## Exchange Students Visit Tahoka

### Lion's Sponsor Students

Tahoka became an International city last week end as members of the Tahoka Lions Club hosted 12 visiting youth from 10 foreign countries.

The students were from the Lions Club Julian C. Hyer camp near Sherman and were on their way to Colorado for a two week visit. They arrived in Tahoka Friday night and departed on Monday morning. They were 12 of a group of 33 from all over the world.

A number of activities involved the youth ranging from a softball game, to tennis and cookouts. Swimming was also a favorite.

The foreign visitors were Javier Flores, Mexico; Wendy Masemann, New Zealand; Sissi Tomandi, Austria; Thierry Guichard, Ivory Coast; Jeroen Smit, Netherlands; Sverre Norgren, and Arnfinn Skare, Norway; Aviv Bader, Israel; Giovanni Scarpa and Ermino Righini, Italy; Christopher Piel, Ger-

many and Kiroyuki Umamoto Japan.

Participating Lions were highly impressed by the youngsters all of whom were gracious visitors, eager to share their host families home life.

Lions hosting families were: Mr. and Mrs. Wendell Patterson, Mr. and Mrs. Gale Hartman, Mr. and Mrs. Wayne Huffaker, Mr. and Mrs. H. G. Franklin, Mr. and Mrs. Ed Redwine, and Mr. and Mrs. Charles Kuntz.

### Tahoka Schools Will Cost More

Although the Tahoka Schools will be receiving more State funds this coming year, the district will have to raise more funds locally through ad valorem taxes, new Superintendent Edwin Roberson told Rotarians at the club meetin last Thursday noon.

This is a result of the new Minimum Foundation Program passed by the Texas Legislature at its recent session. The bill goes even further than in the past in dictating the kind of program each Texas school may have, and further centralizes power in the State Department of Education.

Mr. Roberson foresees this the first step in shifting more responsibility for school financing to individual districts which means many districts will have to raise more tax money in the future.

Although not able to give exact figures due to the fact that detailed guidelines have not yet been received, he was of the opinion Tahoka district may have to raise its tax rate from \$1.24 per \$100.00 valuation to about \$1.40.

Under the new school financing plan, other Lynn county school districts will fare a bit better than will Tahoka, the local school coming under the 1,000 minimum average daily attendance class.

Mr. Roberson, who came here as the new superintendent on May 1, has with the board, been making a detailed study of the new financing plan and what it will mean to Tahoka.

He comes here from Baytown, a Class AAA school near Houston, where he has been high school principal.

He recently completed work for his Ph. D degree in school administration. He started in the teaching profession in 1959, in Jasper, here he was also head coach, moved to Dayton in a similar position, then served successively as principal at Cleveland, Center, Nacogdoches, and Bay City.

V. F. Jones was in charge of the program and introduced the speaker.

Prior to the program, Warren Embree gave the charge to New Rotary Club members Edwin Roberson and Ben Gwin, new local manager of Pioneer Natural Gas.

Miss Beverly Harvick, daughter of Mr. and Mrs. "Dub" Harvick, is the new club sweetheart.

STORY TIME - Shown above are Mrs. Eloise Mendoza and a group of children attending the Tahoka Summer School Program this summer. Mrs. Mendoza is reading the group a story.

TRIP HOME - Pictured above are students at the Tahoka School awaiting their bus trip home after attending a summer program at the school. These children attend classes from 8:00 a.m. to 1:00 p.m.

EXCHANGE STUDENTS - Top row - Javier Flores, Wendy Masemann, New Zealand; Sissi Tomandi, Netherlands; Thierry Guichard, Ivory Coast; Jeroen Smit, Netherlands; Sverre Norgren, Norway; Aviv Bader, Israel; Giovanni Scarpa, Italy. ### Area 4 Little League Tourney

The Area 4 Little League Tournament was played at the Tahoka Little League park on July 14 and 15.

The first game was Slaton v. O'Donnell, won by Slaton 6 to 3. The second game was Tahoka v. Post won by Post 6 to 0. Lance Dunn pitched a no hitter against Tahoka.

The second round was played Tuesday, July 15. The consolation game pitted Tahoka against O'Donnell, won by Tahoka 20 - 7. Tahoka

unleashed a 17 hit attack with J. Alvarado hitting a 3 run homer and T. White hitting a 2 run homer. Other hits for Tahoka were: M. Hudlin 1; V. Charro 1; K. McMillan 1; J. Jolly 2; R. Lusk 2; R. Vega 1; C. Terry 4; G. Williams 1; T. Henry 2; pitching for Tahoka: T. White and R. Stotts.

The championship game between Slaton and Post was won by Slaton 7 - 4. Slaton will represent Area 4 in the District Tournament in Lubbock on July 21 and 22.

### Lamesa Wins Babe Ruth Tournament

Lamesa defeated Post in two games Friday night to win the District Tournament.

The Lynn County team was defeated Monday night by Post, won Tuesday and then was defeated and eliminated from the tournament on Wednesday night by Brownfield.

The Lamesa team will go to the Babe Ruth State Tournament to be held in Lubbock this year starting July 21.

The Babe Ruth League would like to thank each person who worked in the Concession Stand, brought ice cream, sandwiches, etc. A special thanks goes to the Tahoka Merchants Softball Team for working at the gates and taking up money. This team represents Tahoka when they play out of town in tournaments.

If it was not for each person who helped, we could not have had the successful tournament that we had.

Thirteen year old Lynn County Babe Ruth is playing in Dever City Tournament. The defeated Post 11-7 Monday night. They played Lamesa Tuesday.

### Teachers Selected Outstanding Secondary Educators

The educators named below have been selected as Outstanding Secondary Educators of America for 1975. They were selected on the basis of their professional, personal and academic achievements.

Outstanding Secondary Educators of America is an annual awards program honoring distinguished men and women in the field of secondary education. Each year the complete biography and record of achievements of each outstanding educator is presented in the awards volume OUTSTANDING SECONDARY EDUCATORS OF AMERICA.

