HEART FUND DRIVE SET FOR WEEK END

This week end local Heart Sunday volunteers will be visiting Foard County residents to distribute heart-saving information and to receive Heart fund contributions.

Mrs. Jack Welch is serving this year as chairman of the Heart Fund drive. In addition to a number of other volunteers, members of the Sub-Junior Columbian and Adelpian Clubs will also be assisting in the drive.

In citing the extent to which heart disease is a crippling and killer, Mrs. Welch pointed out that here, as elsewhere in the nation, the heart and blood vessel diseases are responsible for about 54 per cent of all deaths; in this county, like most others, about one person in nine suffers from some form of heart and circulatory disease.

"So welcome your Heart Fund volunteer with a smile, and a generous donation. Surprise her by contributing more than the amount you usually give. In other words: Give—so more will live!" Mrs. Welch added.

Deadline Nearing for Obtaining Vehicle Inspection Stickers

Foard County residents were reminded again this week that the period for obtaining inspection stickers is drawing to a close and less than half of the registered vehicles have been inspected.

April 15 is the deadline for obtaining the inspection stickers, and all vehicles that are required to be inspected and operating on public roads must have a new inspection sticker by April 15 or the operator will be driving in violation of the law.

Foard County has two inspection stations.

Easter Seal Appeal Letters Being Mailed This Week

Easter Seal Appeal letters are being delivered this week in Foard County, according to Robert Kincaid, who is the Easter Seal representative for the Easter Seal Society for Crippled Children and Adults of Texas.

As representative, Mr. Kincaid serves as contact representative for disabled persons needing Easter Seal rehabilitation services and also serves as treasurer of the Easter Seal appeal in Foard County.

The Easter Seal Society offers physical and occupational therapy, speech and hearing programs, and special equipment loans to enable disabled persons to make the best use of their abilities to overcome handicaps. These services are financed by the annual Easter Seal appeal. The Society also provides for research into the causes and cures of crippling conditions, finances public education programs, and provides scholarships for the training of professional personnel to staff rehabilitation centers.

Mr. Kincaid pointed out that all of these programs are important if Texas is going to continue to provide the best in rehabilitation services for its own disabled citizens.

During 1968, the Texas Easter Seal Society helped to provide treatment and services to 11,390 children and 6,232 adults who were in need of rehabilitation services. These services are available to any disabled person who can benefit from help provided by the Easter Seal Society, Mr. Kincaid added.

The Easter Seal campaign will run through Easter Sunday, April 6. Mr. Kincaid urged increased support for the Easter Seal Society and its program of services to crippled children and adults.

COMMISSIONERS COURT TO SEEK CREATION OF HOSPITAL DISTRICT

COUNTY GETS MORE MOISTURE

Foard County received more moisture last week, as heavy clouds hung over this area most of the latter part of the week.

The heaviest rain occurred during the night Thursday, and measured .55 inch, Friday .28 inch was recorded, and .23 inch fell on Saturday to bring the total for the week to 1.06 inches.

Another .13 inch was recorded prior to the three-day rainy spell and all this added to the .98 inch received the preceding week, raised the total for the month of February through Monday of this week up to 2.27 inches.

Most of the county received about the same as was recorded here in town.

Mr. Shirley said that supper will be served beginning at 7 with the lodge meeting scheduled to begin at 8.

All Master Masons in the county are being invited to attend.

Years of Generosity

Years of taxpayer generosity to the indigent and dependent in the nation's midst has produced a degree of ingratitude and contempt towards people who are working and paying taxes that in all likelihood exists nowhere else in the world.—Carthage, Mo. Press.

CITY'S "WORKABLE PROGRAM" OKAYED

The City of Crowell was notified Monday of this week that the city's Community Workable Program for Community Improvement had been approved by the Department of Housing and Urban Development.

With this approval, the city moved a step forward in obtaining 30 units of housing. These 30 units will be duplexes for low-income families and the elderly, according to Mrs. Wilma Cates, city secretary.

According to Mrs. Cates, the city's application for a federal grant for the housing units has already been made, and it is now possible for the grant to be made since the workable program has been given official approval.

In a workable program, a community explains its building codes and ordinances, a neighborhood analysis, administration, organization of the community, financing, citizen participation and many other topics.

