Funeral Services

J. L. Farrar
Died at Pampa

Interment Made

Thursday Afternoon
in Crowell Cemetery

Funeral services for J. L. (Fab) Farrar, 75, of Pampa and long-time Foard County resident, were in the Barrett Baptist Church at 1 p. m., Thursday, Sept. 15. Officiating ministers were A. E. Burns of the High Baptist Church and Rev. Land Burton of Barrett Baptist Church.

All bearers were Jay Lickey, George Jones, Dean Crawford, George Ferguson, Harold Ray Jensen and Dub McKendree. Rev. Warren Everson was in charge of the graveside rites at Crowell Cemetery at 5 p. m. Monday.

Miss Leland Farrar was born in Manchester, Tenn., May 10, 1896. He was married to Cressie Patton in Crowell Nov. 16, 1917. Two sons, Fred Wayne and J. L. Farrar, were born to this union. J. L. Farrar died at the age of 75 on August 15, 1971. He had lived in Foard County from 1923 until a number of years ago when he and his wife moved to Pampa. He lived at Thaddeus and Foard City and was a merchant in Foard City. He owned a grocery store, gas station and ice house.

speedster Johnny Urquizo caught a pass from quarterback Rex Driver for the final 30 yards and a touchdown. Rocky Bachman has a perfect conversion record as he booted all three attempts last Friday.

On the next series of plays, the Indians fumbled again and Crowell recovered on the Indian 41, and behind Urquizo's lightning drives, moved to the eight yard line where quarterback Phillip Bell scampered over to score.

The Indians lost another fumble, but on the next play, end Mike Hale intercepted a Wildcat pass to stop a Crowell threat.

Early in the second quarter, Indian tackle Barry Bridges blocked a Wildcat punt on the Crowell 30 to set up the Indian's only touchdown of the night.

Quarterback Rickie Aaron took to the air to lob a pass to halfback Mark Lytle down within the five yard line. Willie Stewart then plowed over for the tally. Donald (Moose) Carter booted the ball between the uprights for the extra point.

Crowell made a quick comeback, taking the ball on the Wildcat 37-yard line and driving to the Indian 20 where halfback Billy Ray Neal galloped over to score. It was the last scoring of either team as the defense dug in and held for 2 1/2 quarters. The Indians threatened in the last few minutes of the first half when the ball was moved from their 25 past the mid-stripe. The drive was broken up by Urquizo who intercepted a pass and made a dash for the end zone, only to be stopped on the Quana h 35 by fleet-footed Willie Stewart.

While failing to score in the last half, the Indians controlled the ball most of that time, holding Crowell to two first downs while racking up five of their own. Urquizo put the final flourish on the game with a pass interception again as the whistle blew.

Pease River Dam Study Continues

A two-man team from the U. S. Army Corps of Engineers office at Tulsa, Okla., the third to come to the area in connection with the project, has arrived to continue feasibility investigations concerning a proposed dam across the Pease River north of Crowell near the new Copper Breaks State Park.

They worked at the proposed damsite through Friday in cooperation with John McAlister of the Soil Conservation Service here, and Bob Martin, superintendent of the new Copper Breaks State Park.

The Corps of Engineers is doing preliminary work to a possible feasibility study which could move the proposed dam several years ahead of normal construction schedule if it is finally approved. Thursday: junior varsity vs. Knox City, 7:30, here.
Friday: varsity vs. Matador, 8 (here).

The Junior Journal
Juniors in chemistry seem to have gotten a new perspective on the subject since moving into the lab. It's almost like another world! Everyone feels a little awed when surrounded by Florence

flasks, beakers, graduates, and pneumatic troughs. Between English and American history, juniors are swamped with book reports. Each six weeks, two book reports in English and two in history plus fifteen pages of periodicals are required. At least by the end of the year we can say we're well read!

Friday morning, Coach Cook distributed sales slips from the magazine sale last year. Anyone out there that bought last year were probably contacted to renew their subscriptions.

Five junior girls are donating their time, spirit and loud mouths to the pep squad this year. On any given Friday night during football season, Ruth Brown, Veda Everson, Margaret Foster, Irma Quintero and Christine Walker may be found shivering and shouting in the stand. Two of the girls are officers: Ruth is secretary and Irma is treasurer. Yea, Pep Squad. Don't forget about the junior party this Friday night after the game at Trudy's house! Speaking of the game: MACERATE MATADOR!

