Santa Fe Train Derailed Monday

Santa Fe freight train derailed Monday morning about 3 p.m. south of Tahoka.

the track spread to the east and threw on the brakes but couldn't stop the train in time."

Although the engine remained upright, due to the braking action, six of the 14 freight cars behind the engine derailed, over turned and were badly wrecked. The cars were loaded with boxed cotton, cottonseed mill oil, seed and bulls, Mr. Jordan said. Two brakemen were also on the train.

Mr. Jordan theorized that the passage of either a tractor or a road grader over the tracks some time since the train went south that morning had caused the rails to spread.

Salvage operations were to begin as soon as possible.

TRAIN DERAILED - Pictured above are two pictures of the Santa Fe freight train derailment which occurred Monday at about 3 p.m. seven miles south of Tahoka.

Omar Burleson Visits In Tahoka

Representative Omar Burleson was in Tahoka Monday visiting constituents during the recess.

tion of so many liberal Democrats to the Congress in the last year.

He was accompanied by Walter Crubbs, manager of his Abilene office, who formerly worked with Congressman George Mahon.

Chamber Directors Urge Clean Up

The Chamber of Commerce directors in their regularly meeting Tuesday heard reports of long city clean up projects.

Due to recent rains and insufficient cooperation of the citizenry, the city drive is not progressing as well as it should. People need to become involved.

Monte Dodson said that several more streets have been cleaned up by the First National Bank and the city.

The building will be built adjacent to the southeast of Echo street and will cost about \$100,000.

McCord, program director, is making contact with the city to secure a speaker for the banquet next February.

Machine Fine Lynn Crops

Last Friday night a machine fine Lynn County range was an inch and half. The machine received .71, bringing the total for the year to 1.42 inches.

During the wet July, the crops have been glad to have the warm dry weather this week. Cotton is maturing extremely fast, and sunflower fields are showing maturity. But, the crops are heavily infested with greenbugs, and farmers are poisoning them. The cotton crop is in all stages of development, some are only a few inches high.

The rain some time late in the week and a favorable temperature are excellent prospects for an excellent crop.

Migrant Labor Office Is Open

The services of Llano Estacado, a government-funded office designed to help migrant and seasonal farmworkers have been extended to Lynn, Dawson, and Garza counties.

The service offers on-the-job training work experience and classroom training as well as other supportive services to aid anyone with an agricultural background.

Representatives are now taking applications at the Llano Estacado Office Monday through Friday from 9 a.m. to 6 p.m. For further information contact Modesta Alvarado, Job Developer, 1537 Ave. J. in Tahoka, or call 998-5117 in Tahoka.

Pete Cash Foils Robbery Attempt

Pete Cash, formerly of Tahoka and son-in-law of Mrs. Coye Collier, had a narrow escape from two armed black would-be robbers last Saturday at his pharmacy located at 6500 Indian Ave. in Lubbock. He had gone to the store on a call from the men who said they wanted a prescription filled. When he opened the pharmacy, they pulled a knife on him and demanded money instead of the medicine. In a scuffle, Cash was hit on the head, but he managed to free himself and fired a pistol at the fleeing robbers.

Cash was admitted to Highland Hospital for treatment, but was released Sunday. This was not the first time his store had been burglarized, but this time the robbers got nothing.

Tahoka Schools Open August 21

Although all Tahoka school teachers will report for duty next Thursday, August 14, classes will not start until

Thursday, August 21, the News is informed by school authorities. Full details of the school

Wilson Board Holds Meeting

The Board of Education of the Wilson Independent School met in regular session on July 22, 1975, with the following members present: Tommy Bednarz, Thomas Autry, Curtis Wilke, Roy L. Kahlich, Donald Klaus, Others present were Bob Spence, superintendent.

The following business was transacted: Minutes of July 17, 1975 were read and approved.

Accounts payable for July were approved as presented. The Board accepted the resignation of James Satterwhite as Band Director and Junior High Principal.

Mike Chance was interviewed and employed by the Board for the 75-76 school year as Band director.

Kay Annette Fry was employed by the Board as a Junior High teacher for the 75-76 school year.

Ben Higginbotham was re-employed by the Board as Transportation Supervisor for the 75-76 school year. The Wilson State Bank was selected by the Board to be the official depository for all school funds for the 1975-77 school years.