In March of 1968, the City Council appointed five members of the housing authority to work with the program when and if it was approved. Those five are Mrs. Nelson Oliphant, Mrs. Marjorie

Taylor, Glen Goodwin, Irving Fisch and Travis Vecera.

Replacements for two of these, Mrs. Taylor and Mr. Vecera, will be appointed, after which the City Council will call a meeting of a suitable location for the units.

Mrs. Cates has been appointed executive director of the housing authority.

Three Candidates File in City Election Set for April 5

Terms of Three Aldermen Will Expire This Year

The Crowell City Council, in a meeting held Tuesday night, Feb. 18, set Saturday, April 5, for the city election at which time three aldermen will be elected.

The terms of Charles Branch, Recie Womack and Miles Welch are expiring. Mr. Welch moved away from Crowell several months ago. Branch and Womack have both filed for re-election, and Leonard Tole has filed as a candidate for his first term.

March 6 is the last day to file as a candidate for one of the alderman's posts.

Mrs. L. A. Andrews was appointed as presiding judge for the election.

Two from Foard County Ordered for Induction March 6

Two Foard County men are among the ten from the 3-county area of Foard, Wilbarger and Hardeman who have been ordered to report for induction into the armed forces on March 6 to fill the quota of Local Board No. 131.

They are George Stanley Myers and Michael Anton Payne.

Nineteen men from the three-county area have also been ordered to take physical examinations on March 6. Two of these are from Foard County.

They are Carl Frederick Wehba and Tommy Jerry Kaja.

The state induction quota for March is 1,572. The state pre-induction physical quota is 4,585.

Notice is being published elsewhere in this paper as to the intention of the Commissioners' Court to ask the Legislature by law to provide for the creation, establishment, maintenance and operation of a hospital district co-extensive with the boundaries of Foard County, with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping the same for hospital purposes, and providing for the levy of annual taxes at a rate not to exceed seventy-five cents on the \$100 valuation of all taxable property within such district for the purpose of meeting the requirement of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses.

Notice of such intention is required by the Constitution of the State of Texas, and County Judge Leslie Thomas explained Monday this does not mean that when and if the Legislature authorizes the creation of such a district, that it would come into existence automatically.

"Such a district would not come into existence until authorized by a vote of the majority of the qualified voters of the county voting at an election called for such purpose. Also, if such a district were created by the Legislature and authorized by vote of the people of the county, the tax rate would be only so much of such 75 cents maximum as would be needed for sinking funds as well as operating and maintenance expenses. It should also be noted that bonds of such a district could not be issued without express authorization of the qualified voters of the county," Judge Thomas stated.

Senior Class
 Last week was a quiet week

for seniors. Since basketball season is over, there has been a lull in activities. However, a few seniors will be participating in literary and track events soon. Work has picked up in English IV. Seniors will be writing more and more themes in order to prepare for college.

In civics, discussions were held on current events. New ideas and questions were raised as the class gained a fuller knowledge of the world's needs and problems.

Last Thursday, senior football boys received their jackets and blankets. Seniors receiving awards were Terry Bird, Alan Lee, Ike Everson, Charles Dodd, Billy Hord, Jimmy Hammonds, Larry Ellis, Junior Carroll, Leslie Hopkins and Richard Kubieck. Charles Dodd was recipient of the "Denny Todd award."

Study, study, study is the word for next week as six weeks' tests roll around again.

Best wishes go to senior Pam Coocks on her marriage to George Myers last Friday night.

Junior Class

The juniors started the week with the study of words in English. Then as the week progressed, we had our book reports. We were informed that we will start our term themes in two weeks.

Every year the Rural Electric Association sponsors a theme writing contest. This year we would like to have many entries from our class. But only two will be able to compete. Deadline for your entry will be March 1.

Freshmen News

The freshmen once again try to review all the facts as the six weeks tests roll around once again. There is an air of hope though because the half-way mark of the year has been passed and the end of the year is in sight. Since they have been studying both grammar and literature alternately under Mrs. Bounds, they will be quizzed on both to insure their understanding of the basic patterns and word groupings in sentences, as well as an understanding of the important facts of the authors whose stories they have been reading. It is important to know something of these authors because studies of them recur all through high school and college.

