The Country Editor says that he would like to know where people who live beyond their incomes get the money to live on their incomes.

We are fortunate to have two new businesses going in within the near future and the Lynn County News would like to welcome them.

Ouida Gunnels will be opening up a cafe in the building next to McCord Motor Co., formerly Helen's Cafe. The cafe will open at 5:30 a.m. and will close at 10:00 p.m. each day and according to Ouida will serve good home cooked food. Glenn Thornton will be opening a Boot and Saddlery and Western Store. He will make hand made boots and saddles and will sell all types of western wear. Glenn does contract work for boots and saddles for those people and comes to Tahoka from Scottsdale, Arizona. Glenn also will do boot and shoe repair. Glenn's father, A.B. Thornton, lives on N. 3rd in Tahoka.

The Tahoka Chamber of Commerce met Monday night and its new monthly Bulletin says clearly they are on the move. The local Chamber has become a member of WATER, Inc. and a petition concerning Law and Order to be sent to officials. Details on these can be found in other articles in this issue of the Lynn Co. News. The Chamber is also stressing the importance of cleaning up the downtown section of town in the alleys and weeds growing up on the streets of Tahoka. Let's make our town beautiful for industry and our business as well as for our residents and customers of Tahoka.

D'Linda and I attended the West Texas Press Convention last weekend in El Paso and received some valuable tips on Community Development. We also heard some inspiring speeches on narcotic addiction and ways to help stop narcotic traffic in the United States. According to the Narcotics division of the United States a \$300 package overseas will bring around 3 million to organized crime in the United States. They also pointed out that narcotics were also in the small town as well as the big cities.

We have a woman who never misses a Thursday morning, driving up to the front of the Lynn County News buys her newspaper, reads the grocery advertisements in her car, then goes out to do her grocery shopping.

Tahoka has a good selection of grocery brands and prices advertised in each issue of the Lynn County News and the smart shopper uses this direction to find the best buys.

Campaigns are shaping up on some of the seven proposed constitutional amendments to be voted on by Texas at the General Election Nov. 3.

Naturally, public interest centers on the liquor-by-the-drink amendment, which is number two on the ballot and reads: "to authorize the legislature to enact a mixed beverage law regulating the sale of mixed alcoholic beverages on a local option basis."

The proposed amendment reads that part of Article VII, Section 20, Subsection 1 of the Texas Constitution which prohibits the open sale of alcohol and which empowers the legislature to define that term and enact legislation against

Local Postmark Is Available

Even though Tahoka's mail is now being sent to the Lubbock Sectional Center for processing, Postmaster Charles Townes would like to emphasize that mail may receive same if he will deposit this mail in the local drop in the post office or by handing a bundle of such mail to the window clerk with the request that it be given a local postmark.

In other words, all mail deposited in the "LOCAL" slot in the post office will receive the postmark of the local office, but all mail deposited in the OUT OF TOWN slot or in the outside letter box will receive the sectional center postmark.

A word of caution to be remembered in this matter is

that mail deposited before 5:55 p.m. after the office is closed at 5:00 p.m. on weekdays, and all day on Saturdays, Sundays and holidays should be put in the red-topped mailbox in front of the post office; otherwise, it will not be picked up until the following day. Of course, it will not be given the local postmark, but it will be delivered a day earlier than if deposited in the local drop in the post office. This paragraph means simply that, in order to obtain a local postmark without delay in delivery, such mail must be deposited in the local drop or handed to the window clerk only during these hours when the post office is open on weekdays from 8:30 a.m. to 5:00 p.m.

Large Dividends To Be Refunded

Lyntegar Electric held its 32 Annual Meeting Tuesday, Aug. 11, with over 4,000 people attending the feast from more than 13 surrounding counties at the Tahoka Bulldog Football Field. This brings more visitors to Tahoka at one time than any other event of the year in our town.

Calloway Huffaker was master of ceremonies again this year with Rev. Lee Roy Jones giving the invocation. Rep. E.L. Short of the 73rd District gave the welcoming address at the annual event.

In the election of directors the two incumbents, Kenneth Purtell and G.Q. Hensley were re-elected.

Registration time was at 7:00 p.m. with the barbecue being served from 7:30 to 8:30 p.m. The business meeting at 8:30 was called to order by President Howard Moore. Presentation of prizes were by Bert Stevens.

Capital Credit refund checks are made out and will be in the mail soon for one-half of the allocated for 1959. Total amount of this refund is \$221,921.75. It is probable that future refund of capital credits may be slowed somewhat to allow for a build-up of capital to join the lending institution, or partial self-financing, or a combination of both.

Lyntegar Electric is now serving parts of 13 counties with 5,024 miles of line.

Tahoka Teaching Staff Will Begin Work Tomorrow

The teaching staff of the Tahoka Schools will begin the 1970-71 school year Friday, August 14, with new staff members attending an orientation meeting in the Band Hall of the High School at 9:00 a.m. All full-time personnel of the school system will attend a luncheon at 12:00 noon in the South Elementary Cafeteria. The luncheon will be followed by a general staff meeting and campus meetings in the afternoon.

All professional personnel and teacher aides will participate in a week of extensive planning during the week of August 17-21 in anticipation of the arrival of students on August 24.

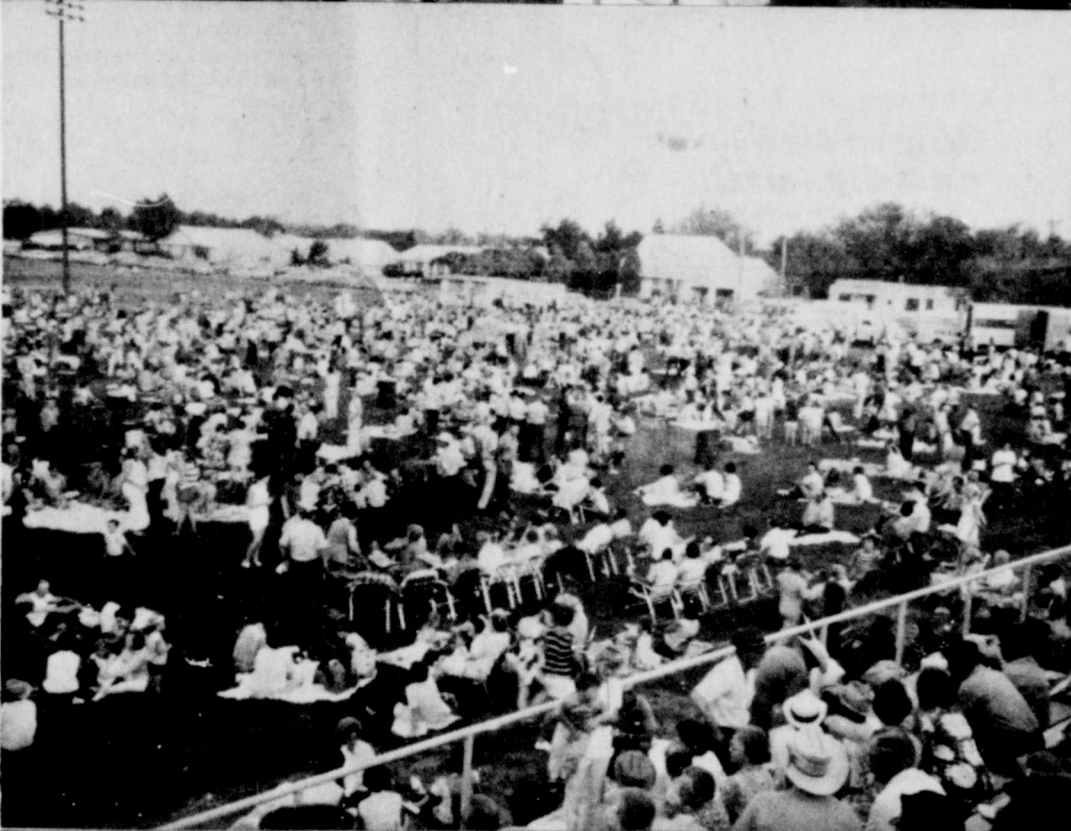

Although many of the teaching staff are returning several new staff members will be present when activities begin on Friday morning.

