## Brazilian Girls Enjoying Visit

Two sisters from Belo Horizonte, Brazil, are "having a ball" while staying in Tahoka. The girls are guests of the Othell Meeks family, and came to the U.S. through the Lion's Youth Exchange Program.

The sisters are Talsa F.A. Pinto, age 16, and Malsa F.A. Pinto, age 13. Already the girls who have warm outgoing personalities, have made many Tahoka friends.

The Meek's daughter, Karen, stayed in the sisters' home during her six week visit to Brazil last summer.

The girls' father is a lawyer and their mother is a secretary. They have two younger brothers. They will finish an eight week visit in Tahoka on February 15. From here, they will go to Florida for a week where they will visit Disneyworld.

Many things have impressed the girls about America and more particularly Tahoka.

Talsa said, "At first I thought the people here would be very cold. They are not—they are very warm."

A remarkable thing about the younger girl, Malsa, is the way she has picked up English in such a short time. Portuguese is her native language and she could barely say her name in English. Now after six weeks, she is a chatterbox able to make herself understood to anyone.

Malsa, in a ten minute interview, told of the many things she likes about Tahoka. Each sentence starts with "I like very much" followed by a multitude of things, like Mexican food, the people here, her American family. Pizza rated near the top. Others were cowboy clothes, making the drag and motorcycles.

"Here is very liberal," she quoted in her newly found language. "In Brazil, chaperone must go everywhere." She was referring to Brazil's strict code for their teenagers. Chaperones must accompany them virtually everywhere.

Talsa, more at ease with the English language, expressed similar likes.

"School here is very different" she mentioned during the interview. "I think it is harder in Brazil." Malsa did not agree. Brazilian schools are in operation from 7 to 12 each day.

Talsa continued with, "I like my American mother very much, riding around and Pizza." Another thing that impressed the sisters is the manner in which American girls decorate their rooms. Brazilian girls do not put things on the walls of their rooms. This will change though, at least for two Brazilian girls!

Both girls expressed a like for small towns. Belo Horizonte is a city of more than a million so going to a smaller town is quite refreshing.

A highlight of their stay was a trip to Ruidosa where they saw snow for the first time. There is no snow in Brazil.

The girls closed the interview with a special token for Tahoka. Malsa said, "I give Tahoka 1000 embraces and 1,000,000 kisses." Talsa concluded with, "If I could bring my parents and brothers here, I would come back to stay."

Both girls expressed strong desires to come back.

One thing for sure, if they ever do return, they'll be welcomed back with open arms by their many new found friends.

## Chamber Elects Directors

Members of Tahoka Chamber of Commerce cast ballots last week to name a board of directors to serve the next two years. Elected were Mr. Royce Bevers of Poka Lambro, Mr. Ronnie Nettles of Farmer's Co-op Gin, Mr. John Ed Redwine of Lynntegar, Guy Witt of the John Witt Butane Agency. Also Mr. Bob Haney of the Haney Gin, Mr. Monte Dodson representative from First National Bank, Ed Williams of Higginbotham Lumber Company and Fred McGinty, agriculture.

Holdover directors that will be serving one more year are Cap Wharton, Robert Warren, Finn Taylor, Shorty Fuentes, Granvel Ayers, Robert Abbe, and Charles Townes.

Directors that have already served in this capacity for two years and will be retiring are Mrs. Frances Chestnutt, Horace Rogers, C.W. Roberts, Jackie Jaquess, Grady Lankford, George McCracken, and Meldon Leslie.

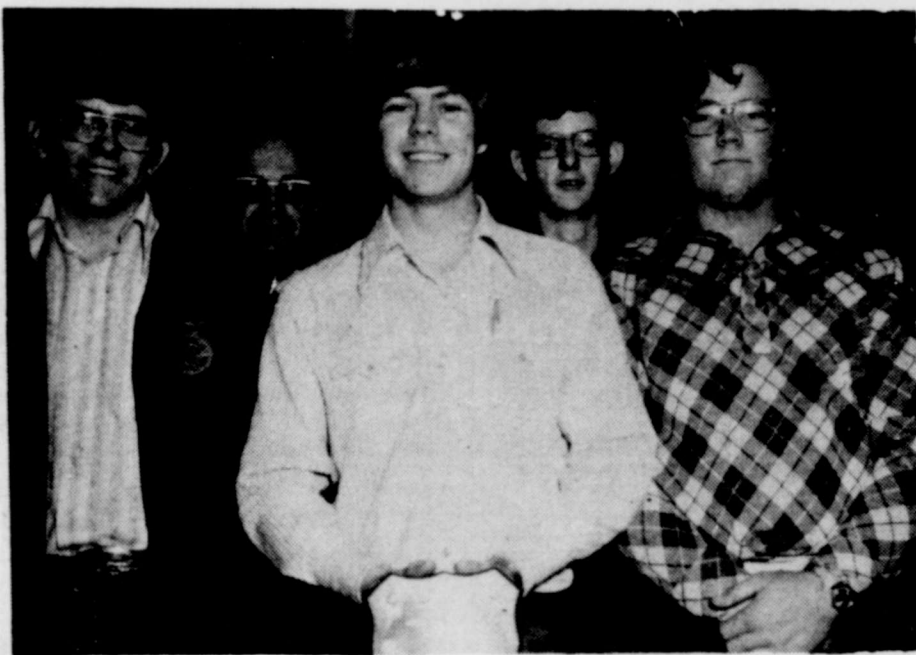

President, David Midkiff will turn the gavel to his successor, Harold Green.

These changes will become effective at the annual Farmer-Businessman Chamber of Commerce Banquet on the night of February 21.

## Booster Club V.B. Tournament

The Tahoka Athletic Booster Club is sponsoring a volleyball tournament Feb. 19-23. Make plans to enter now.

Entry blanks will be mailed to you on request and all entries must be in by Feb. 12. Mail to Robert Harvick, tournament chairman, Box 876, Tahoka, Texas 79373 or call 998-4779 or 998-4320. To enter, send team name, team roster, and name, address and phone number of team captain, and entry fee of \$5.00.

TAHOKA FFA 3RD PLACE TEAM--Shown above are the Tahoka FFA 3rd place team in the Farm Mechanics Contest held at Lyntegar. Left to right are: Johnny McDonald, V.P. Carter, advisor, Trent Leverett, Denny Johnston, Glen Chandler.

## Lamesa FFA Team Wins Farm Mechanics Contest

A team of FFA boys from Lamesa has captured first place in the 9th Annual Mesa District V-Ag Farm Mechanics Contest for the second year in a row.

The contest was held in Tahoka on January 23rd.

The contest is sponsored annually by Lyntegar Electric Cooperative of Tahoka and is open to Mesa District Teams, many of which are in the service area of the cooperative.

The winning team was comprised of Billy Mayfield, Lee Barron, Lyndon Whisenant and Bert Wristen. Fred Chandler is team advisor.

Second place went to Sid Longs team from Borden County School at Gall. This is the second time for Gall to place second. Gall won the contest in each of the first six years the event was held. Team members were: Audry Brummett, Joe Hancock, Max Jones, and D.M. Parks.

