ITS AUSTIN - Shown above are Robert Harvick, Lynn County Farm Bureau and Insurance Agent as he visited in Austin to participate in a seminar and reception given by the Texas Association of Life Underwriters for the Members of the 64th Legislature. His host was Rep. E. L. Short of Tahoka.

Cotton Harvesting Near Completion

Harvesting and ginning on the Plains is rapidly drawing to a close, according to Paul R. ... in charge of the USDA's Cotton Classing Office in Lubbock. ... 3,000 samples a day are being run," he added. ... USDA's Agricultural Marketing Service reported 27,000 samples were classed during the week ending Friday, January 24. This brought the season's total to 1,000,000. On the same date last year the total was 2,362,000, Dickson said. ... predominant grades this week were 42 and 52. Grade 42 accounted for 24 percent while grade 52 was assigned to 24 percent of the cotton samples also. ... five percent of these samples were reduced one grade because of bark. This is up from 1 percent the previous week. ... predominant staples were 31 and 30. Staple 30 amounted to 30 percent and staple 31 was 20 percent of the samples. ... micronaire readings in the present range of 3.5 to 4.9 accounted for six percent of the samples. ... compares to 9 percent the week before. Micronaire readings

below 3.5 accounted for the other 94 percent this week. ... Pressley strength tests averaged 80,000 pounds per square inch. ... Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Grade 42, staple 30 - 27.15, staple 31 38.15 cents per pound. For grade 52, staple 30 - 24.30, staple 31 25.10 cents per pound. Mixed lots of cotton brought 15.25 to 32.00 cents per pound. Mixed lots brought 21.00 to 26.00 cents per pound. Demand is steady to fair for current ginnings and trading is steady to slow. ... Prices paid to farmers for their cottonseed averaged \$125 per ton.

Phil McClendon Sets Track Record At LSU

Phil McClendon, Ex-Tahoka Bulldog State Track Champion, is now running for Baylor University in his sophomore year.

Baylor opened their track season last Saturday at Baton Rouge, Louisiana. Running against such Southeastern and Southwestern Conference powers as LSU, Auburn, Mississippi State, and Texas A&M, Phil won the 880 yard run by taking the lead at the beginning of the gun lap and won going away with a 15 yard lead. Phil's winning time of 1:53.4 set the huge indoor field house track record before a capacity crowd. This Friday January 31, Phil will be competing in the Southwest Conference indoor track championship meet at the Fort Worth Convention Center. Phil took 3rd place last year in his freshman year and will be among the favorites this year.

DISTRICT COURT CASES

06 District Court of Lynn County met Monday, January 20. One case of negligence was tried. The trial began Monday afternoon and continued through Friday morning. The plaintiff was awarded \$15,000 in an out of court settlement.

one plea of guilty on second offense DWI sentence was reduced to misdemeanor and was put on probation for one year.

one guilty plea on burglary charge in which the defendant was sentenced to three years in the State Department of Corrections.

Grady Nutt To Be Chamber Speaker

The annual Chamber of Commerce Banquet will be held Thursday, March 13, at 7:30 p.m. in the school cafeteria. Grady Nutt will be the featured speaker.

Versatility could best describe nationally-known humorist Grady Nutt.

Grady sings, tells humorous stories, juggles, plays half-a-dozen musical instruments, and performs before groups across the country - ranging from college concerts to banquets and conventions.

Perhaps he is best known for his unique brand of down-home humor, which he skillfully extracts from everyday life around us.

An ordained Baptist minister, most of the time Grady's "pulpit" is a concert stage or a plate of ham and green beans. He averages more than 150 speaking appearances annually. He has also been a frequent guest on the nationally syndicated Mike Douglas Show.

A native of Texas who was trans-

Grady Nutt

planted to Kentucky, Grady received his bachelor of arts degree from Baylor University, Waco, Texas, and a master of divinity degree from Southern Baptist Theological Seminary, Louisville, Kentucky.

He and his wife, Eleanor, and their two sons, Perry and Toby, live in Louisville, Kentucky.

Open House And Homecoming At Church of Christ

This Sunday afternoon, members of the church of Christ who meet at 2320 Lockwood will be welcoming former members and friends as they formally open the new multi-purpose annex to their building. The addition was built by the Bill Knight Construction Company in Lubbock. Construction was begun on the building last July and was completed about the middle of December. The 40 by

80 annex addition contains a Library and Conference room, Minister's Study, Work Room and a large 40' by 60' room with kitchen facilities. The large room is being used by Spanish-speaking

members of the church for worship services Sunday mornings and evenings at the same time. English-speaking members are worshipping in the main building. Bible classes are conducted in the room on Tuesday nights during the week. The facility can be

used as a dining area which will seat 180 to 200 people. The first function held in the new building was a Bible Teacher Appreciation banquet attended by more than a hundred people during December.

The church of Christ in Tahoka is led by five elders: Ted Chancy, Roy Ford, L. A. Forsythe, Fred McGinty and J. O. Reed have served the church for the past several years. The congregation began meeting at the present location on Lockwood after the completion of the original building there in 1959. Six deacons assist the elders. These men are: Tom Cloe, Dan Curry, Cecil Hammonds, J. A. Pebsowrth, L. F. Williams, and Fred Zedlitz. Bill Looney is the local preacher or evangelist and has been serving the church since July 1, 1974.

Ralph Beistle, who served as preacher for the church from 1964 until 1967 and is now preaching for the church in Coahoma, will be the guest speaker during Sunday morning and evening worship services. A large number of former members are expected to be present as well as numerous friends from Tahoka for the services and the Open House Sunday afternoon from 2:00 until 4:30.

Immunization Clinic Feb. 7
An immunization clinic will be held Friday, February 7 at the Community Action building from 1 to 4 p.m.
Everyone is urged to get all their shots, especially children who will enter school next year. Also, the Community Action is in need of children's clothes. Anyone having these should take them to the Community Action Center.

O'Donnell Bank Robber Arrested

Luther Frazier, 59 of Lubbock was arrested in Dallas Friday night on a federal bank robbery charge.

Frazier, a parolee from the State Department of Corrections, was being sought in connection with the robbery of the O'Donnell First National Bank, where about \$3,000 was taken last Tuesday.

Frazier was arrested shortly after he registered under "his real name" at a motel in Dallas and approximately \$1,177 was recovered during the arrest. Frazier arrived in a cab and a search

for the car seen speeding from O'Donnell robbery is still underway.

Lynn County Sheriff Norvell "Booger" Redwine of Tahoka said photos obtained in Lubbock were identified by Deen Davis, the cashier who was robbed.

