HEWLETT HONORED--Shown above are Dr. Prohl, District Governor nominee, as he presents "Pete" Hewlett with a plaque honoring him last week at Rotary Club meeting. Mr. Hewlett resigned as club officer last fall because of ill health after having served as treasurer since 1962.

Rotary Honors "Pete" Hewlett

P. "Pete" Hewlett, long time club treasurer and Lynn County educator, was honored by Tahoka Rotary Club during a special program at the meeting last Thursday noon.

Mr. Hewlett, who lives in Wilson and is the current county superintendent, resigned as club officer last fall because of ill health after having served as treasurer since 1962.

Dr. Emil Prohl gave the talk honoring Mr. Hewlett, telling interesting and humorous incidents of his life as a child up until today.

He said "Pete" graduated from high school at age 14, attended John Tarleton College a year, bought his first pair of long trousers and took his first teaching job at Sims Valley. Coming to West Texas in the 1930's, he taught in Hockley County and Ackerly. In between, he continued his education at Texas Tech, from which institution he holds B.A., B.S., and M.A. degrees.

After serving in the armed forces during World War II, he became school superintendent at Southland and served there until 1947, then headed the Wilson schools from 1947 until 1957, when he retired. When Mrs. Jolly resigned as County Superintendent in 1959, he was

appointed by the Commissioners to fill out her unexpired term and has held the office up to now. Because all the county schools are now independent districts, he was a leader in petitioning the Texas Legislature to abolish the office at end of his current term as a possible money saver to taxpayers.

A life-long bachelor, "Pete" raised several boys, his house was a home for a number of other youngsters who could not attend school without a place to live, and he has given help and encouragement to hundreds of other young people.

Special guests at the meeting included his secretary, Mrs. Teddie Kelley, his brother, Harry Hewlett of Wilson; Bruce Hewlett and Walter RaySteen, also of Wilson; and Karl Prohl of Port Arthur, brother of Dr. Prohl. The honoree was presented a plaque by John Wells, club president. Following the meeting, there was a social period during which a special cake baked in honor of Pete bearing the Rotary emblem was served.

Tahoka Daisy Cards On Sale

The Tahoka Daisy post cards are receiving favorable comment from a wide area, states Mrs. Mable McGinty, Chamber of Commerce secretary. She has had several requests for the cards from people in distant towns.

Joe D. Unfred of New Home is responsible for the cards being made available to the public, since he made the color photographs and had the cards printed.

To promote the town and county, citizens are urged to use the cards in their correspondence.

They are available at both drug stores, the variety store, motel and hospital in Tahoka and also at New Home stores. Two months ago, First National Bank included one of the cards in each bank statement mailed out.

Bob Murphey To Speak At Banquet

Bob Murphey, a Nacogdoches attorney, will be the banquet speaker for the Tahoka Chamber of Commerce at 8 p.m. February 21 at the school cafeteria.

Murphey has served in the past as Sergeant at arms in the Texas House of Representatives. He was a wartime Merchant Marine Officer, a ranch hand, and has served as a county attorney as well as district attorney.

He is known for his clean humor, country philosophy and down-to-earth logic. Tickets are \$5 each and can be purchased at the Chamber office or from any one of the Board of Directors.

LOCAL
Jack Dakour, Tahoka Department Store owner, has recovered from surgery and will continue in business as usual. He is looking forward to seeing you.

Troy Patton Named Hospital Administrator

Troy L. Patton has taken over the duties of Administrator of Lynn County Hospital District.

Patton was Administrator of Richards Memorial Hospital in Paducah, Texas, 18 months before coming to Tahoka. Prior to this he was employed by Crown, Cork, and Seal Mfg. Co. in Ft. Worth, Texas.

Patton, who started to work here February 1, is 26 years of age, single, and is presently living in the apartments on Lockwood. He is a member of the Baptist Church.

Patton grew up on his father's

farm in King County, graduated from Guthrie High School, and attended Texas Tech. In 1971 he graduated from West Texas State University with a Bachelor of Business Administration Degree. At the time he left Paducah he was President of the Red Cross Chapter of Cottle and King Counties.

Patton states, "I feel very privileged to have the opportunity to assume the duties as Administrator of this hospital and work with the people of Lynn County. The warm welcome I have received in Tahoka will always be remembered."

EAGLE SCOUTS--Shown above are Lynn Henry, Randy Gurley and Curtis Stewart observing an Eagle Scout badge. The boys will receive their badges at an Eagle Court of Honor Friday night. This will be the first time three Tahoka Scouts will receive the Eagle at the same time.

Boy Scout Court of Honor Scheduled

February 8 is National Boy Scout Day and local Scouts of Troop 721 have big plans.

Activities for the day will begin at 6:45 a.m. with a Father-Son breakfast at the cafeteria. Some awards will be presented and a report on the bus program will be given by bus chairman, Bill Stewart. Fee for the breakfast will be \$1.00 per plate for pancakes and sausage.

An Eagle Court of Honor has been scheduled for Friday night at 7:30 p.m. at the Methodist Church. For the first time ever, three Tahoka Scouts will be receiving Eagle at the same time. It is also the first time Tahoka has had any Eagles in over a decade.

Dick Daniels, Field Director for the South Plains Council, will be Court of Honor speaker. Scoutmaster, Ed Redwine will give the Eagle Charge. A reception will follow the ceremony in the Fellowship Hall.

The public is invited to attend

the ceremony.

The three Scouts receiving the honor are, Randy Gurley, 17, son of Mr. and Mrs. W.W. Gurley, Lynn Henry, 16, son of Mr. and Mrs. Jacky Henry and Curtis Stewart, 14, son of Mr. and Mrs. Bill Stewart.

Randy was chosen Honor Scout for the Quanah Parker District and will help represent the Council at the Annual Report to the Governor in Austin on February 9.

Scouting is on the upswing in Tahoka. Twenty-two boys re-registered for 1974 and more are expected to join.

A bus has been secured and is currently being overhauled, hopefully in time to transport the Troop to Camp Post for the Winter Camporee, Feb. 22, 23, and 24.

