

## Lion Royalty Visits Club

Wednesday, February 28th was a special day at Lions Club. Local Lions honored their District Governor Roy Kahlich of Wilson. District 2T-2 Governor Hoy-McMurtry of Lubbock introduced Kahlich as featured speaker. Special guests at the noon luncheon were wives of local officials. Kahlich's topic was "What

Lions Mean to Me." He touched on many subjects which are important to the community. Kahlich's talk was well received. Governor McMurtry and P.D.G. Kahlich were both accompanied to the meeting by their wives.

DON HARDGRAVE

## Hardgrave New Scout Executive

Don Hardgrave has been appointed District Scout Executive for the Quanah Parker District according to Bob Bouse, Council Scout Executive of Lubbock. Quanah Parker district includes all Cub Packs, Scout Troop and Explorer Posts in Yoakum, Terry, Lynn, Gaines and Dawson Counties.

Hardgrave has been District Scout Executive in Woodward and Enid, Oklahoma since 1968. Prior to that time he was Exploring Chairman for the Enid Council. He also served as Post Advisor for a Los Angeles Explorer Post. Don was employed in California in the entertainment field where he was a disc jockey, movie performer, and recording artist.

Don, his wife, Margaret and his two daughters plan to reside in Brownfield.

Quanah Parker's volunteer leaders include Auvy McBride, District Chairman and Bob Leve District Commissioner. Quanah Parker District is now serving a record 1176 scouts in 40 units.

Larry's speech started out with a humorous introduction that held the young athletes and their parents attention as he quickly turned to more serious thoughts, as he spoke

on dedication, participation, and appreciation. It is the right attitude of the inner person that counts regardless of ones size or ability. You are never really dedicated until you have sacrificed. You have to learn to do this in

order to be a success. We should all appreciate what others do for us such as our parents and school administration.

He read a letter he entitled "Perfect Attitude" which he called an ode to a dying athlete from a boy who was a high school senior to his coach. The boy said "I realize that I am coming to the end of my high school athletics and am sad because of this but my goal is to apply what I have learned by participation in athletics and to use it for my betterment in later life. You get out of life what you put into it. A job well done describes the one Larry Wartes did Friday night.

Mayor Meidon Leslie is shown signing a proclamation declaring March 11 - 17 Girl Scout Week in Tahoka. Girls witnessing the signing are Kim Brown, Laurie Hill, Sherry Tomlinson, Kelly Paris, and Marcie Miller. Also present as shown is Mr. John Ed Redwine, Caprock Council Board member.

## Wartes Speaks At Jr. High Banquet

The Tahoka Junior High Athletic Banquet was held Friday, March 2 at the Tahoka Cafeteria. Rev. Hugh Norwood's love of young people, interest in sports and ability to hold an audience's attention by keeping them in a state of laughter led him to be qualified as the first class master of ceremonies. Ricky Harston gave the invocation. J. Viertel, Athletic Director and head Coach introduced the coaching staff as follows: Tommy Miller, Junior Coach, Phil McAnelly - assistant football coach, Charles Harrington - head basketball coach, Ray Findley - assistant football coach, and Al Robinson, head boys basketball coach and their wives. Presentation of awards was made to the 7th grade boys and girls by their coach assisted by A.J. Viertel and Mr. Bryan, Junior High School principal. These trophies were presented to each individually for their participation in athletics during the school year 1972-73. Linda Valentine and Cindy presented Coach Harrington a gift certificate on behalf of the 7th grade girls. Andy Meeks and Jayson presented a trophy of appreciation on the behalf of the 7th grade boys to Coach Harrington. Long and James Chaney presented a trophy to Coach Harrington. Beverly

Bryson presented a trophy to Coach Harrington on behalf of 8th grade girls.

Mike Edwards and Joe Rodriguez presented a trophy to Coach Miller and Clint Gardner and Bobby Gunnels presented a trophy to Coach McAnelly in appreciation for all of their work and effort put forth in coaching them this year in football and basketball.

The Youth Choir directed by Bobby Strait - Minister of Music, Youth and Education of the First Baptist Church presented a skit "I'd Rather Be A Bulldog" that was clever and entertaining accompanied by Bruce Spruiell on the electric base guitar. The cast was as follows: Little Red Riding Hood, Betty Curry; Plumber, Leslie Ford; Baker, Jana Adams, Hippy, Sherri Brooks; Motorcycle Rider, Tommy Botkin; Airplane Pilot, Sherry Haney; Football Player, Barbara Abbe; Cheerleader, Karen Meeks, Baby Doll - Jeanie Inklebarger; Go Go Girl - Jo Anna Adams.

Larry Wartes, Administrative Assistant to the Superintendent of Schools at Hereford was the speaker.

# The Perfect Preacher has been Found

After hundreds of years, a model preacher has been found to suit everyone. He preaches exactly 20 minutes and then sits down. He condemns sin, but never hurts anyone's feelings.

He works from 8 a.m. to 10 p.m. in every type of work, from preaching to custodial service. He makes \$60 a week, wears good clothes, buys good books regularly, has a nice family, drives a good car, and gives \$30 a week to the church. He also stands ready to contribute to every good work that comes along.

He is 26 years old and has been preaching for 30 years. He is tall and short, thin and heavyset,

handsome. He has one brown eye and one blue; hair parted in the middle, left side dark and straight, the right brown and wavy.

He has a burning desire to work with teenagers and spends all his time with older folks. He smiles all the time with a straight face because he has a sense of humor that keeps him seriously dedicated to his work.

He makes 15 calls a day on church members, spends all his time evangelizing the unchurched, and is never out of his office.

# Putting Money in the Bank

... a bank you can draw on for customers, a job, friends in time of trouble, schools for your children, churches for spiritual help . . . and the good life in this community . . . where everybody is Somebody

Every time you spend a dollar in this community for goods and services, a substantial part of that dollar automatically becomes an investment in an enriched social and business life for YOU and your family and friends.

It's an investment you can draw on every day of your life . . . an investment that pays big dividends in happiness and prosperity, as it strengthens and builds up the vitality of this area in which you live . . . and in which YOU are important.

Contrast this with what the community-building and supporting part of your dollar does for you when you spend it away from home, send it to some mail order house, or surrender it to some migratory peddler.

It's gone. To support some other area . . . to build up wealth that YOU can never draw on . . . and to strengthen those who aggressively drain off the trade of your community . . . to weaken your business, your schools and churches, to eliminate your job, and devalue your property.

# NEW HOME NEWS

BY MRS. W. W. DAVIES

We had a very interesting visitor in our office here Friday morning. Mr. Hans Span of Pearl River, New York, known as the most traveled American in the country. Mr. Span, a retired business man left New York Saturday, Feb. 24th and in the New Home Post office collected the 31, 124th post office cancellation stamp. Since leaving New York this trip he has visited over 100 post offices. Mr Span retired five years ago as deputy superintendent of school supplies in New York. This trip will end in Orangeville, Calif. where he will visit his brother, Alfred Span. On the return trip to New York he will go another route collecting the post marks. Avid comatelist, Mr. Span has certainly chosen an interesting hobby. We enjoyed his visit with us.

Mr. and Mrs. Larry Edwards and girls of Midland were here Friday with his parents, Mr. and Mrs. J.B. Edwards. Larry and Mary went on to Plainview to attend a music meeting, Lauri and Christi stayed with their grandparents. They returned home Saturday.

# P-A-G 516 Hybrid Sorghum

P-A-G 516 is a very high yield potential grain sorghum. The head is semi-compact but dries down fast. If head smut and MDM tend to be a problem, 516 would be a wise choice this year. During 1972 this hybrid set records of "highest" yields throughout the sorghum area. For medium to medium-late maturity, 516 is the hybrid you will want to plant.

G. B. Williams Amherst

Charles Hinds Littlefield

Carl Kleuskens Hereford

"I usually try other hybrids every year but nothing suits my farming practices better than P-A-G 516. Last year I planted a competitive, full season hybrid besides my P-A-G 516. The yield was only slightly higher, but it took twice as much water and a lot more time to make. My yield on the P-A-G 516 was over 7,000 lbs per acre."

Planted 40 bags last year of P-A-G 516 with yields over 7,300 lbs per acre. Mr. Hinds has been planting P-A-G hybrids for a long time. Since P-A-G 516 was released he has planted almost all his grain acres in P-A-G 516.

1972 . . . . . A yield of 8,391 lbs per acre adjusted to 14% moisture off 69 actual measured acres.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin

TEXAS PRESS ASSOCIATION

"Future financing of public schools in Texas is the most talked about, but least understood, problem in the state today," Sen. Pete Snelson told the West Texas Press Association at their winter meeting in Midland.

"The courts have said that the wealth of a school district cannot be the criteria for future financing," he explained. "And all future school financing in the state is affected by the court suit on the Edgewood district of San Antonio. Public school financing has been challenged in the

courts in 30 states."

He compared Edgewood with Odessa's school district. Odessa has 24,984 pupils, 1,119 teachers with a starting salary of \$7,445. Edgewood has 22,134 students, 805 teachers with a starting salary of \$6,000. This is not the "equality" promised under the 14th Amendment, the courts have ruled -- and the U.S. Supreme Court is looking at the appeals on this and other state cases.

The U.S. Supreme Court decision will write the next public school financing formulas

in Texas, Snelson added, which might force a special session of the Texas Legislature -- after this 63rd regular session has adjourned.

