DR. PROHL HONORED -- Dr. Emil Prohl is shown above as he was honored Monday night at the Lynn County Hospital on his retirement. Dr. Prohl has served Tahoka and Lynn County for 35 years.

Adult Basic Education Classes To Begin

Tahoka Independent School District will start the 1972-73 Adult Education Program on Monday night, October 30, 1972. This program is offered free of charge to any adult who lacks a basic education. All materials including paper and pencils will be furnished by the school.

The Adult Basic Education Program is funded by the Texas Education Agency and will offer 100 hours of instruction. Classes will meet Monday and Tuesday nights starting in late October and continuing through March with regular school holidays observed.

The first class will meet at 8:00 p.m. on October 30 in Tahoka High School, and adults may enroll on that night. If anyone has a question about the program they may call Melvin Burks at 998-4538.

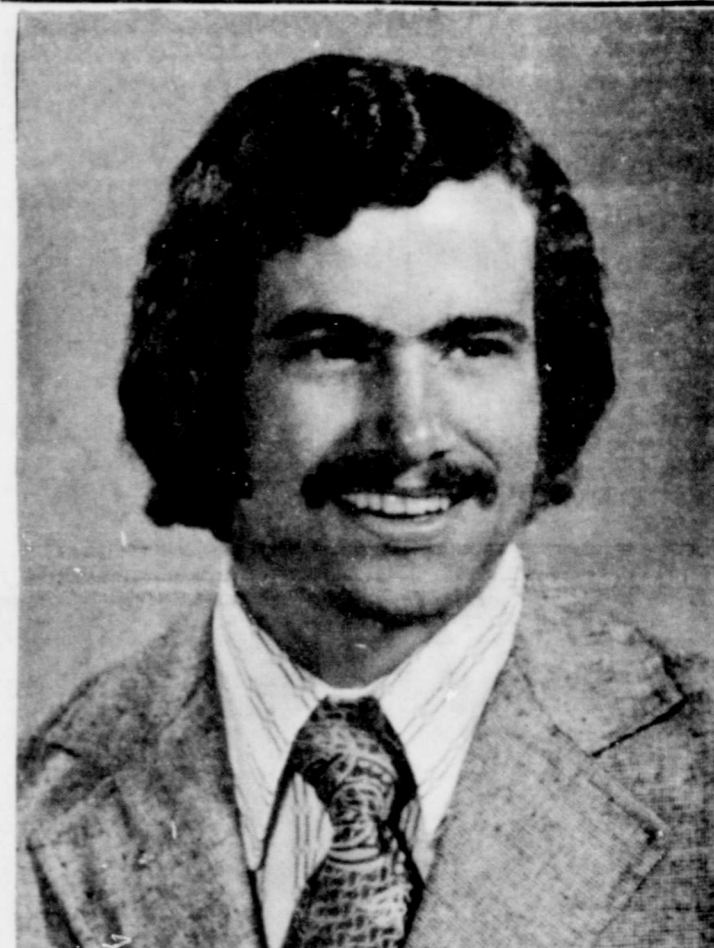

Typing Class For Adults Offered By Tahoka Schools

Approval of the Tahoka Independent School District Board of Education has been secured and arrangements have been made to offer typing to adults in our community if as many as 12 people wish to take the course. Miss Barbara Kitchens, Tahoka High School commercial teacher will teach basic typing course and will offer 100 hours of instruction. The course will consist of mastery of the manual keyboard, centering techniques, tabulations, correspondence, and business reports and techniques.

The typing course will start on Monday, October 30 and will meet on Monday and Tuesday night of each week through March with regular school holidays being observed.

Enrollment in the typing class will be limited to 20 people and the first 20 who sign up will be accepted. Tuition will be charged for the typing class since no state, Federal, or local funds are available for this purpose. Tuition will be \$38.00 each if 20 people take the course and could be as high as \$58.00 per person if as few as 12 take the course. This tuition will include use of the typewriter with Tahoka Schools furnishing typing paper. In addition to this, each student will need to buy a typing manual and workbook which will cost about \$6.50.

Persons interested in taking the typing course may sign up by contacting Mrs. Jeanell Edwards in the Federal Programs Office in Tahoka High School.

Youth Rally Sat.-Sun. At Methodist

A Youth rally has been set at the First United Methodist Church in Tahoka for Saturday and Sunday, 21 and 22 beginning at 6 p.m. Saturday afternoon and will continue through noon Sunday.

Over 40 youth from Spearman will be attending the Rally along with several adults from that town.

Jeff Walters, Youth Evangelist for the Ed Rob Association, and is a student at McMurray College in Abilene, will be speaking to youth Saturday night and will also speak at the regular service on Sunday morning at the church. There will also be singing, witnessing, prayer groups and fellowship.

All area youth are invited to the event.

A covered dish luncheon will be served after the services Sunday morning. The entire congregation is invited to come and bring a covered dish.

SOIL CONSERVATION NEWS

BY RICHARD L. CHRISTIE

TO VOTE -- Howard Moore, chairman of the Board of Lynn County Soil Conservation District urges to vote for amendment 9 and 12. The District enforces purposed amendments in order that they may operate more effectively.

of the common law principle that no person should hold two or more public offices which pose a conflict of interest, Hutcheson said.

The Association Hutcheson heads includes the 960 district directors governing the 192 soil and water conservation districts in Texas.

Directors of the Association include Charles W. Wood of Lubbock, Ben O. Sims of Paint Rock, Dee E. Brune of Sealy, and W. S. Gibbs of Huntsville.

They joined Hutcheson in urging Texas voters to pass Amendment 9. The Association also joined in support of Amendment No. 12, which would allow state employees, as well as soil and water conservation district officers, to serve on school boards and city councils without forfeiting their state salary.

As other supporters have pointed out, 350,000 Texans have been barred from the 22,504 elective non-paying positions in the state.

"I agree that this is disenfranchisement of thousands of our best people," Hutcheson said. "It works against the best interests of all Texans to unfairly limit governmental and conservation leadership."

The Lynn County Soil Conservation District supports Amendment 9 and 12 and Howard Moore chairman of the board would like to ask for your help. This will effect the local district by allowing additional people to be eligible for director positions and present director will be eligible to hold other offices.

These positions of rural leadership are sometimes hard to find because people will not take the time and effort to serve on non-paying boards. This amendment will allow people to hold more than one position.

Salad Supper Honors Doctor Emil Prohl

A salad Supper was held Monday night honoring Dr. Emil Prohl on his retirement and paying tribute to him for his 35 year long dedicated service to Tahoka and surrounding area. The supper was given by Lynn County Hospital Employees, Hospital Board Members and Dr. Prohl's staff at the Tahoka Clinic.

Dr. Prohl married Lillian Grace Davis while doing practice at Texas University in Austin. He entered Baylor University in September of 1931 and graduated in 1935. Mr. Prohl did his internship and residency at St. Joseph's Hospital in Fort Worth.

