Supt. Jones reported on the mid-winter advisory conference of school administrators which he attended in Austin January 8-9. He said all four major finance plans for schools to be presented during the legislative session call for the legislative establishment of a market value appraisal of property. Governor Dolph Briscoe addressed the administrators and told them that he wanted his adminis-

tration and this session of the legislature to be known as the "education session." Bessie Mae Newman is in the Senior Spotlight this week. She is the 17-year-old daughter of Mr. and Mrs. Buster Newman. Bessie Mae is 5'8" tall, has brown eyes and black hair.

Bessie Mae has attended Crowell school for five years. She belongs to the Baptist

Some of her favorites include: Food, steak and french fries; color, blue; song, When Will I See You Again; actor. Clifton Davis; actress, Teresa Merritt; Hobbies, sewing and cooking; subject, homemaking.

Bessie Mae has been an active member at Pleasant Home Baptist Church, Sunday School teacher for little children, helped with

the kindergarten two years in Elementary school.

Her future plans are to go to college, and major in business.

#### SENIOR SCENE

The Seniors would like to congratulate Jacquelyn Brown, Dwain Crosby, and Steven Setliff. Jacquelyn and Dwain made the All-Region Band in a contest that took place January 3rd and 4th. Steven was named to the All-Region Choir on Jan. 3rd.

A class meeting was held last week to make plans for a party. A hobo stew and volleyball game was decided. but the time and place have not been scheduled. We have finally started the

downhill path of our school years. Everyone is looking toward graduation with excitement, hope and fear. The basketball teams have

started the district contest. We would like to wish them "Good Luck"

#### JUNIOR JIVE

The Juniors have to wait only 3 more months to get our senior rings. Boy, does that sound like a long time! January 3, six band students tried out for All-Region Band at Abilene. The juniors would like to congratulate Amie Brasher who placed from their class.

#### SOPHOMORE SCOOP

The sophomores are back into the swing of things. For instance, going to basketball games, studying and concentrating on when the next holiday is coming.

We had several visitors last week in CHS because other schools started classes at a later date. We really enjoyed visiting with them. Well, with drivers ed class

starting, you have probably heard the rumor that the new drivers ed car is a real hot-rod. As the story goes, it has dual four barrels, dual exhaust, dual brakes four-

wheel drive, four on the floor, full race cam, two ram air hood scoops and a racy engine. Rumor also has it that the

car has 18 inch Gilette tires on the back, GT mags and a fiber glass body. It is equipped with such

extras as a stereo tape player, radio, bucket seats, full power and air, and electric windows.

But don't believe every thing you read and hear. The car used is a new 1975 model which is very nice and well equipped. We would like to express our thanks and appreciation to the Borchardt-Goodwin Chev-Company rolet furnishing a car.

#### FRESHMAN FROLICS

With school back in full swing now, here is how we started out the new year. In general science we have been studying about radioactivity, in VAI we have been learning how to fill out our record books. In our related math course we have been constructing triangles and pyramids. In English, we are reading literature. We are having more fun!

The Freshman would like to congratulate Scott Streit for placing in the High School All-Region Band. We would also like to welcome a new student in our school, Gary Cabral. Welcome, Gary.

# Multi-Year Tags Available To Motorists Next Month

Beginning February 1, the majority of motor vehicles operating in Texas may be eligible to use the new 'multi-year' license plate, renewable annually for five years of driving. According to Bob Townsley, Director of the Highway Department's Motor Vehicle Division. approximately 9.2 million renewal notices are already in the mail to vehicle owners announcing the fact.

"Motorists will notice no change in the registration procedure this year." said Townsley. "Only the license plate to be issued will be different."

Instead of the usual metal plate, a heavier, non-corrosive steel will be used for greater endurance. Also, the plate will be reflectorized and will feature black letters and numerals on a white to be the most easily cadable color combination.

