Wildcats Take 45-19 Win Over Quanah

The Crowell Wildcat football team, coached this year by Scott Boyd and Bob Cook, took a decisive 45-19 victory over the Quanah Indians in a game played at Dick Todd Field last Friday night. Scoring in every quarter, the Wildcats jumped to an early 13-0 first quarter lead. The Cats first tally came as fullback Jim Tom (Frog) Smith raced 16 yards for the TD and then kicked the extra point. Speedy Kenneth Sellers flashed his speed a few minutes later when he scampered 90 yards for a touchdown on a punt return. Sellers received the punt on his own 10, dodged two would-be tacklers at about the 15, got several excellent blocks and raced down the sideline untouched. The try for point-after failed. The Indians battled back with Thomas Haltom taking a six-yard pass from Quarterback Richard McDonald for a score. McDonald

Crowell School Reunion Set for Friday, Oct. 30

Friday, October 30, has been set as the date for the 1970 Crowell school reunion. This is the week end that the Munday Moguls will be in Crowell for a District 8-A game. Mrs. Moody Bursley, president of the ex-students organization, announced the 1970 date last week.

At a meeting of officers Thursday night, a tentative list of committees was announced. A nominating committee composed of Bud McLain, Roy Whitely and Mrs. Marion Crowell will present a slate of new officers at the ex-students business meeting set for 7 p. m. Friday night, Oct. 30.

Serving this year with Mrs. Bursley are Mr. Whitley, vice president; and Mrs. L. H. Wall, Jr., secretary-treasurer. More details on the reunion this year will be printed as they become available.

Gilliland Reunion Draws Crowd of Six Hundred

Six hundred people attended the Gilliland homecoming Sept. 6. Special recognition was given to residents of the Gilliland and Truscott communities who have lived there more than 65 years. Mrs. J. C. Eubank has lived in Truscott 81 years and Mrs. Bertha Shaw has lived in Gilliland for 80 years. Mrs. Irene Gerald is the oldest resident of Gilliland (87 years) and Dolph Martin, the oldest man resident (81 years).

Out of state guests were from California, New Mexico and Oklahoma. At 2:30 p. m., Mr. and Mrs. Marion (Sug) Ryder from Bellflower, Calif., who are former residents of Gilliland, were hosts for a 50th year anniversary celebration for four couples who were married and lived in Gilliland 50 years ago.

The four couples are Mr. and Mrs. Ryder, Mr. and Mrs. M. G. Williams of Archer City, Mr. and Mrs. W. T. Cook and Mr. and Mrs. Elmer Welch of Gilliland. A three-tiered 50th year cake and punch were served to the crowd by Mrs. Ryder's sister, Mrs. Helen Keys, and Mrs. Doyle Davis, Mrs. Ray Glascock and Mrs. E. D. Welch, daughters of the other couples.

Mr. and Mrs. Oscar Gentry of Crowell were special guests for the occasion as they are 50th year celebrants and friends of the honored couples. Mr. and Mrs. John Thompson of Vernon and Mr. and Mrs. Bill Winstead of Seymour were homecoming guests who are 50th year couples.

Anniversary cards with signatures of many friends were presented to the seven couples by the homecoming chairman, Mrs. Glen McGuire. Music was provided by the Propps band.

Mr. and Mrs. Monte Churchill Receive Masters' Degrees

Mr. and Mrs. Monte Ray Churchill of Mercedes, son and daughter-in-law of Mrs. Parker Churchill of Crowell, received their master's degrees from Texas Christian University in Fort Worth at summer commencement exercises held on August 21. Mrs. Churchill received her Master of Education degree in supervision and her husband also received his M. Ed. degree in supervision.

Crowell Couple Among Those Who Were Honored

The two Crowell school buses which—since the beginning of school on August 17—had been going short distances into the west edge of the Vernon school district to pick up about 46 pupils who had legally transferred to Crowell, made their last runs out of the local district Tuesday morning. Tuesday afternoon, the buses delivered the children to the district line where volunteers from Foard County picked up the children and took them to their destinations because Crowell Supt. Larry Jones was notified by mail Monday by Leon R. Graham of Austin, assistant commissioner of the Texas Education Agency, to halt the buses from crossing the Crowell-Vernon boundary to pick up the children.

All this comes about as a result of a protest filed by Vernon authorities with the Texas Education Agency relative to Crowell picking up these legally-transferred students. Local school authorities had tentative permission from the state to pick up the students if Vernon did not protest. But Vernon did protest!

