JONES STATION - Clifford B. Jones Station is Southwestern Public Service Company's largest generating plant. It is located southeast of Lubbock on Farm Road 3020, just west of the Buffalo Springs Lake Road and has a generating capability of 512,000 kilowatts. The public is invited to visit the station during open house Saturday and Sunday, November 16 and 17, from 12:00 to 6:00 p.m.

Tahoka Police Report

An accident with injuries occurred at the corner of Lockwood and Ave. L, 9 a.m. Tuesday, November 5, involving Mr. and Mrs. Luttrell and Floyd Earl Ash. Mrs. Luttrell was pulling onto Lockwood and was hit in the side by a pickup driven by Floyd Ash. The Luttrell car went out of control and ran into the parked pickup of Horace Rogers and Lee Alden before entering the street again, and hitting the Ash pickup a second time. Mr. and Mrs. Luttrell were injured, no ticket was issued for the mishap. Eight speeding tickets and one running a stop sign were issued and one subject was jailed for drunkenness and fined \$37.50 by City Court.

Important Little League Meeting

All persons interested in the Little League Baseball program in Tahoka are asked to attend an important meeting on Tuesday, November 19, 1974 at 7:00 p.m. The meeting will be at the Southwestern Public Meeting Room. Please plan to attend if you are interested in Little League Baseball.

Tahoka FFA Selling Fruit

The Tahoka FFA Chapter is now selling grapefruit and oranges as a fund raising project. If anyone would like to order some fruit and have not been contacted, please contact any FFA member or the chapter advisors, Mr. Carl Knight. The fruit will be delivered for delivery about December 10.

Southwesterns Largest Plant Is Jones Station

Southwestern Public Service Company's largest generating plant is Clifford B. Jones Station, located southeast of Lubbock on Farm Road 3020, just west of the Buffalo Springs Lake Road.

The second 256,000 kilowatt unit was completed and put on the line in July of this year and the plant now has a total generating capability of 512,000 kilowatts.

Southwestern will hold an open house Saturday and Sunday, November 16 and 17, and the public is invited to visit the plant from 12:00 to 6 p.m. each day.

There are 6-million pounds of structural steel and 30-thousand tons of concrete in the plant building and the cooling towers weigh 2-million pounds each and have a million board feet of redwood lumber in them. The piping and tubing in Jones Station would reach from Lubbock to Abilene and back if you could get it all in a straight line.

Primary fuel for the boilers at Jones Station is natural gas. The number 2 unit was designated to also use number 2 fuel oil as standby fuel and the first unit has been retrofitted to also burn fuel oil.

The huge boilers can boil over 10-million gallons of water per day into steam at 2-thousand pounds pressure. This would be enough water to supply a city of about 50-thousand people, but it is used over and over again with only a small loss approximately 6 gallons a minute. The steam produced by each boiler passes through 23 miles of tubing and comes out at a temperature of one-thousand degrees - that's hot enough to make steel pipe glow a dull red. On its return trip to the boiler in the form of water, the steam must pass through another 31 miles of piping and tubing.

The high pressure steam produced by the boiler passes through the turbine blades and causes the massive rotor on which the blades are mounted to revolve at 3600 times each minute. If it were free to roll down the highway, it could

cover the distance between Lubbock and Midland in about six minutes. The generator rotor is directly connected to the turbine so that it rotates at 3600 RPM and while turning, generates electricity at 22 thousand volts. The voltage is increased to 230-thousand volts in the transformers at the substation outside the plant, which improves the economics of power transmission over long distances.

The turbine control system at Jones Station was the first of its kind to be installed anywhere in the world. The turbines - and in fact all the major equipment in the plant - are controlled by a computer which is programmed to perform all the functions of starting, operating and shutting down. It also responds to equipment faults by notifying the operators of the malfunction and in the event of a serious abnormality, it initiates the removal of equipment from service.

This ultra-modern power plant is a viable example that the environment and electricity are not enemies. You can have power generation without pollution and nothing that is harmful is discharged in to the atmosphere at Jones Station. On cold days you'll see a big white cloud over the cooling towers, but that's nothing more than water vapor. Actually, the vapor is washing the part of the atmosphere that passes over it, but that's not its purpose.

Another important aspect of the operation of Clifford B. Jones Station is that it makes a major contribution to the water conservation efforts of this area. Sewage effluent is used for all purposes at the plant except for drinking and washroom use. Southwestern buys 4 to 6 million gallons of sewage effluent per day from the city of Lubbock.

In addition to water used for the boilers and for human consumption, there is a third water system in the plant. This is the water used in the cooling system that converts the spent steam back

Bulldogs To Play Antelopes Friday

The Tahoka Bulldogs will play the Post Antelopes Friday night for their sixth 5-AA conference game which begins at 7:30 p.m. at Kelley Field.

The Antelopes are 4-1 for district and the Bulldogs are 1-4.

The Bulldogs lost Friday night to the Denver City Mustangs 33-0. A mist fell throughout the contest, and the wet weather played havoc with the ball handling of both teams. The Mustangs fumbled the four times and lost possession twice, while Tahoka lost the ball on four out of six bobbles.

Penalties also hurt both clubs with the Mustangs being assessed 90 yards in ten seep-offs, and the Bulldogs 52 yards in seven infractions. At one time in the third quarter, Tahoka was penalized on four successive plays.

Denver City struck pay dirt quickly in the contest, as they gained possession when Tahoka fumbled on the third play from scrimmage. The Bulldogs had received the opening kickoff and were on their own 32 yard line when quarterback David Glenn fumbled and the Mustangs recovered on the Tahoka 26.

The Mustangs moved four yards to the 22, then Sims sprinted 22 yards for the first DC score. Denver City kicked their only extra point for the evening after a

5 yard illegal procedure was called against the Mustangs.

The Bulldogs fumbled away the ball again on the first play after the kickoff, and the Mustangs recovered on the 26. Denver City couldn't go this time and was thrown for a loss on a fourth and one play at the 17.

Tahoka held onto the ball in the next series, but were forced to punt. Denver City began their second scoring drive from their own 40 and scored with 3:13 left in the first quarter.

Second quarter saw neither team putting up a serious threat. Each team gained a single first down in the period, and Denver City totalled 13 yards offense and Tahoka 15.

In the third quarter the Mustangs scored again and passed for two points extra, which left the score 21-0.

The Bulldogs put forth their only scoring threat of the game following the kickoff. Ricky Harston broke loose for a 50 yard gainer.

In the fourth quarter, Denver City scored their final touchdown on a pass play.

The statistics: Mustangs - 16 first downs; 223 yards rushing and 41 yards passing; Tahoka - 5 first downs; 88 yards rushing and 35 yards passing.

LIBERATED LADIES?

Ladies, are you sure you want to be liberated, (SEE BACK PAGE FOR DETAILS) Representative E. L. Short stated that in April, 1971, the House of Representatives voted 119 FOR and 25 AGAINST the ERA. The Senate voted 29 FOR and 0 AGAINST by voice vote. November 1972 the people voted

4 to 1 in favor of the ERA.

It takes 2/3 majority in the House, and 2/3 majority in the Senate to repeal this act, before the bill can be brought up for vote by the people.

Let the people who support this Bill know how stringly you oppose it. Write: Chris Miller, Box 2910, Austin, Texas 78767, and write

Representative Sarah Weddington, Box 2910, Austin, Texas 78767. These two ladies are in strong support of this bill.

THS Band Receives A 3

The Tahoka High School Marching Band received a third division in the 2-AA marching contest held in Lubbock, November 6.

The group is very proud of their band and appreciated your support at all of the ballgames.

Voter Registration

Anyone that has moved from one voting precinct to another precinct, must have their voter registration changed to their new address in order to be eligible to vote. This change must be made five days prior to an election.

All 18 year olds who have not registered must do so 30 days prior to an election, before being eligible to vote.

News In Early Next Week

The Lynn County News will need all news in early for the Thanksgiving edition. Everyone should turn in their news into the office by Friday morning.

