"TWO BITS WORTH"

BY JOHNNY VALENTINE

The Country Editor says let us all be happy and live within our means, even if we have to borrow the money to do it with.

TBW
We probably can't say enough about A. J. Viertel, his coaching staff and the Tahoka Bulldogs football team after their 10-0 victory over the Denver City Mustangs last Friday night. The Bulldogs showing more desire than any football team I have ever seen play really poured it on to defeat the larger squad.

The coaching staff have really done an outstanding job and we for one would like them to know it.

We heard many comments about the contest last Friday night. Such things as "Beating Denver City is just like winning a National Championship" for Tahoka or Tahoka had a very successful season if they don't win another game all season.

Cosch Veitrel's Grid team has won four games this season and lost only one. And you can believe me they haven't won their last ball game this season by a long shot and we're looking forward to winning district.

TBW
We don't know if this is fact or just rumor, but we heard through the grapevine that Peggy Atwell announced to her class at school that if Tahoka

beat Denver City that she would climb the Tahoka Water Tower. Since Peg's son, quarterback of the Tahoka team and was fairly sure of the victory it sounds like a pretty rash statement. But if it's true we'll see you at the climbing of the tower Peg. . . . At least part way up, since I am sure you didn't say how far up.

TBW
Yep, there is. It's time for the Texas Longhorns and the Arkansas Razorbacks to meet again in their annual grid battle which usually decides the Southwest Conference. You guessed it, it's also time for Bill Chancy to give you the annual Wheel Barrow ride from Chancy and Son Service Station to the Lynn County News. Course, Old Bill feels there's not a chance

Homecoming Set Next Week

After the game the ex-students will meet in the Lyntegar Board Room to elect officers for the year and visit.

No school will be held Friday, Oct. 22 and there will be no parade.

The class of 1951 will be honored this year.

for him to lose this year with all the Texas players hurt and a third string quarterback going to lead the Longhorns. Oh well, don't take much to beat the Razorbacks. Grease up the old wheel barrow Bill.

TBW
It is still miniscule, but disappointed farmers who moved to the cities and found it bitter are beginning to look for farms to return to. The trouble is, there aren't many to be had. Once deserted, many fell into the hands of big business and are now parts of agri-giants that have moved into the industry, and are gradually taking it over.

In 1950, there were 5.4 million farms in America; today, the figure is around 2.9 million. They are larger farms operated by big business. Their average size today is 380 acres, compared with 215 acres two decades ago.

The trend toward corporate farming intensifies the pressure on the independent small farmer, and the farmer who tried the city and wants to return can't find farms he can buy. The agri-industry trend is strongest in the South and the West, where large land holdings are traditional. States like West Virginia and Maine still have many small farms available.

Major corporations are suddenly fascinated with farming, chiefly for three main reasons: First is land speculation, unearned increment for holding the land; second is tax dodging, the ability to deduct from taxes the cost of improving land and having that cost realized by sale and the price regarded as capital gain for tax purposes; third, the development of integrated food systems, in which they control every step of food production. In addition, they benefit even from government subsidies for not planting crops.

Size has its advantages in mechanization, but now that tractors can be bought or leased at low prices, this advantage is disappearing. Efficiency and economy can be had by the small farmer who is stimulated by working for himself. There are also a growing number of cooperatives, which combine the advantages of bigness with those of ownership.

TBW
The week of Oct. 10-16 is National Newspaper Week. This is the one time during the year when the more than 9,000 weekly and daily newspapers of the nation join hands, as a group, and make a concerted effort to promote a better understanding of newspapers and the vital role they play in preserving the great American way of life.

"Newspapers - Growing with America" is the theme of this year's observance. The week is not primarily set aside for newspapers to indulge in self-praise, but it is a time to remind readers of the fact that growth in this free nation goes hand in hand with growth in its free press.

A free society depends on a free press and vice versa. Freedom of the press is not the exclusive property of the newspapers. It belongs to each citizen and can endure only so long as he recognizes and practices his part in the whole scheme of things.

FIRST BALE FOR WILSON. Carl Gickhorn stands with his first bale of cotton along with Don Caraway, Wilson Co-op manager, Dan Cook, president of Wilson State Bank, and Ed Fox, ginmer at Wilson Co-op.

Gickhorn Gins First Bale

Carl Gickhorn of Rt. 1, Wilson, ginned the first bale of cotton for the Wilson area Thursday at Wilson Co-op Gin. The 535 pound bale came from 2220 pounds of lint cotton, and produced 900 pounds of seed. The Pamcot 788 was planted May 2, and was watered twice through the summer. The bale was pulled Monday on the Gickhorn farm, one mile west of Wilson, and was ginned Thursday. It was pulled from one acre. Gickhorn also brought in the second bale for the Wilson area Thursday. The first bale for Gickhorn will merit free ginning, and 50c a pound, according to Wilson Co-op manager, Don Caraway.

