Wildcats Travel to Rotan Friday for 7-A Opener

County Adopts 1976-77 Budget

The Crowell Wildcat football team, defending champion of District 7-A, opens the 1976 season Friday night at Rotan when the Cats take on the Yellowhammers. With the start of the district games, starting time has been moved from 8 p. m. to 7:30 p. m. The 7:30 kickoff time will remain in effect the remainder of the season.

The Yellowhammers are winless in their three starts this season. They lost 34 to 6 to Spur, 22-0 to Roscoe and 41-0 to Rochester. However, Rochester is rated the No. 1 class B school in the state and Spur is ranked No. 3 in the same classification. Rotan was idle last week end just as was Crowell.

The Wildcats are 1-1-1 going into the district race. They have a win over Quanah, a tie with Seymour and a loss to Memphis.

Coach Printiss Gidney said that a number of years ago, Crowell had played Rotan. It was only last year, however, that the two teams met in a bi-district game played at Stamford which the Wildcats won 25 to 7.

Coach Gidney said Monday that he plans no big changes in the lineup this week. It looks like a good football game in prospect for Wildcat fans and a large delegation is expected to make the trip to Rotan.

Next home game for the Cats will be next week when they host the powerful Munday Moguls.

Black was appointed to a new two-year term on the board of the Greenbelt Water Authority Tuesday night.

Black is one representative on the board of the Authority and has represented for several years.

Last week, the City accepted the audit for the city which 1975 valuations were \$1,675,750 and levied totaling \$2,204,328 for the coming year. Receipts are expected to be up from last year's \$193,308 to \$199,308 during the coming year.

The court appointed Glenn Halsell Jr. as a new member of the Foard County Hospital Board. There is still one vacancy on the board following two recent resignations, that of J. C. Autry Jr. and A. L. McGinnis Jr.

The court formally approved the purchase of a new ambulance, the cost of which is to be shared equally with the City of Crowell. The new ambulance will cost \$22,204.75 which will include some equipment.

Judge Seth Halbert said the court also adopted new rules and regulations in an effort to keep traffic off the apron and runway of the Foard County airport. He said some unauthorized travel on the runway has been reported and added that it is being used as an alternate route to the city dump ground since the City keeps the dump ground gate locked except during regular work days, Monday through Friday.

Dwain Crosby, a Crowell sophomore at Hillsdale Free Will Baptist College in Moore, Ok., has been elected secretary-treasurer of the Ministerial Fellowship of Hillsdale, according to Jack Richey, Ministerial Fellowship sponsor.

Other officers elected include Jerry McArthur, Lexington, Oklahoma, president, and Gene Godby, West Palm Beach, Florida, vice president.

Crosby is the son of Rev. and Mrs. M. L. Crosby of Crowell. A ministerial student, he is a graduate of Crowell High School, where he was active in band, drama and tennis.

Ray Shirley of Crowell has been named to a two-year term on the board of directors of the 44-county Tri-Region Health Services Agency.

Shirley was named to a two-year term at Abilene Tuesday of last week at a meeting of the 51 directors of the agency, expected to possibly become the most powerful force in the medical and health services field in a vast section of North and Central Texas.

Truscott Jamboree Set for October 2

The last Truscott jamboree for the year has been set for Saturday night, October 2. Concession stand will be open and Knox County coins will be available.

From November through April of next year, the jamboree will be held at the Gilliland school with the outdoor jamborees returning to Truscott next May.

Sales Tax Starts Friday, Oct. 11

April. The 1 per cent city sales tax will be collected in addition to the 4 per cent state sales tax. The entire five per cent collected will be sent to the state with the city's share to be returned to the local government.

For the convenience of local businesses, the Crowell State Bank is sponsoring an ad in this issue giving the new 5 per cent tax rate.

CHURCH CELEBRATION—Those attending the 90th anniversary of the Thalia Methodist Church Sunday were these current and former members. From the left are Mrs. L. of Vernon and widow of a former Thalia pastor; Mrs. C. H. Wood of Beaumont, a long-time member of the church; and Mrs. H. W. Gray of Thalia, another long-time member.

Womack's to Discontinue Ambulance Service Nov. 15

City and County to Buy New Ambulance

SHOWS LITERATURE ON NEW AMBULANCE—Dr. Walter Stapp is pictured at the left as he showed literature on new ambulances at a joint meeting of the city council, commissioners court and hospital board Tuesday night of last week. On the right, facing the camera, are M. M. Welch, Seth Halbert, Felix Taylor and Warren Everson. In the foreground (back to camera) are Glyndon Johnson and Robert Kincaid.

With Womack's Funeral Home announcement that November 15 is the last day that firm will provide ambulance service, representatives of the county, city and hospital board met at the City Hall in Crowell Tuesday night of last week to study the program of providing ambulance service for Foard County residents.

Following a brief statement by hospital board chairman M. M. Welch, and display of brochures showing types of ambulances available by Dr. Stapp, the city council and commissioners court, on the recommendation of Mayor Robert Kincaid, agreed to purchase a new ambulance.

The latest word from Judge Seth Halbert is that the ambulance has been ordered from the Dallas plant and is set for an October 30 delivery date, FOB Dallas.

The new ambulance will cost \$22,204.75, which also includes some equipment. Other equipment will be added as is needed. Mounted on a Ford chassis, the new ambulance is of a modular type with a van front.

Selection of the ambulance and equipment was made by Dr. Walter Stapp.

Selection and training of personnel to operate the ambulance is currently under study by the groups involved in the purchase of the vehicle.

Pease River Bridge Back in Service

Travelers attempting to cross Pease River on State Highway 6 from Foard to Hardeman were detoured for several days last week as the temporary road bed went down the river with floodwaters. The old bridge is being torn out in preparation for the construction of a new bridge across the river.

The low water roadbed was washed out Sunday afternoon of last week, and traffic was detoured until late Wednesday afternoon when repairs were completed.

The old bridge, with sections weakened by weather and previous floods over the past quarter century, is being replaced by a new and wider bridge which is to be completed next year.

Farmers and ranchers and those who work or live in Foard and Hardeman County found it inconvenient to have to drive an extra 69 to 75 miles to reach their destination during the three days the bridge was out.

Allsup's Opens Store in Crowell

Allsup's Convenience Store opened this week on East Commerce Street in Crowell. The local Allsup's is store number 75 in a chain of convenience stores owned by Lonnie Allsup of Clovis, N. M.

Mrs. Connie Williams is manager of the new store and other employees are Jana Lopez, Missy Bagby, Beverly Glover and Mike Williams. Allsup's will be open 24 hours a day, seven days a week, 365 days a year. In addition to a store full of merchandise, Allsup's will be selling gasoline.

Mrs. Williams has completed a two weeks course of schooling in operation of the store and the other employees have also had briefer periods of training. Training of employees for the Allsup's chain takes place in Clovis.

ASCS Issues Statement on Cotton Crop

Foard County's 1976 cotton crop does not look real good at this time and Foard County ASC committee executive director James O. Sabbe reminded all cotton producers that they should not destroy any cotton without first reporting it to his office.

"Cotton that you want to plow up will have to be appraised by someone from this office before it can be destroyed. Failure to report could reduce or completely cancel your disaster payment," Sabbe added.

Classes Will Be Dismissed Friday, Oct. 1

The first six weeks of the Crowell school's 1976-77 term ends on Friday, October 1. Friday will be a teacher work day and students will be dismissed all day.

The second six weeks starts October 4 and continues through November 12. Classes will be dismissed on October 29 as teachers attend the district convention of the Texas State Teachers Association.

New Chevys, Olds Now on Display Here

Completely redesigned lines of Chevrolet and Oldsmobile automobiles for 1977 are going on public display Thursday, Sept. 30, in the showroom and lot of Goodwin Chevrolet-Olds in Crowell. The business is located on North Main Street.

Glen Goodwin, owner, and his staff are inviting all area residents to view the new line of cars now on display.

SIX NEW VEHICLES

Six new vehicles were registered here last week, as follows:

Sept. 20, Peanuts, Inc., 1977 Chevrolet coupe; Sept. 21, N. M. Barrera, 1976 Ford pickup; Sept. 22, H. H. Adkins, 1976 Ford tank truck; Sept. 22, Leslie Thomas, 1977 Chevrolet pickup; Sept. 23, Raymond Grimm, 1977 Chevrolet pickup; Sept. 24, J. C. Wisdom, 1977 Oldsmobile coupe.

GAME AT QUANAH

The Crowell junior varsity football team travels to Quanah Thursday night, Sept. 30, to take on the Quanah JV. These teams met at Dick Todd field last week and Crowell won by a 27-7 score.

No junior high football action is scheduled for Crowell teams this week end.

NAMED TO OFFICE

Ora Mae Fox of Crowell has been elected vice president of the Greenbelt Life Underwriters Association. Her election came at a meeting of the association Monday night of last week at a Vernon restaurant.

CHEERLEADERS—Pictured above are the cheerleaders for Crowell High School this year. From the left, they are Hedi Vecera, daughter of Mr. and Mrs. Travis Vecera; Rita Glover, daughter of Mr. and Mrs. Joe Glover; Anita Vecera, daughter of Mr. and Mrs. Travis Vecera; Beth Graves, daughter of Mrs. Printiss Gidney; and Dana Miller, daughter of Mrs. Marie Hutson. In front is Jana Glover, daughter of Mr. and Mrs. Joe Glover. (Photo by Stewart Studio)

CRUNCHY, PEANUTTY CANDY-Crunchy Peanut Brittle, chock-full of tasty, nutritious peanuts, isn't difficult to make if you remember to spread the candy thinly on the cookie sheet, says the Texas Department of Agriculture home economist. Making homemade peanut brittle can be a family activity--there's nothing like an old-fashioned candy-making session to bring everyone together in the kitchen.

Texas Department of Agriculture - John C. White, Commissioner

CRUNCHY PEANUT BRITTLE

- 3 cups sugar
- 1-1/3 cups white corn syrup
- 1/2 cup water
- 4 cups raw peanuts
- 3 tsp. butter
- 1 tsp. vanilla
- 2-1/2 tsp. baking soda

Combine sugar, syrup and water in large saucepan. Boil until thread spins or until temperature reaches 250 degrees on candy thermometer. Add peanuts and stir continuously until temperature reaches 300 degrees (hard crack stage). Be careful that mixture does not burn. Pour onto 2 buttered 15-1/2x12-inch cookie sheets; spread quickly to about 1/4-inch thick. Cool, break into pieces. Yield: 2-1/2 to 3 lbs.

For additional peanut recipes send a postcard request to Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Mr. and Mrs. Otto Bachman Jr., is the Senior of the Week. He has been a member of the Wildcat football team for four years,

and serves as one of the Tri-Captains this year. He is the Student Council President, and has served his Senior class as President for the last three years. He is also an active participant in VA class. His pet peeve is "People who talk about other people." When William gets a spare moment, he enjoys collecting old coins and water skiing. William who considers his parents the most important people in his life, plans to go to college when he graduates. This young man has a very conservative favorite saying which fits well with his responsible personality, "A penny saved is a penny earned".

JIVIN' JUNIORS
 Last Friday was an open date for the Wildcats as they

prepared to open their district season against Rotan this Friday.

With this week being six weeks, everyone has been studying for those six weeks tests in algebra, English, geometry, V. A., and history. The Jrs. say, "Cats Cage the Yellowhammers."

SUPER SOPHOMORES

Everyone took advantage of the open week as a vacation from making signs for the football game. We started working again this week for our big district opener against Rotan on Friday. Our J. V. boys did an excellent performance Thursday night as they ran past the Quannah Indians 27-7.

