## Mrs. Hegi Talks At Rotary Club

Mrs. Madeline Hegi, home-making teacher in the local high school, spoke at the Rotary Club Thursday on the subject, "Foods and Nutrition." She said so many foods purchased today contain preservatives and additives that food supplements are needed to bring them up to body needs. Also, she thinks there is danger in over use of sugar substitutes, diet drinks, etc. She thinks men, especially need supplements to today's menus. B-Complex vitamins help promote nervous stability, Vitamin E helps promote heart health, and Vitamin C is also necessary to the diet. Wilton Payne was in charge

of the program and introduced the speaker. President Dwain Lusk called attention to the up-coming turkey shoot and also the Rotary Conference, both scheduled in April. Marshall Baxter, who has moved here from Coolidge, Arizona, to manage Tahoka Airport, gives flying lessons and engage in crop spraying, was a guest at the meeting.

## T-Bar Ladies Golf Meets Tuesdays

# Unfred On Cotton Research Committee

America's cotton growers this weekend steered their research and marketing programs for the coming year on a course they hope will lead to increased uses for cotton in expanding fashion markets and more profitable operations on the farm.

The action came from committees of Cotton Incorporated, the research, sales and marketing company sponsored by growers through their dollar-per-bale program, during two days of intensive work here Saturday and Sunday (March 11 and 12).

In dawn to dusk, shirt-sleeve sessions, the committees heard recommendations for fiscal 1973 from their research, sales and marketing managers, who carry out Cotton Incorporated's program from New York City and Raleigh, N.C.

Members of the three standing research committees -- cotton growers themselves -- collectively make up Cotton Incorporated's board of directors. The board represents over 300,000 cotton producers in 19 states.

The agricultural research committee, under Chairman E. R. Sayre of Greenwood, Mississippi, approved programs that will step up efforts to control insects, improve yield and quality, curb cotton plant diseases, and neutralize weeds.

The processing, handling and services research committee, chaired by Hervey Evans, Jr. of Laurinburg, N.C. gave the nod to accelerated programs to improve mass handling of seed cotton, ginning and packaging, and quality evaluation and marketing. Chairman Keith Walden of

Sahuarita, Arizona, presided as the marketing and product research committee approved intensified programs designed to produce fire-retardant cotton garments and better durable-press fashions, and to capture a place for cotton in new markets being created by high-speed and double knit processes.

Walden's committee also endorsed proposals covering sales, marketing and promotional programs, including advertising, public relations, fashion marketing and market research.

The full board of directors will act on each committee's recommendations at the annual meeting of Cotton Incorporated April 29-30 here. Also attending the committee meetings was Howard Alford of Lubbock, Texas, president of Cotton Incorporated. He will preside at the annual meeting next month. Other officers are Hervey Evans, vice president, C. R. Sayre, secretary. The officer of treasurer is vacant.

Heading the Cotton Incorporated management teams making recommendations to the committees was J. Dukes Wooters, Jr. of New York, N. Y., executive vice president and general manager.

Cotton Incorporated's sales and marketing activities are carried out from New York City, where the executive offices are also located.

Research is conducted and managed at the Research and Technical Services Center at Raleigh, N.C. Contract research is conducted at private and public institutions throughout the United States. L. C. Unfred of Tahoka is on the Marketing and Product Research Committee.

JOHN FULFORD

## Rites Held For John Fulford

Services for John R. Fulford a pioneer Lynn County farmer and cowboy, were held at 4 p.m. Friday, March 17 in the First Baptist Church.

Officiating was the Rev. Jim Turner, pastor, and the Rev. Jim Sharp, pastor of New Deal United Methodist Church. Burial was in Lubbock's Resthaven Memorial Park directed by White Funeral Home.

Fulford, 80, died about 4 p.m. Thursday in Lubbock's Methodist Hospital following a lengthy illness.

He was born Nov. 8, 1891 in Abilene and moved in 1906 to Lynn County. He and Miss Hattie Lou Yates were married July 7, 1917 in Lynn County. In his early years, Fulford worked on several area

ranches, including the T-Bar, the L7 and the Lumsden ranches. After military services in France during World War I, he farmed in the Lakeview, West Point and Wells communities. He was a member of the First Baptist Church.

Survivors include his wife; a daughter, Mrs. F. E. Redwine Jr. of Tahoka a son W. A. "Dub" Fulford of Brownfield a half-brother, Jim McMannis of Paso Robles, Calif, four grandchildren and six great-

Don't drive on snow tires in warm weather months, the Tire Industry Safety Council warns. There is a very high heat buildup in these deep-tread, extra duty tires, causing tread to wear rapidly.

Tires removed for storage should be placed flat in a cool, dry area, away from sunlight and electrical equipment.

## Terry Mears Stock Show Princess

Miss Terry Mears, daughter of Mr. and Mrs. Lloyd Mears of Wilson was crowned Monday night as the 4-H Southwest Junior Livestock Show Princess. Terry represented the Lynn County 4-H Clubs and was the official hostess of the Stock Show along with Brenda Rowan of Slaton, the FFA Princess.

Terry's week as princess has been filled with presenting awards to stock show participants, press conferences, and was a featured attraction in the A.B.C. Rodeo Parade. Terry has been an outstanding 4-H Club girl in clothing for the past several years.

The final analysis of the 1971 cotton crop from the 25 High Plains counties represented by Plains Cotton Growers, Inc. shows the quality of last year's harvest generally speaking, to be the poorest since 1966. Low growing season temperatures and untimely rainfall are to blame for the poor showing.

