## In Crowell

# Hearing Is Wednesday on Closing Crowell Depot

Next Wednesday morning, October 29, beginning at 10 o'clock, a hearing will begin in the court house in Crowell pertaining to the proposed closing of the Crowell depot of the Atchison, Topeka and Santa Fe Railway Company. The hearing was scheduled to be held earlier this fall in Austin, but a protest from here sent to the Texas Railroad Commission caused the meeting to be postponed to the October 29 date, and the meeting place changed from Austin to Crowell.

The hearing is a result of an application by Santa Fe which is seeking the authority from the Railroad Commission of Texas to discontinue its agency station in Crowell and to establish Crowell as a non-agency station in the freight tariffs.

The Santa Fe has for many years and continues each spring to handle hundreds of thousands of bushels of Foard County grain and annually ships literally hundreds of freight cars of the grain out of the county bound for Fort Worth and the port cities on the Gulf Coast.

James H. Cowden, director of the Transportation Division of the Railroad Commission of Texas, set the meeting here next Wednesday and notified nine local customers of the railroad of the upcoming meeting. Notification was by mail.

A large delegation of Foard County farmers and businessmen and other interested persons is expected to be on hand at the hearing next Wednesday to oppose the proposed closing of the local depot.

## Grade School Teams Play at Paducah

Crowell grade school football teams will be traveling to Paducah Thursday for district games with the little Dragons.

Coach Printiss Gidney said Monday the seventh grade game will start at 5, with the eighth grade game to follow. The eighth grade is 1-0 in district, having defeated Aspermont in the season opener last week. The seventh grade game was cancelled.

## George Neal Died

George (Chicken) Neal, 86, a resident of Foard County for more than fifty years, died in the Foard County Hospital last Thursday night following a lengthy illness.

Funeral services were conducted at the Hopewell Baptist Church Saturday afternoon with Rev. W. S. Sims of Chillicothe officiating.

Interment was in the Crowell Cemetery under the direction of Womack Funeral Home.

Mr. Neal was born in Texas June 7, 1889. He was married to Hilda White of Crowell in 1936. He was a retired farm laborer and worked for a number of years as a yard man here in Crowell.

He is survived by his wife.

## Jacquelyn Brown Elected to Office

Miss Jacquelyn Brown, daughter of Mr. and Mrs. Jack W. Brown of Truscott, has been elected to serve as a student Senate representative of the freshman class at Lubbock Christian College for the 1975-76 school year.

Miss Brown has also been selected as a member of the staff of Lubbock Christian College's weekly newspaper publication, "The Duster," edited by the students of LCC. Sponsor of the newspaper is Mrs. Carisse Berryhill.

Miss Brown is a 1975 graduate of Crowell High School and is enrolled in LCC as a freshman home economics major. Senators were elected by popular vote of the freshman class.

LCC is a fully accredited senior college offering liberal arts and pre-professional programs. Located on the west side of Lubbock, the campus consists of 11 temporary structures and 17 permanent buildings.

## County Gets Moisture and Cool Weather

Just shortly after the News last week was sent to the printer on Tuesday afternoon, Mother Nature did a complete about-face and a story about dry hot October was out of date.

Tuesday evening, a front pushed through this area, cooling off the county from the high temperatures of the preceding ten days, and bringing moisture to the county.

A total of .77 inch was recorded by the government gauge in Crowell and .58 inch was recorded by Paul Bullion's government gauge at Truscott.

The west part of the county along with the area west of Foard City received over an inch and Robert Kincaid at the Crowell State Bank said up to 3 inches fell in areas along Peace River.

Another front late Thursday brought continued cool pleasant weather to the area.

Practically all of the wheat and other small grain was sowed at a perfect time to get all the grain crop up and off to a good start.

## Hamlin, Rotan Added to District 7-A

At a meeting of coaches of District 7-A at Knox City last Monday morning, a tentative line-up of the district for the next year has two teams added to the six already in the district.

Coach Printiss Gidney, who represented Crowell at the meeting, said Hamlin and Rotan have been tentatively added to District 7-A. Other teams in the district include Crowell, Aspermont, Paducah, Munday, Knox City and Haskell.

Crowell's non-district games next year will be with Quanah, Seymour and Memphis. Crowell will not be playing Chillicothe or Electra next year since the two additional teams were added to the district.

## Cancer Group to Meet

An important meeting of the Foard County unit of the American Cancer Society has been set for Thursday, night, at 7 o'clock at the men's Bible class room of the local Methodist Church.

Mrs. Dale Henry, presi-

## COFFEE PRICES TO JUMP

Coffee prices are expected to jump sharply in the coming months due to a July freeze in the top coffee producing states of Brazil, says an economist in marketing for the Texas Agricultural Extension Service.

## Wildcats Host Paducah Friday in Second District 7-A Contest

The Crowell Wildcats will host the Paducah Dragons in the second District 7-A game of the season for both teams Friday night at Dick Todd Field. Starting time is 7:30 o'clock.

The Wildcats won their first district game 40-6 over

Aspermont last week, while the Dragons came out with a 6-6 tie against the Munday Moguls.

For the season, Paducah is 3-2-1, posting wins over Motley County, Spur and Goree, while losing to Childress and Wellington.

The Wildcats' only loss of the season was to Electra two weeks ago. Crowell has wins over Memphis, Quanah, Seymour and Chillicothe.

Coach Printiss Gidney's Cats should be healthy for this traditional battle with their Cottle County rivals.

## Wildcats Defeat Aspermont in District 7-A Opener

The Crowell Wildcats got off to a fine start in their bid for District 7-A honors last Friday night when they handed the Aspermont Hornets a 40-6 defeat.

Crowell's first score came with 4:11 left in the first quarter. A poor Hornet punt had died on the Aspermont 20 and on the third play from scrimmage quarterback Tommy Tamplen sneaked it across. David Bell kicked his first point-after. Bell put the "foot back in football." Ten points he made....all with the toe. He kicked four straight PATS, kicked a 37-yard field goal and kicked a 29-yard field goal. Rocky Glasscock also did right well with the foot. He averaged 40 yards a punt and in each game thus far this season, he's managed to have one die deep in the field of play or

out of bounds. Crowell's second TD came soon thereafter with Glasscock rambling 43 yards to paydirt.

The Wildcats' next score was on a pass from Tamplen to Dee Finley, which covered 58 yards. Finley had company, and as Marion Crowell said in his football newsletter, "Finley zigged, then zagged, then zigged again, and he was home free in the end zone!"

Following this Crowell score, Aspermont made a good drive, all the way from their own 8 to the Crowell 10. The Hornets used a quick, long pitchout to good advantage and skirted the Crowell ends. A dropped pass on fourth down saved a Hornet TD.

The next Wildcat score

covered some 80 yards on 7 plays, with a 35-yard pass-run from Tamplen to Finley again being a big gainer in the drive.

Tamplen, from the Aspermont 35 set sail on a bootleg around his own right end, going 29 yards to set up a first-and-goal at the 6. Glasscock carried it in on the next play.

