Crowell Wildcats Drop Non-District Game to Electra Tigers 26-6

The Crowell Wildcat football team dropped another non-district game last Friday night when they traveled to Electra. The Tigers won 26 to 6.

The Wildcats turned the ball over to the Tigers nine times during the game . . . four fumbles and five interceptions.

The Wildcats moved the ball well most of the night, amassing over 200 yards, but a wild first quarter saw Electra put some 20 points on the score board.

All night long, Electra refused to kick off to the Cats, instead used a short across-the-field kick that gave the Wildcats excellent field position. Following the initial kickoff, Crowell quarterback and punter Rex Driver put the Tigers in terrible field position by punting to their 7-yard

line. But the Tigers moved right upfield with scabbard Lynn Lott scoring the first Tiger TD on a 32-yard run. A few minutes later Lott again found running room and carried to the Wildcat 20.

Quarterback Scott Isbell then carried over from the 9. Lott also set up Electra's third touchdown when he carried 32 yards to the Wildcat 1-foot line. Isbell carried the ball in and then scored two extra points.

Then, still in the first period, Wildcat back Emmitt Newman broke through the center of the Tiger line and sprinted 37 yards for the Wildcat score. PAT attempt failed.

The final Electra TD came on an 18-yard pass from Isbell to end Jerry Durbin.

Senior Scene

If you were wondering why girls in curlers furtively made their way to the home ec cottage last Thursday morning, hoping that no one would see them as they came to school, it was be-

cause of senior pictures. Seniors thronged around the home ec cottage all day getting their pictures taken. Girls had the biggest problems, though. "What color of feathers should I use?" "Man, I didn't even know there were this many colors!" "Oh, my hair! I knew it would fall!" "Why won't that curl stay in place?" "Do I look better like this or with my head turned?"

Early that morning, one senior girl in curlers reported seeing one boy in the history room window looking out, as she was going back to the car to get something. When she came back, there were about twenty!! Talk about embarrassing!!

Getting pictures had its moments of fun—especially while you were waiting for your turn. A group of senior guys decided that a little red VW in the parking lot needed to be moved—so they picked it up and wedged it between 2 cars! All in all, seniors really did enjoy getting their pictures taken and when they get them in, they really will have some really neat things to remember about that day.

Seniors want to remind everyone that jackrabbit season opens this Friday at 8 o'clock. So, be sure to come to the football field and catch a hare or two!

Freshmen that are urging the Wildcats on to victory by participating in band are Stacy Garrett, Vickie Pharis, Connie Werley, Sulema Santos, Sylvia Quintero, Duane Daniel, Steve Stapp, and Stan Gentry. Freshmen in pep squad are Betty Collins, Pam Whately, Vickie Tole and Kim Norman.

This week the freshmen have had a test almost every day! Of course, this was expected by everyone.

Jack Whitley, a freshman, had knee surgery in Wichita Falls, Sept. 26. We want to wish him a very speedy recovery, and we hope he is back at CHS soon!

We would like to wish the best of luck to our boys in the game against Bowie, and we know there will be a lot of spirit. GOOD LUCK!!

The 1972-73 chorus elected officers Thursday, Sept. 28. The officers are Debbie Harris, president; Christine Walker, vice president; Nora Durham, secretary; Ruth Brown, treasurer; Cheryl Garrett, reporter; Ruth Stone, pianist; and Kathy Shirley, librarian. The director is James Streit.

This year there are seven members. They are Cheryl Garrett, Ruth Stone, Debbie Harris, Nora Durham, Christine Walker, Ruth

The department's water safety education section studied the water-oriented deaths between Sept. 1, 1970, and Aug. 31, 1971, and determined that the 16-20 years-of-age category was the most dangerous.

The next-most-dangerous age group was 0-5 years of age.

Generally, the older a person gets, the less prone he is, either from experience or susceptibility, to drowning.

Not surprisingly, the spring and summer months produced the most drownings. However, more persons drowned in September than in August.

The water safety education section reported 350 drownings during the first six months of 1972.

Burglary offenses in the U. S. totaled 2,368,400 during 1971, with an average loss of \$312 for each burglary. The total dollar loss was \$739 million.