For years, the Lockett School District was allowed to send its bus into the old Riverside and Thalia School Districts to pick up scholastics who had transferred to the Lockett School District. At that time application for duplicate service had to be made and the Foard County School Board always made application to the Texas Education Agency to allow this to be done.

Since Crowell is not being re-imposed for the mileage traveled in the Vernon district, local officials do not consider the routes to be duplications of Vernon routes since the state is paying Vernon the mileage instead of both Crowell and Vernon. On last May 28, Crowell Supt. Jones wrote the Wilbarger County School Board requesting duplicate bus service, and the only word Mr. Jones ever had on the subject was a carbon copy of a letter from the Texas Education Agency to the Wilbarger County Board stating that the forms were no longer available.

Since the State Legislature has passed a law permitting students to transfer to any school they wish to attend, the question has been asked here, "Is this refusal to let buses pick up the children a violation of their civil rights?" Frank Cooper, president of the Crowell Booster Club, is seeking volunteers to help get the children to and from the Crowell bus routes on the district boundary.

Wildcats Go to Matador Friday Night For Second Non-Conference Game

The Crowell Wildcats, fresh from a big win over perennial AA rival Quanah, last Friday night, go to Matador Friday night for another non-district game. Starting time is 8 o'clock. The Matadors lost their first game of the season last Friday to Paducah by a 26-16 margin. Bill Barnhill and Donnie Jackson scored the two Matador touchdowns the two Matador touchdowns. However, Coach Scott Boyd said Monday that two of Matador's outstanding ball players were out last week due to the flu, and they are expected to be ready to go against Crowell. The Wildcats will probably go with the same starting line-up this week as started against Quanah, as Coach Boyd reported no serious injuries to his boys in the Friday night game with Quanah.

Friday: Matador there, 8 p. m.

Editor's Note . . .

The Wildcat would like to congratulate the band and twirlers on their outstanding performance during the half-time at the Crowell-Quanah game Friday night. It was certainly evident that the band had put in many long hours of practice for their premier of the season, and the fans were very receptive and appreciative of the show. Dedication, confidence, determination, willingness, showmanship—all these qualities were easy to see. CHS is proud to have such a good-looking, precision band made up of talented musicians. Keep up the good work, band! We're proud of you!

Senior Happenings

The seniors have been very active this past week. There was a class meeting last week to discuss the ACT test, given to all students who plan to enter college. FHA held its first meeting of

the year Tuesday. Senior officers are Elaine Jackson, president; Carolyn Moore, first vice president; Charlotte Walker, second vice president; Peggy Welch, secretary; parliamentarian, Peggy Rasberry; Jacque Gillispie, historian.

Spirit has really been shown this week by display of posters—both in school and down town. Chants are frequently heard throughout the school, "Beat Matador," and keep up that winning tradition, Cats!

Junior Class

This week everyone has been busy getting ready for the football game. Such things as posters, car tagging and selling ribbons, and a pep rally go along with getting ready for a class.

Tuesday morning the juniors had a class meeting to encourage members to sell magazines. At the present time, the OMG's are ahead. PRR's are you going to let the OMG's win and get the party?

In English, we have been giving critiques on magazine articles and movies. We have been told there will be one more critique, which will be on a novel.

This week the juniors would like to recognize their class members who are pep squad officers: Rhonda Swan, secretary, and Gail Wheeler, reporter.
Go Cats! Beat Matador!

Sophomore Scoop

Ask any VA II boy to explain the difference between a cow's stomach and that of a pig and you would get a very in-depth answer stating that a cow's stomach has four compartments while a pig has a simple stomach. I'll

bet you didn't know that!

Everyone was very thankful for the cool weather that settled in on us so we didn't have to worry about the heat as well as the assignments. There have been several wrinkles added to our brains due to geometry, algebra I, biology and several other subjects as we had to "buckle down" and really get busy. It isn't very long until we get report cards.

Moans and groans were heard in CHS as the students were given diphtheria shots. No one wanted a shot, although everyone needs the precaution. The sophomore class abounds in school spirit as was evident at the pep rally Friday afternoon. Rhonda Vecera is cheerleader from the sophomore class and is doing an excellent job. Sophomores in the pep club are giving their all to keep school spirit going full force. No wonder there were so many sore throats Saturday morning. Congratulations to both the Wildcats and the band for their excellent showings Friday night.

