## Additional Donations Still Needed for Crowell Ag Pavilion

Meeting of workers in Crowell for funds to erect pavilion for Crowell Agriculture Center was held at the VA last Thursday night. Although many donations have been given already, considerable more money is needed before the project can become a reality. Plans are to raise some \$15,000 by donations to build the 60x100-ft. building and as of last Thursday night, the goal is a long way from being reached. The finance committee is asking former 4-H and FFA members in an ad in this paper if they would like to have a part in helping current and future 4-H and FFA members have a warm dry building to show their animals in the annual project show. In addition to the project show, the building will be used for a multitude of other community events and meetings. The committee is hopeful that a number of out-of-town former Crowell residents will want to help with the project.

**WHERE WERE YOU SUNDAY?**

Last Friday night was football night in many cities and communities of our land.

Just as many other people in the community, we attended the game of our local school. The drive from Crowell to Knox City was not too impressive; a few cars were ahead of us and some back of us. As we entered Knox City and the football field, we were slowed by the traffic. Arriving at the grandstand, we saw many of our friends had already assembled. We found a seat; and as others came it was apparent some would have to stand or go to the other side of the field if they wanted a seat.

The boys played a wonderful game and won. We are proud of them and their record.

Crowell is noted for being a football town and for supporting the home team. As we returned home, it was again evident that we had really "turned out."

Red tail lights were seen for miles ahead of us. It made an impressive sight as we all found our way home.

I have since wondered if as many people attended any church service in Crowell Sunday as went to the football game.

If we are as interested in our soul as we are our entertainment and enjoyment, we would attend church and worship God as He has declared we should.

The rules of football are known and talked. The way the men played the game and the errors they made are talked about. The good points of the game are discussed for days. The future games are spoken of often. The lives of the players are known and imitated by many. But there is something that should be more important to us.

We should want to know how to live before God to be pleasing to Him. We should want to know men of the New Testament, and especially Jesus. We should want to imitate those who were pleasing to God. We should especially want to imitate Christ. But we must know Him first.

**JUNIOR JJS**

We're back again with historical happenings that have occurred in our life span 1958-1975.

The year I was born the Society Union launched its first Sputnik and federal troops were sent to desegregate Little Rock schools.

The year I was 1, the U. S. launched its first satellite. The year I was 2, Hawaii and Alaska became states.

The year I was 3, Castro embraced communism for Cuba.

The year I was 4, the Bay of Pigs invasion of Cuba failed.

The year I was 5, John Glenn first orbited the earth. When I was 6, President John F. Kennedy was assassinated.

When I was 7, President Johnson signed the civil rights act, but there was a crisis in Panama.

The year I was 8, there were riots in Watts, but Head Start and Job Corps began.

The year I was 9, the war in Vietnam escalated.

The year I was 10, the Arab-Israeli war erupted.

The year I was 11, Robert Kennedy and Martin Luther King were assassinated.

When I was 12, the first man stepped out on the moon's surface.

When I was 13, crusades began against pollution.

When I was 14, wages and prices were frozen.

When I was 15, the U. S. dollar was devalued, and Watergate scandal began.

The year I was 16, the Vietnam war was ended.

Now I am 17, the first president ever resigned his office and inflation has a hold on the U. S. economy.

I have never known a world without television, radio, movies, drug abuse, political crisis, economic stress or war somewhere.

A child of the 60s and young adult of the 70s, I'll only be 43 in the year 2000.

William Bachman, an active junior, was selected as the Gold Star boy of the Crowell 4-H Club. Congratulations, Willie.

Representing our class as homecoming queen nominee is Miss Debra Daniel. Her escort is Audie Dunham. The crowning ceremonies will take place at the Crowell-Haskell football game on Nov. 7.

**SOPHOMORE SCOOP**

The sophomores would like to congratulate the football team on their superb football game against Knox City. This week we play Haskell in a vital district clash! It's our homecoming and we should have a large crowd on hand. The game starts at 7:30 so everyone come out and support the Wildcats.