Teachers new to the system are as follows:

Mrs. Judy Murray second grade
Mrs. Beiva Whittington remedial reading, elementary
Mrs. Suzanne Stearns special Education

Three teachers aides have been engaged for the newschool year. They are Mrs. Frances Saldana, Mrs. Ethel Denzy, and Mrs. Gloria Perez. Mrs. Saldana and Mrs. Perez will work in the kindergarten and first grade while Mrs. Denzy will work with special education.

LARGE CROWD—Pictured in the photos above is a portion of the large crowd attending Lyntegar Electric's 32nd Annual Meeting and Barbecue held at Tahoka High School Football Field Tuesday night.

Chamber To Support Texas Water Plan Law Enforcement

The Board of Directors of the Tahoka Chamber of Commerce, in their regular monthly meeting Monday night, voted to become a member of WATER, Inc. and to offer its services and support to the Lynn County Unit in their efforts for the future. "The success of these efforts will mean much to the progress of the West Texas area, and the interests of all groups will help to accomplish this," stated Harold Reynolds, President.

Reports were given by Standing Committee Chairmen. A special report was given by Harold Green, Chairman of the Committee on Law and Order Resolution. He presented a petition to be signed by all interested citizens of Lynn County endorsing the enforcement of the laws of this great Nation by the law enforcement agencies from the national level through the state level on down to the local level. Copies of this Petition will be placed in the following business locations and all citizens are urged to sign a copy: Anthony's Department Store, Production Credit Association, Farmers Coop Gin, Tahoka Drug, Parker Pharmacy, Bray Chevrolet Company, Southwestern Public Service Company, New Home Cafe, Wilson State Bank, Ellis Chevrolet and Brewer's Cafe in O'Donnell.

These signed petitions will be forwarded by the Chamber of Commerce to the law enforcement officers and officials to be placed of record on behalf of citizens of Lynn County, Texas. A copy of this Petition appears on another page in today's paper for your consideration and action.

Grid Workouts To Begin Monday

A.J. Viertel, new Bulldog head coach, and his staff will get acquainted with their Grid Forces under fire Monday, Aug. 17, when the first regular practice session is scheduled.

Shoes and other minor items were issued to the Bulldogs Aug. 12. A.J. Viertel has a very impressive record before coming to Tahoka this year. The head football mentor has an excellent staff to help him this year. Cecil Robinson, the only coach left from last year who is the head girls basketball coach, Jerry Windham, boys head basketball coach, Al McMillan and assistant football coach Ronnie Fowlkes.

The Sophomore, Junior and Senior gridgers will be issued equipment beginning at 6:00 a.m. Aug. 17. The Freshman will have a short workout at 7:30 Monday and will be issued equipment Monday afternoon.

Participants must have a parent and doctor's physical certificate.

First Load Of Grain In Tahoka

The first load of grain, this season was brought in to Tatum Brothers Elevators, Monday, Aug. 10, by F.W. Tew.

The 15,660 lbs. was cut from 10 acres of dryland maize. It was tested 15.70. Mr. Tew lives near Grassland and it was harvested by the McCleskey Brothers.

Leighton Knox said, "It was a very good quality grain."

TWO BITS —

It substitutes a new provision empowering the legislature to enact a mixed beverage law regulating the sale of mixed alcoholic beverages on a local option basis. The amendment leaves unaffected the part of Subsection (a), which empowers the legislature to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a state monopoly on the sale of distilled liquor.

During the early days of the Republic, Texas had no restrictions against the operation of an open saloon other than the requirement that the proprietor pay a tax and that he be bonded to guarantee that an orderly and reputable house would be maintained.

As the frontier atmosphere faded and civilization sank its roots deeper into community life, temperance groups were militant but only mildly successful in attempts to bring about prohibition in the state. In 1887 voters of the state defeated an amendment dealing with prohibition by a vote of 220,000 to 129,000.

Temperance groups found little support during the next 20 years, but in 1911 a similar proposed amendment on prohibition was lost by only 6,000 votes.

World War I again brought prohibition into prominence and when the federal government submitted the national prohibition amendment in 1918, it was adopted by the legislature.

Since the repeal of prohibition, many attempts have been made over the years to achieve liquor by the drink, but the issue did not become a major one until it was endorsed by Governor John Connally, a teetotaler.

Arguments for the passage of the proposed amendment state that it is not a wet and dry issue because the sale of alcohol has already been sanctioned by a majority of the residents of the state; also, a non-binding referendum during the 1968 primary elections resulted in a 40,000 vote margin for mixed beverages out of a total vote of 1.4 million.

Too, those for the amendment say it would not force mixed drinks on any locality since it requires that any mixed-drink law be on a local option election basis. They

further say that such an amendment would lead to stricter control of liquor sales to minors, an end to the subterfuge of private clubs, a decrease in alcohol consumption, a reduced crime rate and fewer traffic accidents.

Those against the amendment say the passage of this amendment would make alcoholic beverages more readily available; would lead to an increase in crime and in traffic deaths and, although enabling legislation for the proposed amendment could be designed to raise needed new revenue through the taxation of mixed beverages, this revenue would be negligible in comparison with resulting problems such as broken homes, juvenile delinquency, drunk-driving, criminal assaults and other crimes.

At this time Terry County is dry, so dry—but six private clubs operate within its boundaries. The clubs are allowed to serve mixed drinks to members and guests on the theory that the tab covers only the bar service and not the cost of the liquor.

Alcohol is purchased from "membership fees" and bartenders are paid merely for pouring it!

"Guest" cards usually are readily available—regardless of whether one knows a member or not.

There are six other amendments to appear on the ballot Nov. 3, and each one will be discussed prior to the election, but probably none will stir the local voters' interest as much as the number two amendment.

Flippin-Moffatt Are Engaged

Mr. and Mrs. Welch Flippin, Route 5, announce the engagement and approaching marriage of their daughter, Jean, to John E. Moffatt of Seminole.

Moffatt, son of Mrs. H.A. Patterson of Seminole and the late Mr. Patterson, is commercial printer for the Seminole Sentinel.

Miss Flippin, a 1965 Tahoka High School graduate, is currently on leave of absence from her duties as editor of the Sentinel to serve as community ambassador to Mexico from the Seminole Rotary Club. She will return August 27.

The wedding is planned for September 10 in the home of the bride-elect's parents.

ATTEND FARM BUREAU SEMINAR - Pictured is Barry Jaquess of Tahoka and Kathy Caswell of O'Donnell standing in front of the bus shortly after arriving at Baylor July 27, to attend the Farm Bureau Citizenship Seminar.

Lynn Students Attend FB Seminar

"America is great because America is good, but when America ceases to be good, America will cease to be great."

This was stated by Cr. Ganus, President of Harding College in Arkansas, who was a key note speaker at the 1970 Texas Farm Bureau Citizenship Seminar held July 27 through Aug. 1.

Those chosen from this immediate area were: Kathy Caswell of Route 2, Tahoka, daughter of Mr. and Mrs. Noel Caswell, representing O'Donnell High School, and Barry Jaquess of Box 131, Tahoka, son of Mr. and Mrs. C.C. Jaquess, representing the Tahoka High School. These two students were chosen because of their outstanding contribution to the

citizenship and leadership in their communities and high schools.