Menu

Monday, March 3: pizza, baked beans, cabbage slaw, peach cobbler, milk.
 Tuesday, March 4: barbecued weiners, dried blackeyed peas, buttered corn, carrot strips, corn meal muffins and butter, peaches, milk.

Senior Spotlight

Zerne Gafford, first senior spotlight of this week, is the 18-year-old daughter of Mr. and Mrs. Ed Gafford. The 5' 7" senior attended Blue Mound Elementary one year and Wayside Junior High School one year. Both of these schools are in Fort Worth. Her four years of high school have been spent in CHS. Zerne began her activities in drama four years ago. Since then, she has been a member every year, president her junior year, and a Thespian every year. For two years, she was a member of the FTA and served as secretary last year. Zerne has participated in FHA activities 3 years and has held two offices—parliamentarian her junior year and secretary her senior year. Last year, she was a member of the Spanish Club and on the annual staff. Of the three years she has been in the Pep Club, Zerne has served as its vice president and its president. The brown-eyed senior also participated in the sports of basketball and volleyball for two years. This year, she reigned as homecoming queen. Outside of school, Zerne is member and president of the Sub Junior Columbian Club. Some of Zerne's favorites are food, chicken fried steak; color, yellow; song, "Your Cheatin' Heart"; actor, George Hamilton; actress, Ann Margaret; hobby, horse back riding; subject, typing. Her chief dislike is a person who tries to be something he isn't. Miss Gafford attends the First Baptist Church of Crowell. She plans to marry in the early part of summer and then reside in Fort Worth afterwards.

Beverly Dee Gillispie is the daughter of Rev. and Mrs. John Gillispie. This 5'2" senior has blue eyes and light brown hair. She has been a student of CHS two years. Before coming here, Beverly attended the Greenwood School for one year, the South Plains School for 3 years, and the Seminole Public Schools for six years. Bev has been active in Library Club work for three years and is presently secretary of that club. For two years, she was a member

of the FTA and was an honorary member her sophomore year. Last year, Beverly was in the Spanish Club, on the annual staff, and the friendliest. This year, she is in the chorus, ad manager of the annual staff, and treasurer of the Sub-Junior Columbian Club. Favorites of this 17-year-old senior include: food, Spanish; color, blue; song, "I Love How You Love Me"; actor, Dean Martin; actress, Raquel Welch; hobby, art work; and subject, English. Beverly dislikes people who cannot be themselves and feel the need to put up a front in order to impress others. She is an active member of the First Baptist Church of Crowell and of the YWA's. After graduation, Bev plans to live and to work in Amarillo.

Pancake Supper

Hot, buttered pancakes and rich, tasty sausage topped with maple syrup heads the menu for the band parents' pancake supper on March 6 during Public Schools Week open house. Serving will begin at 5 p. m. in the school cafeteria. Sausage on the bill of fare is genuine whole hog sausage from a porker furnished by Floyd C. Borchardt and prepared by George Scott.

Tickets are now on sale and may be purchased from any band member. The price is \$1.00 for adults and 75c for children 12 and under.

Public Schools Week March 3-7

Public School Week was originated in 1950 as a public service project for the sole purpose of stimulating and advancing the general interest in public education in Texas. This traditional observance during the first full week in March has won widespread appreciation and support.

In celebrating the 115th anniversary of the founding of the public free schools in Texas, we are given an opportunity to reflect upon the great heritage of freedom and self reliance bestowed upon us, and which we are obligated to pass on to posterity if we are to maintain our free society. We should be reminded that it is our great public school system, among all our free institutions, that has been most responsible for preserving and extending our liberty, our prosperity, and our democratic way of life.

Endorsed by official memorandum of the Governor of Texas, the State Board of Education, the Texas Education Agency, the State Legislature, and other public bodies, Public School Week has earned the respect, cooperation and acclaim of business, civic, patriotic, professional and service club and organizations throughout the state. This presents all of us with an invitation and a challenge to join together in this observance to help us understand and meet the needs of public education in Texas.

Inexpressible Joy

Have you ever noticed that the Apostle Paul never speaks of his love for Christ? Rather, he keeps talking about Christ's wonderful love to him. Neither does he exhort us to love Christ, but keeps telling us how Christ loved—and loves, us. This is consistent with the message specially committed to him: "The gospel of the grace of God" (Acts 20:24).

