NUMBER 20

Lynn Co. Receives Much Needed Rains

...Nets 1.54"

Rains over Lynn County through Tuesday were a big help to the farming community. The amount of rain was sufficient in many areas to permit planting of corn and milo. In the north and east, the area received .28 of an inch on Friday, .34 on Saturday and .77 on Sunday morning. In the south, the amount of .77 inch, bringing the total in town for the week to 1.54 inches. Areas received more than others including a strip north of town, an area southeast, and also parts of the Wells, T-Bar and Newmore communities.

Although deep moisture is excellent, topsoil moisture has been needed for planting and many farmers are hopeful the week end rains will make the moisture meet. A few farmers have dry-planted and others say they will now give planting a try. Some irrigated land had already been planted.

The county has the largest acreage of wheat ever, and the showers may be of some help to this crop.

O-Rama Saturday

Annual Boy Scout O-Rama for the Parker District will be held Saturday at the High School field. Scouts from towns in the District are competing for 8 different events including the 100 yd. run, 880 yd. run, 880 yd. broad jump, high jump and discus. The event will begin at 8:00 a.m. with finals to be held in the afternoon. The public is invited to meet the boys and cheer for them.

Bond Sales 20% of Goal

County Bond Chairman, F. B. Hegl announced today that sales of Series E and H United States Savings Bonds in Lynn County during the month of March totaled \$16,185. Sales for the first quarter of 1975 were \$26,438 for 20 percent of the yearly goal of \$130,000. Sales in Texas amounted to \$18,518,450 during the month while sales for the first three months totaled \$61,992,164 with 26 percent of the \$234.3 million goal achieved.

BICENTENNIAL HEROINE - Pictured above are members of Girl Scout Troop No. 396 with their bicentennial heroine, Mrs. Emil Prohl. Back row: Nancy Lawson, Elena Del Toro, Kim Paynes, Genell Wells, Kim White, and Marcy Raindi. Second row: Teresa Arellano, Suzanne Brooks, Sandra Womack, Amy Porterfield and Denise Dodson. Front row: Lani Brown, Cathy Meeks, Karen Stewart, and Sherri Tomlinson. Mrs. Prohl is holding a patchwork apron the troop made for her.

Girl Scouts Honor Mothers

Girl Scout Troop No. 396 entertained their mothers with a Mother's Day Tea, Monday, May 12 at the Methodist Church fellowship hall. Besides the mothers, special guests included Mrs. Chloie Well, Tahoka Bicentennial chairman, Mrs. Martha Botkin and Mrs. Emil Prohl, the troops bicentennial heroine.

The troop presented a program in song commemorating the bicentennial. The program consisted of typical songs of the U.S.A.; including religious, patriotic, folk songs and fun songs. During the program Mrs. Prohl was introduced as the troops bicentennial heroine. She was presented a certificate of honor and also a patchwork apron the girls had made for her. Each girl, made and decorated her own square with her name and design, and these squares were used to make the apron. Mrs. Prohl's name will also be inscribed on a plaque which will hang in the Council headquarters in Lubbock.

At the conclusion of the program the troop crossed the bridge from Jr. Girl Scouting to Cadettes. The troop will have their last weekly meeting, until September, on Thursday, May 15. A couple of summer activities are being planned. The girls have had a busy year. Seventeen of them completed 192 badges for the year. They did two service projects and several craft projects. They went on two trips and had a slumber party. They marched as a troop in the bicentennial kick-off parade.

The girls made puppets and did a program on ecology for the Phebe K. Warner study club. The program was selected by the study club as the best program of the year. It was entered in district where it was selected as outstanding club program for Caprock District. The program is now under consideration, in the state, as outstanding program for the Texas Federation of Woman's Clubs. Mrs. Janet Porterfield and Mrs. Sandra Brown would like to thank the mothers who have supported them in their work with the troop this year. Members of the

New Town Grew Fast First Year

(by Frank Hill) Following the organization of Lynn County and establishment of Tahok on April 15, 1903 the new town grew rapidly, and by fall it was a thriving little village. Following is from the first issue of the Lynn County News, dated September 9, 1903, published by Otis and Inez Lilly, who had come up from May, Texas, with a small printing plant.

THE TOWN OF TAHOKA Tahoka is the county site of Lynn County, and is centrally located in the county. The town consists of two general merchandise stores, W.R. Hampton & Son and Tahoka Mercantile Company; one drug store owned and run by M.E. Gilmore & Son; one saddle and harness shop owned by James Chambers; one meat market, W.B. Davis; one restaurant and confectionery, Messrs. Agnew and Soap; three lawyers, Jasper N. Haney, T.E. Harper and T.M. Bartley.

There are two hotels, and one being constructed. W.E. Porterfield is proprietor of the Caosmotolitan, W.B. Davis manager of the Davis House and F. M. Sherrard will occupy the two story building which is being constructed on the east side of the square.

We understand that a stock of groceries is to be placed soon on the west side of the square.

There are two grain and feed houses to furnish the town, R. D. Morris on the north side of the square and R. R. Sanders and R.A. Henderson's feed and livery business on North Main. There are two blacksmith shops, J.W. Stephenson and Pres Phenix; one barber shop owned and run by W.E. Henderson.

Our Post Office is in charge of Mrs. Henderson, gentle and clever lady.

Tahoka has one newspaper and job office that will endeavor to push Lynn County to the front.

We have a daily mail from Lubbock and Big Spring, except Sundays. A good and commodious school house is under construction.

There are three churches,

Young Lady Is Rotary Speaker

Miss Nita Hodges, a senior in Texas Tech from San Marcos, last Thursday brought one of the most interesting programs the Rotary Club has had in a long time. She proved to be an outstanding speaker in telling of her experiences and impressions of South America last year when she spent several weeks as an exchange student in that country.

Miss Hodges said that country needs a lot of patience and understanding to come out of its troubles resulting from the fact that about 90 percent of the population is black, uneducated, poor, and most of them living in jungles. But, she said the country is making progress slowly improving the situation. South Africa is rich in gold and diamonds. Dr. David Midkiff introduced the speaker.

Applications Needed To Fill Substitute Rural Carrier Vacancy

The United States Postal Service announces an examination for substitute rural carrier at the Tahoka Post Office, the examination to be given at Lubbock, Texas.

All qualified applicants will receive consideration for employment without regard to race, color, national origin, sex, political affiliations, or any other non-merit factor.

Proclamation

PROCLAMATION DAY FOR REAFFIRMING FAITH IN AMERICA AND BELIEF IN ITS DEMOCRATIC PRINCIPLES:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty, and the pursuit of Happiness."

With these words, our Founding Fathers proclaimed a concept that permeates our very national being. For the now nearly 200 years since America's independence was sought and won, dedication, devotion and faith in America and to the free democratic principles upon which it was founded has always been a part of the heritage of this Nation.

Faith in America and belief in its democratic principles is not a concept that is easily defined. Rather it is something we feel in our deepest convictions. Obviously this faith in America and belief in its democratic principles, calls upon our deepest sense of patriotism. Patriotism means allegiance to the country which has preserved, kept and maintained our liberties and has enabled us to be blessed not only with material possessions, but with a spiritual freedom unparalleled in history. Ours is the culmination of a dream that became an idea, and which idea became ideal, and which ideal was brought fruition in our reality here in America.

We must therefore, cherish that heritage which is ours and fulfill the sacred trust which has been given to us so that it might be not only preserved for our posterity, but enriched for them, becoming brighter

than the shining sun, so that our beliefs might become a light unto the world, warming those to whom the dignity of living in liberty is still a dream. It seems that in these trying times, when we are buffeted by winds of doubt, mistrust and despair, that patriotism and faith in our

Nation is no longer "in style". Such is not so. These misguided forces who declare their intent to destroy our democratic way of life, need to know that we affirm again our eternal hostility to those forces of oppression and tyranny who would deprive us, if they could, of the rights which have been endowed on us by our Creator.

In recognition of the need to set aside a day so that we might reaffirm our faith in America and our belief in its democratic principles I have been asked by our Bicentennial Committee to set aside such a day and issue a Proclamation calling upon the citizens to observe such a day with appropriate ceremonies. NOW, THEREFORE, I, MELDON LESLIE, Mayor of the City of Tahoka, Texas do hereby proclaim Friday, May 30, 1975, as "A DAY FOR REAFFIRMING FAITH IN AMERICA AND BELIEF IN ITS DEMOCRATIC PRINCIPLES" and I do hereby call upon the citizens of Tahoka, Texas, to give appropriate recognition to this day by suitable ceremonies and observances in which all may join. I also call upon all citizens to display the flag of the United States on that day as a manifestation of their reaffirmance of faith in America and belief in its democratic principles.

Lynn Co. Extension Agent Named

Louise Etheridge named county Extension agent for Lynn County effective May 1, 1975, according to Lynn County Judge V. and District Extension agent Catherine Crawford. Etheridge will work areas of Extension economics in Lynn County providing leadership assistance in related extension programs. She is a graduate of Lynn County High School and has been an Extension agent in Lynn County since 1970. She is married to Ricky Darrell Etheridge, formerly of Plainview. They have one child, a girl, Cara Leigh, age 2. Their church affiliation is Baptist.

FIRST SENIOR GIRL SCOUT - Shown above is Mrs. P. B. Hallmark of Troop 108, capping Miss Katrina Billington. She is the first Senior Girl Scout in Tahoka. The capping and graduation ceremony took place at the First Christian Church in Lubbock, Sunday, May 4, 1975. Among those who attended from the local groups were two cadettes and two troop leaders.

Scoring runs were made by Denver Merryman, 3; David Martinez 1; Rene' Ubella 1; Joe Gonzales 2; Kelly Wilson 1; Michael Morales 1; Richard Calderon 3; David Garcia 1; and Martin Martinez 1.
Pitching for the Astros was Jeff Wyatt, Mario Bernal and Raydell Martin. Catching for the Astros was Jeff Wyatt and Paul Bernal. Scoring for the Astros was: Mario Bernal 1; Travis Moore 1; Raydell Martin 1; Trent Moore 1; and W.J. Martin 1.
DODGERS vs. PIRATES
The second game Friday night was between the Dodgers and the Pirates, with the Dodgers slamming in a 15-9 victory. Pitching for the Dodgers was Mark Marett and Rudy Tejada, catching was Shi Dodson. Scoring runs were: Danny Cook 2; Keith Anderson 2; Ruby Tejada 4; Mark Marett 3; Jesse Vasquez 1; Eric Knight 1; and Jimmy Bingham 2.
Pitching for the Pirates was Daron Norwood and Gerald Craig. Catching was Malcolm Chancy and Daron Norwood. Scoring runs were: Daron Norwood 1; Michael Saldana 2; Malcolm Chancy 1; Jackie Robinson 2; David White 2; and Gerald Craig 1.

CANCER Answerline

American Cancer Society

A San Antonio housewife writes: "Two of the women in my family had breast cancer. I suppose this is my secret fear--will I get it too?"
ANSWERline: The fact that other members of your family had breast cancer does not necessarily mean that it will strike you too--but it does mean that you should practice monthly breast self-examination and have regular checkups by your physician. He might suggest some special diagnostic tests. A secret fear could keep you from having precautionary checkups. Don't let it.

Question: "Can pipe smoking cause cancer?"
ANSWERline: A pipe smoker is less likely to develop lung cancer than a cigarette smoker. However, the pipe devotee does run a greater risk of developing cancer of the mouth, throat, and even cancer of the bladder than the non-smoker.

