Wildcats Go to Memphis Friday

The Crowell Wildcats will travel to Cyclone Country Friday night when they go to Memphis to take on the No. 3 rated class A team in the State. Memphis had an open date the first week of the season, and last Friday night, threw a scare into

powerhouse AA Childress before finally losing to the Bobcats. The Wildcats have defeated Quanah and Seymour in the two games they have played thus far.

Coach Printiss Gidney says the Wildcats will be taking on the biggest and fastest team they will probably meet this season. The Cyclone has one of the fastest backfield men in the state, he added.

Crowell has two players on the injured list, David Bell and Norman Hopper. Coach Gidney did not know Monday whether or not these two will see any action at Memphis.

A big crowd of Crowell supporters is expected to accompany the Wildcats to Memphis. Starting time is 8 o'clock.

Awarded Scholarship

Mrs. Jo Ann Vecera of Crowell is one of twenty-nine Midwestern State University students who received \$250 nursing scholarships this fall from the E. Paul and Helen B. Waggoner Foundation, Inc. of Vernon, according to Ruth McFarland, nursing department chairman at MSU.

Mrs. Vecera is the wife of Fred R. Vecera Jr. She is the daughter of Mr. and Mrs. Joe Howard Williams and granddaughter of Mrs. Alene Williams, all of Crowell.

Assistance Offered Farmers

September 30, 1975, is the last day to apply for emergency conservation measures assistance, according to Joe Sabbe, executive director of the Foard County ASCS.

Farmers who have had severe damage to conservation structures or farm land by the heavy rains may be eligible for assistance to correct the problem.

Sabbe added that a farmer qualifying for ECM assistance may receive up to 80 per cent of the cost for performing the following:

1. Grading or shaping severely damaged farmland.
2. Restoring conservation structures (terraces, and earth dams.)

No Set-Aside for 1976 Crops

There will be no set-aside requirement for 1976 feed grain, wheat and upland cotton programs, Joe Sabbe, executive director of the Foard County ASCS, told producers Tuesday. It will be the third consecutive year for the feed grain and wheat programs and the fourth for the upland cotton program in which no set-aside was required.

Sabbe says that in 1976, as in the present year, producers may substitute any non-conserving crop or any conserving crop (except marketing quota crops) used for hay or grazing in order to preserve their wheat, feed grain or cotton allotments.

HEAVY RAINS FALL OVER COUNTY LAST WEEK END

General heavy rains fell across Foard County last week end and gave wheat farmers plenty of moisture for the sowing of the new crop. Truscott and Gilliland

received about four inches Thursday night as the front, accompanied by high winds and dust, pushed across the area.

The front, in addition to

bringing moisture, dropped the temperature from a high of 104 Thursday afternoon to 49 degrees early Friday.

The rains continued falling intermittently all day Saturday and Sunday with Monday becoming partly cloudy later in the day. Most sections of the county received at least three inches. R. C. Daniel said he estimated he had received about 5 inches at Truscott by Monday morning.

Official measurement was 3.05 inches by the government gauge in Crowell.

Jobs Needed for Four Vietnamese

Four young Vietnamese men ranging in ages from 19 through 25, are desiring to come to Foard County to live. Mrs. Moody Bursey announced Monday. Mrs. Bursey is trying to line up jobs for the four, and she has requested that anyone who would employ any or all of the men call the Foard County News, 684-4311, and leave their name. Mrs. Bursey will then contact the prospective employer.

The four are single and are presently at Fort Chaffee, Ark.

Schools to Dismiss Early

Crowell Schools will be dismissed at 2:30 p. m. Friday, Supt. Larry Jones said Monday. School will be dismissed early so the regular bus routes can be run, and buses be back in Crowell in time to take the pep squad and band to Memphis to the football game that night.

Residents Urged to Sign Up for Apartment Project

A possibility of securing apartments for Crowell has developed during the past few weeks and applications are needed by anyone who may be interested in renting

one of the units. According to City Secretary Wilma Cates, the units, four to a quadplex, are planned for families with from \$5,000 to \$12,000

annual income. Persons who have not already been contacted and who could possibly be interested in living in one of the units is urged to contact the city hall as soon as possible.

OPENING HOME OFFICIALS—Pictured here are owners and operators of the Crowell Nursing Center who were on hand Friday afternoon for the open house of the new facility. From the left, they are: Donny Montgomery of Azle; Mrs. Judy Hackel of Crowell, director of nurses; Ric

Hackel of Azle, a company employee; Robert Andrews, assistant administrator; Mrs. Loretta Montgomery and Don Montgomery Sr. of Henrietta, owners; Mrs. Marie Townsend, administrator; and Jack Burgess of Graham, another of the owners.

It was taken in the dining area where refreshments were served to the many visitors.

OPENING HOME LOBBY—This picture was made in the lobby of the Crowell Nursing Center Sunday afternoon during the open house for the new facility. In spite of

wet weather and bad road conditions around the center, a large crowd of area residents visited the new nursing home Sunday.

Large Crowd Attends Rest Home Open House Sunday

In spite of extremely wet roads caused by three days of rain, a total of 129 residents registered and toured the new Crowell Nursing Center during its open house Sunday afternoon. Guests were served from Crowell, Wichita Falls, Vernon, Matador, Paducah, City, Quanah, Seymour, Truscott, Springtown and other areas.

resident admitted to the 80-bed center. Mrs. McLaughlin has been in a Quanah nursing home for some time, and was happy to be back in Foard County. At the open house, Bonnie Metcalf and Judy Fiske registered the guests. Mrs. Jan Bond was organizer during the open house and refreshments were served by Mrs. Moody Bursey, J. T. Brooks, Walter Ramsey, Loraine Carter and Gerald Myers. Coffee, punch and decorated cookies were

served from a beautifully appointed table in the dining room of the center. The dirt roads around the center were almost impassable and Melvin Dishman, City of Crowell employee, was busy pulling cars out of the quagmire. Mrs. Marie Townsend is administrator of the center, and Mrs. Judy Fiske is director of nurses. R. D. Montgomery and Jack Burgess, owners of the home, were here Sunday for the open house.