The Board moved to construct a sidewalk from the Home Economics building to the Vocational Agriculture building and also in front of the concession stand at the football field.

The Board of Education added to the official school policies and regulations the section was requested by the U. S. Department of HEW

opening schedule will be published in The News next week.

Students will probably be required to register on Tuesday and Wednesday, August 19 and 20, if the schedule announced last spring is followed.

Band Rehearsals

The Tahoka High School Band students will begin summer rehearsals, Monday August 4, Monday Tuesday and Thursdays the band will rehearse from 6 p.m. to 8:30 p.m. and Wednesdays and Fridays from 3:30 to 5:30 p.m.

All members are urged to attend and bring your instruments.

4-Her's Pace In Horse Show

Lynn County 4-H Horse Club members went to the Earth 4-H Invitational Play Day Saturday, and won several places.

Halter class, Russel Barnett was eighth in registered geldings, Brenda Barnett fifth in grade geldings John Edwards was fifth in senior barrels and seventh in senior flags. In the senior potato race, John Edwards was first, Pam Barnett fourth; Russel Barnett sixth. Senior goat race, John Edwards, third, Russel Barnett fourth, and Pam Barnett fifth.

Youth Exchange Students From Japan Visiting In Tahoka

Three young ladies from a group of 20 Japanese people arrived in Tahoka on July 13, and have been living in the homes of local Lions Club members. They are participating in the Youth Exchange Program of Lions International, District 2-T2.

They were met at Lubbock Regional Airport by Wendell Patterson, Youth Exchange chairman for District 2-T2, who greeted them, welcomed them to Texas, and presented each visitor with a "Friendship Banner." They were then introduced to their host families, and left the airport for their new Texas homes in Knox City, Lubbock, Tahoka, Littlefield, La Mesa, Olton, Anton, Sundown, Brownfield, and Hale Center.

The young ladies are: Yoko Kawai from Toyohashi, Aichi, Japan, who is staying with the Wendell Patterson family. She is 20 years old, enjoys reading, listening to music, playing table tennis, pool, riding bicycles, and many other sports and pastimes. Previously, she has visited Canada. Yoko's father is a plasterer and her mother is a housewife.

Jyunka Wakano is from Takaoka, Toyama, Japan, staying with the Gale Hartmans. She is also 20 and enjoys sports, especially tennis, tea ceremony, pool, bicycling, and other such activities. Jyunka's father is president of the Wakano Casting Industry Co., and her mother is a housewife.

Keiko Ohi from Tokushima, Japan, is also 20 and staying with the Jimmy Williams. She enjoys oil painting, tennis, and other sports and activities. Her father is president of a textile industry in Japan, and her mother is a housewife.

Any family in Tahoka who is interested in hosting a foreign youth in the future may contact Wendell Patterson Box 333, Tahoka, Texas 79373, or phone 998-4810 (home phone). This winter, youths will arrive from Australia, Brazil, Peru and South Africa.

This summer Lions Club have youth in this area from Mexico, Finland, West Germany, Sweden, Canada, and Japan. These visits range from 3 to 8 weeks.

4-H Girls Win District Awards

Lynn County was well represented at the District 2 4-H Record Book Judging held Friday, August 1, at the Garden & Arts Center, Lubbock, Texas.

Representing Lynn County in the Senior Division and the kind of ribbon received was: Kevin James - red; and Sharon Ernst participating ribbon. In the Junior Division and the kind of ribbon received was Karla James blue; Stephanie McDaniel blue; Laura McDaniel blue; Melinda McDaniel blue; Charmi Wood - blue; and Cara Monk - blue.

These records can be picked up at the County Extension Office.

may submit an application for next summer to visit, Canada, Brazil, Sweden, Australia, or Japan. The prices of these trips will range from \$350 to \$1,300 depending on the country chosen.

The purpose of the Youth Exchange Program of Lions International is to "create a better understanding among young people of the world." These exchange trips are not simply vacation tours. Students participating in this exchange have a responsibility as an ambassador of Texas and the United States. Their influence in a foreign country in tremendous. The peace of the world for tomorrow is being affected by the youth of today through a better understanding of their "neighbor" around the world.

