Industrial Foundation to Meet Friday

An important meeting of the Foard County Industrial Foundation has been called by President Jimmy Henry for Friday morning, Sept. 27, at 7 a.m. at the community center in Crowell.

All Crowell residents are urged to attend. The local foundation owns the lots and building housing the local post office, and the Postal Service is requesting bids on a lot size 115x150 feet, as possible locations for a new post office planned here. The local organization is expected to make a bid on the lots where the present post office is located.

According to the official notice posted at the local post office, the postal service is seeking a 12-months option on a suitable lot.

Court Decision on Court House Work Delayed

County Judge Leslie Thomas said Monday that the commissioners court delayed for a week a decision on making extensive repairs to the local court house. He said two bids were received from prospective contractors.

Commissioner Bill Bell, who underwent heart surgery last week in Lubbock, is expected to be home by next Monday and Judge Thomas said the other commissioners wanted to wait until Bell was present for the decision-making.

Mrs. Walter Driver Died in Amarillo

Word was received here Monday that Mrs. Walter L. Driver died suddenly Monday in Amarillo. Mrs. Driver was the wife of a former pastor of the Crowell Methodist Church.

The Drivers made their home here for four years, and moved two years ago to Amarillo where he is presently serving as pastor of Pleasant Valley Methodist Church.

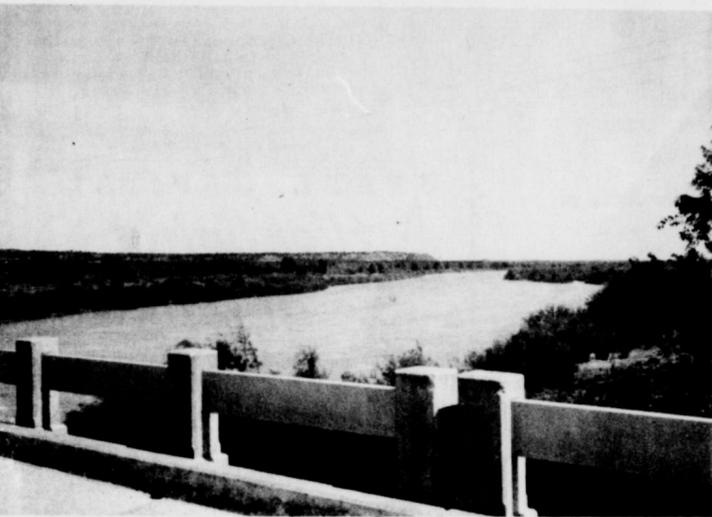

Funeral services were held Wednesday at 2 p.m. in Pleasant Valley Methodist Church in Amarillo with interment in an Amarillo cemetery.

J. D. Huskey Died Tuesday

James D. Huskey of Crowell died shortly before noon Tuesday, according to word received here.

Funeral services for the long-time Foard County resident are pending at Womack Funeral Home in Crowell.

BIG RAINS FALL OVER COUNTY

RIVER ON RISE—This photo made late Tuesday shows Pease River from the bridge on State Highway 283 as the river was running lots of water. This is the first time the Pease

had run much water in several months. The Wichita River south of town was also running lots of water.

A week of rainy weather over this section of the state has given the area an "underground" season for planting of winter wheat, boosted pastures and filled to overflowing many stock tanks. "The most rain I ever saw there" was reported from the west part of the Vivian community Thursday after about 6 to 8 inches was reported there early that morning. Most other sections of the county were reporting from 4 to 4.5 inches.

Official reading of the government gauge in Crowell shows the following rainfall amounts received last week: Sept. 15, .74 inch; Sept. 16, .20 inch; Sept. 19, .88 inch and Sept. 20, 1.91 inches for a total for the week of 3.73 inches.

Henry Black said Monday that about 7 1/2 inches fell in the Antelope Flat area. A report from Truscott was that over 4 inches fell there. J.B. Fairchild reported that he received 2 inches the same night 8 inches was reported only a short distance west of his place at Vivian.

The real "tank filler" rain for the county began falling Monday night. It rained continuously all day Tuesday, was still raining that night and about 4 inches was received up to late Tuesday.

Water was across US 70 near Thalia late Tuesday.

All in all, the benefit of the moisture cannot be measured in terms of dollars and cents but it surely helped to get Foard County land in good condition for the winter months.

Plans Being Made for Lions Club Carnival

With October 7, 8 and 9 set for the annual Lions Club Carnival, club president Edward Howard said Monday that the FHA girls of Crowell High School will be having a bake sale at the carnival on Monday night, October 7. On Tuesday, the Women's Service League is planning a bake sale, he also reported.

In addition to these added attractions, the carnival will have the rides for entertainment of those attending, as well as games, contests and refreshments.

Coach Printiss Gidney said Monday that none of the Wildcats were injured in the Memphis game, and all should be ready for action this week. A large crowd of Wildcat fans is expected to follow the Cats to Eagle land. Starting time for the game is 8 o'clock.

The lines of 1975 Chevrolet cars and pickups and Oldsmobile cars are now on display at Borchardt-Goodwin Chevrolet-Olds in Crowell. The 1975's are equipped with catalytic converters which help with emission control of the new cars. Also the new cars are designed to burn non-leaded gasoline, and improvement in gasoline mileage are being reported from the new cars.

Glen Goodwin and Henry Borchardt at their location on North Main Street in Crowell are inviting everyone in this section to visit them and see the new cars.