The law says: "Thou shalt love the Lord thy God." This is the very essence of the law (Matt. 22:37). And we should love God, but law cannot produce love, so God comes to us in grace and says "I love you." This is why Paul's epistles are so filled with "the love of God, which is in Christ Jesus" (Rom. 8:39).

The fact that God deals with us in grace does not mean that believers should not, or do not, love Him. The very opposite is true, for love begets love. It is when men come to know the love of Christ that their hearts respond to Him in love.

Peter, like Paul, had once been a strict observer of the law, but had since come to know the love of Christ in growing measure. The result: a deep love for Christ and the overflowing joy that accompanies such love. This is why we find in 1 Pet. 1:8 those touching words that naturally overflow from the heart and lips of one who has come to know the love of Christ:

"Whom having not seen, ye love; in whom, though now ye see him not, yet believing, ye rejoice with joy unspeakable and full of glory."
 The result: a deep love for Christ and the overflowing joy that accompanies such love. This is why we find in 1 Pet. 1:8 those touching words that naturally overflow from the heart and lips of one who has come to know the love of Christ:

ents was prepared by Dallas County District Attorney Henry Wade. It is hoped that the pamphlet will be read in the spirit that knowledge and understanding of the general principles and laws applicable to each person who is the cornerstone to truly effective law enforcement.

Senate, but did complete action on the bond interest bill, create a commission to operate the Fleet Admiral Chester W. Nimitz Museum in Fredericksburg and pass a bill to permit local libraries to join in a statewide network for exchange of books and services. Liquor-by-the-drink constitutional amendments landed on Senate and House calendars with favorable committee reports and predictions of support by two-thirds of lawmakers. Lt. Gov. Ben Barnes appeared to be taking a personal hand in steering the senate legislation.

Meanwhile, the Senate Constitutional Amendments Committee unceremoniously killed another familiar measure—San Antonio Sen. V. E. (Red) Berry's proposal to legalize horse race gambling in Bexar and Harris counties. Constitutional amendment to remove welfare ceiling has cleared Senate Committee.

Taxpayers Ask Internal Revenue

This column of questions and answers on federal tax matters is provided by the Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I received a package of estimated tax forms in the mail. Does that mean I have to fill one out and send it in?
A—You do not have to file an estimated return for 1969 unless you meet the requirements as explained in the instructions that came with the estimated forms. Estimated tax forms have been sent to every taxpayer who filed an estimated return for 1968 as well as to those taxpayers who had a balance due of \$40 or more when they filed their 1967 return. The forms are identified with the taxpayer's name, address and social security number just as they appear in IRS files. If you are required to file an estimated return, be sure to use the forms sent you. It will assure that your estimated tax payments are properly credited to your account.

Q—Can I deduct the assessment I had to pay for a new sidewalk?
A—No, the law generally does not permit deductions for assessments for local benefits that tend to increase the value of your property. The amount of the assessment can be capitalized, however, and added to the basis of your property.

Q—Where can I get a copy of "Your Federal Income Tax"?
A—This publication can be purchased for 60 cents at local IRS offices or from the superintendent of documents, U. S. Government Printing Office, Washington, D. C. 20402. Ask for publication 17.

Q—What records should I keep on my 1968 return in case I'm audited?
A—Keep whatever you need to substantiate the income and deductions on your return. Cancelled checks, paid bills, forms W-2 (wage and tax statement), and 1099 (U. S. information return for calendar year), bank books and similar records in addition to a copy of the return, will be helpful.

Q—I've got a refund coming. Where should I send my return?
A—Send it to your regional service center. An envelope addressed to the center was provided in all 1040 tax packages. If you don't have an envelope, check the tax return instructions for the address of your IRS service center.

Q—Can I deduct my medicare premiums?
A—Yes, premiums for medicare and other medical insurance are deductible if you itemize expenses on your return. Don't forget that medical insurance premiums are handled differently than other medical expenses. One half of these premiums up to a maximum of \$150 may be deducted without regard for the 3 per cent limitation generally imposed on medical expenses. Details on deducting medical insurance premiums and other medical expenses can be found in the 1040 instructions.