Staple average for the crop was only 30.2 thirty-seconds of an inch as compared to 30.4 thirty-seconds in 1966, and to find a shorter staple average it is necessary to go back to 1963 when the crop measured only 29.8 thirty-seconds. The 1970 average was 31.1 thirty-seconds.

The poorest quality characteristic for the year was micronaire, as might be expected since this factor is highly sensitive to the effects of temperature. The average micronaire, of fiber fineness, for 1971 was only 2.9 micrograms per linear inch -- the lowest on record since PCG began compiling quality analysis in 1958. Even in the low quality year of 1966 micronaire averaged 3.2, which at that time was a record low. Average micronaire of the 1970 crop was 3.7 micrograms.

Pressley, of fiber strength, at 77,200 pounds per square inch was still above the average of 73,000 psi of 1966, but well below the 85,000 pound average of 1970.

Grades of the crop were bad, but not the worst on record. Only 15 percent of the 1971 crop was White, 59 percent was Light Spot, 22 percent was Full Spot and 4 percent fell in lower grades. In 1966 only a 9 percent was White, 52 percent was Light Spot, 32 percent Full Spot and 7 percent in the "other categories". For 1970 the percentages, respectively, were 41, 45, 11, and 3.

Further evidence that 1971 was one of the sorriest cotton years on record for the Plains is seen in per-acre yields. Official yield per acre will not be released by the Texas Crop and Livestock Reporting Service until later this year, but the area only produced approximately 1,350,000 bales of 480.

Fortunately for High Plains farmers cotton prices in 1971 were exceptionally strong for the low qualities which dominated production. Otherwise the financial blow of a low quality, low yielding crop would have been much more severe.

But PCG Executive Vice President Donald Johnson and other cotton leaders are cautioning producers against undue complacency where quality is concerned. They point out that the short supply situation of 1971 gave cotton spinning mills little choice but to buy and spin the cotton that was available whether or not it had desirable spinning potential.

"We are thankful for the prices we got for lower quality cottons in 1971," Johnson says, "but we can't count on this situation prevailing for very long. When there is a more plentiful supply of cotton for sale, mills will go back to selective buying, and the cotton that finds and holds a market will be the cotton that meets specified quality requirements."

The March 1 USDA estimate of planting intentions indicates that about 13.4 million acres will be planted to upland cotton in the U. S. this year. Allowing for the normal 7 percent abandonment, the 12,462,000 acres remaining for harvest, at the 1961-1970 U. S. average yield of 477.8 pounds per acre, would produce 12.4 million bales. And with 1972-73 domestic and export offake now projected at 11.2 million bales, this could bring back "selective buying" in a hurry.

JIM BROCK  
Jim Brock's Services Held

Services for Jim Brock 79, of Rt. 2, Wilson, who died at his home about 9 a.m. Sunday, were held at 2 p.m. Tuesday, March 21, at the First Baptist Church of Wilson.

Officiating were Rev. Darold Baldwin, pastor of the church, assisted by the Rev. H. F. Scott of Lubbock. Burial was in Green Memorial Park at Wilson directed by White Funeral Home of Tahoka.

Brock was born April 26, 1892 in Lott. He was married to the former Eula Lee Oden June 29, 1912 in Navarro County. He moved to Wilson in 1958 from Lubbock.

He was a member of the Wilson Baptist Church and a retired farmer.

Survivors include his wife; two daughters, Mrs. Arlena Heck of Rt. 2, Wilson, and Miss Gladys Lee Brock of the home two sons, Carl D. Brock of Houston and James C. Brock of Conroe four sisters Mrs. Dometria Abbott and Mrs. N. W. Brown, both of Irene, Mrs. Raymond Woolley of Holland, and Mrs. C. O'Dell of Houston, a brother Luke D. Brock of Jacksonville, six grandchildren, and six great-grandchildren.

Pallbearers were Harold Key, Carl Gryder, Jim Coleman, Sam Crowson, John Henderson, Dan Cook, Jim Lane and Clifford Brock.

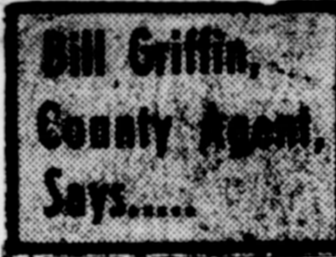

NEW SIGNS ERECTED -- The sign shown above was erected by Tahokans welcoming people to Tahoka. The sign features a picture of Miss Debbie Wright, National Maid of Cotton and reads Welcome to Tahoka, Home of Debbie Wright, National Maid of Cotton. The signs are erected on both entrances to Tahoka coming in on highway 87.

PLACES FIRST -- Pictured above is Alan Curry with the 1st place light weight Crossbred Barrow of the Junior Livestock Show held in Lubbock. Alan is the son of Mr. and Mrs. John Curry of Tahoka. Congratulations Alan.

TRAIL RIDE -- Pictured above are members of the Lynn County 4-H Horse Club, as they went on a trail ride last Sunday in the T-Bar Ranch. Twenty-five boys and girls from Tahoka, New Home, Wilson and O'Donnell were accompanied by parents on the ride.

Bill Griffin, County Agent, says....

If you value your horses, don't take chances with Venezuelan equine encephalomyelitis (VEE).