He speculated on the future of school districts -- pointing out that ideas have ranged from a "statewide school district" to more "consolidations of school districts" -- uniting all district in counties and statewide "property assessment at true market value."

Snelson, vice-chairman of the Senate Education Committee, quoted an El Paso newspaper clipping which said: "We are watching the demise of public education in Texas."

"The wealth of Texas as a whole will determine our future laws on public education," Snelson concluded -- and asked these questions: "What will be the effect on the state tax structure? What will it do to consolidation of 1,100 school districts?" and "Will there be room for local enrichment programs?"

**CONSTITUTIONAL PANEL PICKED** -- Legislators have until the end of the week to lodge their objections to the 37-member Texas Constitutional Revision Commission selected by the state's top six officials.

In order to reject the slate, a majority of both houses would have to signify their objections with the Secretary of State. Apparently, a relatively small number of objections will be lodged, although complaints on equality of the representation on the Commission were lodged by blacks, Republicans, women, youth and a West Texan. Mexican-Americans were also among signers of the objection petition.

Former State Supreme Court Chief Justice Robert W. Calvert was named chairman of the Commission which must report its recommendations to the Legislature by November. Mrs. Malcolm Milburn of Austin, former Republican state vice chairman, is Commission's vice chairman. The Legislature will sit as a constitutional convention next year, using the

Commission's work as its starting point.

The Commission includes four Republicans, four women, three blacks and three Mexican Americans. Neither group was satisfied with its numerical representation, although individuals named by the selection committee generally drew commendation.

Calvert is expected to call the group together soon after the Legislature's "veto period" expires. Members were warned they may as well be prepared to block off at least half their time for the next year to the revision task. **NEWSMEN'S PRIVILEGE BILL** -- Hearings on the "free flow of information" bill, commonly called the news-men's privilege, was changed to March 6 at 2 p.m. in the Lieutenant Governor's committee room.

**SALES TAX RECOMMENDATIONS** -- Tens of millions of dollars in sales tax collections are not finding their way into the state treasury, a Senate committee reported last week.

Former Sen. Joe Christie said the final report of the interim committee to study the sales tax reveals "glaring deficiencies in the way sales taxes now are collected."

Christie said the report is not meant as an attack on the office of the comptroller, but as an effort to suggest better and more efficient ways to get maximum yield out of the lucrative and sensitive sales tax.

In the committee's opinion, the state lost at least \$18.2 million in 1971 due to faulty administration of the levy.

Committee members offered these recommendations:

Employment of more auditors to monitor payments by business firms to the state.

Authority for cities to pursue in the courts collection of sales taxes once they are declared delinquent by the comptroller.

Requirement that business firms post bond to insure payment of their sales taxes.

Sens. O.H. Harris and Oscar Mauzy, both of Dallas, served on the committee and will co-sponsor legislation to carry out the report's recommendations in the Senate.

The report charged Comptroller Robert S. Calvert has "pursued a policy which encourages sales tax delinquency" and has refused to demand

adequate assurance of payment from new and consistently delinquent taxpayers.

The proposed bonding requirement passed the House last week but failed to clear the Senate.

**AG OPINIONS** -- Atty. Gen. John Hill held two bills to reinstate the death penalty for murder would be unconstitutional if enacted.

In other recent opinions, Hill concluded:

Financial requirements of a proposed state officials' code of ethics are constitutional, although there are some "problem areas" with the bill.

The Legislature's extending the Governor's Committee on Human Relations beyond February 1 is valid, even though a bill to bring about the extension was not passed until after that date.

Amendments to the budgets of counties under 225,000 population can be made at any time prior to and during the affected tax year.

**APPOINTMENTS** -- Gov. Dolph Briscoe appointed Brig. Gen. James M. Rose of Austin special assistant to the governor for military affairs.

Other recent appointments made by the governor include: Dee J. Kelly (reappointment) to the Texas Turnpike Authority board of directors; E.R. Friedman of Dallas and Hugh Sticksel Jr. of Amarillo to the state board of optometry; Jerry Puckett of Fort Stockton to the Texas Civil Air Patrol Commission; and

Walter G. Tibbitts of Dallas to the governor's division of planning coordination.

Joe G. Moore, a native of Clarksville, has been named director of the office of research at the University of Texas Lyndon B. Johnson School of Public Affairs.

**COURTS SPEAK** -- The State Supreme Court upheld lower court rulings that former Crystal City School Superintendent John Briggs was due a \$21,000 contract settlement due to removal from duties in 1970.

The High Court also said a Houston hotel is responsible for loss of a purse a customer left in the restaurant.

A San Antonio grocery store owner who sold a magazine that may have been "unpleasant, uncouth and tawdry" should not be fined for violating pornography laws, the Court of Criminal Appeals said.

The Court of Criminal Appeals further held a defendant's testimony in court cannot be discredited by a conversation heard in a police station, since this would tend to circumvent the Texas prohibition against using oral confessions as evidence.

**WELFARE BUDGET QUESTIONED** -- Lt. Gov. Bill Hobby asked additional data from the Welfare Department to justify its case for major budget increases.

Hobby complained the department is asking for 2,851 new staff positions at a time when the federal government will take over cost of public assistance payments to some 275,000 aged, blind and disabled. While more Texans may qualify for state Medicaid coverage under the new federal provisions, Hobby said, he is not convinced the number of recipients of the medical care will be doubled as estimated by the Welfare Department.

Texas Research League, Briscoe's request to make an analysis of the impact of new Social Security amendments on state finances and welfare programs.

**SENATE REFORM ACTION PLEDGED** -- The Senate will pass "meaningful legislation" on the topic of ethical conduct in government, Lt. Gov. Hobby told the House Rules Committee last week.

Open meetings legislation passed by the House will be on the Senate calendar soon, Hobby said, along with a House bill to limit tax and spending conference committees to adjustments in bills.

A lobby control measure will be heard by Senate Jurisprudence Committee March 13. Hobby stuck by his guns: that he wants advice of 150 citizens at an "ethics confer-

ence" this month on ethics, lobby and campaign regulation.

## Mrs. Haney Host Garden Club

The Tahoka Garden Club met Tuesday for their regular monthly meeting, in the home of Mrs. L.C. Haney. Mrs. C.E. Carter and Mrs. Robbie Roberson were additional hostesses.

The program was based on Conservation, which is a National, State and Club project. Mrs. E.M. Walker spoke on "What to be doing in your Organic Garden, NOW". This was a most interesting and informative discourse on organic gardening.

Out of town club members present were Mrs. Tom Gill and Mrs. Harold Banks of Lubbock.

The next meeting will be March 20, in the home of Mrs. C.M. Greer, assisted by Mrs. N.M. Wyatt and Mrs. Bertram Hatchell. Mrs. Roberson will give the program, "Create a Creation". For the table display, each club member is asked to show a flower container that she created.

## Juan Saldana Completes Course

Army Private First Class Juan Saldana, of Tahoka, Tex., recently completed eight weeks of Cannoneer training with Battery A, 3rd, Battalion, 319th Field Artillery of the 101st Airborne Division (Airmobile) at Ft. Campbell, Ky., under the Army's "Unit of Choice" program.

Pfc. Saldana was trained to operate the 105MM Howitzer, the artillery's basic weapon. This included the emplacement, firing and maintenance of the weapon. In addition, he received instruction in communications map reading and driving military vehicles. The final weeks of training consisted of practical exercises in the field to gain first-hand experience in his job and observe and become acquainted with the position and responsibilities of each member of an artillery firing battery.

Pfc. Saldana enlisted specifically for assignment with the famed "Screaming Eagles" and is now guaranteed a minimum of 16 months of service with the division.

He entered the Army in May and was last stationed at Ft. Benning, Ga.

The 19-year-old soldier is a 1972 graduate of Tahoka High School.

His parents, Mr. and Mrs. Nicholas Saldana, live at 1228 S. First Tahoka, Texas.

It Started  
In 1912 ...

Girl Scouting had its origin in England soon after Lord Baden-Powell founded Boy Scouting in 1908, but did not start in America until 1912, in Savannah, Ga. Mrs. Juliette Low, an American widow of an Englishman, was inspired by the boom of the Boy Scout movement and was a good friend of Lord and Mrs. Baden-Powell. She determined that not only boys, but girls as well should have this training, and got to work immediately upon her return to America. From her first troop of 12 girls, Girl Scouting has grown to a world-wide Movement which boasts 3 1/2 million members in the U. S. alone!

## Rites Held For Mrs. Ora Ballew

MRS. Ora Ballew, 88, long-time Lynn County resident, died at her home in O'Donnell Monday, March 5, of apparent natural causes.

Services were held at 4 p.m. Tuesday in the First United Methodist Church in O'Donnell. Officiating were the Rev. Ralph Odom, pastor and the Rev. David Hamblin of Littlefield.

Burial was in the O'Donnell Cemetery under the direction of White Funeral Home.

Mrs. Ballew was married to M.F. Ballew in Hayes County Texas. She came to Lynn County in 1908 from Coleman and had lived in O'Donnell since 1943.

She was a member of the First United Methodist Church in O'Donnell. The family requested that memorials made be to the church.

