Foard County Receives General Rains Over the Week End

Light drizzling rains over most of Foard County, Texas, on Sunday, Sept. 15, brought some much-needed moisture to West Texas and

the remainder of the afternoon, and by Monday morning had measured .74 inch by the government gauge. Frequent light drizzles continued to fall intermittently Monday and Tuesday, with a clearing trend forecast for Wednesday.

The rains will be of special benefit to wheat farmers who were needing some moisture for wheat sowing time which is just around the corner. However, the slow-falling rains have not added any water to stock tanks, many of which are dry.

Wildcats Take Second Win of Season—Defeat Seymour

CROWELL—Randy Prince 33 pass to Nathan Frater (kick) failed. SEYMOUR—Keith Winstead nine run (Greg Hertel kick). CROWELL—Chavelo Ranjel 13 run (kick) failed. CROWELL—Allen Bell 45 field goal. CROWELL—Allen Tapp 1 run (Bell kick).

The Crowell Wildcats, after opening the 1974 season with a win over AA Quanan, took the measure of strong AA Seymour last Friday night and came out

on top of a 22-7 score.

A relentless ground attack, led by fullback Allen Tapp, coupled with timely pass completions, brought the Wildcats their second win of the season. A stout defense held the Panthers to one touchdown, but the Seymour TD gave the home town team a one-point lead over the Cats in the second half.

The first Wildcat score came late in the first quarter on a pass from quarterback Randy Prince to Nathan Frater, big Crowell

end who galloped into the end zone outdistancing the Seymour defenders. David Bell's attempt for point-after failed.

Early in the second half, a Wildcat fumble turned the ball over to the Panthers, and five plays later, Greg Hertel went over from nine yards out to tie the score. Hertel booted the point-after to give the Panthers the slim one-point lead.

The Wildcats came roaring back following the Seymour score, and behind the power running of both Tapp and Bell, plus a timely penalty against the Panthers, drove to the Seymour 13 where Chavelo Ranjel took the ball and with some spirited running, crossed the double stripe. The scoring drive covered 52 yards in five plays. The try for extra point was good.

Early in the fourth period, Bell tacked on three points as he booted a perfect 35-yard field goal. The final Wildcat touchdown came with 2:12 left in the contest as Tapp drove over from the one, capped a 14-play 72-yard drive.

Both teams had touchdowns nullified because of penalties.

The Wildcat defense continues to hold its opponents and the offense is improving with each game. This was the first time the Wildcats and the Panthers had met in football since 1959. Incidentally, the Cats won the last game before the series was dropped.

Band Boosters Hear Report on Stand

Members of the Crowell Wildcat Band Boosters organization heard reports on concession stand operations during the current football season and held a lengthy discussion concerning new suits for band members when they met at the gym Monday night for a regular monthly meeting.

Rusty Russell, who is in charge of buying supplies for the concession stand, reported about \$500 expenses incurred thus far, and president of the organization, Baxter Gentry, reported total receipts from the Quanah high school game and two nights of junior high ball had total \$1225.54.

Awards are to be presented to

the nine senior members of the band later in the school year, and Band Director James Streit reported that on Saturday, Sept. 28, he will take a group of students who are candidates for all-district band to Baylor University in Waco for a band clinic. He added that Baylor is furnishing free tickets to the group to the Baylor-Oklahoma State football game at Waco that night.

Mr. Streit, when the group began discussing new uniforms, said the band has 70 uniforms, 50 of which are 12 years old. There are over 80 members of the band and the drum section is presently using a different style uniform, which were made locally. Mr. Streit agreed to secure prices on uniforms and report to the group as soon as possible. Considerable interest was shown by the band boosters in securing new uniforms for the entire band. They expect to make a decision in the near future on whether or not to start a drive for funds for uniforms.

Albert Earthman Died

Albert Lee Earthman, 52, former Thalia resident and a long-time Vernon resident, died at his home in Vernon Friday.

Funeral services were held at First Baptist Church in Vernon Sunday afternoon with the pastor, Dr. Rufus Spraberry, officiating. Interment was in Wilbarger Memorial Park under direction of Sullivan Funeral home.

