Pro's And Con's Of Amendments To Be Voted On

The following information is compiled as a service to our readers to help them better understand how to vote on the proposed amendments.

NO. 1 ON THE BALLOT:
 "The constitutional amendment to create a State Ethics Commission empowered to set rules of ethics for members of the Legislature, state officers and legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the lieutenant governor and recommend improvements and economy in the legislative process."
 This amendment to Article I, Section 24 of the Texas Constitution would set up a member Ethics Commission appointed by certain judges of high state courts. The commission would set salaries of members of the Legislature, and would decide on rules of ethics for all office holders in the state government. The rules would take effect unless disapproved by the house of the legislature. Both houses would have to approve any changes in pay. All legislators would have to give a complete financial statement to the Commission, but these statements would not be made public. The Commission would investigate and report to the appropriate agency any alleged violations of the rules.

THOSE WHO FAVOR THIS AMENDMENT SAY:
 The proposed Ethics Commission would be appointed by judges of the two highest courts in Texas and by the State Judicial Qualifications Commission. This would assure a body free from political and able to be impartial in setting salaries and rules of conduct.
 The Commission would have time to conduct a careful and thorough study of the questions of rules of ethics and salaries for state officials, hearing arguments on all sides.
 A code of ethics to guide all state officials would be a step toward restoring faith in state government.
 The rule that all state officials must report their finances would provide a check on conflicts of interest or questionable acts.
 Present salaries should be raised. Low salaries increase the temptation for a legislator to accept outside help, making him less independent in his actions as lawmaker.
THOSE WHO OPPOSE THIS AMENDMENT SAY:
 There is no need to change the constitution to establish a code of ethics. The legislature could do it by passing a law.
 The members of the Ethics Commission are to be named by the judicial branch of government to regulate the legislative branch. This would violate the provisions for separation of powers.
 This amendment does not provide guidelines for judging conduct, conflicts of interest or for setting punishment for violations. Also, it does not provide for limits on the legislators' individual expense accounts.
 The financial statement would be privileged information and not available to the public.
 The citizen would have no control over the members of the proposed Commission.
 A pay raise for legislators would require more taxes.
 This amendment is an attempt to get pay raises for legislators without going to the voters. Legislators' pay should be set by the legislators themselves, with the approval of the voters.

NO. 2 ON THE BALLOT: "The constitutional amendment providing that the legislature may propose an amendment of the constitution at any session of

the legislature."
 This amendment to Article XVII, Section 1, of the Texas Constitution would allow the legislature to propose amendments to the constitution at special sessions as well as at regular sessions.
THOSE IN FAVOR OF THIS AMENDMENT SAY:
 This amendment would permit the legislature to act in case of emergencies that might arise between sessions.
 The Texas Constitution is so detailed that emergencies are likely to occur, and the legislature needs this tool to deal with them.
THOSE OPPOSED TO THIS AMENDMENT SAY:
 Amendments that had been voted down in one election could be submitted again and again, forcing additional statewide elections at tremendous cost.
 This amendment might postpone badly needed revision of the Texas Constitution.
NO. 3 ON THE BALLOT: "The constitutional amendment removing the limitation on the total state appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total state appropriations during any fiscal year for assistance grants for needy dependent children and their caretakers."
 This amendment to Article III, Section 51-a of the Texas Constitution takes away the ceiling on total state spending for welfare grants to the aged, the disabled, and the blind, and sets a new ceiling (\$55 million) on state spending for grants to needy children and their caretakers.
THOSE WHO FAVOR THIS AMENDMENT SAY:
 This amendment would remove the inflexible limitations which have caused welfare crises in Texas in the past.
 If this amendment is not passed, there will have to be drastic cuts in all welfare payments in September, 1971. This would leave no provision for helping thousands of people who have little or no other means of subsistence.
 Even if the welfare system is expected to be changed in the future, the state must be able to give adequate support to its needy until changes are made.
 75 percent of welfare payments now go to the needy aged, blind, and disabled. This amendment would allow the legislature to continue to meet their needs.
 The suggested ceiling on aid to dependent children would allow payments at present levels (6 of estimated need) for the next two years.
THOSE WHO OPPOSE THIS AMENDMENT SAY:
 There should be a ceiling on welfare spending in the constitution so that costs of these programs cannot rise too high.
 The whole welfare system needs to be changed, and this amendment would only postpone complete revision.
 This amendment would allow welfare payments to rise, with ever-increasing tax burdens on the citizens of Texas.
 It is unnecessary to put more money into welfare because some welfare costs could be reduced by reforms. For instance, there could be more stringent application of existing rules to remove the undeserving from the rolls.
 Rulings by federal courts have forced the states to put more people on the welfare rolls, so the federal government should pay more of the costs. This amendment would then be unnecessary.
NO. 4 ON THE BALLOT: "The constitutional amendment to authorize the issuance of One Hundred Million Dollars