While attending the seminar, these students were awakened to the many problems and controversial issues facing America today. Areas of the various lectures consisted of the promotion of Patriotism, ways to combat communism, and ways to discourage drug abuse.

These students are prepared and would like to have the opportunity to present programs to various schools, clubs, and organizations on the subjects discussed during the seminar.

Any such organization should get in touch with these people by writing to the addresses mentioned above.

DEATH TAXES - FEDERAL AND STATE

FEDERAL TAXES

When first enacted in 1916, the federal estate tax affected only families of great wealth. Since that time it has grown until it is now the most formidable claim against many estates.

The federal government approves, indeed encourages, proper tax planning and rewards with substantial savings those who act to minimize the tax. We all face income taxes annually; but estate taxes are faced after death by somebody else—a time everyone tends to regard as too remote for present consideration.

WHAT IS THE GROSS ESTATE?

The federal estate tax is imposed upon the decedent's property which is transferred to his beneficiaries. The tax is based on the fair market value of the estate at the time of death or, at the option of the taxpayer, the value one year

from the date of death.

The taxable estate includes insurance on the decedent's life in which he possessed any "incident" of ownership at the time of his death, and includes many things besides the property owned outright by the decedent (such as real estate,

This is a condensed version of one of 10 chapters of a 21-chapter book, "How To Live—and Die—With Texas Probate," copyrighted by the Gulf Publishing Company. These condensation in no way cover the whole volume, which can be purchased from your local bookstore or from Gulf Publishing Co., P. O. Box 2708, Houston 77001.

stocks, bonds, cash, and personal effects.)

It may even include property transferred by the owner during his life but in which he retained certain rights, the decedent's interest in property owned by him and others as joint tenants with rights of survivorship and certain property which the decedent held the right to direct the disposition of.

TAX RATES

The federal estate tax is a progressive tax much like the income tax. The rates increase with the value of the estate. The first \$60,000 of an estate is exempt from taxation. The rates start at 3 per cent for the next \$5,000, and may be as high as 77 per cent for very large estates. Moderate estates, such as the estate between \$100,000 and \$250,000, are taxed at about 30 per cent.

DEDUCTIONS

Funeral expenses, accountant's fees, attorney's fees, costs of property management, claims and debts against the estate, and so on may be deducted from the gross estate.

PAYING THE TAX

As a general rule, the estate tax must be paid in cash 15 months after the date of death. Under certain circumstances, the estate may obtain an extension of time within which to pay it.

The Internal Revenue Service can allow up to 10 years to pay the tax with 4 per cent interest if "hardship" would result from paying the tax in a single payment. In addition, a similar 10-year installment

payment is available if part of the estate includes an interest in a business with a few stockholders.

TEXAS TAXES

The Texas inheritance tax was enacted in 1907 and has not changed much since then. The rates are low and seldom is the tax a large liability.

The state government, like the federal government, encourages proper inheritance tax planning, and with a little planning the inheritance can be avoided altogether.

HOW THE TAX WORKS

The federal estate tax is imposed on the property a person owns at his death, but not the Texas inheritance tax. The inheritance tax is based on the value of the property a person gets from an estate.

A certain amount of property received by each person is exempt from the inheritance tax according to the degree of kinship between the deceased and the person inheriting it. For example, the first \$25,000

passing to a wife or child is exempt, with the next \$25,000 taxed at 1 per cent, the next \$50,000 taxed at 2 per cent and so on.

As the relation of the recipient to the decedent becomes more distant, the exemption diminishes and the tax rate increases. In the case of a friend, only the first \$500 is exempt, with the next \$10,000 taxed at 5 per cent, the next \$15,000 at 6 per cent and so on.

To arrive at the net value of property subject to the inheritance tax, the estate is allowed to deduct debts, attorney's fees, executor's fees, court costs, etc. The inheritance tax is due whether the person dies with or without a will and is payable within 15 months after the date of death.

DATE OF VALUE

Like the federal tax, all the inherited property may be valued at the time of death or, at the taxpayer's option, one year later and the tax may be paid on the lower value.

SUMMARY

Death and taxes are inevitable, but the federal and state governments encourage planning to avoid (not evade) death taxes. Financial rewards are ample to the family whose parents were wise enough to plan.

HOMINY GRITS

By CORNBALL BLEIVINS

THE GUY that coined the phrase "You can't take it with you," just hasn't traveled with my wife.

Because of this efficiency of hers, we, of course, always leave all the packing to her, when we take a trip.

BUT, LET IT not be said that we leave home, rather than we take the home with us, when we travel.--We never "travel light", just let the need arise for some special something and: "It's in such and such box, in the right rear of the trunk!"

I had put special air shocks on the rear of the car for our trip to the mountains, in the full assurance that it would carry the load we'd need.--But after we loaded?--Just call the car "old Squatty!"

EVIDENTLY, the male mind has no conception of the things necessary to the art of traveling, and "roughing it!"

Understand, I'm not being critical of the wife (even if I dared) but seems there ought to be a limit somewhere!--Shux, I even found my typewriter stowed in the trunk of the car!

So-o-o-o? Here I sit up in the cool pines of New Mexico, writing! I ought to be out on the river chasing those trout, along with the rest of the optimists.

Honestly, I bet'cha there ain't a trout out there that wouldn't qualify

as an expert on fishing tackle!--They've seen them all, and many times over!

REALLY, I came up here with the idea of doing, strictly, nothing.--Then awake to the fact that I don't know how!--It's a hard job.

Ran into an oddity, for this "Tourist taking" part of the country.--After I'd traveled over two hundred miles on the last tank of gas, I pulled into a station and told the Mexican attendant to "Fill'er up", (I knew I didn't need to head up into the hills without plenty of fuel.)

I WAS SURPRISED when he asked me for "three dollars, please."

"Golly, I'm getting 30 miles per gallon!" I thought.--However, when I got in the car and turned the switch on, my spirits fell. He hadn't filled the tank full! Guess he thought three dollars was all I had.

Anyway, it's nice and cool here, that's a change.--Especially, if you're just "Doing nothing"--But, SAY--!

A FELLOW JUST came by and said that the trout up the canyon are just standing on their tails and making faces at the anglers!--I'm gonna get my gear and go up there and show them who's who!

If there's anything I can't stand, it's a fresh fish!!(Wonder if the wife packed the fishing gear, too?)

Grassland News

E.A. RAWLINGS

The Grassland Hobby Club met on August 4, at 2:30 in the Methodist Annex with Bernice Gribble and Mary Craig as Hostesses. The meeting was called to order by Johnnie Frances, the president, Mrs. Naomi Norman being absent. Mrs. Erma Miller from Slaton demonstrated decoupage. Bernice Gribble presented some very beautiful pictures which Mother Gribble had kept for her children. Some of these pictures were from calendars dating back as far as the early 1900's. Bernice has found that this is a very effective way of preserving old pictures. Mrs. Mary Craig exhibited some very useful and attractive articles that she had made. There were four visitors, several ladies from Tahoka who are former Grassland residents were present and have become members of the club.

The Producers Coop had their Annual meeting on Thursday evening of last week. They served a fine meal and everyone seemed to have an enjoyable time. Roy Lamond was re-elected director and B.L. Thomas was elected as a new director. Reports were given and drawing for door prizes were held. Quite a number of people were the happy recipients of nice prizes.

The Teens Bible Quiz was held on Monday of last week at the home of Kelly and Joy Laws. Interest is growing each week in Bible Quizzing.

Mrs. Rawlings visited in the home of Mr. and Mrs. Jurd Young one day last week.

Mr. W.M. Davis is in Twin Cedar Nursing Home at Post. The report is that he is doing well.