Texas Prison Rodeo Coming Up on Sundays in October

Exciting unusual events will highlight the 1972 edition of the annual Texas Prison Rodeo which this year will for the first time feature events for convict women. It was announced by Jim Batten, rodeo supervisor for the Texas Department of Corrections.

Held in the prison stadium in Huntsville each Sunday in October, this year's event will be an all-convict show, without the usual free world country and western stars as special guests.

Instead, Batten said, the Prison Rodeo will highlight convict bands and convict singers, who, Batten said, "are better than most guest stars who have appeared in previous rodeos. In a nut shell, the 1972 Texas Prison Rodeo will be a return to the original concept of a prison rodeo—with all convict performers."

Rough and tough convict cowboys will be joined by convict cowgirls, band and singers for a full-scale fast-moving two-hour show that promises to be the "biggest, fastest and most exciting entertainment spectacle ever presented in the long history of these annual events," Batten said.

Reserved seat tickets, at \$3, \$4, \$5 and \$5.50 for box seats (including children) may be obtained by writing Texas Prison Rodeo, Box 99, Huntsville, Texas 77340.

Net proceeds from ticket sales are earmarked for rehabilitation services for more than 16,000 inmates of the state's sprawling prison system.

Two Minutes with the Bible

The Significance of the Resurrection

In his great Epistle to the Romans, St. Paul introduces himself immediately as "a bondservant of Jesus Christ, called to be an apostle," to proclaim God's good news about Christ.

Paul's "gospel of the grace of God" was essentially about Christ. He was always talking about Christ. His epistles are filled with Christ. Christ, in his message, was everything. This is in striking contrast to much of our modern preaching and evangelism, which is not Christ-centered, but man-centered.

The gospel Paul proclaimed was God's good news about Christ and His power and glory in defeating Satan, overcoming death, paying for sin and nailing the law to His cross.

This is why the apostle calls his message "the good news of the glory of Christ" (II Cor. 4:4) and "the good news of the glory of the blessed God" (I Tim. 1:11). To enter experientially into the truth of this good news is the greatest blessing one can possibly enjoy.

In verse 4 of his introduction to the Roman Epistle, the apostle declares that Christ was powerfully declared to be the Son of God "by the resurrection from the dead."

Now the resurrection of Christ had been both prophesied and proclaimed as an historical fact before Paul, but to Paul was committed a special message of good news in connection with the resurrection. In his God-given message, Christ was raised from the dead to demonstrate that as God the Son He had paid the full penalty for sins that would have sunk a world to hell. Thus the apostle writes to Timothy, his son in the faith:

"Consider what I say, and the Lord give thee understanding in all things.

"Remember that Jesus Christ, of the seed of David (this is how Christ had formerly been known) was raised from the dead accord-

Junior Varsity Wins 16-6 over Quanah Freshmen

The Crowell junior varsity football team chalked up a notch in their "win" column at Dick Todd field last Thursday night as they defeated the Quanah freshmen 16 to 6.

Crowell's first scoring came on a safety with the Wildcats getting two points. The JV's first touchdown was the result of a 55-yard pass and run play with quarterback Dee Finley connecting with Melvin Westover. Keith McDaniel plunged over for the two extra points.

The second Wildcat score came on a 2-yard run by Don Sparkman with the try for extra points failing.

Randy Prince intercepted a Quanah pass and ran some 84 yards and McDaniel also intercepted an Indian pass and returned it 35 yards. Neither of these runs resulted in touchdowns, however.

ing to my Gospel, wherein I suffer trouble as an evildoer, even unto bonds" (II Tim. 2:7,8).

GMO's Arrest 115 During Whitewing Hunt in Valley

Some of those 10,000 hunters who flocked to the Rio Grande Valley for the white-winged dove season weren't too well behaved.

Texas Parks and Wildlife Department game management officers made 115 arrests, an increase of about 20 per cent over last year's hunt.

The department moved in extra men from other counties to handle the influx of hunters, swelling the

law enforcement force to 30 for the three-day hunt over the Labor Day week end.

Department officials say the most frequently violated laws were exceeding the bag limits, hunting without a license and using unplugged shotguns. Fines ranged from \$25 to \$100, and 80 per cent of the cases have already been settled.

Tall Weeds Hazard at Intersections

Hay fever sufferers and those with allergies are really "itching" now as the recent rains have caused an unusually early crop of careless weeds and grasses.

