March On City Hall Starts Youth Center

Advisory Board Needs Your Help

Several weeks ago there was a march by a group of local youth on a City Council meeting. This was not an unlawful demonstration, but to the contrary, it was an earnest plea by the youth to the members of the Council for a Youth Center. This was given much consideration by the Council for enthusiasm spread to the Chamber of Commerce which was also visited by an even larger group of youth who again made the same appeal. From these two meetings a parent advisory board was selected. Those to serve on this board are: Leighton Knox, Turner Rogers, Jean McCord, Pat Park, Leta Warren, and Petty Atwell. A "Youth Center Fund" has been established at the First National Bank, which to date totals \$350. A building has been selected. It is centrally located and has ample room. Necessary improvements to meet the local building code and the needs of our youth will be extremely costly.

2. Two bathrooms
3. A music center and T.V.
4. A stage
5. Water fountains
6. Revised lighting and wiring facilities
7. Exterior painting
8. Repair of floor
9. Painting of walls
10. A centrally located office
11. Movie projector and screen
12. Tables and chairs.

These are only basic necessities. In addition, recreational equipment will be needed. The summer is a third gone and our youth needed a center YESTERDAY!! Will their only recreation in Tahoka always be just to ride up and down the highway? If you have youth or you are interested in our youth, please donate to The Youth Center Fund at the First National Bank. This is the best investment you can make for the future! OUR YOUTH ARE OUR GREATEST ASSET! If you keep up with current events you know too that they are by far "the cream of the crop!"

The members of the board and student representatives are in the process of visiting successful Youth Centers in towns in the surrounding area to obtain ideas and suggestions. The following is a list of activities in which youth were participating at the M.S. Doss Youth Center in Seminole on Sunday afternoon: ping pong, creative art, magazine reading, chess, games, pool, shuffle board, and basketball. Mr. Black, youth director, explained the operation of the center. Other accommodations that the center offered are: television; movies; a stage for plays, musical groups, and talent shows; indoor football, baseball, and basketball; and a snack bar with ultra-modern facilities. The board admitted that they came home with their feathers drooping realizing that all they had was the centrally located building, a notebook of good ideas, and a Youth Center Fund that must grow, and GROW FAST, and RIGHT NOW!!!

To meet the needs of our youth the building would need the following improvements: A snack bar complete with pop corn machine, ice maker, freezer chests, and cold drink dispensers.

SEE LARGE PAGE 2

EARLY DAY FREIGHTER is pictured above at Tahoka railroad yards sometime after 1910 hauling a gin engine, in two parts. There seem to be 12 burros pulling the wagon in one picture, 10 in the other. Sign on building in background is "Edwards Bros. Coal, Grain, & Salt." Prior to 1910, all Tahoka supplies were hauled from Big Spring or Colorado City. After the Santa Fe built here in 1910, and prior to the building of the Brownfield - Seagraves branch in 1917, freighters such as above operated out of Tahoka to as far away as present Hobbs, Tatum and Lovington, N.M. (Pictures courtesy of H.B. Howell).

EARLY DAY FIRE destroyed most of north side of square in Tahoka. Note fence around court house grounds. The News is informed this fire was in 1916. (Photo loaned by Frank Hill).

Large Crowd Expected Sat. For Old Settlers Reunion

Pioneers of the county, or those who have lived here 30 or more years, are expecting a big time here Saturday, June 20, visiting old friends when the annual reunion is held at the school cafeteria. Three to six hundred people usually attend. This year, in conjunction with the reunion, dedication of the Lynn County Historical marker will be held with a short program in shade of the big tree on the north side of the court house. Old time pictures and relics are being displayed all this week in Tahoka stores, and people of the area are invited to view these exhibits. A number of historic pictures appear in this issue of The News. As customary in the past, registration will begin at 10 a.m. with Lois Greathouse in

charge, in the Tahoka school cafeteria, which will be air cooled, and the morning will be given over strictly for visiting among old timers and those coming from a distance.

Following the noon barbecue dinner prepared by Elmer Sproles, Booger Redwine, Maurice Huffaker, Bub Redwine and others, there will be a program which will appeal to the crowd.

Dr. K.R. Durham will present the program feature talk, and no one knows what he will say but he is noted for dishing out a bit of humor. O.R. Phifer Jr. will head a New Home group bringing some old time music, and Southern Wells will present piano music during the meal. V.F. Jones heads the program committee, and Joe D. Unfried will be master of ceremonies. Awards will be presented the

person coming the greatest distance, the eldest man and lady present, each of which must not have received the award previously. Election of officers for next year will conclude this program.

Following the Pioneer Reunion Program, all citizens of the county and area are being urged to attend a short program dedicating the Historical Marker authorized by the Texas State Historical Survey Committee and the local Committee and Lynn County Commissioners Court.

Rice P. Lynn, San Angelo attorney, will bring a brief address. He is a great nephew of Grandson Washington Lynn who died in the Alamo, for whom Lynn County was named in 1878 by the Texas Legislature.

Frank Hill will read the de-

Raider Coaches Summer Tour Is Here Today

The 1970 Red Raider Club Summer Coaches Tour will be in Tahoka today and will start today at 1:00 p.m. with golf matches at T-Bar Country Club.

There will be a barbecue at 6:00 p.m. at Mel Leslie's Line Shack and tickets for guest to the feast will be \$3 per person.

After the barbecue there will be a reunion of the Yellow Dog Club along with film highlights from last year's games. Tahoka Red Raider Club Members are urged to attend.

JEAN CUNNINGHAM REMAINS CRITICAL

Mrs. Jesse (Jean) Cunningham who was injured in an automobile accident last April 1, remains about the same. She needs someone to stay with her all of the time, if you are able to sit up with her at Methodist Hospital, please call Mrs. Betty Owens at 998-4873.

Belton Howell Tells Early Day Freighting Experience

H.B. (Belton) Howell, who came to the Plains in 1900 and settled in Lynn County in 1902, has seen the Plains develop from ranch to farming country. He has stock farmed, helped build the Santa Fe roadbed, did some freighting, operated the first Tahoka garage, and engaged in a variety of other businesses in Tahoka.

On request, he has written the following article about freighting between the T&P railroad town of Big Spring and Tahoka in the days before the Santa Fe built into this town in 1910.

(by H.B. Howell)
We would usually leave Tahoka headed for Big Spring, the nearest railroad point, about 3 or 4 p.m. Sunday. Two or more freighters would meet at a pre-arranged campsite the first night, and travel together

the rest of the way to make sure of having help in case one of us had trouble.

We had two reasons for leaving Sunday afternoon; one, we could break camp and get on the road at least an hour earlier than trying to get off from home; then, too, we had 12 or 15 miles on our way.

We went just east of where Lamesa is located. The second night, we usually stopped at a campsite at what was called Soup Wells, in the Slaughter Ranch. Usually several freighters camped there.

Something to burn was a problem as there was no timber here then. Sometimes in winter, we would take what was known as the "breaks route" in order to have wood to burn, just a little east of the Plains route.

On Tuesday, we pulled into

Dewey's Wagon Yard, just north of the T&P railroad in Big Spring, then scout around a little for loading, and go by the meat market and order some steak for breakfast.

The market started delivering to freighters and others about 5 a.m. For delivery, the market used a two-wheel cart with what was called a wagon feed box. A new wagon came with a box called feed box about four feet long and one foot wide, with a lid. A step extended from the cart axel to the ground on which the driver would stand. An extra line attached to the horse's bridle had a weight on its end so that when the delivery boy stopped the cart he could drop the weight off the step to hold the horse.

SEE BELTON PAGE 2

BELTON

CONTINUED FROM PAGE 1

Fresh beef was a real treat, and sold for about 12 to 15 cents per pound.

We would take a list of groceries by the J. & W. Fischer general store so that when we were loaded the food supplies would be all boxed and ready to go. Mostly, we brought back dried prunes and peaches in ten pound wooden boxes, canned tomatoes, chunk corn with plenty of cob and shuck and sowboscum with the duton it (they call it salt pork now -- 1970).

Freighters would take along wagon bed, wagon sheet and bows, horse feed, chuck box, frying pan, skillet and lid, coffee can, etc.

We would try to get some loading done Tuesday. Most of the loads then were lumber -- 2x4's, 2 x 6's, 1 x 12's, 1 x 4's 1 x 8's, shiplap, shingles and flooring. The lumber would be loaded on the running gear and the wagon bed set on top of the lumber.