Tahoka placed third in the contest. V.P. Carter and Taylor Knight are team advisors. Team members were Trent Leverett, Johnny McDonald, Glen Chandler, and Denny Johnston.

The first place team receives a cash award of \$50 while the second place team receives \$25. First, Second and Third places receive plaques also.

Proficiency in 3 farm skills are what the contest is all about. A fourth category, Identification, is included and each contest is to identify the materials associated with the other skill, namely Farm Electrification, Welding, and Plumbing.

Plaques are awarded to the high individual in each category.

High individuals were: Welding: David Latham, Brownfield; Electricity: Audry Brummett, Gall; Plumbing: Max Jones, Gall; Identification: Tie between David Latham of Brownfield and Bert

Wristen of Lamesa. Overall high individual, Audry Brummett of Gall.

Six teams participated including Post, Welch, and Brownfield.

## Kent R. Hance Candidate For State Senate

KENT HANCE

first race as a candidate.

A native of Dimmitt, Hance was president of his high school student body. He married the former Carol Hays, of Dimmitt, in 1964. They have two children, 8-year-old Ron and Susan, 4.

Hance is a member of the Lubbock, Texas and American Bar Associations, member of the Texas Criminal Justice Council, a state director of the Jr. Bar Association of Texas, and a member of the American Bar Association committee to fight drug abuse.

He was one of the original incorporators of Texas Boys' Ranch and presently serves on its board of directors. His other activities include membership in the Southwest Rotary Club, Lubbock Lions, First Baptist Church, Water, Inc., Chamber of Commerce and Texas Tech Century Club. He served as associate state chairman of the March of Dimes in 1972-73, works on the United Fund of Lubbock annually, and has taught in the college dept. of First Baptist Church.

At Texas University, Hance was elected president of his class, president of the student bar association and received the Counsel Award for outstanding students.

Hance is well known in area politics for his successful role as campaign manager for several winning candidates over the past five years. This will be his

## Bank Elects New Directors

Mr. Pete Hegl, President of the First National Bank of Tahoka, announced Thursday, January 17, the election of Dr. Harris R. Fender, Jr., and David

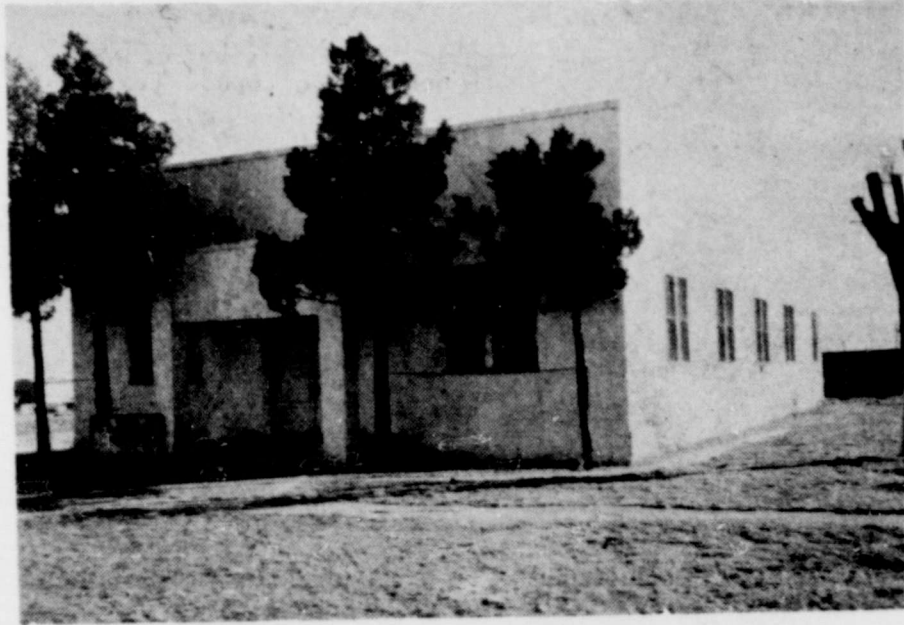

M. Fender to the Board of Directors by the Stockholders.

Dr. Fender of Galveston will serve as an advisory director while David Fender, a banker in Corpus Christi, will be an active director.

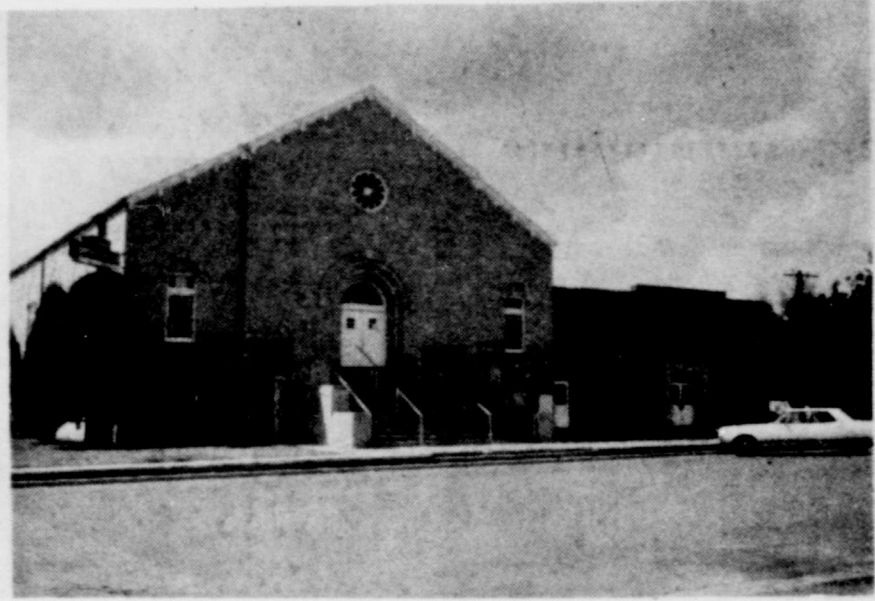

Mr. A.C. Verner, President of the Lubbock National Bank, was re-elected to the Tahoka Board as an active director, previously acting in an advisory capacity. Other members re-elected to

the Tahoka Board are Mr. Warren Embree, F.B. Hegl, W.H. Eudy, W.T. Kidwell, Bryan Wright, Clint M. Walker, and Charles Wooldridge, and Harris R. Fender, Sr.

OLD BAPTIST CHURCH BUILDING

PRESENT BAPTIST CHURCH

## First Baptist Church History

As in the days of the New Testament when some worship services to our Lord were held in homes, so is the beginning of our own church plant. From files, research and history compiled by E.I. Hill, we learn that the Tahoka First Baptist Church grew from meetings being held in two homes—even before the days of the town of Tahoka.

In the summer of 1902, Rev. J.R. Miller began services in the home of W.C. Cowan located about seven miles south of Tahoka. Near this time, Dr. Pharr started preaching to a small group in the home of W.T. Fenn, who lived nine miles north of Tahoka.