Mrs. Jimmy Henry has the news to mention how uncut weeds affect allergies also how dangerous some intersections in the town become with the high weeds growing down on visibility on corners.

Miss Babs Streit Receives Letter of Commendation

A letter of commendation honoring her for her high performance on the 1971 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) has been awarded to Miss Babs Streit, senior in Crowell High School and daughter of Mr. and Mrs. James Streit, CHS Principal L. H. Wall Jr. announced the award last week.

Miss Streit is the first CHS student ever to receive one of these Letters of Commendation, Mr. Wall added.

The National Merit Scholarship Corporation has named 37,000 Commended Students in the United States. These students are among the upper 2 per cent of those who are expected to graduate from high school in 1973.

Edward C. Smith, president of NMSC, said: "Although commended students advance no further in the merit scholarship competition, their standing in this nationwide program deserves public recognition. The commended students should be encouraged to pursue their education since their intellectual talent represents an important and much needed natural resource. Both these students and our nation will benefit from their continuing educational development."

The commended students' names are reported to the colleges they named as their first and second choices when they took the PSAT/NMSQT in October 1971. The reports include home addresses, test scores, and anticipated college major and career intentions of the commended students.

TEXAS PRESS ASSOCIATION

Austin, Tex.—Senate rejection of Secretary of State Bob Bullock to the State Insurance Board amid the special session's bitterest infighting opened new speculation as to who may get the job.

Sources close to Gov. Preston Smith appeared to be deliberately encouraging rumors that former U. S. Sen. Ralph W. Yarborough would be the Governor's next choice for the Insurance Board.

Yarborough himself said he had never been offered the post by the Governor or even felt out on his availability by intermediaries. AFL-CIO President Roy Evans and State Sen. Oscar Mauzy formally urged Smith to designate Yarborough, and Mauzy predicted the former senator could get state senate confirmation where Bullock and Larry Teaver failed.

Would he take the job if offered? Said Yarborough: "That's entirely too 'iffy' a question."

Senators voted 19-11 (with one abstaining) for the Bullock confirmation. Eleven opposition votes can block any appointment.

Bullock promptly blamed Lt. Gov. Ben Barnes and the insurance industry lobby for his defeat.

Have Eyes Examined Before Age 6

Amblyopia, or "lazy eye," is among common children's vision problems which to be most successfully treated should be detected before age six. The Texas Society for the Prevention of Blindness urges parents to have their children's eyes professionally examined early in the pre-school years, preferably by age four, to catch possible vision defects before they become serious.

Engagement of Miss Owens and Larry Hughston Announced

Mr. and Mrs. R. J. Owens of Crowell have announced the engagement and approaching marriage of their daughter, Mieke Vee to Larry Thomas Hughston, son of Mr. and Mrs. J. T. Hughston, all of Crowell.

The bride-elect is a merchandising major at Texas Tech in Lubbock where she is a member of Chi Omega sorority and the Home Economics Association.

The prospective bridegroom attended West Texas State University in Canyon and is now employed by Hooper-Holmes Bureau in Amarillo.

A January 6, 1973, wedding is planned at the First Baptist Church in Crowell.

Kristi McLain Invited to Join Angel Flight

Miss Kristi McLain of Crowell is among 19 women at Texas Christian University in Fort Worth invited to pledge Angel Flight, auxiliary unit to Arnold Air Society, which is sponsored by Air Force Reserve Officers Training Corps.

Designed as an honorary service unit, the organization's members serve as the official escorts for campus guests. Its members annually participate in Campus Chest, a fund-raising event, and in seasonal parties for children's groups in the city as well as a variety of service-oriented projects. They also are organized to promote an interest in the Air Force and to aid the progress of Arnold Air Society. A coed must be in good scholastic standing and must demonstrate an interest in service to the campus and to the community.

The daughter of Mr. and Mrs. Clinton McLain, Kristi is a graduate of Crowell High School and is a sophomore at TCU.

Extension Agent and Daughter are Rotary Club Speakers

Mrs. Peggy Meads, Foard County extension agent and her daughter, Lynn, presented a program on 4-H Club work at the Wednesday, September 27, meeting of the Rotary Club of Crowell.

