## Childress Friday for Scrimmage

### FOURTY-ONE BOYS WORKING OUT FOOTBALL SEASON NEARS

Scott Boyd, new Crowell High School football coach, has been sending his forty-one charges through intensive work-outs including two on Saturday, in preparation for the 1970 football season which will open here on September 11 when the Quana Indians pay their bi-annual visit to Dick Todd Field.

Coach Boyd, who played his college football at the University of Texas, and his assistant Bob Cook, are getting a good look at the players during these daily practice sessions, and the team will go to Childress on Friday night for a scrimmage beginning at 7:30. Then, the final scrimmage of the year will be on Friday night, Sept. 4, at 8 o'clock when Throckmorton comes here.

Coach Boyd has ten lettermen back from last year's squad. They are Mike Weathered, Jim Tom (Frog) Smith, Junior Urquizo, George Eavenson, Kenneth Sellers, Terry Farrar, David Myers, Rocky Bachman, Douglas Chowning and Jimmy Glover. He said this week that Mike Weathered will, in all probability, handle the quarterback slot for the Cats. Other members of the squad are

Johnny Urquizo, Marvin Sillemon, Billy Ray Neal, Rex Driver, Marvin Machac, Bill Erwin, Jessie Barrera, Buff Nelson, Ronnie Naylor, Lupe Palacio, Jackie Thomas, Bob Burkett, Harry Lee Swan and Bill Taylor.

Eavenson, Junior Urquizo and Smith were elected by their teammates last Thursday as captains of the team this year.

#### Junior Varsity

Coach Boyd listed the following boys as members of his junior varsity team:

Phillip Bell, Ernest Barrera, Mike Winters, Bob Taylor, Danny Ownbey, Randy Swearingen, Joe Haynie, Tim Daniels, Terry Tappan, Billy Eavenson, Jim Shook, Freddy Matysek, Floyd Borchardt, Douglas Pharis, Emmitt Newman, Alvin Dorsey, Calvin Dorsey and Randy Dorsey. Matysek, Newman and the three Dorsey boys are all from the Lockett community and are attending Crowell schools for the first time this year.

Bob Gillespie and Danny Johnson are the 1970 team managers. Coach Boyd served as backfield coach for the Plainview Bulldogs the past two years. His assistant, 6 foot, 8-inch Bob Cook, attended high school in Denver, Colo., and lettered in college basketball at Wayland Baptist College in Plainview. In addition to being assistant football coach, Mr. Cook will serve as basketball coach here.

#### Three New Vehicles

Three new vehicles were registered here last week: August 17, Mrs. John S. Ray, 1970 Chrysler 4-door; August 20, Steele & Associates, 1970 Chevrolet coupe; August 20, Don Newberry, 1970 Chevrolet pickup.

#### Biggest Rain in Crowell Since March 5

### RAINS FALL IN FOARD COUNTY LAST WEEK

A band of thundershowers moving through this area late last Thursday afternoon and night brought the largest amount of rain to Crowell received in almost six months. Official measurement by the government gauge was 1.3 inches and is the largest amount to fall here since March 5, when

3.1 inches were recorded. The Thursday night rain was very spotty, with the Black community receiving up to two inches and the Foard City and Four Corner area not receiving any moisture.

Another shower early Saturday morning brought about 1 inch here in Crowell with about .5 inch reported southeast of town. John Cogdell said Friday that he got 1.4 inches at his farm in the Antelope Flat area, and Jeff Bell said that although he did not receive any moisture Thursday night, he had received three showers at his home southeast of Crowell during the past three weeks which totaled 1.7 inches.

The next largest amount of rain recorded in Crowell since March was on May 23 when .9 inch fell. The moisture brought some relief from the heat; however, general rains are still needed. Stock water shortages are being felt in most sections of the county.

#### Need Much More Range Weed and Brush Control

Some 82 per cent of Texas rangelands are infested with one or more species of woody plants. They have reduced forage production by one-half to two-thirds of potential and caused the efficiency of livestock production to decline, says G. O. Hoffman, extension range brush and weed control specialist. He notes that control measures are being carried out on some 1.2 million acres annually, about 10 per cent of the acreage that should be under control each year.

### News About Our MEN IN SERVICE

U. S. Air Force Staff Sergeant James R. Roth, son of Mr. and Mrs. Joseph J. Roth of Latrobe, Pa., has received his second award of the Air Medal for air action while assigned at Korat Royal Thi AFB, Thailand.

Sgt. Roth's wife, Patricia, is the daughter of Pat Pittillo of Crowell.

Sgt. Roth, an operations and training specialist, was cited for his outstanding airmanship and courage on successful and important missions completed under hazardous conditions.

He was presented the medal at Cannon AFB, New Mexico, where he is now serving in a unit of the Tactical Air Command which provides combat units for air support of U. S. ground forces.

The sergeant, a 1962 graduate of St. Vincent Preparatory School, attended St. Vincent College.

### Youth Revival Slated at Methodist Church Aug. 28-30

A youth revival is scheduled to be held at the First United Methodist Church in Crowell Friday, Saturday and Sunday, August 28-30. The theme will be "Youth for Christ." Kenneth Wyatt of Tulsa will be the evangelist.

The schedule for the week end services is as follows:

Friday: youth supper at 6:30 p. m. Evening service at 7:30 p. m.

Saturday: youth breakfast, at 9 a. m. Evening service at 7:30 p. m. Youth fellowship at 8:30 p. m.

Sunday: Sunday school at 9:45 a. m. Morning worship at 11 a. m. United Methodist Youth Fellowship at 6 p. m. and evening service at 7 p. m.

All residents of the area are invited to attend and all high school and junior high students are especially urged to attend on Saturday night.

### Jimmy Gillespie Receives Bachelor's Degree at Tech

James Leslie Gillespie of Crowell is one of more than 1,000 students who received degrees at Texas Tech University's summer commencement exercises held Saturday, August 22. Dr. Grover E. Murray, Tech president, delivered the principal address at the 7:15 p. m. exercises in Lubbock Municipal auditorium.

Gillespie, son of Mr. and Mrs. J. H. Gillespie of Crowell, received his bachelor's degree in agricultural sciences.

### Break-In Reported at School Cafeteria

The Foard County Sheriff's Department reported Monday that some time over the week end, the school cafeteria was broken into, with the only items missing being some ice cream and frozen orange juice. The doors of every refrigeration unit holding food were left wide open, and an air conditioner was damaged as the vandals broke into the building.

The break-in was discovered by Ray Quintero Sunday morning.

### History of Cottle County to Be Released Saturday, August 29

### MR. AND MRS. MERL KINCAID KILLED IN CAR-TRUCK COLLISION

### Greenbelt Water Authority Granted Loan Payment Delay in Austin Hearing

The Texas Water Development Board agreed at a meeting with directors and authorities of the Greenbelt Municipal and Industrial Water Authority last Thursday to refinance the 1971 and 1972 payments of the authority's loan, so as to forestall a substantial water rate increase in Childress, Quanah, Clarendon, Hedley and Crowell.

William J. Lowe of Clarendon,

attorney for the authority, laid out the hard-luck story of the reservoir project which has not been able to meet its payments from water-sale revenues. The cold fact, he said, was that the five cities had a decline of 28 per cent in population in the initial 1970 estimates when it had been forecast several years ago that they would grow and provide more water users and revenue.

"Water sales are simply below water requirements," he said.

In effect, the directors of the authority asked the state agency which financed the reservoir project to give them time to work out a solution.

They recognized that a tax will be needed to make the future payments promised in their bond issue.

### July Savings Bonds Sales in Foard County Total \$2,305.00

The Treasury Department reported this week that sales of Series E and H Savings Bonds in Foard County totaled \$2,305.00 during July. Sales for the first seven months were \$8,790.00 for 13 per cent of the 1970 goal of \$70,000.00.

July sales in Texas amounted to \$15,434,922 compared to \$15,058,788 during the same period of 1969—an increase of 2.4 per cent. Year-to-date sales were \$106,206,174, while the 1969 sales totaled \$104,261,845—a 1.8 per cent increase.