We were glad to see Karen Webster and her son, Chad, back in the church services on Sunday. She is home with her parents, Kelly and Joy Laws for three weeks, while her husband, who is in the Navy, is out to sea.

Mr. and Mrs. W.G. McCleskey, Mrs. Lucy Cunningham and Mrs. Mary Craig went to Slaton on Sunday afternoon to attend the singing. They report having an

enjoyable time. Mr. and Mrs. W.M. Dubose from Brownfield visited with the C.O. McCleskeys on Thursday of last week.

Mr. and Mrs. C.O. McCleskey had dinner on Sunday with Mrs. McCleskey's parents, Mr. and Mrs. J.C. Allen of Lubbock.

Irwin and Lynne Young and children spent last weekend in Colorado.

Mr. and Mrs. Jurd Young had the following overnight visitors on Friday of last week: Mr. and Mrs. Homer Harrison of San Benito, Texas and Mrs. Maudie Dobbs of Post. Mr. Harrison is a teacher in San Benito.

Charlie and Vivian Craig report that they received one half inch of rain on Sunday evening.

Malinda and Mallisa Tatum of Post came home from church with the Jurd Youngs for Sunday dinner. Their mother, Mrs. Joy Tatum, came on Sunday afternoon and visited for awhile. Other visitors for dinner on Sunday were William and Ruth Young of Lubbock.

J.P. Morgan and two of his grandchildren did a neighborhood when they took Mr. and Mrs. Young a large muskmelon.

Jane Terry and her daughter Jana, visited with the Jurd Youngs on Monday afternoon. The Terry's are from Rt. 2, Post.

Hootenanny Is This Saturday

The regular monthly Hootenanny will be this Saturday, August 15, in the Tahoka Community Center beginning at 8 p.m.

Sponsor for this month will be Grassland Butane Inc. If you would like you may bring a freezer of ice cream to be sold, the profit will go for the Hootenanny that is held each month and the annual Christmas party for the musicians. Everyone is invited to attend.

HMC BILLY WALDRIP

Chief Waldrip Home On Leave

HMC Billy B. Waldrip, USN, his wife and two sons left Monday after visiting with his mother since Thursday. They are enroute to Philadelphia, Penn. where Bill will be stationed at the Naval Hospital as Coordinator and Instructor of Navy Corpman.

Chief Waldrip, a native of Tahoka, enlisted in the USN in 1952. He has seen service in Vietnam, spent two years in Okinawa and has just returned

from the Philippines, where he was Chief Petty Officer at San Miguel for two years. A Navy Communications Center, San Miguel is near Subic Bay and Clark Air Force Base. His family has been living there with him.

Bill is glad to be back in the states, and would have liked to have visited more with old friends had time permitted, and is looking forward to retirement in a couple of years.

Law And Order Resolution

WHEREAS, the people of the United States, in order to insure domestic Tranquility, and to secure the Blessing of Liberty to themselves and to their posterity did ordain and establish the Constitution of the United States of America; and

WHEREAS, under the guise of an increasing concern that the Blessings of Liberty might be assured for all citizens of the United States, certain courses of action bearing the misnomer of "civil disobedience"; and

WHEREAS, there is deep concern upon the part of the citizens of Lynn County, Texas about disrespect for law under the guise of so-called "civil disobedience" which can only mean, and by demonstration has asserted, disrespect for the rights and property and persons of others; and

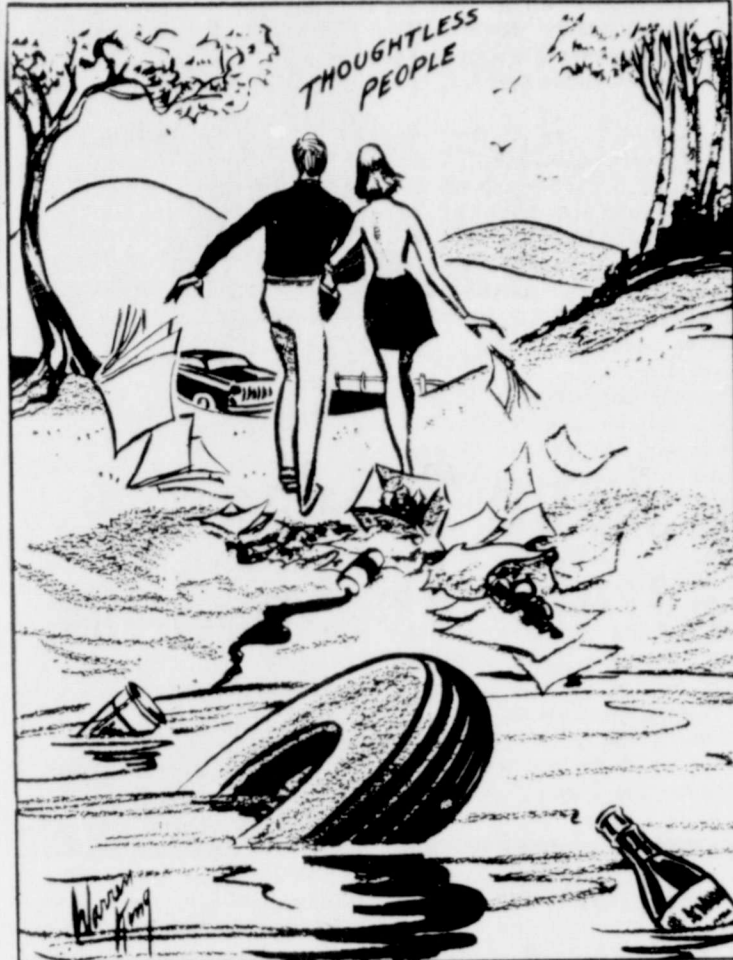

WHEREAS, it is a fundamental axiom that neither life nor living with others is possible outside of the law, and that without law no man can be assured of the fruits of his labors, but on the contrary, without law, brute force will prevail, the weak will be destroyed by the strong and the strong will ultimately destroy themselves in their struggles for ascendancy; and that without law there can be no real peace, privacy, protection of the person, or the protection of property, so that ultimately, without law, there can be no assurance of anything held dear to free men, and

WHEREAS, we take it to be fundamental that in order to enjoy the Blessings of Liberty to ourselves and to our posterity that there must be respect for, and compliance with, the laws of this great Nation, and that to permit any citizen or groups of citizens to resort to his own private concepts or opinions as superseding the law of the land will be inimical to domestic Tranquility as well as to the true Blessings of Liberty; and

WHEREAS, the closer we come to lawlessness the closer we come to anarchy and chaos;

NOW THEREFORE, we the undersigned Citizens of Lynn County, Texas: do hereby go on record as being opposed to the increased prevalence of disrespect for law throughout our land, and in favor of demanding attention to, and respect for the laws of our land and the strict enforcement thereof by all law enforcement agencies from the national level through the state level on down to the local level, and that copies of this Petition be given to the Attorney General of the United States the Attorney General of the State of Texas and the law enforcement agencies of Lynn County, Texas together with our assurance to them that we as citizens will exercise our every effort to assure each of such agencies that we will support their every effort to assure domestic Tranquility within the land, and that we oppose any dereliction of duty toward that end.

THE REAL POLLUTERS

LESS TALK—MORE ACTION!

All America seems to be on an ecology kick... and there are as many sources of pollution as there are people.

We have had an Earth Day. Good. Tons of flyers distributed to arouse the public add to the refuse heap!

TV grinds out spectaculars. Photo stories flood the press. Politicians call meetings... and also pass laws about it.

If words were capable of cleansing the air and water, we would have attained ecological purity months ago.

Action isn't quite that simple.

Industry and government are spending millions to clean up the environment... with billions more needed.

