NEW PAINTINGS AT CHS GYM—Pictured above are two new paintings recently completed by Mrs. Otis Gafford and located on the east wall of the CHS Wildcat gym.

Completed by Mrs. Otis Gafford and located on the east wall of the CHS Wildcat gym.

LITTLE DRIBBLERS START PLAY MONDAY

Little Dribbler Basketball in Foard County will begin its third year here next Monday night, February 26, with three games scheduled; one at 6, the second at 7 and the last at 8. Sponsored by the Rotary Club of Crowell with Roy Whitley as general chairman, the LD program here has proven popular with both the players and fans. In the 6 o'clock season opener, it will be the Ponies, coached by Bud McLain and Marion Crowell, going against the Hawks, coached by Ike Everson and Tommy Carpenter. The Ponies won second in the league last season and veterans back are Marshall Reed, John Thomas and Don Martin. Completing the squad are Stephen Rodgers, James Martin, Gregory Burkett and Loyd Ray Daniel.

Roof Supports Going Up on New Building

Laying of Concrete Block Walls Nears Completion

Construction work on the new building for John T. Athletic, Inc. has made some progress within the past few days. Most of the concrete blocks had been laid this week, and Setliff Machine Shop, contractor for the building, was busy Monday and Tuesday, placing roof supports and beams for the roof. Work on the building has been delayed because of bad weather.

More Screwworms Reported in South Texas Feb. 12th

Two screwworm cases were confirmed in Hidalgo and Willacy counties on Feb. 12 after an 18-day lull. According to officials of the Southwest Screwworm Eradication Project, the case points up the fact that there are still screwworms in South Texas despite recent weather unfavorable to the flesh-eating pest. However, officials remain hopeful for a light screwworm year due to low infestations presently in the northern Mexico overwintering areas. Texas now has recorded 48 cases in 1973.

One-Car Accident at Thalia Saturday Damages Automobile

William G. Hollenbaugh of Crowell escaped injury Saturday afternoon when the 1972 Chevrolet he was driving struck a power line pole in Thalia. Heavy damage was reported to the vehicle. Hazardous driving conditions with snow and slush on the highway were given by the local sheriff's department as the probable cause of the accident. Hollenbaugh was alone at the time of the accident.

Brother of Foard County Men Died at McCamey

Funeral services were held Monday, February 5, in McCamey for Ivan Ketchersid, brother of Homer Ketchersid and Owen Ketchersid of Foard County. Services were held in the McCamey Church of Christ with burial in the McCamey Cemetery.

Mr. Ketchersid had lived in the Medicine Mounds community for many years before moving to McCamey. He was married to the former Floy Vantine, daughter of Mr. and Mrs. Bill Vantine of Quanah. Survivors include his wife; two daughters, Mrs. Glenn Matthews of McCamey and Mrs. Melvin Kathy of Seminole; also five grandchildren, two sisters and four brothers.

Attending the funeral from this area were Mr. and Mrs. Homer Ketchersid and Owen Ketchersid of Crowell; and Mr. and Mrs. Welcome Rogers and Mr. and Mrs. Gladstone McClellan of Quanah. Mrs. Rogers is a sister of Mr. Ketchersid.

Noon Prayer Time to Continue Through February

The Key '73 program of noon prayer when the chimes are sounded each day is meeting with growing success, Rev. W. O. Rucker, Jr., pastor of the local Methodist Church, said Sunday.

The noon prayer will be continued through the remainder of the month of February, and everyone is invited and urged to stop for a moment wherever they may be when they hear the chimes at noon each day and offer a prayer.

According to Bro. Rucker, the goal of Key '73 is to put the Gospel in every home throughout the North American Continent. Along this line, a small book containing the Bible books of Luke and Acts is being distributed and Rucker said over 1,800 had been given away in Quanah, and as many as a million have been distributed in Houston.

Greenbug Count in Foard Fields Continues "Light"

The greenbug situation in the wheat fields in Foard County continues to remain about the same (low), county agent Joe Burkett said Monday following inspections of selected fields. He said that there were from 0-15 greenbugs per foot of row. Light to moderate greenbug infestations were reported in some fields in Knox and Motley Counties.

Winter grain mites activity continued light in Foard County. Increasing mite activity was reported from some fields in Knox County.

Beneficial insect populations continue to be active, but populations remain light.

News About Our SERVICE MEN IN

Panama City, Fla.—U. S. Air Force Technical Sergeant Kenneth Ross Adams, son of Mrs. Dave Adams of Crowell, has arrived for duty at Tyndall AFB, Fla. Sergeant Adams, an aircraft systems repair technician, is assigned to a unit of the Aerospace Defense Command which protects the U. S. against hostile aircraft and missiles. He previously served at Korat Royal Thai AFB, Thailand. The sergeant attended Crowell High School prior to entering the Air Force in 1954.

Captain Kenney W. Ownbey arrived in Wichita Falls Thursday, February 15, from Vietnam where he had been stationed since November. Capt. Ownbey will be visiting with Foard and Wilbarger County relatives and friends while awaiting orders.

Former Crowell Pastor Visits Here Last Friday

Rev. E. L. Yeats of Roby, who served as pastor of the Crowell Methodist Church from 1936 until 1939, was in Crowell Friday, Feb. 16, visiting friends and collecting mementoes of his work in the local church.

During his years in Crowell, he built a platform and pulpit of stones in the back yard of the church to be used for outside church services. A few years ago, these had to be moved away for church repairs and Bro. Yeats wanted to take the pulpit which was still intact, to his home in Roby where he has a rock garden.

Rev. Yeats has been retired from the ministry twenty years, but is still a vigorous, happy, busy man; gardening, developing his hobbies, and preaching occasionally.

He has written a book, "Lights and Shadows in the Itinerant Ministry," an autobiography, and he left several copies to be sold here. Anyone interested in buying one of Bro. Yeats' books may call Rev. W. O. Rucker at the Methodist Church, or Mrs. Moody Bursley.

Lots of Foard County Histories Now Available

The News now has a plentiful supply of the history of Foard County, "They Loved the Land," as well as the new 112-page supplement in both cloth and paper back editions.

Prices of the books are listed in an ad on page 3.

Women's Service League to Sponsor Magician's Program

Dr. Kit, an international magician and hypnotist, will be presented in a two-hour program, Saturday, March 3, in the high school auditorium at 8 p. m. under auspices of the Women's Service League.

The master showman has had 16 years experience on the road. On his tour throughout Europe, Hawaii, Alaska, Canada and the U. S. A. he has hypnotized over 60,000 persons.

During the show, the black-bearded Dr. Kit will demonstrate the phenomenon of mass hypnosis and actually hypnotizes 20 to 25 local volunteers from the audience at one time. The entertainment is a clean wholesome show designed for the entire family.

The WSL will retain a greater percentage of the advance ticket sale which is one dollar per person. Tickets at the door will be \$1.50 for adults and \$1.00 for students and children. Proceeds will be used for community projects. All WSL members have tickets for sale.

Bids Opened in Quanah on Thirsty Water System

Bids for phases 3 and 4 of the Thirsty Water System extension were opened in Quanah last week, paving the way for some 76 new subscribers in Foard County to get water from the Red River Water Authority of Texas via the water line.

One of the parts of the contract included 76 meters in Foard County, south and west of Crowell, for a bid price of \$194,342.30.

Low bidder for the whole project was Carmon Rhodes of the Rhodes Pipe Company of Silverton with a bid of \$552,898.10. This is for the installation of pump stations, pipe lines, etc., in Childress, Hardeman and Foard counties.

It is estimated that it will be 60 to 75 days before construction will be started on the project and it will take somewhere around 7 to 8 months to install, according to information furnished Henry Black of Crowell by Fred Parkey, general manager of the Red River Authority of Texas.

Rebekah Lodge Sells 8½ Tons of Old Newspapers

The Rebekah Lodge of Crowell delivered 8½ tons of old newspapers to the Georgia-Pacific plant west of Quanah last week and collected \$20.00 per ton which will be used to help redecorate the Rebekah lodge hall.