Plans Being Made for San Antonio Band Trip

Plans for the CHS Band's trip to San Antonio early next year to perform at the state music convention were discussed at the Monday night meeting of the Crowell Band Boosters.

Named as sponsors to accompany the band on the Feb. 11-14 trip are Mr. and Mrs. J. E. Brasher, Mr. and Mrs. Bax Gentry, Mr. and Mrs. Donald Werley, Mr. and Mrs. Rusty Russell, Mr. and Mrs. George Scott and Mrs. Ward Kuehn.

Alternates are Mr. and Mrs. Felix Taylor, Mr. and Mrs. A. L. McGinnis, Mr. and Mrs. Joe Don Brown, Mr. and Mrs. Ray Brown, Mrs. Paul Bullion and Mrs. Ruth Ellen McBeath.

James Streit, band director, is making reservations for the band and sponsors at Holiday Inn Northwest at Interstate 10 at Vance

Johnson Road in San Antonio. All parents and others interested in going to San Antonio for the band's performance can make reservations at this motel, Mr. Streit said, and he listed the phone number as 512-732-5141. The band will perform Thursday night, February 12. He said parents of the band members will be recognized before the performance and he invited and urged all parents to attend if possible.

Also at the Monday night meeting sponsors were named to ride the junior high bus to Memphis and Electra. The band boosters voted to offer sandwiches and brownies for sale at the next home game. This will be in addition to the regular fare at the concession stand.

"SPIRIT OF '76"
 The seniors want to welcome Jack Whitley back to school. He has been in the Wichita Falls Hospital due to a football injury. Welcome home, Jack!

Last week was an exciting week...test after test to be sure. This week proved to be more exciting! Book reports were due Friday.

Last week our pep rally was held in the high school auditorium instead of in the gym. There seemed to be more school spirit and it is predicted to be even more this week.

The football boys won another victory against Seymour. This week they travel to Memphis to "Can the Cyclones!"

what many people blurt when they get themselves fractured. But most of them probably were thinking---- thinking too widely, too freely, too far afield from their activity at the moment of injury.

If we could only lock our minds on to our work, we could consistently turn out the very best we are capable of doing. Our performance would be injury-free, damage-free, defect-free. But the trouble is, our mental doors tend to swing ajar as we work along, or drive along. First thing you know, our thoughts have led us back to last night's split at the bowling alley, or ahead to next weekend's joyful jaunt. That's when we think too much, and are dangerous!

We can't shut off our minds any more than we can shut off the inhale-exhale process, but most of us can concentrate on our activity with reasonable consistency, if we try hard enough. It takes high-octane will power, but we can avoid that dangerous drift into day-dreams.

A smooth cruise in a modern car invites us to stray mentally far away from speedometer, warning signs, and rearview mirrors. It's easy -- too easy -- for the mind to switch on down the highway to arrive at our destination hours before our gas-pedaling gets us there. This is when another car can sneak, unseen, into our path from a side road, or when we can unknowingly bury our front bumper in the differential of the car ahead.

It takes honest sweat to concentrate steadily on what we are doing.... but we can. Because if we think too much about too-distant things, we might think ourselves into no thought ... no action ... no anything!

We are continuing our magazine sale and if anyone needs a renewal or magazine please call or contact a junior. We appreciate the support everyone has given to our fund-raising project.

These hot humid September days are turning into 5 weeks of school which means reporting period isn't too far away.

Juniors, remember that our book reports are due September 19th. Juniors say, "Mince Memphis."

SOPHOMORE SCOOP
 With football season well under way, the sophomores are trying to keep that spirit up. We have been working hard on signs for the upcoming football games. Remember Rah! Rah! Rah! We have also been very busy with our studies this week. We've had several tests including world history, algebra, geometry, typing.

and English. Let's all go to Memphis (for the big "blow-out") and support the mighty Wildcats! The sophomores say, "Breeze By the Cyclones!"

FRESHMAN FOCUS
 Congratulations, team, on your big victory over the Seymour Panthers! Considering the weather, everyone did a great job. Friday we had a super-marvelous pep rally in the auditorium.

The freshman class gives a big welcome back to our senior Jack Whitley! This week let's all go with the Wildcats as they travel to Memphis. Freshman say: Cyclones are BIG Windies!

Pep Squad News
 Last Friday night the Wildcats kept up the winning spirit as they defeated the Seymour Panthers 14-0. At the pep rally Friday afternoon the "Big Mouth Award" was given to the cheerleaders. Also Jack Whitley was given a big welcome back to school after a long illness in the hospital.

This Friday the Wildcats travel to Memphis to play the Cyclones who are rated 4th in state. This ought to be a very exciting ballgame, so let's all go and support our winning "Cats for another victory!"

Pep Squad says, "De-Whirl the Cyclones!"

The Foard County Agent Says...

By Garland Wiemers
County Extension Agent

Cattlemen are suffering from poor market prices brought on mainly by excessive numbers of calves. A remedy to the situation can be made by culling their cow herds and reducing the number of replacement heifers.

The extension service is cooperating with the American National Cattlemen's Association in urging producers to reduce the size of the cow herd and thus bring about a more favorable beef supply-demand situation for all concerned.

Due to the overload of beef cows, late summer and fall culling will be doubly important this year. First of all, culling will take the pressure off fall pastures and reduce herd maintenance costs during the coming winter months. Secondly, supplies of other meats, particularly pork and poultry,

are down at this time, so there is a ready outlet for the increased beef supply that would result from heavy cow culling.

