SAVATION ARMY FUNDRAISING DRIVE STARTS JUNE 25

Chairman of the local committee, announced Monday, June 22, that the fund-raising drive for the Salvation Army will begin on Thursday, June 25, with a meeting at 7 a. m. in Juanita's

local committee. Part of the money is also used to support the state agencies. Some of these agencies are disaster units, home and hospital for unwed mothers, summer camp for boys, rehabilitation centers for alcoholics, home for the elderly and any other emergency in the state of Texas.

All of these services are available to people in need because of the support given by everyone which enables the Salvation Army to help.

Mr. Wall stated that "If we are to reach our goal of \$900.00, we will need the help of all Foard County. This money will be used for the people of Foard County and Texas."

In addition to Judge Thomas, the local committee consists of Henry Black, vice chairman; Mrs. Howard Ferguson, treasurer; Sheriff Dan Callaway, welfare secretary; Charles Branch, Mrs. Clyde Eddy, Mrs. Elton Carroll, Ray Shirley and Mrs. Houston Adkins, members.

Mercury Tops 100 Degrees for Past Few Days

The "old dog days" of summer hit Foard County earlier this year than they did last. The mercury rose to 104 degrees last Friday afternoon and the temperature was over 100 every day since. A high south wind also accompanied the heat.

The county has had only .79 of an inch of rain during the first half of June, and the hot weather will probably continue until this section of West Texas gets some general rains.

It was late in June last year that the 100-plus readings took over and became a daily occurrence for most of the rest of the summer.

Statistics Prove Value of Industry to a Community

The Texas Industrial Commission has released some interesting statistics which show just how vital industry is to a community.

When a manufacturing facility brings 100 new employees into town, data compiled by the U. S. Chamber of Commerce shows it means the addition of:

- 296 more people
- 112 more households
- \$590,000 more in personal income
- \$270,000 more in bank deposits
- \$360,000 more in retail sales per year.

That's pretty impressive evidence about how important an investment industrial development is to the growth of a community.

Funeral Services for Mrs. Clint White Held Sunday

Mrs. White Died in Crowell Hospital Saturday Morning

Mrs. Clint White, 71, a native and long-time resident of Foard County, died early Saturday in the Foard County Hospital after a lengthy illness.

Funeral services were held at 3 p. m., Sunday in the First United Methodist Church conducted by the pastor, Rev. Walter L. Driver, assisted by Rev. Warren Everson, pastor of Bethel Church. Interment was in the Crowell Cemetery with Womack Funeral Home directing.

Serving as pall bearers were Billy Marlow, Cecil Driver, Mike Bird, Ed Gafford, J. T. Hughston and John Glen Halsell, Jr. Named as honorary flower bearers were members of the Co-Laborers' Sunday School Class.

Mrs. John Glen Halsell, Jr., was organist for the service.

The former Miss Mattie Paige McKown was born Sept. 17, 1898, in Foard County, a daughter of the late Mr. and Mrs. J. H. McKown. She lived in the Black community until her marriage to Mr. White on June 28, 1920, at Clovis, N. M., when they moved to Crowell.

Mrs. White, active in church and civic affairs, had been a member of the Methodist Church since she was a young girl. She was a member of the Co-Laborers Sunday School Class for 43 years, and a member of the Woman's Society of Christian Service for 50 years. She was a former member of the Adelphean Club.

Survivors include her husband; three daughters, Mrs. Joyce Drake of Ballinger, Mrs. Barbara A. Patterson of Honolulu, Hawaii, and Mrs. Moody Bursley of Crowell; six grandchildren and five great grandchildren.

She was preceded in death by one son, Billy Clint White, who died in 1922.

One Accident Reported in County During May

June, July, August Are Deadly Months for Highway Travel

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of May, according to Sgt. Jack Therwanger, Highway Patrol supervisor of this area.

The accident resulted in an estimated property damage of \$300.

The rural traffic accident summary for this county during the first five months of 1970 shows a total of 13 accidents resulting in one person killed, two persons injured, and an estimated property damage of \$4,980.00.

During the next three months, millions of motorists will be heading for the road on vacations and outings. According to past facts and figures, this will be the most deadly consecutive three months of the year.

During 1969 in Texas, 996 persons were killed in traffic accidents during the summer vacation period.

The sergeant stated, "This should be a challenge for all drivers and pedestrians not to be a fatality this summer."

New Device Teaches Deaf to Speak

A group in Barberton, Ohio, is producing a device which enables deaf children to "see" their voices and helps them learn to speak, observed the Field Enterprises Educational Corporation in their publication, "The Spotlight." It looks like nothing more than a frosted glass globe on a plastic stand, but a tiny microphone in the base picks up sound, amplifies it, and converts the sound into a ring of light. For the deaf, it can replace the sound of a fire alarm, a baby's cry, the ring of a phone, or a neighbor's call for help. However, "the light that listens" finds its greatest use in teaching the deaf to speak.

The Thalia reunion is held every five years.

