First Truscott Musical Is Saturday

The first Truscott musical of the summer season is set for Saturday night, May 3, and if the popularity of last year's musicals is any

indication, there will be a large crowd on hand for this one.

Paul Bullion, one of the musicians who will be performing, says any proceeds derived from the programs will go to the upkeep fund of the Truscott cemetery.

An evening of good music and fellowship is planned, and everyone in this area is invited to attend.

Scattered Showers Fall

Turbulent weather Sunday afternoon produced high winds, rain and hail as a cool front pushed through the area. Skies were cloudy all day Saturday with prospects looking good for rain. However, shortly after noon Sunday, the front struck Crowell bringing .29 inch of rain along with some hail. Reports from over the county were that from one-fourth inch to over an inch were recorded. County Agent Garland Wiemers, who lives on the Jeff Bell farm in the southeast part of the county, said 1.25 inch fell there. About a half inch was reported in the Vivian and Foard City areas.

The county continues to be in need of a general rain.

The front which spawned the showers Sunday brought cooler temperatures to the area Monday.

A. M. Hiatt President of Aggie Club

A. M. Hiatt, a retired vice president of the Herring National Bank in Vernon, has been elected president of the area Texas A&M Club as Texas A&M University prepares for its centennial observance in 1976.

Mr. Hiatt, who is well known in Foard County, was elected president at a meeting last week in Quanah. The meeting was one of 300 Aggie musters held around the world on the same date.

Mr. Hiatt is married to the former Mary Frances Self, daughter of the late Mr. and Mrs. Bert W. Self of Crowell.

Program on Drugs to Be Presented Here Saturday

Nelson Beckett, chief of police in Warr Acres, Ok., will be in Crowell Saturday night, May 3, to present a program on drugs and narcotics addiction. The program will begin at 7:30

p.m. in the school auditorium.

Chief Beckett has long been aware of the need to make people aware of the problems concerning drug addiction and narcotic

addition. His expertise is recognized throughout Oklahoma and many other states, and he was the guest lecturer at the Oklahoma City Clinical Society's 42nd annual conference in 1972. Chief Beckett has taught people in all walks of life about drugs, and from the elementary educational level even through college level, including college professors.

In addition to the hundreds of lectures given by Chief Beckett concerning drug abuse and narcotic addiction, he has also made four 20-minute educational films on the same subject.

Chief of police in Warr Acres since 1961, Beckett has received many honors and awards during his career, including the National Police Officers Association Award for Bravery in 1969, and the Outstanding Service to People award from the Sertoma Club of Oklahoma City in 1971. His most recent award was received in November, 1972, by the Oklahoma City Speaker's Bureau, and it was for individual excellence in speaking.

Don Crafton has been instrumental in securing Chief Beckett for the Crowell program, and others lending support to the program are the Rotary and Lions Clubs, Women's Service League, Sheriff's Department, Ministerial Alliance, and The Foard County News.

Everyone in the area is invited and urged to hear this timely talk.

RIDING CLUB SWEETHEART—Miss Sandra Bachman, pictured above, is the 1975 sweetheart of the Crowell Riding Club. She led the Crowell club in the parade opening the Santa Rosa Roundup in Vernon Wednesday. Miss Bachman, a freshman in Crowell High School, is the daughter of Mr. and Mrs. Otto Bachman Jr.

Registered Nurse to Work in Crowell

Mrs. Mildred Licastro, Registered Nurse, began part-time work Thursday, May 1, at the Foard County Hospital. Mrs. Licastro is the daughter of Mr. and Mrs. Jack McGinnis of Margaret. She has recently moved back

to Foard County from California where she lived for many years.

Mrs. Licastro took her R. N. training at Lubbock General Hospital. She was employed at the old Vernon Hospital until she moved to California in 1950. She was employed at Mercy Hospital in Sacramento.

Her husband, Cy Licastro, died last year, and she moved back to Texas a short time ago. She has two sons, one resides in California and the other in Washington State.

The local hospital administrators are happy to have another registered nurse working at the local hospital.

RUMMAGE AND BAKE SALE

The youth of the Bethel Church are sponsoring a rummage and bake sale Saturday, May 3, starting at 9 a.m. Everyone is invited to attend.

Ora Mae Fox Elected to Office

Ora Mae Fox of Crowell was elected second vice president of the Greenbelt Life Underwriters Association at a meeting of the organization in Childress Monday night of last week.

The Greenbelt Life Underwriters Association is composed of insurance men and women in this district. Jed Dennis of Vernon is the new president.

HAS HEART SURGERY

Rev. M. L. Crosby, pastor of the Free Will Baptist Church in Crowell, underwent open heart surgery in a Waco hospital Tuesday, April 22. He is reported to be making satisfactory improvement.

Mr. and Mrs. Joe Rader and Mr. and Mrs. Billy Ray Dunn were in Waco when Rev. Crosby underwent the surgery.

Masonic Lodge to Honor Members

A special program is set for Saturday night at which time the Crowell Masonic Lodge will present pins to long-time members of the organization. Pat Pittillo, worshipful master of the local lodge, says the meeting will start at 8 o'clock and will be held in the school cafeteria.

One member, Homer Black, is scheduled to receive a 50-year membership pin, and twenty-four local members are scheduled to receive 25-year pins. Mr. Pittillo said, Milton Barnett of Chillicothe, district deputy grand master, will be presenting the awards and Furman Vinson of Flomot, Grand Junior Deacon of the Grand Lodge of Texas, will be the speaker for the program.

The meeting is open to all Master Masons and families and Eastern Star members and families. The local Eastern Star will serve refreshments following the program, Mr. Pittillo added.

The 24 members of the local lodge scheduled to receive the 25-year membership pins are Thomas Burke Bell, Mike D. Bird, R. Lee Black, Dan E. Callaway,

Andrew B. Calvin, Dwight L. Campbell, John P. Cogdell, James N. Cook, Roy A. Cooper, James W. Erwin, William G. Erwin, William T. Gafford, Henry G. Hays, Robert R. Lanier Sr., J. J. McCoy, J. C. Prosser, Joseph P. Rader, James B. Raspberry, Robert G. Raspberry, Herman D. Sandlin, Robert R. Shirley Sr., Robert L. Taylor, Orval B. Wisdom and Fred R. Youree.

Grade School Honor Students Are Named

Valedictorian of the eight grade graduating class of Crowell Junior High is Hedi Vecera, daughter of Mr. and Mrs. Travis Vecera, while

the salutatorian is Jo Anna Hord, daughter of Mr. and Mrs. Larry Hord. Announcement of the valedictorian, salutatorian and honor students were announced Monday by Principal Gordon Erwin.

Other honor students (those with a 90 average or above) are Denise Branch, John Thomas, Patsy Williams, William Carroll, Jonna Naylor, Bonnie Cox, Steve Matysek, Mike Cates, Dwayne Dishman, Don Martin, Judy Jackson, Susan Quintero and Billy Brown.

Local Students Named to Honor Roll

DENTON—Dr. Gustave Ferre, vice-president of academic affairs at North Texas State University, has named 1,412 students to the fall semester honor roll.

Some 345 students earned all "A's" to make the 4.0 honor list, and 1,067 achieved the 3.5 listing, which includes those students whose grade average is midway between an "A" and "B".

