Lynn County Plays State Tournament

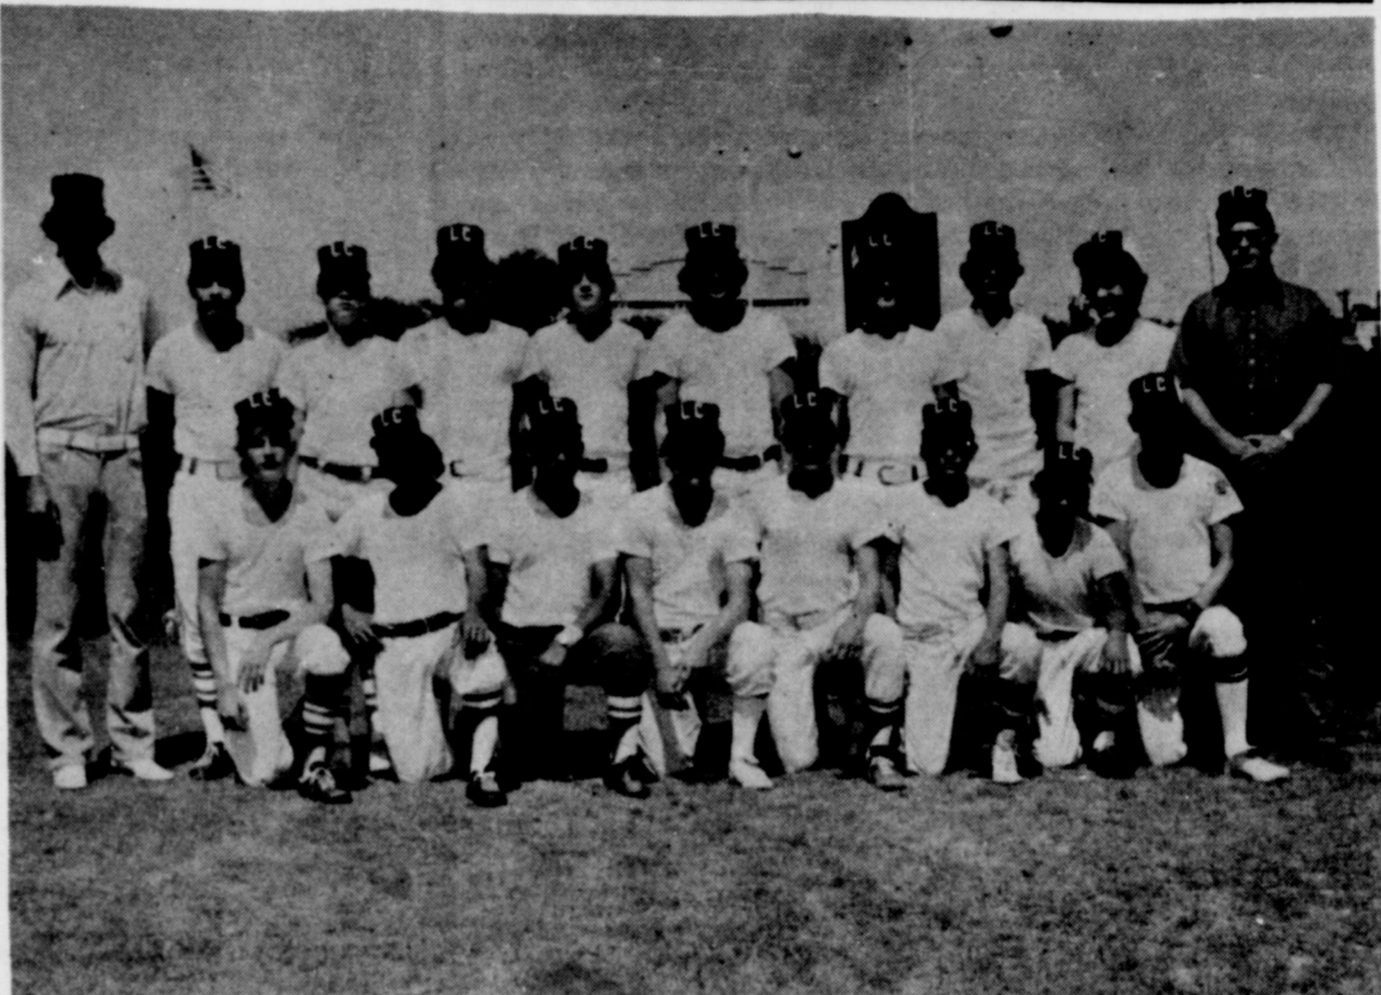

The Lynn County 14-15 year old tournament team advances to the District by winning the District tournament held in Lamesa. Tahoka defeated Post 5-4 and Brownfield 8-5. They had to play Brownfield again in the finals, which was a double elimination tournament. Brownfield defeated Tahoka in the first game of the tournament, which gave Tahoka their first loss. Another game was played to determine the champion. Tahoka won the final game by a score of 8-5, which advanced them to the State Tournament at Graham.

The State Tournament is in progress this week, July 23 through 28. The Lynn County team won their first game Monday night by defeating Panhandle 8-2. The Lynn County team edged Del Rio Tuesday night and came away with a 7-2 victory.

The team played last night but at press time Wednesday the outcome of the game was not known. If they won last night the team will advance to the state finals in a game that will be played Saturday night.

The Lynn County team is managed and coached by Joe Brooks, Jimmy Fillingim and Gary McCord. The 14-15 year old team consist of the following boys: Britt Brooks, Clint Gardner, Jessie Garza, David Glenn, Jessie Guzman, Benny Handcock, Ricky Harston, Jay Kelly, Vink Miller, Dan Mott, Allan Nettles, Mitch Raindl, Mike Ramirez, Mark Tekell and Roy Villereal. Ronnie Sharp and Kent Harvick are alternates.

This is the only Babe Ruth team from Lynn County to ever advance to State.