Highway Dept. To Begin Road Repair On 87

The Texas Highway Department and Contractors, Henry L. Stafford and Cooper and Woodruff, Inc., have announced that they will start the application of the Asphalt Stabilized Base on the north bound lanes only of U.S. 87 from the Dawson County Line to one mile south of Tahoka on or about, Monday, November 11, 1974.

Traffic will be routed through the construction; adequate barricades and warning signs will be prominently displayed. Motorists, however, should be extremely cautious in passing through the area as it will be heavily traveled by large highway construction equipment. Cooperation of the public is requested in obeying all traffic signals and warning signs.

Law Enforcements To Receive Two-Way Radio

General Electric Company has awarded a \$1 million contract to equip new, unified two-way radio communications system for all law enforcement agencies in 15 Texas counties comprising the South Plains Association of Governments. (SPAG)

Under terms of a procurement contract signed by Carolyn Jordan, president of the SPAG Board of Directors, General Electric Mobile Radio Department, Lynchburg, will supply police agencies with multi-frequency MASTR II mobile radios, MASTR base stations and PE Series hand-held portable radios. Each SPAG county and the county's largest city, Lubbock, will operate its own repeater system for extended radio coverage. The radio network will be distributed through GE control com-

mand consoles and MASTR Controller compact desk-top units. Using guidelines drawn by the Texas Criminal Justice Council, the SPAG regional concept is backed by built-in provisions for individual local considerations, resulting in new public safety benefits for the various communities while serving the region's common bond.

The new South Plains communication plan calls for county sheriff and municipal police forces in Bailey, Lamb, Hale, Floyd, Motley, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn and Garza counties will be linked under a common VHF radio system. The system provides each member agency with full internal communications, communication with all other a-

Lynn County News

gencies in the county and the entire SPAG region, access to the state wide inter-city radio system and links all mobile units to the state wide mobile radio frequency.

Simultaneously, the City of Lubbock will implement a new UHF communications system for its police department, although the Lubbock PD will remain linked to the regional law enforcement network through VHF base stations.

Eight frequency MASTR II mobile radios in the Lubbock system will be equipped for automatic identification, using a short digital burst at the beginning of each radio transmission. The new Lubbock system will also use PE Series personal units and the city is adopting a satellite receiver voting system to enhance communications from mobile and portable units operating in outlying areas.

Partial funding for the South Plains equipment procurement comes through capital grants from

the Law Enforcement Assistance Administration. Similar General Electric regional communication systems already are serving, or will serve, more than 10 regional planning districts throughout the state.

Following the business meeting, Mittie Walker spoke to the group on Using Our Talent or Talents Wisely.

The Circle's next meeting will be the Harvest Tea in the home

of Mrs. W. W. Hagood, Monday, November 25, 1974 at 4:00. This will be a joint meeting of the two circles. Madeline Hegi will review, "God, I've Got to Talk to Somebody" by Marjorie Holmes.

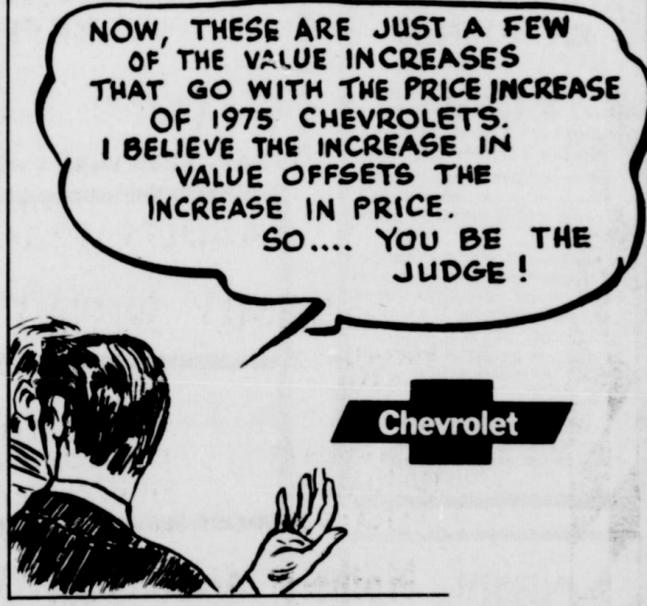

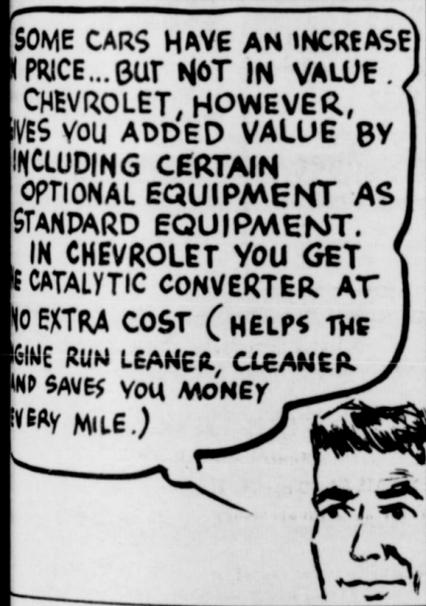

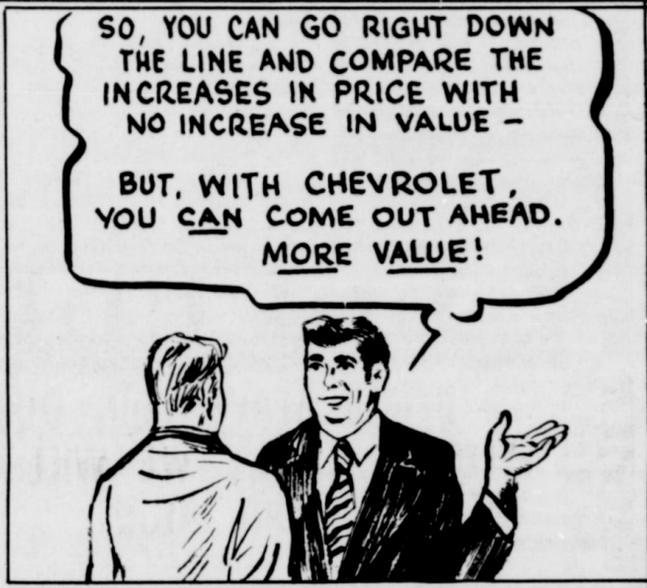

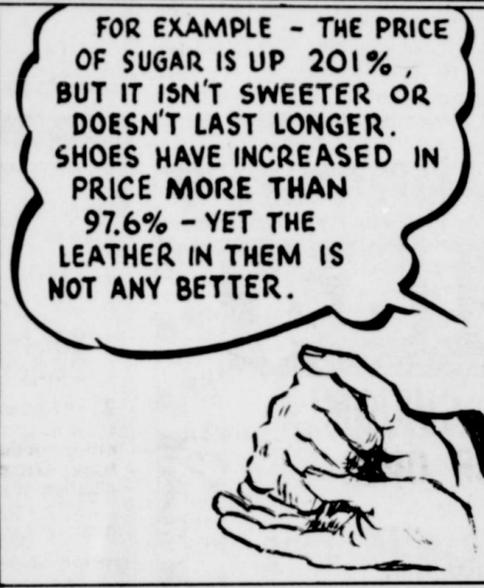

Faith Circle Elect Officers

The Faith Circle of the United Methodist Church met in regular meeting Monday, November 11, 1974 to elect officers for the ensuing year. The meeting opened with prayer by Lady Stewart. The following slate of officers were elected: President, Myrl Mathis; Vice President, Letha Porterfield; Global Ministry, Lady Stewart; Treasury, Dorothy Weaver; Recording Secretary, Jimmie Wyatt; Corresponding Secretary, Eugie Luttrell; Christian Social Relations, Mallie Eudy; and Spirit Life, Ann Wharton.

A SHORT REPORT

By REPRESENTATIVE E. L. SHORT

The House Agriculture Subcommittee on Marketing will take its case for dairy and beef producers to Washington.