This is a busy week as it is Spirit Week. Everyone is trying for the spirit stick and the competition is really stiff. Good luck to everyone. The band was absent from school Wednesday as they were at

**Meanest Mother In The World**

Editor's Note: Orien Fifer of Phoenix, Arizona was the author of the article reprinted here that recalls the painful years when she was growing up. The article has become something of a classic and has been repeated in many newspapers across the nation.

"WORLD'S MEANEST MOTHER"  
 "I had the meanest mother in the whole world! While other kids ate candy for breakfast, I had to have cereal, eggs or toast. When others had cake or candy for lunch, I had to eat a sandwich, and, as you can guess, my supper was different from the other kids, too! My sister and two brothers had the same mean mother as I did!"

"My mother insisted upon knowing where we kids were at all times. You'd think we were on a chain gang. She had to know who our friends were, and what we were doing. She insisted if we said we'd be

the marching contest in Wichita Falls. We are also having six weeks tests this week. Boy, are we busy! Sophs say "Ambush the Indians!"

**FANTASTIC FISH**

Report cards are just around the corner. Once again we are studying for six weeks tests. Last Thursday we saw an interesting film on drugs. Thursday we had a southern assembly in the gym. Afterwards at the pep rally the most spirited person award was given to a junior, Bernadette Greening. Friday everyone enjoyed a stay out of school. A special thanks goes to a few of our freshmen for the extra jobs they accomplished during an 8 hour work day Saturday. Each person completed all plans for homecoming. Those working were Jonna Naylor, Denise Branch, Hedi Vecera, Terri McDaniel, Renee Norman, Buddy Langford, Jo Anna Hord and Abel Cerda.

Football season is almost over with only two more games left to play this season. Last Friday night our boys did a super-terrific job against the Knox City Greyhounds. Crowell had so many supporters that the pep squad didn't have a place to sit, so they sat on the boys bench on the field. Let's have it like that again this week as the Crowell Wildcats take on the Haskell Indians during our homecoming game at Dick Todd field at 7:30. See ya at the game. Fish say "Isolate the Indians."

**HOMECOMING SET FRIDAY**

Exes, graduates, teachers and former students are urged to circle Nov. 7 on their calendars. This is the date for the Crowell High School homecoming.

Friday's agenda calls for a downtown pep rally to be the first formal activity of homecoming. The scene will shift to Dick Todd field at 7:30 p. m. where the Crowell Wildcats host the Haskell Indians.

**PEP SQUAD SELLING MUMS**

Last Friday night, the Wildcats played a super duper game as they went to Knox City and defeated the Greyhounds 20-14. Also the pep squad, cheerleaders and band did an excellent job of yelling the boys on to another district victory! This Friday

gone an hour that we be gone not one hour and one minute. I am ashamed to admit it, but she actually struck us; not once, but each time we did as we pleased. Can you imagine someone actually hitting a child just because he disobeyed? Now you can begin to see how mean she really was.

"The worse is yet to come! We had to be in bed by nine each night, and up early the next morning. We couldn't sleep till noon like our friends. So, while they slept, my mother actually had the nerve to break the child labor law. She made us work. We had to wash dishes, make beds, learn to cook, and all sorts of cruel things. I believe she laid awake at night thinking up mean things to do to us. She always insisted upon our telling the truth, the whole truth, and nothing but the truth, even if it killed us—and it nearly did.

"By the time we were teenagers, she was much wiser, and our life became even more unbearable. None of this tooting the horn of a car in front of the house for us to come running. She embarrassed us to no end by making our dates and friends come to the door to get us.

"I forgot to mention, while our friends were dating at the 'mature' age of 12 and 13, my old fashioned mother refused to let us date until the age of 15 and 18. Fifteen, that is, if you dated only to go to school functions, and that was twice a year.

"My mother was a complete failure as a mother! None of us has ever been arrested or beaten his mate! Each of my brothers served his time in the service of his country. And whom do you think we have to blame for the terrible way we turned out? You are right, our mean mother! Look at all the things we missed—we never got to march in a protest parade; nor take part in a riot; burn draft cards or a million things that our friends did. She forced us to grow into God fearing, educated, honest adults.