These educators are now in competition for one of the five national Outstanding Secondary Educators of the Year Awards. Each national winner will receive a \$500 unrestricted grant and award certificate commemorating their selection. Judging for the national honors will be done by the distinguished Board of Advisors who guide the program.

The men and women chosen for this high honor have explored new paths, developed new insights and effectively communicated their knowledge to their students and colleagues. They are exceptional teachers.

Guidelines for selection include an educator's talents in the classroom, contribu-

tions to research, administrative abilities, civic service, and professional recognition.

The Outstanding Secondary Educators for 1975 from your school are: Thalia J. Burks, Box 7, Tahoka, Texas 79393; Paula A. Jones, Box 1581, Tahoka, Texas 79373; Lennie M. Cox, Box 1392, Tahoka, Texas 79373; and Judi P. Larmer, 6129 36th, Lubbock, Texas 79407.

### McClendon To Preach Sunday

Phil McClendon, a student at Baylor University and a candidate for the United Methodist Ministry will be preaching the 11:00 service at the First Methodist Church, Tahoka on Sunday, July 20. Phil graduated from Tahoka High School and has since been attending Baylor where he is a member of the track team. He is currently acting as Youth Director for Tahoka.

Director for Tahoka's Methodist Church.

### Driver License Classes Begin

Driver License classes will be held July 21, 22, and 23 at 7:30 p.m. each evening at the Lynn County Community Action Center in Tahoka.

These classes are designed to help pass the drivers test. For more information call 998-5094.

## Summer Program At Tahoka

A program of special help for approximately 60 children in grades one through five has been operating in Tubb Elementary School from 8:00 a.m. to 1:00 p.m. each day since June 2 and will close on July 25th.

Money utilized in this eight weeks of instruction is from Title I of the Elementary and Secondary Education Act of the Federal Government and there is no cost to Tahoka Independent School District.

Teachers working are Mrs. Louise Wyatt, Mrs. Inez Jenkins and Mrs. Ann Gholson. Teacher aides are

Mrs. Linda Vasquez, Mrs. Gloria Perez, and Mrs. Eloise Mendoza. These people work with children individually and in small groups concentrating on Fundamentals, Audio Visual materials and activities are utilized to motivate children and keep them interested.

Three school buses are being used to insure that every child who is interested has transportation to and from school. Buses are utilized through the regular transportation program with Tahoka schools being reimbursed by Title I on a mileage basis.

## Roberson Selected To Attend Seminar

The Institute for Development of Educational Activities, Inc. (I D E A ), the educational affiliate of the Charles F. Kettering Foundation announced today that Mr. Edwin E. Roberson, superintendent of Tahoka Independent School District, has been chosen as one of five hundred outstanding American educators to participate in a national seminar this summer. The (I D E A) Fellows Institute are designed to give participants a thorough grounding in some of the new and emerging problems and practices affecting secondary education.

The theme for the 1975 Fellows Institute is EDUCATING FOR RESPONSIBILITY. The selection of this highly significant topic is based upon recent studies of school reform which concluded that schools cannot be reformed substantially unless individual rights, which students have gained over the past few years are balanced with individual responsibilities to the school and society.

An analysis will be made of the need for a new and more vigorous emphasis on moral and citizenship education. The responsibilities of

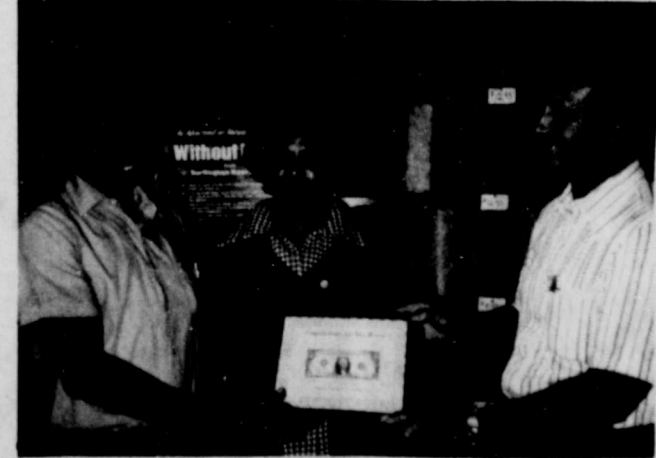

youth have to school and society, and the need for students to assume greater responsibility for their own learning.

Sixteen outstanding educational and political leaders making presentations will include such noted individuals as: Dr. Leon Lessinger, University of South Carolina; Dr. Edwin Fenton, Harvard University, and Senator Julian Bond, Georgia.

The I D E A Fellows Institutes are the oldest, continuing in-service program for school administrators in the nation. Over 3,500 elementary and secondary educators from North America and overseas have participated in this program.

## Carroll - Lea Pledge Vows

Miss Paula Vera Carroll and Patrick Alan Lea pledged marriage vows Saturday July 12 at the First Baptist Church in O'Donnell. Rev. Jim Mosley, minister of the Hico Baptist Church officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Wayne Carroll of O'Donnell and Mr. and Mrs. Robert M. Lea of Tyler.

Given in marriage by her father the bride wore a Priscilla of Boston wedding gown designed especially for her. The gown was elegant Spanish Renaissance design in moonlight silk. Pearl, orange and Alencon lace. The moulded bodice featured a high wedding band neckline encircled with heavy Alencon flowerets and petals. A sheer yoke of silk English net accented the bodice, and was edged in Cluney and Venise lace garlands. Lovely long candlestick sleeves of English net enriched with Alencon flowerets appliqued and the cuffs were encircled with Cluney and Venise lace garlands. From the Crescent waist fell the graceful A-line skirt which was gathered to gentle fullness at the back of the bodice, and swept to form a chapel train. The hem line of her wedding gown was edged in garlands of Cluney and Venise lace flowerets. Paula wore a Spanish Renaissance capulet from which fell her cascade mantilla which was completely encircled with Alencon lace, accents of Venise lace flowerets and garlands of Cluney lace. The veil swept beyond the chapel train of her wedding gown.