Cow slaughter is currently heavy and was 47 per cent more during the first half of 1975 than the same period a year ago. If this pace continues through the remainder of this year, the nation's cow herd on Jan. 1, 1976, may be down by almost one million head from Jan. 1, 1975. Heifer retentions for cow herd replacements are also down about 7 per cent from a year earlier.

If cow slaughter continues at a heavy rate for the rest of the year and into 1976 and if heifer holding is not excessive, the total cow herd may get back in line with population and income growth by 1977.

The adjustment in cattle numbers must come about if prices to cattlemen are to improve. This adjustment

can be orderly if cattlemen made the decision to act now.

In addition to a more stable beef supply and price situation, reducing beef cow herds will also help producers improve herd quality by eliminating poor producers, reduce feed and other costs by eliminating "boarder" cows, and increase the flexibility of their operations.

A cow-calf operator could cull more cows and retain some calves. Then, during the next year, he would have the flexibility of putting the heifers back into his breeding herd if conditions warrant. Some consideration also might be given to backgrounding the yearlings for an additional period if costs are not excessive.

Officer Recalls Crowell Tornado

A story in the August 28 issue of The Vernon Daily Record about a former commander of Victory Field south of Vernon tells some interesting things about this area during the war years.

The Vernon visitor was Col. James M. Johnson of Atlanta, Ga., who was visiting his wife's relatives in Vernon last week. Col. Johnson moved to Vernon during the construction of Victory Field and stayed on to become commander of the

field.

Col. Johnson recalled that he did emergency flying while at Vernon after the tornado struck Crowell on April 28, 1942.

He loaded some 60 cadets into trucks about 9 p. m. after receiving word of the tornado, and took them over for guard duty and rescue work "and anything that needed to be done for a town that was just literally torn all to hell."

"People in Vernon opened up stores and gave us blankets, flashlights, hand tools and shovels—anything else that we needed," Col. Johnson recalled.

"The next day, we began to get help from Sheppard Field in Wichita Falls in the way of doctors and medicine. "I flew about four times from Sheppard, landing on a highway just outside of

Crowell (State Highway 283 north of town) bringing in badly-needed medicines... and immunizations," Col. Johnson recalled.

His primary training plane was the only one making such flights. Nobody else was willing to risk the highway landings, as Col. Johnson recalls it, and he doubted the wisdom of his decision to do so as he watched the highline poles flash past his wingtips each time he landed and took off.

When ironing embroideries, appliques or monograms, place them face down on a thick bath towel. This makes the design stand out rather than be flattened. Lynn Bourland, with the Extension Service, notes.

Future Supply of Grain Is at Stake

Texas Farm Bureau President Carrol Chaloupka said future supplies of grain may depend upon the outcome of the current grain export controversy.

"If farmers lose a part of their legitimate export markets because of actions of the federal government and labor unions, they will be forced to reduce plantings for the next crop season," Chaloupka said. "Fall planting for wheat is just a few weeks away and some farmers will be making that decision soon."

Chaloupka said farmers are angered over the Administration's curtailment of future grain sales to Russia until final crop reports are in and also the actions of the International Longshoremen's Association in refusing to load grain on ships bound for Russia.

"These actions will result in less grain, not more, for the American consumer," the Dalhart grain and livestock producer said. "If our farmers find their export markets destroyed and if resulting prices are below cost of production, they may not plant at all."

Chaloupka said farmers must find overseas outlets for two-thirds of their wheat and rice and a fourth of their

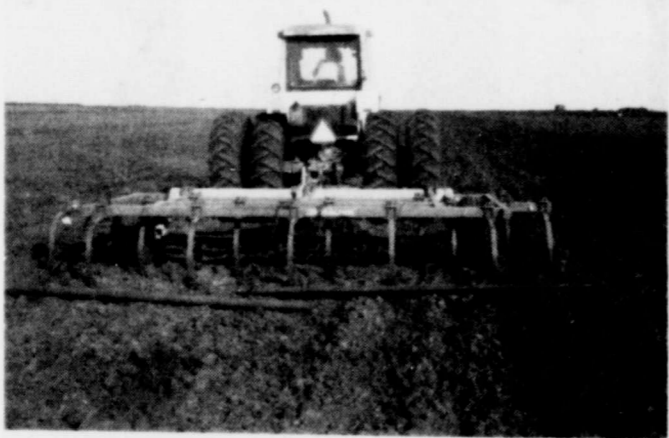

feed grains. He said these markets permit volume production with resulting lower costs to American consumers.

Chaloupka said that if the export issue isn't cleared up soon farmers may use economic pressure themselves.

"Right now American farmers own and control a large portion of the world's available grain supplies," he said. "This is grain that is still on the farms or in country elevators. Adequate supplies are not available from traditional exporters such as Canada."

"Grain farmers could decide to use the ultimate weapon -- withholding food -- in order to force access to world markets and to assure a profitable price."

Watch for food sales—but beware of items that are simply "featured" in a store but aren't really special sale items. Just because a row of items has been labeled with a big red price sticker doesn't necessarily mean the item is a sale bargain. Sally Springer, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

The above picture shows farming on the contour with newly constructed parallel terraces on the Blevins and Ingle farm.

CONTOUR FARMING

by Thomas W. Shinn, SCS

Contour farming, with or without terraces, can help to control erosion but it is only the beginning unless used with conservation practices such as cropping systems, minimum tillage, residue management, terraces, emergency tillage, fertilizing and stubble mulching.

The effectiveness of contour farming in conserving soil and moisture is also influenced by such factors as types of soil, slope and rainfall.

The major factors for farming on the contour are to reduce the velocity of runoff water, conserve sufficient moisture, and our most valuable resource, the soil.

Since conservation of moisture is so vital contour cultivation should be used in most circumstances even on our long flat slopes. Crops continue to produce higher yields on contoured fields compared to fields cultivated

up and down the slope and across terraces.

