

Very Little Cotton Left In Fields

Sleet and freezing drizzle over the High Plains halted final stages of cotton harvesting according to Paul R. Dickson, in charge of the USDA's Cotton Classing Office in Lubbock. "Very little cotton is in the fields now", he added. The USDA's Agricultural Marketing Service reported Lubbock, Brownfield, Lamesa, and Levelland classed 133,500 samples during the week ending Friday, Dec. 7. This brought the season's total to 842,000. On this same date last year the total was 924,000, Dickson said. At Lubbock predominant grades this week were 41 and 42. Grade 41 accounted for 18 percent while grade 42 was assigned to 34 percent of the cotton samples. Twenty-nine percent of these samples were reduced one grade because of bark. This is down from 30 percent the previous week.

The predominant staples were 30 and 31. Staple 30 amounted to 23 percent and staple 31 was 38 percent of the staples.

Micronaire readings in the premium range of 3.5 to 4.9 accounted for 11 percent of the samples. This compares to 17 percent the week before. Micronaire readings below 3.5 accounted for the other 89 percent this week.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 micronaire range were: grade 41, staple 30-29.65, staple 31-30.45 cents per pound. For grade 42, staple 30-27.90, staple 31-28.90 cents per pound. Mixed lots of cotton brought 20.00 to 32.00 cents per pound.

Prices paid to farmers for their cottonseed ranged from \$110 to \$140 per ton.

Harrington Station, Southwestern Public Service Company's first coal-fired generating station, northeast of Amarillo, is scheduled for completion in mid-1976. The new 350,000 kilowatt generating facility is a part of the \$345-million expansion and improvement program projected for SPS over the next 5 years. The investment for 1975, \$62.4-million, will be the largest annual amount ever budgeted for SPS, but the record will be short lived, as the projected budget for 1979 will exceed \$77-million.

Wilson Board Has Regular Meet

The Board of Education met in regular session on December 7, 1974, with the following members present: Roy L. Kahlich, Curtis Wilms, Tommy Bednarz, C. W. Hone, Thomas Autry, Dale Zant and Donald Klaus; school administrator present, Gary M. Gardner, superintendent, and guest present, Dean Daniell.

The following business was transacted: (1) The minutes of November 19, 1974 were approved as read. (2) Accounts payable for December were approved for payment as presented (3) The contract of Gary M. Gardner, superintendent of schools was extended (4) The Board set the following prices for cafeteria meals to be

come effective January 6, 1975: Kindergarten thru 3rd.....\$5.55
4th thru 12th.....\$6.65
District and faculty personnel.....\$7.75
Outside the school system.....\$1.50
(5) The school system accepted the resignation of Constance Reynolds, Title I Migrant teacher, effective December 20, 1974.
(6) Karen Lee Vardy was employed as the Title I Migrant teacher to replace the vacancy created by Mrs. Reynolds resignation.
(7) A decision was made by the Board to make all school facilities available for the PTA, if organized; although, no official Board action be taken either for or against concerning the PTA. The meeting adjourned.

USPA Executive Predicts Deficit Grain Supply For Southwestern US

The tightest grain supply in recent history is forecast for the southwestern part of the United States in the spring and summer of 1975.

That is the prediction of Grain Sorghum Producers Association Executive Director Elbert Harp "if the present rate of consumption continues."

Harp points out that, although the number of cattle on feed is down, the number of cattle currently on feed is higher in relation to the total supply a year ago.

The USDA cattle on feed report of November, 1974, showed the number on feed number about 71 percent of the level of the previous year.

The total 1974 production of corn and grain sorghum for the southwestern United States is only 8 percent of 1973. With the heavier

weight cattle going into the feedlots, the average daily consumption may be higher, adding additional stress to the figures.

The exports of grain sorghum for the last six months of 1974 are running about 86 percent of 1973. In comparison to the production of 1974 the export market is using a larger percentage. The exports for the last six months of 1973 were 3.75 percent of the crop that year. The relationship was 4.95 percent for 1974.

"Under present consumption trends, it appears that grain will have to be shipped into the southwestern feedlots from the corn belt by late spring and summer," Harp predicted. "We encourage all cattle feeders to study these figures while grain is still available, in order to avoid the additional freight expenses."

Southwestern To Be Improved

More than \$345,000,000 will be invested in new equipment and improvements during the next 5 years by Southwestern Public Service Company, Roy Tolk, chairman and president of the electric company, announced today.

The investment for 1975, 62.4 million dollars, will be the largest annual amount ever budgeted for the company, but the record will be short-lived. The projected investment for 1976 is more than 65 million dollars, more than 76 million dollars in 1977, and in 1979 the company expects to spend more than 77 million dollars for the improvements and equipment necessary to continue providing electric service for this growing area.

Three new generating facilities to be installed during this five year period will increase the capability of the SPS system by more than one million kilowatts, bringing the total capability to approximately 3 1/2 million kilowatts.

Harrington Station, northeast of Amarillo, will be the site for the first two additional generating units. The first is now under construction and is scheduled for completion in mid-1976 and completion of the second unit is planned for 1978. These two generators will each have a capability of 350,000 kilowatts and will use coal as their primary fuel.

"Construction of the third generating unit will start during the latter part of the five year period and will also use a coal fired

boiler," Tolk said.

In September of this year, SPS announced its interest in taking a lead role in the construction of the nation's first nuclear power plant using a gas-cooled fast breeder reactor. The company signed a letter in intent with the General Atomic Company of San Diego, California indicating that SPS would contribute \$100 million to such a project.

Transmission lines and transmission substations to be built during the five year program will represent an expenditure of more than \$50 million. The lines will be 115,000 volt and will serve the major load areas in Southwestern's system.

Mark Flippin Staff Writer

Mark Flippin, son of Mr. and Mrs. Welch Flippin of Tahoka, is a senior staff writer for the campus newspaper, the Optimist, at Abilene Christian College.

Flippin, a 1973 graduate of Tahoka High School, is a sophomore mass communications major. He has been named to the dean's honor roll for two semesters.