An East Texas store manager says: "I am 60, and all my life I've been waiting to read about the cure for cancer. What has been accomplished in my lifetime?"
ANSWERline: A great deal has been accomplished. First of all, in your youth there was no cancer research as we know it. There were no cancer drugs. Surgery and radiation were not as sophisticated as they are today. Leukemic children were dying within weeks and months of diagnosis, whereas today many of them live disease-free for years. There was no diagnostic Pap test and cancer of the uterine cervix was the greatest cancer killer of American women--but today that tragic death rate has

been more than cut in half. The American Cancer Society keeps informing the public of advances as they occur. One thing is clear from the ACS reports: there is a hopeful side to cancer. Many more people are being cured today and physicians are better equipped to deal with the disease because of discoveries made in the laboratory. For more information ask your local ACS office for a leaflet on progress in the cancer fight.

Question: "I had a small tumor removed that my physician said was 'benign.' I knew that that meant I was all right. But I'm curious: what is the actual difference between 'benign' and 'malignant'?"
ANSWERline: The difference is an important one. A benign tumor seldom threatens life. It can grow in size, but it stays put and doesn't invade other organs. A malignant tumor--cancer--keeps on growing and it ultimately spreads to other parts of the body. If left untreated, the malignant tumor 'takes over' and normal tissue is doomed.

A student wants to know: "In terms of numbers, how many people will get cancer?"
ANSWERline: The ACS estimates that one in four people or 53 million Americans now living will eventually have cancer. In the 1970's there will be some 6.5 million new cancer cases. The disease will strike in approximately two out of three families.

Another Fine Texas Recipe

RICE CALIENTE

- 1 lb. lean ground beef
- 1 cup chopped onions
- 1 tsp. each salt and garlic salt
- 1 cup canned tomatoes with green chilies
- 3 cups cooked rice
- 1/2 cup sour cream
- 1 cup grated Monterey Jack cheese

In lightly greased skillet, saute ground beef, onions and seasonings until meat loses its color and onions are tender. Drain off fat. Add tomatoes with green chilies, rice and sour cream. Turn into buttered shallow 1 1/2-quart casserole. Sprinkle with grated cheese. Bake at 350 degrees 20 minutes or until thoroughly heated. Yield: 6 servings.

CRUNCHY PEANUT BARS

- 1/2 cup butter
- 1/2 cup brown sugar, packed
- 2 eggs
- 1 tsp. vanilla
- 1 cup flour
- 1/2 tsp. baking powder
- 1/2 cup milk
- 1 cup chopped salted peanuts

Cream butter and sugar until light and fluffy. Add eggs and vanilla; mix well. Add combined flour and baking powder to creamed mixture alternately with milk; mix well. Stir in peanuts. Spread into buttered 8-inch square baking pan. Sprinkle with remaining peanuts. Bake in preheated 325-degree oven for 30 minutes. Cool; cut into squares.

CITY OF TAHOKA

Food Safety Conference Set In Dallas

AUSTIN--A regional conference on home canning and food safety will be held in Dallas May 13 as part of a nationwide effort to inform consumers of safe and correct procedures in the home preservation of food.

Agriculture Commissioner John C. White said the increase in home gardening and home canning has prompted the U.S. Department of Agriculture to hold meetings throughout the country on food contamination and botulism.

Barbara Harper, Consumer Affairs supervisor for the Texas Department of Agriculture, will represent TDA at the meeting.

The conference is a cooperative venture, sponsored by the USDA, Texas Agricultural Extension Service, and other groups. It will be held at the Lone Star Gas Co., Harwood and Jackson Streets, 10 a.m.--Noon.

Food editors, consumer leaders and interested persons are invited.

Bacteria that causes botulism is a common soil organism that cannot be removed by washing or destroyed by boiling at 212 degrees F. Temperature of 240 degrees F. is needed to destroy the spore.

In the home, the only way this temperature can be obtained is with a steam pressure cooker. This equipment is essential for canning low acid foods such as corn, peas, beans and meat that are prime candidates for growing botulism bacteria.

"SPRING" into lawn & garden with a new outlook - new equipment and lawn and garden supplies

Trustworthy - mowers, from 'push your own' up to 8 horse riding mower with electric starter

Rehuman - edgers

Fertilome - fertilizer and insecticides plus Ortho insecticides.

LORRENCE DAVIES

Lloyd Bentsen - Joe D. Unfried

Unfried came in a picture provided by Bentsen did pin on in '75' button while attending telephone Coop re-Washington, D.C. Unfried, New Mexico secretary and was in Lubbock Tuesday May 5th for a property tax concerning the new regulations on pro-

erty and personal tax. New legislation that is being presented in Austin. Articles in the new constitution and the taxation and education sponsored by the education service center, Lubbock and Tax Research of A&M University, Huey and McCreary the Tax consultants for ad Valorem Tax from Austin conducted the Seminar, many area schools were represented.

Mr. and Mrs. Don Mc-

Brayer and girls went to Dallas and Mesquite Friday, because of the illness of Don's father, R. A. McBrayer in the Veterans Hospital in Dallas. They also visited Nelda's sister, Veta Tooms. Nelda spent a week earlier with the family there. The latest word is that Don's father will have major surgery this Wednesday.

Mrs. Elmer Schopps is reported slightly improved in Highland Hospital room 155.

Congratulations to Mr. and Mrs. Marlo Rudd of New Home on the birth of a daughter, born Friday, May 9, at 1:12 p.m. in St. Marys Hospital in Lubbock weighing 7 lbs. 6 1/2 ozs. her name is Marla Kay. Grandparents are Mr. and Mrs. Ross Robinson, Eunice, New Mexico; Mr. and Mrs. E.M. Rudd New Home and great grandfather is Mr. R. A. Robinson Lovington, New Mexico. She has one brother three year old Cary.

Mr. and Mrs. Ed Miller and children of Big Spring spent the week end here with her parents, Mr. and Mrs. E. L. Cooley and brother, Burl Cooley and family.

Congratulations to Mr. and Mrs. Julio Hiracheta on the birth of a son born Wednesday May 7th at 10:10 p.m. in Mercy Hospital in Slaton. Weighing 10 1/2 lbs. 11 1/2 ozs. he has been named Julio Jr. Grandparents are Mr. and Mrs. Edward Mendoza of Ensinale, and great grandparents are Mr. and Mrs. Alfonso Mendoza of Loreado and grandfather, Mr. Carmen Guerra Encinal he also has two sisters 14 year old Mary Edna and 13 year old Diana to help spoil him.

Guest Sunday in the home of Stanley and Sherry McNeely for a Mother's Day dinner were her parents, Mr. and Mrs. Carter White of Hale Center; Cynthia White of Wilson; Mr. and Mrs. Lowe White of Post; Mr. and Mrs. Noel White Steve and Keitha of Post.

Mrs. Corene Thompson and Debbie of Eunice, New Mexico, visited here with Mr. and Mrs. Marlo Rudd and children. Mr. A. M. Davis was dismissed from University Hospital and returned home Wednesday.

Only about 1/2 inch of rain has been measured the past two weeks here in New Home.

Mr. and Mrs. Bob Parker went to Jacksboro Saturday to visit his mother, Mrs. J. D. Parker and his sister and brother in law, Mr. and Mrs. Calvin Phillips. Mrs. Parker returned home with them to spend some time with her two sons Bob and Monroe and their families.

Mother's Day visitors here with us were Ann and Wayland Walton, Marta and Richard Hanks, Snyder, Gregg and Becky Freeman, Crosbyton, and Sue and Newton Snodgrass from Wink spent Sunday night with us.

Mr. and Mrs. Bobbie Taylor and children of Lubbock spent Sunday here with her parents, Mr. and Mrs. J. W. Edwards.

Mr. and Mrs. Luther Foerster were in Lubbock this Tuesday afternoon for funeral services for Mr. Lester T. Obenhaus, age 68. Mr. Obenhaus of Rt. 3 Lubbock died Sunday in West Texas Hospital following a brief illness. Services were at 4 p.m. Tuesday in the Redeemer Lutheran Church

with Rev. Don Lunick, pastor officiating. Burial was in the Abernathy Cemetery. Mr. and Mrs. Dwayne Smith and son of Slaton spent the week end here with her parents, Mr. and Mrs. Will Harris and attended morning services in the New Home Baptist Church.

Mr. and Mrs. Orvel Ray Pfifer, Peri and Phil spent Mother's Day with her parents, Mr. and Mrs. R. H. Belev in Earth.

The New Home FHA Chapter held its regular meeting Tuesday May 6th, 1975 in the homemaking cottage. New officers were elected, they are: president Sharon Ernst; first vice president, Mary Edna Hiracheta, second vice president; third vice president, Sylvia Correa; fourth vice president, Lynna Poer, secretary Elizabeth Caballero, treasurer, Jolene Armontrout, Parliamentarian Rebecca Ibarra hisorian, Judi Clem, reporter, Pam Barnett; installation and the revealing of secret sisters will be Thursday May 15th.

Shorty and Jean McNeely of Childress spent Sunday here with his parents, Mr. and Mrs. Bill McNeely. Shorty is manager of Sears Roebuck Store in Childress. Mr. and Mrs. Elmer Terry of Lubbock were also visiting in the McNeely home.

Mr. and Mrs. Gene Eades and Mr. and Mrs. Leland White vacationed in Las Vegas, Nevada, Sunday until Thursday. Mr. and Mrs. Clarence Eades came home from Lake Stamford to stay with Andrea and Allen.

Mr. and Mrs. E. L. Cooley spent ten days at Lake Hubbard, visiting her sister, Mrs. Alice Lawler. Mr. Cooley says the fishing wasn't too good because of the high winds, but they enjoyed a good rest.

I think this approach with federal legislation is a dangerous involvement of the federal government in state taxation programs and sincerely believe that we have a better idea in the Comptroller's Department.

I have requested the Legislature to authorize 40 more auditors who will audit the books of no one but businesses outside Texas.

This will increase the scope and efficiency of the out of state audit program and the obvious result will be a great deal more revenue recovered. I can promise you that.

I believe this avenue of approach is the most sensible one and it will enable us to reach those mail order business houses which sell goods in substantial volume to Texans but escape paying Texas its proper taxes.

BROTHERHOOD GARDENING

For too many years, gardeners have planted traditional vegetables—radishes, corn, carrots and lettuce—in the same soil. They sowed them in straight rows and kept them separated from one another. The yield grew poorer each year because the plants eventually sucked all nutrients from the surrounding soil. To prevent this, straight-line planting should be avoided, and vegetables (flowers and fruits too) should not be kept apart. Vegetables, fruits and flowers can be mixed, whenever and wherever interplanting is mutually beneficial.

I call this method of interplanting vegetables, fruits and flowers "brotherhood gardening" because the plants mutually help one another. Technically, it's termed "symbiosis," defined by Webster as: "the living together in intimate association or even close union of two dissimilar organisms in a mutually beneficial relationship." Thus, one plant throws off waste or surplus that another needs as nourishment; or supplies ingredients that protect the other from insects and disease.

The bad habit of straight-line planting should also be replaced by contour planting. This prevents excessive water run-off which erodes soil, food and valuable trace elements.

Symbiosis, contour planting and proper feeding are the main factors in developing an abundant happy garden where vegetables, fruits, and flowers live in harmony. Fortify your garden with a nutritious diet. I suggest a serving of "barnyard tea" each year in late Fall. It's brewed by mixing 50 lbs. of cow manure, 2.5 lbs. of garden food and 50 lbs. of Lawn & Garden Gypsum with liberal quantities of composted leaves and cuttings (or 100 lbs. of peat moss) for every 100 sq. ft. of grounds. Allow this concoction to lie all winter, and in early May spade it into the soil.