Lynn County and the town of Tahoka were officially organized in April 1903. To mark the occasion of the new county and town, citizens erected a tent and held a great celebration on July Fourth. The Baptists secured permission to use the tent on the following day for the purpose of organizing a church. The two groups came together on July 5, 1903, and constituted the "First Missionary Baptist Church" of Tahoka with sixteen charter members. On that day the church called Rev. Ira Par-rack to be the first pastor.

In September of 1906 the church purchased lots on south First Street and in 1907 erected the first building on the site just one

block east of the courthouse.

Approximately 20 years later in January, 1925, lots were purchased for the present location of our church, and the building on south First Street was sold to the Church of Christ. The Baptist Church held services in the district court room until completion of the basement in August of 1925. The present auditorium was completed in September, 1938, and the present educational building in August, 1955.

During these seventy-one years the church has been led by twenty-four pastors and a large number of dedicated men and women. It has been, and continues to be, a great missionary church, giving about one-third of its total income to missions. In the summer of 1947, the church started a mission in the home of W.A. Reddell in south Tahoka which grew into the Sweet Street Baptist Church.

For several years the First Baptist Church has sponsored the Mexican Mission. Services were first held in June, 1959. A new mission parsonage was built in 1962 and a new mission church building was erected in the spring of 1965 with the help of many of our own local people.

Another page of our church history is being written today. From a small obscure beginning, the church is moving into a new

campaign for funds to aid the church in its efforts to help its people, this town, and this community to greater service. Will you help us in this work today which will be tomorrow's history?

## Tahoka Scout Honored At Banquet

Eagle Scout, Randy Gurley, of Tahoka was named Honor Scout for the Quana Parker District at the South Plains Council Banquet last Saturday night in Lubbock.

Randy is a 1973 Eagle and a member of Troop 721. He is a senior at Tahoka High School.

He will meet with Governor Dolph Briscoe on February 9 in Austin along with eight other honor scouts from the Council. The group will make the Council's Annual Report to the Governor.

Randy, and new Eagles Curtis Stewart and Lynn Henry will be honored publicly during an open Court of Honor to be held Friday night, February 8, at the United Methodist Church.

The public is invited to attend.

## HERO Girls Selling Tamales

The HERO girls are presently taking orders for homemade tamales they plan to make and sell on Saturday, February 9. You may order either hot or mid tamales by the dozen (\$1.50) or by the half dozen (75 cents) which includes tax. Proceeds will be used for the annual Employer-Employee Banquet presented by the cooperative work-study vocational programs.

If you would like to order, call 998-4474 weekdays until 3 or 998-4853 after 5:00 or contact any of the HERO girls: Lupe Sanchez, Lillie Bermea, Gloria Gamez, Romella Antu, Diane Chapa, Elaine DeLeon, or Barbara Sampey. Orders may be picked up at the homemaking cottage Saturday afternoon.

REBEKAH INSTALLATION--Pictured above are Thelma Dewbre, left, incoming Noble Grand, and Leona Waldrip, right, retiring Noble Grand at the Rebekah installation of officers held January 22.

## Rebekah Lodge Has Installation

Five members of Bertha H. Porter Lodge of Lamesa, led by the District Deputy Pres, Sister Lynn Barron met with Tahoka Rebekahs on Tuesday, Jan. 22, for the purpose of installing new officers. Retiring Noble Grand, Leona Waldrip opened the meeting and held a short business session. Her Past Noble Grand pin was presented by the Lodge Mother, Willie Mae Childress.

The hall was tastefully decorated with yellow roses, the incoming Noble Grand's chosen flower. She, Thelma Dewbre, also wore a yellow rose corsage, sent to her by her daughters. Members wore formals as did the installing staff. Other

officers installed were: Zella Taylor, V.G.; Leona Waldrip, Secretary; Trudy Schuknecht, Treasurer; Louise Wyatt, Musician; Audrey Akin, Past Noble Grand; Willie Childress, R.S. N.G.; Hannah Nordyke, L.S.N.G.; Ruth Reece, Conductor; Evelyn Burr, Warden; Floyd Reece, I.S. Guardian; Beula Atkins, R.S. P.N.G.; Mary Cunningham, Chaplin.

The new Noble Grand closed the meeting. She passed out the new yearbooks. A salad supper was served to 13 members and six visitors. Next regular meeting will be Feb. 12 at 7:30 p.m.

## Tahoka High Happenings

By ...  
DEBBIE RAINDL

This week is the last full week for girls' basketball and the Junior Varsity and Varsity girls play Seagraves here tonight at 8:00 p.m. Tomorrow night the JV and Varsity boys host Denver City beginning at 6:30. The Freshman girls and boys, after placing second in the Cooper tournament last week, will play Frenship Monday night; the JV girls, Varsity girls, and Varsity boys clash with the Tigers also Tuesday night, wrapping up the season for the girls.

Track season is just around the corner, and I thought you might be interested in the sche-

dule, so here it is:  
February 23-Brownfield  
March 2-Levelland  
March 9-Lorenz  
March 16-Clifton  
March 23-Roosevelt  
March 30-Denver City  
April 6-District Meet (Denver City)  
April 20-Regional Meet (Odessa)  
May 3-4-State Meet (Austin)

That's about all that is happening in THS, except for those that are involved in the stock show at Fort Worth this week. The local stock shows do not begin until February.

Mr. and Mrs. George Sealy and Joe D. Unfred, were in San Francisco Tuesday until Friday last week attending the National Telephone Co-op Assn. Convention.

Mrs. Belle Romines of Plainview visited her daughter, Mrs. Emil Raindl, from Saturday until Tuesday. They were in Tahoka for funeral services for Mrs. Elton George on Monday.

Mr. and Mrs. Emil Raindl, Mrs. Pauline Brosch and Vicki attended the wedding of their nephew, Gregory Raindl to Miss Harriett McKinney in the 14th and Main Church of Christ in Big Spring at 2:30 p.m. Saturday, January 19.

Joe Lewis was in Methodist Hospital Monday and Tuesday last week for tests.

A pink and blue shower was given Mrs. Jimmie Fillingim Tuesday, Jan. 15, in Fellowship Hall, New Home Baptist Church. Many lovely gifts were presented Virginia. Hostess gifts were a high chair and cash. Out of town guests were Mrs. Betty Blacker and Mrs. Clarence Ir-

vin, Lubbock and Mrs. Melody Miller, Plainview. Refreshments of canapes, spiced tea and cakes were served.

Mr. and Mrs. Weldon McClintock visited in Colleyville Wednesday until Monday with their daughter, Mrs. Bill Kirby and family.

Mrs. Sally Godfrey and John of Ash Grove, Missouri came Monday to visit friends and relatives. They also visited her

nephews, Herman Timmons and Frank Timmons of Lubbock and their families, and with her sister-in-law, Mrs. Hope (Minnie) Timmons of Lubbock. They visited relatives in Arlington before returning to their ranch home in Missouri.

Mrs. Wilmer Smith returned home Monday from Kansas City, where she attended a board meeting of the Country Women's Council, U.S.A. She stopped off in Dallas for a called meeting of the Board of Directors of Texas A&M University.