The Optimist is published weekly by ACC students. Dr. Charles Marler, assistant professor of communications, is faculty advisor.

Construction will start in the near future on a 115,000 volt transmission line from Cunningham Station, near Hobbs, New Mexico, to Carlsbad, New Mexico. This new line will provide additional power for new and existing industrial loads.

"This region can avoid the recession which is gripping much of the nation if the people of the area will continue the planned development program for growth which utilizes all of our assets. Planning is the key word and our area development people are dedicated to helping every community that wants to work at planned progress. Finally the whole region can count on adequate electric power being one of the assets at work", Tolk concluded.

Wilson Bus Routes Reversed

The bus routes for all students of the Wilson Independent School District will be reversed effective January 6, 1975, beginning the second semester. Therefore, students that have been picked up first on morning routes will be picked up last after Christmas. The afternoon routes will also be reversed. This is a normal procedure followed every year.

NEW HOME NEWS

by FLORENCE DAVIES

After 33 days in the Highland Hospital in Lubbock, Ann was dismissed and returned to their home in Snyder on Dec. 24. Wayland expects to be released from West Texas Medical Center in Abilene.

Jackie, Kathy and Shirley Clements and Kathy's fiance, Mike Nunneley are spending the Christmas

holidays here with Mr. and Mrs. Jack Clements. The girls and Mike are students in Oklahoma State University. On Saturday, they thoroughly enjoyed watching the O.S.U. Cowboys win the game against Brigham Young's Cougars on t.v. The game was played in the Fiesta bowl in Arizona State's Sun Devil Stadium. Jackie is a

student in Gulford College in Greensboro, North Carolina and is working as a deputy sherriff.

Mr. and Mrs. Lynn Denton and Sue spent the Christmas holidays with Lynda and Ricky Zant at Paris, Texas, with other relatives, and freinds at Clarksville and Yantis.

Mr. and Mrs. Joe Miller of Shippendale, Penn. were here several days with her parents, Mr. and Mrs. Luke Halford.

C.B. and Flora Dell Nowlin were in Loraine Saturday for a Christmas dinner with Mr. and Mrs. Leonard Coldway.

Don and Mary Ann Cowan and family of San Benito and Bill and Lynda Hooks and children of Phoenix, Arizona spent the Christmas holidays with the ladies' parents, Mr. and Mrs. V.F. Jones, their sister, Mrs. Carl Griffin and family in Tahoka, and with Dons' family, the Winston Davies here. They spent Christmas day with his sister, Mrs. Charles Freeman and family in Crosbyton. Leaving for San Benito on Saturday, they stopped in Snyder to see Ann and the children. On the way to Tahoka on Monday, they stopped in Abilene to see Wayland in the West Texas Medical Center.

Mr. and Mrs. J.W. Edwards had all their children and grandchildren home for Christmas. Other

than the locals, Edwards, Keiths, and Kents, were Mr. and Mrs. Howard Madison and children of Carlsbad, New Mexico, and Mr. and Mrs. Bobby Taylor and children of Lubbock.

Christmas visitors in the home of Mr. and Mrs. C.B. Nowlin were: Mr. and Mrs. Nathan Boardman and girls of Crosbyton; Mr. and Mrs. Loyd Huddleston and Rhonda of Lakeview; Mr. and Mrs. Danny Huddleston of Meadow; Mrs. Hilary Smith of Lubbock; and Mr. and Mrs. Wavel Millsap of Clovis, New Mex.

Christmas visitors with Mr. and Mrs. Luther Foerster and family were: Mr. and Mrs. Walter Nierlech; Mr. and Mrs. Ray Mann; Mr. and Mrs. John Mann, Kimberlie, and Gregory; Mr. and Mrs. Charlie Waller; and Mr. and Mrs. Richard Holder and Scott--all from Lubbock; Miss Sandra Schoppa of Seguire; Mr. and Mrs. Homer Neil of Dumas; Mr. and Mrs. Jack Clements, Kathy, Mike, Shirley and Jackie; and Mrs. Chloe Russell.

Mrs. Elmer Schoppa is in Room 150 Highland Hospital in Lubbock for tests.

Airman First Class, Rodney C. Overman arrived home last week from Keesler Air Force Base to

Thursday, January 2, 1958

spend Christmas with his wife, Anita in Lubbock, his mother, Ruby Overman, and brother, Roy here. Other members of the family visiting in the Overman home were: Mr. and Mrs. Ruby Overman and children and Mrs. Billie Kennedy and children of Lubbock.

Mrs. Bessie Payne is seriously ill in the Cook Memorial Hospital in Levelland. Her daughter, Mrs. C.G. Eades and other family members have been at her bedside.

Mrs. L.P. Wood of Tahoka is in Methodist Hospital Thursday and Friday where she had minor surgery.

Mr. and Mrs. Jack Clements were in Throckmorton last week after the death of her brother-in-law, Mr. W.C. Morton.

Mrs. H.C. Hodges of Lakeview is reported in good condition in Brownwood Community Hospital room 538. She was injured in a midnight Dec. 23 near Cross Plains in a car accident.

Basketball Concession Workers

Listed below are the concession workers for the following weeks. If you are unable to work at the time appointed to you, please notify someone to work in your place.

January 3 - 5:00 J. V. Boyer, Mr. and Mrs. Roosevelt Moore, Mr. and Mrs. Jake Dunlap, A Girls - 6:30 - Mr. and Mrs. Horace Strickland, Mr. and Mrs. Jim Turner, A Boys - 8:00 - Mr. and Mrs. Perry Pebsworth, Mrs. Mitsue Thomas

January 4 - 5:00 - J.V. Glendon, Mr. and Mrs. T. C. White, Mr. and Mrs. Harvey Craig, A Girls - 6:30 - Mr. and Mrs. Dewey Engle, Mr. and Mrs. Jack Henry, A Boys - 8:00 - Rev. and Mrs. L. Jones, Mr. and Mrs. Walton Terrell

January 6 - 5:30 7th Girls - Mrs. Olen Pinkston, Mr. and Mrs. Morris Bingham, 8th Girls - 7:00 - Mr. and Mrs. Guy Witt, Mr. and Mrs. John Valentine, 9th Girls - 8:30 - Mr. and Mrs. Jim Elrod, Mr. and Mrs. DeLaws

January 7 - 5:00 - J. V. Boyer, Mrs. Mary Brecheen, Mr. and Mrs. Robert Draper, A. Girls - 6:30 - Mr. and Mrs. Roy Stephens, Mr. and Mrs. M. Dodson, A Boys - 8:00 - Mr. and Mrs. Jack Stark, Mr. and Mrs. S. Pena

Jan. 9-10-11--8th grade boys and girls tournament at Tahoka.