Girl Scouts Elect Officers

The Junior Girl Scout Troop 286, Wilson, Texas, elected troop officers. The officers are: President, Miss Kennie Lee, daughter of Mr. and Mrs. Bobbie Lee, Rt. 1, Wilson, Texas; Assistant President, Miss Sherri Steinhauer, daughter of Mr. and Mrs. Gilbert Steinhauer, Rt. 1, Wilson, Texas; Scribe, Miss Debbie Daniell, daughter of Mr. and Mrs. Dean Daniell, Rt. 2, Wilson, Texas; Secretary - Treasurer, Miss Tamara Houchin, daughter of Mr. and Mrs. Gary Houchin, Rt. 2, Wilson, Texas.

Plans were discussed for a camping trip and a new craft project.

The annual council wide sale of Girl Scout cookies was discussed and plans were made for Troop 286 to take part in a special sale day with all the other troops in Wilson.

Open Installation

The Open Installation for the Rainbows, Tahoka Assembly No. 234 will be February 1, 1975 at 7:30 p.m. at the Masonic Hall. Wayla Craig will be installed as Worthy Advisor. Everyone is invited to attend.

New Home Livestock Show

The New Home Community Livestock Show will be held at 10:00 a.m. Saturday, February 8, 1975 in the Macha Barn. Judging will start at 10:00 a.m. with barrows, after lunch they will complete barrow judging and lambs.

All New Home 4-H and FFA boys and girls are urged to participate in stock show this year.

They should have several entries and a good stock show.

They will accept entries at 3:00 on Friday afternoon, February 7, 1975, with all livestock in barn by 6:00 p.m. Each boy and girl will need to furnish their own bedding, and have their animals clipped and washed before coming to the show barn.

If you have any questions concerning the stock show this year, contact Bob Bullard, VO AG Teacher at New Home.

SOIL CONSERVATION NEWS

The Soil Conservation Service is presently taking applications for work done under the Great Plains Conservation Program. Interest in this program has increased in many places so that we no longer receive the money in Lynn County we once did, however; we still receive between 30 and 50 thousand dollars per year. More than one million dollars has been spent in Lynn County in the last 10 years on GPCP Contracts. We still have a waiting list, but would encourage those interested to make their application soon.

How homebuyers can use soil surveys to avoid later regrets is explained by a new publication of the U. S. Department of Agriculture.

The colorful brochure, "Homebuyers...Soil Surveys Can Help You," was written by the Soil Conservation Service as an aid to consumers.

There are tens of thousands of different soils, many of them cause serious problems when used for house lots. The new

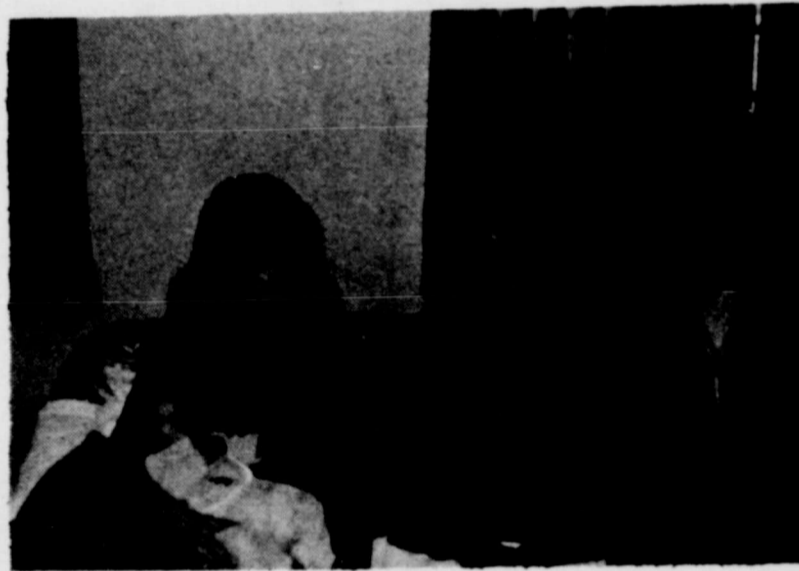

booklet explains how a soil survey can pinpoint areas subject to flooding, seasonal wetness, septic tank failure, erosion and other hazards. By checking a home-site on a soil map, prospective homebuyers can find out what soil hazards, if any, they risk by buying the house.

Soil surveys contain detailed map of a county's soils and interpretations of the data for a variety of land uses. Information is based on test borings to a depth about six feet or to rock. More than 70 percent of the land in Texas, or about 120 million acres, has been surveyed. In areas not covered by a published survey, land users may obtain recorded information from a survey in progress at the appropriate Soil Conservation Service office.

Single copies of "Homebuyers...Soil Surveys Can Help You," PA 1050, are available from local SCS offices or from Soil Conservation Service, P.O. Box 648, Temple, Texas 76501.

Projections Optimistic for '75 Wheat Yield

AUSTIN--If present conditions continue, Texas winter wheat crop expected to top 117 million bushels, a 122 percent increase over 1974, Agriculture Commissioner John C. White announced.

Wheat production could reach the state's 1973 record of 98.6 million by as much as 40,000 bushels," White attributed the optimistic projection to abundant fall preplanting and winter rains in the High Plains, the state's leading wheat producing region.

The commissioner noted, however, that wheat yields also depend on spring and summer weather conditions. A late spring freeze or a lengthy drought spell could alter the picture.

According to the Texas Department of Agriculture and Livestock Marketing Service, planted wheat in Texas is estimated at 6.5 million. This represents a 16 percent increase over last year and the largest planted acreage since 1949 when farmers planted more than 7 million acres.

Most of the increase is coming from land previously planted in cotton, a crop which this past season by a sharp market. Many Plains farmers who lost crops to last year's drought have also started to wheat.

Statewide, wheat production is projected at 117 million bushels, a 15 percent increase over 1974's record crop. The U.S. Department of Agriculture (USDA) has announced that yields are expected to be 10 percent lower than they were last year despite the increase. Carryover stocks of wheat are 1.5 billion bushels, the highest in more than 25 years.

The USDA also announced that the 1975 national feed grain allotment will be 89 million acres, the same as in 1974. The allotment represents the number of harvested acres of feed grains, based on the estimated national average yield, needed to produce the quantity of feed grains for domestic use and export during 1975-76.

Projected 1975 per bushel feed grain yields on which the allotment is based are 93.0 for corn, 60.0 for grain sorghum and 45.5 for barley. According to the USDA, the allotment does not represent a limit on acreage but is computed only for the purpose of distributing payments to producers if payments are required.