Who made it dirty in the first place? And who must pay for the cleaning?

The answer is simple: people.

If each one of us, every day, thinks about the problems of clean air and water and litter prevention, and do something about them, then we will begin to make progress.

Remember, we are the ones who can keep America beautiful—and it sure is worth trying!

"Progress" will be the watchword for South Plains fertilizer dealers who will be participating in the South Plains Development Program (SPD) Fertilizer Dealers' Symposium August 26 in Lubbock.

The symposium will be held at the Holiday Inn East and will get under way at 9:30 a.m. Theme of the morning session will be "Information for Progress" while the afternoon portion will be titled "Managing for Progress".

Fertilizer dealers play a vital role in the agricultural economy of the area and this symposium is planned specifically for them.

New ideas will be discussed and a jam-packed session will be held on "how to make more money in the fertilizer business through better management and improved customer-dealer relationship."

Discussions during the morning session will include "Organization and Function of the Texas Plant Food Educational Society (TPFES), Opportunities and Adjustments Facing the Fertilizer Dealer, Review of Soil Fertility Research, Fertilizer Research Now and in the Future and Fertilizer Application Equipment."

Guest speaker following the noon luncheon will be Dr. H.O. Kunkel, Dean of the College of Agriculture, Texas A & M University, and acting director of the Texas Agricultural Experiment Station.

THE PHILOSOPHER

A Bind

(Editor's note: The Sandhills Philosopher on his Johnson grass farm explains a complicated financial matter this week, approximately.)

Dear editor:
To get my mind off some first-of-the-month bills the other day I was resting and reading a newspaper under my favorite shade tree, the one that's lined up with two other trees so that when the sun moves the next tree picks up the shade, then the next, and I can stay in one place all afternoon without shifting positions--I know some people who are so poorly equipped to think ahead and so unaware of the laws of nature they go to sleep in the shade and wake up in the sun -- and ran across an article that sort of popped me up.

According to it, the head of a big financial conglomerate was explaining to his stockholders why the corporation was losing money and getting further and further into debt. "We are experiencing a negative cash flow," he said.

What this means, the writer of the article explained, was that the com-

pany was paying out more than it was taking in. In other words, he added, it couldn't make ends meet.

I prefer the company's explanation.

The trouble with this Johnson grass farm, for example, sounds a lot better when I say it's experiencing a negative cash flow rather than saying it's losing money.

Washington, for another example, would sound more comforting if it'd report a negative cash flow instead of a 3-billion-dollar budget deficit.

The trouble with a lot of people's financial situation these days is not inflation, rising costs of everything, higher taxes or over-spending, it's just that when they get to the end of the month they find their household is experiencing a negative cash flow.

What everybody needs is a positive cash flow.
I'm glad to get this cleared up.
Yours faithfully,
J.A.

NUMBER SIX ON THE BALLOT (SJR32)
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51, Article XVI, Constitution of the State of Texas be amended to read as follows:

"Section 51. The homestead, not in a town or city, shall consist of not more than two hundred acres of land, which may be in one or more parcels, with the improvements thereon; the homestead in a city, town or village, shall consist of lot or lots, not to exceed in value Ten Thousand Dollars, at the time of their designation as the homestead, without reference to the value of any improvements thereon; provided, that the same shall be used for the purposes of a home, or as a place to exercise the calling or business of the head of a family; provided also, that any temporary renting of the homestead shall not change the character of the same, when no other homestead has been acquired."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment increasing the value of the homestead which is exempt from forced sale."

General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows:

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members.

"(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature.

"B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or it finally reject the

General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-d, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 1-d. The Legislature shall have the power to provide by law for the establishment of a uniform method of assessment of ranch, farm and forest lands, which shall be based upon the capability of such lands to support the raising of livestock and/or to produce farm and forest crops rather than upon the value of such lands and the crop growing thereon."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition:

"The constitutional amendment to authorize the Legislature to provide by law for the establishment of a uniform method of assessment of ranch, farm and forest lands, which shall be based upon the capability of such lands to support the raising of livestock and/or to produce farm and forest crops."

Proposed CONSTITUTIONAL AMENDMENT

NUMBER FOUR ON THE BALLOT (HJR15)
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 51-b, Subsection (a), Constitution of the State of Texas, be amended to read as follows:

"(a) The State Building Commission is created and succeeds to the powers and duties heretofore vested in the agency of the same name by this Constitution and to the powers and duties the Legislature has vested or may vest in the Commission. Its membership shall consist of three Texas citizens appointed by the Governor with the advice and consent of the Senate. The term of each member shall be six years except in the first appointments to the Commission the Governor shall appoint one member for two years, one for four years, one for six years, and thereafter one member biennially. The Governor shall biennially designate one member as Chairman. Vacancies in the Commission shall be filled by appointment by the Governor for the unexpired term. The provisions of this paragraph shall be self-enacting."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment reconstituting the State Building Commission as a three-member appointive commission."

Past Days In Lynn County

Copied from August 24, 1933
The local N.R.A. organization of business men changed the hours of opening and closing their stores Tuesday afternoon when the matter came up for discussion at a meeting of the body held in the county court room.

By a majority vote it was decided to open five days in the week at 7:30 a.m. and close at 7 p.m. and to open on Saturday at 7:30 a.m. and close at 10 p.m.

A communication was read by G.M. Reid from General Hugh S. Johnson addressed to the post master, urging that the businessmen proceed to perfect their organization and to procure the signatures of any who may not have signed.

At the request of Judge B.P. Maddox and Miss El Fleda Harrison steps were taken to arrange for a county canning unit to be established here and a committee for that purpose was appointed by acting chairman J.K. Applewhite. The committee named consists of E.H. Boulton, chairman, Al Lehman and E.L. Hill.

New stores of goods have arrived and are being placed on the shelves in the old Bra-shar building on Main street, preparatory to the opening of a new store by the Cobb brothers of Brownfield. The store will open on or immediately after September 1.

Joe Cobb will be the manager of the new store, it is said, while Mrs. A.Z. Jackson, who resided in Tahoka a number of years and who is well known here, will be one of the sales-ladies. G.H. Neill of Brownfield will also probably be connected with the store here.

Complimenting her cousin, Miss Janet Akin of San Angelo, Miss Martha Helen Powell entertained with a party and dance at the hostesses' home. Refreshments of lovely punch and cookies were served to the following guests: Misses Mary Jane Weathers, Mavis Brasfield, Gannell Tate, Marine Jones, Lu Massengale, Lottie Jo Townes, Luda Strasser, Lucille Edwards; Messrs Billy Clinton, Robert Grubb, A.R. Milliken, Charles Townes, Tom Cloe, Rutledge, Dorsey Allison, James Applewhite, Jack Speight, Guy Bulman, Gordon Suits, A.G. Cook, J.D. Smith, and Nathan Wooley.

The showery weather which set in about the middle of the month has continued to the end of the month. The total rainfall in Tahoka since our report

last week has amounted to 1.04 inches, bringing the total for the month up to 3.75.

The amount of rainfall has varied greatly in different localities, however. In the northern part of the county, covering the New Home, Lakeview, and other communities a heavy rain fell Saturday afternoon. New Home residents report a two inch rain there while some residents of Lakeview declare that as much as seven or eight inches fell in that locality, and that lakes are fuller with water than they have been in years.

The entire county has received sufficient rainfall to insure excellent crops of cotton and feed, unless worms damage them or some other calamity befall them. The continued showery weather, however will delay the opening of the cotton.

The members of the Farmers Co-operative Gin Society No. 1 and their families enjoyed a picnic on the gin property here Friday afternoon.