CHRISTMAS VISITORS
Visiting Rev. and Mrs. Aubrey White during the holidays were his three sons, Ronald, a Farm Worth insurance man, Dwain, Newport Beach, Calif., attorney and Willman, who is editor of The Rotarian, monthly Rotary International magazine, at Evanson, Ill.

CALL 998-4496

On Saturday before Christmas, I took my Aunt Ruth Koch, who is spending the winter with me, to Lubbock where we spent the night with my sister Leta Brown. The following morning, the three of us were to Amarillo to the home of Mr. and Mrs. Herb Hilliard for an early Family Christmas Dinner. Other guests for the occasion were Mr. and Mrs. Frank Tow and family also of Amarillo, Mr. Hilliard and Mrs. Two being sisters and our voices. We spent Sunday night with the Tows and returned home on Monday.

Another early Christmas celebration was held in the Thelma Dewbre Family. Mr. and Mrs. M.L. Green and boys arrived here on Friday night from Comanche and Miss Joyce Dewbre came from College Station on Saturday. They had their annual Christmas Dinner on Saturday night in the home of Mr. and Mrs. Don McKibben in Lubbock. Mrs. Dewbre had all her children, grandchildren, and the great-grandbaby together for the gift exchange and meal. These from out-of-town returned to their homes on Monday.

Miss Trudy Schuknecht had planned to spend the holidays with her family in Freemont, Nebraska but was forced to cancel the trip by a sudden bout of flu and other complications and several days stay in the hospital. However, she was able to be out a couple of days before Christmas and spent a few days with her son, David's family in Lubbock at Christmas time.

She returned home Thursday.

A very pleasant surprise was in store for me on Monday afternoon before Christmas when I answered the doorbell and Harold Hamilton with his small son was there. It had been years since I had had a talk with him and we did a lot "catching up" in a few minutes. Calling to memory things I had almost forgotten, he explained to his son that I was at one time his "Cub Scout Den Mother." He and our youngest son graduated together in the class of 1952 at Tahoka High. After attending Texas Tech and doing a "stretch" in services for Uncle Sam, he went to work for Burlington Industries in Greenville, North Carolina where he still lives with his wife and 3 children. They came home for Christmas by plane on the 19th and remained over until Tuesday of this week. Harold is the son of Mr. and Mrs. Edd Hamilton and his three sisters all live in Lubbock. Needless to say, it was a happy occasion for Edd and Opal to have all the family home for Christmas.

Miss Gladys Hackett who has been in Lynn Co. Hospital for more than two weeks, was allowed to go out to her niece's home on Christmas day for a few hours visit with the family. Mr. Odessa Smith of New Home was hostess for the Christmas dinner. Miss Hackett was released from the hospital the following Monday.

Mr. and Mrs. Edd Akin have returned after spending the holidays in Garland with their daughter's family. They plan to go to St. Louis, Mo. for a few days visit with a son's family around New Year's Day.

Miss Joyce Dewbre, librarian at the College in College Station, underwent major surgery in Harris Memorial Hospital, Ft. Worth on Thursday morning. There has been no report so we hope "no news is good news."

Flying here from Anchorage, Alaska on Thursday, Mrs. Charles Moe was met at Lubbock Airport by her parents Mr. and Mrs. F.A. Wyatt. She is the former Mary Ellen Wyatt and has lived in Alaska for several years. A former teacher, Mrs. Moe is not teach-

ing this year but her husband is a teacher in the Anchorage schools. They recently built a new home there.

Both services at First Baptist Church on Sunday were well attended and was a special treat for all present. Rev. Boyce Evans, a hometown product, spoke at both morning and evening services and James Hollars and his two daughters rendered special music at the morning worship hour. James is a former music director here and is now serving in the same capacity with Bro. James Efried in Lima, Ohio. Music for the evening service was highlighted by special songs sung by the evangelistic singer who travels with Rev. Evans and by a couple of numbers sung by the "puppets". The Puppet Ministry is new at FBC but the young people are doing a good job and you miss a treat when you do not see and hear them.

Leaving by plane Monday morning Mrs. Edna Brasher will go to Compton, California for a possible 2 months stay. She has a sister and 2 children's families who live in or near that city.

Visitors in my home on Christmas Day included Leta Brown and Mike Waldrip, both of Lubbock, Mr. and Mrs. Randall Waldrip and Judy of Lamesa, Mr. and Mrs. Kay Waldrip and Kathy, Mr. and Mrs. Royce Waldrip all of Amarillo, and Sn. Dennis Waldrip, San Diego, California who is with the Navy and home on 10 days leave. Dennis will be returning in a few days to finish "boot camp" and expects to be sent to Great Falls, Illinois about Jan. 20, where he will be in a training school for 12 weeks. He is the son of the Randall Waldrip's and a graduated from Lamesa High School in 1974.

Mr. and Mrs. Neeley Brooks had all their children and families home for Christmas along with his mother, Mr. L.R. Brooks.

Mr. and Mrs. Dave Hubbard visited their daughter and family, Mr. and Mrs. Reb Burkhalter, Richard and Kathy in Carrollton during Christmas.

Nursing Home News

Evelyn Russell

Hello to all. We at the home had a happy Christmas. Several ate dinner with their families.

