## Arts & Crafts Fair Tremendous

The Lynn County Art Association's Annual Arts and Crafts Fair was a tremendous success according to officials of the association. Attendance and participation was very high. An accurate head count could not be made because of the failure of many visitors to register.

It was felt however, that the crowd did indeed outnumber last years 700. There were good crowds in the Community Center at all times. Sales were three times last years amounts.

The LCAA would like to express a special Thank you to those who donated door prizes for this years event.

The organization is still growing and membership now numbers 29. Local artists and craftsmen interested in joining a growing

organization should contact any member of the association for further details.

### Blood Drive At O'Donnell

The O'Donnell Young Homemakers would like to remind each of you about the Blood Mobile Drive, Monday, November 11 from 9 a.m. to 1 p.m. at the old Ag Building at O'Donnell High School.

Here is a list of Donor Requirements:

- (1) 18 through 65 (17 with parental consent)
- (2) at least 110 pounds
- (3) Eat normally but avoid fatty foods and dairy products for four hours before donation.
- (4) Previous blood donation was more than eight weeks or 56 days ago.

We would also like for you to know that each family that donates a pint of blood will be guaranteed blood for you and your family for six months.

Come and give a pint of blood and maybe save someone's life.

### MD Drive Set For Nov. 18

The Muscular Dystrophy Association of America, Inc. will be conducting their annual house to house appeal for funds in Tahoka on Monday, November 18th.

Hundreds of thousands of volunteer members will join in a combined effort to raise money needed to support critical research and patient service programs.

Dystrophy, a tragic disease for which there is yet no known cure, means an early death for its victims, two thirds of them children. Your help can bring the precious gift of hope, and perhaps even life itself, to these youngsters.

Join in with the other Tahoka residents to support this campaign and help MDAA bring the much-needed comfort to those less fortunate!

### Module Equip. Demonstration At Lamesa

Cotton producers and ginners can see a cotton module equipment demonstration at the Cotton King Gin at Lamesa, Thursday, November 7, 1974.

Also participating will be representatives of Ag Sales, Inc. of McPherson, Kansas, a firm introducing a new module loader - transporter, and Industrial Metalcraft, Inc. of Lubbock, the first Cotton Incorporated license for the manufacturing and marketing of module builder systems.

The demonstration is set to start at 1:30 p.m. Refreshments will be served at 3:30 p.m.

**GIRLS:**  
**TOP:** Glenda Brewer, Leigh Ann Moore, Sheree Jerden, Denise Dorman, Sharon Ernst, Tamera Dulin; **MIDDLE:** Melinda Terry, Sheri Barton, Karla James, Charmi Wood, Sandra Swinney; **BOTTOM:** Kerri Lee, Shanna Edwards, Tawn Dulin, Perry Dunlap.

## Bulldogs To Host Mustangs Friday

The Tahoka Bulldogs will host the Denver City Mustangs this Friday night for their fifth 5-AA conference game which begins at 7:30 p.m. at Kelley Field.

The Mustangs are 4-0 for district play and the Bulldogs are 1-3.

Last Friday night the Bulldogs lost to the Eagles at Roosevelt 38-0. The Bulldogs attempted an on-side kick to open the game, but the Eagles took the ball on the Tahoka 40. Nine plays later the Eagles had scored. PAT was no good. Midway in the first quarter Roosevelt intercepted a Bulldog pass and returned it 76 yards for a TD. PAT was good and the score was Roosevelt 13 and Tahoka 0. Still in the first quarter the Eagles took the ball on their own 39 yard line and moved 61 yards in six plays to score again. PAT was good. The score was now Roosevelt 20, Tahoka 0.

In the second quarter, the Eagles picked up 12 more points once on a 39 yard drive and once on a 49

yard pass play. At half-time the Eagles went to the dressing room leading the Bulldogs 32-0.

The Bulldogs did a much better job in the second half, although unable to score against a tough Roosevelt defense, the Bulldogs held the Eagles to six points in the second half. This TD came from a 37 yard pass play.

For the game, Roosevelt had 18 first downs, 217 yards rushing and 155 yards passing. The Bulldogs netted 113 yards rushing and 47 yards passing.

It's so nice to see the sunshine, it makes all of us feel so much better. Our Monday singing was good we are expecting ladies from Lakeview to come again. Mrs. Bobby Jones taught Chapter 4 of 1st John last Tuesday. She will finish 1st John this coming Tuesday. We would like to thank the ladies from the Sweet Street Baptist Church for coming each Tuesday.

Our Halloween Party was lots of fun. Mrs. Pridmore brought a reading on the Pacing Goose named Samantha. This month Diane Chapa baked our cake, we enjoyed it very much. The following people brought us a little something this month and we would like to thank them: Mary Valdez and husband treated the residents with popcorn and Halloween candy, Mrs. Linnie Cox reading class wrote and acted out a Halloween play, Mrs. Brecheen and other teachers helped out as Mrs. Cox's daughter had been in a car accident and she couldn't be there. The students brought us tray cards, Madeline

Hegi F.H.A. chapter also brought us tray cards. Thank you all so

very much for thinking about us. Sweet Street Baptist Church with Brother Lee Roy Jones and several members brought our Sunday services. He read Proverb 3rd chapter, we look forward to our Sunday services. Gene Lawson really hit the jack pot with all those turnips and greens. At the same time, we want to thank Mrs. Roger Riddle for the cream pies.