National sales during the month were \$402 million—1.2 per cent above 1969 July sales. During the first seven months, sales were \$2.9 billion for 62 per cent of the national goal of \$4.7 billion. Exchanges of Series E for Series H Savings Bonds amounting to \$23 million were reported for July, compared to last July's \$19 million.

### Three Accidents Reported in Foard County in July

The Texas Highway Patrol investigated three accidents on rural highways in Foard County during the month of July, according to Sgt. Jack Therwhanger, Highway Patrol supervisor of this area.

These crashes resulted in one person injured, and an estimated property damage of \$2,345.

The rural accident summary for this county during the first seven months of 1970 shows a total of 20 accidents resulting in one person killed, six persons injured, and an estimated property damage of \$11,250.00.

### School Board Adopts \$379,648.00 Budget for 1970-1971 Fiscal Year

The Crowell School Board, at a meeting Monday night, adopted a \$379,648.00 budget for the operation of the local schools for the coming year. This sum includes all of the Title I and other federal aid programs. The total to be spent from state and local sources is \$332,880.00.

Again, as in the past several years, revenues are not expected to equal expenditures, and the board is anticipating a deficit in the amount of \$32,368.00.

Last year, the board expected a deficit of some \$42,500.00, but it was explained at the Monday night meeting that the deficit during the year just concluding was held to \$34,000.00. Total amount spent by the district this past year was \$374,676.00, which includes Title I in addition to all other expenses.

Set up in the budget Monday night for the new year is \$24,315 for administration costs. Teachers' salaries go up from \$182,301 last year to \$205,045 this year as a result of the teacher pay raise. This increase will cost the local district about \$4,000 as the state pays 80 per cent of teachers' salaries and the local district 20 per cent.

Textbooks, library and audiovisual and teaching supplies and other expenses bring the total cost for instruction up to \$209,645.00. Health service costs were budgeted at \$150.00, while \$8,140.00 was included for transportation costs of which \$3,140.00 is for replacement of school buses.

For the operation of the plant, \$20,780.00 was budgeted which includes \$3,300.00 for heat for the buildings and \$7,000.00 for utilities. A total of \$8,500 was budgeted for maintenance of the plant.

The social security program for teachers and other school personnel is being discontinued during the coming year and this cost to the school will drop from \$10,110 to \$1,200. Anticipated insurance premiums during the coming year will be \$500. Student body activities costs will be \$1,000, and the school's share of the operation costs of the swimming pool are expected to be \$200.

One thousand dollars were budgeted for the purchase of furniture and equipment. For debt service, \$17,000 will be used to retire bonds, \$34,000 for interest on loans, and \$50 for other debt service.

Revenues Figuring 90 per cent collection of local taxes, the board is anticipating revenues of \$147,600.00 locally and \$8,096.00 from county sources. State per capita apportionment will bring in \$43,369, and the state foundation program for salary and operation is expected to yield \$100,478.00. Driver education funds will total \$670.00; Vocational Agriculture travel expenses, \$1,330.00; Manpower, \$13,524.00 and Title I, \$29,794.00.

Valuations of property in the school district are \$9,018,790.00 which is a small decrease from the previous year.

Mr. and Mrs. Merl Kincaid of Crowell were both killed about 5:45 last Saturday afternoon in a car-truck crash a few miles west of Springtown on State Highway 199. Mr. and Mrs. Kincaid were en route home after a trip to Austin and Houston. Mr. Kincaid, a director of the Greenbelt Municipal and Industrial Water Authority, was in Austin Thursday, August 20, representing the authority at a hearing with the Texas Water Board. The couple had then gone to Houston to visit relatives.

The accident occurred, according to investigating officers, on a rain-slick highway when a gasoline transport truck "jack-knifed" and the trailer swung across the median stripe into the path of the Kincaid car.

Funeral services for the couple were held at 3 p. m., Monday, August 24, from the First United Methodist Church in Crowell with the pastor, Rev. Walter Driver, and the Minister of the First Christian Church, Phil Wilson, officiating.

Interment was in the Crowell Cemetery with Womack Funeral Home directing. Masonic graveside rites were conducted for Mr. Kincaid by the Crowell Lodge No. 840, AF&AM, of which he had been a member for many years.

Casket bearers for Mr. Kincaid were Fred Youree, Ray Shirley, J. T. Hughton, James Sandlin, Mike Bird, Mike Rasberry, J. B. Rasberry and Elton Carroll. For Mrs. Kincaid, they were Dick Todd, Guy Todd, Glyndon Johnson, Bert Ekers, Charles Gafford, Jeff Bell, Jim Paul Norman and F. B. Thomas.

Named as honorary pall bearers were members of the Rotary Club, the Crowell school board, and directors of the Greenbelt Municipal and Industrial Water Authority.

Joe Merl Kincaid was born on March 15, 1906, at Trumbull, Texas, son of the late Dr. and Mrs. R. L. Kincaid. The family moved to Foard County in 1908, and he had made his home here since that time. He had been president of the Crowell State Bank since the 1940's when his late father retired from that position.

In addition to being a director of the water authority, Mr. Kincaid was a member of the Crowell School Board, the Crowell Masonic Lodge and the First Christian Church.

He was married to Miss Eva Noyce Todd, daughter of the late Mr. and Mrs. D. E. Todd of Crowell, on May 30, 1933. She preceded him in death Nov. 4, 1953. Mr. Kincaid was married to Mrs. Irwyn Cummings of Austin on June 18, 1959.

He is survived by one son, Robert Kincaid of Crowell; two daughters, Mrs. Paul Johnson of Lubbock and Mrs. Mac Coker of Dallas; two sisters, Mrs. Lorette Turnbough and Mrs. Dale Grimes, both of Lubbock; and seven grandchildren.

Mrs. Kincaid was born May 20, 1909, at Nacogdoches, daughter of the late Mr. and Mrs. Charles Richard Whitaker. She married Hollie Max Cummings December 27, 1932, at Nacogdoches and he was killed in a plane crash on May 6, 1944, while he was in the service during World War II.

Mrs. Kincaid had taught school in Austin before her marriage to Mr. Kincaid. She was a member of the Episcopal Church in Austin.

She is survived by one son, Robert M. Cummings of Houston; two grandchildren; two brothers, John C. Whitaker of Longview and Eugene H. Whitaker of Houston; four sisters, Mrs. Addijo Williams of Longview, Mrs. Goldine Evans of Kosciusko, Miss, Mrs. Kattie Dunagan of Nacogdoches and Mrs. Ruth Jackson of Houston; also two daughters of her deceased brother, Paul Whitaker, who are Mrs. Billie Jean Colburn and Mrs. Colleen Kessler.

### Two Big Channel Catfish Weigh Total of 22 1/4 Pounds

Fishing "at the Good Creek" bridge seems to be getting better all the time as Lester Myers of Crowell, and his brother, Clyde Myers of Torrance, Calif., were exhibiting two big channel cat fish they caught Tuesday morning. The larger one weighed in at 12 and one-fourth pounds, and the "smaller" one weighed an even 10 pounds.

### Conservation District Hearing for Sept. 8

Texas State Soil and Water Conservation Board has called a hearing to be held in the County court house on Sept. 8, at 10 o'clock, relative to the question of dividing the Lower Pease River Water Conservation District into two separate districts.

### Special Education Program Expanded in Local Schools

Crowell Schools has received approval from the Texas Education Agency to create an additional special education class for children with special needs, Supt. Jones announced Tuesday. Mrs. Barbara Black has been employed to conduct this class.

### Widow of Crowell Man on 9-Month Sea Duty

Edmond C. Cummings, below, husband of the former Miss Alia Pierce of Crowell, is shown receiving his AE3 rating. He is now serving a nine-month tour of sea duty with the Navy on the USS Independence. Cummings was stationed at Imperial Beach, Calif., for five months attending a school where the squadron was flown to the sea in June where they stay for a week. They left port in June on June 23 and the first time was seen when they passed the Thomas Islands. Their first stop was in Naples, Italy, on June 23.