Representative E. L. Short of Tahoka, chairman of the committee, said Friday, the House group had decided the trip is necessary to explain the need for more federal action to ease the crisis facing dairy and beef producers.

The chairman and other members of the committee, which includes Representatives Elmer Martin of Colorado City, Jerry "Nub" Donaldson of Gatesville, Forrest Green of Corsicana, Latham Boone III of Navasota, Dean Cobb of Dumas and Hilary Doran of Del Rio were in conference Thursday at the state capitol with agricultural economists and marketing specialists from Texas A&M Extension Service.

"The critical cost price squeeze already can be estimated as almost a billion dollar loss to the Texas economy," Representative Short emphasized, "and many of our farmers and producers, especially dairymen, will be forced out of business by bankruptcy before spring if more decisive action is not taken immediately."

The capitol conference was another step by the committee for drafting final recommendations for both federal and state levels.

"Our committee expects to be ready with a comprehensive program of recommendations for action within a week," Representative Short said. "And the committee decided that we can best present these recommendations by taking our program personally to the Secretary of Agriculture, our Texas Congressional delegation and, if possible, the White House."

Short said the recommendations will be for both immediate and long range action.

Data for the committee came mostly in three special public hearings conducted in Stephenville, Sulphur Springs and Nacogdoches with scores of dairymen, beef producers, bankers, businessmen and agribusiness leaders testifying that the cost-price squeeze along with severe inflation was driving dairymen and cattlemen out of business. Representative Short said these immediate steps would be at the forefront of recommendations likely to be made by the committee:

1. Government purchase and slaughter of excess non-grain fed baby beef (calves) to be used in federal programs.

2. Commitment to voluntary restraints on beef imports geared, if possible, to a cycle plan that would move the restraints up or down in response to market conditions.

3. A crash education program by Federal Extension Service emphasizing the value and use of non-grain fed beef as a stimulant for increased beef consumption.

In addition, the chairman said the committee would ask for a study designed to improve the accuracy of crop reporting and crop estimates. "Immediately at the state level," Representative Short said, "we are urging that all producers cooperate accurately and timely with the government's production reporting program to assist in making these commodities estimates as accurately as

Lynn County News

possible." The committee working in cooperation with State Agriculture Commissioner John White, will develop communication with agriculture departments and committees in the other 49 states for exchange of emergency plans and long-range programs.

Additional action, which may require longer range programs, will be recommended by the committee in these areas:

1. Re-evaluation of the margin structure on beef and dairy products between the farm and the consumer to determine if the wide disparity is equitable.

2. Thorough study to determine if unfair discrepancies exist against the milk producer in the milk operations marketing program.

3. Consideration of establishing a state milk commission as a means of helping the dairymen at the market level.

The chairman said also that the committee was looking seriously toward the possibility of amendments in the Wholesale Meat Act that would encourage custom slaughtering at the local level as a means of increasing the consumption of beef, especially non-grain fed animals, and immediate action by the President to exempt custom slaughtering plants from excess regulations that have forced hundreds of these type plants out of business.

Wilson Lost To Sundown, 52-7

The Wilson Mustangs were beaten by the Sundown Roughnecks last Friday night by the score of 52-7.

The Roughnecks gained 456 yards on the ground and Wilson received 156.

Wilson's only tally came in the final period on a one-yard plunge by fullback Wes Wilke.

Pioneer Acquires New Gas Reserves

Board of directors of Pioneer Natural Gas Company, at a regular meeting held here today, announced that the acquisition of new gas reserves to be added to Pioneer's system has been progressing favorably. In the first nine months of 1974 Pioneer has added new gas supply equal to 130 percent of sales for the same period and in the third quarter, acquisitions of an additional 76 billion cubic feet of gas, considerably in excess of the amount added in the second quarter. In September, a discovery of gas on a six section unit in Lynn County, Texas, was

completed and potentialized for 34,000 Mcf of gas per day. The producer is estimating a daily delivery capacity to Pioneer of approximately 10,000 Mcf per day. It is estimated that an additional five wells will be drilled in the unit area, and Pioneer has 86 percent of the potential gas production under contract.

In making the announcement, K. Bert "Tex" Watson, Pioneer president, said, "Gas from these sources will start flowing into the system around the end of the year. We forecast that the average cost of gas to the company will

Lynn County News

remain level for the remainder of 1974. This would indicate that there should be no increase in the cost of gas served to Pioneer customers for this period as a result of the monthly adjustment based on gas costs.

The directors reported that Pioneer Natural Gas Company's subsidiary, Amarillo Oil Company, had a new multi-pay oil and gas discovery on its South Egan Prospect in Acadia Parish, Louisiana, approximately eight miles east of the Jennings Townsite Field which was discovered in November, 1973, by Pioneer Production Corporation, another subsidiary. The new discovery, which appears important, tested oil and gas from five separate sands between the depths of 10,165 and 10,900 feet. A sixth zone is indicated to be productive but has not been tested. The well has been completed for production from the Hayes sand, the deepest zone penetrated, and from perforations between 10,892 feet and 10,896 feet. On an eight-hour test it flowed gas at the rate of 2.2 million cubic feet and 52 barrels of condensate per day with flowing tubing pressure of 2,960 psig.

Amarillo Oil Company is completing its fifth extension well in the Jennings Townsite Field. Production from the field is now 20 million cubic feet per day and will be increased to 40 million cubic feet per day by the first of the year. A sixth extension well and seven in-field development

wells will be commenced within the next sixty days.

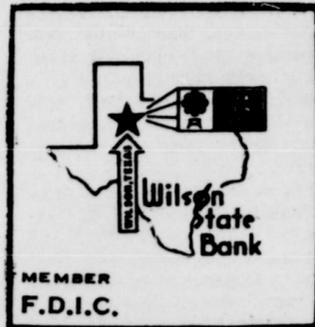

Pioneer Natural Gas Company's consolidated net income for the third quarter was \$6,030,433 compared to \$2,864,860 for the same period in 1973. Consolidated net income for the first nine months of this year amounted to \$14,804,693 compared to \$8,835,259 for the same period in 1973. Earnings per share for the nine-month period ending September 30 were \$1.99 compared to \$1.19 for the same nine months of 1973.

Watson said, "The excellent results for the third quarter and for the first nine months of 1974 are directly attributable to the continued increases in the income of our subsidiaries. In addition, due to the very dry weather through mid-August, the company did experience record sales for irrigation gas in the third quarter. In August, Pioneer delivered 10.5 billion cubic feet of gas for irri-

gation engines, exceeding the highest monthly irrigation sales in 1973 by three billion cubic feet."

The directors declared a regular quarterly dividend of 24 cents on the common stock of the company, payable on December 5, 1974, to stockholders of record on November 15.

The report of third quarter operations of the company will be mailed to stockholders about the 15th of November.

Boardman Elected Head Of TSA

Texas Seedmen's Association elected Nathan Boardman as organization's president. Boardman is president of the Texas Seed Company.

Boardman and his wife, Carolyn, with some 325 seedsmen and wives during the 42nd anniversary, held at the Sheraton Dallas Hotel. Mrs. Boardman served as official hostess during her husband's tenure as president of TSA.

The new president says that because of natural growing conditions, Texas has become one of the most seed producing areas, especially in grain sorghums.

Forty-five percent of all grain produced in the United States come within a 200 mile radius of Texas," Boardman believes.

Boardman is formerly of Tahoka, Texas, where he worked as an assistant manager of the Lynn County Agricultural Association under Bill Griffin in 1956.

Boardman graduated from Lamesa High School and Texas A & M University. He is the son of Mrs. Boardman of Lamesa. He is vice president of the Lynn County Consolidated Independent School District.

Boardman, the former president of Nowlin, graduated from Lamesa High School. Her parents are Mr. and Mrs. C. B. Nowlin of Lamesa.

Boardman and his wife have two daughters, Lisa, 14 and Jana,

Tax Collections For October

Tax collections for the month of October were very good, with about 57.5 percent of the current roll collected which is slightly over last years collections during

the month of October. Two percent discount will be allowed in the month of November for taxes and one percent will be allowed for the month of December.