Recent heavy rains broke a high percentage of terraces throughout the county. In comparison, terraces designed and maintained at an effective height that received no more than the 24 hour average maximum rainfall for Foard County and with tillage operations performed on the contour failed to break. This untold dollar value resulted in tons of topsoil being saved.

How well terraces do their job of protecting the soil depends on how they are farmed—on the contour or across them and maintaining their effective height.

Some landowners who have recently or presently in the process of building up terraces are Walter Ramsey, J. T. Tamplin, Henry Black, Tom Russell, Kenneth Halbert, Duane Johnson, Jeff Bell, Jack Welch and Fred Borchardt.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present deduction of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection (c), which becomes

effective January 1, 1979.

**PROPOSITION NO. 6
ON THE BALLOT**

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10% of the state's general revenue to the environment of the State of Texas is to be protected is established and the legislature is required to implement and enforce this policy. State funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonable foreseeable water requirements of the basin for the ensuing 50 years unless the removal of water is sufficiently placed to the point of removal from outside state or is on a temporary, interim basis seaward beaches of the Gulf of Mexico coastal submerged lands belonging to the state held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, public has the free unrestricted right of access to and benefit of the beaches. The provision continued that, except otherwise provided by law, a rate of interest in excess of ten percent per year is usurious, and if a contract does specify a rate of interest the rate under the contract may not exceed ten percent per year. Discrimination against handicapped persons is prohibited, and a goal of state is to establish provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

STAR-SPANGLED HISTORY

"SYMBOL OF FREEDOM"

The American flag, with its triumphant heraldry of stars and stripes symbolizing unity and growth, appears repeatedly throughout the works of Joseph Boggs Beale, the nineteenth century illustrator. The eagle represents the power and strength that has made our country the great nation it is today. Writers and artists of Beale's day saw the American past as an exciting and splendid adventure of individuals fighting courageously for freedom. These values, and the individuals who fought for them, are present in the images featured in the "Star-Spangled History" series. From the collection of American National Insurance Company, Galveston, Texas.

Mr. and Mrs. George Pruitt visited in Matador Tuesday and Wednesday last week. They attended the funeral of his sister, Mrs. Elmer Smallwood.

Mr. and Mrs. Reid Pyle of Rule and Mr. and Mrs. Louis Pyle and David of Floydada visited here Sunday with Reid's and Louis' sister, Mrs. Houston Adkins, and family and they all attended the funeral of their aunt, Mrs. Bertha Shultz, in Thalia Sunday afternoon.

ATTENDING TARLETON
Bob Burkett, son of Mr. and Mrs. Joe Burkett, has enrolled as a sophomore at Tarleton State University in Stephenville.

SENIOR CITIZENS
The senior citizens met Sept. 16 at a regular luncheon with 17 members and one visitor, Sylvia Quintero, present. Sylvia showed films of her trip to Washington, D. C. in March with the FHA group.
Sept. 18 at 2 p. m. Gladys Meek will be at the center. Saturday, Sept. 20, at 7:30 the New Country Music Makers of Paducah will be at the housing center. On Sept. 23 Mrs. Eva Sloan will tell of her trip to the Caribbean last summer. The senior citizens received a hanging basket, a gift from Mrs. Moody Bursey and Mrs. A. R. Sanders. Mrs. Sanders received the door prize.

CARD OF THANKS
We want to thank everyone for your thoughtfulness during Roxie and Butch's stay in Houston while she was taking treatments. A special thanks for the cards, letters, visits, phone calls and words of encouragement, and above all for remembering us in your prayers.
Iona, Houston, Mary Sue and Randy.

STILL TIME FOR QUALITY HAY
Fall moisture is generally adequate over much of Texas, and with adequate use of fertilizer, top quality hay can still be produced for the coming winter season. A lack of fertilizer use along with varying rainfall resulted in some rather poor quality hay this spring and summer, points out a forage specialist for the Texas Agricultural Extension Service. For good quality hay, use adequate amounts of nitrogen fertilizer and harvest the hay at the proper stage of growth. Producers are encouraged to enter hay samples in the State Hay Show set for Oct. 14 near Austin. Deadline for entries is Sept. 24.

Series of Drawings to Be Printed

The Foard County News will present during the next twelve months a series of historic illustrations depicting significant events of our nation's colorful and varied past.

The series, entitled "Star-Spangled History," has been taken from the works of the celebrated nineteenth century magic lantern artist, Joseph Boggs Beale (1841-1926).

Beale's painting will be spotlighted in a nationwide traveling exhibition, sponsored by American National Insurance Company of Galveston.

The newspaper series, "Star-Spangled History," will present a glorious view of American history. Its creator, Joseph Boggs Beale, was a parade-loving nineteenth century Philadelphian who made more than 1,800 carefully detailed watercolors of American life. A local Philadelphia firm turned them into lantern slides, which a pre-motion picture audience thought of as little short of magic. They were enthusiastically viewed by groups, frequently in Sunday School. Most of the images were designed in series as a visual complement for patriotic songs and poems.

Grade School Football Boys Lose Games

Crowell Grade School football teams, coached by Marvin Field, showed improvement last Thursday in their games with AA Seymour. In the seventh grade game, the Crowell boys lost by a 20-16 score. Dan Klepper scored the two Crowell touchdowns and Robert Newman ran over the extra points. The local eighth grade lost a heart-breaker to Seymour by a 2-0 score. This game was played in a hard rain and dust which hit just as the first game ended.

This week, the two teams travel to Childress, with games scheduled to begin at 5 p. m. Thursday at Bobcat stadium.

William Cates Died Sunday in California

William Cates, 63, former Crowell resident and son of the late Mr. and Mrs. Frank Cates of Crowell, died in a Downey, Ca., hospital Sunday. Mr. Cates was reared in Foard County, but had made his home in California for many years.