Doug Pharris was accidentally left out of a list of sophomores that play football. Sorry' bout that!

Freshman Report

School, of course, is more than a play-time and for freshmen this week there seemed to be little time for anything, while we tried to do everything!

Many complained for days of sore arms and fever after the diphtheria boosters last Tuesday, but we must all admit to exaggerating our misery a tiny bit.

The football season really got off to a grand start with a 45-19 victory over Quanah, and the spirit carried over Saturday night when the junior varsity team downed the Paducah Dragons 22-6.

Sports

The mighty Crowell Wildcats massacred the Quanah Indians for the first time since 1966 last Friday night.

Kenneth Sellers and George Eavenson outran the Quanah defenders practically every time they touched the pigskin. From Eavenson's halfback position, he collected 174 yards in 12 carries. His longest gainer was a 56-yard dash through the middle of the broken Quanah defense to break a 13-13 tie with four minutes left in the first half to put Crowell out in front to stay.

Sellers caught five passes for 186 yards and three touchdowns. His second touchdown came on a 72 yard pass play from quarterback Mike Weathered. Crowell's first score was a 16 yard run by senior Jim Tom Smith; next was Sellers' 90 yard punt return. Sellers received the punt on his own 10 yard line, dodged two would-be tacklers and raced down the sideline for the score.

Quanah managed to score with 35 seconds left in the first quarter. The second touchdown came when Richard McDonald threw a 27 yard pass in the second quarter. Speedy Eavenson came through with a 56 yard dazzling run followed by Sellers' touchdown pass from Weathered to ice the game for the Wildcats.

The strong Crowell defense, led by Jesse Barrera, David Myers, Rocky Bachman and Doug Chowning, held the faltering Quanah offense to only six points in the last half. It was all Crowell's 45-19.

Friday night the Wildcats will do battle with the Matador Matadors at 8 p. m. there. Let's all go to support our victorious team.

Band News

Our sixty-one (count 'em) member 1970 Wildcat marching band has been very busy in the past five weeks. After reviewing the basic steps for one week before school started, the band was ready to begin work on their first performance. There have been 3 hour practice sessions every Tuesday and Thursday for the past three weeks. The band has been working extra hard to perfect the half-time performance for the Quanah game, and it was an outstanding show.

Band officers are president Trey Autry, vice president Micky Owens, secretary Kristi McLain, treasurer Nancy Looney, librarian Shayne Garrett, reporter Babs Streit and sergeant at arms Cindy Wisdom. Band director is James Streit.

Student Council

The CHS Student Council met Sept. 11. Ruth Brown was chosen as secretary to replace Michelle Gafford, who has moved to Fort Worth.

Money making projects to pay for homecoming expenses were discussed and the council voted to sell firewood. Pat Cates was put in charge of contracting and advertising. Anyone interested in buying mesquite wood for fireplaces and barbecues should remember this project. Watch the paper for additional information on who to contact.

Mr. and Mrs. W. A. Johnson attended a family reunion at Lake Kemp Friday night and

members attending summer school at some college or university. Supt. Jones attended the first summer session at Texas Tech, where he was enrolled in several administration courses. Of course, he spent a great deal of the summer in Crowell High preparing for the 1970 term. Principal Wall, in addition to working at the Farmers Elevator, vacationed in South Fork, Colo. Another Colorado visitor was Mrs. Brown. She also held a summer sewing school and attended two home economics teachers conventions, one in Abilene and the other in Dallas. Still another faculty member who vacationed in Colorado was Mr. Streit, band director. Mr. Streit was also engaged in farming and attended a workshop at Eastern New Mexico University. Mr. Myers went on a fishing trip to Colorado.

But a great deal of his summer was involved with FFA activities. He took four delegates to the state FFA convention in San Antonio, went to a short course at Texas Tech, and attended a week long convention in Dallas in connection with FFA. Our new head coach, Mr. Boyd, vacationed mainly in Nashville, Tenn., and Vicksburg, Miss., but also went to Louisiana, Alabama, Missouri, Arkansas and Oklahoma. Science teacher Mr. Welch worked during his summer vacation. He farmed, worked at the hospital, and did carpentry work at home. He also visited his son, James Allen, in Lubbock. Mr. Gafford visited Juarez, Chihuahua and other points in Mexico. He also worked at the elevator and farmed. Mr. and Mrs. Cook were also very busy during the summer. While Mr. Cook worked, Mrs. Cook attended West Texas State, taking courses in advanced grammar and American literature. Mrs. Halbert completed requirements for library certificate at North Texas State during the first six weeks term. She also vacationed at Fort Davis, Texas, and other points in the Big Bend country. Another Crowell faculty member who furthered her education was Mrs. Virginia Ilseeng. She attended twelve weeks of summer school at Midwestern University, taking elementary art teaching, teaching science, math, and reading for the elementary school. In doing so, she fulfilled regulations for her elementary certificate. She also vacationed in Colorado with her family.