Q—To help out my daughter, I took care of several of the mortgage payments on her new house. Can I deduct anything for this?
A—No. The law does not allow you any deduction for taxes and interest paid for someone else, if you are not legally liable. If the mortgage was in your name, you may deduct the interest when you itemize your deductions.

Q—I cashed in some U. S. savings bonds last year. What do I report as interest on them?
A—Report as interest the difference between what you paid for the bonds, the issue price, and what you received when you turned them in. Some cash basis taxpayers elect to report the interest earned each year on their bonds rather than all at once when they redeem the bonds. Either way of reporting this interest income is acceptable. However, once the election to report the increment each year is made, you must continue to do so for all discount bonds you own or acquire later.

Miss Jackie Lynn Cary Becomes Bride of Bobby Don Bond

Miss Jackie Lynn Cary of Vernon became the bride of Bobby Don Bond of Margaret in a ceremony solemnized at 6:30 p. m. Friday in St. Paul Lutheran Church in Vernon with Rev. Roy Jacob, pastor, officiating.

The bride is the daughter of Mr. and Mrs. F. A. Cary of Vernon and parents of the bridegroom are Mr. and Mrs. Bill Bond of Margaret.

The nuptial setting was formed by candelabra with foliage and baskets of white mums.

The bride, given in marriage by her father, was attired in a formal-length gown of silk organza fashioned with delicate accents of rose appliques enhancing the gown from the neck to the hemline. A cluster of organza roses attached the chapel-length train to the gown, and the bride's elbow-length veil of English silk illusion was held by silk organza roses and petals points. The bride carried a bouquet of white baby roses.

Mrs. David Cary attended the bride as matron of honor. Her A-line formal-length gown was of royal blue brocade, and she carried a bouquet of pompon mums.

Wilson V. Bond of Crowell served the bridegroom as best man. Ushers were David Cary and Mike Gamble.

For her daughter's wedding, Mrs. Cary selected a pink knit suit and wore a corsage of carnations. Following the wedding ceremony, a reception was held at the church.

The bride's table, covered with a white lace cloth, was decorated with white mums and held the traditional three-tiered wedding cake topped with a miniature bride and groom.

Mrs. Preston Cary presided at the register table which was covered with a white cloth and held a blue floral arrangement.

Others assisting with the reception were Mrs. Mike Gamble and Mrs. Louise Hardin of Dallas.

For the wedding trip to Houston, the bride wore a two-piece dacron crepe dress featuring a flared skirt and puffed long sleeves. She wore matching accessories and the corsage from her bouquet.

The bride is a 1967 graduate of Vernon High School and attended Texas Tech. The bridegroom is a graduate of Crowell High School where he was a stage band officer, member of the Spanish Club and FFA officer. He attended Baylor University and served two years in the U. S. Marine Corps.

MRS. JOSEPH LEON BESS

Granddaughter of Crowell Resident Wed in Tulsa, February 14

Miss Sharon Louise Hoffmann of Tulsa, Okla., granddaughter of Mrs. Roland Beesinger of Crowell, became the bride of Joseph Leon Bess in a ceremony solemnized at 8 p. m., Friday, February 14, at Harvard Avenue Christian Church in Tulsa, Okla. Rev. Robert T. Peake officiated.

The bride is the daughter of Mr. and Mrs. Edwin S. Hoffman of Tulsa and parents of the groom are Mr. and Mrs. Joseph J. Bess of McAlester.

Mrs. Robert T. Peake, soloist, sang "O Perfect Love" and "The Lord's Prayer," with Miss Carol Ralston serving as organist.

Church decorations included brass candelabras holding white tapers, and candelabra decorated with white gladioli and carnations. Palms were also used in the setting for the exchange of vows.

The bride was attired in a gown designed and created by her mother. It featured a lace open front mock coat with long sleeves and stand-up collar worn over a crepe princess line floor length dress. The yoke of the coat was trimmed with sweetheart buttons. Her veil was a matching lace mantilla. She carried a corsage of an orchid surrounded with white carnations atop her mother's white Bible. For something old, she wore a ring set with diamonds that once belonged to her mother and grandmother. Her gown provided the "something new" and for something borrowed, she carried her mother's Bible. A lace garter was the "something blue."

In her shoe, she wore a sixpence she had brought from England.