Sophomore News
Sophomores have all been busy this week with the usual doldrums of school life, but maybe things will pick up a little now that football season has started. Last Friday night, the Wildcats traveled to Quannah and Thursday night, the J. V. played Munday here.

Sophomores who are members of either the varsity or junior varsity teams are Ernest Barrera, Freddy Matysek, Billy Eavenson, Philip Bell, Randy Dorsey, Jackie Eavenson, Bob Taylor, Joe Haynie, Tim Daniels, Jim Lin Shook, Butch Borchardt, Ricky Nichols, Danny Ownbey, Emmitt Newman and Terry Tamplen. Let's remember these boys are members of our class when they all do something spectacular! Thursday night the J. V. will play Knox City, and Friday night the Wildcats will play Matador. Both these games are here, so let's all get out and support our teams.

Freshman Frolics

The freshmen had a class meeting last Thursday to elect class officers. They are Mrs. Hammonds, Mrs. Werley, Mrs. Prince and Mrs. Schoolcraft. We voted to have a hayride Sept. 25. A committee of Rita Hodges, Ricky Hammonds, Karen Stanser, Randy Prince and Cheryl Garrett were selected to decide on the rest of the plans.

The freshmen on the junior varsity team played a good game when we beat the Munday Moguls last week. Rudy Rodriguez wasn't able to play because of a broken nose. Speedy recovery, Rudy! Good luck to the varsity and junior varsity teams, and remember everyone: GO CATS!

Spanish Club

The Spanish Club held its first meeting for this year in the Spanish room to elect officers. They are: president, Karen Gray; vice president, Reed Davis; secretary-treasurer, Ruth Brown; and reporter, Trudy Bird. Our sponsor is Mr. Gafford. So far in Spanish we have been learning a few questions and how to count.

Drama Club News

The 1971-1972 CHS Drama Club was organized Tuesday, Sept. 7. The following officers were elected: president, Trey Autry; vice president, Teri Garrett; secretary, Carolyn Jones; treasurer, Roseanne Westover, and reporter, Sharla Haynie. It was decided that the club would meet every third Tuesday of the month at 3:30.

There were many new members welcomed to the club this year: Veda Everson, Kathy Shirley, Trudy Bird, Cindy Wisdom, Darla Bell, Renee Westbrook, Roseanne Westover, Bette Sue Barry and Ruth Brown.

The president appointed committees to be in charge of the programs, plays and refreshments for the entire year. Mrs. Halbert, the club sponsor, reported on projects and field trips that the club will take this year.

The Drama Club is now organized and looking forward to an eventful year. The club extends a welcome to any other interested student who would like to join.

Sports

The team really looked tough and ready for action Friday night. I hope you didn't miss Rex Driver's smooth pass which sent John Quirzo flying for the first touchdown. Rocky Bachman then kicked a long high field goal to add up more points. It was only a matter of time until Philip Bell made the second touchdown and again Rocky Bachman kicked a field goal for an extra point. Then near the end of the second quarter Billy Ray Neal ran 20 yards for the third touchdown. Rocky Bachman kicked and succeeded in making the extra point.

Another position change has been made. Rocky Bachman has now moved back to end, Ronny Naylor is back to inside line backer and Philip Bell back to outside line backer.

The junior varsity beat Munday Thursday night 24-0. Tim Daniel ran a good 72 yards for the first touchdown, and scored the extra 2 points. Later he ran 20 yards for the second touchdown and again made 2 more points. Allen Tapp recovered a fumble in the end zone for a touchdown, after which Tim ran for 2 extra points. Very exciting!

Thursday night, Junior Varsity will play Knox City here at 7:30. Friday night the Wildcats take on Matador here at 8:00. MASH MATADOR!!

Southern Assembly

Richard Tetley-Kardos will present a Southern Assembly program this Friday morning at 9:13 in the high school auditorium. Mr. Tetley-Kardos is an accomplished musician who began his musical career at the age of seven. As a youth, he was starry-eyed as he met stars, but equally overwhelmed as his playing was acclaimed by the movie greats. Since that time, he has played in the capitals of the world, not only solo piano concerts, but with symphony orchestras, on radio, and on television. Each year he tours the

Paul Stapp Leaves for Germany For Year's Study at University of Bonn

By Mrs. Ray Shirley

A Texas Tech senior from Crowell, Paul Stapp, is one of twenty students who flew from New York City Monday for Bonn, Germany, for an academic year of study at the University of Bonn under the auspices of the Institute of International Education.