News About Our MEN IN SERVICE

Herman J. Knight, Jr., U. S. Army, stationed at Bein Thau, Vietnam, was recently promoted to the rank of E-5, according to news received from his commanding officer. He was also awarded a medal of honor for having completed 100 hours of safe driving with the 120th Transport Co. of that base. Knight hauls fuel and diesel to the front lines and is now awaiting orders to return to the States after having completed one year in Vietnam. Knight is the son of Mr. and Mrs. Herman Knight, Sr. of Vernon, and a grandson of Mr. and Mrs. Pat McDaniel of Crowell.

Sgt. James L. Corder, son of Mr. and Mrs. W. O. Corder of Truscott, is a member of the Perrin AFB, Texas, unit at Sherman that has been selected as the best aircraft maintenance organization in the U. S. Air Force.

Sgt. Corder is an aircraft accessories repairman with the 4780th Air Defense Wing, winner of the 1969 Daedalian Maintenance Trophy.

It marks the first time an Aerospace Defense Command (ADC) unit has won the stiff Air Force award which was established by the Order of Daedalians, an organization founded by World War I pilots.

Wing personnel were cited for outstanding performance in supporting aircraft, including F-102 Delta Dagger fighter interceptors, used in training ADC aircrews who help protect the United States against aerial attack.

A 1964 graduate of Crowell High School, the sergeant attended Cisco Junior College, West Texas State University, and Grayson County College in Sherman.

His wife, Vicki, is the daughter of Mrs. Joy Spikes of Knox City, former Crowell residents.

Mrs. Belle McKown Died Monday in Crowell Hospital

Funeral Services Held at Funeral Home Wednesday

Mrs. W. C. (Belle) McKown, 78, long-time resident of Crowell, died early Monday morning in the Foard County Hospital following a short illness.

Funeral services were held at 2:30 p. m., Wednesday, June 17, from Womack Funeral Home in Crowell conducted by Rev. Walter Driver, pastor of the First Methodist Church.

Interment was in the Crowell Cemetery with Womacks in charge of arrangements.

Pall bearers were Goodloe Meason, Nelson Oliphant, Bob Kincaid, Ray Shirley and Bill Klepper of Crowell and C. B. Williams of Amarillo. Honorary pall bearers were Hubert Brown, M. L. Hughston, A. V. McCombs, Fred Bomar and Merl Kincaid.

The former Miss Linnie Belle Williams was born October 3, 1891, daughter of the late Mr. and Mrs. James Williams. She moved with her family from Arkansas when she was five years old, and then moved to Foard County a few years later. She was married to W. Clyde McKown in 1909. Mr. McKown died on May 22, 1939. The couple's only child, Dorothy (Mrs. Fred Wachsmuth), died Oct. 29, 1967.

She was a member of the Methodist Church.

Mrs. McKown was well known by a large number of people as she operated a boarding house in her home for many years, and served delicious home-cooked meals up until a few years ago.

She is survived by three grandsons, Bob Wachsmuth of San Antonio, Tom Wachsmuth of Austin and John Wachsmuth of Port Neches; one half-sister, Mrs. Claude Brooks of Amarillo, and a number of nieces and nephews.

Roadblock Device

According to the "FBI Law Enforcement Bulletin," an emergency roadblock device has been developed. It is small enough to carry in the trunk of a police car and powerful enough to stop an automobile at 80 miles-an-hour in less than 200 feet. The device consists primarily of a net assembly which is strung across the road and which is strong enough to transmit the kinetic energy of the moving vehicle into energy absorbers. The principle is much like that used on arresting cables for carrier-based aircraft which catch the tailhooks of powerful jet planes landing at more than 100 knots and halt them in less than 100 yards.

1962 Was Worst Year

COUNTY'S WHEAT CROP PRODUCTION SINCE '37

As a comparison with other years' production, the News has assembled the following figures on Foard County's wheat production since 1937. These figures are actual amounts of wheat delivered to the elevators and reported to the News by the elevators over the years. In no instance do the figures take into account wheat stored on farms.

Miss Harriet Halbert on Dean's Honor Roll at Texas Tech

Miss Harriet Halbert, daughter of Mr. and Mrs. Kenneth Halbert of Crowell, was named to the Dean's Honor Roll for the spring semester at Texas Tech in Lubbock.

Miss Halbert maintained a 3.6 grade point average out of a possible 4.0 this past year. She will be a sophomore at Tech in the fall.

Sister-in-Law of Mrs. R. S. Haskew Died in Wyoming

Mrs. Henry Tanner, sister-in-law of Mrs. R. S. Haskew of Crowell, died Monday, June 1, in Laramie, Wyoming. Funeral services were held Thursday, June 4, in Laramie.

Mrs. Tanner and her late husband lived in the Vivian community for many years before moving to Laramie in 1936.

She is survived by three children, one brother, and five grandchildren.

Only a few scattered fields of wheat are left to be cut in Foard County, and a report from the county's three elevators Monday afternoon showed that the total amount of wheat harvested this year is 1,096,418 bushels.