The real change in registration procecure will come in 1977," explained the addition revenue from using Highway Department official. Next year, instead of for the five-year period. buying a new license plate. owners will purchase a 1-by 2-inch adhesive-type validation tag that will be placed in the debossed upper left corner of the plate. In 1977, the tag will be stuck in the

be used in Texas is almost identical to the one adopted by California some years ago. Specifications for plate design, letters and numerals were obtained from that state after careful study by Highway Department officials. "We found California to be completely successful with its 'multi-year' licensing system and it came closest to the 'new look' we wanted for Texas." said Director Townsley

The 1975 Texas "version" is expected to cost the state 44 cents per plate to produce. almost double the manufacturing cost for the '74 plate. The difference in costs being attributed to different materials and plate design. However, the validation tags field, considered by experts to be used beginning in 1976 will run some three cents apiece. According to Townsley, the state will realize an \$8.5 million savings in the semi-permanent plates

Some motorists will recall this is not the first time "multi-year" license plates have been used in Texas. During the war years 1943 and 1944, small metal tabs were issued to renew the apper right corner to cover 1942 plate. Then again in the debossed "75," and 1947, when there was a alternated for the ensuing shortage of metal plates. years. He reminded, "Certain classes of motor vehicles will still require annual purchase of plates. These include radio operators, dealers, state officials and those passenger cars displaying 'personalized' plates.'

Motorists using the new plates will notice the use of vowels for the first time. Since 1965, when the 'English' system of a three-letter prefix and a two to three digit basic number was adopted, only consonants were used. Townsley says there are just too many vehicles in Texas to allow consonants only. The first 1975 license plate will be AAA 10 to be issued in Bastrop County.

Also for the first time, a new five-year travel trailer plate will be available. This classification includes all trailers and house trailertype · chicles which are (1) not in excess of 6,000 pounds gross weight or (2) not in excess of 8 feet wide or 55 feet in overall length when measured in combination with the towing vehicle. regardless of weight. The registration fee is based on actual weight including all furnishings. Annual license plates and movement permits will be available for mobile homes and house trailer-type vehicles exceeding these specifications.

Annual registration fees for motor vehicle owners will remain the same in the past-\$12.30 for vehicles weighing up to 3,500 pounds; \$22.30 for vehicles weighing 3,501 to 4,500 pounds; \$30.30 for vehciles weighing 4,501 to 6,000 pounds; vehicles weighing 6,001 pounds or more are charged at the rate of 55 cents per hundred

#### Miss Black and Grady Hinkle Wed

Miss Rita Claire Black and Grady Eugene Hinkle exchanged wedding vows at 10 a.m. Dec. 23 in the Assembly of God Church of Crowell. Rev. Bobby Argo officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Orville Black of Crowell and Mr. and Mrs. Lawrence Hinkle of 1210 Seminole Road of Lamesa.

The bride, given in marriage by her father, wore a street length dress of winter white lace knit featuring long sleeves. The bodice of the dress was trimmed with silver braid and the neckline was accented by deep ruffles.

In keeping with tradition, the bride wore something old, something new, something borrowed and something blue.

Miss Lydia Cerda of Thalia, who served as maid of honor, wore a blue two-piece suit. Serving as best man was Danny Ownbey of Crowell.

Out of town guests attending from Lamesa were Terry Blakely, Virgil Summers and the groom's

Reception Following the ceremony, a reception was held at the

bride's home. The home was decorated with holiday and wedding motifs in the bride's chosen

colors of blue and white. The table, covered by a white lace cloth, held the three tiered cake which was accented by blue roses and topped by a cupid holding love doves. Assisting with the serving were sisters of the bride; Mrs. Johnny Robertson, Mrs. Tommie Carpenter, Miss Leila Smith, and Miss Cindy Black.

For traveling, the bride chose a white crepe blouse with a green pants set.

The bride is a 1975 candidate for graduation from Crowell High School and the groom is a 1974 regular session January 10, graduate of Crowell High School. He is now attending Vernon Regional Junior College. They will make their home at Route 1, Crowell

It continues to be the same sad story for Texas farm ces and parity. As of the middle of December, parity od (or slumped) to 73; this is down three points from vember and off a whopping 17 points compared to a

All categories of livestock continue at levels well below rity. Crop prices, with the big exception of cotton, are

Wheat in Texas averaged \$4.62 per bushel; parity is .21. Sorghum averaged \$5.34; parity is \$4.76. However, th wheat and sorghum were higher priced in November in December, reflecting a general softness in grain

Cotton averaged 32.7 cents per pound while parity stood 76 cents per pound.