Another Wildcat drive started when Melvin Westover, Wildcat linebacker, intercepted a Hornet pass and carried to the Aspermont 18. The drive died on the 7. Halftime score was 24-0. With 7:07 left in the third stanza, Glasscock cruised in for 6 points from 6 yards out and Bell added the PAT. At this point, the Crowell B string came in and held the Aspermont defense most of the way except for a 34 yard run by Kevin Shandle for the Aspermont score. Bell kicked another of his field goals to bring the score to 34-6 and with 1:19 left in the contest, Jay Wall intercepted a Hornet pass about the 20 and galloped in for the Wildcat score.

Seeing action for the Wildcats in this game were Glasscock, Ronnie Swan, Finley, Bell, Tamplen, Daniel Field, Myron Halenack, Ernie Myers, Oran Carroll, William Bachman, Norman Hopper, Billy Halenack, Delbert Glover, Richard Naylor, Gilbert Torres, Rocky Marlow, Jerry Bob Daniel, Romero Quintero, Duane Daniel, Westover, C. B. Sparkman, Randall Russell, Wall and Michael Daniel, Don Johnson, Wade Davis, Billy Brown, Gary Hodges and Terry Glover. Hodges recovered a Hornet fumble late in the contest.

Aspermont	Statistics	Crowell
14	First downs	13
103	Rushing Yards	256
60	Passing Yards	138
47	Passes	37
0	Intercepted By	2

JACQUELYN BROWN

(See story page 2)

**HONORED AT FARM BUREAU MEETING**—Jack Welch, right, who is retiring at the end of the year after 23 years as secretary and service agent for the Foard County Farm Bureau, was presented a gift certificate in recognition of his years of service by H. L. Ayers, left, president of the Foard County Farm Bureau. The presentation was made at the annual meeting of the local Farm Bureau Saturday night.

## Move Clocks Back One Hour Sunday

In the fall, it's fall backward with the clocks as daylight savings time ends for the current year.

It's that time again, and at 2 a. m., Sunday, October 26, standard time takes over again.

Watches and clocks should be set back one hour sometime Saturday night to gain back that hour lost last spring when daylight savings time started.

## Absentee Voting Is In Progress

Voting began Wednesday last week on Texas' proposed new constitution and for the first time in Foard County history the ballot is printed in two languages—English and Spanish.

Secretary of State Mark White said absentee voting began Wednesday in all Texas counties for the November 4 special election and will continue through October 31.

Absentee voting is held in the office of Mrs. Cornelia McDaniel, county and district clerk.

## TWO NEW VEHICLES

Two new vehicles were registered here last week: Oct. 14, Diggs Bros., 1974 Ford grain truck; Oct. 15, Orville Hamilton, 1976 Oldsmobile coupe.

# Drive Set to Start for Funds for New Pavilion

A drive gets underway this week end for funds to build a building on the Crowell school campus which will be used by community organizations of the county through the year and which annually will house the 4-H and FFA Project Show.

At a meeting of a dozen area businessmen, farmers and ranchers last Thursday night, the proposed new building was named the Crowell Agricultural Pavilion and plans for a drive to

raise \$15,000 were laid. The meeting was held in the vocational agriculture building and Floyd Borchardt was named chairman of the fund drive, with Jon Lee Black as secretary-treasurer.

Others attending were Roy Daniel, R. C. Daniel, Don Daniel, Don Welch, Glen Swan, Duane Johnson, Eldon Whitman, George Self, Garland Wiemers, H. L. Ayers and Ray Brown. Two other members of the group who were not present were

Joe Don Brown and Otto Bachman Jr.

These men will begin contacting area residents this week end to obtain donations for construction of the building which will be 60x100 feet in size. The building will be of steel pipe framework with galvanized top and colored metal siding. It will be 12 feet high at its lowest point, have 3 windows on each side, 14 foot doors on each end, 1 walk-in door on each end and skylights on top

of each side. The structure will be located on the east side of the vocational agriculture building. The building will have a multitude of uses. Community groups, civic clubs, churches, band, 4-H, FFA and all other organized groups will be permitted to use the building, and it is expected to provide community service for many years to come. The group which met last Thursday night is

hoping to meet with favorable and generous response from Foard County residents and the goal of \$15,000 is expected to be reached with relative ease since the building will provide a meeting place for so many different and varied organizations.

Every person who is missed by the group is invited to send or mail a donation to Mr. Black at the Crowell State Bank.

and plans for a drive to

**WEEKLY SCHEDULE**  
 Thursday, October 23 - The Consumers Education class goes to Vernon  
 Friday, October 24 - Crowell vs. Paducah here at 7:30  
 Monday, October 27 - FFA - FFA hayride. Class and Senior pictures

**SPRIT OF '76**  
 During a class meeting Tuesday morning, the seniors discussed their Halloween Party which will be at David Bell's house, October 25 at 8. Room mothers will assist Mr. and Mrs. Bell in decorating and serving refreshments to the group.  
 The Mighty Wildcats came through with another victory last Friday. Congratulations 'Cats! Next week they play the Paducah Dragons. Seniors say: "Drench the Dragons!"

**JUNIORS JJS**  
 Friday we greeted Mr. Hobson with a Kotter address: "Good morning, Mr. Hobson, we are all in our places with bright shiny faces." You should have seen the expression he made!  
 The PSAT test was given Tuesday morning to all juniors interested in taking the SAT next year.  
 Junior annual staff members are Kathy Whitfield, Vicki McDaniel and Chris Thompson.  
 We have another home game Friday when we play Paducah. Juniors say "Cool the Dragons!"

**SOPHOMORE SCOOP**  
 Last week the annual staff was announced. The sophomores are Theresa Drabek, John Klepper, Jan Brown, Beth Graves and Paul Whitley.  
 The Wildcats started their

**Diamond Rings Wedding Bands**  
 When you think of JEWELRY Think of O'Neal's Jewelry 1731 Fannin Vernon, Texas

district competition with a win over Aspermont. This week we play Paducah here, so everyone come out and watch the Crowell Wildcats! The sophs say "Plaster Paducah!"

**FANTASTIC FRESHMEN**  
 This week the fantastic freshmen have become book worms. We are studying hard in every class. In English we are learning the proper use of verbs. In science we are studying the elements of an atom.  
 Our boys did an excellent job against Aspermont, and this week they face the Paducah Dragons here at 7:30. Freshman say "Punch the Dragons!"

**PEP SQUAD NEWS**  
 Last Friday the Wildcats won their first district ball game as they defeated the Aspermont Hornets 40-6. So far the Wildcats have a record of 5-1. This week the Wildcats will host the Paducah Dragons here at 7:30. See you at the game, fans! Pep squad says: "Demolish the Dragons!"

**JUNIOR LEADERS**  
 Foard County Junior Leaders met October 16 at the community center. Plans for the awards banquet were discussed. Richard Naylor gave the program on his trip to the citizenship seminar last summer. We would like to welcome our new county demonstration agent Mrs. Loretta Hardin. Refreshments were served by Pam Whitley, Vickie Pharis, Sulema Santos and Sylvia Quintero.