White Says Buy Baling Wire Now

AUSTIN--Agriculture Commissioner John C. White has advised farmers and ranchers to buy baling wire now to prevent shortages during periods of peak demand.

White said the two major suppliers of baling wire to Texas, Colorado Fuel and Iron and Armco Steel Co., are working at full capacity but are likely to cut back on production if the flow to market is not steady.

"If this happens, there won't be enough baling wire to go around when everyone wants it during the haying season in the spring and summer," the commissioner said.

He added that it appears unlikely that the price of baling wire will drop later in the year.

Lynn County News

"Compulsory" Surgery

Suffering from a hyperthyroid condition, Doris began to collect disability payments under the Social Security Act. But after a brief period, the government decided to pay no more.

"She isn't that sick," a government spokesman explained in a court hearing. "All she needs is a minor operation, which she refuses to have. That isn't our fault."

"I just don't like surgery," countered Doris. "They can't make such a thing compulsory."

However, the court agreed with the government that the payments could indeed be terminated. The court said Doris could not be classified as "disabled" when it was within her own power to get well.

The justification for the ruling was that the operation which Doris needed was relatively safe. Why, say the courts, should the government bear the consequences of a person's unusual squeamishness?

The greater the risk, however, the greater the right of the ailing person to refuse surgery without losing his benefits. He may also refuse surgery on the ground that it is not likely to help him. Thus:

A truck driver was disabled by a severe back problem. Here too the government wanted him to undergo corrective surgery rather than collect disability payments.

But this time, the operation was

both painful and dangerous—and the chance of success was no more than 50%. Ruling against the government, the judge said:

"This court will not require claimant to submit to such odds."

One case involved a man who was unable to hold a job because he drank too much whiskey. In seeking social security payments, he claimed he could not change his habits. But a court turned him down, concluding that he could control his "disability" if he tried hard enough.

Bobbie Greer, Adm.

S. 19th Ph. 828-3681

BILL GRIFFIN SAYS

In what could be one of the biggest jumps in crop acreage in recent years on the Texas High Plains, sunflower planting for 1975 are expected to exceed 200,000 acres and could go as high as 400,000. This compares to only 5,000 acres grown last year.

These facts were reported by Dr. James Supak, an agronomist with the Texas Agricultural Extension Service, after a series of meetings this month with producers and county agents across the South Plains.

Supak said that industry officials had expected an increase, but the prospects of acreage in excess of 200,000 has probably caught many by surprise.

He said that 200,000 acres of sunflowers could gross between 30 to 50 million dollars.

The anticipated expansion of sunflower acreage, he added means that many farmers will be planting this crop for the first time in 1975.

"They'll be hampered by many unknowns about his new crop," the agronomist predicted. "We don't have answers for insect control, yields under varying soil and climate conditions, disease resistance levels of new hybrids, and other important questions."

Reasons for the drastic increase in sunflower acreage this year, Supak explained, reflect producer concerns about market outlook and the need for additional cash crops with low water and plant nutrient requirements.

"What prompted many to consider jumping onto the wagon was the availability of firm, profitable contracts for sunflower seed, plus the recent development of sunflower hybrids, he said.

Before 1973, only open-pollinated varieties, largely of Russian origin, were available for commercial production. Since that time, several sunflower hybrids have been introduced in this area by commercial seed companies.

Supak noted that the hybrids provide higher yields, and are more uniform in emergence, flowering, maturity and height, permitting more effective insecticide treatments and harvesting. Hybrids also exhibit some resistance to potentially damaging diseases.

He reported that industry spokesmen indicate that supplies of hybrid planting seed will be limited in 1975, but should be adequate after this year.

The most potentially dangerous

risk farmers will face are insects, the agronomist said.

According to Dr. Robert McIntyre, Extension entomologist and co worker of Supak, as many as 47 different insect species are known to feed on sunflowers.

Major insect pests of this area, McIntyre said, are the carrot beetle and sunflower moth. The moth can be successfully controlled with insecticides, but no effective control method has been found for the carrot beetle.

"During the period from 1962 to 1971," McIntyre reported, "the carrot beetle ranged at will over all trial plantings on the High Plains virtually destroying most of them.

"But in 1972, 1973 and again last year, little damage from the beetle was reported. Commercial plantings were grown successfully in the Crosbyton, Petersburg, Hale Center, Post, Anson, and Roscoe communities of the High Plains during 1974'.

Continued McIntyre, "in contrast to successful ventures, sunflowers had never been successfully grown at the Texas Agricultural Station at Munday until the fall of 1974."

The entomologist said that no insecticide has effectively protected sunflowers from severe carrot beetle damage. Researchers with the Texas Agricultural Experiment Station are now looking at cultural and biological control methods that might contain the pest.

"Thus far," McIntyre said, "manipulation of planting dates as a possible cultural control method for escaping beetle damage has not yielded conclusive results. Beetles can destroy a crop at any stage of development. And, biological control studies are not far enough along to tell us much."

Diseases also pose a potentially serious problem, said Supak. Although some of the new Hybrids have varying degrees of resistance to some diseases, their tolerance to a multitude of disease organisms in widespread commercial plantings is yet to be fully evaluated.

He added that growers should avoid risking large amounts of

Nursing Home News

Evelyn Russell
Administrator

Hello to all. We would like to express our sympathy to Mrs. Mattie Spruiell's family. Mrs. Spruiell was a resident here at the home but sad news was brought to us Friday morning when we learned she had passed away.

Corine Izard is back with us from her visit to California. We have two new patients, Mrs. Beula Atkins from Tahoka, and Mr. William Issaz from O'Donnell. They both seem to like it here very much.

Some of the patients flew with Jean, we had lots of fun. It is always a pleasure to have Mrs. Hammonds and her family sing for us each week.

Mrs. Jones bible study was on Galatians, Not by the sword but Sons, Chapter 4.

Milton DeLeon is our new housekeeper from Tahoka, he is married and one on the way.

Pastor Ogelsby from the Methodist Church brought our services to us Sunday and thank you on having FAITH.

See you next week. THANKS

Maggie Marett Funeral Last Friday

Mrs. Maggie Marett, 89, of Grand Saline died Wednesday afternoon in a Grand Saline Hospital after a long illness.

Funeral services were set for 2 p.m. Friday in Grand Saline Funeral Home Chapel with the Rev. Glen Stovall and Rev. Elden Crump, officiating.

Burial was held in Jamestown Cemetery.