Tests and more tests have been coming up since this is the end of our first six-weeks. Report cards will be issued next week.

Sophomore band members who attended the band clinic in Lubbock last Saturday are John Thomas, Abel Cerda, Renee Norman, Debra Walker, Hedi Vecera, and Patsy Williams.

Soph. say... "Romp Rotan."

FAR-OUT FRESHMAN

The Freshman class is really beginning to study hard this week realizing that in a few more days they will be carrying home the biggest burden of all-report cards.

To describe our school, here are a few definitions of some common words, C. H. S. style, of course.

Hot seat--the day you sit on a radiator and for once they're working.

Avalanche--the east stairway at noon bell.

Bunny hop--a new and ingenious way to make it to class five seconds before the tardy bell.

Student's lounge--A new disaster movie.

Run-away train--Someone with slippery shoes going down the stairs the fast way.

Friday let's all support the Cat's when they travel to Rotan.

BAND NEWS

Band members chose nominees for Band Sweetheart. They are Jana Glover, Sr., Sandra Bachman, Jr., and Sherri Gray, Fresh. The sweetheart will be chosen Oct. 8, at the Munday football game.

The band will go to the marching contest November 2. We are working up to another no. 1.

If you're wondering what those white containers are that we've been taking to all the games, they are hat containers. I remember the first day of school when Mr. Streit sat on one to show us how tough they were!

Friday the Wildcats take on Rotan. The Band says, Let's beat 'em!

F. H. A. NEWS

Tuesday, September 7, 1976, the local F. H. A. Chapter held its first meeting for the 1976-77 year.

President Debra Daniel brought the meeting to order and announced the officers for this year. They are: Pres.-Debra Daniel; First Vice-Pres.-Chris Thompson; Second Vice-Pres.-Jonna Naylor; Third Vice-Pres.-Jana Glover; Fourth Vice-Pres.-Patsy Williams; Fifth Vice-Pres.-Susan Quintero; Sec.-Ester Quintero; Treasurer-JoAnna Hord; Historian-Hedi Vecera; Parliamentarian-Beth Graves; and Sgt.-at-Arms-Jill Bell.

Debbie Powers had the program which was about the Rest Home. She talked about the many different ways we can help entertain the residents.

We also elected as F. H. A. Beau Timmy Christopher. Refreshments were served by Hedi and Anita Vecera, Judy and Debra Daniel, and Jana and Rita Glover.

CAFETERIA MENU
 OCTOBER 4-8

- MONDAY**
 Fish with tarter sauce or catsup
 Macaroni and cheese
 Buttered carrots

 Tossed salad
 Whole corn
 Baked beans

News from the Nursing Center

By Mrs. Deane Powers
 Activities Director

We had a very nice crowd for our Friday night musical. About 20 staff members and residents from Monterey Villa Nursing Home in Vernon joined our bunch for good music and fun dancing. Several family members of our residents came. Refreshments were served and the staff of Monterey Villa invited us and ours to their monthly musical.

This month's birthday party for all residents having birthdays in September was sponsored by the Truscott Church of Christ, Sept. 23rd. The honorees were C. C. Browning, Mildred Magee and Jane Bond. The program consisted of Tracy Shaw playing the piano and singing old favorites and Rhonda and Richard Westbrook sang for us. Refreshments of punch and a beautifully decorated horse-shoe shaped cake were served by Martha and Edith Cash. The honorees were presented with nice gifts.

We are happy to welcome to our growing family, Mr. and Mrs. Horace Haynie, of Truscott.

The F. H. A. girls of Crowell High expressed a desire to do volunteer work here at the Center. They will be a welcome sight to our residents.

Visitors in our home were Mrs. Kenneth Lanyon of Amarillo who visited her sister, Grace McLaughlin; Rex Haynie of Andrews and Mary Hennon of Wichita Falls visited Mr. and Mrs. Horace Haynie; Jean Pogue visited with her aunt, Clema Pogue; Mrs. Fred Dennis of Quannah visited her sister, Bennie Glover. Maggie Wheeler went out to visit with the O'Neal Johnsons.

Kathleen Robertson of Vernon visited with Jane Bond and Mrs. J. C. Prosser of San Angelo and Mrs. Henry Ross visited with Jim

Mrs. Leonard Boren Died in Sherman

Mrs. Leonard Boren, 72, who lived in Foard County from the early part of the century until 1937, died Friday, Sept. 17, in Sherman.

Funeral services were held at the Pottsboro Baptist Church at 10:30 a. m. Monday, Sept. 20. Burial was in Cedarlawn Memorial Park at Sherman under the direction of Bratcher Funeral Home of Denison.

Mrs. Clara Bell Boren was born Nov. 23, 1903, at Stamford. She and her husband have been residing in Pottsboro for a number of years.

LETTER TO EDITOR

Enclosed is a money order, in the amount of \$6.76 to renew our subscription for another year. We have thoroughly enjoyed each copy of the paper this past year and always look forward to the next issue.

It is obvious you have a very competent and dedicated staff; otherwise, it would be impossible to gather all the area news and publish such an informative paper week after week. Please keep up the good work. Sincerely,

The Lloyd Armstrongs,
 Fort Worth, Texas.

There is much truth in the old expression "Exercise may not add years to your life, but it will add life to your years." There is no scientific proof at this time that exercise alone will make you live longer. It is an accepted fact that appropriate exercise is one factor in helping you to have a healthier life. Mrs. Vivian Blair, family life specialist with the Extension Service says.

- Peanut butter cake milk
- THURSDAY**
 Fried chicken and gravy
 Creamed potatoes
 Green beans

Shows Fall Here Monday

A cold front pushing through Foard County Monday afternoon kicked off showers across most of the county and dropped the temperature to a low of about 49 degrees early Tuesday.

An official 47 inch was recorded in Crowell Monday afternoon. The west and the south parts of the county received up to an inch with most other sections receiving about half an inch.

News from... Thalia Maggie Capps

A large crowd of visitors attended the 90th anniversary celebration of the local Methodist church Sunday.

Patrick Cates of Lubbock visited his parents, Mr. and Mrs. T. R. Cates last week end.

Mrs. Georgia Wood of Beaumont came for the Methodist reunion. She spent a few days with her niece, Mrs. Doyle Ford and family in Quanah last week and Mrs. Ford brought her here Saturday where she visited Mrs. Flora Short and attended the celebration Sunday and remained among friends this week to visit among old friends.

Mrs. Maggie Capps visited in Seymour Monday. Mrs. Claud Lamb and Mrs. Fannie Boman of Vernon visited Mrs. F. A. Brown Sunday afternoon.

Mr. and Mrs. Billy Ray Moore and infant daughter, Amanda Rae, of Vernon visited their parents, Mr. and Mrs. Joe Cerda and family and Mr. and Mrs. Jesse Moore and grandmothers, Mrs. Lee Sims and Mrs. Jim Moore last week.

Mrs. Russell Fryman of Wheelersburg, Ohio visited several days with her parents, Mr. and Mrs. Bill Cates and her grandmother, Mrs. Georgia Johnson, and others.

Mr. and Mrs. Larry Bursey and Tiffanie visited her parents, Mr. and Mrs. Wenzel in Vernon Saturday.

Mr. and Mrs. Joe Laird of Iowa Park were guests in the home of Mr. and Mrs. Bill Moore Sunday.

Mr. and Mrs. William Wisdom of Medicine Mound visited Sunday with his mother, Mrs. A. B. Wisdom, and Frank and attended the 90th anniversary celebration of the Thalia Methodist Church.

ASCS Tells of Volunteer Wheat Status

With the first general rains since spring falling during the past two weeks, volunteer wheat is coming up all over the county and this volunteer wheat is not eligible under the present disaster program unless it is harvested, James O. Sabbe of the Foard County ASC office told producers last week.

He added that volunteer wheat that is hailed out before harvest will not be eligible for a disaster payment.

"If you are planning on leaving any volunteer wheat this year and have any questions about how the present farm program deals with volunteer wheat, please stop by our office," Sabbe added.

Faux-unis, a French word used to describe some of today's print fabric, means the pattern is subtle, almost a solid color, explains Beverly Rhoades, clothing specialist with the Extension Service.

IMPLANT DEMONSTRATION ESTABLISHED—A stoker calf growth implant demonstration was established with W. F. Statser, Sept. 17. The two implants used were "raigro" and "synovex." One hundred thirty stoker calves are in the test with 32 not receiving an implant and therefore serving as controls or checks.

The average weight of all steers was 444 pounds. Calves in the test will be re-weighed in late December and implanted again. Visible in the picture, from the left, are Garland Wiemers, Mr. Statser and Freddie Matysek. (Extension Service photo.)

SCHOOL BUS LOADING LAW CONFUSES MANY TEXANS "This school year, as in the past, the School Bus Loading Laws confuse many drivers," states Major C. W. Bell, Regional Commander of the Texas Department of Public Safety.

The Uniform Vehicle Code in Texas states that the driver of a vehicle, meeting or overtaking a school bus displaying red flashing warning lights that is in the process of loading or unloading passengers, shall stop until the school bus starts moving, the red lights are no longer flashing, or the bus driver directs motorists to proceed.

this year's
to Grow.

PERSONALS

All are always welcome.—
First Christian Church,
Crowell 35-tfc

Mrs. Kenneth Halbert
visited her parents, Mr. and
Mrs. Harry Sherwood, in
Crosbyton over the week
end. She also visited her
daughter and husband,
Mr. and Mrs. Don
Schroeder, in Lubbock.

Mr. and Mrs. Gayle
Stanfill and children, Debbi
and Patrick, of Dallas spent
the week end in the home of
her parents, Mr. and Mrs.
George Riethmayer, while
enroute to Alexandria,
Virginia to make their home.
Mr. Stanfill is employed with
Tetedyne Geotech.

Mmes. J. T. Brooks and
Carl Wishon visited last
Thursday afternoon in
Quannah with Mrs. Hunter
Lambert.

Chun Gafford of Garland
was a week end visitor here
with his parents, Mr. and
Mrs. Otis Gafford.

Mrs. Charles Sharp and
three children of Detroit
spent the week end here
visiting her father, Leotis
Roberts, and wife. They all
attended the 90th anni-
versary celebration of the
Thalia Methodist Church
Sunday.

Fabric stains caused by
fruit juices, artificially sweet-
ened soft drinks or alcoholic
beverages are sometimes
invisible. Prolonged storage
or heat used in drying or
pressing caramelizes the
sugar, causing a noticeable
yellow, tan or brown stain.
As soon as these stains are
known, they should be
sponged with rubbing
alcohol or diluted bleach as
safe for the fabric, reminds
Mrs. Becky Culp, area
clothing specialist with the
Extension Service.

group Tuesday mornings,
6:30, New Community Cen-
ter. 13-5tc

Mrs. Jack Wishon
and were week end
visitors here with their
Mr. and Mrs. Carl
and Mr. and Mrs.
Add Sr.

**Glen Goodwin
Is Rotary
Speaker**

Rotarian Glen Goodwin
told members of the Rotary
Club Wednesday of last week
about some of the changes
coming up in the 1977 cars
which will go on sale this
week. Goodwin said cars he
sells have been redesigned,
by reducing weight and size,
hoping for owners to get
better gasoline mileage. For
instance, he said the 1977
Oldsmobile 98 is 1,000
pounds lighter than the same
model in 1976. He
commented briefly on the
auto strike currently in
progress against the Ford
Motor Co. and said that the
average pay for the auto
worker is \$11 per hour at the
present time. Goodwin was
introduced by Rotarian
Gordon Erwin.