Diane Chapa carried our finished arts and crafts to the arts and craft show, we sure do appreciate her doing it. We want the community to see what the residents in the nursing home are doing.

Carolyn Burk and Sue Boring both from Brownfield are training as aides. We are glad to have them with us. We want to thank Mary Ann Stark for playing beautiful music for us Monday. Until next week. Come by and see us. Corrine

## Kahlick Speaks On Lions Club Work

Roy Lynn Kahlick of Wilson, past president of District 2-T-2 of Lions International was speaker at the Rotary Club last Thursday. In his two-part talk, he told of the Lions Club and ended with emphasis on Americanism.

Organized in 1917 with 25 clubs, Lions has grown to a world-wide service club with more than a million members in 146 nations. There are 66 clubs in this 21-county district.

Principle function, in addition to fellowship, is service to the community. State-wide, a major project is the Texas Lions Camp at Kerrville, where 720 needy or unfortunate children are given summer camp recreation and instruction in crafts. A more recent project is one in which 1400 blind children are taken to camp in the winter and taught skills such as cooking, typing, and how to get around. Another project is for diabetic children.

In District 2-T-2, principal project is the annual Coaches All-American game which raises funds for various charities such as the Kidney Foundation.

Thursday, November 7, 1974

Rev. and Mrs. Anthony B. Fadely

Local clubs have two classes of projects, money raising and service. Funds for local projects are raised by such as minstrel shows, talent contests, broom sales, and selling ads on football programs. Wilson club raised \$2,500 last year to buy eye glasses and have dental work done for needy children, erection of scoreboard on the football field and gymnasium, erection of street sign support of junior baseball, etc.

On Americanism, he cited the subversive forces and other influences that are eating away, or attempting to destroy, the moral fiber of our youth. He ended with an appeal for all good citizens to show love for "their community and our fellowman."

## BILL GRIFFIN SAYS.....

Area cotton producers will get a chance to review a demonstration of newly developed cotton module storage, transportation and ginning equipment near Lamesa, Thursday, November 7.

The event will be at Cotton King Gin, 5 miles west of Lamesa on Highway 180, according to District Extension Agent Billy C. Gunter, Dawson County Extension Agent LeRoy Colgan, and Gaines County Extension Agent Joe Ed Wise.

Starting at 1:30 p.m., the demonstration will feature all the major developments associated with the cotton module method of harvesting, field storage, transportation and movement of cotton into the ginning process.

Producers and agribusiness officials will get a close look at the cotton module building process, its transportation by a newly developed module truck to the gin, and feeding of cotton into the ginning process via the new module disperser unit.

Demonstrations will run at the same time, following a brief session by representatives of the sponsoring groups. These include the Extension offices of Dawson and Gaines counties; Lamesa Chamber of Commerce; Cotton King Gin, Inc., Plains Growers, Inc. and Cotton Inc.

Module builder operator instruction and training will be given after the briefings at the same time that the demonstrations are being carried out. Guests will be able to choose the demonstration of

most interest to them.

The module builder and disperser unit was developed by Texas A&M University's Department of Agricultural Engineering under the leadership of Lambert Wilkes, associate professor. The work was funded through a research grant from Cotton, Inc., of Raleigh, North Carolina.

# VEGA '75

Vega is an economy car and a half.

It's a sporty little car that's comfortable and fun to drive, and shouldn't cost you a lot to own or to operate. We could have written that four years ago. But each year Vega gets a little better. This year we've made over 200 changes, and we've also made more options available, like the Comfortilt steering wheel.

It makes more sense than ever.

Vega takes economy seriously. And a true economy car should help save you money from the time you buy through the time you sell. Consider Vega's three economies.

Number one: Vega is one of the lowest priced cars made

in America, as well as one of the best-selling cars.

Two, Vega's overhead-cam, lightweight engine is capable of taking you a long way on a gallon of gas.

Three, upkeep. Vega has its own version of Chevrolet's Efficiency System designed to cut your maintenance expenses. This year Vega should cost you even less to keep up.

Vega. Economy plus, plus, plus.

But Vega's more than just an economy car. With Vega you also get sportiness, roominess, roadability, range, quality, variety, bucket seats and carpeting, plus a lot of other little niceties. Take a test drive. Our 1975 Vega truly is Economy Plus.

## Lynn County News

Willow, Oklahoma have been visiting their son, Doug and family in Lubbock and attended morning services in the New Home Baptist Church, Sunday.

A large crowd was present Friday night to see the Wilson Mustangs overpower the New Home Leopards 22-7. The activities of the homecoming began at 1:30 with ten floats and a great number of foot marching through town. Led by the New Home fire truck, before the game, Cindy Johnson was crowned football queen and Roy Villarreal was crowned king. The banquet earlier in the evening was well attended as was the reception for exstudents and class reunions after the game in the school cafeteria. The hall was decorated with fall colored chrysanthemums. Leland White was Master of Ceremony. Highlight of the evening was the crowning of the homecoming queen. Mrs. W. T. Knight, the three children of Mr. and Mrs. Knight, all former New Home students were present.