Postage Rates To Increase Sunday

Although postage for first class letter will increase to 8-cents on May 16th, Postmaster Charles Townes today reminded local citizens that the new rate will still be cheaper than postage rates were almost 125-years ago.
 According to Postmaster Townes, the first general issuance of postage stamps by the Post Office Department was authorized by Congress in March of 1847. He described the step as "one of the most important single improvements in the history of the American postal system."
 The series consisted of a five-cent and a ten-cent denomination. At that time, the regular non-local postage rate was 5 cents a half ounce for mail traveling a distance under 300 miles and 10 cents a half ounce if over 300 miles.
 During this period, an average letter weighing one-half of an ounce cost 10 cents to be sent from New York City to San Francisco. In comparison, the imminent first-class postage increase from 6 to 8 cents will still be 20 percent cheaper than before the Civil War.
 "The comparison has more significance when consideration is given to the of living patterns, transportation modes, communications systems, and other factors which have changed during this 125-year period," Postmaster Townes said.
 "Nevertheless," he added, "when one turns to more recent history, first-class postage has always been one of the best buys for the money."
 "For example," he said: "The cost of mailing a first-class letter in 1932 was only 3 cents. When the new rate is effective, it will mean that first-class postage has increased by 166 percent."
 "Yet," Postmaster Townes continued, "if postal prices had risen at the same rate as retail prices since 1932, it would cost about 9 cents today—not 8 cents—to send a first-class letter."
 During the same 39-year-period, wholesale prices have increased by 230 percent and the average pay of manufacturing workers has gone up by 670 percent.
 "Despite the great distances many letters must travel in the United States," Postmaster Townes said, "our postal rates are still lower than in most other major countries, particularly when based on ability to pay."
 When the proposed stamp rate is related to average hourly earnings, the impact of the 2-cent increase in first-class postage on the family or individual will be minimal.
 The increase will only add \$1.04 annually to the household which mails only one letter a week. To the family mailing five letters a week, the increase will amount to \$5.20 each year.
 Labor statistics reflect that the average American worker earns the price of an 8-cent stamp in only 1.4 minutes. It takes the average West German worker 3.1 minutes to earn letter postage while it takes the British worker 3.7 minutes, and the French worker 6.4 minutes.
 In addition to being informed about the history of postal rates, Postmaster Townes is convinced that, "considering all factors, first-class postage continues to be one of the best and most economical products in America today."
 Beginning next Sunday, May 16, the following postage rates will go into effect:
 1. First-class Mail. The first-class rate is increased to 8 cents per ounce or fraction for pieces weighing 12 ounces or less. Pieces weighing over 12 ounces are subject to the priority mail (zone) rates. Check at post office for priority mail rates, because such rates have been increased.
 2. Card Rate. The rate for postal and post cards is increased to 6 cents each.
 3. Air Mail. The rates for air mail weighing 8 ounces and less is increased to 11 cents per ounce or fraction. Airmail weighing over 8 ounces is subject to the priority mail rates, because such rates have been increased. Check at post office for priority mail rates, because such rates have been increased. The rate for airmail post cards and post cards is increased to 9 cents each.
 4. Special Delivery and Registered Mail Fees have been increased. Check at post office for new rates.
 5. Parcel Post and Certified Mail. No change.
SWIMMING POOL TO OPEN MAY 29TH.
 The Tahoka Swimming Pool will open Saturday, May 29, for the 1971 season. The pool will be open every day from 2 p.m. to 6:30 p.m. and Wednesday nights from 7:30 to 10 p.m.
 All persons interested in swimming lessons contact, Rett Patterson, operator of the pool, by May 20.

Rain Helps Large Area Hail Does Slight Damage

Heavy showers, accompanied by hail in some places, made a dent in the drought over much of the county last Saturday.
 Rain in west Tahoka totaled .93 inch, but the fall was probably heavier in the north and central part of town. Hail ranging from pea size up to some stones as large as golf balls pelted the city. Principal damage was destruction of most of the fruit and young gardens.
 The rains were spotted and principally covered the central part of the county, extending from New Moore to east of Wilson, with other areas also receiving some rain.
 Some farmers began planting dryland this week.
 Saturday's rain brought the total for the year in Tahoka to 2.28 inches, and the total to 2.35 inches since last October 16, seven months ago.
 The Plains country, and most of the Southwest, still needs general rain to break the unprecedented drought.

For Combine Sheriff And Tax-Collector Office Special Election In Lynn County Tuesday, May 18

The eligible voters of Lynn County will go to the polls next Tuesday May 18th to vote in a Special County Election. The question to be decided by vote, is whether or not the offices of Sheriff and Tax Assessor-Collector of Lynn County shall remain as separate offices as they are now and have been for years, or whether the two offices shall be combined as one office.
 The laws of the State of Texas provide that when the population of a county drops below 10,000 the office of Sheriff and Tax Assessor-Collector shall be combined into one office, except that the eligible voters may vote in a Special Election to continue the two offices as separate offices.
 The Commissioners' Court feels that the two offices should remain separate as they are at this time. There would not be a saving in office expense by a combination and it is felt that better service can be rendered to the public by maintaining separate offices.

Lynn County Cotton Club Elects Officers

New officers were elected at the regular meeting of the Lynn County Cotton Club Monday, May 10, in the Lyntegar meeting room. Mrs. Betsy Pridmore of New Home was elected president; Mrs. Johnnie Mae Cook of Wilson was elected vice-president; Mrs. Vermeil Wood of O'Donnell, secretary; and Mrs. Fredda Townes of Tahoka, treasurer. A brief report on some of the methods being used by the National Cotton Council and Cotton, Inc. to promote and encourage the use of more cotton in home sewing, as well as in ready-made products, was given.
 The program was given by Mrs. Donnell Echols of Patricia, wife of the president of Plains Cotton Growers Association. She brought much interesting information about the progress of cotton promotion in the nation, and stated that the situation is steadily becoming more encouraging in the increase use of cotton instead of synthetic material.

Three girls who competed in the recent Miss Cotton of Lynn County contest were present and modeled cotton garments. Carol Thomas, who was the winner of the contest, runner-up Virginia Smith, and Susan

Tunnell modeled sports outfits and long and short formal dresses. A visitor from London, England, Mrs. Pearl Plalstone, was the guest of Mrs. Truett Hodnett of O'Donnell at the meeting.

Two Triplexes To Be Built In Tahoka

A contract for the construction of two triplexes in Tahoka is expected to be let next week according to an announcement made today by Billy H. Stewart, County Supervisor of the Farmers Home Administration for Lynn and Garza Counties.
 Stewart stated that the apartments are being financed by loan funds advanced by the Farmers Home Administration and will be owned and operated by Winferd E. Medlock, Lubbock, Texas. They will be built on the Brownfield highway in the west part of Tahoka. Each unit will consist of two bedrooms, kitchen, living room and bath. The units will be brick veneer, all electric, and will rent with all bills paid.
 Farmers Home Administration Rural Rental Housing loans are made to applicants to provide adequate living quarters to eligible persons in towns of less than 10,000 population. Stewart explained that these units would be rented to

persons whose adjusted gross income does not exceed \$8,000.00 annually.
 There is a shortage of rental units in Tahoka, Stewart reported. These units will help furnish adequate housing for young married couples, teachers, and elderly people who do not want to purchase a home.
 It is the policy of the Farmers Home Administration to improve the housing conditions in the rural areas, Stewart said. We are encouraging builders and developers to step up their efforts to invest in rural America by increasing the volume of rural home completions. Funds advanced under the Farmers Home Administration rural housing programs are providing better and more comfortable homes for rural families.
 Planning of the apartments has been co-ordinated and building will be supervised by the local County Supervisor, Billy H. Stewart, of the Farmers Home Administration.