Summer Camp Reservations have already been made for Camp Tres Ritos in New Mexico.

A rifle and shotgun shooting program has also been scheduled for spring.

Percheron Was First Postoffice

(By Frank Hill)

Percheron, not Grassland, was the first post office in Lynn County.

This fact was called to the attention of the writer by Mrs. Lou Rusk as a result of a story in a recent Avalanche Journal by Tanner Laine. Actually, this writer had previously written that Grassland was the first Permanent post office on the lower South Plains.

Percheron post office, located near present Wilson on Major W.V. Johnson's Dixie Ranch, was established in a dugout on March 14, 1888, and was discontinued on May 17, 1890, and its mail forwarded to Grassland. Grassland post office had been established by Enos L. Seeds on Jan. 12, 1889, and was continued until May 7, 1900.

Major Johnson had the Magnolia (MK) ranch in Borden County, but wirecutters had almost put him out of business there. In 1887, he bought four leagues of Wilson County school land in Lynn County, acquired some other scattered sections of land and leased 18 sections from the state at four cents an acre. Part of his grazing land ran to within 12 miles of Lubbock. His son, Geo. W.

Johnson, was the postmaster.

The ranch operation fell on hard times, and on May 14, 1902, Major Johnson sold most of this land he owned to S.A. King and W.R. Clifton of Waco for \$2,101.00 on the condition these men pay off notes to God-air Commission Company at National Stock Yards, Ill., on June 1, 1902, for \$7,340.00. Included in the deal were 620 head of stock.

The late Mrs. John F. (Josie) Standefer of Wilson told this writer that one year George Johnson, the Percheron postmaster, brought his wife, Ludie, down to the ranch from Hannibal, Mo.. Evidently, she was not pleased with the lonesome ranch life and once declared she "would go to Hell with anyone who would pay her way."

Blanchard Announces Candidacy

Veteran State Senator H. J. 'Doc' Blanchard of Lubbock, today announced his plans to seek reelection

H. J. DOC BLANCHARD

charged as a first Lt. in July, 1946.

After the war Blanchard entered Texas Tech University and was graduated with a B.A. degree in government and economics. In 1951 he was awarded an LLB from the Southern Methodist University Law School where he served as president of the student bar association and editor of the S.W. Law Journal. He entered private law practice in Lubbock, in January, 1952.

Blanchard was first elected to the legislature in 1956, being reelected to the Texas House of Representatives in 1958.

He was elected to the Texas Senate in 1962 and has continually served there since that time.

During his service in the Senate Blanchard has chaired the Labor and Management, Nominations, Insurance, and Economic Development Committees. He is currently serving as Chairman of the joint House-Senate Legislative Property Tax Committee. He is also a member of the Executive Committee of the National Conference of Insurance Legislators.

He is active in civic affairs in both Lubbock and Austin.

His wife is the former Mary Thomas of Lockney; they are the parents of four sons and a daughter. (Adrienne, Jeff, John Ben, Hank and Cliff). The Blanchards are Methodists.

New Home Methodist Church Has Dedication

Dr. Alsie Carlton

Dr. Alsie H. Carleton, Bishop of the Northwest Texas and New Mexico Conference of the United Methodist Church, will dedicate the church and bring the evening sermon. Dr. Clifford E. Trotter, Superintendent of the Lubbock District of the United Methodist Church, will assist in the note burning and dedication service.

The New Home United Methodist Church, of New Home, Texas, will have a service of dedication this Sunday, February 10. The time of the dedication service will be 6:00 p.m. and a covered dish salad supper will follow. Friends and the general public are invited to attend both the dedication service and the fellowship that follows.

Carolyn Haley Says...

Most Americans don't eat enough vegetables, says one expert.

Dietitians advise families to eat more of these vital foods. Some advantages of eating vegetables include healthy eyes and skin, greater resistance to infection and better blood and elimination. This stems from the fact that vegetables are one of nature's main storehouses for vitamins and minerals.

If properly handled and prepared, most vegetables supply an abundance of vitamin A—plus iron, calcium, phosphorus and vitamin B. Some raw vegetables also contain vitamin C.

Remember though, proper preparation is necessary to prevent vitamin and mineral loss. For example, cook vegetables for short periods of time in small amounts of liquid.

Also remember that losses of vitamins A and C occur when vegetable tissues are bruised. To prevent this, use a sharp blade when trimming, cutting or shredding fresh vegetables.

Your family can then get vitamins and minerals from vegetables, instead of buying them

under a brand name at a higher price.

Don't be afraid to experiment with cooking—your family may learn to enjoy eating vegetables.

RECIPE OF THE WEEK

Bacon-Bits Green Beans
3 bacon slices, diced
2 tablespoons minced onions
one-third cup wine vinegar
1 1/2 teaspoons dill seed
1 1/2 teaspoons seasoned salt
2 9-oz. pkgs. frozen French-style green beans, partially thawed
About 30 minutes before serving:
In a small skillet over medium heat, fry bacon and onion until both are limp. Stir in vinegar, dill and seasoned salt; simmer, covered, 20 minutes.

Meanwhile, in only 1 cup water, cook beans as label directs; stir in bacon mixture. Makes 12 servings.

Cotton Harvest Nears Completion

Cotton ginning, sampling and classing continued to decline as the harvest neared completion, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Most field operations are now confined to picking cotton up from the ground. Most cotton remaining to be ginned is stored in ricks in the counties east and south of Lubbock. Ginning, sampling and classing are expected to continue on a limited scale for some weeks due to the volume of this ricked cotton remaining.

Due to the decline in harvest activity, the U.S.D.A.'s seasonal classing offices in Brownfield and Lamesa closed during the past week. All cotton remaining to be classed from the territories served by the Brownfield and Lamesa offices will be classed at the permanent U.S.D.A. Classing Office at Lubbock.