She was given in marriage by her father.

Mrs. Howard Leavey of Memphis, Tenn., served the bride as matron of honor and bridesmaid was Miss Cheryl Ann Akins of Tulsa. The attendants wore light blue brocade floor length gowns. Their headpieces were clusters of blue daisies with circular veils. They carried nosegays of white and blue carnations tied with silver ribbon.

Lester Cox of Tulsa was best man and Douglas Hoffman, brother of the bride, also of Tulsa, was groomsmen. Ushers included Michael Clark and Bob Gaydusek, both of Tulsa.

A reception was held at the church immediately following the ceremony hosted by the bride's parents. Mrs. Cleo Akins, Mrs. Carl Larson and Miss Sue Inder presided at the serving table. Miss Helen Jean Akins presided at the guest register.

The bride graduated from Edison High School in Tulsa, attended Robert's Beauty College and is now employed as a hair dresser. The groom graduated from McAlester High School and is employed as assistant manager of a TG&Y Store.

For a going-away costume, the bride wore a blue knit dress with black accessories.

After a brief wedding trip, the couple will reside in Tulsa.

Out of town guests attending were the bride's grandmothers, Mrs. Emma Hoffman of Muskogee, Mich., and Mrs. Roland Beesinger of Crowell; Mr. and Mrs. Bob Daniels of Crowell, Mr. and Mrs. Howard Leavey and daughter, Amy, of Memphis, Tenn.; the groom's parents, Mr. and Mrs. Joseph J. Bess; and his brothers, Samuel Bess (stationed in Germany) and Mr. and Mrs. Ray Bess and daughter, all from McAlester.

Mrs. W. B. Johnson asked that items be given for the "Pirate's Cove," a project by which the Santa Rosa District hopes to raise its share of money to finance the 1970 meeting of General Federation of Women's Clubs which will be in San Antonio. Articles for this sale should be taken to Mrs. Johnson before March 18.

Mrs. Ralph Don Adams was elected to club membership.

Mrs. L. H. Wall was leader for the program. Before she read the club collect, Mrs. W. A. Dunn led pledges of allegiance to both of the flags of the United States and Texas.

Mrs. Wall presented Ray Shirley who spoke on his interesting and profitable hobby, coin collecting.

He showed a few of the earliest coins and related the interesting history of each one. Mr. Shirley is a member of both Quana and Vernon Coin Collectors.

The next meeting will be "Gentlemen's Evening," an annual event which will be held at the community center at 7 p. m. on March 13. Speaker for this event will be one of the section's more successful big game hunters, William A. Bond of Vernon.

Mrs. Allen Shultz of Thalia entertained members of the Columbian Club on Wednesday, Feb. 19, and Mrs. Cecil Carroll was leader for the afternoon program which featured superstitions at home and abroad.

Following the business meeting, the president-elect named Mrs. John Ray, Mrs. Shultz and Mrs. Robert Hammonds as the calendar committee for 1969-70. Roll call was answered with a well-known superstition and it was surprising how many were listed.

According to Mrs. Carroll, everything which others believe and we do not can be classified as superstition. "Every profession, trade and occupation has its own superstitious lore... which dates back as far as records were kept. The Bible gives an excellent example of superstition in chapter 28 of the book of Acts."

In Africa, some tribes hold the snake in reverence, using it in religious ceremonies. Arabs, overtaken by dust storms in the desert, seek to appease the evil spirits who have raised the storm by crying out "Iron Iron!" (West Texans may try that when March winds begin to blow!) The Eskimos believe in ghosts and some Australians say the moon was a

cat. These, as well as other more eerie superstitions, were told by Mrs. Hammonds.

Brazil, China, Egypt and France all have folklore which seems as strange to Americans as American superstitions would seem to them. A Cuban won't sleep in the moon's rays for fear of its drawing his mouth to one side of his face, and the English housewife will not sweep the dirt out the front door, fearing to sweep away the fortune of the house, said Mrs. M. N. Kenner.

Mrs. Roy Ayers told strange tales from Japan and Java, Mexico and Persia. One of the most interesting came from Norway where sailors believe in the existence of a merman, a sea animal represented as having a fish body with the head of a man. He sits upon the waves, wears a red cap, plays the harp and is never seen more than once in seven years.