New Doctor Rotary Speaker

Dr. Wright, a native of England who has joined Dr. Louis as the second physician at Lynn County Hospital, was the speaker at the Rotary Club meeting Saturday.

Actually, the Doctor was born in Ireland, but grew up and was educated in London, where he practiced medicine a number of years, told a little of his background, how he came to land in Tahoka, and his impressions of Texas, West Texas and Tahoka area.

He is from a family of long professional background in the fields of medicine and law, his father having been a doctor in the British Navy. But, one pair of grandparents invested in questionable Colorado mining stock, some to the U. S. in the mid-1920s to see why there were no returns from their stock and ultimately died broke.

From youth into adult life, he gained a somewhat false impression of the West from the movies. Contacts he made in London with American oil men and other business leaders, aroused his curiosity to the point where he decided

to come over here and see. After a round - about way and on contacts made with the late Jim Thompson, then administrator of the local hospital, he came to Tahoka, last September, evidently liked the people he met, the friendly rural atmosphere, and decided to pull up stakes and "cross a huge divide" by moving from the big city to this relatively new country. Married a second time, he misses his new mate and his children, but his wife, of German derivation, will join him here later.

The Doctor has a great sense of humor, and mixed in a lot of puns in his talk to the delight of his audience.

Joe Collins, hospital administrator, introduced the speaker, and Warren Embree officially inducted the Doctor into Rotary Club membership.

Softball Tourney Starts Monday

The Tahoka Softball tournament will begin Monday, July 30 at the local softball park. Three games will be played on Monday with starting time for the first game at 7:30 p.m. and the next two games will be played at 9 and 10:30 p.m.

Teams entered are the Tahoka Merchants, Tahoka Stars, Seminole Independents, Seagraves FSB, Lubbock Lancers, Lubbock Employes, Hester, and Barrett's.

The tournament will run from July 30th to August 4th. No games will be played on Wednesday night. There will be fifteen games and no admission will be charged.

FLOYD TUBB

Floyd Tubb Services Pending

George Floyd Tubb died at 2 p.m. Tuesday at University Hospital Medical Center in San Juan Puerto Rico. He had been hospitalized there since June 26. Services are pending at Price Funeral Home in Levelland.

Tubb was born July 8, 1927 in Levelland and had been a resident of Tahoka since 1949. He was a member of the 5th Street Baptist Church in Levelland. He was also a member of the Texas State Teachers Association, school administrators association.

Tubb received his bachelor degree from Tech in 1949 and began teaching in Tahoka. He later received his masters degree. He was principal of South Elementary School in Tahoka. He was a Navy veteran of World War II. Tubb was active in church and school work in Tahoka.

Survivors include his father and step-mother, Mr. and Mrs. G. H. Tubb of Levelland; four brothers, Gano and Nathan, both of Levelland, Francis of Mullin and Harvey of Wellman; 1 sister, Mrs. Clarkie Thompson of Tucson, Arizona.

U.S. Needs U.S.S.R.

Overlooked by some in the developing detente between Washington and Moscow is the need of this nation for new markets, markets which might be guaranteed by agreements exchanging U.S. technical know-how and development for raw materials such as natural gas, minerals, lumber, etc.

It is too early to know whether vast new markets in Russia can solve part of our international trade problem. It may also be too early to know yet whether we can force the Soviets to ease some of their domestic repressions in return for economic agreements (if we can, well and good, but if we can't these agreements might still be desirable in the national interest).

What is clear is that as the chance of military conflict with the Soviet Union decreases, the logic of mutually beneficial economic arrangements is greatly enhanced. As of the moment, the United States needs new arrangements which are helpful to the dollar, just as the Soviet Union needs help.

Therefore, the nation should be prepared to enter into economic arrangements with Russia which are mutually beneficial. We are aiding such dictatorships of the right as Spain and Greece, plus a host of Latin American dictatorships, plus a dictatorial regime in Saigon. Outrages against human freedom occur in all: there is, therefore, no logic and justification in refusing to deal with Russia, a dictatorship of a different kind, if the arrangements entered into are of benefit to the United States.

Letter To Editor

We enjoyed the "Old Settlers" Reunion very much.

We used this as one of our celebrations for our 50th anniversary which was so near June 26th. As we moved to Tahoka 48 years ago, June 29th, we could recall many happy memories as we met our friends.

We had our first view of the plains, Tahoka and Lubbock, 49 years ago when we visited Fred's uncle, Dr. Charley Townes. Then we had been married one year. J. Fred Jr. and family had us to come to Galveston beach for a celebration recently.

Ethelene, an Art teacher in Houston met us there. She has taught in the same private school for years. She was shown on Houston TV this past spring teaching a group outside under the trees and greenery.

Charlene and Robert reared 4 excellent children in Brownfield.

We visited them there.

Bob Jr. a senior in Austin finished his summer course which had won to Port Aransas to study at U. T. Marine Science Institute as a student and research assistant for 6 weeks term. He had made the Dean's Honor List at U. T. Austin for fall and spring semesters.

He came to Galveston to help us celebrate. Later coming to Uvalde for a visit before returning to Austin to continue at the U. T. on Science, Chemistry, etc.

Jr. Fred Jr's girl in S. M. U. in Dallas made A on each subject past year.

If given a chance I'll brag the other grand - children at the next "Convention", as they also had prominent grades.

Thanks for sending the paper. Enclosed you will find a check. Mrs. J. Fred Bucy, Sr.

Lefty Faulkner pitched and batted himself to a victory over the Tahoka Ball Club last Sunday on the local diamond. The fact that eight other players of the second place Seagraves team were present was only coincidental, as Faulkner, the Oil Belt League's pitcher, had the whole show to himself.

Two errors by the home club, followed by Faulkner's first triple, brought in two runs for Seagraves in the first inning. Again in the third, Faulkner's second triple drove in another run. In the eighth, two singles, two walks, and an infield out accounted for two more Seagraves runs.