About this time wide-tired wagon wheels got popular -- extra high wheels so the wagon would roll easily. It took a little know-how to grease a wagon skeen with a 5,000-pound load on the wagon and nothing to lift it with.

We would finish loading Wednesday in time to get out on the road a few miles, then spend Thursday and Friday en route to Tahoka.

Sometimes, the weather would be cold or windy and we would have to use coal for fuel as wood was a real problem on the Plains route.

Diet on the trip was usually sour dough bread, sow belly, corn and coffee. You could

slice and stew the sow belly in water a little to get out some of the salt and then fry, have some grease left for bread and to cook the corn in.

For our dough starter, we took one dry yeast cake, put in warm water to dissolve mixed in enough flour to near batter thickness, then placed this batch in a warm place to ferment, or until bubbling, then add a little more flour to make thicker. To make bread, you pour out about what you think is needed, put in a little more flour and water and add soda and grease.

Well, we are back in Tahoka Friday night, get unloaded and find out what was in prospect for the next trip. Then get a 15-cent shave, a 25-cent hair cut, and a bath in a No. 2 tub.

Lynn County was setting up very fast at this time. Lots of farm houses were being built so the demand for lumber was great. A person would tell us they wanted to build a house about such-and-such a size, and we would figure out the lumber needed. All such farm houses were boxed and stripped.

A freight trip to Big Spring back in the days before the railroad came was quite a trip.

dication, and Mrs. Ben Moore Sr. of O'Donnell, County Historian, placed the large marker plaque bearing a brief history of the county. Representative E.L. Short will introduce visiting guests, and Judge V.F. Jones will serve as master of ceremonies.

Chairs in the shade will be provided for the elderly, and a loud speaker will carry the talks.

SHEPPARD RECEIVES SERVICE PIN... Pictured are W.S. Goodlett Jr., area conservationist presenting Alan V. Sheppard, district conservationist with a 30 year service pin and certificate, for having served 30 continuous years service for the Department of Agriculture. Mr. Sheppard has served for the department in Tahoka, Colorado City, Robert Lee, Big Spring, Crawell, Jacksboro and served 3 1/2 years in the Air Force in WWII.

BY JOHNNY VALENTINE

The Country Editor says that there wouldn't be any population explosion if people would wait until they could afford it to get married.

TBW
A very much needed youth center is in the process of being formed in Tahoka in conjunction with the Tahoka Chamber of Commerce, the City of Tahoka and the newly formed youth center board along with a group of youngsters. Even though the youth center is only in the beginning stages a building has been furnished by the City of Tahoka through the Parks and Recreation Department. The center will be housed in the old Piggly Wiggly building.

As you know any operation has to have a capitol and a Youth Center Fund has been set up at First National Bank in Tahoka for that purpose. We would like to urge everyone interested in such to make your donations now and let's get the ball rolling. Also, if someone calls on you please give freely. The youngsters in Tahoka have nothing to do except drive up and down the street. Let's give our kids a place of their own.

Another story relating to the center is in this issue.

TBW
Do you wonder what young people want most from their parents these days? You are not alone.

Recently a regional PTA asked the teachers in several junior and senior high schools to request their pupils to write unsigned papers on the subject: "What are the things you wish your parents would do or not do?"

No guidelines were issued. Not other questions were asked. The idea was to draw answers "straight off the top of the heads" of the young students.

Some of the replies may come as a surprise. A count showed that the wishes expressed most often were:

Be stricter.
Be more dedicated to church work and go to church as a family.

Be fun loving.
Treat my friends like they were welcome.

Try to understand me and my friends.

Don't treat me like a child but depend on me more.

Tell me right from wrong, but don't be too harsh about it, Not fuss at me before other people.

Not curse, not drink, not smoke. Answer simple questions without giving a lecture.

Ask my opinion instead of demanding.

Be trustworthy.
Sometimes it takes me a long time to explain why I did something and I'm convicted before the trial begins.

I would like my parents to be more thoughtful of one another. Love one another. Love me.

The survey is interesting and significant, especially since the students expressed the wish that

parents "be stricter." This would appear to indicate that the so-called "permissive society" of the adult world is not entirely to the liking of young people.

The replies show these youths felt a need for more discipline, along with understanding -- and a healthy measure of self-discipline on the part of the parents as well.

TBW

In these trying times when young people who have never known labor, per se, often violently tell us how they will reshape the world, it is comforting to turn to the book on the shelf to read what Abraham Lincoln wrote:

"Labor was prior to capital, but property is the fruit of labor. Property is desirable, and is a positive good to the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise.

"Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus by example insuring that his own shall be safe from violence when built."

TAHOKA SHOOTER WINS SECOND

SAN ANTONIO (AP)—C. E. Stansberry of Houston won a shootout over Britt Robinson of Tahoka Sunday to take the Texas state handicap trapshooting title over 213 other competitors in the biggest event of the four-day Texas State Trapshooting Tournament at the Texas International Gun Club.

Stansberry had a score of 96x-100.

Other results: High lady — Mrs. Jack Johnson, Fort Worth, 95x100; Dimice Garrison, Cling, 92x100. High out-of-state man — Phil Rosenblan, Shreveport, La., 92x100. High junior — Jim Williams, Houston, 94x100. High out-of-state junior — Allen Ballard III, Moore, Okla., 94x100. High veteran — W. C. Morris, Houston, 94x100.

FORD AGENCY in 1927 was run by Chester Connolly, left, and his force, George Knight, Dad Farris, Jeff Connolly, John Evans, Skinner Connolly, Mrs. Happy Smith, Boots Swan, and Ovid Luallin. (Jewel Connolly photo)

T-BAR BRIDGE A Club Tournament game was held Tuesday night, June 9th, at T-Bar Country Club Duplinate Bridge. Mrs. Clint Walker and Mrs. Meldon Lester placed first, Mrs. Ruth Walker and Mrs. Auda Norman were second, and Mrs. D.W. Galt and Frank Hill were third.

Check Bonded Fabrics for Perfection Before Buying....

When selecting bonded fabrics check to see that the face or outer fabric is bonded on grain to the underfabric. Also check if the backing is firmly attached.

Lengthwise and crosswise yarns that are pulled off grain during the bonding process can't be straightened.

When buying bonded piece goods and ready-to-wear, notice the amount of shrinkage expected and the recommended care method.

Today you'll find bonded fabrics in women's coats, suits, dresses and sportswear. They are also used in household textile items, such as draperies, tablecloths and some upholstery fabrics.

The first bonded fabrics appeared on the market as insulators in outerwear. The lightweight foamed linings gave warmth and eliminated the need for interlinings.

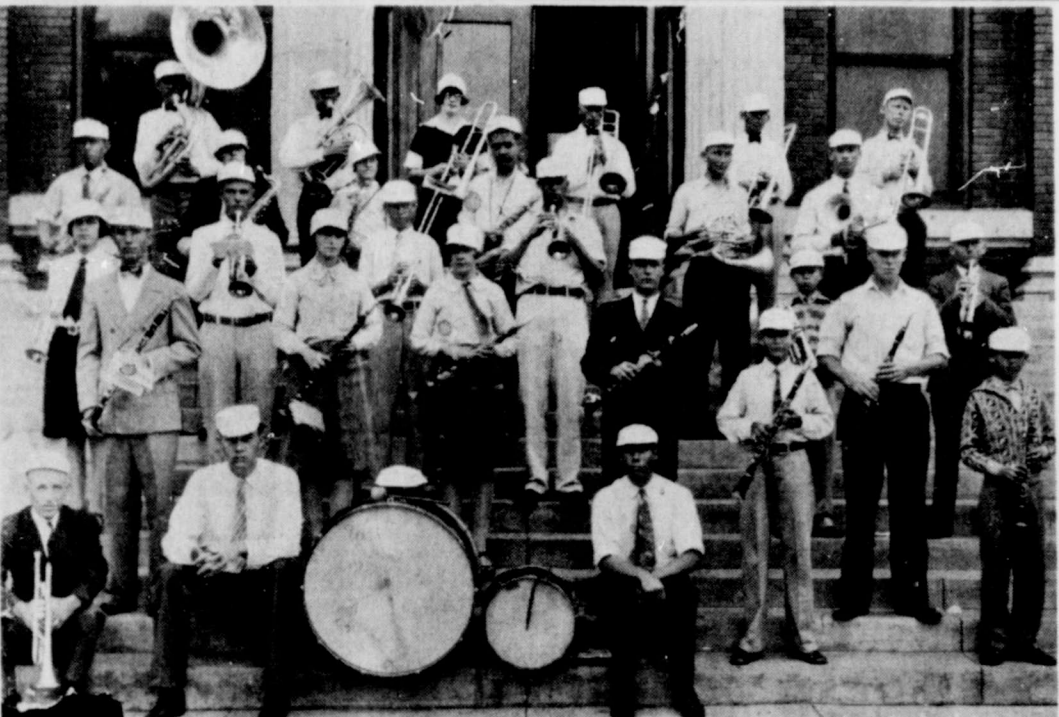

The bonding process advanced so rapidly that problems occurred. Fabrics not created for bonding were bonded with unsatisfactory results. Pre-shrunk fabrics were bonded to fabrics that were not treated for shrinking.