Football Workouts Monday

Tahoka Bulldogs will begin workouts next Monday for the 1975 season under Coach Ronnie Fowkes and his assistants.

First game will be with the Stanton Buffaloes in Tahoka on Friday September 1 at 8 p.m. First of four games are non-conference affair, all at 8 p.m. and the six following conference games will be at 7:30.

Following is the A-team schedule:

September 1 - Stanton here
September 8 - Abernathy here

September 15 - Idalou here

September 22 - Dimmitt here

September 29 - Open date

October 6 - Frerenship here

October 13 - Cooper here

October 20 - Slaton here

October 27 - Roosevelt here

November 3 - Denver City here

November 10 - Post here

Coach Fowkes request all candidates for the squad to pick up their shoes this week. Workouts next Monday will begin in shirts and socks. In the meantime, boys are having their physicals taken. Those who have not done so are requested to contact the coaches.

Lions Club Donated Funds To Projects

Tahoka Lions Club has contributed a total of over \$1,200 in cash to worthy causes during the 1974-'75 year, according to one of the club officers.

Here is where the donations from the Lions Club were: Donations of over \$300 Lions Cripple Children's Camp, Kerrville; Over \$100 to Lions Caravan Sale for the Blind, Tahoka Babe Ruth League, Tahoka Girl Scouts; Over \$50: Christmas gift for Sierra family, and Texas Boys Ranch; Over \$25 Lions Youth Exchange, Dorothy Scott fund; Water Incorporated, Care, Girlstown at Whiteface, Tahoka Boy Scouts, Cub Scouts, Little

JAPANESE GIRLS VISITING HERE - left to right, are Yoko Kawai from Toyohashi, Jyunka Wakano from Takaoka, and Keiko Ohi from Tokushima - Shi. The host families are Lion and Mrs. Wendell Patterson, Lion and Mrs. Gale Hartman, and Mr. and Mrs. Jimmy Williams. (Photo by Wendell Patterson).

District Governor Rotary Speaker

Ralph Ed McLaughlin, Governor of District 573, Rotary International in his official visit to the Tahoka Club last Wednesday night and Thursday noon praised this as "the friendliest club in the friendliest town in the world," the club projects for betterment of the town and county activities of various committees.

He revealed the Tahoka club is 400 percent in contributions to Rotary Foundation and lacks just a little qualifying as a 500 percent club. However, he pointed out that of the \$6 million dollars contributed to the Foundation clubs in Japan have given \$2.4 million.

Mrs. Emil Prohl, widow of last year's District Governor, Dr. Prohl, was a special guest along with several

President Dayton Parker has announced the annual Rotary - Teachers banquet will be held on Tuesday night, August 19.

WILSON VOCATIONAL AGRICULTURE TEACHER Bobby Lee is presented his 20 year tenure by Albert Timmerman, Jr. of Rockdale, President of the Vocational Agriculture Teachers Association of Texas. The award was presented during the annual awards program, Houston, for his outstanding service to Vocational Agriculture in Texas.

League, Softball League, Junior Rodeo, and Lions Club Queen Contest.

Other donations have included, 10 pair of glasses for deserving Tahoka students, Conservationist of the Year plaque, and helium for balloons at Chamber of Commerce banquet.

The Lions Club thanks all those who have contributed and helped to make this a great year.

LOCAL:

Mrs. Beulah Applewhite Rutledge who recently underwent major surgery in the Lynn County Hospital, is expected to be released to go home this week.

Mrs. G. R. (Bud) Milliken who underwent surgery in Lynn County Hospital recently, is now at home and reported to be doing fine.

BILL GRIFFIN SAYS

Sunflower crops across the High Plains are taking a final bow, marking the end of the bloom period. The worst seems to be over. All that remains now is a period of grain filling and the harvesting operation, says Dr. James Supak, area agronomist for the Texas Agricultural Extension Service. But farmers will have to be careful not to stop plant growth too quickly with harvest - aid chemicals because it could have a drastic effect on seed yields.

"These producers did an excellent - almost unbelievable - job of establishing and maintaining a crop that most had never even considered growing until about seven months ago," Supak says.

"Planting rates and plant populations worked out satisfactory for most producers. The crop made excellent growth and weed control in most instances was not a serious problem. Due to favorable rainfall, even the dryland plantings never really stressed for moisture in most areas."