"Using this as a background, I am trying to raise my three children. I stand a little taller and I am filled with pride when my children call me 'mean'. Because, you see, I thank God he gave me the 'meanest mother in the whole world!'"

The yellow color of the withered mistletoe branch was thought to be endowed with the power to discover buried treasure.

the Wildcats will host the Haskell Indians here at 7:30. As you can tell from the windows downtown, this week is our homecoming game. The homecoming queen will be crowned at halftime, so let's all show our support by going to watch our Cats win another game! Pep squad says "Beward! The Cates are comin!"

The cheerleaders and pep squad are selling mums this year. If you would like a mum contact Kim Norman or Miss Becky Hudgens. All mums are \$5.00 this year. Please contact us as soon as possible.

**Mrs. Sullivan Died**

# WILDCATS TAKE BIG WIN 20-14 OVER KNOX CITY

The Crowell Wildcats continued their winning ways at Knox City last Friday night as they defeated the Greyhounds by a 20-14 score. The Wildcats unleashed an awesome ground attack that covered some 235 yards during the contest, and a

stingy defense held the high-scoring Knox City team to 99 yards on the ground and 34 by the airways. Knox City scored first on its opening possession after taking over a Crowell punt at the Greyhound 45. KC quarterback Jimmy Don

Moore hit Robert Watson on a 19-yard screen pass to set up a first and 10 at the Cat 21. Two plays later, Jerry Stamps found a hole over left guard and rambled 17 yards to the 3. KC speedster Charlie Flye, who was held at bay the rest of the night, went over for 6 points on the next play with 7:47 remaining in the first period.

The Wildcats roared right back, with David Bell running the kickoff back to the Greyhound 48 yard line, but a penalty killed this drive at the KC 27. The Greyhounds soon kicked into the end zone, however, and it's Crowell's ball on their own 20. Ronnie Swan picked up 2 yards, and then it happened: Tommy Tاملen, Wildcat Quarterback, rolled out behind his two big halfbacks, Bell and Glasscock, turned the corner and then it was a foot race between he and one Greyhound, who failed to catch him, and Tommy had himself a 78-yard run for a touchdown. Bell kicked the point-after to give Crowell a 7-6 lead.

Soon, from their own 32, Knox City went for it on fourth down and Glasscock

"blind side" tackled Moore on the 40 where the Cats took over. Two plays later, Bell set sail around right end, got a block or two, broke into the open and galloped 58 yards for an apparent touchdown but it was called back and a 15 yard penalty inflicted on Crowell.

A strong south wind, which hampered kicking efforts of both teams all night, took hold of a Flye punt, held it to 10 yards which gave Crowell the ball on the KC 30 from which point it took only 5 plays to score with Tاملen carrying it in from the 1. Bell added the point-after.

Knox City's second score came in the third quarter when Moore did a full spin on a faked wide pitchout, ran right up the middle for a 20-yard TD. Flye carried the ball in for the two extra points which knotted the score at 14-14.

KC took over the ball on the Crowell 40 following an onside kick after the touchdown. But Swan promptly intercepted a Moore pass and Glasscock soon ran for another touchdown from the KC 10. Try for point-after failed.

Knox City had three more chances to tie the ball game after the go-ahead touchdown by the Crowell big-play defense led by Glasscock, Swan, Bell and Melvin Westover came up with three interceptions in the last six minutes of the game to halt all KC efforts.

The Wildcats played heads-up football all night and Charlie Flye, who had dealt Crowell so much misery the past three years, was contained all night. It was a team effort and the Wildcats will be turning their attention to Friday night's contest with the constantly-improving Haskell Indians. That game will be played at Dick Todd field.

# Truscott Due Bicentennial Flag, Certificate Sunday Night

Rep. Bill Heatly of Paducah will be guest speaker at the official Truscott bicentennial flag and certificate awarding ceremonies, Sunday, Nov. 9, according to Mrs. Virginia Casey, Truscott bicentennial chairman.