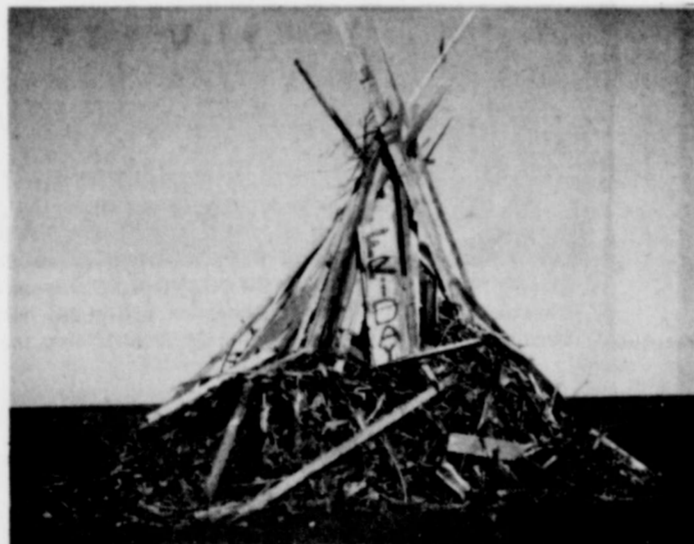

A vaccination program for the deadly horse disease should be activated now before mosquitoes which transmit the disease become too active.

Horses, mules and donkeys that should be vaccinated are in four groups: (1) unvaccinated animals that have recently moved into the state; (2) foals born since last year's vaccination campaign; (3) foals vaccinated last year that were under six months of age; (4) animals that were overlooked and never vaccinated.

Horses, mules and donkeys that were vaccinated last year need not be vaccinated again. However if there is any doubt as to whether the animals were vaccinated, it is best to vaccinate again.

This year the individual horse owner must pay for the vaccination. Commercial vaccine is available and must be administered by a veterinarian. Even though horse owners may have vaccinated their animals for Eastern and Western form of encephalomyelitis, this vaccination offers no protection against VEE. Neither does the VEE vaccination protect the animals from the other two forms of the sleeping sickness.

The agent added that Texas is still under federal quarantine for VEE. This means that horses must have been vaccinated for the disease at least 14 days before being allowed to leave the state. Horses for interstate shipment must be accompanied by a vaccination certificate and individual animals must be identified by tag, tattoo or some other means.

## Area Youth Rally Bonfire Friday

YOUTH from all area towns and churches will be in Tahoka this Friday night for the annual Lubbock Baptist Association Youth Rally Bonfire. From Abernathy to O'Donnell, Shallowater to Ralls and all in between, 600 to 800 high school and junior high students will be coming to fellowship together and to hear the stories of Jesus.

Personalities include Bob Mankin, a nationally recognized speaker and former drug abuser. He is now a full-time youth evangelist. The 100th Psalm and the Youth Choir from Tahoka's First Baptist Church will sing as well as the "Joyful Sound Company" from Lubbock and groups from Calvary Baptist Church and First Baptist Church Abernathy.

Special guests will be the Sitton Brother Trio from First Baptist Church, Idalou. These boys sing and play the piano all over the country. The boys are blind, but even they have seen the "light" of what Jesus Christ can do in a person's life, because He has transformed theirs.

The event will be held 1 1/2 miles east of Tahoka on the Post highway. The lake bed on Bryan Wright's will be the site and the parking facility. Attendees are urged to bring a blanket to sit on and to be on time. It begins at 9:00 p.m.

Bob Strait, Minister of Music, Youth, and Education at the local First Baptist Church will be master of ceremonies. Jimmy A. Turner is pastor of the church.

## Past Days In Lynn County

Copied from March 18, 1938  
Formal opening of the new Edwards Implement building on highway 84 near the gin district will be held Tuesday of next week and all farmers as well as all people interested in farming, are invited to attend.

A. J. and A. P. Edwards are the owners and they have secured the J. I. Case farm machine agency for this territory. A full line of machines will be on hand.

Beginning at 2:30, there will be a free show, including moving pictures and other entertainment. Refreshments will be served.

Homer G. Maxey, formerly of Tahoka, is this week opening a new lumber yard in Lubbock on Ave. Q. His father and brother are in the contracting business in the growing city and he will no doubt receive a nice share of business.

Mr. and Mrs. Maxey have many friends in Tahoka who wish them success in their new venture.

Joe Davis, proprietor of the Davis Food Store, has sold his business to Messrs. George Oates and W. T. Kidwell of Rochester, who have already taken charge and are remodeling and rearranging the store.

Mr. Davis has not announced his future plans but will remain in Tahoka for a few weeks, at least.

The Bluebird class had a business and social meeting Monday night. After the business meeting games were played, carrying out the St. Patric scheme, after which refreshments were served.

Those present were: Pauline Cunningham, Lucille Burroughs, Ethel Norris, Ophelia Eudaly, Laura Jane Milliken, Wanda Dyer, Mildred Cooper, Julia Snowden, Madeline Russell, Joyce Russell, Jennie Reba Nevill, and Gennell Fortenberry.

Miss Jim Ellen Wells and Hollis Huddleston of O'Donnell visited Mr. and Mrs. Wade Holland Sunday.

Mr. and Mrs. Boyd Smith and Mrs. Kenneth Reid spent a few days this week at the Fat Stock Show in Fort Worth.