Mr. Earthman was born Jan. 18, 1922, in Kendrick, Colo., son of Mr. and Mrs. Ernest Earthman. He moved to the Thalia community with his parents as a child and attended Thalia schools. He served in World War II and had been employed by Robert L. Moore Tire Co. in Vernon since shortly after returning home from the service. He was a member of First Baptist Church in Vernon.

Surviving are his wife, two daughters, his parents, one brother, Dale Earthman of Clouderoft, N.M., and two grandchildren.

Quanah Did It!

The publisher at Quanah where the News is printed said, "Blame it on us seeking revenge for the way the Wildcats beat the Indians," but regardless of who takes the blame, there was lots wrong with the way the Foard County News was printed last week.

In the first place, the News photographer did take a picture of the twirlers of Crowell High School. The correct picture is being printed in this week's edition. Mrs. Rachel Dunham told the News that the picture we printed last week was the Paducah junior high cheerleaders, and sure enough, last week's Paducah Post had the Crowell girls picture under the caption of Dragon junior high cheerleaders.

In the picture of the Texas Highway Department employees installing the hospital signs, the signs were completely obliterated by the Quanah printers. The picture as it should have been printed is reproduced again this week.

We hope that they turn out okay this week.

Men's Morning PRAYER GROUP

Every Tuesday 9:30 a.m. New Community Center

...Early will I seek the Ps. 63:1.

Somebody's trying to take something that belongs to you.

Right here in Texas

In fact, somebody's trying to take something that belongs to all of us: freedom of speech. Somebody's undermining your right to communicate, to listen, to have all available information on a given subject.

Somebody's trying to tell certain Arkansas companies they may not advertise their services.

But advertising is just another word for communication. It is public information; it gives you a choice. It encourages new and better ways of doing things and helps continue the development of newer, better and more economical consumer goods.

Now, however, the right of certain Texas companies to communicate with their customers is in danger. This could ultimately have more far-reaching effects on free speech as we know it.

Right now, we want you to think very very hard and very deeply about advertising about the good it does in America. We want you to think about its effect on business, on entertainment, on radio, television, newspapers and magazines, on your right to know.

We want you to think about the effect advertising has on your company's sales, and the sales of your company affect your own life-style.

Right now, we want you to think very very hard and very deeply about the issue of speech. Then we want you to write Governor Dolph Briscoe, State Capitol, Austin, Texas, and your legislators and your friends and tell them how you feel.

The ball is in your hands. It's up to you to drop it.

Advertising is everybody's business

NEW SIGNS—Texas Highway department employees Richard Winters and Baylor Weathered, are pictured above as they erected new signs on the northeast corner of

the square last Friday morning. The three signs have a blue background, and point the way for travelers to locate the local hospital.

Football Teams Lose 2 of 3 Games with Seymour

Crowell hosted Seymour teams in football last Thursday night, and the locals won 1 and lost 2 of the three games played. The eighth grade boys from Crowell shellacked the Seymour eighth graders by a 20-0 score. Crowell's first touchdown came

on a pass from John Thomas, quarterback, to big end Dwayne Dishman. Steve Rodriguez ran across for the 2 extra points. Thomas then ran about 8 yards for the second TD, with Rodriguez making the final score on a 20-yard run.

Coach Daniel Field listed the following members of the eighth grade team: Tommy Athey, Johnny Baize, Ronny Baize, Walter Banks, Billy Brown, William Carroll, Mike Cates, Abel Cerda, Claudius Coleman, Wade Davis, Dwayne Dishman, Angelo Frater, Mark Gaddis, Wesley Halencak, Don Martin, Stephen Matysek, Marshall Reed, Steve Rodriguez, David Seedig, Milton Tennell, John Thomas and Tyrone Tucker.