The Texas legislator will be introduced by Knox County Judge Sam Clonts at a program set for 6 p. m. in the Truscott Community Center. Following the program a community sup-

per will be held. Truscott is one of only five unincorporated Texas communities which have received endorsements as bicentennial communities from the national American Revolution Bicentennial Administration and the ARBC of Texas. Other portions of the program will feature a short history of the Truscott area, music and a style show with a historical theme. Exhibits of

family pictures, family trees and family histories, and family items of historical interest are being sought for an exhibit at the program, according to Mrs. Casey.

Everyone in the community, no matter how short or how long their period of residence, is being asked to have a family display in the exhibit. Each family is to bring food for a sandwich supper following the program on Sunday evening.

**Dr. R. L. Campbell Elected President National Association**

A Corsicana physician, R. Lowell Campbell, M. D., was elected president of the Association of American Physicians and Surgeons at the conclusion of the association's annual meeting at Walt Disney World's Contemporary Hotel.

Dr. Campbell is a native of Crowell and son of Mr. and Mrs. D. L. Campbell of this place.

Dr. Campbell, a family practitioner and general surgeon, has served as president-elect of the nationwide organization of practicing physicians for the past year and prior to that was speaker of the AAPS House of Delegates.

AAPS, founded more than 30 years ago, is an organization of physicians in the active practice of private medicine who are conservative in political and economic philosophy. The Association's primary activity is defending the right of physicians to use their professional knowledge and judgment in the service of their patients free from interference by government bureaucrats.

"The Association's meeting in Florida," said Dr. Campbell, "addressed itself to such issues facing the medical profession as the critical problem of skyrocketing costs and growing unavailability of malpractice insurance which are forcing more and more doctors to quit practicing medicine. We also agreed to become more active politically to help elect to Congress and the White House people who will get a grip on government spending and stop inflation which is about to destroy our economic system. The root cause of inflation is reckless deficit spending by a profligate federal government."

Dr. Campbell, a member of the Navarro County Medical Society and the Texas Medical Association, attended the University of Texas for pre-medical training and received his M. D. degree from Baylor University College of Medicine in 1952. After residency training in Fort Worth, he established practice in Corsicana.

Dr. Campbell, who was the first president of the Texas Chapter of the AAPS, is a member of the American Academy of Family Physicians, a fellow of the American Society of Abdominal Surgeons, and the Flying Physicians Association.

**Decision Due Soon on Proposal to Close Depot in Crowell**

A decision is expected within four to five weeks by the Texas Railroad Commission as to whether the commission will grant the Atcheson, Topeka and Santa Fe Railway Company authority to close the Crowell depot and discontinue the job of station agent here.

A hearing on the proposed closing was held in the district court room Wednesday morning of last week and the railroad company came well prepared with a staff of employees who among other things cited figures as to the losses allegedly incurred by operation of the Crowell depot during the past two years. The hearing, held before Bill Phillips, examiner for the Texas Railroad Commission, was conducted by Santa Fe attorney Russell Serafin of Galveston, who told Crowell residents present at the hearing that the railroad wanted to serve its local customers. Gist of the questions asked by Serafin of his personnel was that the company was losing money here, and if the local depot is closed, all is needed is a long distance telephone call to the Santa Fe agent in Chillicothe, who according to the railroad people, will be in Crowell within an hour and a half to tend to any needed business local residents may have with the railroad. The railroad people also said they would have an agent here during wheat harvest each spring.

Several local residents spoke in protesting the proposed closing, among them Hubert Brown, Bud McLain, Kenneth Halbert, Homer Johnson and Charlie Myers.

Lynn Cherry of Amarillo, vice general chairman of the Brotherhood of Railway and Airline Clerks, sharply questioned the railroad spokesmen on most every point they made.

The hearing began at 10 a. m. and concluded at 1:20 p. m.