Maid of honor was Barb Parrish of Houston and bridesmaids were Phyllis Wyrick of Arlington, Patty Lane of Wichita Falls, Lynn Kendall of Dallas and Vicki Kendall of McKinney. They wore Spanish Renaissance garden gowns of waterlily printed silk voile. Their gowns featured colors of azure blue, peony pink, and mint green. The moulded bodice was accented with a scoop neckline from which fell short capulets. From the high empire waistslines fell graceful A-line skirts with fullness gathered to the back and fell to form a brush train. The hem line was encircled with a deep ruffle of the waterlily print fabric.

Robert M. Lea, served his son as best man. Groomsmen were Jerry Lea and Tom Lea, both of Tyler, brothers of the groom, Marc Morrison of Tyler and John Woolsey, of Dallas. Ushers were Dale Williams of Texas City, Dale Chamness of Tyler, Allie Oliver of Tyler, Steve Layton of Dallas and Jay Walters of Dallas.

Jenny Gibson of Lamesa was flower girl. Candlelighters were Julie Hackney of Lamesa, Cinday Gibson of Lamesa and Dan Kendall of McKinney. Sandra Dubois of Oklahoma City, Oklahoma and Donna Forbes of O'Donnell were soloists and were accompanied at the organ by Mrs. Carr Sprayberry of O'Donnell and Mrs. C. A. Doss at the piano.

A reception followed the ceremony in the Fellowship Hall.

Following a wedding trip to San Antonio and Corpus Christi the couple will make their home in Lubbock.

Mrs. Lea is a graduate of Baylor University and Lea is a graduate of Baylor University and will be doing graduate work at Texas Tech University.

### BRIDAL LUNCHEON:

Miss Carroll was honored with a bridal luncheon July 12 at the Lamesa Country Club.

Hostesses were Mrs. Tommie Gibson of Lamesa, Mrs. Don Hackney of Lamesa and Mrs. Don Kendall of McKinney.

Special guests were Mrs. Wayne Carroll, mother of the bride, and Mrs. Robert M. Lea, mother of the groom. Mrs. M. C. Batey, aunt of the groom, bridesmaids, members of the houseparty, candlelighters, and flower girl.

### REHEARSAL DINNER:

Mr. and Mrs. Robert M. Lea were hosts for the rehearsal dinner honoring Paula Carroll and Pat Lea, at the Lubbock Club, July 11.

Special guests were Mr. and Mrs. Wayne Carroll, Mrs. M. C. Batey and the wedding party.

## Faith Circle Has Luncheon

Faith Circle met for a luncheon in the United Methodist Church at 12 noon, Monday, July 14. After the luncheon Mrs. Wendell Patterson and Mrs. Gale Hartman introduced Yoko Kawai and Jyunko Wakno, two Japanese girls who are visiting in Tahoka under the Lions Club exchange program. We were told something about the families, schooling, and life of each girl. The girls then conducted a class in the art of paper folding and all learned how to fold paper to make a bird. The meeting was dismissed with a prayer by Mrs. Hubert Eudy.

The next meeting will be in Post with Mrs. Emma Mueller on August 11.

## BILL GRIFFIN SAYS

Weather conditions continue favorable for the spread of the tenacious screwworm, and livestock producers in the county should keep on the alert for possible cases in their herds.

Screwworm cases have been increasing by leaps and bounds in South and Southwest Texas and the flies are continuing to move out to other areas of the state. So it's vital to check animals regularly, to treat all types of wounds, and to submit all worm samples for identification.

Samples should be sent to the Screwworm Lab, Box 969, Mission, Texas 78572. Containers for mailing samples are available at the county Extension office, and from local veterinarians.

At the end of June 1,744 screwworm cases have been confirmed in Texas for 1975, well above the number recorded during the same period last year. To make matters worse, 1,164 of the 1975 cases were recorded during June. Screwworms are popping up in some counties that have not recorded cases since 1972.

This means that producers had better prepare for an onslaught of screwworms unless cases are reported rapidly so that sterile flies can be dispersed over the areas where cases are confirmed. Unless target areas are identified by virtue of samples submitted and identified, the sterile fly program cannot function effectively.

A large number of screwworm cases confirmed this year in Texas have come from the navals of newborn calves. "Working" wounds such as those resulting from shearing, docking, ear-marking, branding, and castrating are also prime locations for screwworm flies to lay their eggs.

Any working of livestock should be delayed until this fall if at all possible. If such work is absolutely necessary, a USDA-approved spray or dip should be applied to any and all wounds.

Mr. and Mrs. Pat Chamblee, along with daughter and Donna Renee' Thomas left July 4th for their vacation to Atlanta, Texas. They stayed in the home of Mrs. Austin Chamblee for one week. During the week they were able to visit with other relatives including Adison Chamblee and family, Jerry Chamblee and the Lester Kennedy Jr. family. Linda Chamblee of Houston came down to join them.

## Verna Lane Services Held

Services for Mrs. Verna Anita Lane, 69, of O'Donnell were at 3 p.m. Tuesday in the O'Donnell Church of Christ with Garnie Atkisson and O. H. Tabor officiating.

Burial was in the O'Donnell Cemetery under the direction of Branon Funeral Home of Lamesa.

Mrs. Lane died at 1:30 p.m. Monday in Medical Arts Hospital in Lamesa.

She was a native of Fluvanna and married Jesse Hubert Lane on April 11, 1925 in O'Donnell.

Survivors include two sons, Eldon Doyle of Lubbock and Troy Leland of Little Rock, Arkansas; a brother, Finnis Gleghorn of O'Donnell a sister, Vesta Lane of O'Donnell; and eight grandchildren.