Texas Taxes

By BOB BULLOCK State Comptroller

AUSTIN—Texans who recall the pleasures during their youth of thumbing through a big, thick mail order catalog may be surprised to learn of the problems the mail order business creates for tax collectors.

The problem is a simple one: it's extremely difficult if not impossible to assess and collect sales taxes on goods bought and shipped into Texas from out of state.

The result is that Texas, and probably every other state, loses millions of dollars a year in sales tax revenue.

Texans who must pay state sales taxes on merchandise they purchase here in the state ultimately bear the burden of this situation. Although the sales tax is a tax levied on the consumer, we rely on the retail merchant to collect the tax for us. The plain fact is that the majority of these mail order houses in other states just do not bother to collect the tax and pass it along to us.

From a practical standpoint, it's easy to see, it's just plain impossible to make a guy pay the sales tax on a suit of clothes he bought from a Chicago mail order house.

Federal legislation granting the 50 states the authority to tax sales moving in interstate commerce would be one solution. It could make life much simpler for businesses who deal in interstate commerce and at the same time help the revenue picture for all states who try to collect the taxes on these goods.

This federal legislation would probably be more practical than giving states permission to require out of state retail mail order firms to collect the tax and then send it to the state where the buyer lives.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Outdoorsmen, particularly campers, are constantly confronted with a rust problem. Hammers, saws, pliers, machettes, knives and all other metallic objects made of iron or steel demand frequent attention.

These items are protected from moisture by a surface coat of wax, silicone, paint or oil. However, as these coatings wear off, from frequent use, they must be treated again and again.

Dampness in the air, dew, rain and spray all create rust. Saltwater spray and the saltwater itself are, of course, most damaging.

Perspiration, because it is slightly acidic, is another cause of rust. All perspiration marks and other dampness should be wiped from any iron or steel items to keep them rust-free and in perfect working order.

Tools and other like equipment should be stored in warm areas when possible. Maximum protection against rust is achieved

by applying a thin coating of oil to the metal, from time to time. Wrapping the object in a soft oily rag is an excellent idea. Sewing-machine oil is preferred, but any type of lubricating oil will do in an emergency, as will vaseline. Just don't overdo it. A thin coating is all that is necessary.

Other items to be so treated should include all firearms. These should be wiped clean after every outing and another thin coat of oil or silicone applied immediately. Then by wrapping each firearm separately in a soft, oil-treated rag, preservation is certain. If wrapped and stored in a gun case, in a warm area, don't zip the case tight. Leave room for a little warm air to penetrate.

Tools heavily coated with rust should be given a hard scrubbing with a wire brush following a good soaking in a liquid rust solvent. Solvent will loosen the rust deposits so that the brush scrubbing need not be so severe as

to damage the underlying metal.

If rusty tools, such as pliers and scissors can be disassembled and each part treated separately, rust removal will be easier, more complete, and more effective. Once the unit is thoroughly cleaned apply a coat of silicone to each part and reassemble.

It's a good idea to completely empty the tool box from time to time and clean it thoroughly. Then spray the inside with WD 40. Before replacing the items taken from the tool box, spread a clean, soft oily rag in the bottom of the tool box.

Rust remover, nut and bolt loosener and a little oil come in mighty handy around both the campsite and the garage. If you don't think so just forget some time and leave your axe, hammer, pliers or screwdriver outdoors overnight—and you'll find that you do.

Camping equipment and other hardware are expensive items these days. Give 'em all the loving care you can.

 The Mustangs 1975 - 76

Cheerleaders were selected
 last Thursday, May 8; they
 are: Camille Rice (head),
 daughter of Mr. and Mrs.
 Stewart Rice; Jan Wilke,
 daughter of Mr. and Mrs.
 Carlton Wilke, Cristina No-
 va, daughter of Mr. and Mrs.
 Pedro Nova; Kim Rice,
 daughter of Mr. and Mrs.
 Stewart Rice; Tracy Lee,
 daughter of Mr. and Mrs.
 Bobby Lee and Kathy Ha-
 gens, daughter of Mr. and
 Mrs. Lloyd Hagens.

The 1975 - 76 junior high
 cheerleaders are: Cindy
 Slone (head), daughter of
 Mr. and Mrs. C.W. Slone;
 Debra Hagens, daughter of
 Mr. and Mrs. Lloyd Hagens;
 Kerrie Lee, daughter of Mr.
 and Mrs. Bobby Lee and
 Tamera Houchin, daughter
 of Mr. and Mrs. Gary Hou-
 chin.

AWARDS

The Elementary School
 end-of-the-year Awards As-
 sembly will be Thursday,
 May 22, 1975, at 2:00 p.m.
 in the high school auditor-
 ium. All parents are invited
 to come and see the ele-
 mentary students receive
 their awards at this time.

SYMPATHY:

Sympathy is extended to
 Mrs. Jim Brock in the loss
 of a brother last week.

HOSPITAL:

Mrs. Hautense Parker un-
 derwent surgery last Friday,
 May 9, at University Hospi-
 tal in Lubbock. She is in
 room 217.

Mr. Ed Crowder is in the
 Highland Hospital in Lub-
 bock.

Mr. John Covey is in the
 Mercy Hospital at Slaton.

BACCALAUREATE

The Baccalaureate Ser-
 vice will be Sunday, May 18,
 at 8:00 p.m. in the High
 School Auditorium. The ad-
 dress will be given by Rev.
 Delmus Leudke, pastor, St.
 John's Lutheran Church.

Beula Atkins Rites Monday

Services for Mrs. Beula
 Frances Atkins, 73, of Ta-
 hoka were held at 10 a.m.
 Monday, May 12 in the Sweet
 Street Baptist Church with
 the Rev. Lee Jones, pastor
 officiating. Burial was in
 Tahoka Cemetery under di-
 rection of White Funeral
 Home.

Mrs. Atkins died Saturday
 night, May 10, at about 10:15
 p.m. in Lynn County Hospi-
 tal following an extended ill-
 ness. Born April 13, 1902
 in Roby, she had been a re-
 sident of Lynn County 72
 years. She attended school

in Tahoka and was married
 to John Atkins March 4,
 1923 in Lubbock and he died
 April 15, 1925.

Mrs. Atkins was a mem-
 ber of the Rebekah Lodge
 and the Sweet Street Bap-
 tist Church.

Survivors include one sis-
 ter, Mrs. E. B. Gaither; one
 brother, Hubert Davis, of
 Floydada.

Pallbearers were Harvey
 Lee Duckett, Dan Thomas,
 Wayland Craig, Pat Cham-
 blee, Dub Powers and Grady
 Herrin.

Rep. Short Helps Bill 284

Representatives Kay Bal-
 ley Houston and Sarah Wed-
 dington (Austin) announce
 their praise and gratitude to
 Representative E. L. Short
 D-Tahoka for his help in
 passing the much needed
 Rape Reform Bill. Repre-
 sentative Short was a co-
 sponsor of the House Bill
 284 which passed the House
 of Representatives on April
 29th. The bill now goes to
 the Senate for ratification
 before becoming law.

This bill provides that a
 woman's past sexual conduct
 can only be admitted into
 evidence in a rape trial if the
 judge finds that it is "ma-
 terial to a fact at issue
 in the case." To introduce
 this kind of evidence in a
 trial, the defense would have
 to prove to the judge, in
 closed chambers, outside the
 ears of the jury, that the ac-
 tivity is relevant to the case
 with the charged defendant.
 This bill also extends the
 statute of limitations to three
 years. The present limit is
 one year. The lowest of all
 felonies. This charge is one
 which police officers around
 the state have suggested will
 aid them in solving many
 rape cases.

According to the Federal
 Bureau of Investigation, rape
 nationwide has increased 70
 percent over the last five
 years. Texas Department of
 Public Safety statistics show
 Texas is following the na-
 tional trend with 3,435 rapes
 reported in 1974, compared
 to 1,569 in 1964. Yet crime
 experts estimate rape is the
 most unreported unprose-
 cuted crime in the nation.
 A recent victimization sur-
 vey by the Department of
 Justice reported that the ac-
 tual incident of rape is four
 times as high as the number
 reported to the police.

Supper To Honor Lynn Dentons

A Salad Supper honoring
 Mr. and Mrs. Lynn Denton,
 principal of New Home High
 School, will be held at 8
 p.m. Wednesday, May 28, in
 the New Home Cafeteria.
 Everyone is invited to at-
 tend, and bring enough salad
 for your family.

Garden Club To Meet Tuesday

The Tahoka Garden Club
 will have their last meet-
 ing of the year, Tuesday,
 May 20, in the home of Mrs.
 K. R. Durham, beginning at
 11 a.m. A covered dish lun-
 cheon will be served at 12
 noon.

The program will be slide
 pictures on highlights of the
 Garden Club year and a slide
 review of Texas wild flow-
 ers.

Mrs. James Langella Saldivar nee Dean Gaignat Verner

Verner-Saldivar Wedding May 11

Miss Dean Gaignat Ver-
 ner, daughter of Mr. and
 Mrs. Arthur Charles Verner
 4602 17th Street, Lubbock,
 and Mr. James Langella
 Saldivar of Houston, were
 married Sunday afternoon at
 2:30 p.m. in the home of the
 bride's grandfather, Mr.
 Dean Williams Gaignat, Ta-
 hoka, with the Reverend Doc-
 tor Sam Nader of Lubbock
 officiating.

Honor attendants were
 Mrs. Larry Johnston, Dal-
 las, and Miss Kay Verner
 Lubbock, sisters of the
 bride. Best man was Mr.
 Clay Leaverton of Lubbock.

The bride is a graduate
 of Dana Hall School, Welles-
 ley, Massachusetts. She is
 also a member of Kappa Kap-
 pa Gamma social sorority
 and a finance graduate of
 Texas Tech University. She
 is presently employed by the
 First City National Bank,
 Houston.

The groom is a Mechani-
 cal Engineer graduate of
 Texas A&M and is employed
 by Belco Petroleum Com-
 pany of Houston.

Following their wedding
 trip to the Caribbean, the
 couple will reside at 9449
 Briar Forest Drive No. 2413,
 Houston.

Pythian Sisters Met May 7th

Pythian Sisters met Tues-
 day, May 7, for a regular
 meeting. Bertha Williams,
 Temple Mother was honored
 with a short program and
 Elnora Curry gave an ap-
 propriate reading and a gift
 was presented to her.

Lottie House resigned her
 office, because of illness
 and Clifford Tankersley was
 elected to fill the chair.
 Nina Short was elected In-
 stalling officer replacing
 Burnice Carter, Judy Holden
 was appointed third member
 of the gift committee.

Emma Halamicek and
 Thelma Oliver plan to attend
 Grand Temple in Houston in
 June. Pythians will partici-
 pate in the bicentennial cel-
 ebration in January. Pro-
 gram for the next meeting
 will be a memorial service,
 Elnora Curry is chairman.
 Hostesses for the evening
 were Fern Lewis and Emma
 Halamicek.

Drugs Fight Leukemia

New drugs and new methods
 of using them are making
 dramatic advances against leu-
 kemia. Support the research
 that has won these gains and
 given more years of life to
 more leukemia patients. Give
 generously to the American
 Cancer Society.

