A core drill unit of the Soil Conservation Service is testing foundation materials for dams to be constructed. This was determined necessary to insure adequate structures in the eroded areas of dam locations.

One of the dams is located on the upper end of a gully that has eroded an abandoned wooden bridge and county road away during the past five years. The gully is presently about 80 feet wide and 2,600 feet long. The proposed dam will catch and release the water at a rate to reduce erosion. The gully will be shaped and seeded to grass.

The other three structures will have county roads across the dams. These dams will also catch and release water at a safe rate to reduce erosion.

All four of these structures will be built and paid for with RC&D funds during the next

Fresh vegetables and flowers have been given to the residents of our home and we would like to take this opportunity th thank some of these people. Some kind deeds slip by us and we don't know the doer. Mrs. J. H. Gillespie brought fresh tomatoes, O'Neal Johnson gave fresh squash, Mr. and Mrs. Duane Naylor brought fresh okra. The churches gave us flowers, which are enjoyed by residents and staff alike.

Wednesday we took a rural tour and looked at and commented on the cotton. We saw Margaret and had a good general conversation on the land. We saw how farming and machinery had progressed since our residents were young farmers and ranchers. Making the tour were Annie Owens, Maggie Wheeler, Minnie Everson, Ida Sellers, Thola Knox, Maggie Campbell and

Mildred Magee. At the end of our trip we stopped at the Flower Shop to pay a bill for one of the residents and Dusty Owenby presented each lady with a flower. Alton Ferguson drives the van to take us on these rides.

# Local Teams Lose Games at Childress

Three Crowell football teams traveled to Childress last Thursday for nondistrict games. The Crowell teams, completely outmanned by Childress, lost all three

The first game saw the Crowell seventh graders lost by a 12-0 score.

The local eighth graders lost their game 34-6. Crowell's lone TD came late in the game as quarterback Dan Klepper connected on a pass to Howard Sparkman which covered about 30 vards. Halfback Robert Newman carried for about 10 and Wildkitten fullback Steve White blasted the final yards for the score. The try for extra point was wide of the mark.

The local junior varsity lost to the Childress JV by a 20-7 score. Fumbles hurt the Kittens most of the night, and the lone Crowell score came when defensive back Andy Lopez intercepted a Childress pass and returned it some 70 yards for the score. The extra point was kicked by Claudius Coleman.

Oklahoma carried the banner this week but California was a close second. People came from many points in Texas, too. Several who were here for the 1923 Crowell High School reunion came by to see the museum. We were glad to see each of them and are glad to know that their plans are to make this an annual affair.

Have you ever seen a glass negative? Roxie Hough brought us one which was made in Vernon in 1911 by her grandfather, L. V. Robertson. Thank you, Mrs. Hough, for this unusual bit of photography from Mr. Robertson whom we remember so well as a veteran photographer.

Another interesting acquisition this week is a pair of scales which were bought from the Crowell Post Office many years ago by G. F. Fergeson. The scales were used by his wife to weigh butter which was sold to the public. They were given to the museum by Thelma Fergeson Adcock, granddaughter of this pioneer

Our store is still a point of interest at the museum. Besides the many gift ideas, we have our bicentennial coins and the history of Foard County "They Loved the Land." Come by and see what we have.

Our cash donors this week were Mr. and Mrs. Tom Beverly \$10. Thank you for this, and also for buying one of our gold coins.

Mr. Price, accompanied to Crowell by his wife, Marty, covered a multitude of topics in his remarks to the 35 persons attending the getogether.

He stressed that he is a farmer and rancher and is well acquainted with the problems of agriculture. Price was on the agriculture committee the entire eight years he served in Congress.

In urging those present to take an active part in politics and all facets of community life, he asked how many had volunteered to serve on the school board, how many have volunteered to do gratis work in bettering the community. and how many had taken an active role in church activities.

Price cited voter apathy as one of the reasons for the current problems of the nation. He said there are 466,000 persons residing in this congressional district. Two years ago, 92,000 were registered to vote and only 19 did vote in the general election. He says there is less and less voter parti-

cipation each year. Price said government agencies have grown through the years and dominate this nation's life at the present time. He cited education as an example of government inefficiency. Of every dollar sent to Washington for government keeps 60 cents and then sends 40 cents back to be used on education on the local level. In addition to losing some 60 cents out of every dollar, the schools also are losing their right to run the school. As the federal government doles out our money to us, they also tell us how to run the schools. Price said the same situation applies to the nation's hospitals which are also burdened down by federal

regulation and bureaucracy people in a service area Price also discussed the covering 152,000 square current wheat price sitmiles in Texas, Oklahoma, He said the 900 Louisiana and Arkansas. million bushel carryover, the 2.2 billion bushel crop for

It is also based on the outstanding voting record you compiled on small business issues during the 94th Congress.