In addition to the million-bushels-plus wheat crop which was harvested, some 115,702 bushels of oats and 43,044 bushels of barley were cut in the county.

Most Foard County farmers exceeded their early-season estimates of yields, with some 30-plus bushels-per-acre yields reported.

This is the fourth consecutive year that Foard County's wheat crop has exceeded one million bushels.

With some 53,119 acres of wheat planted in the county this season, the per-acre yield for the county on wheat delivered to the elevators is 20.63 bushels, which is an excellent yield for the county as a whole.

The totals as compiled from the elevators on grain brought in do not include any grain stored on individual farms.

Local and out-of-county wheat harvest crews have already moved on to fields north of this area, and Foard County farmers are busy plowing or trying to plow, since the ground is almost too hard to break open.

Former Foard Resident Died in Vernon Monday

Mrs. John W. (Nora) Thompson, 83, of Vernon, and a long time resident of Foard County, died Monday in a Quanah hospital.

Funeral services were held at 2:30 p. m. Wednesday at Knowles Funeral Home in Quanah with burial in the Crowell Cemetery.

Mrs. Thompson was born Aug. 25, 1886, in Stephens County. She later moved to Foard County where she was married to Mr. Thompson. She moved to Vernon from Foard County in 1948.

She is survived by three daughters, Mrs. Jake Roberts of Quanah, Mrs. Lois Bere of Galveston and Mrs. Jean Walsh of Freeport, Ohio; one sister, Miss Kathleen Williamson of Quanah; five grandchildren and two great grandchildren.

National Farm Safety Week
President Nixon has proclaimed the week of July 19 as National Farm Safety Week and calls attention to the needless loss of lives and crippling injuries to thousands of farm residents each year. Farm safety, points out the Texas Farm and Ranch Safety Council, should be a year-round program on each of the state's farms and ranches, but notes special observances during the designated week can help call attention to the problems that must be solved.

In the 6 o'clock game Friday, June 12, Farmers Elevator took a 16 to 2 win over Foard County Mill, with David Bell and Ernie Myers each hitting a home run for the winners.

Bell scored 4 runs on 3 hits and Myers scored 3 runs on 2 hits. Allen Tapp scored 3 runs but failed to get a hit. George Brown scored 1 run on 0 hits; Randall Russell scored 1 run on 1 hit; Jack Whitley scored 2 runs on 1 hit; Steve Rodriguez scored 1 run on 1 hit and Paul Whitley scored 1 run on 0 hits. Wade Davis got a hit but failed to score.

Scoring the Mill's two runs were Scott Streit and Stan Gentry, neither of whom got a hit. Getting 1 hit each but failing to score for the Mill were Audie Dunham and Steve Stapp.

In the 8 o'clock game, Crowell State Bank took a 29 to 0 win over VFW.

Dewayne Finley scored 4 runs on 3 hits; Marvin Coleman and Claudius Coleman each scored 3

runs on 1 hit each and Jay Wall scored 5 runs on 1 hit. Rocky Marlow, Steve Criss, John Klepper and Norman Hopper each scored 3 runs, but failed to get a hit. Reggie Jackson scored 2 runs on 0 hits.

VFW failed to get either a run or a hit.

Tuesday, June 9
In the 6 p. m., game Tuesday, June 9, Crowell State Bank held an 11 to 2 lead over VFW when head umpire Tommy Powers called the game due to a shower which fell shortly after 7 p. m.

For the Bank, Claudius Coleman batted out 3 hits and scored 2 runs. Norman Hopper also scored 2 runs on 0 hits. Dewayne Finley and Jay Wall got two hits each, and scored 1 run each. Members of the Bank scoring 1 run each on no hits were Tommy Tamplen, Marvin Coleman, Norman Hopper, John Thomas, James Aranda and John Klepper.

Kim Daniel got VFW's only hit and he and Steve Rodriguez scored 1 run each.

In the 8 o'clock game, Rocky Glasscock pitched 3 innings for the Foard County Mill as the Mill gang tried to defeat the league leading Farmers Elevator.

Glasscock faced 11 batters and struck out 9. He threw only 7 pitches that weren't strikes. At the end of Glasscock's pitching the first three innings, the Mill held a substantial lead, but the Elevator came back in the last 3 innings to win the game 12 to 10.

Allen Tapp led the Elevator with 3 hits and scored 2 runs. David Bell scored 3 runs on 1 hit, and Randall Russell scored 2 runs and 1 hit. Ernie Myers scored 1 run on 1 hit and Jack Whitley scored 1 run on 2 hits. Scoring 1 run each on 0 hits were George Brown, Steve Rodriguez and Wade Davis.

Steve Stapp got the only Mill hit, but he failed to score. Scott Streit and Glasscock got 3 runs each, Stan Gentry 2, and Don Johnson and Dennis Setliff scored 1 run each for the Mill.