Coach Field's other team, the seventh graders, lost 0-8 to Seymour. He said Friday that the seventh graders had improved considerably in their defense. He listed the following boys on this team: Wayne Mitchell, Carl Field, Jessie Henry, Sammy Neal, Mike Brown, Michael Hudgens, Leslie Denton, Allen Elkins, Dan Gatewood, Billy Bond, James Martin, Eugene Johnson, Donnell Banks, Terry Boren, Ray Santos, Bobby Cerda, Tom Adams, Dale Nichols, Howard Sparkman, Bobby Tucker, Jeff Christopher, Ken Gentry, Dan Brown, Tommy Eavenson, Randall Hardy and Ronnie Wasia. This list does not have all the sixth grade boys who are also playing with the seventh graders.

In a high scoring contest, the Wildcat junior varsity, coached by Carl Brock and Randall Ryan, lost 24-30 to the Little Panthers. Jay Wall scored the first Crowell score and Marvin Coleman scored the second. Oran Carroll intercepted a Seymour pass and carried it across the double stripe for the third Crowell score, and Fred Gray capped the Crowell scoring by returning a kickoff the distance for six more points. All tries for extra points failed. Members of this team are Wall, Carroll, Coleman, C. B. Sparkman, Mark Christopher, Michael Daniel, George Brown, Gary Hodges, Terry Glover, Randall Russell, Don Johnson, David Westover, Mario Lozano, Tommy Tamplen, Daniel Field, Fred Gray, Tim Christopher, Rocky Mar-

Lots of Football Here Thursday Night

Another big Thursday night of football is in store tonight for local fans at Dick Todd Field. Action gets underway at 5

when the local seventh graders take on the Childress seventh graders. Immediately following, the eighth grade teams of Crowell and Childress will play, and the last game of the night will be between the junior varsity teams of the same two towns.

In spite of the cold norther which was blowing last Thursday night, a large crowd of fans was on hand, and with more favorable weather tonight, a bigger crowd is expected.

CARD OF THANKS

I want to say a word of thanks to all the good people of Foard County. I came to Foard County Oct. 5, 1905, in a covered wagon and have lived the most of my life here, except for four years I lived in Oklahoma. Never regretted living here. Think you can find more good people here than anywhere else in USA. Thank all my good neighbors at Margaret, where I lived for 59 years who have fixed food, and said a comforting word in case of heart aches and pains, sickness and deaths. The Lord and I only know what this has meant to me.

EMERGENCY LIVESTOCK LOANS

Livestock producers can now get credit assistance from the Farmers Home Administration (FmHA), says an economist for the Texas Agricultural Extension Service. FmHA now guarantees up to 80 per cent of losses on loans made by private lending institutions to farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs, sheep, goats, chickens, and turkeys. The maximum guaranteed loan is \$250,000 to any single borrower, and loans are to be repaid within three years.

The Championship Rodeo of the State Fair of Texas "Exposition of the West" will add an exciting dimension with its thrills and spills, Oct. 5-13, 7:30 p.m. daily, in the State Fair Coliseum. The spirit of the Old West will ride again as the skill and courage of the cowboys is tested with saddle and bareback bronc riding, bull riding, calf roping and steer wrestling. The star-studded event is the main attraction in the round-up of fun and entertainment during the 17-day celebration, Oct. 4-20.

Hints for Homemaker

Indoor gardening is booming. In fact, if growing plants indoors isn't currently the most popular thing in America, it comes awfully close. Growing plants indoors isn't a fad or a passing fancy. The trend has been continuously growing over the past few decades. Architects, designers, and interior decorators have increased their use of indoor plants, evaluating varieties by form, texture, and structure. In the home the foliage plants blend nature with the decor.

Most indoor foliage plants have the same cultural requirements. They want ample natural light, as available from a location near a north or east window. And, the plants need a light, well drained soil which duplicates their native growing habitat.

Here is a listing of plants that are fairly easy to grow in the home with their light requirements. Remember, no plant is fool-proof, but these should perform well under average indoor conditions.

Rubber plant-widely known,

and used as house plant. Needs good light, but can exist in a poorly lighted situation for a short time.

Fiddle leaf fig—Most sweet-tempered of all house plants. Love it, hate it, ignore it, still it thrives. Needs good light.

Dracaena—many varieties and types, and most do well indoors. Prefer indirect light of high intensity.