In commenting on the auto
industry, Goodwin said that
General Motors Corporation
spends about \$1 billion each
year on paper work involving
reports to the federal
government, a sum which
exceeds the total the federal
government spent in the first
75 years of this nation's
existence.

Guests at the meeting
were Miss Hedi Vecera,
Lions Club sweetheart,
Norman Hopper, Terry
Templen, and William Bach-
man.

Watered Down Education

As valedictorian of his class
this past spring and as a straight A
student, the 18-year-old graduate
of a Washington, D.C. inner-city
high school figured to have no
trouble qualifying for the college
of his choice. But George Wash-
ington University turned down his
application for admission when his
College Board exams were only
about half of what the school ex-
pected and when he did poorly on a
special battery of tests adminis-
tered by the university to try to de-
termine if the College Board re-
sults were misleading.

That story, recounted by The
Washington Post, is one of per-
sonal heartbreak for the person-
able and religious young man. But
it is also an indictment of his par-
ticular school and of a philosophy
of education that too often hood-
winks students. "My feeling about
a kid like this," said the dean of
admissions at George Washington,
"is that he's been conned. He
thinks he's a real scholar. His par-
ents think he's a real scholar. He's
been deluded into thinking he's
gotten an education."

Such deception is not confined
to D.C. schools, by any means.
Any big city teacher or adminis-
trator can recite chapter and
verse of similar failure to educate
students in reading, writing and
other basic educational fundamen-
tals. And the problem is com-
pounded because permissive edu-
cational concepts are often bound
up with political opportunism.
Thus when City University of
New York recently announced
modification of its open admis-
sions policy, to require minimum
eighth grade reading and mathe-
matics proficiency, certain politi-

**Copper Breaks
Income Reported**

Copper Breaks was one of
three state parks in the Wich-
ita Falls area to contribute a
total of more than \$55,000 to
the statewide income of \$21.8
million in fiscal 1976 from
parks around Texas, state
audit figures show.

An audit of some 55 parks
that year shows that state-
wide, the Department of
Parks and Wildlife received
\$1,165,500 from park en-
trance fees and \$1,359,178.76
in user and concession fees.

Copper Breaks State Park
brought in \$6,431.75 in
admission fees and \$1,880.50
in overnight camping per-
mits. Fort Richardson State
Park contributed \$5,952.55 in
admission fees and \$2,368 in
overnight camping permits;
while Lake Arrowhead's ad-
mission fees totaled \$31,940
and overnight camping per-
mits amounted to \$6,905.

The department's expendi-
ture on parks totaled
\$24,986,500, including \$4,298
million for land acquisition;
\$10.84 million for land devel-
opment; \$3,677 million for
Austin-based operations;
\$367,500 for major repairs;

**PRODUCERS SHOULD
PREPARE FOR '77 FARM
BILL**

If producers expect to
influence 1977 food policy
issues, they must begin
planning, organizing and
acting, contends an econ-
omist for the Texas
Agricultural Service. Since
the position of many political
decisionmakers will be
moulded in the upcoming
election, producers should
study the issues and
candidates and make their
voices heard. The overriding
issue is the degree of
government involvement in
agriculture, with Democrats
favoring increased in-
volvement and Republicans
favoring less involvement, or
a "free market." Key issues
in next year's farm bill will
be grain reserves, target
prices and loan rates,
commodity programs,
disaster payments, acreage
allotments and food aid.

and \$5,804 million for field
operations, including park
maintenance.

Society News

Engagement Is Announced

Mr. and Mrs. Ben Bagby of Quanah have announced the engagement and approaching marriage of their daughter, Renda Jo, to Gary Thomas Glover, son of Mr. and Mrs. Fred Glover of Crowell.

The marriage will take place Friday, October 29, at the Bethel Baptist Church in Quanah.

RIVERSIDE H. D. CLUB

The Riverside Home Demonstration Club met in the home of Mrs. W. E. Schoolcraft Tuesday, Sept. 21. Mrs. Billie Cleveland, president, opened the meeting with an inspirational article. Mrs. Truett Moore used a presidential quiz for the ten minutes of fun. Roll call was answered by each member giving a particular diet she has used, and the amount of loss or gain in pounds and inches recorded.

Mrs. Schoolcraft gave the program on obesity and its dangers.

Next meeting will be Oct. 19 with Mrs. Sam Kuehn.

Homemakers Attend THDA Celebration

Four local homemakers attended the 50th anniversary celebration of the Texas Home Demonstration Association during its annual statewide meeting Sept. 21-23 on the Texas A&M University Campus in College Station.

Those attending included Mmes. Jo Haynie, Juanita Moore, Thelma Garrett, and Lela Hunter, all of Crowell. Highlights for the 50th anniversary included a proclamation by Texas Gov. Dolph Briscoe designating the week of Sept. 20 as "Texas Home Demonstration Association Week," the casting of a souvenir medal in bronze, and the statewide meeting during which Home Demonstration Club members will present a two-hour historical review.

Workshops, general sessions, installation of new officers and an annual banquet concluded the three-day conference.

The THDS delegates will give their reports on the state meeting at a countywide

meeting on October 6th at 2:30 in the old community center.

4-H Quilting Party Planned

Interested 4-H Junior Leader girls will learn about quilting (but without the quilting frames) Friday, October 1, 1976 in the homemaking cottage starting at 9 a. m. to 3:30 p. m. You may come and go when you need. A covered dish salad luncheon will be served at noon. Each girl may start her own quilt which will be the Cathedral window quilt pattern. Mrs. Bernice Carroll will be assisting in the quilting class...so come join us for a fun day. Any high school girl may participate. Girls who have not signed up but would like to participate in this activity should contact the county Extension agent, Mrs. Loretta Hardin.

SUB-JR. ADELPHIAN CLUB

The Sub.-Jr. Adelpian Club met for the first time on September 22. Refreshments were served at the beginning of the meeting by Jill Bell and Sandra Bachman. Jan Brown, the president, called the meeting to order and welcomed new members to the club. We discussed a band for the New Year's Eve dance, fines and activities for the coming year. Theresa Drabek called the roll and read the minutes. Sandra Bachman gave the treasury report. The program was two skits given by the officers. The officers were introduced as Jan Brown, president; Kathy Whitfield, vice president; Theresa Drabek, secretary; Sandra Bachman, treasurer; Gail Fish, reporter; Jana Glover, corresponding secretary; Jill Bell, historian; and Jonna Naylor federation council. Sponsors are Joyce Bachman and Jo Haynie. The meeting was adjourned until October 6.

The Foard County News

AT THALIA CHURCH CELEBRATION—These three Methodist preachers attended the 90th birthday celebration of the Thalia Methodist Church Sunday. On the left is Rev. Jerrall

Sharp, district superintendent from Seymour; Rev. John Pierpont, current pastor; and Rev. Irl Holt of Vernon, a former pastor of the church.

"Sew Fair" Is Planned at Paducah

Cottle and King Counties will have a "Sew Fair" as a means of improving family clothing in the two county area this year.

The "Sew Fair" will be held October 14, at the First Christian Church in Paducah. There will be a morning session from 9-11 to be repeated in the afternoon from 1-3. It will provide speakers and exhibits on various clothing concerns.

Martha Schmidt, Clothing Specialist from Lubbock, will speak on "Professional Sewing Tips". Mrs. Schmidt has served the immediate area for several years with the Armo Company. She has developed educational materials and served as fashion representative with Armo in New York. From her experience came "Martha's Methods" which she has lectured on throughout the country and taught in her studio. Mrs. Schmidt is presently associated with Bernina and JJ's II of Lubbock.

Mariene Odle, Clothing Specialist with the Texas Agricultural Extension Service, will speak on "Quick and Easy Sewing Tips".

Also, Bobby Sunday from Paducah will speak on "Care of the Sewing Machine" and Waunell Goodwin on "Fashion Trends".

There will be several exhibits including Mrs. Mable Brown on "Home Items", Carol Blake on "Children's Clothing", Marianna Graves on "Men's Wear". Other exhibitors will show "Teen Fashion" and "Recycling".

The HD Clubs will provide refreshments for the Sew Fair.

SENIOR CITIZENS

The Busy Bees Senior Citizens of Foard County took a journey to Mansfield Park last Tuesday, September 21 for a picnic lunch. Mansfield Park is thirty-six miles south of Crowell located on the Brazos River.

This park is a private owned picnic area. The park has shade trees, a hand pumped spring water for drinking, fishing ponds, swimming area, picnic tables and chairs, green grass, which is kept mowed. Mr. Mansfield has taken discarded items and made chairs and tables. Old plows are on display including an old grind stone.

Inside the Mansfield home are many interesting items: stuffed birds, a skunk family, homemade lamps, many items made from rattlesnake skins, baskets made from armadillo skins, many more interesting things including a quart vinegar bottle with a whole cucumber inside. On display in one bedroom are large life-size dolls dressed as Grandpa and Grandma with the grandchildren.

The Senior Citizens' new song books, "Favorite Songs and Hymns" from the Stamps Baxter music company have come in and we will be learning some new songs and old favorites.

A group of Senior Citizens attended the dinner served by the American Legion in Quanah Sunday afternoon.

The last Tuesday of each month is our birthday luncheon. The September birthdays are: Iva Ballard, Myrtle Myrphy, Bessie Cannon and Francis Teague. The program for the luncheon on Tuesday, October 5th will be given by Ben Gooch, Welfare Social Worker. He will show a film titled, "Home Sweet Home". Mr. Gooch's program will be after lunch. Anyone interested is invited to attend.

Plans are being made to attend the Senior Citizen meeting in Gilliland on Wednesday, October 20th.

Arleta Halencak Senior Citizen Aide

Museum News

Mrs. Virgil A Johnson
Chairman
Foard County
Historical Commission

This week, we have had visitors from many points in Texas and two other states, Tennessee and Colorado. We appreciate the fact that local people bring their out-of-town guests to visit the museum.

A former Foard County resident, Mr. John Thompson of Vernon, gave us an old, old, and very unusual fencing tool which was found two or three feet beneath the ground on his farm in Knox County. It was found by an old well which served the water needs of settlers in the early part of the century. He gave us two factory-made cow yokes and two different kinds of ribbon wire. Mr. Thompson has been a faithful supporter of the historical endeavors of Foard County, especially the museum, even though he is physically unable to see it. We certainly appreciate your interest, Mr. Thompson.

We appreciate the items which are brought to our store from time to time. The sale of these items contribute greatly to our operational expense.

Our cash donors are Mr. and Mrs. John Thompson \$10; Mr. and Mrs. L. A. Roberts \$10. Thank you for your interest in our museum.

Volunteer hostesses have been Ethel Ferguson, June McLain, Elizabeth Grimes, Ruth Andrews, Vera Fox, Lillie Mae Copelin and Marie Callaway.

Residents Invited to Alamogordo

Clark Christian of Alamogordo, N. M., and a former Crowell resident, has issued an invitation to all Foard County residents to attend the opening on October 5 of the International Space Hall of Fame at Alamogordo.

In addition to being Alamogordo's official bi-centennial event, the opening of the hall of fame commemorates the 200th birthday of the United States, the 50th anniversary of the first liquid fuel rocket flight by Dr. Robert H. Goddard and the 19th anniversary of the opening of the Space Age by Sputnik-1 in 1957.

The opening of the International Space Hall of Fame is held in conjunction with the annual meeting of the International Academy of Astronautics, at which some 450 international space scientists will discuss the past, present and future in space.