Friday Night's Games
Friday night, June 19, will be the last regularly scheduled games of the season. In the 6 o'clock game, Crowell State Bank will play Foard County Mill and in the 8 o'clock game, VFW will challenge Farmers Elevator.

On Tuesday night, June 23, the Little League tournament will begin with a best 4 out of 7 schedule. All-stars from the teams finishing first and fourth during the season will be playing all-stars from the second and third ranked teams.

County Agent Says
ATTENTION GIVEN TO PLANTING OF GUAR

Much attention is being given to guar planting at the present time in Foard County, according to County Agent Joe Burkett. Increased interest is due mainly to the favorable outlook expressed by the industry. In 1969 about 85,000 acres of guar were harvested in the Rolling Plains. However, to obtain the projected minimum needs in 1970, approximately 250,000 harvested acres will be needed. The industry is offering contracts with a floor price of \$4.60 per hundredweight.

The need for increased acreage results from the growth in demand for guar products. For example, in 1959, the United States consumed a total of approximately 15 million pounds. In 1969, approximately 40 million pounds were used. This represents about 50 per cent of world consumption. The Rolling Plains account for about 80 per cent of the U. S. production.

One of the areas of potential for increased guar production is diverted acres, both mandatory and voluntary. Guar yields of 350 to 400 pounds per acre will offset the reduction in diverted acre payment for wheat and feed grains. There is no reduction in payment for guar planted on acres voluntarily diverted from cotton. Guar may also offer possibilities for cotton acres which have been released after being destroyed by natural causes. For more details on these programs, the county agent suggests a visit to the county ASC office.

Another area of production potential has been pointed out by work done at the Rolling Plains Soil and Crops Research Station at Chillicothe. This work indicates that guar can be grown profitably when interplanted with cotton in a skip-row system. For the last several years a system consisting of the conventional 2 cotton, 4 fallow with the middle 2 fallow rows planted to guar showed a net return of \$14 or more per acre over the straight 2 cotton, 4 fallow system.

These facts about guar should be kept in mind if plantings are to be made:

- Guar is drought resistant but it still must have moisture for maximum production.
- Guar fits well into a crop rotation program and is an excellent soil-improving crop. For the last several years, cotton yields following guar in rotation have increased 20 per cent at the Chillicothe Experiment Station.
- Seedbed preparation for guar should be the same as for cotton, corn or grain sorghum.
- The best seed available, preferably certified, should be planted. Seed should be inoculated with a special guar inoculant or the cowpea inoculant (Group E) just prior to planting.
- Guar should not be planted until continuous warm weather is assured. Soil temperature should be above 70 degrees F. at planting time.
- Seeding rate should be 4 to 6 pounds per acre in 40-inch rows, and not over 15 pounds in drill plantings. Seed should be planted one to one and a half inches deep.
- Grain sorghum planting equipment can be used for planting guar; however, straight hole plates give less trouble. Addition of graphite to the seed box helps avoid the gumming problem. To reduce weight on the plates, fill seed boxes to no more than one-third of capacity.
- Guar can be harvested with conventional combine equipment.
- Other production details are available from the county agent's office, in a new Guar Fact Sheet (L-907) which includes information on fertilizers, weed control, varieties, insects, diseases and harvesting and marketing.

County Agent Burkett concludes that guar does offer possibilities for additional cash income to farmers of the county, where it fits into the overall farming operation. But, as with other crops, good management and proper cultural practices are necessary for maximum production and income.

Jack Hightower Named to Senate Interim Committee

Lt. Gov. Ben Barnes announced this week that he has appointed five senators to serve on the Senate Interim Committee to Study Computer Utilization.

The committee, authorized by Senate Resolution 207 of the 61st Legislature, will survey the use of computers by state departments, agencies, and all units of state government.

Areas to be considered in the study will include what the computers are being used for, the need for the computers and their cost, and their availability to other state agencies. The group will report its findings and make recommendations to the 62nd Legislature which convenes in January.

Chairman of the committee will be Sen. J. P. Word of Meridian. Committee members will include Senators Ralph Hall of Rockwall, Jack Hightower of Vernon, Roy Harrington of Port Arthur and William Patman of Ganado.

The Dairy Cow

June is Dairy Month and an appropriate time to pay tribute to an animal that contributes so much to American agriculture and the well being of the nation's population. The dairy cow, says A. M. Mekma, extension dairy specialist, is a marvelous animal. She has the ability to convert grass and other feeds into nature's most nearly perfect food—milk, a product which is the foundation of the nation's great dairy industry.

Two Minutes
With the Bible

Have You Heard?
" . . . if ye have heard of the
dispensation of the grace of God
which is given me to you-ward
 . . ." (Eph. 3:2).

Could it be that those to whom
Paul addressed his Ephesian let-
ter had not yet heard that God
committed to him "the dispensa-
tion of grace?"
Next to the death and resur-
rection of Christ, the conversion
of Paul and his commission to pro-
claim "the gospel of the grace of
God" was the greatest event in
history.