**CAFETERIA MENU OCTOBER 27-31**  
**Monday:**  
 Barbecue on bun  
 French Fries  
 Tossed Salad  
 Sweet Rolls  
 Milk  
**Tuesday:**  
 Fish Sticks  
 Blackeyed Peas  
 Buttered Corn  
 Cabbage Slaw  
 Corn Bread  
 Peaches with graham cracker filled with peanut butter  
**Wednesday:**  
 Pinto Beans  
 Corn Dogs  
 Tossed Salad  
 French Fries  
 Jello Salad  
 Milk  
**Thursday:**  
 Chicken fried minute steak  
 Gravy  
 Creamed Potatoes  
 Green Beans  
 Chocolate Cake  
 Rolls  
 Milk  
**Friday:**  
 Hamburgers with trimmings  
 French Fries  
 Cherry Cobbler  
 Milk

**RECORD RICE CROP**  
 A record rice crop is in the making in the U. S., with a crop of about 125 million hundredweights. Texas production is estimated at 25 million hundredweights, valued at \$250 million.

## Gold Star Winners Named at 4-H Awards Banquet Monday

At the banquet of 4-H Clubs held at the school cafeteria Monday night, William Bachman and Jacquelyn Brown were named Gold Star winners for 1975.  
 William is the son of Mr. and Mrs. Otto Bachman Jr. and Miss Brown's parents are Mr. and Mrs. Jack W. Brown. Miss Brown is a freshman at Lubbock Christian College and William is a

junior in Crowell High School.  
 Other awards were as follows:  
 Achievement: Jill Bell, Sulema Santos, Jana Glover, Billy Brown and Michael Daniel.  
 Beef: Karen Statser and Terry Boren  
 Bread: Risa Winters, Lisa Hopkins, Yolanda Jimenez, Arlene Halencak and Toni

Hopper  
 Citizenship: Jacquelyn Brown and William Bachman  
 Clothing: Tanya Baize, Simona Field, Brenda Greening, Debra Walker  
 Dairy Foods: Brenda Kajs, Stephanie Riethmayer, Annis Brown and Richard Westbrook  
 Dress Revue: Theresa Drabek, Jo Anna Hord  
 Food-nutrition: Lesley Johnson, Janet Hord, Christy Aranda, Renee Norman  
 Horse: Mollye Wisdom, Jonna Naylor, Jay Wall, Leslie Denton  
 Leadership: Connie Werley, Rhonda Westbrook, Irwin Jackson, Stan Gentry, Vicki Pharis, Sandra Bachman, Audie Dunham and Richard Naylor  
 Sheep: Mack Gafford  
 Swine: Debra Kajs, Delma Barrera, Ray Don Werley  
 Richard Naylor, chairman of the 4-H Council, served as master of ceremonies and welcomed the guests.  
 Invocation was given by Pam Whitley, and the pledge was led by Sylvia Quintero. Amie Brasher introduced the guests.

## Band Boosters Have Meeting Monday

The Crowell Band Boosters in their regular monthly meeting Monday night, furthered money-making plans as the organization attempts to raise money to help pay some of the expenses of the Crowell Wildcat Honor Band when the band goes to San Antonio next February to present a concert at the annual convention of the Texas Bandmasters Association.

It rained, and also to the lack of junior high football games here. Last year, there were 7 junior high games played here and this year there are two.

The group gave its approval to a powder puff football game night with a tentative date of Nov. 10 set. Plans are for about three short football games to be played with junior high, and high schools participating along with a team composed of mothers.

**Son-in-Law of Crowell Couple Receives Honor**  
 Dr. Peter Lawrence Hatfield of Italy, Texas, son-in-law of Mr. and Mrs. Harry Traewek of Crowell, has been selected for inclusion in the 1975 edition of Outstanding Young Men of America.

The group of about 20 persons Monday night were also issued order forms for the annual fruit cake sale and band members and band boosters will all be taking orders the next few weeks. For Thanksgiving delivery, orders must be turned in by November 11.

**Inefficient Record Keeping Habits Harm Small Business**  
 Inefficient record-keeping habits can do more to destroy a small business than inflation and fickle customers combined, according to the Internal Revenue Service.

Band booster president B. W. Gentry told the group that Charlie Bell, local farmer, is going to have some pasture land cleared to be put in cultivation within the next few months, and he wants to hire band students to pick up stumps. Mr. Bell is interested in helping the band raise money, and also in clearing his field. He believes 40 band students can pick up lots of stumps on Saturdays during the winter months.  
 Mr. and Mrs. A. L. McGinnis and Mmes. Joe Cerda and Ruth Ellen McBeath volunteered to ride band buses to the two remaining out-of-town games, Knox City and Munday.

Dr. Hatfield, who is in general practice in Italy, is married to the former Judy Traewek of Crowell.  
 The Outstanding Young Men of America Program is sponsored by leading men's civic and service organizations throughout the nation. Serving as chairman of its twelve man advisory board is Doug Blankenship, U. S. Jaycee past president.  
 In every community there are young men working diligently to make their cities and country a better place in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.  
 Dr. Hatfield is one of approximately 9,000 other young men chosen for inclusion in the 1975 edition.

**Two Local Youths Involved in One-Car Smashup**  
 Two young Margaret residents, Gilbert Torres 16, and Mario Lozano, 15, received injuries in a one-car mishap about 12:30 a. m. Saturday. According to Sheriff Emmitt Howard, the power steering in the 1968 Chevrolet locked as Torres, driver of the vehicle, turned onto the Margaret highway from U. S. 70. The car struck a utility pole on the west side of the road.  
 Lozano was taken by private car to Wichita Falls that night for treatment of severe cuts inside his mouth. Torres reportedly suffered minor injuries to his face.  
 The mishap was investigated by Quana Highway Patrolmen.

**AG RECEIPTS EXPECTED TO PASS \$6 BILLION**  
 Cash receipts from Texas agriculture are expected to pass \$6 billion in 1975, says an economist for the extension service. This would be an increase of some \$200 million over 1974. The \$6 billion total is expected to be fairly equally divided between crops and livestock. Livestock receipts should be about the same as last year due to strong poultry and hog prices while receipts from crops should be up sharply from strong prices for wheat, sorghum, sunflowers, fruits and vegetables. The \$3 billion in cash receipts from crops would be a new Texas record. Despite higher cash receipts, net income should be about the same as in 1974 due to an estimated 11 per cent increase in production costs.

### Man Charged with Burglary

Donald Gene Baker, 18, has been charged by Foard County law enforcement officers with the burglary of a rifle from the pickup belonging to J. C. Eavenson of Thalia. The alleged burglary took place Saturday night, Oct. 11, the same night that Baker was involved in an auto accident near Matador in which Bobby George Hodges, 34, also of Vernon, was killed.  
 According to last week's Matador Tribune, Sheriff Jinks Wilson of Motley County found a shotgun and loaded high powered 22 rifle at the scene of the wreck, and about 50 pocket knives, hunting knives and other hardware items in a suitcase in the car.