The results were delamination, shrinkage, off-grain face fabrics and adhesive showing through on the surface.

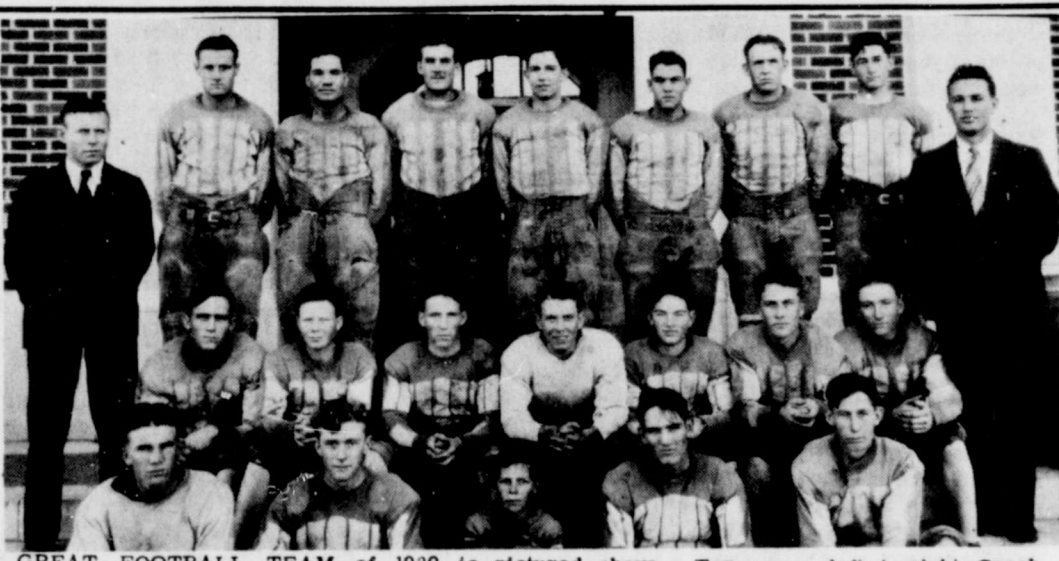

In spite of all the problems connected with bonding, bonded fabrics have proven advantages. They hold their shape well. They supply warmth without weight. They are easy to sew and they drape well.

With continued research, you can expect more and better bonded fabrics in both piece goods and in ready-to-wear.

RECIPE OF THE WEEK:
Cheesecake Bars
Crust
Time 12 minutes
1/4 cup margarine
1/2 cup brown sugar
1 cup biscuit mix
1/2 cup chopped pecans
Temperature 350 degrees F
Cream butter and sugar. Add biscuit mix and pecans, mix. Set aside 1 cup of crum mixture for topping. Press remainder into greased 8x8x2 pan. Bake until lightly browned.

4-H Girls Make Own Clothes

It's smarter! It's better! It's cheaper! And it's fun! Making and modeling your own clothes. That is the way 4-H girls feel who take part in the county 4-H Dress Revue program which credits not only best choice of attire, but also sewing ability. The contest will be held July 21.

The girls are taught modeling finesse so when they show off their handiwork they will sit, stand and walk in a graceful and poised manner.

Learning to choose the right patterns, fabrics and accessories is one of the main goals of the program. Annual awards are given by Simplicity. They are medals given to the top girls at the awards banquet in the fall of each year.

After winning the county contest, the top two girls go to District in Lubbock, if the Senior girl wins District, she goes on the the state contest.

The state award is an expense-paid trip to the National 4-H Congress held in Chicago. Then there are national scholarships of \$600 each presented to the six most outstanding state winners.

What more incentive could a gal want to make pattern and fabric, needle, and thread the most important things in her life right now?

Why are there so many lively old Chevys?

Board Of Education Issues Statement Concerning Tax Program

In an effort to clarify certain aspects of the tax re-valuation program of the Tahoka ISD and correct various misconceptions that currently exist the Board of Education has, today, issued the following statement:

There, seemingly, is never a desirable time to increase taxes. Due to operating cost increases, some of which have been effected by H.B. 240 of the 61st Legislature and some of which have been effected by inflationary trends, it has been necessary to provide more local funds for the operation of the schools for the coming year and for the following years of the immediate future. The Board of Education has provided for the addition of some programs in an effort to provide a total school program it thinks the community desires.

Provision has been made for the addition of a Special Education Class, in Jr. High School, for the mentally retarded. Provision has also been made for the addition of a distributive education program in the vocational field. Although most of the cost of these two programs is provided by State funds, there is some sharing of cost by the local school district. A Kindergarten Program, for certain pupils, will be initiated as one of the results of H.B. 240.

The Tahoka ISD finds itself in a position similar to that of most public schools in coping with the continuing rise in the cost of education. Tax supporters of a school system determine the quality of schools they have. The local Board of Education wishes to make every effort to represent the thinking of the patrons of the school district concerning the education of the boys and girls of the district. The Board also pledges that it will always strive to operate the schools as economically as is feasibly possible in providing the type of school program it feels the district wants.

Regretfully there has been a great amount of confusion and misunderstanding concerning the current tax re-valuation program. The reasons for the re-valuation are mainly twofold: (1) More funds are needed to continue the operation of the school system at the present level, and (2) due to statutory provisions, the present tax structure will not permit a tax rate that is adequate for this purpose. Facing the necessity of increasing property values the Board of Education felt that some sound basis of equalization was necessary. Earlier in the year an agreement was reached with the County Commissioners'

Court to use the results of an equalization was necessary. Earlier in the year an agreement was reached with the County Commissioners' Court to use the results of an equalization program the County obtained approximately four years ago in which a professional property appraisal firm was used. In the current re-valuation process a tax base for the school district has been established by using 75 percent of the values provided by the professional appraisal firm. The County uses 20 percent of the appraisal firm's values for its tax base. Oil and utility values of the school district are obtained from the Appraisal firm of Pritchard and Abbott of Odessa.

It has been the thinking of the Board of Education that a tax base (valuation) should be established that would enable the district to operate for a number of years by meeting increased costs of operation by adjusting the tax rate. It is the present Board of Education's intention to levy as small a rate as possible in order to provide an educational program it thinks the patrons of the school district want. Notices of raises in tax values, recently mailed from the district tax office, have, in some instances, been confused as tax statements. The Board

of Education has not approved a budget for the coming year, and the Board has not set a tax levy for the coming year. For purposes of planning conservative figures were used for total values until the re-valuation and equalization program could be accomplished. A proposed rate (although not official) was used (on the notice) in an effort to give property owners information that would enable them to determine, in dollars and cents, the effect of the re-valuation of their properties. Based on the estimated total tax valuation and the proposed rate indicated on the notices of value increase mailed from the district office additional revenue of \$65,836, as compared to the revenue provided by the current tax structure, would have been forthcoming. Such revenue was estimated on the basis of anticipated 95 percent tax collections. Current tax collections have established a trend of approximately 96-97 percent. In forecasting finances for the school district conservative estimates of income are always used.

To further correct certain misunderstandings that have developed the past few weeks concerning the salary of the Superintendent the Board wishes to point out that the superintendent's annual salary is \$20,131. Of this amount \$4,147 is provided by the local dis-

trict, and \$15,984 is provided by the State. Actually, during the next several years, the portion of the superintendent's salary provided by the local school district will decrease. Salaries of all school personnel are a

matter of record in the business office in the Fenton Insurance Building.