Funeral services were held Wednesday afternoon in Downey. Attending from Crowell were Mrs. Margaret Jefferson, Leo and Buster Cates.
Survivors include his wife, two children; four brothers, Leo and Buster Cates of Crowell, R. B. Cates of Las Vegas, Nev. and Roy J. Cates of Fort Worth and one sister, Mrs. Margaret Jefferson of Crowell.

Waterfowl Hunt Dates Are Set

A daily bag limit of up to 10 ducks and generally longer waterfowl hunting seasons were established by the Parks and Wildlife Commission at their August 29 hearing.

The commission set split seasons for both ducks and geese in the eastern portion of the state—both to open Nov. 1 and again on Dec. 20. Goose season east of U. S. Hwy. 81 is Nov. 1 - Dec. 12 and resumes Dec. 20, 1975 - Jan. 18, 1976. West of U. S. Hwy. 81, Texas will have 93 continuous days of hunting, Oct. 18, 1975 - Jan. 18, 1976.

Duck and coot season east of a line running from Del Rio to Vernon is Nov. 1 - 30 and Dec. 20, 1975 - Jan. 18, 1976.

West of the Del Rio - Vernon line duck and coot season is a straight 83 days, Oct. 28, 1975 - Jan. 18, 1976.

Duck bag and possession limits will again be determined by a 100-point system, but with significant changes. For the first time since the 1971-72 season, canvasback and redhead ducks may be hunted over most of Texas.

This year each canvasback and redhead counts as 100 points except in Brazoria, Chambers, Galveston, Harris, Jefferson and Orange Counties, where the season remains closed. Last year the season on the two species was closed in all 16 coastal counties.

There are no changes in 70-point ducks from the 1974-75 season: mallard hens, wood ducks and hooded mergansers.

All species of teal count as 10 points, a change from last year when green-winged teal were 35 points and blue-winged and cinnamon teal counted as 15-point birds.

Other 10-point birds this year include pintails, gadwalls, scaup, shoveler and mergansers except hooded mergansers.

All other species and sexes of ducks count 25 points in eastern Texas. In the western third of Texas, 25-point ducks will count 20 points.

Bag limit on geese east of U. S. Hwy. 81 is five birds, to include no more than one Canada or one white-fronted goose, with a possession limit of five to include no more than two Canadas or two white fronts, or one of each. Daily bag and possession limit shall include not more than one Ross' goose.

West of U. S. Hwy. 81, daily bag and possession limits are two and four geese respectively, except the daily bag possession limits shall include not more than one Ross' goose.

Bag and possession limits on coots in all of Texas are 15 and 30 respectively.

Seasons remain closed for fulvous and black-bellied tree ducks and Mexican ducks.

Seasons and bag also were set on sandhill cranes, woodcock and snipe.

Lesser Sandhill (little blue) cranes: In Zone A, Oct. 25, 1975 - Jan. 25, 1976. In Zone B, Nov. 29, 1975 - Jan. 25, 1976. Daily bag is three birds and possession limit of six.

The only major change in sandhill crane hunting this year is the requirement for a

Miss Stewart Is Wed in Quanah Rites

Miss Janie Stewart, daughter of Mr. and Mrs. Charles S. Stewart of Quanah, became the bride of Billy Stowers, son of Mr. and Mrs. W. L. Stowers of Vernon, in the home of Mr. and Mrs. Paul Converse Saturday, September 6, at 5 p. m. in Quanah. Mrs. Converse is a sister of the bride.

The double ring ceremony was performed by Doyle Bloomer, uncle of the groom and pastor of the Church of Christ of Eldorado.

Given in marriage by her parents, the bride wore a floor length gown of white moss crepe, empire waist outlined with white corded lace with scoop neckline. The sheer lanterned sleeves were accented with white corded lace. Her floor length three tiered illusion veil was fastened to a headpiece of pearlized orange blossoms and seed pearls. She carried a bouquet of white daisies and white cushion mums.

The living room was decorated with large baskets of mixed summer flowers. The bride's selections of music were played by Mrs. James McIntire who also played the wedding march. Sharon Brandon of Quanah was the maid of honor. She wore a floor length, V-neck gown in the bride's chosen colors of beige and powder blue and carried a bouquet of mixed summer flowers.

Mrs. Converse was the matron of honor. Her floor length dress was also in the bride's chosen colors of beige and blue. It featured a V-neck. She also carried a bouquet of mixed summer flowers.

The couple will make their home in Vernon where they are both employed at Vernon Center North.

Mrs. Stowers is a 1972 graduate of Quanah High School and attended Clarendon Junior College. Mr. Stowers is a 1973 graduate of Vernon High School.

The bride is a granddaughter of the late Mr. and Mrs. J. A. Stovall of Crowell.

flowers. Best man was Mike Craighead of Vernon and groomsmen were Mark Latimer, also of Vernon.

The mother of the bride wore a floor length, V-neck gown of double knit in colors of yellow, blue and pink on a beige background. Her corsage was white carnations and cushion mums.

The groom's mother wore a floor length dress of light blue on white dacon double knit, styled with an empire bodice and long blue sleeves of light chiffon. Her corsage was white carnations and cushion mums.

A reception was held immediately following the ceremony in the Converse home.

The register table held an arrangement of summer flowers. Mrs. Tracy Duvall, of Rising Sun, Md., and a sister of the bride, registered the guests.

Mrs. Jack Garrard of Midwest City, Ok., served the three tiered wedding cake. The cake was decorated with yellow and blue flowers and topped with an arch over two doves.

Miss Myrna Powell of Quanah also served at the bride's table which was decorated with an arrangement of carnations, daisies, mums and baby's breath.

For the wedding trip the bride chose a blue A-line dress styled with short sleeves and a square neckline.