County Child Welfare Board

The Lynn County Child Welfare Board was organized and met on November 7, 1974. The board was organized because of a contract entered into between the State Department of Public Welfare and Lynn County. The board will be dealing with child welfare problems, abuse and neglect, that arise in the county. The County Commissioners Court appointed the following board members: Mrs. Lexi Midkiff, Chairperson; Mrs. Mildred Abbe, Vice - chairperson; Mrs. Betty Unfred, Secretary; Mrs. E.L. Short, Mrs. Mary Davis, Mrs. Silas Russ, Mrs. Monroe Talkmitt and Rev. A. C. Castillo.

Also attending the meeting were Judge V. F. Jones, Ex-officio Member, Mrs. Wanda Stewart, Lynn County Child Welfare Worker, and Mrs. Mary Lee Jackson, Supervisor of the Social Services Unit.

Mrs. Wanda Stewart discussed the emphasis now being placed on child welfare in Texas since Governor Dolph Briscoe declared 1975 as the Year of the Child, and the Texas Family Code strengthened the importance of the child's rights to grow into a normal healthy child.

The Lynn County Child Welfare Board will meet on a quarterly basis with its next meeting in February.

Jennings Receives 15 Year Award

A Tahoka resident was honored Tuesday night at Pioneer Natural Gas Company's annual service award dinner at the Lubbock Country Club.

Phillip L. Jennings was presented a service award recognizing his 15 years of service to the company.

K. Bert "Tex" Watson, president of the company presented the award at the banquet which was the first of three such events being held by the company at different cities in its service area. This year a total of 210 employees, representing 2,430 years of service, are being honored.

Cancer Society To Meet In Wilson

The Lynn County Unit of the American Cancer Society will meet at 7:30 Tuesday, November 19, 1974 in Wilson at the St. John Lutheran Church in the Educational Building. The public is encouraged to attend this meeting. A film concerning the American Cancer Society's activities will be shown. Mrs. Jo Ann Steinhauser is in charge of the meeting arrangements in Wilson.

Lynn County News Rites Held For Mrs. Tankersley

Services for Mrs. C. T. Tankersley, 88, of Tahoka, were held at 2:30 p.m. Tuesday at the First Baptist Church of Tahoka, with the Rev. Jim Turner, pastor, officiating.

Burial was in the Tahoka Cemetery under the direction of White Funeral Home.

Mrs. Tankersley died about 9:30 a.m. Sunday in the Lynn County hospital, following an extended illness.

Born in Hamilton County, Mrs. Tankersley attended Hamilton public schools and married Charlie Tankersley August 2, 1900. The couple moved to Lynn County from Dickens County in 1917. Her husband died in 1963.

Mrs. Tankersley was a member of the First Baptist Church of Tahoka.

Survivors include her six daughter, Mrs. Leeta Williamson of Tullia, Mrs. Beatrice Noble and Mrs. Violet Bragg both of Tahoka, Mrs. Geneva Taylor of Seymour, Mrs. Nola Munson of Estherville, Iowa, and Mrs. Pansy Rutland of Albuquerque, New Mexico; her son, H. R. Tankersley of Tahoka; two sisters, Mrs. Lou Rusk of Tahoka and Mrs. Lizzie Simpson of Gallatin, Tennessee; a brother, Henry Bulman of Hobbs, New Mexico; 24 grandchildren, 51 great-grandchildren, and four great-great-grandchildren.

Grandsons served as pallbearers.

Tahoka FFA Entering Contest

The Tahoka FFA Chapter will be entering five teams in the Mesa District leadership contest, Thursday, November 14. The following boys will be competing in the contests as follows: JUNIOR CHAPTER CONDUCTING: Richard Cranford, Randy Meeks, Barry Bevers, Jayson Knox, Reggie House, Perry Haney.

GREENHAND QUIZ: Curtis Stewart, Terry Bell, Antonio Gamez, Manuel Garcia.

SENIOR FARM SKILLS: Joel Crowell, Wayne Crowell, David Sisney.

FARM RADIO: David Sisney, Randy White, Britt Brooks

SENIOR CHAPTER CONDUCTING: Clint Gardner, Britt Brooks, Ricky Meeks, Terry Ogelsby, Math Bartley and Mike Edwards

Safe Driving Trophy Presented Today To THS

Tahoka High School's safest teenage driver will be publically recognized for the outstanding safe driving habits they have exhibited on city streets and highways during the 1974-75 school year, Mr. Clifton Gardner high school principal, announced today.

A handsome trophy will be awarded to the outstanding driver in a special assembly, during the school year, the official explained.

The trophy will be presented to the high school, during assembly at 10:50 a.m. Thursday, November 14, 1974, by Jim Anderson, Membership Chairman of the Travelers Motor Club. It will be on display through - out the year.

"Our organization is grateful for the opportunity and the privilege of bringing well deserved recognition to the outstanding boy or girl of the year," Mr. Anderson said.

The trophy will be awarded by Travelers Motor Club, to the student selected by a special committee of Johnny McDonald, Cindy Park, Mitch Raindl, Clint Gardner, Randy Meeks, Trent Leverett, Mr. Cecil Robinson and Mr. Gardner.

Carolyn Haley Says...

Deodorant soaps and other germ killing products are drawing criticism from the FDA.

FDA experts say that these products may be bad for your health because the various antiseptic agents may knock out beneficial bacteria and permit dangerous germs to multiply.

The FDA is expected to propose stringent testing requirements, limit promotional claims and even ban some of the germ killers.

The biggest battle is likely to occur over deodorant soaps. Soap-makers would be given one year to prove their product is harmless. Only a few products have been proven safe and effective so far. Iodine, familiar to most home first aid kits, may disappear from the market. Experts argue that it actually delays the healing of wounds because it is toxic to underlying tissue.

The final order on antiseptic agents may not be made until next year. Then within six months, drug companies would be required to eliminate claims such as "speeds," "promotes," "aids healing," "disinfects," or "controls infection." Testing for safety and efficiency would have to be completed within one year of the proposal date.

Have you tuned in to any of the "You Can Do It!" T. V. series? If you have, you probably have found something of interest to you.

The subject for the series this Saturday will be Care of Wood Finishes. The program will be on at a different time this week. It will be on Saturday, November 16, at 3:00 p.m. on KLBK, Channel 13.

In 1972, more than \$18 billion was spent on home repairs, expansion and maintenance in the United States. The do-it-yourself market saw 20 million Americans spend \$9 million the same year. It is estimated that 80 percent of all household repairs and maintenance jobs are done by women.

Tune in to the "You Can Do It!" series and have the opportunity to learn skills for effective household repair and maintenance jobs.

Next weeks program will concern carpet care.

RECIPE OF THE WEEK:
Chicken Breast with Sour Cream
2 tablespoons margarine
2 large chicken breasts, skinned and halved
1/4 cup sour cream
1/4 teaspoon tarragon
1/4 teaspoon pepper

About 1 hour before serving, in 10 inch skillet over medium heat, in hot butter or margarine cook chicken until browned on both sides; add 1/4 cup water. Reduce heat to low; cover and simmer about 25 minutes or until tender.

In small bowl, combine sour cream, tarragon and pepper. Spread chicken breasts with mixture and cook 3 to 5 minutes. Sprinkle with "set" sour cream. Make four servings.

Gary Brazil Receives Medal

The Army Commendation Medal (First Oak Leaf Cluster) was presented to Staff Sergeant Gary W. Brazil during ceremonies held recently at Fort Hood, Texas.

SSG Brazil is the son of Mr. and Mrs. Woody Brazil of Tahoka, and a 1960 graduate of Tahoka High School.

Making the presentation were Captain Gary M. Tobin and First Sergeant Bobby L. McAbee of Combat Support Company, 1st BN (Armor) 7th Cavalry, 1st Cavalry division.

SSG Brazil is married to the former Wanda Andrews.