Sale of Light Bulbs Now in Progress Here

Annual sale of light bulbs by members of the Women's Service League is presently under way. Orders are being taken by telephone and in person. A bag of six bulbs—60, 75, 100 or a combination of watts—is priced \$2.15 and the bulbs will be delivered to residences in town that desire.

Wildcats Go to Chillicothe for Game Next Friday Night

The Crowell Wildcats will be trying to get back in the "win" column Friday night when they

travel to Chillicothe to meet the Eagles in another non-district contest. It will be homecoming

for the Eagles and they will be wanting to win their first game of the season. Previously, they have dropped all three games played: to Matador, Tipton and Valley.

Federation to Meet Monday

The first meeting of the County Federation of Women's Clubs will meet on Monday afternoon, September 30, from 4:30 to 6 at the home of Mrs. Robert Kincaid. Women of the Women's Service League will be hostesses for the occasion which will also be a silver tea for the Foard County Library.

Mrs. Ray Shirley will conduct the business session after which Mrs. Grady Halbert will review "Upstairs at the White House" by J.B. West. The program will be concluded by a vocal solo by Steven Setliff, accompanied by Miss Amy Brasher.

ATTEND DEMO CONVENTION

Robert Kincaid and Ray Shirley spent two days in Austin last week attending the meeting of the State Democratic Party. The convention was held in the Austin municipal center with about 5,000 delegates from across Texas attending.

TWO NEW VEHICLES

Two new vehicles have been registered here during the past week: September 18, Crowell Consolidated Independent School District, 1974 Dodge sports wagon; September 23, J. T. Brooks, 1975 Oldsmobile 4-door.

VISIT HERE

Mrs. Pauline Mahan, executive director of the Wichita Falls area chapter of the National Multiple Sclerosis Society, and Mrs. Margaret Frye, member of the board of directors of the Wichita Falls chapter, were in Crowell Monday visiting Mr. and Mrs. Seth Halbert and son, Konrad. They discussed a possible house-to-house campaign for funds to fight multiple sclerosis to be held later in the year.

NO SCHOOL MONDAY

Monday, September 30, is a scheduled teacher work day, and students will not be attending class that day.

CLARENDON COLLEGE—County Leader Publisher G. W. Clarendon earlier this month took a trip to Clarendon and published it in his paper of several days moving into the dorm at Clarendon

College. Two of the girls are from Crowell. Brenda Cox and Debra McDaniel of Crowell are shown on the right. Others are Diane Clayton and Teresa Kilpatrick of Memphis, and center, Mrs. Retta Hubbard.

Wildcats Lose to Memphis 0-6 Rain-Drenched Battle Here

Crowell Wildcats lost their first game of the 1974 season at Dick Todd Field last night to the Memphis team, 0-6 in a contest played entirely in a heavy rain. Statistically, the Wildcats out-played the

Memphis team, but a blocked Crowell field goal attempt just before half-time provided the only scoring of the night as Ricky Spruiell of Memphis gathered in the blocked field goal try and scampered 64 yards untouched for the Memphis score.

The Wildcats tried valiantly to even up the contest and almost succeeded late in the game, but a fumble on the Memphis 8 ended the drive. Crowell's offense started the last ditch effort after the Cyclone was stopped at mid-field on a fourth down situation. Wildcat quarterback Randy Prince carried for 5, Don Sparkman and Chavelo Rangel each got ten more and moved the ball to the Memphis 25 where halfback David Bell in three tries moved the Cats to the 9. The fumble came on the play following an uncompleted Cat pass.

Crowell's offense, which chalked up 11 first downs, was led by Bell who gained 48 yards on 17 carries and Allen Tapp who netted 40 yards on six carries. Sparkman had 31 yards in five carries. The stout Crowell defense held the powerful Memphis offense to a total of only 68 yards.

Seeing action and doing an outstanding job for Crowell in the game were Ricky Hammonds, Sparkman, Keith McDaniel, Tapp, Prince, Hal Williams, Rudy Rodriguez, Rangel, Nathan Frater, Duane Daniel, Ronnie Swan, Bell, Billy Halenack, Rocky Glasscock, Richard Naylor, Ernie Myers, Norman Hopper and William Bachman.

Plots Sought for Lot to Locate New Post Office

Notice at the local post office states that the postal service is seeking bids on a lot 50 feet in size as the site for a new post office in Crowell. Ted Reeder, postmaster, said Monday that bids are welcome from anyone having a lot at least as large as the size sought.

Bids must be received by October 21, 1974, and he has the following address as the place to write for forms on which to submit bids:

Richard L. Heiligman, real estate specialist, Oklahoma City District USPS, Suite 17, 4545 Lincoln Blvd., Oklahoma City, Ok. 73105.

Dr. Dennis White to Be Speaker Here

Dr. Dennis White, area livestock specialist with the extension service, will be the speaker at a livestock production meeting set for Tuesday, October 1, at 1 p.m. in the office of county agent Joe Burket. Dr. White will discuss livestock problems in this area, as well as the stocker cattle situation, as well as the care of stocker cattle.

Burket says it will be a short, informal meeting with plenty of time for questions and answers, and discussions of problems anyone present may have. He urges all livestock producers to attend and hear Dr. White present the latest information on livestock production.

Receives Degree

Some 1,096 graduates were awarded their degrees Saturday night, August 24, at the 1974 summer commencement at North Texas State University.