The feast consisted of barbecued meat, pickles, onions, pies, cakes, etc., and the feast was served by Mmes. Cooper, Emanuel, McCork, Donaldson, Pitts, and Cobb.

A program of music on stringed instruments was furnished by Mr. Allen and son and Mr. Morris. An address was made by John Heck of Wilson and short talks were also made by Jack Edwards and Judge G.E. Lockhart. A reading was given by Miss Pearl D. Rogers.

About four hundred persons were present to enjoy the feast, the music and the festivities, according to Claude Donaldson, and all pronounced it a most enjoyable occasion.

J.H. Cornelius, formerly of Lamesa, announces that he will open a new market Saturday at the former Park's Market place next door to the News office.

Mr. Cornelius has been in the market business in Lamesa the past thirteen years and is thoroughly conversant with every phase of the market business.

A beautiful home wedding was consummated here at 2 o'clock Wednesday afternoon when Miss Frances Dude McCoy became the bride of Wade A. Holland, the ceremony being performed at the residence of the bride's parents, Dr. and Mrs. J.H. McCoy. The ring ceremony was used and Rev. H.C. Smith, pastor of the Methodist Church officiated. Miss Beverly Wells was the only attendant. Only immediate members of the family were present: Dr. and Mrs. McCoy, Mr. and Mrs. W.J.

Gallagher, Mr. and Mrs. J.S. Wells, and Miss Beverly Wells of Lamesa.

The bride wore a navy blue and white crepe suit completed with many accessories.

The bride is the daughter of Dr. and Mrs. J.H. McCoy and the granddaughter of Mr. and Mrs. J.S. Wells, pioneer residents of Tahoka. She has spent much of her life here and is a graduate of the Tahoka High School.

The groom's parents reside near Southland but he has been a resident of this city several months, being a brother of Bill Holland.

Both bride and groom are popular and have many friends here who are showering them with good wishes.

Mr. and Mrs. Holland will be at home in Southland after Sept. 4.

On Tuesday of this week Mr. and Mrs. F.M. Sherrod celebrated their golden wedding anniversary and were recipients of many handsome and valuable gifts. There were many callers during the day to congratulate them upon the happy event, and a great feast was enjoyed at the noon hour. A detailed report of the affair will appear in this paper next week.

J.W. Jaquess Services Held

Services for Joseph W. Jaquess, 89, of Tahoka were held at 2 p.m. Thursday, Aug. 6, in the White Funeral Home Chapel with the Rev. Elmer Tyler, pastor of the Tahoka Assembly of God Church, officiating. Burial was in the Tahoka Cemetery.

Jaquess was born Jan. 5, 1881 in Cookeville, Tenn. He moved to Tahoka in 1927 from Portales, N.M. helped construct Tahoka High School. For several years he worked for the school and put in a school lunch and supply store. He operated this business until his retirement a few years ago. He was a member of the First Christian Church and the Odd Fellows Lodge of Tahoka.

He and Onie Peak were married in 1907 in New Goree and she died in 1934. Jaquess died Aug. 2, 1970 in the Grace Community Hospital in Baldwin, Calif., following a lengthy illness.

Survivors include a son, Carl Jaquess of Baldwin, three grandchildren and three great-grandchildren. Pallbearers were members of the Tahoka Odd Fellows Lodge.

Legislation for Medicare and Medicaid was approved after the universities and professional schools now train people for work in the field of gerontology, the study of the science of aging, she said.

"After the November, 1971, Conference and during the 1972, the plan of action for the whole 70's decade will be pursued," Miss Bell said. "And, if the Conference goals are achieved,

Senior Citizens Are Increasing

The ranks of American Senior Citizens, those 65 years of age or older, are increasing at a rate of approximately 330,000 a year, to 900 each day.

By 1971, more than 70 percent of the 65-plus age group will have joined the group within the previous 10 years, Miss Minnie E. Bell, Texas A&M University Extension family life education specialist, said. "One in every 10 Americans has reached or passed his 65th birthday," she said. "And there are about 20,000,000 older Americans in our population."

Texas' older persons percentage is less than the 10 percent national average, she noted adding that Lynn County has 8 percent of its total population in the Senior Citizen Group. "The President has called a White House Conference on Aging to be held in Washington D.C. the week of November 28, 1971," Miss Bell said. "This is the second conference on aging, with the first held in 1961."

"The goal is to bring into being a more realistic and more comprehensive national policy for older Americans."

Real progress has been made since the 1961 Conference, but with changes coming so rapidly, another White House Conference on Aging was deemed necessary, Miss Bell noted. It begins with Community Forums during the week of September 20-29, 1970, where Senior Citizens will discuss their major needs, she said.

"Reports of the Forums will reach the State 'White House Conference' to be held in the early part of 1971," Miss Bell said. "Then in November of the same year, the National Conference will be held."

The 1961 Conference was very productive, and a new awareness of older people and their needs was brought about, Miss Bell said. Government at all levels geared themselves to better meet their obligations to older people, and the Administration on Aging was set up by Congress in the Federal Government to check on older persons' interests, she noted.

"Nearly every state has a unit on aging," Miss Bell said. "In Texas, it is the Governor's Committee on Aging. Two hundred and seven counties in Texas have active committees on Aging."

Legislation for Medicare and Medicaid was approved after the universities and professional schools now train people for work in the field of gerontology, the study of the science of aging, she said.

"After the November, 1971, Conference and during the 1972, the plan of action for the whole 70's decade will be pursued," Miss Bell said. "And, if the Conference goals are achieved,

a new national policy on aging will have been developed by the end of the decade."

Mrs. J.H. Lambright, Route 2, Slaton will serve as Lynn County Forum Coordinator.

Billie White Attends Workshop

Mrs. Billie White, Coordinator for Distributive Education in the local schools, has returned from a 10 day workshop held in Austin and she will be interviewing prospective training stations and interested students during the next two weeks.

Distributive Education is a vocational training program for people who work in the retail, wholesale, and service-selling fields.

It is a program that is of a cooperative nature between the education and business communities. The school provides the academic part of the training and local businesses pro-

vide on the job experience.

Distributive Education is not a program for the disadvantaged or non-college student. It is designed for any student interested in learning a business. It may be used as a training program for the non-college bound, or as a high school background for a college degree in marketing, finance and/or business.

There are advantages and benefits to students and the employers through Distributive Education. These will be outlined and explained in personal conferences and visits by the local coordinator.

SOIL CONSERVATION NEWS

BY Richard Christie

The Soil Conservation Service is a great help to Lynn County, but we don't help assist the people in Lynn County. We are in Lynn County to assist the Lynn County Soil Conservation District. The cooperative agreement between farmers of the county and the district make the services of the Soil Conservation Service available to the farmer free of charge. The SCS has an agreement of understanding with the Lynn County Soil Conservation District. Therefore, the services of the Soil Conservation Service are available to the cooperators of the District.

The Soil Conservation District is a sub-division of the State Government. It is a local district and has a board of supervisors made up of local land owners. The Lynn County District is made up of 5 zones and supervisors are elected from each zone. Lit H. Moore is the supervisor from New Home. Wilson's supervisor is Jiggs Swann. Boyd Barnes is the supervisor from Draw-Grassland area. The supervisor from Wells is Howard Moore and Elmer Owen is the supervisor from Tahoka area. These men give the time to directing and carrying out an overall conservation program for Lynn County. And we of the Lynn County Soil Conservation Service Office are in the county to assist the district in their work.

As we do this we help the cooperators of the District develop and carry out conservation plans. Therefore, we are available free of charge to the people of Lynn County to look at land and people's problems with soil and water. I'm doing this job we help them develop a plan for their farm. This

plan is of no benefit to the Soil Conservation Service because we don't own or operate any land but it is a great help to land owners and operators. To get this help all farmers have to do is ask for it. It can be all or any part of his land, even one small field.