Mrs. Marett was a member of Grand Saline Baptist Church and a life long resident of Van

Zant County.

Survivors include two sons, T.J. Marett of Tahoka and O. Marett of Grand Saline; daughter, Mrs. Tude Johnson of Grand Saline; two sisters, Mrs. Volie Oliver of Grand Saline and Mrs. Bertha Williams of Grand Saline; 16 grandchildren and great grandchildren.

Pallbearers were John James Marett, James O. Marett, Bobby Riggs, Vestel O. Riggs and Charles Presswood.

land, labor and capital until they have gained experience in producing this new crop.

Sunflowers, he said, are generally adapted to any area where cotton, grain, soybeans, corn and soybeans can be grown. They are considered a drought-tolerant crop, and seedlings are hardy plants which seem to tolerate higher levels of hail, wind and sand abrasion than other crops normally grown in this area.

Sunflowers are the world's second largest source of vegetable oil, ranking only behind soybeans. About one-half million acres of oil-types are grown in the U. S. annually. Last year, Texas had about 7,000 acres planted in oil-type sunflowers. There are other types grown for uses other than oil that are not included in these figures.

Supak said that dryland yields are expected to range from 500 to 1,000 pounds per acre depending on soil fertility and rainfall. Irrigated yields may range from 1,200 to 2,500 pounds per acre.

Processing of High Plains sunflower seed are done mostly by local oil mills.

Sunflower guidelines are available in my office.

Young People 'Leo' Meeting

Lions 'Leo' meeting to be held Sunday, February 2, at 2:30 p.m. at the Southwestern Public Service Reddy Room.

Any interested boy or girl age 15 to 21 who want to attend their community are urged to attend. Don Avery speaker.

he Annual Brownfield Talent Show will be held at Brownfield Middle School, February 21 and 22, 7 p.m. The first night will feature elementary and middle school talent. The second night, Friday, will feature high school talent out of school talent. Local contestants will compete at the Brownfield school auditorium Thursday and Friday, February 20, at 7 p.m. out of town talent, who also may participate.

PLANE RIDE - Members of Cub Scout Den 2 took an airplane ride. Shown from left to right: Trent Moore, Harvey Hallmark, Bill Hunt, Danny Hart and Travis Moore.

Cub Scouts Take Airplane Ride

Members of Cub Scout Den 2 took a ride in an airplane as part of their study of space.

Each meeting during January was focused on space adventure. They made space men from tin cans, launched a rocket, and made paper bag space helmets during their den meetings.

Lee-McDowell Plan Wedding

Mr. and Mrs. Dwain Lee of Waco, formerly of Tahoka, wish to announce the engagement and approaching marriage of their daughter, Diann, to Billy McDowell, son of Mrs. Jesse Stamper of Waco.

The couple plan to marry February 6. Miss Lee is the granddaughter of Mr. and Mrs. Virgil Ghormley of Tahoka.

Letter to the Editor

Dear Sir: First let me say that none of this is written with bitterness - just a great disappointment in the very poor sportmanship shown by the seventh grade girls' basketball team of "my hometown". Although I am a resident of Woodrow and had two daughters playing in the game, I'm speaking as a fan, I went to that game with mixed feelings. But after the games that night I left with little pride in my hometown. The following night, I attended the junior varsity and varsity games with dread, for I fear that my hometown image would further be tarnished. But I was greatly relieved to find the attitudes and actions of the players and fans to be great, so this situation apparently is limited to the seventh grade girls. One fan stood in the stands and openly and loudly urged the team toward unsportsmanship like conduct. Excitement is understandable but it does not excuse bad manners. This also applies to the game we played at Tahoka earlier in the season. It doesn't help the reputation of Tahoka at all and helps the girls involved even less.

Sincerely,
Mrs. K. R. Etheridge

Acid Indigestion, Painful Stomach Gas

...this is 'Gasid Indigestion.' Take DI-GEL for Fast Relief. DI-GEL® gives more complete relief because it does what plain antacids can't. It reduces excess acid. Also contains Simethicone to get rid of gas, too. Heartburn, gas, bloating go fast. Get DI-GEL.

Jamie Sharp had a rude awakening about 2:00 a.m. Sunday morning, January 19, when the wind upset his mobile home in Carlisle, he was uninjured,

but really had to "play like a monkey" to climb out of the upturned home. His parents, Don and Scooter went to Carlisle in what they describe as the worst sand storm they ever drove in.

Mrs. A. M. Davis is making good recovery from major surgery performed, Wednesday, January 22, in University Hospital.

Mr. and Mrs. L. C. Unfred were in Austin Sunday until Wednesday on business.

Leesa and Renay McBrayer spent Friday night and Saturday with their grandmother, Mrs. Juanita Henson in Lubbock.

Mrs. Peggy Murrah is reported doing fine after major surgery in a Hobbs New Mexico Hospital.

Because of so many conflicting meetings, only a small group of New Home teachers were able to attend the Texas State Teachers Association meeting in O'Donnell Monday evening. The teachers going from here were: Virginia Howle Lavon Sharp, Debbie Gillum, Mrs. Delores Price, Mrs. Laverne Lewis and Mr. L. C. Denton.

Our grand daughter, 15 year old Susan Oliver of Wink, had knee Surgery Friday, January 24 in Highland Hospital, she expects to be released to return home on Tuesday.

Mr. and Mrs. Norman Stamps, Tessa and Everett moved last week to Smyer, a farewell party was given for them Saturday, January 11 in the home of Mr. and Mrs. Wendell Morrow.

John Hall of Lovington, New Mexico, is here visiting his sister, Mrs. Thurl Swinson and another sister, Mrs. Wilton McNabb of Wolforth.

John Hord of Wolforth is in room 766 in Methodist Hospital. He had major surgery Wednesday, January 15th.

Bro. Bill King of the Sunday School office in Dallas began a Church training program Sunday night through Wednesday 7:00 p.m. in the New Home Baptist Church. The art classes being taught by Rev. Leo Cole on Wednesday evenings are being well attended. There will be no art class this week.

Woody Turner entered Methodist Hospital Sunday and is scheduled for major surgery this Tuesday.

Mr. and Mrs. A. C. Fillingim, Sr. were in Lubbock Monday for

Thursday, January 30, 1970

funeral services for Mrs. Leva Beasley. Services were in the Southside Baptist Church with M.D. Durham officiating. Burial in the city of Lubbock Cemetery. Mrs. Beasley age 87, died Saturday in the Permian General Hospital in Andrews. Survivors include a son, Alfred Doyle of Redwood, Colorado; a sister, Mrs. Al Holleyman of Lakeland, Florida; a grand daughter, Mrs. John of Lubbock; and one great grand child.