Indeed, the teachers have had interesting summers. We commend those teachers who spent at least part of their summer vacation furthering their education in preparation for the school term.

Weather this week has been rather eccentric—dry as a bone one day and raining the next. Temperatures have ranged from 60 to 108. Rain from 3 to 5 inches has been reported at Gilliland, but was much less at Truscott.

Wendell Callaway Tells of Trip Through South America

Wendell Callaway, en route back from the Canal Zone to receive his discharge, accompanied friends Sp. 5 Thomas Lee and wife, Carol, on a more than 3000 mile drive from Panama to San Antonio.
Beginning the trip in Panama City, the trio drove through Costa Rica, Nicaragua, Honduras, San Salvador, Guatemala and Mexico. The journey spanned a two week period with overnight stops in the capital cities of San Jose, Costa Rica; Managua, Nicaragua; El Salvador, San Salvador; Guatemala City, Guatemala and Mexico City. An interesting variety of cultures made the trip an exciting and colorful experience.
Brightly colored ox carts in Costa Rica, fascinating native markets in Guatemala City and an interesting custom of women carrying everything on their head in several of the Central American countries were a few highlights of the drive. The bright array of souvenirs collected along the way made the limited space of the small foreign car even more limited as the trip progressed.
As a word of hope to area farmers, Callaway reports that he saw many oxen teams pulling wooden plows throughout the agricultural areas of these countries.
A beautiful but always changing variety of scenery greets the tourist along the Inter-American Highway which connects all of North America but for an incomplete strip in Panama.
Costa Rica, called the Switzerland of Central America, offers beautiful mountain scenery with many banana and coffee plantations. Nicaragua is a country noted for its lakes and volcanoes. The rustic style of life of people in the countryside contrasts sharply with the hustle and bustle of the capital cities. In San Salvador many of the people still ride

horseback as their only means of transportation and oxen are used widely in Central America for transportation as well as work animals. Women can be seen carrying pottery balanced on their head and men with tremendous loads of wood on their backs walk the roadside in Honduras.
With a high percentage of Indians, Guatemala's culture reaches back to the Mayan civilization and is one of the most colorful countries. The native market in Guatemala City is a tourist's paradise for both souvenir hunters and photographic enthusiasts.
Mexico varying in scenery from the desert-like sections with the familiar clusters of cactus and burros along the road to the multicolored mountainous regions with fertile valleys has a charm all its own. No matter how small the village it has at least one very elaborate church. Mexico City with over a million population and all the trappings of the metropolitan city of today is in short driving distance of the ancient Aztec pyramids of the sun and moon. And not many miles from the highly mechanized city the traveler can still see a farmer tilling the soil with a team of horses or oxen using an all wooden plow illustrating the conflicting influences of innovation and tradition which are at work in Latin America today.

**Former Foard City
Resident Died Sept.
8th in Amarillo**

Services for Mrs. Mable Akin
Johnson, 62, of Amarillo, widow
of Potter County Commissioner
S. Cas Johnson, were held at 2 p.
m. Thursday in Fairview Baptist
Church. Rev. Prentiss McGee, pas-
tor, officiated, assisted by Rev.
Clyde E. Buchanan, a Baptist pas-
tor from Dallas. Burial was in the
Llano Cemetery.

Mrs. Johnson died Tuesday af-
ternoon in an Amarillo hospital.
She had been an Amarillo resi-
dent for 53 years. Her husband
died May 9.

A native of Sweetwater, Mrs.
Johnson moved to Amarillo when
she was 9. She married Mr. John-
son in 1922. She was a member
of the Fairview Baptist Church,
where she taught the TEL Sunday
school class.

Mrs. Johnson's late husband,
Cas, was a nephew of Newt John-
son and cousin of the late J. Dell
Johnson, both of whom were reared
in the Foard City community.
Mr. and Mrs. Johnson lived in
Foard County some 40 years ago.