There is no obligation on the farmers part to the Soil Conservation Service. This part of our work is completely different from the Great Plains Conservation Program. Many people of Lynn County do not know our services are available with no obligation to them.

Many farmers have become cooperators with the district late ly. Marlin Hawthorne and J.W. Roper have recently become cooperators. Last year there were 39 new cooperators with the District. Some of them were Wendell Morrow, Charles Schneider, W.O. Scott, E.M. Hammonds, Harvey Freeman, V.P. Carter, Carl Armes, Billy Weaver, E.A. Howle, E.D. Patterson and J.E. Nance, Jr. If you wish to have the assistance of the Soil Conservation Service, come by our office just across the street from Tahoka Cafeteria.

LETTER TO EDITOR

Dear Johnny Valentine, I was driving down the Lubbock highway Sunday when my car got hot, because it was out of water.

Well, four young men from Tahoka stopped and helped me. I forgot to ask their names but I do know they were college boys. I wanted to tell them how much I appreciated their help. It's good to know there still are so many fine American boys left.

Sincerely, Bobbie Stone, Lamesa, Texas

Highlights AND Sidelights

TEXAS PRESS ASSOCIATION

Soaring state budget requests led the Legislative Budget Board to urge all agencies to hold spending in 1972-73 to essentials.

Lt. Gov. Ben Barnes, Board chairman, sounded the warning that a "critical financial condition" looms which demands "economy-minded" government.

In a letter directed to state agencies, Board advises that they submit suggestions at an early date on where fat can be trimmed from their appropriations requests.

"Reluctant" fat trimmers should be invited back for a second hearing before the Board, Barnes said.

Requests already submitted reportedly exceed the expected income for the 1972-73 biennium by more than \$1 billion.

Estimates of the amount of the 1971 tax bill which will be needed to support adequate services for state agencies in the face of expanding demands still range from \$350 to \$700 million.

Some ranking legislators fear a revenue bill of that magnitude will be virtually impossible to pass in view of the fact that lawmakers voted \$350 million in new taxes only last year.

Budget Board's recommendations on spending usually are more conservative than those finally adopted by Legislature. However, they serve as take-off points for the House Appropriations Committee and Senate Finance Committee deliberations.

AUTO INSURANCE DELAY. Texas motorists got a hint of good news: they may escape a raise in auto insurance premiums altogether this year. Charles D. Mathews, a member of the State Board of Insurance, raised hopes of that in testimony before the interim Senate committee studying rates.

Mathews also predicted the Insurance Board will come up with a rate formula that includes company income from investments, a longstanding point of debate.

"I think the companies may be sorely disappointed in the Board," said Mathews. "We may not get around to an auto rate adjustment in 1970. There are just so many hours in a day."

Company spokesmen earlier indicated they were hoping for a 15 to 20 percent rate hike this year. A delay in Insurance Board hearing dates made

postponement of any increases until after November 1 virtually inevitable. A 9.9 per cent hike was granted last year.

Critics of a further increase told the Senate Committee that rates went up twice as high as the general cost of living in the last decade. Some recommended group coverage on auto insurance.

WELFARE OVERHAUL PROPOSED. Senate Welfare Reform Committee has recommended a sweeping overhaul of the system, including placing responsibility for Public Welfare Department administration in the hands of the governor.

At the same time, Committee endorsed a proposal that Welfare Department electronic data processing equipment be totally updated under a private contract to save manpower, time, and money.

Study panel proposed abolishing the Texas State Board of Public Welfare and substituting an advisory panel to the governor. Also the name of the agency would be changed to Department of Human Resources under Committee recommendations to be submitted to the Legislature next January.

Computer experts estimated new electronic data processing equipment could save the state an addition of 2,600 people in the Welfare Department at a cost of \$8.5 million a year.

In the second day of hearings, Committee was told that administrative costs alone of the Medicaid Program were \$11.6 million in Texas during less than three years. Committee recommended an "experienced executive having an insurance background" be employed to coordinate Medicaid functions now scattered among several branches of the Welfare agency.

SPECIAL OIL MEETING ORDERED. World oil crisis and Hurricane Cella prompted a special meeting of the Railroad Commission this week (Aug. 10) to reassess August oil allowable.

Commission earlier had set the market demand factor at 62.9 percent for August, which would produce about 3,220,518 barrels of oil daily.

Since that action, Commission Chairman, Ben Ramsey, said some companies have indicated a desire to buy additional Texas crude. On the other hand, said Ramsey, Hurricane Cella complicated movements of crude from South Texas and some West Texas fields of tidewater.

Commission invited crude purchasers and transportation executives to its Monday (Aug. 10) meeting "to assess effects of Hurricane Cella on the movement of crude, as well as the logistical problems of moving crude from other Texas areas to Gulf Coast and to markets elsewhere."

Closing of Tappan, a major oil line from the Middle east to the Mediterranean, plus high tanker rates for transporting oil around the southern tip of Africa to Western European and East Coast markets substantially raised the need for Texas crude, Ramsey noted.

LAND RECOVERY SOUGHT. School Land Board requested Atty. Gen. Crawford C. Martin to see if a lawsuit is feasible to recover state land from the Calhoun County Navigation District.

Land Commissioner Jerry Sadler estimated that the district bought for \$1 an acre as much as 20,000 acres in state land it doesn't need for its functions as a navigation district.

Some of the land was sold to private developers, including the Key Allegro subdivision near Rockport, and is valued at \$33,098 an acre now.

Land Board also agreed to recommend that the law be changed to limit the amount of state land available to navigation districts at \$1 an acre. Legislature in 1969 voted a temporary stop in transactions pending a study. About 16 districts have purchased 130,000 acres of school land in bays for \$1 an acre. A lot of that went to the Calhoun district.

TEXAS CHALLENGES 18-YEAR-OLD VOTE. Though Texas will begin registering 18-year-olds in October Attorney General Martin is challenging the constitutionality of the congressional act which extends the vote to youngsters.

Texas became the second state to challenge the new federal law. Oregon was first (decided by the flip of a coin in the court clerk's office).

State's complaint notes that the U.S. Constitution gives the states power to set qualifications for voting and that 45 others besides Texas now set 21 as the minimum qualifying age. Present states' limitation is reasonable exercise of constitutional power - granted power, Martin maintains.

APPOINTMENTS. Gov. Preston Smith reappointed Carlton Farris of McAllen and A.M. Hervey of San Benito to the Board of Directors of Rio Grande Valley Pollution Control Authority.

Ervin D. Butler of San Angelo is new community action specialist in Texas Office of Economic Opportunity.

Denny F. Pace, former faculty member at Kent State University, Ohio, will serve as a program coordinator of Texas Criminal Justice Council.

SHORT SNORTS. Attorney General Martin is asking district judge to remove a temporary restraining order (or modify it) preventing the Liquor Control Board enforcing tough private club rules while the case testing regulation is on appeal.

Lease sale brought the permanent school fund nearly \$2.5 million, according to Land Commissioner Sadler.

Texas turkey growers voted to assess themselves for a fund for research and promotion of turkeys.

District attorney in counties having separate county attorneys is not designated as a prosecuting attorney, according to a new attorney general opinion.

Revenue from cigarette smoking increased \$4 million last month over July 1969 (\$16.4 million as compared with \$12.2 million).

Linda Huffaker, CHD Agent, Says.....

Picnics and cookouts are delightful ways to eat summer meals. But summertime calls for extra attention to keep foods safe to eat. Poor food-handling practices in the home any time of the year can often cause illness in the family. Higher temperatures in summertime should be taken into account when storing, preparing, cooking and serving all foods.

