Alienated  
from God, man now reaped the  
fruit of his rebellion, not only in  
his banishment from Paradise, but  
in the self-will of his offspring.

Of the first two children born  
into the world, one bludgeoned  
the other to death and this was  
but the beginning. Whereas God  
had originally created man in His  
own "image" and "likeness" (Gen.  
1:26,27) we read later that Adam  
begeth Seth "in his own likeness,  
after his image" (Gen. 5:3).

And so parents down through  
the ages have begotten children  
like themselves, with fallen na-  
tures and wills of their own, until  
today we have some three billion  
wills operating in the world in-  
stead of the one, central will of  
God.

This does not mean, however,

that God has abdicated, or that  
the future of the world is now  
subject to the wills of three bil-  
lion fallen creatures. Nor was God  
forced to formulate new plans be-  
cause of the fall of man. Far from  
it, for despite man's rebellion—  
even through it—God has been  
carrying out His plan and every  
true believer rejoices that God  
"worketh all things after the  
counsel of His own will" (Eph.  
1:11). While He does not rule  
directly in the affairs of men, He  
very definitely overrules, and as  
a result "all things work together  
for good to them that love God,  
to them who are the called accord-  
ing to His purpose" (Rom.  
8:28).

## Miss Brenda Pierce Honored with Bridal Shower Thursday

Miss Brenda Pierce, bride-elect of Ray Cummings of Quanah, was honored with a miscellaneous shower Thursday night, November 14, from 7 to 8 p. m. at the community center.

Guests were greeted by Mrs. Allen Taylor and presented to the receiving line composed of the honoree; her mother, Mrs. George F. Pierce, Jr.; the groom-elect's mother, Mrs. A. A. Cummings; and the honoree's grandmother, Mrs. Jim Naron.

The honoree was presented a white carnation corsage, a gift of the hostesses. Misses Ann Russell and Jo Nell Bradford presided at the registry table. Miss Jo Driver played piano selections during the calling hours. The serving table was laid with a white cutwork cloth and held an arrangement of white chrysanthemums. The bride's chosen colors of green and white were carried out with the decorations. Serving appointments were of crystal and crystal candelabra held green candles.

White napkins were inscribed, "Brenda and Ray" in green letters. Miss Pam Borchardt and Miss Mary Sue Carpenter assisted in serving refreshments of green punch, green and white cookies and mints.

Assisting with the gifts and serving as hostesses were Mmes. Ed Huskey, Roy Steele, W. F.

Bradford, Allen Taylor, Fred Borchardt, Clyde Sellers, Robert Taylor, Bill Cates, Cecil Carpenter, Glendon Russell, David D. Adams, Jake Wisdom, J. W. Whitley, B. J. Eavenson and Jimmy Dean Werley.

## West Side H. D. Club

The West Side Home Demonstration Club met November 12 in the home of Mrs. Charlie Wishon. The Home Makers Creed was read by the hostess as the opening exercise, and the roll call was answered by "a slick trick I use in house cleaning."

Mrs. Roy Cooper presided over the business session. December 17 was the date set for the Christmas party at the home of Mrs. Jim Henry. Mrs. Gladys Ballard came into the club as a new member. Each member was reminded to bring the gifts for the Vernon hospital to the November 26 meeting.

Mrs. Sue Ann Smith, H. D. Agent, gave some interesting pointers on home beautification for the holidays. The secret lies in planning ahead for each day in the holiday preparations, both in baking, decorating, gift wrapping, etc.

Mrs. E. A. Dunagan drew the hostess gift. Refreshments were served to 11 members and 3 visitors. Mrs. J. T. Brooks, Mrs. Smith and Melonie Oneal.

The next meeting will be with Mrs. Homer Ketchersid Nov. 26 with a program on safety.

You'll be living in security if you have a nest egg of U. S. Savings Bonds and Freedom Shares.