Previous awards include the Bronze Star, Army Commendation Medal (First Award), Good Conduct Medal (Second Award), and the Vietnamese Cross of Gallantry with Palm.

County Finances In Good Shape

Lynn County is in good shape financially due largely to the Federal revenue sharing program, County Judge V. F. Jones stated last Thursday in a talk at Tahoka Rotary Club.

The sound condition of the county is also due to bonds having been retired recently. This year, the county will receive approximately \$72,000 from the revenue sharing program which is due to expire in 1976. If this program is not renewed, however, the county at that time will have to do something to raise more taxes.

Lynn County is operating under the same tax values as were set in 1967, and as a result of paying off bond issues the tax rate has been reduced from \$1.15 to 95 cents on the \$100 valuation.

Judge Jones also cited the several county highway and farm road projects scheduled by Texas Highway Department. US 380 from

seven miles east of Tahoka to the Garza County line will be rebuilt and widened, and a new topping will be applied from Tahoka east seven miles. US 380 west to the Terry County line was rebuilt and widened this past year. New surface will also be applied from Tahoka south to the Dawson County line on US 87.

Seven miles south of Tahoka, the farm road extending east by Midway will be rebuilt by the State and extended on east to the Draw-Redwine Paving, a distance of about eight miles.

Gerald Huffaker was in charge of the program and introduced Judge Jones.

Norma Thomas, Joe Wagner Married Recently

Norma Thomas and Joe Wagner were united in marriage in a family ceremony October 26 at the home of the bride. Barbara represented her mother as Matron of Honor and Linda George as Brides Matron. Richard represented his father as best man and Steve Wagner as groomsman. Following the ceremony they were served with a reception at the Country Club where seventy guests registered. They will live at their home both in Uvalde and Tahoka where they have extensive farming in both areas.

MR. FARMER . . .

"The estimates for a strong and prosperous farm economy are the best ever."

Have you considered how much of that prosperity will be going to Uncle Sam in the form of Income Tax?"

An IDS Specialist can show you a variety of tax-sheltered investment programs including Keogh Plans, investment certificates, annuities, tax-exempt bond funds, and more.

Maintaining Strength For A Power-full Future

A power-full future means increased use of electricity at home and on the job. In November of 1971, we held open house at Jones Station where we were then capable of generating 256,000 kilowatts of electricity. This year we're doubling our capacity with our second unit at the largest electric generating station in West Texas, which brings our total system capability to 2,255,100 kilowatts. We're proud of our power plant and we want you to see it in operation.

OPEN HOUSE

Be sure to visit us this weekend. We'll be open Saturday and Sunday between 12 noon and 6 p.m. Take Farm Road 3020 to Jones Station.

TAHOKA PH. 998-4300

Mr. and Mrs. Johnny Marsh of Brownfield are the proud parents of a new baby girl born October 30. She has been named Cori Laine and has a big sister Jami Leigh age 2 years. Grandparents Mr. and Mrs. James Tippit of Brownfield. Mr. and Mrs. W. E. Shawn are the great-grandparents.

Recent visitors in the home of Beula Atkins, were Mr. and Mrs. Jack Parnell and Mrs. Ruby Doss all of Santa Anna, California. They had been visiting relatives in Brownfield, and in Abilene and were on the return trip when they stopped to see "Aunt Boo." The four grew up together back in the early days of the county.

Eight members besides the hostess were on hand to play 88 on Friday night when the club met

in the home of Verna Hayes. Lucy Brice will be hostess this Friday at 7:00 p.m.

Teddy B. Kelley, Thelma Dewbre and Louise Shook of O'Donnell were in Lubbock shopping on Friday. On Sunday the two Tahoka ladies attended church at the First Methodist Church of O'Donnell and were luncheon guests of Mrs.

Shook.

Mr. John Anderson, who resides at Colonial Nursing Home had a Sunday dinner in the home of his daughter, Mrs. Louise Wyatt. He immediately afterwards he was ready to go back to the home, because a group from O'Donnell was to hold the church services in the afternoon. Mr. Anderson's former home was O'Donnell. He has resided at Colonial for about three years.

Mr. and Mrs. E. B. Galbraith spent Friday to Sunday visiting the Marshall Atkin family in San Antonio. They spent some time with a new 3 month old granddaughter while there. Bob Marshall and wife Gwin teach at the San Antonio schools.

Taking advantage of a ride to Cisco, Mrs. Dora Carpenter went to visit a long time friend on Tuesday. Mr. and Mrs. Curtis Stone (a daughter) were going to spend a few days with the daughter who lives in Temple. The Stones live at Wilson and Mrs. Carpenter is a resident of Gold Manor Apts.

Visiting here from Pensacola, Florida, is Mrs. Duane Carter, daughter of Mrs. Beula Priddy. Her husband and other members of the family will join her for the holiday season.

Mr. and Mrs. Randall Waldrip and Judy were dinner guests at my home on Sunday. They live in Lamesa.

Buy your holiday fruit cake from the Past Noble Grand Club. These 3 pound cakes are fresh, inexpensive and guaranteed. Ask any member for a sample before you buy.

O'DONNELL TANGLES WITH SEAGRAVES

The O'Donnell Eagles will play Seagraves there Friday night, November 15, beginning at 7:30 p.m. Last Friday the Eagles lost to Stanton by the score of 42-7.

Jackson Delinting Company IS IN "PER-FECT CON-TROL".

"PER-FECT CON-TROL" is a new concept of cottonseed treating by Gustafson, Inc. of Dallas. "PER-FECT CON-TROL" combines **VITAVAX 17F**, a systemic fungicide from UniRoyal, **GO-BETTER**, an insecticide from Growth, Inc., and **CAPTAN**, a time proven fungicide.

All Three combine to stop -

- Rhizoctonia (damping off)
- Soil borne diseases
- Early insect attack
- Soil borne fungi
- Pre & post-emergence diseases by systemic action

"PER-FECT CON-TROL" does all this by penetrating into the seed (systemic action) and remaining with the young seedling for 3 to 4 weeks. Ask Charles Ross, of Jackson Delinting in Lubbock to put you in PER-FECT CON-TROL.

into a liquid form. After the steam passes through the turbines, which takes about one second, it loses its pressure and high temperature and enters the condensers under a high vacuum. The condensers each contain about 105-miles of stainless steel tubing through which 146-thousand gallons of cool water per minute are pumped. The cool tubes cause the steam to condense into water. This same water is returned to the boiler for reuse, but on its return trip it must pass through some 31-miles of tubing where it is heated to 500 degrees before entering the boiler.

The heat absorbed by the cooling water in the process of condensing the steam into water in the condensers is dissipated into the atmosphere by the cooling towers. This device operates something like the evaporative coolers used by many to cool the air in their homes. In this case the towers are cooling water instead of air and to do the job properly for Jones Station, they had to be 462 feet long, about 50 feet wide and 61 feet in overall height. As was said in the beginning, they weigh nearly 2-million pounds each and contain almost a million board feet of redwood lumber. It also takes 1650 horsepower to operate

Lynn County News

the huge fans in each tower. More than 400-million gallons of water per day pass through the cooling towers, but it is used over and over with all the water in the towers making a complete trip through the condensers and back to the towers every 7 minutes. In passing through the towers some of the water is evaporated and some of it is drained into a man-made, sealed lake near the plant where it is held ready for further use as irrigation water.

The 512,000 kilowatts of generating capability at Jones Station is controlled by an automatic dispatching system, which regulates

the production of all of Southwestern's major generation facilities. The automatic dispatching system knows which generators do their work the most efficiently when everything, particularly the cost of fuel, is taken into consideration. So, the ADS loads up those machines which are least efficient first. The result is that under any given conditions of electric load - maximum - average - minimum - the electric company is working to provide its customers with the most efficient and economical - electricity that it can produce.

The plant has a central information system which takes nearly 1,000 different readings every minute, records them and calculates their meaning insofar as the plant's efficiency is concerned.