Survivors include a daughter, Mrs. Hazel Hancock of O'Donnell; a son, Raymond Ballew of O'Donnell; three sisters, Mrs. Annie Mayden of El Paso, Mrs. Cathey Burruss of Houston, and Mrs. Estelle Pannell of Lubbock; two brothers, T.B. Stovall of Victoria and J.E. Stovall of Lubbock; four grandchildren, nine great grandchildren and two great-grandchildren.

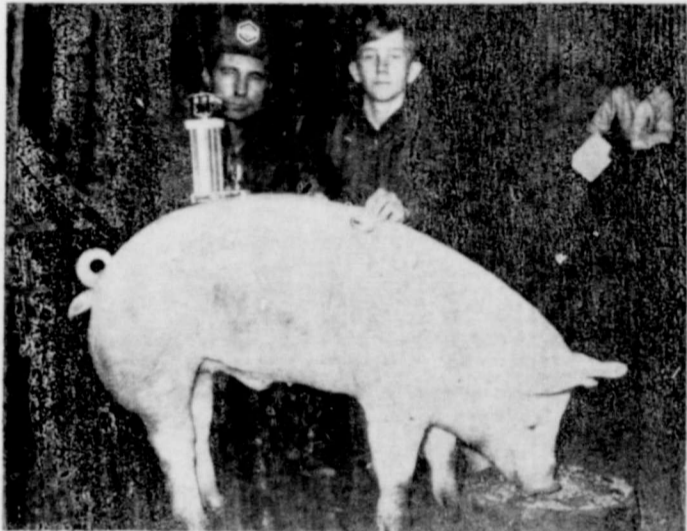

Pallbearers were Weldon Hancock, Marlon Ballew, Roy E. Ballew, Raymond Hancock, Tommy Hancock and Rick Cunningham.

**LOCAL**  
Karen, Patricia and Sandra Hubbard of Lorenzo spent the week end with their grandparents, Mr. and Mrs. Dave Hubbard.

### Girl Scout Week

Young people are facing enormous challenges on what the quality of life will be in the future. How they meet the problems of a rapidly changing society will test their ingenuity, imagination, and abilities. How they prepare themselves to meet these challenges is of utmost importance.

One youth-serving organization which is taking the lead in involving young people in many self-directed, self-planned projects is Girl Scouts of the United States of America. Some GSUSA endeavors are directly related to the quality of our country's physical environment; others concern the inter-relationships of people, and youth participation in planning and decision making.

This concept of responsible citizenship and service with others has always been a basic one in Girl Scouting. Today's Girl Scouts are involved in projects to help close the gaps separating economic, racial, cultural, and age groups. Across the country, girls and adults from urban, suburban, and rural areas are working in partnership with National and Local community groups toward the goals.

Prepared by their training, these girls give millions of hours to service to their communities. In day camps for ghetto children, in migrant worker camps, in head start programs, in various tutorial programs, in senior citizens projects, in hospitals, schools and libraries, on Indian reservations, and in hundreds of quality environment projects -- Girl Scouts of all racial, economic, and cultural backgrounds contribute their skills.

During this Girl Scout Week, marking the organization's 61st birthday, we extend our thanks and congratulations to the nearly million girls, men and women in Girl Scouting.

### The Vietnam War?

Did anyone win the Vietnam war? This is a matter which historians will debate for a long time to come. In the meantime, there seems to be little agreement.

President Nixon has proclaimed that we have achieved our goal of peace with honor. This does not appear to be the opinion of most Communists, however.

Dr. Fred C. Schwarz, President of the Christian Anti-Communism Crusade, researched the various Communist periodicals and publications, and this is what he found:

The DAILY WORLD (official Communist newspaper in the USA), in their Feb. 6, 1973 issue, quotes Communist Party boss Gus Hall as saying: "A New level has now been reached in all struggles of the working class and masses of the people. Imperialism has been forced to retreat."

The GUARDIAN of Jan. 31, 1973 claims a "Cease-Fire a Great Victory in Vietnam," and states: "The U.S. agreement to cease military aggression against Vietnam is the greatest victory achieved by the Vietnamese people in their long struggle for independence. The U.S. military retreat from Vietnam is also the greatest defeat ever suffered by U.S. imperialism ... A small nation - the Democratic Republic of Vietnam - has defeated a huge nation."

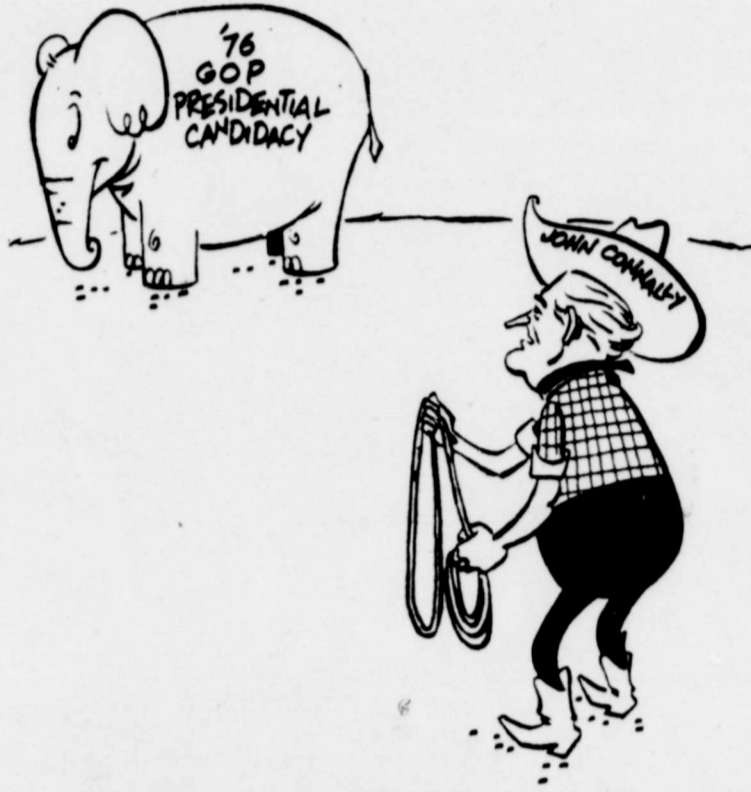

The BLACK PANTHER, Feb. 3, 1973, crows: "The Vietnamese people are victors ... (but) the war in Vietnam has not ended. It has simply entered a new, more subtle and delicate phase. The Vietnamese people are determined to secure their victory in the new phase. American's power made industry and banking bosses are daily determined to turn defeat into victory."

The PEKING REVIEW, official publication of the Red Chinese, in their Feb. 2, 1973 issue states: "The victory of the Vietnamese people is a strong inspiration to all oppressed nations in their struggle for liberation and has made a great and important contribution to the anti-imperialist cause of the people of the world."

Dr. Schwarz further reports that the Australian Communist, Wilfred Burchett, writing from North Vietnam for the GUARDIAN, quotes the Reds there as saying: "We are very happy and enthusiastic in celebrating the great victory of our people in the protracted, hard and victorious struggle. It is a victory on all fronts - militarily, political and diplomatic."

Dr. Schwarz found only one discordant note in the communist propaganda literature: that of the so called "Trotskyites" in their publication, THE MILITANT. In their Feb. 9 edition, they stated: "These records leave the Thieu regime in control of the major cities, keep Vietnam divided, contain other conditions Washington has set on the Vietnamese."

HOW IF I CAN JUST HOG-TIE AND BRAND THAT CRITTER...

### PAST DAYS

Copied from May 2, 1947

Last Tuesday night Mrs. Abbie Whorton and Mrs. Hutchison presented several young ladies from the grade school who put on a fine program for the Lions.

Plans were discussed on handling the concession at the airport May 9 and 10 with J.E. (Red) Brown as chairman of the committee appointed in handling the concession.

Next Tuesday night will be ladies night for the Lions club and the Lions and their ladies will be guests at the annual Football banquet at the local school at 8 o'clock.

All members of the Lions club that have intentions of attending this event are asked to contact Pete Hegl in order that they may know how many to expect to attend.

Pete Hegl, Neal Stanley, Ted Clayton, and their wives, expect to attend the District 2-T Lions convention in El Paso Sunday, Monday and Tuesday.

With Vernon Brewer in charge students of the high school rendered the program at Rotary Thursday, a very interesting program that reflected much credit on the students.

Clarice Terry gave a vocal solo, with Miss "Bitsey" Haney accompanying on the piano.

Doris Jane Roberts gave a piano solo and Sargent Munn followed with another voice number.

A reading was given by Nan Weathers and Billy Ray Kelly discussed Athletics. Particularly Football.

The last number was an explanation and discussion of the Future Homemakers of America by Velma Ruth Howell, who has recently won some high honors in this work, having been elected to an important office in the state organization.

Two visiting Rotarians were present, one a Minister, Dr. McCord, of Brownfield and the other a business man connected with the hardware business in Sweetwater, H.O. Dean, who is a son-in-law of State Comptroller George Shepherd and well-known to a number of Tahoka people.

At a meeting of the Rotary directors held Wednesday night, it was decided to again sponsor the summer recreation program which the clubs initiated several years ago with the aid of other civic organizations and the City of Tahoka.

President and Mrs. L.C. Haney and Dr. and Mrs. Emil Prohl and Mr. and Mrs. Fred McGinty and possibly other Rotarians expect to attend the 127th district conference at Fort Worth Sunday and Monday.