Ferns—well adapted for growth at low light intensities and will be damaged if illumination is too strong. Philodendron—will survive where illumination is dim, but does better in higher light intensities.

Jade plant—nearly indestructible. Tolerates poor growing conditions, but does like plenty of light.

Aralia—lovely airy plant with slim ribbonlike leaves of dark green. Likes plenty of light and water.

The Veterans Administration notes larger numbers of educationally disadvantaged veterans are using the GI Bill for catch up training. Some 136,900 trained during a recent month—22 per cent more than a year earlier, according to the agency.

Crop Prices Down . . . 1973 Was Good Year . . . Rain Slows Harvest . . . Many Honored Families

TEXAS FARMERS and ranchers don't have to be told that 1973 was a good year, but this year is another matter. The 1973 prices just haven't held up. Texas Crop and Livestock Reporting Service says that all farm products price index on August 15 was 13 per cent below last year although three per cent above the same time the previous month. Prices on livestock and livestock products were 35 per cent below last year and seven per cent above the previous month. That means that a beef animal that brought 34.90 cents a pound in August would have brought \$4.20 at the same time in 1973. Hogs that brought \$36.20 a hundred (up \$3.80 over July 15 prices) would have brought \$55.80 on August 15, 1973. On the other hand, the price index on all field crops was 21 per cent higher than a year ago. Sorghum at \$5.03 a hundred was \$1.50 higher than a year ago. Upland cotton that brought 44.2 cents a pound was 9.2 cents above last year. But wheat was 19 cents a bushel—at \$4.05—below last year; and \$9.80 rice was \$1.20 below last year. Corn that brought \$2.75 a bushel on August 15, 1973 brought \$3.16 on August 15 this year. Corn was only \$2.74 a bushel a month earlier.

COMMISSIONER JOHN C. WHITE earlier released figures showing that Texas cash receipts for all crops and livestock in 1973 totaled \$6,467,923,000 (that's billions), which has to be a record. Production was better than in 1972, except in rice, pecans and fruits, and possibly a few other minor crops. Livestock cash receipts in 1973 in this State amounted to half of the total, \$3,673,825,000, which was an increase of a billion over 1972. Texas, as usual, was first of all the states in the production of cotton, grain sorghum, wool, mohair, watermelon, cabbage, spinach.

MORE RAIN over the State delayed harvesting, and Hurricane Carmen threw a scare into Texans and accounted for a part of the rain. Cotton harvest was judged 16 per cent completed, much farther along than the four per cent harvested at the same time in 1973. Fall plowing of cotton land is well along in the Valley and Gulf Coast. Rain across the Northern High Plains delayed wheat planting, but Texas Crop and Livestock Reporting Service estimated that four per cent of the planting was complete. Oat planting was not that far along. More than half the grain sorghum has been combined in the State, and peanut harvest is about a quarter complete and also delayed by rain. Most of the first 1973 rice crop has gone to market. The first oranges and grapefruit from the 1974-75 crop in the Valley have gone to market. Yield is expected to be below the 1973-74 crop.

Without advertising you can wave goodbye to the comic strips, the sports page, and the front page of your newspaper.

And maybe your own job.

Think about it. Advertising pays for the features and the news that your newspaper brings to you so economically. Companies that want to tell you about their products, their sales, and their unique services pay for the space to advertise and that pays for most of the newspaper.

If these companies were suddenly deprived of their right to advertise — to communicate with their customers — you can be sure sales would drop. If sales drop, production slows and ultimately

people lose jobs. And if certain Texas companies could possibly be ordered to advertise, who would be next? May your company?

The next time you think about advertising, think about free speech and the right of one person to communicate with another. It's all the same thing. Write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators to tell them how you feel. They sit back and enjoy your newspaper.

Advertising is everybody's business

Junior members in the band this year are: Stan Gentry, Connie Quinterley, Vickie Pharis, Sylvia Quintero, Sulema Santos, and Amie Brasher. Juniors say, "Can the Cyclone."