Supak says the dreaded carrot beetle infestations which were expected never materialized, and although pressure from the sunflower moth was terrific, most producers managed to control the pest with minimal crop damage.

"There is still some concern regarding a possible outbreak of diseases such as rust, but the pathologists feel that the early planted crop has a good chance of escaping any serious damage," he adds.

On of the most important considerations now is the length of the grain filling and curing periods. The agronomist observes that with the cool, damp weather now prevailing on the High Plains it will take four to six weeks after completion of bloom for seed to reach

full maturity.

By that time, he points out, the back of the head and stalk should be lemon yellow in color and most of the leaves will be dead or appear to be dying. The triangular shaped bracts on the outer edge of the head will be brown or turning brown and the seed in the center of the head will be black in color and quite firm.

When these characteristics are noted, the seed is mature but the fleshy head base (which when cut open with a knife looks somewhat like a sponge) will not be sufficiently dry for combining. To avoid adding high-moisture foreign matter to the seed during the combining operation, the head base must be dry, Supak cautions.

Several weeks may be required for the head base to dry naturally. During this period seed will begin to shatter and some yield will be lost. The best alternative is such the final drying process through the use of a harvest - aid chemical.

"Unfortunately, at this time (July 25) none of the available harvest - aid chemicals are cleared for use on sunflowers, Supak reports. Efforts are under way by the agricultural chemical industry, producer groups and public institutions to obtain a label for at least one such chemical by the time it is needed in the field. The establishment of a federal 10 days. A combine equipped with a sunflower header attachment should be immediately available, because delays could be costly in terms of seed loss shattering and bird feeding.

The harvest - aid chemical that will be used on sunflowers is a non - selective desiccant. That is, it will kill any plant tissue it contacts including cotton, sorghum and other crops in

adjacent fields. Chemical drift is a potentially serious problem, Supak says.

Reducing nozzles such as "Rain drop" and by using drift reducing agents such as Target or Nalco - Trol. These equipment changes and additives will probably increase the costs of spraying operations. In the long run, however, this could be money well spent if there is danger of damaging adjacent crops.

As usual, Supak says, the toughest part now will be waiting during the next few weeks.

Interested Texas cattle producers will have an opportunity to hear and discuss proposed changes in the state's brucellosis eradication program during a series of public meetings on the Texas High Plains in August.

Scheduled by the Texas Agricultural Extension Service in cooperation with the Texas Animal Health Commission, the meetings will be held in Big Spring, Lubbock, Amarillo, Canadian, and Paducah.

As of July 1, 24 Texas counties had qualified as bovine brucellosis free areas and 23 other counties had no known infection, according to Dr. H. Q. Sibley, TAHC executive director. Current regulations do not contain provisions for protection of these clean areas, Sibley emphasizes.

The TAHC has proposed a number of major changes in the brucellosis program.

The Commission voted to propose the regulation changes to bring the Texas program more in line with national brucellosis standards contained in the "Uniform Methods and Rules" for eradication recommended by the United States Animal Health Association.

The following is a list of times and places of those meetings: August 8 at 8 p.m. Paducah, Courthouse; August 8 at 10 a.m. - Big Spring Texas Electric Ready Room; August 12 at 8 p.m. - Canadian Courthouse; August 14 at 8 p.m. - Amarillo, Tri-State Fairgrounds, Gould Sales Arena; and August 19 at 8 p.m. - Lubbock, Plains Coop Oil Mill.

Changes in brucellosis regulations which will be discussed by TAHC area veterinarians include the following: Outlining the manner in which cattle may move into within, and from certified areas to protect the status of these areas. If an adequate number of breeding cattle are being sampled at the time of slaughter from a clean area, the Commission could allow to move from these areas without further tests. (2) Authorizing testing of all eligible test cattle prior to loan, lease, sale, or any change in ownership except, (a) breeding cattle that are consigned from herd of origin directly to slaughter and (b) animals originating in certified brucellosis free herds. These changes would give the Commission flexibility in handling the various situations that occur in different parts of the state. (3) Requiring, "S" brand of brucellosis exposed cattle only when going on permit to slaughter or to a quarantined feedlot. This would comply with federal regulations which became effective on April 22, 1975. (4) Authorizing and providing for using supplementary tests in certain phases of the program. (5) Allowing official brucellosis calfhood vaccination down to two months of age instead of the present three months of age. (6) Outlining provisions to move breeding cattle from a county which has lost its modified certified free status. (7) Providing for methods of handling brucellosis negative cattle at livestock markets by keeping them separate from infected, exposed, or unknown cattle.