Science Fair Held At New Home

The Second Annual Science Fair, "Expo '71", sponsored by the Science Explosions of New Home High School was held Thursday, April 29 at New Home. The science fair is designed to exhibit projects done by the students of science and also exhibit equipment used in the science fair, students can display their academic talents just as they display their athletic talents on the football field and basketball courts. Because of chemical farming, spacetravel, pollution of our environment, and current trends in medicine, science plays a very important role in our community. Thanks to all who attended, but most of all thanks to the students of New Home Schools, and Tahoka Jr. High, for making this exposition possible.

The overall first place winner in high school was Chris Ford. Chris is the son of Mr. and Mrs. John H. Ford of Route 4, Tahoka. His entry was a desert terrarium. Chris is a 7th grader.

The overall first place winner in the elementary division was Kirk Roper son of Mr. and Mrs. Lonnie Roper of Rt. 4, Tahoka. Kirk is in the fourth grade and his entry was a circuit board.

Other entries are as follows:

FIRST PLACE WINNERS:
Sharon Ernst, Debbie Alrhart, Mary Ellen Escamela, and Deanna Wuensche. Geraniums, Seventh grade;
Stoney Gill, poster on pollution, Second grade;
Ronnie Sharp and Danny Emmerson, Gerbil maze, Seventh grade;
Judy Turner and Shirley Clements, Blueprints, Ninth grade;
Terry Norman, Dissection of the cat, shark, and frog, Eleventh grade;

AMENDMENTS
CONTINUED FROM PAGE 1
(\$100,000,000) in bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6 percent per annum.

This amendment to Article III of the Texas Constitution would allow the Texas Water Development Board to issue \$100,000,000 worth of bonds to improve the quality of water in Texas, and would raise the ceiling on interest on the bonds to 6 percent per year. Money from the bonds would be lent or granted to cities or other public agencies for improvement of water quality under direction of the Texas Water Quality Board.

THOSE WHO FAVOR THIS AMENDMENT SAY:
This amendment would make more funds available to help local governments improve the quality of their water. An increase in state funds used for sewage treatment plants would mean an increase in federal matching funds for that purpose.

The higher interest rate on the bonds is necessary to make it possible to sell to bonds today.

This amendment would help provide a decent water supply to all citizens of Texas.

THOSE WHO OPPOSE THIS AMENDMENT SAY:

This amendment would take control of water funds away from the legislature and give it to an agency that does not answer to the people, the legislature or the governor.

This amendment does not spell out the exact use of the money realized from the sale of the bonds. Nothing in the wording requires any funds to be used for sewage treatment plants.

The interest which the state will have to pay on the bonds will increase the need for a bigger state budget and for more tax revenue.

Last on the ballot is the proposal of combining the Lynn County Sheriff's Office and the Lynn County Tax Office.

We recommend keeping these two offices separate. If they are combined it will not save Lynn County taxpayers one dime.

Vote for separate offices May 18.

Summer Food Program Offered

June 28 through July 2, Lyntegar Electric Cooperative will offer a summer program for elementary school girls in the New Home School Home Ec. Department. "Food Fun For Juniors" is designed to teach 9-to-12-year-old girls the principles of basic food preparation, good kitchen management, meal planning, basic nutrition, table setting, and to create a awareness of proper etiquette, with emphasis on mealtime manners in the roles of guest and hostess.

Ms. Harley Henderson, who suffered a severe heart attack back in mid-January while visiting in Plainview, is reported by her husband to be showing slow but steady improvement. She is still at the home of daughter, Mrs. Bill (Shorty) McNeely, in Plainview. Another daughter, Mrs. Claude (JoAnn) Chapman, also lives there.

Yvonne Nettles McClung daughter of Mr. and Mrs. Le Roy Nettles of New Home was initiated into the Honor Society of Phi Kappa Phi of Texas Tech University on April 27th.

After graduation from Texas Tech this month, Mrs. McClung will be working with Lyntegar Electric Co-op as Summer Instructor for the Food Fun program.

Mrs. Skip Taylor has relatives in Austin and San Antonio. She visited her mother, Mrs. A. Meador, and sisters, Mrs. Jimmy Harris, Mrs. Mel O'Keefe, Mrs. Jack Porter and Mrs. Jerry Hawley.

John Witt underwent heart surgery in Lubbock, last Tuesday.

Sam Miller suffered a light stroke the early part of last week.

A graduation party will be held on Friday, July 2, at which time the girls will serve their parents foods they have learned to prepare. The girls will also receive a certificate if they attend the full week of school.

If more students enroll than can be taught in one class, a morning and afternoon class will be held. Morning class 9:30 to 11:30. Afternoon class 1:30 to 3:30. Applications will be taken on first-come-first-serve basis. You may use the application below, or pick up in the Elementary school from the Principal, Mr. Gober, or in the Home Ec. Department. Please mail your entries as soon as possible, so the class schedule can be made.

Mrs. Kenneth McClung of Lubbock, will be conducting these summer classes.

If further information is needed, please contact Lois Greathouse at the Cooperative's office.

Mr. and Mrs. Billy Hubbard and girls of Lorenzo visited his parents, Mr. and Mrs. Dave Hubbard, last Sunday.

Last year, all John Benson saved was \$54.32.

This year, he joined the Payroll Savings Plan.

Poor John. Money just seemed to slip right through his fingers. Every time he planned to stash something away, there wasn't anything left.

Then John decided to join the Payroll Savings Plan where he works. Now, an amount he specifies is automatically set aside from his check before he gets it. And invested in U.S. Savings Bonds.

Because John has become such a systematic saver, he's almost forgotten about it. When he gets around to remembering, he's going to have quite a nest egg laid away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable

as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

If you keep forgetting to save something out of your check, join the Payroll Savings Plan and let somebody else do the remembering for you.