Hog prices are \$10 below parity; feeder cattle are tually two-thirds under parity. Beef cattle prices are out half of parity. Hog prices a year ago were \$3 higher; eder cattle prices were twice what they are now; and beef ttle prices were \$7 higher a year ago than now.

Milk averaged \$9.40 per 100 pounds while parity is \$11. igs at 70 cents a dozen as of the middle of December mpared to 75 cents a dozen parity ratio.

Wool and mohair are also at prices considerably below

TEXAS is the first, second and third in production of tables in 1974. Texas is first in the nation in harvested age for fresh market of cabbage, spinach, and termelons.

It is second in harvested acreage of cantaloups, carrots, cumbers, honeydews and onions.

It is third in harvested acreage, production and value of esh market vegetables. Texas ranks behind California and orida in this category.

Estimated production of 14 principal fresh market getables and melons for 1974 is 12 per cent less than 373. And they had a total value of \$135 million. This is per cent below a year ago. Leading crops in order of lue were onions, watermelons, carrots, cabbage, and ntaloups.

COTTON marketing continues on the dull side. Markets roughout the state were reported more active, but oducers were continuing to decline offers. Prices ranged om 20 to 34 cents per pound throughout the state.

Cotton planting is set to begin in February in the Rio rande Valley, but the outlook for cotton continues bleak ue to a recession in the general economy and a downturn business in the textile industry.

Currently, the estimate for cotton production in the alley is around 150,000 to 175,000 acres. This would be bout 40 to 50 per cent less than in 1974. Similar cuts in roduction are expected throughout the state.

COMMISSION SPURNED -A Senate consumer affairs sub-committee balked (on a two-to-one tie vote) at recommending a statewide public utility commission.

Sens. Betty Andujar of Fort Worth and Bill Meier of Euless voted against the proposal, while Sens. Ron Clower of Garland and Lloyd Doggett of Austin supported it.

Clower and Doggett immediately pre-filed a bill to set up the commission, as Clower warned the committee vote demonstrates stormy days ahead in the legislature over the issue.

Briscoe named State Rep. John H. Poerner of Hondo executive director of the Committee on Aging effective February 28.

Other recent appointments by Briscoe include Norman L. Utter of Corpus Christi as 214th district judge, Gerald Alton of Lufkin as 159th district attorney and Herman Smith of Hurst as chairman of a special advisory council on housing.

Of the total, Houston received \$12.5 million, Dallas, \$7.8 million, San Antonio, \$3.9 million, Fort Worth \$2.6 million; and Austin and El Paso, \$1.9 million each during the quarter.

New Comptroller Bob Bullock resumed release of the data without charge to news media. The comptroller's office last year discontinued distribution of the reports.

WATER REPORTS AC-CEPTED-Governor Briscoe accepted a short-range action program for guiding water development submitted him by a 32-member task force. At the same time, he emphasized need to find a way

to bring water to deficit areas from outside the state. The program calls for \$1.7 billion worth of projects (many already under way) to meet Texas water needs and set priorities. It advises local management of ground water resources and endorses water importations for long-

Briscoe called on members of the task force to stay on the job and help implement the plan.

APPOINTMENTS-Governor AG OPINIONS-Jurisdiction over minors 14-17 years old for fish and game law violations is in juvenile courts, Attorney General Hill held.

Where minors are taken into court, they must be released promptly to parents Send on promise to bring them to court on request.

In another opinion, Hill said the State General Land Office may pay for operation and maintenance of its airplane and two automobiles from the travel item of the Order current appropriations act.

SHORT SNORTS

State and city sales taxes apply to gold and silver bullion purchased or delivered in Texas, Comptroller Bob Bullock held.

Texas wheat farmers may harvest a record crop of 117 million bushels in 1975, according to Texas Agriculture Commissioner John C.

Cigarette stamp revenues increased more than a million dollars-to \$20.8 million -last month over December

Wildcat oil drilling increased by 42 wells in 1974 over 1973, but wildcat gas well drilling declined slightly.

Disaster designation has been requested for Castro, Floyd and Hale counties due to prolonged drought and adverse weather conditions.

The National Cemeteries Act of 1973 provided for the transfer of responsibility to 82 national cemeteries from the Department of the Army to the Veterans Adminis tration. These joined 21 VA cemeteries to form the National Cemetery System.