Crowell students listed on the 3.5 honor roll at NTSU were Mrs. Mieke Owens Hughton, daughter of Mr. and Mrs. R. J. Owens, Crowell; and Mrs. Rita Coffey Roberson, daughter of Mr. and Mrs. Delton R. Coffey, Route 1.

Named to Office in Vernon

Miss Kathy Hofmann, daughter of Mr. and Mrs. Newell Hofmann, has been elected chaplain of the Vernon Intermediate School Student Council for the 1975-76 school year.

A native of Crowell, Miss Hofmann attended Crowell schools until the family moved to Wilbarger County several years ago.

TRAIL RIDE—Roy C. Daniel and Roy Daniel, are pictured above with the group on horseback. The group camped at the Ed Lehman farm Tuesday night, and rode into Vernon on Wednesday.

County Revenue Sharing Checks Due Has One Entrant

Next year. County Judge Seth Halbert said that from July 1, 1975, through June 30, 1976, the county is scheduled to receive \$44,103 in revenue sharing funds. This is up almost \$10,000 from the \$33,443 received during the past year.

Mrs. Wilma Cates, city secretary, said Monday that during the next fiscal year, the city is scheduled to receive \$9,288. During the same period last year, the city received \$6,910.

The revenue sharing program started in 1972, and the city and county received their first checks in December 1972.

Carolyn Sparkman, Crowell's lone qualifier for the state track meet, will be performing Saturday in the 60-yard dash competition at Memorial Stadium on the campus of the University of Texas in Austin. Carolyn placed second in the event at the girls regional meet in Lubbock two weeks ago.

Carolyn will be accompanied to Austin by her coach, Randall Ryan.

This will be the first trip to the state track meet for a Crowell student since the local boys copped the state track Class A championship several years ago.

WASHINGTON CONFERENCE—Representatives of the 1975 Texas Farm Presidents Conference April 22-24 in Washington, D. C. were Mr. and Mrs. Roy Daniel, Jr. of Crowell (fifth and sixth from left) representing the Foard County Farm Bureau. Shown with them are Mr. and Mrs. T. J. Richards of Cottle County, Mr. and Mrs. Henry Obermier of Foard County, Mr. and Mrs. Fred Dwyer of Foard County and Mr. and Mrs. A. L. L. L. of Foard County. Part of a group of 240 Texans (county FB leaders and staff) attending the conference, the leaders met with Texas Congressmen, Senators, and Secretary of Agriculture Earl Butz. A banquet was held for the group which featured American Farm Bureau Federation President William J. Kuhfuss and the Washington, D. D. AFBF office staff in a discussion of "The Washington Situation." They saw the usual sights in Washington, including Ford's Theater, the Capitol building, the Supreme Court building, the Library of Congress, the White House, the Washington, Jefferson and Lincoln Monuments, the cherry trees, the Smithsonian Museum, National Gallery of Art, and Arlington National Cemetery.

Outstanding Class A Band in Amarillo Contest

Band Wins Again!

Crowell High School band, 83 members, returned to Amarillo last week for the conclusion of the

Festival, the judges name outstanding bands in each division, if they determine that there is an outstanding band in the various divisions. They did determine that there was an outstanding band in the class A division

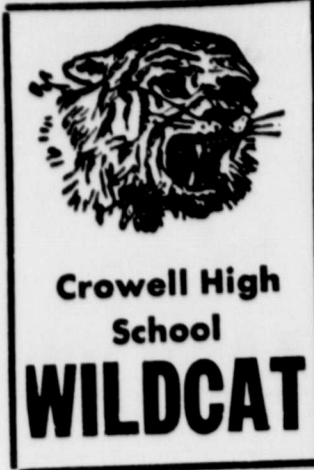

and it was Crowell. The local band had already returned at the time they were announced as the outstanding band and the trophy is being mailed to Crowell. There were about 20 bands in Crowell's division.

CHS Band director James Streit and the 83 members of the band who went on the trip, returned to Crowell Friday night. There were 226 organizations, including bands, orchestras and choirs, entered in the Festival.

DAILY DILLIES
 Congratulations to the track teams! Carolyn Sparkman, qualified for the state track meet in the 60 yard dash, which will be held May 2 and 3 in Austin. The girls 440 relay team, composed of Carolyn Sparkman, Kathy Whitfield, Darlene Tucker, and Kim Norman won 3rd at regional. Kathy also won 3rd in the broad jump. Sally Gerhardt participated in the girls tennis singles.
 David Bell, Melvin Westover and Randy Prince participated in the regional boys track meet. They entered in the 120 high hurdles, discus, shot put, and the mile run.
 Congratulations to the FFA talent team. They won the district talent contest and will advance to area on May 6th. Members of this team are Ricky Hammonds, Gary Glover, Hal Williams and Jimmy Daniels.
 Congratulations also go to Steve Settler. Steve has been to several vocal try-outs lately, and has done very well. He tried out for vocal soloist with the Amarillo Symphony Orchestra last week and received 3rd place.

Steve also received a vocal and band scholarship at LCC.

SENIOR SPOTLIGHT

Allen Tapp, a very outstanding Truscoteer, is one of the seniors featured in the spotlight this week. 5 foot 11 inches tall, Allen is the 17 year old son of Tommie Tapp. Allen has hazel eyes and brown hair. He attends the Baptist Church.

Allen is a true Texan. His favorite actor is John Wayne, his favorite actress is Ann Margaret, his favorite food is barbecue, and his favorite singer is the country-western star Merle Haggard. "Somebody Done Somebody Wrong" is Allen's favorite song. Hunting and fishing share the top billing as Allen's favorite hobbies, and his favorite subjects include VA and bookkeeping. Allen plans to attend West Texas State University and major in Agriculture Business and Economics.

Allen is very active in extra curricular activities. He has been a member of the football team for 4 years, and is captain this year. He ran track one year; was named to the All-District football team two years; and received the Denny Todd Memorial Award this year. FFA is another organization he has been active in. A member for 4 years, he is chapter reporter this year. He was named high individual at the district and area land judging contests this year. Allen was class doll his sophomore year. His junior year, he was named most courteous and was class vice president. This year, Allen is president of Student Council, treasurer of the senior class, Mr. CHS and honor student.

Dawn Taylor is another outstanding senior who is featured in the spotlight this week. She is the 18 year old daughter of Mr. and Mrs. Euall Bradford. She is 5' 3" tall, has brown eyes and brown hair. She has gone to 3 different high schools. She attended Goddard High School in Kansas for two years, Dumas High School for one year, and Crowell High School for one year. Dawn is a member of the First Christian Church.

What are Dawn's favorite things? To start off, steak ranks number one in her choice of foods. Blue is her favorite color. John Denver is

her favorite singer. "Thank Godness I'm a Country Boy" is her favorite song. Susan St. James is Dawn's favorite actress, and Rock Hudson her favorite actor. Dawn's hobbies include playing piano, singing, and traveling. Her favorite subject is American history.

Dawn was a member of Girl Scouts for four years. She was vice president of her freshman class, and a member of the Spanish Club and the Kayettes. After graduation, Dawn plans to move to Derby, Kansas. She will attend Butler County Community and Junior College this fall and major in data processing.

SENIOR NEWS

Seniors went to Vernon Monday and participated in Career Day at VRJC. They were accompanied by L. H. Wall. About 400 students from area schools attended. At Career Day, students could attend three sessions to learn more about careers in many different fields. Some of the sessions were on art, drama, military careers, TV and radio broadcasting, computer processing, teaching, mortician and other fields. Everyone was served a free lunch at the Student Center. We were entertained by the New Day, a VRJC vocal group.