### Inefficient Record Keeping Habits Harm Small Business

Inefficient record-keeping habits can do more to destroy a small business than inflation and fickle customers combined, according to the Internal Revenue Service.

A. W. McCanless, district director of IRS operations in North Texas, says the IRS is going all out to impress this fact on owners and operators of small businesses. "Good records are essential to keeping businesses in operation," he said. "They enable the owner/operator to keep track of profits and they will show which business property is depreciable, allowing a businessperson to get full tax deductions."

McCanless said good records are also necessary to show which business income is taxable and which is not taxable, to substantiate information provided on tax returns filed, to help answer a tax examiner's questions in the event of an IRS audit, and to establish reportable earnings for social security purposes.

## Hearty Meal For Little Goblins Helps Curb Halloween Snacking

"Trick" your children into eating a hearty, healthful meal before they go trick-or-treating and they probably won't be as likely to overeat the sweets they collect, Texas Department of Agriculture home economists advise.  
 In planning the Halloween meal, remember the basic four food groups and choose at least one food from each group.  
 Texas Department of Agriculture home economists

suggest serving Ham, Vegetable Stew, cornbread sticks, tossed salad, orange peanut butter cookies and milk.  
 To add a festive touch consider serving Cornbread sticks. "Breads are made by cutting cornstarch into 4-inch lengths. Taper narrow end for handle. Cut other end into many fine strips 1-inch long for brush part. Chill in water before serving.

**AROUND TOWN**  
Visiting in the Charles Burton home Tuesday were Mr. and Mrs. Dean Burton of Scotts Air Force Base in Illinois.  
Mr. and Mrs. Leonard Myers and son of Amarillo visited Mr. and Mrs. C. C. Myers last weekend.  
Mrs. W. R. Owens visited Mrs. W. O. Solomon in the Knox City rest home, Sunday.  
Mrs. J. H. Cumley has returned home from a week's stay in Dallas.  
Guests in the Arnold Navratil home last weekend were Mrs. Daryl Mathews and children of Anson, Mr. and Mrs. Wayland Hardin and daughter of Vera and Rhonda Kinnibrugh, also of Vera.  
Mr. and Mrs. Jack W. Brown and Mrs. Vivian Brown attended the Farm Bureau meeting and dinner in Crowell, Saturday night.  
Diane Myers of Seymour visited Jill Myers over the weekend. Bill and Harold Myers returned home for the weekend from college.  
Visiting last week with Mr. and Mrs. Curtis Casey were Mr. and Mrs. Gene Paul Pogue and children of Wichita Falls and Mrs. Clemma Pogue of Crowell. Monday, Mr. and Mrs. Casey and Mr. and Mrs. Claude Harris went to Graham for the Southern Baptist Associational Meeting. Mr. and Mrs. Casey and Mrs. Man Tackitt of Seymour visited Mrs. L. A. Glasscock and Mr. and Mrs. Price Stephenson in Clyde.  
Mrs. L. G. McGuire returned home from the Knox County hospital last weekend.  
Mr. and Mrs. Clyde Bullion visited in Santa Anna last weekend, Mrs. Mary Mobley of Levelland visited the Bullions here Sunday.  
Visitors of the Elmo Shaw family last weekend were Mr. and Mrs. Chester Rogers of Fresno, California, Mr. and Mrs. Bill Shifflett and children of Graham, and Mr. and Mrs. Jim Shook of Wichita Falls.  
Visiting Mr. and Mrs. A. R. Bayers over the weekend were Mrs. Fanny Sanders and Mrs. Ima Jean Henson of Wichita Falls, Mr. and Mrs. L. G. Barker and Mr. and Mrs. Charlie Barker of Pampa.

Mr. and Mrs. Burl Abston Jr. who have been living in Abilene have returned here and are living in the previous home of Ed Payne.  
Mr. and Mrs. Elmer Lawrence and two small Vietnamese refugee girls, whose parents have been placed at Mineral Wells, spent the weekend with Mrs. Lawrence's parents, Mr. and Mrs. Clyde Self. Mrs. Maggie Capps visited them in the Self home Sat. night.  
Mr. and Mrs. T. R. Cates and son Pat, of Lubbock spent the weekend in Dallas and Garland where they visited their daughter and son-in-law Mr. and Mrs. Marshall Messick and children, Shawn, Lissa and Mandy and another daughter Terri Cates of Garland.  
John Warren and Roy Self visited in the Woods Rest home in Vernon. They visited with Mrs. Lottie Pittillo, Mrs. Julia Swan, Mr. and Mrs. Tamplen and Mr. and Mrs. W. A. Johnson.  
Mr. and Mrs. Otto Streit surprised their daughter and her husband, Mr. and Mrs. Jimmie Holland on their anniversary one day last week. Those attending the party were Mr. and Mrs. O. C. Holland, Mr. and Mrs. Kelly Moore and children of Fargo, Mr. and Mrs. Karl Streit and girls, Mr. and Mrs. Paul Schoppa Jr. and boys, Mrs. Ola Orr and Mr. and Mrs. T. A. Streit, Lockett and the honorees children Danny and Donna of the home.  
Mrs. Mike Matus visited her grandparents, Mr. and Mrs. W. A. Johnson in the Woods Home Sat. while Mr. Matus visited his parents Mr. and Mrs. John Matus Jr.  
Mrs. Clyde Self visited her niece, Mrs. Clara Jackson of Los Angeles Ca. in the home of relatives in Vernon. She also visited another niece Mrs. Frankie Nemeyer and a nephew, Jake Skipworth of Vernon.  
Mrs. Georgia Johnson and her daughter, Mrs. Bill Cates visited Mrs. Johnson's sister, Sunday.  
Mr. and Mrs. G. R. Kasperek of Athens, have been visiting her sisters, Mrs. Leon Taylor and family in Quanah and Mr. and Mrs. Sam Kuehn, Thalia. The women visited in Wichita Falls Sunday while the men visited in Quanah. The women are daughters of the late Mr. and Mrs. Luther Ward of this area.  
Mr. and Mrs. Joe Laird of Iowa Park were guests in the home of Mr. and Mrs. Sam Kuehn Sunday.  
Mr. and Mrs. Thelbert Huggins of Ballinger visited Mrs. Lee Sims Friday.  
Sim V. Gamble, who has been a patient in an Amarillo hospital, was returned to his home here Monday and is reported to be doing very nicely. Welcome home, Sim V.