#### Ritchey Newton Earns Doctorate Degree

William Ritchey Newton, Jr. was awarded the Doctorate in Philosophy in History by the University of Michigan on December 15 for his deissertation "Port-Royal and Jansenism.

Dr. Newton is the son of the late William Ritchey Newston and is a great newphew of Mrs. Vera Greening of Marietta. His late father spent most of the summers during his youth here in Crowell visiting his aunt, Mrs. T. B. Klepper and family.

After studies at the University of Oklahoma and in Rome, he received his bachelor's degree from Loyola University in Chicago with honors in 1967. The following year he was awarded the Masters in Arts in History by the University of Michigan.

After a years national service, he returned to Michigan where he was a Fellow years before receiving the Horace R. Rackham Prize for Continuing Graduate Studies. With the support of the University of Michigan, Mr. Newton spent two years in Paris attending the Ecole Pratique des Hautes Etudes, the graduate school of the

Sorbonne. Returning to the United States in the fall of 1973, Mr. Newton was appointed a lecturer in Ann Arbor, where he taught until May of this year.

At present, Dr. Newton is a scholar in residence at the General Theological Seminary of the Protestant Episcopal Church. In January of 1975, he has been invited to return to the University of Michigan where he will teach a colloquium in the history of society and religion in Early Modern Europe.

Dr. Newton is the co-

author of "The Minutier Central: A Research Note," pubgural speaker on December 16 at the annual meeting of the Whittingham Society for Ecclesiastical History.

Three Important Tax Deadlines Due in January Although the mention of

tax usually brings to mind that square on the calendar marked April 15, the month of January contains three very important tax deadlines which will affect many taxpayers in North Texas.

Employers are reminded that the deadline to give employees their 1974 W-2 forms is Friday, January 31, 1975. Adherance to this date is important because of the delay in filing individual income tax returns that can

be caused by late W-2 forms. January 31 is also the deadline for reporting social security and withheld income taxes for the calendar quarter ended December 31. 1974. If employers make timely deposits of the full amount of tax due, ten additional days are allowed to file the return. Employers who received a pre-addressed form 941, "Employer's Quarterly Federal Tax Return," should use this form to report their tax liability. Other employers can obtain blank forms from their local IRS office.

The last day of January is also the last day to report and is over \$100.00 the employer must make a deposit with FTD form 508. Employers depositing the full amount of tax on time will then have return.

# George Self Makes Annual **Predictions for Coming Year**

A general belt tightening is in store for Foard County residents as a result of the current recession. George Self told members of the Rotary Club of Crowell last week when Mr. Self presented his predictions for the year. It has been a custom of the club for many years to have Mr. Self make predictions for the year at the first meeting of the year and through the years he has had remarkable success in predicting the year's

happenings. Introduced by Rotarian Warren Haynie, Mr. Self prefaced his predictions by saving that he had consulted a number of individuals and read several publications in compiling his prediction for 1975. He briefly compared what he said last year with what actually occurred. He predicted last year a 10 per cent increase in membership of the local Rotary Club and the club gained about 20 per cent. He predicted deposits in the local bank would reach 57 5 million and would level it around \$7, which proved to be true. He predicted Nixon would be in "deep uble" during 1974.

In commenting on recessions, he said the U.S. had one in 1908, one in 1913 and the big one in 1929, and each of these times, the farmer was affected first. He says that continues to be true as the current recession progresses.

He commented briefly on the three local governments, stating that each was needing more money to operate. In reference to the city, he urged that a city sales tax be enacted as soon as possible to give additional funds and he said he guessed it will take a disastrous fire here before the residents of Crowell wake up to the fact that the city desperately needs a new fire truck. He urged local residents to contact the councilmen and voice their opinion as to the need for a new truck.

He said Foard County has NEED A

probably the lowest tax rate of any county in the state and he said that valuations will probably have to be raised. as in addition to the county activities, a hospital is also operated by the county.

As as aid to the hospital, Mr. Self suggested an annual hospital drive to raise funds to help operate the local facility. He stressed the urgent need to keep the hospital open for the needs of area residents.

In reference to the local school. Mr. Self said the district is planning to operate at a deficit this year. In view of the slowing economy, he said he was opposed to the big pay raise the teachers of Texas are wanting.