> Wilson S. Johnson, president, National Federation of Independent Business

Price better think twice before he spends more money for a big campaign because as it stands now he's going to be fighting a losing battle if he tosses his hat in the ring Hightower has read his constituency well, and he's doing exactly what his voters want him to do, but he's also spent a session learning the ropes and he's shown he's a better independent thinker

Carroll Wilson, columnist, Canyon News, Jan. 18, 1976

one of Jack Hightower's primary legislative projects has become the law of the land . . . it was H.R. 8410, an amendment to the Packers and Stockyards Act which Hightower co-sponsored in the House, and he was the author of its principal provision—prompt payment

Joe Brown, farm editor. Wichita Falls Record-News, Sept. 16, 1976

thank you for your support of the Beef Research and Information Act, and especially for your fine statement on the House floor . . . the people are well aware of your leadership and your untiring efforts to help the cattle industry

O. J. Barron, chairman, Beef Development Task Force

. Of the 75 first-year Democrats, he is something of an anomaly—the most conservative of an outspokenly liberal group, one of the most careful and quiet of a largely shootfrom-the-hip crowd . . . Almost everyone on the Hill knows about Jack Hightower . . . the Congressman who votes his conscience, represents his district by organic instinct, but is capable of rising above parochial considerations when national interests are at stake. If that weren't enough, he lives a Spartan existence in a one-room efficiency apartment, sleeps on a couch that unfolds into a bed, washes his own socks, and drives an old car to work. The same qualities that made him an influential state senator for ten yearsscrupulous honesty and an appetite for hard work—have served him well in Washington, but these alone do not explain the high regard in which he's held. In a town overpopulated by small people with large egos, it is a relief to find one for whom the reverse is true

Texas Monthly, May, 1976

ra

That's the kind of Congressman Jack Hightower has been since he took his oath in January 1975. It's why he has earned the respect of his colleagues and the confidence of people throughout this district ... from both political parties. Jack Hightower, Democrat, has earned a second term. Vote November 2.

# 30 Years Ago in The News

News items below were taken from the Thursday, October 10, 1946, issue of The Foard County News:

The campaign now being conducted by members of the Gordon J. Ford Post of the American Legion to raise money to erect a home for that organization in Crowell. is meeting with considerable success and encouragement. it was announced this week by Jeff Hardin, commander.

The Crowell High School football team turned on the steam, at Iowa Park last Thursday night to defeat the Iowa Park Hawks, 33 to 7, in its second district 12-A football game.

Hospital Notes: Patients Dismissed, Mrs. Benny Black and infant son; Mrs. Gilbert Lankford and infant daughter.

The Kane Bakery opened for business this week after being closed for several weeks for the installation of new baking equipment and new fixtures. For several years F. G. Kane has been leasing the baking equipment of Mrs. Ura Orr, which was recently sold and moved out of town. Mr. Kane purchased the new equipment and is now owner of the

Rotarians were delightfully entertained at the regular meeting Wednesday at noon at the DeLuxe Cafe by the yell leaders of the Crowell High School Pep Squad with Archie Howell in charge of the program. After the young ladies. Misses Sharon Sue Haney, Kathleen Eddy, Ruth Barker and Janet Roark, were introduced by Mr. Howell, Miss Haney made a short talk which was followed by a demonstration of yells and songs used by the pep squad.

Mr. and Mrs. Clark Brown and two children moved to Hood County last week where they will make their Mr. Brown is employd as a government trapper in that county.

Born, Thursday, October 3rd, to Mr. and Mrs. Tom Smith in a Vernon hospital, a baby daughter, Monetta

Mr. and Mrs. Milton Hunter have bought the John Rasor home from R. R. Jones of Wichita Falls. Mr. and Mrs. Hunter expect to move to Crowell between now and January 1, 1947.

Mr. and Mrs. Daniel Briscoe and baby daughter have returned to Crowell from Houston to make their home. Mr. Briscoe is employed by the City Water Works and is an assistant to G. L. Cole, water superintendent.

A. B. Owens made a business trip to Medicine Mounds Friday.

Tax valuations for the City of Crowell were increased by \$22,990 making the total tax valuation for 1946, \$948,360, it was announced this week by the secretary, Mrs. Ella Rucker. The balance on the Refunding Box Series is \$166,500 and will mature in 1971, Mrs. Rucker says.

Rain in the amount of .45 inch was recorded by the government gauge at the Crowell State Bank last Sunday.

Dock Gray opened a new radiator repair shop in the tin building north of the county jail Monday of this week. Mr. Gray will clean and repair radiators on any kind of automobile, truck or tractor. He will be assisted by Walter Henry and Arthur Jones.