The couple will make their home in Vernon where they are both employed at Vernon Center North.

Mrs. Stowers is a 1972 graduate of Quanah High School and attended Clarendon Junior College. Mr. Stowers is a 1973 graduate of Vernon High School.

The bride is a granddaughter of the late Mr. and Mrs. J. A. Stovall of Crowell.

4-H Clubs Elect Officers

This past week the 4-H grade school clubs met for their first meeting of the school year. The main purpose was to organize clubs and elect officers. This year there are seven grade school clubs. A new 4th grade club was organized on Monday, Sept. 8, with the help of adult leaders, Mmes. Jim Mac Gafford, Jim Henry and Eldon Whitman.

The officers elected in the 4th grade are: President - Dan Wall; Vice-President - Brian Whitman; Secretary - Linda Dishman; Reporter - Nancy Brown; Council Delegate - Lynn Johnson and Frederick Henry.

Fourteen members enrolled in the 5th grade girls 4-H Club in Mrs. Smith's room on Tuesday, September 9. Officers elected were president Mitsy Kuehn; vice-pres. Lori Elkins; secretary - Sue Rangel; reporter - Nicole Parris; council delegate - Brenda Henry; and song leader - Sue Fish.

On Wednesday, September 10, the 6th grade Sunshine 4-H Club met at the Crowell School and elected the following officers: president, Polly Wisdom; vice-president, Michele Fields; secretary, Patty Black; reporter, Gail Christopher; council delegate, Angie Parkhill; and song leader, Janet Hord.

In the 7th grade 4H Club officers elected were president, Kay McDaniel; vice-president, Pat Gerhardt; secretary, Mary Coleman; reporter, Joyce McGinnis; council delegate, Linda Urquiza and alternate council delegate, Risa Winters; song leaders, Risa Winters and Debra Kajs.

The 5th grade boys elected president, Jerry Ayers; vice-pres., John Kajs; secretary, Bill Coufal; reporter, Dirk Gentry; council delegate, Freddy Collins.

The 6th grade boys elected pres., Jessie Odell; vice-pres., Guy Todd; sec., Scott Reed; reporter, Walter Glover; council delegate, Jeff Walker.

7th grade boys elected president, Ken Gentry; vice-pres., John Henry McGee; secretary, Loyd Daniel; reporter, Dan Klepper; council delegate, Richard Westbrook.

JUNIOR HIGH PEP SQUAD

Last Thursday the Jr. High Pep Squad went to Seymour to watch the Crowell Wildcats and the Seymour Panthers. In the 8th grade game the score was 0-0 until the 4th quarter when the Panthers got a touchback so the final score was 2-0. The 7th grade team lost 14-21.

We travel to Childress this week. Wildcats say, "Box the Bobcats".

Russie Hord Is Speaker at WSL Meeting

Mrs. Russie Hord described a recent tour of Spain at last Thursday's meeting of the Women's Service League. She was introduced by Mrs. Hazel Ramsey, program leader. The speaker found Kennedy airport to be huge.

Mrs. Hord found Madrid with a population of two million to be a beautiful city. With many beggars, the people are of two classes-rich or poor. There are many beautiful palaces located in this area.

The group then visited Toledo, a former capital and an older city, located on a granite mountain. A 16th century cathedral here was described by the guest speaker as "gorgeous". The houses are snow white.

The historical city of Seville-fourth largest in Spain-is a large shipping point. Columbus is buried here in a cathedral which is the third largest in the world.

The tour group viewed the Rock of Gibraltar from a distance as persons are no longer permitted to go to it. The tourists next visited Torremolinos, a resort type location, for seven days. They ate barbecue which was much different from that served here. Not caring for the actual killing of the bull at the bullfight they attended, Mrs. Hord did find the matadors graceful and colorfully dressed.

Mrs. Hord noted the food was more Oriental than what we know as Mexican. The country has narrow streets and small cars with gasoline selling for \$1.60 per gallon. No paper facial tissue was available. The speaker displayed pictures, jewelry and souvenirs that she had bought.

Heart Group Has Meeting Last Week

About twenty local residents attended the regular monthly meeting of the Foard County chapter of the American Heart Association Tuesday night of last week at the home of Mr. and Mrs. Jon Lee Black.

Mrs. Joyce Cargill of Wichita Falls, district heart association representative, showed a film portraying the purposes and aims of the American Heart Association.

The local association plans to have a blood pressure testing clinic at the Lions Club street carnival this fall, and also plans the blood pressure testing for the post office lobby during the year. Mrs. Prinitis Gidney is president of the local heart association and she introduced the officers and presided at the meeting.

OUR GREAT SALVATION

Every man who realizes he has sinned surely will understand the need of salvation.

Perhaps we need to understand the definition of sin. John declares sin to be "the transgression of the law." 1 John 3:4. To transgress simply means to go beyond, or to do things not in accord with God's Word.

The Hebrew writer pens these words—"How shall we escape, if we neglect so great salvation; which at the first began to be spoken by the Lord, and was confirmed unto them that heard him..." Hebrews 2:3.

In this verse we see four things. First, there is the needed blessing—"salvation." This, Jesus offers to us because we need it and because he loves us; in fact, God and Christ loved us enough to provide the way. John 3:16. "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." John 3:16.

Second, we find the character of the salvation offered—"so great." What has ever been offered you that is greater than the salvation here spoken of? It is so great that you should take advantage of it.

Third, we find here the common danger—"neglect." Think of the great numbers who have neglected the salvation that could be theirs. Thousands of people die every day without having obeyed Christ to receive this offer. Do not neglect it any longer.

Fourth, there is the unanswerable question—"How shall we escape if we neglect?" If you neglect the gift offered you through compliance with His Will, what is your alternative? What other plan is there for your salvation?