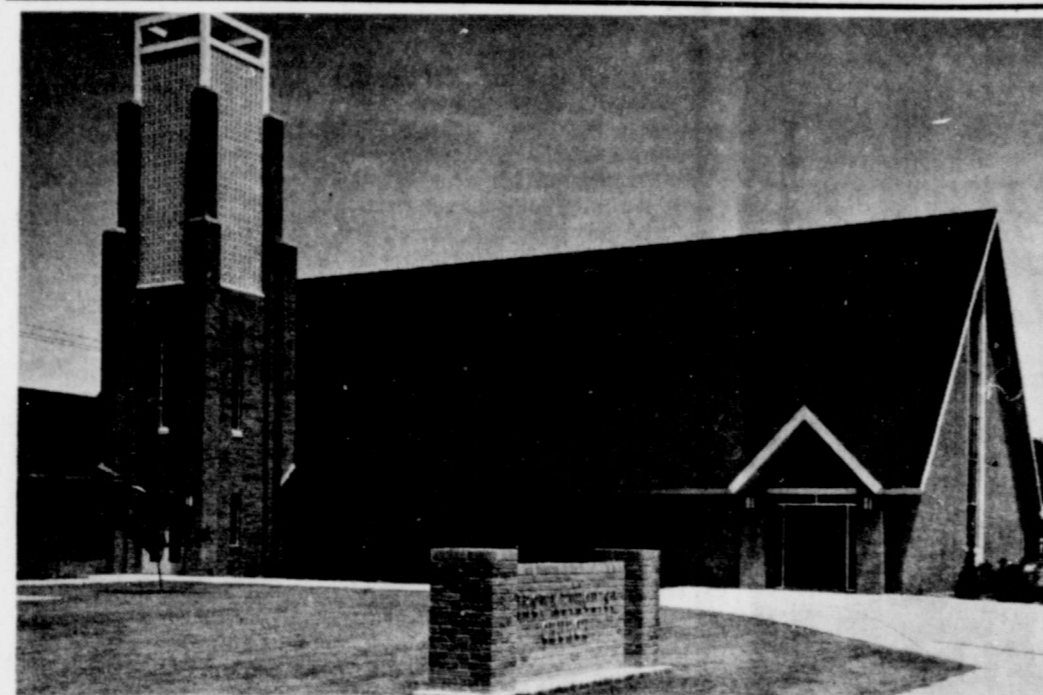

Dr. Prohl came to Tahoka in January of 1937 and opened his office. A few weeks later his family arrived.

This was beginning of his 35 year long, dedicated practice to the town of Tahoka, and Lynn County.

The first Unit of Tahoka Clinic was built in 1941, a second unit in 1943 and another in 1946.

On December 4, 1948 he opened a 15 bed hospital unit with the late Dr. C. Skiles Thomas as associate.

Dr. and Mrs. Prohl have 2 children, Martha, married to Finis Botkin of Tahoka and Karl married to Neita Hewlett and they reside in Lubbock.

FIRST UNITED METHODIST CHURCH

First United Methodist Church Dedicated Sunday

On Sunday, October 8, 1972 a service of dedication was held at the First United Methodist Church of Tahoka. The service signified that all indebtedness on the building had been paid, and dedicated the building to the worship of God.

Bishop Aisle H. Carleton of Albuquerque, Bishop of the Northwest Texas and New Mexico Area of the United Methodist Church, accepted the building for dedication and delivered the sermon. He was assisted by Dr. Marvin L. Boyd of Lubbock, District Superintendent, Rev. C.A. Holcomb of Garden City, Rev. Aubrey White of Sudan, former pastors of the Tahoka Church, and by the present pastor, Rev. Hugh B. Daniel. Milton Uzzle, treasurer, presented the retired note to V. F. Jones, chairman of the building fund, and the note was burned in the presence of the congregation. The building committee, consisting of Mrs. Harold Green, Mrs. R.H. Gibson, W.W. Hagood, W.C. Huffaker Jr., V.F. Jones, and Earl Tunnell, presented the structure to the Bishop for dedication. The late A.M. Bray was chairman of the building committee.

The present building was constructed on the site of the former building, and was completed in 1964 while Rev. Aubrey White was pastor. The first Methodist Church in Tahoka was organized in 1903 by A. B. Roberts, a pioneer circuit rider appointed by the old Northwest Texas Conference, Abilene District, and the first building was completed in 1906. That church served until 1924, when a new brick church was built, and this was the building which was razed to make room for the present structure.

Many former residents of Tahoka and former members of the Church were present for the dedication service.

Afterward a luncheon was held in Fellowship Hall for all those present at the worship services, and a time of visiting and reminiscing about past years was enjoyed by the large number in attendance.

Little League To Meet Wednesday

The Little League will meet Wednesday night, Oct. 25 at 8 p.m. in the Southwestern Public Service Ready Room.

All parents of Little League players are urged to attend. Purpose of the meeting will be to elect new officers.

West Point Gin Supper Monday

The West Point Gin will sponsor a Bar-B-Que supper, Monday, Oct. 23, at 6:30 p.m. at the Tahoka Community Center.

All friends and customers are invited to attend.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

Gov. Preston Smith kept legislators guessing whether he would call them to work in another special session immediately after conclusion of the fourth called session. Regardless of the outcome of deliberations on competitive rates for auto and home insurance, the session managed to pass a respectable number of the nearly 30 pieces of legislation submitted by the Governor.

Nearly a week before adjournment deadline, lawmakers handed the Governor bills he sought to restore some of his fiscal-budgetary authority. They gave him an emergency fund, authority to use it to head off fiscal crises and provided for some gubernatorial power to review need for budgeted spending.

These additional bills were among those finally passed and sent the Governor:

• A \$13.5 million appropriation for medical school building at Texas Tech University, Lubbock, and the University of Texas medical school at Houston.

• An \$8 million appropriation for a new school for the mentally retarded at Fort Worth.

• A \$317,000 appropriation to pay leftover costs of May-June primary elections.

• Exemption of aviation schools regulated by the Federal Aviation Agency from control by the Texas Education Agency under the new proprietary (private trade) school act.

• Authority for Midland to disannex from the Odessa junior college district.

• Establishment of Texas Film Commission as a statutory permanent agency.

COURTS SPEAK -- The State Supreme Court refused to order a Houston judge to ap-

prove fees of court-appointed attorneys for poor defendants in criminal case.

The High Court also refused to hear appeals of contests involving League City's tax system.

The Third Court of Civil Appeals found H. D. Nicholson was qualified as a candidate for district judge in Navarro County though he had not had a law office for the last six years.

AG OPINIONS -- Third parties except the state and its agencies, whether individuals, associations, or corporations, may legally contract for dental care of citizens only by complying with the non-profit corporation act, Atty. Gen. Crawford C. Martin held. Martin's opinion said the Department of Public Welfare and other state agencies can so contract under the medical assistance act.

In other recent opinions, Martin held: • House members cannot buy their old desk chairs, since state property must be disposed of according to statute.

• A Fort Worth ordinance regulating and licensing ball bondsmen in municipal courts does not conflict with the constitution or statutes.

• Nepotism law exemptions for those with two years' state service prior to elec-

tion of relatives) apply to year-round legislative employees but not to those who work only during legislative sessions.

• A new law authorizing Midland to disannex itself from the Odessa junior college district is constitutional.

• A local salary bill for assistant school superintendents is unconstitutional because it applies only to one county.

AWARDS PRESENTED -- Cullen Luttrell of Lonora, maintenance supervisor for Sutton and Schleicher counties, received the third annual Lady Bird Johnson award for Highway beautification.

Luttrell's prize was \$1,000 presented by the former first lady.

Television personality Arthur Godfrey participated in the awards ceremony.

Finalists included Luttrell, Milton C. Campbell of Ralls, Herbert H. Smith of Rusk, Melvin E. Bayless of La Grange and Rinaldo Rivera of Falfurrias.