### T-Bar Host South Plains Golf Association

The South Plains Womens Golf association met at the T-Bar Country Club on Wednesday, with approximately 65 golfers participating. This association is composed of ladies from Brownfield Country Club, Plainview Country Club, Lubbock Country Club, Hillcrest Country Club, Meadowbrook Country Club, and T-Bar. A play day is held each month during the summer at a different club, with the tournament being held in October. Winners for the day from Tahoka included Bertha Nettles and Jeanne McCord. Weesie Carroll was chairman of the committee in charge of lunch, which everyone enjoyed.

The T-Bar Ladies Golf Association would like to thank everyone who was kind enough to loan their golf cart for this event. Approximately \$160.00 profit was made from renting the carts and this was turned over to Dude Holland for the country club. Thanks to all the men who came out and helped with the carts, and a special thanks to Irvin Dunagan and his Greens Committee for the hard work in preparing for the play day - without all the helpers the ladies couldn't manage such an event. Thanks to El Presidente Clint Walker for his help.

### Sherry Etheredge Says . . .

"Mirror of American Costume - 1776 - 1976" was the bicentennial theme for the 1975 version of the District 4-H Dress Revue held Monday (July 14). Site of the event was South Park Inn on South Loop 289, according to Catherine B. Crawford, district Extension agent for home economics, Texas agricultural Extension Service district 2 modeled their own creations as they competed for honors and the right to represent the district in state competition.

Representing Lynn County was Jr. Division - Charmi Wood and Sr. Division Sherree Jerden.

Contestants were judged on their sewing and construction skills, overall appearance modeling abilities, and their 4-H record books.

and Lynn Bowermon, Lubbock County Extension agent and dress revue chairman. Young 4-H ladies from each of the 20 counties in

A luncheon on the patio of South Park Inn preceded awards presentations. The group then moved into the Bronze Room for awards ceremonies. John Herzer, manager of Plains Coop Oil Mill, presented the honors.

In addition to the naming of four top seniors, awards included the recognition of the girl making the best all-cotton outfit and the best all-wool garment.

A junior level contest was staged at the same time as senior competition. These younger lasses, ages 9 to 14 did not compete beyond the district level. For them, the event offered experience and leadership development.

Senior winners will take their designs to the State 4-H Dress Revue at Dallas October 3.

Parents, 4-H leaders, and special guests were on hand for the occasion.

### James To Attend 4-H Congress

Kevin James

Lynn County youth will join some 600 4-H boys and girls from across Texas in taking a closer look at their cultural heritage during the upcoming Texas 4-H Congress July 15 - 18 at Gunter Hotel here.

The Lynn County delegate is Kevin James.

4-H members between the ages of 15 and 18 will be participating in the third annual State 4-H Congress along with a number of county agents and 4-H and youth specialists for the Texas Agricultural Extension Service, the parent organization of 4-H.

Theme of this year's congress is "Our Texas Cultural Heritage," according to County Extension Agent Bill Griffin.

"Delegates will have an opportunity to hear stimulating speakers, take educational tours, and participate in group discussions that should provide them with a better background of their culture," Griffin points out.

Speaking at the first general assembly of the congress will be Dr. Thomas S. Haggal, a minister from High Point, North Carolina, who talk on the meaning who will talk on "The Meaning of Culture."

## A SHORT REPORT

By REPRESENTATIVE E. L. SHORT

From the desk of Jim Hime Administrative Assistant to Representative E. L. Short: Five bills of state-wide impact sponsored by Representative E. L. Short - D Tahoka, were signed into law early in June by Governor Dolph Briscoe. This legislation enacted some new law and changed existing law concerning several subjects, including agriculture, local government and weather modification.

House Bill (H.B.) 756 was carried by State Representative Jimmy Mankins of Kilgore and co sponsored by Representative Short. Prior to the passage of this bill, a school attendance officer could file a complaint against parents who failed to require their children to attend school, which complaint could only be filed in either the county court or the justice court where the parent reside. H. B. 756 changed the law to give municipal courts jurisdiction over these complaints.

H. B. 1089 amended the Water Code sections pertaining to weather modification to require the Water Development Board to hold a public hearing if requested by 25 residents of the area intended to be affected by a proposed weather modification permit, before the permit could be granted. The hearing is to be held in the area where the request originated and the Board can not grant the permit if it finds that such operations will tend to dissipate clouds and prevent rain from falling. This procedure should give some relief for those people who oppose the issuance of such permits on grounds that such activities hamper natural rainfall.

H. B. 1528 is new law which requires the registration of all cotton buyers who contract cotton in advance of harvest. The bill was the result of two years of study and public hearings held by an agriculture subcommittee chaired by Representative Short. This legislation should provide the producer with greater access to information about cotton buy-

ers with which he deals.

Prior law prevented a city from annexing tracts of land which are less than 500 feet in width. H. B. 1530 allows a city of less than 12,000 people to annex land which is less than 500 feet in width if the city limits are contiguous with the tract on at least two sides.

This legislation provides the small towns in Texas, which have been doing a good job providing services, a way to annex smaller areas and thus even up their boundaries.

Senate Bill 595 was sponsored by Representative E. L. Short in the House, and was a recodification of the Texas Seed Law. This modernization of the law should be of great benefit to all those connected with agricultural seeds, from the producer to the seed industry people.

### 4-H Modern Day Success

A quarter of a million young people can't be wrong! And 125,000 Texas boys and girls are part of the modern day 4-H program. "As the nation's largest youth-serving organization, 4-H continues to provide educational experiences for young people in a variety of ways," says Bill Griffin county agent for the Texas Agricultural Extension Service.

Youth between the ages of 9 and 19 can learn new skills and interests in short-term project groups, camps, clubs, special interest groups and other activities. Fairs, contests, field trips and tours are also a part of every 4-H member's program. "With the help of 4-H volunteers, youth can select which projects they want to learn and how they will learn them," notes Griffin. "Youth make their decision by considering time, available resources and their particular sources and their particular situation."