Congratulations to the band. They received a Division I rating and were named Outstanding Class A Band at the Greater Southwest Music Festival in Amarillo last Friday.

School was dismissed Wednesday for the Santa Rosa Parade. Many seniors marched in the Wildcat band, several rode with the Riding Club and some just watched the parade. Several seniors have ridden in both the Paducah and the Vernon Trail Rides. These people can be identified for several days after the trail rides by their red, sunburned faces.

JUNIOR JIVE

The juniors would like to congratulate the Wildcat Band on their recent accomplishments. They were named the Most Outstanding Class A Band.

The juniors are getting pretty excited, to put it lightly, about the Junior-Senior Prom. This year's prom and banquet will be held May 16, and the juniors are busy preparing the prophesy, program and decorations.

School was dismissed Wednesday for Santa Rosa Day. Many juniors participated in the activities.

SOPHOMORE STARS

This week, we are studying bones in biology, so we decided to write an article on bones.

How many bones in the human face? Fourteen when they're all in place.

How many bones in the human head? Eight my child, as I've often said.

How many bones in the human ear? Four in each and they help you hear.

How many bones in the human spine? Twenty-four like a climbing vine.

How many bones in the human chest? Twenty-four ribs and two of the rest.

How many bones in the

shoulders bind? Two in each one before, one behind.

How many bones in the human arm? In each arm one; two in each forearm.

How many bones in the human wrist? Eight in each if none are missed.

How many bones in the human hand? Five in each, with many a band.

How many bones in the fingers ten? Twenty-eight, and by joints they bend.

How many bones in the human hip? One in each, like a dish they dip.

How many bones in the human knee? Two in each we can plainly see.

How many bones in the ankle strong? Seven in each, but none are long.

How many bones in the ball of the foot? Five in each, as the palms were put.

How many bones in the toes, half a score? Twenty-eight, and there are no more.

And now altogether these bones have much weight.

And count in the body two hundred and eight.

And then we have in the human mouth, of upper and under thirty-two teeth now and then have a bone, I should think.

That forms on a joint or to fill up a cheek.

A Sesamoid bone, or a Wormian we call.

And now we may rest, for we've told them all.

FRESHMAN FROLICS

The band went to the Greater Southwest Music Festival in Amarillo last Friday. They entered the concert band contest, and played "Symphonic Overture" and "Chant and Jubilo". Although all the band members said that it was a bad day, the band made a Division I rating and was awarded the Outstanding Concert Class A Band Award.

School was dismissed Wednesday for the Santa Rosa Rodeo and Parade. In science we are studying electricity—which can be very 'electrifying' at times.

In VA the boys are studying basic wood tools. Members of the freshman English classes are busy writing and studying compositions. The girls taking home ec are sewing. Hang in there freshman, if you can only stick it out for 17 more days, we'll be out of school.

Crop Report Issued

District Agent Ed Garnett has issued the following weekly crop report for this area:

Moisture has become short in half of the counties in Extension District 3. The moisture remains adequate in the remaining counties. Five counties reported varying from showers to one half inch. High winds have been depleting the moisture in several counties.

Small grain was reported in fair to good condition in booting and heading stages, but needs rain. Light insect damage and rust was reported in two counties each; the freeze of March 29 heavily damaged the wheat in several counties.

Pecans are leafing and budding out. Freeze damaged most of the fruit and pecans in five counties. Most ranges and pastures are only in average condition, needing moisture and warmer weather.

Livestock are reported in fair to good condition; calving continues and the market is up.

Activities include applying fertilizer and herbicides, preparing land for row-crops, shipping stocker cattle, planting and sprigging grasses and working winter calves.

For good home decorating, one color in a room should be dominant—all other colors in the room should be subordinate, according to Denise Beigbeder, with the Extension Service.

Jack Huebner Is Director of Resort Town

Mrs. Bob Abston of Vernon has written the News a letter telling something about her daughter, Mrs. Bobbie Huebner, and her family.

Mrs. Huebner's husband, Jack, retired two years ago as a lieutenant colonel in the Air Force and since that time he has been a director in charge of construction and maintenance at Silver Dollar City, Mo.

Silver Dollar City depicts the life of a mining town in the 1880's and is located in one of the most beautiful areas of the Ozark mountains. It is a tourist attraction which opens the last weekend of April and closes the last weekend of October. There were over 8,000 visitors the weekend of April 26, which was a record for opening day. Visitors to this attraction are able to observe over 21 rare historic crafts of the 1880's. A few of these are glass blowing, basket weaving, pottery making, spinning and weaving of cloth, blacksmithing, wood carving and many others.

The general store with the cracker barrel and a host of handmade products of by-gone days is enjoyed by all who visit it. There are rides for the children which include a ride over the hills on a steam train, a float trip, a ride through a flooded mine and a tour of Marvel Cave. The entertainment is strictly family type.

Mr. and Mrs. Huebner have a home in Tablerock Lake which is near Silver Dollar City. They have three children, Tracy 15, Mitchell 13 and Janice 9.

Seniors Attend Career Day at Vernon College

The senior class of Crowell High School attended Career Day at Vernon Junior College Monday. The class was accompanied to Vernon by Principal L. H. Wall.

President Roy Whitley told Rotarians that W. F. Statter, local dirt contractor, had cleared an area south of the community center and plans call for the construction of a baseball field in the area in the future.

Another visitor, in addition to Mr. Yeakley, was James Erwin of Vernon.

Crop Reports from Farmers Needed

During the last half of May, a random sample of some 24,000 Texas farmers will receive a crop acreage questionnaire from Charles E. Caudill, Agricultural Statistician in Charge of the Texas Crop and Livestock Reporting Service, Austin, Texas.

This information will be the basis for determining planted acreage of Texas and for Texas covers area that state does not provide information on Texas agriculture—a program of each county's cooperative effort. Statistical Reports and the Texas Department of Agriculture.

Accurate estimates are of great importance in planning production marketings and in an unbiased picture of agriculture. Farmers receive questionnaires urged to complete them by mail. All reports are confidential and are used only for county totals.

Minister Presents Program

Flavil Yeakley of Kingsland, who held a gospel meeting at the Church of Christ on North Second Street in Crowell last week, was the speaker at the Wednesday luncheon of the Rotary Club last week and showed slides of scenic sights in the area of Kingsland and Marble Falls. Kingsland is located at the junction of the Colorado and Llano rivers. He showed beautiful scenes around Lake LBJ. Mr. Yeakley was introduced by Rotarian Don Crafton, Minister of the local Church of Christ, and who was minister of a church in Marble Falls before coming to Crowell.

President Roy Whitley told Rotarians that W. F. Statter, local dirt contractor, had cleared an area south of the community center and plans call for the construction of a baseball field in the area in the future.

Another visitor, in addition to Mr. Yeakley, was James Erwin of Vernon.

THY KINGDOM COME

There are many people who believe the church has not yet been established but that it is still in the future. This cannot be true because Paul told the Christians at Colossae that they, as well as he, had been "translated...into the kingdom of his dear Son;" or into the church that Christ built. Colossians 1:13

The words of Christ recorded in Matthew 16:18, 19, indicate that the church and the kingdom are one and the same. Please read carefully and you will understand that Christ used the words "church" and "kingdom" interchangeably.