In clarification of the automobile that is furnished for the superintendent's use and driver training purposes. This

vehicle is furnished by the automobile dealers of Tahoka for the price of \$50 per month. It is not owned by the school district. This arrangement is mutually advantageous to all parties concerned, reimburse-

ment for the use of private transportation.

During the coming year it is anticipated that the State will provide 56 percent of the financing of the school program with the local district providing, from local taxes, slightly over 43 percent. During the current year the State has provided 55 percent.

It is hoped that the foregoing information will correct whatever misconceptions that have been formed by the taxpayers of the school district, and the Board of Education again pledges itself to operate the schools of the district in the most economical manner possible while making every effort to provide a program at least equal to that which is now being provided.

THIRD PLACE WINNERS IN STATE CONTEST... Pictured from left to right are: John E. Hutchinson, director, Extension Service, Texas A&M University, Billy Wood, Terie Steen, Dale Nix, and Lin Warthan. Terie and Billy of the Lynn County 4-H Club won third place in the Farm and Ranch Management Method Demonstration Contest.

Terie Steen-Billy Wood Win Third In 4-H contest

Terie Steen and Billy Wood of the Lynn County 4-H Club won third place in the Farm and Ranch Management Method Demonstration Contest at 4-H Roundup, June 3-4, at College Station, Texas.

Their winning demonstration was entitled, "Swine Production Can Supplement A Farmer's Income." Terie and Billy competed against thirteen other 4-H Club teams at the State Contest. These thirteen teams had worked for this opportunity. They had achieved top honors in their local counties and districts which qualified them to participate at the State Level. The object of the Method Demonstration Contest is to help 4-H Club youth become familiar with farm and ranch problems and methods of solving them. The aim is to have them demonstrate the use of management procedures in solving them. The aim is to have them demonstrate the use of management procedures in solving a specific problem.

Terie and Billy each received a third place award medal presented by the Texas Agricultural Extension Service and a

plaque, presented by the Production Credit Associations of Texas.

Terie's parents are Mr. and Mrs. W.R. Steen of Wilson, Tex.

Billy's parents are Mr. and Mrs. J.M. Wood of O'Donnell, Texas. Both Terie and Billy have been in 4-H Club work for several years.

Past Days In Lynn County

Copied from June 13, 1929

The "White Way" in the business section of Tahoka is an accomplished fact. The lights were turned on for the first time Tuesday night. The old swinging lights in the middle of the streets were being removed Wednesday and thus another link in the chain of progress has been forged.

The "White Way" consists of fifty-two lights on standards erected along the main business streets and around the court house square. The installation of this system represents the investment of quite a sum of money on the part of the Texas Utilities Company, but the new system affords the city much better and more attractive lights. Both the city and the Company are to be congratulated upon this improvement.

A plea of guilty to the charge of exceeding the speed limit was court here Monday by a truck driver. It seems that the speeder not only drove his truck along the street at a terrific rate but when he undertook to park it he drove up onto the sidewalk before being able to stop. His recklessness cost him just sixteen dollars in Uncle Ike's court.

Roy Finch was in the News office Saturday morning displaying three stalks of cotton about eight inches high each of which had two or three small squares forming.

Young Finch state that he had fifty acres of cotton like the samples shown out about four miles east of town.

Copied from June 20, 1929
 Wendell Medlin and six small children residing on the Terry farm half way between Dixie

and New Home were painfully injured late Tuesday afternoon when the house in which they live was blown down and demolished by the storm which visited that section. The bruises and lacerations on the heads and bodies of three of the children were quite severe through no fatal consequences are expected. The other three children and the father were slightly injured. Mrs. Medlin is not reported to have been injured.

The house was a small one and the wind and the hail are said to have been very severe in that locality. After their house was destroyed they made their way to the Terry home, where they received shelter and medical attention.

The beautiful row of locust trees that have stood for years in the middle of Main Street are today being uprooted and removed by a tractor in order to make the proper grading of the street possible.

Doubtless every resident of Tahoka regrets to see these trees destroyed but it is impossible to keep this street in satisfactory condition with the trees standing. The street will now be graded and will doubtless be kept in excellent condition hereafter.

Mrs. C.B. Townes was a charming hostess Friday afternoon to a number of her friends when she entertained with six tables of bridge.

Mrs. W.B. Slaton won high score. The hostess used vases of red roses and trumpet vines in decorating her rooms. Electric fans also added comfort to the players.

Ice cream molded in the shape of spades, hearts, diamonds and

clubs and angle food cake iced in pink was served. Sweet peas were used as plate favors.

Those enjoying the party were: Mesdames Chas F. Shook, Elbert Boullion, Bill Burleson, G.M. Stewart, W.B. Slaton, Harley Henderson, W.W. Nicklaus, Marshall Swan, Nat Williams, W.O. Henderson, Powell, Jerry Nash, Jack Alley, Tom Lemond, L.E. Turrentine, Lum Haney, Lane Moreland, L.F. Craft, Baze, Neyland, Oscar Roberts, Frank Hill, Turberville and C.C. Williams.

Copied from June 27, 1929

Corlos Courts, the elegant new tourist park recently constructed by Charles F. Shook, has opened for business with H.C. Crie in charge, although some finishing work is to be done on the outside yet.

This tourist park is claimed to be one of the best in all this section of the state. Each room is equipped with running water, electric lights, gas for cooking and heating a bed with new Beautyrest mattresses, rocking chair, table, etc. The park is also equipped with hot and cold shower baths, commo-dious garages, and other conveniences. Lunches will be prepared and furnished at reasonable prices and there will be gasoline with free air and water at the front.

The building presents an attractive and sanitary appearance and the park will doubtless be a valuable asset to the city.

The Bridge-Sisco Motor Company is the name of a new automobile agency that has opened up a business in the old building of the Connolly Motor Company. They are agents from the Oakland and Pontiac cars.

Messrs Bridges and Sisco come to this place from Ralls, where they had been associated together in business for a short time. Prior to that time Mr. Bridges was associated with the State Banking Department at Austin and Mr. Sisco was connected with the Scroggins Dickey Motor Company at Floydada. Both have had much business experience and are suc-

cessful businessmen. They will conduct a complete sales and service business.

In addition to themselves they have secured the services of two of Tahoka's most popular young men as salesmen, Leroy Knight and Temple Brasher. If you are not absolutely immune, dear reader, some of these gentlemen are likely to sell you a new car.

Agriculture is a \$50 billion customer in the American economy, according to New Holland, the farm equipment division of Sperry Rand. The company reports that farmers annually buy tractors, machinery and equipment containing 6.5 million tons of steel; more petroleum than any other single industry; and more electricity than all the people and industries in Chicago, Detroit, Boston, Baltimore and Washington, D.C., combined.

Who eats out? As income rises more money is spent on food. USDA studies show that families with an annual income of \$10,000 and over spend more than 25 percent of their food money on meals away from home. Families with less than \$3,000 income spend only about 10 percent on meals away from home.

Mrs. Cora Evans of Lewisland, formerly of Tahoka, sister of Opal Hamilton is a patient at Methodist Hospital in critical condition, suffering from stroke.

LUM HANEY

TAHOKA DRUG
 ESTABLISHED IN 1923

This County and community has a heritage of gallant men and brave women who came to these barren plains with a vision of rich grazing land and fertile fields for their crops. Towns were organized. Schools, churches, stores, wagon yards and gins were built to serve the needs of this new land. Times were hard and money was scarce - but they survived. They worked for their gains and fought for their ideals.

Tahoka Drug was purchased in 1923 by Lum Haney and owned and operated by him until his death in 1968. The store is presently owned by Mrs. L.C. Haney and her daughter, Bristle Wells.

Tahoka Drug is proud this store has played a part in the growth of this community and through your good will and patronage, we will continue to do so.