The apostles at Jerusalem had
recognized the importance of
Paul's part in the divine program.
They themselves had at first been
sent by Christ into "all the world,"
yet in Gal. 2:9 we find James,
Peter and John publicly shaking
hands with Paul in a solemn agree-
ment that he should henceforth
be the apostle to the nations.

Could it be that some twelve
years later, when he wrote the
Ephesian letter, there were any
who professed the name of Christ
who had not heard of Paul's spe-
cial place in the program of God
as the apostle of grace? Little
wonder his words "if ye have
heard" carry with them a touch
of sarcasm and reproach.

It is possible, of course, that
there were some among them, but
recently brought into the Church,
who had not heard, but what
seems almost impossible is that
there should be even one believer
at this late date who has not heard
that after Christ and His king-
dom were rejected and the world
was ripe for prophesied judgment
to fall, God intervened, saving
Saul, His chief enemy on earth,
and sent him forth with "the good
news of the grace of God."

This good news is based, of
course, upon the fact that since
Christ was the spotless Lamb of
God, His death is accepted by God
as full satisfaction for the sinner.
Thus Paul, by divine inspiration,
declares that believers are "justi-
fied freely by His (God's) grace,
through the redemption that is in
Christ Jesus." (Rom. 3:24).

"Texas Brags"
Now Include
Industrial Growth

The days have past when Texas
Brags were built entirely around
our agriculture economy. We are
still number one in such areas as
beef, cotton and grain sorghums,
but times have changed and there
is plenty more in that We're Num-
ber One category.

The name of the game now is
Industry and that doesn't neces-
sarily mean smokestacks and pol-
lution. The winners are cities who
plan ahead to get their share of
manufacturing for a balanced
growth to complement their exist-
ing economic strengths, whether
they be agriculture, petroleum, lo-
cation or manpower.

A recent Dun & Bradstreet sur-
vey shows Texas is now number
one in industrial growth, and this
is a figure we can all brag about.
Our 901 new plants located in
Texas in 1969 was 42 per cent
greater than second-best Califor-
nia.

These statistics put us in an
enviable position. It simply means
that the pioneering Texas spirit
has gone to work to show many
industries that our Texas brags

are true—we have more size, man-
power, natural resources, etc.—
and therefore, somewhere in this
great state, we probably have
what that industry needs to grow.
But, we can't depend on our
state to get us new industry. It
is up to us to take advantage of
guidance offered by the Texas
Industrial Commission and find
our own place in the sun.
The Industrial Commission has
developed a unique computer pro-
gram that will help us find out
just what industries are best suited
for this area. All we have to do
is ask, and this free service is
ours.

**SOME QUESTIONS TO ASK
THE PRINTING AND
OFFICE SUPPLIES PEDDLER**

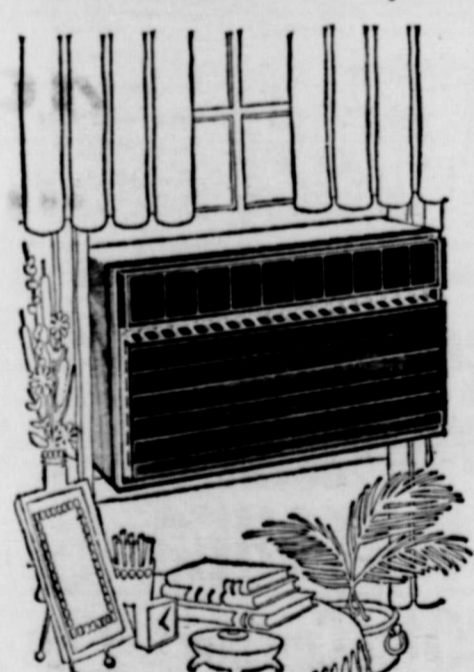

When the person selling printing, office supplies
and advertising solicits your business, here are
some questions he should be willing to answer
to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should
be considered when you purchase printing and office
supplies—a question of whether you should support
those who help support you!

Miss Betty Harrell Becomes Bride of Joe Michael Fish

Miss Betty Dawn Harrell became the bride of Joe Michael Fish during a garden ceremony Friday, May 29, at the home of Mr. and Mrs. Joseph R. Chisholm of Sanderson.

Jimmy Jividen of Abilene, Minister of Hillcrest Church of Christ, officiated.

Parents of the couple are Mr. and Mrs. Aubry Harrell of Sanderson and Mr. and Mrs. Harold Fish of Crowell.

Members of the A Cappella Choir's Octet of Lubbock Christian College furnished music.

The bride, who was given in marriage by her father, wore an empire gown she designed of peau de soie overlaid with silk organza and trimmed with Alencon lace.

Her lace mantilla extended into a chapel train.

Miss Kathy Clark of Albuquerque, N. M., was maid of honor. Bridesmaids were Misses Nancy Harkins and Sue McSparren, both of Sanderson.

Junior bridesmaids were Janet Harrell and Terry Harrell, sisters of the bride.

Charles Lee of Lordsburg, N. M., was best man. Groomsmen were Bobby Allen and Steve Allen of Abilene, and Travis Harkins and Kendrick Harrell, both of Sanderson.