Seagraves collected nine hits, three walks, and had seven batters to strike out against the offerings of Holcomb. Faulkner kept Tahoka's five hits and two walks well scattered while striking out seven batters.

Tahoka will journey to Sundown Thursday night, July 14, and Sundown will return the game here Sunday, July 17. Tahoka won the only encounter the two teams have had this year.

Tahoka defeated Post last Thursday night in an abbreviated game which was finally halted by rain in the seventh inning. Tahoka scored three times in the first inning on two Post errors followed by Talkmitt's triple and Holcomb's double. One run was scored in the second, when Short singled, advanced on an error, and scored on Ensor's long fly. The winning run was pushed across in the sixth, when Ensor tripled and scored on J. Barnett's single.

Odus Echols and his Melody Boys will appear in the Tahoka High School auditorium Saturday night of this week, July 16. They will present a variety show - comedy, Western ballads, and hymns. There will also be a redheaded Toby Act.

This is the famous Stamps-Baxter Quartet heard twice daily over KSEL, Lubbock, and that previously entertained over Los Angeles, Louisville, and Shreve-

port stations. They are being presented under the auspices of Tahoka V. F. Auxiliary, and the admission is 60 cents for adults and 30 cents for children.

As you all know, Odus Echols, as the leader of this quartet, is an old resident of Lynn County and most of you already know him.

A "Know-Your-Neighbor" barbecue will be held tonight at the old softball field for all members of the Tahoka Chamber of Commerce, their wives, and special guests. All members of the four geophysical crews and the drilling crews and their families will be guests as well as other newcomers to Tahoka.

This gathering will give the merchants in Tahoka an opportunity to meet our new citizens and also to show appreciation for the business that the newcomers have brought to our little city.

The barbecue will start at 7:30 and a good program has been arranged following the eating. An estimated crowd of 250 people are expected to be present.

Juvenile Officer Speaks At Rotary

Capt. Bill Cox, head of the juvenile section of Lubbock Police Department, was speaker at the Rotary Club last week.

Captain Cox told of some of the trials and tribulations in law enforcement, particularly restrictions imposed on peace officers and aide given to criminals by reason of recent Supreme Court decisions, permissiveness and apathy of the general public, and efforts of parents to make life so easy for their children that many come to think they are above the law.

of earlier days when criminals were dealt with more quickly. He injected a lot of humor into the program to the delight of his audience.

Leighton Knox, an old friend associated with the Captain in years past on the Lubbock force, introduced the speaker.

Passage of the Agriculture and Consumer Protection Act late July 19 by the House in Washington has to be looked upon as a step toward final enactment of a farm program to succeed the Agriculture Act of 1970 which expires this year.

"But we are still a long way from having a farm bill signed into law," cautions Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. Johnson, along with PCG President Ray Joe Riley of Hart, was in Washington all of the week preceding the final House vote and during much of the previous debate on the controversial measure.

The House bill, passed amid more than a little confusion by a margin of only 44 votes, 226 to 182, now goes to a House-Senate Conference Committee where the attempt will be made to reach an acceptable compromise between the House and Senate versions. No immediate move was made by House Agriculture Committee Chairman Bob Poage to send the bill to conference and there was no indication at noon the following day as to when such a move might be expected.

Both House and Senate bills are built on the "target price system" conceived in the Senate Agriculture Committee. For cotton the Senate's five-year bill sets the 1974 target at 43 cents a pound, with payments to make up the difference between that price and the average of spot market quotations for Strict Low Middling inch - and - a - sixteenth cotton during the first five months of the marketing year.

The House four-year bill calls for a 38 cent target, with payments calculated as the difference between 38 cents and the average price paid to farmers for all cotton over a 12 month period. So the two target prices are not directly comparable. Average prices paid to farmers over a full year can be expected to average from 1.5 to 2 cents

per pound lower than a five month average of SLM inch - and - a - sixteenth spot quotations.

The different House language, according to Johnson, "is something PCG worked for and is upheld by the conferees will be a definite improvement where ever the conference committee sets the target price in cents per pound."

Both Senate and House bills retain the two-way escalator clause which provides for adjustment of the target price after 1974 to reflect production costs and changes in production efficiency. This is the clause which caused Secretary of Agriculture Earl Butz to state he could recommend a presidential veto. Administration sources say the escalator clause could cause program costs for the four years to reach as high as \$12 billion.

"And there is a distinct possibility that President Nixon will follow the Secretary's recommendation," Johnson said.

One of the most debilitating features of the bill in the minds of farm leaders is the \$20,000 per person limit on total payments. And this becomes a more serious fault when coupled with the House action banning the sale and lease of allotments, a provision not included in the Senate bill.

"We are bitterly disappointed in the \$20,000 limit," Johnson stated, "but it appears now our only hope for partial relief is that the conferees will agree to delete the House's ban on sale and lease."

The Conference Committee will also be called upon to reconcile a difference in language used by the House and Senate with regard to the level of non-recourse loans on cotton. The Senate would recommend a loan at 90 percent of the three year average of world market prices for cotton, but give the Secretary virtually unlimited authority to lower the loan if he thought it necessary to keep U. S. cotton selling at competitive prices.

The House bill, which conforms to recommendations made to the Agriculture Committee by PCG, calls for a loan at 90 percent of a three year average of world market prices for American cotton with the Secretary having only the power to reduce the loan to 90 percent of the current year's world price if he thought it advisable.

"The difference to cotton farmers between the House and Senate loan provisions might mean the difference between a loan at 20 cents or so and a loan at 26 or 27 cents," Riley said, "and we will do all we can to get the Conference Committee to retain the House language."

Lynn County News Cotton Meeting Set At Lubbock

BILL GRIFFIN SAYS

Energy, yields, and other key factors in producing and moving the current cotton crop to market will be discussed at a regional meeting here August 2 at the Red Raider Inn beginning at 12 noon.