INSURE YOUR CROPS AGAINST HAIL DAMAGE THIS YEAR

Tahoka School Board Holds June 11 Meet

The Tahoka ISD Board of Education met Thursday, June 11 for the June regular meeting approving the monthly bills and accepting the resignations of the following teachers: Mrs. Gladys Bray, Jr. High School Science; Mrs. Sheryl Wilson, First Grade, High School English; Mrs. Joyce Keller, High School English and History; Mrs. Anne Robbins, Sr. & Sr. High School Girls' P.E.; Royce Shipp, assistant football coach; Lester Adams, Ag.; Mrs. Ruth Walker,

Remedial reading. Mr. Adams has resigned in order to devote full time to his farming interests. He has taught in the Tahoka Schools for the past 17 years. Mrs. Ruth Walker has accepted a position with Lubbock Schools after having been associated with the local schools for 12 years. Mrs. Keller and Mrs. Robbins have also accepted positions with the Lubbock Public Schools. Royce Shipp will become a member of the coaching staff in the Kilgore Schools. Mrs. Bray is moving with her husband, Andy Bray, formerly of Tahoka, to Dallas. Mrs. Wilson's plans are undetermined at present.

In other action the employment of three teachers for the 1970-71 school year was approved for Junior High School Science. Mrs. Bonnie Sides was approved for an elementary assignment. Mrs. Sides is a graduate of Hardin Simmons University, and she has had previous teaching experience in the Lubbock Schools. Taylor Knight a native of Tahoka and a graduate of Texas Tech, was approved for the Voc. Agriculture position held by Lester Adams. Knight has taught Agriculture for the past three years at Post High School.

The Board approved certain program proposals to be used in the kindergarten and first grade during the 1970-71 school year.

Also approved at the Thursday evening meeting were proposals for federally funded programs for the coming year and contract services, for Special Education Programs, with the Region XVII Education Service Center.

Various reports concerning the

operation of the schools were presented by the superintendent. End of school enrollment was 1,078 which was up 39 over the enrollment of 1,039 at the end of the 1968-69 school year. Average Daily Attendance for the 1969-70 school year was 1,018.25 as compared to 995.48 for the previous year.

Board members attending the meeting were: Edward Bartley, President; James Brookshire, vice president; J.T. Miller, Secretary; Elmer Owens; Ruben McElroy; and Joe Brooks. Dan Curry was absent. Also present were Mrs. Peggy Elliott Director of Business Affairs; Melvin Burks, Director of Guidance and Federal Programs; Floyd Tubb, Principal of South Elementary School; and Harold Reynolds, Superintendent.

Nettie Edwards In First Tahoka Graduating Class

In the year 1913 Tahoka High School had their very first commencement exercise and issued diplomas to eleven girls and three boys finishing their senior year.

E.A. White was superintendent and E.D. Skinner, J.S. Wells and H.M. Larkin were trustees. Their names were all on the diplomas handed to the pupils by J.B. Walker a former teacher who had made a speech after the pupils marched upon the stage and took their seats.

Nettie Wells played the March for her own class and walked upon stage and sat down beside the rest of the class. The girls were all dressed in white dresses and shoes and hose. The boys wore their Sunday suits. Nettie Wells Edwards kept her dress as it was her first ready made dress she ever owned and was bought by Coleman Wells and his wife, Dessie when they went to Dallas to buy spring and summer dry goods for J.S. Wells General Mercantile Store (now Dub Kenley's Grocery).

The dress will be shown in the window of Anthony's Store this week - also a composition book studied by the senior class that year is on display.

Mrs. Coleman Services Held

Mrs. Ophelia Coleman, 65, a resident of Tahoka since 1940, died Friday, June 12, in the Garza County Hospital, where she had been a patient for the last 3 weeks.

Mrs. Coleman was born June 10, 1905 in Wavelley, Texas. She was a member of the Antioch Baptist Church.

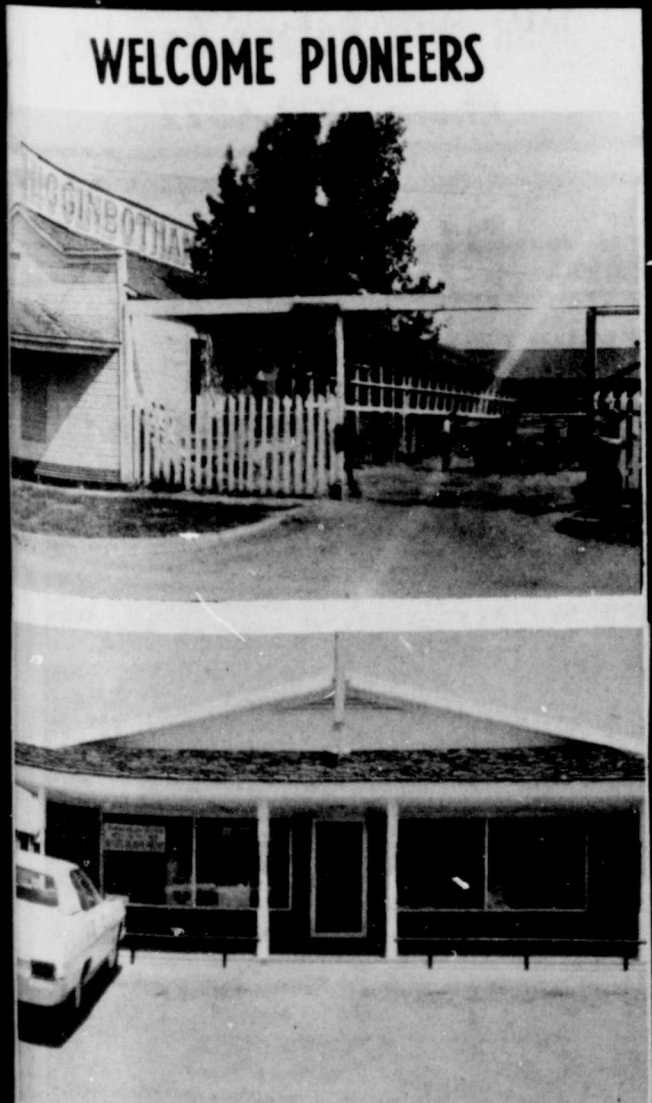

Funeral services were held Monday, June 15, at 3 p.m. in the Antioch Baptist Church with Rev. C.W. Henderson, pastor, officiating. Burial was in the Tahoka Cemetery under the direction of White Funeral Home.

Survivors include 2 sisters, Mrs. Fanale Greening of Tahoka and Mrs. Kattie Lee Gillespie of Houston.

MICHAEL GLENN

graduate of O'Donnell High School and Woodul is a 1969 graduate of Lamesa High School and is presently a student at Texas Tech.

The bride wore a white dress of knit, fashioned with an empire waistline and a bodice overlay of lace. Miss Vickie Wilson, sister of the bride, served as maid of honor and was attired in a yellow knit dress which was a copy of the brides' Wendell Johnson of Mineral Wells served the bridegroom as best man.

The bride was graduated from Tahoka High School and has been employed by TIME Inc. of Lubbock. The bridegroom is a graduate of Post High School and attended Texas A&M. He is currently serving in the U.S. Air Force and is stationed at Homestead Air Force Base at Homestead, Fla.

where the couple will make their home.

Pythians Win Drill Contest

Thelma Oliver, Past Grand Chief of Pythian Sisters of Texas and Emma Halamicek, Representative of Lynn Temple, attended Grand Temple Convention in Lubbock June 7-10. Several Sisters of Lynn Temple were present for the memorial service on Sunday evening.

The highlight of the convention is always the drill teams fancy and competitive. This was conducted Monday evening. Lynn Temple drill team consisting of Darlene Gurley, Helen Biggerstaff, leaders, Lottie House, Thelma Oliver, Captain and Co-Captain, Emma Halamicek, Pauline Warren, Fern Lewis, Elsie Dee Brooks, Evelyn Burr, Bertha Williams, Nina Short, Elnora Curry, Trudy

Schutnecht, Clifford Tankersley Lois Fleming, Lucy Brice, Imogene Lynch and Zella Taylor Competed with 2 other teams from Lubbock and Puduca, winning first place, receiving a trophy and money. The Sunshine Girls, ages 8 to 12 years of Pythian Order, performed in a fancy drill to the delight of everyone. These girls represented Mineral Wells and also received a trophy and money.

Thursday the business officers of Grand Temple was conducted. Wednesday p.m. Installation of officers for Grand Temple for the coming year was performed. A very good representation of Sub-ordinate Temples was present and the Convention was declared a success.

Rites Held For Mrs. Davis' Brother-In-Law

Jess Edward Whittington, 71, of Buchanan Dam, died June 13, at 3 a.m. in the Veterans Hospital, Big Spring. He had been in ill health for several years.