Austin, Tex.—A legislative committee is sampling recommendations for sweeping court reforms, including creation of judicial system administrators with authority to send judges wherever they are needed.

Judicial section of the State Bar will detail its proposals at an October meeting in Galveston.

Judges and practicing attorneys gave the House judiciary subcommittee, at a hearing in the capitol, their ideas for improving and speeding up court machinery.

Sample recommendations include:  
—Strong court administration, including authority to ignore present district lines in assigning judges to duty where the action is.

—Giving 14 Courts of Civil Appeals power to handle intermediate appeals of criminal, as well as civil, cases to ease load on overworked Court of Criminal Appeals (which now receives appeals direct from district courts all over the state).

—Creation of a "unified" court system (a variety of plans have been suggested) to insure an even work load on courts, again by shifting judges to areas where dockets are overloaded.

—Automatic judicial redistricting by a five-member board if the Legislature refuses to do the job.

—Removing judges from politics.

—Stiffer fines and jail sentences for contempt of court to help prevent court disruptions like those which have shocked the nation in recent months.

—Simplification of the judicial article of the state constitution so the Legislature can make necessary changes without having to submit constitutional amendments.

—The climate for judicial reform was never so good. Supreme Court Associate Justice Jack Pope told the committee members. "But if reform is passed up this session of the Legislature, it may be too late."

**OIL ALLOWABLE AT RECORD**  
—Texas Railroad Commission boosted the oil allowable for September to 19.9 per cent of potential—highest level since October 1951.

Order is seen as likely to boom production higher than during the Arab-Israeli war in 1967.

Chairman Ben Ramsey noted that the Commission's staff report warned the higher factor could cause pollution, wasting of gas and pipeline bottlenecks in some areas.

A major oil company spokesman said Texas crude oil stocks are down 4.5 million barrels from 1969. A rapid decline in imported oil was noted.

September allowable would provide for a maximum daily production of 4,166,870 barrels, although actual production is estimated at 3,409,000 barrels a day. Latter is just under the written nominations of major purchasers for 3,428,395 barrels of crude daily. Production in August at 70 per cent factor was estimated at 3,310,000.

**MERCURY RULES URGED**  
—Texas Water Quality Board has been urged to adopt tougher mercury discharge limits or outlaw discharges outright.

A Federal Water Quality Administration official and a top Texas Parks and Wildlife administrator recommended even tighter controls on mercury and other heavy metals than proposed by the board.

Spokesmen for Diamond-Shamrock Chemical Company and American Smelting and Refining Company, on the other hand, argued that the proposed five parts per billion mercury discharge level is beyond their capacity. They called for a delay in adoption of the standards.

Federal officials took exception to the state Board's order which said there is no evidence of public health hazard from heavy metals contamination in Texas. He pointed to mercury found in industrial discharges, coastal waters and in

certain species of salt water fish and shell fish. He noted, in particular, industrial waste along the Houston ship channel and in Lavaca Bay.

**CELIA JOBLESS AID PAID**  
—Texas Employment Commission will pay disaster unemployment assistance to persons unemployed as a result of Hurricane Celia in a dozen South Texas counties.

These are Atascosa, Aransas, Live Oak, McMullen, Bee, Jim Wells, Nueces, San Patricio, Refugio, Goliad, Karnes and Wilson Counties.

Those eligible include persons who worked or were scheduled to work in the areas but who no longer have jobs or places to work or could not reach their place of work because of storm damage.

Also eligible are those who lived in areas and could not get out to work elsewhere, those who could not go to work because of injury or illness due to the disaster, those who became heads of households and needed to work due to the death of the family breadwinner during the emergency period, or those who had completed work training and could not find work because of hurricane damage.

**COURTS SPEAK** — U. S. Fifth Circuit Court of Appeals denied Texas' appeal on who has jurisdiction in a Padre Island buried treasure case. U. S. District Judge Reynaldo Garza of Brownsville had held on June 12 that he could take jurisdiction in the dispute over ownership of the recovered artifacts. State wants the articles. So does Platoro Ltd., the Gary, Ind., salvage firm which recovered them.

Atty. Gen. Crawford C. Martin filed a triple damage, anti-trust suit against three big drug firms, accusing them of conspiracy in restraint of trade leading to a monopoly in Ampicillin and other synthetic penicillins.

State's request for lifting an injunction against enforcing the private bottle club guest rule has been delayed until September 30 by the Austin District Court.

Meanwhile, the chairman of the Alcoholic Beverage Commission, Tom Gordon of Abilene, said ABC would be in contempt of court if it tries to crack down with "Rule 56."

Bottle clubs said they will appeal the top state court rule which upholds the U. S. Supreme Court ruling.

**School Days Return**

The beginning of this school year symbolizes different things to different people.

To the eighth graders, this year brings a sudden realization of accomplishment. Soon these young people will go forth, as freshmen, from grade school into the happy wonderland years of high school.

To the freshmen, the long desire "to belong" is finally satisfied. As freshmen, they are joyously plagued with joining the various, exciting organizations.

To the sophomores, now old veterans in the art of hall dodging and locker stopping, they are captivated by the idea that they are no longer termed "the fish," and they are plunged head-first into a world of responsibility. As sophomores, they learn the fundamentals of organization as a pre-junior schooling.

To the juniors, the wet feet from car washes and burning feet from magazine sales make this a year of enjoyable hard work and organized planning ending with the reward of a junior-senior banquet and prom.

To the seniors, the past years harboring many delightful memories, the carousel of high school days will soon slow to a stop as graduation day approaches.

Each year one will see many bright new faces decorating the hallowed halls of CHS, but also there are those who have completed their stay here and have gone forth into the perils of the outside world. Yes, this school year symbolized different things to different people.

CHS is happy to welcome several new students and teachers this year. New seniors are Toni Baggett and Brenda McBeath; juniors, Rort McElory, Ruby Dorsey, Letha Sparkman, Cirila Rang and David Fisher; sophomores, Tommy Dorsey, Wanda Athey and Willie Monroe; and freshmen, Freddy Matysek, Peggy Moffitt, Emmitt Newman, Alvin Dorsey, Eddie Martinez, James Garvin, Vera Dorsey, Terry Cobb, Randy Dorsey, Calvin Dorsey and Danny Ownbey.

The new athletic director and history teacher is Scott Boyd, formerly of Plainview; Coach Robert Cook is the assistant football and head basketball coach, and he teaches English I and health; his

wife, Mrs. Sheryl Cook, teaches Englishes II, III and IV. The CHS Wildcats says "WELCOME" to all new students and teachers.

**Senior News**

We made it! We're finally seniors, and to lead the class are: president, Douglas Chowning; vice president, Junior Urquizo; secretary, Jimmy Glover; treasurer, George Eavenson; and reporter, Kristi McLain. To corral the class are Scott Boyd, sponsor, and room mothers, Mmes. R. J. Owens, Clinton McLain, T. R. Cates, Jr. and Delton Coffey. We are all looking forward to an exciting and rewarding last year in CHS.

Thursday, Donna Kay Butler and Robert Randell from the First Baptist Church presented a musical program in connection with the revival. It was certainly enjoyed by all.

The seniors had pictures made Wednesday. Let's hope all here were looking our neatest with a big CHS smile!

**Junior Class**

The junior class of CHS met on Monday, August 23, to elect class officers. Elected along with class president David Stapp were Jackie Daniel, vice president; Debbie Scott, secretary; Vicki Foster, treasurer; and Carolyn Jones, reporter. Room mothers are to be Mmes. Whitfield, Welch, Looney and Taylor. The assistant football coach, Robert Cook, a new CHS faculty member, is class sponsor.

The junior class is beginning to get ready for the great activities in store for them as the year progresses.

**Sophomore Class**

Elections of class officers and room mothers took place on Monday, August 23. Karen Gray was elected as class president. Elected to serve with her were vice president, Veda Everson; secretary, Johnnie Daniel; treasurer, Rex Driver, and reporter, Daryl Halencak. Class sponsor will be James Welch with Mmes. Gray, Driver, Bird and Bachman serving as class mothers. The sophomore class welcomes several new students. They are Tommy Dorsey, Wanda Athey and Willie Monroe.