Bonds are sold in \$20, \$50, or \$100 denominations. When needed, they can be cashed at your bank. Tax may be deferred until maturity. And always remember, Bonds are a smart way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

The U.S. Government does not pay for the advertisement. It is prepared on a public service basis in cooperation with the Department of the Treasury and the Advertising Council.

YOUR STATE REPRESENTATIVE REPORTS

BY E. L. SHORT

STATE REPRESENTATIVE, 73RD DISTRICT

Drought: Four House Members were in Washington last week and were encouraged the President is overriding his Lieutenants. State Officials were not invited to tour Texas with the disaster group, the next day the following headline:

DROUGHT DISASTER STATUS WON'T FIR TEXAS

Appropriation: now in Conference Committee. The House passed version \$100 Million less than Senate. The Senate lacked one vote passing Corporate Income Tax. I attempted to amend the Appropriations Bill and save nearly \$4 Million by deleting the funds for meat inspection. This is a new program (2 years) and the one that caused so many little packers to go out of business. The Federal Government wrote the rules and do not furnish a dime. The Amendment failed, of course, but in less than ten minutes, the Health Department reacted by telephone.

Taxes: Senate deleted jet fuel and raised gasoline. This would cost 40 cents extra to fill a car.

Good News! Wilmer Mills, Democrat from Arkansas and Chairman of Ways and Means, addressed Joint Session and said the Federal Government will take over welfare. An interesting point is those families with one person able to work would come under the Labor Department and be required to register, take training if needed, and take a job or be taken off the rolls.

Education: Costs have risen 249 per cent in ten years. These are proposed and pending for public schools: New Foundation Program; Duty free lunch period for teachers:

Special Education: Liberalize Kindergarten; Developmental Leave Occupational Skill Centers; Liberalize Transportation. Total \$620 Million new money.

Higher Education: Proposed are six new colleges - mucho monies.

Aid: to private school is fast approaching.

Garbage: could be outlawed for hog feeding by a Bill in my Committee on State Affairs.

There is time to finish before May 31 deadline. No Special Session indicated.

H. B. 1078: passed permitting 4 quarters in public schools.

18 year olds: will be voting soon pending ratification of 38 states.

The Legislative wives were invited to tour the LBJ Ranch. The two bus loads of ladies followed Mr. Johnson in his station wagon on the tour. They were handicapped somewhat because Mr. Johnson would warn them via walkie talkies not to go through the cattle guards but go through the gates because the buses were too wide and too, they could not follow the road because of the low-hanging branches. He pleaded for them to stay up with the 40-mile an hour pace, even though they were in Greyhound Buses, in order to see the deer.

Dr. and Mrs. C. S. Thomas had as their guests last week their daughter and granddaughter, Mrs. Roger (Susan) Baier and Rebecca of Dallas.

J. Weldon Martin entered Methodist Hospital this mid-week for medical examination following a "black-out".

Seniors Given Placement At University Of Texas

Frank Barham and Donnie Dudgeon are eligible for Advanced Placement at the University of Texas in Austin. A letter this week from Mr. Paul Kelly of the Measurement and Evaluation Center at the University gave the following details:

Frank Barham is eligible for college credit in English 301 and in Math 305G, and Donnie Dudgeon is eligible for college credit in English 301. This means that Donnie and Frank do not have to take these subjects as advanced placement credit is certified to meet degree requirements.

Donnie and Frank earned this advanced placement by having attained high scores on the College Board Achievement tests. Donnie earned an "A" in English by scoring very high on her test in English Composition while Frank met required standards in both English Composition and the achievement test in Mathematics and is eligible for a "B" in both English 301 and Math 305G.

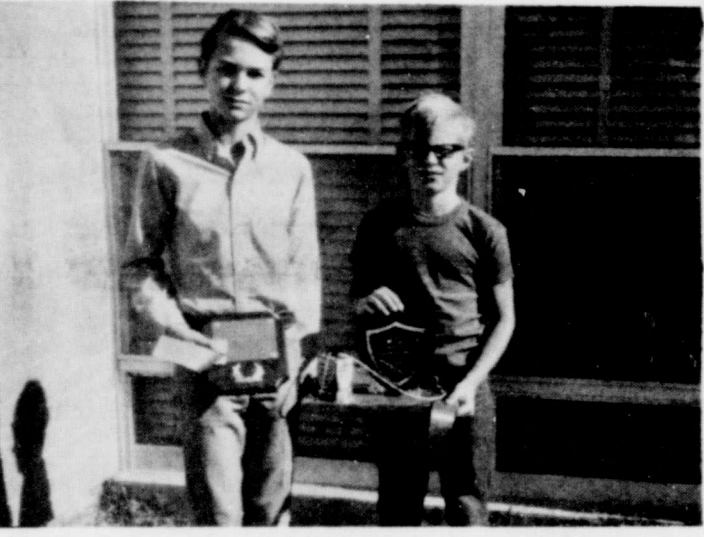

All these students need to do to have these credits posted to their college transcript is to enroll at the University of Texas in Austin and to request the Measurement and Evaluation Center to report this credit to the registrar.

Donnie and Frank are both honor students of the upcoming graduating class and are to be congratulated for this and other outstanding accomplishments.

Softball League Has First Games

Monday night, the Tahoka Softball league kicked off its 1971 season with a double header. The first game was won by last year's winner, Tahoka Bros. over the 2nd season, the Gray Chevrolts. Pacesetters by a score 13-9. Jim Brown was the winning pitcher and Hugh Dainel took the loss.

In the second game the Gimmers came from behind to win over the Tigers by a score of 15-10. Morris Blagham was the winning pitcher, with Leonard Dunn closing. Larry Jolly got a grand rule double and Mike Davis hit the first home run of the season.

OVERALL FIRST PLACE WINNERS-Shown above are Chris Ford and Kirk Roper, first overall winners in the second Annual Science Fair, at New Home. Chris is a 7th grader and the son of Mr. and Mrs. John Ford. Kirk is the son of Mr. and Mrs. Lonnie Roper and is a 4th grade student.