Survivors include two sons, Earl
Johnson and Bobby Johnson, of
Amarillo; a brother, Carl Akin of
Amarillo; four sisters, Mrs. Lois
Bynum of Amarillo, Mrs. Valerie
Morehead of Del City, Okla., Mrs.
Ramona Berry of Los Banos, Ca.,
and Mrs. Darvles Curtis of Dallas;
five grandchildren and a great
grandchild.

**Graveside Rites Held
Here for Thomas
Victor Johnson**

Graveside rites for Thomas Vic-
tor Johnson, 89, were conducted
by Rev. Walter Driver, pastor of
the Crowell Methodist Church, on
Friday afternoon, Sept. 11, at the
Crowell Cemetery. Mr. Johnson
died in a Lubbock hospital on
Sept. 10 following an illness of
three months.

Johnson was born in Denton
County on Nov. 16, 1881, and mov-
ed to this area with his parents,
the late Mr. and Mrs. Victor T.
Johnson, before the organization
of Foard County.

He lived in the Foard City and
Vivian communities, but had made
his home in Lubbock for many
years.

He is survived by a son, Her-
schel Johnson of Lubbock; two
grandchildren, Brenda of Lubbock
and Gordon Johnson of Lenexa,
Kansas; three sisters, Mrs. Bertha
Ferguson of Crowell, Mrs. Sue
Beatty of Quanah and Mrs. Lena
Morris of Corpus Christi.

Beware Temperatures

Picnics and cookouts are deligh-
tful ways to eat summer meals.
But summertime calls for extra
attention to keep foods safe to
eat. Poor food-handling practices
in the home any time of the year
can often cause illness in the
family. Higher temperatures in
summertime should be taken into
account when storing, preparing,
cooking and serving all foods.

Austin, Tex.—A veteran state
tax bill author predicts that the
Legislature will be levying more
new taxes on Texans next year
than the king-sized \$348.6 million
revenue bill of 1969.

Forecast was offered by Rep.
Ben Atwell of Dallas, chairman
of the House Revenue and Taxa-
tion Committee and head of the
Committee on State and Local Tax
Policy.

Bolstering Atwell statistically
was James W. McGrew, research
director of the Texas Research
League, who acknowledged that
his original estimate of a \$400
million tax bill "looks smaller all
the time."

Lt. Gov. Ben Barnes frankly
concedes that a "major" tax bill
is looming—unless the federal gov-
ernment agrees to some form of
unrestricted revenue sharing with
the states or picks up the entire
tab for welfare aid. Barnes fur-
ther acknowledged that he is not
optimistic about prospects for a
federal rescue in the nick of time.
This view was heartily concurred
in by Atwell.

Although Barnes and Atwell did
not appear far apart in their esti-
mates of revenue need, they were
speaking a different language as
to sources.

Atwell, who declined recommen-
dations at this point, told news-
men he thinks an increase in the
sales tax rate is likely and that
the Legislature properly should
look to broad-based taxation in
1971.

While going along with the pos-
sibility of a sales tax boost, the
Lieutenant Governor said flatly
that the Senate would insist on
balancing any revenue bill with a
corresponding tax on business.

Difference in viewpoints per-
haps illustrates to some extent the
divergence in House and Senate
philosophies.

But, once more in harmony,
Barnes and Atwell agreed that
Texans will be facing state cor-
porate and personal income taxes
sometime during this decade.

**CANCELS CONTRACT LET-
TINGS—Just when highway con-
struction in the state is at an all-
time high, the Texas Highway
Commission has cancelled the reg-
ular December lettings of high-
way contracts.**

Commission blames the contract
moratorium on the recent hold-
back of part of Texas' apportion-

ment from the Federal Highway
Trust Fund. Action came at a
time when, because of favorable
weather, highway construction was
at its highest. For the past two
months, pay-out for construction
completed by Texas contractors
has set new records in dollar vol-
ume.

Contractors were paid \$42.6
million in July for work complet-
ed in June and \$46.3 million in
August for work completed in
July. Payments represented work
on 501 contracts in June and 593
contracts in July.

Federal Aid Highway Act of
1968, as approved by Congress,
provides that states should receive
\$5.4 billion for the 1971 fiscal
year from the Highway Trust
Fund. Amount allocated, however,
was reduced by the Administra-
tion, Highway Commission Chair-
man Dewitt Greer said, to \$4.6
billion nationally and resulted in
a reduction of the Texas share
from \$275 million to \$210 million
—\$65 million less than was ex-
pected.