Sophomores are certainly ready for school to get "in the swing of things."

**Freshman Report**

The freshmen class met Monday, August 24, for the purpose of electing class officers. They are president, Floyd Borchardt; vice president, Phillip Bell; secretary-treasurer, Julie Streit; and reporter, Remelle Marlow.

**Library News**

With the beginning of school also comes the anxiously-awaited day of the opening of the CHS Library with its many new additions.

Monday, August 24, was the opening day of the library and the display of new and fascinating books. Among these editions were such favorites as The Churchills by A. L. Rowse; Walden, by Henry David Thoreau; House of the Seven Gables, by Nathaniel Hawthorne; Gulliver's Travels, by Jonathan Swift; and many selections by Agatha Christie and Joe Archibald. Also included in this selection were books by modern authors, such as John Holloway and Charlie May Simon. These books were selected to fit one's own character, ranging from books of unusual methods of hunting to book of fashion and well grooming.

At the close of the library Monday afternoon, a total of 20 books had been checked out, showing the students' interest in the opening of the library.

**In Sympathy**

The Wildcat expresses sympathy on behalf of students and faculty of Crowell High School to the family of Mr. and Mrs. Merl Kincaid in their loss.

**Caution Urged When Meeting School Buses**

"School days" are here again. The familiar yellow school buses are back on the highways.

Sgt. Jack Therrwanger, Highway Patrol supervisor of this area, reminds all motorists of the state law regulating traffic in regard to school buses:

"The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent,

**Inflation Catalog**

The Portland, Oregon, paper reported: "It has become all too more plain in recent months the action of Congress in raising its members' salaries. It cent was a catalyst that ignited an endless round of inflationary pay increase demands. These fed the inflationary fires like gasoline poured open flames."

According to Telephony magazine, a special emergency telephone hookup between gas stations and a switchboard has been planned by Cincinnati Bell and the Greater Cincinnati Gasoline Dealers Association to protect all night gas stations from bandits. Gas stations which subscribe will have a special telephone and recording installed. Whenever a button is pushed, the device will automatically place a call to the emergency switchboard and play a recording that identifies the station and indicates that the station is being robbed.

## Public Field Day Planned at Knox City SCS Center

A public field day will be held on September 30 at the Soil Conservation Service plant materials center at Knox City, State Conservationist Clyde W. Graham announced this week.

New grasses, forbs, legumes and other plants under evaluation at the center will be discussed during the day, Graham said. The center, known officially as the James E. "Bud" Smith Plant Materials Center, serves both Texas and Oklahoma.

Some 675 strains of 164 different plants are being grown at Knox City to try to find superior strains that will solve specific soil and water conservation problems. The more promising ones are then grown and evaluated under field conditions on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other strains available are then released by conservation districts to commercial seed growers. These producers then grow seed and sell it to the public.

A new grass variety, Selection 75 Kleingrass, was certified and released last year as a result of work done at the center in cooperation with the Texas Agricultural Experiment Station. Other grass strains proven and put into use by SCS include El Reno, Uvalde, and Vaughn sideoats grama; King Ranch bluestem; green sprangle-top; and Grenville switchgrass.

Some of the groups who cooperate with SCS in its plant materials work in Texas include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M, Abilene Christian College, U. S. Air Force, U. S. Corps of Engineers, Texas Parks and Wildlife Department, and soil and water conservation districts.

## From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, August 22, 1940, issue of The Foard County News:

A Quanah woman was drowned in the muddy, raging waters of Pease River last Saturday afternoon about 1:30 o'clock when she jumped from the bridge on State Highway 283 eight miles north of Crowell.

The first bale of cotton from the 1940 crop in Foard County was ginned in Crowell Wednesday afternoon at the Crowell Gin by C. E. Gafford.

Dick Smith, Crowell Wildcat wingman of last year, will play as a guard in the third annual high school all-star football game under the sponsorship of Maskat Temple at the Coyote Stadium in Wichita Falls on Labor Day, Sept. 2. Coaches this year are Matty Bell of SMU and Blair Cherry of the University of Texas. In the two previous years, the line-ups included such great athletes as Jack Crane, Preston Johnson, Dean Bagley, Weems, Amonett, Rogers, Fitzgerald, Zapalac and many others who are among the outstanding stars of our universities today.

Mr. and Mrs. Houston Adkins and Reid and Louis Pyle visited their father, Ray Pyle, and family in McAllen this week.

Mr. and Mrs. Virgil Johnson have returned from a vacation trip to Colorado.

Henry Johnson has reported that he found a live toad imbedded in the clay 12 feet under ground while digging a well recently. It appears to be an undisputed fact that Foard County toad frogs can live without air or food for an indefinite time.

Annie Mae Hall of Crowell is among the 500 candidates for degrees in the 28th annual North Texas State Teachers College summer commencement on August 24. Miss Hall is taking the bachelor of science degree in home economics.

Mrs. J. C. Prosser, who, until her recent marriage, was Miss Thelma Jo Ross, was the honoree at a pretty shower given by Mrs. Gale Stout and Miss Louise Eubank Thursday afternoon at O'Connell's Lunch Room.

The marriage of Miss Wanda V. Gamble of Thalia to John Winston Bradford of Appleton, Wis., took place Saturday night at 9 o'clock in Lawton, Okla. They were accompanied to Lawton by Mr. and Mrs. David Lee Owens of Crowell, Miss Bennie Bradford and Mrs. Odie Claxton and Mrs. J. M. Isom of Abilene.

James, Herman and Merl Sandlin and Basil Nelson left Thursday to spend a few days with relatives in Seminole and Wewoka, Okla.

Mrs. Jim Ewing left Sunday for a visit with relatives at Amarillo.

M. N. Morris, Joe and John Rader and Earl Davis of Crowell spent the week end fishing at Lake Kemp.

Mrs. John Hakala of Lake Charles, La., arrived here Friday for a week's visit with relatives.

The Gambleville school will open Monday, Sept. 2. The teachers will be Miss Bernice Coffey, principal, and Miss Eva Dale Morrison.

## Good for Government

"There has never been a party in power which was not criticized by the press, which was not questioned by the press, nor challenged by the press. This is the duty of the press. If governmental edicts were not questioned, nor challenged, it would not be long before the government was in complete control of the people, and their thoughts."—Walterboro, S. ## New Highway Patrol Training School to Begin in September

Deaths continue to mount on Texas streets and highways. Crime is still on the rise. With these facts in mind, the Texas Department of Public Safety announces the start of a 150-man training school.

The school will begin on Sept. 22 and will be held at the Texas Department of Public Safety Law Enforcement Academy in Austin. Trainees will receive a salary of \$545 per month during the four-month training period. Upon graduation the salary will be increased to \$651 per month.

To qualify for one of these positions, an applicant must be between the ages of 20 and 35, a height of not less than 68 inches, a weight of not less than two pounds per inch of height, nor more than 3 1/2 pounds per inch of height, and be of good sound physical condition. He must have completed high school, or the equivalent, he must be a citizen of the United States and be of good moral character.

The intensive training program, which will consist of some 800 hours of classroom work, is designed to prepare the cadet to handle the various situations which he will be confronted with as a patrolman. Upon graduation, the cadet will be assigned to one of the four uniformed services: highway patrol, license and weight, motor vehicle inspection, or driver's license.

Uniforms, vehicles, weapons, ammunition and necessary equipment will be furnished. Other benefits include a monthly uniform cleaning allowance and travel expenses when away from their assigned station. Group life and hospitalization insurance are available at a reasonable cost. The patrolmen become members of the Texas Employees Retirement System and the social security system. Vacation, holidays and sick leave are also provided.

Additional details are available from area Highway Patrolmen or the Texas Department of Public Safety office in Austin.

## Vandals Run Wild in Texas State Parks

The Texas Parks and Wildlife Department is working to make the state parks system one of the best in the nation, but there are some persons whose aims run counter to this, according to Johnny L. Buck, assistant director for Parks Operations for the department.