It was an unusual and interesting lesson on the variety, peculiarity and widespread extent of present-day superstitions, provoking memories and laughter of childish ideas and folklore during the social hour, during which Mrs. Shultz served a refreshment plate.

Nurses Alumnae Group Has Meeting in Quanah Feb. 11

The February meeting of the alumnae of the Greenbelt Vocational Nurses was held at the community room of the Security National Bank in Quanah on the 11th at 7 p. m. Following a business session, the members discussed the highlights of the coronary care seminar held recently. Little Miss Amy Finley, four-year-old daughter of Mr. and Mrs. Coney Finley, was guest. After a social hour those present continued to review for state board.

Those present were Mrs. Frances Clevenger, Mrs. Peggy Horn, and Mrs. Louise Gilbert of Chillicothe, Mrs. Terry Green of Lockett, Mrs. Dorothy Dodd and Mrs. Trula Wood of Crowell, Mrs. Bob by Jackson, Mrs. Denver Wilson, Mrs. Joretta Lumpkin and Mrs. Frances Taylor of Quanah.

4-H Club Meeting

The seventh grade 4-H boys met in Mr. Gidney's room Thursday, Feb. 20 and talked about the livestock show for awhile. Then Steve Graves gave a report on smoking and Terry Templen gave a report on fire prevention. Jim Shook gave a report on wildlife. Next meeting will be March 6.

4-H Club Meeting

The fifth grade boys 4-H Club met in Mrs. Smith's room from 8:30 to 9:40 a. m. Tuesday, Feb. 18. The president said a prayer and the members said the 4-H pledge. David Bell read the minutes. Joe Burkett and the members discussed about the dangers of smoking cigarettes and safety rules for hunting. He passed out booklets called, "Bare Facts about Smoking" and a worksheet called "Safety in Outdoor Recreation." The next meeting will be March 4.

Billy Graham Movie to Be Shown in Vernon

"For Pete's Sake," from World Wide Pictures, will premiere at the Plaza Theatre in Vernon on March 3, 4 and 5, with two showings daily, 6 p. m. and 8:30 p. m. Produced in wide screen and Eastman color, this comedy-drama stars Robert Sampson and Pippa Scott in a mile high Denver setting, against the magnificent backdrop of the Rockies.

"For Pete's Sake!" lives day by day with a meat-and-potatoes guy who has dared to take on big questions about Christianity today, and come with even bigger answers. To Pete, God was not dead! Or was He?

On a damp, gray, Sunday afternoon, Pete Harper was one of a large crowd at Denver's Bear stadium listening to a sermon during a Billy Graham Crusade. Why was he there. "It was free."

It was free, but Pete, his wife, and their son all got more than they had bargained for. Moved by the message, they found themselves going forward. What then?

You will see as you live with Pete and his family during the months that follow and watch them meet the challenges of a Christian commitment. Faith becomes a working commodity for Pete, starting on the inside and growing up and out. It grows while he's pumping gas on a busy Denver street corner, while returning a cake plate to a neighbor, and while colliding with a gang of teenage motorcyclists who challenge him with the shattering honesty of today's youth; youth who force him to match his faith against the turbulent world of leather and dare-devil races. Ride with him as he grinds over steep mountain trails to prove that he's not afraid to try their world.

Americanism

Americanism is an unflinching love of country; loyalty to its institutions and ideals; eagerness to defend it against all enemies; undivided allegiance to the flag; and a desire to secure the blessings of liberty to ourselves and posterity.

NOTICE!

Starting March 1st, all gas service will be discontinued if bills are not paid by the

16th of Each Month.

Disconnect orders will be issued.

Caution: Excessive Use of Credit . . .

Roger M. Blough, chairman of the board of the United States Steel Corporation, stated: "Too often, today, we hear it said that America is so rich and so 'affluent' that it can afford to abolish poverty at home, establish freedom throughout the world, and finance the developing nations; all at once—in a hurry-scurry. And to those who hold this view, let me offer a thought-provoking little item which appeared in the news recently. It seems that a bill introduced in the Illinois Legislature would require all credit cards issued in that state to carry this warning: 'Caution: Excessive use of credit may be hazardous to your economic health.' Perhaps these same words should be imprinted on all appropriation bills!"