All fans and parents of players are invited to attend the annual Bulldog football banquet which will be held in the gymnasium next Tuesday night, May 6, at 8 p.m. Admission will be \$1.00 and reservations may be made by calling the High School, No. 275, between 2:00 and 3:00 p.m. Saturday. Both men and women, boys and girls may attend.

The boys and Coach Foust promise that there will be an excellent program of moving pictures of a game last fall, short talks

by local people and a talk by a prominent coach. Fans are urged to lend the team encouragement by their presence at the meal.

A local FFA crop judging team placed first and a poultry identification team failed to place in a big FFA contest held at Texas Tech last Saturday, April 26.

Although his team failed to place, Billy Kelly scored top honors over 130 boys in the poultry identification contest, with a perfect score. The poultry identification team is composed of Billy Kelly, Duane Carter, and Dwain Townsend.

Gerald Wayne Tippit took first in the crop judging contest and tied for first in the entire crop contest, which included the crop judging, crop identification, and grain grading contests. The crop judging team won first in that division and placed seventh in the entire crop contest. The crop judging team is composed of Gerald Tippit, Robert Adamson, and Jimmy Small.

Schools from FFA areas 1,2, and 4 covering approximately half of Texas and numbering 178, entered teams in the contest. Areas 5,7, and 8 boys took part in the contest.

Old Winter just kept on doing business on the South Plains through almost the entire month of April. On Friday night he gave what we hope was his farewell address. By Saturday morning he had driven the mercury down to a point just a little below 32 degrees and left old Jack Frost sitting in the house tops and all the exposed car tops. Thin ice was in evidence in many places.

This is believed to be the latest date of a visit from old Jack Frost in many a year.

Much of the fruit had been killed by a heavier frost the previous week, but this last visit on April 26 cleared up most of the remainder. Still, there will be some fruit in spite of Winter's curious capers.

The Martha Sherrod Sunday Class of the First Baptist Church met in the home of Mrs. M.H. Brasher, Thursday night, April 24, for their regular monthly business and social meeting.

After a brief business session Mesdames Wood and Johnson directed some interesting games. The following attended: Mesdames Geo. Akin, J.F. Akin, Loyce McMahon, K.R. Durrahm, J.Q. Cox, Lloyd Conwill, G.H. Hines, Carl Williams, Jewel Connolly, N.E. Wood, Dean Nowlin, Jewel Johnson, Hattie Garrett, H.W. Martin, M.H. Brashear, Beulah Pridmore, and Misses Lola McWhirter and Beulah Atkin.

Mrs. M.H. Edwards, local music teacher, announces that the following pupils are due special recognition for the highest average in piano and musicianship requirements for this year: Gloria Best and Phyllis Ann Fielder; intermediate pupils; Suzy Waggoner and Jane Taylor; high school, Mary Ann Tankersley and Mary Sue Roberts; and Joan Slover, the best theory student.

## Gasoline Hearings Awaited

A significant series of public hearings on proposed air pollution controls, including gasoline rationing, will begin March 5 in the Los Angeles area.

The Environmental Protection Agency, which sponsors them announced Jan. 15 that rationing - designed to cut gasoline use by 82 per cent during the May-October smog season - may be necessary by 1975 if six Los Angeles area counties are to meet Federal air pollution standards.

During the most stringent rationing of World War II, gasoline was cut only by 33 per cent.

"The public must gird itself for the possibility of substantial changes in commutation habits" in numerous major American cities," EPA Administrator William D. Ruckelshaus said.

So, interest in the California hearings will be watched widely. America's so-called love affair with its automobiles is pitted in one corner against a necessity for clean air in the other.

The Tug of war over the automobile has never been so evident. John Hamer of Editorial Research Reports describes it this way:

"Environmentalists denounce (the car) for belching out more than 50 per cent of urban air pollution. Energy analysts criticize it for inefficiently guzzling up 20 per cent of total U.S. energy consumption. Safety councils condemn it for killing more people every year than died during the entire American involvement in Vietnam. Urban planners decry it for eating up 30 per cent of metropolitan land for highways and parking lots. And drivers berate it for falling apart not only in minor accidents but during normal everyday driving, and for costing outrageous sums to insure and repair."

And, yet, as Mr. Hamer continues, "Americans remain perplexingly schizophrenic about their automobiles. While nearly no one seems to like them, almost everyone wants to have one. There are about 86 million cars on the road, today, and the total may rise to 200 million by the year 2000..."

That would mean a traffic jam staggering in its implications. It might mean many involuntary changes unless there are alternatives that provide convenience, efficiency and sufficient economy.

The possibilities, according to Phillips Petroleum Co. and some others, recommend a look at alternate auto emission standards such as adopted by the California Air Resources Board prior to passage of the Federal standards.

The California standards offer a technical opportunity to equip cars with less costly and more reliable catalytic devices that would allow cars to operate on fuels containing lead, with lead emissions controlled through use of exhaust pipe lead traps. Federal standards would cost an estimated \$210 more a car than the California standards in emission control equipment.

The EPA undoubtedly will weigh these contentions, since everyone is affected. Rights of man to the purity of air cannot be sacrificed, of course, just to insure better and less costly performance of his automobiles. But if there's a possibility both objectives can be attained. EPA should explore it in utmost detail.

### Promises

At ten o'clock on Friday night, February 2, 1973, Washington, D.C. Police and the FBI arrested a self-styled "revolutionary" and put him in jail. At the time of arrest the prisoner was carrying a sawed-off .303 rifle - the same gun which, it is known, was used to murder at least four innocent victims since the first of the year. All had been slaughtered in cold blood. Robbery was not the motive, but hate.

There is another part to the story, but it, too is not unusual. The self-same suspect had been arrested less than two months before, charged with several minor offenses, fined \$205 and released after being held less than 20 hours in a detention center.

At the time of his first arrest, the suspect, who was standing outside of his automobile made a sudden lunge toward the car, but he was halted when the police drew their guns and ordered him to stop.

Reaching in the car, one of the policemen picked up a snub-nosed, .38 caliber revolver from the floor of the car in front of the driver's seat. The suspect did not have a Washington permit to carry a gun. The gun law carries stiff penalties. But the suspect was not charged with this crime.

Why? Because the arresting police picked the gun up off the floor of the car without a search warrant.

# FARM REVIEW

## COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Farmers and farm suppliers, individually and organizationally, over the years have spent millions of dollars to improve the image of American agriculture in the minds of the non-farm consuming public. Success of the effort has been less than spectacular at best.

Agriculture is still much maligned in the urban press, on radio and television, and in the halls of Congress. Degradatory news stories, editorials, television documentaries and impassioned speeches against agricultural interests almost always fraught with misleading statements if not blatant distortions of truth are still the order of the day. The result has been harassment from public, state and federal agencies, inordinate public resistance to fair prices for farm commodities, and inequitable legislation. The cost to farmers is beyond calculation.

Now, there is new hope. Farmers and farm suppliers, many of whom have had good but fragmented efforts in the past, have for the first time formally joined forces. Producers of agricultural commodities have formed the National Agricultural Institute (NAI) to be funded primarily by cotton, feed grain, wheat, soybean, corn and other commodity organizations.

Suppliers will coordinate their end of the effort through the National Agricultural Communications Board (NACB), with representatives from producers and distributors of feed fertilizer, fuel, machinery, chemicals and other supplies used in farm production.

NACH and NAI will share a joint staff and funding of communications programs in a unified national effort, providing research, promotional materials and services never before available.

Formation of these groups is an outgrowth of a private, year-long study of agricultural communications problems undertaken at the suggestion of Congressman George Mahon (D-Tex.) and Senator Carl Curtis (R-Neb.). The final report of the study recommended a nationwide program of coordination to be supported by producers and suppliers, which is now approaching reality.

"The benefits to agriculture," says Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock "While they will not occur overnight, can be substantial indeed." PCG was one of the early supporters of NAI and continues an active membership. Another High Plains member and booster of NAI is Lubbock-based Grain Sor-

ghum Producers Association.

Secretary of Agriculture Earl Butz, also enthusiastic about the possibilities for agricultural advancement through NAI and NACB, stated "The purpose must be to establish a genuine dialogue, and there bring about more profound communication and more complete understanding between the most basic producer in our economy, the farmer, and the ultimate recipient of his products, the consumer."

Congressman Mahon and Senator Curtis issued a joint statement which said in part "It is gratifying to note that an effort begun only one year ago as an informal, non-partisan and completely independent study has now entered the action phase which, hopefully will bring about concrete results."

Donnell Echols of Lamesa, a past president of PCG, was one of the original NAI directors and remains one of its strong advocates. "When we have given the non-farm population a better understanding of agriculture's contribution to the national well-being and of the problems involved with maintaining that contribution," Echols believes, "we will have made great progress toward securing our fair share of the national prosperity."

## Weed Control Symposium

A weed control symposium designed especially for producers in the sandland areas of West Texas is scheduled here March 13, from 1:30 to 4:00 p.m., according to County Extension Agent Bill Griffin.

The meeting, to be at the Party House in Brownfield's City Park will feature developments in weed control, ranging from herbicide residues and application methods to new data on weed research.

"The weed problem has been with us since this West Texas land was placed into crop production," says Griffin. "But increasingly we are experiencing a need for better methods and tools to help offset economic loss from weed pests. Last year, for example, some producers reported hoe bills of up to \$40 per acre and a few fields had to be abandoned due to the fierce weed competition. These losses were in addition to those resulting from reduced yields due to weed competition with crops for water, sunlight, and nutrients. Needless to say, the information to be presented at this symposium will be of

particular interest to our producers."