The U.S.D.A. Classing Offices at Lubbock, Brownfield, and Lamesa tested and classed samples from 50,000 bales during the week ending Friday, February 1st. This brought the total for the season to 2,425,000. This is far ahead of the volume at this date last year when samples from 1,445,000 bales of the 1972 crop had been classed.

Quality of cotton continued excellent and this crop is one of the highest quality crops ever produced on the South Plains.

Grades 31 and 41 continued the predominant grades at Lubbock, making up two-thirds of all cotton classed. Grade 31 made

up 16 percent, Grade 41, 51 percent, Grade 32, 10 percent and Grade 42, 9 percent.

Staple length improved from the previous week as a high percentage of the cotton being classed was harvested weeks ago and stored in ricks. One-third had a staple length of 31, 27 percent stapled 32 and 17 percent stapled 33.

Micronaire readings continued excellent. Seventy-eight percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9 and 3 percent was in the high micronaire range of 5.0 to 5.2.

The Agricultural Marketing Service of the U.S.D.A. reported limited trading on the Lubbock market during the week ending Friday, February 2nd. Prices were \$30.00 to \$45.00 per bale lower than the previous week. Typical lots were selling in the price range of 40 to 55 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30-50.65 cents per pound, Grade 31, Staple 31-55.40; Grade 31, Staple 32-60.40, Grade 41, Staple 30-49.70, Grade 41, Staple 31-54.25 and Grade 41, Staple 32-58.95.

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

The failure of the National Cotton Council Board of Directors and the Producer Steering Committee of the Council to oppose the lifting of U.S. import quotas on raw cotton "in no way affects" the position of Lubbock-based Plains Cotton Growers, Inc., according to PCG President Ray Joe Riley of Hart. "Nor will it reduce our efforts to retain rigid import restrictions," he adds.

The Council's Producer Steering Committee, made up of NCC producer delegates, took a strong stand against relaxation of import quotas at its meeting in Dallas January 8. But that position was reversed at a subsequent meeting in St. Louis, Mo. January 28, reportedly as a means to secure a commitment from textile mill interests to stop exerting pressure on USDA for cotton export controls. The NCC Board is composed of representatives from all seven segments of the cotton industry, including mills, merchants, warehousemen, ginners, cooperatives, seed crushers, and producers.

"As an organization dedicated to looking out for producer interests on the High Plains and no other interests," Riley stated, "PCG continues to feel that restrictions on cotton imports, in addition to unlimited access to export markets, are vital to our well-being, and we will present testimony before the upcoming Tariff Commission hearings to that effect."

The Tariff Commission will hold hearings on the import quota issue February 7 and make its recommendations to the President soon thereafter. PCG's statement will point out the advantages that have accrued to the cotton industry and the nation from import quotas since their imposition in 1939, Riley said "and we will emphasize that lifting quotas, while serving no

useful purpose under present world supply-demand conditions, could wreck any government price support program for cotton that might be in effect at such time as world supplies exceed short term demand and cotton prices come crashing down."

The resolution adopted by the NCC in St. Louis authorizes the organization "to work for unrestricted sales of raw U.S. cotton in the world markets" and to "work with the USDA and the U.S. Tariff Commission in developing temporary suspension of import quotas, for a period not to exceed 12 months, which would provide the domestic mills access to grades and staples that are found in short supply."

"This puts all segments of the cotton industry on record as supporting the long-standing position of PCG and other producer organizations in opposition to export controls, which is good," Riley commented, "and if, in fact, import quotas were suspended only for 12 months and only on those cotton qualities in true short supply, perhaps the NCC action would prove justifiable."

"But in view of the danger that any suspension of quotas would become permanent rather than temporary, and because we fear the term 'short supply' would be rather loosely interpreted by Washington officials, PCG will continue to work against the relaxation of import restrictions in any way."

In England, France and Wales, it was thought that crawling under an arch of brambles would cure rheumatism, if the rheumatism would permit the crawling!

THE FAMILY LAWYER

Rights Of Grandparents

Do grandparents have a legal right to the companionship of their grandchildren? Consider the tale of woe brought into court by an elderly couple.

"Since our daughter died, relations with our son-in-law have gone from bad to worse. Lately he won't let their little boy come to visit us, or even let us go to visit him. Surely we have a right to see our own grandchild."

But the court refused to come to their aid. The court said that since the father had legal custody, he alone could decide whom the child should see.

This is the usual rule—that grandparents have no independent right, against parental wishes, to spend time with their grandchildren. However, courts have held the other way if the child's own welfare is clearly at stake.

For example: Custody of two little girls in a divorce case was awarded to their mother. At the time, she did not object to giving visitation privileges to the father's parents, since the children had a long and loving relationship with them.

Later, she changed her mind and tried to end these visits with the grandparents. But this time, a court ruled—for the sake of the children—that the contact should not be broken off.

"To have suddenly severed this close blood tie of love and affection," said the court, "might well have caused emotional disturbance."

Furthermore, there is always the possibility that grandparents can take over full-time custody by proving that the parent is no longer a fit person to be in charge.

Thus, in another case, the grandparents of a three-year-old boy were able to show that his mother was guilty of frequent intoxication and immorality.

The court switched custody to them outright. The boy would be better off not merely to visit, said the court, but to move right in.

Cattle Feeding Turns Down... Some Up, Some Down... Texas Poultry Value Increases.

It came as no surprise when the Texas Crop and Livestock Reporting Service noted that cattle being fed for slaughter as of January 1 is down in both Texas and the nation.

The number of cattle on feed in Texas totaled 2,205,000, down two per cent below a year earlier, three per cent below December 1 and five per cent below October 1.

Nationwide, cattle on feed were down six per cent below a year ago.

Placements are down 21 per cent from a year ago in Texas. Feedlot operators reported intentions to market 1,150,000 cattle between now and March 31. This would be 52 per cent of the number on feed as of January 1 and would be six per cent more than the total marketed during this period a year ago.

In the state, large feedlots--those with 1,000 plus capacity--numbered 233 and held 2,158,000 cattle on feed for slaughter. Of that number, 81 per cent reported cattle on feed, while the remainder reported their feedlots empty as of January 1. Capacity for all 233 feedlots showed a 71 per cent occupancy.