Practicing good citizenship and developing leadership talents are important activities in 4-H. Public appearances, speeches, committee work and officer elections are just some of the ways 4-Hers learn the important skills of decision making, democratic behavior, social competence and self esteem.

"It's not all work either. 4-H means making new friends, going places, helping others and sharing talents skills and hobbies," points out Bill Griffin.

"Being a part of this action program is easy," Griffin adds. "Young people can visit a local 4-H club meeting and talk to volunteer leaders about membership opportunities. Or they can call the local county Extension office 998-4650 or stop by the office located at 1600 Ave. J."

MRS. DAVID HARRIS TURNER  
... nee Kathi Lynne Kent

## Kent - Turner Married July 12

Kathi Lynne Kent became  
the bride of David Harris  
Turner Saturday, July 12  
at six o'clock in the evening  
in the First Baptist Church  
of Knox City.

Mr. and Mrs. Tommy Kent  
are the parents of the bride  
and the Rev. and Mrs. Jim  
A. Turner of Tahoka are the  
parents of the groom.

The Rev. Jim A. Turner,  
Pastor of the First Baptist  
Church of Tahoka, and father  
of the groom performed the  
double ring ceremony in a  
candlelight setting formed  
by two seven branch candel-  
abras decorated with green-  
ery and mixed daisies beside  
an arch of greenery, mixed  
daisies and wedding bell.  
Large urns of mixed daisies  
and carnations atop stands  
entwined with english ivy  
complemented the altar set-  
ting.

The family pews were  
marked by candelabra,  
greenery and bows in the  
brides chosen colors. After  
exchanging vows the couple  
joined in the lighting of an  
eternal candle.

Mr. and Mrs. Mike Hardy  
of Lubbock were vocalists,  
accompanied by Mrs. Mel-  
vin A. Lowry. Musical se-  
lections were: "Let It Be  
Me," "Sunrise, Sunset,"  
"The Twelfth of Never,"  
and "The Lord's Prayer."

Given on marriage by her  
father the bride wore along  
gown in white chiffon. The  
empire bodice and high  
crown collar were of re-  
embroidered alencon lace on  
English net. and lace with

a tiny self ruffle. Her wa-  
teau train fell to Chapel  
length. A Juliet cap held her  
long mantilla outlined with  
Alecon lace She carried a  
cascade of white butterfly  
roses centered with a blue  
orchid and complimented  
with drapes of english ivy.  
Kary Kent, sister of the  
bride was Maid of honor.

Bridesmaids were Mrs. Con-  
nie Singleton of Dallas, Pam  
Pack of Lubbock, Sheri Shel-  
ton, Knox City, and Pattie  
Turner, Tahoka sister of the  
groom. The flower girl was  
Christi Clayton.

The attendants were at-  
tired in identical formal-  
length gowns of blue dotted  
swiss organza with em-  
broidered flowers. They car-  
ried nosegays of mixed dai-  
sies.

Stacy Turner of Tahoka,  
served his brother as best  
man. Groomsman were Mike  
Martin, Dick Hibbets, and  
Jeff Atwell of Lubbock, and  
William Corley of Abilene.  
John Merrill of Rankin was  
the ring bearer.

The wedding reception was  
held in the Fellowship Hall  
of the church following the  
ceremony. Members of the  
houseparty included Mrs. Jo-  
die Edminston, Bedford, cou-  
sin of the bride, Mrs. Wen-  
dell Carnes, Lubbock, Lisa  
Burt, Dallas, and Gloria Pea-  
cock, Dallas.

Marleen Hewitt presided  
at the brides book and Pam  
Merrill of Rankin and Christi  
Clayton handed out rice bags.  
A rehearsal dinner was  
hosted by the bridegrooms  
parents at the Korner Kit-  
chen in Knox City Friday  
evening.

Kathi chose for her wed-  
ding trip a light rose pant  
suit with rose and blue floral  
voile blouse. Following a  
short trip the couple will  
make their home in Lub-  
bock.

The bride is a graduate  
of Knox City High School  
and Tyler Junior College.  
She attended Howard Payne  
University She is employed  
by Security National Bank in  
Lubbock.

Turner is a graduate of  
Tahoka High School and at-  
tended Cisco Junior College.  
He is employed by Forrest  
Lumber Company in Lub-  
bock.

## Bobby Lee To Be Honored

Bobby G. Lee, Vocational  
Agriculture Teacher, Wilson  
High School will be honored  
by the Vocational Agricul-  
ture Teachers Association  
of Texas in Houston, Texas  
on Tuesday, July 29, 1975,  
according to Albert Timmer-  
man, Jr. Rockdale, Presi-  
dent of the organization.

Lee is being recognized  
for his 20 years of service  
to the Vocational Agricul-  
ture program in Texas. He  
graduated from Sundown  
High School and received  
his B. S. and M. S. deg-  
rees in Agriculture educa-  
tion from Texas Tech Uni-  
versity, Lubbock. He also  
attended Ranger Junior Col-  
lege and Colorado A&M. He  
is the proud recipient of the  
Honorary State Farmer De-  
gree in the Future Farmers  
of America.

The award will be pre-  
sented at the annual awards  
program of the association.  
The awards program is held  
during the statewide in-  
service education workshop  
of Vocational Agriculture  
Teachers.

This year's conference  
will emphasize the implemen-  
tation of new approaches in  
Vocational Agriculture Edu-  
cation. Leaders in agricul-  
ture and education from  
throughout the state and na-  
tion will take part in the  
four-day in-service meet-  
ing. Education features of the

meeting will be under the  
direction of Mr. J. A. Mar-  
shall, director of Agricul-  
ture Education, Texas Educa-  
tion Agency, Austin, Texas.