AUTO TEST LOCATIONS PICKED -- McAllen and Austin have been designated additional Texas test locations for the first official nationwide four-part General Automobile Mechanic test to be given November 21.

Other Texas test locations already approved by Education

Testing Service of Princeton, N. J., are San Antonio; Corpus Christi, Amarillo, Beaumont, Dallas, El Paso, Fort Worth, Houston and Odessa.

Recertification tests every three years will assure mechanics they are keeping up with vehicle changes and servicing developments. The exams are available to nearly 800,000 mechanics in the U.S. on a voluntary basis.

APPOINTMENTS -- H. G. (Pete) Andrews Jr. was named by Governor Smith as a member of the State Board of Public Welfare. He succeeds Will W. Bond of Hillsboro.

J.S. Martinez of Raymondville, Bertrand Adams of Austin and Frank Hutchinson Jr. of Austin were appointed to positions with Texas Industrial Commission's new state office of minority business enterprise.

TEACHERS COMMISSION NAMED -- Twenty-four persons were named to the new State Commission for Professional Competencies.

The Commission will serve through Sept. 30, 1974, and will include the presidents of six professional organizations to be named later.

It will recommend statewide guidelines for teacher competency to the State Board of Examiners during a two-year period. The Commission will try to identify skills, personality, and qualifications which will make school teachers effective in the classroom. YOUNG OFFENDERS MAY BE FREED -- An Austin district judge's ruling may lead to freedom for several hundred reform school inmates who had no attorneys when they were committed.

Judge Charles Mathews told the attorney general's office to find out by November 8 which of the juvenile offenders waived right to counsel. Mathews said a 1967 U.S. Supreme Court decision would require release of juveniles who had no lawyers and did not waive right to counsel. A Travis County legal aid official seeks release of 514 youngsters.

FIRE ANT PROGRAM STARTS -- A joint federal, state, local program designed to control imported fire ants in Fort Bend County is set to begin this month, Agriculture Commissioner John White said.

About 495,000 acres will be treated with Mirex ant bait which has approval of the Environmental Protection Agency.

Mirex is a slow-acting compound and takes 10 to 14 days to kill the ants. It is not toxic to fish, fowl, animal or humans, White said. The program is expected to last about three weeks.

SHORT SNORTS Texas Civil Judicial Council announced approval of a constitutional amendment to abolish the fee system for Justices of the Peace and require payment of salaries to J. P.'s.

The House told Texas Highway Department by resolution it shouldn't build the controversial new departmental headquarters across the street from the governor's mansion and capitol.

Revenue from cigarette tax dropped \$106,729 from September 1971 to September 1972 -- to \$15.34 million.

The Legislature called on Congress to order Veterans Administration hospitals to treat drug addiction among servicemen returning from southeast Asia.

October 15-21 has been designated Cleaner Air Week for Texas.

Get Happy Week Proclaimed

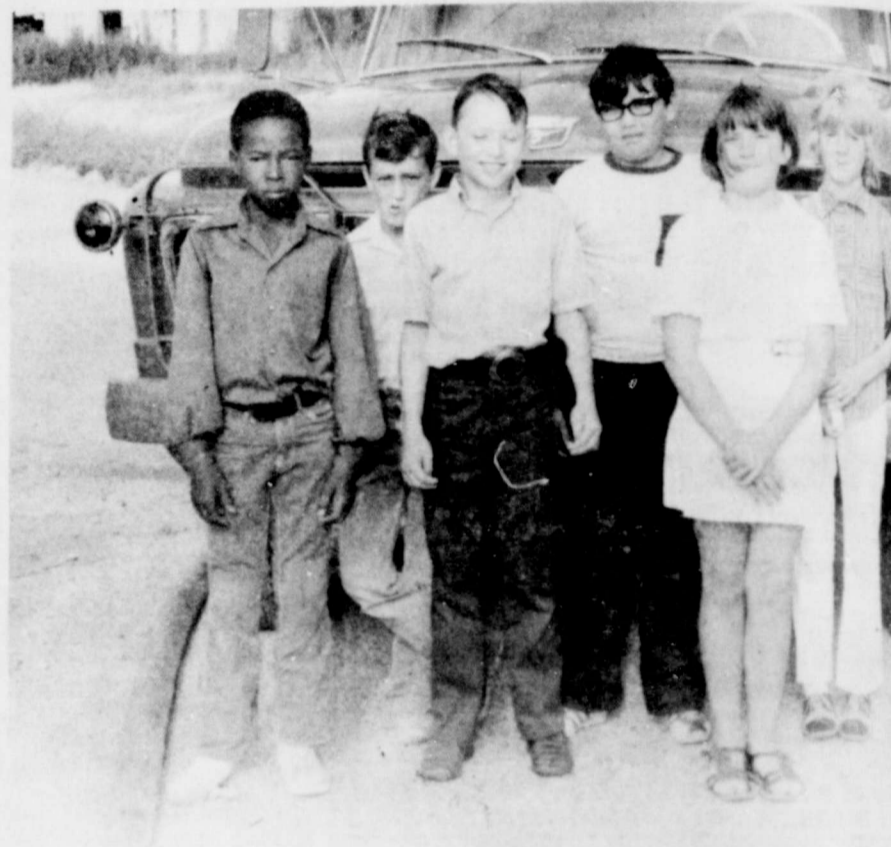

By the authority invested in me as mayor of the City of Wilson, it is hereby announced and proclaimed that on this the 16th day of October 1972 a proclamation is issued to the citizens of Wilson stating that the week beginning on the 16th and ending the 21st of October is hereby declared as "Get Happy Week". Bulldogs Lose Conference Opener To Frenship

Take On District Under Cooper Next

Tahoka Bulldogs lost district 5-AA conference last Friday night. The Bulldogs, if they would come a fairly easy victory point in the game held a 16-7 lead, but they threw a short pass for a 75 yarder and a TD, and Dove's kick narrowed the Bulldog lead to 16-14.

A few minutes later Harney put the Tigers right back in the game when he caught a short pass and went for 75 yards and a TD, and Dove's kick narrowed the Bulldog lead to 16-14.

After Tahoka bobbled a punt on their own 18, and then held the Tigers at that point the Tigers kicked a field goal to give them the winning points.

The Bulldogs will take on the conference leader, the Cooper Pirates at Kelleyfield this Friday at 7:30 p.m. The Pirates beat Denver City last Friday night 3 points and have not lost a game this season. Tahoka is 2-3 for the season.

PASS PLAY -- Larry Reynolds is shown above as catches a pass from quarterback Phil McClendon in the first quarter of action last Friday night that went for a first down against Frenship.

Cotton program provisions aimed at increasing the 1973 income of High Plains cotton producers were urged on the U.S. Department of Agriculture by Plains Cotton Growers, Inc. in a statement submitted to the Department October 13.

The Lubbock-based cotton producer organization, representing growers in 25 counties, made its recommendations in response to a September 16 Federal Register announcement that USDA will soon decide on the cotton loan level for 1973, Commodity Credit Corporation sales policies, the percentage of set-aside to be required, bagging and bale tie specifications and other variables under the Agriculture Act of 1970.

"We are asking USDA for a higher loan, for CCC sales policies that don't give government cotton an advantage in

the marketplace over grower-owned cotton," said PCG

President Ray Joe Riley of Hart, "and we are asking that the 20 percent of base allotments required for cotton set-aside not be changed in 1973."