The 56 doctoral degrees awarded, along with 422 master's and 618 bachelor's degrees, during ceremonies in the Coliseum. Among the summer graduating class was Mrs. B. Bumgarner, daughter of Mr. and Mrs. Noland A. Bumgarner, Route 1, Crowell. She received the bachelor of arts degree in mathematics.

AUSTIN—Fur flew at both Democratic and Republican conventions last week.

When the smoke cleared, the record showed Democrats in Austin:

- Re-elected State Democratic Executive Committee Chairman Calvin Guest of Bryan 3,125 to 2,183 votes over liberal challenger Leonel Castillo, Houston city controller. Guest is the choice of Gov. Dolph Briscoe.

- Selected a new SDEC, about equally divided between liberals and conservatives. Both sides claimed control.
- Wrote a platform encompassing most of what Briscoe wanted but added some things he didn't ask for and eliminated some he did.

- Named 76 delegates to the December mini-convention in Kansas City to write a national party charter. Again, both sides are well represented. Liberals wanted more minorities on the slate.

Texas Republicans, at Houston:

- Criticized President Ford for his earned-amnesty proposal and nomination of Nelson Rockefeller for vice-president.

- Turned down a resolution calling for support of the president on the pardon of former President Richard Nixon.

- Adopted a conservative platform confined to state issues, including support of the right-to-work law and opposition to agency shop legislation and a recommendation for a one per cent reduction in the state sales tax.

- Re-elected Jack Warren of Tyler chairman and named the 1975-76 GOP state executive committee.

OIL "WIDE OPEN" — Texas Railroad Commission, for the 31st straight month, set the oil production allowable for October at 100 per cent.

Railroad Commission Chairman Jim Langdon said he thinks "we can get through this winter without undue hardship." He warned, however, that there is a threat of coal strike, possible new Arab oil embargo and a cold winter.

U. S. stocks of crude oil are 55.6 million barrels above a year ago. Langdon credited conservation and voluntary use cutbacks by consumers with much of the increase.

Buyers increased nominations to purchase by 18,511 barrels a day—to 4,092,783 for October.

STILL RUNNING—An endorsement by the AFL-CIO executive board revived Rep. Carl Parker's lagging campaign for House speaker.

Meanwhile, Parker pledged to swing whatever remaining support he has to another pro-labor candidate if he sees he has no chance of winning.

Rep. Neil Caldwell of Alvin and Rep. Dan Kubiak of Rockdale indicated they are making soundings to see if any of Parker's votes can be switched to them.

Rep. Bill Clayton of Springlake claimed to have more than 100 votes—of the 150 House members commit-

District Judge Rex Sullivan Died Monday

Rex Sullivan Jr., 50, judge of the 3-county 46th Judicial District since his appointment to the post by former Gov. Preston Smith Sept. 15, 1971, died early Monday at a Quana hospital after a lengthy illness.

Funeral services were conducted at the First Methodist Church of Quana at 2 p.m. Tuesday, with Rev. Howard Quiett, pastor, officiating. Interment was in the Quana Memorial Park under direction of Knowles Funeral Home.

Judge Sullivan was born Feb. 27, 1924, in Quana, a son of the late Mr. and Mrs. Rex Sullivan.

He was married to the former Doris Gardner, daughter of Mr. and Mrs. T. H. Gardner of Quana.

A graduate of Quana public schools, Judge Sullivan attended Texas Tech as an architecture student, then served as a carrier-based night-fighter pilot in World War II. He was aboard the carrier Enterprise only two cabins away when a suicide plane crashed into an elevator shaft, then transferred to the Essex during the battle for Okinawa.

Judge Sullivan entered law school at the University of Texas after the war, taking a law degree in January of 1950. He

was associated with Jim in the practice of law in Quana from that time until 1950, practiced alone until appointment to the bench in 1971 filling a vacancy when Judge Tom Davis stepped down to Austin to become Commissioner of the Court of Criminal Appeals.

Judge Sullivan was an amateur artist who enjoyed painting and sculpting. He carried on farming activities in addition to his duties as judge in Wilbarger, Foard and Hardeman Counties.

Surviving are his wife, daughter, Katherine, 11, sons, Rex Sullivan III and Braunfels and Kirk, brother, David Sullivan, Dallas.

Somebody's trying to take something that belongs to you.

Right here in Texas

In fact, somebody's trying to take something that belongs to all of us: freedom of speech. Somebody's undermining your right to communicate, to listen, to have all available information on a given subject.

Somebody's trying to tell certain Arkansas companies they may not advertise their services.

But advertising is just another word for communication. It is public information; it gives you a choice. It encourages new and better ways of doing things and helps continue the development of newer, better and more economical consumer goods.

Now, however, the right of certain Texas companies to communicate with their customers is in danger. This could ultimately have more far-reaching effects on free speech as we know it.

Right now, we want you to think very long and very hard about advertising and about the good it does in America. We want you to think about its effect on business, on your entertainment, on radio, television, newspapers and magazines, on your right to know.

We want you to think about the effect advertising has on your company's sales, and how the sales of your company affect your own life-style.

Right now, we want you to think very long and very hard about the issue of free speech. Then we want you to write Governor Dolph Briscoe, State Capitol, Austin, Texas 787 and your legislators and your friends and tell them how you feel.

The ball is in your hands. It's up to you to drop it.