Those participating in the program include Billy C. Gunter, District Extension Agent with the Texas Agricultural Extension Service at Lubbock; Dr. Robert B. Metzger and Dr. James R. Supak both area agronomists also with the Extension Service at Lubbock; Dr. Dudley Smith, Assistant Director of the Texas Agricultural Experiment Station at

College Station; Dr. Allen Wiese, professor of weed control with the Texas Agricultural Experiment Station at Bushland; and Bill Turner, an official in research development with a commercial chemical company at Lubbock.

The symposium is jointly sponsored by the South Plains Development Program, the Texas Agricultural Extension Service, and the Texas Agricultural Experiment Station.

## Grainmen Warned Of Swindlers

A hypodermic needle can be a burglar's tool in thefts of agricultural chemicals.

That's what two State Department of Agriculture employees, sent by Agriculture Commissioner John C. White to a two-day seminar on grain and agricultural chemical thefts, learned recently.

Ed Whitesides, director of the department's Consumer Services Division, and Sam Smith, supervisor of the division's weights and Measures Laboratory, were among 32 persons from nine states who attended the meeting in Jefferson City, Mo.

Sponsored by the Missouri State Highway Patrol, it attracted representatives of law enforcement agencies, chemical companies and state agricultural departments.

Grain thefts have been a bigger problem in Texas where selling stolen chemicals has been virtually unknown. Whitesides and Smith however, were warned to be on the lookout for chemical thieves.

"So much farming is done here and so many chemicals are used, this is a likely place for stolen chemicals to be sold," Smith said.

Though no exact figures were given, speakers said chemical thieves have made lucrative profits in the Midwest. According to Smith, they hijack trucks or burglarize warehouses to obtain mer-

chandise. Later they insert hypodermic needles into the cans, withdraw half the liquid and replace it with water. A five-gallon can, retailing at around \$95, is sold for \$50.

Commissioner White warned prospective buyers to beware of bargains. "Know your salesman and your chemical company," he said.

Smith adds that one way buyers can tell if the chemical has been tampered with is by the weight of the can. "Water weighs less than chemicals," he explained.

To cut down on thefts and trace merchandise more easily, companies are marking cans in a way that cannot be detected by the untrained eye. Warehouses that do not have such identification are being asked to install burglar alarms.

When you buy new passenger tires the seller should be writing up more than just the order, the Tire Industry Safety Council reminds. Federal regulations require him to register your name, address and certain specified information molded on the side of each tire so it may be recorded with the manufacturer. In case of any safety defect in tires of the same production run you will be notified personally.

## Cotton Harvest On Again

Cotton harvest operations began increasing once again on the South Plains as fields dried out, according to W.K. Palmer, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Most activity was in the counties east and south of Lubbock but activity was increasing over the whole area.

This is the latest cotton harvest on record. Samples from 380,000 bales were classed at the South Plains U.S.D.A. cotton classing offices during February and samples from approximately 150,000 more bales are expected. There have been many late harvests in past years but none approach the present one in number of bales harvested this late in the season.

Samples from 41,000 bales were tested and classed at the Lubbock office during the week ending Friday, March 2nd. This brought the total classed for the season to 1,819,000 bales.

Estimates indicate that 90 to 95 percent of this season's crop is now out of the fields.

Grades of cotton were about the same as the previous week. Low Middling Light Spotted (52) was the predominant grade, making up 15 percent of all cotton classed. Strict Low Middling Light Spotted (42) made up 14 percent. Strict Low Middling Spotted (43) 12 percent and Strict Low Middling Tinged (44) 13 percent.

Average staple length was about the same as the previous week. Staples were predominantly 29 to 32. Thirteen percent had a staple length of 29, 36 percent stapled 30, 25 percent stapled 31 and 15 percent was 32.

Micronaire readings showed a slight improvement. However, only 13 percent of all cotton classed at Lubbock had micronaire readings in the

premium range of 3.5 through 4.9, 10 percent "miked" through 3.4, 28 percent 3.0 through 3.2, 30 percent 2.7 through 2.9 and 19 percent was 2.6 and below.

The Agricultural Marketing Service of the U.S.D.A. reported active trading on the Lubbock market. Prices were \$2.50 to \$5.00 per bale lower on most qualities from the previous week. Prices ranged from \$5.00 per bale over the loan for low grade, low micronaire cotton up to \$10.00 per bale over the loan for high grade, premium micronaire cotton.

Average prices paid for the most predominant qualities the 3.5 to 4.9 premium micronaire range were: Strict Low Middling Light Spotted (42) staple 30 - 26.75 cents per pound, Strict Low Middling Light Spotted (42) staple 31 - 27.15, Strict Low Middling Spotted (43) staple 31 - 22.00, Strict Low Middling Spotted (43) staple 31 - 22.00, Strict Low Middling Tinged (44) staple 30 - 18.35 and Strict Low Middling Tinged (44) staple 31 - 18.45.

Cottonseed prices were steady and farmers received \$1.50 to \$56 per ton for their cottonseed at gins.

EGG CLINIC --- The 18th annual Texas Commercial Egg Clinic is slated at Texas A.M. University Mar. 28. The clinic will begin at 8 a.m. in the Memorial Student Center. Discussions on egg marketing and environmental protection will highlight the program, according to a specialist for the Texas Agricultural Extension Service.

## Planting Plans Postponed... Six Counties... What's Your Beef... International Cooperation.

The 1973 Texas spring planting season is off to a slow start. Cotton planting in the Lower Rio Grande Valley has been delayed at least a month due to cold, wet weather.

Texas Department of Agriculture officials report less than five per cent of the Valley's cotton has been planted so far, and probably most of that will have to be replanted. Normally, about two-thirds of the crop would be in the ground in the Valley by now.

Meanwhile, on the High Plains—550 miles to the north—harvest of the 1972 cotton crop is now virtually complete. Rains and cold weather delayed harvest in that area for several weeks.

Wet conditions over the state are also causing some headaches for livestock producers, who normally welcome rains. Too much rain is keeping fields too muddy for grazing in many areas of the state. Supplemental feeding is continuing with some shortages of hay and cottonseed products reported.

Six counties in Texas have lost their "modified-certified brucellosis" status because of non-compliance with certain minimum requirements of the cooperative state-federal brucellosis eradication program.

The counties in Texas are Denton, Freestone, Harrison, Kaufman, Navarro and Wood.

Counties initially receive the "modified-certified brucellosis area" status when the areas are in compliance with all requirements of the eradication program.

According to officials, the counties did not meet one or more of the following requirements:

- Retest infected herds for brucellosis within six months;
- Test or quarantine the herd of origin when an infested animal is found through the market cattle testing program;
- Test a dairy herd within 30 days after a suspicious brucellosis milk ring test has been reported.

Necessary corrective steps are being taken so that the counties may again receive their modified-certified brucellosis area status.

IF YOU'RE concerned about getting the most for your food dollar—and who isn't—you should be utilizing some information from the Texas Department of Agriculture about beef. TDA has available some tips on how to get the most from your beef dollar.

These include a beef chart showing the cuts of beef and cooking instructions for the various cuts and a pamphlet titled "Stretching Your Beef Dollar." Both are available by writing the Texas Department of Agriculture, Box 12847, Austin, Texas 78711.

INTERNATIONAL cooperation is providing Texas cultural producers with better varieties of grain sorghum storage sorghums. About 200 acres of grain sorghums are being grown to determine purity tests in Guatemala and Mexico.

This program is being carried on through the seed donation of the Texas Department of Agriculture under direction of Bill Staffel. Texas is the largest producer of hybrid sorghum in the world. "We have the highest quality of certified hybrid sorghum seed in the nation," Texas Agriculture Commissioner John C. White said.

Texas produces about 40 per cent of the nation's supply of grain sorghum annually.

CITRUS harvest continues in the Lower Rio Grande Valley. Harvest of grapefruit is active, and moderate supplies of early and midseason oranges will be available this month.

Condition of citrus trees is good. Recent freezing weather caused little to no damage.

# Farm Chemical Thefts Warning

Trust and carelessness are the allies of swindlers who dupe Texas grain dealers out of thousands of dollars each year.

"The thieves capitalize on careless mistakes," Agriculture Commissioner John C. White warned grain men recently. A trusting or careless buyer who does not check the truckload of grain he is buying can easily be deceived into paying for a full load when he is getting half.

White said thieves drive onto the truck scale early in the morning before scale operators arrive for work, ready when the scale opens. "No more than two persons are at the scale at this time," White said. "They're busy opening up and they may be half asleep.

Because grain swindles are deceptively simple, Commissioner White suggested that dealers use their most professional help to operate their scales.

The thieves have developed several sophisticated methods. For example, a "badger," an electronic device is placed under the truck scale and operated from the grain

truck or a vehicle nearby. White explained that the control in the vehicle sends out a radio signal which activates a motor on the badger. This lowers a weight of approximately 50 pound onto the scale beam, adding up to 30,000 pounds to the truckload.

Swindlers who use a badger will drive trucks with false bottoms. Even if checked, these trucks would appear full.