The Act of 1970 says the loan level shall be set at 90 percent of the previous two-year average world market price for middling-inch, 315 to 4.9 micronaire cotton at average location, except that the Secretary of Agriculture may adjust the loan downward if he deems it necessary to keep the price of U.S. cotton competitive in domestic and foreign markets.

PCG's recommendation to the Secretary for 1973 is "That the loan level for 1973 - crop upland cotton be set at the highest level permissible under the language of the 1970 Act...."

Calculations within the industry show that 90 percent of the average world market price for the period August 1, 1970 through July 31, 1972 comes to around 24.5 cents per pound and certainly no lower than 24 cents. The difficulty in arriving at an exact world market average for middling-inch cotton in the U.S. stems from several things. First, middling-inch cotton is not traded widely enough around the world to establish a meaningful average, therefore the average for strict middling-inch-and-a-sixteenth cotton is used and must be adjusted to a price for middling inch. Also, to convert the world price back to a U.S. price, freight costs, insurance costs, handling charges, currency differentials and a number of other items must be taken into consideration.

Of the loan for 1973 PCG's statement went on to say "There is wide agreement within the industry, including merchants and mill owners, that a market price of 25 cents per pound will not seriously affect cotton's competitive position with substitute fibers." It was also pointed out that a higher loan is needed to pro-

tect producers against the disastrously low prices that appear to be the fate of 1972 crop cotton, and that without greater price protection producers could be expected to plant minimum acreage to cotton in 1973.

This brings up "the very real prospects for a continuous cycling from short supplies and high prices to long supplies and low prices and back again," which PCG pinpointed as the "greatest single existing threat to the U.S. cotton industry."

Current CCC resale policy sets a minimum sales price for middling-inch cotton, then sells other qualities at market-determined premiums or discounts above or below that price, which according to PCG's statement results in unnecessary and undesirable cycling of cotton through the loan.

Under this policy "Some qualities can and do sell from CCC stocks at or below the loan value and below CCC's acquisition cost," PCG said, and when this happens growers in possession of current crop cotton of those qualities

are forced by CCC competition to use the loan instead of the marketplace."

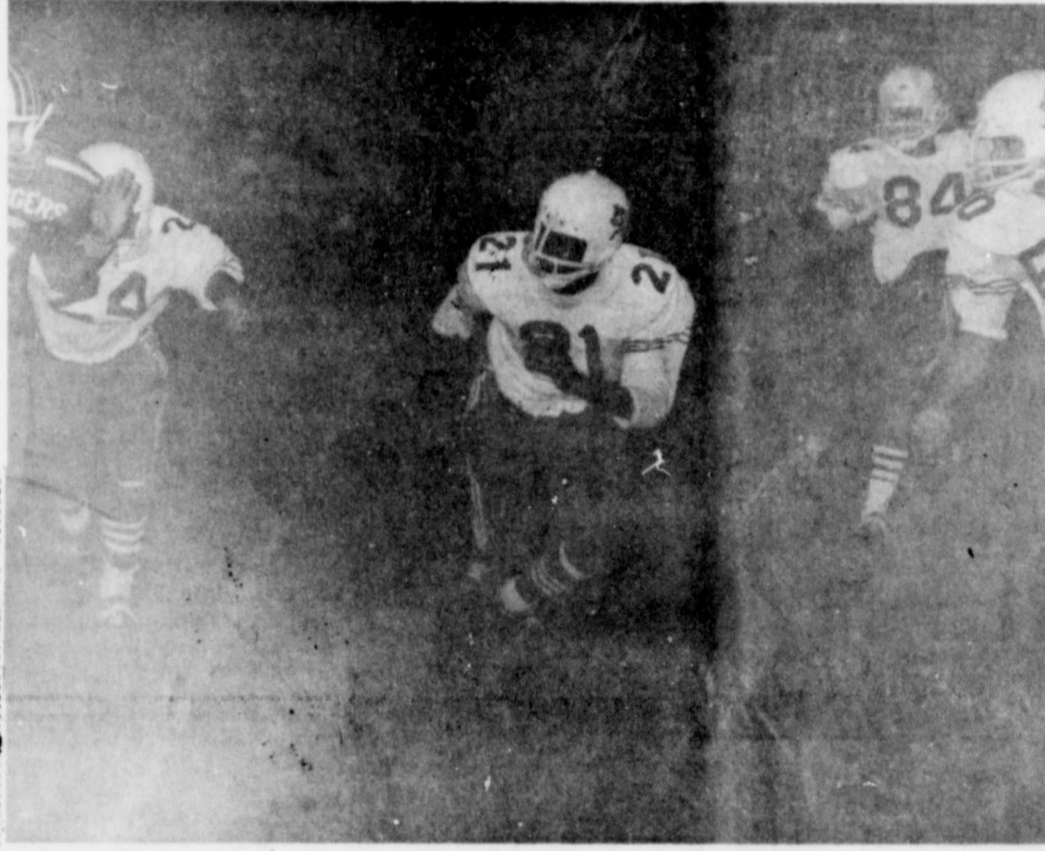

So PCG's recommendation to the Department is "That the minimum price at which cotton be 115 percent of the loan price for that quality, plus interest and carrying charges."

Riley said the implementation of these two program changes for 1973 would raise the effective "Floor" under 1973 cotton prices by some five cents per pound, and added "Not only are we in desperate need of greater price protection, but the changes we recommend are fully justified under the law and by current conditions within the industry."

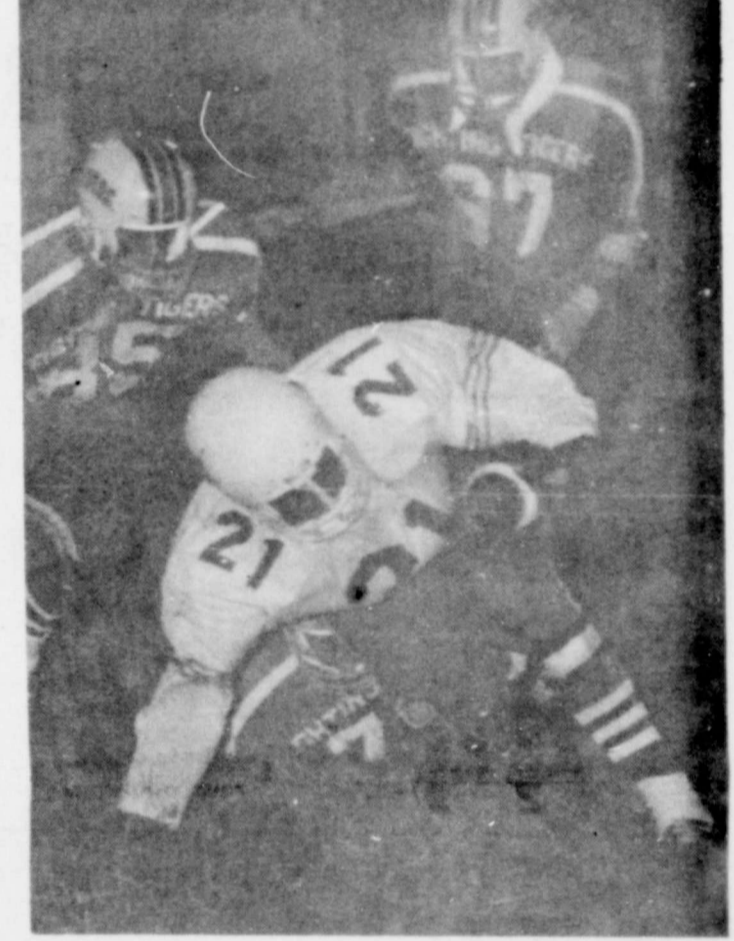

J. B. THOMPSON
Rev. J. B. (Bill) Thompson, pastor of the First Methodist Church from 1957 to 1962, died Sunday, October 15, in Dallas. Brother Thompson had planned to attend the dedication of the church building in Tahoka on October 8, but became ill a few days before and was unable to attend.