Mr. and Mrs. Condly Carmack and children left Thursday for the Fat Stock Show in Fort Worth. From there they will go to Houston to visit Mr. Carmack's parents, Rev. and Mrs. C. F. Carmack.

S. J. Cheek of Hico was here visiting in the H. L. Roddy home Friday.

Mr. and Mrs. R. B. McCord and Mr. and Mrs. Claude Thomas left Thursday for South Texas to "just have a good time" for a few weeks. Mr. and Mrs. Thomas carried along a new house trailer.

Copied from April 1, 1938  
H. B. McCord has subleased his Phillips 66 Service Station to Harold Snowden, who will operate the same hereafter under the name of City Service Station, phone No. 71. He has already taken charge.

W. D. Smith Jr. has leased and is operating the station across the street south of the old Phillips 66 and it will probably continue to carry this name. Its telephone number is 66.

Mr. McCord who is agent for the Phillips 66 products has moved his wholesale office into the building. He has retired from the retail business and will devote his entire time to the wholesale business.

The interior of the building is being rearranged and repainted, greatly enhancing its attractiveness.

Tahoka High School chapter of the Future Farmers of America will enter three fat Hereford calves in the annual Quality Meat Show at the South Plains Fair grounds in Lubbock Monday, Tuesday, and Wednesday. The calves belong to Bryan Wright, Robert Sanders and J. H. Dyer. The entire class of agriculture students, under Leslie Browning teacher will attend the show Wednesday, and participate in a parade and meeting of all FFA boys of this territory.

Plans for building a softball park and organization of a six-team softball league are underway at Wilson according to "Doc" Cook of that place.

Funds are being raised by Cook and others with which to build a board fence around the grounds and erect bleachers. The park would be used for softball, baseball, and football the Wilson schools expect to start the latter sport this fall.

If the projects goes over, which now seems certain, lights will be installed for night games.

A play entitled "Melodrama in Nankipoo" is to be given by the P. T. A. of New Home in the New Home High School Auditorium next Tuesday night April 5, beginning at 8:30 p.m. according to Mrs. Lloyd McCormick.

The play is said to be a fine one and a large crowd is expected to be present to enjoy it.

Maassen's Produce moved this week into the new building on Main street recently constructed by D. W. Gaignat and the McCormick heirs for Mr. Maassen's use.

Though some of the finishing touches have not yet been put on, this is a most attractive building inside and outside.

Mr. and Mrs. Kirk Pitts are preparing to move the Cash Store into the building vacated by Mr. Maassen as soon as the interior can be re-arranged and re-decorated but they are unable to state as yet just when the building will be ready for occupancy, though it is not anticipated that it will be long.

### L. H. Bain's Funeral Held

Services for L. H. Bain, 76, of Tahoka were held at 2 p.m. Friday, March 17, in the Tahoka First Baptist Church. The Rev. Jim Turner, pastor, officiated. Burial was in Tahoka Cemetery directed by White Funeral Home.

Bain died at 1 a.m. Wednesday in St. Mary of the Plains Hospital at Lubbock.

Bain was born Dec. 22, 1895 in Grandbury. He married Mamie Allen, June 17, 1917, in Patillo. She died April 24, 1969. The couple moved to Lynn County in 1924 from Hood County. He operated an Antiquity business in Tahoka for several years. He was a member of the Oddfellow Lodge and of the First Baptist Church.

Survivors are three daughters, Mrs. James Trammell, Mrs. D. S. Reno and Mrs. Winnie Green, all of Tahoka, a son, Houston Bain of Tahoka, two sisters, Mrs. Grover Jones of Slaton and Mrs. Mattie Henexson of Ralls a brother, C. R. Bain of Slaton eight grandchildren and two great-grandchildren.

Pallbearers were David Massey, Floyd Reese, Wayne West, Ed Hamilton, Charlie Beckham, Joe Beckham and C. W. Burr.

### Change In Set- Aside Regulation

GSPA Executive Director Elbert Harp was notified this week by U.S.D.A. officials that the set-aside regulations have been relaxed for farmers who produce both wheat and summer row-crops.

Under the new regulation, a farmer who has wheat set-aside for cotton and grain sorghum at the time of wheat certification. However, if for any reason he wishes to change his set-aside later, he may do so by notifying the county ASCS office at the time of certifying his grain sorghum and cotton.

Prior to this adjustment, a change could have been made only with the approval of the county ASCS office, which unduly complicated the farming operation at the time of starting crops in the spring. The Grain Sorghum Producers Association and the Plains Cotton Growers Association have been working on this problem with the U.S.D.A. for over a month.

### Lynn County News

Texas voters will get a chance to express themselves at the May 6 polls on the explosive issue of forced busing to achieve racial balance in public schools. Both Democratic and Republican executive committees decided to put a busing referendum on the ballot to encourage voter turnout and demonstrate Texas sentiments to federal authorities. Both ballot items ask Texans to state whether they want a federal constitutional amendment to outlaw forced busing.

Neither party went along with Gov. Preston Smith's suggestion to submit to voters a presidential preference referendum. There isn't much choice for the Republicans, and Democrats dropped the presidential choice poll (which would have had no binding effect anyway) in a scrapover party rules.

Republicans adopted their required new rules routinely, but reform regulations went down hard for the Democrats.

SDEC finally adopted rules largely identical with the moderate reform proposals of William R. Anderson Jr. of Corpus Christi. They are designed to assure a form of proportional representation of minorities, youth and women on convention delegations and to reflect delegates' choices of presidential candidates. Internal operating procedures for parties are also set out.