SOPHOMORE SCOOP
 Well, another week has flown by and the first six weeks of school is almost over. The boys in VA are studying several types of livestock animals. As a result, they had several pages of notes to learn for a test Thursday.

The class secretary would like to remind all sophomores to pay their fee which is 40 cents. This money is needed to pay for paints and the upcoming parties.

In World History, each student is responsible in providing a discussion on his assigned section. This way of studying proves to be a lot more interesting.

The reason you've been seeing the sophomores carrying a dictionary and a handful of papers is because in English, we have been busy learning definitions of words.

Sophomores that are busy writing news about various clubs are: Anita Vecera, sports; Kathy Whitfield, band; and Bernie Greening, Spanish.

Sophomores in Spanish have found themselves flabbergasted at times! Anyway, this class is fun and a new challenge to us.

Everyone come and support the Wildcats when they play the Memphis Cyclone. Sophomores say, "Give those cyclones a twist!"

FRESHMAN FROLICS
 The past week has been very boring for the freshman, as we have had only 1 test. (Of course, if we'd had two tests, things might have been different!)

The band is the largest it has ever been. The freshman are doing their part to help the band, and we have 14 members in the band. They are: Jan Brown, Paul Whitley, Richard Fish, John Klepper, Gail Bullion, Andy Lopez, Delia Santos, Christi Smith, Theresa Drabek, Jackie Carroll, Ester Quintero, Sandra Bachman, Carol Sue Scott and Scott Streit.

The Wildcats play Memphis here this week. Freshman say, "Master Memphis!"

BAND NEWS
 Now that football season has started, so has the Crowell Wildcat Band. The Band has already performed during two half-times and has done a superb job. These performances, however, don't come easy. They take a lot of hard work. The band practices every Tuesday night for these games. We work on both marching and playing. The band has a total of 89 members this year and to keep them altogether is a great chore. Mr. Streit is really doing a great job with the assistance of drum major Arthur Cerda.

The band is playing many new songs this year. Some of these songs are: the famous Texas Fight Song, Hey Jude, The Entertainer, Song Song Blue, Doublemint and many more.

This Friday the Wildcats host the Memphis Cyclone here. Everyone try to get out and

involved in clubs; subject, home ec and band.
 Jacquelyn was a member of the Drama Club, a Thespian and in the District One-Act Play. She has been a member of the FHA for four years and is currently serving as president. She has been a member of band for 8 years, has held offices and won several honors for solos, duets, and All-District. She has been a member of 4-H for 8 years, has held offices and won honors, including 2nd and 5th at state in Foods and Nutrition—"Let's Speak Out" contest.
 Jacquelyn has been a class officer for four years and is president of the senior class. She was elected "Doll" her sophomore year, secretary of Student Council, elected school "Friendliest" her junior year, is Spanish Club president, and editor of the school paper. She has been featured in Who's Who Among American High School Students and Society of outstanding American High School Students. Jacquelyn plans to attend college at Lubbock Christian College.

JUNIOR JIVE
 The Juniors have really been successful in selling magazines. The goal for each team is \$1,000. The girl's captain is Kim Norman and they have \$819.07. The boys captain is Richard Naylor and they have \$888.19. The captain of the losing team gets a pie thrown in his or her face, and the losing team has to give the winning team a party.

The football team plays Memphis, here, Friday. Good luck! The student body really shows spirit for the football boys at pep rallies and at football games. Good job, student body, keep it up!

Junior members in the band this year are: Stan Gentry, Connie Quinterley, Vickie Pharis, Sylvia Quintero, Sulema Santos, and Amie Brasher. Juniors say, "Can the Cyclone."

Elizabeth Jean Wright Weds Michael Cates

Miss Elizabeth Jean Wright became the bride of Michael Maurice Cates in a single ring ceremony solemnized at 7 p.m. Friday, in the home of the bride's parents with the Rev. Jimmie Thames, pastor of the First Presbyterian Church, officiating.