## County Agent Says It's Time to Bake That Fruit Cake

by Mrs. Sue Ann Smith, CHDA

If you haven't already baked your holiday fruit cake, place it at the top of the list for "things to do."

Fruit cakes need time to age and develop the right flavor and texture. Use high quality fruit and fresh ingredients for a more luscious flavor.

And, to cut cost, add raisins and currants for part of the candied fruits. Remember though that too many raisins and currants give cake a bitter or scorched flavor. Compare cost of shelled and in-shell nuts for the best buy. Don't forget to consider the time needed for shelling.

Another cost saver to consider is buying ingredients in as large size packages as you will need, keeping your entire holiday baking in mind.

Various recipes are available from your County Home Demonstration Agent's office. One a German fruit cake is made with three types of fruit preserves; others are no-bake varieties; and others are delicious drop or bar cookies.

## Columbian Club

Thanksgiving was the theme in program and decor when Mrs. Jack Brown entertained members of the Columbian Club at her home on November 13. A colorful paper honeycomb turkey strutted on the book case and a gilded shovel of fruits and fall leaves decorated the coffee table.

As Mrs. Allen Shultz called the roll, members replied with personal reasons for their being thankful this year. God and country, family and friends, health and many other blessings were named.

The authenticity of grade school history texts was placed in doubt by an article given by Mrs. Shultz. Even first grade pupils and possibly pre-school children have been and still are being indoctrinated with the Massachusetts version of the first Thanksgiving, replete with blunder-buss toting Pilgrims and wild turkeys and friendly Indians. The date of that splendid event was 1620 and the site was Plymouth.

Folk in Virginia deny the Massachusetts celebration as being the first of its kind and have historical records to prove their claim that Berkeley Hundred was the place and that 1619 was the year. The occasion was the arrival of the 47-ton barque, "Margaret," carrying 38 artisans and workmen—no women—and before setting to work, the following directive was issued:

"Wee ordaine that the day of our ships arrival at the place assigned for plantacon in the land of Virginia shall be yearly and perpetually keep holy as a day of thanksgiving to Almighty God."

It probably was observed twice more, in 1620 and 1621, but on March 22, 1622, a massive Indian massacre took place at Berkeley Hundred, leaving but one survivor, a ten-year-old boy who had hidden in the bushes. In 1863 President Lincoln visited this site, knelt in thanksgiving, and it was he who designated the last Thursday in November as Thanksgiving Day.

Christ's Miracles for Today, from The Touch of the Master's Hand by Dr. Charles L. Allen, provided the devotional given by Mrs. Grady Halbert. She reviewed the account of the ten lepers with only one returning to thank Jesus. Biblical text was Luke 17: 12-18.

Refreshments were served following the program.

## 4-H Club Meeting

Mrs. Jim Cash gave a program on bread to the Truscott 4-H Club members last Tuesday. She gave each girl some dough and demonstrated how to roll, and turn it into many different shapes. Refreshments of ten different kinds of breads, five sweet and five plain, which Mrs. Cash had baked, were served to Ruth Brown, Christy Shaw, Trenna Cash and Jacquelyn Brown. Other guests were Mrs. Elmo Shaw, Mrs. Jack W. Brown, Tracy Shaw and Billy Brown. Trenna Cash gave a short talk on breads to the group.

## 4-H Club Meeting

The seventh grade 4-H Girls Club met Thursday, Nov. 14. Sandra Whitfield called the meeting to order. Susan Autry and Nora Durham led the 4-H pledge and a song. Mrs. Smith passed out membership cards, a food group paper, and names of people to write thank you notes to. The girls had a small quiz on clearer skin. Then they discussed a pamphlet Mrs. Smith had passed out. The next meeting will be in January.

Nearly 10,000,000 Americans are signed up under the Payroll Savings Plan for the regular purchase of U. S. Savings Bonds.