Local residents attending the hearing were McLain, Kenneth Halbert, Brown, Seth Halbert, Johnson, Don Crafton, J. T. Brooks, Glen Swan, A. V. McCombs, Guy

Todd Sr., Robert Kincaid, Felix Taylor, W. F. Statser, Roy Steele, H. L. Ayers, Jackie W. Brown, R. C. Daniel, Edward Howard, O'Neal Johnson, James Long, Irving Fisch, Mrs. Ray Shirley and Bill Klepper.

## Garland Home Setting For Cates-Blaha Vows

In a ceremony solemnized Friday evening in the home of Mr. and Mrs. Charles Brewton of Garland, Miss Terri Cates became the bride of Ronald Edward Blaha. The nuptial vows were read by Wayne Marshall Rathberg, a retired minister, as the couple exchanged wedding rings.

The bride is the daughter of Mr. and Mrs. T.R. Cates Jr. of Thalia, and parents of the bridegroom are Mr. and Mrs. Albert R. Blaha of St. Louis, Mo. The couple exchange nuptial vows beneath an arch of greenery and smilax flanked by triple candelabra holding yellow tapers.

A highlight of the ceremony was the lighting of a memory candle by the couple.

Presented in marriage by her father, the bride was attired in a formal-length gown of Winter white knit featuring a finely tucked bodice with an empire waist and a tiny collar edged in miniature lace. The A-line skirt was accented by a self-sash which was tied in a soft bow in the back. The sleeves of the gown were short and puffed.

The bride carried a small colonial nosegay of yellow daisies, baby breath and yellow streamers. Her only jewelry was a ring belonging to her maternal grandmother. She wore the traditional blue garter, and in her shoe, she placed a six pence.

Serving as best man was the bridegroom's father with the mothers of the couple serving as honor attendants.

Immediately following the wedding ceremony, a reception was held in the Brewton home. The bridal table was covered with a lace cloth of white over yellow and caught at the corners

with yellow bows. A yellow rose arrangement also graced the table which held a crystal punch set.

The three-tiered white wedding cake, topped with a miniature bride and bridegroom, was decorated with pale yellow roses.

Mrs. Marshall Messick, sister of the bride, and Mrs. Charles Brewton served punch to the guests after the bridal couple had cut the wedding cake.

The bride is a graduate of

Crowell High School and attended Eastfield Junior College and North Texas State University. She is employed at Texas Instruments in Dallas.

The bridegroom graduated from Roosevelt High School in St. Louis and the University of Missouri. He is a design engineer employed by LTV Aerospace Corporation of Arlington.

Following a brief wedding trip, the couple will be at home in Garland.

MRS. DENTON

## Denton-Dixon Wedding Nov. 1

Miss Roberta Kay Dixon became the bride of David N. Denton on Saturday evening, November 1.

Decorations of large baskets of purple astors, white gladiolus, orchid mums, and spiral candelabras with greenery made the setting in the Pleasant Mound Free Will Baptist Church, Buffalo Springs, Texas, with the Reverend Tiff Covington officiating.

The bride is the daughter of Mr. and Mrs. D. G. Dixon of Bellevue and granddaughter of Mr. and Mrs. R. E. Cox of Buffalo Springs.

The groom is the son of Mr. and Mrs. N. A. Denton of Crowell.

Given in marriage by her father, the bride wore a formal gown of white lutesong, featuring a bodice of tiny pin tucks, sheer sleeves, and a chapel train. The entire dress and illusion veil, which was attached to the crown with lace and pearls, were accented with reemboirdered lace. She

carried a prelude bouquet of carnations, orchids and baby's breath, arranged on her grandmother's white Bible.

Matron of honor was Mrs. Stanley Maxwell, Wichita Falls. Bridesmaids were Mrs. Jacob Jones, Jr., Bellevue, and Miss Teresa Dixon, Bellevue, all sisters of the bride.

They wore formal a-line gowns of purple velvet with an empire waist, accented with white and lilac lace topped with wide brimmed purple velvet hats trimmed with lilac ribbons. Each carried bouquets of purple orchid daisies, carnations and baby's breath.