Several members of the Odd Fellows Lodge loaded the papers on a truck furnished by Morris Diggs, and took them to the plant. Georgia-Pacific buys old newspapers in ton quantities from non-profit organizations.

Methodist Women's Smorgasbord Will Be Held Friday

The women of the Methodist Church of Crowell are sponsoring their annual smorgasbord in the basement of the church from 11 a. m. until 1 p. m. Friday, Feb. 23.

This is an annual money-making project for the women, and they invite everyone to attend.

Hinkle Fish Farm Gets New Shipment of Channel Catfish

Lawrence Hinkle, owner of the Hinkle Fish Farm of Crowell, went to Kamay last week where he purchased 1,275 pounds of catfish from the Wichita Fisheries.

Mr. Hinkle brought the fish to his ponds in Crowell where he sells them, either live fish or dressed, to area residents.

Allen Elkins on Roadrunner Squad

Roy Whitley, general chairman of the Little Dribblers Basketball program here, said last week that in compiling the lists of players on the six teams in the league, the name of Allen Elkins was accidentally left off the Roadrunner roster.

Elkins is a returning veteran of the Roadrunners and he is expected to be a big asset in the Roadrunners' efforts to win the league title this year.

Family Reunion

On Thursday night, Mr. and Mrs. Melvin Dishman had a turkey supper for all her brothers and sisters. All the family was there except their mother, Mrs. Earl Stermer, who was in the local hospital with the flu.

Those present were Mr. and Mrs. James Doyal and James of El Paso, Earl Stermer, Mr. and Mrs. Dale Doyal and Jason and Jymie of Crowell and Mr. and Mrs. Stanley Butts and Rebecca of Coventry, R. I.

One New Vehicle

One new vehicle was registered here last week: Feb. 14, Jeff N. Bell, 1973 Ford pickup.

MID-FEBRUARY STORM BRINGS SNOW TO AREA

Wet winter weather for Foard County continued last week end after a relatively dry period of about ten days.

With the temperature hovering about the freezing mark, snow be-

gan falling here before daylight Saturday and continued most of the day. With the ground warm, the snow melted some along, but before it stopped had accumulated on grassy areas to a depth of about three inches. It was an extremely wet snow, sticking to everything it touched. Late Tuesday, the official measurement of moisture from the snow had not been announced.

This latest snow fell on February 17 and it was on February 7, that the county's last snow had fallen.

It was cloudy here Thursday and Friday of last week with the mercury dipping to the low 20's each of those mornings.

As wet winter weather continues, Foard County residents will long remember the winter of 1972-73 as one of the coldest and wettest Foard County has had in many, many years.

Band Boosters' Plans Complete for Pancake Supper

Annual Fund-Raising Event Scheduled for Friday, March 9

More than twenty members of the Band Boosters met at the band hall Monday night and finalized plans for the pancake supper to be held during Public Schools Week.

The pancake supper will be held on Friday, March 9, from 5:30 until 7:30 p. m. at the school cafeteria. It will be held in conjunction with open house at the local school.

Tickets for the supper will go on sale March 1, and will again be sold by fifth and sixth grade band members. Mrs. Joe Setliff was named at the booster meeting to put posters around town advertising the supper.

Clois Cobb, president of the organization, presided at the meeting at which it was announced that ticket prices will be \$1.25 for adults and 75c for children.

Rusty Russell is in charge of securing the non-meat groceries needed for the pancake supper, and George Scott is in charge of securing a hog and making sausage for the supper. As late as Monday night, it was announced that the group had not yet secured a hog for butchering.

Baxter Gentry is in charge of securing workers for the supper. This is the band boosters' major fund-raising project of the year, and they are hoping for a large turn-out of customers that night.

CHS Band Director James Streit told the group that the CHS band has been notified that it won third place in the parade at Enid, Okla., last year. He also told the group about the May 11 contest the band will enter at Six Flags. The band will be performing in the contest at 8 a. m., so it will be necessary for the group to leave Crowell about 2 a. m. that day in order to arrive on time. The band will travel in school buses. Admission fee to Six Flags and the contest is \$6.00 per student, Mr. Streit added.

This contest is composed of bands which won sweepstakes awards last year.

Mr. Streit also told about the UIL concert and sight reading contests to be held April 10 in Vernon.

Many Activities Set for Week End of March 9-11

The week end of March 9, 10 and 11 will be a busy one in Foard County.

Events scheduled thus far and known to be coming up are:

The Crowell Fire Department's annual Rattlesnake Hunt.

Pancake supper and visitation at the local schools Friday, March 9, as the concluding event in the annual observance of Public Schools Week in Texas.

The band members will be going to solo and ensemble contests in Vernon Saturday, March 10.

The annual 4-H and FFA Project Show will be held at the local school Friday and Saturday, March 9 and 10.

Little Dribbler basketball games Friday night, March 9.

H. D. Council to Meet Thursday

The Foard County Home Demonstration Council will meet at 2:30 p. m., February 22, in the county agent's office. Miss Thelma Wirges, district agent, will be present. All club members are invited to attend.

Voter Sign-Up Guidelines Are Explained

Voter registration deadline for the April 7 city and school elections is March 7, it was announced this week. However, because of the new registration law, persons who registered to vote from October 1, 1971, to January 31, 1973, will not have to re-register until 1975 unless the voter moves out of the county, is convicted of a felony or declared mentally incompetent.

The new registration system allows for voters to be registered for three years at a time with the only deadline being that he must be registered at least 30 days prior to an election to vote in that election. Registrations are still valid, even if the voter failed to vote in either the primary or the general elections in 1972.

March of Dimes Receives Nearly \$400 in Campaign

Mrs. Baxter Gentry, chairman of the 1973 March of Dimes fund drive in Foard County this year, said Monday that thus far some \$378.00 has been donated and she anticipates that the total will rise to over \$400 before the campaign ends.

Due to the severe winter weather during January, no door-to-door campaign was made, and the only solicitation was by mailers. Mrs. Gentry is well pleased with the success of the mail campaign.

Concern Expressed About Violations of School Bus Law

Much concern has been expressed by local school officials over reports of local citizens failing to stop when school buses are receiving or discharging students.

"With such tragedies in neighboring Wilbarger county to remind us, surely the slightest possibility should keep us from taking the chance of hitting a child as he or she is getting on or off the school bus," Supt. Larry Jones said Monday. He asked each citizen to know and obey the following law:

Uniform Acts of Regulating Traffic on Highways (Art. 6701d) Section 104:

"Section 104 on overtaking and passing school buses requires that (a) The driver of a vehicle upon a highway inside or outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such bus when there is in operation on said school bus a visual signal as specified in section 124 of this act, and said driver shall not proceed until such school bus resumes motion or is signaled by the school bus driver to proceed or the visual signals are no longer actuated."

Revised Public School Finance Plan Sent to Texas Legislature by T. E. A.

Austin—A revised public school finance plan combining a state-wide shared Foundation Program with equalization of local enrichment money will be sent to the Texas Legislature by the State

Board of Education. The plan is conditioned upon legislative adoption of a statewide system for determining a fair market value index of taxable property in all Texas school districts.

Substantially an expansion of the Foundation School Program, the plan incorporates proposals previously recommended by the board's committee on public school finance.

At the same time, the board voted to present the previously recommended complete state funding of the Foundation School Program with unlimited local leeway as an alternative.

Funding of "A Comprehensive Public School Finance Program for Texas" is built on four key points:

First, legislative establishment of a market value index. Second, it would equalize enrichment or "above minimum" funds among most Texas school districts.

Third, it would allocate the local share of foundation costs in relation to each district's taxable capacity as determined from the market value index.

Fourth, debt service and capital outlay would remain a local re-

sponsibility.

Under the market value index, the Foundation School Program would be funded from a combination of state and local money. Each district's share would be determined by applying a tax rate equivalent to 25 cents per \$100 of market value of taxable property in the district. The state's share would provide the remainder of Foundation School Program costs and would continue to be guaranteed.

The level of tax enrichment funds available to school districts would be expanded to a maximum of \$300 per student, except in school districts already adding more than this amount to the state support under the Foundation School Program.