WOMACK'S

Thalia Church Observes 90th Anniversary

A large group of members and former members of the Thalia Methodist Church gathered Sunday to observe the church's 90th anniversary. Rev. Jerrel Sharp of Seymour, district superintendent, brought the morning message. In addition to the pastor, Rev. John Pierpont, one former pastor, Rev. Irl Holt of Vernon, attended. Also present was Mrs. C. C. Lamb of Vernon, widow of a former pastor.

Following the morning service, a covered dish luncheon was served in the church fellowship hall. Center of attention on the serving table was a large white cake, topped with the numbers "90". The cake was made by Mrs. I. J. Jackson of Crowell.

The church had its beginning in July 1886, when a small group of people met under a large elm tree on Paradise Creek near Thalia. When the church was first organized, it was called the Farmer's Mission. The first building for the congregation was constructed in 1906. The present rock veneer structure was dedicated March 1, 1940.

More than 45 ministers have served the church during its 90 years of existence.

Gentry Gro.-Hdw.

TRUSCOTT—A FIRST PLACE COMMUNITY

"Truscott has a population of 130, counting dogs and cats," says Mrs. Jack W. Brown, secretary of the Truscott Bicentennial Committee and Public Relations Chairman for the community.

It is not, however, the quantity, but the quality of the people in the town "Between the Wichitas" that make it a community with a will to win. Truscott natives have worked long, hard and happily for a long time, and this year they won First Place in the District Three competition in the Texas Community Improvement Program for 1976 (and a Second Place in Region II).

The \$300 in cash awards for the two wins was presented by Cecil Davis, local manager at Crowell, who represented TCIP. The presentation was the lesser of the riches reaped from the

competition according to Mrs. Brown. "The community spirit, upgraded property, benefits for youth and elderly, a debt-free Community Center, and participation from neighboring communities in Truscott activities are the real rewards," she said. "And watch out for next year!" Truscott has its community eye on a State win.

How did all this come about? Well, it wasn't easy. Citizens with less spirit might have tossed in the towel. Truscott is unincorporated. There was no mayor, nor was there an alderman to sign the application for the competition. The community had lost many of its young people and former community services.

"We sat here for years and years and did nothing," said Ila Mae Bullion, chairman of the Building Committee, "but when we organized and

got to work, we were amazed at what we could accomplish through banding together."

The Texas Community Improvement Program was organized to encourage communities of 1000 or less population to improve the quality of life and property within the community and attract new people and industry to their area. TCIP is sponsored by the electric utility companies of Texas and is administered by the Agricultural Extension Service of Texas A&M University. Cash awards for District, Region and State winners are presented by TCIP. Truscott won \$100 for First Place in the District and \$200 for Second Place in Regional competition.

"The first thing we did was organize and set goals," Mrs. Brown said. "We decided we might as well include everything and everyone in those goals. We appointed committees and gave everyone a job to do. We entered TCIP competition in 1974, and decided to be declared a Bicentennial Community in 1975. We had to enlist the help of the County Judge to sign our application."

Truscott's problems were not over. Applications require street addresses for return mail, and Truscott had no named streets. Everyone gets their mail at the Post Office in downtown Truscott, and they know where everyone lives without street addresses.

Naming streets proved no big problem. "Main Street" was suitable for the highway that ran through downtown, and "China Creek Drive" was appropriate for the graveled road that crossed China Creek and wound its way to the Brown home and others. There were other suitable names for in-town streets, too, but it doesn't matter what street you live on, you still get your mail at the Post Office. If the postmaster goes to lunch, the key is left next door at Ray's Grocery, and Mrs. Ray Glasscock (Mildred) acts as assistant postmaster. The same is true for the grocery store. It's always open. If Mildred leaves, the postmaster becomes the grocer.

Truscott is a community where everybody knows everyone. You can park your car on the street, leave the keys in it, and your purse too, if you wish, and it's safe. There is no crime in Truscott. "We had a robbery once a long time ago," Mrs. Brown said, "but it was done by some transients who came through and broke into a business safe during the night."

The first project tackled by the inspired citizens was fixing up the Community Center. The vacant drug-store building was purchased and renovated. An air conditioner was purchased which WTU installed free of charge.

Bake sales, food service, donations and the Saturday Night Jamborees were fund-raising projects that accumulated sufficient money to pay off the indebtedness on the Community Center.

The Center is now the pride of the community, and the "Country Town Saturday Night" has become a favorite event with people in surrounding communities as well as with Truscott natives. It is now a regular part of the community activities. *Texas Highways* magazine listed the event as one of the State's tourist attractions.

Each first Saturday night Main Street is roped off in front of the Community Center, while bands play, children engage in basketball or volleyball on the playground east of the Center. People visit and feast on barbecue and other country cooking donated by Truscott citizens. The proceeds go into the community fund.

West Texas Utilities Company's local manager at Crowell, Cecil Davis, suggested a double-duty lighting idea for the community playground. He suggested that the street lights in that area could be turned onto the play area and still offer sufficient light for the street. "It works perfectly," Mrs. Brown said. WTU handled the lighting change without charge.

Feeling the excitement of winning second in the District for the first year of work (1975), Truscott citizens decided to really go "all out" to hold

their gains and accomplish even more. The first year had seen the vacant lots cleaned off, trash hauled away, homes painted, and many new work projects begun. Yet there was more to be accomplished.

So, during the second (prize winning) year, Truscott paid off the four-year note on the Community Center in two years, had a bicentennial coin struck, planned a Truscott-Gilliland family history book, erected nine street signs, added six planters downtown, repaired the cemetery fence, cleaned off more lots, served lunches to senior citizens and worked with a number of youth programs.

Over \$40,000 worth of improvements were made at the Farmer's Coop elevator and at the Myers Elevator during the year, including 50,000 bushels of additional storage space.

WTU built new lines to serve Truscott, which now includes some oil production. The oil activity has generated new business for the town.

In presenting the Region II check to the community on July 28, Cecil Davis summed it up with these words: "Honor is not a matter of any community's calling, but rather a result of its spirit and hard work."

(Editor's Note: This story about Truscott was photographically reproduced from the September 1976 issue of *The Electric Times*, a publication of the West Texas Utilities Co.)

Mrs. Jack W. Brown, Truscott Public Relations Chairman, displays two of the coin sets struck for the community by the WNW Mint of Amarillo, Texas. The Mint informed Truscott that theirs was the smallest community for whom they'd ever struck a coin. Coin was designed by award winner Michael Hutton of Wichita Falls. Coin logo, "Between the Wichitas" inspired Tommy Shaw of Hurst to write a song by that title and include it in his latest album, *Love of Life*.

An oil rig looms against the sky, one of a possible six in the community.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

Bond Fight On
A major battle is developing over the proposed \$400 million water bond issue to be voted on November 2.

Gov. Dolph Briscoe recently named Paul G. Veale of McAllen to head a statewide committee working for passage of the bonds. Briscoe maintains the bonds are necessary to meet Texas water requirements.

A coalition of environmentalists has opened a campaign against passage of the bond amendment to the constitution, claiming there is no real justification for a "crash program" and that interest rates would be unlimited.

Credit Good
Texas cities and counties in general have good credit ratings, according to Texas Advisory Commission on Intergovernmental Relations.

Of 27 largest Texas cities, 25 have bond ratings of "A" or better. Austin, Dallas and Houston have the highest ratings — Aaa. Forty-one counties have "A" ratings or better, and 45 counties have no long-term debt. Credit ratings are an indication of financial health of local government.

New Approach Charted
Texas Animal Health Commission has ordered a new approach to the brucellosis program in Texas to control and eradicate the dread livestock disease.

The new program would seek to raise immunity to the disease through an all-out calfhood vaccination program for five years and then return to a "test and slaughter" program hopefully amended by better diagnostic tools perfected by research.

Urges Permit
Gov. Dolph Briscoe called on the U.S. Corps of Engineers to grant a permit for the Limestone Reservoir project on the Upper Navasota River.

Texas Parks and Wildlife Department and the U.S. Fish and Wildlife Service recommended purchase of 5,000 acres of land to provide wildlife habitat (at a cost of \$8 million) near the area to be flooded by the lake.

October 7 start-up for the new rates.
The rate hearing will begin November 1.

Commissioners approved classification of 107 intervening parties into four interest groups to present their positions on the rate request. Cities, companies and consumer groups may set up still-other groups to express their opposition to the various rate proposals.

AG Opinions
Information on cost, type and use of electronic eavesdropping equipment used by police is public, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:

A member of the Dental Laboratory Advisory Board vacates his office when he moves his residence outside the state.

Rate Hike Delay
As expected, Texas Public Utility Commission suspended for 120 days effective date of Southwestern Bell's proposed \$298.3 million telephone rate increase. The company asked an

Won't You Please Join Us In JOB OPPORTUNITIES UNLIMITED FOR THIS AREA

The most complete JOB INVENTORY in the history of this area is underway. Won't you help yourself and your neighbor by filling out the JOB INVENTORY Card on this page and mailing it to the address below. This Inventory is being taken to determine the entire number of people employed in this area, not simply those who are or might be seeking employment. Even if you own or manage a business or a farm we are asking you and members of your family to help gather

the information that could provide job opportunities for this area and perhaps offer a better way of life for all of us. At the present time, information in the inventory will be utilized for a Texas industry with nation-wide distribution which is considering the Quanah area for location of a light manufacturing facility that could furnish employment for up to 200 men and women. The company will make its decision possibly within the next month and it is imperative that the labor inventory be as complete as possible.

Please fill out this form TODAY, and drop it in the mail to the address below or leave it in a depository at the following locations:

- | | | | |
|-----------------|---------------------|------------------------|----------------------------|
| QUANAH | First National Bank | Security National Bank | Chamber of Commerce Office |
| ELDORADO, OKLA. | First State Bank | CROWELL | First State Bank |
| | | CHILLICOTHE | First National Bank |

AREA INDUSTRIAL INVENTORY

To be successful in securing new industry, accurate employment information must be obtained. This is the sole purpose for this survey. Your help is needed in gathering the required information. Please complete this form immediately. This information will be kept strictly confidential. Signature of person completing this form is necessary. When a new industry does locate in this area there is a possibility these forms will be used in the employment program.

Date _____ Signature _____

Sept. 23-Oct. 22

AQUARIUS (Sept. 23 to Oct. 22): Let your caution work for you. Watch carefully at railroad crossings and blind intersections.

SCORPIO (Oct. 23 to Nov. 21): Don't take your frustrations out behind the wheel. If you feel the need to unload, try exercise and fresh air.

LIBRA (Nov. 22 to Dec. 21): You are honest with others. Be honest with yourself. If you feel tired while driving, stop and get some rest.

SAGITTARIUS (Dec. 22 to Jan. 20): Your unhurried attitude will slow you down on the highway. Be aware and stay in the flow of traffic.

PISCES (Jan. 21 to Feb. 19): Heavy traffic is no place for day dreaming. Keep your mind on the road and your thoughts on driving.

AQUARIUS (Feb. 20 to Mar. 20): Don't go off in a fog and forget what you're doing. Driving takes full attention.

LIBRA (Mar. 21 to Apr. 19): Slow drivers can set off your aggressive tendencies. Be more considerate of others and use your horn sparingly.

SCORPIO (Apr. 20 to May 20): Don't be spiteful. Blinding an oncoming motorist who forgets to dim his lights is dangerous for both of you.

GEMINI (May 21 to June 21): A bicycle offers the freedom you crave. Remember, traffic laws apply to bikes as well as cars.