Miss Shirley Smith entered Highland Hospital Sunday and had major surgery Monday morning. She is in room 155.

Henry and Verna Turner Hobbs, New Mexico, visited Sunday with his brother, Dick Turner and family and with her sister Mrs. Fred Roper and family.

Sammie Dan Pridmore celebrated his 14th birthday Friday. Visiting with the family were Mr. Jerry Pridmore, Tim and Amy of Lubbock and Nancy Smith children.

Mrs. C. G. Eades is ill with the flu.

Our daughter, Mrs. Billie Freeman has been in the Crosbyton hospital since Thursday for tests and treatment.

Mrs. Katie Clements returned home Monday from Throckmorta. Her father, Mr. R.W. Barringer has been in the Throckmorta hospital about 10 days. Katie's brother who entered the hospital Thanksgiving Day was released to return home Friday.

Winston's uncle, Abb Bonine died in Tucson, Arizona, Saturday morning. Because of sickness in the family, he was unable to go for the funeral. Several of the nephews and neices from the area went to Tucson for the service.

Jack Clements, John Edwards, New Home and Corbett Otwell and Levelland spent the weekend at the Big Bend National Park. They canoed down part of the Rio Grande River at Boquillas Canyon.

Larry and Karen Durham of Lubbock spent Saturday night here with Mrs. John Edwards and John Daley.

Robert Poer, his brothers, and of Tucumcari, New Mexico, and T.J. of Haskell visited another brother, Hugh in Houston last week.

Mrs. Lela Lowe of Lubbock her daughter, Durene Boone Haskell and Mrs. Inez Houser of Lubbock visited here Saturday with Mr. and Mrs. Robert Poer. Mrs. Lowe is Robert's sister.

Funeral services for James Bonine, age 85, were in the Public Funeral Home Chapel, 2:00 p.m. Monday, January 27, with burial in the East Lawn Cemetery. Mr. Bonine, an early day cowboy of the Borden, Garza County area and in later years ranching in New Mexico and Colorado, died early Saturday morning. Survivors include his wife, Nina (Davies) Bonine; two sons, James of Bedford, Colorado, and William of Illinois; four daughters, Mrs. Ruth Manning of Tucson, Arizona, Mrs. Lousie Brandt of Utah, Mrs. Martha Laydeen of California, and Mrs. Zillah Hill of New Mexico. 13 grandchildren and 14 great grandchildren.

Mrs. A. J. Shadden of Lubbock died Tuesday morning. She is the mother of Mrs. Aubrey Smith and Mrs. E. R. Blakney of New Home and Mrs. Clyde Ashcraft of Tahoka.

Faith Circle Studies Jonah

Faith Circle met Monday at the United Methodist Church to study the book of Jonah. The text being used is "Rather Die Than Live -- Jonah". and Mrs. G. M. Stewart is leading the study. The book is trying to show the true relationship between God and man. The meeting opened with prayer by Mrs. E.M. Walker. Mrs. Jesse Clinton read the first Chapter of Jonah from the Bible. Thirteen members were present.

Food Stamp Program In Lynn County

Two hundred ninety-two of the five hundred thirty-one families living below the poverty level in Lynn County are now making use of the food stamp program. These families purchased foods, prepared for human consumption only, at 17 authorized stores in Lynn County.

The food stamp program is formulated to provide low income families with a nutritious diet. All families of identical size receive the same dollar value of food stamps. However, the price paid for the food stamps varies with the income of the family. The net income is derived from deducting various expenses from the gross income of the family.

Certified households receive an Authorization to Purchase (ATP) card each month by mail. The ATP cards specify an amount of the stamps and how much money, if any, they must pay for them. The ATP card and the necessary cash is then redeemed for food stamps at the local Post Office.

Any person receiving a Welfare check, who doesn't make much money or who is disabled may be eligible to participate in the state-wide food stamp program.

Retail grocery stores certified by USDA may accept food stamps for the purchase of most food and food products. Items which cannot be purchased with food stamps include alcoholic beverages and tobacco.

All persons interested in applying for food stamps should take the following information to the following information to the nearest food stamp office. The food stamp office is located in the Lynn County Courthouse in Tahoka.

February 3 - 7, 1975

MONDAY: OUT

TUESDAY: Meat and Spanish Rice, Green Limas, Hot Rolls, Candied Yams, Milk, Jello with Fruit

WEDNESDAY: Fried Chicken with Gravy, Cream Potatoes, Hot Rolls, Green Beans, Milk, Banana Pudding

FACTS FOR YOU

from Texas Farm Bureau

MEAT IMPORTS

USDA has announced that the adjusted base quantity of meat imports for 1975 is established as required by the quota law at 1,074.3 million lbs. Under the terms of the law, this estimated base is multiplied by 110 to establish the level of import that would trigger quotas. Thus the level of imports that would trigger the quota in 1975 is estimated to be 1,181.7 million lbs. The Department will review the situation again in March and release an announcement of any revisions necessary before April 1, 1975.

Since mid-1972, imports of meat subject to the meat import quota law have been restricted due to suspensions of the meat import quotas by the President. The U. S. government has maintained voluntary programs with meat importing countries from 1968 to mid-1972.

USDA estimates that the total meat imports subject to the quota law will be 1,065,000,000 in 1974 which is 78.63 percent of the 1,354,400,000 lbs. recorded in

1973. The largest volume of meat entering the United States in any one year since the law was enacted was in 1972 - 1,355.5 million lbs. The meat import law (P.L. 88-482, 1964) applies to fresh chilled or frozen beef, veal, mutton and goat meat only.

FERTILIZER EXPORTS

U. S. export of fertilizer materials for the year ending on June 30, 1974 amounted to 21,665,000 tons compared to 20,225,000 tons in 1973 and 18,675,000 tons in 1972.

U. S. imports of fertilizer materials for the year ending on June 30, 1974 amounted to 10,475,000 tons, compared to 8,187,000 tons a year ago.

When the imports are subtracted from the exports of fertilizer materials for the year ending June 30, 1974 was 11,190,000 tons, compared to 12,038,000 tons a year ago.

There is a sizable amount of the United States export of fertilizer paid for with U. S. dollars by the

Lynn County News

Agency For International Development. For the year ending on June 30, 1974, the Agency For International Development paid for 1,392,000 tons compared to 2,066,000 tons a year ago. These figures revealed the fertilizer exported and paid for by the United States government during the year ending on June 30, 1974 amounted to 6.4 percent of all fertilizers exported during the year compared to 10.2 percent the previous year.