On Dec. 20, we had our December Birthday party with cake and ice cream. Dec. 21, was the big day. We had our Christmas party. The tree was pretty and the gifts were plentiful. Each resident received several gifts. Our party was opened by a prayer by Mrs. Harvey Line from O'Donnell and Denise Jones played the music. A group of girls sang Christmas carols. Then, Mrs. Leo Dulin and several visiting ladies passed out the gifts. Mrs. Russell was busy snapping pictures of the residents as they opened the gifts. Refreshments were served.

Garden Club sent the residents a poinsettia. Girl Scout Troop II 396 and Phebe K. Warner sent a beautiful terrarium for us to watch grow.

The FFA boys sent 2 boxes of fruit and took pictures. Huffman family sent boxes of fruit. Gifts lap robes, crocheted shoes from First Baptist W.M.U. Sweet Street Church sent gifts of assorted bibs. Pillow cases for each resident came from Dorothy Kinley's Sunday school class. Mr. and Mrs. James Brookshire sent fruit. Mrs. Harvick's first grade class hung ornaments for the door knobs. Piggly Wiggly no. 1 sent 2 boxes of fruit. The 3rd grade G.A. girls from O'Donnell sent place cards. B.L. and Lester Miller's family sent gifts. Peggy Atwell's fifth grade class sent decorated plates. Mr. and Mrs. W.E. Shawn sent 2 angle food cakes. R. W. Webb's family sent 3 pound cakes. N.G. Ghromley sent ice cream. Mrs. Tommy Oliver sent stockings and socks for all. Boats, cookies, and candy from the Pythian Lynn Temple no. 45 were sent. And,

Bill Harvick sent a cake.

Sunday, Dec. 22, Margaret Carter and several singers from the United Methodist Church came and sang carols. Brother Frank was unable to be here since he was holding the funeral services for Mrs. C.A. Thomas.

The staff had their Christmas party Dec. 22, at 8 p.m. They served supper and exchanged gifts. They reported a big time.

Our gospel singing on Dec. 23, was wonderful as always.

Mrs. Canna Allen came home from the hospital on Dec. 23. She is feeling much better. Mrs. Mattie Spruiell is home from the hospital. Several aides have been out sick with the "bug."

Corine Izard had a good Christmas. She ate supper at the Garland Pennington home for the Pennington annual party. Also she received long distance phone calls from Johnnie and Ruth Pennington from San Antonio and Charles and Barbara Pennington from Sacramento, Ca. Ruth and Johnnie surprised her by driving by. Ruth was going to Tucson, Arizona and Johnnie was going to Calif. Needless to say, she enjoyed the visit.

We had too many visitors to write all the names but we enjoyed them.

On Dec. 27, Mrs. Alice Reed's friends surprised her with a 98th birthday party.

Mrs. Nadine Hammonds came Dec. 29th for church services. She read a piece on the writer of the song "What a friend we have in Jesus."

Mrs. Russell and Mrs. Taylor spent Christmas with their families. Mrs. Russell went to Center, Tx., and Mrs. Taylor went to Wichita Falls.

from Texas Farm Bureau

FARM LABOR CONTRACTOR REGISTRATION ACT

The President signed on Dec. 7, 1974 Senate Bill No. 3203 extending coverage of the Farm Labor Contractor's Registration Act to interstate and intrastate farm workers. The new law is designated as P. L. 93-518. There is a section in this law that deals with the hiring of Mexican nationals.

The new section added is an amendment to Section 6 of P.L. 88-582 designated as the Farm Labor Contractor Registration Act of 1963. The amendment is a new section (f) to Section 6. The new section (f) refers to section (e) and the two sections (e) and (f) are reproduced here for your information:

Section 6. Every farm labor contractor shall—
(e) in the event he pays migrant workers engaged in interstate agricultural employment, either on his own behalf or on behalf of another person, keep payroll records which shall show for each worker total earnings in each payroll period, all withholding from wages, and net earnings. In addition, for workers employed on a time basis, the number of units of time employed and the rate per unit of time shall be recorded on the payroll records, and for workers employed on a piece rate basis, the number of units of work performed and the rate per unit shall be recorded on such records. In addition he shall provide to each migrant worker engaged in interstate agricultural employment with whom he deals in a capacity as a farm labor contractor a statement of all sums paid to him (including sums received on behalf of such migrant worker) on account of the labor of such migrant worker. He shall also provide each such worker with an itemized statement showing all sums withheld by him from the amount he received on account of the labor of such worker, and the purpose for which withheld. The Secretary may prescribe an appropriate form for recording such information.

(f) refrain from recruiting,

employing, or utilizing, with knowledge, the services of any person who is an alien not lawfully admitted for permanent residence who has not been authorized by the Attorney General to accept employment;

There is another section (g) that requires the agriculture producer who hires laborers from labor contract to keep certain records. This section is reproduced here for your study.

Sec. 14. Any person who furnished any migrant worker to a farm labor contractor shall maintain all payroll records required to be kept by such person under Federal law, and with respect to migrant workers paid by a farm labor contractor such person shall also obtain from the contractor a statement containing the information required to be provided to him by the contractor under section 6(e) of the Act.

In summary, the law, as amended to date, exempts any farmer, processor, canner, ginner, packer, shed operator or nurseryman who personally engages in recruiting agriculture labor solely for the purpose of supplying labor for his own operation with the exception of the recordkeeping provision quoted above.

WORLD COTTON SITUATION

Supply and demand prospects for the current season have deteriorated somewhat during recent months. Cotton production in 1975 is now estimated to be about the same as last season's revised figure of 62.6 million bales. On the demand side, the manifold problems facing the world economy—energy supply, monetary uncertainties, etc.—are having an adverse impact on the textile industry, and hence on the cotton consumption outlook for 1974-1975.

FARM ORGANIZATION 1975

The Texas Farm Bureau has completed one of the most successful years in its history. This success is directly associated with the many national, state and county Farm Bureau officers' leaders and the willingness of the members to cooperate.