Another Scripture which tells us the kingdom has already been established is Acts 2:47. The Bible states that on the Day of Pentecost, "the Lord added to the church daily such as should be saved." How could the Lord have added to the church then if it had not been established. In Luke 9:27, the words of Christ are recorded thus, "But I tell you of a truth, there be some standing here, which shall not taste of death, till they see the kingdom of God." Surely we can understand that the kingdom or the church was going to be established in the lifetime of some of those present.

Other Scriptures which definitely establish that the church was in existence after the Day of Pentecost are found at the beginning of many books in the New Testament. Paul writes "Unto the church of God which is at Corinth..." 1 Corinthians 1:2 and 2 Corinthians 1:1. The book of Galatians he begins, "unto the churches of Galatia." Galatians 1:2. Paul and others were writing to the church that existed then.

Yes, the church that Christ established has been in existence for nearly 2,000 years. Therefore the church has already been established and men may still become members of it by obeying God's commands.

Spitfires Take Girls Little Dribblers Lead

With the season already half over, the Spitfires girls Little Dribblers basketball team is leading the league with 3-0 record. The Wranglerettes are 2-1. Hot Shots 1-2, and Green Jeans 0-3. In the younger girls league, the Cuties are 2-1 and Blue Birds are 1-2.

Here's how the action has gone during the last two nights of play:

On Monday night the Cuties won 7-5 over the Blue Birds. Diana Tucker scored the Cuties' 7 points while Lynne Johnson scored the five Blue Bird points.

The Spitfires defeated the Wranglerettes by a 36-30 score. For the Spitfires, it was Pat Gerhardt with 18, Annetta Dorsey 16 and Judy Clifton 2. Jody Graves scored 18 for the Wranglerettes, Barbara Swearingen 10 and Debra Kajs 2.

In the last game of the night's action, the Hot Shots won by a 27-13 score over the

Green Jeans. Inetta Tucker with 17 points, led the Hot Shots scoring. Neomi Rodriguez had 4 while Melva Hudgens, Janet Hord and Polly Wisdom scored 2 points each.

For the Green Jeans, Betty Cox and Ann Coleman scored 6 each and Kay McDaniel scored 1.

Last Thursday night in the first game, which was between the Cuties and Blue Birds, composed of 10-year-old girls, the Cuties won 8 to 6 over the Blue Birds. Betty Coleman was high pointer for the Cuties with 4 while Kim Clifton and Diana Tucker had 2 points each. For the Blue Birds, Lynne Johnson scored 4 and Mitsi Kuehn 2.

In the second game, the Wranglerettes won 28 to 17 over the Green Jeans. Jody Graves led the Wranglerette scoring with 18 points. Barbara Swearingen scored 8 and Debra Kajs 2.

Scoring for the Green Jeans were Betty Cox and Kay McDaniel with 7 points each and Annette Coleman with 3.

The last game of the night saw the Spit Fires win 22 to 16 over the Hot Shots. Pat Gerhardt with 8 points, led the Spit Fire attack. Annetta Dorsey and Judy Clifton scored 6 each and Patty Black scored 2. Scoring the Hot Shots points were Inetta Tucker with 12 and Polly Wisdom with 4.

Girls Little Dribbler games are played on Monday and Thursday nights, with action resuming tonight at 6 as the Cuties and Blue Birds open the action.

wide, free-span rooms. At a shopping center, stay clear of large windows and parked automobiles. Take shelter in a lower floor store, beneath a counter if possible.

A car is generally an unsafe place to be during a tornado. However in some cases, it is possible to escape by driving at right angles to the tornado's path. In flat, open country staying in the car can be better than no protection at all.

If you are caught in open country afoot, take cover in a depression such as a ditch, ravine or excavation and lie absolutely flat. Avoid culverts that may suddenly fill with deep rushing water.

Tornado Alert: What To Do

When spring blows into Texas, so does the threat of the tornado, one of nature's most violent storms. With the peak tornado period upon us, the Texas Safety Association advises a review of the life-saving precautions that should be taken when a tornado is sighted.

Seek inside shelter, preferably in a storm cellar. Other safe bets are caves, basements or underground structures such as parking facilities. The interior hallways of modern, steel-reinforced office buildings also often offer adequate protection. But wherever you are, stay away from windows.

In homes with no basement take cover under heavy furniture in the central part of the house. Covering yourself with a rug will provide added protection against flying glass and debris.

If there is time before the storm hits, open doors and windows on the side of the house away from the storm. This will help to equalize pressure inside and outside the house.

In schools go to an interior hallway on the lower floor. Avoid auditoriums, gymnasiums or other structures with

designed to protect you. But only you can make it successful by following the physician's advice.

Your part is just as important as your physician's. You can play your part best by doing the following:

1. Ask your doctor to check your pressure, or go to your nearest clinic or health center for a pressure check. You should do this even if you feel well, because high blood pressure may not have any noticeable symptoms.

2. If you have high blood pressure, follow your doctor's instructions about diet—including weight loss if you are overweight—and changes in general health habits, such as rest and recreation. These measures will reduce the risk of stroke, heart attack, kidney and heart failure.

3. If your physician prescribes medications, keep taking them whether you feel well or not.

4. Cooperate with your physician. As a team, you and the doctor can almost always get your pressure under control.

Today, Thursday, May 1, has been proclaimed as Loyalty Day across America and Crowell. Mayor Robert Kincaid has issued a proclamation of the day and is urging all residents to fly the flag that day.

In the proclamation, Mayor Kincaid said "I call upon all my fellow citizens to take full advantage of the special occasion known as Loyalty Day, celebrated annually throughout the nation on the first day of May, as an incentive for every true American to reaffirm his and her love of flag and country, and I do urge that all individuals,

schools, churches, organizations, business establishments and homes display the flag of the United States of America and to participate in public patriotic Loyalty Day activities which may be sponsored by the Veterans of Foreign Wars."

That's A Lot of Corn
If you can visualize a train long enough to stretch around the earth with 3,000 miles of boxcars left over, then you can get a pretty good idea of the size of America's corn crop in 1973. Production hit a record 5.6 billion bushels—enough to fill 28,000 miles of boxcars.

Eldon Whitman Attends Farmers Union Meeting

Eldon Whitman of Crowell representing Foard County attended the regular spring board meeting of Texas Farmers Union in Waco Saturday, April 19. The Farmers Union Board of Directors is composed of over 100 county presidents, representing the major agricultural producing areas of the state.

The farm leaders reviewed and approved reports on their business activities and services. They also adopted several resolutions on state

and national legislative issues affecting farmers, ranchers and rural people.

In a carefully worded resolution that pointed out the shortcomings in the new federal price support and target price legislation, the farm group urged President Ford to sign the legislation.

"Although the proposed changes in the farm program are totally inadequate to meet the needs of agriculture and to assure the consumer an adequate supply of food and fiber, we recognize that

this is the best that we can expect out of this session of Congress, and until a comprehensive new farm program is passed, we urge President Ford to sign the farm bill. If the President fails to do this we urge Congress to override his veto," the Farmers Union Board stated.

The farm organization went on record in support of intrastate price regulation of natural gas, a pipeline gas tax, a strong utilities commission including provisions for territorial integrity to rural electricity cooperatives, regulation of incorporating farming, a state indemnity payment for brucellosis losses and lower ad valorem taxes on agricultural land. The farm leaders expressed their disagreement with the Governor's school tax program, because "it places an undue burden on the farmer and rancher."