Loudest opposition to the compromise Democratic rules draft came from Young Democrats who wanted three seats on the senior party's executive committee. Instead, two seats went to SDEC's youth advisory council officers. Young Democrats vowed to keep trying to reconsideration on the point.

The busing referendum may have played a part in Alabama Gov. George Wallace's decision to live up to the conventions by openly seeking Democratic presidential delegate votes in Texas. The issue helped Wallace win in Florida. VERDICT: SHAKES POLITICALS.—Conviction of House Speaker Gus Mutscher and two aides on bribery conspiracy charges left many political figures wondering about effect of fallout on their own futures. Sharpstown Bank stock-loan scandals already were a major issue in some campaigns. Conviction of Mutscher is expected to increase the chorus of I-told-you-so's, and some incumbent officials fear outcries may increase for removal of everybody who had anything to do with the Sharpstown Bank bills of 1969.

First direct political effect of the trial likely will be felt in the House of Representatives soon. Heading the order of business there -- if Mutscher declines to yield his office voluntarily -- will be choice of a replacement for the speaker.

Other speakership candidates except Rep. Rayford Price of Palestine appear ready to join in a move for election of an interim speaker (possibly veteran Rep. L. DeWitt Hale of Carpus Christi) who will agree not to seek the job next year. Price, who claims a majority of House votes, wants the speakership himself at the first opportunity. He doesn't care to turn it over to somebody else for safe-keeping.

Meanwhile, the Sharpstown issue continues to figure prominently in at least four statewide races as well as legislative contests -- governor, lieutenant governor, attorney general and treasurer.

OIL PRODUCTION WIDE OPEN -- For the first time since 1948, the Railroad Commission has pulled the throttle wide open on Texas oil production.

A 100 percent allowable was approved at the Commission's annual state-of-the-industry meeting in El Paso. Major buyers of crude requested 3,544,966 barrels of oil daily next month, a sharp increase over the big 86 percent allowable in March.

Rising demands for energy forced the "sad" order, Commission Chairman Byron Tunnell said. Oilmen said imports would have to make up the deficiency of domestic oil in 1972.

AS OPINIONS -- Retired judges are eligible to receive the benefit of limited state participation in payment of insurance premiums under state group programs, Atty. Gen. Crawford Martin held.

In other recent opinions, the

Attorney General concluded: Blood donors between 18 and 21 can receive no compensation or blood bank credit. A Housing Authority tenant is prohibited from serving as a commissioner of that authority.

County court at law of Bell County exercises concurrent jurisdiction with district courts in civil cases where the amount in controversy is between \$500 and \$5,000 exclusive of interest.

Angelina County court at law is a court of record, and its judge on demand of a litigant must furnish a competent stenographer paid out of court costs. An official court reporter is not required to be appointed on a full-time basis. COURTS SPEAK -- Constitutionality of the death penalty has been upheld by the Texas County of Criminal Appeals.

Judge Truman Roberts concluded in the divided opinion that execution for a crime is not cruel or unusual punishment forbidden by the U. S. Constitution. The issue is now before the U.S. Supreme Court.

Texas Supreme Court blocked a last effort by the University of Texas at Austin to obtain an Austin house deed to it by a late professor. Lower courts found "undue influence" had been used by UT officials on the aged professor to get his property.

The Supreme Court refused to hear an appeal of an insurance company from a lower court order that an Hidalgo County man's suit to recover for loss of a 3.19 carat diamond ring must be tried on its merits.

APPOINTMENTS -- State Rep. Fred Agnich of Dallas was selected as new Republican national committeeman.

Governor Smith announced these recent appointments: George E. Stanley of Port Arthur to the Veterans Affairs Commission.

Martin Frank Wood of Dallas and Bobby M. Burns of Wichita Falls to the Midwestern University board of regents. Mrs. Mary Nell Garrison of Austin was named for a new term of the same board.

Mack K. Nealy as project director, Public Service Careers Program.

George Morrill of Beeville (reappointment) to Nueces River Authority. SCHOOL ASSIGNMENT SET -- State Board of Education set \$265 million as local school districts' share of the Texas public school program cost for the next school year.

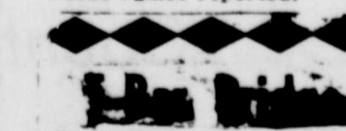

This is calculated at about 20 percent of a district's total operating outlays.

The Board also adopted an economic index determining just how much each district contributes. The state's system of financing public school education already has been found illegal by a federal court but the legislature has been given one more chance to come up with a formula suitable to the court.

"POVERTY" COUNTIES IDENTIFIED -- Thirteen Texas counties with the lowest family income as reflected by the 1970 census were designated under the Hill-Burton hospital aid program as poverty areas.

Counties designated were Starr, Zapata, Kinney, Jim Hogg, LaSalle, Dimmit, Wilbacy, Presidio, Brooks, Real, San Jacinto, Houston and Duval Hill-Burton federal hospital aid is distributed on a 50-50 matching basis, but poverty areas may receive up to 90 percent of money needed for building hospitals and related facilities.

SHORT SNORTS -- First draft call for 500-to-600 young Texans under a new uniform national procedure has been received -- for April and May -- by Texas Selective Service headquarters. The state earned \$15.2 million from its funds on deposit with Texas banks last year, Treasurer Jesse James reported.