Communism Film Shown To Lions

P. W. St. Romain of Plains presented a film on communism at the weekly meeting of the Lions Club last Wednesday.

Although the film was 10 years old, the practices and doctrine of the communist party remains the same today as it was in 1961. Lenin once said, "We will not have to fight the United States... just encircle them and they will fall like over-ripe fruit into our hands."

Mr. St. Romain is a lifetime member of the Plains Lions Club, and is owner of the Romain Telephone Company. He has waged a personal battle with communism for many years, and has given programs all over the south plains area. He urged each of us to help fight the red menace.

Plains Cotton Growers, Inc. has "reactivated" its long term effort to minimize competition in the marketplace between producer held cotton and cotton held in government stocks, according to Donald Johnson, PCG Executive Vice President.

The current push is to get the minimum resale price of Commodity Credit Corporation stocks of cotton raised from 110 percent to 115 percent of the loan, plus carrying charges. At the 1971 loan level of 19.5 cents a pound, this would increase CCC's minimum sale price by almost a cent. If the loan for 1972 is raised to 21 cents as many think it will be, the minimum CCC price would go up by slightly more than a cent.

Put another way, the higher minimum would mean the lowest price at which CCC could sell' cotton would be about three cents, instead of two cents, above the loan price. "This would give producers a little better competitive edge when they place each year's crop on the market," Johnson says.

In a letter to Kenneth Frick, USDA's Administrator of the Agricultural Stabilization and Conservation Service, Washington, Johnson stated "Raising the minimum from 110 percent to 115 percent of the loan is needed to (1) encourage needed cotton production by improving producer income protection, and (2) encourage the use of normal marketing channels instead of the 'catalog cycle' which occurs at considerable government expense."

In the past PCG requests that the CCC minimum be raised have drawn protests that such a move would interfere with forward commitments in the market. But Johnson's letter to Frick points out that now, with market prices well above the proposed minimum resale price, this problem does not exist. With a 21-cent loan, a 115 percent minimum would be 24.15 cents per pound, while both CCC sales and average spot market quotations recently have been well above 27 cents.

Under current supply conditions and present market prices the higher minimum CCC stocks are sold at the announced minimum or at the market price, whichever is higher. "But producers know that supply and market conditions can change over a very short period of time," Johnson's letter stated "and producers need assurance their production will meet minimum price competition from CCC cotton under all supply-demand conditions if they are to be expected to produce cotton on acreage above paying base allotments."

Johnson, a member of the National Cotton Advisory Committee, proposed the higher minimum when that committee met in Washington last month and the idea met very little opposition. Producers' ginner and merchant representatives on the committee voiced approval while only one committee member, from the textile segment of the industry, spoke against the proposal. It was mentioned in the meeting that feed grains now have a 115 percent of

the loan minimum, and that the increase would put the two commodities on equal footing.

Another PCG-supported move to improve the competitive position of producer owned cotton with cotton held by CCC the "anniversary type" loan, was initiated with this year's crop. This will enable producers to retain ownership of their cotton for 10 months after it is tendered to CCC as collateral for loans. Previously CCC took title to all cotton on August 1 each year, regardless of when the loan was made.

Johnson's letter to Frick concluded by saying "it has been known for years that the cotton producer's major dilemma revolves around the question of how to maintain adequate stocks to supply the market without depressing market prices to the level of the loan. We think the anniversary loan was a significant step toward answering that question, and a little greater 'headroom' between the loan and CCC resale prices will be another step in the right direction."

Glen Riddle In New Christian Film

Glenden Paul Riddle, son of Mr. and Mrs. A. D. Riddle of Tahoka, appears in "Flame in the Wind," a new full-length color, Christian film produced by Bob Jones University, Greenville, S. C.

More than 14,000 people attended the world premiere of the film on the campus recently. Other premiere showings are scheduled for the fall major cities throughout the nation.

During a recent visit with relatives and friends in Grassland and Tahoka, Dr. and Mrs. Ted Pridmore bought a home in Lubbock, to which they will move the latter part of November.

Dr. Pridmore is head of the Department of Internal Medicine in the Naval Hospital at Corpus Christi, Texas. Upon his release from the Navy, he will be an associate of Dr. Myron D. Mattison at 3621-21st St., Lubbock, Texas.

A gripping saga set in the splendor of 16-century Spain and the terror of the Spanish Inquisition, "Flame in the Wind" is the story of a student desperately searching for truth amid his turbulent, chaotic era.

It is a faculty-student endeavor. Katherine Stenholm, director of this film and several other award-winning productions, heads Unusual Films the university's motion picture unit.

Both Dr. Bob Jones, university chancellor, and Dr. Bob Jones, III, president, acted in major, historically documented roles. Other leading actors were chosen from nearly every department of the school.

The 55-piece BJU Orchestra performed the fast-moving conflict's original musical score composed and conducted by Dr. Dwight Gustafson, dean of the school of fine arts. A thousand 16th-century garb-

ed extras in the scene of the martyrs' burning were members of the university family. The sets and costumes were designed and constructed in the campus facilities. Over 1,000 hours were spent on make-up alone, one old monk's taking up to four hours to apply.