**"WHERE ARE THE NINE?"**  
In Luke 17, we have recorded there the curing by Jesus of ten lepers. Leprosy was a dread disease and those who were afflicted with it were considered unclean by the law. They were not allowed to enter towns and villages but were often found near the gates, begging of travelers who passed by. (Leviticus 13:46; Numbers 5:2,3).  
As Jesus entered into a certain village ten lepers stood afar off. They asked Jesus to have mercy on them or to cleanse them. A simple cure was applied to them as they obeyed him. The text reveals that Jesus told them, "Go show yourselves unto the priests." And "It came to pass, that, as they went, they were cleansed." What gratitude should have been in their hearts!  
One man returned to express his gratitude for the cleansing given him. Jesus asks, "Were there not ten cleansed? but where are the nine?" He expected the ten lepers to express their gratitude but only one came to do so.  
Leprosy can represent sin. The cleansing of these men can represent what Christ can do to cleanse the sinner. We can see the thanksgiving that should be in our hearts and the expression that should come from our lips.  
Jesus provided the cleansing agent for sin—his blood. Baptism has been offered as a means of coming in contact with the blood. (Romans 6:1-4). Have you been baptized for remission of sins? (Acts 2:38; 22:16.) Possibly you have, but have you returned to thank God and Christ?  
Are you faithful in worship to him? He expects us to offer our thanks and praise to him, just as he looked for the lepers to express gratitude for what he had done for them.

**Government Policy Hinders Mining of America's Minerals**

Much of America's vast stores of minerals—basic to the nation's economic health and security—will remain unavailable if the present uncoordinated government policy continues, a study made by two Department of the Interior employees has revealed.  
Published in the September issue of Mining Congress Journal, the monthly magazine of the American Mining Congress, the report asserts that the U. S. Congress and the executive branch, acting independently, have hindered mineral exploration development to the point that a serious reconsideration of mining and mineral policy is required. The process which began slowly, sharply accelerated after 1968 until today, when more than two-thirds of the nation's public, federally owned lands are not available for mining. Entitled "Is Our Account Overdrawn?" the report was prepared by Gary Benne- thum, staff assistant for energy and minerals to the assistant secretary of the interior, and L. Courtland Lee, a geologist with the Bureau of Land Management.  
The authors of the study compare U. S. public lands to a bank account and indicate that the rate of withdrawals may bring us to the point where our checks begin to bounce. This is not the result of conscious planning, much less any deliberate policy of Congress. Rather, it's as if every member of a big family has his own checkbook to draw on a common account, but nobody pays attention to the balance. What is particularly alarming, they point out, is that much of the withdrawn land has potential for discovery of significant mineral deposits.  
These things have all transpired in the face of the Mining and Minerals Policy Act of 1970, which declares "...it is the continuing policy of the Federal Government in the national interest to foster and encourage private enterprise... in the development of economically sound and stable mining, minerals, metal and minerals reclamation industries..."  
A report issued last year by the Secretary of the Interior points out that each year we have to produce about 40,000 pounds of new minerals for each citizen, plus enough energy to equal 300 persons working around the clock for each of us.  
"Those minerals have to be found somewhere. They have to be developed somehow. And somebody has to do it," J. Allen Overton, Jr., president of the American Mining Congress, says.  
The mining industry of the U. S. is equal to the task, but it has to be granted the chance, according to Overton. In the face of this tremendous need, the federal government has put a fence effectively prohibiting mineral exploration and mining around an area equivalent to every state east of the Mississippi except Maine.  
Noting that it takes considerable time and money—often over a decade and at a cost of many millions of dollars—to bring a mine onstream after mineral deposits are discovered, Overton stated that the nation is rapidly running out of options. "This is a matter of the utmost concern, not just to mining operators but to everybody in the nation. Because ultimately, all of us will be affected."  
"The American Mining Congress hopes to arouse the interest of the nation and its voters to the point where this withdrawal process will be reversed."

**One Accident on Foard Rural Roads**

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of September, 1975, according to Sgt. Billy Dean, Highway Patrol supervisor of this area. The accident resulted in no deaths or injuries.

The rural traffic accident summary for this county during the first nine months of 1975 shows a total of 13 accidents resulting in no persons killed and nine persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September 1975 shows a total of 551 accidents resulting in 29 persons killed and 314 persons injured, as compared to September, 1974, with 471 accidents resulting in 17 persons killed and 213 persons injured. This is 80 more accidents, 12 more killed, and 101 more injured in 1975 at the same period of time.

The 29 traffic deaths for the month of September, 1975, occurred in the following counties: six in Wise, three each in Donley and Moore; two each in Archer, Floyd, Lynn and Gray, and one each in Jack, Lamb, Lubbock, Wichita, Young, Castro, Potter, Sherman and Wheeler.

**STAR-SPANGLED HISTORY**

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1928)

"BALBOA DISCOVERS PACIFIC"

The Spanish explorer, Vasco Nunez de Balboa, was the first European to set eyes on the Pacific Ocean. Balboa and his group of men first sighted the body of water from a mountaintop in what is today Panama. They reached the waters four days later on September 29, 1513. Balboa named the ocean the South Sea and claimed all of its shores for Spain. (It was Magellan, on his round-the-world voyage, who named the ocean "Pacific.") From the collection of American National Insurance Company, Galveston, Texas.

**Foard Farm Bureau Has Annual Meeting Last Saturday**

Mr. and Mrs. Roy Mathews and Deulah Bowley of Bangs visited friends in Crowell Thursday and Friday of last week.

**TURKEY INDUSTRY DAY**  
The annual Texas Turkey Industry Day has been set for Nov. 5 at the Holiday Inn in Temple. Texas Agricultural Extension Service and Texas Agricultural Experiment Station officials will be on hand to discuss a wide range of topics relating to current turkey research and management of the turkey flock. Educational and promotional activities will also be discussed. Guest speakers from Maryland, New Jersey and South Carolina will also be on the program. A meeting of the Texas Turkey Federation will conclude the day's activities.

Jack Welch, who has served as secretary and service agent for the Foard County Farm Bureau, was honored with a gift certificate at the annual membership meeting of the organization last Saturday night. Mr. Welch will be retiring at the end of this year. Presentation of the gift was made by FB President H. L. Ayers.

At the business meeting, J. A. Marr was re-elected as a director, and Johnny Kajs and Truett Moore were named as new directors replacing Bill Cates and W. R. Moore whose terms had expired.

Richard Naylor, Crowell High School senior who attended the Farm Bureau citizenship seminar at Waco last summer, told the group some of his experiences at the seminar and said that he thought all young people should attend such a meeting. He said the seminar was intended to make young people think for themselves. Speakers at the Waco meeting stressed that "high morals and integrity

must not be lost if this nation is to survive."

Mrs. Edward Kajs told the group some of the highlights of a young farmers conference she and Mr. Kajs attended in Waco last March. She said one of the main topics was the importance of family life to this nation.

The group adopted eight resolutions to be forwarded to the state convention in San Antonio in December. Number one suggested that labor unions or government should not be permitted to execute policy to limit export of commodities. No. 2 asks that government cease its reckless spending policies and reduce the debt at federal and state levels. No. 3 pertains to land use planning and said that any land use planning should be done on the local level with the Soil Conservation Service instead of on federal or state basis. Numbers four and five related to farm bureau insurance policy while number six suggested that undesirable weeds on county and state roads be controlled

by those governments. No. 7 said that the farmers story needs to be put in the news on a national basis while number 8 asks that the target price of all commodities be at least as high as parity.

A film prepared by the State Farm Bureau on the proposed new state constitution to be voted on in November was shown the group.