Six tables were in play at the quarterly club tournament of T-Bar Duplicate Bridge last week. Winners were: Mrs. D. W. Gagnat and Mrs. Frank Hill, first; Mrs. Eldon Carroll and Floyd Tubbs, second; Mrs. Meldon Leslie and Mrs. Clint Walker, third; Mrs. Maurice Small and Mrs. Winston Wharton, fourth; and Mrs. Auda Norman and Miss Echo Milliken, fifth.

Duplicate is played Tuesday nights at 7:30 at T-Bar Country Club.

## David Cox On Who's Who List

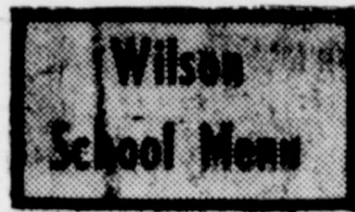

David Cox, a senior at Wilson High School, was recently notified that he is to be featured in the Sixth Annual Edition of Who's Who Among American High School Students, 1972-1973, the largest student award publication in the nation. Students from over 18,000 public, private, and parochial high school throughout the country are recognized for their leadership in academics, athletics, activities or community service in the book. Less than 1.5 per cent of the junior and senior class students nationwide are awarded this recognition. David is the son of Mr. and Mrs. William P. Cox of Route 4, Tahoka Texas. He is active in basketball and tennis, and was chosen to represent his school at the American Legion Boys' State last year. In addition to having his biography published in the book, David will also compete for one of ten \$1,000.00 scholarship awards funded by the publishers. David plans to attend Western Texas College at Snyder upon graduation in May. G. I. home loan activities during the June and September quarters chalked up the best record of any similar period since the late 1950's, according to the Veterans Administration.

## Scott Begins Spring Training

John Scott, a wingback for the Howard Payne College Yellow Jackets, defending co-champions of the Lone Star Conference, has begun five weeks of spring training as part of preparations for the 1972 season.

Scott, a 6-0 and 183 pound footballer on head coach Dean Slayton's team, is a 1968 graduate of Wilson High School. While in high school, he played quarterback for coach Bobby Davis's Mustangs. Last season, the Yellow Jackets were the winningest four-year college or university team in the state of Texas. They finished with a 10-1-1 record, including a 16-13 win over Carmeron State College in the Cowboy Bowl of Lawton, Okla.

The Veterans Administration in recent years has adopted an aggressive "outreach" program of encouraging veterans to use their benefits.

## PTA Play At New Home March 30

Talk about hillbilly headaches! Paw Belsnickle is a man with a problem. Rather 6 problems -- in the form of six unmarried daughters. Don't miss the solution to all his headaches and more. Attend the New Home Parent-Teacher sponsored play to be presented Thursday, March 30, at 8 p. m. in the cafeteria. Characters are Jack Clements, Helen Lee Peek, Beth Phiker, Sylvia Brewster, Rita Jo Nettles, Barbara Cooley, Jay Smith, Thresa Armes, Charlie Louder, Leon Harmonson, Mary Bess Edwards, Doug Davies, Lyn Denton, Freddie Kiehl, Gayland James and who knows who else.

## Herbicide For Mesquite Control

The business of controlling mesquite in Texas got a real "shot in the arm" on February 9, 1972 when the Environmental Protection Agency approved the use of the herbicide, Tordon 225 Mixture. The herbicide has been tested for mesquite control for several years and has proved twice as effective as previous chemical brush killers, points out County Agricultural Agent Bill Griffin. Use of Tordon 225 Mixture will be policed closely by the Dow Chemical Co. which manufactures the herbicide. Only operators who have had special training and approved will be permitted to apply the herbicide, explains Griffin. Range sites must also be pre-examined and approved by Dow Chemical personnel. Tordon 225 Mixture may be applied only under prescribed wind, weather and growth conditions and on specific types of brush adds the agent. The herbicide can be an important weapon for owners in the battle to control the state's No. 1 brush problem to produce age and restore natural conditions says Griffin. Its proper use cannot be emphasized if it is to be safe and effective. Additional information on the performance of Tordon Mixture is available from the Department of Range Science, Texas A&M University, College Station 77843. Additional information about specific sites can be obtained by calling the Chemical Company office in Houston, 713-623-3120, Lubbock, 806-747-1611, San Antonio, 512-655-4300. This information is from Garlyn O. Hoffman, Tension Range Brush Control Specialist.

### Tahoka High Happenings

BY SOUTHERN WELLS

This week is National FHA Week and the Tahoka chapter has been observing various activities during the week. Sunday, FHA'ers attended the Church of Christ as a group. Monday was "Red and White Day" and Tuesday was designated "Teacher Appreciation Day." Wednesday will be observed as "Golden Bean Day." Each FHA'er will be given ten golden beans. Each time she speaks to a boy, a bean will be forfeited. The boy receiving the most beans will be given a prize. Thursday, "Secret Grandmother's" and "Golden Age Friends" will be revealed. Friday will be a family day with Saturday ending as "Children Play Day."

Congratulations to our track boys! They recently placed second in a meet at Hale Center. Tahoka had several first place winners, and the team will travel this weekend to Roosevelt. Good Luck, and keep up the good work!!!!

Volleyball will come to an end on Friday March 24 at Denver City. The teams have been working very hard in preparation for this district tournament.

## Grassland Open House March 31

Why sew a permanent press garment if the trim or lining has to be ironed? What's to be done if a zipper shrinks more than the fabric and results in puckering and pulling after the first laundering?