One Week Remains For ASC Nominations

Lynn County farmers have only one more week to nominate candidates for Agricultural Stabilization and Conservation (ASC) community committees.

"It's easy today," said Tommy Lawson, the County Office Executive Director. "Each candidate is nominated by a petition which has to be signed by at least three eligible voters. Each petition may name only one nominee. The petition may be on any sheet of paper. No special form is required. Included in the petition must be a statement that the candidate will serve if elected. Eligible farmers may sign as many petitions as they wish."

So far no petitions have been filed at the County ASCS Office, 1705 Lockwood. Closing date for nominations is October 27. Election date is December 1.

The three ASC committees elected by mail ballots for each ASC community will assist in administering ASCS farm programs.

Lynn County farmers will also choose two alternate committee members in the election. Alternates serve if a community committee member resigns, or can no longer serve in the position.

"Most farmers are eligible to be ASC community committee candidates," stated Lawson. "Anyone, under 70 years old, a resident of the county, and eligible to participate in ASCS programs may be nominated."

Spouses of eligible farm voters may also hold county offices.

When nominations close on October 27, if six or more candidates have been nominated in each community, the petitions will be reviewed for validity by the Lynn County ASC Committee.

ASC community committees elected by mail ballots December 1 will assist the County ASC Committee with ASCS programs, conduct farm community meetings, and serve as delegates to the Lynn County Convention to elect the county ASC committee.

Ad Valorem Tax Collections

Tax Collections for the month of October have been normal compared with previous years, according to George D. McCracken, Tax Collector. Eighteen or nineteen percent of the current tax roll has been paid during the first two weeks of October. A three percent discount is given if taxes are paid in the month of October.

R. M. Gonzalez At Lowry AFB

Mahon To Be Honored

County Farm Bureaus in Rep. George Mahon's 19th Congressional District will honor the veteran legislator with a "Congressman George Mahon Appreciation Day" Oct. 24 at the Fair Park Coliseum here, according to H. L. King of Brownfield, Texas Farm Bureau state director, Dist. 2.

As many as 1,000 friends of the Lubbock Congressman are expected to attend the barbecue dinner which will get under way at 5:30 p.m. that day, King said. A bronze bust of Mahon will be unveiled at the dinner and presented to the Congressman and his family. Arrangements have been made to have the bust displayed permanently at the Texas Tech University Museum.

County Farm Bureaus in the 19th District began raising funds for the bust about two years ago. The sculptor is Mrs. Joe Wade, Lubbock.

"Although Farm Bureau is hosting this affair, we are issuing an invitation for all Congressman Mahon's friends both in and out of agriculture to come out and help pay tribute to this great American," King said.

Tickets for the barbecue are available at county Farm Bureau offices he said. The cost per ticket is \$5, he added.

The program for the event will be simple and short, King explained. A representative

MUSICAL GROUP TRUTH

Eagles Stomp Spur, 36-0

The O'Donnell Eagles beat the Spur Bulldogs, 36-0 last Friday night before a large homecoming crowd.

Odell Hunter scored from the three yard line for the first touchdown and 15 yards for the final tally.

In between, fullback Scotty Childress went three yards, halfback David Pearson 10 yards and quarterback Bennie Hancock threw a 42-yard pass to end Ronnie Casarez for other touchdowns.

HD Club Membership Drive

"If you like to learn new and better ways to do things, then try joining a home demonstration club," said Linda, Extension county home demonstration agent in Tahoka.

The agent said that home demonstration clubs offer an opportunity for the homemaker to learn the latest information about home and family life.

Anyone may join a club. Any person interested in improving home and community life is eligible for membership according to Linda.

A home demonstration club is a group of homemakers who learn together. Members help determine and develop ideas for programs.

Members take part in discussions, participate in club-sponsored community projects and even teach lessons at meetings. The club meets monthly. Elected officers conduct a short business session.

The agent pointed out that it's not necessary to join a club to learn about homemaking.

"You can participate in short courses, workshops, special meetings and tours

Pearson added six more points on three running conversions.

The Eagles put the game on wraps in a hurry, getting 22 points the first quarter. The two final touchdowns came in the third quarter.

O'Donnell is 2-3 for the season.

Sue Blair, 16, was crowned homecoming queen at the half.

Kindergarten Students Honored By Local Teachers Honor Society

Kindergarten students of Tahoka Public Schools were recently presented with individual good grooming boxes.

This was a project of the local teachers who are members of Theta Eta Chapter of Delta Kappa Gamma, honor society for women teachers.

Mrs. Lennie Cox and Mrs. Ann Adams made the presentation to Kathleen Doherty, kindergarten teacher and her students.

The individual boxes con-

tain soap toothbrush, tooth paste and other items which will be used in teaching health and good grooming.

Others assisting with the project were: Mrs. Anna Jo Carter, Mrs. Peggy Atwell, Mrs. Nan Adams, Mrs. Velma Carter, Mrs. Virginia Griffing and Mrs. G. M. Stewart.

from each of the counties presenting the bust will give a brief statement touching on the life or legislative career of the honoree.

Others who will make brief statements include C. H. DeVaney, Washington, D.C., assistant legislative director, American Farm Bureau Federation; Warren Newberry, Waco, Texas Farm Bureau executive director; and Bill Reid, Lamesa, TFB District 6 director. DeVaney, former president of the Texas Farm Bureau, formerly farmed at Coahoma in Howard County.

King who will act as master of ceremonies, will give a special tribute prior to the unveiling of the bust.

Other details of the program, such as entertainment, etc., will be announced later, he said.

Mahon's constituents from the 17 counties comprising the present 19th District are being invited to the affair, as well as those from the seven new counties which will come into the district in 1973.

The 17 counties include: Andres, Borden, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hockley, Lynn, Lubbock, Martin, Midland, Motley, Scurry, Terry and Yoakum.

sponsored by the Texas Agricultural Extension Service," she said.

A less formal group is the Extension home economics study group which meets fewer times annually. It often has a series of programs about a single subject matter area. An Extension home economics study group may either have elected officers or only a chairman who directs business that arises.

"There are no required dues for membership." "Your major investment is your time to learn and share new information. Clubs have fundraising projects to support special activities. And no charge is made for instruction from the county home demonstration agent."

She said that if there's no club in your area, you may form one. A small group with similar interests may either be a regular home demonstration club or an Extension home economics study group.

"If you'd like to form your own club or group, let me know and I'll help you organize one," Linda said.

ROTARY MEETS

Heart and circulatory ailments and their prevention was the subject of a film and talk presented at the Rotary Club last Thursday by Joe Huff, regional director of American Heart Association.

Huff said 54 percent of deaths today are attributed to heart attacks and strokes. During the program, warning signals were pointed out, as

well as proper diet, sensible recreational program and daily living habits that can prevent heart attacks and blood vessel blockage.

Clifton Clark was in charge of the program and introduced the speaker.