However, the board proposal also builds in a means for generating more local enrichment funds within a school district which may otherwise not be able to raise the money.

For example, a school district may need \$100 per student above the Foundation School Program to start or continue a special program. It could levy the equivalent of a tax rate not to exceed 10 cents per \$100 of the index market value of taxable property in the district. Then, guaranteed state aid would be provided if this rate did not raise the required money.

At the present time, the average for these enrichment or local leeway expenditures is \$180 per student. An estimated 130 school districts with at least 35,000 students now spend more than \$300 per student in local leeway funds. There are 1,149 districts in the state.

The state-local sharing plan would put a ceiling of \$300 on this type of expenditure—at least at the present time. Districts spending above this limit, however, could maintain their present level of support.

Improvements in the Foundation School Program would be phased in over a six-year period beginning in 1973-74.

The total plan—scheduled to become completely operational in 1978-79—would cost an estimated \$2.75 billion. This estimate includes more than \$2 billion in state funds.

The State Board of Education action followed a full year of study. The plan was reviewed in detail by the board's finance committee.

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, February 25, 1943, issue of The Foard County News.

Truman Taylor, a freshman in Texas Tech in Lubbock, has won a \$500 prize in a contest sponsored in Foard County by Barker Implement Company.

Mrs. Cressie L. Farrar is in charge of WAAC recruitment in the Foard City community.

Within the past few weeks, a great deal of work has been done in Crowell in the planting of trees and shrubs, spading up lawns, and putting forth other efforts for the purpose of beautifying yards in the city. Crowell prided itself on its pretty and attractive lawns and gardens before the tornado of last spring, but great damage was done to trees and shrubbery of all kinds at that time. That is being replaced as well as new improvements being made.

Corp. Wm. T. Gafford is now stationed at Camp White, Oregon.

Foard County citizens purchased \$164,018.00 worth of War Savings Bonds in 1942, exceeding the quota assigned to this county by \$10,154.00.

Gilbert Choate is building a one room house on the lots which he purchased from Roy Ayers in Margaret.

Ed Carter has sold his interest in the Magnolia Service Station to Gerald Knox, Magnolia wholesale agent for this county.

This is to notify all persons who have open cisterns on their property to please see that they are properly closed. Old cisterns left open are a constant hazard to children as well as grown people. In case of accident, owner will be held responsible.—City of Crowell.

Mrs. James Sandlin spent from Sunday until Wednesday with her cousin, Mrs. Bud Snow of Wichita Falls.

The Johnson Grocery Store at Thalia closed this week. Mr. Johnson and family will move to their new home near Quanah in the near future.

Harrold Banister of Sheppard Field visited relatives at Thalia Sunday.

Miss Helen Jo Callaway of Crowell spent the week end with Miss Mildred Marlow at Foard City.

The district court room was filled to capacity last Friday night to witness the play, "On Trial for Her Life," presented by pupils of the speech department of Crowell High School, under the direction of Mrs. I. T. Graves, instructor. The play represented a criminal court trial and the acting of each individual was particularly good.

Mrs. Floyd Thomas received a letter Sunday morning from her husband, Pvt. Floyd Thomas, saying that he arrived safely in Africa.

Among the armed forces of this country, milk, meat, potatoes and gravies are on the preferred list. Spinach, liver and puddings are the most unpopular.

Bill Manning received an honorable discharge from the Army last Saturday, February 20, at Robins Field, Ga., and arrived home Monday night.

Cashless, Checkless Society in New York

"Checking account customers of the Hempstead Bank in Syosset, N. Y., are enjoying—if that is the right word—the benefits of a cashless and checkless society. Thirty-five retailers in Syosset are cooperating in a scheme which lets customers use a special plastic card to make purchases. When the card is inserted into a machine the retailer gets an automatic credit to his account at the bank and the buyer's account is given an automatic debit. This is progress, we suppose, even if it makes going broke easier than ever. To many people, the cashless society is the one they're in most of the time."—Bogalusa, La. News.

Fortunes made in no time are like shirts made in no time; it's ten to one if they hang long together.—Douglas Jerrold.

Two Minutes With the Bible

An Old-Fashioned Doctrine

How many there are whose hearts would be thrilled if they understood the old-fashioned Bible doctrine of sanctification!

Sanctification is not a negative matter; don't do this and don't do that. It is rather the positive truth that God wants us for Himself as a sacred possession, much as a bridegroom considers his bride his very own in a special, sacred way.

Bible sanctification is a twofold truth, affecting both our standing before God and our spiritual state. In one sense every true believer in Christ has already been sanctified, or consecrated to God, by the operation of the Holy Spirit. Thus we read: ". . . God hath from the beginning chosen you to salvation, through sanctification of the Spirit . . ." (II Thes. 2:13). "Elect according to the foreknowledge of God the Father, through sanctification of the spirit . . ." (I Pet. 1:2).

This has nothing to do with our conduct. God did it. Sanctification begins with Him. Thus, Paul could write to even the careless Corinthian believers and say: "Ye are sanctified" (I Cor. 6:11; cf. Acts 20:32; 26:18). This phase of sanctification is based on the redemptive work of Christ in our behalf, for Heb. 10:10 says: "We are sanctified through the offering of the body of Jesus Christ once for all."

But now God would have us appreciate this fact and conduct ourselves accordingly, consecrating ourselves ever more completely to Him. This is practical, progressive sanctification. "For this is the will of God, even your sanctification" (I Thes. 4:3). Hence Paul's benediction: "The very God of peace sanctify you wholly" (I Thes. 5:23), and his exhortation to Timothy to be "a vessel unto honor, sanctified, and meet (fit) for the Master's use" (II Tim. 2:21).

How can believers be more wholly sanctified to God in their practical experience? By studying and meditating on His Word. Our Lord prayed: "Sanctify them through Thy truth: Thy Word is truth" (John 17:17) and Paul declares that "Christ loved the Church and gave Himself for it that He might sanctify and cleanse it with the washing of water by the Word" (Eph. 5:25, 26).

Price Says No County ASCS Office to Be Closed Before July 1 in 13th District

Congressman Bob Price said last week that no county ASCS office would be closed in the 13th congressional district prior to July 1, 1973. In a letter to interested county ASCS committeemen, Price said, "I have visited at some length with officials of USDA and ASCS in Washington, D. C. concerning the proposed closing and merging of certain county ASCS offices in the 13th congressional district. I have been assured that no county offices of ASCS will be closed prior to July 1st of this year."

Price's comments came after several area newspapers reported that nearly all the ASCS offices in the district would be merged before the end of 1974. "Articles have been published which are, at this time, misleading, and it would appear that many people are accepting speculation for fact," Price wrote. "Officials of ASCS reported to me this morning (Wednesday, Feb. 14) that

no determination on the part of those offices to be closed has been established, nor has reached a final decision as to which offices will be merged. It was told that after the committee and executive personnel of ASCS will be consulted before a final decision on county offices will be made."

USDA officials indicate most ASCS offices which are closed are in the far west or in the east where most programs are related to R. P. Price also indicated that an office has been closed in the selection of those office employees which were transferred to the combined office. "Officials of ASCS reported to me this morning only two or possibly three in the 13th congressional district will be merged with neighboring offices. 'I will release the names of those counties which were forced to close their ASCS offices as soon as the names are available,'" Price said, "but I expect it will be at least late April before a final decision is reached."

Good Records Key to Keeping \$750 Exemptions

Taxpayers can lose a \$750 dependency exemption if they don't keep good records of their support for dependents not living with them, W. T. Coppinger, district director of Internal Revenue for North Texas, said Monday.

Failure to have good records can cause taxpayers to lose a \$750 dependency exemption to which they'd otherwise be entitled. And other taxpayers may face the chore of assembling the needed records months after the expenses were paid.

Mr. Coppinger said that of the five tests that taxpayers must meet to satisfy the legal requirements for claiming another person as a dependent, the one taxpayers find most difficult is the support test. To satisfy the support test, you must show what it costs to support your dependents for the year, and how much of this you provided. It's naturally more difficult to gather such records for a child who does not live at home, or for a parent or another relative in another city, than it is for dependents living with taxpayers.