Two sections of the new constitution for Texas to be voted on in November were pointed out as possibly having an adverse effect on Texas farmers and ranchers. Steve Cochran, field representative for FB, listed them as No. 5 which provides for taxing land as to its productive capabilities and No. 7 which would provide for environmental quality to be maintained. Cochran questioned as to who will determine how environmental quality will be maintained, and he urged further study by local residents on the subject. He also pointed out that under the new document, if adopted, salaries of legislators, instead of being approved by Texas voters, would be determined by a commission appointed by the legislature.

Preceding the meeting a chili and stew supper was served those present. The meeting was held in the school cafeteria and the invocation was given by Duane Johnson. J. E. Brasher and Mrs. V. A. Johnson won free memberships in Farm Bureau in a drawing.

**MEAT SECTION VITAL TO SUPERMARKETS**  
Meats provide a low profit margin for supermarkets, but they are important to the supermarket's total business. Meat departments attract and keep customers, contends a marketing and food distribution specialist for the Texas Agricultural Extension Service. Consumers place high importance on the quality and freshness of meats, and about 85 per cent of all meats are sold through supermarkets.

**Highway Man Says Crisis in Transportation Developing**

Americans—and Texas—have been investing less and less in transportation and a real crisis is upon us, Charles E. Simons, member of the State Highway and Public Transportation Commission, said recently.

Highway construction is particularly hard-hit, Simons said. "The day of reckoning is here," he said.

In terms of money devoted to transportation in the

federal budget, transportation in all forms has dropped from number two in non-defense national priorities in 1956 to thirteen today, "maybe an unlucky omen," he said.

Further, inflation has eaten away buying power in highway construction. Although total revenues available for state highway work in Texas have risen from about \$400 million in 1963 to

almost three-quarters of a billion dollars last year, the money bought only about half as much highway work.

Simons said the State Department of Highways and Public Transportation now has a backlog of almost \$11 billion in needed highway construction. Forecasts of funds to become available for highway work in the next 20 years amount to only \$2.5 billion.

**A&M AG DEAN RECEIVES 4-H AWARD**

Dr. H. O. Kunkel, dean of agriculture at Texas A&M University, has been named a state winner in the National 4-H Alumni Recognition Program. Kunkel, a former 4-H member in Young County, is a leading promoter of scholarship opportunities for 4-H members. Kunkel's nomination will be considered at the national level for one of eight gold keys and eight trips to the 1976 National 4-H Congress in Chicago, sponsored by the Olin Corporation.

- HAM AND VEGETABLE STEW**
- 2 Tbsp. shortening
  - 1 (1 lb.) fully cooked ham
  - 1/2 cup green pepper, chopped
  - 1/2 cup onion, chopped
  - 1 clove garlic, minced
  - 1 (10 oz.) pkg. frozen green beans
  - 3 medium potatoes, cubed
  - 2 cans (14-1/2 oz.) tomatoes, cut up
  - 1 cup water
  - 1 tsp. salt
  - 3 Tbsp. flour
  - 1/2 cup water

Cut ham into 1-inch cubes. Melt shortening in Dutch oven; add ham and brown. Remove ham. Cook green pepper, onion, and garlic in Dutch oven until tender but not brown. Add ham, green beans, potatoes, tomatoes, 1 cup water and salt to Dutch oven. Bring to boil; cover and simmer 35 minutes or until tender. Combine flour and 1/2 cup water. Stir into stew. Cook and stir until mixture thickens and bubbles. Yield: 6 servings.

**CALF MARKETING**  
Cattlemen in Texas as well as those in many other states market most of their calves during the late summer and fall. But there may be some changes this year, says a livestock marketing specialist for the Texas Agricultural Extension Service. Since calving was delayed somewhat this spring, calves may be marketed later than usual. Calf weights are generally lighter this year due to late

**Page 5 Foard County News**  
Crowell, Texas, Oct. 23, 1975  
spring rains, so producers may also hold them longer for further gains. Forage conditions are generally good at present so cattlemen do not have the incentive to market. If ranges and pastures hold up well and low prices continue, there may be further delays in marketing.

**SEEDS FROM THE SOWER**

By Michael A. Guido, Metter, Georgia

In Yellowstone National Park there are over two hundred active geysers. Old Faithful is the best known. It has become famous because it is so regular in its activity.

No one knows when it began but it was first discovered in 1870. It spouts a silvery cascade of steaming water high into the air on the average of about every sixty-five minutes, summer and winter.

To the ancient Hebrew and the modern Christian, God's mercy is more timeless and inexhaustible than Old Faithful. Since the fall of man there has not been a second when God did not have man's misery at heart. And for man's misery there will always be God's mercy.

Mercy has the meaning of help in time of need. It is the active intervention of God coming down to help the helpless. God's mercy is God active to help and heal, to provide and protect, to save and strengthen.

It is sad that men begin so late to know God through His Son the Lord Jesus Christ and cease so soon to thank Him. But Psalm 136:26 invites, "Give thanks unto the God of heaven: for His mercy endures forever."

**A way to save up to \$1500 of your taxable income.**

It's your choice. You can go ahead and pay income tax on all of your earnings. Or you can create your own Individual Retirement Account (IRA), and pay little, or no current income tax on the amount you save... up to \$1500. You see, under the new Pension Reform Act, if you do not participate in a pension plan where you work, you can establish your own individual retirement plan with tax deductible dollars. That could mean up to \$15,000 in deductible savings over the next ten years.

This is important and valuable enough to be worth a little of your time... so Kansas City Life, The Lioness, would like to introduce you to one of our people who can help. Our people have an IRA Planning Kit which provides you with an easy way to make your plans. So just give one of our people a call, or drop us a line, and we'll make sure you get a copy.

**Reddy's helpful tips for your Home Laundry**

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.

Too much detergent can clog machine and drains... always measure. Don't guess! Follow the manufacturer's recommendations for your type equipment. Mixing brands of detergents can cause graying of clothes.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!

Joe Chapman and Brenda Gable Wed in Plainview

Joe Chapman and Miss Brenda Gable were wed Monday, October 13, in Plainview, according to an announcement made here last week.

The groom is the son of long-time Crowell residents Mr. and Mrs. Buddy Chapman, now residents of Lubbock.

The couple is living in Lubbock.

Truscott to Host Knox H. D. Affair

The Knox County Home Demonstration Clubs' annual achievement day will be held at the community center in Truscott Friday, Oct. 24, Mrs. Vivian Brown of Truscott announced Monday.

All members are urged to bring their exhibits. Ribbons will be awarded.

A covered dish dinner will be served at noon, and Mrs. Brown says that all of the Truscott senior citizens are especially invited to attend the dinner.

Page 6 Foard County News

Crowell, Texas, Oct. 23, 1975

mas dinner in December.

The official bicentennial program is tentatively set for sometime in early November and will include music, a short local history, a style show, a display of relics and pictures, a guest speaker and the official presentation. The program will be followed by a community supper.