These are vandals, persons to whom destruction is a form of recreation.

Here are just a few ways vandals have "done their thing" in Texas state parks:

—In Lockhart State Park glass at the entrance station was broken out.

—In Stephen F. Austin State Park in the course of six months, a restroom mirror was stolen, shower heads were stolen, clothes hooks were stolen, a historical monument picture was destroyed, a flag pole chain was stolen, air vents in a restroom were damaged and a nature trail guide post was destroyed.

—In Bastrop State Park flags on the golf course were destroyed and a park sign was pulled up.

—In new Hueco Tanks State Park personnel are restoring centuries-old Indian pictographs which were defaced by vandals with cans of spray paint prior to the area's becoming a state park.

These are only a few instances out of hundreds on the list which, to the people who maintain the parks, seems endless. Hose to traffic counters cut, trash cans damaged, trees chopped, picnic tables thrown into rivers, swings stolen, unbelievable piles of litter left behind—these are everyday occurrences to be faced by those charged with the operation and maintenance of our state parks.

Why do vandals vandalize? Those who have studied the problem say there are no clear-cut answers. Whatever the reasons for vandalism, those in charge of parks are not a little dismayed at the idea of furnishing some of the best facilities in the country for an unappreciative person to destroy.

# A Pot Primer for Parents.

Know enough basic facts about marihuana to talk to your son and daughter about it.

As a parent, you're concerned. You read that college, high school, even junior high students smoke marihuana. What about your own son or daughter? Have they tried it? Would they tell you? Do you just keep quiet and hope—do you talk?

Your youngsters may joke about grass, tea, joint, roach, head—words that mean something different to you. They seem to know more about drugs than you do—that's their side of the generation gap. But not all their "facts" may be facts.

Can you talk frankly to your child about pot?

As frankly as about other important matters, with tact and mutual respect. It may be easier to start by discussing marihuana experiences he's heard of from his friends. You won't want to come across as accusing or angry—it's as risky to assume he does "turn on" as to assume he doesn't. Keep it simple, direct. And make sure your concern for him, and what happens to him, shows.

Who uses pot, and why?

More boys than girls. Girls are likelier to try if their boyfriends smoke it. A majority of young people have not tried it, and have enough self-assurance to resist trying it. A number have tried it once or twice out of curiosity or boredom. A smaller number "turn on" just on weekends. A small percentage become "heads"—their lives centered around marihuana or other drugs, with very little interest in anything else.

What proven facts about marihuana can you tell him?

1. Individuals react very differently to this drug, which is why you hear stories of extreme reactions, and stories of no reactions.

2. Reactions vary according to setting, expectation, pattern of use, and the strength of the marihuana (which varies greatly).

3. Because of all these variables, little has been proven conclusively about specific effects of marihuana on the mind and body. This does not mean there are

## HIGHWAY DEPARTMENT MEN PLAY BIG PART FOLLOWING DISASTERS

Edgar E. Hardy of Lovington, N. M., visited Mr. and Mrs. John Wilkins last week.

Mrs. J. W. Golden Sr. and Mrs. Sharon McNabb and son, Johnny, spent the week end at Stamford with their son and brother, J. W. Golden, Jr., and family.

Mrs. Parker Churchill of Crowell and her son and daughter-in-law, Mr. and Mrs. Monte Churchill, of Mercedes returned home last week from a vacation trip to the Northern States and Canada.

Mr. and Mrs. Clyde Myers of Torrance, Calif., are here for a two weeks' visit with his brothers, Lester and Wilson Myers, and families and other relatives and friends.

Mrs. Howard Ferguson and Miss Brenda McBeath visited the Delmar McBeath family in Arlington over the week end and Mrs. Ferguson also attended market in Dallas.

Mr. and Mrs. Joe David Drabek of Lubbock visited his parents, Mr. and Mrs. Charles J. Drabek, here Monday and attended the funeral services for Mr. and Mrs. Merl Kincaid.

Dr. and Mrs. R. L. Ballard and children, Cherie, Roxanne and Mark, of Austin, visited here a few days last week with his parents, Mr. and Mrs. Dick Ballard. They were en route to Austin after a vacation trip to California.

Mr. and Mrs. C. S. Bartley and Mr. and Mrs. Travis Vecera and children, Donna, Rhonda, Anita and Hedi, attended the wedding of Miss Malinda McBeath and G. W. "Rusty" Moore in Austin Saturday.

Mr. and Mrs. Eli Austin and Doris and Mrs. Joan Ivers and children, Brenda Sue and Anthony Wayne, of Oklahoma City visited over the week end with Mrs. J. A. Brown and Mrs. E. A. Athey. Mrs. Brown is making her home

Now that the first numbing shock of two of this year's most damaging storms has subsided, almost unbelievable stories of public service at great personal risk are being told.

Texas Highway Department personnel, who recently worked through Hurricane Celia, and their counterparts in Lubbock, who struggled with the May 11 tornado there, now modestly are receiving their just praise.

The department is still using plenty of "bare hands" to erase the destruction Celia created in Corpus Christi.

"I wouldn't even try to estimate the amount of debris we have hauled away," said District Engineer Travis Long. "But I can

with the Atheys on Texas Street. The Athey family has recently moved from California to Crowell.

Mrs. Henry Ross accompanied Mrs. M. M. Welch to Anna to visit Mrs. Ross's sister, Mrs. S. J. Brune, and husband, and brother, Rip Welch, last Sunday. Mrs. Welch also visited in Forcyte, Ark., with relatives. They returned home last Thursday.

Mrs. Ed Mechell attended a picnic at Megargel Sunday of last week.

tell you this—much of it was loaded by hand."

Long said front end loaders and other equipment rushed to the region could not always be used. One place was along the median fence of the expressway, where large amounts of rubble had been blown.

The day after the hurricane Highway Department personnel from throughout South Texas began arriving in Corpus Christi.

"They brought food and cots with them and slept in the shops. They came to stay," said Long. "The men worked such long hours that I don't know how they stood it. There were many cases of bravery."

Two of the ferry boats maintained by the Department stayed at Port Aransas as long as possible in order to take people to the mainland.

"As a result of the boat crews staying as long as possible to get people off the island, the two ferries barely made it to safety in Corpus Christi ahead of the storm. Both boats had glass knocked out of their wheelhouses and some of the men were cut," Long said.

Some of the Highway Department personnel were out in the storm patrolling in their trucks. After the power supply was knocked out at 3:55 p. m. Monday, the two-way truck radios were often the only means of communications in emergency situations.

"I personally know of one instance where one of our mobile units was the only means of radioing for medical assistance for injured persons at a badly damaged trailer park."

From about 4 p. m. Monday to about 5 p. m. Saturday, the district headquarters in Corpus Christi served as a communications network.

Reports received by two-way radios from the field were relayed from Corpus Christi to the district offices in Karnes City and Refugio. From this small communications network—many of the wants and needs of the stricken area became known quickly.

The day after the hurricane, 20 Department water trucks were put into service. The trucks furnished drinking water for Taft, Gregory, Portland, Ingleside, Aransas Pass, Port Aransas and Rockport.

Some of these communities were able to get their public drinking water systems back in operation in about two days, but for others it took longer. Meanwhile, the water trucks shuttled continuously from water sources to places of deployment.

Two days after Celia struck, crews worked to put up temporary "stop" and "yield" signs at dangerous intersections.

At one time more than 200 Highway Department personnel were working around the clock because of the storm. This included crews from Pharr, Yoakum and San Antonio. Long said there are now about 100 men trying to clean up after Celia. He said two crews from Districts 13 and 21 (Yoakum and Pharr) were in Corpus Christi to get the traffic signals operational. He said the men would probably stay in Corpus 10 days and that they were sleeping in the hearing room of the district office building because of the shortage of rooms in the city.

Far from the southern coast of the state, in the West Texas city of Lubbock, the 200-mile-per-hour winds of the May 11 twister struck about 9:45 p. m.