Mrs. Bob McAllister, New Home, Harvey Dell and Joe Knight of Brownfield and their wives and one grand daughter, Cheree Forbes. Entertainment was by Clarence Nieman, Gayland James, Mrs. Jerry McNeely, Marlo Rudd and Mrs. Clarence Nieman. Refreshments of coffee and donuts were served. Among those out of town who registered were: Nita (Fortenberry) Harrison her husband and son, Lovington, New Mexico; Delores (Edwards) Taylor, Lubbock; Helen (Balch) Reynolds and Harold, Morton; Leon and Mary Blackmon, Lubbock; Mark Clem, Stephenville, Dickie Turner and wife, Levelland; Mel (Davis) Halford and son, Lubbock; Ruth Smith, St. Paul, Minnesota; Dan Cowan, Richardson, Texas; Jo Nell (Bolander) and her husband from Abilene; Jimmie Chancellor, Amarillo; Arthur Ray Rob-

inson, Levelland; Stanley Gill and wife, Lubbock; Emma Dean (Robinson) Ehlo and Bill, Lubbock; Wesley and Dianne (Corbell) Dean, Lubbock; Jerry and Veta Grace (Johnson) Ford, Tahoka; Bobbie Bell and wife, Lubbock; Loyd Evan Bell and wife, Lubbock; Julia Gass and daughter; Melody (Peek) Miller and Ronnie, Plainview; Judy (Turner) Gandy and David, Tahoka; and Karon Edwards Durham and Larry, Lubbock.

During the halftime activities at the Sundown - Ropes game Friday night, October 18th, a special ceremony was performed in honor of a very special person, Mr. Billy Key, superintendent of the Sundown School. Mr. Key who has been with the Sundown School since 1944 will retire at the end of this school year. The dedication was well planned and kept secret from Mr. Key. The Sundown band dedicated the halftime program to a "Mystery Man" referred to as Mr. X. The band members spelled out the letter W...to signify Wilson High School of which Mr. Key is a 1929 graduate and also Wayland College where he earned his first 18 hours of college credits. The next clue was a double T formation, for Texas Tech where he earned his Bachelors Degree in 1938 and his Masters in 1943. The next clue, the band formed the letter "R" for the friends from Ropes where Mr. Key served as high school principal, coach, and superintendent from 1932 to 1944. The "R" also represented Rough Necks. The Sundown band then combined with the Ropes band to spell out Key with Sundown making the K and Y allowing room for the "E" to be formed by the Ropes Eagles. Mr. Wilson Pirtle, high school principal at Sundown, presented Mr. Key with a plaque inscribed "Honoring Billy Key for thirty years of dedicated service in pub-

Thursday, November 7,

lic school 1944-1974. May be continued success be shared youth and community. The completed the dedication by singing "For He's a Jolly Good fellow." Mr. Key and David photographed in the press box making part of the activities and was three times to come down playing field, and finally he was asked to present the to someone; needless to say was totally surprised when a plaque was presented to him very modest and truly Mr. Key is well deserving recognition bestowed upon him.

Karon, Roy and Stony Brown visited here Sunday with their parents, Mr. and Mrs. Gene Brown. The Rowlands are recently from Irving to Lockertville he is farming.

## Cash Receipts Sale Of Crops

The final figures have been piled, and last year Lynn County ranked in the top ten cash receipts from the sale of crops.

According to Agriculture Commissioner John C. White, County farmers received more than \$58 million from crop

marketings. Total cash receipts including livestock sales, government payments, were \$60 million.

Hildago County led the state in crop receipts with a total of \$148 million.

Deaf Smith County ranked in Texas with agricultural receipts of \$181 million.

With state-wide cash receipts for farm marketings totaling \$7 billion, it would appear Texas agriculture hit a high year. However, a closer look at the net farm income tells another story.

According to White, average income per farm was \$12,000 which places Texas squarely in the middle bracket. Out of a \$7.2 billion gross income, \$5.2 billion went to pay farm production expenses.

Cattle and calves accounted for 43.5 percent of the total cash receipts with sorghum and lint being the highest income earners. Sorghum and lint added 11.7 percent of the total farm marketings.

Texas ranked third in the state in total cash receipts from crops and livestock. Iowa and California ranked first and second.

Sales of cattle and calves brought in more than \$2.8 billion. Sorghum and lint added 11.7 percent of the state's total agricultural receipts. Texas ranked second in the state in sales of livestock and livestock products with total receipts of almost \$3.7 billion.

Cash receipts from crop marketings totaled almost \$3.7 billion -- with food grains and crops accounting for 21 percent of the amount. Over \$750 million was paid to sorghum farmers for a record yield brought total receipts for wheat to \$240,918,000 -- a 244 percent increase over the 1972 crop.

Cotton is still an important crop to Texas farmers and this year's crop was worth more than \$757 million. Cottonseed added another \$157 million.

Government payments in 1973 were \$386,554,000 -- 5.6 percent of the total cash receipts from farm marketings. White reported that was the lowest amount of government payments received by Texas farmers and ranchers since 1967.

Payments in 1973 were for cotton, feed grain, sugar, wool, mohair, cropland

justment, rural environmental assistance and conservation programs.

Nationally, total cash receipts from farm marketings, including government payments, amounted to more than \$91 billion.

Presented Safe Driver Trophy

New Home High School safest teenage driver will be publically recognized for the outstanding safe driving habits they have exhibited on city streets and highways during the 1974-75 school year, Mr. L. C. Denton high school principal, announced today.

A handsome trophy will be awarded to the outstanding driver in a special assembly during the school year, the official explained.