After consulting with the three local governments, Mr. Self said none of them mentioned trying to reduce

In his predictions, Mr. Self said the local ASCS office will probably be closed this year, as employees have been reduced from three to two here. The old law of supply and demand is returning to farming, he said, and the farmer must cut expenses and have a more efficient operation to survive.

He stressed that the farmers must be better organized and suggested a new cattlemen's organization as a possible solution. Bob Masterson of Cottle County is in charge of organizing the cattlemen's groups in this area and he has contacted Mr. Self about a local unit. A Cottle group has recently organized with about 50 members, and Mr. Self is hopeful one can be started in Foard County.

Sharply critical of the land use bill narrowly defeated in the last Congress, he credited Bob Price and John Tower with helping to defeat this bill. Self said the land use bill actually says the landowner does not in fact own the land but that the land belongs to everyone. Should it pass, he said landowners would be powerless to keep anyone off their land.

Mr. Self estimated that about 96,000 acres of Foard County land are seeded to wheat this year and he forecast the largest money county next spring. He predicted a 15 bushel average with wheat selling at \$4. a bushel.

He estimates that the 15,000 acres planted to

Self said very little money will be made from cattle during the coming year. He tongue-in-cheek said that the cow and calf man could make it the next two years if his land was paid for, the cattle were paid for, he had no debt and had enough money in the bank to run him for two years. He says there are just too many cattle and the prices will not go up until the supply of cattle is reduced substantially.

Generally, he said the county must operate on about 75 per cent of the amount of money which is normally received here from all agricultural sources during the coming year.

He added "do not buy anything you cannot pay cash

He predicted the energy shortage will continue, the CHS wildcats will win district in football next year, Texas will win the Southwest Conference, Pittsburgh will win the Super Bowl, the Cowboys won't go to the Super Bowl next year. He said nothing but lower prices will start the selling of cars again, implement dealers will have the lots stacked with new machinery ready for delivery

He said "stay out of the stock market and by all means stay out of buying gold." He predicted interest will be getting cheaper during the year. He forecast a raise in crime locally.

He closed by saying that times are changing, but they will not get as bad as the 30s.

A visitor at the meeting was Rotarian Howard Bartley of Quanah.

#### Meeting Set for Thursday

'74 AG RECEIPTS DOWN

Cash receipts from agriculture in 1974 are expected to total abot \$5.6 billion, according to an economist for the Texas Agricultural Extension Service. This would be a drop of about \$900 million from the record \$6.5 billion recorded in 1973. Cash receipts from livestock are estimated to be down about \$1.1 billion while receipts from crops should show an increase of more than \$200 million. Cash receipts from agriculturally related, farm-based enterprises such as timber, fish farming, hunting, and other recreational activities is expected to be up more than \$175 million.

#### Cage Teams Win 2 of 3 at Paducah

Crowell High School basketball teams went to Paducah last Friday night and won two of the three district games played. The varsity boys continued

their winning ways by shellacking the Dragons 74-33. Melvin Westover led the local scoring with 22 points. Randy Prince had 12, Don Sparkman 11, David Bell 10. Jack Whitley 8, Dee Finley 5, Steve Stapp 4 and Nathan Frater 2. The local boys are now 2-0 in district.

The Crowell girls dropped to 1-1 in district as they were defeated 58-65 by the girl Dragons. Sally Gerhardt got in foul trouble early in the game and fouled out shortly after halftime to hamper the local scoring attack. Carolyn Sparkman with 37 points, led the local scoring, Kim Norman had 9, Anita Vecera 8. Gerhardt had 4 points.

The Crowell junior varsity won by a lop-sided 68-38 score. The Coleman brothers, Rickey and Marvin, had 21 points each for Crowell; C. B. Sparkman scored 11. Pat Norman 6, Randall Russell 5 and Tim Christopher 4.

Texas farmers are break-

ing with traditional cropping

patterns in 1975 due to relative profit potentials. points out an economist for the Texas Agricultural Extension Service. A considerable amount of cotton acreage will be planted to sorghum due to the depressed cotton market and better sorghum prices. Sorghum acreage should be up 12 per cent over 1974 while cotton acreage is expected to be down 7 per cent. The 1975 wheat acreage should be 16 per cent above last year's plantings while plantings of oats and hay crops are expected to be down 17 per cent each. Total acreage planted to crops should total about 27.1 million acres, about 1.1 million more than in 1974.