The New Home FHA met Wednesday, Jan. 23, in the home-making cottage. A new money making project was voted on. The members will take up donations for Muscular Dystrophy. A party was given for Cindy Tedder's candy selling team for being the first to finish selling candy. Deanna Wuensche-Reporter.

Mrs. Rachel Patterson of Amhurst visited here a few days last week with her sister-in-law, Mrs. Myrtle Patterson.

Roger Blakney entered Methodist Hospital in Lubbock Sunday and is scheduled for surgery Tuesday.

Mrs. Nettie Kelly of Snyder visited here several days with her daughter, Mrs. Alice Tilson and children.

The young married couples Sunday school class hosted a pink and blue shower for Viola and Doug Davis in Fellowship Hall Sunday after the evening services in New Home Baptist Church. Many lovely gifts were opened by Doug and Viola and passed around for everyone to see. Gifts from the class were a car bed, hamper and electric

food warmer. Punch, coffee, and cookies were served. Special guests were Viola's parents and sisters, Mr. and Mrs. Melvin Grabow and Marie from Altus Oklahoma, and Marsha and Larry Lamb of Lubbock.

Mr. Wilmer Smith is now attending a meeting of the board of directors of the Central Bank for Cooperatives in Hilo, Hawaii, where business is done with sugar cane industries.

Mr. and Mrs. A.B. Allen are new residents in New Home. Coming from Brownfield, A.B. is employed by the New Home Butane, and Alice teaches 5th grade in the Brownfield school. She drives back and forth.

Shon and Krystal Brown of Amarillo spent a few days here with grandparents, Mr. and Mrs. Claude Brown, and Mr. and Mrs. Aubrey Smith, while their parents Larry and Kay attended a Home Builders Convention in Houston.

Shortly before 6 p.m. Sunday a grinding two-car crash left two seriously injured and several children with cuts and bruises. One car driven by Elizabeth Hericheta, and the other by Mrs. Joe Estrada, collided at the corner of Main St. and North 1st St.

Ten year old Bebe, daughter of Mr. and Mrs. Julian Caballero is in room 536B, Methodist Hospital in Lubbock, where she was taken by private car immediately following the crash. Her leg was broken, and the thigh bone was set and pinned. Mrs. Estrada was first taken by ambulance to Tahoka and then transferred to Lubbock. Her jawbone was broken and several teeth knocked out. She was able to return home after treatment. A large number of children riding in the two cars were very fortunate not to be seriously injured. Both cars were badly damaged.

Mrs. Ruby McClendon and Mrs. Bethel Brown were hostesses for a birthday party honoring their mother, Mrs. C.M. Greer, in her home in Tahoka. Her birthday was Monday, January 21. Birthday cake, spiced tea and coffee were served to 62 guests who came to wish her a happy 'young' 80th birthday.

Mr. and Mrs. Leroy Nettles and her mother, Mrs. G.N. McWhorter of Lubbock, spent the weekend in Abilene with the Preston McWhorters.

C.B. Nowlin, Bob Poer, and Shorty Milliken fished as Falcon Lake last week.

Mr. and Mrs. Claude Brown were in Canyon last Wednesday for funeral services for their

daughter-in-law's father, Mr. T.F. McKinney. Services were held in the Church of Christ in Canyon. Mr. McKinney, 68, died on Monday after a lengthy illness. Survivors include his wife and three daughters.

## Brownfield Talent Show Feb. 14-15

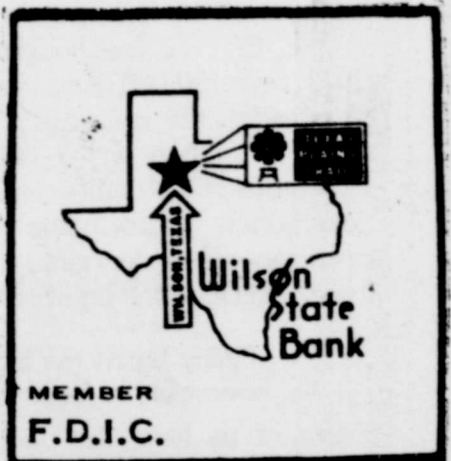

The Annual Brownfield Lion's Club Talent Show will be held in the Brownfield Middle School auditorium, Feb. 14 and 15, at 7:30 p.m. The first night, Thursday, will feature Elementary school talent. The second night, Friday, will feature Junior High, High School, and out of school talent.

All local contestants will rehearse at the Brownfield Middle School auditorium Tuesday evening, Feb. 12, at 6:30 p.m. Any out of town talent who desire to do so, may participate in this rehearsal.

Each act will be limited to three minutes, and must furnish their own accompanist. To be entered as a contestant, each act will be limited to no more than six participants. Any number may be entered in an act providing it is on a non-contestant basis. Deadline for entries is Tuesday, Feb. 12. No entry fee is required. Mail entry blanks to Coy Jones, 1405 East Broadway, Brownfield, Texas 79316.

There will be a first, second and third place prize for each of the three divisions. The divisions will be High School and out of school, Junior High School, and Elementary. Prizes for the three divisions are listed below: First--\$30.00 gift certificate Second--\$25.00 gift certificate Third--\$10.00 gift certificate The grand prize will be a \$50.00 gift certificate.

Admission will be: Adults, \$1.50; Students, \$1.00.

# "Why can't we get the equipment we need?"

## Facts on the farm equipment shortage.

As in the past, you have once again responded vigorously to the world's need for more food. Your record output in 1973 was a real tribute to your hard work, ingenuity and efficiency.

But your performance has created a problem. You have been buying at a rate greater than the industry's ability to produce. This is a serious concern for you. And a serious concern for us at International Harvester.

We'd like to tell you why there is a problem and what we're doing to help solve it. Perhaps the best way to do this is to answer the questions we hear most frequently.

### "Why can't I get the equipment I need?"

Let's look at farm-tractors as an example. In 1972 you bought 156,000. In 1973, over 190,000. Last year, producing at capacity, the equipment industry was able to build only 160,000 units. The additional 30,000 units came from dealer inventories. Unfortunately, this same situation exists for almost every other type of agricultural equipment.

### "Why hasn't the industry been able to build more?"

Most of us have the plant capacity to build more but we are limited by the fact that we can't get materials and components. This is particularly true of steel, rubber and castings. Suppliers to our industry also supply other industries which are experiencing a similar demand for their products. Their production facilities and raw material sources are strained to the limit. Consequently, we are experiencing critical component shortages that prevent us from making the increases in production we would like.

But, despite these shortages of parts and materials, IH and its dealers were able to make about 30 percent more equipment available to you in 1973 than we did in 1972. And, for 1974, we plan to increase sales volume by 23% over 1973.

### "Isn't the export of farm equipment cutting into our domestic supply?"

Nothing could be further from the fact for International Harvester. Unlike some other agricultural equipment manufacturers, we have many plants in foreign countries, and they are responsible for meeting the demands of their own markets. As a result, our export of farm equipment from the U.S. to markets

overseas represents only 1.8 percent of our total sales volume. This is more than offset by the fact that we import over twice that amount into the U.S.