Shortly afterwards, US Highways 82, 87 and 84 were covered with debris from wrecked homes and businesses that once stood along the right of way.

"Clearing the highways was our first goal," said James King, district maintenance engineer. "Once this was accomplished, we turned to assisting other organizations in rescue and cleanup operations."

"Some of the men worked two days without sleep, some even longer. They came willingly to help others who had been dislocated," said C. W. Nall, Jr., district construction engineer.

The Lubbock Avalanche-Journal recognized the efforts of the district's some 305 employees when it reported their efforts "significantly contributed toward initial recovery operations after the disastrous May 11 tornado struck Lubbock."

The newspaper continued: "Uncomplaining THD crews logged an almost countless number of double shifts, ranging from 16 to 18 hours and more, before sufficient progress was made to allow adequate time for rest."

Maintenance engineer King added: "They were great. Many left their own damaged homes and went into areas covered with downed electrical wires and filled with gas fumes to rescue injured residents. They really did a fine job."

Virtually all of the department's trucks and front end loaders from 14 counties were used in the clean-up and rescue operations.

## Miss Carol Sue Eubank and Jay Edwin Beene Exchange Vows

In a double ring ceremony at Union Congregational Church at 7:30 p. m. Saturday, August 8, Miss Carol Sue Eubank became the bride of Jay Edwin Beene. Wedding vows were exchanged before a large arrangement of yellow glads, white stock and white daisies. A gold compote filled with white and yellow daisies on the organ completed the decorations. Parents of the couple are Mr. and Mrs. J. B. Eubank of Paducah and Mrs. Decima Beene, Friona, and the late O. J. Beene. A. B. Martin of Seymour was the officiating minister.

Mrs. Owen New, Truscott, organist, presented traditional wedding selections and accompanied Kay Johnson, soloist, as she sang the theme song from "Romeo and Juliet."

Mrs. Dwight Whitaker, Black, was her sister's matron of honor. Colleen Pavey, Texarkana, was the maid of honor; bridesmaids were Kay Looney, Iowa Park, and Janet Ragsdale, Dallas; and the brides-matron was Mrs. Mickey Copeland of Weatherford, Okla.

Ramey Beene, brother of the groom, and Dwight Whitaker, Black, brother-in-law of the bride, were best men. Groomsmen were E. K. Buske, Austin, Johnny Baxter, Gunison, Colo., and Richard Lawson, Fort Worth. Edgar and Edwin Ramey, Amarillo, cousins of the groom, and Jerry Striplin, Dallas, were ushers. Myron Brewer, Lubbock, and Jackie Claborn, Dallas, had charge of programs.

Guests were registered by Mrs. Edgar Ramey, Amarillo, and Barbara Hutchinson, Hereford.

Special guests were Mr. and Mrs. "Goose" Ramey and Mr. and Mrs. Edwin Ramey, Dimmitt; Mrs. Jeff Gilbreath and Myrtle Beene, Hereford, and Mr. and Mrs. C. C. Barnett, Plainview.

Bridal attendants wore identically styled formal gowns of yellow sheer dotted swiss over matching slipper satin. They were designed with wedding ring collars,

empire waistlines, brief puff sleeves and matching back bows. Their headpieces were made of yellow velvet tubing loops with long streamers and yellow roses. Each attendant carried a single long stemmed yellow rose tied with streamers of white and yellow satin ribbon.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of white silk organza and bridal satin. It was fashioned by her mother and was an A line sheath with a round neckline outlined with ruffles, sheer sleeves, which were gathered onto fitted satin cuffs and closed with tiny covered buttons and bias loops. A band of pale yellow satin down the center front was enhanced with two rows of white flower appliques.

Her chapel length three-tiered veil of imported silk illusion was held in place with a headpiece of flowerettes attached to a bias bow of bridal satin.

She carried a bouquet of garlands of stephanotis with picot and satin ribbon streamers entwined with ivy and centered with an orchid corsage interspersed with pearls atop a lace covered Bible, which had been carried by the groom's mother in her wedding.

A reception in the home of Mr. and Mrs. Jack Moseley followed the ceremony. The bride's table was covered with a white formal cloth of net over satin. The two tiers of net were edged with lace and a band of white satin ribbon marked the table edge. A tiered wedding cake topped with yellow roses was served with punch, nuts and mints by Barbara Hutchinson, Hereford, and Mrs. Vicky Neal, Odessa.

Mrs. Ronnie Awtrey, Friona, cousin of the groom, and Judy Winters, Dallas, presided at the groom's table. It was covered with an ecru linen cutwork cloth and centered with an arrangement of red roses. A double wedding ring chocolate cake was served with coffee. Others in the house party were Mrs. Doug Stephenson, Mrs. Herschel Johnson, Mrs. Vernon

Roberts, Holly and Iris Stephenson and Kay Johnson. For a wedding trip to Mexico, Mrs. Beene wore a black and white check sports dress with black patent accessories and the corsage lifted from her bridal bouquet. The bride is a graduate of Crowell High School. Mr. and Mrs. Beene will be at home at 3320 Hudnall Street, Dallas, where he is employed by Great National Life Insurance Company.

### SOME QUESTIONS TO ASK THE PRINTING AND OFFICE SUPPLIES PEDDLER

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

## Miss Carol Sue Eubank and Jay Edwin Beene Exchange Vows

In a double ring ceremony at Union Congregational Church at 7:30 p. m. Saturday, August 8, Miss Carol Sue Eubank became the bride of Jay Edwin Beene. Wedding vows were exchanged before a large arrangement of yellow glads, white stock and white daisies. A gold compote filled with white and yellow daisies on the organ completed the decorations.

Parents of the couple are Mr. and Mrs. J. B. Eubank of Paducah and Mrs. Decima Beene, Friona, and the late O. J. Beene.

A. B. Martin of Seymour was the officiating minister. Mrs. Owen New, Truscott, organist, presented traditional wedding selections and accompanied Kay Johnson, soloist, as she sang the theme song from "Romeo and Juliet."

Mrs. Dwight Whitaker, Black, was her sister's matron of honor. Colleen Pavey, Texarkana, was the maid of honor; bridesmaids were Kay Looney, Iowa Park, and Janet Ragsdale, Dallas; and the bridesmatron was Mrs. Mickey Copeland of Weatherford, Okla.

Ramey Beene, brother of the groom, and Dwight Whitaker, Black, brother-in-law of the bride, were best men. Groomsmen were E. K. Buske, Austin, Johnny Baxter, Gunison, Colo., and Richard Lawson, Fort Worth. Edgar and Edwin Ramey, Amarillo, cousins of the groom, and Jerry Striplin, Dallas, were ushers. Myron Brewer, Lubbock, and Jackie Claborn, Dallas, had charge of programs.

Guests were registered by Mrs. Edgar Ramey, Amarillo, and Barbara Hutchinson, Hereford.

Special guests were Mr. and Mrs. "Goose" Ramey and Mr. and Mrs. Edwin Ramey, Dimmitt; Mrs. Jeff Gilbreath and Myrtle Beene, Hereford, and Mr. and Mrs. C. C. Barnett, Plainview.

Bridal attendants wore identically styled formal gowns of yellow sheer dotted swiss over matching slipper satin. They were designed with wedding ring collars,

empire waists, brief puff sleeves and matching back bows. Their headpieces were made of yellow velvet tubing loops with long streamers and yellow roses. Each attendant carried a single long stemmed yellow rose tied with streamers of white and yellow satin ribbon.

As the bride was escorted to the altar and presented in marriage by her father, she wore a formal wedding gown of white silk organza and bridal satin. It was fashioned by her mother and was an A line sheath with a round neckline outlined with ruffles, sheer sleeves, which were gathered onto fitted satin cuffs and closed with tiny covered buttons and bias loops. A band of pale yellow satin down the center front was enhanced with two rows of white flower appliques.

The two tiers of net were edged with lace and a band of white satin ribbon marked the table edge. A tiered wedding cake topped with yellow roses was served with punch, nuts and mints by Barbara Hutchinson, Hereford, and Mrs. Vicky Neal, Odessa.