Wheat Harvest Underway... Carryover To Be Up
Substantially in 1976... **Crops Progressing... How Many**
Flowers?... **Texas In Top Ten... Rice Planting**
The 1975 wheat harvest is underway in South Texas; less
than five per cent of the bountiful crop has been harvested
to date. And while that is going on in the southern portion
of the state, wheat is making excellent progress across the
rest of Texas with the crop now headed out.
Nationally, prospects for the 1975-76 season range from
slightly more than two billion bushels to around two and a
quarter billion bushels.

Projected production for the 1975-76 marketing year for
wheat ranges from two to two and a quarter million
bushels. Total supply ranges around 2.5 million bushels.
Carryover as of June 30, 1976, is expected to be around
two million bushels; this year's carryover as of June 30 is
expected to be around 230 million bushels.

MEANWHILE, CROP PROSPECTS throughout the state
continue to brighten. Cotton planting is about 20 per cent
completed, which is slightly behind 1975 plants at this
time. Planting is virtually completed, except for some
planting in the Blacklands and Trans-Pecos areas. Seedbed
preparation is about finished on the High and Low Plains,
and the first of the 1975 crop is now in the ground in that

area. Corn planting is more than 60 per cent finished;
planting in the Rio Grande Valley is headed out. A few
stands have been planted in the High and Low Plains.
Soybean seeding for the state is about a fourth completed.
Corn planting is about two-thirds completed compared
with about 90 per cent at this time a year ago.

HOW MANY ACRES are planted to sunflowers in Texas
this year? That's one of the questions the Texas Crop and
Stock Reporting Service is going to find out in its crop
questionnaire.
About 24,000 crop questionnaires go in the mail this
week to producers throughout the state. If you receive one
of them, you are requested to fill it out as accurately as
possible and return it promptly. Information in the
questionnaire will be the basis for crop reports to come out
this year.

IF YOU LIKE WATERMELONS--and who
doesn't?--you'll be happy to learn that watermelon season
is about a little early this year--about a month earlier, to

be exact. The Texas watermelon producers are planning on
a big season. Texas, in case you didn't realize it, is first in
the nation in production of watermelons.

TEXAS CONTINUES IN THE TOP 10 in dairy states in
the nation. It is also in the top 10 in numbers of milk cows
that have calved.

Hopkins County continues as the top dairy county in
Texas in both production and in numbers. Other counties
in the top 10 in Texas in milk production are Erath, Wise,
Johnson, Grimes, Comanche, Cooke, Franklin, Archer, and
Wood.

Other counties in the top 10 in Texas in numbers of
milk cows that have calved are Erath, Wise, Grimes,
Johnson, Comanche, Cooke, McLennan, Wood, and
Franklin.

Texas is ninth in the nation in milk production and cows
that have calved.

ROUGH RICE STOCKS in Texas are up 23 per cent
above a year earlier; milled rice stocks are seven per cent
above a year earlier in the state.

Nationwide, rough rice stocks are 29 per cent higher
than last year; milled rice stocks are 19 per cent below a
year ago.

Throughout the rice belt in Texas, seeding is in its final
stages. Planting had made good progress until interrupted
by rains recently.

Memorial Fund For Heart Ass'n.

In response to numerous requests from families and individuals, the American Heart Association, Lynn County Division has a memorial fund to which families and friends of victims of cardiovascular diseases may contribute according to Darlene Gurley, Memorial Chairperson. "Contributions made in memory of a friend or member of the family are acknowledged by the Association, and a memorial card is sent to the family stating that a memorial has been received and giving the name of the donor. These contributions may be in any amount," Darlene said. "More deaths result from heart diseases than all other causes combined, but gain. In Heart Research have been significant in recent years. Rheumatic fever is yielding to drug therapy, and advanced surgery techniques are enabling patients to live normal, healthy lives. Some of the most dramatic devel-

opments have been made in heart research centers in Texas," Darlene said.

Memorial funds are received throughout the year and added to the Association's Annual Heart Fund receipts. With Memorial Day approaching, take a moment to remember a friend or loved one with a Heart Fund Memorial.

Memorial funds are becoming increasingly important to the American Heart Association as more families and individuals become aware that they can contribute in the name of a loved one to the fight against this dread disease. The Heart Association is deeply grateful to those already using this practical means of assisting them.

"Memorial funds should be sent to the American Heart Association, Lynn

County Division, Tahoka, Texas. Darlene Gurley, Memorial Chairperson, First National Bank.

A plump gentleman ate a fine meal at the Waldorf with obvious relish, topped it off with some rare Napoleon brandy, then summoned the headwaiter. "Do you recall," he asked pleasantly, "how a year ago I ate just such a repast in your excellent hotel and then, because I couldn't pay for it, you had me thrown into the gutter like a veritable bum?"

"I'm very sorry," began the contrite headwaiter. "It's quite all right," said the guest soothingly, "but I'm afraid I'll have to trouble you again."

AROUND TOWN

BY LEONA WALDRIP
CALL 998-4428

Coming on Tuesday from Eaufoala, Oklahoma, were Mr. and Mrs. Cecil Brown and Mr. and Mrs. Bill Brown from Canadian. They visited for a while in Slaton with Mr. and Mrs. Lehman Brown and on to the home of the Jerry Harstons at New Home where a family get together was scheduled for that night. Joining them there were Mr. and Mrs. Jack Stamford of near Slide and Laomuah Harston and wife Betty Jo took Lela Wood from here

to join them for supper. Next day the two Oklahoma couples had lunch with Lela in Tahoka and left Wednesday afternoon. Mrs. Wood is just recovering from an accident she suffered three weeks ago when a lawnmower picked up something and hit her causing painful injuries to her leg. She had to spend two weeks with a daughter at New Home, being unable to walk without help. She has been back in her own home the past week.

Mrs. Nina Bean of Brown-

wood has returned to her home after spending nearly a month visiting her four sisters, Mrs. Muriel Wilkins, Mrs. Pete Etheridge, Mrs. Minne Gandy and Mrs. Jessie James.

Leaving by bus on Wednesday, Irene Garrison is spending a few days with her brother's family in San Angelo.

Mrs. Dora Carpenter was honored as the oldest mother for the third time in as many years at the Assembly of God Church on Sunday.

Our sympathies are with Billie White in the loss of her father and Lura Mae Gaitner on the loss of her sister, Beula Atkins.

Mrs. Theilma Dewbre took with her daughter's family, Mr. and Mrs. Dan McKibben and children.

Trudy Schuknecht spent the weekend, Friday through Sunday with Mr. and Mrs. David Schuknecht and Shawn in Lubbock.

Among out of town visitors here for the funeral of Beula Atkins were Mr. and Mrs. Walton and son, Windell Medlin, Sible Gaylor, Jessie and Glen, all of Lubbock, Mrs. A.N. Baucaum of New Deal, Mr. and Mrs. Randall Waldrip and Judy of Levelland and Terry Fortner of Lubbock.

Mrs. Faye Thayer had Mother's Day dinner with her daughter, Billy Williams in Lubbock.

At Sunday services in the First Baptist Church, the oldest mother was presented a corsage and two mothers tied for having the most children there. They each had five. Mrs. J.D. Adams was presented the traditional engraved plaque as "Mother of the Year". Quiet a few out of town guests were in church Sunday.

Past Noble Grand Club met this Thursday night at 7:30 p.m. Mrs. Ruth Reece will be hostess and a new member will be initiated at that time.

Great Soldiers

The American Cancer Society's programs of research, education, and service are valiant warriors against cancer. Help carry the battle forward with a checkup for yourself and your family and a generous check to our ACS volunteer.

More Could Be Saved
More than 110,000 Americans who will die of cancer this year might have been saved with earlier diagnosis and prompt treatment. Fight cancer with an annual health checkup and a generous check to support the American Cancer Society's programs of research, education, and service.

FRIDAY: Pimiento Cheese Sandwiches, Buttered Corn, Milk, Pork and Beans, Orange Juice, Bell Bars

Rites Held For Gilmer Aycock

Services for Gilmer G. Aycock, 75, of 3412 42nd St. were held at 3 p.m. in the First United Methodist Church with the Rev. J. Wade Griffin, associate pastor, officiating.

Assisting was Dr. J.O. Haymes, associate pastor of the church.

Burial was in Resthaven Memorial Park under direction of Sanders Funeral Home.

Aycock died at 5:15 p.m. Wednesday following a lengthy illness.

Born in Bell Falls, Aycock had been a Lubbock resident the past 38 years. He moved to Lubbock from Tahoka in 1937.

A retired insurance agent Aycock was the Lubbock representative of Security Life and Accident Co. of Denver Colorado, for 39 years. He was a member of the First United Methodist Church of Lubbock and the Lubbock Lions Club.

Survivors include his wife, Mary Alice; a son, Bill of Dallas, five sisters, Mrs. Lucille Wood of 3513 - B 35th St., Mrs. J. B. McPherson of 3309 24th St., Mrs. Tommie A. Sides of 3311 40th St., Mrs. L.M. Harris of 3008 23rd St., and Mrs. Jack Beecher of Houston; three brothers, H. D. of 3408 61st St., Rex of Tulsa, and Orban of Tahoka and two grandchildren.

Pallbearers were Tom Ingram, Bob Harvey, Hugh McKelvy, Raymond Marshall, Wayne Henly Roy Dickey, Ed Merriman and Conway Clingan.

What We Could Do

Right now, without learning a new thing from the research laboratories we could save over 100,000 additional lives this year from cancer, if everyone got the American Cancer Society's message about the importance of early diagnosis and prompt, proper treatment, and had regular health checkups.

TEXAS TALK

By Fred Myers

A marked decline in the number of varieties being grown commercially is one of the unusual things about Texas' number one cash crop... cotton. In 1910, F. J. Tyler, in an article entitled *Varieties of American Upland Cotton*, reported for the United States Department of Agriculture that there were 613 varieties of cotton being grown. Sixty-five years later there are fewer than 50 with only about ten of those commonly used. Two reasons are predominant for the unusual turn-around. First the boll weevil infestation wiped out many susceptible long-staple varieties. Second, producers have developed the varieties they like best and are satisfied with the increases in crop yields, the storm resistant boll (for machine harvest) and the generally shorter growing season provided by relatively few types. Evidence of the success of the varieties being used is amply illustrated when comparing current yield per acre with that of 1950.

LYNN COUNTY BRANCH

LATON SAVINGS and Loan Association

1900 Lockwood Ph. 998-4586

May 15 and 16 are dates of great significance for High Plains users of natural gas as fuel for irrigation motors, says Donald A. Johnson, Executive Vice President, Plains Cotton Growers, Inc., Lubbock.

On these days the Federal Power Commission will have a hearing examiner at the Federal Building's District Court Room, 1205 Texas Avenue, Lubbock, beginning at 9:00 a.m. each day, to hear testimony concerning whether the limited supply of natural gas will be used in the future to pump irrigation water or will be allocated to some other use.

"The examiner has expressed his desire to get opinions straight from the farmers themselves," Johnson notes, "and whether farmers stay at home or come to town on one or both of these days can well affect their future operations for years to come."

The FPC has held hearings in Washington and is conducting field hearings at the request of Plains Gas Users Association, PCG and others who recognize the pending danger to irrigated agriculture.

Last December, without prior notice to affected parties, the federal agency issued an opinion lowering irrigation natural gas from a No. 2 to a No. 3 priority, a decision branded as "intolerable" by Lubbock's 19th District Congressman George Mahon.