## H. D. Council Meeting

Mrs. Grover Moore, Council chairman, presided when the Foard County Home Demonstration Council met November 14 in the office of the H. D. Agent at 2:30 o'clock. The three H. D. Clubs were represented by seven members and there was one visitor. The Gambleville Club gave the opening exercise.

Mrs. Sue Ann Smith, County H. D. Agent, expressed the need for 4-H food demonstration leaders. Anyone who will help, if only for one demonstration, should call Mrs. Smith. The finance chairman reported a balance of \$317.54 and the yearbook chairman reported the yearbook was ready for the press. The EEE committee will serve refreshments to the commissioners court on Dec. 9 and will sponsor the Christmas lighting program. Mrs. Clarence Garrett was elected messenger chairman.

The HD Council Christmas party will be held in the home of Mrs. Allen Shultz Dec. 12 at 2:30 p. m. Each guest is to bring a gift for the tree.

Mrs. Smith announced that Helen Banks of the Lone Star Gas will give a demonstration on food gifts in the court house at Benjamin at 2 o'clock Nov. 22 and Martha Clark will give this demonstration in Quanah Dec. 16 in the First National Bank at 2 o'clock.

## Gambleville H. D. Club

The Gambleville Home Demonstration Club members were picked by Mrs. Willie Garrett and Mrs. Clarence Garrett for a "come as you are" club meeting at 7 a. m. Friday morning for a surprise meeting which was to have been held in the afternoon at the home of Mrs. Willie Garrett.

Coffee and banana bread were served to fourteen members and two visitors after the members washed their eyes and got their hair out of their faces.

Mrs. Willie Garrett said her opening exercise was running all over town after the members. Mrs. Clarence Garrett, president, called the meeting to order and proceeded with the business in the usual way. She then read a poem on wash day as advice to the new bride, Mrs. Sue Ann Smith, Home Demonstration Agent, and told her how to spend her week. "Wash on Monday, iron on Tuesday, clean on Wednesday, etc." She then took her to the washing machine, ironing board, and cabinet, on through the days of the week where she found appropriate gifts.

On Tuesday night, December 17, at 7 p. m., the club will have its Christmas party at the home of Mrs. Willie Garrett with Mrs. Clarence Garrett as hostess.

## Tax Man Sam Sez

If you earn part of your income from tips, you are required to report the amount of tips to your employer, who is required by law to withhold social security and income taxes on them. If you do not earn enough wages to pay the taxes that should be withheld, you are required to pay the rest to Internal Revenue. A recent court decision upheld an Internal Revenue agent who assessed taxes, interest and penalties on 10 per cent of the cost of all meals a waitress served. It pays to keep a record of your tip income.

Do your Christmas shopping early. It's easy, if you buy Savings Bonds and Freedom Shares, available "over the counter" at your bank.

Dedicated to the memory of those friends who meant so much to my life, Blake McDaniel, Jesse Autry, Luke Marlow and Sty Barker.

## THE PRODIGAL

The old man was gnarled, wrinkled and grey. But he stood straight and tall as he commenced to say, "Son, I sit and wonder at you people who've said, 'Live as you please, your God is dead. Son, I've worked these fields for twenty years. And in this time I've shed many tears. I've had crops fail, and a wife to die. But it's not for me to question why. Because God speaks to me from day to day. And gives me the strength to face life's way. I've been hungry son, but not hungry as you. Because you've nothing to look forward to. He reached out his hand with a tear in his eye. As I turned and walked out with not a good-bye. Now the years have passed and the days are short. Yes, there came a day when God humbled my heart. And it was because of this friend that day. That I grew to know God in a very special way."

## Texas Highway Commission Blasts Federal Agency

The Texas Highway Commission this week leveled a blast at the U. S. Department of Transportation, charging the federal agency with "cynical disregard for the safety, the wishes or the welfare of the American motorist through continual delay of and interference with the Highway program."

Commission Chairman Jack Kultzgen of Waco accused the DOT of "acting in bad faith" in announcing a group of proposed regulatory policies which will have the effect of law on November 22 if not withdrawn by the agency.