More and more people are wising up to the low cost of electric heat

More SPS customers switched to electric heat last year because they found out, through a free estimate, they could operate an electric heating system for little more than they were spending already. Do you think they made a wise decision? Ask any of them. They're our most convincing salesmen. And, ask us for an operating cost estimate. It's free. It's accurate. It's a real eye-opener.

Tahoka High Happenings

BY BECKY BURKS

The Frenship Tigers defeat-
ed the Tahoka Bulldogs by one
point last Friday night. Al-
though Bulldog fans were dis-
appointed with the score of 17-
16; almost everyone agreed
that it was a good game.
The freshmen and junior
varsity teams competed
against Frenship the past week
too. The freshmen score was
19-14 in favor of Frenship
and the junior varsity score
was 7-6 with Tahoka winning.
During this week's varsity
game, spectators will view the
T.H.S. band's performance
which will be used by the
band at marching contest. The
contest, which is held annual-
ly, will be held at Jones Sta-

dium, in Lubbock on the morn-
ing of November 1st. Come and
support the band!
This Friday afternoon, a full
length movie, sponsored by the
Student Council, will be shown
for the student body.
Students are now in the pro-
cess of taking their nine-weeks
tests. So, things are sort of
"settled down" at T.H.S. this
week. But next week, after
the tests are over, things will
probably be running at their
usual pace again.

**CONSTITUTIONAL AMEND-
MENT**
Amendment 4, if passed,
would permit the next Legis-
lature to convene in Janu-
ary 1974 as a Constitutional
convention - changes are
needed and it has become po-
litically popular to propose a
complete overhaul. I do not
favor this Constitutional A-
mendment. It has been tested
thousands of times in courts
and Attorney General op-
inions. It even keeps the Leg-
islators from raising their
own salaries. Lt. Governor e-
lect Hobby was elected on
reform and Constitutional
change issues. Put them to-
gether and it's even more con-
fusing - (change reform)!!
(reform change)!! A complete
revision could further delete
the rights of the people. The
makeup of the 63rd Legis-
lature will have more new
members than any other Leg-
islature in the history of Tex-
as, therefore, lack of knowl-
edge of Constitutional prob-
lems will be present. A re-
cent discussion on the Con-
stitution problems will be pre-
sent. A recent discussion on
the Constitution went some-
thing like this - "What a-
bout that part that sez don't
tie your horse to anything
except a hitching rail." An-
swer: Have you got a horse?
"No". Answer: Then why are
you worried, it doesn't per-
tain to you - say, how long
have you lived in Texas? An-
swer: "2 months".

Consideration is being giv-
en to a super port on the
Texas coast. Dredging would
provide ships to dock with a
draft of 150 feet. The stated
economy coast for Texas is
quoted to be tremendous. It
would be the biggest export-
import center for agriculture
products, industrial, oil, etc.
in the world. It is proposed
to be funded Federally,
with some land acquisition and
preliminary studies expended
from state funds.

bank's advertisement carries a map of Lynn county and a picture of some planes and unidentified fliers at the old airport south of town.

The advertisement copy says, in part: "Lynn county in northwest Texas presents a variety of interest from the remains of ancient cultures in the Tahoka Lake region to the modernity of a spring Field Day for the "Flying Farmers" club. It is the third ranking county in grain sorghum and considerable cotton is raised as are also fruit and truck. A good income is derived from livestock and a large egg production. From Lynn, too, come sodium sulphate and magnesium sulphate (Epson Salts) and the are known deposits of potash and silica. Organized in 1903, Lynn was named for W. Lynn, Alamo hero."

The recent "death" of Lonnie Williams was slightly exaggerated. Lonnie admits that he looks nearly dead and feels a little weak from the effects of the rumor. But he doesn't intend to throw in the sponge just because of a rumor.

A few days ago, the report got around Tahoka and O'Donnell that a popular Lynn county farmer of the Joe Bailey community had died.

The first that Lonnie knew of his "death" was when he went to O'Donnell on a little business mission, and an astounded friend accosted him with the statement, "Why, Lonnie, I heard you were dead!" Naturally, he denied the report and had the living evidence as proof.

He went home, and there was a wreath of flowers awaiting him. Pretty soon, more flowers began coming in. Mrs. Williams had gone to Lamesa with a Mexican woman who was to undergo an operation, and the thought struck Lonnie that maybe something had happened to his wife. However, she soon returned and that fear was banished.

He says the rumor getting out made him feel just a little weak and "funny" on the inside. Anyway, he certainly did appreciate the flowers but sure is glad to declare rumor slightly exaggerated.

Copied from April 13, 1951 A house on South First St. owned by A.H. Moyer of Post and occupied by Mr. and Mrs. Lee Murphy was almost a total ruin as the result of fire which broke out in the ceiling at about 9:00 p.m. Wednesday.

The Murphys lost practically all of their furnishing and clothing and those not destroyed were water-damaged.

The house was one of the old time Tahoka residences, occupied at various times in the early days of the town by J. A. Brashear, J. H. Coltenback, and D. Sanders.

Fifty Tahoka High School boys started spring training Monday afternoon under Coach Joe Turner assisted by Coach Jake Jacobs. They will train for 30 calendar days.

"The boys are working pretty hard and appear to be eager," Coach Turner told the news.

Ten lettermen of last fall's fifteen will be eligible this coming fall if all pass their work. Most of last year's squadmen are in training as well as a few new boys and this year's eighth grade boys who will be Freshmen next fall.

Coach Turner hopes to play a practice game with a team of "exes" at the end of the training period.

An old-fashioned pie supper will be given at the Grassland School on Friday, April 13, at 8:00 p.m. under sponsorship of the community Parents Club.

Proceeds will be given the Grassland School Lunchroom for purchase of equipment and maintenance.

Following auctioning of the pies, forty-two and canasta will be played.

Congratulations to Mr. and Mrs. James Brookshire on the birth of a daughter weighing 7 pounds 5 1/2 ounces at 5:34 Thursday, April 5, in a Lubbock hospital.

Urban Brown, principal of the Tahoka elementary school, has been selected as one of a group of Texas school men to participate in discussions during the 1951 Elementary Education Conference being held at the University of Texas Thursday through Saturday of this week.

NURSING HOME NEWS

Hello again from the Colonial Nursing Home. Surprise we did get the news written this time. As you know Corine Izard collects the news and gets it all together. Well, she was in the hospital last week and the absent minded administrator did not get the news. Just goes to show, if you want something done, don't depend on someone with a lot on his mind. Sorry. We will try not to let it happen again. Corine is back after a nine-day stay for a check up.

Mrs. Hammonds and the ladies are so good to come each Monday about 3:00 for our weekly singing. Why don't you come and help us?

Mrs. McCord is not feeling too good. Her daughters are staying with her and Mrs. Mabel Smith helps out also. Mrs. Cunningham's family visited her this week.

Roy Moreman did not feel

of Girls in Action from the First Baptist Church to see her. If you remember these girls adopted Corine as their G. A. grandmother last year. It was such a thrill to hear these girls sing and tell what Jesus means to each of them.

Visiting Bud Inklebarger were Mrs. Doyle Terry, Jerine Raines and Dink Terry of Lamesa and Mrs. Lucile Walker of Grassland.

People from the Church of Christ brought a message in song Sunday evening. These include J. O. and Frances Feed, Mr. and Mrs. Claud Harris, Fred McGinty, Ina and Myrtle Ledbetter, the Gordon Musicks, Kerry and Sherry and D.R. Proffitt. We do enjoy these visits and messages.