"Fallacy" Of Price Control

Texas Farm Bureau President J. T. Woodson said farmers and ranchers are grateful that the Administration recognized the "fallacy" of price controls on raw farm products in the new Phase 4 economic controls.

Woodson said that, barring unforeseen weather factors, the production of food in this country will increase substantially this year.

"A free agriculture can and will produce adequate supplies of food for this nation with enough left over for export to help strengthen our economic standing around the world," Woodson said.

He quoted the U. S. Department of Agriculture as predicting that corn supplies will be up 6 percent over last year, soybeans up about 24 percent, grain sorghum up 5 percent and wheat supplies to increase by some 13 percent.

The farm leader said it is "regrettable" that beef will remain under the freeze until Sept. 12. This will cause many producers to hold their cattle off the market until that time, he said.

Garden check list for August:

1. Make your selections and place your order for spring flowering bulbs to arrive in time for planting in October and November.
2. A mid-summer pruning of rose bushes can be beneficial. Prune out dead canes and any weak brush type of growth. Cut back tall, vigorous bushes to about 30". After pruning apply a complete fertilizer and water thoroughly. If a preventative disease control program has been maintained, your rose bushes should be ready to provide an excellent crop of flowers this fall.
3. Prepare beds for September planting of Shasta Daisies, Day-lilies, and bearded iris.
4. Establish a new compost pile to accommodate the fall leaf accumulation.
5. Plan now for major landscape changes you need or want.
6. Collect interesting plant materials for drying and curing to use in winter arrangements.
7. This is spider mite season. Watch for them on violets, marigolds, oxalis, roses, and other plants. Best to alternate the chemicals you use to prevent the development of resistance. Use Diazinon, Dimethoate, or Kelthane to control.
8. Control leaf spot on mums, use Zineb, maneb, captan or benomyl.
9. Even though you go on vacation, remember your garden still needs water and the lawn will need mowing. Make necessary arrangements before you leave.

Presiding will be Donnell Echols, Lamesa, Tex., Vice Chairman, Producer Steering Committee, National Cotton Council. The meeting is one of six scheduled across the Belt under the theme, "1973 Cotton Alert - Energy and Yields."

Spearheading the effort are the Council and the U. S. Department of Agriculture in cooperation with state Extension services and the American Petroleum Institute.

An analysis of the current cotton supply situation by Dabney Wellford, assistant to the Council's executive vice president, will open the program. Harry Buzzard, Council's Washington communications manager, is scheduled to kick off the discussion of the energy situation.

Scheduled topics and speakers on energy are: national and regional energy supply outlook, John B. Howard, manager research and analysis, American Petroleum Institute, Washington, D. C.; and procedures for supply maintenance, Nicholas H. Smith, assistant deputy director for programs, Agricultural Stabilization and Conservation Service, Washington. In addition, Administration officials are expected to discuss national policies and priorities.

Jasper Jernigan, Extension national cotton specialist, will introduce the section on the better cotton yield effort. State Extension specialists are scheduled to report on the yield and insect control situation in various states. Beverly Reeves, USDA cotton gin specialist, will discuss harvesting efficiency and seed cotton handling.

R. H. McRae, Council's manager of marketing and processing, is scheduled to complete the program with a discussion of transportation needs to insure an orderly movement of the crop to market.

Cotton is king again in 1973 with short supply pushing to high levels. The large 1972 crop and good projected crop for 1973 will indicate short supplies in 1974.

World cotton production in 1972-73 was a record 59.4 million bales with foreign production one million bales from the 1972 record and U. S. Production up 3.2 million. Foreign

consumption of fibers has been increasing and demand on U. S. cotton for export has been strong recent months.

Lynn County production in 1972 was 191,100 bales with 463 lbs.

NEW HOME NEWS

BY MRS. W. W. DAVIES

Mrs. Melvin Grabow and daughter, Marie came Sunday July 23 to visit her daughters, Mrs. Doug Davis and Mrs. Lamb, and their husbands. Mrs. Grabow returned home Tuesday, Marie stayed for a longer visit. She also visited in Kermit with another sister, Mrs. Leslie Fontana and family.

Mrs. Ken McClintock and Sheila, accompanied by Mrs. Besse Sasser and Becky of Lubbock spent 14 days in the Carolinas, returning home Saturday, July 14th. Mrs. Sasser's parents, Mr. and Mrs. Bill Whitter in Mount Airy North Carolina. Mrs. McClintock and Sheila went to Charleston, South Carolina to visit her brother, Harold Isaacs and family. One of the highlights of the trip especially for Sheila was a trip out in a shrimp

boat.

Mr. and Mrs. O. L. Davis came Saturday to visit their son, Doug Davis and Viola, and to return their young son Cletus to their home at Altus Okla. Cletus had been here two weeks with his brother.

Mr. and Mrs. George Gilson of Santa Ana Calif. were here Friday until Monday with his sister, Mrs. Weldon McClintock and family.

Mr. and Mrs. M. V. Harrison have moved into their new home 1 1/2 miles east of New Home.

Mrs. Tommie (Jo Ann) Callender and daughter, Darla, and a friend Lisa Tidwell, all of Odessa spent Friday night with Jo Ann's parents, and Sunday visitors were, Mr. and Mrs. Buck Cornelius of Ralls.

Mr. and Mrs. Lynn Denton and Sue visited in Paris and Clarksville Friday until Thursday with their daughter, and son in law Lynda and Ricky Zant and Mrs. Denton's mother and sisters at Clarksville and other relatives at Blossom.

Mrs. O. K. Briggs of Ropesville is doing fine after major surgery in Lubbock about two weeks ago.

Buddie Harrison of Lubbock and Mr. and Mrs. J. B. Durham of Brownfield had dinner with Buddie's parents, Mr. and Mrs. M. V. Harrison Thursday evening.