Mr. Whittington was born Dec. 16, 1898 in Collinsville, Texas. He attended West Texas State University and the University of Texas and became a teacher. He had lived most of his life around Memphis. He retired after 41 years of teaching. He was a member of World War I and II and a member of the Presbyterian Church.

Whittington and Belva Curry were married July 27, 1942 in Amarillo.

Services were held in the First Baptist Church at Rule, Sunday, June 14 at 3 p.m. with the Rev. Leonard Malone, pastor officiating. Burial was in the Rule Cemetery.

Survivors include his wife; one brother, Bob Whittington of Pecos. He was the brother-in-law of Mrs. Borden Davis of Tahoka.

Grassland News

E.A. RAWLINGS

Callers in the home of Mr. and Mrs. Mac Richey's home last week were Mrs. Myrtle Mathis and Mr. and Mrs. Arch Aten of Tahoka, Mr. and Mrs. Earl Gregg from Abernathy, Mr. and Mrs. W.G. McCleskey, Mrs. Bernice Gribble, Mr. and Mrs. T.J. Murray and the pastors.

Mrs. Artie Young has been on the sick list. She went to see the doctor in Post one day last week.

Mr. and Mrs. W.M. Dubose from Brownfield visited in the home of Mr. and Mrs. W.G. McCleskey on Thursday of last week. Mrs. Dubose and Mrs. McCleskey visited with Mrs. Bernice Gribble and Mrs. Jurd Young during the day. Mrs. Dubose is sister to Mrs. W.G. McCleskey.

Bernice and Leonard Gribble had dinner on Sunday with Mr. and Mrs. C.O. McCleskey.

Mrs. Mary Craig and Beulah Tew visited with Mrs. C.C. Jones on Sunday afternoon.

Beulah Tew visited at the home of Mrs. Mary Craig on last Friday.

The Grassland Hobby Club is receiving an offering to send to the Salvation Army at Lubbock for relief of recent tornado victims.

Mrs. C.O. McCleskey is the local treasurer of the Hobby Club and she will be glad to receive your offering and see that it gets to the right place.

Mrs. Mittie Walker gave the invocation at the last meeting of the Hobby Club and asked that each member respond to the roll call by naming their favorite flower. Mrs. Ellis and Mrs. Ramsey were the hostesses.

The company at the Jurd Young home on Sunday were the folks from Lubbock and Post.

Mr. and Mrs. W.G. McCleskey had visitors this week. Their grandson and family, Mr. and Mrs. Curtis McCleskey from Chula Vista, California were with them on Sunday night through Monday and left on Tuesday. The Curtis McCleskeys have three children. The grandparents were very happy to have this occasion to visit with their grandson, his wife and the three great-grandchildren. The McCleskey clan had dinner on Monday at W.G.'s Those present other than the Curtis McCleskeys' were Mr. and Mrs. C.O. McCleskey, Mr. and Mrs. Carlos McCleskey and family and Mr. and Mrs. Delbert McCleskey. Curtis and family left on Tuesday to visit with relatives at Rotan and Bowie before returning to their home in California.

Softball Scores

Monday, June 15, Tatum Brothers won over the Pacesetters with a victory of 4 to 0. Kenneth Huffaker is the pitcher for Tatum Brothers and Rickey Edwards and Morris Bingham on the mound for the Pacesetters. This is the second shut out in 3 years. The first was also against the Pacesetters in 1968.

The second game played showed the Paymaster Ginners with 7 and the Enco Tigers with 6. On the mound for the Ginners were Raymond Stotts and Jim Boyd, and Leonard Dunn pitching for the Tigers.

This places Tatum Brothers in first place; Pacesetters, second; Ginners, third; and the Tigers, fourth.

Couple Plans To Wed July 31

Mr. and Mrs. J.W. Pettigrew of Slaton announce the engagement and approaching marriage of their daughter, Margaret, to Nickey Hedges, son of Mr. and Mrs. W.P. Hedges of Meadow. The couple plans to wed July 31 in the First Christian Church Slaton.

The bride-elect is a graduate of Slaton High School and Draughton's Business College. The prospective bridegroom is a graduate of Meadow High School and is currently employed by A-1 Nursery, Lubbock.

The couple plans to attend West Texas State University this fall.

LAMESA WOMAN AWARDED \$42,000

A Lamesa, Texas woman has been awarded \$42,000.00 in damages by a Judgment rendered in the 106th District Court in Tahoka in a lawsuit against the Lyntegar Electric Cooperative. The plaintiff, Mrs. Jan Carolyn McReynolds Chiles, received the Judgment as a result of her lawsuit claiming that negligence on the part of Lyntegar had resulted in the death of her husband who was killed in an accident in Dawson County Texas, on August 29, 1966.

Morris Dan McReynolds, 28 at the time, was electrocuted near the Lamesa Municipal Airport as he worked on a disabled telephone line. He was employed by the General Telephone Company. His wife, now remarried, was with him at the time of the fatal accident and went to a nearby farm house to summon aid.

The plaintiff's lawsuit against Lyntegar alleged that McReynolds was working on a telephone line when it came in contact with a 7,200-volt Lyntegar Electric Co-op transmission line resulting in the death of McReynolds. Officers investigating the accident reported that McReynolds was dead on arrival at Lamesa's Medical Arts Hospital. The resulting lawsuit was filed in Tahoka, being the home office of the Tahoka-based Co-op.

It is believed that is this the largest judgment for personal damages for a single loss in Lynn County's history.

The plaintiff was represented by the Lamesa law firm of Saleh and Saleh, and Lyntegar was represented by the Tahoka law firm of Huffaker and Green, and by the Lubbock law firm of Smith, Jesko & Boulter.

Mac Young, son of Mrs. Thole Young of Wilson, died Monday morning in Rome, New York. Services were pending Tuesday.

Raymond Griffin Writes From Calif.

Mrs. Lanora Griffin died on Dec. 20, 1969 at Turlock Community Hospital at 5:00 a.m. She was 92 plus 9 months. She had outlived all of her children except 3. There was eleven plus 2 step children who are still living.

Survivors are Orson Raymond Griffin and John Lloyd Griffin of Turlock, Calif., Thelma Jo Parker of Placerville, Calif. Stepchildren are Mrs. Bessie Amerson, Amarillo formerly of New Home and Mrs. Gussie Kelso of Oklahoma City; 22 grandchildren, 26 great-grandchildren, and 10 great-great grandchildren.

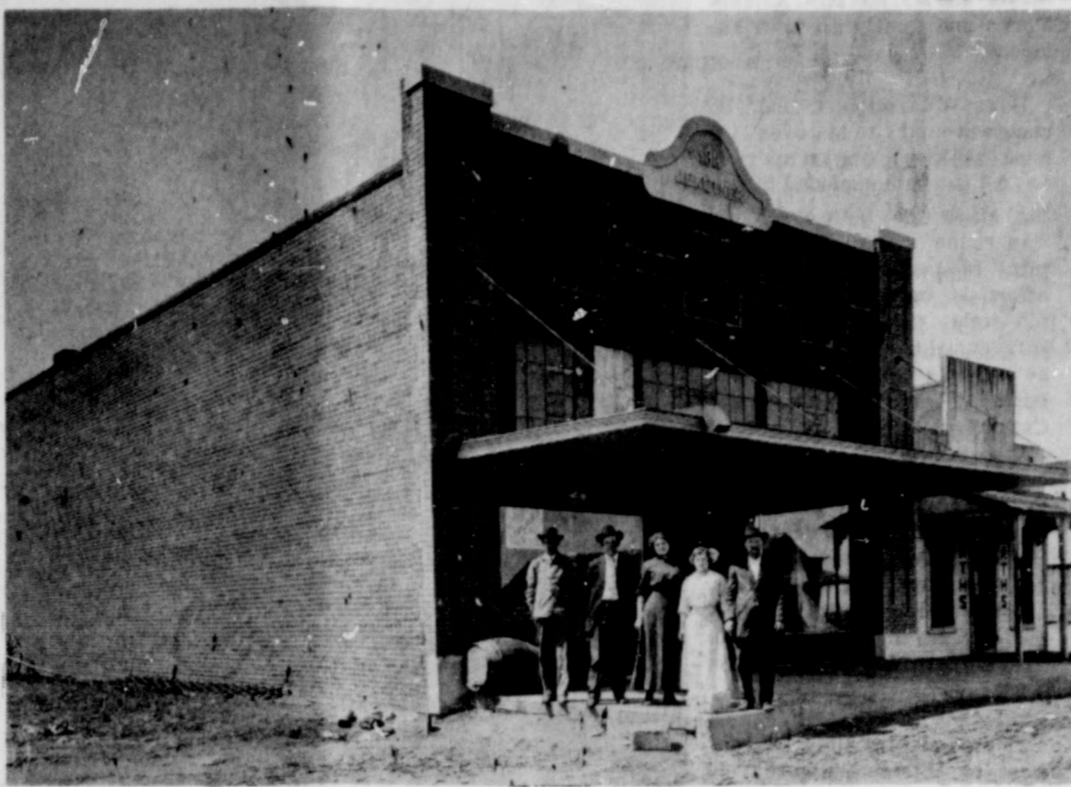

Mr. and Mrs. Bill Mayberry of Turlock, Calif. have been sick. They lived in the Dixie Community many years.