Mrs. Ronnie Awtrey, Friona, cousin of the groom, and Judy Winters, Dallas, presided at the groom's table. It was covered with an ecru linen cutwork cloth and centered with an arrangement of red roses. A double wedding ring chocolate cake was served with coffee. Others in the house party were Mrs. Doug Stephenson, Mrs. Herschel Johnson, Mrs. Vernon

Roberts, Holly and Iris Stephenson and Kay Johnson. For a wedding trip to Mexico, Mrs. Beene wore a black and white check sports dress with black patent accessories and the corsage lifted from her bridal bouquet. The bride is a graduate of Crowell High School. Mr. and Mrs. Beene will be at home at 3320 Hudnall Street, Dallas, where he is employed by Great National Life Insurance Company.

Mrs. Curtis Casey attended a shower for Mrs. Kay Cook Sanner in the home of Mrs. Louis Baty Sunday afternoon. Gilliland teachers attended school all last week and the Gilliland School opened Monday.

Be sure to come to the Truscott reunion Sept. 5 and the Gilliland reunion Sept. 6. Mrs. Curtis Casey began teaching at Knox City Monday.

The children of Mr. and Mrs. Monroe Cash honored them with a luncheon and a reception at their home Sunday on their six-

tieth wedding anniversary. Friends called during the day to congratulate them. There were several grass fires last Thursday night which were started by lightning. Several hundred acres were burned in a grass fire on the Lowrance Ranch. The biggest fire, on the Bob Master-son Ranch, was put out by a heavy shower. A general rain is needed badly.

Mrs. W. G. Hollis came home Saturday after a week's visit with her daughter, Mrs. Pete Mayberry, of Vernon. Mrs. Sue Neil of San Francisco, Calif., and Mrs. Margaret Jane Delirauc of Portland, Ore., are visiting their father, D. S. Ellis.

The Gayland Carters of Granbury visited Mrs. Venta Horne last week end. Mrs. Louis Baty was hostess in her home to a wedding shower given in honor of Mrs. Kay Cook Sanner Sunday afternoon.

Mr. and Mrs. Paul Horne, Mr. and Mrs. W. H. Simmons and Mrs. J. R. Spivey visited the Teddy Horne family in Plainview Sunday.

## Family Reunion

The 14th annual Bayer family reunion was held at the party house in Coleman Park, Brownfield, on August 13, 14 and 15. Relatives from California to Missouri came to be together again in the Texas city. The Bayer family lived in Foard County many years ago.

Eight of the nine living children of Emil and Agnes (Janek) Bayer were present for the exchange of gifts during the second day of festivities. The Frank and Della Halenack branch had the most descendants present, with parts or all of five families present; there were 15 in all. Mr. Halenack, 79, was the oldest person present.

Travelling the longest distance were the Martin Bayers of Long Beach, Calif. Youngest member of the family there was Miss Ann Hamilton, one-month-old daughter of Mr. and Mrs. Dan Hamilton of Seagraves.

Next year, the reunion will be held on August 12, 13 and 14. Enjoying the annual event are the Barbers of California, Mrs. Mrs. A. L. Cox, Jr. of Mo.; Mrs. Perry Davis, James and Clay, of Arvada, Mr. and Mrs. F. J. Halenack, Frankie Halenack and Mr. Billy Dean, Wesley and Mrs. Margaret; Mr. and Mrs. Nile Bryant, Paula and Nita, Miss Carla Surges, of Florida, Mr. and Mrs. H. C. Wood, Wendell, Mr. and Mrs. Wood, Debbie and Brett, Dwight Hamilton and Dusty, Mr. and Mrs. Gene Riggs of graves; Mrs. Leona Cox, Mrs. O. Paxton and Mackey and children, Robin, Tammy, Shane Paxton, Mr. and Mrs. E. Cook and Mrs. Ray Poague, Terri of Lubbock; Mr. and C. J. Krischke and Hubert granddaughter, Carolyn Kriebel of Schulenburg; Ray Kriebel, San Antonio, Mr. and Mrs. Mond Cook, Randy, Ricky, Ronda of Longview; Mr. and Mrs. Otis Pope and Bennie of nathy; Mrs. Bea Rebanm of Paso; Mr. and Mrs. Gus Bayer of Marlin; Mr. and Mrs. Ray Bayer, Anita and Debra, and Sallie Pollard of Brownfield.

The churches of the Crowell Ministerial Association urge every one in our community to be a part of the fellowship of the church of their choice each week.

**SOME QUESTIONS TO ASK THE PRINTING AND OFFICE SUPPLIES PEDDLER**

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

## Regulations Listed for Opening of Dove Season

The Texas Parks and Wildlife Department is distributing the 1970 dove maps to help prospective hunters prepare for the season on white-winged and mourning doves starting in September.

For regulatory purposes, the state again has been divided into a north zone and a south zone. The north zone (in which Foard County is located) mourning dove season is Sept. 1 to Oct. 30. The south zone mourning dove season is Sept. 26 to Nov. 24, except in those counties having a whitening season where it will be Sept. 5 and 6, Sept. 12 and 13, and Sept. 26 to Nov. 20.

Shooting hours in all counties will be from 12 noon to sunset. The department map clearly indicates by shading the South Texas counties which have a whitening season this year, and it also shows the protected "buffer zone" for whittings along the Rio Grande in Starr County and a portion of Hidalgo County.

Daily bag limit for both species is 10 birds, with a possession limit of 20. Bag limits of both white-winged and mourning doves may be taken in the counties having a whitening season Sept. 5-6 and 12-13.

The map also reminds sportsmen that no hunting is permitted in game refuges, state and federal parks, game reserves, within corporate city limits or from public roads or road rights of way.

Shotguns must be plugged permanently to three-shell capacity and may not be larger than 10 gauge. Rifles are prohibited.

## Income Tax Law

"Did you know?" asks Commerce magazine that "The Federal Income Tax Law is so complicated, as a result of repeated congressional additions, that it runs 930 pages and is 'explained' by some 17,000 pages of court decisions and Internal Revenue regulations?"

## Local Residents Named Members Nortex Committees

Committee appointments for the 1970-71 year for the Nortex Regional Planning Commission have been announced and include representatives from Vernon, Crowell, Quanah and other communities in the Nortex area.

Among those in this area designated to committees are:

Budget and Finance—County Judge Henry Scott and Mayor Hamp Navlor of Vernon; Ed Lehman, representative of the Wilbarger Soil and Water Conservation District, and Mayor Sam Breedlove of Quanah.

Water, Sewer and Public Facilities—Mayor Robert Kincaid of Crowell.

Open Space Land Use—County Judge Leslie Thomas of Crowell.

Public Relations and By-laws—Truman Quillin, Wilbarger Hospital District, Vernon.

Inter-Agency—County Judge Garland Turner of Hardeman County.

Housing—H. L. Ayers of Crowell, soil and water conservation district representative.

A total of eight members are being named to each committee. Chairmen include:

Judge Raymon Thompson, of Young County, Budget and Finance; A. B. Reeve, Windthorst, Water, Sewer and Facilities; County Judge Calvin Ashley of Wichita Falls, transportation; Councilman Billy J. Smith of Burk Burnett, Open Space-Land Use; County Judge Bill Holder of Archer City, Public Relations and By-laws; Mayor Rex Owen of Archer City, Solid Waste; Mayor Kenneth Hill, Wichita Falls, Inter-Agency; Mayor Rex Gates of Henrietta, Housing.

## Early Teal Season Set Again This Year

Texas shotgunners again will be able to test their shooting eyes on the sporty teal this September as the Texas Parks and Wildlife Department has authorized continuation of the early teal season throughout the state.

The season will be Sept. 12-20, from sunrise to sunset, with an aggregate limit of four per day of bluewing, greenwing or cinnamon teal. Possession limit is 8.

The special early season is held to provide a harvest of the birds which traditionally migrate south earlier than other waterfowl. The bluewings in particular are early, passing through Texas on their way to South America from mid-August through September.

