Large Crowd At Pioneer Reunion

ty Old Settlers and their families registered Saturday for the annual Old Settelers reunion. The group got in some "Good old times" reminiscing and visiting before the pit barbeque lunch was served at noon.

Clint Walker was master of ceremonies for the program following the lunch. Boswell Edwards led the invocation.

Prizes were awarded for the oldest man and woman in attendance who had not previously won the ward. Receiving the oldest woman award was Mrs. H. W. Edwards, Sr. 88, of Tahoka; L. G. (Babe) Howell, 84. of Seminole received the oldest man award. Bill Waldrip received the ward for traveling the farthest distance to the reunion. He is from Cornwall Heights, Pa. a distance of 2300 miles.

The House of Flowers won the first place award for the business window decoration contest. The Fabric Place won second place and Whitaker won third.

Mrs. W. H. May, Lubbock at 98 was elected the oldest pioneer present.

Tahoka's Boy Scout Troop 271 posted the colors. Girl Scout Troop 396 sang a medley of songs, directed by Sandra Brown.

Frank Hill was speaker for the event. Mr. Hill came to Lynn County in 1924 and is the former eidtor and publisher of the Lynn County News. He outlined the his tory of Lynn County from the Spanish Explorers in the 1600's to the first ranches in the county in the 1800's to 1900 and organization of the county. He told of the establishment of many of the first businesses in the coun-

The program closed with a silent prayer for pioneers who have passed away during the past year.

The new president of the Old Settlers committee is Billy Tomlinson, vice president is Robert Edwards and secretary - treaurer is Jolene Tomlinson.

Free plates of barbeque were carried to Colonial Nursing Home for the residents and employees of the home. "Satch" Grogan provided transportation for the residents of the home who wished to attend the reunion.

The Rainbow Girls under direction of Pat Park assisted with the serving.

The Old Settlers Planning Committee would like to thank everyone who contributed to the fund drive to help make the reunion a big success. They would like to also thank all the committees for their hard work.

Rotarians Will Install Officers

Tahoka Rotary Club will install new officers for the year beginning on July 1 at a meeting, attended by members, wives on the back lawn of the Gerald Huffaker home, 1922 N. 6th, this Thursday night at 8 p.m.

Incoming District Governor Ralph McLaughlin of Big Spring will install the new officers. Okficers for the coming

year are: Dayton Parker, president succeeding Dr. David Midkiff; Gerald Huffaker, vice president, Robert Abbe, secretary, and George Mc-Cracken, treasurer, both reelected: and Rev. Frank Ogelsby and Horace Rogers, new directors succeeding Clifton Clark and David Sprayberry. Holdover directors are Cap Wharton and Billy Davis.

The Huffakers will prepare the meal but the wives of the Rotarians are asked to bring a salad or desert.

Miss Lisa Atwell, whose damily recently moved to Brownfield, has been the club sweetheart the past year.

Henderson's Open Thursday

Jim and Erlene Henderson opened their department store Thursday morning in the old Anthony's Building. They chose Tahoka because it was a very friendly city on the incline and would like to invite the people of Lynn County and surrounding counties to come in and get acquainted and look over their merchadise. They have new merchandise arriving daily.

Mr. and Mrs. Henderson have been in the department store 11 years in Hereford and Throckmorton. They have two children, Jay of Plainview and Susie Short of Hereford.

Lawyer Tells Of Fishing Trip

John Vickers, Lubbock attorney, told Rotarians at last Thursdays meeting of a fishing trip that he and his wife amde a few months ago to Colombia, South America, in some lakes near the headquaretrs of the mighty Ama-

zon River. With a party of Americans they flew to Bo gata, Colombia an ancient city with a population of 3 to 4 million today nestled on a plane in the Andes mountains at 8, 500 altitude. From there, they flew 400 miles east to a fishing resort in the rain forests besides some lake made by changing course of the river. At this point, the altitude was only 800 feet. but this was 3,000 miles

water empties into the ocean from the Amazon. They fished for and caught peacock bass, a fantastic rare fish that grows up to 18 pounds which bilologist are trying to introduce into some of the South Texas

FOREIGN LIVESTOCK AND MEAT TRADE:

Printed on pages 142, 143, and 144 are two tables revealing what was wxported and imported. These figures attempt to reveal the actual product weight moving in and out of the United States. The general picture is reduced exports and increased imports.

A large part of the U.S. meat imports comes from Australia. Australia reports that the average weight of cattle slaughtered in 1974 was 211 kilograms or 465 pounds (carcass weight). Calves slaughtered in 1974 average carcass weight was 37 kilograms or 81.6 pounds. CAMPAIGN SPENDING RE-

The designer of the Russian tractor noted that the average tractor was driven only 500 hours a year in the United States while the Belarus tractors were driven about 1,400 hours per year in the Soviet Union because "Our tractor is widely used as transportation."