Soil Conservation Service Has Fortieth Birthday

April 27, marks the 40th anniversary of the Soil Conservation Service of the U.S. Department of Agriculture.

"Soil and water conservation districts have grown beside the Soil Conservation Service, bringing a better life and future to everyone," a local conservation leader said.

J. A. Marr, chairman of the Foard County Soil and Water Conservation District, said the SCS has been giving technical help to landowners here since 1946.

The Lower Pease Soil and Water Conservation District, organized in 1946, was created to help the landowners in Foard and Hardeman Counties develop needed conservation measures. SCS assists the district under a jointly-signed agreement. In 1971, Foard County landowners reorganized their soil conservation district to the one county—Foard County Soil and Water Conservation District—in order to give

local landusers more representation.

"The Foard County District covers about 435,000 acres with 573 operating units," said Marr. "About 418 landusers are planning and applying conservation practices on their land with the technical assistance of the Soil Conservation Service," he said. SCS conservation professionals assisting the Foard district are David Seitz, Thomas Shinn, Joe Coufal, and Lynn

Rader.

According to Marr the spring workload of SCS technicians consists of getting 17 recently constructed water ways established to grass, continuing to design and layout diversion terraces and parallel terraces, and assisting Foard County landowners to establish grass on marginal cropland. Brush control continues to be a high priority conservation measure.

BACKYARD FLOCKS INCREASING

Backyard poultry flocks, once almost vanished from the Texas scene, are appearing once again, points out a poultry specialist for the Texas Agricultural Extension Service. Considerations before investing in a small flock of birds should include a look at zoning ordinances or deed restrictions, who will tend the flock, needed housing and equipment, odor and fly nuisances for neighbors,

home slaughtering and processing of birds, and use of surplus eggs. Backyard flocks can provide enjoyment for the entire family as well as serve as a ready source of eggs and poultry meat.

Commissioners Delay Machine Purchase

The Foard County commissioners court, which had advertised for bids for purchase of a new road grader, tabled the four bids received until the May 12 meeting of the court. In the meantime, the court will investigate the cost of repairing the grader which was to have been replaced.

County Judge Seth Halbert read the court a letter which Governor Dolph Briscoe had sent to USDA Secretary Earl Butz urging the Secretary to designate Foard County an emergency area due to the drought of 1973 and 1974 and the hail storm of May 1974.

The commissioners and Judge Halbert had requested Gov. Briscoe to seek the designation for the county. If it is approved, and it is anticipated that Secretary Butz will approve the request, Foard farmers will be able to obtain FHA loans at the low interest rate of 5 per cent.

The commissioners, after

Ed Lehman Issues Statement

Ed Lehman Jr. chairman of the Pease River Reservoir Steering Committee, presented a statement on behalf of the committee to a subcommittee on public works on May 1. Mr. Lehman's statement follows:

The need for a reservoir on the Pease River near Crowell, was recognized and endorsed by the Red River Valley Association in 1971. The area involved needs an additional source of water for municipal, industrial, agricultural and recreational use as well as a method for flood control. Wilbarger County and the City of Vernon are totally dependent on rapidly depleting underground sources for their entire water supply. Wilbarger and Hardeman Counties have had a 10-20 percent population loss over the past decade. Foard County has lost 29 percent. A major source of water is vitally needed to spur future economic growth and to curb this out migration.

Since the passage of the 1970 flood control act Part I and II of the Comprehensive Plan above Denison Dam are now all one project. We urgently request the assistance of Congress in expediting the completion of these brine pollution abatement projects on the Wichita and Pease Rivers, considering these are the prime contributing tributaries of brine to the Red River, so that potable water may be impounded for this water deficient area as soon as possible. We ask that Congress appropriate \$200,000 to initiate construction on area VIII during Fiscal Year 1976 and \$100,000 during the transition quarter; and \$300,000 to initiate construction on area X during the transitional quarter; \$50,000 for engineering planning for areas VII and IX Fiscal Year 1976 and \$25,000 for engineering planning for areas VII and IX during the transitional quarter.

Any and everyone of these projects are a vital prerequisite to potable surface water in this area as well as any areas further down the Red River.

CATTLE NUMBERS UP, FEEDING DOWN

Cattle feeding is down in Texas, but the number of cows and calves is up, points out a livestock marketing specialist for the Texas Agricultural Extension Service. Cattle feeding in Texas on February 1 was 47 per cent below levels last year compared to a drop of 37 per cent in the seven major cattle feeding states. Placement of cattle into Texas feedlots was down 56 per cent in January compared to the same month a year ago. On the other hand, the number of breeding cows in the U.S. is up four per cent over last year, with cow and heifer numbers up six per cent in Texas.

Truscott in Improvement Contest

The town of Truscott will be judged at 9 a.m. Tuesday in the Community Improvement Contest. Truscott residents during the past year have put into operation a fine community center along with other improvements.

This is a state-wide contest, according to information furnished the News by the Knox County Home Demonstration Agent.

SENIOR CITIZENS

The senior citizens met April 29 for their regular luncheon with 22 members and four visitors, Mmes. Ruth Thomson, Carrie Spears, Ed Mechell and David Scott, present. Mrs. Mechell brought a musical on the accordion and harmonica. Mrs. Scott directed a quiz on how the tax dollars are spent. The group will be having a bake sale at the new housing center May 10 beginning at 9 a.m. They are also selling tickets for a quilt with the drawing set for June 7. Tickets can be purchased from senior citizens. Johnny Baker received the door prize.

Milk Output Dropping

Total milk production in the U.S. has dropped 4 billion pounds since 1965. During this time, the number of dairy farms declined from 1,107,000 to 462,000.

Lightning Tips

In Texas, spring means
thunderstorms and thunder-
storms mean lightning. The
Texas Safety Association,
noting that lightning is the
thunderstorm's worst killer,
says the first rule of light-
ning safety is to stay indoors.
Also, advise safety experts,
stay away from electrical ap-
pliances while the storm is
overhead. Avoid open doors
or windows, fireplaces, radi-
ators, stoves, metal pipes and
sinks, and don't use the tele-
phone.

If lightning catches you
out of doors, stay away from
metal objects. Keep clear of
fences, telephone or power
lines, pipelines or structural
steel fabrication. It is also
unsafe to handle flammable
material in open containers
during lightning storms.

Seek shelter in buildings
when possible, and remember
that automobiles offer ex-
cellent lightning protection.
Otherwise the best course is
to lie low in a cave, ditch or
canyon. If such protection is
not available, simply crouch
in the open.

Stay away from trees, poles
and hills. The worst place to
be is under a tree on a hill.
Get out of the water and
off small boats.

Mr. and Mrs. Norman Lee
Naron of San Antonio visited
last Thursday and Friday
with his grandparents, Mr.
and Mrs. Homer Black and
his aunt, Mrs. Billy Johnson,
and family.

**Former Wild Plant
Now Top Vegetable**

A one-time wild plant with
bitter poisonous juices—now
in cultivated form—ranks as
one of the nation's best-selling
vegetables.

It's celery, a 17-million pound
crop that's grown chiefly in
California and Florida.
A recent study showed that,
while retail prices for celery
have increased more than 50
percent over the past decade,
the grower's share of the price
has remained fairly stable. It
averaged 12 percent for the 10-
year period.