Glenn and Gaye Boydston were in Turlock visiting Mr. and Mrs. Faye's mother and father. They live in Long Beach. Glenn was a barber in Tahoka for years.

I still feel Lynn County is home to me I lived at New Home from Oct. 2, 1923 to March 1938.

Barbara Whorton On Dean's List

Barbara Whorton, daughter of Mr. and Mrs. W.O. Whorton of Tahoka, is on the Dean's List at McMurry College for the spring semester. Barbara had a grade average of 3.692.

ONE OF FIRST BRICK BUILDINGS, erected in 1911 still stands on Main Street. Built by J.E. (Ed) Ketner, pictured on right with his wife. (Happy Smith Photo)

No Shortage Of Electrical Power Says SWPS President

"Don't hold back. Use all the electric power you want whenever and wherever you want in the 45,000 square mile area that we serve. There is no electric power shortage in this part of the country," Roy Tolk, president of the Southwestern Public Service Company, said today.

The statement of the electric company president was made as a result of frequent articles in national magazines and other media which leave the implication that the whole nation faces a power shortage not only this year but "in the decade ahead", as one publication put it.

"At the end of last year, when we announced our plans to invest \$25,000,000 in new plant and equipment this year I said, 'there'll be no blackouts in our service area in 1970.' That still goes. I'll add at this time that there won't be any in the future, either, as long as we have a responsibility to meet the electric service needs of this area and we

Hootenanny Is This Saturday

The regular monthly Hootenanny will be held this Saturday, June 20, starting at 8:30 p.m. in the Tahoka Community Center.

There is no sponsor for this month, but if you would like to help sponsor the Hootenanny you may bring a cake or a freezer of ice cream.

Everyone is invited to attend and all musicians are invited to come and play.

have done the planning required to carry out that responsibility," Tolk continued.

Southwestern Public Service Company has generating capability reserves that are 18 per cent greater than the peak load which has been predicted for 1970.

"That's like saying you have \$118 put aside to pay a \$100 bill that you owe," Tolk pointed out.

Adequate reserves are normally considered to be generating capability that is equal to the largest single generating unit on your system. Southwestern's reserve capability for 1970 exceeds that margin of safety by nearly 100,000 kilowatts.

Southwestern is already looking down the line at its next 500,000 kilowatts of electric generating capability. At the present time, a 210,000 kilowatt unit, the first in a new facility southeast of Lubbock, is under construction and is scheduled to go into service in mid-1971. Projected units of 289,000 kilowatts of capability are in the planning stage for 1973 and beyond.

"With the help of our area development department and in

cooperation with other local industrial development groups, I have started to write to presidents of some companies and to telephone others whose organizations are interested in expansion to tell them of the availability of electric power and other resources in this area. We have outstanding people, lots of space for expansion, a superb climate and energy reserves. Not many areas can say that these days and all of

Cheerleaders Win Spirit Stick

The Tahoka High School Varsity Cheerleaders, Toni Levrett, Sr., head cheerleader, Suzanne Warren, Sr., Dale Rogers, Jr., Tommy Hale, Jr., Sheri Short, Soph., and Becky Franklin, soph. attended the Southwest Cheerleading Camp at Cisco, Texas June 7-12. They won many outstanding awards. There were approximately 60 squads from various towns in the state attending the camp. Out of the 60 squads, 10 were chosen to receive spirit sticks.

This was the greatest honor any squad could hope for and Tahoka did bring a Spirit Stick home for showing outstanding spirit during the week. They also won ribbons for each night of evaluation - 2 excellent ribbons, 2 outstanding ribbons, and 1 honorable mention ribbon.

The cheerleaders learned many new cheers, pom-pom routines, and chants that will be

used in the pep rallies and at the football games to cheer the Tahoka Bulldogs to Victory.

FHA Girls To Meet At Tech

More than 900 Future Homemakers from High School FHA chapters over the state will meet at Texas Tech June 18-19 to discuss the responsibilities of student leadership in meeting the needs of the individual the school and the community.

Lynn County girls to have part on the program are Paula Carroll of O'Donnell High School, state fourth vice president and Staci Short of Tahoka, president-elect of Area II.

NEW HOME NEWS

BY MRS. W.W. DAVIES

Mrs. Dudley Zant and children, Craig, Pamela, and Barbara, left New Home at the end of school to join Mr. Zant in their new home near Paris, Texas. Mr. Zant has been there about three months having sold his farming interest here and bought a cattle ranch. Mrs. Zant was schoolroom supervisor here the past year, and she says, "thank you to all the boys and girls that I served, for the wonderful attitude and respect you showed me. It is a year I will always remember, when in Paris come by to see us." The ladies in the lunch room presented Mrs. Zant a gift and a community gift was presented the family on Wed. night. We wish this good family happiness in their new home.

Debbie Moore, daughter of Mr. and Mrs. Lit Moore, Jr. was in Methodist Hospital a few days last week.

Miss Nita Fay Fortenberry has been here visiting her parents, Mr. and Mrs. J.E. Fortenberry and her sister, Mrs. Marlin Maloney and family. Nita is a teacher in the Lovington, New Mexico School.

Bob Ballard, New Home FFA instructor and John Edwards went to Kerville Friday to buy lambs for the FFA boys, they returned home Sunday.

Mr. and Mrs. Carlton Davies and Kenna Jo and Jim Spikes of Lubbock visited with us Tuesday evening.

Mrs. N.B. (Betty) Hancock is reported doing fine after major surgery Thursday in Methodist Hospital.

Mrs. Damon Darley, Bill and Janet of Pampa came Fri-

day to spend some time with her sister, Mrs. Roger Blakney and family and with her parents, Mr. and Mrs. Loyd McCormick in Lubbock. While Damon is in Odessa for a month, he is with Phillips Oil Co.

Dahlen Hancock, and Ricky Rice attended the Methodist Camp at Ceta Canyon Tuesday until Friday.

Mrs. Mamye Malcom of Athens is here visiting her sister, Mrs. Garland Peek and other members of her family.

It seems that broken bones are the order of the day here. Eleven year old Bryan Kieth, son of Mr. and Mrs. Jimmie Kieth was carried to University Hospital in Lubbock Monday afternoon after he fell from a tree, breaking a bone in both wrists. While mowing the lawn at her home here, Monday morning Mary Ellen James, turned her foot and broke a bone. She was taken to West Texas Hospital where her foot and leg was put in a cast. Anyone interested in building a hospital in New Home?

Mr. and Mrs. Bobby Killough and Kippie of Liberty, Texas spent the week-end here with her parents, Mr. and Mrs. Marlin Maloney and family. This was three month old Kippie's first visit home with her grandparents, Uncle and aunt, so we guess she didn't lack attention.

Visitors here Sunday with the Inez Estrada family were, Mr. and Mrs. M. Montemayor, Lubbock, Mr. and Mrs. Raymond Montemayor and family, Mr. and Mrs. Raymond Vasquez and family, Mr. and Mrs. A. Monte-

mayor and Mr. and Mrs. Arman-Torro and family all from Tahoka.

Barry Carroll of O'Donnell, received injury to his eyes last week while working on his radio, a light bulb exploded throwing glass into both eyes. He was rushed to St. Mary's Hospital in Lubbock where every effort is being made to save his sight. Barry lived in New Home until two years ago, when he moved to O'Donnell with his parents, Mr. and Mrs. Bobby Carroll.