"Small" feedlots--those with less than 1,000 head--held 47,000 head.

Nationwide, there was a decrease of 15 per cent in the number of cattle and calves placed on feed October through December of last year. Anticipated marketings now through March are one per cent below those actually sold during the same period a year ago.

Official Texas medallion commemorating the United States Bicentennial

Bicentennial Texas Medallion Unveiled

Arlington--Mrs. Bill Hobby, president of the Bicentennial Association of Texas, Friday unveiled the official Texas medallion and logo for the United States Bicentennial observance at a news conference at the University of Texas at Arlington.

The obverse side of the medallion features the official emblem of Texas' Bicentennial observance. The converging arrows represent the ethnic groups that have come together for 200 years and longer to form the Lone Star State.

The reverse side of the medallion is a montage, dominated by a two-headed figure of man.

One face looks to the past and the heritage of a bountiful land. A shaft of wheat, a boll of cotton, a Longhorn steer and a derrick represent Texas' richest products... her natural resources.

Pride in the present is reflected in a gear for booming industry and commerce, a book for education and unlimited opportunity.

Man's forward face looks through an astronaut's helmet, with the land's bright future represented by an airliner and spacecraft.

Proceeds from the sale of the Texas medallion will go toward the production of "Texana," a major stage production authorized by a concurrent resolution passed during the 63rd session of the Texas Legislature. "Texana," our state government's contribution to the Bicentennial, will symbolize the 26 ethnic and national cultures represented in Texas.

Of the planned stage production, Governor Dolph Briscoe has said: "This will be a major production depicting the history, the accomplishments and the dreams of Texas and its people. It will be produced through the cooperative efforts of the outstanding talents we have available in our academic and professional communities."

Dr. Joe B. Frantz, a member of the American Revolution Bicentennial Commission (ARBC) of Texas, will be in charge of preparations for "Texana."

The Bicentennial Association of Texas, a non-profit private corporation, is an adjunct to the ARBC of Texas. The Association will be responsible for funding of "Texana."

A limited edition of the Texas medallion, in both fine silver and bronze, will be available this spring. Marketing will be by Century II, Ltd. of Austin under authority of the Bicentennial Association of Texas.

The medallion was designed by Jerry Tokola, Bob Stewart and Steve Parrino.

Nursing Home News

Jan. 28th

Corine Izard trying to get down a few happening of the home. We are doing just fine. Several have bad colds, but with the weather unsettled, what can we expect. Visitors are still plentiful and we are always glad to see our loved ones and friends, it gives us all news from the outside world.

My ulcer is doing o.k. My food intake has been increased so I am hoping by the time I go back for my x-rays February 26, I'll be on the road to recovery again.

Kayle Adams, Health Department Inspector, was by this morning for a cup of coffee and Troy Wampler, our maintenance man was here today to fix the ice maker and the dryer. We sure keep him busy repairing things. We also have electricians in the building today doing some additional wiring in the patient rooms so that we can get everything electrical plugged up and working. We also are having the entire building painted on the inside. The painters started their work Saturday. It is sure going to look nice when they get through. It will look so nice and clean.

Kay Dopson was here Wednesday. She took some of us shopping and did shopping for the ones who were not able to get out. The McFaddin's challenged her to 42 and man-oh-man were the dominoes on. So on Saturday Corine tried her hand. We have almost a daily round of 42 now with so many of us knowing how to play.

Roy Moreman is slowly mending, but was not able to be out of his bed yet and out of his room very little. J.B. Oliver is still in the hospital but reports are that he will be back with us sometime this week.

Mrs. Noble, one of our LVN's brothers is to have surgery. Sure hope he gets along o.k. and hope it is not too serious.

The Methodist Church brought our services this past Sunday which was well attended by the patients. Everyone sure did enjoy the message and singing.

Singing was good as usual. We did have visitors for singing. They were Mrs. Hubert Tankersley and her mother-in-law, Mrs. Permela Tankersley. We enjoyed having them very much.

Well, that seems to be all of the news for this week.

Lynn County News

Feb. 4

Corine Izard writing, as you well know. Our news got a little side tracked last week. Mrs. Price finally located it on her desk on Wednesday, but we will forgive her as she promised to do better if I just remember to remind her on Tuesday as we must have the news at the News office by noon on Tuesday in order for it to get in the paper.

Donna Schuknecht, the former Donna Hall, is back working as a nurses aide with us again. We are glad to have her back.

Mr. William Knight, one of the residents from the Post area passed away on January 29. Our hearts are with his family.

We have a new lady patient, Mrs. Bashie Peddy from Post. At the moment, it is keeping all the aides busy trying to keep up with her.

Mrs. McCord has not been feeling too well for the past few days.

She ate better today though so maybe she will be feeling better in a few days. Polly Mott and daughter, also Ruth Edwards came up for a visit with her. Lena Short and Willie Thomas are here almost daily to visit her and check on how she is feeling.

Dr. Wright has been here checking on his patients. Oliver Ford still has some pain from the boils he has been having, but is doing some better.

Corine is feeling o.k. She thinks her ulcer has been brought under control finally.

Mrs. Frankie Sargent from down close to Fort Worth, Mrs. Alice Phillips and Mrs. Ruby Harvick surprised Corine Thursday. Oh, it was enjoyable as these

ladies all worked together when Dr. Prohl and Dr. Thomas had their hospital operating years ago. Bill and Hellen Beggerstaff brought cake squares from Ginger Sterling Rainbow Installation Sunday. The patients all sure enjoyed them. Thank you Ginger, we all love all the nice things done for us.

Our visitors have been numerous this past week. We will not try and list them all.

The Sweet Street Baptist Church with Bro. Jones brought us our church services. Bro. Jones read scriptures from the book of Job about how Job suffered his trials but he continued to believe in God. He said we should do our best during our suffering as our Lord will in his appointed time take us to our rewards. So let's each suffer with a smile.