**Fall Proof
This Spring**

Pointing out that falls rank
highest among the single
causes of accidents in the
home, The Texas Safety
Association suggests that
spring cleaning time is a
good opportunity to "fall
proof" the home.

The safety group warns
against improvising with a
makeshift stool when reach-
ing for high places. Stay
with a sturdy step ladder and
keep it in good repair.

Check to be sure throw
rugs are skid proof. Don't
allow carpet and linoleum
edges to become loose, frayed
or curled. Keep floors and
steps in good repair and clear
of toys, clothing or anything
that could cause a fall.

Stairways, hallways and
outdoor walkways should be
kept well lighted and free
from clutter.

Since the bathroom can be
an especially slippery place,
always use a rubber mat in
the tub or shower and pro-
vide a wall hand hold.

Mr. and Mrs. R. E.
Johnson of Amarillo visited
Mr. and Mrs. Billy Johnson
and family over the weekend.

**FERTILIZER TONNAGE
DOWN**

Fertilizer tonnage and the
amount of plant nutrients per
ton have declined in Texas,
according to the director of
the Feed and Fertilizer
Control Service at Texas
A&M University. Fertilizer
tonnage dropped about 31
percent from Sept. 1, 1974 to
Mar. 31, 1975. The quantity
to plant nutrients per ton was
also down about 10 percent
for the same period. This
overall reduction of fertilizer
usage may mean lower crop
yields and less total gross
revenue to Texas agriculture.
Every reduction of \$1 spent
for fertilizer may reduce
economic activity in a local
area as much as \$3.

MRS. JESSE MARK HILL III

Couple Exchange Vows

St. Nicholas Episcopal Church in Midland was the setting at 6 p.m., Saturday, for the wedding of Miss Florence Winfrey Holbrook and Jesse Mark Hill III with the Rev. Mr. James Conside officiating for the double ring nuptial event.

The bride is a daughter of Mr. and Mrs. Finely Holbrook of Midland, and parents of the bridegroom are Mr. and Mrs. J. M. Hill Jr. of Vernon.

An arrangement of Spring flowers decorated the church

altar, and Spring flowers also entwined the candelabra and marked the pews.

Mrs. Harold Heckathorne, organist, presented traditional pre-nuptial music and selections of the bride.

Given in marriage by her father, the bride chose a formal gown of ivory satin organza. Venice lace defined the empire bodice featuring a Venice schulptered scoop neck and bishop sleeves. The A-line silhouette was enhanced with a Venice pyramid skirt sweeping back into an attached wateau train. A wide border of scalloped Venice lace trim encircled the entire gown.

The bride's bouffant veil was fashioned of silk English illusion falling in tiers from a caplet of lace and pearls. She carried a bouquet of

phalaenopsis orchids, lilies of the valley and baby breath.

Mrs. Gary Gordon of Fort Worth attended the bride as matron of honor. She wore a pink formal gown styled with an empire waist and square neckline with soft sheer sleeves extending loosely over the hands. Bands of embroidered flowers enhanced the gown. She carried a Spring bouquet of daffodils, lavender and pink tulips, yellow, white and pale blue iris, Sonia roses, pink and white ranunculus and baby breath.

Maid of honor was Miss Raney Holbrook, sister of the bride. Bridesmaids were Miss Dean Ann Newby of Denver, Colo., Miss Frances Ann McCain of Tyler and Miss Britt Donnelly of Midland, and bridesmatron was Mrs. Bill Bussard of Amarillo.

The bridal attendants were attired in pastel gowns styled identically to the matron of honor, and each carried an identical Spring bouquet.

Doug Scharbauer of Midland served the bridegroom as best man. Groomsmen were Kent Ingram of Vernon, Terry Bird of Santa Barbara, Calif., Steve Bostick of Matador, Lee Holbrook of Midland, brother of the bride, and Tim Wiley of Irving. Ushers were Gary, Gordon and Bill Geysler, both of Fort Worth.

Honored guests at the wedding were the grandparents of the bridegroom, Mrs. O. T. Youngblood of Vernon and Mrs. J. M. Hill of Crowell.

Reception

Immediately following the wedding ceremony, a reception was held at the Petroleum Club.

Members of the house party included Mrs. Mark Taylor and Miss Susan Meyer of Fort Worth; Misses Georgia Trobaugh, Mary Dawson and Susan Stoltz of Dallas; Miss Cathy Youngblood of Houston and Miss Melanie Youngblood of Fort Worth, cousins of the bridegroom; Mrs. Tim Wiley of Irving and Miss Mirelle Taft and Miss Janessa Taft, cousins of the bride.

The couple left for a two week wedding trip to Switzerland and will be at home May 12 in Fort Worth.

The bride is a 1973 graduate of Texas Christian University in Fort Worth, where she was a member of Kappa Kappa Gamma, Young Life and Angel Flight.

The bridegroom, a Crowell native, is a 1969 graduate of Matador High School and a 1973 graduate of Texas Christian University, where he was a member of Phi Delta Theta. He is currently manager of college marketing with Aetna Life Insurance and Casualty in Fort Worth.

Rehearsal Dinner

Mr. and Mrs. J. M. Hill Jr. hosted the rehearsal dinner Friday evening at the Midland Country Club.

A post-rehearsal party was given by Doug Scharbauer at the country club.

Brunch

Mrs. Edwin Magruder Jr. was hostesses for a brunch honoring out-of-town wedding guests on Saturday in her home.

From Crowell who attended the brunch and wedding were Mrs. J. M. Hill, Mr. and Mrs. A. V. McCombs, Mr. and Mrs. Clinton McLain, and Misses Cathy McLain of Dallas and Kristi McLain of Fort Worth.

SHOWER SATURDAY

A shower in the home of Mrs. Richard Kubicek Saturday night honored Mrs. Gail Fowler and daughter, Tessa, of Garland, the honorees received a stroller as a gift from the hostesses. Co-hostesses with Mrs. Kubicek were Mmes. Buff Nelson, Jackie Brown and Junior Mechell.

Out of town guests were Mrs. Gary Green of Copperas Cove, Mrs. Gary Wright of Millington, Tenn., Mrs. J. E. Woods of Frederick, Ok., and Mrs. Larry Browder of Quanah.

8TH GRADE NEWS

The 8th grade valedictorian and salutatorian were named and Hedi Vecera is valedictorian and salutatorian is JoAnna Hord. Honor students are Denise Branch, John Thomas, Patsy Williams, William Carroll, Jonna Naylor, Bonnie Cox, Steve Matysek, Mike Cates, Dwayne Dishman, Don Martin, Judy Jackson, Susan Quintero and Billy Brown. Congratulations to all of these. Thursday night we had our 8th grade banquet in Vernon at the Sunday House restaurant. Everyone seemed to have a great time. Afterwards, some went to the show and some went bowling. Friday the band went to Amarillo to play and won a division I rating plus got Outstanding Band. Congratulations Band! Three more weeks of school and graduation and initiation arrive.

Hints to Homemakers

SALLY SOWELL
Assistant County
Extension Agent

Alert individuals can affect the amount of child abuse that occurs in their families—and even in their communities.

The key to this is becoming more informed about how to live successfully with children.

Evidence shows that parents often have unrealis-

tic expectations of what their children are able to do. Many parents severely punish their children because they do not behave as parents think they should.

Parents justify their actions by saying it is their right to punish their child as they choose.