Close relatives including children, grandchildren, brothers, sisters, parents, grandparents, aunts and uncles do not have to live with you to qualify as dependents.

Must Cultivate Talent

"A free nation must cultivate the talent of its people and increase the opportunities for free men to develop and learn their great individual potentials, skills and undiscovered talents."—John W. Gardner.

Letter to the Editor

I would like very much to order the new supplement to the Foard County history since my parents and grandparents made a trip to Foard County in a covered wagon in the first year of my parents' marriage. My 3 sisters and one brother were all born in Foard County near Thalia. We moved to Oklahoma when I was about 12 years old, so we had many pleasant memories, good friends and relatives there. My father's name was C. C. Parker.

Mrs. Ira C. Evans, (formerly Opal Parker) Cordell, Okla.

Danger in Railroad Nationalization

"There is today a distinct danger of nationalization of the railroads. If that happened, it would be a turning point in the long history of our country because if we can't solve the railroad problems under free enterprise, the rot will spread to the rest of transportation and from there to the electric utilities, from there to coal and from there to steel and who knows where it will end."—J. V. Springrose, vice president, Car-gill, Inc.

Of The Texas Department of Agriculture
John C. White, Commissioner

A new high . . . Auction receipts decline . . . Sheep and lamb feeding about steady . . . Still only three . . .

For several years, the human population and the cattle and calf population in Texas were at about equal levels. But as of January 1, that has all changed.

The inventory of all cattle and calves in Texas is now 15,350,000 head, while the human population is around 12,000,000.

The 15,350,000 cattle and calves represents a 14 per cent increase over a year ago levels.

And as numbers went up, so did the value. The inventory value of all cattle and calves on Texas farms and ranches is \$3.5 billion; this is 42 per cent higher than a year ago.

Beef cow numbers at 5,320,000 head are up 16 per cent; milk cows at 360,000 are up one per cent; and beef replacement heifers at 1,043,000 are up 21 per cent.

The calf crop in Texas totaled 5,444,000; this is a three per cent increase.

Nationwide, the number of cattle and calves is up four per cent from the previous record. The nation has 121,990,000 cattle and calves. "Texas continues to be the leading state in the nation in totals of cattle and calves," Texas Agriculture Commissioner John C. White said.

AUCTION receipts for cattle, calves, hogs, sheep and goats in Texas are below year-ago levels, the Texas Crop and Livestock Reporting Service notes.

During this past year, 181 livestock auctions inspected by the Texas Animal Health Commission reports a six per cent drop in calf and cattle receipts.

Sheep receipts were down 11 per cent; goat receipts were 26 per cent below the previous year. Hogs receipts were down 19 per cent.

DRYLOT sheep feeders with a lot capacity of 2,000 head or more had 90,000 sheep and lambs on

feed for slaughter as of February 1. This is the same as the number on feed a month earlier but three per cent below the number on feed a year ago.

ONLY three commodities are above effective parity in Texas. They are oats, calves and sheep.

All feed grains except grain sorghum showed advances during the recent month. Wheat averaged \$2.40 per bushel, up nine cents, corn averaged \$1.78 bushel, up seven cents; oats averaged \$1.05 per bushel, up four cents; and grain sorghum averaged \$2.75, down four cents.

Hogs averaged \$30.40 per hundredweight, beef cattle averaged \$37.20; calves averaged \$52.10; sheep averaged \$13.50; and lambs averaging \$34.80.

Eggs were up two cents from the previous month averaging 52 cents per dozen. Milk averaged \$7.75 per hundred pounds, down a nickel from the previous month.

Cotton declined during the past month. It now averaged 20 cents per pound, which is down 1.2 cents per pound.

NEW DIRECTION—All arrows point to cotton corduroy as spring's most new-making fabric. It turns up in strawberry-and-cream checks for this trim battle-jacket and belted pants with embroidered pockets. By Jerrell of Texas in Crompton-Richmond corduroy.

Card of Thanks

We would like to express our sincere and heartfelt thanks to all of those who brought food, to the Bethel Church, those who sent flowers, and expressed their concern and sympathy during the death of our beloved Mother. May God's blessings be upon you all.
The family of
Mrs. Sally Brisco (Parkhill)
33-1tc

tion for the 12th straight month.

In making the announcement, Commission Chairman Jim Langdon offered "some good news and some bad news." It said there were no "tremendously serious" shortages during the crucial winter months in spite of heating oil stock declines.

However, Langdon warned, the peak gasoline consuming season is just around the corner, and gasoline stocks are 19.2 million barrels below 1972 in the nation. Further, crude and products stocks in the U. S. are 70.2 million barrels off last year.

"The petroleum industry has managed to get out of the frying pan but now is in the fire," said Langdon.

The allowable responded to requests for 3,764,459 barrels of oil daily in March, a decline of 17,003 from February. Exceptions from the 100 per cent allowable are the East Texas field, 86 per cent; Kelly-Snyder, 76 per cent; and Tom O'Connor, 70 per cent. Several other fields are at 80 per cent.

QUARTER PLAN DELAYED—The Senate passed and sent to the governor legislation to delay for two years mandatory implementation of the quarter system in state public schools.

The bill (HB 92) moves the mandatory start-up period for the quarter system from next September to the 1975-76 school year. Small school districts urged the delay.

judges and clerks and district clerks and judges have been asked for important research information to help the Texas Legislature make decisions on current legislative proposals.

Questions on marijuana, automobile accidents, probation, etc., have been posed by the Texas Civil Judicial Council — which is charged in state statutes with the duty of supplying information to the legislature affecting state courts.

"It is understandably difficult for a legislator to judge the merits of proposed legislation wisely without any estimate of its impact," said Ronald Earle, chief counsel for the Judicial Council. "The Judicial Council is seeking to provide this needed information instead of conjecture."

In seeking information regarding the number of persons currently on probation the Judicial Council will be exploring uncharted territory, Earle added. "The impact of probation on the criminal process is too important not to consider in more detail."

The controversy continues to boil on the reduction of penalties on use of marijuana—and increasing penalties on those who sell marijuana or hard drugs.

H. B. 86 by Rep. Lindon Williams implements more stringent penalties on those who sell drugs. It is backed by the Austin based Legal Drug Control Society, headed by E. E. Armistead. Armistead has passed petitions for over a year, and submitted these to the Legislature.

"The Legal Drug Control Society asks that concerned citizens write their legislators to express support for H. B. 86," Armistead says. "We realize that there is no simple solution on this complex problem of drug abuse, but removing the pusher and dealer from the scene will certainly be a giant step in the right direction."

Armistead started his crusade against the drug pushers when his daughter jumped from the University of Texas tower two years ago. Her notes told about experiments with drugs.

COUNCIL MAKES SURVEY FOR LEGISLATURE — County

Supreme Court refused an appeal by Continental Oil Company to issue an order in an energy shortage action involving the company's inability to deliver natural gas under contract with other concerns.

The high court upheld lower courts restraining Crystal City from locking what's left of the local country club and upholding a 1956 lease of city land.

Court of Criminal Appeals overruled a conviction for theft against a former Crane County hospital executive who allegedly sold a compressor unit used in treating respiratory diseases. The court decision said Crane County had never become owner of the machine, and there could have been no theft or embezzlement from the county.

**STATE CAPITAL
Highlights
AND Sidelights**
By Bill Boykin
TEXAS PRESS ASSOCIATION

Austin, Tex.—A new kind of "drug war" seems to be shaping up in the Legislature.

Gov. Dolph Briscoe spelled out his recommendations for complete revision of drug laws and promised to "lobby hard" with all the resources at his command as governor to get the bill passed.

As introduced in the House and Senate, it called for harsh penalties against dope pushers, annual registration of those who deal in legal drugs—and lowering the penalty for first offense possession of marijuana to a misdemeanor.

Briscoe's bill would allow possession of up to eight ounces of marijuana without risking felony charges on first offense. However, the misdemeanor would be punishable by up to a year in jail and/or \$2,000 fine. The Governor also called for stepped-up education and rehabilitation programs.