Advertising is everybody's business

1975 Chevrolet Pickup Truck

Chevrolet pickup trucks for 1975 combine a more stylish look with hauling utility and offer important engineering advances for smoother and more economical operation. Featured are new front end styling with new grille, four trim levels, including new top-of-the-line Silverado, along with Cheyenne and Scottsdale series. Among engineering advances are catalytic converters, using unleaded fuel, for trucks of under 6,001 GVW, a re-designed 250-cubic inch six-cylinder engine, with engine usage based on GVW ratings, and a line of improved optional equipment offering wider availability.

Hubert Brown Tells About Trip to South America

Rotarian Hubert Brown, who has recently returned from a three-weeks tour of South America, told members of the Rotary Club about his trip at the club's meeting Wednesday, September 18.

Mr. and Mrs. Brown accompanied their daughter and family, Mr. and Mrs. Ed Zak and son, John, of Burbank, Ca.,

on the trip. John, a student at UCLA, has studied foreign languages extensively and he served as interpreter for the family group in South America.

Mr. Brown said Castilian Spanish was the language spoken where they visited. Mr. Zak is a long-time employee of Trans-World Airlines in

Burbank where the family has lived for several years.

The Browns left Crowell August 15, and flew from Dallas to Miami, Fla., where they joined the Zak family for the trip to South America, which included stops in Bogota, Columbia, Quito, Ecuador, Lima, Peru, and other places. In Quito, they saw an equator marker, which was erected there in tribute to the French who came to the area many years ago in a project designed to take the earth's measurements. They visited briefly with the son of Mr. and Mrs. Willie Cato of Fort Worth and former Thalia residents, and his family and also the sister of Mrs. Kenneth Fox of Crowell and her family. These two families live in South America and the men are oil company employees. They also tried to contact another former Crowell resident, H. K. Edwards, Jr., who works for an oil company in South America, but he was out of town for the weekend.

Visitors at the meeting last week were student guests Keith McDaniel, Rudy Rodriguez and Randy Prince and also Jeff Bell of Crowell.

TIRE SAFETY

Appointed to Board

W. J. Boykin of the Northfield community has been appointed to the Board of Directors of Rolling Plains PCA, replacing Dean Decker of Childress, who resigned his position in order to devote more time to a recently acquired ranching operation in South Dakota, according to J.R. Gleaton, president of the Association.

Boykin and his wife reside on their ranch in the Northfield community southwest of Childress where he is engaged in ranching and farming. They have one son, David, who attends Clarendon College and one daughter, Mrs. Richard

Stotts, of near Clarendon. Mr. Boykin's appointment is for a period of from the present time to the next annual stockholder's meeting which will be held sometime in April, 1975, at which time he will be eligible for election to a three year term to the Board of Directors.

Seth Bursey Begins Professional Practice as Pharmacist

Seth Bursey, son of Mr. and Mrs. J. D. Bursey of Quanah, is one of 22 School of Pharmacy students from Southwestern State University who has begun eight weeks of professional

practice. They will complete the assignments on October 18, according to Dr. Bernard G. Keller, assistant dean and professional practice director. Seth will graduate in

December and take his state board written exam in Texas, in January, and his oral exam in July. The Texas law states that all pharmacy students must have 300 hours of supervised practice which Seth has had with a Quanah pharmacist.

Seth is a grandson of Mmes. Tom Bursey and R. G. Nichols, both of Crowell.

Victim Wasn't Dead Yet

SAN ANTONIO—Your eyes can play tricks on you in the early morning, especially Sunday morning.

At just such a time Texas Parks and Wildlife Department game warden Charles Koenig of San Antonio was out on patrol when he came upon three men stuffing what looked like a dead white-tailed deer in the trunk of a car.

Koenig approached the men and asked to see the contents of the trunk.

Acquiescing, one of the trio opened the trunk lid where upon a very live and scared whitetail doe sprang into the surprised face of the man and bounded down the road with white flag raised.

The men confessed that they thought they killed the animal by hitting it with their car.

Koenig, for the lack of a corpus delicti, lectured the group on the proper use of the state's wildlife and sent them on their way.

Pictures Go on Sale

Color pictures of the members of the 1974 CHS Wildcat football team were recently taken by Charles Stewart of Stewart's Studio of Vernon.

Proofs of the pictures can be seen at the News office and orders will be taken for the pictures. Payment of the pictures will be made at the time orders are placed, Mr. Stewart said Monday.

Gov. Reagan to Speak at Bob Price Barbecue

Extensive physical arrangements are near completion for the Bob Price Barbecue featuring Governor Ronald Reagan of California Sunday, September 29th at the Price ranch in Pampa.

Roads and a parking area have been graded, grass mowed, and a platform is being built at the Price ranch northwest of Pampa for Governor Reagan's speech.

The fundraising event is scheduled to begin with entertainment at 2:00 p.m. Sunday with a barbecue being served at 5:00 p.m.

The beef is being barbecued in pits at the ranch under the supervision of Caylor Caddell of Dalhart.

The affair, billed as a "family barbecue" is expected to draw hundreds of Panhandle supporters. "I look upon this event as an opportunity for my constituents to meet and hear one of the great men of America," Price said.

Tickets to the barbecue are priced at \$10, a couple with children admitted free. Tickets are being sold by Republican County Chairmen and supporters throughout the Panhandle.