CANCER (June 22 to July 21): Careless driving habits attract the wrong kind of attention. Have the right frame of mind behind the wheel.

LEO (July 22 to Aug. 21): An intersection may be the scene of a battle over right-of-way. Everyone loses if your stubbornness causes an accident.

VIRGO (Aug. 22 to Sept. 22): Don't let other motorists' driving habits irritate you. Keep calm and drive dependably.

Hints for Homemaker

Loretta Hardin, CHDA

If your clothes bulge and wad where they used to hang straight, it may be time to consider weight reduction.

Form-fitting winter fashions made of figure-revealing fabrics have made many people more diet conscious.

Before beginning any weight reduction program check with your physician.

Following the basic four food guide remains the best way to lose weight safely. Recent data shows that fat makes up only one-third of the total weight loss on starvation diets. The remaining loss comes from muscle.

However, reducing diets that allows the dieter to eat protein and fat but limit carbohydrates cause about two-thirds of the total weight loss to be fat. Muscle tissue makes up only one-third of the total weight loss on this type of diet.

In other words, if the total number of pounds lost on both diets were the same, the person on the reductions diet would actually lose more fat tissue and less muscle than the person on the starvation diet.

The dieter should consider other factors than just what foods to eat when losing weight.

Studies on weight reduction show that rats fed only one meal a day had more fat tissue than rats fed throughout the day. This was true even though both groups of rats ate the same kind of food in the same amounts.

Physical exercise plays a part in weight reduction. A person less active than usual needs fewer calories from his food than he would normally require.

Mental attitude plays a major part in successful weight loss. A desire to lose weight despite the difficulty involved makes the difference between permanent weight control and temporary weight loss.

To lose weight while following the basic four food guide, select lower calories

food from each of the groups. Choose skim milk or buttermilk rather than whole milk from the milk group.

Fish, chicken or liver make good choices from the meat group. From the bread and cereals group choose enriched breads and whole grain cereals instead of cakes, cookies, and donuts.

Remember too, that when selecting fruits avoid jams, jellies and those canned in heavy syrup. Choose fresh fruits instead. Substitute plain vegetables and tossed salads for french fries and creamed vegetables.

Eat three or more smaller meals a day and prevent a feeling of excessive fatigue or hunger. Remaining active also helps burn fat.

Remember, a truly successful diet means permanently changing eating habits so you can maintain a desirable weight.

Many people are under false impression that with some diets you can eat all you want to and still lose weight. This is not true.

Even if your diet is based on some "special foods" or it limits carbohydrates to even grams per day, it is still impossible to eat all you want and lose weight at the same time.

The simple principle of dieting is that when—and only when—less calories are taken in than used by a person's body it is possible to lose weight.

A high-fat, low-carbohydrate diet may cause quick loss of weight for a short time. However, most of the loss is water that has been drawn out of the body tissues. There's little loss of actual fat. Also, a high-fat, low-carbohydrate diet causes an imbalance of nutrients in the body which can have harmful effects.

Other devices to make dieting easier, such as making spaghetti thinner, or the hole in the doughnut larger, or cutting slices of bread thinner, are also illusions. There is really no easy way to control weight. It simply takes long sustained effort and willpower.

The best reducing diet is a

low-calories, nutritionally balanced diet of varied foods.

No one food is fattening unless too much of it is eaten. So, cut out the extras, such as extra sugar, fat and second helpings, and stick with the balanced diet.

Never attempt to lose weight without first having a medical checkup. Your family doctor can prescribe the correct calories intake for you to help you to lose weight safely.

Too much of anything can be bad—than even applies to a high protein diet, according to findings by U. S. Department of Agriculture-funded studies at the Wisconsin Agriculture Experiment Station.

In experimental tests (65-day periods) high-protein adversely affected the calcium balance in the body of college age males, even though the body has consumed extra calcium.

How much calcium is needed in the daily diet? Even that is in question in the scientific community. According to this report, the common assumption that retention of calcium is improved by high-protein diets is based on meager data.

College men in this survey who consumed experimental diets high in protein content lost excessive quantities of calcium. Such a loss of calcium, if continued long enough, could result in osteoporosis. This disease is the development of hollow areas in the bones which causes weakness in them and increases the risk of breaks or fractures.

Studies, directed by Dr. Hellen M. Linkwiler, at Madison, Wisconsin, showed that students consumed 800 milligrams (mg.) of calcium and 142 grams (about five ounces) of protein daily. The Daily Recommended Dietary Allowance (DRDA) is about 56 grams of protein for men and 42 for women. The protein in this diet was consumed in ordinary foods—lean beef and minor quantities in fruits, vegetables, and grain products.

As needed, added protein in the form of casein, lactalbumen, gelatin, and wheat gluten was included to bring the protein content to 142 grams. The 800 mg. of calcium consumed is the

DRDA for this nutrient.

During this test period, except for one participant, the 800 mg. of calcium was sufficient to achieve and maintain calcium balance in the body. The extra calcium did not help much—only 20 per cent of the students achieved calcium balance when they consumed 1,400 of calcium daily.

A low-protein diet (47 gram) however, showed no adverse effects on calcium balance in the body. The students consumed the same food in this diet as in the high-protein diet minus the supplemental sources of protein.

Students on the 47-gram diet maintained their calcium balance when they consumed 500 of the DRDA of 800 mg. of calcium.

Scientists cite the dangers of following a high-protein diet for long periods of time—such as a diet "freak" might consider—could cause a loss of one-third to one-half of the calcium on their bodies. This, of course, would be an extreme case.

Diets of low or high protein content normally cannot be balanced because of the losses of calcium that occur during consumption of high-protein diets. Moderation is the watchword for any diet—and especially a high-protein one.

Cancer Society Has Meeting

The Foard County Cancer Society was presented with a Certificate of Authorization that certified Foard County as being a participating unit by Dave Daly, district director from Wichita Falls, at its annual meeting held Thursday, September 23, at the Methodist men's Sunday school class room. The certificate stated that the Foard County Unit has met the 14 objectives of the American Cancer Society.

President Mrs. Carolyn Henry introduced a motion for approval by which the Foard County Unit would adopt the three phases of activities set forth by the American Cancer Society. They are: campaigns, education, and services. Daly stressed that the American Cancer Society does not function for campaigns only. Education on cancer and services for cancer patients are essential.

The next meeting has been set for November 18, at 7:00 p. m.

Those present were as follows: Mrs. Ike Carroll, Barbara Black, Ruth Daniel, Mary Sue Adkins, J. G. Cooper, Lloyd Black, Ace Whitley, Mary Ann Parkhill, Bill Klepper, Carolyn Henry, Dossie Kincaid, and Dave Daly.

The average zinc content of a mixed diet consumed by the American adult is between 10-13 milligrams. Metabolic studies have shown that in healthy adults, intake of 8-10 milligrams is sufficient to achieve zinc equilibrium. Meat, liver, eggs and seafood—particularly oysters—are good sources of available zinc, followed by milk and whole grain products, points out Frances Reasonover, foods and nutrition specialist with the Extension Service.

Legal size expanding wallets, a new item at the News office.

Crowell JV Defeats Quannah

The Crowell High School junior varsity football team showed an outstanding passing attack at Dick Todd field last Thursday night as the Wildcats took a 27-7 win over the Quannah JV.

Quannah took an early lead in the game with a kickoff return for the TD and the kick for extra point good.

Crowell roared back and after a long drive featuring runs by Sammy Neal, Arthur Gardner and Billy Brown, Neal blasted over from 2 yards out. Quarterback John Thomas connected with Andy Lopez on a pass for 2 points which put the Cats ahead to stay.

Before the half was over, Lopez gathered in a Quannah punt and galloped 55 yards for the second Crowell touchdown. Try for points after failed.

The Wildcats scored two more touchdowns in the

SEPTEMBER BIRTHDAYS—These three residents of the Crowell Nursing Center had birthdays during the month of September and were honored with a party last week. From the left, they are Mrs. Mildred Magee, C. C. Browning and Mrs. Jane Bond. (Photo by nursing center)

Area Scout Executive Named

Ronnie H. Benson has been named as District Scout Executive of the Greenbelt District, Northwest Texas Council, Boy Scouts of America, and will assume his duties immediately, according to Lewis H. Schwoerke, scout executive.

Benson is a native of Wichita Falls, a 1967 graduate of Wichita Falls Senior High School and a 1976 graduate of Midwestern State University with a major in Recreational Administration and a minor in Sociology.

The Greenbelt District includes counties of Baylor, Childress, Cottle, Foard, Hardeman, King, Knox, Throckmorton and Wilbarger. The district currently serves 579 youth members through 30 Scout units.

"We are extremely fortunate to secure the services of Ronnie Benson, who has had considerable experience in working with youth programs in the Wichita Falls area, and whom we will believe will give outstanding service to the leaders and youth of the Greenbelt District," Lewis H. Schwoerke, scout executive of the Northwest Texas Council said.

Currently, there are approximately 3371 youth between the ages of 8 and 16 living within the nine-county district. By the close of 1976 some 815 are expected to be Cubs, Scouts or Explorers, which will represent 24.1 per cent of those available to Scouting, Schwoerke related.

Benson, his wife Margie and their two children will reside in Vernon, Texas.

DENMARK IS NEW STUDIES, TRAINING SPECIALIST

Dr. Kenneth L. Denmark is the new studies and training specialist for the Texas Agricultural Extension Service. Denmark, who has served as the associate state-4-H and youth leader for the Extension Service for the past several years, fills the position formerly held by Dr. John T. Pelham.

Second half. Claudius Coleman gathered in a Thomas pass for one TD, with the play covering about 35 yards. Coleman then kicked the point after. Gardner on a five-yard blast scored the last Crowell TD with the try for extra points failing.

Earlier in the evening, the Crowell seventh grade team lost 12-6 to the Quannah seventh graders. John McGehee galloped 30 yards as the halftime whistle blew to put Crowell on the scoreboard.

The Crowell eighth graders were smothered 44-0 by the Quannah eighth graders.

Highway Accident Report Given

The Texas Highway Patrol investigated two accidents on rural highways in Foard County during the month of August, 1976 according to Sergeant Billy Dean, Highway Patrol supervisor of this area.

These crashes resulted in one persons killed and five persons injured.

The rural traffic accident summary for this county during the first eight months of 1976 shows a total of seven accidents resulting in three persons killed and five persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August 1976, shows a total of 566 accidents resulting in 16 persons killed and 319 injured, as compared to August 1975, with 596 accidents resulting in 16 persons killed and 292 persons injured. This was 30 less accidents, the same number killed, and 27 more injured in 1976 at the same period of time.

The 16 traffic deaths for the month of August, 1976, occurred in the following counties: three each in Parker, Hansford; two each in Donley, Motley; one each

FOOD MARKETING ALERT

USDA Agricultural Marketing Service

As of mid-September, the supply situation in October is expected to look like this . . .

RED MEATS
Beef . . . plentiful. Production to average 3-5% above a year earlier and 10% above Oct. 1973-75 average. Gains in fed beef output will continue to offset declines in non-fed beef.

Pork . . . adequate. October production expected to increase seasonally from Sept. and be up 15-17% from unusually low levels of a year ago. This output would be about the same as 1973-75 average.

POULTRY & EGGS
Broiler-fryers . . . plentiful. Record Oct. marketings to be about 10% more than Oct. 1975 and 13% above Oct. 1973-75 average.

Turkey . . . plentiful. New crop marketings in Oct. expected to be 10% more than a year ago and 7% above Oct. 1973-75 average. Oct. 1 cold storage holdings expected to be 7% more than year earlier and 2% over 3-year average. Total October turkey supply should be up about 8% from 1975.