Will you please think of the salvation that God planned for you and that Jesus offers you? Then decide to obey him before you neglect it too long.

Mrs. Bertha Shultz Died in Abilene

Mrs. Bertha Shultz, 83, a Foard County native, died Friday, Sept. 12 in Abilene. An 18-year-resident of Abilene, she had been in Sunny Dale Nursing Home there for the past 5 1/2 years.

Funeral services were held Sunday afternoon at the First Baptist Church in Thalia with Rev. Wallace Pierce, pastor, officiating. Interment was in the Thalia Cemetery with Womack Funeral Home in charge.

Bearers were Ted Tedford of San Antonio, Ben Combs of Little Rock, Ark., Jim Boyd of Abilene, Bill Cates, T. R. Cates and Eldon Whitman of Thalia, Reid Pyle of Rule and Roy Shultz of Vernon.

Mrs. Shultz was born Aug. 20, 1892, in Foard County, daughter of the late Mr. and Mrs. I. M. Cates, pioneer residents of this area. Prior to moving to Abilene, she had lived in Thalia and Vernon. She was a member of Calvary Baptist Church in Abilene.

Survivors include two daughters, Mrs. Helen Tedford of Abilene and Mrs. Ina Combs of Hot Springs, Ark.; 3 grandchildren; 5 great grandsons; two sisters, Mrs. Ruby Mitchell of Ellenwood, Ga., and Mrs. Jim Cook of Crowell. She was preceded in death by one son, I. M. Shultz, in 1973.

Sister of George Pruitt Succumbed

Funeral services for Mrs. E. L. Smallwood, 78, a former Foard County resident, were held at 3 p. m. Wednesday of last week at the First United Methodist Church in Matador. Officiating were Rev. Loyd Hern, pastor, and Rev. Roy Patterson of Turkey, a former pastor. Burial was in East Mound Cemetery under direction of Seigler Funeral Home.

Mrs. Smallwood, sister of George Pruitt of Margaret, died Sept. 8 at a Paducah hospital.

Born Lillian Myrtle Pruitt, August 1, 1897, at Lexington, Tenn., she was married to Elmer Lee Smallwood May 18, 1913, at Crowell. They moved to Motley County in 1917, and had made their home in Matador since 1960. Mr. Smallwood passed away August 1, 1965.

Mrs. Smallwood was a member of the First United Methodist Church of Matador.

She is survived by three sons, five daughters, one brother, 16 grandchildren, 14 great grandchildren and 1 great great grandchild.

Truscott Woman Opens Beauty Shop

The Styling Stall, located in the Mini Mall in Knox City, has been opened with Mrs. Mary K. Tomanek of Truscott as operator.

Mrs. Tomanek, a former Truscott area correspondent for The Foard County News, is married to Lumir Tomanek, who farms near Truscott. She is a Truscott native and her parents are Cecil Chowning of Electra and Mrs. Lola Speck of Lubbock.

Among the first graduating cosmetology class at Vernon Regional Junior College in 1974, Mrs. Tomanek took her State Board exam last year. She also completed a cutting course in May 1975 at VRJC.

Glen Goodwin Is Speaker at Rotary Meet

Rotarian Glen Goodwin was the speaker at the September 10 meeting of the Rotary Club. He commented on the energy crisis, saying that if imports of oil continue to increase at the present rate, by 1985, the U. S. will be importing 85 per cent of its petroleum requirements.

He noted that the U. S. has enough fossil fuels available here to last the country for 500 years. He commented on the nation's heritage of freedom adding that government interference among this nation's peoples continues to grow.

Goodwin said that the 1977 autos will be shorter wheel base and will weigh less.

Visitors at the meeting were Joe Mike Fish of Crowell and Rotarian Roy Sansom of Quanah.

H. D. COUNCIL MEETING

The Foard County Home Demonstration Council met in regular session in the extension agent's office Sept. 11 with the newly-elected president, Mrs. Clarence Garrett, presiding.

All three demonstration clubs were represented with the opening exercise being brought by the Gambleville club. Members of all standing committees were named and the proposed budget presented, studied, amended and accepted.

Delegates to the state convention in Abilene, Mmes. Allen Shultz and Clarence Garrett, were given their credentials. The convention is Sept. 23-25. Tentative dates for all special programs for the year were set.

Eight members and two visitors were present. One visitor, Mrs. Kenneth Carroll, chairperson of the Knox County council, told of the cookbook being compiled by the Knox County council which will be off the press early next year. She invited those present to submit a favorite recipe by sending it to her at Gilliland.

To update home accessories, let "nature" be the guide. Shells, houseplants, wicker, straw and bamboo baskets will evoke happy thoughts of the outdoors, Denise Beigbeder, housing and home furnishings specialists with the Texas Agricultural Extension Service, The Texas A&M University System, suggests.

30 Years Ago in The News

News items below were taken from the Thursday, Sept. 6, 1945, issue of The Foard County News:

Organization has been completed for the Crowell Roping Club and officers have elected: Bill Bell, president; George Cates, vice president; W. H. Moyer, secretary and treasurer. The following committees have been appointed: George Self and A. L. Davis, rules and regulations; Bill Drabek, chute boss; Aquilla Spears and Woodrow Lemons, rules and regulations on roping; Jack Seale and Gerald Knox, ground committee. Directors are Jack Seale, Virgil Johnson and Earnest Johnson. The site for the arena has been chosen and approved and is east of the football field.

Thirty boys have reported to Coach Harold Wilkinson for the Crowell High School football team. The team has an average weight of 147 pounds, which is the lightest Crowell has had in several years. Reporting are Carlos McBeath, O. C. Wharton, J. L. Brock, Kendrick Joy, Larry Wood, Horace Todd, V. Bond, N. A. Nichols, Jimmie Johnson, Jerry Westbrook, R. L. Ballard, A. G. Wallace, Dan Campbell, John Frank Mitchell, C. D. Campbell, Thomas Tamplen, Clay Dunn, Charley Pete Moody, Ed Thomas, Hardy Sanders, Dalton Biggerstaff, Don Wilkins, Presley Thomson, John Potts, Ray Black, Herman Athey, J. C. Autry, Clifford Ohr, Floyd Borchardt and Thomas White.