There are many farm organizations on the scene today as the past and this is good. It is the competitive spirit that will build a successful general farm organization willing and capable of representing farmers and ranchers. General farm organizations have a place and under the leadership of national, state and county leaders and the cooperation of members that Farm Bureau will continue to be the general farm organization to represent farmers and ranchers. This conclusion is based on the fact that the philosophy and practice of the Texas Farm Bureau is to provide the member with information and to encourage him to contribute to the designation and solution of problems. There are no shortcuts; there is only one God that can answer all the problems. Until the God decides to take charge of the world literally, our only hope is a competitive atmosphere. State another way, our job is not to eliminate competition, but to win the race and that we will.

TAXING FOR EDUCATION

A review of the information available at the end of 1974 with regard to the cost and payment for public school education is indeed alarming. The development in 1974 amplified again the trend toward complete education, as interpreted by educators, with little or no thought of cost. Federal contribution to local school programs and to leadership training programs at the state level

Lynn County News

Thursday, January 2, 1975

FACTS FOR YOU Continued. . . .

have resulted in a virtual dictatorship. This dictatorship has developed under the guidelines of local control. Local county and state leadership are encouraged by the Federal government to map programs in line with standards established at the national level in order to qualify for federal money. The most distasteful part of this total issue is that federal money by the most liberal estimates would not exceed 12 percent of the total spent in the state, but permits the federal leaders to mold local programs. In summary, a 12 percent federal contribution taken from the taxpayers over the nation has been used to encourage local officials to "voluntarily", by-pass constitutional guarantees. The teaching hospital controversy in Bexar County clearly illustrates this process. Taxes in the district were doubled after voters had clearly rejected the increase. Dollars cannot guarantee education. Students can be taught to steal as easily as they can be taught to respect private property. Unless taxpayers take hold of this issue and reverse some of the present trends, the ownership of property will be a dead issue in the near future. This is based on the fundamental fact that the person or group or committee that controls the use of property are, in fact, the true owners of that property. If a person owns an acre of land and the tax on that land is increased against his will beyond the productive capacity of the land, the program has in reality destroyed his right to own that piece of land. One rancher reported this year that his taxes would average \$100 for each calf produced.

FOREIGN TRADE
Developments in foreign trade in 1974 crystalized the basic fact that trade is not trade unless goods and services move in both directions (export and import) based on what the free market will pay in each country. Each party to a trade should be in a position to brag to their home constituents that the trade was a benefit to them. Government supported organizations encouraging exports are: Inter-American Development Bank, Foreign Credit Insurance Association, Domestic International Sales Corporation, International Finance Corporation, World Bank International Development Association, Export-Import Bank of the United States, Private Export Funding Corporation, Overseas Private Investment Corporation and Agency for International Development. Programs designed by these agencies as well as many others operated during the years, have resulted in shifting multiplied billions of dollars from the United States to foreign governments. For example, world-area increases in debt to the United States was led by Asia increasing from \$1.9 billion in 1959 to \$18.7 billion in 1973. India's debt alone went from \$322 million to \$3.8 billion during the same period.

In addition to all this, the United States "forgave" some \$2 billion of India's debt. India recently bought 300,000 tons of U.S. fertilizer (18-46-0) at \$378.00 per ton. A check reveals that his fertilizer was paid for by India. The question is: would India have been able to pay the \$378 a ton for 300,000 tons of fertilizer without the United States' subsidy? At least, they may have been encouraged to look a little closer at the price if the subsidy had not been available.

In summary, there is no way to manufacture tractors and stand at the door of the factory and give foreign governments the money to buy the tractors and improve the economic situation in the United States at the same time.

LAND USE PLANNING

The U.S. Congress, again this year, made a determined effort to write a general land use planning law. This law was aimed at establishing guidelines directing state action. This movement will continue in 1975.

The central fact of this discussion is to remind the public that the task is not to determine if we are to have land use planning, but to determine who will do the planning. For example, there are some 80 programs reported by USDA to assist farmers and ranchers and other property owners in planning the use of their land resources.

There is still another very important fact connected with this discussion. Congressman Morris Udall of Arizona, who was a prime promoter of federal land use legislation indicated that the reason a federal law is needed is to coordinate the many varied land use programs now in operation. The conclusion is that federal government will direct what it subsidizes. Voluntary guidelines always produce compulsory programs.

PROFIT MARGINS

There are two primary reasons for decreasing profit margins: (a) government intervention and (b) inflation. Inflation has already been discussed, but the cure consists primarily of government collecting what it spends each year.

Government's attempt to manage and regulate the environment has increased the cost of production beyond any reasonable figure. In addition to this cost there is the interference with normal business decisions. It will not be possible to cover all of these, but here are a few examples: (1) One meat handler was forced by the meat inspection program to salvage a large meat saw because it had some painted surfaces. (2) The Texas Farm Bureau has been one of 46 participants in public hearings regarding the possible discontinuation of the use of Mirex for fire ant control. This procedure has been going for over a year and the stack of papers in the state office has reached 3 1/2 grry. In addition to all of the paper work and postage connected with the project the state has

paid for at least three representatives at regional meetings. (3) Congressman Glenn Andrews of California placed in the hearing report entitled Agriculture Environmental and Consumer Protection Appropriations for 1975 (part 4) the following information:

"I said, how many pounds of the top contaminated beef liver would a woman have to eat to make up for just one course of treatment with this morning-after pill that you say is safe? The answer came out 175 tons.

"So you would have to eat 175 tons of the most grossly contaminated beef liver they have ever found to be the equivalent of one course of morning-after birth control pills, which they say are safe. If this is going to raise the cost of producing beef by 15 percent to the American consumer, they have a right to know how arbitrary and even indeed capricious are some of these rulings."

The solution to the problem is no nearer now than it was a year ago. Those of you who read FACT FOR YOU will remember the re-entry regulations guarding numerous other battles during the year. All of these costs and interferences must be paid by the consuming public for which they get absolutely nothing. One of the root causes of much of the intervention is government lobbyists. The following brief article is copied from HUMAN EVENTS, Dec. 21, 1974;

Columnist Jack Anderson last

week tallied 600 different lobbyists carried on government payrolls. They draw \$15 million a year, said Anderson with one duty: to squeeze more money out of the taxpayer." Typical is the Environmental Protection Agency, which pays 41 lobbyists \$944,000 to impress its needs upon Congress. Even the anti-poverty program, which has fallen upon hard times, still boasts a 10-man lobbying unit paid \$52,000 a year.