Expert witnesses testified, and were cross examined, in the Washington hearings. From the Plains they included Dr. James Osborn, Chairman of Texas Tech's Agricultural Economics Division; Frank Rayner, Manager of Plains Underground Water Conservation District No. 1; John Akin, attorney for Plains Gas Users, and Jim Valliant, Irrigation Specialist for the High Plains Research Foundation at Halfway. Chief among the cross examiners were attorneys for General Motors and the San Diego Gas & Electric Company.

"These witnesses in Washington made strong, sustainable cases for assuring the continuous availability of natural gas for irrigation," Johnson commented, "and now it is imperative that farmers themselves overflow the hearing room and the hearing record with evidence that thousands of individual cases do, in fact, back up the experts' testimony."

Osborn's statement, supported by a 30-page exhibit of detailed, carefully researched figures, reached the firm conclusion that "it is not economically feasible to convert High Plains irrigation wells from natural gas to alternative fuels; at today's fuel prices and today's farm commodity prices, conversion to gasoline, diesel or electricity over the long term would result in a negative return to producers."

Irrigation gas users wishing to make a statement at the Lubbock hearings will only need to fill out a card on entering the hearing room. A prepared statement will be permitted, but not required.

Emphasizing the importance of farmer testimony, Johnson said every High Plains irrigator who is on natural gas should ask to be heard. "Natural gas is so vital to our irrigated agriculture that the room should be too small and the time much too short

to accommodate the crowd, even at this busy time of year," he said.

Speaking for PCG at the hearings will be Ray Joe Riley of Hart, past president and member of the PCG Executive Committee. Riley attended the Washington hearings and along with other PCG officials has been working several months with the FPC, Congressmen and Senators toward a solution to the problem. Don Marble of South Plains, PCG Board Chairman, also will present a statement on his own and PCG's behalf.

BILL GRIFFIN SAYS

During 1974, 21 Artificial Insemination Pregnancy Determination Clinics were held at various locations throughout the state. Producer response to these programs was exceptional, with practically all classes filling to maximum capacity. Participants in the clinics included ranchers from nearly all areas of Texas, Oklahoma, New Mexico, Louisiana, Arkansas, Missouri and several foreign countries.

Programs in artificial insemination and pregnancy determination are jointly sponsored efforts of the American Breeders Service, Curtis Breeders Service, Central Ohio Breeders Association and the Texas Agricultural Extension Service. These companies bear much expense over and above registration receipts thus helping to defray the unusually high cost of technical training and providing an excellent means for Extension to lend subject matter support.

Through these programs, we are able to provide comprehensive training in the skills of pregnancy determination and artificial insemination. Aside from actual field training in A. I. and pregnancy determination, participants are given detailed information on management of the breeding herd covering nutrition, disease prevention selection, and records. Students are given a comprehensive manual on A. I. and a folder containing numerous Extension publications

and papers on artificial insemination and pregnancy determination. These programs are held in - depth training are perhaps the most comprehensive clinics ever had the opportunity of participating with.

The program days in length, being equally divided between discussion of management and actual practice in the technique and pregnancy determination. Practical participants will be able to demonstrate both skills.

To be eligible for pregnancy determination participants must have previous A.I. training rolled in the A. I. Training received by the major A.I. course or a college course will satisfy requirement.

The school will be in Lubbock on November 14, 1975. It will be coordinated by the A.I. coordinator will be Willie Travis.

The prices for are: Pregnancy Determination (All Complete) Registration for A.I. \$100.00; COBA \$100.00; COBA \$100.00 if semen is chased at the clinic delivered within 10

TRACTOR ROLL-OVER PROTECTIVE STRUCTURES

The Occupational Safety and Health Administration has released Occupational Safety and Health standards to agriculture operations. These standards include: (1) temporary labor camps; (2) storage and handling of anhydrous ammonia; (3) pulpwood logging; (4) slow moving vehicles and (5) roll-over protective structures.

Regulations requiring a roll-over protective structure for all agricultural tractors of more than 20 engine

horsepower, provided the tractor is driven by an employed person were released on April 25, 1975. The standards cover such subjects as seat belt, protection from spillage and protection from sharp surfaces.

Exemptions are provided for low profile tractors used in orchards, vineyards, hop yards, where vertical clearances interfere with normal operations. Tractors used with mounted equipment which is incompatible with roll over protection standard requirements such as corn pickers, cotton strippers, vegetable pickers and fruit harvesters are exempt.

In summary, it appears that any agricultural producer who employs a person to drive a tractor that is 20 engine horsepower or more will be required to comply with these standards for all agricultural tractors manufactured after October 25, 1976. (FEDERAL REGISTER, April 25, 1975, page 18254)

GRAIN FOR EGYPT:

President Ford announced in a memorandum on March 31, 1975, that he was authorizing grain sales to Egypt under Title I of Public Law 480, Section 103 of P.L. 480, as amended to date, restricts sales under Title I to those countries determined by the President to be friendly to the United States. Under the terms of these laws, the president has determined that it is in the best interest of the United States to give Egypt 600,000 metric tons (1 metric ton equals 2,204.623 lbs.) of grain under the terms of Title I of P.L. 480. This title provides for the sale of agricultural commodities for dollars, or credit terms, or for foreign currencies.

The president has released the following explanation for his decision:

Egypt is central to our efforts to achieve a just and lasting peace in the Middle East. Our ultimate success will depend in part on Egyptian confidence in our intention to develop a broad and constructive bilateral relationship with that country. Continuation of a program for concessional sales of agricultural commodities to Egypt will constitute a tangible demonstration of our intended role.

In response to current Egyptian needs, it is proposed to export to that country 300 metric tons of wheat flour, (wheat grain equivalent) financed under Title I of the Agricultural Trade Development and Assistance Act of 1954, as amended (P.L. 480). Added to previous allocations, the total amount of wheat, wheat flour, (wheat grain equivalent) provided Egypt under Title I in FY - 75 will be 600 thousand metric tons. This amount is based on Egypt's need for not more than one fiscal year.

In order to enter into an agreement with the Government of Egypt for such a sale under Title I, it is necessary that the President find and determine that such sales could be in the national interest of the United States

Section 103 (d) (3) of P.L. 480 prohibits the sale of agricultural commodities under Title I of the Act to any nation which sells or furnishes or permits ships or aircraft under its registry to transport to or from Cuba

or North Vietnam any equipment, materials, or commodities (so long as those countries are governed by Communist regimes). However, if such activities are limited to furnishings, selling, or selling and transporting to Cuba medical supplies, non strategic agricultural or food commodities, sales agreements may be made if the President finds they are in the national interest of the United States. Section 103 (d) (4) also prohibits sales of commodities under Title I to Egypt unless the President determines such sales are in the national interest of the United States.

The considerations noted above, however, make the proposed sale important to the national interest of the United States notwithstanding the prohibitions contained in Sections 103 (d) (3) and (4) of P.L. 480.

Section 410 of PL 480 prohibits sales under Title I of P.L. 480 to a country in violation of Section 620 (e) of the Foreign Assistance Act of 1961 as amended which concerns expropriation nationalization of property of Americans without taking appropriate steps to discharge its obligations under international law, Egypt agreed to the establishment of a Joint Committee to discuss compensation of American nationals and, on July 15, Secretary Kissinger determined that such an agreement constituted appropriate steps under Section 620 (e). The Department is currently verifying and developing valid United States claims for negotiation in the Joint Committee. Therefore, no waiver of that provision is required to permit this additional sale of wheat, wheat flour to Egypt under Title I of P.L. 480. (Federal Register April 28, 1975).

FARM ORGANIZATION MEMBERSHIP CONTRACTS
The NFO REPORTER, April 1975, the official publication of the National Farmers Organization, released a story from Lancaster, Minnesota, indicating that the National Farmers Organization had been rewarded a judgement of \$400 in back dues against Jerome Cullin, by Judge William Relnecke. The Article quoted Judge Relnecke as follows:

"The evidence discloses that the defendant has taken no action pursuant to the termination provisions of the contract to terminate the same and therefore in my opinion the contract remains in full force and effect up until the time of the trial. Since during the period the plaintiff has performed the contract and furnished the considerations agreed upon, the defendant is obligated under the continuing nature of the contract to pay the dues accruing during that period."

The judgement was for six years' dues accruing within the statutory limitations on liability in Minnesota.

SEED COTTON LOAN PROGRAM:

USDA reported that 7,517, 335 lbs. lint basis, 1974 crop of seed cotton entered the Commodity Credit Corporation cotton loan program through April 17, 1975. All of this cotton came from two states, California and Texas and all loans were repaid before maturity.

COTTON LOAN PROGRAM 1974:
USDA reported on April 23, that 2,315,873 bales of the 1974 crop cotton entered the Commodity Credit Corporation's cotton loan program through April 17, 1975. Loans on 703,059 bales have been repaid leaving outstanding loans on 1,612,814 bales.

ZAVALA COUNTY OFFICIALS VISIT CUBA:
The ZAVALA COUNTY SENTINEL of April 24, 1975 released the following story with regard to a 15 person delegation from Zavala County visiting in Cuba: A 15 member delegation of Raza Unida Party members, headed by Zavala County Judge Jose Angel Gutierrez, arrived in Havana, Cuba on Monday for a 10 day visit to the Communist controlled island at the invitation of the Cuban government.

Accompanying the delegation were four members of the news media. They included Ed Rable of CBS news and his two member camera crew, and Gullie Gonzales of the Corpus Christi Caller - Times.

The group left last Friday for Mexico City, paying their own expenses to the Mexican capital. After that they became official guests of the Cuban government, according to Gutierrez.

The invitation to visit Cuba was extended to Gutierrez in January by officials at the Cuban Embassy in Mexico City. The trip was first announced for late January or early February, but was delayed at the request of Cuba.

Later, the group made plans to leave on March 3, but again the trip was postponed by the Cuban government.

Gutierrez said in an interview before leaving for Mexico City last Friday that the RUP members would have an audience with Premier Fidel Castro.

"It has been noted that Cuba has made great strides in wiping out illiteracy, poor housing, discrimination and other problem areas that South Texas Chicanos also face," Gutierrez said.

"In seeing the Cuban model, we will see how we can apply the improvements that have made, despite the difference that exist between communism and capitalism," he added.

In talking about the trip Gutierrez told the Sentinel that the group didn't need any approval of the State Department to travel to Cuba.

"We presume we are free citizens of a free country who are allowed to travel to any foreign land without permission. It says in our

passports," Gutierrez said before leaving.

Gutierrez said part of the reason for the trip is to "explain to Cuba what La Raza is all about in efforts to set better relations and to establish Chicano point of view since no national U.S. policy reflects our view."

He said the RUP delegates would be looking for ideas which can be transplanted to the United States.

Accompanying Gutierrez from Crystal City were his wife, Luz, Supt. Amancio Cantu of the CCISD, City Manager Ezequiel Guzman and Elpidio Lizcano, a member of the school district's staff.

Others include John Ramirez of San Francisco, auditor for the city, county and school district; Marisal Cordo, Daniel Zapata and Sharon Dellalo, all of California.

Also Abel Cadava of Kingsville, Robert Maggioni of Austin, Ernest Chacon of Wisconsin, Manuel Sepulveda of Michigan, Angel Moreno of Illinois, and Lupe DeLeon of Indiana.

EC CUTS EXPORT SUBSIDY

The Foreign Agriculture of December 9, 1974, a publication of USDA's Foreign Agriculture Service, reported that the European Economic Community, following a mid - October devaluation of the Irish pound for agriculture products, reduced the Irish export subsidy on boneless beef shipped to the United States.