Under Mr. Lee's super-  
vision the Wilson FFA Chapter  
members and Vocational Agricul-  
ture students have partici-  
pated in may leadership  
and judging contests and live-  
stock shows, taking their  
share of the honors and aw-  
ards presented. These ban-  
ners and trophies are on dis-  
play in the Vocational Agricul-  
ture building of the high  
school.

Thirty-seven members  
of the FFA Chapter have  
worked for and earned their  
State Farmer Degree, the  
highest honor on the state  
level for the members. One  
member has worked for and  
earned his American Farm-  
er Degree, the highest honor  
on the national level for  
members.

Three have been winners  
in the Houston, El Paso, and  
San Antonio Livestock shows

from the Wilson Chapter of  
Future Farmers.

Approximately 1500 Voca-  
tional Agriculture Teachers  
and friends are expected to  
attend the Houston confer-  
ence.

office will be contacting as  
many sporting stores as  
possible and explain the new  
law. We want to give them as  
much information as possible  
so they will know for certain  
when the exemption applies  
and when it doesn't.

Little League groups also  
will receive property tax  
relief from the new tax bill  
effective September 1. Under  
this provision all property  
owned by any non-profit  
organization which uses that  
property for youth sports  
programs will be exempt  
from all ad valorem property  
taxes.

I expect that the state will  
lose very little revenue  
because of these new  
exemptions. On the other  
hand, these exemptions can  
mean a lot to the groups  
involved in making ends  
meet.

There tax breaks were, of  
course, an attempt by the  
Legislature to encourage and  
assist more widespread  
development of youth  
sporting programs as a means  
of giving our young people  
healthy outlets for their  
energy and spare time.

## Texas Taxes

By BOB BULLOCK  
State Comptroller

Austin-- Little leagues and  
other youth sports  
organizations across Texas  
will get a couple of tax breaks  
starting September 1.

This tax relief comes as the  
result of a small tax reduction  
bill passed by the Legislature.

The sales tax division of  
my office will prepare rules  
and regulations for provisions  
in the new law which will  
exempt little league sporting  
groups from having to pay  
sales tax on the uniforms and  
equipment they use.

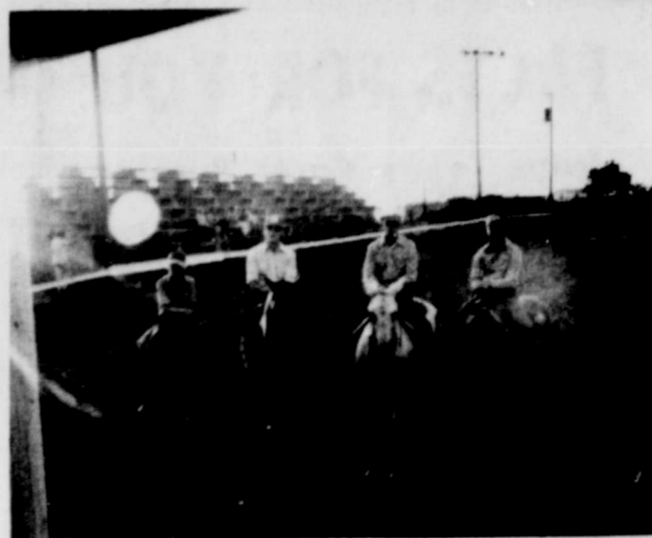

But let me point out that  
the legislation is very specific  
in stating that the new  
exemptions applies only to a  
league organization itself and  
does not apply to individuals  
who play in that league.

This means that league  
officers can go to the sporting  
goods store and buy uniforms  
and equipment for everyone  
playing in the league and that  
purchase won't be subject to  
the sales tax. But Johnny or  
Johnny's dad will still have to  
pay the sales tax when they  
make purchases individually.

Another very important  
part of the new law specifies  
that this exemption applies  
only to organizations in  
which all participants are less  
than 19 years old.

Between now and  
September 1 when the new  
law takes effect, any and all  
items purchased by these  
young sports groups will  
continue to be subject to the  
sales tax.

As the date of the new  
law's effectiveness nears my

# FACTS FOR YOU

from Texas Farm Bureau

## STATE CONSTITUTIONAL AMENDMENTS:

State Constitutional Amendments to be voted on in November of 1975, along with an explanation prepared by the State Legislature, are to be printed in TEXAS AGRICULTURE during the next few months. FACTS FOR YOU is hitting its emphasis to pointing out items contained in the present Constitution that are not in the amendments to be voted on. These omissions will be pointed out from time to time as time and space will permit.

## STATE TAX LEGISLATION 1975:

Printed on page 154, under the title of "State Tax Legislation 1975" of FACTS FOR YOU, June 27, 1975, is reference to a new law amending the limited sales and Excise Use Tax Law (House Bill 2195). It appears that both the State Legislature and this writer failed to study their lesson; goose-neck trailers are classified in the tax laws as vehicles and taxed under the authority of the Motor Vehicle Sales and Use Tax Law. The information printed in FACTS FOR YOU on page 154, is correct in revealing what the State Legislature added, but

the effects are somewhat different than intended.

Article 20.04, entitled "Exemptions From Sales and Use Tax," provides a long list of exemptions which include machinery, equipment and certain other farm supplies when used in the production of food and fiber. The amendment approved this year, referred to in last week's discussion, changes Article 20.04 (N) (6) to read as follows in new language:

"(6) Machinery or equipment exclusively used or employed on farms and ranches in the production of food for human consumption, production of grass, the building or maintaining of roads and water facilities, feed for any form of animal life, or other agricultural products to be sold in the regular course of business and machinery, equipment, and goose-neck trailers exclusively used in the processing, packing, or marketing of agricultural products by the original producer at a location operated by the original producer exclusively for processing, packing, or marketing his own products."

The only real change is the addition of goose-neck trailer. However, some of the wording is re-arranged

and the net result of these changes can only be evaluated when the administrators release new regulations, which is expected sometime between now and September 1, 1975.