### "What is IH doing to ease the equipment shortage?"

Many things, including: Seeking additional sources for materials and components, including foreign suppliers; We have new programs to insure continued fair distribution of equipment that has been ordered; Scheduling production to give priority to the most critical machines and models; Increasing production as material and component availabilities permit; And standardizing models to increase production efficiency.

### "Why can't I depend upon a delivery date I am given?"

This problem is being given close attention. In fact, we recently introduced a new business system that will give each dealer a current status report on all orders he has placed on our plants. But here again, the difficulty is in forecasting the availability of materials and components accurately enough to make delivery dates totally reliable. In spite of this, we are giving firm delivery dates 90 days in advance.

### "If I can't get my new machine, what's the story on parts availability?"

We realize that now you may be using your equipment longer and harder. So we have undertaken a major program of PARTS ASSURANCE. During this critical period, if we find a "unit down" situation our plants have been instructed to produce the emergency part even if it means taking it off the assembly line.

These are the facts. You are buying more equipment than ever before. And we are producing more - working as diligently as possible without sacrificing our quality and reliability standards. Production may not satisfy your immediate demands, or our desire to fill them. You now know the reasons for this. I hope my comments will clear up any misconceptions and will assist you in your short and long-term planning.

## BILL GRIFFIN SAYS .....

Livestock producers in Lynn County will have a definite interest in the 1974 Texas Brucellosis Eradication Program, which officially began January 15.

Texas became "modified-certified" in August, 1973, which meant that less than 5 per cent of the cattle herds and less than 1 percent of the cattle were infected. The new plan will make Texas a Brucellosis-free state.

Brucellosis, commonly called Bang's, is a costly, contagious disease of livestock that may also affect human beings. The disease in humans is known as undulant fever. Although it may attack most farm animals, it is more common in cattle, swine and goats. Herds with brucellosis may produce as much as 20 percent less milk and 40 percent fewer calves. This millions of dollars are lost across the state each year.

The new program is designed to locate the infection, contain it and assist the owner of infected animals to eliminate the disease. Three different methods are used to locate infections: Brucellosis Ring Test for dairy herds, Market Cattle Test of all breeding cattle slaughtered, and Blood test of all breeding cattle exchanging ownership.

All infected and exposed cattle are quarantined and their movement is limited to slaughter only.

Blood testing procedures are used to assist owners of infected herds to free their cattle of the disease.

The new Brucellosis Eradication Program is, all cattle, except steers, spayed heifers and vaccinated animals under two years old, must be tested within 30 days of any change of ownership.

A relatively simple "card" test has been developed that gives quick results--an improvement over the old system of sending blood samples to a laboratory. The cost of this initial test by a practicing veterinarian or other authorized person must be paid by the cattlemen.

If a brucellosis reactor is found at a sale yard or slaughterhouse, federal or state personnel trace the animal back to its herd of origin. Traceback tools include registered back tags or ear tags that many sale facilities are routinely putting on consigned animals. Ear tags are required for interstate shipment of most cattle.

Other animals in consignment where the reactor was found can be handled any of three ways--sold immediately for slaughter, sent to a quarantined feedlot, or returned to the ranch for quarantine.

All members of the herd of origin are considered exposed to the disease and must be tested at 30 and 120 days after the first reactor is found.

Government agencies conduct these additional tests and pay the direct costs. All reactor animals must be branded with a "B" on the jaw and sold immediately for slaughter. Meat from these animals is not tainted.

Final clearance on a state basis can be granted when no more than 1 percent of the herds in any one county and not more than 2 percent of the cattle in that county are confirmed reactors during an 18 month testing period.

The program is vital to Texas if we want to keep our interstate trade with Brucellosis-free states.

# COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Plains Cotton Growers Incorporated, the 25 county Lubbock-based cotton producer organization, is strongly opposed to lifting restrictions on raw cotton imports into the United States, according to the organization's President Ray Joe Riley of Hart.

Total U.S. imports of raw upland cotton since 1939 have been granted to the President by Section 22 of the Agricultural Adjustment Act. The Chief Executive is empowered to impose import controls on any commodity if he determines imports are interfering or would interfere with a government program for that commodity. Conversely, he can remove import quotas if he finds that unlimited imports will not interfere with government programs. And consideration is now being given to exercising this latter power by removing import controls on raw cotton, cotton waste, and cotton products.

Secretary of Agriculture Earl Butz advised President Nixon some time ago that there was reason to believe import quotas could be suspended without materially interfering with the current cotton program, and the President has requested the U.S. Tariff Commission to make an investigation of the matter. Hearings before the Tariff Commission are now scheduled for February 7.

Secretary Butz is known to believe that current world supply demand conditions, without the restraining influence of quotas, would prevent foreign cotton from entering U.S. markets. Therefore, he reasons, quotas are not needed.

But this kind of reasoning can be dangerous, Riley states.

"Supply demand conditions can change almost overnight," he notes, adding that "foreign stocks of cotton have been increasing each year since 1971, are expected to reach 20 million bales by next August 1, and that under certain conditions substantial amounts of this cotton could be expected to seek a market in the U.S."

The psychological effect of this possibility alone could have serious repercussions in the U.S. cotton industry, Riley believes. "Domestic cotton prices could be severely depressed, destroying the current profit margin in cotton production, and continued U.S. production of adequate supplies for domestic and export markets would again be dependent on a government subsidy. And at today's inflated production costs," Riley continued, "the current government program with its 38 cent 'target price' and low level loan is incapable of providing the necessary incentive for adequate cotton production."

Talk is of a "temporary" suspension of quotas, and USDA has indicated they could be reinstated any time they are needed in the future.

But Riley points out, as have others, that too many temporary actions become permanent actions, and once removed, quotas would be next to impossible to reinstate.

"We are going to need import quotas sooner or later," Riley concludes. "Sooner or later production will catch up with and exceed demand, prices will come down, and a support program will be needed to permit continued cotton production in the U.S. And when that happens we'd better have quotas if we expect the support program to work."

"Therefore PCG will exert all possible influence with the Tariff Commission, the Department of Agriculture, and with our friends in Congress to prevent any substantial change in the present system of raw cotton import quotas."

## Cotton Harvest Nears Completion

Cotton harvest operations are nearing completion on the South Plains, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Most field operations are now confined to picking cotton up from the ground. Most cotton remaining to be ginned is stored in ricks in the counties east and south of Lubbock.

Ginning, sampling and classing continued due to the large volume of this ricked cotton remaining. The U.S.D.A. Classing Offices at Lubbock, Brownfield, and Lamesa tested and classed samples from 77,000 bales during the week ending Friday, January 25th. This brought the total for the season to 2,375,000. This is far ahead of the volume at this date last year when samples from 1,363,000 bales of the 1972 crop had been classed.

Quality of cotton continued excellent and this crop is one of the highest quality crops ever produced on the South Plains.

Grades 31 and 41 continued the predominant grades at Lubbock, making up 70 percent of all cotton classed. Grade 31 made up 19 percent, Grade 41, 51 percent, Grade 32, 10 percent and Grade 42, 9 percent.