You just can't beat cold cuts for variety, convenience, downright goodness or price. Cold cuts are all meat, neatly sliced and packaged and ready to serve for easy, inviting summer meals.

Since cold cuts are completely edible, except perhaps the casing on some, there is no waste and no bother with trimmings. Some varieties show a rather high cost per pound, but this is not a true guide as to the cost per serving.

The outdoor cooking season is also in full swing and as long as this continues, forequarter beef cuts will be the better buys. In general, look for the best beef values on chuck roasts and steaks, ground beef, short ribs and round steaks and roasts.

Retail pork prices are unchanged for the past three weeks but are higher than last Spring. Best pork values generally are found on shoulder roasts and steaks, picnics, hams, end-cut loin roasts and chops and pork liver.

Fryers are an excellent protein food choice, price-wise, and quality of birds couldn't be better. Egg supplies are ample with medium size eggs being featured at very attractive prices in some stores.

A number of fruit are in moderately heavy supply, and early varieties of apples have been steadily increasing. This is the time for an old-fashioned green apple pie.

Cantaloupe prices remain at attractive levels and their quality is excellent. Peaches, nectarines, grapes, plums, bananas, cherries, watermelons and pine apples are reasonable and quality is good.

Fresh vegetable items in good supply at the most economical prices include eggplant, potatoes, head lettuce, celery, cabbage, carrots, dry yellow and red onions, summer squash, sweet corn, cucumbers, and green bell peppers.

RECIPE OF THE WEEK
Oven Easy Chicken
1 2 1/2 to 3 lb. ready-to-cook broiler-fryer cut up
1/4 cup butter or margarine
Seasoned flour (see below)

Coat chicken this way: Combine in paper bag, flour and seasonings (for every 2 lbs. of chicken, allow 1/4 cup of flour, 1 teaspoon paprika, 3/4 teaspoon salt, 1/8 teaspoon pepper). Add chicken, 2 or 3 pieces at a time, and shake. (If there's time, let dry on rack 1/2 hour.) Corn meal or packages cracker crumbs may be used for part of flour. Or pieces of chicken may be dipped into egg beaten with 2 teaspoons water, then coated with flour mixture.

Start heating oven to 425 degrees F. Melt butter in shallow roasting pan in oven. Remove pan from oven. Arrange the coated chicken pieces in pan in single layer, with skin sides down. Bake 30 minutes. Turn chicken and continue baking for 15 minutes, or until brown and tender. Makes 3 or 4 servings.

French Fried Onion Rings
4 large onions
2/3 cup milk
1/2 cup flour
shortening for frying
Cut cleaned onions into 1/2 inch slices and separate into rings. Soak onion rings in milk 10 to 15 minutes. Dredge rings in flour, then fry in deep fat heated to 365 degree F, a few at a time, until well browned (about 2 to 3 minutes). Drain on paper toweling. Season and serve immediately.

Services For Former Resident

Graveside services for Susie Carmack Prater, 80, were held at 3 p.m. Wednesday, Aug. 12, in the Tahoka Cemetery under the direction of White Funeral Home.

Celia Victims Funds Needed

Hurricane Cella struck the Texas Gulf Coast Tuesday, August 4 at about 5:00 p.m., with battering rains and winds traveling at a reported 161 miles per hour. It left Corpus Christi with damage of some type to almost every building in the city, and devastating destruction to the outlying towns of Aransas Pass, Rockport, Taft and Ingleside.

A complete shutoff of power facilities has caused not only a communication problem, with outside contact limited to a few hand-operated radios, but also a severe water supply problem. Neighboring disaster agencies have been asked to speed emergency replacements to the area.

Red Cross has operating thirty emergency shelters at Corpus Christi and eleven shelter sites scattered throughout the area from San Antonio to Laredo. More than 30,000 persons so far have received emergency assistance in the form of food, clothing, temporary housing, and medical care at Red Cross emergency shelters. In addition to ten truck loads of cots and blankets rushed from Red Cross emergency shelters. In Cross stockpiles to the coastal area, the U.S. Army sent out this morning, at the request of Tedd Cross, ten field kitchens from Ft. Sam Houston to help handle the feeding of victims.

Anyone wishing to contribute to disaster victims may make checks payable to the American Red Cross and give them to C.W. Roberts, Secretary-Treasurer of the Lynn County A.R.C. Chapter.

Chevrolet introduces
Sprightly Vega Hatchback Coupe

This distinctive four-passenger coupe model of Chevrolet's new 1971 Vega 2300 economy car has a wide combination rear window and rear deck that swings up for easy access to the rear compartment and a fold down rear seat for extra cargo room. This is one of four Vega models. Vega's individual styling will be continued for at least four years. Roomier and better handling than usual economy cars, Vega has a new, domestic-built lightweight overhead cam engine to fill performance needs of American drivers. It gives impressive fuel economy and low emissions. Among "firsts" in economy cars are Vega's power-flow interior ventilation, comfortable molded foam seats and steel side-guard beams in the doors. Vega models go on sale in Chevrolet dealerships on Thursday, September 10.

YOLANDA CHAPA
...RECEIVES SCHOLARSHIP

Yolanda Chapa Receives Scholarship

This week Yolanda Chapa was notified that she has been selected as the recipient of the C.J. Davidson Scholarship from Area Two Future Homemakers of America. The scholarship is provided for outstanding Future Homemakers who have chosen to major in home economics. The selection is based on the student's achievements, her contributions to her home, community and school as well as her need.

The scholarship provides \$400 per semester for eight semesters, which is a total of \$3200. over a period of four years. Yolanda served as president of the Tahoka Chapter of Future Homemakers for the past year. She holds the Junior, Chapter and State Degrees of Achievement in FHA. As a member of National Honor So-

ciety and Who's Who, Yolanda was outstanding in high school. This fall Yolanda will be enrolled in the school of home economics at Texas Tech University.

Summer Reading Program Ends

The Texas Summer Reading Program sponsored by the Tahoka Chapter of Future Homemakers of America will end this week.

Many boys and girls have taken advantage of the books available in the City-County Library to keep up their reading skills and interests this summer.

Students who have read twelve books from the library will be awarded a certificate of recognition from the State Library. These certificates will be presented at school.

Those who lack only one book having finished the quota will be given an additional week in which to complete the twelve books.

THE FAMILY LAWYER

Lipstick: A Job Hazard

Near the end of her lunch hour, a stenographer sat down in the company lounge to put on lipstick. But she lost her balance and fell, suffering a back injury. Could she collect workmen's compensation?

The company insisted that the girl was not entitled to compensation because she was not "on the job" when hurt. Nevertheless, a court upheld her claim.

"Applying cosmetics was not an abandonment of her employment," said the judge. "It added to her comfort and self-esteem, and thereby permitted her to more efficiently concentrate upon her duties."

Generally speaking, workmen's compensation covers injuries that occur not only during the work itself but also during other activities closely related to the job. For example, it applies while an employee is getting a drink of water or going to the lavatory.

In fact, workmen's compensation may apply even before the day's work has begun. Take this case:

A hotel waitress, arriving early, headed first for the powder room to change into working shoes. On the way, she slipped and broke her arm. Even though she had not yet been on the job, she was held entitled to workmen's compensation—because changing here shoes was so closely related to her work.

However, the law usually will not approve a compensation claim if the victim's activity was in violation of company rules and regulations.

In another case, a bakery worker was injured while trying to force open a tight window. He claimed later that the room had been stuffy, and that he needed some fresh air to help him work better.

However, there happened to be a company rule against anyone opening windows without the permission of the foreman. Accordingly, a court ruled that the claimant was not entitled to compensation. The court said he could not logically be considered "on the job" while doing something that his employer had specifically forbidden.