The trophy was presented to the high school, during assembly at 8:30 a.m. Thursday, October 31, 1974, by Jim Anderson, Membership Chairman of the Travelers Motor Club. It will be on display through-out the year.

"Our organization is grateful for the opportunity and the privilege of bringing well deserved recognition to the outstanding boy or girl of the year," Mr. Denton said.

The trophy will be awarded by Travelers Motor Club, to the student selected by a special committee of Peri Phifer, Sidney Burrow, Cynthia Johnson, Kim Howle, Marty McClintock, Coach Melvin Reynolds and Mr. Denton.

JV Wins 15-6 Over Roosevelt

The Tahoka JV's had a good night against the Roosevelt JV's. Earnest Bailey scored twice in the game with Britt Brooks kicking one extra point and Clint Gardner passing to Vink Miller for the other two points. Both Britt Brooks and Earnest Bailey rushed over 100 yards each in the game. The offensive line and the defense did an outstanding job for the night.

The Freshmen and Junior Varsity will combine forces again Thursday night and travel to Frenship to play their JV's in a game.

Freshman Down Roosevelt, 14-12

Roosevelt opened the game with a 70 yard run from the line of scrimmage with 2 minutes gone on the clock in the first quarter. The extra point try failed. Tahoka came back late in the same quarter and Ronnie Thompson ran for a TD from 3 yards out. Van Long raced around right end for the two extra points and it made the score 8-6 Tahoka. Late in the third quarter Tahoka made a drive to the Roosevelt 15 yard line and with a sweep around left end by Dan Long and by the help of a very good block by Leslie White which took two men out enabling Long to score. The extra point try failed. Roosevelt came on again in the fourth quarter and broke through for another long run from the Tahoka 45 yard line for a TD, again the extra point try failed after a good defensive effort by

Van Long with 30. The total yards for the game was 237.

Mike Spears Is Injured

Mike Spears, son of Mr. and Mrs. Watson Spears of Tahoka, was injured on a drilling rig on November 1.

He was working on a wild gas well. The pressure developed up to 6,000 pounds and a control system was rigged up. This system disintergrated with pipe falling all over the floor.

Mike says he was real disturbed when pipes fell on each side of his head, but these failed to strike him. However, one joint struck his back a glancing blow. He is in Odessa hospital now waiting on the Drs. decision as to whether surgery is necessary or not. His back is not broken, but will be sore for a long time.

Transportation may be arranged by calling Mrs. David Midkiff, chairperson, 998-4656 or any club member.

Mrs. Jim Wells is the Phebe K. Warner Club president and her number is 998-4373 and Mrs. Elmer Owens is projects chairperson, 998-4873.

The result of childhood protein malnutrition is more than a day, a month, or a year of hunger pains. It's a lifetime of stunted physical growth, low work output, premature aging and reduced lifespan. By assisting nutrition programs in Asia, Africa, Latin America and the Middle East, UNICEF helps prevent these crippling effects of hunger in millions of children.

SAYS

Audrey and I would like to thank all the people who visited the Lynn County Arts and Crafts Show, and especially those who were kind enough to heap praise on our exhibits.

We would especially like to thank two bright and shining young men, I think they were Boy Scouts, who helped us carry out and load most of the frames and easels we used in the exhibit.

Unfortunately, we do not know their names, but we want them to know that we appreciated their kindness.

It is later than you think. Christmas is just around the corner. Now is the time to have those Christmas portraits made.

# AROUND TOWN

BY LEONA WALDRIP

CALL 998-4496

On Monday night of last week, Mr. and Mrs. J. E. Dulin had dinner in the home of Mr. and Mrs. Ronnie Dulin of New Home. The occasion marked the birthday of Ronnie.

According to "Footprints" official newspaper of Wayland Baptist College, Mr. and Mrs. Bobby Strait became the parents of another daughter on August 11.

She has been named Alanna Renee The Straits along with daughter Melody left Tahoka in May 1973. He was Minister of Music at the First Baptist Church and she was a teacher in the Tahoka schools. They presently reside in Tulsa, Oklahoma, where he serves in the same capacity at Calvary Baptist Church.

Friends and relatives were here for the Dick Lyons funeral, from Morton, Abilene, Rotan, Ballinger and Lordsburg, New Mexico. Miss Sharon G. Draper, daughter of Mrs. Opal Draper has recently been named Assistant Dean of Students at Lehigh University, in Bethlehem, Pa.

About 150 guests attended a surprise party in honor of Mr. and Mrs. E. V. Riley of Brownfield on Tuesday night. The affair was held in I.O.O.F. Hall there and hosted by Brownfield Oddfellows and Rebekahs. Members of the order and friends from all over the state attended, among them several state officials and past officers. String band music was offered as entertainment and a banquet type dinner was served. Both Mr. and Mrs. Riley have served as state officers and

## Lynn County News

have given much time and effort to the organizations. They were presented plaques by the Grand Lodge of Texas. Attending from Tahoka were N. G. Dewbre, Leona Waldrip, Evelyn Burr, Hannah Nurdyke, Willie Childress, Mary Bryant and Iline McMillan.

Honoree at a luncheon on Wednesday was Miss Debbie Dulin, bride-elect of Mike Price. It was held in the Hemphill Wells Gold Room at Lubbock. Special guests were mothers of the couple, Mrs. Jack Dulin and Mrs. Bessie Price and Debbie's grandmother, Mrs. J. E. Dulin of Tahoka. The couple plans to exchange vows in First United Methodist Church of Plainview, November 15.