Staples continued predominantly 30 to 32. Approximately one-half had staple lengths of 31 and shorter and the remaining one-half stapled 32 and longer.

Micronaire readings continued excellent. Seventy-seven percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9, 3 percent was in the high micronaire range of 5.0 to 5.2 and 1 percent was in the very high range of 5.3 and above.

The Agricultural Marketing Service of the U.S.D.A. reported slow trading on the Lubbock market during the week. Prices declined \$25.00 to \$40.00 per bale from the previous week. Prices ranged from 2800 points over the Government Loan for short staple cotton up to 4800 points over the loan for long staple cotton. Typical lots were bringing an average of 40 cents per pound over the loan and were selling in the price range of 50 to 60 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30-52.65 cents per pound, Grade 31, Staple 31-57.40, Grade 31, Staple 32-62.40, Grade 41, Staple 30-51.70, Grade 41, Staple 31-56.25 and Grade 41, Staple 32-60.95; 60.95.

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

Every boy and girl between the ages of 9-19 are urged to join a 4-H club. They meet each Monday and Friday after school.

### Tahoka School Menu

**MONDAY**  
Tamales and chili, buttered corn, tossed salad, biscuits and butter, pineapple cake, orange juice

**TUESDAY**  
Hamburgers, French fries, lettuce, onions, pickles, apricot cobbler

**WEDNESDAY**  
Turkey and dressing, green beans, buttered sweet potatoes, wheat rolls, fruit salad

**THURSDAY**  
Hot dogs with chili, pinto beans, cole slaw, peanut butter cake, orange juice

**FRIDAY**  
Chicken pot pie, tossed salad, orange juice, apple cobbler

### Co. Teachers Hear TSTA Staff Member

Speaking to Lynn County teachers at the Local Unit's regular meeting at Wilson Monday night, January 21, Glenn Kidd, TSTA staff member, urged teachers to become involved and to keep others informed about educational legislation.

Mrs. Peggy Atwell, president-elect of the Local Unit, introduced the speaker, who serves as assistant director of TSTA Professional Relations. Among legislative matters discussed, Mr. Kidd emphasized various interpretations of the phrase "equal education" and the basic school foundation program dealing with finances.

Tahoka superintendent Harold Reynolds reported on a December meeting of a county teacher committee with Representative E.L. Short to discuss educational phases of the proposed new State Constitution.

President Lynn C. Denton presided at the business meeting.

### Children Urged To Join 4-H

Every boy and girl between the ages of 9-19 are urged to join a 4-H club. They meet each Monday and Friday after school.

All parents are asked to urge their girls to attend the cooking class in 4-H. After cooking, they will begin sewing. Other projects are bicycle training, as well as electronics. The cooking class for both boys and girls will soon be having their food show.

Volunteer leaders are also needed. For more information contact Carolyn Haley at the County Extension Office.

# A SHORT REPORT

BY REP. E. L. SHORT

Some of the reform passed last year blew out with the trade winds. It is expected trivial things such as food, drinks, etc. will be permitted under the Lobby Control Act. A ruling for Houston said "police records may be closed to the public and press". Someone stated innocent people were subject to great personal harm by being named by the press and that availability to evidence might hinder the prosecution.

The Houston Chronicle, whose editorial was for the reform fill last session on campaign contributions in Texas, Sunday had an editorial against the same law that was passed. Quote (It is now becoming apparent that some of last year's changes in Texas laws concerning campaign contributions were ill-advised and pose a potential threat to any citizen who donates to a political campaign.)

Many Committees of the Convention have gone begging for witnesses and testimony. Chairman Kubiak, on Education, said "We'll have witnesses if I have to go get them". My Local Government Committee has had a house full-judges, commissioners and city officials. A Government Committee has had large majority are advocating little change. The Commission recommended County Judges be lawyers-but only 76 out of the 254 are now. Also, a Court-house can be moved more easily.

Commission recommends Home Rule-Counties would be permitted and could provide ways to abolish the election of county officials-power to consolidate or eliminate tax collectors, treasurers, sheriffs, clerks and so forth-would permit a district to

be established (hospital, water, etc.-all having taxing authority) without a vote of the people.

Mrs. Mary Kay Wall with the Legislative Council said change in the Commission document should be made in voter qualifications-it says persons "not of unsound mind" are eligible to vote.

Education Committee heard Dallas School Superintendent say "There is nothing as unequal as equal treatment of unequals". This was in reference to the Commissions recommendations "Equal Educational Opportunities".

The Liquor Industry stated they want no substantive changes in the present law - especially local option elections.

It was stated that elective boards were more responsive than appointed ones, but Terrell Blodgett of Austin, Management Consultant said that "an elected board does not get us anything-it is not representative of the state as a whole". The matter in question was the State Board of Education.

The San Antonio Light, Friday, January 18- in an editorial said "We favor a constitutional provision to allow for the merger of city and county governments under local option. Also, that the right-to-work should be put into the new Constitution.

The Convention budget for the proposed 90-day Session recommended by President Price Daniel, Jr. is a \$1,800,000.

January 30th will be the deadline for introduction of constitution proposals-January 23-over 70 have been introduced.

I am concerned and pray the citizens truly recognize the great

for the sake of change. Our Senators and Representatives, who are Delegates, have to answer to the people. We are all a family of diversified background. The many checks and balances our system provides do protect and relieve us of drastic change. No matter the outcome of this Convention, we are in good hands . . . You will get the last vote this year.

## Criminal Code Is Rotary Subject

County Attorney Gerald Huffaker discussed the new Texas criminal code in a talk at the Rotary Club last Thursday.

The new penal code replaces the one adopted by the Texas Legislature in 1911 and revised in 1925, and added to since until it had required five large volumes to list all provisions.

The new code has been condensed to a very small volume, and Huffaker thinks it has some good features, but also thinks it has some serious faults. One of these is the fact that many criminal penalties have been modified to such an extent that criminal law violators will get off with minimum sentences.

Incidentally, Huffaker revealed that since he has been in office the County Court has collected about \$52,000 in fines and costs and the Justice Courts almost as much.

Dayton Parker was in charge of the program.

President Johnny Wells announced that a member, Dr. Richard Wright, the new physician from England at Lynn County Hospital, had successfully passed the State Medical Board examinations and now has a permanent license to practice in this country.