Extensive use of special photographic techniques using 35mm slides made in Spain by an Unusual Films crew brings to the screen actual Spanish scenery.

A Greenville (S.C.) News editorial said of the film, "The full-length color film is technically as near perfect as possible, and its production techniques equal, and often surpass, those employed by many Hollywood film makers. It is not 'entertainment' . . . but a beautiful work of art with a message . . ."

Bob Jones University, often referred to as the "World's Most Unusual University," stands without apology for the historic Christian faith emphasizing the absolute authority of the Bible. Its student body of more than 4,500 is drawn from every state in the Union and over 30 foreign countries and territories.

NURSING HOME NEWS

We are sure glad to have you back to the home with us. She is feeling some better and we continue to offer prayers in her behalf. We had lots of visitors and we were glad to see her. This past week she was glad to visit with Spruelli, Milt Draper, Sikes, and Clyde Thomas. In addition to her Aunt Dottie Brownfield. Of course, we were glad Mrs. Tom Hale Sr. and Mrs. Tom Hale Sr. were here every day to see her and sit with her. We love and appreciate them for the consideration they give to her.

We are also glad to have Hane back with us from hospital. He still isn't doing well enough to come to the dining room for meals but we are making great improvement. Hane looked like Hane again when he was here, grandchildren and great-grandchildren came in to see him. A number of his family signing the register were: Mr. and Mrs. Hane, Mr. and Mrs. Hane, Mr. and Mrs. Verne Hane, Mr. and Mrs. Jim Duff, and Major and Mrs. Robert E. Hall. His grandchildren and younger children were also here.

A special thanks to the members of God Church for their Sunday services and to Tyler for bringing the message. This Sunday we had a group of young people from O'Donnell's First Baptist Church. Kenneth Eaker led us all singing and our old hearts were lifted as many youthful faces joined ours in praises to God.

We were also blessed as Pauline Smith from Nazarene Church came to us with a wonderful message in song and music the past week. They brought with them of their congregation and them, too.

Hammonds was in Monday to play the piano and lead in singing. If you have a song you won't share with us, we like all kinds of especially loud music. Now with all the talented people in this town, we could have some kind of entertainment every day!

If you are gonna be out and dressed up Halloween night come by and give us old folks a treat show us your costumes and make us smile. Remember, we retire pretty early between 8 o'clock and 9 o'clock so come by early! Be sure to sign the guest register too.

Corine Izard had lots of visitors this week. A few of them were: Nan Adams, The Jay Womacks, Cap Rowe, he brought her some Arkansas apples. They didn't make her sick but she's a little worried about her figure! Also in to see her were Mrs. Edgar Hammonds and Brad and Jan. Mr. Polk shared his birthday cake with everyone and let us all see the flowers that were sent especially to him from the House of Flowers here in Tahoka. His family has been faithful to visit him often.

Mr. Anderson's family has been in to see him and Mr. and Mrs. Knotty Wyatt, Mrs. Carol Edwards and daughter, Mona Rae visited him this past week. We are looking forward to having Mr. John Slower back with us from the hospital. His wife reports his condition as not too good but the doctor believes he is well enough to return to the nursing home.

Mrs. Byrd and Mrs. Connell enjoyed visits from their families this week. Mr. and Mrs. Lynn Browning visited Mrs. Harter. Mr. and Mrs. Jim Looker were in to visit Mrs. McCord. Mrs. Thomas is faithful to visit her and Mrs. Short took her out to the beauty shop this week. She sure looked pretty after that.

Mr. Allen has moved back home with his family. We will miss him around here but are glad he is improved enough to be home. Mrs. Clinton Gandy brought us some goodies to nibble on and Mrs. Willis Pennington sent some wine sap apples. Mrs. Kaddatz came Sunday afternoon with just baked brownies. Guess we all gained 5 pounds this week!

The S. R. Fallon family were in to visit Bunk Chandler and Sunday he had a whole room full of company. We didn't get all the names but know he was glad to see each one. Mrs. Makovy, our cook at the home will spend the weekend in Amarillo visiting her daughter, Kathy. We hope she

has a good trip. After Sunday School Marla Jones and Mickey and Nicky Bertreaux were in to visit Mr. and Mrs. George Jones. They talked to lots of the patients and each enjoyed their visit. Other recent visitors this week were: Mrs. D. E. Reno, who brought tomatoes; Mrs. J. D. McGrew, Mrs. Doyle Terry, Mr. and Mrs. Roy Prado and Delinda and Terry, Miss O. Z. Harris, Mrs. Lela Wood, Mr. and Mrs. A. E. Riley, Mrs. Ann Sellers, Oliver L. Ulery, Ewa and Joe Connelly, Linda Perez, Mrs. R. E. Appaling, Mrs. G. C. Watson, Barbara and Clarence Lond, Mrs. Ray Herchele. Thanks to each and everyone who helped make this week a delightful one!