Funeral services were held at 2 p.m. on Monday at Trinity Baptist Church in Levelland, for C. E. Vinyard age 71. He died in Cook Memorial Hospital, Friday after a short illness. He was the brother of John Vinyard who lived here for several years, and the late Roy Vinyard whose wife Ileta lives here. John now lives in Bonham. Burial was in Whittharrel Cemetery.

Hostess to the 88 Club on Friday night was Mrs. Rutha Tilley. Ten members were present. Refreshments of cookies, tea and coffee were served.

Returning home Sunday afternoon, Mrs. Linnie Cox reports that her daughter, Carolyn is much improved. Mrs. Cox had been at her bedside in a Dallas hospital for a week. Carolyn was in a car wreck on October 26 and sustained multiple injuries, including face lacerations and concussion. She is a third grade teacher in the Dallas Elementary School system. Her mother teaches here. Mrs. Mary Brecheen has been substituting for Mrs. Cox in her absence.

Wanda Smith, first grade teacher was out on Friday. Upon recommendation of a local doctor, her mother, Mrs. Leona Smith went to a dermatologist in Lubbock. I was called to substitute for Wanda.

Undergoing surgery in Methodist hospital last Tuesday, Mrs. C. T. Louder is improving nicely. She is the former Mary Louise Fenton, daughter of Mr. and Mrs. Jack Fenton. The Louders reside in the New Home area.

Sunday dinner guests in the A. J. Jester home were Mrs. Jessie Tomlinson, Mrs. Cora Fenton, and Mr. and Mrs. James Fenton and boys. Other guests included Mr. and Mrs. A. D. Jester, and Mr. and Mrs. Bill Womack and boys of Floydada; also Scooter and Pat Hinson of Spur.

Mr. and Mrs. C. W. McClintock left early Tuesday morning for Fort Worth where they will

Thursday, November 7, 1974

visit Mr. and Mrs. Kermit Brown. A collision of a passenger car and a pick up at Lockwood and Ave. L early Tuesday morning sent both Mr. and Mrs. W. T. Luttrell to Lynn County Hospital where they are undergoing emergency treatment at this writing. The two young men in the other car involved were not injured. The accident is under investigation.

Carolyn Haley Says...

You may have wondered why the insides of cans of food are different colors. The insides of cans are treated with enamels to protect food from reacting with the metal of the can.

The different colors result from 20 different types of enamel used in these treatments.

The type used is selected by the canner, depending on what food he intends to put in the cans. Some enamels are resistant to acid and others present changes in the flavor and color of food products.

The color on the inside of the can may change after it is exposed to air -- if foods are left in the can. But those color changes won't affect the safety of the food.

Enamels are also put on the outside of cans. They protect the cans from wear and corrosion, from machines, and chemicals during the filling in canneries. Decoration is another reason for enamels on the outside of cans.

Certain foods will mar the finish on stainless steel flatwear if it's not washed promptly.

Salt, fruit and fruit juices, tomatoes, vinegar and dairy products are the worst offenders. They corrode the surface by creaking through the thin, transparent film of chromium and nickel oxides on the steel surface.

Oxygen in the air helps heal minor scratches in the protective film after the utensil has been cleaned and set aside. But if food is allowed to remain on flatwear, the air cannot reach the break to heal it.

Corrosion will take place each time the steel becomes wet. Dark marks sometimes respond to treatment with detergent.

If you use a dishwasher, load flatwear carefully so that no two pieces rest together. The water

should be approximately 140 degrees F. and use only the recommended amount of dishwasher detergent.

Prompt washing -- by hand or machine -- prevents corrosion and keeps stainless steel truly stainless.

### RECIPE OF THE WEEK

- CHICKEN PIE**  
**CHICKEN BASE:**  
 2 1/2 cups of chicken stock or water  
 1 cup sliced carrots  
 1 small onion, chopped  
 1 cup chopped celery  
 3 tablespoons shortening  
 1 1/4 teaspoons salt  
 1/4 teaspoon pepper  
 1/3 cup cornstarch  
 2 1/2 cups cut-up cooked chicken
- TOPPING:**  
 1/2 cup sifted all-purpose flour  
 1 1/2 teaspoons baking powder  
 1/4 teaspoon salt  
 1/2 cup quick or old fashioned oats, uncooked  
 1 egg, beaten  
 1 tablespoon vegetable oil or melted shortening  
 1/2 cup milk

For chicken base, bring chicken stock, onion, carrots, celery, shortening, salt and pepper to boil; cover and simmer 5 minutes.

Combine cornstarch and 1/2 cup COLD water, beating to remove lumps.

Slowly add cornstarch mixture to hot chicken stock, stirring constantly until thickened. Add chicken.

For topping, sift together flour, baking powder and salt. Add oats, egg, oil and milk.

Bring chicken base to boil, pour into deep 2 1/2 quart casserole. Spoon topping over hot base.

Bake in preheated hot oven (425 degrees F) 20 to 25 minutes.

# Auto Club Runs Survey On Lower Speeds

The nation's 55 m.p.h. highway speed limit, a federal law since January 2 of this year, is generally favored by the motoring public according to a recent nationwide survey conducted by Travelers Motor Club.