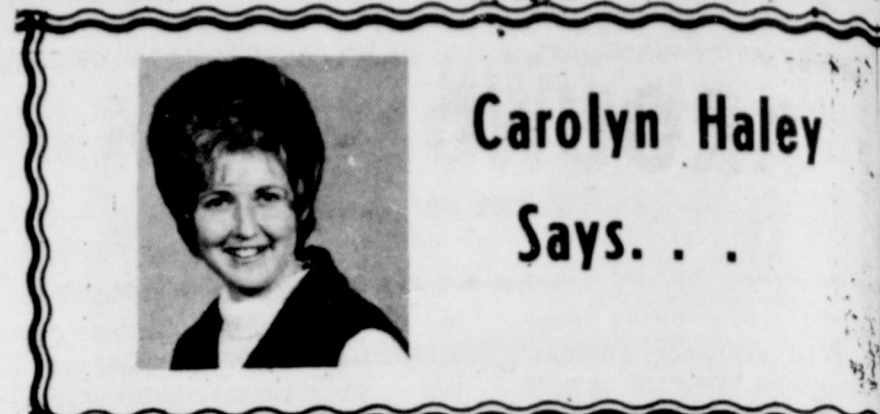

## Recipes Using Girl Scout Cookies

**Lemon Creme Ice Cream Pie**  
1 1/2 cups crushed Lemon cremes (including filling)  
2 tablespoons softened butter or margarine  
3 pints vanilla ice cream  
1/4 cup lemonade concentrate  
1 drop yellow food coloring

Combine crushed cookies and butter. Firmly press into 9-inch pie plate. Soften 1 1/2 pints of the ice cream. Spread in pie shell. Combine lemonade concentrate and food coloring; swirl over softened ice cream. Freeze until firm to the touch. Soften remaining 1 1/2 pints ice cream and spread over concentrate. Freeze until firm. If desired, garnish with sprigs of fresh mint and lemon slices. Makes 8 servings.

**Refrigerator Dessert**  
Two 3 oz. pkg. raspberry or strawberry flavored gelatin  
1/2 cup butter or margarine  
1 cup sugar  
1 egg, well beaten  
One 8 1/4 oz. can crushed pineapple, drained  
1 cup chopped nutmeats  
56 Scot-Teas cookies

Prepare gelatin according to package directions; refrigerate until partially set. Beat butter and sugar thoroughly; add egg, pineapple and nutmeats. Place a layer of cookies over bottom of 13 x 9 inch pan. Cover the cookies with the creamed mixture then gently press another layer of cookies into the creamed mixture. Pour partially set gelatin on top. Place in refrigerator until firm. Cut into bars. Makes 14 servings.

Carolyn Haley Says . . .

Authorities predict that by 1980 more than half of all the furnishing sold will be acrylic or plastic.

Therefore, homemakers should learn proper care of these materials.

First, check for care instructions attached to the piece of furniture. Read and follow these recommendations-- each plastic responds best to specific care.

In general, avoid using abrasives. Cleanser and other harsh substances cause scratches. Also, never use solvents on plastics. Dry cleaning fluid, nail polish, nail polish remover, perfume, alcohol and waxes containing solvents "eat away" the surface, leaving dull spots.

For best results, clean with soap or mild detergent and warm water. Then dry with a soft cloth. Hot water may soften the plastic.

To reduce dust-collecting tendency of the furniture, consider using an anti-static cleaner.

When scratches occur on plastic furniture, use a paste wax on the surface. Deep scratches must be buffed out. Usually this covers up the damage and brings back the finish's original appearance.

Children "miss out" if money matters are top secret around the house. Though children may learn about coins and paper bills at an early age, they depend on parents to show them the real value of money.

For the young child, parents might try giving him a small weekly allowance. If they specify what things he is to pay for, then he will have to make decisions about spending the money--he could spend it all on snacks or save it for a friend's birthday gift or for a movie ticket.

As the child gets older, he can hear and see the part money plays in family life.

Children can be let in on discussions concerning such things

as a major purchase or increasing insurance coverage.

A teen might be included in work sessions over the income tax forms. He will see something about how money is spent, how

government projects are supported, and how parents view their obligations as citizens.

Bringing money matters in the open can help children understand money before they make major money decisions to make

**RECIPE OF THE WEEK**  
**Banana-Apricot Pie**  
2 cups snipped dried apricots  
1 1/2 cups water  
1 1/4 cups sugar  
3 tablespoons all-purpose flour  
1/4 teaspoon salt  
3 beaten egg yolks  
2 tablespoons butter or margarine  
2 medium bananas, sliced (2 cups)  
1 9-inch baked pastry shell, cooled

Combine apricots and water. Cover; simmer 10 minutes or until tender. Combine the sugar, flour and salt; stir into apricot mixture. Cook till boiling; boil 2 minutes, stirring constantly.

Stir small amount hot mixture into egg yolks; return to boiling, stir in butter.

Place sliced bananas in bottom of pastry shell, top with apricot filling. Spread meringue over filling; seal to edge. Bake in moderate oven (350) for 15 to 15 minutes. Cool before serving.

# AROUND TOWN

BY LEONA WALDRIP

CALL 998-4496

Mr. E.H. Cunningham entered Lynn County Hospital on Tuesday and was a patient there until Sunday. His granddaughters were down from Lubbock to see him several times while he was there.

A medical patient in Lynn County Hospital, Mrs. Minnie McMillan entered on Wednesday. She makes her home with her daughter, Mrs. C.D. Childress, of Wells Community.

The 88 Club met with Trudy Schuknecht as hostess on Friday night. A Stanley party was held in connection with the salad supper and the group later played 88.

Mrs. Leona Holden and Hannah Nordyke were shopping in Lubbock on Monday afternoon.

Mr. and Mrs. Ralph Losewell and Susan of San Angelo were guests in the home of other parents Mr. and Mrs. John Roberts on Friday night and Saturday. Also present for the family reunion all day Saturday were Rev. and Mrs. Robert Tucker and family of Ft. Worth. Mrs. Tucker is also a daughter of the Roberts.

The Tuckers remained over for Sunday services at First Baptist Church, where he brought the Sunday night message. Following the evening worship service, a reception and linen shower was held in Fellowship Hall, honoring the Tucker family, Missionaries to Venezuela. After a leave of a year in the states, while Rev. Tucker does some work on his doctorate degree, they will be returning to South America in the summer.

Services were held at 3 p.m. Friday in Parkway Drive Church of Christ for Mrs. W.M. Roark, 55, of Lubbock. She passed away Wednesday in St. Mary's Hospital. A Lubbock resident 40 years, Mrs. Roark had lived in Brownfield. Among her survivors is Al Burnett of Tahoka, son.

Mr. and Mrs. Jack Stark, who have been operating the "Donut Shop" in Ruidosa, have recently moved back home. They have moved in a large mobile-home on the lot at their former residence on South Ave. J. Their son, Reggie, lives in the old home place. Mrs. Stark, (Mary Ann) is now employed at Lynn County Hospital. She had worked there before moving to Ruidosa several months ago.

I was in Lamesa Thursday and again Monday on business trips and had lunch with the Randall Waldrips on Monday.

Miss Gladys Hackett, who has been confined to the local hospital for three weeks, was able to leave Tuesday morning. She will stay in the home of her sister, Mrs. Dink Lyons for a few days before moving home.

Mr. E.H. Cunningham re-entered the hospital Tuesday morning after being home only 2 days.

Rob Barnett entered the hospital Monday afternoon. His wife is employed at Colonial Nursing Home.

Mrs. Jake Jacobs and daughter, Fran, of Bovina visited with Mr. and Mrs. Frank Hill last Friday night and Saturday.

Mr. and Mrs. Paul Stewart of Helena, Mont., left last week after a visit of several days here with Mr. and Mrs. R.M. Stewart and Mrs. G.M. Stewart. He is a nephew of R.M. and the late G.M. Stewart.