Kay Dopson was here Wednesday entertaining us with a birthday party. Cake and ice cream was served. The January birthday patients were Lillie Owens and Woodard Huffman.

Reports are that J.B. Oliver is doing much better and is able to be us some. We sure are glad to hear this. Mrs. Vivian Barnett, LVN, husband's back in the Lynn County Hospital once again. We will pray for his and Mr. Oliver's speedy recovery.

Singing was great as usual. I am sure sorry that Veta Ford had a bad cold last week and couldn't be here with us, but she was here this Monday singing great as usual. Mrs. Zela Taylor, one of our old singers was here with us. We sure enjoyed having her.

Mrs. Slover's Brother Dies

Mr. William Henry Harrison Rector, 77, died at 2:30 a.m. Sunday, January 27, at Donald Sharp Hospital, San Diego, California, after suffering a stroke and heart attack. He was born February 25, 1896 in Boone Co., Missouri, near Columbia.

Mr. Rector moved with his family as a youth to the west, having lived in New Mexico, Nevada and California. He was a retired deputy sheriff of Los

Angeles Co., California, where he served several years as desk sergeant, a cattle rancher and real estate broker.

Graveside services were held Wednesday, January 30, at 2 p.m. at Forest Lawn Memorial Park, Glendale, Calif. Rev. Jerry Riffe of San Diego officiated.

Survivors include his wife; a stepson, Don Thompson of Hemet, Calif.; one sister, Annie Slover, Tahoka; one brother, George Rector, Monterey, Calif.; a step-granddaughter; two nephews and three nieces and other relatives.

Mrs. John Slover (Annie Rector Slover) and her son, Claud Slover of Midland, Texas, flew to San Diego Tuesday, Jan. 29, for her brother's funeral and returned to Midland Friday, Feb. 1 after a short visit in Monterey, Calif. with Mrs. Slover's younger brother and family.

School Transfer By May 1 1974

Parents who wish to transfer children from their home school district to another area for the 1974-75 scholastic year should make necessary application to the receiving district by May 1, 1974. Leon R. Graham, Texas Education Agency assistant commissioner for administration, announced Thursday, January 31.

The May 1 deadline for requests will enable school districts to file summary reports to the Texas Education Agency by May 15, Graham points out.

These reports will be reviewed by the Agency to make sure none of the transfer requests violate U.S. District Court Order 528 issued by Judge William Wayne Justice in Tyler on April 2, 1970. Under this order, any transfer of students from one school district to another must not change the racial or ethnic balance in either the home or receiving district by more than one percent.

If the balance is altered by more than one percent, the transfers will be denied, Graham added.

Methodist Women Plan Meetings

Faith Circle of United Methodist Women met Monday, February 4, to plan the program for the year. The meeting opened with a devotional by Mrs. Walter Mathis.

It was decided that meetings will be held on second and fourth Mondays except when a study is in progress and then the meetings will be on consecutive Mondays.

The first programs will be based on the book "The Healing Fountain" by Betty Thompson which will help prepare us in thought for the church-wide revival that is to begin on March 17. The first program will be presented by Mrs. V.F. Jones.

World Day of Prayer will be on March 1. All women of the church should keep this date in mind.

The meeting closed with the Circle prayer. Fourteen members were present.

A SHORT REPORT

BY REP. E. L. SHORT

3,000 signatures were given to Atty. Gen. John Hill urging that inmates be allowed to testify before the House-Senate Committee on Prison Reform.

Pro and con witnesses, representatives of the Texas State Teachers Association have asked that (all) state aid to religious schools, both public and college level, be prohibited.

Over 100 proposals have been introduced to the Constitution. A proposal is a major change. Amendments will begin when the Convention is called to order. Several hundred are expected.

Many small towns say they need home-rule charters. Only those 5,000 or more can presently have them. My Local Government Committee will probably recommend that any city with 600 or more will be permitted home-rule.

Home-rule charters for counties is in limbo--mostly because no one can agree where county power will end and cities' prevail.

Judiciary-It has been recommended that Municipal Judges be elected (elections can certainly do no harm.) The issue of election vs appointing judges was being discussed. Judge Roy Bennett (Andrews) said I can see nothing wrong with a man shaking a few of his neighbors hands and kissing a few babies. The county judges of Borden, Martin, Gaines, and Dawson echoed these same sentences.

In General Provisions Section is a provision regulating the practice of medicine. Texas Medical Association stated "we want what is best for the health care of Texas"--A chiropractic person stated "it's difficult to understand why the medical profession

should be the only profession singled out to be regulated by the Constitution."

In the Legislative Section-business consultant Conrad Dupree said with higher pay for legislators--"you are going to get career people that can't make a living doing anything else." "We do not need professional life-time politicians." Also heard several proposals to lower the minimum age for lawmakers to 18.

Education did adopt a section calling for an elected State Board of Education.

Common Causes' so-called "peoples" lobbyist Tuesday reported its opinion survey showed 58 per cent of 370 people questioned over the state want to divert some of the road building funds to public transportation. Considerable testimony was given on the strength of this poll.

25 House Members are not seeking re-election--most are conservative and most stated "because of low salary."

Senator Henry Jackson said fuel rationing can be expected--I contend we are already under a rationing program because our dealers are all allotted on gasoline and diesel--this form of rationing is not working in the best interest of agriculture and rural Texas and until some stable priorities are issued from Washington, we will continue to have a dilemma.

Yoakum County has been in need of fuel for several weeks for road maintenance and repairs.

Visitors in the Capitol last week were County Judges Marcus Crow of Gaines; Carrol Yater of Martin; Roy Bennett of Andrews and Leslie C. Pratt of

Dawson. Student employees working last week in the Austin office were Stephanie Fuhrman (State Slide-rule Champion) and Angela Reece (State Number-Sense Champion) of Andrews.

Production Credit News

Spiraling costs on the agricultural economic scene were emphasized in this area today when Lubbock Production Credit Association reported its stockholders borrowed almost \$65 million in 1973--\$18.4 million more than in 1972.