While playing near his home here last Tuesday the 5 year old son of Inez and Mary Estrada, David, received a broken leg, after spending Tuesday night in Mercy Hospital in Slaton, where the limb was put in a cast, he was brought home Wednesday.

Mr. and Mrs. Roy Blevens went to Abilene Wednesday to meet their daughter, Sandy, who flew in from Chicago where she is with Hertz-Rent-A-Car. After visiting with Mrs. Blevens Brother Harley Smith and family in Old Abilene Town, and also with Beckey, who is working there with her uncle this summer they visited her parents, Mr. and Mrs. O.S. Smith in Cross Plains, before returning home Friday. Sandy came home with them and Linda, Mrs. Jerry McNutt, her husband and baby spent the week-end with them. Sandy left for Chicago on Sunday.

Mr. and Mrs. Luther Foerster and children attended the twenty-fifth anniversary of his sister and her husband, Mr. and Mrs. Monroe Schulz at their farm home near Petersburg.

The New Home mix-up bowling league enjoyed a ice cream supper at the home of Mr. and Mrs. V.P. Haley Friday night and afterwards went bowling.

Mr. and Mrs. Baxter Walton of Glenrose visited here Thursday until Sunday with Mr. and Mrs. John Armontrout. The ladies are sisters.

Minnett Maloney attended the lecturership at Lubbock Christian College last week.

Donette Hancock, daughter of Mr. and Mrs. Donald Hancock is confined to her home with a light case of hepatitis.

Visiting the Donnie Morris family here last week were her brother, Maurice Medlin, Stockton, Calif., their sister and brother-in-law, Mr. and Mrs. Bruce Hanna, Lakewood, Calif., the Hanna's daughter, Mrs. Paula Snook of Mineral Wells joined them here, and her parents returned here to Mineral Wells to continue their vacation to West Virginia.

Howard and Barney Mayfield fished at Possum Kingdom Wednesday until Saturday, and had good luck in spite of the high winds.

Miss Shirley Clements, spent last week here with her father, Jack Clements, who just recently moved here from Mangum, Okla. as manager of the New Home Gin. They left Friday for Mangum to spend the week-end with Mrs. Clements and the children, who will remain in Oklahoma for some time attending to business interest there. While there the family attended funeral services for 4 year old Darin Wicker of Mangum, the son of Mr. and Mrs. Dennis Wicker, burned to death Thursday when lightning set fire to a barn as he played in the hay. Severe storms, tornadoes, hail and high winds cut a path through central and eastern Oklahoma Thursday while high winds and blowing dust raked most of the South Plains.

MRS. DAVID HAROLD REED
...NEE DEBORAH LYNN CURRY

Debbie Curry - David Reed Vows Pledged

Miss Deborah Lynn Curry, daughter of Mr. and Mrs. Dan Curry of Tahoka, became the bride of David Harold Reed, son of Mr. and Mrs. J.O. Reed, Tahoka, Friday, June 12, at 7:30 p.m. in the Tahoka Church of Christ.

Darnell Boyd officiated the double ring ceremony. Given in marriage by her father, the bride wore a colonial gown of ivory dulcette and peacock lace. The fitted princess

Mrs. Kelley To Attend Workshop

Mrs. Alton Kelley, secretary at First Baptist Church, Tahoka has made her reservation to attend the Sixth Annual Church Secretaries' Workshop at Wayland Baptist College, June 25-27. Reservations for the workshop have come from all parts of Texas, New Mexico and Colorado.

Featured as guest clinician for the three day meeting will be Sarah Walton Miller, Houston author. Mrs. Miller has written several books and is one of the most widely recognized authors among Southern Baptists. This is Mrs. Miller's second trip to the conference, having served as guest clinician in 1968. Features of the program include personal choice conferences, lectures, demonstrations of new office equipment, a style show, a reception, and a brainstorming session. Secretaries will also be honored guests at the Plainview-Wayland Summer Theatre production of "Blithe Spirit" on Friday evening.

Program personnel are drawn from Wayland College personnel and out-standing church and business leaders from Texas and New Mexico.

Overall direction for the conference is under Joe Provence, Director of News Service and Promotion at the college.

Bill Griffin, County Agent, Says....

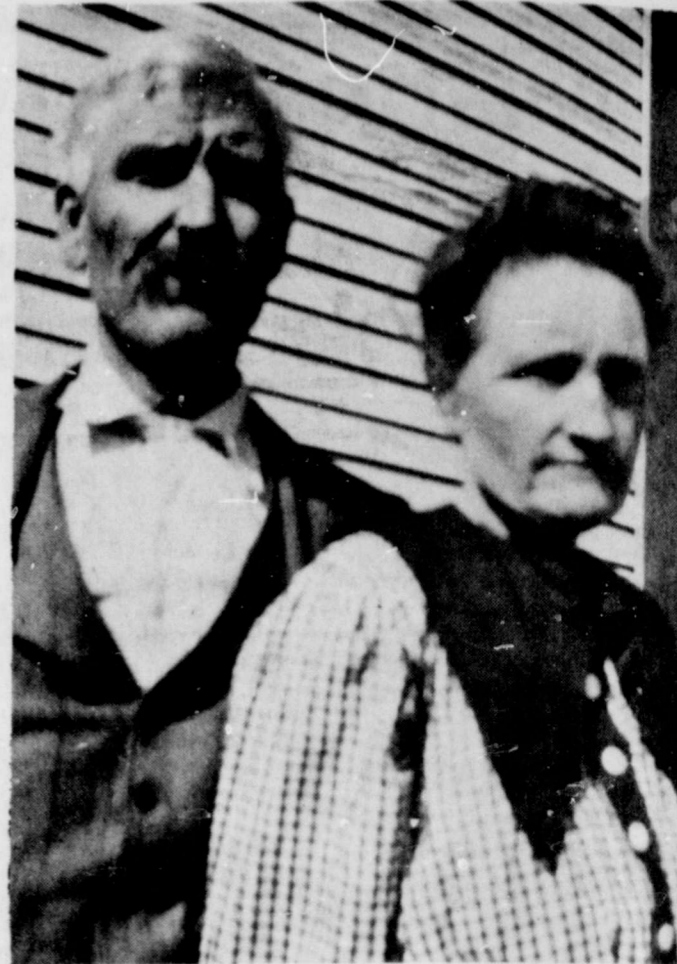

Each time a pesticide is used on the farm or in the home there are four basic rules of safety which should always be followed to the letter.

Always take the appropriate protective measures. These are outlined on the container label. The label should be read each time an application is made. Point two, always strive for accurate application. Hit the pest at the right time with the proper insecticide. Remember to protect those around you by preferably storing the unused pesticide under lock and key. And finally, don't leave the disposal of containers or leftover chemicals to chance.

The correct disposal of leftover chemicals or containers is not always covered on the label instructions; therefore, that job is left to the user. To safely break glass containers, roll them first in paper and then crush them. Metal and plastic containers, other than aerosol containers, should be punched full of holes to make them unusable, and then crushed. These along with the glass should be buried in an out-of-the-way place where there is no possibility of contamination. It is best to also bury paper containers; however, they may be burned provided there is no wind and you stay out of the smoke. Since there nearly always is a residue in the empty bags, it's a good idea to bury the ashes. Do not puncture or burn aerosol (pressurized) bug-bombs. They should be buried or taken to a land-fill dump for proper disposal.

And finally, the safe use of agricultural chemicals depends upon the user. They are safe when used according to label instructions and in accordance with safety recommendations.

Todd and Lezli Spruelli of Texas City are spending the week with their grandparents, Mr. and Mrs. Clyde Spruelli. Also visiting Sunday were Mr. and Mrs. Larry Spruelli of Lubbock.

FOUND tackle box near Birwell Lake, Clint Walker. 25-2tc

Under the 1967 Amendments to the Economic Opportunity Act all political jurisdictions comprising areas covered by a Community Action Agency must be given consideration in the selection of a Community Action Agency. Since the Commissioner's Court is the general purpose governmental unit having jurisdiction over the area in which the Lynn County Community Action Committee proposes to operate, the Court has the prerogative of making a designation of a Community Action Agency (with formal notice being given to other political subdivisions). A written notice will be mailed to each incorporated town in Lynn County in view of this requirement.