Take time to shop thoughtfully for trims. Take fabric swatches to the store for accurate matching. Try to go at a time when the store is uncrowded, and the sales-woman have time to give personal service.

If care instructions aren't available with fabrics, it's a good idea to prevent potential problems by pre-treating before sewing. For example, pre-shrink a questionable zipper before sewing by soaking it in warm water.

Test a sample of trim for colorfastness before combining it with a white or light material. Launder any materials that may shrink before cutting the pattern if there's any doubt whether it's been pre-shrunk.

The popularity of knits has brought the introduction of new products. Polyester or cotton-covered polyester cord threads help eliminate seam puckering when sewing polyester doubleknits and permanent press fabrics.

The special ball-point sewing needles make for easier sewing on knit fabrics. Lightweight, nonwoven, washable interfacing designed especially for polyester knits and washable polyester ribbons are two more innovations.

RECIPE OF THE WEEK  
**STRAWBERRY WEE**  
1 pie crust  
1 can sweetened condensed milk  
1 large carton whipped cream topping (already whipped type)  
1 can frozen strawberries (unsweetened) partially thawed  
3-4 tablespoons lemon juice  
Combine all ingredients and beat with mixer until thick. Pour in pie crust and let set 30 minutes. Makes 1 10-inch pie or 2 8-inch pies.

**NURSING HOME NEWS**  
We welcome another new patient this week from Wilson, Texas. He is Mr. Homer Young. We wish him a pleasant stay in his new home.

We had a very pleasant treat this past week when our administrator, Mr. Bales, showed us a nature film on the Mallard Ducks. Everyone seemed to enjoy it.

Mrs. Myrtle Harp began her duties as Director of Nurses.

She has the patients welfare at heart and I know our home will be blessed under her leadership.

I told you last week Mrs. Corbin had some crochett rugs entered in the Post fair. Well, she came through with a blue ribbon. This is especially remarkable when you remember she is almost totally blind. You'll never know just to see her work!

Mr. Leaverson came again Sunday morning to read scriptures to us. Brother Gordon Musick pastor of the Church of Christ brought our Sunday afternoon worship service. We thank you folks for your time and kind deeds.

Mrs. Hammonds and her fine group of ladies were here Monday the 20th after a selge of illness. We enjoy having her back with us and appreciate her faithfulness.

It seems we have several folks on the sick list this week. Must be Spring Fever! Mrs. Harter is having a bad time with a hip she broke some time ago. Mr. Allen will be in the hospital a few more days with his foot and legs giving him trouble. Mary Elmore and Cora Bennett are both in the hospital. Let's remember these people in our prayers for their speedy recovery.

Mrs. Kaddatz is able to visit Mr. Kaddatz again now that she is recuperating from her surgery.

Mrs. Ethel Autry, our housekeeper had the misfortune to fall and sustain a bad cut on her leg. She was taken by ambulance, to Lamesa, where her family Dr. is in practice. It looks like she will be off work for some time. We wish her a speedy recovery. In the meantime Dovie Jolly will take over the housekeeping department.

Mrs. Barton had a day out with her family last Saturday. Almost everyone has had friends or relatives in. It sure gladdens our hearts to have visitors.

Mrs. Reeds niece and nephew, Ethel and C. H. Kenamer were in to see her. Shorty and Jean McNeely, Mrs. Harston's grandchildren were here to visit. Mrs. John Fulford came and brought flowers to brighten our home and hearts.

Other guests signing our book were: O.Z. Harris, Mrs. C. E. Gannaway, Bertha Zachary, Mrs. Tom Hale, Donnie Redwine, Lela Wood, Mr. and Mrs. D. R. Proffitt, J. O. Reed Mr. and Mrs. Barnett, Mrs. Helen Bookman, Rosetta Walker, Mickey Bertreax, Debbie Crowell, Elaine McMillan, Reula Atkins, and Mrs. Skip Taylor. Thank you each and everyone for your visits.

## Film At First Baptist Church

LOST GENERATION, the latest release from Warner Bros. Pictures, will be shown on Wednesday, March 29, 1972 at the First Baptist Church, 1701 Ave. K in Tahoka.

Filed in Eastman Kodak's LOST GRNERATION utilizing multiple screen images and probing documentary style, the film investigates attitudes on the subject of violence, the mood of America, and the answers can be found by this generation as they face the decisions of life. According to the producer, Jim Turner, pastor of the church, the opinions of both young and old, urban and rural, rich and poor, are brought to the screen as the camera focuses on people of various backgrounds throughout the Nation. Location shots were filmed in Alaska, the Southern states, on the farm and in the small towns of America, and in the Haight-Ashbury hippie district of San Francisco.

The feature-length film which includes special appearances by Billy Graham, Linkletter, and Jack Welch was described by one reviewer as a "moving film" that calls on us to make a decision about how much we want to get involved in the troubles of our times. It is a rare story that demands our immediate attention.

LOST GENERATION will be shown at 7:30 p.m. with no admission charge. The public is cordially invited.

A Veterans Administration publication reveals nearly three million veterans and servicemen have trained under the current G.I. Bill since June 1966.

According to the Veterans Administration, more than 130,000 women have trained since the end of the Korean Conflict in 1955.

LOCAL  
Mrs. C. A. Thomas received word that her nephew, Tom Harris passed away in Los Angeles, Calif., and funeral services were held in Dallas, Texas.