Others visiting and signing our guest book include Laura and Bert Stice, Elaine McMullan, Beula Atkins and Clara Thomas.

Don't forget to come visit us, and let us hear the news. We will try to see that it gets in the paper, that is, if you don't depend on the absent minded administration as we did last week.

John H. Clark Feed Co.

BEAN BLAIR - OWNER

The John H. Clark Feed Co. at 908 S. Lynn in Lamesa, phone 872-2352, sells all kinds of feed for hogs, cattle, poultry, a complete stock of remedies, and farm and ranch supplies.

The business of farming and ranching profitably has in the past thirty years become a problem of no small consequence in every agricultural community. The successful farmer or rancher today has found it necessary to exchange his methods and adopt new practices in almost every field of farm endeavor.

Farm grains are splendid when used as a base for feeding of stock and poultry, but should be supplemented with other feeds to obtain the maximum profit. The John H. Clark Feed Co. has been particularly active in seeking out and passing on to the farm industry the facts concerning feeds and feeding. Through their continuous experiments and studies of the results of feeding of various brands, they remain as one of the leading experts on feeds and feeding problems.

The authors of this 1972 Town and Country Review highly recommend them to our readers.

Also, your out-of-town guests will appreciate reservations made for them here.

Everheart and Page Oil Company

The name Everheart and Page Oil Co. at 309 N. Lynn Ave. in Lamesa, phone 872-2515, has become a legend of good service among the people of this section for their deliveries and service with major brand heating oils.

Through their desire to serve better, they offer such advantages as: Fast, Dependable Deliveries, Automatic Fill Service, Complete Oil

Burner and Furnace Service, and Meter Printed Invoices.

You will find that the men who make delivery are very careful not to tread on delicate flowers or shrubs and never spill oil that kills whatever it touches.

They use only the latest modern equipment and can be completely depended on to make their deliveries on time

and to keep your account straight.

In this 1972 Town and Country Review, we, the writers, are pleased to make our wholehearted recommendation of the Everheart and Page Oil Co. and suggest to our readers that they begin enjoying the competent services of this distributor as so many other people have.

Cope Sand & Gravel

N. H. COPE — OWNER

Cope Sand and Gravel on the Big Spring Hwy. in Lamesa features high quality ready-mixed concrete. For quick deliveries and the best in materials you can do no better than call this firm. Phone 872-7356 for estimates and prices for ready-mix concrete, asphalt pavings or excavating work.

They can be depended upon to have your concrete on the job when it is needed. Their customers are not slowed down on a construction job

through failure of this firm to deliver promptly. Dependable service is as important as maintaining a high standard of quality. They realize this and make it a special point to fill your order promptly.

They are also contractors for all types of asphalt paving for driveways, streets, parking lots, as well as contractors for all types of earth moving and excavating work, such as land grading and clearing grade and site preparation for building sites,

shopping centers, streets, driveways, drainage grading, pond and tank work, etc.

Whatever you build, be sure to get concrete that is mixed properly by calling Cope Sand and Gravel in Lamesa. If you are planning any asphalt paving or excavating work, call them for estimates.

In this 1972 Town and Country Review we, the compilers, feel we can highly recommend this firm to our many readers.

Lamesa Milling Co.

HAROLD HILLEY — OWNER

The Lamesa Milling Co. is located on the Lubbock Hwy. in Lamesa, phone 872-5367. This milling company has spared nothing in research and method of operation that will further aid their customers in getting the best feed known to science for the growth of poultry and livestock.

A great asset to the ranchers and farmers of this section is this firm, as it provides a ready market for their grain. These grains are milled in the finest form, mixed, formulated, (with additives for proper nutritive content), for use as feed to poultry and livestock.

This concern knows it takes specific properly balanced feed for every type and breed of livestock of farm animal. This company is an aid to the diversified interest of this

section in no small way, and the farmers and ranchers are always welcome to come in for the latest information on their new and established feed and products.

In this 1972 Review, we, the writers, take pleasure in making particular mention of this well-liked community minded firm.

Lamesa Federal Savings & Loan Assn.

The Lamesa Federal Savings & Loan Assn. is located at 516 S. 1st in Lamesa, phone 872-2163. This institution is one of the cornerstones of the financial structure of this community.

If you have money you'd like to save or invest, you should investigate the advantages this Savings and Loan Association can offer you. It is well known in this territory for reliability and many have found their

desired method of savings through them.

Here you can save by mail at your convenience. Save the convenient, profitable way at the Lamesa Federal Savings & Loan Assn. where accounts are insured.

If you have been wanting to buy a home, but money problems seem to make it impossible, they offer a way for reliable people to secure loans

in a business-like manner without being imposed upon in anyway. You will be more than pleased with this efficient and modern establishment.

The authors of this 1972 Town and Country Review are pleased to endorse the policies of this reputable savings and loan institution and urge our readers to take advantage of their professional friendly service.

J & H Electric

RICK BITTLE — OWNER AND OPERATOR

City and county ordinances affecting electric wiring of all buildings and homes are definitely strenuous. The purpose, however, is evident. Many disastrous fires, industrial, and home accidents are the result of defective wiring. For these reasons, it is imperative that everyone needing electrical wiring, insist upon the services of a competent, licensed electrical

contractor, who is qualified to do work.

J & H Electric at 1410 N. Ave. F in Lamesa, phone 872-7150 or 872-7823 is a local firm of licensed electrical contractors. Few persons in this line of work can boast of so many years of competent and skilled service to the residents of this area. They have established an enviable reputation throughout the entire field of electrical

contracting and have proved themselves worthy of the faith and patronage of our people. For all your electrical problems as well as power, commercial, and residential wiring, see this firm. Their service also includes repair and service of electric motors, and oil field trouble shooting.

The writers of this 1972 Review recommend J & H Electric to all our many readers.

Debra Wuensche Named Outstanding English Student

Debra Wuensche of Wilson High School has been cited as one of the outstanding high school students of English of the country. The National Council of Teachers of English has named her a 1972 winner in its annual Achievement Awards competition.

Last spring, the English department of the high school nominated Miss Wuensche to represent Wilson High School in the competition. The school was allotted one entry from the junior class for every 500 students in the total school enrollment, according to Mrs. Paul Howard, the English department chairman.

After nomination, each student submitted samples of his

best writing, including an autobiographical sketch, and wrote a one-hour impromptu essay. These materials were evaluated by state judging teams of highly qualified college and high school English teachers directed by state coordinators.

The nation's schools participating in the program nominated approximately 7200 juniors for the NCTE citations. Of that number, only about 870 finalists were chosen. They represent schools from 50 states, the District of Columbia, and American preparatory schools abroad.

In announcing the winners, Robert F. Hogan, Executive Secretary of the National

Council of Teachers of English, said that the Council recommends these students, now seniors, for college scholarships in 1973, should they need such assistance. The names of these students are sent to admissions officers and English department chairmen at U.S. junior colleges, colleges, and universities.

The NCTE sends to all winners and runners-up certificates of recognition and also honors their high school English departments with certificates of merit, reports James Kearns, principal.