TEXAS PRESS ASSOCIATION

The State Legislative Redistricting Board, ordered by the Supreme Court to reapportion the House of Representatives as well as the Senate, is in the process of writing its bill under deadline pressure.

Finding of the Court that the Board should take over the unfinished legislative reapportionment task was doubly significant.

Aside from setting a precedent as to responsibility of drawing new district lines, the decision eliminated the necessity of an early special legislative session. This pleased both House Speaker Gus Mutscher and Gov. Preston Smith.

Mutscher, under bribery indictment, escaped an early showdown with legislators who want to force him to step down as speaker and replace him with another.

Although speculation was widespread he would hand his duties to a speaker pro tempore, he announced four days after the Court's decision he had decided to stay on the job, confident he will be found innocent of charges.

Governor Smith applauded the court's decision. He said he wants to wait "as long as possible" to call a special session on budget matters so the Legislature will have full advantage of data on available revenue which might curb the tax bill.

Indications are there will be no special session now until June, 1972, after the primary elections.

The five-member Redistricting Board held a hearing September 30 and heard only testimony of big city residents debating the merits of single-member vs. multi-member (or countywide) House districts.

Mr. and Mrs. Newton Lewis of Woodland Hills, California visited here with his brother, Joe Lewis and family.

Mr. and Mrs. Owen Jones of Olton visited Mr. and Mrs. Jackie Burkhalter over the week end.

Mr. and Mrs. Charlie Lichey and Walter Lichey visited her brother, R. W. McCrary in Denver City, Sunday. Mr. McCrary was honored with a birthday dinner. It turned out to be a family reunion with 13 persons attending. A good time was had by all.

Apparently, the Board is divided two-and-two, with Atty. Gen. Crawford Martin undecided on the metropolitan district issue. Whichever way it rules, another lawsuit challenging the decision seems likely. The Board has only until October 23 to complete its work.

GOVERNOR'S RACE WARMS. There is official competition in the governor's race with the entry of Uvalde rancher and banker Dolph Briscoe. Lt. Gov. Ben Barnes announced last June he would run. Briscoe made clear the stock-loan scandals (which resulted

in three state house indictments September 23) will be a major issue in his campaign. He focused attention on quick passage by the Senate of the same bank deposit insurance bills which figured in the indictments of Mutscher, Rep. Tommy Shannon of Fort Worth and S. Rush McGinty of Austin. And, he maintained, Barnes "helped push them (the bills) through the Senate."

Barnes declined to reply. He said there will be "plenty of time to set the facts straight" within the next seven months before the election. Briscoe also emphasized need for innovations in mass transportation and further environmental protections.

ETHICS COMMISSION COMPLETE. A new Ethics Commission to police behavior of public officials is now complete, though top state judges have expressed doubt as to its effectiveness. Three members elected by the Senate are Sens. A. M. Alkin of Paris, Charles Herring of Austin and Oscar Mauzy of Dallas.

House members elected Reps John F. Boyle Jr. of Irving, Clyde Haynes Jr. of Vidor and James E. Nugent of Kerrville. Court of Criminal Appeals Presiding Judge John F. Onion Jr. appointed Rabbi David Jacobson of San Antonio and University of Texas Law Professor John Sutton Jr. of Austin.

Supreme Court Chief Justice Robert W. Calvert earlier designated Baylor University

Law Professor Mrs. Margaret Harris Amsler and Houston Attorney Alf Roark.

First Court of Civil Appeals Chief Justice Spurgeon Bell picked Dallas Attorney J. W. Hassell Jr. and retired Houston newspaperman William H. Gardner, now of Austin, for the Judicial Qualifications Commission.

McAllen Host Conservation Meet

The role of conservation districts in environmental improvement is the theme of the 31st annual statewide meeting of conservation district directors to be held in McAllen October 19-21.

Lit Moore, of the board of the local Lynn County Soil and Water Conservation District, said plans are being made to send a delegation from the local district. The annual meeting is sponsored by the Texas State Soil and Water Conservation Board.

"Our district is involved in a wide range of activities which benefit the environment," Moore said. "Conservation measures reduce sediment, the state's biggest pollutant. Sediment fills lakes, streams, bays and estuaries; it kills fish and ruins their spawning grounds. Treatment of land subject to wind erosion cuts blowing dust, the state's worst air pollutant. We also try to tailor our work to enhance wildlife habitat, outdoor beauty and recreation."

Moore also pointed out that upstream watershed protection projects sponsored by conservation districts, counties and cities have vast environmental benefits. Floods not only damage homes and other property but they also kill people, wildlife and livestock.

Conservation districts are trying to step up all environmental activities. Lit said he hopes the discussion at the annual meeting will point up ways this can be done.

Linda Huffaker, CHD Agent, Says.....