The more common way to manipulate scales is to place a man under the scale deck. He puts heavy bricks or lead weights on the transverse or multiplying beam, causing it to register more than the actual weight.

A four-man team of operators arrested in Texas last season admitted to clearing as much as \$120,000 a month, White noted. The "pit-man," a 21-year-old Missouri youth now serving a jail sentence, said his take average \$6,000 per week.

Tighter controls and more vigilance by the weighmasters and grain dealers can go a long way toward reducing this type of fraud, White said.

Veterans over 65 do not have to reveal detailed income information in order to qualify for VA medical care. They also may be eligible for VA nursing home and domiciliary care.

LIT H. MOORE JR.

Howard Moore, Lit H. Moore, Jr., Jiggs Swann, Directors of Lynn County Soil and Water Conservation District, and A.V. Sheppard District Conservationsit, attended the February meeting of the South Plains Association of Soil Conservation Districts in Brownfield Tuesday, February 27th. Waltna Sheppard also attended, according to Lit H. Moore, Jr. Secretary of the association.

An outstanding program on wildlife was presented. Elgin

This was made possible with low interest loan rates so that the people could govern themselves in establishing local cooperatives. The program has been stable and has paid its own way. There is no record of any REA Cooperative in the nation unable to meet its loan commitments." E.L. SHORT

## Tommy Swann On Water, Inc. Staff

A Texas Tech research associate, Tommy Swann, has joined the staff of Water, Inc., as staff economist. Announcement of the job assignment was made by A.L. Black, president.

Swann, a native of Wilson, Texas did extensive work on the State Input-Output Study as first a research assistant and later as a research associate in the Department of Agricultural Economics at Tech. The study, just completed, is designed to show the inter-relationships between the various economic sectors in the state.

"We are most fortunate to

obtain the services of Swann." Black said. "The addition of an economist to our staff gives us the 'in house' capability of detailed analysis specialized to the specific needs of our organization," he said, "and Swann will play a key role in developing meaningful information for not only the benefit of our members in West Texas and Eastern New Mexico, but his work will be vital in developing creditable testimony for presentation of the ease for importation of water to the area."

After graduation from Wilson High School, Swann attended Texas Tech where he earned both Bachelors and Masters Degrees in Agricultural Economics. He interrupted his education for a two-year stint in the U.S. Army, serving a year in Viet Nam. He holds membership in Alpha Zeta, an honorary society of agriculturists and Omicron Delta Epsilon, an honorary economic society. He is also a member of the American Agricultural Economics Association.

Mate, don't mix, is the rule for radial snow tires, says the Tire Industry Safety Council. If you have regular radials on the front axle, don't put conventional snow tires on the rear axle. If you do, it's like wearing two different kinds of shoes, reducing traction, which could cause you to spin out of control.

## A SHORT REPORT

E. L. SHORT  
State Representative  
Phone 512-475-4192  
Austin, Texas 78767

A recent report shows that of TB patients in Texas, 3 hospitals declined from 826 to 522 last year. Also, the duration of stay of patients was reduced from 174 to 130 days.

Since everyone is being searched to get on airplanes, we are taking action on upgrading the security people at airports by requiring them to have the same schooling in police academies as other peace officers of Texas.

One of the few money making ventures in Texas Government is Texas tourist development. It is calculated that we are receiving \$108 in state taxes (from out-of-state tourists) for every \$1 we invest in advertising our state.

Sandra Davis, well-known attorney from Levelland, has been appointed to the Citizens Conference on ethics legislation by Lieutenant Governor Bill Hobby. She shall be the Representative from the 77th Legislative District.

Judge Chesshir of Terry County has appointed a 10-man Committee headed by

Leonard Ellington to study problems of Terry County's government and to make recommendations to the Commissioner's Court. I met with this group last week and explained my position as to the statewide food stamp issue that was passed in the Special Session last year. To correct any misunderstandings on this issue, there was no statewide food stamp bill passed. There was an insert made to the Appropriations Bill appropriating app. \$9,000,000 to the State Welfare Department to take over the administrative costs at the local level and initiate statewide food stamp programs which will bring all counties in Texas under this and a phasing out of commodities programs. I cast my vote against the Appropriations Bill.

FEDERAL The Office of Economic Opportunity (OEO) funds might all be cut off by

President Nixon. These funds have been used for things like organizing welfare rights chapters, farm workers unions, and rent strikes. "Many lawyers will be out of work by abolishing OEO's legal services program."

The most conservative Marijuana penalty revision is recommended by the Governor. It would strengthen the penalties on second offenses and make it a misdemeanor on first offenses for any amount under 8 ounces. Eight ounces would make 600 cigarettes.

A Bill has been introduced to do away with all schools that do not teach 12 grades. (Some of the same ones advocating this type legislation are wanting to spend \$28,000,000 for adult education and \$60,000,000 for duty free lunch room hours for teachers.)

Had an opportunity to meet the Heavy-Weight Champion of the world, George Foreman, who was a visitor to the Texas House.

I recently sent out a Questionnaire to 1000 names picked at random from the phone books of our District. The results will be published soon.

SOME ON STRIKE ARE ELIGIBLE FOR WELFARE. "A case was found where a welfare agency bought a new refrigerator for a striker because the freezer he had wasn't large enough to stock all the food he got with food stamps."

The President and all members of the Texas Congressional delegation in Washington will soon receive a resolution from the Texas House of Representatives asking them to restore funds that had been frozen in the Rural Environmental Assistance Program (REAP) and the REA funds.

State Representative E.L. Short of Tahoka, co-author of this Resolution, said "the REAP program has been in existence for over 30 years and has contributed greatly to assisting farmers to con

Mayor Meldon Leslie is shown signing a proclamation declaring March 11-17 Girl Scout Week in Tahoka. Girls witnessing the signing are Kim Brown, Laurie Hill, Sherry Tomlinson, Kelly Paris, and Marcie Miller. Also present as shown is Mr. John Ed Redwine, Caprock Council Board member.

Shown here is Troop 108 making puppets, working toward their 'Dabber Badge'. Leaders are Mrs. Jerry McKibben, Mrs. P.B. Hallmark, and Mrs. Tommy Dunlap. Pictured left to right are Jerri Beth McKibben, Pam Witt, Alma Hallmark, Deanne Merryman, Julie Dunlap, Cheri Bragg.

# Girl Scout Week

## GIRL SCOUT WEEK 1973, 61st ANNIVERSARY

Girl Scouts of America and local Brownies and Junior Girl Scouts will be observing National Girl Scout Week next week, March 11 through the 17th. Tahoka girls registered in the scouting program will be participating in many activities.

On Sunday, March 11, all troops will observe Girl Scout Sunday by attending church services at the First United Methodist Church of Tahoka. Also on that date at 6:30 in the evening, girls will be watching with their families, a special television program on Channel 20.

In order to bring Girl Scouting before the public, the Caprock Council is sponsoring a "Mallvelous Celebration" to be held at South Plains Mall, in Lubbock, on Saturday, March 17. Seventy troops will be presenting songs, games, first aid, pantomines, needlecraft, quilting, and more. One section of the event will be centered around the International Friendship aspect of Girl Scouting. Three troops from Tahoka will be participating in this celebration. Presentations will begin at 10:00 a.m. and will close at 5:00 p.m.

Mayor Meldon Leslie has signed a proclamation declaring March 11-17 as Girl Scout Week in Tahoka, and he has asked that all citizens of Tahoka continue to give to Girl Scouting their interest, cooperation, and support.

The Girl Scout Fund Drive in Tahoka which is usually held in November, has been delayed this year due to weather conditions. The drive will be held soon, however, and all citizens are to be contacted. The local leaders are hoping for the support of the citizens in this drive in order that they may continue to provide the girls of Tahoka with the benefits of Scouting.

Those adults who are working as leaders and assistant in our town are Mrs. Charles Hill, Mrs. Billy Miller, Mrs. John Ed Redwine, Mrs. Robert Draper, Mrs. Jerry McKibben, Mrs. Tommy Dunlap, Mrs. Jim Bob Porterfield, Mrs. Jerry Brown and Mrs. Armando Del Toro. Serving on the board of Caprock Council of Girl Scouts are two Tahoka people, Mrs. Othell Meeks and Mr. John Ed Redwine.

There are 71 girls and 22 adults registered with Girl Scouts in Tahoka. The program is sponsored by the Tahoka Lions Club. Mr. Gale Hartman is the club representative who works directly with the troops.

Brownies of Troop 273 participate in their opening ceremony which proceeds the business of each meeting. Here the girls are giving the pledge to the flag of our country. Members of troop 273 are as follows: Mary Helen Anchondo, Debbie Bailey, Nicky Bertreaux, Dusty Cook, Andra Draper, Holly Dunlap, Perry Dunlap, Denise Ehler, Patricia Garcia, Jerri Ann McLaurin, Gloria Montemayor, Barbara Owen, Tammy Owen, Lynla Paynes, Norma Jo Redwine, Donna Roberts, Shirley Sandoval, Nancy Thornton, Denise White, Susie Stringer, Sylvia Espinoza, Yvette Paynes.

Girls of Troop 396 have been selling Girl Scout Cookies which benefit the troop and Camp Rio Blanco near Crosbyton. Pictured below are Amy Porterfield, Elaina Del Toro, Tammy Kelly, Lani Brown, Kathy Meeks.