Eggs . . . adequate. Oct. output is expected to be slightly above both last year's and 3-year average.

MILK & DAIRY PRODUCTS
Milk and dairy products . . . adequate. Although milk production in Oct. will approach its seasonal low, it should be well above Oct. 1975 and 3-year average. July butter production up 4% from July '75, the first monthly increase over the previous year in 15 months and about the same as its previous 3-year average. Preliminary estimates of butter production in Aug. indicate strong gains over last year. American cheese production in July was up 25% from '75 and 21% from 1973-75.

Commercial stocks of butter at end of July were up Terminology used PLENTIFUL—More than enough for requirements. LIGHT—Less than adequate;

FRUITS & VEGETABLES
Fresh non-citrus fruits . . . plentiful. West Coast Bartlett pear crop is 6% higher than last year and 8% above 1974. National 1976 grape crop is forecast as record—7% higher than last season and 10% above 1974. California table grapes are forecast at 13% more than last season. Cranberry production is forecast at 9% above last year and the second largest crop of record. The 1976 commercial apple crop is forecast at 13% less than 1975's record and 5% below 1974, but supplies will be seasonally abundant.

Canned peaches . . . plentiful. Cannery carrying stocks June 1 were up 42% from year earlier, over 2 1/2 times larger than 3-year average. The 1976 pack data are not yet available, but crop estimates indicate a plentiful supply for 1976-77. Canned pears . . . plentiful. June 1 canners' stocks were down moderately from last year but 27% over the latest 3-year average. The 1976 supply should be near last season's high.

Dried prunes . . . plentiful. California 1976 production estimated to be 7% higher than last year but 4% below the 1973-75 average. Raisins . . . plentiful. June 1 canners' stocks were down moderately from last year but 27% over the latest 3-year average. The 1976 supply should be near last season's high.

Canned and frozen vegetables . . . plentiful. Although 1976 packs of most canned vegetables will be less than 1975, Oct. supplies are expected to be ample due to large carryover. July 1 canners' and distributors' carryover is more than enough for requirements. ADEQUATE—More than enough for requirements. LIGHT—Less than adequate;

30 Years Ago in The News

News items below were taken from the Thursday, September 19, 1946, issue of The Foard County News:

A good rain fell over the entire county last Thursday and Thursday night which measured 2.65 inches at the Crowell State Bank. The precipitation was much heavier in the east, south and southwest portions of the county.

Mr. and Mrs. Fred Thomson arrived here yesterday from Shamrock to make their home. Mr. Thompson has been transferred by the Cicero Smith Lumber Co. from Shamrock to the Crowell yard where he has assumed his duties as bookkeeper and assistant manager.

Car prices are generally 50 per cent above the 1939 prices.

DeLuxe Cafe softball team has won two games in the Childress Softball Tournament and lost one game. Bill Bell and Henry Moss are managers of the team and members of the team are these two men and Gus Russell, Marion Crowell, Pete Russell, R. J. Everson, J. D. Bursey, Cotton Owens, J. W. Whitley, Marcus Mills, John Rader, Percy Taylor, Houston Adkins and Bill Cox.

Members of a geophysical crew will be in Crowell Friday in search of rooms and apartments. These people will be in this territory for several months and they are anxious to locate in Crowell. Approximately ten apartments and several single rooms will be needed to take care of these folks.

Crowell High School football team defeated the Floydada High School team at Floydada last Friday night by a 25 to 12 score. Starters for Crowell are Ed Thomas, J. C. Patton, Larry Wood, R. C. Schlagal, V. Bond, Thomas Tamplin, Don Wilkins, Kendrick Joy, Lon Laquey, J. L. Brock and Johnny Frank Mitchell. Other members of the team are C. D. Campbell, Grover Yocham, J. C. Autry, Floyd Borhardt, Marvin Brisco, Clifford Orh, Dalton Biggerstaff, and Rouse Todd.

Mr. and Mrs. Delmar McBeath have moved to Abilene where Mr. McBeath will attend Hardin-Simmons University.

Mrs. M. N. Kenner has resigned as librarian of the County Federation Library and after acceptance of her resignation, Mrs. Locke Reinhardt was elected to take her place and is now in charge at the library.

Eighteen-year-old males must still register for the draft, although at the present time, they are not being processed for induction.

M. O'Connell was knocked down by a car and severely injured Saturday night about 9 o'clock as he was going to his home from his place of business. No bones were broken but Mr. O'Connell was bruised and shocked and is still confined to the hospital. The driver from Paducah who was not going fast, stopped and administered all aid possible.

Grady Graves, superintendent of Crowell schools, and Louis Purvis, director of athletics of Crowell High School, attended an executive meeting of all school officials of football district 12-A at Iowa Park Tuesday afternoon.

Liquor drinkers of the United States spent twice as much last year for liquor as was spent for all branches of education.

Most young children prefer brightly colored garments over pastels because they have greater attention value, Mrs. Becky Culp, with the Extension Service says.

FARMERS & RANCHERS—WHO'S PROVIDING FOR YOUR RETIREMENT?

The Individual Retirement Accounts program under the Pension Act of 1974 permits you to set up your own retirement and save money on taxes.

- Your annual contribution is limited to 15% of your earnings, but not to exceed \$1500.
- Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.
- The Contribution is a deductible item on your income tax. The earnings on your investment are tax-free until you receive them starting your retirement at age 59½ through 70½.
- You may qualify as self-employed or through other employment when not covered by a retirement plan.

Never-the-less you should get the facts on the IRA and how it can help you save money.

Just call your Farm Bureau Insurance Agent for these facts.

The garment designed is much more important to American women than the name of the designer. Recent nationwide surveys revealed that less than one-fourth could cite a designer by name when asked to name their favorite, but they were interested in buying interesting and attractive clothes, reports Mrs. Becky Culp.

Hints for Homemaker

Loretta Hardin, CHDA
FOARD COUNTY FIX-IT-YOURSELF FESTIVAL
 "There's hope for 'do-it-yourselfers' in Foard County."
 Because more than 60 per cent of the families in Texas own their own home and face maintenance and repairs, the Foard County Family Living Committee is conducting a series of demonstrations on home maintenance and repair, according to County Extension Agent Loretta

Hardin. "These series of demonstrations are designed especially for the 'unhandy' homeowner who wants to do some of the repair and maintenance jobs himself or herself," Mrs. Loretta Hardin, County Extension Agent, said.
 Demonstrations will cover the basics of emergency plumbing repairs, electrical repairs, weatherstripping, repair of screens and window sashes, and repairing wall damage. Interested persons may

attend the Fix-It-Festival on Friday, October 29, 1976, starting at 11:00 to 2:30 in Crowell Ag Pavilion.
 Emphasis aims at helping the homeowner (especially the homemaker) tackle repair and maintenance jobs with a minimum expenditure of time and money.
 Periodical maintenance and repairs are essential to an attractive, comfortable and well-kept home—regardless of its age or price.
 Because a house generally represents the largest single expenditure made by a family, it's important that the investment be protected by regular maintenance attention.
 While today's housing incorporates construction methods and new building materials that are far superior to those in the past, the need for regular repairs and maintenance has been lessened—not eliminated.
 The rising cost of home repairs and the dwindling number of good repairmen are two of the major factors motivating homeowners to gain the information and skills needed to do the job themselves.
 "What can I do if the toilet won't stop running? Can I replace that busted aluminum door screen? How can I repair the hole in the livingroom wall or the hole in the screen?" These—and many other questions like them—are being asked by homeowners everywhere.
 The local Fix-It-Festival will help you answer them.

LIVESTOCK PIPE-LINE—The above Soil Conservation Service picture shows livestock water pipeline being installed by Al Sibert on the George Self ranch. During 1976 in Foard County approximately 52,296 feet of livestock

water pipeline was installed with ACP and Great Plains Assistance. Livestock water pipelines allow for a more dependable source of water, and can aid in the distribution of livestock for more uniform use of forage.

AUSTIN — Supreme Court Justice Lewis F. Powell Jr. has ruled the name of former U.S. Senator Eugene McCarthy must appear on the Nov. 2 ballot in Texas as an independent presidential candidate.
 Secretary of State Mark White said the high court's decision will create chaos for state election officials. White labeled Powell's ruling "harmful" and "expensive."
 Powell also ruled McCarthy does not have to submit petitions bearing signatures of voters supporting his candidacy to the secretary of state.
 Officials announced the state will attempt to get the Supreme Court to reconsider its decision. Robert Lemons, director of the

election division of the secretary of state's office, said the decision may delay absentee balloting in some areas.
 He said printing firms are already having difficulties with the already large Texas general election ballot and some may not be able to add McCarthy's name. One Austin company which prints ballots for 60 counties and punch cards for six others said 240,000 paper ballots had already been printed.
 McCarthy's name is now on the ballot in 27 states and he is attempting to get on the ballot in 16 other states.
 Justice Powell said he conferred with other Supreme Court justices on the matter, and a majority agreed. However, he said justices Byron R. White and William H. Rehnquist requested that Powell indicate on his order that they do not concur.
Amendment Pushed
 A Woodville attorney is heading a statewide committee to sell Texas voters on adoption of Constitutional Amendment 2 which calls for a \$100 million addition to the state's clean water bond program.
 Josiah Wheat, chairman of the Texans for Clean Water Committee, said less than \$25 million of the original \$100 million remains in the Water Quality Enhancement Fund approved by voters in 1971.
 The self-liquidating state bonding program was designed to aid cities and towns with construction of sewage treatment facilities. Local governments borrow money, on a pay back basis, from the fund to improve or rebuild their facilities when money is not available from other sources.
 The additional \$100 million "must be provided if Texas communities are to improve their sewage treatment facilities and the rivers and streams in the state are to be properly protected," Wheat said.
 Wheat pointed out that "Citizens Against Water Taxes" and similar groups are not opposed to Constitutional Amendment 2. He said these groups are dedicated to defeating Amendment 1 which would authorize the sale of an additional \$400 million in Texas Water Development Bonds to be used for water development purposes.
Briscoe Eyes UT Budget
 Despite previous conflicts with University of Texas officials, Gov. Briscoe says he doesn't want to do any "hatchet job" on UT's budget, but he does want to make all universities accountable for their spending. House Higher Education Subcommittee members seem to agree with the governor. Committee members said they felt demeaned and insulted by educators after the committee called for a limit on the number of teaching assistants at

state-funded institutions.
Bell Hearings Set
 Hearings on Southwest Bell's rate increase request will get underway Nov. 1 before the Public Utility Commission.
 PUC limited the number of attorneys who can take part in the hearings and set up categories for protests: the Municipal League representing over 90 cities; U.S. General Services Administration; AFL-CIO and consumer groups; Communications Workers of America and Texas Retail Federation.
 The Commission also suspended Bell's increase for 120 days. Bell proposed the rate hike to become effective Oct. 7.
 PUC refused to order Bell to publish a consumer bill of rights in its December directories.

Committee had already considered and adopted some of the reforms.
AG Opinions
 The Brenham State School is not a public school and is not entitled to available school funds, Atty. Gen. John Hill has held.
 In other recent opinions, Hill concluded:
 A state-supported institution of higher education is a "governmental agency," and as such its employees are exempt from the Psychologists Certification and Licensing act.
 A 1971 act granting Corpus Christi submerged lands for a public beach with compensation to the School Fund is unconstitutional.