Breakfast is a day's most important meal. Yet, only about one-half of the American population eats what is generally considered an adequate breakfast.

Students are foolhardy to trade their breakfast for a little extra sleep, and it's practically impossible for youngsters to make up for the food they miss at breakfast by eating snacks or overeating at other meals.

Surveys show that little or no breakfast is now the trend for children and teenagers. This trend, is unfortunate, as children and teenagers have unique daily food requirements for growth and energy, and need about three times as much protein daily per pound of body weight as adults. Meat, eggs and milk are needed for breakfast to meet this age group's need.

Children who start the day with little or no breakfast are more susceptible to mid-morning fatigue than those who eat a good breakfast. Teachers report that these children are restless, listless and irritable and have more accidents. They are inattentive in class and slow in their studies.

When children with poor food habits begin eating an adequate breakfast, however, there is a noticeable improvement in grades, attitude and mental alertness during morning hours.

An important point to remember in planning an adequate breakfast is that it should furnish one-fourth to one-third of an individual's daily food requirements.

Here is a three-part check

list for a good breakfast: Does it provide protein, vitamins and minerals, materials for building and repairing the body and keeping it healthy? Does it supply food for body energy? And will the breakfast taste good?

A doughnut-and-coffee will not pass the three-point test; it doesn't supply enough protein, vitamins and minerals, leaving far too much for other meals to make up. A fruit juice - and - coffee breakfast won't pass either - it doesn't supply sufficient materials for building and repairing fuel for body energy.

A good breakfast may fit one of these three patterns, ranging from light to heavy; fruit, cereal or bread, milk to drink, other beverages as desired; FRUIT, CEREAL OR BREAD OR BOTH, EGG, BEVERAGE; FRUIT, CEREAL OR BREAD OR BOTH, EGG WITH MEAT, BEVERAGE.

Remember, the gap between supper and breakfast is at least ten hours. Breakfast, then should provide its share of energy foods. Learn to make the morning meal interesting and creative so that no one will want to miss it.

Lambert-Wood Attend JP School

Two Lynn County justices of the peace were among 172 JPs attending a three-day training session in Lubbock conducted by the Police Training School at Texas A&M University.

The program, sponsored by a grant from the Texas Criminal Justice Council, is designed to upgrade the understanding of JP duties.

Representing Lynn County were Cliff Lambert, Precinct 4, O'Donnell, and N. E. Wood Precinct 1, Tahoka.

Justices from 104 West Texas counties attended sessions in the Red Raider Inn Monday through Wednesday. Members of the West Texas Justices of the Peace and Constables Association also held their annual convention during the short course.

Ralph Benton, program coordinator for Texas A&M Engineering Extension Service, said the justices of the peace were very impressed by the training sessions.

One JP wrote "the expressions on the faces of those attending speaks louder than words." Benton noted many of the JPs came with mixed emotions about a "training school," and most found they had a lot to learn about their jobs.

An Air Force retiree said the teaching "was as good as any presented by the Air Force." A woman declared she would "put this knowledge

to work in every routine." Several participants declared the meetings with other justices and discussion of common problems and experiences was most rewarding.

Attendance included 28 female JPs, with Mrs. Billie Montgomery of Munday elected president of the West Texas association. Other elected officers are C. O. Jones of Kermit, first vice president; Charles E. Smith of Lubbock, second vice president, and Wayne LeCroy of Lubbock, secretary-treasurer.

A second session of 20-hour courses are scheduled in Lubbock Feb. 14-16. Texas A&M has scheduled four other statewide short courses in Arlington, Longview, College Station and San Antonio.

November sessions are set in Arlington Nov. 3-5 and in Longview Nov. 17-19.

Mr. Atwell is from Graham, Texas, and is Area Manager for Farm Bureau Insurance Company. They live at 1911 North Seventh Street with their daughter, Lisa, who is a freshman in Tahoka High School and Jeff who is a senior.

Mrs. Atwell is very active in the Methodist Church serving on the Administrative Board and as church agent for Together magazine. She is president of the Phebe K. Warner Club, is a member of Delta Kappa Gamma, and the Bulldog Booster Club. She enjoys water skiing, golf, gardening, community activities, club work, church work, and just being with her family. This last summer she and her family spent several days in Monterrey, Mexico, where she availed herself of every opportunity to study first hand the people of Mexico and their culture.

Mrs. Atwell's goal for this year is for every child she teaches to leave school every day feeling that he has accomplished something.

Brush Control Field Day Held

On October 6 a Brush Control Field Day was held on the Gene Whitehead Ranch near Menard, Texas. In attendance from Lynn County was Richard Christie and Max Baker both with Soil Conservation Service. This field day was sponsored by the Brush Control and Range Improvement Association in cooperation with Texas A & M University. This association is funded principally by voluntary contributions from ranchers of a penny per acre per year. Other organizations aiding the association include the Soil Conservation Service and the Texas Agricultural Extension Service along with private industry.