The sales and tax use law in Article 20.01 defines "motor vehicle" as follows:

Art. 20.01 (X) Motor Vehicles. "Motor Vehicle" means every self-propelled vehicle in or by which any person or property is or may be transported upon a public highway, including trailers and semitrailers, and also including house trailers as such term is defined by the Certificate of Title Act. It shall not mean any device moved only by human power or used exclusively upon stationary rails or tracks and shall not include farm machinery or farm trailers or road-building machinery or any self-propelled vehicle used exclusively to move any of the three (3) immediately preceding vehicles.

This definition of a motor vehicle provides exemptions for farm machineries and farm trailers. Neither of the sales tax laws define farm trailers. There is absolutely no argument as to the definition of a goose-neck trailer, but to be classified as a farm trailer would be totally dependent upon the administrator's definition of a farm trailer.

The current comptroller's rule regarding the taxing of goose-neck trailers is as follows: Ruling 40.0.10 Referencing Article 601 & 603 of Chapter 20 Title 122a "The term semi-trailers is construed to include goose-neck trailers which are trailers which attach to the towing vehicle at some point forward of the rear axle and whose load is partially carried upon the towing vehicle. Goose-neck trailers when sold for use on the Texas highways are subject to the Motor Vehicle Sales and Use Tax. The same are exempt if purchased for and used exclusively on farms and ranches.

In conclusion, the goose-neck trailer and all other trailers are classified as motor vehicles, exempt from

the sale and use tax law, but taxed under the motor vehicle sales and use tax unless; it is defined by the administrator to be a farm trailer and in the case, it is exempt from both laws. The administrator of the sales tax law, both the motor vehicle and sales and use tax has authority of law to write the definition for a farm trailer and he has ruled that goose-neck trailers used exclusively upon farms and ranches are exempt from sales tax.

FARM WORKERS - BETTER JOBS: Farm workers must get better job search treatment states are told.

The Labor Department struggles to obey a federal court order handed down last fall in response to a suit by migrant worker groups. A special committee named by the court presses the department to force state run by federally funded, employment services to stop referring worker only to low paying harvesting jobs, often in deplorable working conditions.

This summer the committee is dispatching inspectors to 11 states to visit some of the nation's 700 rural area state employment offices. They'll check to see that migrants get counseling in nonfarm careers, and that substantial farm employers don't get touted. The court wants funds cut off to offices that don't comply, but the department says it can only cut off funds to an entire state.

Federal officials say any fund cutoff would penalize not only erring rural job centers but also the overworked offices in recession wracked urban areas. (THE WALL STREET JOURNAL, July, 1975, p. 1)

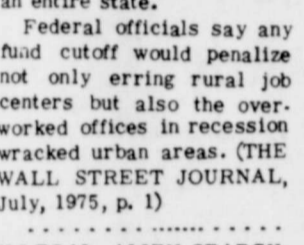

ALIENS OWNERSHIP OF FARM LAND: There is a Federal law, approved in 1974, entitled "The Foreign Investment Study Act of 1974". This act authorizes the Department of Commerce and Treasury to study the issue of alien investment in farm land. Eight states: Arizona, Hawaii, Georgia, Maryland, New Jersey, South Carolina, Virginia and Wyoming have minor restrictions which are of little importance, as none would be major impediment to alien investors. U. S. government does not control

assets of aliens considered enemies or hostile to the U. S. government. For example, in time of war, or declared emergency, the Office of Alien Property in the Department of Justice controls the assets of enemy aliens. In a similar manner the foreign assets control regulations limit the use of property by citizens of certain hostile nations. Under these regulations the alien retains his property, but is forbidden to transact any business with it, and others are forbidden to deal with him.

USDA's Forest Service has restrictions on grazing permits that permit only American citizens to obtain a permit.

There are six states in the upper Midwest and Great Plains - Wisconsin, Minnesota, North Dakota, South Dakota, Kansas, and Oklahoma that have laws which substantially restrict the types of corporate ownership and investment in farm land. These laws also restrict alien copartnerships from U.S. investment. (FARM INDEX, May 1975)

## ILLEGAL ALIEN SEARCH:

The power of the Border Patrol to search for illegal aliens from Mexico was curbed by the Supreme Court. It ruled that the government can't stop cars without a reasonable suspicion that they contain illegal immigrants. And it said in another case that a ban on some warrantless searches of cars applies to fixed checkpoints as well to roving patrols.

The Supreme Court adjourned until October 6 after agreeing to hear arguments next term on two cases involving evidence taken in searches ruled illegal. (THE WALL STREET JOURNAL, July 1, 1975)

## FARM MACHINERY PRICE STUDY

The government's price study on Wage and Price Stability says it has begun an inquiry into the cost of certain agricultural and manufacturing costs of agricultural equipment.

Council Director Albert Rees noted that farm machinery prices have risen 22 percent since May of 1974. The agency will request data from major manufacturers in an attempt to determine why prices have increased. (THE WALL STREET JOURNAL, July 1, 1975)

## FORWARD CONTRACTING 1975 COTTON:

Small acreages of 1975 crop cotton were contracted by growers this week in Mississippi, Arizona and California. Growers in the delta of Mississippi booked new crop cotton at 46.00 cents per pound, basis grade 41 staple 34, and 45.00 cents for within grades ginned before December 6. In central Arizona, 1975 crop cotton was contracted at 48.00 cents per pound, basis grade 31 staple 34. Growers in San Joaquin Valley contracted cotton at 50.00 to 51.00 cents basis grade 31, staple 35. Most contracts specified 3.5 to 4.9 mks. (WEEKLY COTTON MARKET REVIEW, June 27, 1975)

## MONEY SUPPLY:

THE WALL STREET JOURNAL of Friday, June 27, 1975 reported that the nation's money supply fell \$300 million in the week ending on June 18, 1975. This is according to the Federal Reserve Bank of New York figures. This is the first decrease after seven consecutive weeks of increase in the money supply, defined as cash in circulation and checking account deposits. During the upswing the supply had grown \$7.8 billion.