AN OPEN LETTER TO THE VOTERS OF THE 13th CONGRESSIONAL DISTRICT FROM CONGRESSMAN JACK HIGHTOWER

Two years ago I was elected to Congress by an overwhelming margin against an incumbent Congressman. During the 1974 campaign I refrained from any personal attacks on my opponent.
 At that time I made it a point with my volunteers and my staff that they should treat anyone who opposed me with the utmost respect.
 I thank all of my friends, supporters and staff for keeping the 1974 campaign on the highest level possible.
 Responsiveness of government was a key issue. Our government does a poor job when it compounds our problems with red tape and burdensome regulations. Bureaucratic brush-offs of legitimate requests are very frustrating. I decided to organize my staff in such a way that people could deal at the local level with the bureaucratic maze of the federal agencies.
 I promised two years ago that you would be able to call a number in the district and get an answer. When I took office I immediately established district offices in Amarillo, Vernon, and Wichita Falls—staffed by personnel who have been instructed personally to be responsive to the wishes and needs of my constituents. I am pleased that many people have told me they appreciate the work and attitude of my assistants. This is the only way I know to have a responsive Congressional office and I assure you I intend to try to improve this service constantly.
 The Postal Service has been a bigger mess than ever since the Nixon Administration reorganized it. This is one reason I have chosen not to flood the mails with political propaganda such as newsletters. My alternative has been to communicate through the news media and to come home to the district at every opportunity for personal contact with constituents. All you ever heard about Washington having an artificial atmosphere is true. It has been my experience that the worst Congressmen are those who rarely come home. I am not going to let that happen to me. My policy is to talk with the people at home to see what they are thinking, and return to Washington and vote their philosophy and interests. I live in the district and commute to Washington.
 As many of you know, I am being attacked, broadside, by my opponent in this 1976 campaign. His allegations and innuendos are based upon a misrepresentation of the record. I have voted in my two committees—Agriculture and Small Business—and on the floor in exactly the way I have reported to you and as I promised. My record is conservative by any measure. It is also independent of domination either by the Democratic leadership of the House or the Republican White House. I am neither an obstructionist nor a rubber stamp.
 As this Congress adjourns, its overall record is mixed. This Congress has done some things it should not have done and left undone some things it should have done—such as enacting a "sunset" bill to cut down on federal bureaucracies or formulating an effective energy plan. We have been able to enact a bill to provide for prompt payment for the cattleman. We were able to pass a bill to provide for some relief on the estate tax problem which should benefit everyone who wants his or her property to remain in the family. These steps are not enough but they are movement in the right direction.
 All of us feel sometimes that our views are not reflected properly in Washington. I would prefer a Congress that holds a tighter rein on spending, but I do not choose the other 434 members of the House. I work with them and try to influence them, but I cannot dictate their votes. I feel my job is to represent you—the people of the 13th District—and I pledge to do my best to represent you well.

Sincerely,
JACK HIGHTOWER

Junior Varsity Wins 42-6 over Quanh

The Crowell High School junior varsity football team traveled to Quanh Thursday night of last week to take on the Quanh Little Indians, and won the game 42-6 to make the second win of Crowell over the same Quanh team this year. The Thursday night before Quanh came to Crowell and lost by a 27-7 score.

Quanh got their six points first. However, Crowell rebounded quickly with Arthur Gardner taking the ball across from 25 yards out. Claudius Coleman kicked the point after. Crowell's second TD was set up on a 30 yard pass from Quarterback John Thomas to Coleman which carried to the Quanh 5. From that point, Sam Neal carried the ball over. Try for extra point failed. Neal also scored the next Crowell TD from 2 yards out and then carried across for 2 extra points. Dwayne Dishman on a pass from Thomas traveled some 35 yards for the next Wildcat score, and again Coleman kicked the point after. A 2 yard sprint around end by Reggie Jackson gave Crowell the next TD and again Coleman booted the point after. After Quanh centered over their punter's head, Dishman scored from 5 yards out on a pass from Thomas with 15 seconds left in the game.

Crowell's entire squad looked good on defense. Others seeing action in the contest in addition to those already mentioned were Billy Brown, William Carroll, Andy Lopez, Leslie Denton, Don Martin, Mike Brown, Wade Davis, Bobby Tucker and Eugene Johnson.

Thursday night is an open date for the Crowell junior varsity and also the local seventh and eighth grade teams.

J. B. Harlans to Serve as Lay Missionaries

For more than 30 years J. B. Harlan worked with farmers as a soil conservationist in the Wichita Falls, Texas area. After taking early retirement from the U.S. Department of Agriculture, Harlan and his wife, Leann, will begin work next month with African nationals in the Volta River area around Tamale, Ghana. Again he will be putting his agricultural knowledge to work as he teaches the Africans how to produce more food and raise their standard of living.

The members of First Church, Bethany will spend the next year as volunteer lay missionaries working with the Baptist Training Center at Tamale. The Foreign Mission Board pays their transportation and housing expenses, but other living expenses will be paid by the Harlans.

The Harlans say they have felt a call to work and to witness overseas and have been making the arrangements to go to Africa since February of 1975. They moved to Bethany in October, 1975 from Henrietta, Texas when he retired. Active in lay renewal efforts, they have served on 11 lay renewal teams in Texas churches.

When they departed for Ghana, he took chemicals for insect control, publications and seed for seven gardens. The couple also took much of their own food for the year's stay.

While Harlan is busy with the agricultural efforts and also assisting evangelistic efforts, Mrs. Harlan will be teaching literacy classes for national preachers and their wives. She will also assist in the training center's classes on nutrition, infant care, personal hygiene and help a registered nurse in a clinic.

A native of Spiro, Harlan met his wife, a native of Okemah, while both were attending Southwestern State College at Weatherford. He graduated from Oklahoma State University in 1941 and they moved to Texas in 1942. He took two years out of the agricultural service to serve in the military service.

the News office. The Harlans are former Crowell residents when he was employed at the local Soil Conservation Service office.)

Wildcats Win over Rotan

The Crowell Wildcats got off to a good start in defense of their District 7-A crown last Friday night at Rotan as they blasted the Yellowhammers 40-6. The game was the district opener for both squads.

William Bachman, running from the fullback position, got the Wildcats on the board in the first period when he blasted through the center of the line, found himself in the open and raced 65 yards for the touchdown. Oran Carroll Jr. kicked the extra point.

Rotan's only touchdown came in the third period on a 20-yard run by Jerry Carr. The try for extra points failed.

Crowell scored in the third period, also, as quarterback Tommy Tamplen pounced on a Yellowhammer fumble in the end zone. Carroll again kicked the point after.

In the fourth period, C. Sparkman, Wildcat halfback, scored on a one-yard run. Then, with about four minutes left in the game, the Wildcats got two more quick scores. Randall Russell alertly intercepted a Rotan pass and took the ball in from 30 yards out. Carroll again converted. When the Cats

again got possession of the ball, Tamplen threw a pass to Marvin Coleman who outran the Yellowhammer defenders to the goal line. The play covered 57 yards.

Other Wildcats seeing action in the contest were Gary Hodges, Mark Christopher, Steve Criss, Jerry Daniel, Michael Daniel, George Brown, Terry Glover, Norman Hopper, Erwin Jackson, Don Johnson, Rocky Marlow, Ramiro Quintero, Gilbert Torres Jr., and Jay Wall.

The Wildcats dominated statistics rolling up 12 first downs to Rotan's 5. Yards rushing favored the Wildcats 260 to 110. In the passing department, Crowell had 108 yards with four completions on 14 attempts. Rotan had 4 yards passing with 3 completions on 10 attempts. Crowell intercepted one Rotan pass. Fumbles were equal with each team having two. Crowell's kicking game averaged 40 yards on 4 kicks while Rotan kicked 8 times for a 27 yard average. Crowell was penalized 8 yards and Rotan received 40 yards in penalties.

Local Heart Group Has Meeting

The Foard County unit of the American Heart Association held its first meeting of the fall season Tuesday night of last week at the home of Mr. and Mrs. Bill Bell.

Mrs. Printiss Gidney is again serving as president of the local unit and she introduced three new members of the local board of directors: Mrs. Marlene Fox, who is program chairman, and Mr. and Mrs. W. C. Langford who are new members of the program committee.

Mrs. Joyce Cargill, regional director of the Heart Association from Wichita Falls, gave an outline of the association's activities and also showed a motion picture of heart disease.

Attending the meeting last week were Mrs. Gidney, Mr. and Mrs. Bell, Grady Halbert, Mrs. Jon Lee Black, Mrs. Fox, Mrs. Cargill, Mr. and Mrs. Joe Don Brown, Mr. and Mrs. Warren Haynie, Mr. and Mrs. Kenneth Halbert, Mr. and Mrs. W. C. Langford and Mr. and Mrs. Bill Klepper.

Home-canned tomatoes that float in the jar are caused by overripe tomatoes being packed too loosely or being processed too long. To prevent floating, harvest tomatoes that are firm-ripe, pack tightly, but do not mash, and process according to tested instructions, advises Frances Reasonover, foods and nutrition specialist with the Extension Service.

The J. B. Harlans will spend the next year in Ghana, Africa as volunteer missionaries.

CONSERVE AND SAVE ON ELECTRIC COOKING

- ★ For best results, use flat bottom utensils with tight fitting covers. Utensils of medium or heavy weight aluminum conduct heat faster, transfer heat evenly and respond quickly to temperature changes.
- ★ Match the utensil to the size of the unit. Use 8 inch units for large utensils. Use 6 inch units for small to average sized pans.
- ★ Use high setting for a quick start for any surface cooking, or to boil water quickly. When cooking temperature is reached, switch to a lower setting.
- ★ Do not pre-heat the oven for roasting or broiling, but do pre-heat the oven to the temperature given in the recipe for baking.

Society News

Baptist Pastor Is Speaker at WSL Meeting

Rev. Gary Fielding of the First Baptist Church spoke on goals and aims of achievement preceding last week's business meeting of the Women's Service League. First present and then future goals should be set. Once a decision has been reached it is up to someone to have the determination to carry it through. He concluded with a poem entitled, "Be the Best of Whatever You Are."

During the summer months attendance at the WSL luncheons has dropped, it is hoped that this will be increased and new members are always welcomed. The meeting was under the direction of Mrs. Marlene Fox, WSL president.

In buying poultry, remember fat adds extra flavor—but also extra calories, points out Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Extension Service.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met in the home of Mrs. Claudius Carroll Sept. 28. For opening exercise, Mrs. Carroll gave a reading. Roll call was answered with a safe diet or a fad diet. Mrs. George Riethmayer gave the program on weight control. She remarked that an extra slice of toast with butter or jam for breakfast will add ten pounds to your weight over the period of one year. Mrs. Louise Churchill received the hostess gift. Mrs. Carroll served refreshments to five members. Next meeting will be October 26 at 2 p. m. at the home of Mrs. Churchill.

GREENHOUSE GROWERS CONFAB SET

Commercial producers of foliage and flowering plants will gather on the Texas A&M University campus Oct. 21-22 for the annual Oklahoma-Texas Greenhouse Growers Conference. The conference will deal primarily with flowering pot plants but the overall program should be interesting and informative for all greenhouse growers, says a landscape horticulturist for the Texas Agricultural Extension Service.