According to the Irish Meat and Livestock Board, the net refund for boneless frozen beef, exported to the United States as of October 15, was 1.3 U.S. cents per pound, compared to 1.7 cents at the end of September.

The subsidy for exports to other non - economic community countries was an increase from 14.2 cents per lb. to 26 cents. Boneless beef sent to the U.S. from Ireland for the fiscal year ending on June 30, 1974, amounted to 32,052,000 lbs. compared to 13,313,000 lbs. in the fiscal year ending June 30, 1973 (product weight).

RICE MARKETS:
Assistant Secretary of Agriculture Clayton Yeutter, speaking before the 76th Annual Meeting of Rice Miller Association in New Orleans, Louisiana, on April 18, 1975, made the following interesting remarks: (1) "But as the world's experience with food aid grows, we are slowly learning that direct shipments of food often don't work nearly as well as we would hope. The developing countries that receive such aid often aren't capable of

satisfactorily handling the problem of distribution."

"Grain sometime rots on the unloading docks or rodents feast on it while it awaits in - country shipment. Worse yet, some of it gets into the black market trade, damaging the traditional market network which leads to a further weakening of the recipient country's ability to feed itself.

(2) "If you as rice growers and processors depend on food aid as a basic underpinning of your industry, then you must resign yourself to usually being residual suppliers in the world market. This is not a desirable situation." (3) There's a choice (a) rice growers and processors can reconcile themselves to being the supplying arm of a federal food - aid program, (b) or they can strike out to capture a larger share of the commercial markets that are developing. The choice is yours."

INFLATION BLUEPRINT:

Senator E. J. Garn from Utah, placed in the CONGRESSIONAL RECORD at page S5979, 1975, an interesting quotation from Frederick A. von Hayek, a 1974 Nobel prize winner in economics under the heading of "Inflation".

What I expect is that inflation will drive all the Western countries into a planned economy via price controls. Nobody will dare to stop inflation in an ordinary manner because as things are at present, to discontinue inflation will inevitably cause extensive unemployment. So assuming inflation stops it will quickly be resumed. People will find they can't live with constantly rising prices and will try to control it by price controls and that of course is the end of the market system and the end of the free political order ... It may still take 10 years, but that doesn't matter much for me because in 10 years I hope I shall be dead.

Mr. Hayek also said: Inflation is part of the price we pay for having ourselves we pay for having committed ourselves to a policy

of full employment and central planning. The United States Congress committed the United States to a policy of full employment and central planning in 1946 with the passage of the full employment act.

FEED LOT AIR POLLUTION
The Texas Air Control Board has proposed a change in its present requirements on construction and operating permits for confined livestock and poultry feeding operations. This proposed change would have the effect of extending the permit program to all such operations regardless of size, that propose to locate or expand within one mile of the corporate limits of a city or town.

This change is in the draft stage and comments regarding it should be sent to the Texas Air Control Board, Attn: Mr. Gary Wallin, 8520 Shoal Creek Blvd., Austin, Texas 78758. (Memoto Livestock Associations from John M. Sweeten, Agri. Engineer, Animal Waste Management, Texas Agricultural Extension Service, 4-28-75)

U. S. MEAT PRODUCTION:

Commercial production of red meat in the United States totaled 3.0 billion pounds in March, 5 percent below a year ago and one percent below March 1973. Commercial meat production includes slaughter in federally inspected and other slaughter plants, but excludes animals slaughtered on farms.

March 1975 included 21 weekdays and 5 Saturdays, the same as a year ago, but one less weekday than March 1973.

Beef production totaled 1.9 billion pounds, 2 percent more than March 1974 and 7 percent more than March 1973. Cattle kill totaled 3, 131,500 head, 9 percent above both March 1974 and 1973. Live weight per head averaged 1,024 pounds, 41 pounds less than last year and 12 pounds less than March 1973.

Dear Customer,

If you are interested in getting \$200.00 worth of oil free and also buying a good used stripper then you might consider the following offer:

Until June 30, 1975 you can purchase a good used 283 or 282 stripper, waive all interest and carrying charges until November 1, 1975, and receive 2/ 55 gallon drums John Deere Torq-Gard engine oil free.

This is not an add on price or gimmick. We have used strippers we would like to move and thought you might want some free oil. Just come in, make the very best deal you can on a used 282 or 283 stripper and then take out in addition to purchase, 2/ 55 gallon drums John Deere Torq-Gard engine oil.

If you are interested contact Fen Taylor or Bob Fielder at Taylor Tractor & Equip. Co. Inc. - Tahoka, Texas or Jerry Bush at Taylor Tractor and Equip. Co., Inc. Post, Texas.

This offer expires at 6:00 P.M. on June 30, 1975

Thank You,
Fen Taylor

Tahoka Senior Biographies

TERRI ATEN
Terri Aten is the daughter of Mr. and Mrs. James Aten of Grassland, Texas. She was born in Lubbock, Texas, October 25, 1956. Terri has been a member of the high school band for three years, and participated in D.E. as a senior. Her plans are undecided for the future.

VICTOR GARCIA
Victor Garcia, Jr., son of Mr. and Mrs. Victor Garcia was born in Hereford, Texas on August 9, 1955. Victor was an FFA member for three years and participated in some worthwhile school activities. After graduation he plans to attend college after a few years vacation.

WAYMOUTH ROBERTS
Waymouth was born in Lubbock on April 10, 1956. Waymouth has lived in Tahoka and went to school there all of his life. Waymouth has been an active member in FFA his junior year, library club, his senior year, and DECA his senior year. His plans for the future are to work. His parents are Mr. and Mrs. C. W. Roberts.

RICHARD LOPEZ
Richard Lopez lives with his grandparents, Mr. and Mrs. Augustine Montemayor Sr. He was born in O'Donnell on October 26, 1956. Richard has participated in football, basketball, track and "F" Club. He was chosen Most School Spirit. Richard is planning on attending Texas Tech. He is undecided on his major.

DAVID BROOKSHIRE
David Brookshire was born in Lubbock in February 14, 1957. He moved to Tahoka when he was two years old. He has attended school here all his life. He has participated in football, basketball, track, golf, Co-op Ag. He is the son of Mr. and Mrs. James Brookshire. His future plans are to attend Texas Tech in the fall.

FARLA GERNER
Farla Gerner was born July 10, 1957, in Post, Texas. She is the daughter of Mr. and Mrs. Rufus Gerner. Before moving to Tahoka in 1973, she attended school at Post and Spur. She is a member of St. Pauls Lutheran Church, Wilson. Her high school activities include Spur annual staff, band three years, FHA three years, NHS three years, FTA two years, DECA one year, Junior Play cast, the American History Award, and she has been named an honor graduate. She is employed at the House of Flowers through the Distributive Education program. In the fall she will attend West Texas State University where she will major in business.

JACK SCOTT
Jack Scott, born May 13, 1957, is the son of Mr. and Mrs. J. L. Scott of Rt. 2, Tahoka. He has lived in Tahoka all his life, and while in school, was involved in F.F.A. In his senior year he took Co-op Ag and was employed by Taylor Tractor and Equipment Company Inc.

DANA REESER
Dana Reeser, daughter of Mrs. Nell Reeser, was born March 29, 1957, in Tahoka, Texas. She has attended school in Tahoka all her life. She has been a member of FFA and a teacher. She has also been a member of pep squad. After graduation she plans to attend Commercial College.

TOPS!

You're the best, class of '75
We tip our hat to you this graduation day.

FARMERS COOP ASSN. NO. 1

Herbicide Application Requires Precautions

STIN--North Texas and ranchers have begun to apply 2,4-D and other hormone-type herbicides this spring with special care because of the danger to certain hormone-type crops. These are essential to the production of some crops.

Agriculture Commissioner John C. White said, "But broad-leaf plants such as cotton are highly sensitive to herbicides. In addition, more people are growing home gardens. Vegetables can be damaged or killed by herbicides."

White also mentioned that some of the herbicides are being grown for commercial production and can be harmed by herbicides.

In Texas, 85 counties are regulated in the use of herbicides and permits are required to use them.

"If a farmer is in doubt about the regulated status of his fields, he can check with local herbicide dealers or with the nearest Texas Department of Agriculture (TDA) office," White said.

TDA herbicide specialists recommend spray pressure of 20-30 pounds be used. Proper pressure for ground rigs is one of the best ways to assure safe application.

Spraying is best done when winds are from 0-3 m.p.h. and temperatures are less than 90 degrees. Applications should cease when winds reach 10 m.p.h. and/or temperatures exceed 90 degrees.

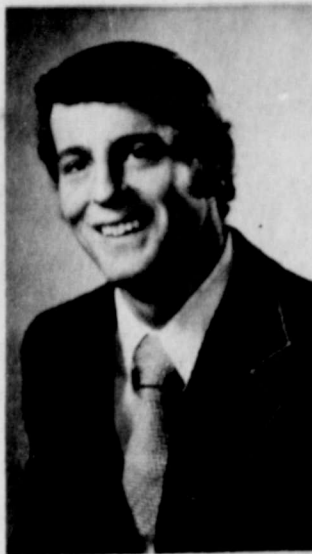

Tahoka Senior Biographies

DELIA ANN CALVILLO
Delia Ann Calvillo is the daughter of Mr. and Mrs. Juan Calvillo. She was born June 1, 1956. She attended Tahoka Public Schools her 12 years of schooling. She has been attending Jessie Lee's Hair Design Institute through the vocational training program. Delia will have finished requirements for graduation in June, 1975, and after taking her state board exams, will be working as a professional hair stylist.

TONY BOTKIN
Tony Botkin was born in Tahoka, Texas on November 4, 1956. Then moved to Dimmitt and stayed about two years, and then moved back to Tahoka. He has lived here the remainder of his life. Tony has participated in football, and the weight program. He is presently the president of the Tahoka FFA chapter. He has participated four years in FFA. This year he is in Coop Ag. and works for his father. Tony is the son of Mr. and Mrs. Finis Botkin.

RANDY STRICKLAND
Randy Strickland, son of Mr. and Mrs. Horace Strickland was born September 5, 1956, in Levelland, Texas. He has attended Tahoka Public Schools all his life. During his high school years Randy has participated as parliamentarian his freshman year for his class, basketball 1,2,3, Ag - 1,2,3; Speech Club 4; T-Club 3,4; Junior and Senior Plays; Football 1,2,3, and 4. He was also nominated Most Handsome in his senior class. This year he was elected Most Friendly and Class Favorite. After school he plans to enter the Air Force.

SHERRI BROOKS
Sherri Sawm Brooks the daughter of Mr. and Mrs. Joe Brooks was born June 30, 1957. Sherri has attended school in Tahoka all her life. At Tahoka High School she has been involved in FHA all four years, an officer the last two years, and received the Betty Crocker Award this year. Sherri has been a member of the T.H.S. Band all four years and twirler the last two years. During the current year Sherri was voted Band Sweetheart.

She is also a member of Distributive Education and is currently employed by Dr. Richard F. Wright.

Sherri's future plans are to attend Texas Tech beginning this summer and to major in Special Education.

GLENN CHANDLER
Glenn Chander was born in Hobbs, New Mexico on July 3, 1957. He has attended school in Dallas and Graham, Texas.

He has lived here since the seventh grade. He has participated in football in Junior High and High School. His junior year in tennis and this year in golf. He was in FFA for three years. Glenn is planning to attend Angelo State University and major in P.E.

Pedro Honesto Helps Nationals

Marine Private Pedro Honesto, son of Mr. and Mrs. Cecilio Honesto of O'Donnell, Texas, has helped provide security and assistance to U.S. citizens and foreign nationals evacuated from the South Vietnamese capital of Saigon.