In the house party garden reception were Mmes. Don Allen, Bob Allen, C. T. Wrinkle, W. E. McSparren, J. M. Harrell, W. J. Ferguson, E. E. Harkins, Jr. and Misses Gail Fish, Gina Hargrove, Barbara Brown and Elaine Brown.

Mrs. Fish graduated from Sanderson High School and is a student at Lubbock Christian Col-

lege.

Mr. Fish graduated from Crowell High School and is a student at Lubbock Christian College. He is employed at Gibson's in Lubbock.

The couple are at home in Lubbock following a wedding trip to Indian Lodge at Fort Davis.

Mr. and Mrs. Harold Fish, Gene, Gail and Richard, attended the wedding.

In 1940, a family could select from about 1,000 food items. Today, the average supermarket has 8,000—many of which were not even available ten years ago.

Eddie Carl Browder and Miss Swindell Wed in Quanh

Wedding vows were solemnized Saturday evening, June 6, at 7:30 in the Quanh First United Methodist Church for Eddie Carl Browder of Truscott and Miss Camilla Ann Swindell of Quanh.

Parents of the couple are Mr. and Mrs. Bryan Swindell of Quanh and J. C. Browder of Truscott.

Rev. H. F. Dann was officiant for the double ring, candlelight

ceremony. The church was decorated with two large baskets of white gladioli and two spiral candelabra that held 36 lighted candles. The altar rail and the prayer desk were covered with white satin and huge satin bows accentuated the theme.

Miss Janis Foster was organist for the ceremony and chose selections from Romeo and Juliet for playing before the ceremony. She also accompanied Miss Virginia Scott as she sang, "I Believe" and then she played the traditional wedding march.

The bride, given in marriage by her father, wore a bridal gown of white peau de soie and lace that was styled on empire lines. The gown featured a bateau neckline and long sleeves with petal points over the hands. Her veil of bridal illusion was attached to a white satin bow. She carried out the traditional something old, new, borrowed and blue and wore a six-pence in her shoe. Her only jewelry was a gold heart-shaped locket, a gift from her groom. Her flowers were a bouquet of a white orchid and white carnations and stephanotis atop a white Bible.

Miss Karen Brandon of Quanh was maid of honor. She wore a formal length gown of white satin that featured yellow embroidered daisies on the bodice. She carried a bouquet of yellow daisies with fern greenery tied with white satin streamers. She wore yellow daisies in her hair.

Buz Rashberry of Crowell served the groom as best man. Ushers and groomsmen were James Coleman, nephew of the groom of Houston, and Murry Bullion of Truscott.

The bride is a 1970 graduate of Quanh High School and the groom graduated from Crowell High School in 1968.

Following the ceremony the bride's parents hosted a reception in their home. The bride's table was covered with a white lace cloth with an arrangement of candles and yellow daisies as a centerpiece. Vicki Rine and Linda Claycomb alternated at serving the punch and the three tiered wedding cake with the miniature bride and groom as decoration. The punch was served from a large cut glass bowl and the cups were cut glass.

Brenda Johnson of Oklahoma City registered the guests at a table that matched the bride's table.

Members of the house party were Linda Claycomb, Vicki Rine, Brenda Johnson, Karen Brandon and Karen Swindell.

For traveling the bride chose a yellow and white knit, sleeveless dress and wore a white orchid corsage.

Following a short wedding trip, the couple will establish a home in Truscott.

Truscott H. D. Club

The Truscott Home Demonstration Club met Thursday in the community house. Mrs. W. O. Corder presided and a program on the proper use of canning jars was given by Ruth Brown, Son-seahray Lee and Jacquelyn Brown. Mrs. J. R. Brown then started a discussion on the proper way to fill jars and reasons for loss liquids and spoilage during canning.

There's another Texas in Texas.

It's a Texas that doesn't make the headlines. These Trail maps will guide you there. To quiet adventures that lie far off the expressways. In old-world towns where the fragrance of baking kolaches invites you to linger. Or deep forests, serene and silent. Or lakes where giant bass challenge your skill. Or abandoned forts where ghostly bugles blow retreat at sundown.

This is Texas for the explorer in you. And our Trail folders include detailed maps, interesting highlights and the location of parks and recreation areas in these away-from-it-all places. Pick your Trail and discover a Texas that the casual tourist seldom sees.

Austin, Tex.—Pressure from the courts may move the Legislature to massive election law reforms next year.

At least two major Texas cases which could have far-reaching consequences for the state election process and political system are pending in three-judge federal courts.

In one, Corpus Christi, San Antonio and San Marcos plaintiffs challenge the constitutionality of the annual voter registration requirement and the January 31 registration deadline. They ask reopening of registration after the June runoff primaries to allow voters until October to qualify for the November general election. More than 30 states already have a general election sign-up extension, and no state requires as early a close-off of registrations as Texas.