The bill was drawn, said Briscoe, to mesh with the 1970 federal controlled substance act to allow governments at all levels to work more effectively together.

A few days later, however, former Sen. Don Kennard of Fort Worth, who headed a Senate study committee on drug abuse, assailed the governor's proposals as "an out-and-out fraud as a reform measure."

Sen. Chet Brooks of Pasadena introduced in bill form the far-reaching provisions of Kennard's committee.

Brooks' bill would "decriminal-

ize" marijuana possession and set moderate felony penalties for sales. It would also make simple possession of most drugs (heroin excluded) a misdemeanor and provide for commitment of users to rehabilitation facilities. On the other hand, it would call for non-paroleable life sentences of convicted "big time" heroin dealers.

The controversy continues to boil on the reduction of penalties on use of marijuana—and increasing penalties on those who sell marijuana or hard drugs.

H. B. 86 by Rep. Lindon Williams implements more stringent penalties on those who sell drugs. It is backed by the Austin based Legal Drug Control Society, headed by E. E. Armistead. Armistead has passed petitions for over a year, and submitted these to the Legislature.

"The Legal Drug Control Society asks that concerned citizens write their legislators to express support for H. B. 86," Armistead says. State Board of Education Presents Plan to Develop Overall State Plan for School District Organization in Texas

A request for legislation which would authorize the State Board of Education to develop an overall state plan for school district organization is being submitted to both the Governor and 63rd Legislature.

Under the proposal, the State Board of Education would submit a plan specifically setting out district realignments and legal requirements for adequate school districts to the 64th Legislature in 1975.

Procedures for involving school officials and local citizens in the organization plan would also be included, according to the proposal sent to Capitol Hill by Ben R. Howell of El Paso, Board chairman.

This new proposal follows two earlier requests concerned with

school district organization in Texas.

The first would declare dormant all school districts except those which are county-wide but do not provide an accredited program in all 12 grades this year. These school districts would be attached to existing districts which do provide accredited 12-grade programs. In most cases, they would be the units now offering high school programs to students from the incomplete districts.

The second proposal would phase out state support for county superintendents and county school boards.

A number of these small, incomplete districts have extraordinarily high valuation per student, the Board's request for legislation points out.

"These tax haven districts contribute substantially to the unequal distribution across the state of fiscal capability to support sound educational programs," Howell adds.

Currently, 122 Texas counties have elected county school superintendents, 109 have county judges serving as ex officio superintendents paid from local funds, and 21 have neither an elected nor ex officio superintendent.

There are now 230 county school boards supported by \$3.2 million in state funds budgeted for county school administration. Under the State Board of Education plan, county school administrations would no longer be supported by the state. However, local citizens could finance them with local money.

State fiscal support would be phased out over "a reasonable time" with provisions for converting common and rural high school districts to independent school districts.

A total of 154 school districts which do not now offer full 12-year accredited programs would become dormant.

The new state plan for school district organization, which would be sent to the 64th Legislature in January, 1975, would take Texas one more step along the road to truly efficient public education.

Ray Downing Died in Lubbock

Ray Downing, 55, of Lubbock, a veteran employee at Texas Tech University, died Friday, Feb. 9, in a Lubbock hospital following a brief illness. Downing was director of building, maintenance and utilities at the university.

His wife is the former Miss Edith Cates of Thalia. He had visited in Foard County many times during past years.

Funeral services were held at 10 a. m. Monday, Feb. 12, in the Central Baptist Church in Lubbock, with Rev. Jack Welch, retired Baptist Minister, officiating, assisted by Rev. Frank Jones, pastor of the Pleasant Ridge Baptist Church of Lubbock. Burial was in City of Lubbock Cemetery under direction of Rix Funeral Directors.

Downing was born in Van Zandt County. He married the former Miss Cates in Thalia August 14, 1939. Downing was a member of the Masonic Lodge and of the South Plains Lions Club. He was director of the Outreach Evangelism program in Lubbock.

Texas Tech had been his sole employer. This year, he would have received a 35-year award for service to the institution. He began work at Tech as a freshman student and slept in the old steam power plant while attending college.

His first job at Tech was as a mechanic for the buildings and grounds department. He later served successively as boiler operator, chief boiler operator, superintendent of the power plant and utilities, and on Oct. 1, 1961, he was appointed director of building, maintenance and utilities.

He had been active in many on-campus and civic projects and it was under his supervision that the thousands of multi-colored lights were strung on university buildings each Christmas season.

Texas Tech president Grover E. Murray called for a moment of silence in tribute to Downing at the academic ceremony inaugurating Tech's 50th anniversary observance Saturday morning, Feb. 10.

"Ray Downing epitomized the type of people who have made this institution what it is; and I now ask all of you to join me in extending to his family our heartfelt sympathies," Dr. Murray said. Survivors are his wife, Edith, a son, Ronald F. Downing of Deer Park; one daughter, Mrs. Connie Shugard of Lubbock; two brothers, Billy F. of Fort Worth and E. J. of Houston; two sisters, Mrs. Belle Hyde of Maybank, and Mrs. Inez Riley of Canton; and two grandchildren.

tion, Howell said. "Demands of modern education have increased and expanded while shifts in population have created a number of problems both in school programs and in district organization," the Board chairman added.

"It appears that the time has come when a decision should be made with respect to responsible organization of school districts in Texas," he also stated.

The Board's plan would be designed to insure four desirable conditions for each Texas school district:

(1) A sufficient number of students to operate an accredited 12-grade program efficiently and effectively.

(2) Necessary local money to provide funds for local support of the Foundation School Program, adequate facilities and equipment, and local leeway money for enriching programs.

(3) Sufficient numbers of schools so located that no pupils would need to ride a bus an excessive amount of time each day.

(4) Community interest and initiative to provide leadership and support necessary to achieve an excellent school system.

4-H Club Meeting

Wednesday, Feb. 7, at 8:30 a. m. in Mr. Ward's room, the sixth graders had a 4-H meeting. Ricky Foster led in a prayer and Terry Boren led the pledge. Billy Brown gave a speech on wildlife conservation and showed pictures of wildlife being killed by automobiles and being killed other ways. Next meeting will be March 7 and Layne Meads will give a speech on electricity. Ricky Foster will say the prayer again, and Mike Cates will say the pledge. Mike Cates will give a speech on gun safety.

Good Citizenship

"Good citizenship, as practiced at the polls, can only come by voting from an informed position. This in turn will result in fairness to the other voters, myself, and the candidates involved."—Kim Frazier, Dublin High School, Dublin, Ohio.

Mr. Six Weeks Strikes Again at Crowell High

by Babs Streit and Rhonda Vecera

"Six weeks" strikes again! That sneaky fellow crept up on the entire student body at CHS and took them by surprise. It has been rumored that a conspiracy was planned between Mr. Six Weeks and the CHS teachers, and show-ers of tests indicate some truth to be in it.

However, most of the fault seems to lie with the students, as this was the fourth time this year for Mr. Six Weeks to surprise. The week of testing and overall despair and confusion had a happy ending: the annual talent show sponsored by the Drama Club capped the week on Friday evening.

The Crowell FHA chapter met Tuesday, Feb. 13, in the home economics cottage. Bob Martin of the Copper Breaks State Park presented an amusing and informative program. Mr. Martin is superintendent of the new state park now under construction north of Crowell.

Also discussed at the meeting were the final plans for the FHA daddy date night. The date is set for Monday, Feb. 19, in the cafeteria. Refreshments were served by Nora Durham, Debbie Harris, Debbie and Barbie Scott and Julie and Babs Streit.

All school personalities were selected Monday, Feb. 12. Congratulations are in store for seniors Babs Streit and John Urquizo who were selected Mr. and Miss CHS.

Other personalities are most athletic, Jo Ann Gerhardt and John Urquizo; friendliest, Marie Westover and Philip Bell; most courteous, Nora Durham and Terry Tamplin; witty, Cindy Windsor and Steve Graves; and best dressed Darla Bell and Joe Haynie. Congratulations.

February 1 began a new voter registration period and voters registering after that date will be registered until 1976.