The excitement or romance of the central information system lies, of course, in what it does on those infrequent occasions when there are problems. It is both the alarm that reports trouble and the detective that finds out why there was trouble.

But, it is its day to day operation routine operation, so to speak that is of greatest importance to the electric company's customers insofar as the cost of their electric service is concerned. The information that it provides to the control room helps make it possible to generate electric power at the lowest possible cost, at the same time it assures the customer of the most dependable service.

The combination of new, efficient, larger generating units, which produce more kilowatts for less fuel, plus the central information system working to keep those machines producing at the high levels of efficiency for which they were designed are vital weapons in the fight against inflation.

While it isn't something you could put together with a "do-it-yourself" kit, the plant is, in fact, a home-made product. The design, engineering and construction supervision was done by Southwestern Public Service Company's own engineering department, under

the direction of H. O. Hodson, vice president. Missouri Valley Constructors, Inc., of Amarillo, was the mechanical and structural contractor and Budwine Electric Company, Carlsbad, New Mex-

Thursday, Nov. 14, 1974
ico, was the electrical contractor. J. B. Bottomas was resident engineer for Southwestern Public Service Company during construction of the plant, and Floyd Starnes is the plant manager.

DECA
- - THE WAY TO
TOMORROW

THE WAY TO TOMORROW
This week we're introducing Farla Gerner. Farla is 17 years old and is employed at the House of Flowers. Her employer is Anita Billman. The flower shop has been in business for 27 years. Farla deals with sales and services. She is a member of DECA and teachers aid. Her parents are Mrs. Elmer Gerner and Mr. Rufus Gerner. Go Get Farla.

BILL GRIFFIN SAYS

Some 75,000 Texas farmers and ranchers will receive a crop or livestock questionnaire during the period from mid-November to early January. This roundup survey of crop production and livestock numbers is made annually by the Texas Crop and Livestock Reporting Service. The Texas Department of Agriculture and the Statistical Reporting Service, U. S. Department of Agriculture work together to provide comprehensive information on Texas agriculture. Producers from each of the 254 counties in Texas are selected proportional to size of operation. The small producer sampled represents many others of comparable size while the very largest producers will represent only themselves. It is equally important for all farmers and ranchers receiving a questionnaire to complete and return it promptly. The individual report is confidential - available to no other government agency or anyone except the few persons required to process the data. The state and county estimates published are available for everyone at the same time. County statistics for 1973 and January 1, 1974, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P. O. Box 70, Austin 78767, or by writing John C. White, Commissioner of Agriculture, P. O. Box 128, Capitol Station, Austin 78711.

First Application Relieves Itchy Skin Rash
Also Helps Promote Healing
Medicated Zemo quickly relieves itching, irritated skin. The Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liguide.

293 = 4,665 = Thanks To Our Customers

In the last two weeks we've been honoring our long-service employees . . . 293 of them with a combined service of 4,665 years . . . and with individual service for periods ranging from five to 45 years.

And this seems like a good time to recognize the confidence that you, our customers, have in our employees and in our Company. We, all of us, appreciate the understanding you have shown in recognizing that, like everything else, our costs of providing electric service have increased . . . and that makes it necessary to charge more for electricity. Inflation, higher material costs, higher costs of the fuel we use to make electricity . . . even the higher costs of borrowing money all account for higher costs of your electric service.

But, so long as we are expected to have electricity ready for you the instant you turn on a switch . . . to meet your year-around demands for electricity to keep your homes and businesses liveable . . . then there's just no other way. Increased costs must be reckoned with.

We have good employees . . . all trying to do the best job they know how, and so it's in order for us all at Southwestern Public Service Company to say, "Thanks," to our customers for their understanding . . . because your understanding of our problems does make our jobs that much easier.

NEW HOME NEWS

by FLORENCE DAVIES

and Mrs. A. E. Herring, 1006 A 54th St, and formerly of Tahoka were honored on their wedding anniversary with a reception at 2 p.m. Sunday. The event hosted by the Adult and 4 Sunday School classes of the Oakwood Baptist Church held at the home of Mr. Mrs. Frank Tidwell of 3713 St.

former Miss Adeline Ratliff married Albert Ernest Heron November 8th, 1914, at Munday. The couple resided in Munday for six years before moving to Lubbock in 1920. He was district superintendent for Continental Oil Company for 20 years.

NOTICE TO MEET!!!
The following women will meet Sunday, November 17th at 10:00 at the corner of 10th St. and Stadium Dr. (New Baptist Church) Margaret Harris, Virginia Howle, LaVonne Shirley Smith, Wanda Gill, Verne McAllister, Vada Parry, Betty Unfred, Katie Clements, Alan Kieth, Floy Parker, Donna Linda Crooks, Dianna Nettles, Margie Nettles, Bobbie Blakely, Mary Bess Edwards, Norma Jean Ewing, Kay James, and Vickers.

is an urgent meeting. Please come. Anyone else is welcome. Miss Sandy Schoppa of Seguin will be by plane Friday to spend the weekend with her parents, Mr. Mrs. Elmer Schoppa and other members of her family. Sandy has special education in the high school.

Miss Dodie Follis of O'Donnell spent the weekend here with her parents, Mr. and Mrs. Ed Follis, while her parents, Mr. and Mrs. Junior Follis and the boys were deer hunting in New Mexico. Mrs. J. W. Clements and Mrs. Barfield of Marietta, Oklahoma came Sunday to spend a few days with Mr. and Mrs. Jack Clements.

The Intermediate Sunday School class from the New Home Baptist Church, with their teacher, Mrs. Fillingim and several in-laws guests went to Lubbock Sunday evening for a skating party at Skate Ranch. They attended and report a great time. Other sponsors were Mrs. Gill, Mrs. Don Mc Brayer, Jack Clements, and Mrs. McAllister.

Lynn County News

ficiating. Burial was in the Nara Visa cemetery by Schooler - Gordon Funeral Directors in Dalhart. Survivors include three daughters, Mrs. Doc James, Taos, New Mexico, Mrs. Jim Alford, Amarillo, and Mrs. Jake Bryce, Channing, Texas; two sons, Mr. H. R. Jackson, Des Moines, New Mexico and Mr. Jackie Jackson, Waco, Texas; two sisters, Mrs. Ella Wren, Crosbyton, and Mrs. Nina Bonine, Tuscon, Arizona; one brother, Mr. Ernest Davies of Lubbock; 14 grandchildren and 19 great - great - grandchildren. A great number of nieces and nephews from other towns in this area were in Nara Visa for the funeral. Mr. Howard Mayfield returned home Monday and is doing very well.

Brian Kieth entered Methodist Hospital Sunday and on Monday he again went to surgery for repair of the broken leg. He is in room 215. Brian, son of Mr. and Mrs. Jimmie Kieth was 16 years old Monday. He has been on crutches constantly for the past two years, having surgery on the leg seven or eight times. He is an example of patience and courage to all who know him. He is always pleasant and non-complaining, going to school and church and other activities. He and his family covet the prayers of all.

The New Home Future Homemakers of America held their monthly meeting, November 11, in the homemaking cottage. The girls selected their secret sisters and voted on a Christmas program.

Since we were out of town till late Monday we were unable to check on all the sick. Please call your news to 924-3600.

Mr. and Mrs. L. J. Wood had all their children and their families home for dinner Sunday. Mr. and Mrs. Kenneth Smith and boys of O'Donnell, Mr. and Mrs. Lyndell Wood and children, and Mr. and Mrs. Billie Miller and girls, Tahoka.

Mr. and Mrs. Boswell Edwards visited in Sweetwater Thursday until Saturday with their daughter, Mrs. Frank McDonell and family.

Mrs. Graham George was dismissed from Methodist Hospital and returned to her home in Lubbock after surgery in Methodist Hospital.

Mrs. Edna Carpenter was dismissed from Methodist Hospital last Monday and is at home here. Her sister, Mrs. Annie Mae Green of Olney is spending some time with her.

We visited the John Turner home in Meadow last Saturday. Their daughter, Mrs. Danny (Johnnie) Nations, her husband and daughter Tresha Ann of Childress had spent the weekend with them.