SNOW IN MAY--Not quite, but as shown above the streets of downtown Tahoka are covered white as a hailstorm ravaged over Tahoka and parts of Lynn County last Saturday afternoon. Golf Ball size hail ripped leaves from trees, gardens and flowers as it brought much needed moisture to parts of the county. (Photo by Finney).

Junior High Present Concert

The choirs and bands of Tahoka Junior High School will present a combined concert Sunday, May 16, at 2 p.m. This end of the year program involves four musical groups composed of sixth, seventh, and eighth grade students. The Seventh and Eighth Grade Band will select their program from the following numbers: German Dance, Mexican Overture, Snowbird, Activity March, Pride and Progress, Let There Be Peace on Earth, and Little Irish Suite.

The Seventh and Eighth Grade Choir will perform from among the following selections: Goin' Out of My Head, A Funny Fellow, Love Is Blue, His Sheep Am I, Spinning Wheel, Raindrops Keep Falling On My Head, and Aquarius Let the Sunshine In.

The Sixth Grade Band members will entertain with arrangements of Bye Bye Blackbird, California, Here I Come, and several other selections. The Sixth Grade Choir will perform several popular songs such as Sing A Rainbow, Do Re Mi, Born Free, Never On A Sunday, Five Hundred Miles, and Sixteen Going On Seventeen. They will also sing a spiritual called Good News, The Numbers Song, and a novelty number entitled The Crazy Song.

The bands are under the direction of J. D. Stocks. The choirs are directed by Mrs. Carol Strait. The public is urged to attend this concluding concert of musical entertainment in the school auditorium.

Donnie Dudgeon Receives Award

Donnie Dudgeon, valedictorian of the graduating class at Tahoka High School, has been given the Annual Award of the Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community, it was announced today by Mr. Clifton Gardner, principal.

Miss Dudgeon will receive an honorary one-year subscription to The Reader's Digest in any one of its 13 language-editions which she chooses, and a personal certificate from the Editors "in recognition of past accomplishments and in anticipation of unusual achievement to come."

The Reader's Digest Association is presenting these awards in senior high schools throughout the United States to the highest honor student of the graduating class.

The award to Miss Dudgeon who is the daughter of Mr. and Mrs. Rush Dudgeon, was made possible through the cooperation of Mr. Gardner and his teaching staff. They selected Donnie to receive the award, designed to stimulate scholarship and continued contact with good reading after graduation.

MRS. JOHN EDWARD HARRIS
...NEE ARLENE STEPHENS

Stephens-Harris Wedding Vows Read

The Tahoka First Baptist Church provided the setting for the wedding of Miss Arlene Joyce Stephens and John Edward Harris at 2 p.m. Saturday.

The Rev. Daniel J. Yeary, campus minister of First Baptist Church of Lubbock, officiated the double ring service.

Parents of the bride are Mr. and Mrs. Roy V. Stephens. She is a candidate to receive the bachelor's degree in secondary education from Texas Tech University in August.

The bridegroom is the son of Mr. and Mrs. Joseph T. Harris of 705 E. Stanford St., Lubbock. He is a candidate to receive the master's degree in electrical engineering from Tech in August.

Escorted by her father, the bride wore a formal-length gown of candlelight majesty. The high neckline, short puffed sleeves and empire waistline were accented with embroidered alencon lace.

Miss Vera Scruggs of Houston was maid of honor. She wore a floor-length, floral print gown.

Jim Ward of Del Rio served as best man. Ushers were Walter Harris and Valton Stephens.

Wedding music was presented by Gordon Parrish and Mark Parker. Miss Anita Powell of Lubbock was pianist.

A reception was given in the home of the bride's parents. The couple will travel through the western and northwestern U. S. and Canada on their wedding trip.

Mr. and Mrs. Harris will reside in Tech Village Apartments in Lubbock this summer.

Mr. and Mrs. Mickey Lambert of Sundown are the parents of a son, Mitchell Lynn, who weighed 6 lbs. 3 ozs. Grandparents are Mr. and Mrs. O. H. Warren and Mr. and Mrs. J. S. Lambert of Tahoka.

Mr. and Mrs. Jerry Thomas are the parents of a son, Stoney Con, weighing 7 lbs. 15 ozs. and 21 1/2 inches long. He was born at 9:36 p.m. at Highland Hospital.

It matters little when specific foods are eaten during the day, as long as individual nutritional needs are met. Count on a varied diet, including breads and cereals, fruits and vegetables, meats, milk and milk products, to meet these needs.

Recipe of the week:
QUICK HOT BREAD
1 cup self-rising flour
1/2 cup milk
2 Tablespoon mayonnaise
Combine ingredients and drop in greased muffin pan. Bake 450 degrees for 10-15 minutes.
Yield: 6 Biscuits

MRS. LUTHER WOOD BREAKS ARM

Mrs. Luther Wood was taken to Methodist Hospital in Lubbock Thursday, after she fell and broke her arm above the elbow. The accident happened while Mrs. Wood was visiting with the Decker family, before they returned to their homes, after being here for the funeral of their mother, Mrs. Frank Decker. Mrs. Wood was released from the hospital, Sunday.

Linda Huffaker, CHD Agent, Says.....

America has become a nation of snackers. No longer are three planned family meals customary, particularly in urban areas.

Snacks aren't new, and nutritionists don't frown on frequent eating, but they are concerned with the total daily food intake.

If snacking takes the place of meals, certain essential nutrients may become deficient. The high sugar and fat contents of some snack foods may help stave off hunger pangs but they provide little of the substances needed for growth and maintenance.

Dietary inadequacies of young adults seldom become dramatically apparent. In later years, however, nutrient deficiencies over long periods may help to hasten the aging process.

To establish a pattern of good eating habits, you should start the day with an adequate breakfast - low in calories but high in protein, minerals and vitamins.

Such a breakfast includes a fruit juice, cereal and milk or egg and toast. Or if you prefer a lighter meal, then eat fruit as a wholesome mid-morning snack.