Parents of Thalia Woman to Note 60th Anniversary

The children of Mr. and Mrs. George Streit of the Five-in-One community will be hosts for an open house celebration honoring the couple on their 60th wedding anniversary on February 25.

Friends and relatives are invited to attend the reception to be held from 2 to 5 p. m. in the Streit home where the couple has lived for the past 58 years. Mr. and Mrs. Streit are members of Zion Lutheran Church.

Their children include Mrs. Jake Wisdom of Thalia, Homer and Ernest Streit, Mrs. J. E. Miller and Mrs. Duane Capps of Vernon, George O. Streit of Electra, Robert Streit of Midland, Mrs. C. E. Rinefeldt of Fort Worth and Mrs. James McLean of Quanah.

They request that no gifts be brought.

February 1 began a new voter registration period and voters registering after that date will be registered until 1976.

Women's Service League Has Program on Depression Glass

Depression glass was the subject of the program given by Mrs. Wilma Cates at last Thursday's Women's Service League meeting. She was introduced by Mrs. Fern McKown.

Mrs. Cates purchased her pieces of the pink glass patterns at Crowell's first flea market—some six or seven years ago—"because she thought they were pretty." Since that time, through friends, trading and buying, she has acquired a large selection in several patterns and has studied the history of the tableware.

Prices have tripled or more since she became interested in the glass. However, Mrs. Cates states that she is a collector and not a dealer. The condition of the dish also has a great deal to do with its value.

The clear glass of a variety of colors was made by machine in the early 1930's. It was purchased by the lower income families—mostly everyone at the time. Pieces, often the larger ones, were awarded as premiums in many products.

The most popular method of producing the ware was by a mold with etching which left the outside rough and the inside smooth. Dishes were made for all serving and decorating.

Mrs. Cates displayed many of her dishes and those of friends in green and amber patterns on tables covered with pink cloths overlaid with maroon.

Card of Thanks

Thanks are in order for the care received from Dr. Stapp and nurses of the hospital; also thanks to the Assembly of God Missionettes for candy and Valentine. God bless and keep each one.

Frank Halencak.

Mr. and Mrs. Melvin Moore visited over the week end in Denver City with their son, Billy Ray Moore, and family.

Mike Wishon of Wichita Falls and Fred Conklin of Vernon visited Mr. and Mrs. Carl Wishon Sunday afternoon.

Attend the annual smorgasbord Friday, Feb. 23, at the United Methodist Church, 11 a. m. to 1 p. m. Adults \$1.50, children under 12 75c. Sponsored by the Woman's Society of Christian Service. 32-2tc

Mr. and Mrs. Alton B. Bell have returned home from a two months stay in Kansas City with their daughter, Mrs. George Pierce, and family. Mr. Bell said the sun shone for only 3 days during the two months they were in Kansas City, and a power failure in part of the city during a January ice storm forced the Bell and Pierce families to move temporarily to another part of the city where the electrical power was still on.

Mr. and Mrs. Grady McDaniel and children of Wichita Falls visited over the week here with Mr. and Mrs. Pat McDaniel and Mr. and Mrs. Charlie McDaniel and family.

Mr. and Mrs. A. A. Manning returned home last week after visiting several days in Hereford with their daughter, Mrs. Adon Burns, and family. Their granddaughter, Miss Kayla Burns, returned to Crowell with Mr. and Mrs. Manning for a visit.

Mr. and Mrs. Robert Choate and daughter, Terri Beth, and Mr. and Mrs. Randall Choate and daughter, Lori Ann, of Slaton and Mr. and Mrs. Kyle Simonton and son, Terry, of Grand Prairie visited their mother and grandmother, Mrs. J. J. Choate, during the week end.

Mr. and Mrs. Don Hill of Mesquite are the parents of a new son, Michael Wayne, born Feb. 1. He joins a brother and sister, John and Miosha. Grandparents are Mr. and Mrs. Harvey Taylor of Crowell. Mrs. Taylor has returned home after spending two weeks in the Hill home.

Mr. and Mrs. Foster Davis and his mother, Mrs. J. C. Davis, visited over the week end in Richardson with their daughter and granddaughter, Mrs. Jerry L. Francis, Mr. Francis and their three daughters.

Gambleville H. D. Club

Gambleville Home Demonstration Club met Friday afternoon in the home of Mrs. Willie Garrett. Mrs. Garrett presented for opening exercise readings, Life's Recipe and My Get Up and Go Has Got Up and Went. Mrs. Elton Carroll read minutes and financial report and roll call was answered with "my experience with snakes."

Mrs. Willie Garrett announced that council will meet for the first time this year on Thursday, Feb. 22, at 2:30.

Mrs. Milton Hunter had the program for the afternoon and told her own true life story of being bitten by a rattlesnake when she was a small child. She also told of other poisonous snakes and what to do before medical aid is reached.

Mrs. Milburn Carroll was the hostess gift and the next meeting will be at the home of Mrs. Clarence Garrett on March 2.

Driver Education Program Called "Discriminatory"

Austin—Children of less affluent Texas families are being denied the life preserving advantages of driver education, according to Robert F. Miller, Dallas, vice president for traffic safety of the Texas Safety Association.

Speaking before the education committee of the House of Representatives, Miller urged adoption of HB 222 that would place driver education in the foundation school program.

"Because driver education in Texas is not a part of the foundation school program, the cost to the student is prohibitive in many cases," Miller stated. "There is no set fee. Some students pay as much as \$60 to take the driver education course and others as little as \$15. This is the worst kind of economic discrimination."

Cost of the driver education program in Crowell school is \$25.00 per student. A class is presently being taught here.

"The size of fees charged in many school districts in the state are keeping teenagers from lower income families from enrolling in driver education courses. Because of this, many young drivers and the people they meet on the highways are more vulnerable to traffic crashes. The size of the fees currently charged could well be one reason why only 61 per cent of eligible Texas teens take driver education. This could also be the reason that traffic crashes are a major killer and crippler of teenagers," Miller said.

This discrimination affects students in other ways, too. Because they are not able to afford this vital training, youngsters from lower income families must wait two years longer to obtain their drivers licenses. Also, the families of these teenagers must pay more for automobile insurance, since they cannot qualify for the ten per cent driver education credit given by insurance companies in Texas.

"When the importance of driver education is considered in relation to reducing traffic crashes, injuries, deaths, and their costs, it is difficult to understand why this program has not already been made a part of the foundation school program and placed within the reach of all Texas youngsters," Miller concluded.

Easter Seal Appeal to Start March 1st

The 1973 Easter Seal Appeal will open in Foard County Thursday, March 1. Robert Kincaid, local Easter Seal representative, said last week. He said that Easter Seal Appeal letters will begin arriving at local home about that date.

As Easter Seal representative, Kincaid is the person to contact to request services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year, 16,572 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed. Funds help support 18 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Providing walkers and wheelchairs is an example of the services provided to those who cannot provide for themselves and who do not qualify for help from any other source.

"The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texas throughout the coming year," Kincaid added.

NTSU's A Cappella Choir to Perform March 1 in Vernon
 Vernon Regional Junior College will present the North Texas State University A Cappella choir in concert at 8 p. m., March 1, at Wilbarger memorial auditorium. Prices for tickets are \$1 adults and 50c for students and are available in the administration building of the Vernon college.

Egg's Way . . .
 "A hen is only an egg's way of making another egg." — Samuel Butler.

Mrs. George Johnson and Mrs. Orville Welch of Vernon visited in Crowell Tuesday afternoon.

Ace Whitley Tells Rotarians About Little Dribblers

The man who can be called the "father of Little Dribbler basketball in Crowell" was the principal speaker at the Wednesday, February 14, noon luncheon of the Rotary Club of Crowell.

He is Rotarian Roy M. (Ace) Whitley, who first told the Rotary Club about Little Dribblers, and has been general chairman of the basketball program for the three years it has been conducted here. The Rotary Club has sponsored the Little Dribbler program and is again sponsoring it this year. The local season begins on Monday night, February 26, with three games scheduled. Games are played on Monday and Thursday nights of each week for a ten-game schedule.