FAMILY REUNION

The F. J. Halencak family held a family reunion Sunday at the Payne place in Margaret. The gathering was in honor of Mrs. Della Halencak's 85th birthday which is October 10th. It will be Lynn Kubicek, daughter of Mr. and Mrs. Richard Kubicek of Crowell, 5th birthday. Lynn was born on Della Halencak's 80th birthday. Lynn is Mrs. Halencak's great-granddaughter. Those attending the dinner were Bill and Rosie Micola and daughter, Marlene of Woodlake, Ca., Nile and Jo Bryant and daughter, Paula, and Doug Frazier of Floydada, Mildred and Anton Kubicek of Rayland, Lonnie and Julie Halencak and son, Jimmy, of Rayland, Raymond and Betty Halencak and daughters, Cathy and Lucretia, of Holliday, Johnnie and Carol Halencak and daughters, Starlene, Connie and Judy of Vernon, B. J. and Arleta Halencak and family, Wesley and Arlene of Margaret, Richard and LaNell Kubicek and family, Lynn and Richie of Crowell and Mr. and Mrs. John Teague also of Crowell.

SENIOR CITIZENS

Arleta Halencak Senior Citizen Aide The Busy Bees Senior Citizens of Foard County held their weekly covered dish luncheon on Tuesday with 34 attending. This was the monthly birthday luncheon. The birthday song was sung to Bessie Cannon, Iva Ballard, and Frances Teague. Pictures were taken for the birthday calendar. Our new song books were sung from during the afternoon, followed by quilting with eight members taking part. A quilting bee was held on Thursday with eleven members present. Friday night the quilt was finished. The Senior Citizens are quilting for the public in order to raise money for our activities.

Plans have been made to have a community singing Sunday, October 17th from 2 p. m. until 4 p. m. at the Housing Center. Everyone is invited to attend and if enough interest is shown this will be a monthly singing.

Halloween, formerly All Hallows' Eve, is a combination of pagan and religious celebrations. It celebrates the return from death of spirits in the form of witches, cats and goblins the night before All Saints' Day, Dorothy Taylor, family life education specialist with the Extension Service, says.

Mrs. Johnson Honored at Clarendon

The week end of October 2-3 was the date set for a 1926 class reunion of Clarendon High School. Gilbert Johnson, son of Mrs. David Johnson, was a member of that class. Fatally injured in December of 1926 while playing on the Clarendon College Bulldog team, he was honored by that year's college yearbook's being dedicated to him.

At this 50th anniversary of the 1926 CHS graduating class, Mrs. Johnson was the guest of honor at a luncheon at the Clarendon Junior College when pictures were made of the members of the class and of those who were on the football team. She was presented with a love token at that time.

During the morning service at the First United Methodist Church, those of the 1926 class present were asked to rise and then Mrs. Johnson was introduced. The wife of the high school football coach, Mrs. Lester Boykin, was also present at both occasions, and at the Saturday night banquet, special honors were paid to Gilbert as well as memorials made to others of the class now deceased.

It was a joyous yet tearful reunion and the distances traveled were impressive. Several came from California, others from New Mexico, Oklahoma, Kansas City and from all parts of Texas.

Mrs. Grady Halbert accompanied her mother to Clarendon. Only one other class mother is still living, Mrs. Frank White Sr. 96, now in a rest home. Mrs. Johnson, 94, stood the trip and excitement remarkably well and has more dear memories to cherish.

Light Bulb Sales Now Underway

Annual sale of light bulbs by the Women's Service League is now underway. An effort has been made to reach all residents via phone for orders. However, anyone who has been missed or desire more bulbs may call 684-3321 or 684-7301 and the orders will be delivered. Bulbs—60, 75 or 100 watts—are 6 for \$2.75 and may be mixed or matched. Proceeds from the undertaking will be used for civic and community projects.

News from...

Margaret

Mr. and Mrs. J. E. Ingle spent the week end in Grand Prairie visiting their son, Don Keith Ingle, and family.

Mrs. Florrie Mae Hunter of Turkey spent the past week visiting Mr. and Mrs. A. B. Owens.

Lee Blevins of Vernon visited Mr. and Mrs. A. B. Owens Sunday.

Mrs. A. B. Owens and Mrs. Florrie Mae Hunter visited Mr. and Mrs. Will Tamplin in Woods rest home in Vernon Wednesday. They also visited Mr. and Mrs. Ray Tamplin.

Museum News

Mrs. Virgil A Johnson Chairman Foard County Historical Commission

This has been quite a week at the museum!

Even though the tourist season has ended, we are extremely proud of our flow of visitors. This week we had a guests from two cities in California, from Oklahoma, and many cities in Texas.

In cleaning the vault at the courthouse, many interesting books and items were found to be museum pieces and were given to us. Perhaps the most interesting was a World War I German helmet, a grenade, and some ammunition. It would be interesting to know who put them there. Do you know?

As a reminder of the WPA Sewing Room at the courthouse, we were given the press which made eyelets. It was placed beside our sewing machine which was used in the WPA Sewing Room.

Here are some of the books: "The Century Dictionary and Cyclopedia" (notice spelling) 1988; Mr. Walthall's "Counting House Book-Keeping" 1899 and Greek-English Lexicon" 1871; The Selective Service System of World War I; General Tax Laws of Texas, 1906; "Texas and Texans," 1914; 8 Volumes. "Congressional Record" 1917.

Ricky Charles Smith brought us 4 copies of "The Mentor", a magazine of the 1920 vintage; Mr. and Mrs. Dallas H. Binion of Chillicothe brought us two unusual rocks which he found in West Childress County; Mrs. John Rader gave us some unusually old tools; M. L. Rettig brought us a picture of Miss Lottie Woods and a silk fan used by Mrs. G. W. Walthall.

These were given by Ann Rettig Hibbs of Wichita Falls; Mr. and Mrs. L. A. Andrews gave a large piece of ore from the Copper mines in West Foard County; Mrs. Cressie Blakemore gave a fan and report card; Maye Andrews gave a stereoscope and some stereoscopic pictures.

We received from Mrs. Zada Mears Sharp a large packet of material which tells the story of the G. W. Mears family who came to Antelope Springs (Rayland) in 1879. We would like for more families to do this type thing. \$10 was left in memory of Russle Hord.

The following people have been hostesses this week: Ruth Andrews, Elizabeth Grimes, Ethel Ferguson, June McLain, Charlotte Grimes and Bonnie Johnson.

Carbon paper, handy 10-sheet pack only \$1.25—News office.

Seth Halbert Is Rotary Speaker

Foard County Judge Seth Halbert reviewed activities of the county government in a talk at the Rotary Club Wednesday of last week. Judge Halbert told about the new ambulance being purchased by the county and City of Crowell. He added that the city and county are sharing equally in the cost of the new ambulance and the county will pay two-thirds of the cost of operation and the city will pay one-third.

Womack Funeral Home is discontinuing ambulance service here November 15. Judge Halbert said that when Womack's discontinues the service, there will be only five funeral homes in the State of Texas still providing ambulance service.

He said that the county is now involved with the Texas Aeronautics Commission seeking funds to lengthen the runway and make other improvements at the Foard County airport. He says the airport at the present time is in the best condition it has been since it was built in 1950. The runway and apron have been repaired, the runway is now lighted with a rotating beacon, and new radio communications equipment has been added at the airport.

Judge Halbert told about the grant of \$5,000 the county has received to make a study on the feasibility of establishment of an industrial park in Foard County. He added that improvements at the airport are an asset to local officials in their quest for new industry. In an effort to improve the airport grounds, Halbert said the local Soil Conservation Service has established test plots of

Page 6 Foard County News

Crowell, Tx., October 7, 1953

mesquite grass in areas which had previously only weeds.

Judge Halbert was introduced by Rotarian Klepper.

Visitors at the meeting included Robert Grimes, employee at the Crow State Bank, and new guests, Gilbert Torres, Rocky Marlow and Jackson.

CATTLE RECOVERY '77?

Cattlemen won't higher beef prices unless a lot of cows, cattle and calves slaughtered this year, livestock marketing specialist for the Texas Agricultural Extension Service. Numbers are still high, 53.8 million cows, million replacement and 96.7 million feeders on hand. The main cattlemen should feeder cattle available putting more cows, and non-fed cattle market. Feedgrain and winter pasture conditions will also affect prices this fall and in

Bostich and Swing pliers and staples—five.

**30 Years
Ago in
The News**

News items below were taken from the Thursday, September 26, 1946, issue of The Foard County News:

The air mail postage rate will be reduced from 8c an ounce to 5c an ounce or fraction within the continental United States, including Alaska, effective Oct. 1, it was announced Tuesday by Postmaster Alva Spencer.

The Southwest Coaches will augment their bus service between Quanah and Abilene Oct. 1 by adding two new buses to the line. This will increase the service to two buses both north and south each day.

Walker P. Todd, vocational agriculture teacher in Wellington High School, who started his career as a vocational agriculture teacher in Crowell High School several years ago, was elected vice president of the Texas Vocational Agriculture Teachers Association at the annual meeting held in San Antonio August 26, 27, 28.

The Crowell Wildcats will play their first conference game of the season here tomorrow night as they take on the Holliday Eagles. The Wildcats lost 24-0 to the Quanah Indians here last Friday night.

The DeLuxe Cafe has recently installed a new Seaburg Remote Control Phonograph with an Out-of-This-World speaker and Packard Playmore boxes. This new musical equipment is the latest available.

The first new farm-to-market highway for Foard County, No. 263, which runs five miles west from Highway No. 283 through Foard City was completed last week and turned over to the State Highway Department for maintenance.

Mrs. Richard Ferguson celebrated the sixth birthday of her daughter, Betsy, with a party for friends of Betsy Tuesday afternoon at the Ferguson home. Guests included Betty McKown, Jana Black, Nelda Brooks, Charlie Bell, Patricia Prosser, Barbara Jane Goodwin, Betty Davis, Gary Ferguson, Nickey Chatfield, Bill Graves, Jimmy Rader, Mary Ann Myers, Sue Bursey, Judy Borchardt and Ann Walden.

A deal was completed last week whereby Andrew Calvin bought the half interest of his partner, Dock Gray, in the Calvin & Gray Blacksmith and Machine Shop, one block south of the square. Employees of the shop are Joe Moncus and F. L. Hilburn.

Mrs. N. J. Roberts, president of the Crowell Cemetery Association, has announced that Earl Eubank is now caretaker at the cemetery and is living in the house on the grounds.

Five divorces were granted during the present term of district court, seven tax judgements were rendered and two trespass to try title suits were disposed of. Proceedings continue this week with Judge C. Y. Welch presiding.

The local Parent Teacher Association will have its annual membership drive on the west side of the square Saturday, Sept. 28, and ladies will be stationed at various points in order to make it easy for those desiring to join to pay their dues.

STATE FEEDER PIG SHOW
The fifth annual Texas State Championship Feeder Pig Show will be Nov. 5-6 at Athens. All Texas producers may enter, with the entry deadline being Oct. 22. An entry consists of a pen of eight pigs, with each pig weighing an average of 40 to 70 pounds. Entry forms are available from the Texas State Championship Feeder Pig Show, P. O. Box 1418, Athens, Tex. 75751.

FARMERS & RANCHERS—WHO'S PROVIDING FOR YOUR RETIREMENT?

The Individual Retirement Accounts program under the Pension Act of 1974 permits you to set up your own retirement and save money on taxes.

- Your annual contribution is limited to 15% of your earnings, but not to exceed \$1500.
- Your contributions may be invested in several ways including an Annuity or Retirement Income Contract.
- The Contribution is a deductible item on your income tax. The earnings on your investment are tax-free until you receive them starting your retirement at age 59½ through 70½.
- You may qualify as self-employed or through other employment when not covered by a retirement plan.

Never-the-less you should get the facts on the IRA and how it can help you save money.

Just call your Farm Bureau Insurance Agent for these facts.