SENATE RESOLUTION NO. 985

WHEREAS, The Senate of Texas is privileged to honor Mrs. Jerry Brown of Tahoka, Texas, who has been named the Outstanding Clubwoman for 1970-1971 in the twenty-county area of the Caprock District of the Texas Federation of Women's Clubs; and

WHEREAS, Her selection was made known at the Americanism Banquet on March 19, 1971, during the district convention of the Texas Federation of Women's Clubs; and

WHEREAS, This honor was based upon her leadership ability and her participation in many civic, community, and religious organizations: She directed the first Americanism Day in Tahoka on November 19, 1970; she is an active member of the United Methodist Church; she is a teacher in kindergarten; she has been a counselor at the Junior High Camp for three years; and she has served as membership chairman of the Wesleyan Guild; and

WHEREAS, In 1970, she was honored by her church by being named the Outstanding Young Woman of America; she has dedicated many hours of work with the Salvation Army and the Girl Scouts; she is past president of the Lynn County Women's Cotton Promotion Association; she is a member of the Phebe K. Warner Club which is a part of the Texas Federation of Women's Club Organization; she currently serves as first vice-president of this group, and chairman of the program committee and the Americanism committee; she also serves as chairman of the public parks and recreation division of the Conservation Department of the Caprock District of the Texas Federation of Women's Clubs; and

WHEREAS, Mrs. Brown and her husband Jerry have two delightful children, Todd who is eight years old, and Lani who is seven; now, therefore, be it

RESOLVED, That the Senate of the 62nd Legislature congratulate Mrs. Jerry Brown for the honor she has received; and express appreciation to her for her significant contributions to her community and her State; and, be it further

RESOLVED, That a copy of this Resolution, under the seal of the Senate, be prepared for her as an indication of our esteem.

Ben Barnes
Lieutenant Governor

I hereby certify that the above Resolution was adopted by the Senate on April 16, 1971.

SOIL CONSERVATION NEWS

By RICHARD L. CHRISTIE

Yes, you can make money from that lake you dislike and wish you did not have.

This is the time of year to plant these wet weather lakes. Most of them are dry now so we can work them. It could be a source of income and or pleasure and enjoyment. These lake bottoms planted or drilled in grain sorghum may make a crop if it does not rain heavily this year. If it does rain heavily later the lake will attract a great many duck and water fowls.

Attracting these creature of the air ways to your lake can make you added income you did not expect. You can remember the lake one and one half miles east of Tahoka on the North side of the highway how it was full of duck this last fall.

Cleveland and Mary Lee Littlepage have been leasing their lakes for the past 4 or 5 years. Granted their lakes are better for ducks than the average. But wildlife leases in Lynn County have a great potential that has never been tapped, it is estimated that we get less than 1 percent of our potential from this source.

It is easy to get good responsible hunters that will take care of your property, if you work it right from the start. First provide them with a good place to hunt that has attracted good hunting. If you have a source of food and the water you will have the hunting there so next a good hunting place. To make a good hunting place provide a tall grass or sorghum or some area for hunter to hide behind. This could even be the dam or some time junked car or tank. The tall grass of sorghum answers both need for attract-

ing the hunting and providing a place.

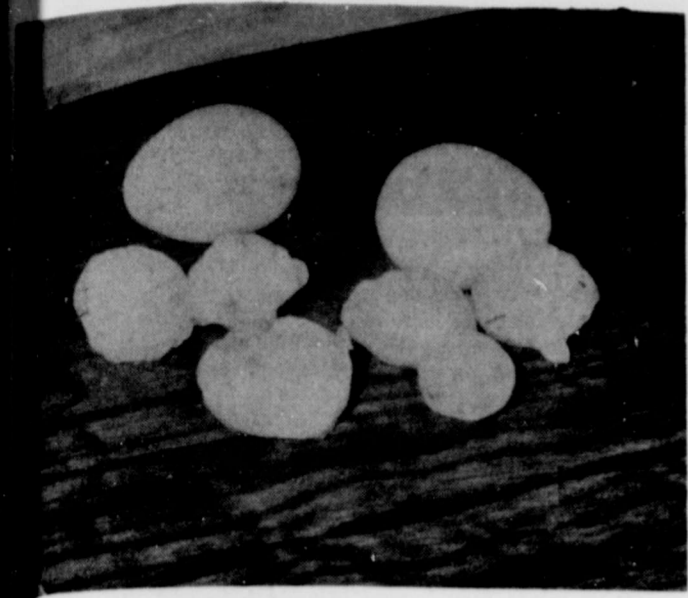

Then to get hunters just call the "classified ad" section of the newspaper.

You can and probably should be selective in your hunters. Best result for Littlepage has been a gun club from Lubbock. This has it advantage in some cases because they take care of everything. They are responsible for posting signs, they determine how much per gun and they determine who and when to hunt. When it is handled this way you set a price for duck hunting on your land and the club then handles the rest. Of course, "day hunting" is more profitable by the day and by the gun. But day hunting takes more time, effort and is less convenient. There are many ways to do it but now is the time to make plans.

If you do have hunting leased on your place it is required that you have a license from the Texas Park and Wildlife Service. This is not to regulate but in order that they can have a record of days hunted and ducks killed. If you are interested get ready now and if we can help you call on us at the Soil Conservation Service.

Mrs. W. O. "Rob" Thomas was released from Lynn County Hospital last week end, and is at home, and is reported to be "doing fine."

Sam Miller, who suffered a light stroke early last week, received treatment in Lynn County Hospital, and is now reported to be doing fine and able to be out again.

HAILSTONES OR GOLF BALLS—Shown above are Golf Ball size hailstones pictured with two eggs to show the size. The storm came early Saturday afternoon and brought as much as an inch of moisture in some parts of the county.

Committee Needs Used Clothing

The Lynn County Community Action Committee has set up a collection and distribution center for used clothing.

There is a need for good clothes of all sizes and especially for children's clothes and shoes.

The clothing center will be housed in the Community Action building on the south side of the Square in Tahoka. Office hours are from 8 a.m. to 5 p.m. Monday through Friday and clothing may be brought to the center during these hours.

log and distribute the clothing to the poor people of Lynn County.

The Community Action Agency is definitely a non-profit organization and thus donations of goods to this agency are tax deductible.

John Witt, retired Tahoka businessman, who underwent surgery for repair of an artery in the chest at a Lubbock hospital, is reported to be recovering very nicely.