COMMODITY REFERENDUM ACT UNCONSTITUTIONAL

The State Supreme Court has ruled in a split decision that the Texas Commodity Referendum Act is unconstitutional. In the case of the Texas Grain Sorghum Producers' Board against Coleman Grain and Mercantile Company, the court said that the law (VERNON'S ANNOTATED CIVIL STATUTES, Article 55c) is unconstitutional insofar as it requires payment of assessments. The court permanently enjoined Texas Grain Sorghum Producers' Board from attempting by legal proceedings or otherwise to compel the payment of assessment by producers or collect from processors assessments not paid by producers.

WORLD COTTON CONSUMPTION

The International Cotton Advisory Committee reports that during the 1974-75 marketing year the world consumption of cotton will decrease for the first time since the early 1960's. In the United States alone, consumption could be off by over a million bales. Curtailments in textile production are widespread in Western Europe and the Far East. The Committee expects the world consumption of cotton to be in the vicinity of the 1972-73 level or below.

U. S. COTTON EXPORTS

United States cotton export commitments for the 1974-75 season

totalled 4,274,000 running bales as of December 22, 1974, according to the Foreign Agricultural Service. These commitments include outstanding export sales of 3,276,000 bales plus exports through December 22 of 998,000 bales. The Department currently estimates that cotton exports this season will fall in the 3.6 to 4.1 million - bale range.

(WEEKLY COTTON MARKET REVIEW, January 10, 1975)

Farm Survey Is Underway

A comprehensive survey to determine costs of producing wheat, corn and other feed grains, cotton, soybeans, milk and selected commodities will include information from Lynn County farmers.

Charles E. Caudill, Statistician In Charge of the Texas Crop and Livestock Reporting Service, said the national data collecting effort will get underway in late January. Lynn County producers and those in other parts of the country will be personally contacted for information about their 1974 costs of production. Costs of labor, power and equipment, fertilizer and chemicals, storage, drying, and other similar outlays will be determined. All responses will be confidential and only State regional, and national summaries will be issued.

The survey will be conducted annually to identify production practices and establish current national average costs of producing farm commodities. The information will be of major usefulness in identifying and updating budgets for crop and livestock enterprises. The survey results will also provide production costs which may be used as determinants of target price or price support levels.

LUBBOCK AREA SQUARE & ROUND DANCE FEB.

The Lubbock Area Square and Round Dance Federation will have the regularly monthly Federation Dance, Saturday, February 1, 1975 at the Fair Park Coliseum in Lubbock. Request rounds will begin at 7:15 p.m. and the Grand March will start at 7:50 p.m.

Featured caller for the square dancing will be Andy Petre from Baton Rouge, Louisiana. Andy is a well known caller all over the state of Louisiana. He has toured both the East and West Coasts of the United States and has been on the staff at Infantino Square Dance Lodge in North Carolina. He and his wife, Margaret have a teen age daughter, Lynn.

Round dancing will be directed by Dave and Nita Smith of Lubbock. The Smiths are instructors for the Happy Hearts Round Dance Club and teach round dance lessons regularly in the Lubbock area. They have served on the staff of the Gatlinburg Hoedown, Gatlinburg, Tennessee and the Perry Quinn Week - end in McCook, Mississippi.

Special guests at the dance will be the members of the Texas Association of Single Square Dancers which will be having its first convention at the Koko Palace Friday, Saturday and Sunday. Single dancers from all over Texas and many neighboring states are expected to attend.

The Swingin' Teens will serve as the hosts for the evening. They are a club of Teenaged square dancers who dance every first and third Thursday at 7:30 p.m. at the A.B. Davis Party House. All square and round dancers are welcome to attend the Swingin' Teen dances.

The LAS & RDF is composed of 25 square and round dance clubs in West Texas and Eastern New Mexico, including Lewis and Laces, Rounders and Catch Eight.

There are clubs for pre-teens, teens, singles, and adults. Square and round dancing plus wholesome family activities.

Spectators are invited and will be admitted free of charge. For more information about square and round dancing contact: George Roxie Carter, Federation President, 795-6523, in Lubbock or Bill & Naomi Hunt, Publicity Chairman, 998-4970, at Tahoka.

Students Invited To McMurry

High school junior and seniors from Tahoka are invited to attend the Student Weekend at McMurry College in Abilene, February 9.

Activities will include the McMurry vs. Texas Wesleyan basketball game, the McMurry theatrical production, "Servant of Two Masters," and a film in Radford Auditorium.

Also included will be concerts by the band and Chanters of Morning Star singing groups, McMurry vs. Dallas Baptist basketball game and a dance.

Participants will meet with administrators and faculty members from all departments on Saturday morning.

"There are three reasons prospective college students should visit McMurry," said Bill Stevens, admissions counselor. "The first is to talk with the professor

here, the second, to talk with currently enrolled students, and the third, to talk with other high school

students seeking to make a decision on where to attend college. Over 300 students are expected for the eighth annual Student Weekend. Interested high school students may contact McMurry's Office of Admissions in Abilene

Davis-Laws Married Recently

Miss Sandra Fern Davis and Perry Vance Laws were united in marriage at 7:00 p.m. Saturday, January 25, in the home of the groom's parents in Grassland. The double ring ceremony was officiated by Elder Hulan Bass of Lubbock. Parents of the couple are Mr. and Mrs. Oliver Davis of Pine Bluffs, Wyoming and Mr. and Mrs. Billy V. Laws. Mrs. Dwight Scholl of Satanta, Kansas, sister of the bride, and Penny Williams of Snyder, Texas

attended the couple. Yolanda Scholl, the bride's niece was flower girl and Chad Webster, nephew of the groom was ring bearer. A reception followed in the home. The bride's table was laid with a lace cloth over blue, and was centered with an arrangement of crystal candelabra. The 3 tiered cake was white trimmed with blue, the bride's chosen colors. Lynette Corley and Martha Tyler presided over the reception. Guests were registered by Diane Rash.

STATEMENT OF NONDISCRIMINATION:

"Poka-Lambro Rural Telephone Cooperative Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color, or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may by himself or a representative file with the Secretary of Agriculture, Washington D.C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of the complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

Director To Be Elected To Plains Cotton Growers

Lynn County cotton producers and agribusinessmen will elect a producer director to Plains Cotton Growers, Inc. at a 7:00 p.m. meeting on Thursday, February 6 in the Lyntegar Meeting Room, Tahoka.