He is embarked on a Western Pacific deployment with the 2d Battalion, 4th Marine Regiment, and supporting units which were dispatched to aid the evacuation.

Outdoors in Texas

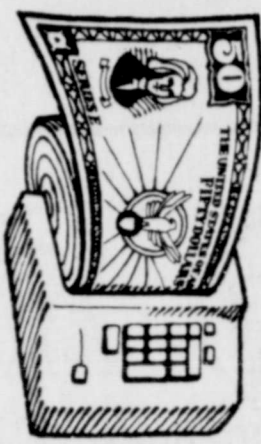

Hunters in Texas, and everywhere else, are under the greatest pressure ever. Misguided animal lovers (and I am one of them--animal lover, not mis-guided) are heaping abuse on hunters, and the criticism is getting hotter and heavier. Let's set the record straight. Hunters are among the leading conservationists. Hunters have given 2.3 billion dollars of hard earned money to game and fish management over the past 50 years. Did you know that James Audubon, the famous birdwatcher, was an avid hunter and wild game was one of his favorite foods? A group of hunters founded the African Safari Club, providing funds to train game wardens. Texans will spend millions this year for the right to hunt and fish. So let's give the sportsman a pat on the back. In Texas they foot the bill for their hobby, and give ecology a shot in the arm.

Tip Of The Week: Having trouble hitting birds? Try shooting with both eyes open. The main eye will do the aiming, but the other eye will locate the target quicker.

Little Girl
Little girl, if you are old enough to take The Pill, if you know what life's all about, then it's time for you to start having a Pap test regularly for cancer of the uterine cervix. It's the best way to safeguard against this form of cancer, says the American Cancer Society.

A SHORT REPORT

By REPRESENTATIVE E. L. SHORT

State Bar of Texas Ruled--lawyers who are mayors or members of city councils must use their independent professional judgement to prevent conflicts of interest from arising between their professional and civic responsibilities.

Bill that provides for a 1-year warranty on all mobile homes as to any defect that may be found and is caused either by manufacturer, dealer or individual who set up the home.

H. B. 1540 - would make it a misdemeanor to mislabel honey.

New Law - free college courses for oldsters - prevention of firing an employee because of jury duty.

H. B. 1743 - requires beef wholesalers to pay producers within 24 hours after sale. House final action.

The House has had a total of 2215 bills filed so far this Session.

Passed House - bill to overhaul the state's voter registration laws and require registration of party affiliation - 102 - 30.

H. B. 83 - to give privilege to communications with a clergyman - drew an amendment that this be extended to conversations with a barber or beautician.

State of Texas paid last year in rent \$4,693,843.47 for 1,309,060 square footage 57 cents per sq' ft. - for buildings being used by the State of Tex. (all privately owned - this was in Austin only).

Passed House - bill designed to overhaul the property tax system in the state by providing for single, countywide appraisals of taxable property market value - 105 - 34.

Highlights of new constitution - A \$3,000 property tax exemption for persons 65 and older would be mandatory - Prohibitions against sales taxes on food, feed, seed, prescription medicine

Tahoka Senior Biographies

TERRI ATEN
Terri Aten is the daughter of Mr. and Mrs. James Aten of Grassland, Texas. She was born in Lubbock, Texas, October 25, 1956. Terri has been a member of the high school band for three years, and participated in D.E. as a senior. Her plans are undecided for the future.

VICTOR GARCIA
Victor Garcia, Jr., son of Mr. and Mrs. Victor Garcia was born in Hereford, Texas on August 9, 1955. Victor was an FFA member for three years and participated in some worthwhile school activities. After graduation he plans to attend college after a few years vacation.

WAYMOUTH ROBERTS
Waymouth was born in Lubbock on April 10, 1956. Waymouth has lived in Tahoka and went to school there all of his life. Waymouth has been an active member in FFA his junior year, library club, his senior year, and DECA his senior year. His plans for the future are to work. His parents are Mr. and Mrs. C.W. Roberts.

RICHARD LOPEZ
Richard Lopez lives with his grandparents, Mr. and Mrs. Augustine Montemayor Sr. He was born in O'Donnell on October 26, 1956. Richard has participated in football, basketball, track and "T" Club. He was chosen Most School Spirit. Richard is planning on attending Texas Tech. He is undecided on his major.

DAVID BROOKSHIRE
David Brookshire was born in Lubbock in February 14, 1957. He moved to Tahoka when he was two years old. He has attended school here all his life. He has participated in football, basketball, track, golf, Co-op Ag. He is the son of Mr. and Mrs. James Brookshire. His future plans are to attend Texas Tech in the fall.

FARLA GERNER
Farla Gerner was born July 10, 1957, in Post, Texas. She is the daughter of Mr. and Mrs. Rufus Gerner. Before moving to Tahoka in 1973, she attended school at Post and Spur. She is a member of St. Pauls Lutheran Church, Wilson. Her high school activities include Spur annual staff, band three years, FHA three years, NHS three years, FTA two years, DECA one year, Junior Play cast, the American History Award, and she has been named an honor graduate. She is employed at the House of Flowers through the Distributive Education program.
In the fall she will attend West Texas State University where she will major in business.

JACK SCOTT
Jack Scott, born May 13, 1957, is the son of Mr. and Mrs. J. L. Scott of Rt. 2, Tahoka. He has lived in Tahoka all his life, and while in school, was involved in F.F.A. In his senior year he took Co-op Ag and was employed by Taylor Tractor and Equipment Company Inc.

DANA REES
Dana Rees, daughter of Mrs. Nell Rees, March 29, 1957, is a senior in Tahoka. She has been a member of FFA and a teacher. She has also been a member of pep squad. After graduation she plans to attend Commercial College.

TOPS!

You're the best, class of '75. We tip our hat to you this graduation day.

FARMERS COOP ASSN. NO. 1

Herbicide Application Requires Precautions

STIN--North Texas and ranchers have urged to apply 2,4-D and other hormone-type herbicides this spring with special care because of the danger to certain hormone-type plants are essential to the production of some crops.

Agriculture Commissioner John C. White said, "But broad-leaf plants such as cotton are highly susceptible to herbicides. In addition, more people are growing home gardens. Vegetables can be damaged or killed by herbicides."

White also mentioned that thousands of acres of cotton are being grown for commercial production and can be harmed by these chemicals.

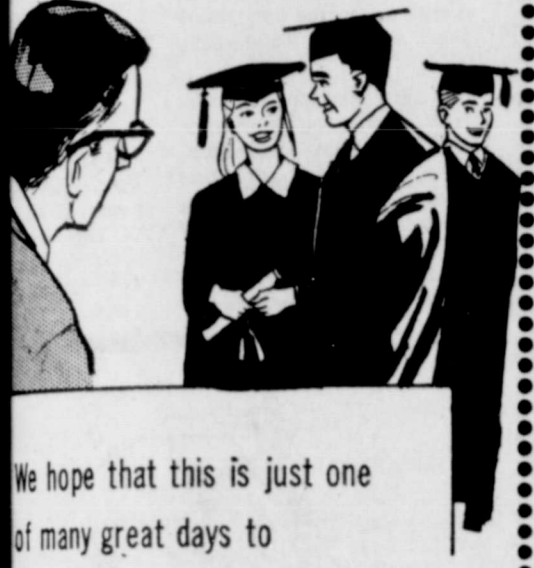

In Texas, 85 counties are regulated in the use of herbicides and permits are required to use them.

"If a farmer is in doubt about the regulated status of his fields, he can check with local herbicide dealers or with the nearest Texas Department of Agriculture (TDA) office," White said.

TDA herbicide specialists recommend spray pressure of 20-30 pounds be used. Proper pressure for ground rigs is one of the best ways to assure safe application.

Spraying is best done when winds are from 0-3 m.p.h. and temperatures are less than 90 degrees. Applications should cease when winds reach 10 m.p.h. and/or temperatures exceed 90 degrees.

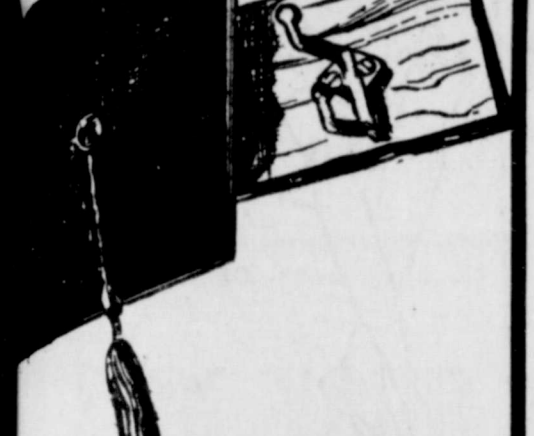

A GREAT DAY!

We hope that this is just one of many great days to come your way.

You're Swell, SENIORS!

Federal Land Bank Assn. of Tahoka

Thursday, May 13

Carolyn Hale Says...

May is Senior Citizens Month -- a good time to review just what an older person's nutritional needs are.

One problem is that their food intake has declined at a time when nutrient needs remain about the same as during middle adulthood.

Basic nutritional needs for senior citizens include:

- 2 servings (1 cup each) skim or lowfat milk;
- 4 servings (1/2 cup each) fruit and vegetables including 1 dark and 1 citrus fruit, tomato; and
- 4 servings cereals.

Seniors should member to drink liquids at least 8 a day.

By following this older people need supplemental vitamins, minerals because packed right in

Nursing Home News

Evelyn Russell
Administrator

Oh, the beautiful sun is shining and the wonderful rain makes everything shine. Our roses are beginning to bloom and our red running rose needs a grame so it won't block the sidewalk, Jim Tomlinson says the garden is really growing and we had a very Happy Mother's Day. Several residents went out for the day.

Reno Riddle and son Dewey and family spent the weekend with Charlene and family at their ranch at Mary Neal - she reported a nice week end. The House of Flowers sent each lady a corsage, Thank You!

Mrs. Russell gave us each a Mother's Day Card we will cherish them as she will be leaving us for a nursing home closer to her family.

THERE ARE ALWAYS PIONEERS

The pages of our history are thronged by Pioneers. Their vision and determination won countless triumphs in every field. Of such is the spirit of our new Seniors! With pride in their achievements, with confidence in their abilities, we salute The Seniors... the Pioneers of Tomorrow.

"They conquer oceans... measure the span of continents. They carve new nations from wilderness."

LYNTEGAR ELECTRIC COOPERATIVE

Leasa Huffaker Is Honored

Mrs. Elmer Owens and Mrs. Harold Green hosted a luncheon honoring Leasa Huffaker, graduating senior Saturday, May 3rd, in the Owens home. Miss Vicky Owens and Miss Laura Green assisted the hostesses.

Seven girls attended along with special guests Mrs. Maurice Huffaker, mother of honoree, grandmother, Mrs. N.C. Huffaker, Sr., Mrs. Jim Wells, Mrs. Mike Huffaker and Mrs. Hugh B. Daniel and Dawn from Lockney.

Thursday, May 1

Place favors of graduates created by Owens were presented to guest. Center stage out the month's graduates placed wood.

Jana Adams, Janberry, Betty Carl Park, Lisa Albre Fowlkes, and Delia Hams attended.

The hostesses of the honoree a day

Grads...

Just a Moment!

Sure, we know you're busy and as graduation day arrives. You've got a lot of things on your mind, and a thousand things to do, time is short and naturally you want to crowd all the joy and happiness possible into this great occasion.