Mrs. Emma Halamecek entered Methodist Hospital Wednesday for a check-up.

D. E. Banquet Held For Employers

Amidst groans, gasps, and guffaws, Roger Miller and Nathan Morris led the Distributive Education - Employer-Employee Banquet, in a half hour of uproarious laughter, April 4, in the Tahoka Cafeteria.

The banquet was a different sort of affair than is usually expected. It was an informal affair led by Sylvia Marez, President and Eunice Smith, Vice-President. Special awards were presented to the 1970-1971 D.E. Advisory Council. Farrell Murph - Chairman, Dayton Parke, Frances Chestnutt, Ed Hamilton, C. W. Burton, Clifton Gardner - Principal.

Awards were also presented to Mr. Harold Reynolds, Superintendent and Mr. Melvin Burks, Counsellor, and Sylvia Marez.

A short program was presented by Roger and Nathan who kept everyone in stitches for about 30 minutes.

Mrs. Martin White was presented with a gift from her students for excellent work at the D. E. Coordinator this year.

Everyone enjoyed themselves very much.

This banquet is to be an annual affair honoring the employers and outstanding students.

We feel D. E. has done in the much to offer and hope every one will continue to support it as they have done in the past year. Penelope

Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Texas lawmakers wrapped up their thought job, that of writing a record \$873.3 million tax bill, thus hopefully clearing the way for adjournment of their session by the May 31 deadline.

Top legislators said they feel that with the tax issue out of the way (assuming Gov. Preston Smith signs the bill), they can complete congressional and legislative redistricting and other "must" duties this month.

Few legislators claimed to be entirely satisfied with the huge tax bill, but the House voted 100-46 to concur in Senate amendments, bowing to the argument that a conference committee would only delay the inevitable.

Tremendous sentiment for lawmakers to wind up the bitter, complex session and get home as quickly as possible was apparent in the House vote.

Here are key provisions of the tax bill which will become effective July 1 if signed by Governor Smith:

- + Sales tax increase from 3.25 to 4.50 per cent.
- + Auto sales and rental tax at four percent.
- + Franchise tax rate increase from \$3.25 to \$4.50 per \$1,000.

- + Cigarette tax raise from 15.5 to 18.5 cents a pack.
- + Gasoline tax raise from five to seven cents a gallon (and diesel fuel increase from 6.5 cents to seven cents a gallon).
- + Beer tax boost from \$4.30 to \$6 a barrel.

House Speaker Gus Mutscher, who pushed for concurrence in the Senate changes, indicated an agreement has been reached to roll back the beer tax increase to \$5 a barrel in subsequent liquor-by-the-drink legislation which will be voted on later.

SMITH VETOES 10-2 JURY VERDICTS-Governor Smith, in his first veto of the current session, rejected a bill

to set up comparative negligence in personal injury lawsuits and 10-2 jury verdicts.

In a strongly-worded veto message, Smith claimed the bill would throw the judicial system "into utter chaos" and substantially increase auto and insurance premiums.

Little chance was seen for overriding the veto.

GOVERNORS BLAST NIXON ON DROUGHT-Governors of Texas, New Mexico and Oklahoma in statements here blasted the Nixon administration for failure to provide complete aid to their drought-stricken areas.

Governors said they will ask their congressmen to press harder for disaster relief.

Meanwhile, Texas House members on the drought committee visited Washington officials and found "some hope" of low-interest federal loans. Committee reports that farmers and ranchers are not adequately informed on the types of loans available to them and asked for special meetings with the Farmers Home Administration to explain aid which can be provided.

Panhandle legislator, Rep. Dean Cobb of Dumas, introduced a bill to allow the governor to declare a county a disaster area due to "serious deficiency in normal rainfall and chronic lack of storage water."

Local agencies would be authorized under the proposed emergency act to revalue property for tax purposes on designation of the area as a disaster zone.

COURTS SPEAK-U.S. Supreme Court ruling upholding a jury's right to levy the death sentence may mean early execution of many convicted murderers in Texas. There are 43 on death row at the state penitentiary and others in county jails. Most of them are appealing sentences.

State Supreme Court refused a defeated Palestine city council

candidate's bid to force his way to election by legal action.

Texas Supreme Court set June 2 for arguments in opposition complaints over granting application for a new savings and loan association in Bay City and a branch office in Hallettsville.

Court of Criminal Appeals upheld a 100-day prison sentence given a Fort Worth man for rape in 1969.

AG OPINIONS-Abill allowing banks to have drive-in facilities 1,850 feet from the main unit may or may not be held constitutional, depending on facts in each case, Atty. Gen. Crawford Martin has held.

Question is whether the bill permits banks to engage in business "in more than one place."

In other recent opinions, Martin concluded that: +Legislation to permit a bank to increase its capital stock without issuing same is unconstitutional, since authorized capital stock must be subscribed and fully paid in cash.

+A barber inspector who practices barbering on week-ends may be eligible for appointment to the State Board of Barber Examiners if he has performed "substantial practice continuously" for five years or more.

+Two proposed constitutional amendments concerning the Teacher Retirement System of Texas are offsetting. If both are adopted, no constitutional change would be made.

If one (SJR 2) passes alone, the 10-year minimum service requirement would be cut to five years.

WELFARE INCREASE-When Social Security payments increase next month, most aged, blind and disabled in Texas will also get a slight income boost.

Social Security recipients will get \$4 more a month, as will those on Old Age Assistance who have no Social Security benefits.

State Welfare Board has authorized a \$1 monthly increase in standards for blind and disabled programs.

Texas public assistance recipients will not have Social Security increases retroactive to January counted against state grants.

STATE LAND LEASED-Texas School Land Board accepted \$784,381 in high bids for leases on 13,436 acres of state owned land.

Highest bidder was Humble Oil and Refining Company with a \$167,942 bid for 640 acres in Ward County.

Six bids were submitted on 70 upland tracts and 30 riverbed tracts. Total bids came to \$1.17 million. Forty-five high bids were accepted by the Board.

Land Commissioner Bob Armstrong said the Board was pleased with the \$58.38 average price per acre.

Another state lease sale for submerged lands is set for July 6.