Mrs. Roger Blakney and girls went to Borger Friday July 14th to return Janet home and visited there until Wednesday. Janet had been visiting her aunt and family three weeks. She and her brother Bill rode back to Lubbock with Bobbie and the girls to board a plane for Odessa to spend a week. Wednesday, Mr. and Mrs. Damon Darley, Janet and Bill visited with the Blakneys.

Tex Williams, instructor in the Sun Set School of preaching in Lubbock will be the guest speaker in a series of lessons in the New Home Church of Christ. He will be here Sunday through Friday at 8:30 p.m. Sundays schedule of services is Bible classes 9:30 a.m. Worship services, 10:20 a.m. Evening Worship 6 p.m. Vacation Bible School at 9:30 Monday with classes for all ages.

Lynn County News

Mr. and Mrs. Dennis Halley, Perry and Justin went to Campo Colorado Friday June 29th and spent the night with friends, Mr. and Mrs. Jim Campbell and their new baby Jim Britt. The Haleys then went to Glorieta, where they attended a Sunday School leadership Conference in the Glorieta Baptist Encampment July 1 through 4. The Conference is usually a week long session but due to the Holidays was condensed into a mini-week. The boys attended pre school activities at the encampment.

Winston's sister, and brother in law, Frances and Grady King of Lasbuddy, and Jim Spikes of Lubbock visited with us Sunday evening.

Mr. and Mrs. J. W. Edwards and Mr. and Mrs. John Edwards visited in Tye Sunday with J. W.'s sister, Mrs. Ernest Stephens and family.

Mr. and Mrs. Bill Clements and Wendy of Seguin, Texas visited Mr. and Mrs. Dennis Haley and boys last week.

Mr. and Mrs. O. L. Davis of Willow, Oklahoma spent the weekend here with their son Doug and Viola. Cletus who had been here with Doug two weeks returned home with his parents.

Mrs. George Sealy and Carol recently spent two weeks with Sidney in Afghanistan, she is well and Happy working as a nurse in Herat in the field of family planning, and health. They are 4 other Peace Corps, all teachers. The country there is very Dry and Arid, they have 120 day winds in Herat, it was hot windy and dry, much like West Texas. The small grain crops were very good and they watched them harvest some, all by hand. The religion there is moslem. The women all are still veiled when in public. This cover up falls from the top of the head to the ground, called a "shodra".

There are cars and busses all over, but in Herat they rode in a "gaudy". A buggy pulled by a horse. This is a cheap way to get about and very relaxing. They found all the customs there very primitive, and they believe that any change in leadership might be for the best. The Sealy's are waiting for the country to open the borders and let the mail out, as they anxiously wait to hear from Sidney. Sidney sends greetings to all her New Home friends.

A bridal shower honoring Miss Zenda Oliver was held Thursday at the First Baptist Church.

Ricky Clem, Andy Fillingim and Mark Clem entered the New Deal riding Club Rodeo at Lubbock Sunday. None of the boys had good luck and Mark really had bad luck as he suffered a broken bone in his arm as he "bit the dust". He was taken to the Methodist Hospital, treated and released. And it is hoped that the arm will be good as new before football season.

Rev. Leo Cole and a group of boys from the New Home Baptist Church are at the Baptist encampment at Floydada Monday through Wednesday.

Zenda Oliver Brunch Honoree

Miss Zenda Oliver was honored with a brunch in the home of Miss Penny Parker, Saturday, July 21, 1973. Miss Oliver was presented with a blender from the hostesses and various other gifts from the guests.

The hostesses were Miss Carol Thomas, Miss Sue Warren, Miss Elda Cruce, Miss Penny Parker, all of Tahoka, and Kathy Stone from Snyder. Other guests included Cindy Raindl, Mrs. Chris Roberts, Mrs. Mitchell Thurman, Mrs. Charles Palmer and the brides' cousin, Tracy Brice of Snyder.

Shower Honors Zenda Oliver

Miss Zenda Oliver, bride-elect of Stephen J. Lewis, was honored with a wedding shower Thursday, July 19, 1973 from 3 to 5 p.m. at the New Home Baptist Church Fellowship Hall.

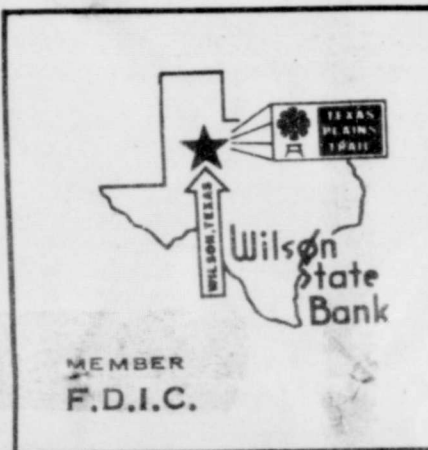

Special guests were Mrs. Tommie Oliver, the brides' mother and Mrs. Joe Lewis, the groom's mother.

Refreshments of cake and punch were served from a table decorated in the bride's colors.

The bride was presented a Hoover Vacuum Cleaner by the hostesses.

The hostesses were Mrs. Joe M. Armontrout, Mrs. Russel Howle, Mrs. Charles Brewster, Mrs. Lynn Denton, Mrs. Clifton Clem, Mrs. Don Sharp, Mrs. Bob McAllister, Mrs. Luke Halford, Mrs. Fred Roper, Mrs. Imogene Taylor, Mrs. Roy Blewins, Mrs. Dick Turner, Mrs. Edwin Nettles, Mrs. Don Smith, Mrs. Billy R. Smith, Mrs. V. P. Haley, Mrs. Orville Ray Phifer Jr., Mrs. Garland Peek, and Mrs. Ethel Armontrout.