Be alert for repeated skin or other injuries for which there are no satisfactory explanations. Labeling the child as clumsy or accident prone may be an attempt to justify the child's injuries to others.

An abused child may generally appear fearful and withdrawn. But other abused children will be notably aggressive or destructive. If either type of behavior is consistently observed, the home life is probably not very supportive.

Not all parents love and want their children. Some couples are frustrated by the responsibilities of parenting and resent the child. This may be the case if parents consistently label the child as bad or different and punish him harshly for little or no reason.

Another form of abuse is severely restricting a child's activities. Parents may keep an infant confined in a play pen or crib for long periods of time without responding to his physical and emotional needs. Or they may restrict an older child's experiences outside the home, and this limits opportunities for social development.

Also, when parents are loners without some one to confide in, they may be potential child abusers. If an adult has nowhere to go for help about the worries and problems he encounters, he might unknowingly abuse his own child in a time of crisis.

RIVERSIDE H.D. CLUB

Mrs. Allen Shultz and Mrs. Ervin Schoolcraft were joint hostesses to the Riverside Home Demonstration and Columbian Club in the home of Mrs. N. J. Roberts Tuesday, April 15.

Miss Jacquelyn Brown gave the 4-H program on "Flowers for decorating the home." She stated that a fireplace could be very decorative by placing plants around the hearth. She showed pictures of many different varieties of plants, some could be used for hanging baskets.

Both clubs answered roll call with "The pot plants I have." Both clubs conducted their business after the program. Mrs. Schoolcraft, president, called the meeting to order. Mrs. Grover Moore gave the council report and reminded the members of the District THDA meeting to be held in Wichita Falls, April 17.

The nominating committee reported that Mrs. Billy Cleveland was elected president, Mrs. Ervin Schoolcraft, vice president; Mrs. Grover Moore, secretary-treasurer; Mrs. Allen Shultz, council delegate, Mrs. Sam Kuehn, alternate delegate and Mrs. John Ray, reporter.

Six members were present. The next meeting will be May 20, in the home of Mrs. Grover Moore. The program will be given by the agent, Miss Sowell on "Women and misuse of drugs." New members and visitors are always welcome.

Return from Capitol

Miss Jacquelyn Brown and Mrs. Mary Brown returned to Foard County last Saturday after a trip to Washington, D.C. Miss Brown was named Texas Betty Crocker Family Leader of Tomorrow for 1975, and won a \$1,500 scholarship plus the trip to Washington for herself and her advisor, Mrs. Brown, who is home economics instructor at CHS.

Miss Brown is a senior in Crowell High School and last week was named salutatorian of the graduating class.

Most of the severely abused children are less than three years old, Mrs. Ilene Miller, with the Extension Service, reports.

Engagement Announced

Mrs. Juanita McKay of Vernon has announced the engagement and approaching marriage of her daughter, Barbara Jo, to Douglas Allen Pharis, son of Mr. and Mrs. Donald Pharis of Crowell.

The couple will exchange wedding vows at 7 p.m., Saturday, June 14, in the Second Baptist Church in Vernon with Rev. Fred Porter, pastor, officiating for the double ring nuptial vows.

Miss McKay is a 1974 graduate of Vernon High School where she served as chaplain her senior year, was captain of the varsity volleyball team for two years, was a member of Student Council and treasurer of TEP during her senior year. She currently attends Vernon Regional Junior College and is employed at Sears.

The prospective bridegroom is a 1973 graduate of Crowell High School where he was president of the Student Council his senior year, and was a member of the Crowell Wildcat football team. He attended Vernon Regional Junior College and is attending Midwestern University in Wichita Falls. He is employed at Wilbarger General Hospital.

WEST SIDE H.D. CLUB

Mrs. Ida Sellers was hostess to the West Side Home Demonstration Club on Tuesday, April 22. Roll call was answered by 9 members and 2 visitors, Mrs. Flavil Yeakley of Kingsland, and Miss Sally Sowell, agent. Mrs. Sellers opened the meeting with a TV gospel message. Mrs. Melvin Moore, vice president, conducted the business meeting.

The following officers were elected for the coming year: Mrs. Rosalie Pruet, president; Mrs. J. W. Cannon, council delegate; Mrs. Don Crafton, reporter.

The program was brought by Miss Sowell on use of the blender for better health and nutrition. She made a garden salad, then made a dressing for it. She showed how to use the blender by following directions in the book that comes with the blender. She stated that a blender works in seconds, not in minutes.

Next meeting will be May 13 in the home of Mrs. Crafton with the program on women and misuse of drugs.

H. D. women are reminded of the tour set for May 23 at which time the women will bring a sack lunch and meet at the court house at 10 a.m.

JUNIOR LEADERS

The 4-H Junior Leaders met Thursday, April 24, in the community center. April Werley called the meeting to order. The pledge was led by Amie Brasher, and Audie Dunham said the prayer. Several activities were discussed on the business program, including a summer trip to Six Flags or Palo Duro Canyon. Refreshments were served by Audie Dunham, Willie Bachman, Sandra Bachman and Carol Sue Scott. The next meeting, which will be the last regular meeting for the year, will be held May 8th.

JUNIOR ADELPHIANS

The Sub-Junior Adelpian Club's annual Mother-Daughter Tea was held in the club house Wednesday, April 23. Incoming members and their mothers were also guests at the tea. During the modeling show, Pam Whatley played her guitar and sang songs.

President Karen Statser described each garment as they were modeled. Models were April Werley, Kathy Whitfield, Sandra Bachman, Jan Reeder and Beth Graves. Refreshments were served by Mmes. W. F. Statser, Donald Pharis and Charles J. Drabek.

30 Years Ago in The News

News items below were taken from the Thursday, April 26, 1945, issue of The Foard County News:

Dr. Hines Clark attended the Golden Anniversary celebration of the graduating class of 1895 Texas A&M College held at College Station Friday and Saturday, April 20 and 21. He is a member of the class of 1895, which was composed of 32 men, of whom 14 are living and 13 attended the reunion. The class of '95 issued the first annual in the history of the college. The '95 class is also credited with fielding the first football eleven in the school's history to represent Texas A&M College in the inter-collegiate contests. Dr. Clark attended the medical college after finishing at A.&M. and came to Crowell to practice medicine in 1900. At their muster April 21, they had as their speaker and as special honor guest, Lt. Clifton H. Chamberlin of the class of 1940. He was rescued only a few months ago from the Japanese prison camp where he had been since the fall of Corregidor. He was one of the immortal 25 Aggies present at the April 21 Muster of Corregidor shortly before it fell in 1942. He is the first and only member of that group to be liberated.

Mr. and Mrs. Tom Vecera have received a letter of commendation from Secretary of War Stimson, upon their sacrifice in having four sons in the service. The sons are Pvt. Venzy Vecera, stationed in Alaska; Capt. Richard Vecera, who has recently returned from the India theater; S-Sgt. Fred Vecera, recently returned from the European operations, and A-C Paul Vecera, who is stationed at Iowa City, Iowa, in a pre-flight school.

Ginger Johnson won first and fifth on calves in the ninth annual 4-H Club Livestock show Saturday. His first place calf sold at auction to Paul Taylor for 25 cents per pound and weighed 800 pounds.

The Crowell Rotary Club had ten 4-H boys as guests at the Wednesday noon luncheon at the DeLuxe Cafe. They were J. C. Autry, Henry White, Marion Bailey, Jim Tom Cates, Billy Abston, Floyd Borchardt Jr., Verne Walden Jr., Charles Wishon Jr., Wayne Shultz and Herman Athey.