## SUNSHINE BRIDGE CLUB MEETS

The Sunshine Bridge Club met Wednesday morning at 10 a.m. in the home of Mrs. Sonny Roberts.

## Girl Scout Fund To Start Saturday

Tahoka's annual Girl Scout Fund Drive will begin Saturday, February 2, according to drive Chairman, Wendall Patterson. A host of volunteer workers are to meet at Tahoka Cafeteria at 9 a.m. to get the drive underway. Campaign envelopes and literature will be distributed at that time.

Your contribution to Girl Scouts is used in many ways. Tahoka has 80 registered Girl Scouts, 22 registered adults working with 4 troops of Brownie, Junior and Cadette Scouts. Two registered adults are serving on the Council Board of Directors.

Troops meet once a week and the girls and their leaders plan troop activities. Community Service Projects have included participating in the "get out the vote" campaign by making and distributing posters to the local business firms. Tray favors were made and delivered to hospital patients during the year.

Three troops participated in Girl Scout Day at the South Plains Mall, Lubbock. Six girls attended established camp at Camp Rio Blanco. Nineteen girls attended day camp with four adults serving on the staff.

Your contribution to the Tahoka Girl Scout campaign helps provide training for troop leaders and administrative personnel.

Thirty-one training events were offered to adults during the past year with 3 being held in Tahoka. Fourteen trips were made to Tahoka by Executive Staff during the past year to work with leaders and service team members.

Your contribution will also help provide a service center for administrative and financial management, registering troops, supplying material and information for troop programs, training, council wide activities, and general office service.

Your contribution and help in the annual Girl Scout drive will be sincerely appreciated.

Mr. and Mrs. Dayton Parker are the parents of a girl born at 12:35 p.m. Tuesday in Lynn County Hospital. She weighed six pounds and six ounces, and has been named Lana Michele. The Parkers have another daughter, Connie, two years old.

## JR-HIGH-LITES

BY - TEAL CORLEY

The Student Council met on Thursday, January 24, to prepare the final arrangements for the Slave Sale. They voted on the list of slaves selected by the assembly committee. Also, various assemblies for the coming months were discussed.

The Slave Sale itself took place today in the high school gym.

Students were well-informed of this event since posters advertising it have covered the halls for the past two weeks. People were urged to buy slaves, but to abide by the rules also. The 1974 slaves are as follows:

DeAnn Johnston and Melinda Terry, Snoop Sisters; Bill Cranford and Gordon Tomlinson, Odd Couple; Curtis Stewart, John Wayne; Don Porterfield, Cannon; Scott Stevens, Mr. Wilson; Robin Bingham, Margaret; Danny Stanley, Dennis the Menace; Ray Morales, Frito Bandito; Cindy Wood, Raquel Welch; Frankie Lindsey, Barnaby Jones; Kay Pebsworth, Carol Burnett; Evan Johnston, Buck Owens; Marva Pierce, Big Ethel; Barbara Stice, Granny; Melanie Tekell, Lucille Ball; Starrlyn Knox, Vivian Bagly.

As you can tell, some very fine slaves were auctioned off, and the money made will go into the Student Council treasury.

Basketball  
Seventh and eighth grade boys played Denver City here January 24. The seventh grade Bulldogs were victorious, but the eighth grade was defeated by the Mustangs, 29-10.

Games were played Monday, the 28th, against Post. The outcome: Boys--Eighth-Tahoka

30, Post 44; Seventh-Tahoka 26-Post 20; Girls--Eighth, Tahoka 25-Post 21; Seventh, Tahoka 6-Post 17.

Coach McAnelly has been in the Lynn County Hospital this week following an accident. He was greatly missed by all his classes and athletic boys. Get well quick, coach!

Eighth grade girls who were interested in JV cheerleading signed up last week. The judge is Miss Kitchens and the try-outs will be held in late February.

The seventh and eighth basketball boys and girls had their pictures made last week. Some of us managed to smile!

Mrs. Burks is really on the ball. We have had three tests in the last two weeks in Social Studies! Boy! Talk about problems! Now we are memorizing in order, the thirty-seven presidents. A few of us have been getting good voice lessons since she discovered a song to help us memorize them! It's rather amusing, however. With Mrs. Burks, anything can happen!! Not really, Mrs. Burks, you're a great teacher!

## Boy Scout Bus Fund Growing

The Boy Scout bus fund started in early December is growing slowly according to Billy H. Stewart, bus committee chairman.

A rather large boost was made recently when two local farmers donated bales of cotton to the fund. The Rotary Club has also made a substantial contribution.

Buses are going now for a premium. A bus dealer in Seminole, who deals only with churches, quoted prices far beyond the practical limits of the committee.

A bus has been spotted in an area town, however, that looks promising and at a reasonable price. Committee members were to investigate this week.

The fund now stands at slightly over \$600. The bus committee feels that twice that figure at least is needed.

Interested people who wish to help out should contact Bill Stewart or any of the troop committee members.

Donations are tax deductible depending upon the type of return filed.

## T-Bars Annual Meeting Feb. 7

T-Bar Country Club will have its annual membership meeting on Thursday, Feb. 7, at 8 p.m. in the club's party house. All club members and wives and anyone interested in joining are urged to attend.

New directors and officers will be elected, a financial report made, and other club affairs discussed.

Two new directors are to be elected to succeed Gene McKee and Freddie Keith. A nominating committee has proposed the names of Kent Shepherd, Ronald Clemmons, Gayland James, and John Curry. Other nominations may be made by members from the floor.

Holdover directors are G.W. White president; Robert Harvick, Mrs. James Brookshire, Frank Hill, and Walton Terry. Mrs. Bill (Eloise) Griffin is secretary.

The club is having the pro shop re-painted, and the Ladies Golf Association is having new carpet laid on the pro shop.

**Stomach Upset by Gas and Acid?**

Di-Gel® with Simethicone quickly relieves both acid and gas.

This unique discovery breaks up and dissolves trapped gas bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

### PUBLIC NOTICES

Notice is hereby given that Atmospherics Incorporated, 5652 East Dayton, Fresno, California, 93727, who holds License Number 2 of the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District located at P.O. Box 869, Big Spring, Texas, 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling, and Coke.
2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Hiway 87 in a northwesterly direction to Lamesa, thence north-northeast on Hiway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden and Scurry Counties on Hiway 84; thence southeast along Hiway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Silver in Coke County; thence south-southwest to Hiway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Hiway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be Thomas J. Henderson, Atmospherics Incorporated, Fresno, California, during the period from April 15, 1974 to October 15, 1974.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint to the Texas Water Development Board, P.O. Box 13087, Capitol Station, Austin, Texas 78711. Signed: Thomas J. Henderson, President Atmospherics Incorporated

**Arthritis Sufferers: WAKE UP WITHOUT ALL THAT STIFFNESS!**

New formula for arthritis minor pain is so strong you can take it less often and still wake up in the morning without all the pain's stiffness. Yet so gentle you can take this tablet on an empty stomach. It's called **Arthritis Pain Formula**. Get hours of relief.