CARD OF THANKS

We want to express our appreciation to every one of our friends who called, sent cards and memorials in memory of Gertrude. May God bless each one of you.

Monza 2+2 . . . new from Chevrolet

The soon-to-be-introduced 1975 Monza 2+2, Chevrolet's new sporty European-type compact four-passenger hatchback sportster that has two bucket seats in the front and seating for the rear. The rear seat can fold into a cargo area. Front lighting on the Monza 2+2 is new in first usage of dual rectangular headlights (lower left). Parking and turn signal clear lens mounted in the lower valance panel. Wrap-around rear lighting units (lower right) provide rear lighting requirements. Rear panels, like the front, are soft faced with integral bumper and a full-width bumper strip.

CHEVROLET FOR 1975. CARS THAT MAKE SENSE FOR TODAY

Nova LN Sedan

Monza 2+2

MONZA 2+2 The small car of tomorrow will probably be a little more powerful, handy and comfortable than ever. The 1975 Monza 2+2, shown above, offers this today. It has advances like rectangular headlights set in a soft front end, fold-down rear seat, and a new 4.3-litre V8 engine available.

NOVA In the background above, our new Nova LN Sedan. A luxurious Nova with thick carpeting and wide-back reclining front seats. For 1975, all Novas have been emphatically refined along the lines of elegant European sedans. Nova's always been good. Now it's beautiful.

CAMARO Our sensibly sporty compact. It looks like a million and drives like it looks.

IMPALA America's favorite car continues to provide the room many families need plus plenty of quiet and comfort. Still the great American value.

WAGONS Big ones, small ones, in-between ones. Practical wagons that make sense for America. And you.

CHEVELLE Mid-size, easy to drive, room for six, mid-priced, strong reputation for value. America's most popular intermediate.

MONTE CARLO Its special ability: making you feel good. About the way it looks and drives. About your own taste and judgment.

CHEVROLET'S NEW EFFICIENCY SYSTEM FOR 1975

It's the key part of a program aimed at helping our new cars run leaner (more economically), run cleaner—and save you money every mile.

The Efficiency System is standard on all 1975 Chevrolets with V8 or 6-cylinder engines. It's a series of significant engineering improvements working together for the very first time. Components include High Energy Ignition, catalytic converter, Early Fuel Evaporation and steel-belted radial ply tires. In sum, the System is designed to heighten the pleasure and lower the cost of driving a 1975 Chevrolet—to bring you a better running car in many ways, along with improved fuel economy, more miles between recommended maintenance and an engine that stays cleaner internally because of no-lead fuel.

Your Chevrolet dealer will gladly give you the details and answer your questions. See him and the sensible 1975 Chevrolets starting September 27.

SCHEDULE
Friday—Chillicothe, There, 8:00.

WELCOME!
The students of Crowell High School would like to welcome a newcomer, Wanda Johnston, to our midst. Wanda, who came here from Dallas, is a freshman. Hope you like it here!

PRETEND IT DIDN'T HAPPEN
When you cheer at the wrong time in a pep rally.
When you accidentally open the door to the wrong restroom.
When your math teacher wakes you up in class.
When you accidentally call one of your teachers Mom or Dad.

When you're on your way to the next class after gym and you discover you haven't put on your shoes.
When you fall over the waste basket.

This is a behind the scenes report on the teachers at CHS. The new teachers as well as the "Old Timers" all have something to say about this year's work-out. These are some of the comments we received:
Coach Ryan—"I'm excited about teaching and coaching in a school where there is a tremendous amount of enthusiasm demonstrated by the students and townspeople alike."

Mrs. Halbert—"I think everything is in tip-top shape. Everything is going well. It looks like a great year!"
Mr. Hobson—"No comment."
Mr. Wall—"I'm going to have to think about this one awhile."
Mr. Welch—"Great! This year is starting off pretty good. I think we have a winning football team, and I enjoy my classes."
Mr. Gafford—"I think this is the best I've had so far. Scholastically, I think I'm getting better response from the students than ever before."
So there you have it, a little about the treats in store for Crowell High School students, this year.

SENIOR SCENE
As the close of the first six weeks draws nigh, the seniors are found studying intently on Civics, bookkeeping, home ec, physics, and other various subjects. In English IV, we have started our vocabulary. This consists of learning the parts of speech of each word, where the word was derived and the definition. In civics, we are studying the Constitution and its various parts.
There are several senior girls in FHA this year. Among them is the president, Jacquelyn Brown, treasurer—Ruth Stone, and the 2nd vice president—April Werley. Others are Karen Staiser, Leila Smith, Renee Westbrook, Jana Russell, Rita Hodges, Mary Ann Quintero, and Rachel Lozano. The senior FHA mother is Mrs. Jack W.

Carroll O'Connor
"I've never had cancer. But I'd be crazy to ignore it. I know many cancers can be cured if they're detected early. But you've got to know the warning signals: Change in bowel or bladder habits. A sore that does not heal. Unusual bleeding or discharge. Thickening or lump in breast or elsewhere. Indigestion or difficulty in swallowing. Obvious change in wart or mole. Nagging cough or hoarseness."
"If one of them appears, see your doctor right away. The odds are you don't have cancer. But only your doctor can tell you that for sure."