The highlight of the field day was a tour over the ranch to where the various experiments were being conducted. The first 2 stops on the tour were plots with various treatments on shinnery oak. Treatments include spraying, shredding, goating, root plowing, and treatment of picleran pellets. Picleran is still used only in experimental work as it has not yet been released for sale to the public. By far the best control of shinnery was a combination of shredding, goating, and spraying.

On the third stop was a demonstration of brush control by basal treatment. For mesquite, a mixture of 8 pounds (2 gallons) of 2,4,5-T per 100 gallons of diesel was used. This treatment averaged about \$22.50 per acre. This treatment resulted in a kill averaging near 100 percent. For oaks the amount of 2,4,5-T per 100 gallons of diesel was doubled.

On the next two stops were demonstrations of various treatments and mesquite and seedbed preparation and the evaluation of various strains of grasses. Treatment varied from spot grubbing to complete clearing and seeding. Costs varied from \$16.50 per acre to over \$50.00 an acre. This experiment was carried out to determine the minimum treatment needed to get the desired control of brush and return the maximum amount for each dollar spent. On this particular site where a fair stand of grass was already present, best results were from a combination of grubbing and seeding in the pits for a cost of around \$25.00 per acre. Various grasses evaluated included Old World bluestem, Indiangrass, big bluestem, Kilengrass, sorghum, alum, K R bluestem, sideoats, Green sprangletop, and Plains brome grass. Best results were from a combination of spraying, shredding, goating, and spraying.

Experiments have shown the low volume - low pressure aerial spraying can reduce cost of treatment from about \$3.00 an acre to about \$1.50 an acre. Higher root kill has been obtained when a combination of 2,4,5-T and picleran were used. Also, spraying at night has given better results. The last stop was on a demonstration of grazing trials. It was stressed very strongly that no matter what method of control you decide to use, unless you follow up with proper management you're just wasting your money. Proper management is needed to promote a good stand of grass which is essential to repress a reinfestation of brush.

Following the tour and a Bar-B-Que lunch a discussion by various experts took place at the Ranch headquarters. Gene Whitehead owner of this 26,000 acre ranch emphasized the need for follow up and management following brush control and not to get too much started at one time so it won't get you in a bind. Charlie Fisher, Brush Control Specialist with The Extension Service stationed at Lubbock summed up all the research that has been done and again stressed management following brush control. Others on the program included S.C.S. personnel and noted successful ranchers.

Tahoka High Happenings

BY SOUTHERN WELLS

Last week was designated as "Beat Denver City Week" and that's just what happened! Never has spirit been as high as it was. Yells could be heard all during the day, and the halls were filled with posters. Everyday during the morning and noon announcements, a teacher gave a "spirit talk" over the P. A. system. Thursday was designated as "Sock It to 'Em Day" and everyone was asked to wear socks with no shoes. Even the faculty got into the spirit of things as the following equation appeared on a test. DCM-S + E + D of TB = SBDN. The answer: Denver City Mustangs minus Spirit, enthusiasm, and determination of Tahoka Bulldogs equals sorrybrokendownags. Of course, there were many answers to this equation but this was the original.

Friday afternoon, students from North Elementary, Junior High, and High School gathered in the gym for a gigantic pep rally. The pep rally consisted of various yells, a skit presenting the spirit stick to the "Wild-bunch," three guest cheerleaders, and an inspiring pep talk by Mr. Finney. Coach Viertel presented Ladd Roberts a star for his defensive action against Frenship and expressed the team's appreciation for the pep rally.

Friday night could be described as thrilling, sensational, and utterly fantastic! The Bulldogs really outdid themselves in showing Denver City who was best! Congratulations to all coaches and team members who did their part in the great victory.

Last week was a good example of how the student body, pep squad, cheerleaders, band, faculty, and football team had a part in raising school spirit. The result - a great victory for all. T. H. S. has finally

"put it all together" and we're getting closer to District Champs.

Are you hungry for something different? If so, support your Bulldogs Friday night and get your share of the Wild-cat Barbeque.

Hootenanny Is This Saturday

The Hootenanny is held every third Saturday of each month. Everyone is invited to attend and all musicians are invited to participate. No admission is charged.

Club Honors Charter Members

Mrs. Lynch also presented eighteen past chiefs an attractive tiny felt "hand" book markers. The charter was draped for Mrs. Vonda Shoemaker of Salt Lake City, past Supreme Chief. The prayer was given by Emma Halamieck Ora Curry was presented a twenty-five year pin. Mary Lou Curry and Lois Flemming will also receive pins.

Thursday night at 7:30 p.m. has been designated as "Game Night" at the WOW Hall. Everyone interested are invited to attend.

Seven sisters visited Friendship Temple in Lubbock Monday, Oct. 4.

The upcoming Thanksgiving dinner and Christmas bazaar-bake sale were discussed.

Twenty-six Sisters attended with the officers acting as hostesses. The next scheduled meeting will be Tuesday, Oct. 19, at 7:30 p.m.