Alton Strickland of Lubbock, the association's president, said the dollar increase represented more than a 39 percent annual growth for the PCA.

Strickland noted that alleviation of the subsidy programs for agriculture and encouragement of a 15 percent production increase pointed to even greater money needs in 1974.

"In addition, fuel and energy in all forms are going to cost more," the president predicted. "We are confident that adequate credit for production agriculture will be available in 1974," Strickland said, "but because of higher cost of money and inflationary pressures, the price may be higher."

In 1973, Lubbock PCA with its 31 sister associations which make up the Texas PCA System, loaned more than \$1.4 billion. Lubbock PCA's charter territory includes Cochran, Crosby, Gaines, Garza, Hockley, Lubbock, Lynn, Terry and Yoakum counties.

Lubbock directors are C.E. Hicks of Meadow, Cleve Littlepage of Tahoka, A.B. Roberts of Littlefield, Dewey E. Wells, Jr. of Ralls and Keith Young of Seagraves.

Grant Approved For SPCA

Congressman Omar Burleson announces approval of a \$26,739 OEO grant to the South Plains Community Action Association, Inc. serving Garza, Lynn, Bailey Cochran, Hockley, Lamb, Terry and Yoakum Counties.

The grant will run for three months, beginning March 1, 1974, and will provide for the administration and management of the community action agency for outreach and referral programs to locate, identify and refer needed services to low income individuals and families. Services provided will be in the areas of health, housing, education, manpower and community development.

T-Bar Membership Meeting Thursday

All members of T-Bar Country Club are urged to attend the annual meeting this Thursday night, 8 p.m., at the club party house for the purpose of electing new directors and officers.

Terms of directors Freddie Kleith and Gene McGee expire at this time, and a nominating committee has presented the names of Kent Shepherd, Ronald Clemmons, Gayland James, and John Curry for consideration. Other nominations may be made from the floor.

G.W. White is club president, and Mrs. Eloise Griffin is secretary.

Refreshments will be served during the social period.

AROUND TOWN

BY LEONA WALDRIP

CALL 998-4496

Returning to her home on Monday, Mrs. Irene Garrison spent several days last week in Lamesa with her sister, Mrs. Nina Mayes.

Mrs. George Henry has been spending a few days in town with her sister-in-law, Mrs. Red Henry. Mrs. Henry still maintains home on the farm and has recently been having some major repairs done on it.

Shopping in Lubbock on Friday were Zella Taylor and Gladys Cobb.

Thelma Dewbre spent Thursday with her daughter's family, the Don McKibbens, in Lubbock.

Another Tahoka "boy" made the headlines in Lubbock last week, when Froy Salinas, an insurance agent, announced that he would be a candidate for state representative in Lubbock's new District 75B. Salinas grew up in Tahoka graduating from high school here and also attended Texas Tech. A later news item, after the U.S. Supreme Court granted a stay on the court decision ordering seven counties reapportioned, Salinas stated he did not choose to run.

Mrs. E.J. Tanner has been in Lynn County Hospital for two weeks, after having suffered a heart attack.

After being in Lubbock Hospital, Mrs. Faye Thayer is back home at Golden Manor

Mr. and Mrs. Pete Curry of Ft. Worth came Monday and spent a week with his mother, Mrs. Wiley Curry, who is improving at her home. She is confined to a wheel chair most of the time. The Currys were accompanied to Tahoka by her mother, Mrs. Sargent, who formerly lived here. She will be remembered as a nurse at the old Tahoka Hospital and Clinic. They returned to Ft. Worth Sunday.

Mrs. Irma Jenkins of Abilene visited her mother, Mrs. Mary Cunningham Saturday and Sunday.

I visited Thursday in Lubbock with my sister, Leta Brown, who is recovering from a fall down a flight of stairs 4 weeks ago. She is undergoing therapy treatments daily and steadily improving.

Mrs. Dewayne Schuknecht, who has been employed at Star Drive-In, is now working at Colonial Nursing Home.

Virginia's Beauty Shop on South Sweet Street is sporting a new sign.

Mr. and Mrs. Clyde Thomas have recently moved in an old house and remodeled it, located on the by-pass about South 3rd St. They plan to live there and try "city" life for a change.

Miss Gladys Hackett is able to be back home after her recent stay in the hospital.

Twenty women from First Baptist Church were in attendance when WMU met in the home of Mrs. John Roberts on Monday afternoon. President, Mrs. Jim Adams presided at the short business session. During the remainder of the hour, Mrs. Dorothy Kenley began a review on the book "Angels, Angels, Angels". She expects to finish it in two or 3 more sessions. If you missed the first session there is plenty of time to get involved and it will be time well spent. The hostess served lovely refreshments of prune cake, coffee and hot tea.

Several Rebekahs plan to attend the "Plains Association of Secretaries, Scribes, and Clerks" to be held in Levelland Sunday.

Mr. and Mrs. Hubert Davis of Floydada were recent visitors in the home of his sister here, Beula Atkins.

The E.B. Galters recently returned from a month's visit with his brother, Jimmy, in Vancouver, Washington. Jimmy is suffering from a terminal illness, but was doing well when they left. The Galters stayed only a few days at home and went for a visit with a daughter and family in San Antonio. They returned on Monday this week.

Mr. E.H. Cunningham remains a patient in Lynn County Hospital.

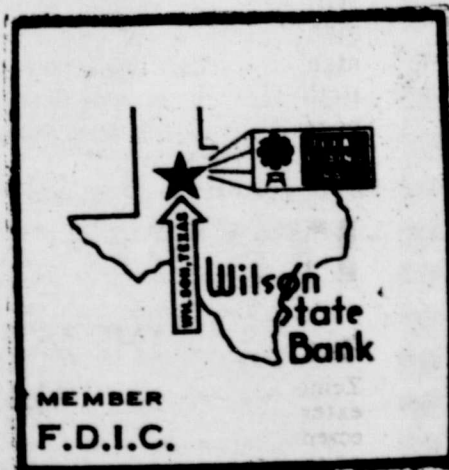

LETTER TO EDITOR

Dear Editor:

There was a mistake as to who gave the beautiful wall clock to our nursing home at Christmas. It was given by the Joe Stokes Home Demonstration Club, which Mrs. Virginia Dulin is president of.