Almost ten months after the lower speed limit was put into effect to assist in fuel conservation in the face of a national energy crisis, 50.7 percent of Travelers Motor Club members still favor the reduced speed, while 43.3 percent oppose it. Some 6 percent of the national survey respondents reported they were still undecided on the matter.

Travelers Motor Club president, Bud Belz, commented on the response and pointed to several other significant factors related to the continuation of the federally imposed speed limit. "Although in-

dicating a smaller percentage of drivers favored the reduced limit than another recent survey (the Gallup poll indicated some 70 percent of the nation's drivers favored the lower speed), we feel our survey may reflect other less obvious but relevant factors. For example, it is assumed that lower highway speeds are directly related to a reduction in highway traffic fatalities, and there are many reports that lead you to this conclusion. However," Belz continued, "when you consider the circumstances that lead to the reduction in comparison with circumstances today, this direct correlation belief may not be the entire story. In fact, several noted authorities feel that the reduced speed limit was and is a minor factor in the lower number of highway traffic fatalities," Belz commented. "It is true that,

throughout the first six months of this year, there has been a sizeable reduction in the number of traffic fatalities reported nationwide. But, it is also important to note that there was a considerable reduction in the total number of automobile miles driven during that same period of time. And the great percentage of this reduction in total miles driven was in the area of weekend pleasure trips and vacation travel. Also, there was a

reduction in the number of miles driven at nighttime, when many service stations were closed due to the fuel shortage (and, when the greatest percentage of fatal traffic accidents occur)," Belz emphasized. "Additionally, there seems to have been a reduced amount of driving in the 16-24 year old age group which is the most accident prone group of drivers. (This group comprises only 21.6 percent of the total drivers, but accounts for 35 percent of the traffic fatalities.) When you consider these factors, and others adding up to fewer total miles of driving in the most critical areas of traffic accident and fatality occurrence, the lower highway speed limit may not have the dramatic life - saving effect it initially presents on the surface of the question."

"I am not, of course, saying that the reduced speed has not been a factor in the lower number of fatal accidents, but simply posing the question, 'has it been a major factor?'", Belz commented.

"Now that the energy crisis is over," Belz continued, "the impetus for a continuation of lowered speeds has shifted its focus to environmental and pollution control efforts. However, we (Travelers Motor Club) feel this may also be a misdirected and misleading emphasis when enforced on a nationwide basis. For example, the pollution control and environmental problems confronting this country in the midwest and southwest are not necessarily the same as those faced on the east or west coasts," Belz pointed out. "Therefore it seems that control efforts in these areas would be more effectively dealt with on an individual basis, because not only are the problems different in relation to automobile useage, but driving habits and needs vary a

great deal depending on the geographic location. Because of this, we feel nationally imposed standards should be returned to state or regional control.' (The national speed law, if left unamended, will return speed limit controls to the states on June 30, 1975.)

In expressing the motor club's opinion on present pollution control standards imposed on the auto manufacturers, Belz stated, "Car owners and buyers have been and are being unfairly penalized by federal controls which have substantially increased the costs of purchase and operation of an automobile over the past five years."

When questioned about this, Belz offered an alternative solution to the rising cost problem. "It seems that a much more simple solution would have been to reduce the horsepower of automobile engines. This would reduce pollutants released in the air, provide greater economy and save the auto buyer and taxpayer millions of dollars already expended in pollution control research studies related to auto use." Belz emphasized that this solution would still be valid if put into effect today.

Belz also reported that the Travelers Motor Club survey indicated 18.8 percent of the respondents would cancel vacation plans entirely if the recently suggested major federal gasoline tax increase were to become a reality, and that 26.6 percent would shorten or delay pleasure trips if such a tax were imposed.

"In light of the fact that the reduction of vacation and pleasure travel by automobile would have a dramatically damaging effect on thousands of travel and travel related businesses throughout the country, we believe this is not a realistic and economic solution

as the people of this country have been lead to believe," Belz commented.

"In essence, our survey indicated there are many other, perhaps much more responsible, reasonable and far less costly answers to the present and future economic and environmental problems in relation to automobile driving," Belz concluded. "We believe many of these alternatives are worthy of serious consideration, and can be hope they will be investigated thoroughly for both their immediate and long term benefits. We will continue our nationwide surveys in the future as these and other matters related to driving remain a major economic factor to our members and the driving public."

Jim Anderson, Local Travelers Motor Club representative, stated that area membership response to the surveys and comments regarding the questions of the survey remained strong and positive.

## LADIES ATTEND HEART MEETING

Volunteers from the Lynn County Division of the American Heart Association participated in the Region Campaign Workshop held on October 30 at Lubbock, Texas.

Dr. Joseph Sasano, was the keynote speaker at the special campaign planning meeting and he discussed the Heart Association's need for additional funds and how the money will be raised in Texas. Attending this planning meeting were volunteer campaign officials and Publicity Chairpersons from American Heart Association Divisions in the surrounding counties.

Attending the Regional meeting from Tahoka were Mrs. C. Shil Thomas and Mrs. Darlene Gurt.

The American Heart Association campaign will be conducted in Lynn County and throughout the United States during the month of February, 1975.

In drought stricken Ethiopia, an "ecological disaster" has deprived as many as one and a half million people of a means of subsistence. In the worst-affected areas up to 90 percent of the cattle have died, and thousands of people die every day. UNICEF is supplying famine victims with food, medical supplies and well-digging assistance in a relief program totalling \$3 million.