Bulldogs Break Mustangs, 10-0

The Tahoka Bulldogs, in what must be the upset of the year in high school football, defeated the Denver City Mustangs last Friday night at Kelley field, 10-0. The Bulldogs were just not to be denied the victory with the spirit and enthusiasm building since the previous week.

The tremendously coached troops of A. J. Viertel and staff held the Mustangs out of their end zone repeatedly Friday night with the red machine of Denver City moving easily outside of the 20 yard line but when they got around the 20 the Bulldogs refused ground. The desire of the Bulldogs was unbelievable as they stopped the larger team time after time.

Mistakes and penalties caused by the fired up Bulldogs cost the Mustangs dearly, as they beat Tahoka in the statistics but not where it counted, on the scoreboard.

The lone touchdown in the game came with just 4:22 seconds left in what up to that

point had been a defensive duel, when the Mustang defense was caught napping on a draw play and the Bulldogs' speedy tailback John Thomas raced across the goal untouched from 10 yards out.

The TD had been set up by a series of Mustang disasters. Scant minutes before the Mustangs had mounted a serious drive and got as far as the Bulldog 6. A 15-yard penalty set the ball back on the 21. Then on fourth and 11, after moving back to the Tahoka 5, end Harvey Lehnert dropped a pass from Ricky Mitchell and the Bulldogs took over on downs at their own 15. Unable to move, the Bulldogs were forced to punt. Then came the big break for the Bulldogs. Don Short took the punt for the Mustangs, ran several yards and fumbled when hit hard by tackle Jim Thomas. Thomas covered for the Bulldog on the Denver City 39.

On their first play of the series, Tahoka signal caller Jeff Atwell lofted a long bomb intended for John Thomas. Defensive back Reggie Clifton matched Thomas stride for stride and kept the pass from being completed but interfered with Thomas giving the Bulldogs a first and ten on the Denver City Mustang 19. Atwell rolled out on the next play and was thrown for a loss back to the 25. On the next play Thomas got nowhere but the Mustangs were penalized to the 10 for unsportsmanlike conduct, setting the stage for Thomas' TD run.

Louis Zedlitz booted the PAT to give Tahoka a 7-0 lead.

Trying to pull the game out, the Denver City Quarterback Mitchell came out passing after Brian ran the kickoff back from the end zone to the 16. The DC quarterback hit Brian with a screen pass but he was tackled for no gain. On the next play, Mitchell again threw and this time was almost intercepted. On third down Mitchell rolled out and scrambled to the 23. With a fourth and three, John Saldana blocked a Denver City punt attempt and the Bulldogs took over on the 23. Two tries

netted them two yards loss against the Denver City defense but a personal foul penalty gave them 15 yards and a first down on the Denver City 10. On this series the Denver City defense held the Bulldogs to one yard on three downs but gave them fourth and goal on the nine yard line. Louis Zedlitz booted a 19 yard field goal to put the icing on the cake for the Bulldogs with 26 seconds left giving the Bulldogs a 10-0 victory.

This is the first time the Bulldogs have defeated the Denver City eleven since 1955 and the way the Bulldog crowd roared you would have thought the Tahoka team had won the national championship.

The Big Blue grid team will travel to Idalou Friday night to take on the Idalou Wildcats in another district contest.

In the 4-AA district standings Roosevelt leads the pack with a 2-0 record and there is a 6-way tie for second with Denver City, Tahoka, Frenship, Idalou, Post, and Slaton tied. Ralls is the only team in the district that has lost both games. Slaton tied.