Mr. Ed Follis, City Maintenance man in New Home attended the 26th annual West Texas Regional Water and Utilities short school Tuesday, Wednesday, and Thursday in Lubbock.

Mrs. Wilmer Smith returned home from Methodist Hospital Thursday. Her daughter, Mrs. Bill Bonner of Edmondson is with her.

Wilmer Smith left Sunday for Denver, Colorado to attend a general bank board of directors meeting.

Mr. and Mrs. Lit H. Moore, Jr. were in Houston, October 29, 30, and 31 where they attended the state Soil and Water Convention. They visited their daughters, Debbie in Austin and Susan and family in San Marcos before returning home.

Mr. and Mrs. Charles Freeman of Crosbyton visited us here Thursday evening, they had been in Slaton for funeral services for Charles' cousin's husband.

Mr. Olen Dickerson, age 69, died at 9:30 Wednesday in Methodist Hospital following a lengthy illness.

Services were at 4 p.m. Thursday in First Baptist Church in Slaton, with the Rev. J. T. Bolding of Lubbock officiating.

Survivors include his wife, two daughters, two sons, three sisters, twelve grandchildren and three great - grandchildren.

The Parents Club have received the pecans. Contact any of the members if you need pecans.

Mr. and Mrs. Don Confort of Abilene spent last Friday night

here with Mr. and Mrs. Robert Poer. She is the former Jo Nell Bolinder, a 1944 graduate of New Home High School. She and her husband came for the homecoming.

* Card of Thanks

THANK YOU - I would like to
take this opportunity to thank the
voters of Lynn County for electing
me to another term as County
Clerk.

It has been a pleasure to serve
you in the past year and I will
assure you, I will continue to
serve to the best of my ability.
Again I say Thanks,
C. W. Roberts 46-ltp

I want to take this means of
thanking the voters of Lynn County
for re-electing me as your County
Judge for another term.

I will continue to serve the
people of Lynn County to the best
of my ability.

Thank you,
V. F. Jones
46-ltp

We take this means to express
our appreciation to you, our friends
and loved ones for your prayers,
cards, flowers, visits and other
expressions of love shown us while
I was in the hospital.

May God bless each of you with
good health.

Dan and Clara Lee Thomas.
46-ltc

THANK YOU - To all the people
of Lynn County for electing me to
serve as your County Treasurer
for another term.

I shall continue to do my very
best in carrying out the duties
of this office.

Thanks again--
Jessie J. Stevens
46-ltp

I want to take this opportunity
to thank the people of Lynn County
for electing me to the office of
District Clerk.

I am looking forward to serving
in this capacity and shall endeavor
to execute the duties of this of-
fice to the best of my ability.

Thank you,
Auda Norman
46-ltp

partially furnished, phone 998-
4707. 39-tfc

FOR RENT - Partly furnished
apartment. Mrs. Charley Terry,
South 3rd. 40-tfc

FOR RENT: 3 room furnished
house on N. 6th St. Phone C. N.
Woods. 998-4340 or 998-4708.

Use Christmas Seals On Letters

There are two sides to every
envelope and the Christmas Seal
Association advised the public to-
day to make a good use of both
of them. One way to add extra
cheer to Yuletide cards and let-
ters and help fight lung disease
at the same time is to seal the
flap with Christmas Seals, accord-
ing to the Association.

Another is to adorn the address
side with the colorful Christmas
postage stamps. Three of them
have been issued this year: a
self stick, pre-cancel stamp
showing a dove of peace weather
vane from George Washington's
Mount Vernon home; a second
depicting "The Perusia Altar-
piece" from a masterpiece at
New York's Metropolitan Museum
of Art; and a third based on a
Currier and Ives print, "The Road-
Winter."

The 1974 Christmas Seals, de-
signed by Mrs. Rubidoux John-
son of Fairfield, Connecticut,
represent the "joys of Christ-
mas." They depict children on an
old-fashioned sled, Schnauzer pups
frisking under a Christmas tree,
a postman laden with gift pack-
ages and youngsters building a
snowman.

Mrs. Clint Walker reminded the
public that while the Christmas
postage specials cost 10 cents a
piece, Christmas Seals have no
fixed price. Receptents of seals
are invited to make voluntary do-
nations, and to use the Seals on
letters, cards, and packages to
help the Lung Association in its
battle to prevent and control em-
physema, chronic asthma, TB, ci-
garette smoking, and air pollution.

"Although Christmas postage
stamps and Christmas Seals are
serving different purposes," Mrs.
Walker said, "Christmas Seals
owe much to the post office both
in their past and present."

"The major portion of the Lung
Association's support comes from
the mailing of Christmas Seals
to thousands of homes, businesses,
and organizations in this area to
help combat a spectrum of dis-
eases that attack the lungs,"
Mrs. Walker said. "History can
repeat itself and much can be
done to bring these ailments un-
der control. That's why it's a mat-
ter of life and death to answer
your Christmas Seal letter today."

County Students Enroll At SWTSU

Southwest Texas State Univers-
ity's fall, 1974, enrollment is
12,894.

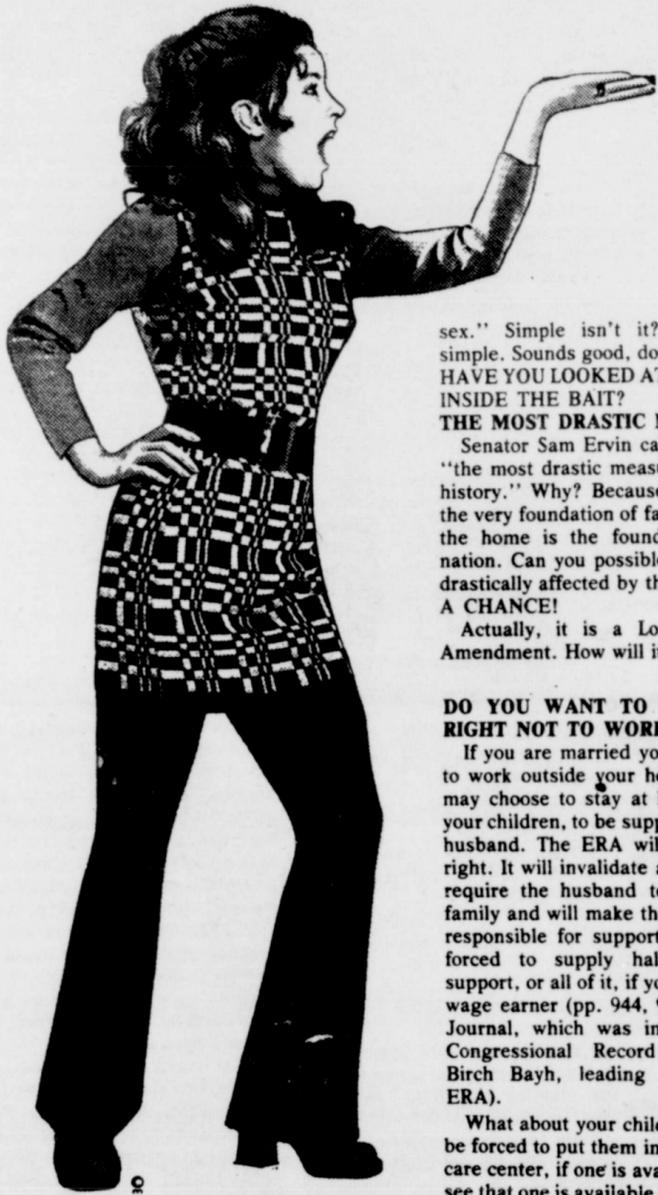

The university's enrollment
includes students from 208 Texas
counties, 42 states and more than
a dozen foreign countries.