Nursing Home News

It was a busy week, Lois Bishop showed us a film of the Grand Canyon which was beautiful. This was Wednesday. Thursday, Slim Elliott brought Angel Food Cake and Ice Cream. Saturday was our monthly Birthday party with cake and ice cream. As stated before, Cora Bennett, Carrie Dillard and Corine Izard were the birthday people of this month.

The rain sure made our flowers so pretty.

Rita Barnett, the Director of Nurses brought her little sister back to Lubbock for a visit from Tulia this past week. It is real hard to wake a 6 year old so early in the morning. Mrs. Price took her little sister to her house to play with her children during the days that Rita worked. This week her little brother is visiting.

We have a new patient, Roy Campbell, age 74 who has been living at the Golden Manor until he became ill and had to be operated on at a Lubbock hospital. We are going to make

him like here too much to want to leave when he is better.

Jessie Sessums and E. C. Sessums, Mrs. A. J. Blacker and Grover Sessums of Hillsboro, Houston and Lockney were here talking to Mrs. Price and visiting.

At long last our washer and dryer is in operation and Johnnie Rhodes is doing the laundry. It is really a job.

Mr. Polk was out with his family Sunday for a reunion. I didn't get the place the reunion was held.

Dr. Tubbs from Post checked on his patients and found them all doing good.

Mrs. Balcklock's daughter and Granddaughter visited her.

Mrs. Lee also had visitors visiting her.

Mr. Huffman had quite a few visitors also.

Mrs. Raymond Ashbrook and Ludie Sproles each brought large bouquets of Gladiolas. Many thanks from all of us.

Mrs. Alcy Clark, age 80, passed away July 21 at 7:45 p.m. She had been ill for several weeks and had suffered so much. We will miss her so. She moved into the home January 8, 1968. She and Carrie Dillard were the two patients who had been in the nursing home the longest. I will never forget the day back in August 18, 1971 when Charles Pennington and I walked into the nursing home to see how I could move her. Mrs. Clark was sitting out in the lobby in her wheel chair with her back to the T. V. with her Dutch doll quilt she was making. She looked up and spoke to us and smiled and said she hoped I would like it well enough to move in. I moved in August 20, 1971 and again Mrs. Clark greeted me. I can

see her now and its a pleasant picture in my mind that I will always treasure. We here at the nursing home want the family to come back to see us as we've learned to love all of them.

Brother Frank Oglesby and a group of members of the Methodist Church brought our church services Sunday. His theme was prayer, how we should rely more on prayer to help us in our everyday life.

Avis Henry, the Roy Applings, and the Charlie Campbells are visiting Roy often. He says he likes us a little more each day.

Again our visitors signing the

Our Monday Sing Along was wonderful. Our visitors were Mrs. Leroy Jones, and daughter also 3 of Mrs. Hammonds' grandchildren. The twins and Kim the only boy in that family. Thanks to each one for coming and helping us sing. That's all for now.

Four Accidents In County For Month Of June

The Texas Highway Patrol investigated four accidents on rural highways in Lynn County during the month of June, according to Sergeant H. E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and one persons injured.

The rural traffic accident summary for this county during the first six months of 1973 shows a total of 25 accidents resulting in two persons killed and ten persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Sa-

fety Region for June, 1973 shows a total of 559 accidents resulting in 27 persons killed and 331 persons injured as compared to June, 1972 with 529 accidents resulting in 20 persons killed and 347 persons injured. This was 30 more accidents, seven more fatalities, and 16 less injured in 1973 at the same period of time.

The 27 traffic deaths for the month of June, 1973 occurred in the following counties: Hale eight; Swisher, four; Parker, 3; Lamb, two; and Briscoe, Deaf Smith, Hutchinson, Ochiltree, Potter, Jack, Montague, Palo Pinto, Stonewall, and Wichita counties, one each.

TEXAS PRESS ASSOCIATION

AUSTIN, TEX. - Federal Environmental Protection Agency proposals to cut auto pollution smog in Texas ran into opposition in public hearings last week.

EPA proposes to put the smog control plans into effect August 15 unless convinced it should alter or delay them.

Here's what the controls would mean, with variations from area to area:

- + Special traffic lanes for buses and car pools on freeways.
- + Installation of anti-pollution devices on pre-1968 cars.
- + Elimination of downtown parking in major cities like Houston and San Antonio.
- + Gasoline quotas.
- + Reducing gasoline fumes in some areas (like Austin-Waco) by improved storage tanks and tighter gasoline delivery trucks.

A Texas Good Roads Association spokesman assailed the idea of special traffic lanes as potential contributors to all-time record traffic pile-ups.

A Texas Air Control Board representative also challenged constitutionality of EPA recommendations to require owners of seven-year-old and (and older) cars to install anti-smog equipment.

The latter requirement, said the Board Spokesman, places an undue and discriminatory burden on the poor and raises questions under due process and equal guarantees of the fifth and 14th amendments.

Air Control Board spokesmen have contended emission control devices would cost owners of old cars \$300 million and would affect one per cent of the total pollution problem.

PRICE INCREASES CONTINUED - The Texas Department of Agriculture reports dramatic increases in prices of eggs, pork and other commodities throughout the state.

TDA estimated the egg price increase at 10 cents per dozen this week on the retail level, and said grade A large eggs could sell for 85 cents a dozen.

Potatoes are expected to increase from \$1 to \$2 per hundredweight.

Pork prices are up 10 cents a pound, and lamb prices are also soaring. The Agriculture Department said some smaller packers are contemplating discontinuing cattle slaughter. Distributors were said to be seeking additional supplies of vegetables since they are permitted to raise prices.

A major problem is a shortage of trucks to move grain.

REIMBURSEMENT FOR CITIES - Cities which constructed sewage treatment plants between July 1, 1966 and July 1, 1972, without benefit of full federal construction grants can get reimbursements.