18-YEAR-OLD-VOTE NEARS-Governor Smith signed a legislative resolution giving formal Texas ratification to a federal constitutional amendment extending full voting rights to 18-year-olds.

Texas is one of 23 states which has ratified the proposed amendment. A total of 38 must approve it by legislative action to put it into effect.

Smith said he has "every confidence" that the require confidence" that the require number of state will ratify and "that by 1972 all citizens over the age of 18 will have the right and the responsibility to vote. It is a likelihood to be cherished by all and feared

by none."

SHORT SNORTS Dr. Elmer Baum of Austin resigned from the State Banking Board the day before the Senate nominations committee hearing.

Senate State Affairs Committee approved a bill calling for the state to assume 100 per cent of the state foundation school program cost.

Cigarette tax revenue increased nearly \$1 million -- from \$14.8 to 15.8 million -- from April 1970 to last month.

Cars damaged in accidents would have to be re-inspected under a bill about to become law.

Jim Bowmer, Temple attorney, is new president-elect of State Bar of Texas; James C. Watson of Corpus Christi is incoming president, to be installed June 30.

FIRST BAPTIST CHURCH YOUTH

Youths Travel To Rising Star

Eight young people and one sponsor participated in the Friday night revival service at First Baptist Church in Rising Star, Texas. Jimmy A. Turner, pastor of the First Baptist Church here was preaching at Rising Star. The group sang in the worship service and then lead in the fellowship with singing and fun

and games. The group spent the night at the church and then returned to Tahoka Saturday afternoon.

"This is what the kids like to do. They like to help others experience Christ. We hope we can do more of this type activity several times this summer", Strait explained.

Those from Tahoka in the photograph above are Sherry Haney, Larry Reynolds, Jana Adams, Pam Riddle, Jeanie Inklebarger, Betty Curry, Bob Strait, Sherri Brooks, and Becky Burks.

For you who are wondering why we did not have our news in the paper last week, due to Leo's father death we just did not get our notes to gather.

We had a good worship service Sunday. Bro. Jones and members from Sweet Street brought our sermon. We invite them back soon.

We were saddened at the passing of Mrs. Decker, and express our sympathy to the family.

We had two birthdays this week and enjoyed the beautiful cakes and flowers. Wish you could have seen one of Mr. Hunts cakes. Naolma Hunt baked and decorated this delicious chocolate cake to look like a grandfather clock. We just hated to cut into it.

Mrs. Tomlinson played the piano and we sang hymns at the party.

Bro. Buck Autry preached for us on 1st Sunday. We enjoyed the worship hour so much and are indeed grateful to Mr. and Mrs. Hammond for the beautiful song services.

Members from the Wells Baptist Church visited us this week and their Pastor along with Rev. C. J. Coffman from Brownwood preached for us.

We are grateful to the West Point Club for the repairing of our wheel chairs. It was sweet of Nelda and Rhonda Ware to bring these in for us.

Ready Writing papers for the District 4AA Elementary Literary Meet held last week in Frenship School have been scored. Results show that Jana Adams placed third in this event. Jana is an eighth grade student in Tahoka Junior High School and is the daughter of Mr. and Mrs. Lester Adams. Mrs. Linnie Cox is coach and sponsor of the Junior High School Ready Writing students.

Karen Harris Initiated Into Beta Gamma Sigma

Karen Harris, daughter of Mr. and Mrs. Jiggs Swann of Rt. 1 Wilson, has been initiated into Beta Gamma Sigma, national honorary for business administration students at Texas Tech University.

Mrs. Harris received her degree in business education from Tech and is now employed with the Department of Public Safety.

The purpose of Beta Gamma Sigma is to encourage and reward scholarship and accomplishment among students of business administration, to promote the advancement of education, the art and science of business, and to foster integrity in the conduct of business operations.

THE FAMILY LAWYER
Profit on Your Home?
Every five years, assuming you are an Average American, you will give up one residence and move to another. If this involves selling your home, and if you make a profit, do you have to pay income tax on the amount of the gain?
Generally, no—provided that you buy another house within one year. The federal government will usually allow you a tax deferral, on the theory that the sale is not an ordinary business deal but a matter of personal necessity.
But in order to qualify for the tax deferral, you must fully meet the conditions that the law lays down. For example, your second house must be not only bought but actually occupied within the one-year limit.
In one case, a man moving to another city bought a house that needed remodeling. The work took considerable time, and his family was still living in a rented apartment by the time the year was up.
Nevertheless, he tried to get a tax deferral by arguing that at least his intentions were clear by the time of the deadline.
But a court turned him down. The judge said the law was based not on what a person intended to do but on what he did.
In another case, a man failed to buy a second house within the year solely because of a sudden illness. Was this an acceptable excuse? Again, a court said no. The court said the law "is unambiguous and leaves no room for interpretation because of unfortunate circumstances," adding: "We are powerless to rewrite the statute."
What if you decide to build a new house, instead of buying one already in existence? In that case, the law does give you an extra six months' leeway, so long as you have at least started construction within the 12-month period.
One would-be builder bought a lot, arranged a loan, and obtained a building permit—all within the year. But actual work on the house had not yet begun. Had he started "construction" in time to qualify for the tax deferral?
Yes. The Treasury decided that, with so many tangible steps already taken, it could not fairly turn him down.

Mr. W. A. Ledbetter has returned home after spending two weeks in the VA Hospital in Big Spring.

Captain Dudgeon Officer Graduate
U. S. Air Force Captain Foster E. Dudgeon, son of Mr. and Mrs. Rush Dudgeon of Rt. 2, Tahoka, Tex., has graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.
Captain Dudgeon was specially selected for the 14-week professional officer course in recognition of his potential as a leader in the aerospace force.
The captain is being reassigned to K. I. Sawyer AFB, Mich., for duty as an aircraft commander with the 46th Aerial Refueling Squadron.
He has completed a year of combat duty in Southeast Asia.
A 1960 graduate of Tahoka High School, Captain Dudgeon earned his B. S. degree in 1966 from Texas Technological College.

CORRECTION
In last week's paper the News stated Frank Barham had the highest grade average for any boy in the graduating class, which was incorrect. Terry Ayer is the highest grade average boy.