The IIE is a leading private non-profit agency in the field of educational and cultural exchange and was founded in 1919. It carries on exchange programs between the U. S. and more than 110 other countries.

To qualify for the year's study at Bonn, Paul had to be at least a college junior with two years of language study and with a strong academic record.

Each candidate had to submit a statement of objectives indicating his reasons for wishing to participate in the program. These qualifications plus letters of reference were reviewed by a board

and selections made for students with serious academic purpose who were interested in improving language proficiency and in gaining an understanding of German civilization. Paul was one of twenty selected to enroll at the distinguished Rheinische Friedrich Wilhelms Universitaet at Bonn.

A native of Hale Center, Paul has traveled more than most young men both with his family and on his own. His father, Dr. Walter Stapp, was stationed in Giessen and Wurzburg, Germany, with the U. S. Army Medical Corps in 1952 and 1953. Following that tour of duty, the family moved to Liberia, Africa, where his father was on the staff and then chief of staff at the Firestone Plantations Company hospital for six years. They moved back to the States and to Crowell in 1959.

During the summer of 1967, Paul and a friend toured Texas, New Mexico, Colorado, Utah and Wyoming by bicycle for six weeks. Music has always held an important place in Paul's life, as he follows in his mother's footsteps as an accomplished pianist. He also plays several other instruments and is a composer. In the summers of 1968 and 1969, he planned and directed a Sing Out for Crowell and Quannah youth, using some original compositions. He planned and directed the Lubbock Sing Out in 1970 and 1971, again using his own compositions. He was the band director for the Austin Sing Out this past June and composed its theme song.

Paul accepted an invitation to be director of the Sing Out for Missouri and Kansas which was held in St. Louis in July, 1971. An honor graduate of Crowell High School, Paul earned membership in the freshman honorary scholastic fraternity, Phi Eta Sigma, at Texas Tech. He's been on the dean's honor roll continuously. He is currently working towards two degrees at Tech—a bachelor of music in music theory and a bachelor of arts with a major in German—and plans to complete both upon his return to Tech from the University of Bonn.

While at the University of Bonn, Paul will study German, music and coordinated subjects. From Sept. 15 to Oct. 15, the IIE group will have an intensive language study and orientation. During these weeks of preparation, the students will live with German families who will provide additional language practice as well as the opportunity for a more intimate knowledge of German society. University classes, which will be in German, will begin Oct. 18.

In addition to regular course work, special field trips will be arranged to acquaint the students with the German people and their culture. His final examinations will end next July 21, and he plans to depart for the United States in time to enroll for next fall's term at Tech.

Major Court Decision Last Week Invalidates Redistricting Bill

By Bill Boykin
 Texas Press Association
 Austin, Tex.—A major court decision last week left up in the air the question of how Texas might act for both houses of its legislature before next year. State Supreme Court agreed with an August 2 Austin district court finding that a House redistricting bill passed this year is unconstitutional because it unnecessarily split up 23 counties. The decision left unanswered how the bill should be corrected or if it should be redone before 1973. Basic questions are these: Should House reapportionment and state Senate redistricting (left untouched by the Legislature) be the subject of an emergency special session? Should the five-member constitutional Legislative Redistricting Board take on the job, since no valid reapportionment was done by the Legislature in the first regular session after the 1970 census? Should the Legislature forget about reapportionment before 1972 elections and wait until the 1970 census statistics are all complete and published? Gov. Preston Smith and Atty. Gen. Crawford Martin once more are on opposite sides of a controversy. Smith says the Redistricting Board has the "duly constituted responsibility" under the constitution to redistrict, and a special legislative session on reapportionment would be unnecessarily costly. Martin stated in a brief before the Supreme Court a special session "would seem the only correct possibility, but this, too, could become the subject of litigation." A High Court ruling in another case challenging the Redistricting Board's authority may hold the key as to whether it can proceed, whether the Legislature must take over now or check the task until 1973.

A note of urgency is injected into the issue by the fact the Board is directed by the constitution to do whatever it is going to do by late October. Furthermore, legislative candidates appear to face a November 7 deadline for establishing residence in the district they choose to represent.

HEALTH STUDY ON — New studies to find ways of meeting health service, staff and facility needs of Texas' rural population will be undertaken by the Research Institute for Systems Development at Texas A&M University.