Since one of the local projects is to publish information on local history, everyone who lives in Truscott or who formerly lived here is being asked to present material on their family, handwritten or typed, to the bicentennial committee. A special attempt will be made to display information concerning each family in attendance at the bicentennial program.

Each family currently living in the Truscott area is also being asked to donate a picture of the family home and a picture or pictures of those presently living in the house. It is felt that this photographic record of the bicentennial years will be especially interesting in years to come.

The review of goals included the summer musicals, which were rated a success, along with the small historical display at the August reunion. The committee plans an even larger exhibit in 1976.

Mrs. Daniel, Horizon chairman, announced plans to obtain bluebonnet seed for planting on the east side of the community center and at other selected spots. She also reported that the street signs being donated by the Jim Cumley family will be up within a short time. Each committee member was asked to speak to her congregation about improving the church signs where needed, with December 1 set as the goal for completing the church sign improvement project.

The recent purchase of a foob ball table for the community center and Truscott Home Demonstration Club's discussion of plans for a senior citizen monthly luncheon or afternoon game party were mentioned in connection with the goal to improve community recreation.

Following a discussion

**Belle's Patterns with a WESTERN Flair**

Belle's Patterns P. O. Box 841 - Dept. 475 Hurst, Texas 76053

concerning the production and sale of a bicentennial medal. Mrs. Clara Brown was appointed to contact the company about such a project. If undertaken, this project would be used to support the preservation of local records and other items of historical interest.

Those attending the meeting were Mrs. Casey, chairman; Mrs. Ila Mae Bullion, Festival chairman; Mrs. Joan Daniel, Horizon chairman; Mrs. Vivian Brown and Mrs. June Looney, Heritage co-chairman; and Mrs. Clara Brown, secretary.

**GAMBLEVILLE H D CLUB**

"This is Not for Me", a poem, reminding everyone of the "good old days" and the conveniences of those days, the coal oil lamp - wood stove - washboard and the galvanized bathtub and lye soap on Saturday night, was given by Mrs. Elton Carroll when the Gambleville H D Club met in her home for a regular meeting Oct. 17 with Mrs. Milburn Carroll, president presiding.

Two quizzes were directed by the recreation leader, Mrs. W. J. Garrett.

Roll call was answered with a safety hint by eight members.

Committee chairman reporting were: Mrs. David Scott, finance and Mrs. Elton Carroll, EEE.

Food safety was the topic of the program brought by Mrs. Scott. She conducted a quiz, "How do you score on food safety?" and gave five rules to follow to be safe when canning.

1. Check to be sure the lid is sealed.
2. Remove ring from jar.
3. Store jars in dry cool place.
4. Preserve only what the family can use in one year. Home canned foods should not be stored any longer.
5. Boil home canned foods 15 to 20 minutes to be safe.

Mrs. Scott stated that one hour from garden to can is another ideal rule to follow for best results when canning and gave 5 ways to preserve foods at home: open kettle, oven, pressure cooker, water bath and freezing.

There are several signs that will indicate spoilage: mold, bubbles, bulged top, spills and settlements. When in doubt do not taste but discard. Some food poisons are so potent a very small bit can be fatal.

The next meeting will be in the home of Mrs. Charley Bartley Nov. 7 at 2:00. Visitors and new members are always welcome.

**ADELPHIAN CLUB**

The Adelpian Club held its regular monthly meeting Wednesday, October 15, at 3:30 at the clubhouse.

Mrs. Clarence Garrett, president, conducted the business meeting at which time a special committee reported their selection of Mrs. V. A. Johnson for Club Woman of the Year.

Mrs. Jack Turner led the salute to the Texas flag. For a Bicentennial Bit, Mrs. Bill Cates, told of the bickering as to when the colonies would celebrate their independence in future years—July 2, the day the Continental Congress adopted a resolution "that these United Colonies are, and of right ought to be, free and independent states" or July 4, the date that Congress adopted the Declaration.

A short film, Missions of Texas, was shown by Mrs. V. A. Johnson.

Mrs. W. B. Johnson reported on a recent workshop she attended in Austin.

The next meeting will be Guest Evening, November 6, at 7:00 p. m. in the Walter Ramsey Home.

The hostesses, Mmes. Bill Klepper and Felix Taylor served a refreshment plate to the following members: Mmes. Garrett, Turner, Cates, Johnson, Johnson, Clint White, Henry Borchardt, W. B. Tysinger, and B. J. Halencak.

**WSL Program**

Mrs. Arleta Halencak will show a film at Thursday's (today) meeting of the Women's Service League. Orders for light bulbs are still being taken at West Texas Utilities and the City Hall.

A business meeting has been scheduled for October 30 when new officers will be elected and annual dues are payable.

## HIGHTOWER WASHINGTON HIGHLIGHTS

from Congressman Jack Hightower

**THE PRESIDENT'S TAX/SPENDING REDUCTION PROPOSALS** — President Ford surprised the American public and many of his closest advisers with his proposed \$28 billion tax reduction program. Although it had been an open secret for weeks that he would ask for an extension of the tax cuts enacted last spring, only a few top officials had expected the request for such a dramatic increase.

I commend the President's intent. Each of us would like to keep more of our earnings rather than carry the present tax burden. However, the President gave us the recipe for only half a loaf. In this instance half a loaf could be worse than no loaf at all. The reality is that a tax cut at our present levels of spending could create economic disaster. Although the President suggested specific areas in which tax cuts could be made, he did not suggest specific spending programs that could be reduced. It would have been politically unpopular to do so, and it is also an extremely difficult task.

The President did say the Congress and the Administration must work together to reduce spending. I agree. I will support these efforts. He also said much of the increase in each year's federal budget can be attributed to programs already on the statute books. These programs must be examined closely, and time is very short if we are to enact tax cuts to become effective next January.

I hope the President will soon offer specific suggestions concerning how the national budget can be reduced and the national debt diminished.

**FIFRA** — The House today passed a bill extending the Federal Insecticide, Fungicide and Rodenticide Act. The bill was not as strong as I would have liked, but it became apparent during hearings conducted by the House Agriculture Committee that adoption of more stringent requirements for the Environmental Protection Agency would probably have assured the bill's defeat.

I believe the compromise bill provides important first steps toward assuring accountability by the EPA.

The bill states that the EPA must give the Department of Agriculture a chance to comment on any proposed agency regulations that would affect agriculture, as well as to notify the Agriculture Committees in the House and Senate of any proposed regulations. Equally important, the EPA is directed to provide an economic impact statement, which would apply a dollar and cents measurement to its regulations.

**GRAIN STANDARDS ACT** — Recent indictments of individuals for illegal grain inspection practices in New Orleans and other ports have raised loud cries for federal or state operation of the inspection program. I think that the majority of the American public knows that government involvement is not necessarily the best way to solve a problem. In fact, government attempts to solve relatively isolated problems caused by a small minority frequently make operations for the majority of honest businessmen ever more burdensome.

The House Agriculture Committee, of which I am a member, has just completed an extensive schedule of hearings concerning the scope of the grain inspection problem and will shortly be fashioning a bill to deal with irregularities that have been uncovered.