Texas Water Quality Board Executive Director Hugh C. Yantis Jr. said applications for the reimbursements should be made to the Environmental Protection by October 17. Yantis also suggested cities which constructed plants as far back as July 1, 1956, without full federal grants should make applications for reimbursement in case regulations are changed to qualify them.

BRISCOE WEALTH ESTIMATED - Major Texas daily newspapers came up with estimates that Gov. Dolph Briscoe owns more than 300,000 acres of land in South Texas and has assets of over \$40 million.

The Governor paid \$113,309 in taxes on his land in 1972. "What we assess him, he pays," said Dimmit County Tax Assessor - Collector, Mrs. Jeanne John.

Through leases, in addition to his holdings, Briscoe is said to control a million acres of land.

COURTS SPEAK - Third Court of Civil Appeals agreed with lower court that St. Mary's University of San Antonio owns the Laredo Archives and other documents in the Sebrum S. Wilcox collection.

The same court dismissed South Texans' suit for hunting rights in Uvalde, Dimmit and Zavala counties river beds.

Affirming an intermediate court, the State Supreme Court backed a new trial for a candy flavoring mix company's suit to collect insurance on ice cream unfit for consumption.

The Third Court of Civil Appeals affirmed a district court verdict that a miscarriage by an Austin woman was not caused by an auto accident.

OIL PRODUCTION WIDE OPEN - For the 17th straight month, the Railroad Commission has directed 100 per cent oil production during August. Crude oil buyers' request for more than 3.78 million barrels daily was slightly less than the record for July, however.

Exceptions to the wide-open order were allowed for East Texas field (86 per cent), Kelly - Snyder of West Texas (84 per cent) and Tom O'Connor Field (70 per cent).

Commission Chairman Jim C. Langdon said state crude reserves dropped 13.1 million barrels since July, 1972.

AG OPINIONS - Atty. Gen. John Hill conditionally approved the state's \$5 million tuition-equalization grant program for private college students but warned that rules must be framed to meet U. S. Supreme Court tests of aid to parochial schools.

In other recent opinions, Hill concluded:

+ A college professor cannot be employed simultaneously as an assistant state district attorney.

+ Residence of a minor for purpose of school attendance is normally that of his parents.

+ Texas Water Quality Board has authority to require feedlot owners to submit evidence that wastes from their operation will not cause pollution of ground or surface waters.

APPOINTMENTS - Allen Eugene Richardson, a native of Bailey County, is new executive director of Texas Water Rights Commission, and Clinton R. Miertschin of La Grange will be the agency's acting chief engineer.

Governor Briscoe appointed Don Carroll of Tyler as district judge of the Seventh District Court in Smith County, replacing R. P. Power who resigned.

Briscoe named LeRue Dixon of Jacksonville as district attorney in Cherokee County.

Governor Briscoe placed Frank Barron of Fort Worth and Robert T. Mattox of Crockett on the Trinity River Authority and

reappointed Guy C. Jackson III of Anahuac, and Amon G. Carter Jr. of Fort Worth.

Sam Damron of Muleshoe and Albert Hopkins of Houston were picked by Briscoe to serve on the State Board of Pharmacy, succeeding John R. Fowler of Memphis and Eugene Wilson of Dallas.

Mrs. Balke Sparenberg of Austin is the Governor's choice for the state Board of Canvassers.

SHORT SNORTS
The State Board of Insurance set an August 2 public hearing here to consider adjustments in Texas Workmen's Compensation and Employers' Liability Insurance rates to meet new changes in law.

Harry Hubbard defeated Roy Evans for presidency of the State AFL-CIO, and Sherman Fricks won his race for secretary-treasurer of the big labor organization over Lanny Rogers.

Hunting fees ranging up to \$10 a day for deer will be charged for public hunts at Parks and Wildlife Department game management areas.

Ronald Earle won a July 17 special election to fill an Austin House of Representatives vacancy. Republican Maurice Angly and Democrat Lloyd Doggett went into a runoff for the Austin district 14 state senate vacancy.

House Speaker Price Daniel Jr. announced his availability for chairman of the 1974 constitutional convention and Sen. Tom Creighton of Mineral Wells announced he will nominate Sen. A. M. Aikin Jr. of Paris for the post.

A House interim committee has recommended removal of the capitol press room to a nearby office building and placing legislative reporters in the gallery instead of on the House floor. The same committee recommen-

Democrats To Meet In Brownfield

Brownfield is the site for next meeting of the South Plains Democratic Council. The meeting has been set for 7:30 p.m. Friday, July 27, in the party room of the city park in Brownfield. The South Plains Democratic Council encompasses 11 counties of the South Plains Texas. First meeting of the group was held in Lubbock in May, which time Harver Morton, Lubbock attorney, was elected permanent chairman.

At the Brownfield meeting Friday the major agenda items will be the election of officers and the appointment of committees. Also, state representative Paul Laney of Hale County will be guest speaker. E. L. Short of Tahoka and R. B. McAllister of Lubbock will also be on hand to answer questions of past legislation and the coming constitutional convention.

of his sons and their wives were present along with a total of about 100 people by noon. The Sunday School lesson was taught by one of Dennie's brothers, special music, and a sermon from the book of Job by another brother. Both men are preachers. Much singing and music was enjoyed throughout the day as many of the members of the "clan" play some kind of musical instrument. Of course the noon meal was the highlight of the day, followed by an "auction". Each family brings something he has made and the auction is held to defray expenses of the outing. Bidding runs high on items made by the elderly member of the family. The Dennie Polks came home tired but happy and only hope they get rested by Friday as they plan to leave this week - end for Brownwood and another reunion. Two of Gertrude's sisters and husbands will meet them there.

the trip with her. They returned on August 15 and spent one night in Muleshoe before coming home the next day.

ed to Minden, La. They also visited aunts, uncles, and other relatives in Monroe, Opelousas, and Leesville, La., returning home on last Saturday night. It was wonderful 3 weeks but there's "no place like home".