At the end of the regular season, winners of the two divisions will play for the title, to be followed by the selection of an all-star team to enter a district tournament.

Whitley said no new uniforms will be needed this year, and he added that some new equipment may be purchased this year if it is needed.

Whitley said only two players are returning this year who played on last year's all-star team. They are John Thomas and Steve Rodriguez. Whitley then went over the team rosters, making brief comments about each player.

Whitley said one of the reasons Little Dribbler Basketball is proving to be such a success in towns that have the program is the one quarter rule; that is, each player on the team present at a game must be permitted to play at least one full quarter.

He read the schedule of dates for games and the names of Rotarians who are assigned jobs each night. Rotarians will man the clock and scoreboard each night, and one Rotarian will assist in the concession stand at every game. Proceeds of the concession stand will, as in the past, be given to the athletic department of the local school.

Whitley added that "women's lib is here and we are planning to organize girls Little Dribbler with an April 1 starting date tentatively set. Women will serve as coaches for the girls teams."

Card of Thanks

I would like to express my thanks to Dr. Stapp and all the hospital staff for their kind attention while I was in the hospital. Also, all the visits, the beautiful flowers, nice cards and your prayers were greatly appreciated.
 Mrs. Delia Fox.

Dream Power.

Every person that lives has some kind of dream. The day he doesn't, he's dead. The ability to imagine is one of the most precious powers we have.

Dreams change things. Some dreams may change your world. And some dreams may call for money.

U.S. Savings Bonds are the safe way to make sure some of your dreams come true. And, they're easy to buy. Your bank sells 'em. Or, you can probably buy them through the Payroll Savings Plan where you work. Bonds build you a

sizeable nest egg. While you build a dream. Bond power. That's real dream power.

Now U.S. Bonds pay 8 1/2% interest when held to maturity of 5 years, 10 months after the first year. Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.
 Now Bonds mature in less than six years.

Jerry Dan Martin and Miss Tepfer Wed Friday in Wichita Falls

Fairway Baptist Church in Wichita Falls was the setting last Friday evening for the wedding of Miss Deborah Ann Tepfer and Jerry Dan Martin. Rev. Robert Norsworthy, pastor of Lamar Baptist Church in Wichita Falls, officiated in a setting of white glad- iol in baskets, candelabra with burning tapers.

Albert Tepfer escorted his sister. The bride is the daughter of the late Mr. and Mrs. Robert Tepfer and her guardian is Mrs. Opal Gotcher of Wichita Falls. The bridegroom is the son of Mr. and Mrs. J. W. Martin of Crowell.

The bride wore a formal gown of white silk with a bubble knit bodice accented with a band of venise lace and satin ribbon. The same trim was used on her sleeves and the empire waist. She wore a mantilla of imported English illusion edged with Venetian lace. It was chapel length. She carried white pom poms and blue carnations on a white Bible.

Mrs. John Jurgensen was matron of honor and Miss Kathy Champerlain was maid of honor. They were dressed alike in empire styled dresses of light blue

crepe and their bouquets were blue carnations.

John Jurgensen was best man; groomsmen were Mike Lindeman, and Bill Henderson was usher.

A reception was held by the couple in fellowship hall after the ceremony. Assisting were Mmes. Joe Blacksher, Kerry Cash, Wayne Gotcher, Albert Holzer and Jerall Holzer.

After a trip to Fort Worth, the couple will live at 2701 1/2 Ave. V, Wichita Falls. The new Mrs. Martin, a senior at Wichita Falls High School, is employed by the state hospital. The bridegroom is a graduate of Crowell High School and is employed by the Wood Convalescent Center in Wichita Falls.

Columbian Club

The Columbian Club met in the home of Mrs. Allen Shultz Wednesday, Feb. 14, for a regular meeting which was also a Valentine program. Mrs. Jack Roberts led the pledge of allegiance after the meeting was called to order by the president, Mrs. Grady Halbert. Following a brief business meeting, roll call was answered by telling of the valentine the member received that day.

For the first number on the program, Mrs. Roberts had a very interesting paper on the origin of valentine's day and why it is called St. Valentine. For the concluding number, Mrs. Halbert told of a recent trip to East Texas which included a visit to a number of historic homes, and particularly to historic inns in Jefferson. She concluded by telling the story of Diamond Bessie which was very interesting. Next meeting will be Feb. 28 with Mrs. Roberts. Refreshments were served to 8 members.

Deputy Grand Matron Visits Local Eastern Star Chapter Feb. 13

Mrs. Oleta Martin of Wichita Falls, deputy grand matron, was honored with a salad supper prior to the stated meeting of Crowell Chapter No. 916, Order of the Eastern Star, February 13. W. R. Moore gave the invocation and hostesses were Mmes. Agnes Dunn, Kaye Carroll, and Bernice Carroll.

Following the business meeting, Mrs. Martin gave the instructions of the worthy grand matron, Mrs. Katherine Harbour. She announced that schools of instruction were scheduled for April 10 in Wichita Falls and April 12 in Childress. The meeting was under the direction of Mr. and Mrs. Pat Pittillo.

West Side H. D. Club

The West Side Home Demonstration Club met February 13 in the home of Mrs. E. A. Boren. The president, Mrs. George Riethmayer, presided. The gift of friendship was read by Mrs. Boren for opening exercise. Secretary Mrs. J. W. Fielder called the roll and read the minutes. Those present answered the roll with "a happy experience I remember." Mrs. Riethmayer gave a report on the recent county federation meeting. Each club president was asked to appoint someone to serve on a committee to help raise funds for the county library. Mrs. Claudius Carroll was appointed for the committee. Mrs. Homer Ketchersid was appointed to the committee of the federation to help with the centennial celebration which will be held in 1976.

A visitor, Mrs. Peggy Meads, gave a very interesting program on "Seven Keys to a Happy Life." She said the main word is "key." An optimist uses a key to unlock while a pessimist uses a key to lock was a thought brought out by Mrs. Meads. She also discussed the five ways of communication: sight, touch, smell, taste and hear. "Seldom does one think of the five senses as ways of communication.

For recreation, a quiz on the states was enjoyed. Mrs. Fielder received the drawing prize. Refreshments were served to the members present and Mrs. Meads. The next meeting will be February 27 with a program on first aid for snake bites. Visitors are always welcome.

Role of Americans in Chinese's 1911 Revolution

Implications of today's Chinese-American and Chinese-Russian relations have roots in an abortive American-Chinese project for Chinese revolution which began in 1908 and died for lack of funding in 1911, according to a Texas Tech University professor of history.

In the current "Pacific Historical Review," Dr. Key Ray Chong writes that although much has been written about the Chinese Revolution of 1911, the role played by Americans in the event remains largely overlooked.

Chong traces the efforts of Homer Lea—"a self-styled general," his cohort, California businessman Charles Beach Boothe; and their major fund raiser, W. W. Allen, a wealthy financier.

Eventually the trio supported Sun Yat-sen and his Federal Association of China. Lea was named Sun's commanding general with powers to lead the Chinese revolutionary army in an effort to overthrow the Manchu dynasty in China.

Boothe, acting as attorney for an American syndicate supporting the revolution in return for commercial and trade privileges, was asked to raise as much as \$10 million in gold. Sun promised to repay loans at interest rates as high as 15 per cent and, at one time, said he would repay the principal three-fold.

Allen approached the J. P. Morgan Company in New York on several occasions but was told that Morgan was "ready to do business with any established government on earth, but I cannot . . . make a government to do business with."

Earlier efforts to influence the U. S. government through President Theodore Roosevelt also had failed.

Prof. Chong said that Sun Yat-sen, who became president of the new China after the 1911 revolution, was soured on America's non-commercial attitude as evidenced by failure of the syndicate's efforts.

He turned first to the Japanese for support and, failing there, turned to the Russians who, in the 1920s, "proved more than willing" to support his anti-imperialist cause.

"The ultimate result of Sun's efforts had greatly undermined the effectiveness of the Open Door policy whose aim supposedly was to preserve American interests in China by all means," Chong said.