"These policies ostensibly were proposed to give the people a greater voice in highway planning," Kultzgen said. "However, they are a threat to the entire highway construction program."

Kultzgen urged motorists throughout the nation to wire their Congressmen—both U. S. Senators and Representatives—to express forcibly their opposition to the proposed establishment of a new part 3 to Title 23 of the Code of Federal Regulations (Federal Register). He stressed the need for immediate action.

The regulatory proposals call for two public hearings before a highway may be constructed. Any

person or group of persons bring a halt to further progress on the highway project either hearing or after citing any of the regulations in opposing the proposed action.

Kultzgen was vehement criticism of the proposals. He declared:

"This is absolutely a completely contrary to any approach to highway planning. It places the experienced judgment of laymen against the professional judgment and competence of the entire highway department engineering and administrative staffs."

# CROWELL LOSES 37-8 TO ARCHER CITY

The Crowell High School Wildcat football team concluded its 1968 season last Friday night at Archer City where the A. C. Wildcats won 37-8. As a result of that game, Archer City clinched second place in the district race, and Crowell finished fourth in the district with a 3-win, 4-loss record. The Holiday Eagles won the District 11-A championship this year. Crowell ended the 10-game season with a 5-win, 5-loss record.

The Archer City gridders gained 276 yards on the ground and added another 119 yards in passing in their win over Crowell.

Paced by quarterback Early Schlabs, the Archer City squad scored in every quarter while holding the Crowell Wildcats scoreless until the final period. Scabbback Ricky Cheves opened the scoring for Archer City with a 13-yard scamper early in the first quarter. Cheves booted for the extra point.

Teammate Eddie Wright tallied next for Archer City late in the opening period on a three-yard run. The kick for point after failed. In the second quarter, Cheves once again broke loose for a score, this time from four yards out.

The Archer City gridders picked up their torrid pace in the third quarter with Earl Schlabs scoring on a three-yard run and then passing to teammate Robert Benning for 50 yards and another tally. Both extra point tries failed.

The Crowell offense scored its only touchdown of the night early in the fourth quarter when fullback Charles Dodd broke loose on a sparkling 71-yard touchdown run. Billy Hord blasted over for the two-point conversion.

The last Archer City score came late in the game when quarterback Schlabs passed 15 yards to Benning for six more points. The attempted run for points was halted by Crowell short of the goal.

The Crowell offense scored its only touchdown of the night early in the fourth quarter when fullback Charles Dodd broke loose on a sparkling 71-yard touchdown run. Billy Hord blasted over for the two-point conversion.

## Official Blasts Federal Decision on New Highways

Federal highway administrators are attempting to grab power far in excess of the intentions of Congress, a top State highway official charged at College Station this week.

John O. Morton, president of the American Association of State Highway Officials, leveled a withering blast at what he termed "this senseless takeover" in the keynote address opening the 42nd annual Highway Short Course at Texas A&M University.

Morton, who also is commissioner of public works and highways of the State of New Hampshire, referred to a group of proposed regulations which will go into effect if not withdrawn before November 22.

The regulations call for two public hearings—instead of one required presently—before a highway can be constructed. Any person or group could bring a halt to further progress of the project at either hearing or afterward by citing any of the regulatory points in opposing the proposed construction.

The regulations were published in the Federal Register and if allowed to stand, would have the effect of law after November 22. Morton noted that this is the first time in the 52-year history of the Federal Aid Highway Program that a government agency has resorted to this means of establishing rules and regulations for the highway program.

"I can only regard this move as being of a sinister nature, conceived by a few people in high authority and possibly accepted by others who are not aware of its serious consequences," Morton said.

Morton pointed out that of the 41 thousand mile Interstate Highway network, some 6.4 thousand miles are within urban areas. Of this mileage, only 150 miles are in dispute. Practically all the rest has been constructed or resolved.