At news time next week I shall be visiting in Roff, Okla. just 5 miles from my birthplace, so this column will probably be a little short. I plan to be home by the time the paper is in your boxes.

spending thier 2 weeks touring many of the States, Mr. and Mrs. Davis, David and Beth spent the night in the home of Mr. and Mrs. Lee Duckett. They live in San Antonio and Leon works for Shine Biscuit Co., and son of Aubrey Davis here. Carolyn is a nurse and employed in the San Antonio. They are both native born and finished High School here. Several months ago Mrs. Davis was stricken with a rare throat paralysis and underwent surgery for it. She will be glad to learn her condition is much improved although she still has a hard time breathing with her at all emergencies, but her singing voice has not been affected.

Rebekahs wish to thank all who came, for your support and at your requests promise to "do this again soon". The money raised goes for benevolences and for needed repairs on the Lodge Hall.

Mr. and Mrs. Garner White are the proud parents of a baby girl, born Sunday night in St. Mary's of the Plains Hospital. She weighed 10 lbs., 11 Ozs. and has been named Amy. Her Daddy farms near New Home and the mother, the former Otthelda Freeman, is a secretary in the Social Security Office in Lubbock. She has a big sister, Sherri, who is fifteen. Mrs. J. O. Freeman is the grandmother.

Mrs. Hannah Nordyke spent most of last week in Lubbock with her daughter, returning home on Friday.

Visiting in the home of Leona Waldrip on Sunday was her sister Leta Brown of Lubbock and niece, Betty Tow of Amarillo. They attended the Rebekah Luncheon.

Mrs. Margaret Nash has just returned from a 10 day vacation trip to Clarksville, Texas and to Idabel and Broken Bow, Okla. She attended a reunion and got to visit her only brother and sister. All three of them have passed their 80th birthday. Her daughter - in - law, Mrs. Herbert Nash of Muleshoe made

The annual reunion for the Polk families was held in Forrest Park at Lamesa on Sunday, July 22. On Saturday, night before, cars, trailers, pickups and campers began to gather for the occasion. A picnic supper was enjoyed, followed by a musical, fun, and visiting. Many spent the night in the park including two sisters of Mr. J. D. Polk, who now resides at Colonial Nursing Home. One sister is 89 and lives at Albuquerque, New Mexico, and the other, age 85, lives at Stanton. Papa Polk is 91 and was not able to go down until Sunday morning, accompanied by Mr. and Mrs. Dennie Polk. Five

Making a tour of the Northwest States, the K. R. Durhams with their 3 grandsons left Tahoka on June 29 and visited 8 states and Canada. Highlights of the trip was visiting Yellowstone, Glacier National Park, Grand Teton, and a mule-back trip into Grand Canyon of Colo. They also visited the Mormon Temple and had a swim in Great Salt Lake, visited Lake Powell and the saw the Dam there, then visited the U. S. Mint and State Capitol at Denver. They were gone two weeks.

After returning the boys to their homes, the Durhams spent one night at home and took another weeks tour into Louisiana, stopping in Fort Worth to visit a nephew and in Greenville and Longview to visit their son and daughter, before continuing on to see Mrs. Durham's brother and wife, the Pat Hutchinsons. The Hutchinsons formerly lived in Tahoka and she taught in Tahoka Schools, and more recently mov-

FIX IT TIP

Do not mow wet, slippery grass. Do not run-walk. Do not pull the mower toward you. Do not leave the mower running if you have to step away for a moment. Mow horizontally across a slope; never up and down.

Most safety precautions make good maintenance tips. Keep all nuts and bolts tight. Check blade mounting nut for tightness - making sure the spark plug is disconnected first.

Check oil level and change oil at recommended intervals. Remove blades and sharpen with a file. File evenly and keep the blade balanced. A dull and rough blade will leave the grass brown.

STAY AWAKE ITCHING?

TAHOKA, TEXAS PH. 998-4515 RES. 998-4175

Carolyn Haley Says...

Canning time is really here! Mabe you haven't considered this art very seriously, but the cost of food at a rise you may soon and you may be one who would like to put up some fruits and vegetables for the winter, but are puzzled about the best method to use, and how to go about it.

Successful home canning is assured if homemakers will read, understand, and follow reliable rules - rules developed after long periods of research and

testing by authorities. And, unless they have been reliably revised, avoid using old canning recipes and shun the advice of people who recommend out-of-date or "trick" ways of canning. Sometimes they work and more often they don't.

There are only three reasons home-canned foods spoil:

1. Faulty sealing
2. Underprocessing
3. Improper selection and handling of produce.

If the proper method of canning is used, spoiling will be less likely to occur. There are three methods of home canning:

Steam - Pressure Method: A way of processing foods under pressure at 240 degrees F (10 pounds of pressure at sea level to 2,000 feet above.) This method is recommended for processing beans, beets, corn, meats and all other low-acid foods. A steam-pressure canner, or cooker, is the only kitchen utensil which supplies enough heat to destroy the spores of bacteria which

causes botulism and other types of spoilage. There's no way to "improvise" steam-pressure canner, and if you're going to use this method one will need to be purchased.

Water - Bath Method: A way of processing foods at a temperature of 212 degrees F. This method is recommended for processing fruits, tomatoes, and other acid foods. Enough heat is supplied by boiling water to destroy the bacteria, enzymes, molds and yeasts which cause spoilage in acid foods. Any large container with a cover will do for this method, but a rack is needed to keep the bottoms of the jars from touching the bottom of the container.

Open - Kettle Method: This popular and easy method is recommended only for jams, jellies, conserves, marmalades, preserves, and relishes.

These foods may be canned this way because they contain a large amount of sugar, or vinegar, which helps preserve them. By this method the food is cooked in an uncovered kettle and poured boiling hot into sterilized jars.

So you see there's nothing tricky or difficult about home canning. There are many free publications available to help you. Our office is one source.

Happy canning to all!