Now that the holidays of '73 are over, let's not forget these patients. I'm convinced that Colonial Nursing Home service today is of bigger value than ever.

The administrator and entire staff work hard to give these residents the correct nursing care and it is a rewarding thing to help with this. From one who knows and loves each one--Leo Dulin

THE MOON ROVER--A model unmanned Moon Rover shown in action in this "fish-eye" time exposure demonstrates one method of harnessing the tremendous energy in sunlight. It is one of nine science-in-action demonstrations in General Motors live science show "Previews of Progress" now appearing in this area. The ten button-like solar cells on the model convert light into electrical energy to move the model vehicle. A 300-watt lamp simulates the sun. The admission-free, non-technical Previews presentation spotlights the many vocational and career opportunities available in science and engineering and appears before more than one million students and adults each year.

General Motors To Sponsor Show

Local students will get a peek at the future when General Motors "Previews of Progress" research-in-action science show appears at Tahoka High School at 10:00 a.m. and Tahoka Jr. High School at 2:00 p.m. on Tuesday, February 12.

The non-commercial show, according to General Motors President Edward N. Cole, "seeks to inspire more student interest in science, engineering, and related technical and vocational careers to provide the trained talent America needs to keep pace with the promise of the future." "Previews of Progress" de-

monstrations depict work being done today in America's research laboratories and point out the contributions of research to modern living. A two-man team narrates the live show in non-technical language.

More than 31-million students and adults in the United States have seen Previews since 1946. Millions more have seen the GM show in Canada and 25 foreign countries, including special presentations made overseas at the request of the U.S. Department of Commerce.

Featured in the show are two energy conversion demonstrations which show how gas turbine

engines and solar cells can be used as alternate power sources. Solar cells change sunlight into usable energy. Students also will be shown recent developments aimed at solving air and water pollution problems.

Another demonstration uses a laser beam to translate the sounds we hear into visual patterns of light.

In all, students will see nine examples of research-in-action.

Previews has received wide acclaim from educators and civic organizations for its efforts in encouraging more student interest in technical career opportunities.

stitutional law, familiarizing himself with some of the issues under study, attending and reporting directly to Representative Short the proceeding of important committee hearings, and general staff duties.

Representative Short has invited the 27 schools of his district to send interested high school seniors to Austin during the Convention. This is the first Constitutional Convention in Texas since 1875 and the document, if adopted by the delegates and accepted by the voters, will provide a new, revamped basis for Texas State Government.

Warren commented, "Through Representative Short's program for high school seniors, I have learned a great deal concerning the government of our State. The experience gained from observing the law-making process, especially the Constitutional Convention, has been tremendous. It has helped me to better understand our state politics."

An Irish tramp approached a prosperous looking individual one day, soliciting alms. When he saw the man put his hand in his pocket the tramp cried out, "May the blessing of God follow you all your life." But when the wealthy one pulled out only his handkerchief, the tramp immediately added, "... and never overtake ye."

HONEY CHOCOLATE CAKE (For Your Valentine)

- | | |
|---------------------|----------------------|
| 2/3 cup shortening | 1/2 tsp. salt |
| 1 cup honey | 1/2 tsp. soda |
| 2 eggs | 2 tsp. baking powder |
| 2 cups sifted flour | 3/4 cup buttermilk |
| 1/2 cup cocoa | 1 1/2 tsp. vanilla |

Cream shortening. Continue beating while slowly adding honey. Beat in eggs one at a time. Sift together three times flour, cocoa, salt, soda, and baking powder. Add to creamed mixture alternately with buttermilk and vanilla. Place in two 9-inch greased and floured pans or two heart-shaped greased and floured pans. Bake at 350 degrees for approximately 30 minutes. Let cool and top with favorite frosting. For special effect use a basic cream frosting tinted pink. For additional recipes write John C. White, Commissioner, Texas Department of Agriculture, P. O. Box 12847, Austin, Texas 78711.

AND Sidelights
by Bill Boykin

AUSTIN, Tex. — A total of 332 separate proposals have been submitted to the Constitutional Convention.

Last day for filing the recommendations for individual or wholesale revisions of the constitution brought the expected outpouring.

Each has been referred to an appropriate committee for study and processing before consideration on the convention floor.

Delegates who wish to submit proposals in the future must get permission of two-thirds of their colleagues.

Meanwhile, the convention has progressed through preliminary approval of the preamble and Bill of Rights — with no changes over the old constitution.

Next article to get floor consideration this week will be rights and suffrage.

At least two controversial items in that article are a provision allowing a property ownership requirement for voting in bond elections and

denial of voting rights to felons.

Another recommendation of the rights and suffrage committee would provide a constitutional requirement for a secret ballot. There is now no such requirement in Texas although courts have held secrecy must be maintained.

TAX FORMULA APPROVED — The Legislative Property Tax Committee approved a modified version of the Texas Research League's proposal to gather data for a new school finance formula.

House Speaker Price Daniel Jr. had urged rejection of the plan, which El Paso Rep. Luther Jones charged was slanted in favor of big business.

Jones later asked Daniel to order an investigation of the Research League.

He objected to state reliance on the privately-financed League for assistance in tax studies. Seven such studies have been done by the organization since 1964.

ELECTION RULES CHANGED — As the Monday filing deadline for candidates neared, Secretary of State Mark White Jr. reminded of new election requirements.

He told candidates they must designate campaign managers before they accepted any political contributions or make any election expenditures, including filing fees.

Designations of the managers must be filed with the Secretary of State for candidates seeking offices involving more than one county. County clerks receive the designations for one-county positions or those within a county.

DREDGING POLICIES APPROVED — The Parks and Wildlife Commission under a new regulation can cancel licenses of shell dredgers who cause silting over live oyster reefs.