### Booster Club Meet Monday

The Bulldog Booster Club met at the school cafeteria with vice-president Joe Brooks presiding. The Booster Club discussed buying used ice maker at a cost of \$100. A motion was made and carried to do so.

It was announced there would be a Freshman - JV game combined with a friendship on Thursday, November 7.

Some films of the Freshman and Varsity teams were shown and comments by Coach Mason and Coach Fowlkes.

The next meeting will be Monday, November 11 in the school cafeteria with the film of the Deer City - Tahoka game. Everyone is welcome to come to these meetings. Let's get behind our dogs Friday night.

### Lynn Farmers May Apply For Emergency Loans

Congressman Omar Burleson is urged by the U. S. Department of Agriculture that farmers in Lynn and Tahoka Counties may apply for emergency loans through the Farmers Home Administration (FHA) as a result of crop damage from drought and hail in 1974.

Reports received indicated these counties had bad drought from October 1, 1973 through August 15, 1974. Hailstorms beginning August 9, through August 12, damaged crops in Garza and other counties. Farmers were also affected because of poor pastures caused them to reduce their size and sell lightweight cows.

FHA emergency loans are available to farmers and ranchers to offset losses resulting from designated disasters.

Loans are repayable in their entirety at an interest rate of 10 per cent.

Applications for emergency loans may be filed at the FmHA office serving the area. Applications for physical losses are authorized until December 30, 1974 for production losses until August 1, 1975.

### TURKEY SUPPER FRIDAY NOV. 8

The St. Paul Lutheran Church is sponsoring a Turkey Supper on Friday, November 8, in their Parish Hall. The proceeds will go to the Good Samaritan Home for the Mentally Retarded at Cypress, Texas. Tickets are being sold in advance from members, or can be bought at the door. The cost of tickets for adults is \$2.25, and for children under 12 is \$1.75. Serving time is 5:30 - 7:30. The community is invited to come and enjoy turkey and all the trimmings.

### Jr-High-Lites

BY - DeAnn Johnston

The mighty eighth grade Bulldogs defeated Roosevelt Tuesday by a score of 42-0. They are undefeated in district games. The seventh grades were flogged by the Eagles and came home scratched and beaten by a score of 38-0. Hang in there boys maybe the Antelopes won't be so tough! The Jr. High Bulldogs will rest this week and prepare to meet the Post Antelopes here, next week.

Monday afternoon the eighth grade girls scrimmaged the Freshmen girls in basketball. The Freshmen won, but the eighth-grade played a good game. Next Monday at 4:00 the eighth graders will scrimmage the seventh-graders.

All parents and friends are invited to watch.

Miss Jones sixth grade class completed a study of Russia by having a Russian party. They were served Russian tea cakes, Krihorst (short, rich cake) and hot tea sweetener with jam. Folders were made by each student and prizes were given to Kimmie McKibben for first place, Oscar Segovia for second place, and Joe Vega for third place. The folders were selected on originality of the cover and all work contained in the folders. Honorable Mention went to Ginell Wells, Teresa Arellano and Terry Botkin.

### Mrs. Felty

SLATON (Special) - Services for Mrs. W. C. Felty, 87, of 2601 York Ave., will be at 2 p.m. today in the First Baptist Church here with the Rev. Doyle Smith, pastor of the Primitive Baptist Church of Lubbock, officiating.

Burial will be in City of Lubbock Cemetery under direction of Englands Funeral Service of Slaton.

Mrs. Felty died Sunday night in Mercy Hospital here following a lengthy illness.

A native of Tennessee, Mrs. Felty also had lived at Tahoka and was living at the Slaton Nursing Care Home at the time of her death.

Survivors include a son, C. J. of Slaton; a daughter, Mrs. Robbie Jo Pettyjohn of Amarillo; two brothers, Lewis and Tom Weaver, both of Lubbock; five grandchildren; and 14 great-grandchildren.

### BRIDGE WINNERS

Last week's duplicate bridge winners were: Mrs. Clint Walker and Mrs. W. H. Cords, first; Mrs. Jess Gurley and Mrs. N. B. Hancock, second; Mrs. Frank Hill and Mrs. Oscar Roberts, third. Mr. and Mrs. "Pete" Haliburton of Slaton were visiting players.

Winners in the previous game were: Mrs. Wayland Taylor of O'Donnell and Mrs. Clois Leverett and Mrs. Gene McKee and Mrs. Clint Walker, tied for first and second; Roy LeMond and Mrs. Olen Renfro, third; Mrs. Oscar Roberts and Mrs. Winston Wharton, fourth.

### Hay Is Cash Crop

Hay, traditionally fed to cattle on farms where it was produced, is becoming a cash crop for many farmers. In 1970, for example, more than a billion dollars' worth of hay was sold in 18 states.

Clintock, son of Mr. and Mrs. B.K. McClintock of Route 1, Wil-  
son, Texas; and Urban Estrada, son of Mr. Inez Estrada of Box  
204, New Home. All these boys were members of the New Home  
Babe Ruth League.

## New Home Boys Receive Athletes Of The Year Award

Marty McClintock, Route 1, Wil-  
son, Texas 79381; Johnny Glenn  
Emerson, Route 4, Tahoka, Texas  
79383; Jimmy Dwane Webster, Rt.  
4, Tahoka, Texas 79383; and Urban  
Estrada, Box 204, New Home,  
Texas 79383.