There are many laws that prevent the use of government funds for lobbying, but these various lobbyists are authorized under the heading of "furnishing information to Congress."

FACTS FOR YOU

from Texas Farm Bureau

FARM LABOR CONTRACTOR REGISTRATION ACT

The President signed on Dec. 7, 1974 Senate Bill No. 3203 extending coverage of the Farm Labor Contractor's Registration Act to interstate and intrastate farm workers. The new law is designated as P. L. 93-518. There is a section in this law that deals with the hiring of Mexican nationals.

The new section added is an amendment to Section 6 of P.L. 88-582 designated as the Farm Labor Contractor Registration Act of 1963. The amendment is a new section (f) to Section 6. The new section (f) refers to section (e) and the two sections (e) and (f) are reproduced here for your information:

Section 6. Every farm labor contractor shall—

(e) in the event he pays migrant workers engaged in interstate agricultural employment, either on his own behalf or on behalf of another person, keep payroll records which shall show for each worker total earnings in each payroll period, all withholding from wages, and net earnings. In addition, for workers employed on a time basis, the number of units of time employed and the rate per unit of time shall be recorded on the payroll records, and for workers employed on a piece rate basis, the number of units of work performed and the rate per unit shall be recorded on such records. In addition he shall provide to each migrant worker engaged in interstate agricultural employment with whom he deals in a capacity as a farm labor contractor a statement of all sums paid to him (including sums received on behalf of such migrant worker) on account of the labor of such migrant worker. He shall also provide each such worker with an itemized statement showing all sums withheld by him from the amount he received on account of the labor of such worker, and the purpose for which withheld. The Secretary may prescribe an appropriate form for recording such information.

(f) refrain from recruiting,

employing, or utilizing, with knowledge, the services of any person who is an alien not lawfully admitted for permanent residence who has not been authorized by the Attorney General to accept employment;

There is another section that requires the agriculture producer who hires laborers from a labor contract to keep certain records. This section is reproduced here for your study.

Sec. 14. Any person who furnished any migrant worker as a farm labor contractor shall maintain all payroll records required to be kept by such person under Federal law, and with respect to migrant workers paid by a farm labor contractor such person shall also obtain from the contractor a statement containing the information required to be provided to him by the contractor under section 6(e) of the Act.

In summary, the law, as amended to date, exempts any farmer, processor, canner, gin, packer, shed operator or nurseryman who personally engages in recruiting agriculture labor solely for the purpose of supplying labor for his own operation with the exception of the recordkeeping provision quoted above.

WORLD COTTON SITUATION

Supply and demand prospects for the current season have deteriorated somewhat during recent months. Cotton production in 1975 is now estimated to be about the same as last season's revised figure of 62.6 million bales. On the demand side, the manifold problems facing the world economy—energy supply, monetary uncertainties, etc.—are having an adverse impact on the textile industry, and hence on the cotton consumption outlook for 1974-1975.

FARM ORGANIZATION 1975

The Texas Farm Bureau has completed one of the most successful years in its history. This success is directly associated with the many national, state and county Farm Bureau officers' leadership and the willingness of the members to cooperate.

There are many farm organizations on the scene today as in the past and this is good. It is the competitive spirit that builds a successful general farm organization willing and capable of representing farmers and ranchers. General farm organizations have a place and under the leadership of national, state and county leaders and the cooperation of members that Farm Bureau will continue to be the general farm organization to represent farmers and ranchers. This conclusion is based on the fact that the philosophy and practice of the Texas Farm Bureau is to provide a member with information and to encourage him to contribute to the designation and solution of problems. There are no shortcuts and there is only one God that can answer all the problems. Until the God decides to take charge of the world literally, our only hope is a competitive atmosphere. State another way, our job is not to eliminate competition, but to win the race and that we will do.

TAXING FOR EDUCATION

A review of the information available at the end of 1974 with regard to the cost and payment for public school education is indeed alarming. The development in 1974 amplified again the trend toward complete education, as interpreted by educators, with little or no thought of cost. Federal contribution to local school programs and to leadership training programs at the state level

FACTS FOR YOU Continued. . . .

have resulted in a virtual dictatorship. This dictatorship has developed under the guidelines of local control. Local county and state leadership are encouraged by the federal government to map programs in line with standards established at the national level in order to qualify for federal money. The most distasteful part of this total issue is that federal money by the most liberal estimates would not exceed 12 percent of the total spent in the state, but permits the federal leaders to mold local programs. In summary, a 12 percent federal contribution taken from the taxpayers over the nation has been used to encourage local officials to "voluntarily", by-pass constitutional guarantees. The teaching hospital controversy in Bexar County clearly illustrates this process. Taxes in the district were doubled after voters had clearly rejected the increase. Dollars cannot guarantee education. Students can be taught to steal as easily as they can be taught to respect private property. Unless taxpayers take hold of this issue and reverse some of the present trends, the ownership of property will be a dead issue in the near future. This is based on the fundamental fact that the person or group or committee that controls the use of property are, in fact, the true owners of that property. If a person owns an acre of land and the tax on that land is increased against his will beyond the productive capacity of the land, the program has in reality destroyed his right to own that piece of land. One rancher reported this year that his taxes would average \$100 for each calf produced.

FOREIGN TRADE

Developments in foreign trade in 1974 crystallized the basic fact that trade is not trade unless goods and services move in both directions (export and import) based on what the free market will pay in each country. Each party to a trade should be in a position to brag to their home constituents that the trade was a benefit to them. Government supported organizations encouraging exports are: Inter-American Development Bank, Foreign Credit Insurance Association, Domestic International Sales Corporation, International Finance Corporation, World Bank International Development Association, Export-Import Bank of the United States, Private Export Funding Corporation, Overseas Private Investment Corporation and Agency for International Development. Programs designed by these agencies as well as many others operated during the years, have resulted in shifting multiplied billions of dollars from the United States to foreign governments. For example, world-area increases in debt to the United States was led by Asia increasing from \$1.9 billion in 1959 to \$11.7 billion in 1973. India's debt alone went from \$322 million to \$5.8 billion during the same period.