A second case tests validity of the candidates' filing fee system. An El Paso candidate for county commissioner and a Tarrant County candidate for county judge won places on the May primary ballot through court action when they pleaded they could not afford to pay the stiff filing fee.

A third case attacks the constitutionality of the statute denying aid to illiterate voters in marking ballots.

Secretary of State Martin Dies, Jr., acknowledges a great many changes are needed in the state election code. He is compiling a list of needs with an eye on court decisions and plans to contact legislators about them soon.

Dies indicates he is inclined to favor the recommendation that May-June primary dates be shifted back until August and September (as some 14 states now provide).

He also tentatively likes the idea of making voter registrations good for four years.

And the state, believes Dies, "is going to have to reach the conclusion candidates cannot continue to completely finance primaries."

LEGISLATIVE DECORUM EYED—A House committee studying ways to improve the legislature's decorum and public image indicated it wants curbs on the familiar practice of lawmakers' voting for absentees on an electronic machine.

Committee members couldn't bring themselves to condemn "proxy" voting for members absent from the floor for a few minutes to take telephone calls from constituents. But they frowned on votes cast for legislators who are truants from the capitol.

Committee, headed by Rep. John E. (Ned) Blain of El Paso.

discussed a variety of proposals to make the House of Representatives look and act better.

Among other major suggestions: a glassed-in spectators' gallery, desk-to-desk floor telephone communications and overhead projectors to display hasty floor amendments to legislation.

DRUG MEMO SIGNED—High ranking state officials signed a "memorandum of understanding" with the U. S. Department of Justice Bureau of Narcotics and Dangerous Drugs.

Memorandum formalizes the present working agreement and outlines areas of responsibility for state agencies and the federal bureau in which mutual efforts and cooperation will be necessary or desirable.

Overall purpose of the memorandum is to establish and maintain effective working arrangements between the state and the federal bureau to hold to a minimum diversion of narcotics and dangerous drugs from legal channels to illicit traffic. Most of the stimulants and depressants sold illegally originated from legitimate foreign or domestic channels.

COURTS SPEAK—Texas Supreme court heard arguments as to whether it should uphold a district court decision that the Texas obscenity control law is unconstitutional.

By a six to three decision, High Court held that a man could not recover damages although an Arlington hospital nurse fed him solid food soon after a colon operation.

A suit for \$43,600, against a life insurance company that issued a policy on a quarter-horse, was refused by the Supreme Court because the company was not notified immediately when the animal became ill.

High Court ruled for Grand Prairie in a 3,000-acre annexation dispute with Arlington.

Court refused to hear the appeal of an Austin teenager dismissed from school after he was caught with marijuana in his pockets.

ATTORNEY GENERAL RULES—Raza Unida Party in Hidalgo County cannot get its local candidates on the November ballot unless it gathers new petitions from non-participants in other party primaries, Att. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that:

—Teacher Retirement System Board of Trustees has authority to invest its trust funds in home office facilities, land and equipment used for administering the system, to manage and control facilities and pay expenses for operating, maintaining, repairing and improving them.

—Election officers named to hold district school trustee elections must hold a regular election for county school trustees and are to be compensated by the school district which also pays for election supplies out of the maintenance fund.

Catfish Skinning Method Explained

There is more than one way, they say, to skin a cat.

Likewise, there is more than one way to separate a whiskered and slick-skinned catfish from his hide.

Probably the best way to do the job is explained by word and picture in the June issue of Texas Parks and Wildlife Magazine.

Also in the June issue are articles on crabbing in coastal waters, by coastal fisheries biologist Richard L. Benefield; Black Gap Wildlife Management Area flora and fauna, by information officer W. R. Long; and the starling, by biologist Dennis Russell.

Thalia
BY MRS. MAGGIE CAPPS

Visiting Mrs. Maggie Wheeler Sunday were Mrs. Louise Fox of Bryan, Mr. and Mrs. O'Neal Johnson and Mrs. Loyd Fox of Thalia and Woodroe Johnson of Amarillo who spent Saturday night with his sister, Mrs. Douglas Tucker, and husband at Lockett. They all visited Mr. and Mrs. M. C. Ruckman of Vernon Sunday afternoon.

Mrs. Nan Sue Dockins of Dallas spent the week end with her mother, Mrs. G. A. Shultz, and her daughter, Lori, who is visiting here.

Mrs. Doyle Ford and daughter of Quanah visited her sister, Mrs. Lyndal McBeath, and family in the home of their mother, Mrs. Flora Short, Sunday.

Mrs. Flora Short and granddaughter, Sherilyn McBeath, accompanied Mrs. Fred Glover and sons of Crowell to Garden City, Tuesday where they visited until Thursday with their son and brother-in-law, Bennie Short, and family.

Mrs. J. C. Taylor of Vernon visited Mrs. Maggie Hammonds Monday. She is here visiting her son, Roland Taylor of Wichita Falls, who is getting his wheat farms plowed.

Mr. and Mrs. Ralph Shultz and Mrs. Mamie Shultz of Vernon visited Mr. and Mrs. Eudale Oliver Sunday.