The Crowell system of public schools was officially opened with an appropriate program Monday. According to a report from Supt. Grady Graves, the enrollment up to this time is about the same as last year: 185 in the primary department, 165 in the intermediate department and 182 in the high school for a total of 532 for the entire system.

The first individually owned airplane for Foard County is now possessed and piloted by R. N. Barker, farmer and implement dealer of Crowell. Mr. Barker recently bought a P. T. 19 Fairchild, 175 hp trainer from the government and the plane is now being kept at the municipal airport in Vernon. However, Mr. Barker has leveled off a runway on his farm one-half mile east of town, near the Godwin camp ground, and in the near future expects to erect a hanger, and when this work is finished he will keep his plane here.

Glen Dockins returned home last Thursday from Long Beach, Calif., where he had been employed in Craig's Shipyards since the first of the year.

Mr. and Mrs. Ernest Patton and son, Don, returned home last week from Orange where they had been living for the past two years.

Mrs. Bert Ekern and small son, Paul Baxter, and Mrs. Thomas Johnson, who have been spending the summer months at Raton, N. M., have returned home.

The first army jeeps sold to farmers were priced at \$1,090 plus tax. Extras include drawbar for pulling farm machinery, \$6.91; hook for use when jeep is used for a power plant for hoisting, \$4.01; power take off to convert jeep into a stationary engine, \$90.67; pulley and pulley drive for pulling stumps, \$56.28.

CARD OF THANKS
We want to thank all our friends and relatives in the Thalia community and in Crowell for all the food that was brought to our home Saturday and Sunday and for their friendship. There were several dishes brought with no names on them. God bless all of you.

Wildcats Win over Seymour in Rain and Mud Friday

The Crowell Wildcats continued their winning ways at Dick Todd Field last Friday night as they defeated the AA Seymour Panthers 14-0 in a rain-soaked contest. This was the first home game for the Wildcats this

season. Rocky Glasscock, had a big night offensive-wise as he gained over 100 yards, caught a pass in a critical spot and scored the other TD from six yards out. David Bell, with a shoulder injury

received in the Quana contest, did not see any action except in his kicking specialty. He kicked both points-after and also handled kick off duties. Other standout ball-carriers for Crowell were Ronnie Swan and William Bachman.

Outstanding on defense were Melvin Westover, Bachman, Gilbert Torres and Duane Daniel. The Wildcat defenses held the Panthers to only three first downs.

In the statistics department the Wildcats made 9 first downs and Seymour 3. Seymour lost three fumbles to the Wildcats' none. The Wildcats were penalized four times for a total of 50 yards while the Panthers received two penalties covering 20 yards. Seymour punted 6 times for a 24 yard average while Crowell punted 7 times for a 35 yard average. The Wildcats completed 1 out of 5 passes for 17 yards while Seymour completed none on two attempts. Crowell rushed for 229 yards to a total of 41 yards for Seymour.

of feeder cattle are expected to remain on hand at the end of the year, about the same number as at the end of 1974. Some easing in grain prices due to a bountiful harvest may boost cattle feeding later in the year, but this increase will still be slow. So low feed prices will continue well into 1976.

Mr. and Mrs. James McDaniel and children, Jim and Lori, of Wichita Falls visited last week end here with his parents, Mr. and Mrs. Pat McDaniel.

FEEDER CATTLE ABUNDANT—PRICES DOWN

The tremendous number of feeder cattle on farms and ranches along with only a moderate increase in cattle feeding is the key reason for continued low cattle prices, contends a livestock marketing specialist for the Texas Agricultural Extension Service. Some 52.6 million head

MINIMUM TILLAGE

by Thomas Shinn, SCS

Minimum tillage farming continues to gain in popularity among local farmers. This system continues to increase in popularity with lower production costs. This is accomplished by reducing the number of tillage operations to those essential for the production of the next crop. Any operation that can be eliminated and the objective still reached can mean big savings, not only in labor, but in fuel and equipment. One trip at a cost of \$2.50 per acre could save \$250 plus per 100 acres.

greatly increase crop yields. To the contrary less water is needed on irrigated crops where minimum tillage is practiced.

Present research shows this tillage system has cut soil erosion on some soils by 95 per cent by allowing the residues to slow down and catch the raindrops letting them trickle gently onto and into the soil.

It also provides for better food and cover for wildlife by leaving additional stubble and seed for quail and dove. The minimum tillage system continues to become one of our most important conservation practices.

Musical Is Planned at Rochester

A country and western musical is set for Saturday night, Sept. 27, at Rochester, according to John Nichols, a former Crowell resident who now makes his home in Rochester.

He said the Rochester musical was the "granddaddy" of C&W musicals in this area, and he invited all area residents to attend. The musical will be held at the American Legion Hall and there is no admission charge, Nichols added.

TEXAS TOPS IN FARMLAND OWNERS

Texas boasts more farmland owners than any other state in the nation, says an economist for the Texas Agricultural Extension Service. Texas has 267,000 of the 3.3 million farmland owners in the United States. The next leading states are Iowa and Illinois. Texas also leads in the number of nonfarm land owners, or landlords who lease their land to others, with 87,500. Individual Texas land holdings by both farmers and non-farmers average 584 acres compared to 320 acres for the national average.

Both pasture land and crop land qualify for a Federal Land Bank loan if properly managed. Remember that the Land Bank Association located right in your area is familiar with local conditions and local needs—and will do everything possible to provide a long-term loan at reasonable cost.