The proposed changes will be posted in every Texas courthouse for at least 30 days prior to the September 4 public hearing, said Sibley.

Questions concerning the brucellosis program should be directed to the Texas Animal Health Commission in Austin (78701) or to TAHC field veterinarians.

This information comes from the Texas Animal Health Commission, Dr. H. Q. Sibley, executive director and is disseminated by the Lubbock office of the Texas Agricultural Extension Service. More information may be obtained by calling the TAHC at 512-475-4111.

SOIL CONSERVATION NEWS

COVER CROPS AND CROP RESIDUE - Most farmers will be "laying - by" their cotton crops with the next plowing. All signs seem to indicate a good crop for most of the county. Yet, all too soon the blow season will be on us, so lets plant ahead and do something - NOW - to stop the sand from blowing later. On 2 x 1 or 2 x 2 cotton we can plant sudan or maize on our last cultivation. Turn - rows, terraces, and bar ditch areas may also be seeded to sudan or maize for both protecting and residue. If this doesn't fit with your plans then small grain can be planted. If all this fails to develop one can spread cotton burs. The time to start is NOW.

Two local members of the Soil Conservation Society of America are planning to attend the Society's 30th annual meeting in San Antonio August 10 - 13.

Eual Davis and Buddy Pitman plan to attend from the Tahoka area.

South Dakota Senator George McGovern will make the keynote address on Monday August 11. His topic will be the meeting theme - "Land Use: Food and Living."

More than a thousand professional conservationists from the United States, Canada and Mexico are expected to attend the four day meeting which begins on Sunday, August 10, with registration and a reception.

The Society is a non profit scientific and educational organization dedicated to advancing the science and art of good land use. It has about 14,000 members throughout the world.

Official hosts for the San Antonio meeting are the members of the Society's Texas Council of Chapters.

enough applications on hand to use up the money we will receive this year. However, we are running short of applications. If you or your landlord are interested in a GP Contract we ask that you contact the SCS office and sign an application. Each application receives a number at the time it is signed and this numerical order is one way of determining who gets a contract the coming year. We ask that you plan ahead by making your application now.

The Soil Conservation Service will soon receive its allocation of money to be spent on GPCP contracts during the next 12 months. The Tahoka Field Office has

Bond Sales At Half of Quota

June sales of Series E and H United States Savings Bonds in Lynn County were reported today by County Bond Chairman F. B. Hegi. Sales for the six month period totaled \$63,761 for 49 percent of the 1975 sales goal of \$130,000.

Texas sales during the month amounted to \$19,368,773 while sales for the first half of 1975 totaled \$120,960,714 with 52 percent of the yearly sales goal of \$234.3 million.

Mrs. V. L. Botkin is recuperating from injuries received in a fall at her home east of town a week ago Monday. She was out in the yard and was removing her boots near the doorway, when she slipped and fell, injuring to vertebrae and cutting a 4 inch gash in the back of her head. She spent three days in Lynn County Hospital but is now at home.

Former Citizen Dies At Lubbock

Mrs. A. D. Hughes, 54, route 5, Lubbock, known to a number of Lynn County citizens, died Saturday in Methodist Hospital following a long illness.

Funeral services were held in a Lubbock funeral chapel Monday at 2 p.m. with Rev. Vic Allen, retired Baptist minister, of Ciscoe, and burial followed in Resthaven Memorial Park.

A former resident of Lynn County, she had lived in Lubbock County the past 35 years was a graduate of Frenship High School and a member of Smyer Baptist Church.

Survivors include her husband, one son, Arthur D. Jr. of Smyer, one daughter, Mrs. Sondra Brown, Smyer, her mother Mrs. E. C. Hughes of Lubbock; two sisters, Mrs. Hazel Jones and Mrs. Velma Hilden, both of Lubbock and four grandchildren.