FRESHMAN FROLICS
The freshman class hopes Mike Williams has a speedy recovery, and welcomes a new freshman student, Wanda Johnston. The freshman boys in FFA received the rings they ordered. With the first 6 weeks about over, six weeks tests will be coming. Football season's well underway now and the freshman boys are doing their part to help the team. Freshmen playing this year are Oran Carroll, Terry Glover, Don Johnson, George Brown, Marvin Coleman, Michael Daniel, Mark Christopher, C. B. Sparkman, Randall Russell, Jay Wall, David Westover and Garry Hodges. Freshmen say "Get an Eagle!"

SENIOR SPOTLIGHT
Arthur Barrera Cerda, son of Mr. and Mrs. Joe Cerda, is in the Senior Spotlight this week. He is eighteen years old, five feet 10 inches tall, and has black hair and brown eyes. His favorites include: food, steak; color, blue; song, "Hooked on a Feeling"; actor, Don Knotts; actress, Susan St. James; subject, civics, and hobbies, playing music, making new friends and riding bikes.
Some of Arthur's achievements include being the recipient of a half scholarship in band his freshman year, class "Guy" his junior year, president of band, and treasurer of Spanish Club. Arthur is very active in band, where he is currently serving as band president and drum major. He has taken several solos to Enid, Amarillo, and Austin. He was first alternate to receive a quarter master scholarship at Tech Band Camp this summer. Arthur attends the Catholic Church. His future plans are to go to college and major in music.

CAFETERIA MENU
OCTOBER 1-4
Tuesday—Chicken fried minute steaks, creamed potatoes, English peas, carrot sticks, graham cracker with filling, rolls, milk.
Wednesday—Fried chicken with gravy, buttered rice, mixed vegetables, celery sticks, jello with fruit, rolls, milk.
Thursday—Corn dogs, tossed salad, baked beans, spinach, applesauce cake, milk.
Friday—Hamburgers, lettuce, tomato, onion and pickle slices, French fries, peach cobbler, milk.

Probation Program Is Funded
Governor Dolph Briscoe this week announced his approval of a criminal justice grant of \$10,550 to Wilberger County for a multi-county probation program.
The second-year funds continue the employment of a misdemeanor probation officer for the 46th Judicial District, comprised of Ardmore, Hardeman and Wilberger counties. The officer provides adult and juvenile probation services, seeking to reduce recidivism and divert misdemeanants from the felony criminal justice system.

DAILY DILLYS
Bertha Leija received the "Big Mouth Award" at Friday's pep rally. Congratulations!
This week is the one we've all been waiting for! It's six weeks, and we get to take all those lovely tests the teachers have planned for us.
Despite complaints, mud, the people falling down in the mud, etc., the band practices its marching. Because of rain, we were only able to march one day last week, but that was enough for most of us! Have you ever tried to do a counter march in six feet of mud?
The football boys and coaches deserve a big congratulations for Friday's game. I don't see how anybody could play such a good game in all of that rain and mud!
The annual FHA mother-daughter salad supper will be held at 6 on Tuesday, Oct. 1, in the cafeteria.

JUNIOR JIVE
The juniors have taken a survey on "what's the wierdest thing you have in your locker?" The responses were:
Betty Collins—Nathan Frater.
Stacy Garrett—Her English notebook.
Terri Eavenson—4 pairs of shorts, 3 shirts, one red sock and one blue one.
Steve Stapp—Baloney (his school books.)
Dean Smith—His school books.
Kathy Sparkman—Pair of stockings.
Lupe Martinez—Toni's shorts and stinking tennis shoes.
Dee Finley—Espanol (Spanish).
We also asked our sponsors what the wierdest thing they had in their rooms. Their responses were:
Mr. Gafford—The students (Hal and Ricky.)
Mr. Ryan—Don Sparkman trying to type 40 words a minute with one hand.
We would like to thank all the people who bought or donated to the magazine sale of the junior class. We set a new magazine selling record of \$2,000.

This week the Wildcats play Chillicothe, so everyone come and back the Wildcats. Juniors say: Pluck the Eagles!

SOPHOMORE SCOOP
The past several weeks in English, we have been studying hard, so Friday we took a break by playing several games of "Password."
On the whole, this is what we do during the week. Monday through Thursday we have our heads stuck in a book, busy getting our assignments. Friday, however, is an altogether different day. Everyone has high spirits screaming "Battle Cry" while going down the hall between classes. This day passes quickly and before we know it, it's time for a pep rally to cheer the Wildcats onto victory over their opponents, the Chillicothe Eagles.
We would like to congratulate our great football team for its outstanding performances at games which is a result of good coaching and lots of team work. So, everyone come and yell the Cats to victory at Chillicothe Friday night. The sophomores say "Defeat an 'ill eagle!'"

Last Rites Held for A. E. [Cotton] Barker

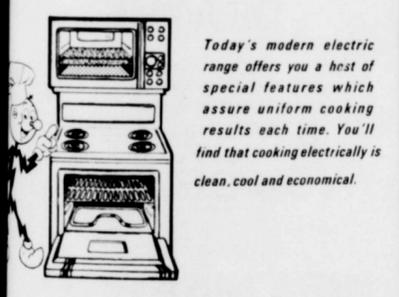

Last rites for A. E. (Cotton) Barker, 67, were held Wednesday afternoon of last week at the First Baptist Church in Crowell with the pastor, Rev. Joe Ainsworth, officiating. Music was provided by Mrs. Ainsworth, vocalist, and Mrs. Glenn Halsell, organist.
Bearers were R. J. Owens, Jack Walker, Jack Welch, Pat Pittillo, Bud McLain and W. A. Traweck. Interment was in the Crowell Cemetery with Womack Funeral Home in charge of arrangements.
Mr. Barker was born at Durant, Ok., Dec. 17, 1906, son of Mrs. A. W. Barker and the late Mr. Barker. A veteran of World War II, he was a farmer and member of the First Baptist Church.
Survivors include his wife of Crowell, one son, four brothers, four sisters, and three grandchildren.