The bride is the daughter of Mr. and Mrs. Richard H. Wright of 3020 Indian, and the granddaughter of Mrs. J. R. Wright of Vernon and Mrs. G. C. Tisdale of Clifton. The bridegroom is the son of Mr. and Mrs. T. R. Cates Jr. of Thalia and the grandson of Mr. and Mrs. W. C. Self and Mrs. T. R. Cates Sr., all of Thalia.

Jade foliage and votive candles flanked by brass candleholders formed the background for the wedding ceremony. Presented in marriage by her father, the bride wore a formal-length voile gown of empress design with a Victorian lace collar and a center lace inset in the delicately tucked bodice. The long gathered sleeves were caught at the wrist with a small trim band and a blue velvet ribbon encircled the bodice. The gown featured a softly flowing skirt.

In her hair, the bride wore a circlet of fleur d' amour and baby's breath. She carried a white Bible overlaid with mother-of-pearl from the Holy Land, a gift of her maternal

grandmother. The bride wore a gold drop necklace, a gift of the bridegroom.

Reception
An informal reception followed the wedding ceremony in the bride's parents home.

The bride's table was covered with a white Battenberg lace cloth and held a pyramid arrangement of white gladioli, white and pink miniature carnations with baby's breath and tall white candles. Crystal and silver appointments completed the table setting.

The two-tiered white wedding cake was decorated with clusters of pale pink rosebuds.

The bride is a 1973 graduate of Vernon High School. She attended the University of Texas at Austin and is presently attending Vernon Regional Junior College.

The bridegroom is a 1965 graduate of Crowell High School. He served with the United States Army from 1968-70.

THANKS

One may believe that he knows how to appreciate friends and loved one, but he never truly knows until he is on the receiving end of their unsolicited generosity. Such was my case this past Saturday when fourteen tractors manned by friends and neighbors invaded my fields and ploughed all the land making it ready for sowing. It sounds so insufficient just to say "thanks" but to all those who participated and to all those who offered assistance in any way, May I say a great big "Thanks, and may the Lord bless you."

Superintendent Is Rotary Speaker

Superintendent of Crowell School Larry Jones was the speaker at the Rotary Club meeting on Wednesday, September 11. Mr. Jones said the local system employs 52 people, 29 on the teaching staff and two LVN instructors.

He said the school operated last year at about a \$10,000 surplus, but this coming year, which has a proposed budget of some \$503,000, the school is not expecting to make ends meet. He cited the fact that the Texas

Legislature is expected during the year to provide more money for school districts across the state. Mr. Jones said about \$42,000 is budgeted for operation of the cafeteria, \$29,000 for Title I activities and \$432,000 for local operation.

Enrollment in the local school this year is 495, while on the same date last year, it was slightly over 500. The average enrollment in grades kindergarten through fifth is 31, while the average jumps to 43 for grades 6 through 12.

The superintendent was introduced by Rotarian Floyd Borchardt.

Visitors at the meeting were Rotarians Walker Todd, Vernon Fulton and Hubert Smith of Quanah, Rev. Joe Ainsworth and student guests Keith McDaniel, Rudy Rodriguez and Randy Prince.

WTSU Prexy Is Speaker

Setting "educational significance for the goal of West Texas State University," President Lloyd I. Watkins gave his first "State-of-the-University" address to WTSU faculty and staff Sept. 18 in the Activities Center.

"I have been here a year, and it is time that I set forth for the people interested in our University—those who work here and those who support it—the goals and dreams I have for the University," Watkins said.

Shunning the idea of a "Quixotic dream," Watkins stated that the "Quest for a reputation for significance obviously requires, however, extraordinary commitment and dedication.

"Each time a faculty member spends additional time teaching a student or adds to his or her field of knowledge; each time an administrator dries harder to provide the essentials for excellence; each time an employee of the university provides a service to the region; each time WTSU excels—we will have taken another step along the road to significance," he said.

When asked whether student enrollment growth will be a fair measure of rising significance, Watkins stated that "a university can grow in a variety of ways. Certainly the most obvious type of growth is growth in size, and I hope we do grow in enrollment.

"I think the type of growth I'm talking about is the growth in quality of educational stature. We will do this through our own efforts, and I am confident that we can do so."