WATER BOARD APPOINTEE Governor Briscoe has ap-

The Texas Water Quality Board is composed of seven members: the executive director of the Texas Water Development Board, the state commissioner of health, the executive director of Parks and Wildlife Department, the chairman of the Texas Railroad Commission and three additional members appointed by the governor. The members appointed by the governor serve an overlapping six year term. The executive director is appointed by the board and serves at the pleasure of the Board. There are about 250 staff positions authorized. The board position held by Mr. Frost for an unexpired term which began on September 1, 1973 and will end on September 1, 1979.

# HOW'S The Electric Company DOING?

Let's ask Don Webber, transmission line foreman . . .

"What's going on here, Don?"

"We're putting in a new 115,000 volt line . . . gives us another feed to back up our dependability . . ."

"Cost us about \$14,000 a mile just two years ago, now it's running \$30,000 a mile."

1973 COST \$14,000 A MILE  
1975 COST \$30,000 A MILE

Higher costs to keep your electric service dependable . . . part of the reason your electric bill may be higher these days. But without dependability, electricity wouldn't be worth much . . . would it?

### Card of Thanks

We, the Dentons, wish to express our heartfelt thanks to all the people of New Home for the many wonderful things done for us during our stay there the last seven years. We especially thank all that had a part in the gifts given us at the salad supper before our move. We wish to thank each for kind words and acts toward us and for the associations we enjoyed very much. We shall ever cherish the many friends made while there and hope that some day, in some way, we may be able to repay in part, at least all you did for us.

We wish to express our thanks to the patrons of the school, teachers, trustees, workers, and children for cooperation given, to the respect shown and for our happy hours together.

We left New Home as a friend to all of the people there, with love and appreciation of what was done for us, and with a desire that all will continue to do what is best for New Home in the future.

Our special thanks goes to those who helped in moving and to the members of the church for the fellowship enjoyed each week, in worship and work as well as the visits in so many of your homes.

We hope that through our efforts, we were able to do a little for New Home and its people while in service there. Our memories of the people and the good things done for us, will be ever lasting and will be a bright spot in our lives each day we live.

Though not present there in body, we are there in spirit, and hope that our thoughts and teachings will be in stilled in may of the students that will help them to be better citizens, fathers and mothers, leaders of New Home in the future. 28-2tc

### TEXAS TALK

By Fred Myers

Officials are predicting a decrease of no more than 20 percent in domestic purchase of feed grains during the current marketing year. Others are saying that an improved livestock market will cut the decrease to even less. USDA projections are for the production of about 220 million short tons of feed grains with about 165 million tons sold in the United States and another 42 million tons exported to foreign countries. According to the figures released by the Department of Agriculture, total carryover of feed grains by the end of the marketing year should not exceed 30 million tons. Although that's a lot of grain, records show it to be only about 60 percent as much as the carryover at the end of 1971. Officials citing these figures are predicting relatively stable prices for grain sorghum. Major factors which could produce a change in the situation include the extent of recovery of the cattle market and, as always, the most variable of all, the weather.

The Board of Directors of Lubbock-based Plains Cotton Growers, Inc. July 9 adopted a budget of \$221,400 to finance the 25-county organization's 1975-76 research, market development and service activities on behalf of High Plains cotton producers.

The new budget, covering the PCG fiscal year July 1, 1975, through June 30, 1976, is less than 4 per cent above the \$213,100 budget for last year, "which doesn't even cover the cost increases caused by inflation," pointed out Finance Committee Co-Chairman Lloyd Cline of Lamesa. "However," he added, "it is a budget under which we believe the organization can operate effectively."

In other action, the board elected six members to the PCG Executive Committee, and adopted a resolution favoring increased funding for the cotton producers' national research and marketing company, Cotton Incorporated.

The group also voted to support and work for passage of two bills now pending in Washington which it believes would be beneficial to High Plains farmers. One, introduced by Rep. Omar Burleson (D-Tex.) would raise the farm estate inheritance tax exemption from \$60,000 to \$200,000. The other, by Senator Lloyd Bentsen (D-Tex.), would permit foreign purchasers to store U.S.-produced agricultural commodities in U.S. warehouses after purchase.

A number of energy related measures were discussed at the meeting, but the board declined to give immediate support to any one bill, voting instead to "work in all areas for adequate supplies of farm fuel, including natural gas, at the most reasonable prices possible." Discussion centered on a natural gas deregulation bill by Senator James Pearson (R-Kan.), which is co-sponsored by both Texas senators, Democrat Bentsen and Republican John Tower. Most comment on the bill was favorable, but a formal endorsement was withheld pending further study.

Additional funds for the research and marketing work of Cotton Incorporated "in my opinion would be a very wise investment," PCG President W.B. Criswell of Idalou told the board. Cotton Incorporated is now supported by beltwide producer contributions of \$1.00 per bale, and an increase in that amount first will require passage of enabling legislation and then approval of a higher rate by producers in a referendum. The PCG board voted to support passage of an enabling act and also to work for passage of the referendum when scheduled.

The PCG Executive Committee is made up of current officers, all past presidents and six members elected by and from the board. The organization's 25 counties are divided into six districts with comparable production volumes, and one member of the board is elected from each district.

W.L. "Preach" Edelman of Friona was elected to represent Parmer, Deaf Smith, Castro, Swisher and Briscoe counties; Lloyd Miller of Morton was elected from Bailey, Cochran and Hockley counties; Paul Bennett of Littlefield was chosen to serve from Lamb, Hale, Floyd and Motley counties; Gary Ivey of Ralls was named to the committee from Crosby, Dickens and Lubbock counties; Truett F. Jones of Tokio was elected to the committee from Lynn, Yoakum, Terry and Garza counties; and Marion Bowers will serve from Dawson, Borden, Martin, Howard and Midland counties.