Proceeds in the Federal High-
way Trust Fund are derived from
special taxes levied on motor ve-
hicle users. Fund was set up in
1956 to provide a stable source of
revenue for the construction of
National System of Interstate and
Defense Highways.

Cancellation of the December
bid letting is the first since World
War II, Greer said. The Commis-
sion chairman said the reduction
has come because the condition
of the finances of the Federal
Government has required that it
borrow money from the Federal
Highway Trust Fund for govern-
ment operation even though the
trust fund was established for the
specific purpose of building the
highway system from highway user
revenues.

Greer said the "motor vehicle
users of this country, who pay
these dedicated taxes, have every
right to expect that the Federal
Government return to the high-
way system these revenues, in ac-
cordance with agreements made
14 years ago."

**HOSPITAL TROUBLES IN
TEXAS—State Rep. R. H. "Dick"
Cory and House Speaker Gus Mut-
schers made a trip to Washington
seeking better interpretation of
recent Social Security regulations
which threaten to close 158 of
the state's hospitals.**

Most are in rural areas and are
having extreme difficulty comply-
ing with new regulations such as
the one requiring them to have
registered nurses on duty around
the clock. A Texas nursing short-
age of 10,000, plus the difficulty
of finding nurses willing to live
in smaller communities, contribute
to the problem.

Hospitals which do not comply
with the regulations are in danger
of having Medicare payments ter-
minated, which would in turn
force them to close their doors.
Rep. Cory, who is chairman of a
special Speaker's Committee on
Texas Health Care, noted that
Texas, because of sparse popula-
tion in wide areas of the state,
has 40 per cent of the nation's
class 7C hospitals.

Another fear of the committee
is that if the small hospitals close
their doors, many physicians will
move away due to lack of hos-
pital facilities.

First Aid Training

The American Red Cross says
that at least one member in every
family should be trained in first
aid techniques. In rural areas,
medical facilities often are not
available making it imperative that
first aid be given on the scene,
they say. Thus, it is even more
important that rural families have
a member who can administer first
aid treatment in the case of an
accident.

West Side H. D. Club

The West Side club met Sept. 8 in the home of Mrs. Ernest Boren. The meeting was called to order by the president, Mrs. Homer Ketchersid. Mrs. Boren read the THDA creed for opening exercise and roll call was answered with "tips on storage problems."

Recreation was a game, "What may I bring you?" led by Mrs. Ketchersid. Mrs. J. W. Fielder, secretary, read the minutes. A very interesting and helpful program on "storage in the home," was brought by Mrs. George Riethmayer. Refreshments were served to 10 members and one visitor, Mrs. Lola Dee Pickens of Shallowater.

Secret pals will be revealed at the Oct. 13 meeting with Mrs. Henry Ross. Next meeting will be Sept. 22 with Mrs. Riethmayer. Program will be "Curtains, Drapes, Different Kinds," brought by the agent, Helen Fincher.

One Accident During August in County Investigated by State

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of August, according to Sgt. Jack Therwanger, Highway Patrol supervisor of this area. The crash resulted in an estimated property damage of \$300.

All motor vehicles and certain classes of trailers registered in Texas are subject to the mandatory inspection of certain equipment which includes brakes, lighting, horns and warning devices, mirrors, windshield wipers, steering, wheels and rims, exhaust system, exhaust emission system, and front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle.

The inspection fee is \$2.00, with adjustments or repairs extra if needed.

Detached American

"Several years ago in New York City a woman was murdered near a housing project while several of the residents watched from their windows without moving a finger, either to rescue the victim or to identify her assailant. Growing out of this incident, someone coined the phrase—"The Detached American" and berated the witnesses for their failure to become involved in an incident evidently because they thought they had no personal interest."—Philadelphia, Pa., Tribune.

Legislative Reform
Louis W. Menk of St. Paul, president of the Burlington Northern Railroad, stated that in spite of the tremendous contribution of railroads to the nation's transportation, the industry might well be termed the stepchild of progress. "Here we have the most efficient and economical system for the movement of large volumes of goods. Yet, the railroad industry is wrapped in a straitjacket of archaic restraints and outmoded work rules that serve effectively to penalize the American consumer. What is needed is legislative reform. I am hoping that we will continue to focus on reform."