Workers who earn the equivalent of about \$228.00 a month were not paid extra bonuses for working on production for export, as is common in some other So-

The tariff schedule is divided into two columns: (a) column one and (b) column two. The column two rate is the rate established by law, often referred to as the full rate. The rate listed in column one is the negociated rate, usually much less than the column two rate. In the case

A CUBA IN U.S.? One of the most shocking statements reported in connection with a tour of Cuba by a group of Zavala County epople was that the leader of the group wanted to establish a "little Cuba" in Zavala County. Articles from the ZAVALA COUNTY SENTINEL, the local news-

paper, reveal some interesting facts from time to time with regard to the background and history of the present leader. Although he faithfully talks about the benefits of sociaism, he uses the capitalist prosperity for himself and his community. For example, he drives a large car, and owns a beer distributing franchise which thrives on profits. He was educated in schools supported by capitalist profits and all of the improvements in his community today are financed by either, county, state or national taxes collected out of a profit system. Many Americans read statements by those who support socialism and think they are completely out of their minds. This is not the case. America can be ssured that leaders of socialist movements know exactly where they are, where they came

There is not a single supporter of communism of socialism in today's world that does not readily admit that capitalism is one of the stations on the road to socialism and that socialism is one of the station on the road to communism. The whole idea of the communist movement is to create a new society in which, when it is fully developed, everyone will have everything needed a Utopian civilization. None of the sup rters of communism or socialism belive that the Utopian civilization is possible until the entire

from, and where they are

world is converted to socialsism.

Socialism is defined by von Mises as follows: "All the means of production are in the exclusive control of the organized community.

This, and this alone, is socialism. All other definitions are misleading." In order to explain, why a person born in America enjoying the fruits of the American system is seeking socialism it is necessary to think as a socialist. The socialist mind thinks in terms of his being the leader. Then he owns all the production, services, and people. When the "little Cuba" is developed in Zavala County, if ever, the present leadership expects to be in charge of all .. he thinks. Under these conditions he will own all production, services and citizens. People will be rewarded out of the poverty according to their willingness and ability to cooperate, as judged by the

For a practical example, those writing about the situation in Zavala County claim that the political party in power, Raza Unida, won the elections fair and square. This is not so. A casual visit to the county will reveal that at least some of the people who support and vote for party cadidate do so because of fear. This is not a

victory for socialism, it is a defeat for Americanism. The American Constitution guarantees a person the right to vote without fear of reprisal. When most of the community goods and services are distributed on the basis of handouts and aids, there can be no vote in the

true American sense. All freedom is based on economic freedom and unless a citizen can be guaranteed economic freedom by his government, he cannot vote freely. George Santayna wrapped the ntire issue into a very near package with the following words: "The man whos is not permitted to

They wore black tuxedos with Have you ever thought about what you would do if your freezer stopped running? If your freezer does stop running or the electricity goes off for sometime, you can take special preacutions to keep your food from spoiling.

Follow one of these rules suggested by the U.S. Department of Agriculture, and you stand a good chance of preserving your food:

"Keep the freezer closed. Open it only to take food out for transport or to add dry ice. Try to determine how long the current will be off, and long the food will keep. The length of time the food will stay frozen depends on: .. The amount of food in the

freezer. A full freezer will not warm up as fast as a freezer. Afull freezer will stay cold many hours longer than a freezer only a wuarter full.

. The kind of food. A freezer full of meat will not warm up as fast as a freezer full of baked food.

.. The temperature of the food. The colder the food. the longer it will stay fro-

. The freezer itself. A well insulated freezer will keep food frozen much longer than one with little insulation. .. Size of freezer. The larger the freezer the longer the food will stay frozen.

"If you have a locker plant in your area, make advance arragements to take care of food during an emergency. When transporting food to the plant, wtap it in plenty of newspaper and blankets, or use insulated boxes. Then rush the food to the locaker plant.

"Your next best alternative is to add dry ice to the freezer to try to retain the cold. The more dry ice you use, the longer your food will remain frozen. Invest

to eat if it starts to spoil. Get rid of the food if the color or odor os the thwed food is questionable.

Remember, be prepared for when your home freezer stops running. Don't let a power blackout wipeout your frozen foods.

loped yoke effect beneath a high neckline. A wide band of the Chantilly lace was at the bottom of the A-line skirt.

The fingertip veil, edged in Chantilly lace, was attached to a headpiece of Chantilly lace petals trimmed with seed pearls. The bride carried a cascade bouquet of feathered white carnations surrounding yellow roses.

Holding to tradition, the bride wore something old, a ring belonging to the bridegroom's mother; new, her veil; borrowed, the wedding gown belonging to her sister, Mrs. Don Parsons; blue, a garter; and her father placed a penny, minted in the year of her birth, in her slipper for luck.

Mrs. Parsons and Traci Barham served their sister as matron of honor and junior bridesmaid. They wore Aline gowns of pale yellow trimmed in green. Each carried a nosegay of yellow feathered carnations.

Parsons was best man and William Radcliff of Houston, nephew of the bridegroom. was junior groomsman. Charlie Barham, brother of the bride, handled the seating of guests.

Following the wedding, a reception was held in the home. Focal point of the refreshment table was a threetiered wedding cake topped with white lace bells. The bride's bouquet was featured as a centerpiece. Silver and crystal appointments complemented the lace cloth.

Members of the house party were Mrs. Bill Rozean, Mrs. Robert Rinehart, Adria Chaffin, Shelly Hughes and Lori Radcliff.

When Mr. and Mrs. Smith left for a wedding trip to Toledo Bend, the bride was wearing a beige pant suit with brown accessories and an orchid corsage.

The bride is a graduate of Brownfield High and South Plains College of Levelland, and also attended the University of Texas System School of Nursing at Galveston. She has been working at Brownfield General Hospital, but will be continuing her training at the UTSSN at

Her bridegroom graduated from high school in Lucedale and attended college in Mississippi before taking a job in Houston where they will make their home.