Pictured above are members of Brownie Troop 177 making paperweights out of rocks. Their leader is Linda Hill and assistant leaders are Shirley Reece and Arnetta Miller. Pictured left to right are: Wendy Curry, Pam Ashcraft, Melanie Terry, Jana Hammonds, Cara Monk, Camille Hall, Julie Patterson, Lauri Hill, Carla Reece, Tracy Draper, Deana Taylor, Lucille Hall, Sylvia Sims, Anna Montemayor, Marci Miller.

## Nursing Home News

Hello from the Colonial Nursing Home. Everything seems to be ok.

Mrs. Harter remains in the hospital. Mrs. Clarke's son, Slim Pyburn is in the Lynn County Hospital. Reports he has had a heart attack. Hope he soon feels better. We will be praying for you, Slim.

Mrs. Mary Price has bought a mobile home and is having it moved here. With all this snow and rain and having to drive from Lubbock she has a hard time making it to work on time.

Rhonda Ware quit and Donna Hall reported she is ill so its making it hard on their shifts to be covered. Margaret Jasso is working again on 3-11 shift. It is so nice to have her back.

Mrs. Bob Barnette's husband is in Lynn County Hospital. He hopes to be dismissed today.

Mrs. McCord's daughter and granddaughters have visited her very often. They took her up to Mrs. Thomas Sunday for dinner and to visit with Mrs. Ruth Edwards who was at Mrs. Thomas after being dismissed from the hospital. She has had surgery

but is going on home to Denver City soon.

Mr. Anderson and the Owens family ate out yesterday with their family.

Woodrow Chancy visited the home and Roy Moreman from Brownfield is coming back for a stay.

Dr. Tubb from Post checked on Dr. Kitchen Friday.

Mrs. Corbin's grandson, Tommy visited her a while Saturday.

Liz Connell and Friend from the ranch visited Mrs. Connell.

Birthdays for March are Kate Jones, March 22, and Florine Connell, March 29.

Sweet Street Baptist Church brought out church service March 4. Scriptures were Matthew 14 - 24 - where Jesus walked on the water and Peter walked on water until he looked down at the high waves and he said "Help me, Jesus." Jesus said, "Oh yea of little faith" So we must keep our eyes on Jesus at all times.

Our Monday singing was wonderful, Mrs. L.D. Howell, and Mrs. Claud Carter along with our faithful crowd were here. Thank you, Ladies for

coming.

Bertha and Al Jolly, Mr. and Mrs. Sam Allen of Laferla, Texas, Mrs. Mickey Bertreux and children all visited Mr. Allen.

Mrs. Kitchen visits her husband often. Mrs. Cloe and Brenda visited Kate Jones. Mr. and Mrs. Dave Polk of Sweetwater, Texas visited Mr. Polk.

Laura and Annie Bell Stice, Dan Rupp, Mr. and Mrs. Lewis Phillips, Mr. and Mrs. Dub Powers were here for church services.

Valeta Burk is out of the home for a few days.

The state inspectors were here Monday March 4.

## LOCAL STUDENTS ON DEAN'S LIST

A total of 2,377 students in the College of Arts and Sciences qualified for the dean's honor list for the 1972 fall semester, according to Dean Lawrence L. Graves.

To qualify for the honor list, a student must be enrolled in 12 hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 grading system.

The College of Arts and Sciences is one of six colleges and two schools at Texas Tech University, which will be observing its Fiftieth Anniversary 1973-75. The fall enrollment was more than 21,490.

Student recognized for their high academic achievement

in the College of Arts and Sciences are:

TAHOKA Suzanne McCormick, Fresh. Graham R. Hensley, Fresh. Nora S. Warren, Freshman Robert Montemayor, Fresh. Linda Z. Mears, Sophomore David F. Rogers, Junior Randy L. White, Senior WILSON Karen J. Hobbs, Sophomore

## Long Distant Calls Automatic

Long distance calls from Tahoka may be dialed completely unassisted beginning Wednesday, June 6, 1973, according to G.T. Hamilton, Division Manager for General Telephone Company.

Customers used to an operator asking the number upon the completion of dialing will only hear dial pulsing briefly before the call is completed.

The number will be identified and the billing recorded automatically.

Operator assistance and special calls (such as person-to-person, credit card and collect calls) will be handled by Brownfield operators.

The VA has doubled its daily payments to State homes for hospital care of eligible veterans and expanded its grants to remodel existing State facilities.

Notes from the Neighborhood

By: Janet Owen

To Hall Robinson -- Two weeks later, at least, it occurs to me that I left your name off a list of names who attended George Shumake's birthday party. Now at 2 a.m. and a clear mind, I apologize. In the same write-up, "Mrs. Gladys" should have read Mrs. Gladys Stokes and to you, too, I ask your forgiveness in this oversight on my part. I've enjoyed "this news-gathering" but errors do show up right here, all in black and white.)

Elsie and Ray Priest and their two children from Jacksboro, Texas visited in our city last week. The former Tahokain highway patrolman and his family had dental work done Tuesday, Friday and Saturday. They also found time to visit Mr. and Mrs. Evon Wilson.

Mr. and Mrs. Gaylon Teckell and family from Plains, Texas visited her mother Mrs. G.B. Tomlinson Sunday.

From Tokio, Texas Mr. and Mrs. Johnny Hillhouse and 1-year old son, Jason came to visit Mr. and Mrs. Odus Hillhouse last week-end.

Girls in town Sunday were Texas Tech students Judy Gat-

tis, Tahoka; Sharon Sprague, San Antonio; Suzanne Brock Albuquerque; Donna Nipper, Dallas; Patty Shannon, Fort Worth. Judy and her roommate Sharon and friends were here to make the occasion of Judy's birthday. Judy is the daughter of Mr. and Mrs. Eldon Gattis.

Also having a birthday last week was Joan Connally of Lubbock. Tuesday night she and her roommate Kay Nagle came home for supper with her parents Mr. and Mrs. Bob Connally. Bob grilled steaks while Hazel made home-made bread. YUM!!!!

Mr. and Mrs. Gary Dan Thomas of Lubbock visited Mr. and Mrs. Kenneth Thomas last week - end.

Mr. and Mrs. Clifton Gardner were in Aspermont Saturday to visit their parents and to see about some business.

Have you met the new man at the bank? Ann Davidson introduced him to me. He is Charles Kintz and his wife, Margaret, a registered nurse at St. Mary's hospital. They recently moved into their mobile home at 2024 North First Street. He is from Dimmitt, Texas and Margaret is from Friona, Texas. We hope these new comers like our town and that they will feel welcome here in Tahoka.

Greg Thomas recently pledged Sigma Alpha Epsilon fraternity at Tech. Greg was home this week-end visiting his parents Mr. and Mrs. Kenneth Thomas.

Frances Amador is home now after spending last semester at St. Edwards University in Austin, Texas. She hopes to return to school in September and study to be a ling-

uist. Her parents are Mr. and Mrs. Dario Amador.

Mr. and Mrs. Kensie Phillips have their old address-back -- Tahoka. On Feb. 19, 1973 they moved into their home at 2018 North 3rd from Route 1 O'Donnell. Mr. Phillips and family are new members of Sweet Street Baptist Church. Welcome back to our town!

HAVE A NICE DAY!!!!!!

CHURCH NEWS

Mr. and Mrs. Gary Grogan, Amarillo, Lynda Schlessler, Lubbock, visited Mr. and Mrs. Orville Havins and family, Misses Barbara Kitchens and Elaine Dempsey of Tahoka were visitors for the morning services at the First Baptist Church.

Mission visitors were Jack, Adam, Minerva, Maggie, Mary Ann Benvides; Mary Helen and Margie Pena; Bert Stice, Guadalupe Gutierrez and Ruben Manriquez.

SWEET STREET BAPTIST The Brotherhood Family-night supper is scheduled Monday March 12 at 6:30. The meal will be a covered-dish supper. A quartet from Lubbock will sing and bring the program under the leadership of Weldon Lemon. Don't forget the date March 12.

From the Methodist Church Polly Gibson's Sunday School class met Tuesday afternoon at 3 o'clock at Fellowship Hall for their monthly social. Mrs. Elmer Rice is president and Mrs. Leona Holden is vice-president of this class. The Bessie Brashear class.

Wilson City Election To Be Held April 7

The Wilson City Election will be held Saturday, April 7, in the Wilson City Hall. The terms of councilmen Jerry Don Ross, Jim Coleman, and Jacky Bishop and Mayor Victor Steinhauer expire.

March 7, was set as the deadline for filing for those offices.

MARTHA ARNOLD

MARTHA ARNOLD IS ENGAGED

Mr. and Mrs. Lewis Hayden Arnold of Texarkana have announced the engagement of their daughter, Martha Louise, to Cadet Thomas Herbert Stilwell, son of Mr. and Mrs. Thomas Herbert Stilwell of Palestine, Texas.

Miss Arnold is the granddaughter of Mrs. Vada Holt of Texarkana, and the late E.A. Thomas of Lynn County, and Mrs. Thomas Herbert Stilwell of Palestine, Texas.

The bride-elect is a graduate of Texarkana Texas High

School and Baylor University. She teaches Special Education at Pine Street Junior High School in Texarkana, Texas.

Her fiancé is a graduate of Palestine High School and is a senior at the United States Air Force Academy in Colorado Springs, Colorado where he is a candidate for graduation in June and will receive his commission as a Second Lieutenant in the United States Air Force.