Mr. and Mrs. Paul Payne made several trips to Wichita Falls last week where Mrs. Payne had medical treatments.

Mrs. Leila Glasgow of Midland spent from Monday until Friday with her brother, Floyd Webb. She was en route home from a visit in Dallas and Fort Worth.

Mr. and Mrs. Lowell McKinley and son of Perryton spent the week end with his grandmother, Mrs. Buna McKinley.

Mr. and Mrs. Randy Adkins of Canyon spent the week end with the Cecil Carpenters and Tommie and the Houston Adkins of Crowell.

Mrs. Ruth Ellen McBeath of Pampa was dismissed from the Crowell hospital Friday after a week's stay there. She came to the home of her mother, Mrs. Flora Short, in whose home her infant daughter had been cared for. The two other children, Marlin and Sherilyn, divided their time in the homes of Mrs. Short and the Homer McBeaths. Her husband, Lyndal, of Pampa, spent the week end here and took the family and a newly purchased mobile home to Pampa Monday. Sherilyn remained for a longer visit with her grandparents.

Mrs. Celeste Johnson of Vernon spent the week end with Miss Irene Doty.

Roy Self was ill a few days here last week.

Mrs. F. A. Brown visited Mrs. C. R. Wood in Vernon Wednesday.

Most, if not all, of the wheat and small grain in this area has been cut. Stormy clouds threatened many times, but very little damage to the grain crop was reported.

Mr. and Mrs. Marshall Messick, Shawn, Lissa and Mandy, of Garland spent the week end with her parents, Mr. and Mrs. T. R. Cates, Jr., and family and other relatives. Shawn and Lissa remained for a longer visit.

Mrs. Maud Brumbelow of Fort Worth visited over the week end her sister, Mrs. Clyde Self, and husband.

Mr. and Mrs. Robbie Martin of Amarillo spent the week end with her grandparents, Mr. and Mrs. W. A. Johnson, here, and relatives at Vernon and Northside.

Mr. and Mrs. David Wiseman and two daughters visited the Marshall Messick family in the T. R. Cates, Jr. home Sunday.

Mr. and Mrs. Weldon Farrar of Amarillo spent the week end with the O. C. Hollands and Al-

ton Farrars.
Roger Hammonds of Rayland spent Friday night with his grandmother, Mrs. Maggie Hammonds. He also visited Ricky Hammonds, son of Mr. and Mrs. Bill Hammonds.

Mike Cates took his brother, Pat Cates, and Karen Streit of Lockett to Dallas Monday where they left by commercial airline for the 1970 Texas 4-H Council workshop in Houston. Pat is a 4-H Council member and is a delegate from the 23rd county extension service district. Mike will return by way of Denton where he visited his sister, Terri, who is attending the summer session at NTSU.

Plans are in the making for the Thalia reunion July 4. The noon meal will be catered by local people—barbecued chickens and beans and fried pies will be furnished and local women are asked to bring a generous salad other than Jello or congealed salads as refrigeration will be very limited. Everyone who has ever been associated with Thalia is urged to attend and enjoy the day with us. This is the fourth year since the last reunion as was planned at that time. Of course, it will be held at the Thalia school gym and cafeteria.

What Do You Do If You Get Sick and Can't Work?

What do you do if you get so sick or injured you can't work? One of the things you should do is to see if you are eligible for disability payments under the social security law.

Although there are no benefits payable during the first 6 months of a disability, Jack Ashcraft, social security representative, urges everyone who believes he may be entitled to monthly benefits to apply for them as soon as possible after becoming disabled.

In most instances, disability claims take a longer period to process than other social security claims. The extra processing time is due to additional documentation, such as medical reports and different procedures in the claims process.

By applying as early as possible, the complete processing of the claim can be finished before the six months waiting period had expired. If the claim for benefits is approved, you get a check at the earliest possible time.

Mr. Ashcraft added, "For more information call or write your social security office at 1728 Fanning, Vernon, phone 552-9346. Ask for booklet number SSI-29, "If You Become Disabled."

Sealed bids will be taken on the Bessie Gribble 220-acre farm. Terms will be cash and bids will be received until June 22 at 10:00 a. m.
All bids should be mailed to:

New IRS Form to Claim Exemption from Withholding Tax
A record number of North Texas taxpayers received an income tax refund upon filing their 1969 income tax return. Most taxpayers are required to file an income tax return between January 1 and April 15. Although all the returns have not been processed and all the refunds have not been issued for the 1969 tax year, 1,095,428 refund checks amounting to \$223,454,916.33 have been issued to North Texas taxpayers. This record number and amount of refunds were mailed out after processing 1,554,614 returns. Thousands of taxpayers whose returns have not been processed for various reasons will still receive a refund. However, these taxpayers will have to wait until the problems concerning their returns have been solved between them and IRS.

Cities are absorbing about 1 million acres of new land each year, but only about 200,000 acres of this land is farmland of the better grades.