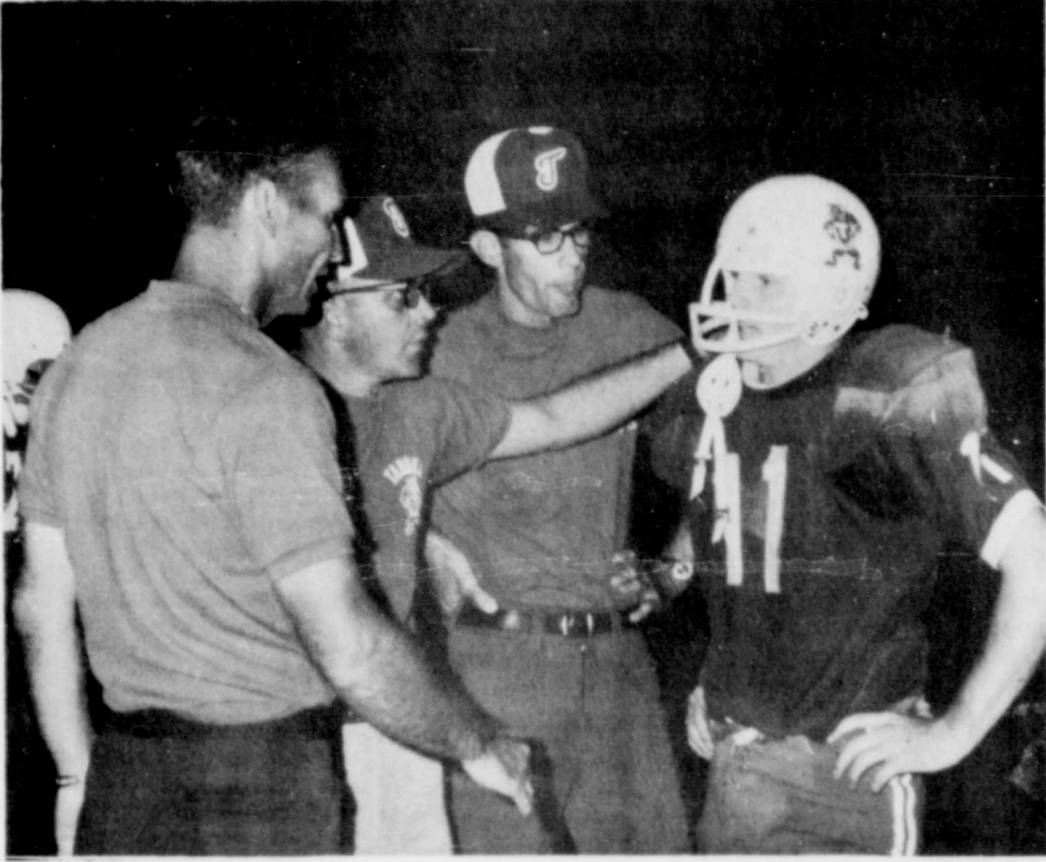

In naming outstanding players for the Bulldogs Friday night we find that each member of the team played great football to bring the victory to the Bulldogs and so below is a roster list of the entire squad.

Past Days In Lynn County

Copied from Oct. 9, 1953
The Lynn County News is this week observing its 50th anniversary. The paper was born on October 8, 1903. The publishers had planned a special edition to celebrate the occasion, but due to our shortage of help and the severe drought, it was seen fit to postpone a historical edition to some later date when a more creditable one can be published.

The News was established by Otis and Inez Lilly. Soon, they abandoned the project, and it was revived a few months later by Mr. and Mrs. H. C. Crie. During the late teens they sold out to Bob Haynes, who sold to the present publishers in October of 1923. Thus, this month is also the 30th anniversary of the paper in the hands of the present publishers.

Incidentally, The News is the oldest newspaper on the South Plains south of Lubbock. It is the oldest business institution in Tahoka operating under the same firm name, and possibly is the oldest business institution on the Lower South Plains.

The News hopes to continue another fifty years, at least. Furthermore, The News has not missed an issue in at least 30 years-or at least 1570 issues. A total of approximately 2,600 editions of The News have been published in these 50 years. Conservatively estimated, there have been 30,000 pages.

In the early days, the paper was of only 4 pages in size but for many years now it has run from 10 to 12 or more, and sometimes 16 or more, pages.

A Board of Review was held for the Tahoka Boy Scout Troop No. 21 Monday night, in preparation for the Court of Honor to be held Oct. 12, in the WOW Hall.

Boys passed by the board were Danny Daniels, tenderfoot advancement; Cecil Hammonds, Jr., surveying and cooking; Karl Prohl, fishing; Gerald Huffaker, fishing; Vernon Redwine, reading, farm, home and building arrangement, and wood carving; John Ed Redwine, business surveying, reading and aviation.

In order to raise money for the Boy Scout fund, the group will canvas the town this week selling the budget bonus bags of light bulbs. Several local firms will contribute their profits made this week from the sale of these bags to the troop.

The boy scout selling the most bulbs will receive a prize valued at \$7.50.

Meeting time for the scouts each week has been moved at 7:00 p.m., according to H. B. McCord, Jr., scout master.

Wilson's Eighth Grade Football team registered a convincing 51 to 0 victory over Ropesville Junior High team in a game played at Wilson Tuesday, according to Principal L. G. Fuller, coach of the Wilson juniors.

Quarterback Kenneth Haynes scored twice on keeper plays around end; Kenneth Ethridge hard driving back, scored four times; and Jimmy Blankenship another good back, scored twice.

Pvt. Robert D. Adamson, who was recently inducted into the Army Anti-Aircraft Artillery and who is now in training at Fort Bliss, El Paso, writes his mother, Mrs. D. R. Adamson, that he has recently qualified as an expert rifleman.

Last week, Robert's battery of 200 men went to the rifle range for practice with the M-30 caliber rifle, firing at targets 100, 200 and 300 yards away. Robert made the highest score of any man in his battery, 218 out of a possible 250 points.

He was in his fifth week of basic training in which basic army tactics and use of basic weapons are taught.

Ladies of the Sweet Street Baptist Church held a social meeting Tuesday night in the home of Mrs. Bob Fisher. Thirteen ladies were present.

The next meeting will be on Nov. 29 in the home of Mrs. Glen Medlin. All members are urged to attend.