Announcement of the election comes from Joe D. Unfred of New Home, current producer director to the 25-county commodity organization and C.T. Louder of Tahoka, Business director. Each of the 25 counties in PCG territory has two directors, one a businessman, usually a cotton grower as well, and the other a cotton producer. They serve two-year terms with businessmen elected on odd years and producers on even years. Each is eligible for re-election every second year.

Louder and Unfred said all interested parties are urged to attend, and that both farmers and businessmen are eligible to vote in the election.

In addition to the election, Unfred said PCG Executive Vice President, Donald Johnson, would be on hand to outline PCG ef-

orts to secure needed changes in the 1975 cotton program and to answer questions and receive suggestions concerning this and other PCG activities. He added, "Directors to PCG are the men who guide the organization's policies and actions on legislation, research, market development, finances and other matters important to the cotton economy of Lynn County, and all cotton people should make every effort to be on hand for this election."

By George Glenn

The Tahoka Bulldogs won two games in the past week, beating the Cooper Pirates 86-74, and squeaking by the Roosevelt Eagles 69-67.

In the Cooper game the Bulldogs started colder than a West Texas norther, scoring their first points with 3:01 left in the first quarter. The Bulldogs trailed 20-6 at the end of the first quarter, were 10 points down, 40-30, at the half. In the third quarter, the Bulldogs' Press, keyed by the quick hands of Mitch Raindl, began to have its effect on the Pir-

ates, and the Bulldogs scorched the nets for 30 points, equaling their entire first half scoring. The Bulldogs led at the end of the third quarter 60-58. The Bulldogs went on to score 26 points in the fourth quarter, thus scoring 56 points in the second half of the ball game. David Graves led the Bulldog scoring with 23 points, followed by Botkin with 18, Dodson 16, and Moore 16. With rebounds, Raindl had 15 and Botkin 14. Raindl had 8 steals and Graves 3. Press turnovers were 39 and the team shot 35

Lynn County News

percent from the field.

In the Roosevelt game the Bulldogs struggled throughout the game, but thanks to sizzling shooting performance by Tommy Botkin, were able to stay in the game with the Eagles. The Bulldogs trailed 18-17 at the end of the first quarter, trailed 36-32 at half-time and were behind 50-46 at the end of the third quarter. With 2:05 left in the game, Botkin hit on a lay up to tie the score 65 all, was fouled on the shot and sand the free shot for Tahoka's first lead 66-65. The Bulldogs showed some good ball handling in the final minutes to preserve their 69-67 lead, the final score of the game. Botkin led with 28 points. Rebounds, Raindl 11, and Dodson 9. Steals, had Botkin with 3. Press turnovers were 20 and the team shot 33 percent from the field. The Bulldogs finished the first half of District Play with a 4-2 record in district and 13-8 record over all. The Bulldogs play at Shallowater Tuesday nite January 28 and start the second half of district play at Slaton, Friday night, January 31. Post

won the first half of district going undefeated in District play. Over the week end, Tahoka's

Junior Varsity Boys won the O'Donnell Junior Varsity Tournament, the boys defeated O'Donnell in the first game and came on to defeat the Seagraves Junior Varsity in the Championship game.

BASKETBALL GIRLS:

Tahoka's Varsity Girls team lost two games last week. In a game that was close for three quarters, the girls lost out in the final quarter to the Cooper girls 67-49. High point for Tahoka was Elaine Drapers' 18 points.

Friday night the girls lost a hard fought game to the Roosevelt girls 68-61. Jackie Roseberry's 26 points was high for Tahoka, Roosevelt's D. Trammel tossed in 38 points.

The Junior Varsity Girls won second place in the O'Donnell Junior Varsity Tourney. Losing to the Seagraves Junior Varsity in the Championship game.

The Tahoka 8th grade girls won 3rd place in the New Home 8th grade tournament held last week end. The first game they beat Wilson 30-28. Scoring for Tahoka were Brenda White 20, Dondi Wood 8 and Mary Gail Raindl 2. The second game was won by Christ the King, 33-27. Brenda White tossed in 12 points, Jamie Renfro 8, Dondi Wood

Thursday, January 30, 1975

5 and Mary Gail Raindl 2. Tahoka 33, New Deal 28, was the score of the third game. Brenda White was leading scorer with 23 points, Dondi Wood 8 and Jamie Renfro 2. The 8th grade boys lost to Wilson, 37-26 with Rene' Ledesma tossing in 12 points and Roddy Brooks 8. Shallowater 28 - Tahoka 24 was the score of the second game. Mike Nettles tossed in 10 and Roddy Brooks 6.

Store Liscense Abolished

Comptroller Bob Bullock reminded Texas business operators Saturday that the state store license requirement has been abolished.

Bullock said his office has been besieged with calls and letters this month by businesses which were unaware that the license requirement was repealed as of December 31, 1974.

"Obviously, the past administration didn't get the message out," Bullock said. "I consider it good news that we've been able to do away with the store license."

This store license, which started at \$5 for a single store, was a minor revenue source. Its repeal by phases was ordered by the Legislature in 1971.

Bullock said that some 240,000 stores in Texas had previously been covered by the license act.

He said his office is returning license money still being sent in by businesses unaware of the repeal.

"It's gratifying to see businesses voluntarily trying to do right and pay their taxes, but in this case we are saying, 'thanks, but no thanks,'" Bullock said.

The Veterans Administration administers approximately \$36 billion worth of government life insurance for about 5 million policyholders.

Tex Watson talks about
The West Texas Gas Supply

You hear a great deal about the competition for the natural gas in West Texas these days. It is rightfully a matter of interest and concern to every citizen of this area. It has some serious implications.

Natural gas has been an important factor in building West Texas and will continue to be. Most of the businesses and industries in our area depend, directly or indirectly, on a continuing supply of natural gas. A lot of people's jobs depend on it. So, we must see that they have it.

We will have to pay more for it than in the past... the competition for gas has never been so fierce. But by working together, and without outside interference, we'll have the gas energy we need today and in the future. Gas will still be your best energy buy.

PIONEER NATURAL GAS COMPANY

K. Bert (Tex) Watson, president of Pioneer Natural Gas Company, is a native of West Texas, a chemical engineer and lawyer by training and in his 20th year with your gas company.

Earl Nightingale, internationally known lecturer and broadcast personality.

TEXAS TALK

By Fred Myers

KILLING MERIT — is the term used to describe the qualifications of cattle for slaughter. Generally, there are three points considered in determining the grade of a steer for slaughter. They are: conformation, finish and quality.