The local athletes whose names  
appear above have been selected  
to Babe Ruth Baseball's "Athletes  
of the Year" program for 1974,  
as announced today by Richard  
W. Case, president of Babe Ruth  
International, and Jimmy Fillin-  
gim, Mgr. New Home Babe Ruth.

Nominations for "Athletes of the  
Year" were made earlier this  
summer by Babe Ruth league  
managers and presidents from a-  
cross the nation. They were in-  
vited to nominate candidates with  
the best records of local achiev-  
ment on their teams or in their  
leagues.

Criteria by which these local  
baseball players were nominated  
include the athlete's ability, in-  
cluding statistics and overall per-  
formance, sportsmanship and per-  
sonal leadership displayed during  
the current season. To be eligi-  
ble for the program, a player  
must have been an active partici-  
pant in an officially recognized  
Babe Ruth league during the 1974  
season.

Sponsored by Babe Ruth Inter-  
national, "Athletes of the Year"  
is an annual honor paying tribute  
to the team players from the  
world's largest regulation baseball  
activity for young men. The pur-  
pose of the program is to promote  
and encourage the playing of ama-  
teur Babe Ruth Baseball among  
young men between the ages of

13-18 by nationally recognizing  
each team's outstanding players  
of the current season.

The athletic achievements of  
each local honoree will be pre-  
sented in the 1974 edition of Babe  
Ruth Baseball's ATHLETES OF  
THE YEAR Annual to be published  
in November. This respected  
chronicle of the youth baseball  
season will be on display in the  
Baseball Hall of Fame at Coopers-  
town, N. Y.

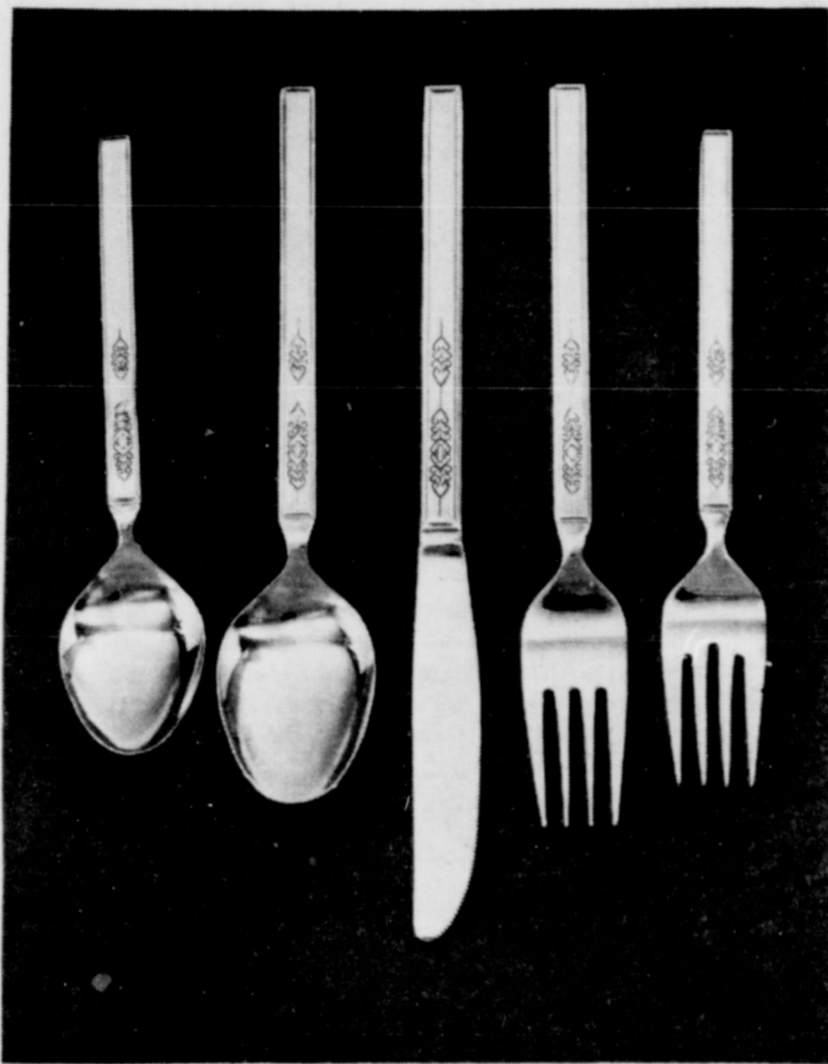

The National Advisory Board of  
the "Athletes of the Year" pro-  
gram is composed of prominent  
baseball personalities, including  
Mrs. Babe Ruth, Mrs. Marcus  
Bonacci, wife of founder, Babe Ruth  
Baseball; Ford Frick, former  
baseball commissioner; Vernon  
(Lefty) Gomez, Baseball Hall of  
Fame member; Elston Howard,  
coach, New York Yankees; Danny  
Litwhiler, coach, Michigan State  
University; Mickey Lolich, De-  
troit Tigers; Lawrence T. Moser,  
former chairman of the board  
and president of Babe Ruth Base-  
ball; Vada Pinson, Kansas City  
Royals; Brooks Robinson, Balti-  
more Orioles; and Dr. William  
G. Williams, public relations ad-  
visor, Babe Ruth Baseball.