The wedding is planned for June 10 in the First Baptist Church in Texarkana.

Scout Banquet Held Thursday

Cub Scout, Pack 782 of Tahoka celebrated Scout's 63rd Birthday with a banquet Thursday night at the Tahoka School Cafeteria. All cubs and their families attended. Recognition was given to honored guests: Mr. and Mrs. E.L. Foresyth, Mr. and Mrs. E.L. Gaither, Mr. Don Hardgrave our area representative, Boy Scout Troop 721 and Mr. John Ed Redwine.

Main attraction for the evening was a pinewood derby race. Cubs had built their cars from a block of wood. Winners were 1st place - Rainald Stotts, 2nd place - Ken McMillian, 3rd place - Tom Henry and 4th place - Roger Jolly.

Every boy is a winner in Scouting. Lots of accomplishment awards were received by the cubs. The Cub Scouts and their leaders want to thank the Mens Downtown Bible Class for sponsoring institution and an extra special thanks to Mr. Durham for his continuing backing for Boy Scouts of Tahoka.

Voter Registration

This directive is merely a reminder to all registrants any person who registered in the 1972 voting year does not have to reregister for the 1974. The "A series" certificates issued from October 1, 1971, to January 31, 1973, are effective for three voting years, unless the voter moves out of the county or is convicted of a felony or declared mentally incompetent.

These registrations are still valid, even if the voter failed to vote in the primary or general election in 1972. Any person who voted in May primary, the June election, or the November general election will have his registration extended for one additional voting year.

For persons who did not register in 1972, or for new residents of the county, application received after January 31, 1973, will require a "B series" registration certificate which will be effective as of March 1, 1973. The certificates will be valid for the 1973, 1974, and 1975 voting years.

Visiting in the home of Mr. and Mrs. Wes Jolly over the weekend were Roy Bank of Lubbock, Mrs. Jewel W. Berry of Crossville, Tenn., Mr. and Mrs. William Barton of Petersburg.

Mason Tell Of African Trip

T.B. (Tom) Mason, who with his wife made a trip to Africa a few months ago, told of that trip and showed color slides at the Rotary Club last week.

He has many beautiful slides of scenery, wildlife, and the natives who reside in the

heart of Africa near where the Nile River has its source. They also visited South Africa, and had some pictures of that area.

Warren Embree was in charge of the program and introduced the speaker.

Burnes Attends Conference

Bill Burnes, coordinator of the local chapter of Distributive Education Clubs of America, was accompanied by four students to an Area Leadership Conference in Amarillo on February 16 and 17. Students attending were Melinda Sheppard, Kim Chandler, Bill Knox, and Walter Bales.

Each student competed in specific fields against other student in this area. Melinda was entered in the field of job interview, Kim in the area of public speaking, Walter in sales demonstration. Kim and Melinda had received a trophy for participation in a youth leadership job in Amarillo earlier this year.

The recent meeting of DECA students served to encourage and inspire the members of the local chapter. DECA is fast becoming an important part of the school curriculum and participating employers as well as the public, are appreciated and commended for their support.

The Tahoka Chapter of DECA will be observing National DECA week March 4-10.

## Raindl-Brooks Pledge Double Ring Vows

Miss June Raindl and Gary Brooks pledge double ring vows Friday, Feb 23 at 2 p.m. in the Pleasant Ridge Baptist Church with Rev. Frankie Jones, pastor, officiating.

Given in marriage by her father, the bride wore a white thin knit street length dress, with long pointed sleeves. She carried a bouquet of blue and white carnations.

Mrs. Pamela Miller, sister of the bride was matron of honor and Vicky Roberts was bridesmaid.

Chris Roberts served as best man and B.L. Miller was groomsman.

After a wedding trip to Galveston the couple are at home in Tahoka.

Mrs. Brooks is a senior in Tahoka High School, where she is finishing her education. Brooks is a graduate of Tahoka High School and is employed as a trucker.

## Vehicle Registration

To date vehicle registration has been slow compared to last year at this time. About 1200 vehicles has been registered to date. Between five and six thousand vehicles should be registered in Lynn County by April the first which is the dead line for vehicle registration.

Please bring your registration slips that was received from the Highway Department or your titles and registration receipts when registering your vehicles.

CAROL, CLINT, JOAN AND CLIFTON GARDNER

Joan Gardner is the wife of the high school principal Cliff Gardner in Tahoka, Texas. She lives a busy life, keeping up with all the school activities whether her children are directly involved or not. This week is busier than usual with open-house planned in observance of School Week. Her revolves around school.

not of her life she has either as a student, a substitute teacher, or a wife and mother to see to it that husband and children get to school on the June 1st.

The smiling easy-going Joan was born in Jayton, Texas; her parents moved to Aspermont where she graduated from school and worked for Federal Land Bank. Her parents Mr. and Mrs. B.A. Blackwell, Sr. still live in Aspermont. He is a retired bank-

Clifton was born and raised in Swanton, Texas. After service in the armed forces, Cliff returned to Abilene with a bride to further his education at Hardin-Simmons University. They both attended SU and Clifton graduated in 1949. His work for a degree was done at Texas Tech. His father is William Gardner, a rancher at Aspermont, Texas.

Since 1969, Mr. Gardner has been the Tahoka High School principal, coming here from Wilson, Texas where he was principal and coach for years. The Gardners have made their home in Aspermont, Blackwell, Wilson and Tahoka, Texas. Mrs. Gardner says "We enjoy living in Tahoka, and the association we enjoy with the people of this community. We will continue to have the pleasure of rearing our children in a community as we have."

Mr. Monk (Connie) is the youngest daughter, graduated from South Plains College and attended Levelland, attended Texas Tech and is now employed at J.C. Penny's in Lubbock. On past November 26, the Gardners observed their wedding anniversary. Connie had a party in honor of the occasion.

The oldest son, after graduation from High school attended Western Texas College. Under his freshman year he played basket-

ball. He transferred to McMurry College in order to play football and his team has done well. From 25 pledges Cliff was elected pledge captain of his fraternity Ko Sari. He also works part-time in the coaches office at McMurry.

Carol is an active member of the junior class in high school. She plays piano, basketball, works on the annual staff, is in the junior class play to be presented March 16, is a member of the National Honor Society and is a vice-president in F.H.A.

Fourteen year old Clint is in the 8th grade. Like the other family members, he likes sports of all kinds-basketball, football, summer baseball, swimming, boating, and water skiing. This former Scout is skilled in hiking and camping. At his grandparents ranch he rides horses and helps tend to the cattle.

Some try to see how quick they can read the Bible through. This does little good as we need to read it slowly and prayerfully and understand just what God is saying to us.

# Pythian Convention

District No. 9 Pythian Convention was held in Lubbock, Saturday, March 3rd. Registration began at 10 o'clock. Sandwiches and coffee were served for lunch. The afternoon meeting opened at 1 o'clock with Roll-Call being answered by twelve members from Tahoka. With 18 members for the evening meeting, Tahoka had the largest number of members from any Temple in the District. Tahoka exemplified the Draping of the Charter.

The afternoon meeting recessed at 3:30 until the evening meeting. A lovely banquet was served by the Lubbock ladies. The evening meeting opened

at 7:30. The main event being initiation of three members for the Lubbock Temple. Tahoka Degree Staff consisted of 16 members and their musician Florine McCracken, the Initiation Drill.

Those attending the Convention from Tahoka were Thelma Oliver Past Grand Chief, Judy Holden, Imogene Lynch, Trudy Schuknecht, Teddy Kelly, Bertha Williams, Nina Short, Elsie D. Brooks, Bernice Carter, Lucy Brice, Thelma Dewbre, Darlene Gurdley, Lottie House, Ferné Lewis, Ruth Reece, Zella Taylor and Pauline Warren.

Grand Chief of Texas, Bernice Keene and her traveling

companion visited our meeting officially.

The District Meeting for 1974 will be in Tahoka.

## Bias in Bicycles?

To help its employees get around the premises, a large company kept a supply of bicycles available at all times. But all the bicycles were men's. Women workers finally went to the Equal Employment Opportunity Commission with a charge of "discrimination on the basis of sex."

At the hearing, they pointed out that men's bicycles were just not suitable for them, especially since they were also forbidden to wear slacks. This impressed the

Commission, which duly upheld their complaint.

The bicycle case is typical of the wide variety of issues that have arisen under famed Title Seven of the Civil Rights Act of 1964. Women have also complained — almost always with success — about hiring practices, dress codes, height requirements, smoking privileges, hours of work, and seniority rules.

"Title Seven," said one court, "rejects the notion of romantic paternalism toward women and

seeks to place them on an equal footing with men."

In fact, men too have won victories under the same law. For example, the Commission found sex discrimination in another company that gave half-hour lunch periods to its women employees but only 20 minutes to men.

Nevertheless, Title Seven does not apply to hardship situations that are not based on discrimination between the sexes. Take this case:

A saleswoman accused her department manager of violating Title Seven by deliberately making her life miserable. She said he made fun of her, gave her hard assignments, and bawled her out viciously.

It turned out, however, that her fellow men in the same department had the same tale of woe. Since male and female employees were being treated with equal harshness, the Commission decided to turn down the woman's complaint.

The Commission said she had not proven a violation of Title Seven, but merely that the department manager was a nasty fellow.