CONFORMATION — is the build or shape of the steer. In this determination, bone structure is secondary since the contours of an animal are controlled primarily by the size and shape of the muscles. A good conformation is important in grading beef since it usually means a higher dressing percentage, more of the higher priced cuts and a better meat-to-bone cutting percentage.

A year ago, in January, 1974, the only interest in government cotton programs was found within Congress, USDA, and farm organizations with paid personnel who concern themselves with such things perpetually.

The 1973 harvest was good, demand was strong and seemingly insatiable, and prices were high. Consequently, the average farmer couldn't have cared less about such things as loan levels and target prices in the government program.

Today, in January, 1975, as the Senate prepares to open hearings on farm legislation, the situation could hardly be more dramatically reversed. Demand for cotton has almost completely dried up, prices are less than half and production costs almost double year-ago levels, and cotton producers are again vitally interested in government programs. Again they are hit with the full realization that a realistic government cotton program is their only protection against disastrous prices, and that the present program does not provide that protection.

Senator Herman Talmadge of Georgia, Chairman of the Senate Agriculture Committee, will open hearings February 3 and hopes to have a Bill amending the present farm law on the Senate floor in late February or early March.

Farm spokesmen at the hearing will be seeking changes to beef up price protection in the form of a higher loan and target prices.

Consumer advocates will stump for reserve supplies agriculture commodities, export restrictions and other mechanisms which, right or wrong, they believe will dampen food price increases.

Cotton people who will testify before the committee are being scheduled, generally, on February 17, the second week of the hearings. The National Cotton Council will open cotton testimony, advising the committee of the policies now under development and to be finalized at the Council's Annual Meeting in Phoenix, Arizona, February 3 and 4.

Lubbock-based Plains Cotton Growers, Inc., representing producers in the 25 heavy producing counties on the High Plains, has also requested time on February 17.

The PCG policy covers five points, calling for:

- (1) A higher loan level more closely related to the increased cost of production and an interest rate on cotton loans no greater than six per cent,
- (2) A 28-month loan period,
- (3) Resale prices on government-held cotton stocks high enough to keep those stocks from competing against producer-owned stocks in the marketplace,
- (4) A target price which will reflect the increases in cost of production since 1973 and an improved method of computing the average price paid to farmers for cotton, and
- (5) Opposition to the creation of reserve stocks, export licensing or controls or other proposals which tend to restrict markets and prices for cotton either in the U.S. or abroad.

T-Bar Bridge Winners

Winners in duplicate bridge play last week were: Mrs. Jess Gurlley and Frank Hill, first; Mrs. Meldon Leslie and Mrs. Coye Collier, second; Mrs. W.H. Cords and Mrs. Roy LeMond, third; and Roy LeMond and Mrs. Audie Norman, fourth.

Card of Thanks

Words seem so meager when you try to say "Thank You" to friends who comfort, console, and care during the loss of a loved one. To you who called, brought food, sent cards and memorials all we can say is: God bless you and Thank you so very much. The family of O. P. Rutledge 5-1tp

We would like to thank everyone for the kind things did for us while Roy was ill. A special thanks to Dr. Wright and the nurses at Lynn County Hospital, to our pastor, Jim Turner and Rev. Jones, pastor of Sweet Street Baptist Church who said prayers for Roy's recovery. We are grateful for all our wonderful friends who came by to cheer, and J. W. Owens who brought our mail to us each day. The Applings, Roy and Vesta 5-1tp

We would like to take this opportunity to thank everyone who was so kind during the illness and passing of our Mother. A special thanks to Dr. Cole, Dr. Wright, the nursing staff at the hospital and Colonial Nursing Home.

We thank Bro. Turner and Bro. Jones and everyone for their prayers, food, flowers, cards, and words of encouragement. We pray for God's blessings on each of you. The family of Mrs. Mattie Spruett 5-1tc

LEGAL NOTICE

LEGAL: INDIGENT POLICY FOR LYNN COUNTY HOSPITAL:

- (1) All applicants must be a citizen of the United States.
- (2) All applicants must be a resident of Lynn County for at least one year.
- (3) Financial requirements: Applicant with no dependents cannot exceed an annual income of \$3,000.00 and property assets may not exceed \$5,000.00. For each additional dependent, \$100.00 may be added to the annual income figure; and \$5,000.00 may be added to the property assets and still remain eligible to qualify.
- (4) All indigent applicants must re-apply annually to the Board of Directors through the Administrator to remain eligible for assistance.
- (5) At any time during the fiscal year the Board of Directors may terminate indigent privileges for a given patient if they feel that his status has changed.
- (6) It shall be understood by all applicants, that the Lynn County Hospital District shall assume no financial responsibility for payment at another Hospital or Clinic unless the patient is referred by a staff physician with the approval of the Administrator. While confined, the Lynn County Hospital District will not pay for any services or supplies which are not reasonable and necessary for the diagnosis or treatment of illness or injury.
- (7) The Hospital District shall assume no responsibility for payment of Doctor bills or pharmacy services unless the patient is in a state of confinement in the hospital.
- (8) The Hospital District will provide limited lab and x-ray services for the patient on an outpatient basis, provided they are done at the Lynn County Hospital and approved by the Administrator.
- (9) The Hospital District will not provide transportation expenses for the indigent if they are referred to another facility for treatment, unless taken by ambulance with prior approval of the Administrator.
- (10) The Hospital District assumes no financial responsibility for patients referred to institutions for tuberculosis or mental disease.
- (11) The Hospital District will not qualify any person for approval if they have insurance, (private, medicare or medical.) 4-2tc

LEGAL NOTICE

ESTATE OF PAULINE WEATHERS, DECEASED. IN THE COUNTY COURT OF LYNN COUNTY, TEXAS.

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF PAULINE WEATHERS

Notice is hereby given that original Letters Testamentary upon the Estate of Pauline Weathers, were issued to me, the undersigned on the 27th day of January, A. D., 1975, in the proceeding indicated above, which is still pending, and that I now hold such Letters. Said Independent Executor hereby notifies all persons indebted to said estate to come forward and make settlement. All persons having claims against said estate, which is being administered in the County above named, are hereby required to present the same to me respectively, at the address below given before suit upon same are barred by the general statutes of limitations, before such estate is closed, and within the time prescribed by law. My mail address is P. O. Box 147, Slaton, Texas 79364.

Signed this 27th day of January, A. D., 1975.

WILLIAM R. SEWELL, Independent Executor of the Estate of Pauline Weathers, Deceased.