TIRE SAFETY
Added air pressure can reduce wear and keep tire cooler on long trips at steady speeds, says the Tire Industry Safety Council. Add up to four pounds for turnpike driving, but never go above the maximum allowable air pressure, molded on the sidewall, for instance "32 psi" for most passenger car tires.

CONSERVE AND SAVE ON ELECTRIC COOKING

Today's modern electric range offers you a host of special features which assure uniform cooking results each time. You'll find that cooking electrically is clean, cool and economical.

For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.

Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small average sized pans.

Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.

Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

Select correct, measured heat. The accurate heat selector switch or oven thermostat enables you to select, exactly, the same correct temperature each time you use it.

For good heat distribution around the pans, when baking, they should not touch the sides of the oven or each other. Allow one inch clearance. Check for doneness at minimum baking time on recipe, don't keep opening oven door to peek.

Honored at Shower

Mrs. Charles Sanders, the former Miss Kathy Denton, daughter of Mr. and Mrs. N. A. Denton was honored with a miscellaneous wedding shower on Sat., Sept. 21, in the home of Mrs. J. M. Barker.

The refreshment table was covered with a lace table cloth and the honoree's chosen colors of pink and white were carried out in the arrangement of pink and white mums.

Refreshments of cookies, nuts, mints, and punch were served. The bride's book was attended by Mollie Romicez. Receiving the guests were the honoree and her mother, Mrs. Denton.

The hostesses presented the honoree with individual gifts. The couple were married on Sept. 14.

SUB-JUNIOR ADELPHIAN CLUB

The Sub Junior Adelpian Club met September 11 in the club house for the first meeting of the year. The new officers are president, Karen Statter; vice president, April Werley; secretary, Pam Whatley; treasurer, Vickie Pharis; parliamentarian, Vicki McDaniel; corresponding secretary, Connie Werley; historian, Kristy Shirley; reporter, Jana Glover. The sponsors of the club are Mmes. Otto Bachman Jr. and Duane Taylor.

For the program the officers presented skits to the new members about the coming highlights of the coming year.

The second meeting of the year was held Wednesday, September 25.

JUNIOR LEADERS

The Foard County Junior Leaders met at the community center Sept. 19 for a regular meeting with April Werley, president, calling the meeting to order. Jana Glover led the prayer and Kathy Whitfield led the pledge. A very interesting program on helping with today's energy crisis was given by Jacquelyn Brown. The officers and council delegates will meet at the regular planned junior leaders meeting October 3.

Delicious refreshments were served to 42 members by April, Rocky Marlow, William Bachman and Erwin Jackson. Leaders Sally Sowell and Joe Burkett were also present.

New Home Economics Study Group Is Organized Monday

The first meeting of the Extension Home Economics study group was held on Monday, September 23 at 7 o'clock in the home of Mrs. Duane Johnson. There was a total of 14 in attendance at this meeting of organizing and beginning this new study group for young homemakers. The program was entitled Eat To Live Better and was presented by the extension agent, Sally Sowell. The group discussed the basic nutrients and their function and sources. To conclude the program each person evaluated their daily intake of food with the Basic Four Food Groups. The next meeting will be on October 28, in the home of Mrs. L. H. Wall.

Those in attendance were Janis Everson, Judy Carpenter, Martha Kay Welch, Barbara Wall, Margie Johnson, Marlene Fox, Jo Ann Vecera, Veronica Carroll, Martha Brock, Ann Halselt, Dee Ann Dunn, Laura Halbert, Mary Sue Adkins, and Sally Sowell.

manufacturers had quite a time keeping up with demands for canning equipment.

If you did some gardening this year, now is the time to ask yourself, "How did my garden grow?" Most gardeners spend something under 50 cents for a package of garden vegetable seeds. If as an example, you buy a package of tomato seed with a picture of big juicy red tomatoes on the label, and you harvest a dishpan full of yellow cherry tomatoes from the seeds you planted, you may tend to shrug it off. After all, most folks think, "I'm only out 50 cents."

Turn the example around and think of yourself as a farmer, who expected a return of \$3,000 on the same type of tomato seed! He likely had a ready market for the big red tomatoes he planted, or thought he planted, but had no market for the small yellow tomatoes and, for all intents and purposes, his crop was a total loss.

What most gardeners don't realize is that there is more at stake than the purchase price of the seed package. When a gardener "shrugs-off" such a situation, a small link in the chain of consumer protection for seed buyers is broken.

Did you know that you are offered consumer protection when you buy seed? The Federal Seed Act offers it to you, if you do your part to help the Act work for you. It's a truth-in-labeling law designed to protect farmers and other seed buying consumers. It requires, in part, that seed be both truthfully and completely labeled. The vegetable seed you buy and plant in your garden, if they have been shipped to your hometown in interstate commerce, are covered by this law. All 50 states have seed laws that are comparable to the federal law, so even the seeds you buy from firms in Texas have to measure up.