Lynn County News

paid for at least three representatives at regional meetings. (3) Congressman Glenn Andrews of California placed in the hearing report entitled Agriculture Environmental and Consumer Protection Appropriations for 1975 (part 4) the following information:

"I said, how many pounds of the top contaminated beef liver would a woman have to eat to make up for just one course of treatment with this morning-after pill that you say is safe? The answer came out 175 tons.

"So you would have to eat 175 tons of the most grossly contaminated beef liver they have ever found to be the equivalent of one course of morning-after birth control pills, which they say are safe. If this is going to raise the cost of producing beef by 15 percent to the American consumer, they have a right to know how arbitrary and even indeed capricious are some of these rulings."

The solution to the problem is no nearer now than it was a year ago. Those of you who read FACT FOR YOU will remember the re-entry regulations guarding numerous other battles during the year. Rites Held For Mrs. C.A. Thomas

Services for Mrs. C.A. (Launa Skiles) Thomas, 94, of Tahoka were held at 4 p.m. Sunday, Dec. 22, in the First United Methodist Church in Tahoka. Officiating was the Rev. Aubrey White, retired Methodist minister, and Rev. Frank Oglesby, pastor, assisted.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mrs. Thomas died Saturday morning in Lynn County Hospital.

She was born June 3, 1880 in Dresden and attended school in Blooming Grove. She taught school in Lamesa from 1907 to 1908.

She married Clifford Anderson Thomas in Big Spring on April 10, 1913, and moved to Lynn County that same year from Lamesa. They owned and operated a drug store here. She was a member of the Order of Eastern Star and Daughters of the Republic of Texas. She was also a member of the

Methodist Church.

Survivors include a daughter-in-law, Mrs. C. Skiles Thomas of Tahoka; four grandchildren, Mrs. Roger R. Baier of Dallas, Bill, Cliff and Carol of Tahoka; and two great-grandchildren.

Pallbearers were Clint Walker, Bill Stewart, Dayton Parker, Johnny Wells, W.C. Huffaker, and Harold Green.

Honorary pallbearers were Dr. Emil Prohl, Dr. K.R. Durham, Dr. Vernon McKay, Dr. Ben Hutcheson, Dr. Joe Lehman, Hubert Eudy and members of the Mens Bible Class.

LOCAL

Mr. and Mrs. Frank Hill and the Jacobs family of Bovina spent Christmas with Mr. and Mrs. Dick (Vicki Jacobs) Taylor at Pampa.

Carolyn Haley Says...

with ever-increasing utility bills a major concern today, many consumers are asking how much more energy an automatic-defrost freezer uses than a manual-defrost model.

Several sources report that for the same usable freezer space in cubic feet, the automatic freezer costs about 30-45 percent more to operate.

But one advantage of an automatic defrost model is that 100 percent of the available storage space is more easily maintained at zero degrees, compared to only about

80 percent for manual-defrost models.

When this factor is considered in a comparison of operating costs, estimates indicate that automatic-defrost freezers cost only about 15 percent more.

This difference in cooling power is caused by the placement of the refrigerator coils. Those in a manual-defrost freezer are located in the shelves and at the top of the box.

But they are outside the food storage area in an automatic-defrost model. A fan circulates air over the cooling coils and throughout the freezer compart-

ment to keep temperature within the box constant.

Foods must be placed carefully in an automatic-defrost freezer to allow free circulation of cold air.

RECIPE OF THE WEEK NO-BAKE PEANUT BUTTER DROPS

1 cup crunch-style peanut butter
3 and one-third cups miniature marshmallows
1/4 cup butter or margarine
2 tablespoons milk
1 teaspoon vanilla
1 1/2 cups quick or old fashioned oats, uncooked
Melt peanut butter, marshmallows and butter over low heat (use double boiler); stir until smooth. Remove from heat; stir in remaining ingredients, mixing thoroughly. Drop by teaspoonfuls onto greased cookie sheets. Immediately top each piece with peanut. Remove from cookie sheets when set. Store at room temperature.
YIELD: about 3 dozen.

Bullock's Observe Anniversary

Mr. and Mrs. C. P. Bullock celebrated their 50th wedding anniversary recently. Friends will remember them as Ruby and Charlie Bullock who reside in Abilene, Texas. The celebration was held in the Hilton Inn, Embassy room in Abilene.

The celebration was hosted by their children: Mr. and Mrs. Bud Gray, Mr. and Mrs. Bill Harrison, and Glen and Harold

Bullock. Ninety registered guests attended. The honorees received many lovely gifts. According to Mrs. Swann of Tahoka, the affair was one of the most perfectly arranged affairs she has ever attended. "The 50th year bride was just as delectable with her adoring husband by her side. We wish for them a more happy years together," Mrs. Swann said.

Minnie Sayles Funeral Held

Services for Mrs. Minnie A. Sayles, 58, of Tahoka were held Sunday, Dec. 22, at Pleasant Grove Baptist Church in Tahoka with the Rev. M.S. Brown, pastor, officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mrs. Sayles, who had been ill for many years, died in the emergency room of Lynn County Hospital at 10 a.m. Thursday, Dec. 19.

She was born May 15, 1916 in Gilmer, and attended schools there. She attended Texas College in Tyler. Mrs. Sayles was a Lynn County resident 40 years. She was a retired school teacher and a member of the Pleasant Grove Baptist Church.

Survivors include her daughter, Mrs. Erma Coleman of Odessa, two sisters, Mrs. Ella Swisher of Lubbock and Para Lee Sayles of Chinle, Ariz.; her brother, H.E. Sayles of Tahoka and three grandchildren.

Palbearers were Andrew Nance, Ira Callins, James Scott, Tommy Graves, T. B. Bookman, and Robert Hood.