When the committee actually begins to draft the bill's language I will support strengthening criminal penalties in the present Grain Standards Act, as well as several other minor changes. I will do whatever I can to assure that government involvement is held to an absolute minimum.

**SERVICE ACADEMY NOMINATIONS** — I am still accepting applications for nominations to our academies. I am authorized to fill three vacancies at the Air Force Academy, three at West Point and two at the

Naval Academy. I can also nominate ten individuals to compete on a State-wide basis for admission to the U.S. Merchant Marine Academy.

I urge all high school seniors who are interested in attending one of the academies to contact me immediately at my Washington office: 1315 House Office Building, Washington, D.C. 20515 (202-225-3706).

**SINAI AGREEMENT** —

The House has overwhelmingly passed a resolution authorizing the use of U.S. civilian observers in the Sinai. I voted for this measure because I believe that the use of civilian observers is a small price to pay for the chance of permanent political stability in the area. There is no military involvement, and we will not be allied with either the Egyptians or the Israelis. Disagreement with Mr. Kissinger's approach is understandable, yet this is a difficult situation where he appears to have found a way to deal effectively with both sides of the conflict. The U.S. is the only country both sides would trust in the role of the observer. The U.S. has a vital interest in the preservation of peace in this area. Although the cost is high I do not think that it is as great as the cost of the various alternatives.

**SENIOR CITIZENS MEET**

The senior citizens met for a regular luncheon Oct. 21 with 27 members and four visitors present. The visitors were Mrs. Ruth Thomson, Mrs. Carrie Spears, Mrs. Charlie Sue Thompson and Mrs. Deanie Powers. Mrs. Arleta Halencak showed a film of the mission of Texas and the group had a short business meeting after the program.

The group will have a Halloween party at 6 p. m. Oct. 30, complete with witch's brew. There will be a craft program Oct. 23 at 3 p. m. at the housing center with Mrs. Mary Ann Shultz demonstrating foiling. At the next meeting they will be practicing the program they will take to the nursing home which will be Nov. 6 at 6:30 p. m.

Eunice Wilkins drew the door prize.

Harvest end-of-the-season green tomatoes and peppers just before the first killing frost. Let large tomatoes ripen at room temperature and use fresh or make green tomato and pepper relish. Frances Reasonover, foods and nutrition specialist with the Extension Service, advises.

### 30 Years Ago in The News

News items below were taken from the Thursday, October, 11, 1945, issue of The Foard County News:

Raymond Iseng, electrician mate 3-C, son of Mr. and Mrs. Oliver Iseng of Gilliland, was a member of the crew of the U.S.S. Ocelot when it encountered a typhoon on Sept. 16. The Ocelot lost both anchors during the storm and after striking several other vessels was driven aground on a reef in Buckner Bay, Okinawa.

The Victory War Bond campaign will start on October 29, and chairman George Self says Foard County's quota is \$95,000.00.

Beginning with October 1, the three lowest grades of beef went off the ration list and are being sold without ration points. These grades are known to the trade as canner, cutter and utility.

Cpl. Fred Collins, son of Mrs. T. L. Collins, has received a discharge from the service and has arrived at the home of his mother. He served in the ETO for 35 months, in Africa, Sicily, Italy, Germany and France. He has six battle stars and the Arrowhead.

J. B. Rasberry Jr. of Decatur spent the week end here visiting his family. He is employed with a dirt contracting company which is doing improvement work on the Fort Worth & Denver Railroad track bed.

Mr. and Mrs. R. H. Emery of Sterling City spent the week end here visiting relatives.

Roy Joe Cates, who has been studying at the Pasadena Play House in Pasadena, Calif., is here visiting his parents.

Pfc. Daniel Brisco of Crowell and Miss Betty Ash of Crockett were married at the Methodist parsonage in Conroe on Sept. 17 with the pastor of the church performing the ceremony.

Attending a dinner honoring Johnny Frank Mitchell on his 17th birthday were J. L. Brock, Larry Campbell, C. D. Campbell, Ed Thomas, Hardy Sanders and Joe Scales.

The Truscott 4-H Club met Sept. 20 and elected the following officers: Mary Kathleen Chowning, president; Patsy Owens, vice president; Martha Ann Ohr, secretary; Ann Haynie, song leader; Miss Jones, adult sponsor; and Winnie Turner, reporter.

The B&PW Club met October 4. Those on the program were Bertha Womack, Hazel Harrison, and Sally Archer.

County Judge Leslie Thomas will be the speaker for the afternoon on the subject, "Teachers and Parents as Partners" when the Crowell Parent Teacher Association meets next Tuesday with "The Family, the P. T. A. and the Community" as the subject. A feature of the program will be presented by the intermediate department with Mrs. E.C. King's room in charge.

The United States will have \$100 billion worth of surplus war goods to dispose of. The disposition will be placed under one man, W. Stuart Symington.

**CLASS MEETING**  
 The Crowell junior high 7B class held a 4-H meeting Thursday, Oct. 16. Ken Gentry called the meeting to order and Loyd Daniel called the roll. They saw a film of gun safety, passed out membership cards and reviewed the rules for the livestock show.

**Gene Heatly Is  
Candidate for  
District Attorney**

Gene Heatly of Vernon has authorized the News to announce his candidacy for the office of district attorney for the 46th Judicial District encompassing Foard, Hardeman and Wilbarger counties. Mr. Heatly is presently the county attorney of Wilbarger County, a position he has held for the past seven years.

Mr. Heatly was born in Wichita Falls and grew up in Paducah where he graduated from high school. He attended Baylor University and Baylor Law School receiving a Bachelor of Arts degree in English and a law degree. After graduation from law school in 1967, he was employed by then Attorney General Crawford Martin as an assistant attorney general where he was assigned to the highway division. In 1968, Mr. Heatly was appointed Wilbarger County attorney and he was elected to regular terms as county attorney in 1969 and 1973.

Mr. Heatly is married to the former Judy Reeves of Monahans. Mrs. Heatly is also a graduate of Baylor University with a BA degree in education. The Heatlys have three children: Gene Jr. 10, Mike 6, and Staley 2.

**POLITICAL ANNOUNCEMENTS**

**For District Attorney: GENE HEATLY.**

**STATEMENT OF NON-DISCRIMINATION**

Santa Rosa Telephone Cooperative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, or be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations. 17-tfc

**If we sold our research farms, we could cut the price of our feed**

If we were less concerned about how our products are made and what they'll do for you, we could make cheap feeds. Our investment in 2,359 acres—and in the livestock, buildings, equipment and the research people that go with them—isn't to be sneezed at.

Neither is the cost of our research laboratories and the people who work in them. Nor what it takes to run a field research program on cooperating farms and ranches in many states. But cutting corners in research and in other ways wouldn't make much sense. It isn't the price per ton you pay for MoorMan's Mintrate® or Premix-trate® that counts—it's how efficiently these highly concentrated MoorMan Products can help turn grain and roughage into meat, milk and eggs.

MoorMan's goal is to help you keep your total feed cost low. Do some figuring soon with your MoorMan Man.