The study will be conducted in the West Central Texas area, centered around Abilene which has both rural and urban characteristics typical of many regions. Fewer than half of Texas' 492 hospitals meet federal medicare requirements for health and safety, so the project will focus on health facilities and services considered below medicare standards. Texas has more than twice as many qualified hospitals as any other state.

One-Day Service Planned for Delivery Of First-Class Mail

Postmaster Ted Reeder, amplifying on a new mail service program recently announced by Washington headquarters, Tuesday identified local areas which are to receive overnight delivery of first-class mail originating within the Crowell area.

These areas, Postmaster Reeder said, include the following: SCF Amarillo 790, 791; SCF Abilene 795, 796; SCF Wichita Falls 763; SCF Lubbock 793, 794.

Postmaster general Blount on August 26 unveiled the postal service's new goal of overnight delivery of local area first-class mail deposited by 5 p. m.

"The postmaster general has pointed out that this program will affect more than half of all first-class letter mail sent in the United States," Reeder said. "So customers of every post office in the country will be benefiting from the new service goal."

Substantially more than half of the 52 billion pieces of first-class mail handled annually are for delivery in the city where deposited or in nearby communities.

The postal service set Oct. 31 as the deadline for achieving the 95 per cent goal.

Low Mailing Charge Asked for Political Publications

"The U. S. Postal Rate Commission is being asked to establish a special low mailing charge for political publications, ostensibly to provide a greater equity in the elective process. At best, this is a backdoor approach to the U. S. Treasury, an effort to circumvent direct subsidies. At the least, it is asking the victim of unwanted political mail to subsidize his own unwanted political mail." — Everett, Wash., Herald.

J. W. Potts Retires From Extension Service Career

Thirty-eight years of service to Texas agriculture by one of the most successful 4-H members in history came to a close August 31 when J. W. (Jimmy) Potts retired.

Potts has been an assistant editor with the Texas Agricultural Extension Service since 1949; and the author of the state-wide crop and weather reports for news wire services for more than 15 years.

His weekly column has made him a recognized authority on agricultural weather conditions in the state, according to Dr. John E. Hutchison, director of the extension service.

Potts, 60, holds a B. S. degree from Texas Tech University and a M. S. degree from Texas A&M University.

He is a native of Lubbock County. During his youth, he was an outstanding 4-H member and the only person ever to serve three times as president of the state 4-H organization.

He began his career as an assistant county agricultural agent in Harris County in 1933, and soon moved to the county agricultural agent position in Garza County.

In 1935, Potts received the Payne Fellowship as "America's Most Outstanding Former 4-H Member;" and a year of study at the Graduate School of the U. S. Department of Agriculture in Washington, D. C. He is the only Texan to ever receive the honor.

From 1938-49, he worked in the state 4-H office, except for the war years, when he was directly in charge of the program involving war prisoners used as agricultural workers in Texas. In addition, he organized the Victory Farm Volunteers and the Women's Land Army.

During his tenure in the 4-H office, the number of 4-H boys in Texas more than doubled.

Since 1949, Potts has been with the A&M Agricultural Information Department as the news coordinator. Agricultural news prepared under his direction has received many awards on the state and national levels, according to Hutchison. In the process, Potts has written literally thousands of news stories.

In 1970, he received a recognition award from the Texas County Agricultural Agents Association. In addition, he has been honored three times by the Texas Farm and Ranch Safety Council.

Potts is most proud of his work with budding agricultural journalists, who learned under him as student writers over the years. These former student assistants hold some of the highest editorial positions on agricultural publications in the nation.

He and his wife, Lillian, have a son and a daughter. They plan to retire on a ranch south of Lubbock.

Nice Guys Don't Always Finish Last

Nice guys don't always finish last. The Portland, Oregon, Traffic Safety Commission says if you're talking about auto crashes, the grabby, hard-nosed driver is the one who gets involved most often. Bad traffic manners do cause crashes.

First West Point Grad To Claim to Be Conscientious Objector

"A California West Point graduate has become the first graduate of the Academy to receive an honorable discharge from the Army on the ground of conscientious objection. He was a first lieutenant and had undergone Ranger and paratroop training but had never been in combat. This seems a rather dubious distinction, not because he is an objector to military duty on conscientious grounds, but because he went to a military academy for four years and accepted a college education at taxpayers' expense." — Paris, Tenn., Post-Intelligencer.

quate supply is defined specifically in the law as "not less than 50 percent of the average offtake for the three preceding marketing years." That figure is 5.5 million bales, not including extra long staple. An increase in the paying allotment to induce a crop that will build the carryover to that level would be one incentive in 1972, Wellford said.