Kerri Kirby (cousin of the bride) of Grapevine, Texas and Mickey McClintock (brother of the bride) of New Home. The flower girl was Paige Pridmore of New Home and the ring bearer was Kray Kirby (cousin of the bride) of Grapevine.

Kerrie and Paige wore long dresses of light blue velvet overlaying the bodice and cuffs. And matching royal blue velvet ribbons in their hair.

Mrs. Ann Wyatt of New Home served as organist, Miss Renea Zant of Wilson played the chimes and Mrs. Joyce Kalich of Wilson was soloist. Mrs. Kalich also recited the poem of "How do I love thee," with the organ.

After the lighting of the Unity Candle by the couple, Sheila and David closing the wedding ceremony, the reception was held in the fellowship hall of the Church.

Miss Beckey Sasser of Lubbock, Texas registered guests. The table was laid with a light blue cloth and draped in a white crocheted lace cloth. A royal blue plume pen, a 5 point Silver candelabra, and brides book appointments.

Mrs. Patsy Savell, Mrs. Donna Fields, Mrs. Menette Black, and Mrs. Beverly Peoples served at the bride's table. The table was

laid with a white silk underlay and draped in a cloth of white illusion accented with white sequine medallions and edging. The table held a 6-tiered wedding cake, a centerpiece of light and dark blue flowers and candles, with crystal punch bowl and crystal silver appointments.

Mr. Richard Savell, Doug Savell, and Dan Savell, all brothers of the groom served guests from the groom's table laid with a royal blue cloth. Chocolate cake, silver coffee service and white china and silver appointments. There was a centerpiece of blue flowers and a blue candle.

For going away, the bride chose a long blue and white floral crepe dress. A white orchid corsage, and a white cape completed her outfit.

After a wedding trip to Colorado, the couple will reside at their home at Rt. 2, Wilson, Texas.

Sheila is a 1974 graduate of New Home High School and a graduate of Draughon's Business College of Lubbock.

David is a 1974 graduate of Wildon High School and is presently engaged in farming.

McClintock-Savell Pledge Double Vows

Sheila McClintock of New Home, Texas and David Savell of Wilson, Texas exchanged wedding vows in a double ring ceremony Saturday Dec. 28, 1974 at 7:00 p.m. in the First Baptist Church of New Home. Sheila is the daughter of Mr. and Mrs. Bryan Kent McClintock of New Home and David is the son of Mr. and Mrs. James Savell of Wilson.

Reverend E. K. Shepherd, pastor of the First Baptist Church of Wilson officiated the ceremony.

Given in marriage by her father, the bride chose a formal gown of white Satapeau and French Chantilly lace. The lace accented with pearls overlaying the bodice formed a high neckline and long sleeves. Panels of the scalloped lace extended the length of the A-line skirt in a Redingote fashion, and adorned the semi-cathedral length train. Tiny buttons and a fabric bow at the back waistline complete the decor. A matching pearled Chantilly lace face-framing headpiece held a cathedral length, tiered veil of im-

ported illusion, bordered in the scalloped lace.

The bride carried a bouquet of white orchid and roses.

Camille Rice of Wilson was Maid of honor. Debbie White of New Home and Denise Bednarz of Lubbock were bridesmaids. They wore formal length dresses fashioned after the bride's of light blue crepe, with royal blue velvet overlaying the bodice, and cuffs of the long sleeves. A matching royal blue velvet headpiece held a tiered shoulder-length veil of matching blue illusion. They carried nosegays of light and dark blue flowers, baby's breath and lace.

Phil Kitten of Wilson served as best man. Groomsmen were Doug Savell (brother of the groom), and Michael Bednarz, both of Wilson.

Ushers were Dan Savell (brother of the groom) of Honolulu, Hawaii, Marty McClintock (brother of the bride) of New Home, Richard Savell (brother of the groom) of Slaton, Texas. Candlelighters were

* Card of Thanks

We would like to take this opportunity to thank everyone for the kindness shown to us in the loss of our loved one. Thank you for the food, flowers, cards, prayers, and other acts of sympathy. Our special thanks to our many priceless friends for the comforting words and prayers that so richly blessed our family. The family of W.H. (Howard) Mayfield 1-ltc

We would like to express our gratitude for all the flowers, food, memorials, prayers and all other kind acts shown us at the time of the loss of our husband, son and father. Your thoughtfulness will never be forgotten.

Mrs. Thedo Cook, Mrs. Della Cook, Mr. and Mrs. Cecil Kizer and family, Mr. and Mrs. Glen Brewer and family 1-ltp

We sincerely thank each and every one for all the food, flowers and other expressions of sympathy extended to each of us in the loss of our loved one. May God bless each of you. The Family of Mrs. Edna Park 1-ltp

Ed Fox and family would like to express sincere thanks to each and every one who gave donations to help buy a kidney machine. Thanks again, Ed Fox and family 1-ltc

Garden Club Has Christmas Guest Tea

The Tahoka Garden Club had its annual Christmas Guest Tea in the home of Mrs. Vera Witt, Dec. 17 at 2 p.m.

The meeting opened with a prayer by Mrs. J.B. Oliver and a welcome by Mrs. E.M. Walker. Two new members, Mrs. J.T. Tippitt and Mrs. John Paul Lawson were voted into the club. After a brief business meeting, Mrs. R.

M. Stewart read the Magnificat from Luke and Mrs. Leslie Paris

sang "Silent Night" for the program.

After the program, gifts were exchanged and a social hour enjoyed by all.

Visitors for the day were Mrs. G.M. Stewart, Mrs. Truett Smith and Mrs. Joe Arrington. First and second and third place winners in floral arrangements entitled "Christmas Wonder" were won by Mrs. A.C. Weaver, Mrs. D. Proffitt and Mrs. N.M. Wyatt.

A Christmas Poinsetta was given to the Colonial Nursing Home following the meeting. Mrs. Zelma Taylor and Mrs. Gladys Cobb assisted Mrs. Witt in arrangements and in serving refreshments.