"Of this total mileage of urban expressways, only 2.5 per cent have presented problems of an unusual nature and certainly this constitutes a record of accomplishment and not one of failure," he said.

Morton said highway builders have developed cordial and responsive working relations with community officials and with representatives of every level of government.

"We have encouraged the appearance of interested persons at our public hearings and have given considerable and responsive attention to the suggestions and problems that have been presented . . ."

"As a matter of record, of the 41 thousand mile network of interstate highways, approximately two-thirds of the mileage is now completed and in service. I can factually report that this accomplishment has been accepted, approved and applauded by the overwhelming majority of the American people," Morton said.

Should the pending regulations go into effect, he said, "For most of the states this will have the effect of bringing about a complete stoppage of the highway program . . ."

He said the regulations will take the highway program out of the hands of the states and the state highway departments and put it under the direct supervision of "a mammoth federal bureaucracy."

The veteran highway engineer and administrator charged that "at the present time, millions of highway dollars are being dissipated by a Washington bureaucracy—funds that are urgently needed for well thought-out construction projects."

"Complexities are being created that cannot be untangled at the local, state or federal level. Meaningless reports are being required—reports that never will be read—and each day the shuffling of more paper requires added help. All of these dubious requirements are being presented to the public under the guise of creative federalism."

Morton said it is "high time that we raise strong objections to this senseless takeover. To me, a highway program should be one that is aided by the use of federal funds rather than one completely dominated by government bureaucracy."

"The dissolving of the time-honored partnership between the Bureau of Public Roads and the States will destroy the continuity of well thought-out highway programs."

"Necessarily, it will create more confusion and complexity. A program completely dominated by the federal government will never be

## Pastor Attends Baptist General Convention

The Baptist General Convention of Texas met in Fort Worth last week Monday through Thursday evening. In conjunction with this meeting were the Texas Baptist Men and Woman's Missionary Union meeting. The three meetings comprised a World Missions Conference under the general theme: Our Hope in Christ.

Texas Baptists now number more than 1,800,000. An operating budget for missionary causes in excess of \$13,000,000 was adopted at this meeting.

All churches were urged to have a part in the Crusade of the Americas, an evangelistic endeavor to be undertaken next spring.

John Gillespie, pastor of the First Baptist Church in Crowell, was a delegate to this convention.

## Methodist Church Has Successful Harvest Festival

The Crowell Methodist Church held its annual Harvest Festival at the church Sunday with a special morning worship service and a covered dish luncheon at noon.

John Cogdell, finance chairman, announced at the morning service that the church had raised the necessary funds to pay the conference commitments.

Leslie Thomas presided at the morning service, and Misses Cathy and Kristi McLain were organ and pianist, respectively, for the service. A quartet composed of Misses Jacque Gillespie, Peggy Rasberry, Peggy Welch and Kristi McLain, sang a quartet number; and a trumpet duet was presented by Miss Rhonda Vecera and Trey Autry. Church lay leader V. A. Johnson, welcomed the guests, and the children's choir, directed by Mrs. Baylor Weathered with Mrs. Paul Shirley playing piano accompaniment, presented a number.

The pastor, Rev. Walter L. Driver, brought the morning message.

## Card of Thanks

Our pastor, Rev. Truman Boyd, and members of the Margaret Baptist Church wish to express our thanks to everyone who in any way helped to make our church look better. To Mr. and Mrs. Gus Russell for the nice job they did in painting it, and for each donation that was given for our paint, and also for our new pews. For the men who helped move the pews. Also our thanks to Harold Martin and Ray Cannon for the building of our storage closet. May the Lord bless each one is our prayer.

## Card of Thanks

I would like to thank each nurse, all of the hospital personnel of the Foard County Hospital and Dr. Stapp for their excellent care of me while I was in the hospital. Their kindness will never be forgotten. To each person that sent flowers, cards, visited me, and for all of their prayers, let me say "thank you." May God bless each of you in His own special way for now and for always.