Miss Wuensche's parents are Mr. and Mrs. Herman Wuensche of Rt. 1, Wilson,

Gene Slover Electric & Supply

GENE SLOVER — OWNER

Farmers, ranchers and industrialists in this area have depended on Gene Slover Electric & Supply at 803 N. Dallas Ave. in Lamesa, for all types of power transmission equipment for some time. They are wholesale and retail dealers for electric motors and power transmission equipment for grain elevators, cotton gins, oil fields, etc.

People throughout the entire trade territory prefer dealing with them because they know they will receive fair and honest treatment here. It is

an established fact that business goes where it is invited and stays where it is well treated.

In this 1972 Town and Country Review we, the copyists, wish to congratulate Gene Slover Electric & Supply for the fine service they offer to the industrialists, farmers and ranchers of our area. Call them for all your power transmission equipment and service needs. Phone 872-8377.

J. C. Penney Company, Inc.

R. E. (RON) LAYTON — MANAGER

This enterprise originated in the mind of an energetic business man named James Cash Penney, who established the first store in Kemmerer, Wyoming. The story of the J.C. Penney Co. is an important chapter in the history of modern mercantile methods. It is more than important, it is inspiring. It is a story of a business with a big idea behind it. The big idea with them

for years has been and is today unfailingly governed by the Golden Rule: Every customer pays one and the same price, and that price assures a superior quality.

They carry at all times a large stock of ladies' and misses' ready-to-wear garments and shoes, ready-to-wear for men and boys, notions and general house-

hold items. Truly one of the reliable and progressive mercantile houses in this part of the state is your J. C. Penney store. It is located in Lamesa at 417 S. First St., phone 872-2153.

The authors of this 1972 Review Edition take pleasure in recommending this store to our readers. Remember, you can charge it at Penneys.

General Machine & Welding

LARRY COGGIN — MANAGER

General Machine and Welding, located at 512 N. Dallas, in Lamesa, is one of our leading industrial organizations specializing in a complete machine shop and welding service including portable field equipment for all outside work. This is one of the best equipped machine shops in this section of the country. They offer complete machine and welding service, including 24 hour emergency service.

With the increasing demands of oilfields, contractors, builders, farms, ranches and industry, the services of this well known machine and welding shop becomes more and more necessary each day. They are in a position to give you expert workmanship on any machinery or part that is broken and can have your equipment, shop or machine going again in a short time. Their complete service includes machine work, field and shop welding for oil field

and heavy equipment repairing, pumping units and irrigation system repairing and welding as well as design, engineering and fabricating work.

You will find that they serve with courtesy, do their work with accuracy, and if it will pay to have your broken part, equipment, or machinery repaired, get their advice on what to do.

The developers of this 1972 Town and Country Review wish to commend this modern firm on their service policy.

Dunn Seed Farms

REX AND VEE DUNN — OWNERS

FREDDY GANDY — SALES MANAGER
DON HILL — PLANT BREEDER AND TECH. CONSULTANT
BO CARPENTER — SALESMAN

You will find this popular cotton seed breeder at 1612 N. Dallas in Lamesa, phone 872-8164 or 872-7844.

No one is better acquainted with cotton seed breeding than this firm. Their many years of experience in this business have enabled them to offer you seeds that will produce, seeds that will give you the highest yield for the variety.

They are continually studying the results of planting of

various brands of cotton seeds, the soils, etc., and are so close that planters in this section may seek their advice and in return keep them posted on the results of their own progress on cotton seed experiments. The progressive cotton planter recognizes the great value of this contact, and the fact that it is economy to deal with the local merchant where adjustments are more easily made and personal interest is maintained.

This popular cotton seed breeder is at all times experimenting with different new strains of cotton seeds, in order to constantly improve the quality and productivity of their products to further aid the cotton planters of this area.

We, the compilers, recommend the Dunn Seed Farms to all our readers for anything in cotton seeds in this Town and Country Review.

Flenniken Oliver Co.

VERNON FLENNIKEN — OWNER

Be efficient, a piece of machinery must be built to stand the rough use necessarily involved in the working of farm lands. The Flenniken Oliver Co. features the Oliver line of tractors and farm machinery which has stood the test of rugged usage and has been satisfactory in every way to the farmers in this area. They also feature a complete parts and repair department so that when your equipment needs repair, they give you the best service in the shortest time at the

least possible expense to you.

Be sure and contact them first when in the market for any type of farm equipment. Just call for information or stop in the next time you are in the area and let one of their representatives who you the advantage of using Oliver equipment to put your farm on a really paying basis.

In this 1972 Review we, the transcribers, suggest you depend on the Flenniken Oliver Co. on the Lubbock Hwy. in Lamesa, phone 872-3373, for all your farm equipment purchases, repair, and service.

Teague's Variety and Dry Goods

BURL AND IMOGENE TEAGUE — OWNERS

Teague's Variety & Dry Goods is located at 204 N. Dallas Ave. in Lamesa, phone 872-4306.

This is one of the most popular variety stores in this section. Their employees are always courteous and accommodating and anxious to serve you at all times. They assist you with your purchase and offer suggestions.

This store has served this community for nine years and is one of the corner stones of the town. It comes to dependabil-

ity. Their stock is complete at all times with all of the articles that you ask for. You are invited to come in and just browse around to see what they have on the counters for you.

We, the editors of this 1972 Town and Country Review, highly recommend Teague's Variety & Dry Goods to all our readers. Remember that their store is always a friend when in need of any of the thousands of items they carry.

Shook Tire Company

"ED" GRISSOM — OWNER

The name Shook Tire Company in Lamesa located at 1515 S. Dallas Avenue, phone 872-7756 has become a popular name in the area for farm-ers, businessmen and drivers in Lamesa and the surrounding area for their friendly and excellent line of popular high quality Mich-igan and Lee tires.

Along with their fine line of reasonably priced tires, you'll not find a more friendly and honest firm to do business. Everyone in their employ is fully trained in selecting just the right tire to do the job and they also make sure that when it is mounted it will be in perfect balance.

We all know that worn tires can be extremely dangerous, sometimes the cost of buying new tires can make us bring our car or truck. Let that factor bother you. The management at Shook Tire Company has the arrangements for easy terms for tire pur-

chases.

In this 1972 Town and Country Review, we, the authors, are pleased to recommend this tire dealer to all of our readers, and commend the management for continued efforts to serve the people of this section to the best of their ability. Remember the name, Shook Tire Company for all your tire needs.

Goolsby Brothers

LARROY AND ROYCE GOOLSBY — OWNERS

The farmers, ranchers, contractors, builders and oil field drillers in this area would not have fared so well if it hadn't been for the help and assistance and conscientious efforts of the Goolsby Brothers Pipe & Steel Co. at 501 N. Lynn Ave. in Lubbock, phone 872-7801.

As one of their many efforts to serve the people of this area better, you can always depend on them to make deliveries on time so that no project is slowed down.

If for economy reasons you are looking for used pipe, they often will have some in stock or will tell you where to get it.

They specialize in a complete stock of structural steel and steel shapes for the building of cotton trailers, including angle, channel, plate, sheet piling, beams, etc. and for the repairing and maintenance of cotton gins and equipment. They also carry a complete line of standard and heavy duty metal pipe for almost every purpose, as well as a large inventory of fittings, flanges, with brass, steel, iron, and alloy valves.

The writers of this 1972 Town and Country Review recommend this fine firm to our many readers and commend the management for their sincere and square dealings.

If you need materials for building a cotton trailer, or for repair and maintenance of gine equipment, or pipe of any kind, we suggest that you see Goolsby Brothers Pipe & Steel first.