The students from Lynn County
are: Junior, Pamela R. Brewer,
daughter of Glen B. Brewer of Rt.
1, O'Donnell, Texas 79351, a gradu-
ate of O'Donnell High School;
Freshman, Thedo B. Brewer,
whose parents are Mr. and Mrs.
Glen Burleson Brewer of Rt. 1,
O'Donnell, Texas 79351, a gradu-
ate of O'Donnell High School; and
Freshman, Janice L. Nelms,
daughter of Sam C. Nelms of Box
533, O'Donnell, Texas 79351, who
is a graduate of O'Donnell
High School.

The total students from the Lynn
County area is three.

LADIES! Have You Heard?

Do You Know Who Is Planning YOUR Future For You? Are You Sure They Are Planning What YOU REALLY WANT? If Not, It's Time To Wake Up and Speak Up! The Hour Is Late!

ARE YOU SURE YOU WANT TO BE "LIBERATED"?

God created you and gave you a beautiful and exalted place to fill. No women in history have ever enjoyed such privileges, luxuries, and freedom as American women. Yet, a tiny minority of dissatisfied highly vocal, militant women insist that you are being exploited as a "domestic drudge" and "a pretty toy." And they are determined to "liberate" you—whether you want it or not!

What is "liberation"? Ask women in Cuba. Castro "liberated" Cuba! Remember?

WHAT IS THE EQUAL RIGHTS AMENDMENT?

On March 22, 1972, the U.S. Congress passed the Equal Rights Amendment (ERA) and sent it to the states for ratification. If it is ratified by 38 states, it will become law, enforced by the federal government, superseding all state laws on related subjects.

The Amendment reads: "Equality of rights under the law shall not be denied or abridged by the United States or by any states on account of

sex." Simple isn't it? Deceptively simple. Sounds good, doesn't it? BUT HAVE YOU LOOKED AT THE HOOK INSIDE THE BAIT?

THE MOST DRASTIC MEASURE

Senator Sam Ervin called the ERA "the most drastic measure in Senate history." Why? Because it strikes at the very foundation of family life, and the home is the foundation of our nation. Can you possibly avoid being drastically affected by the ERA? NOT A CHANCE!

Actually, it is a Loss of Rights Amendment. How will it affect YOU?

DO YOU WANT TO LOSE YOUR RIGHT NOT TO WORK?

If you are married you may choose to work outside your home. But you may choose to stay at home, to rear your children, to be supported by your husband. The ERA will abolish this right. It will invalidate all laws which require the husband to support his family and will make the wife equally responsible for support. You can be forced to supply half the family support, or all of it, if you are a better wage earner (pp. 944, 945, Yale Law Journal, which was inserted in the Congressional Record by Senator Birch Bayh, leading proponent of ERA).

What about your children? You can be forced to put them in a federal day care center, if one is available. And to see that one is available is a major goal of the National Organization for Women (NOW)—leaders in the movement to ratify the Equal Rights Amendment.

Under the ERA, if a wife fails to support her husband, he can use it as grounds for divorce (Yale Law Journal, p. 951).

This can work a special hardship on senior women who have spent their lives rearing their families and are not prepared to enter the job market.

WILL THE ERA HELP DIVORCED WOMEN?

Divorced women will lose the customary right of child custody, child support, and/or alimony, and can be forced to pay child support and alimony, if her husband wins custody of the children (Yale Law Journal, p. 952).

WHAT ABOUT OTHER EFFECTS ON FAMILY LIFE?

Wife and children will not be required to wear the name of husband and father. They can choose any name they wish. Can you imagine the resulting confusion?

According to leading law counsels,

the ERA will permit homosexuals to "marry" and adopt children.

DO YOU WANT TO LOSE YOUR RIGHT TO PRIVACY?

The aim of NOW and other pro-ERA groups is to totally "desexigrate" everything. Professor Paul Freund, Harvard Law School, testified the ERA: "would require that there be no segregation of the sexes in prison, reform schools, public restrooms, and other public facilities."

This includes all public schools, college dormitories, and hospital rooms.

DO YOU WANT YOUR HUSBAND TO SLEEP IN BARRACKS WITH WOMEN?

If your husband is in the armed forces, or a fireman, what can you expect under ERA? It will be illegal to have separate facilities—so your husband will be sharing sleeping quarters, restrooms, showers, and/or foxholes with women.

DO YOU WANT TO LOSE YOUR RIGHT NOT TO BE DRAFTED?

Some women are crying for "equal rights" in the armed forces. But do you want them to abolish your right NOT to be drafted? ERA will do this. All women will register at age eighteen, subject to all military duties including combat.

If you have small children, "whichever parent was called first might be eligible for services; the remaining parent, male or female, would be deferred" (Yale Law Journal, p. 973). Do you want this for your daughters? Men, do you want your wives and daughters living in barracks with men? Going into combat with them?

DO YOU WANT PROTECTIVE LAWS AGAINST SEX CRIMES?

The ERA will abolish "seduction laws, statutory rape laws, laws prohibiting obscene language in the presence of women, prostitution and 'manifest danger' laws" and all laws against forcing women into prostitution (Yale Law Journal, pp. 954, 964).

WILL ERA PROVIDE BETTER PAY FOR WOMEN?

Not at all. Proponents of ERA incessantly sing the tune: "We want equal pay for equal work." They do not tell you that this is already guaranteed under:

(1) The Civil Rights Act of 1964, Subchapter VI: Equal Employment Opportunities (42 U.S. Code 2000e-2).

(2) The Equal Opportunities Act of 1972 (Public Law 92-261).

So the "equal pay for equal work" argument is deceptive—merely a smokescreen to hide the real intent of the ERA.

WILL THE ERA HELP WORKING WOMEN?

As noted above, it will NOT provide higher pay or increased job opportunities. It will NOT cause a husband to do more work around the house. It WILL, however, very adversely affect women in industry, by invalidating ALL PROTECTIVE LAWS FOR WOMEN—laws regulat-

ing weight lifting restriction periods, excessive working hours, maternity leaves.

The ERA will do nothing for teachers. Their protection is guaranteed by law. It WILL, however, adversely affect education by eliminating all single sex military schools, seminar women's colleges.

HOW WILL THE ERA AFFECT CHURCHES?

The National Organization for Women (NOW) is demanding women "be ordained in bodies where that right is denied." To refuse to do this is illegal under ERA. One goal is to abolish the tax-exempt status of all churches.

If the Equal Rights Amendment is ratified all Christian colleges will receive one dollar of federal aid will no longer be permitted sexually segregated dormitories, showers, or restrooms.

A WOMAN'S UTOPIA?

At women's lib rallies, NOW is proudly cited as a country where women have equal rights. Trimborn, staff writer, Los Angeles Times, visited Moscow and described just how "great" it is (L.A. Times, Dec. 23, 1970): "The women work and the men tell them to stop. Like sweeping the streets, bricklaying, loading cargo, collecting garbage, building roads, digging ditches and mining. Then she must spend at least an hour off-work time shopping, cooking. She can expect little help from her husband."

A Russian woman must have a baby in a state-operated child care unit. She (as well as men) can be forced to engage in "useful labor" or for leading a "parasitic way of life."

This is a living picture of "liberation"!

CAN A STATE REVOKE THE RATIFICATION OF ERA?

Absolutely! When 38 states ratify the ERA, it will become the Amendment to the U.S. Constitution. At one time, 33 had ratified. Nevada and Tennessee have rescinded their ratification.

"Clearly a state can change its mind either way before the amendment is officially declared to be ratified" (Prof. Charles L. Black, Jr., University Law School, Congressional Record, May 8, 1973, p. 852).

(NOTE: Proponents and opponents alike recognize the Yale Law Journal, Vol. 80, No. 5, April, 1971, as accurate analysis of the means and effects of the Equal Rights Amendment. Congresswoman Griffiths, leading proponent, gave a copy to each member of Congress.)

TOO LONG WE HAVE BEEN "SILENT MAJORITY." IT'S TIME TO SPEAK UP! LET YOUR VOICE BE STRONG AND CLEAR.

Texas Has Ratified the ERA — But A Resolution to Rescind the Ratification Will Be Introduced By Rep. Larry Vick When the Texas Legislature Convenes In January of 1975.