Hunters need no special permit to participate in the early season, but a 1970-71 Texas hunting license is required if hunting outside the county of residence. Non-resident hunters should have a non-resident hunting license or a five-day migratory bird license. Federal duck stamps also are a requirement for all duck hunters.

The wheat in a loaf of bread which sells for 22.8 cents brings the farmer 2.5 cents.

## An Editorial

Disaster is a human tragedy on a mass scale—on such a scale, in fact, that it is often hard to comprehend. A case in point is the misery caused by Hurricane Celia recently in Texas. The American Red Cross reports that, in addition to the deaths and injuries in the disaster, more than 64,000 homes were destroyed or damaged. But an added figure, perhaps one more easy to comprehend, is the fact that this one horrible storm brought losses to more than 65,000 families.

Right now, amid the wreckage and debris along the Gulf coast of Texas, plans are underway to build anew. As always, the Red Cross is there, giving hope and helping to rebuild the thousands of lives that have been shattered in just a few hours. Its financial assistance to the victims is an outright gift. Repayment is neither asked for nor implied.

The task before the Red Cross is a great one. American Red Cross volunteers and staff will be on the scene for months, helping Celia's victims reconstruct and repair their homes, replace lost household furnishings and occupational equipment, and to assist with the medical bills from disaster-caused injuries and illness.

Because of the magnitude of the recovery operation, Red Cross National Chairman E. Roland Hariman has appealed to the American people for generous contributions to help meet costs running many millions of dollars. We wholeheartedly endorse this effort. The Red Cross' sole financial support is that from the American people. In the weeks ahead, the families that suffered in Celia will be counting on the Red Cross to restore their way of life. And, we are sure, the Red Cross can count upon us for the means to do the job.

Your contributions can be sent or taken to our local chapter of the American Red Cross.

## Texas Is Number One in Exporting of Breeding Swine

Texas Agriculture Commissioner John C. White has announced that not only is Texas No. 1 in exports of breeding cattle but now is also No. 1 in exports of breeding swine.

Figures released by the U. S. Department of Agriculture confirm that Texas leads the nation in exporting breeding swine, the Texas Department of Agriculture chief said.

The figures show that 48 per cent of U. S. breeding swine exports were provided by Texas producers. Total U. S. exports were 23,724 and Texas provided 11,399 of those. Indiana ranked second with exports of 1,540 head of hogs.

Commissioner White said Texas swine producers deserve considerable credit for achieving a high level of quality in their breeding stock, and he praised swine breeders for the cooperation they have given the Texas Department of Agriculture's marketing division in carrying out programs to promote increased sales both domestically and abroad.

The swine industry currently is one of the most rapidly growing segments of Texas agriculture, Commissioner White said, and export sales of breeding swine will stimulate even greater growth.

The United States is the world's third largest agricultural importing country. The United Kingdom leads and West Germany is second.

## Two Minutes With the Bible

### More Than Conquerors

Two boys fight in a back alley. Fists fly. Shouts go up from the other kids standing by. "Give it to 'im! Let 'im have it!"

Finally one of the two walks away with a cocky bearing, head and shoulders wagging. He has won!

But has he? Look at him. He has a bloody nose, a black eye and welts on his face and arms. And if looks could kill he wouldn't even be alive, for while his friends shout his praises, the boy he has beaten gives him a look that says: "Just wait!" He has not won anything except, perhaps, a bitter and lasting enemy.

So it is with the wars that nations wage against each other. Necessary as it sometimes becomes to defend our liberties, our homes, our way of life, by force of arms, seldom does any nation actually win in war. Rather, all lose, even the "victors," as in their "victories" they sow the bitterness and hate which are the seeds of future wars.

It is different, however, with "the good fight of the faith," for the Christian may come out of every battle stronger than when he went in. Only the Christian can say with regard to the heartaches and disappointments, the sickness, the difficulties and obstacles, that cross his path: "Nay, in all these things we are more than conquerors, through Him that loved us" (Rom. 8:37).

During Paul's busy ministry for Christ he suffered a painful "thorn in the flesh," and "besought the Lord thrice" that it might be taken away. The Lord did not see fit to remove the thorn, but answered Paul: "My grace is sufficient for thee, for My strength is made perfect in weakness" (II Cor. 12:9).

Paul's response: "Most gladly therefore will I rather glory in mine infirmities, that the power of Christ may rest upon me. . . . I take pleasure in infirmities. . . . for when I am weak, then am I strong" (vers. 9,10). Let all go well, and we are prone to grow careless in our Christian lives. Adversity, on the other hand, makes Christians pray the harder and lean the more—and therein lies their strength and their victory.

## Re-Inspection Time Approaching for Many Texas Vehicles

Col. Wilson E. Speir, director of the Texas Department of Public Safety, this week reminded Texas motorists that vehicles bearing red motor vehicle inspection stickers with the large numeral "9" must be reinspected before midnight September 30.

Texas now operates on a 12-month inspection system. The inspection sticker in the lower left-hand corner of the windshield contains a large numeral showing the month of inspection and expiration.

Speir said vehicles with red stickers and the number "10" will require reinspection before midnight on the last day of October. Those with an "11" must be reinspected before the end of November, with a December 31 deadline for red stickers numbered "12."

All motor vehicles and certain classes of trailers are subject to the mandatory inspection which includes brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering), wheels and rims, exhaust system, and exhaust emission system.

State law requires that inspections be made at privately owned official inspection stations which have been appointed and regulated by the Department of Public Safety. The statutory inspection fee is \$2.00, with adjustments or repairs extra if required.

## No Super-Railroads

John W. Barriger, president of the Missouri-Kansas-Texas Railway, commented: "It is a paradox that there should be super-highways and super-markets and super-everything-else that is a part of modern America's burgeoning economic life, while there are no super-railroads. And yet, economical railroad transportation is the foundation on which 'super-everything' in present-day American economic life is based."

Some 8,125 farm cooperatives are functioning in the United States.

## TEXAS STATE SOIL AND WATER CONSERVATION BOARD

Temple, Texas

### NOTICE OF HEARING UPON THE DIVISION AND REORGANIZATION OF THE LOWER PEASE RIVER SOIL AND WATER CONSERVATION DISTRICT, EMBRACING LAND LYING IN FOARD AND HARDEMAN COUNTIES, TEXAS

WHEREAS, on the 8th day of July, 1970, there was duly filed in the office of the State Soil and Water Conservation Board, at Temple, Texas, a petition signed by a majority of the members of the Board of Directors of the Lower Pease River Soil and Water Conservation District No. 122 pursuant to the provisions of Senate Bill 152, Acts of the 60th Legislature, Regular Session, requesting the division and reorganization of the Lower Pease River Soil and Water Conservation District; and

WHEREAS, all lands comprising the Lower Pease River Soil and Water Conservation District which are located in Foard and Harde-man Counties, Texas, as described in said petition will be considered;

NOW THEREFORE, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity of the division and reorganization of such district; on the question of boundaries of such districts to be reorganized; upon the propriety of the petition and of proceedings taken under the said Act. The said public hearing will be held by the State Soil and Water Conservation Board on the 8th day of September, 1970, beginning at 8:00 p. m., at Crowell, Texas, in the County Court room in the County of Foard.

All interested parties are invited to attend and will be given opportunity to be heard at the time and place hereinbefore specified.

## Law Violations Seen on Newspaper Pages

The beaming face of a proud eight-year-old boy grinned from the front page of a Central Texas weekly newspaper.

Between the lad's outstretched hands was the lifeless body of a mature red-tailed hawk he had shot.

A big event in the life of a boy, perhaps. But also a violated state law.

Had the boy known that all hawks are protected by state law, he might have held his fire. And had the newspaper editor known it, he might have selected a different front page photo.

Hawks have been shot indiscriminately through the years, but most states now have realized the birds are beneficial and deserve the protection of laws.

Texas Parks and Wildlife Department law enforcement officials remind hunters of all ages that the only birds which still are not protected by either state or federal law are English sparrows, starlings, crows and ravens.