**\*Card of Thanks**

We would like to thank all  
of the people who helped in  
so many ways during the loss  
of our Dad and Grandfather.  
To the Oddfellow Lodge who  
did so much, to the ladies  
who brought in so much love-  
ly food for all the beauti-  
ful flowers.  
There are simply not en-  
ough words to tell you how  
much we appreciate it.  
James, Bonnie, and Betty  
Trammell. 12-tfc

Words seem inadequate to  
express our thanks and ap-  
preciation to those who sto-  
od by our family during the  
illness and passing of our  
loved one.

We send a special thanks to  
all who sent flowers, food and  
cards, and to the ladies who  
prepared dinner at the church.  
To Bro. Jim Turner and Bro.  
Jim Sharp for their words of  
courage and inspiration, and  
to Martin and Billie White for  
their kindness and understand-  
ing.

May the hand of God reach  
out to touch and enrich the  
lives of all of you.  
Hattie Fulford, W.A. (Dub) Ful-  
ford Family, R. E. Redwine  
Family. 12-1tp

I want to thank everyone for  
being so nice to me while I  
was in the hospital. Thanks  
for all the prayers, visits, all  
the beautiful cards and all the  
telephone calls, while I was  
in the hospital. Thanks for the  
flowers, visits, food and so  
many nice things done for me  
since I have come home.

I would like to say thank you  
to Dr. Thomas and to all  
the nurses and help at the Nur-  
sing Home for taking care of  
Mr. Kaddatz, while I have been  
sick.

May God Bless each and  
everyone.  
Mrs. Kaddatz 12-1tp

We would like to thank our  
many friends for the food,  
flowers and kind words dur-  
ing the loss of our loved one.  
We deeply appreciate all the  
kindness shown to us.  
May God bless you all.  
The Family of L. H. Bain  
12-1tp

We want to express our  
appreciation for the visits,  
cards and flowers, while Jack  
was in the hospital. Also  
many thanks for the food  
brought in since he came home.  
Most of all we appreciate the  
many prayers offered in his  
behalf.  
The Jack Stark Family. 12-1tp

### Annual Water, Inc. Meet Held Monday

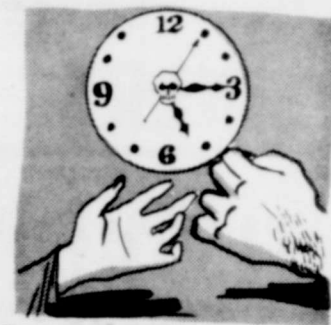

Lynn County members of  
Water, Inc. held their annual  
county meeting Monday night  
in the Lyntegar meeting room.  
Tom Williams, fieldman for  
Water, Inc. in Lubbock made  
a report of the Annual meeting  
of all county units held  
in Plainview in February. Ac-  
cording to Williams Water,  
Inc. now has over 2600 mem-  
bers and efforts are being  
pushed to raise this member-  
ship over 3,000 for 1972-73.  
A greater effort will be re-  
quired to implement the water  
importation from the lower  
Mississippi River to the  
Plains of West Texas and East  
ern New Mexico. Williams  
stated, Clint Walker, District  
Director of Water, Inc. gave  
a short report on District  
activities.

Election of officers and di-  
rectors for the new year was  
held and the following were  
chosen T. B. Mason, Presi-  
dent, Leland White, Vice-  
president, Rober Abbe, Sec-  
retary-Treasurer and County  
Directors are Garland Thor-  
nton, Billy Weaver, Lit Moore  
Bertice Askew, and E. L. Sho-  
rt.

#### Last To Die

Husband and wife both perish  
in an automobile accident.  
Seemingly, they die at the same  
time. Yet, if one has outlived  
the other even for an instant,  
that may make an enormous  
difference to their heirs. It may  
decide whether the husband's  
relatives or the wife's relatives  
inherit the estate.

Accordingly, in this "common  
disaster" situation, strenuous ef-  
forts are often made to figure  
out which of the two victims  
was the last to die.

In a recent case, double  
deaths occurred when a speeding  
truck rammed into the passenger  
side of a car. Both husband and  
wife died instantly.

But since the wife—sitting on  
the passenger side—had been  
struck first, a court concluded  
that the husband must have lived  
a fraction of a second longer. By  
this split second, the wife's re-  
latives lost out on their claim to  
a share of the estate.

With common disasters be-  
coming more frequent, many  
kinds of evidence have been  
found useful in deciding who  
died last. Anything from the po-  
sition of the bodies to their  
physical condition may provide  
the telltale clue.

On the other hand, there may  
be no evidence at all, good  
enough to be trusted in the  
courtroom.

In another case, a mother and  
daughter were found dead of  
asphyxiation. The only "evid-  
ence" as to which one died last  
was that the daughter probably  
held out longer because she was  
younger.

But a court said this was  
plain guesswork, and turned  
down a claim put forth by re-  
latives of the daughter.

Suppose the victims really did  
die simultaneously (or, at least,  
no one can prove otherwise). To  
cover this situation, most states  
have passed a Simultaneous  
Death Act. This Act lays down  
specific rules to settle the vari-  
ous conflicting claims that may  
arise.

A better solution in many  
cases is to have a "simultaneous  
death clause," tailored to your  
individual wishes, included in  
your will. In these days of high-  
speed transportation, such a con-  
tingency is well worth taking into  
account.