Serving as best man was Scott Bumgarner of Allen, Texas. Groomsman were Lloyd Harbison, Rockwall, and Charlie Sanders, Lewisville, brothers-in-law of the groom.

Tonya Harbison, niece of the groom, was flower girl. She was dressed in purple velvet and carried a basket

### 30 Years Ago in The News

News items below were taken from the Thursday, November 1, 1945, issue of The Foard County News:

In response to a call made by the American Legion Commander, A. Y. Beverly, a large crowd of veterans of World Wars No. 1 and 2 met in the district court room last Thursday night and elected new officers for American Legion Post No. 130. In a talk to the group, Orville White presented the post with a Nazi flag which was captured in Germany from a Hitler Youth School. Douglas Adkins also made a talk. Officers elected were Floyd Thomas, commander; Bill Gafford, first vice commander; Douglas Adkins, 2nd vice commander; Ed Dunn, 3rd vice commander; Clyde Cobb, adjutant; L. A. Andrews, post historian; D. R. Magee, child welfare chairman; John Nichols, sergeant-at-arms; John E. Long, service officer.

R. H. Borchardt, Chevrolet dealer here, has returned from Dallas where he attended a preview of the new 1946 Chevrolet at the company's zone headquarters.

The Crowell High School football team remained undefeated in District 12-A play when it defeated the Valley View Warriors here last Friday night by a score of 30 to 0.

A deal was closed last week whereby J. P. McPherson & Sons, International Harvester dealers in Crowell for several years, sold their business to J. R. Weiss of Lubbock. They also sold the lots on the southwest corner of the square where the brick buildings were blown down and burned during the tornado in 1942. Mr. Weiss expects to erect a building on this site as soon as possible for a new home for the implement business.

It is estimated the Japs spent over two million dollars making and launching the paper balloons with which to bomb this country. As far as is known some 200 of the balloons landed in the United States. The balloons were planned to rise to a height of ten thousand feet and drift toward the United States on fast eastward winds. The timers were set to explode them in from forty to fifty hours.

Miss Dorothy Greening became the bride of Hugh Ogden Norman, GM 3-C, Saturday afternoon, Oct. 27, at the parsonage home of Rev. and Mrs. Otis Strickland with Rev. Strickland performing the double ring ceremony. The bride had as her attendant Mrs. Lee J. Stout and Bill Bell attended the groom as best man.

Homer Johnson, Guy Crews, Audie Brown and Ted Carter have been on a fishing trip to Lake Kemp this week.

Harvey Foster, who has recently returned from overseas, spent on Thursday until Saturday with Mr. and Mrs. John Wheeler and family at Foard City.

At the close of the war, 33,500 American soldiers were serving prison terms under general court martial sentences imposed by the army.

A meeting will be held in the district court room Friday night for the purpose of reorganizing the Chamber of Commerce.

For maximum safety, older adults should remember never to automatically open their door when someone knocks—even if a caller is expected. One-way peep holes can be bought and installed simply by drilling a hole through the door. Mrs. Vivian Blair, with the Extension Service, notes.

**CROP Money Goes to Buy Wheat for Hungry People**

Mrs. Ike Everson, chairman of the local CROP drive which brought in \$112, said this week that the money raised in the nationwide CROP drive will go to buy foodstuffs which will be used in India and other nations as wages on food-for-work projects. Food-for-work projects include construction of earthen dams and irrigation systems, and building roads that allow villagers to transport their goods to market. Such projects enable people to feed themselves by the sweat of their brow and the labor of their hands, while building the means of self-sufficiency. Mrs. Everson added.

Texas Civil Liberties Union and the Mexican American Legal Defense and Educational Fund sued to block implementation of the new Texas Voter Registration Act.

Conserve and Save Tips for your Home Laundry

- ★ Avoid wasting hot water while laundering. Use the cold and warm water settings as much as possible to cut down on the energy needed to heat water.
- ★ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.
- ★ Wash and dry a full load, but never overload. It is essential for each item to move freely for proper cleaning and drying.
- ★ Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing.