Another recently-approved policy to protect coastal and inland wetlands expands control over spoil dumping from dredging.

COURTS SPEAK — Attorney General John Hill sought a stay of a single-member district plan ordered by a three-judge federal court for seven Texas counties, pending appeal.

The court reversed an earlier decision to allow filing in the districts until February 18 and left the deadline at

February 4. It also eliminated residency requirements in the districts for this year's election in Tarrant, Travis, Jefferson, McLennan, Nueces, El Paso and Lubbock counties.

The State Supreme Court held that, once a couple signs a sales contract on their home, they must go through with the deal.

APPOINTMENTS — Governor Dolph Briscoe appointed Jerry Spencer Davis of Campbell as 196th district attorney in Hunt County.

Other recent Briscoe appointments include: Dr. J. R. Maxfield Jr. of Dallas and Dr. Ben Dubilier of

Austin to the Radiation Advisory Board; W. Clyde Freeman Jr. of Bryan to the Texas State Board of Public Accountancy; Mrs. Joe DeWitty of Dallas and Dr. Harry George Henricks of Beaumont to the Governor's Energy Advisory Council;

Dr. Morris E. Bloodworth of Bryan and Dr. Harold E. Dregne of Lubbock to the State Seed and Plant Board; Alvin G. Davidson of Fredericksburg to the State Board of Public Accountancy; Edgar H. Burton of Lufkin and Jack M. Dubose of Gonzales to the Egg Marketing Advisory Board;

Gus T. Canales of Pre-mont to Nueces River Authority; C. E. Knolle of Sandia and Byford W. Bain of San Antonio to the Dairy Advisory Board; Hayden A. Albert of Austin to the Polygraph Andrews of Houston Andrews of Houston and Richard Reyes of San Antonio to the Texas Southern University Board of Directors.

Briscoe appointed 61 to standing committees of the Interstate Oil Compact Commission for 1974.

Attorney General Hill re-appointed Stuart Long of Austin to the School Land Board.

STUDY VIA TELEPHONE — Wonders never cease in the modern world of communications. A Texas university professor conducts regular classes via the conference telephone call. A recent class lecture on migraine headaches was heard over the telephone by 58 persons and the class lasted 2½ hours.

SHORT SHORTS
A consulting firm has been hired on a \$55,000 contract to help reorganize and streamline the 600-employee State Board of Insurance.

A number of state agencies have moved Austin offices to a new block-square Stephen F. Austin building north of the capitol.

Texas Water Rights Commission approved a \$55,000 bond issue for Cameron County Water Control and Improvement District 10.

State Rep. John W. Bryant, 26, is the legislature's newest member. He won a special vacancy election, and is now installed as a delegate to the Constitutional Convention.

All members of the State Board of Education must run for election this year from congressional districts. Attorney General Hill held in a recent opinion.

A special committee has been named by House Speaker Daniel to study feasibility of bringing about uniformity in ad valorem tax appraisal, assessment and collection.

Legislators are pushing for special session action to take Texas off year-around Daylight Savings Time.

Package Tours of Texas were put on the international market by Texas Tourist Development Agency and Gray Line Tours.

Air purification devices will be installed in Constitutional Convention Hall to filter away the cigar and cigarette smoke that bothers some delegates.

* Card of Thanks

Thank you for all kindnesses shown to us since Lane's surgery. Your prayers, concern and cards helped us throughout this time. We also want to thank those who helped us in getting our cotton to the gin, before we went to Houston. Also thanks to those who tended to things, while we were gone.

God bless all of you.
Wayne, Loretta, Lane, Mark and Melanie 6-ltc

OPEN ADMISSION POLICY STATEMENT

It is the policy of the Colonial Nursing Home of Tahoka to admit and to treat all residents without regard to race, color, creed, or national origin. The same requirements for admission are applied to all; and residents are assigned within the Nursing Home without regard to race, color, creed, or national origin. There is no distinction in eligibility for, or in the manner of providing any resident service provided by or through the Nursing Home. All facilities of the Nursing Home are available without distinction to all residents and visitors alike. All persons and organizations that have occasion either to refer residents for admission or to recommend the Colonial Nursing Home of Tahoka are advised to do so without regard to the residents race, color, creed, or national origin. Equal opportunity without regard, to race, color, creed, or national origin is also the policy in the hiring of personnel. Mary Lou Price, Administrator Colonial Nursing Home of Tahoka

NOTICE OF PUBLIC MEETINGS

The Texas Highway Department will conduct public meetings in the City Hall, 916 Texas Avenue, Lubbock, Texas, on March 12, 1974, at 7:00 p.m. and in the Forest Park Community Center, 910 South Houston Avenue, Lamesa, Texas, on March 14, 1974, at 7:00 p.m.

The purpose of these public meetings will be to gain general knowledge and information to be used in a feasibility study for extending Interstate Highway 27 from Lubbock, Texas in a southerly direction to intersect with Interstate 20 and proceeding further to intersect with Interstate 10.

All interested individuals and groups are requested to be present at these meetings and be prepared to express opinions and submit pertinent data and information, both oral and written, that could have a bearing on the feasibility study. 6-1tc

Daylight savings time? In some areas of the alps, it was believed that the sounding of a horn would prolong daylight!

PUBLIC NOTICES

Notice is hereby given that Atmospherics Incorporated, 5652 East Dayton, Fresno, California, 93727, who holds License Number 2 of the State of Texas, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District located at P.O. Box 869, Big Spring, Texas, 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling, and Coke.
2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Hiway 87 in a northwesterly direction to Lamesa, thence north-northeast on Hiway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden and Scurry Counties on Hiway 84; thence southeast along Hiway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Silver in Coke County; thence south-southwest to Hiway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Hiway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be Thomas J. Henderson, Atmospherics Incorporated, Fresno, California, national during the period from April 15, 1974 to October 15, 1974.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint to the Texas Water Development Board, P.O. Box 13087, Capitol Station, Austin, Texas 78711. Signed: Thomas J. Henderson, President Atmospherics Incorporated