We realize all that and we're happy for you.

WE HAVE ARRANGED TO PHOTOGRAPH YOU IN BEAUTIFUL NATURAL CO. WE HAVE SEVERAL PACKAGE DEALS WHICH WILL AMAZE YOU WITH THEIR LOW COST.

C. EDMUND FINNEY
PHOTOGRAPHER OF BEAUTIFUL PEOPLE

unlocking a great future...

Commencement is but the first step toward a full and challenging life for the Seniors. With their past record of success, we confidently predict they'll set an enviable mark for those who follow them.

Best Wishes to The Seniors
TAHOKA FOOD MART

call it smug if you want to...
We just call it extra pride... in the new Seniors!

Tahoka Senior Biographies

TERRI SUE HARRELL
Terri Sue Harrell was born in Plainview, Texas, on August 3, 1956. She went to school in Plainview her first five years. In sixth grade she went to Ft. Worth. In the seventh, eighth, and ninth, Terri attended Lubbock schools. Her senior year was spent in Tahoka where she began her FFA. Terri, then transferred to Grapevine, Texas, where she attended her senior year. She was a FFA recorder and was Most Friendly, and Sweetheart. Terri graduated her senior and final year of high school in G.H.S. as FFA President, All State twirler, H.E.C.E. member, and an H.E.C.E. member of Gibsons. To end her senior year Terri will graduate from Tahoka High School.

BRENDA WILSON
Brenda Wilson is the daughter of Mr. and Mrs. Elmer Wilson. Brenda was born May 27, 1957 in Hearne, Texas. Moving to New Home in 1960 where she attended school for six years and then in 1968 moving to Tahoka. As a freshman she was active in FFA, band and a junior high teachers aide. During her sophomore year she was a FFA member, band member, and a high school library assistant. In her junior year she was FFA chapter treasurer, band member and library assistant. During his senior year she was FFA Chapter Treasurer, Vice President of the Library Club, high school teachers aide and a band member. Brenda's plans are undecided.

ELMER WILSON
Elmer Wilson, son of Mr. and Mrs. Elmer Wilson was born January 17, 1956 in Hearne, Texas, moving to New Home in 1960 where he attended school for six years. In 1968 he moved to Tahoka. During his freshman year he was active in basketball, track, and FFA, during his sophomore year he was active in FFA. In his junior year he was active in FFA, basketball, track and speech; and in his senior year he was active in DECA and FFA. His plans are undecided.

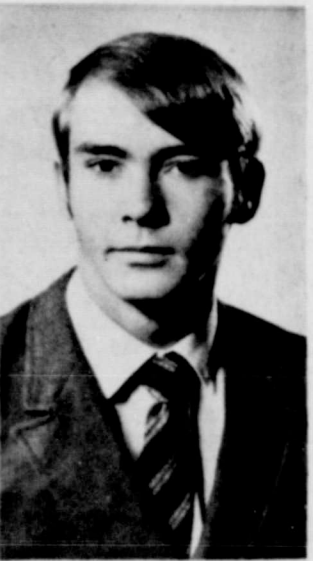

LEASA HUFFAKER
Leasa Huffaker, daughter of Mr. and Mrs. Maurcie J. Huffaker, was born October 3, 1956. She has been enrolled in Tahoka schools since 1963, when she began the first grade. As a freshman, Leasa was a Junior Varsity cheerleader and has been on the Varsity Cheerleading Squad since her sophomore year. As a senior, Leasa served as head cheerleader. She has been active in FFA holding the offices of historian and second vice president. As a sophomore, Leasa was named Most Beautiful and was a candidate for football and basketball queen. Since her junior year Leasa has played basketball and was on the varsity team her junior and senior years. Leasa has been a member of the annual staff for two years and is the Growl editor this year. She was also named to Who's Who her junior and senior years. Leasa Huffaker plans to attend McMurray College in Abilene this fall majoring in elementary education.

CINDY PARK
Cindy Park is the daughter of Mr. and Mrs. Natt Park, she was born in Lubbock, July 18, 1957. All twelve years of her schooling have been in the Tahoka school system. While in high school her activities have been: FFA member and chapter officer, class officer three years serving as Senior Class President. She has been active in both the junior and senior plays, band, junior high office assistant, teacher aide and this year was voted Most Dependable. Also for the past two years she has been in the Distributive Education program employed at White Funeral Home. She served the DECA Chapter as an officer for two years this year serving as President. For the past six years she has been active in the Order of Rainbow for Girls. Cindy plans to attend summer school at Texas Tech then in the fall she is planning to begin nursing school.

BETTY CURRY
Betty Curry, daughter of Mr. and Mrs. Albert Curry, was born August 28, 1957, in Lubbock, Texas. She has been enrolled in Tahoka Public Schools since the first grade. During her four years of high school, Betty has been active in athletics, lettering her junior and senior years in basketball and receiving Honorable Mention All-District Guard her senior year. She has also participated in varsity girls track this year. Betty has also been active in FFA holding the chapter offices of fourth vice president, third vice president and president. She was also Area II second vice president her junior year. Her freshman and sophomore year she was a member of the THS band. Both her junior and senior years Betty was elected Most Likely to Succeed. She has been elected to Who's Who at THS both her junior and senior years and her junior year was elected to Who's Who Among American High School Students. Betty has been a member of the Kennel and the Growl staff the past two years and is presently serving as editor of the 1975 Kennel. Recently, Betty has been named Valedictorian of the 1975 senior class and Best All Around Girl. Betty plans to attend Texas Tech University in the fall and major in Medical Technology.

KIRBY SHEARER
Kirby Shearer is the son of Mr. and Mrs. C.R. Shearer. He was born August 25, 1957, in Alamogordo, New Mexico, and he is now 17 years old. He moved to Tahoka in 1963, where he started the first grade and has remained in the Tahoka school until graduation. Kirby was a member of athletics team as team manager, member of Spanish Club, and Speech Club. A member of DECA for two years, serving as an officer both years. Kirby is interested in communications, and after graduation he plans to learn more about communications.

Softball News

The Law is off to a fast start allowing only seven runs a game while scoring 22 runs per contest. Clyde Curry and Ricky Gandy are the starting two pitchers with two wins each and no losses. Jeff Atwell leads the team with seven home runs; Charlie Holland, six; Larry Fraughton, five; David Birdsong, three; Mike Davis and Eddy Clinton two each.

Make It A Habit
Once a month, during a bath or shower, every woman should begin a quick breast self-examination. The American Cancer Society has a leaflet of instructions about this simple, but lifesaving procedure.

NEW HOME SENIORS

Billie White's Father Dies

Services for Clinton D. Reed, 74, of Snyder were held at 2:30 p.m. Sunday at Bell Seale Funeral Home Chapel.

Graveside services were held at 5:30 p.m. at Englewood Cemetery at Slaton with Beel Seale Funeral Home handling the arrangements.

Elvis Bairrington of Midland's Primitive Baptist Church and Albert Rainwater of Snyder officiated.

Born in Hill County, Reed had been a Snyder resident since 1972. Before moving to Snyder he had lived at Alpine 20 years. He married the former Bernice Mariner February 21, 1926 at Post. He was employed by the Santa Fe Railroad for 45 years. Survivors include his wife, six daughters, Mrs. Doris

Barnes and Mrs. Clynce Baker, both of Midland, Mrs. Verna Ingle of Sudan, Mrs. Billie White of Tahoka, Mrs. Bobbie Combest of Snyder and Mrs. Linda Hitchcock of Norwalk, Connecticut; three sisters, Mrs. Gladys Gayden of Riverside, Calif. and Mrs. Dorothy Hill of Lubbock; five brothers, Virgil of Littlefield, J. O. of Orange, Calif., E.C. of Snyder, J.L. of Slaton and H.L. OF Clairemont; 17 grandchildren and one great grandchild.

Back Up The Future

The future of the battle against cancer depends on research. The American Cancer Society needs your contribution to help finance this crucial campaign.

JERRY OWEN

Jerry Earl Owen was born in Lubbock, Texas on May 15, 1937. His parents are Mr. and Mrs. Wes Owen. He has gone to school here in Tahoka all his life. He has been a member of FFA for two years, worked in the library one year and was a manager in football this past year. He plans on working this summer and attending Tech next fall.

KIM BYRD

Kim Byrd was born July 28, 1936 in Tahoka, Texas. He is the son of Mr. and Mrs. L.M. Byrd. In his elementary years he attended O'Donnell and Denver City schools. He came to Tahoka in the second grade.

In high school he was in band two years, DECA member two years, serving as an officer this year.

Kim plans to stay in Tahoka and work at Wharton Motor Co. where he is going to train to be a mechanic.

Some serious talk about West Texas gas

By K. B. "Tex" Watson, Pioneer president

Living in the middle of an area known for its abundant gas deposits, it's hard to imagine West Texans threatened by a shortage of natural gas. However, there is the possibility that governmental regulations could create a shortage here. If we are not vigilant, we could see much of our gas supply allocated to other areas. Or we could see price controls make it impractical for producers to drill additional wells in this area. What can the average citizen do to prevent that from happening? I would suggest that he be aware of the problem and support Pioneer's efforts to maintain our gas reserves.

20-1tc

PUBLIC NOTICES
BECAUSE THE PEOPLE MUST KNOW

NOTICE TO BIDDERS: Sealed proposals addressed to the Honorable Mayor and City Council of Tahoka, Texas will be received at the office of the City Secretary in Tahoka, Texas until 2:00 p.m., C.D.T., June 3, 1975 for furnishing all necessary materials, machinery, equipment, superintendence and labor for placing a seal coat, consisting of one application of asphalt covered with aggregate, on approximately 32 blocks of street pavement. The estimated quantities are: 16,900 gallons of asphalt and 410 cubic yards of aggregate.

Bidders shall submit their bid on forms attached to the specifications and must submit therewith a Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without the recourse to the city of Tahoka, Texas in an amount not less than five percent (5) of the largest possible bid submitted on the Project as a guarantee that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within fifteen days (15) days after notice of award or contract to him.

The successful Bidder must furnish bonds on the forms attached to the Specifications in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or Unbalanced) unit prices will authorize the Owner to reject the bid.

Bidders are expected to

inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment prevailing wage established by the Owner. There must be paid on this project not less than the following prevailing wage rates: Mechanix, Workman,

or Type of Labor: Skilled - General Prevailing per diem wage based on 8 hour working day: \$24.00 to 44.00 - General Prevailing Hourly Wage: \$3.00 to 5.50; Semi-Skilled - \$20.00 to 26.00; 2.50 to 3.25; Unskilled: 18.00 to 22.00 - 2.25 - 2.75.

(Detailed Labor Classifications and corresponding wage rates are set out in the Specifications.)

Information for bidders, proposal forms, specifications and plans are on file at the office of the City Secretary, Tahoka, Texas and copies can be secured at the office of the Consulting Engineer, A. C. Bowden, 1716 Avenue M, Lubbock, Texas, upon deposit of \$10.00 as a guarantee of the safe return the plans and specifications. The full amount of the deposit will be returned to the Bidder on submission of a bondable bid on the work, with such plans and specifications, or upon returning the plans and specifications immediately after examination of same but before the time of receiving bids and advising the Engineer that a bid will not be submitted, otherwise, the deposit shall be forfeited. Suppliers may secure copies of the plans and specifications as outlined above but will be given five (5) days after bids have been received to return said documents to the Engineer's office before the deposit shall be forfeited. No obligation is assumed to return the deposit under other conditions.