Hopefully, when asked, "How did your garden grow?" you will smile and answer, "Just the way I planned it. Everything came up just the way I wanted it to."

Several Due Honors By Tech Association

A college president, a university dean, a Texas Supreme Court associate justice, and the executive director of the American Institute of Mining, Metallurgical and Petroleum Engineers will be recognized as "Distinguished alumni" of Texas Tech University October 18.

Recipients of the honors at the eighth annual Distinguished Alumni dinner will be Dr. William M. Pearce, Jr. president of Texas Wesleyan College in Fort Worth since 1968, and former executive vice president of Texas Tech University; Dr. John R. Bradford, dean of the College of Engineering at Texas Tech University since 1955; Associate Justice James G. Denton of the Supreme Court of Texas in Austin since 1970; and Joe B. Alford of New York City, executive director since 1968 of the AIME, the national professional and technical society for engineers in the minerals, metals and energy resource industries.

Twenty-six alumni have been awarded the recognition by the Texas Tech Ex-Students Association in annual ceremonies which were instituted in 1967.

Purpose of the program, according to Manuel Debusk of Dallas, president of the association, is to recognize and honor Texas Tech Ex-Students "who have made significant contributions to society, and whose accomplishments and careers have brought credit to Texas Tech University."

Cattlemen's Livestock Auction Coming Up on September 30th

"THE DROUGHT AND INFLATION ALMOST DID ME IN... BUT I DID HOLD SOME BACK FOR THE CRIPPLED KIDS... CAUSE EVERY YEAR IS TOUGH FOR THEM."

As the September 30th sale date approaches, Charlie Morris, general chairman of the 15th annual Cattlemen's Round-Up for Crippled Children, expressed guarded optimism as to the prospects for the fund raising project for the West Texas Rehabilitation Center in Abilene, Texas.

Morris stated, "Pledges of cattle and other livestock are running ahead of last year, but at this point they are not running ahead enough to make up the price differential from last year's market." Morris added, "The only way we are going to raise the \$150,000 needed to operate the Center is for those who have helped over the years to give an extra head or two this year, and a lot of folks that haven't participated in the past to give us a helping hand with livestock or cash."

"This has been a rough year on the cattleman," Morris said, "and we know that his help this year will be a real sacrifice." Anyone wishing to donate livestock should contact the West Texas Rehabilitation Center (915-692-1633) so pick-up arrangements can be made. Cash donations can be mailed to the Center at 4601 Hartford, Abilene, Texas 79605.

The Cattle Sale is set for 1:00 p.m., September 30, at Ranchers and Farmers Livestock Commission in Abilene. The Horse Sale will be October 5 at 1:00 p.m. at Abilene Auction and the Sheep and Goat Sale will follow October 14 at the Coleman Livestock Auction in Coleman, Texas. A Farm Equipment Sale is set for November 9 in Lawn, Texas. Chairman Morris emphasized that all donations are tax deductible.

The West Texas Rehabilitation Center is a private, non-profit treatment and diagnostic center serving the handicapped of the Southwest. The Center has served more than 21,000 individuals since it began operations August 15, 1953.

NO LONGER BELIEVE

"People no longer believe that massive federal spending will necessarily solve all social ills instantaneously. We all hope that perhaps it would. But it did not. People got their hopes up, and then their hopes were dashed, when program after program costing millions upon millions came up short—for the people. If there is a questioning running through this country, as

some have suggested, it stems from those whose promises cost so much and produced so little."—Mr. Donald Rumsfeld, former director, Cost of Living Council.

CAN'T PERSUADE...

You can't persuade a person to believe in the integrity, strength and importance of business if he just got shafted in some business transaction."—Elisha Gray II, chairman of the Council of Better Business Bureaus.

Come to the Land Bank for a long-term loan at reasonable cost

...and for other advantages you might find even more important.

Extra years in which to repay and an interest rate kept as low as possible are big reasons farmers and ranchers choose Land Bank financing. But your Land Bank also recognizes that each borrower needs a loan carefully planned to meet individual needs. A better loan—and better loan service. Come to us for both.

Son-in-Law of Foard Couple Died Monday

Cy Licastro, 54, husband of the former Mildred McGinnis of Foard County, died in Sacramento, Ca., Monday, September 23, following a long illness. Funeral services will be held in a Sacramento Catholic Church Thursday, Sept. 26, with burial in a Sacramento cemetery.

Mr. Licastro was born in Sacramento April 1, 1920. He was married to Miss McGinnis in Lubbock, November 12, 1942. He was a veteran of Air Force service during World War II. He received his BS degree as a laboratory technician from California State University. Survivors include his wife; two sons, Michael Licastro of Langley, Wash., and David Licastro of the home; and two granddaughters.

GRAIN EXPORTS

As the Burlington Northern railroad notes, total grain export this year is expected to be less than last year's 3.46 billion bushels, but the extent is uncertain. Export demand is down at present and producers in early harvest are tending to hold this year's crop in amounts for above normal. The current down-turn in export is creating concern that a sudden shift to heavy movement in the months ahead may condense demands for cars and place a heavy burden on supply at the peak of the harvest.

TIRE SAFETY

Safe driving is sound economy too, says the Tire Industry Safety Council. For longer tire life don't drive too fast, don't corner hard, aim away from chuck holes and other obstructions and avoid abrupt starts and stops.