Mrs. Meads said there are over 200 youths in Foard County enrolled in the 4-H program, and she told how much adult leaders are needed to help the two extension agents.

Lynn, who is interested in public speaking, gave an address she has prepared for 4-H competition and is a resume of the past 100 years in America.

Rotarian Irving Fisch introduced the program.

Visitors were student guests Rex Driver, Rocky Bachman and Johnny Urquiza, tri-captains of the CHS football team, and Rotarians Van Sparkman and Don Bethel of Quanah and Norman Brints of Vernon.

Card of Thanks

It is with humility and grateful hearts we have for all you wonderful ones who helped so much in so many ways during the time our mother was in the Foard County Hospital. We especially thank all the ladies who gave so unselfishly of their time sitting at different times. Also to Dr. Stapp and the entire hospital staff for being so good in your care of her. Your prayers, visits and every act of kindness will never be forgotten. God bless you all.

County Federation Hears Book Review at Silver Tea

The Foard County Federation of Women's Clubs held a silver tea for the Foard County Library last Monday in the home of its president, Mrs. Ray Shirley. The sum of \$22 was contributed which will go toward buying books for the library.

Mrs. Hubert Brown reviewed the book, "Trail Driving Days" by Dee Brown, which is the story of the early cattle drives from Texas to all parts of the United States. Anecdotes, and the trials and tribulations the cattlemen and the trailmen encountered from hostile Indians and unpredictable weather along the way were highlighted. Acquisition of land for the big ranches like the XIT, Matador and King was brought out, and how these ranches put Texas on the map with their cattle industry and their long trail drives. Interesting points on the cattle industry's economic advancement from packing houses and other experiments of beef by-products by Swift, Armour and Borden were noted. In her concluding remarks, Mrs. Brown told about the latest beef industry growth in exporting frozen beef in huge refrigerated planes from Texas to all parts of the world. She noted particularly what Trans-World Airways are doing.

A display of county history books and other books, magazines and publications portraying and preserving Texas history was presented by Mrs. Virgil Johnson from her private collection. Writers and members of the historical associations throughout the state are seeing that their county's heritage is being recorded and preserved.

Members of the Columbian Club served as hostesses. The tea table was laid with an imported ecru lace cloth and was centered by an arrangement of fall flowers and greenery in a crystal bowl. Punch, dainty cookies, candy and nuts were served from appointments of crystal and silver to the twenty-seven members present.

Riverside H. D. Club

The Riverside Home Demonstration Club met in the home of Mrs. H. W. Gray Tuesday, Sept. 19, with Mrs. John S. Ray as presiding officer.

Mrs. Ed Huskey read for opening exercise "Crowds," Mrs. Ray and Mrs. W. E. Schoolcraft gave council report.

Four-H girls gave a program on first aid supplies every family needs. Girls on the program were Jacquelyn and Ruth Brown, Remelle Marlow and Lynn and Lee Meads. They gave a very informative skit about mixing cleaning agents. They passed out a list of supplies needed in the medicine cabinet and told why they were needed.

Guests present were the five 4-Hers and Mrs. Meads. Nine members answered roll call with "first aid for minor burns."

The club also met October 3 with Mrs. Ira Tole and made plans for rally day. Mrs. Schoolcraft gave a report of her trip to the state meeting.

Card of Thanks

I would like to say thanks so much to all the nurses and Dr. Stapp for the wonderful care they gave me while I was in the hospital and for the flowers and gifts and visits. May God richly bless every one is my prayer.

Drive for Home Demonstration Club Members to Be Made During October

Interested in learning more about homemaking? Then try joining a home demonstration club.

"During the month of October, we'll be contacting Foard County homemakers to see if they'd like to become a member of a home

demonstration club," Mrs. Peggy Meads, County Extension Agent, said Monday.

"Membership is open to anyone interested in learning more about homemaking or improving home life," she said.

"In a home demonstration club, everyone has a chance to get involved. Members learn how to do things they want or need to know. They meet with other homemakers for facts, fellowship and fun. They get the latest information about how to take care of their families and homes. Clubs meet wherever it's convenient," Mrs. Meads said. "The time of meeting depends on members' preferences."

"If you'd like to get the latest information about homemaking, join a home demonstration club," Mrs. Meads added. She invites anyone who is interested to call her at 684-4901.