W. F. Kirkpatrick received a letter from Pfc. Harry Harwell Monday morning in which he said that he was in a hospital in France after having been liberated from a German prison camp.

Cap Morris, former Thalia farmer who has resided in Clarendon for many years, has been elected mayor of Clarendon and was duly installed Tuesday of last week.

Crowell Boy Scouts attending a senior scout bivouac at Camp Perkins near Wichita Falls last weekend were Bobby Cooper, John Carter, J. L. Brock, Travis Vecera, Johnnie Mitchell, Hardy Sanders, Ed Thomas, Bill Irvin, H. A. White and Clark Christian.

LIVESTOCK EXPORTS, IMPORTS REVIEWED

U.S. exports of livestock and livestock products totaled \$1.57 billion in 1974, up 10 per cent from record levels a year earlier, says a livestock marketing specialist for the Texas Agricultural Extension Service. The greatest export increases were in animal fat, furskins, lard and edible tallow. However, red meat exports were down considerably as were exports of live cattle. Total imports were down 19 per cent from a year earlier, including meats and meat products subject to the Meat Import Law.

The County Agent Says...

Garland R. Wiemers

Acreage Questionnaire

This information is being included in this column to notify Foard County producers about a questionnaire they may be receiving. During the last half of May, a random sample of some 24,000 Texas farmers will receive a crop acreage questionnaire from Charles E. Caudill, Agricultural Statistician In Charge of the Texas Crop and Livestock Reporting Service, Austin, Texas.

This information will be the basis for determining the planted acreage for the state of Texas and for each county. Texas covers such a wide area that state totals alone do not provide adequate information on Texas' most basic industry—agriculture. The Texas Legislature has

provided a program of estimates for each county. This is a cooperative effort of USDA's Statistical Reporting Service and the Texas Department of Agriculture. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas agriculture. Farmers who receive questionnaires are urged to complete and return them by mail. All individual reports are confidential and are used only for state and county totals.

Forage Fed Beef

At the recent Texas Animal Agriculture Conference at Texas A&M University, Dr. C. S. Hoveland, Professor at Auburn University, voiced his opinion that the southern United States will eventually develop large scale production of forage finished beef. If so this will largely effect us because winter forages are best for forage finishing cattle in the South. One of the marketing problems, however, encountered in raising forage finished beef

would be the varying supply of slaughter animals. This is to say, that finishing cattle on winter annual pastures would result in an oversupply of slaughter animals in late spring and none over much of the rest of the year.

Land Use Planning

"Land Use Planning: What Is It?" is the topic of a program sponsored by the Rolling Plains Economics Program. Two area meetings are scheduled in this area. On May 8 the program will be presented at the Kent County Community Center in Jayton and on May 9 at the First National Bank Meeting Room in Graham. Dr. Billy Harris, Land and Water Use Specialist and Kenneth Graeber, Economist-Real Estate, Texas Agricultural Extension Service will present the programs. Items to be discussed include what is land use planning, proposed state and federal legislation and land use planning implications for agriculture. I'm sure some of you will be interested in attending.

Texas Talk

by Bud McLain

Let's all help promote our program (this Saturday in Crowell) of education on "Drug Abuse". A very well qualified man, Chief of Police from Warr Acres, Okla., will conduct the program. Drug abuse is a constant problem, that slips up on young, middle aged, and old. To some, it is a temporary escape from reality. To others, it deadens a pain—either real or imaginary. If it is used long enough, or excessively, the imaginary becomes real, and the "high" becomes a normal feeling. Then, more is needed to maintain a "normal" much less a high. We could go on and on, but let's be aware of the problem, and learn ways of dealing constructively with it.

The time is 7:30 and the place is high school auditorium. It can't miss with people sponsoring and promoting it, such as Rotary, Lions, Womens Service League, school system, Sheriff's dept., and churches of the town. Our Sheriff's Dept. is well versed in drug abuse.

Crowell Farmers Gin Has Annual Meeting

At the annual membership meeting of the Farmers Cooperative Gin of Crowell held at the gin office Saturday afternoon, the four directors whose terms were expiring were all re-elected to 2-year terms. They are I. J. Jackson, Lester Patton, Glyndon Johnson and A. L. McGinnis.

Officers who were re-elected are Johnson, president; McGinnis, vice president; and Patton, secretary.

Hold-over members of the board are J. E. Ingle, W. J. Garrett and R. J. Owens. Ben Barker has been re-employed as manager of the gin for another year.

Thalia Co-Op. Society Has Annual Meeting

The annual meeting of the Farmers Cooperative Gin at Thalia was held Friday night, April 25, at the gin office. Borden Duffle gave the auditor's report and dividends were passed out. One new director, Joe Coufal, was elected at this meeting.

The board elected the following officers: Edward Kajs, president; Glenn Swan, vice president, and Tom Smith, secretary. Other members of the board in addition to the officers and the new member are Bill Cates, Ward Kuehn and J. F. Matthews.

Little League Draft Is Thursday Night

The annual draft of players for the coming Little League baseball season will be held Thursday night, May 1, beginning at 8 at Bird's store on the west side of the

square. LL President L. H. Wall, who announced the date for the draft, said there are many new players coming into the league this season, and they will be assigned to teams at the Thursday meeting.

When consumers return warranty cards to manufacturers for products bought, this activates the warranty and enables the manufacturer to notify the buyer if the product turns out to be hazardous or defective. Also, buyers of used appliances or ones traded with friends or family should be sure to notify manufacturer of the new owner's name, advises Lynn Bourland, with the Extension Service.

SOYBEAN OUTLOOK
Soybean prices are expected to be somewhat lower in 1975, but producers are planning to plant more acres, according to an agricultural economist for the Texas Agricultural Extension Service. Prices are expected to be in the \$6 per bushel range, down from record prices the past two years. In Texas, acreage is expected to jump from 275,000 to 400,000 acres while the U.S. acreage is expected to jump some four million acres to a total of 57,106,000 acres. In Texas most new acres of soybeans will be in the Gulf Coast area where soybeans are now being planted in rotation with rice. U.S. consumption of soybeans should be down during 1975, but foreign demand is expected to be up.

BEEF BREEDING HERD MANAGEMENT
Cattlemen must give closer attention to reproduction in their herds if they are going to stay in business during periods of low market prices, contends a beef cattle researcher with the Texas Agricultural Experiment Station. Cows should calve early in the calving season. The herd should be separated into various groups according to the cows' needs, and they should be fed accordingly. Phosphorus should be readily available. Calves should be weaned early, at 40 to 50 days of age, to take pressure off cows. Heifers must reach certain weights to begin the estrus cycle, and these weights vary with breeds.

AG LOANS LARGER

The average size of agricultural loans increased in Texas last year, but credit quality appears to be deteriorating, says an economist for the Texas Agricultural Extension Service. In a survey of 100 Texas agricultural lenders, 69 per cent said the average loan size increased the past year, but 49 per cent indicated that loan repayment was lower. Thirty-six per cent reported more loan applicants that couldn't be served, due mainly because collateral requirements were increased at 28 per cent of the financial institutions. Average interest rates were 9.84 per cent for feeder cattle loans, 9.57 per cent for farm and ranch operation loans, and 8.93 per cent for real estate loans.