"When in the 1940s the United States finally modified the Open Door policy and decided to aid the Chinese Nationalist Party (the Koumintang) that had been created by Sun, it was too late to repair the damage," he explained.

"By then," the historian said, "China already had reached the point of no return and the victory of Russian-backed communism had become more than a probability."

Magic Medicine

There's a heap o' consolation in the handclasp of a friend. It can wipe out desolation, and bring heartaches to an end. It can soothe a troubled spirit like no magic in the land. Heaven? You are pretty near it when a good friend grips your hand!

There's a heap o' satisfaction in a friendly shoulder pat. It's a simple little action, but a mighty one, at that! When firm fingers grip your shoulder, when you sort o' need a brace, makes you stronger, graver, bolder, an' more fit to run the race.

When you're full o' worry pizen, an' the world is looking drear, there's a heap of energizin' in a little pill o' cheer; when some little threats distress you, they put nectar in your cup; little phrases like, "God bless you!" an' the other one, "Cheer up!"—J. E. Hungerford.

Young People

"While it seems in this day and age everyone is quick to condemn youth, we should remember there is probably no more than 2 per cent of the entire youth population causing today's "turmoil" in the eyes of society. That's a pretty good percentage when you figure the remaining 98 per cent are left to carry on the American way of life. The young people of today have accepted more responsibilities, solved many problems and shown more initiative than many of their critical elders."—Aurora, Nebr., News-Register.

Card of Thanks

I want to thank Dr. Stapp for the fine job he did for me while I was in the hospital. Also, Mrs. Gafford and Mrs. Fish and all the nurses for being so nice to me. I want to thank the ones who kept my room nice and clean.
Glenn Dockins.

Regional OEO Members Virtual "Prisoners," Dallas Morning News Says

Some staff members of the regional Office of Economic Opportunity (OEO) in Dallas asserted Wednesday of last week they have been kept virtual "prisoners" the past few weeks to assure a quick, quiet death for local antipoverty programs in the Southwest, according to an article written by Earl Golz and appearing in The Dallas Morning News last Thursday.

According to Golz, members of the OEO regional staff who agreed to be interviewed without publicly identifying themselves included several with high seniority and rank.

They complained that since the Nixon administration announced its dismantling of OEO, all travel and grants previously coming from the regional OEO office have been stopped.

"It appears very clear that they

(Nixon administration) are deliberately trying to cut off our access to local agencies," one staff member said. "This is deliberate and intentional because I guess they recognized most OEO employees are not about to participate in any kind of internment or any kind of a hatchet job on local community action agencies (CAA)."

"And I guess they consider us to be the enemy, to that extent. And logically speaking, our only hope of surviving or existence rests with the CAAs."

(The administration plans to dissolve its 2,000-member OEO national and regional staff by next June 30. It has stated, however, that CAAs, which have more than 250,000 employees and have been funded through the OEO, should continue operating with federal revenue-sharing funds under control of local communities.)

According to Golz's story, decisions on travel and grants must now come from the new acting OEO national director, Howard Phillips, who was named three weeks ago.

Phillips has infuriated OEO staffers in Dallas because of his remark that treating the poor as a class in itself is a "Marxist idea."

One high ranking OEO official in the Dallas office said Phillips' remark "indicates the thinking of the administration."

Americans Are Safer at Work

"If you are interested in avoiding fatal accidents," comments Cipsco News, a Central Illinois Public Service Company publication, ". . . and isn't everyone? . . . statistics show that you are safest while at work. Of 114,000 accidental deaths in the United States during 1970, only 9.5 per cent occurred while the person was at work, according to National Safety Council statistics. That compares with 48.1 per cent in motor vehicles, 23.1 per cent at home and 19.3 per cent at play."

Pity the Poor Editor

"If you think you have troubles pity the poor editor—if he attends a meeting he's being nosy, if he doesn't he isn't interested. If he writes an in-depth story, it's too long, if he condenses one, it's incomplete. If he takes sides on an issue he is prejudiced, if he doesn't he is a coward. If he asks for advice, he's incompetent, if he makes a mistake he hears about it for weeks, if he doesn't he never hears about it. If he expresses an opinion, he wants to run the show, if he doesn't he lacks guts. If he misspells your name, you never forget it. If he doesn't you didn't read that story." — Lake Park, Iowa, News.

Gift, like genius, I often think only means an infinite capacity for taking pains.—Elice Hopkins, Work amongst Working Men.

News from . . .

THALIA

BY MRS. MAGGIE CAPPS

Mr. and Mrs. Raymond Grimm and Mrs. Ruth Abston visited Mrs. Grimm's sister and brother-in-law, Mr. and Mrs. Johnnie Wilson of Amarillo last week end. They also visited Walter Johnson

of Thalia in St. Anthony's Hospital while there.

Otis Hammonds of Vernon spent several days last week with his aunt, Mrs. Maggie Hammonds.

Mrs. Hester Hammonds, who has been a patient in the Crowell hospital, is reported to be improving after several very difficult days.

John Warren was admitted to the Crowell hospital Saturday.

Mr. and Mrs. Duane Capps visited his mother, Mrs. Maggie Capps, Sunday.

Mrs. Beatrice McCarty of Vernon visited her mother, Mrs. Jessie Gamble, last week end.

Remelle Marlow of Crowell spent the week end with Rhonda Swan. Her father, Bill Marlow, and son came for her Sunday afternoon.

Mrs. Florence McBeath, Roy Self and Mrs. F. A. Brown, who have been ill with flu, are doing better at this time.

Mr. and Mrs. Fred Dennis of Quanah were Sunday guests of Mr. and Mrs. Raymond Grimm.

Mr. and Mrs. Willie Chavez have moved into the Ed Payne

residence at intervals between the frequent rains and snows. We are delighted to have them. They are not strangers to any of us as they have lived on the T. M. Haney place six miles east of Thalia for the past 27 years.

Mr. and Mrs. Lee Sims spent the week end visiting her sister, Mrs. Fay Britt in Wichita Falls and traveled through the snow all the way.

Mrs. G. A. Shultz went to Wichita Falls Monday for a visit with Mr. and Mrs. David Carpenter and children, Rusty and Tammie.

Mrs. Beverly Railsback of Canyon visited her parents, Mr. and Mrs. Clyde Self, and Mr. and Mrs. T. R. Cates Sunday and Monday.

Mrs. Jane Hughes and children, Kim and Randal, of Vernon visited her parents, Mr. and Mrs. R. H. Cooper, last week end.

Glen Swan reports that of his mother, Mrs. Julia Swan of Vernon, who has been ill for some time, was taken back to a Wichita Falls hospital early this week.

Question of the week: what comes more often, rain or holidays, and which is most predictable?

Altus Classing Office Gives Report on Area Cotton

The USDA Cotton Division classing office at Altus graded 16,900 samples for the week ending February 16, and the season total stood at 299,600 samples classed. With the weather cooperating, the harvest appeared to be moving rapidly toward clean-up stages, according to C. E. Cox, officer in charge at Altus. At this time last year, only 172,000 samples had been graded, and two years ago the harvest was complete with 193,700 samples classed.

Total classed from North Texas counties this year stood at 48,000 samples, compared with 26,400 last year at this date, and 25,900 two years ago.

Grades on North Texas cotton classed during the week were 23 per cent white, 68 per cent light spotted, and 8 per cent spotted. The predominant grade was strict low middling light spotted (42) accounting for 49 per cent of the total.

The Agricultural Marketing Service reported marketing activity about the same as previous levels. Demand continued good, and prices held steady on the better qualities, increasing slightly on the more predominant lower qualities. Strick low middling light spotted (42) staple 31, 3.5 to 4.9 mike, averaged about 27.09 cents per pound. Cotton seed prices were reported at \$53 per ton.

SOME QUESTIONS TO ASK THE PRINTING AND OFFICE SUPPLIES PEDDLER

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Does he donate space in the newspaper to local and county projects and enterprises?
3. Does he pay wages to employees who live and do business in your community?
4. Does he grant favors that you would ask of your local newspaper?
5. Does he donate newspaper space to promote you and your neighbor's business?
6. Does his price include freight, postage and insurance?
7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!