A second alternative would be to eliminate the requirement for cotton set-aside acreage, thus freeing land normally held out of use in order to keep agricultural production in balance with demand. Thus farmers could grow what ever crops they wanted, including cotton, on this land. Mr. Wellford pointed out, however, that feed grains or soybeans might go on some of this acreage, thus depressing prices for these crops. Another alternative would be to retain the set-aside and allow only cotton to be grown on it. Mr. Wellford added that if the 1972 program offers no reassurances about next season's supply, it is likely that the supply problem would be resolved anyway—through loss of both foreign and domestic markets. "The specter of drastic losses such as those which resulted from the 1967-68 price run-up will continue to hang over us until it is laid to rest by prospects of a larger 1972 crop," the economist said.

Two Minutes With the Bible

"Our Great Commission"

Much is said of the "great commission" which our Lord gave to His apostles just before His ascension. We wonder whether our listeners have ever examined the various records of this commission carefully.

This "great commission" does not say one word about "the preaching of the cross" or "the gospel of the grace of God." The "gospel" which they were sent to preach was very evidently the same "gospel" they had been preaching—the Gospel of the Kingdom—only they could now declare, as Peter did at Pentecost, that the King had risen from the dead and would still some day occupy the throne of David.

The "great commission" demanded faith and baptism for the remission of sins (Mark 16:15,16); it included the power to heal the sick and work miracles (Mark 16:17,18), but it did not include the glad message that "Christ died for our sins" (I Cor. 15:1-3). At Pentecost, when Peter began to carry out this commission, he rather blamed his hearers for the death of Christ and when, convicted of their sins, they asked: "What shall we do?" he did not say: "Believe on Christ who died for your sins." He rather commanded them to "repent and be baptized every one . . . for the remission of sins" (Acts 2:38).

But after Christ and His kingdom were again rejected, God interrupted the prophetic program and sent Paul forth to proclaim "the preaching of the cross" and "the gospel of the grace of God." In II Cor. 5:14-21 this apostle proclaims "the love of Christ" who "died for all" and instructs us as to our "great commission." "And all things are of (provided by) God, who hath reconciled us to Himself by Jesus Christ, and hath given to us the ministry of reconciliation; To wit, that God was in Christ, reconciling the world unto Himself . . . and hath committed unto us the word of reconciliation" (II Cor. 5:18,19).

The Old Man Taught His Sons to Work

"Over a cup of coffee we made conversation with a man who spent 20 years of his life in Rochester. We asked him what influence the old Dr. Mayo had on the lives of his two famous surgeon sons, Drs. William and Charles Mayo. Without hesitation he said: "The old man taught his sons to work." That tells the story in a few words. It's still good advice to any family. So, while they're erecting memorials for the famous Mayo brothers, let's put in a few plugs for the old-fashioned gentlemen, who taught their sons to work." — Harmony, Minn., News.

Pep Rally Precedes Quanah Ball Game

An enthusiastic pep rally held in the CHS gym at 2:15 last Friday afternoon gave the Wildcat football team a send-off before its Friday night encounter with the Quanah Indians.

Nancy Looney, head cheerleader, introduced the three coaches, Scott Boyd, Bob Cook and Prentiss Gidney and Coach Boyd then introduced the Wildcat players and managers.

Other cheerleaders are Rhonda Vecera, Bette Barry, Babs Streit, Sandra Whitfield and Karen Statler. Majorettes performing were Cheryl Garrett, Karen Gray, Susan Autry and Debbie Johnson.

Beth Welch is serving as the "Wildcat" this year.

In addition to several yells led by the cheerleaders, the Wildcat band, directed by James Streit, played several numbers and accompanied the twirlers in a routine.

Too Many Hunters May Stay at Home

This year, as usual, too many hunters may stay at home, Texas Parks and Wildlife Department officials say.

Many landowners have good hunting on their farms or ranches but don't make the right efforts to attract hunters.

Hunters should contact chambers of commerce in areas where they would like to hunt, as most such groups keep a file of leases or available day hunting.

Landowners can use their local weekly or daily newspaper to advertise, including game available, size of hunting area and the price. Usually a telephone number is better than a mailing address.

Hunters should keep an eye on the classified columns of newspapers and an ear attuned to radio and television spots.

Game that needs harvesting is wasted if not used, the hunter loses recreation time, and the rancher loses dollars if all factions are not brought together.