NEW HOME NEWS

FLORENCE DAVIES

Dorothy and Sheila Donald, Joyce, Donald, Dahlien Hancock, Bob, Shirley, and Cooper of Slide were with last week end State Horse Show. Missy participated in show.

Les M. Shockley of 1418 St. Lubbock visited and relatives Worth and Crowley and.

(Little Jo) Miller of Monday here with Mrs. Miller. The Millers moved from Clarion to the Miller Post.

Mrs. Harold Royce Dixie Fielding who moved to Lubbock from the Jerry home Monday. Day-Laurie Crouch of Washington, visited

the family Sunday.

Lisa Martinez spent a week in San Antonio with her aunt, Mrs. Quintin Velasquez returning home Monday.

Mr. and Mrs. Orvel Ray Phifer and Phil are moving this week to Earth, where O.R. will be associated with Beth's father, R. H. Belev and brother Bob in the Earth Gin Co. and will also be farming. The Phifers have been a good part of our community for many years, he came to New Home with his parents from Oklahoma when he was three years old. Beth came with her parents in 1946. She and Orvel Ray were married here and their three children Perri, Pandi, and Phil were all born here. We wish them happiness in their new home.

Pandi, Mrs. Scott Jones and her husband live in Lake Charles, Texas, and Perri is a student in South Plains College in Levelland.

Mrs. Rodney (Anita) Overman left the Lubbock Airport Saturday morning to join Rodney in the Masawa Japan Air base. Rodney went to Japan on June 17th for an 18 months tour of duty.

Mrs. Joyce Cardon and children of Cameron, Arizona, and Mrs. Judy Davidson and son of Santa Fe, New Mexico spent Friday night and Saturday night here with their aunt, Mrs. Rudy Overman and Randy. Gary Smith of Albuquerque, New Mexico also visited with his aunt and cousin. They also visited

with Jim Bob Smith and C. B. Nowlin families. Mr. and Mrs. Buddie Smith of Albuquerque, were with his mother, Mrs. Hillary Smith in Lubbock.

Kim Lyles of Lovington, New Mexico is visiting here with her aunt, Mrs. Bob Parker and family. Kim came July 24th for a check up with her doctor in Lubbock.

Mr. and Mrs. Bob Blacker left Wednesday for Houston where Betty Mary entered M. D. Anderson Hospital for tests.

Our brother in law, M. M. Shearer of Lamesa is in the Medical Arts Hospital in Lamesa.

Mr. and Mrs. Joe D. Unfred, and her mother, Mrs. Jane Peter left Lubbock on Wednesday, July 23rd for Pennsylvania. Joe and Betty attended the 28th reunion of the Third Armored Division Association in Seven Springs Pennsylvania held in the Seven Springs Mountain Resort July 24th, 25th, and 26th.

On Saturday night the largest crowd ever fed at this resort was 1250 persons. Joe D. returned home Sunday the 27th. Betty joined her mother in Harrisburg, where she was visiting her brother Guy Flickinger, and several nieces and nephews. They returned home Saturday night. The 1976 reunion of the Armored Division will be in San Francisco, California the last week in July.

Also attending were Eddie Brosch of Slaton, Duncan Ellison, Paul Wood and Bennie Hendrix, all of Lubbock.

Mr. and Mrs. Jack Gibson of Santa Anna, California came Saturday to visit his sister, Mrs. Weldon McClintock and family, they will stay over for the Gibson family reunion, Sunday August 10th in the VFW Auxiliary building in Lubbock.

Cindy and Holly Munsch of Zaragoza, Spain were greeted at Lubbock Airport June 25th by her parents, her parents, Mr. and Mrs. V. P. Haley, Dennis, Cissy, Perry, Justin, and Jenny Haley, Rick Denise, and Darrell Haley and J. M. and Jessie and Lesa Haley of Post, Texas. Cindy's husband, Jerry stayed in Spain while she and Holly are home for a six weeks visit. They

will return home the first of September for the two year remainder of a three year tour. They plan on taking Cindy's parents, Mr. and Mrs. V. P. Haley with them for a months visit to Europe.

July 3, Cindy and Holly Munsch were special guests at a small family gathering in Mahon Park in Lubbock. Attending the gathering were Mr. and Mrs. V. P. Haley, New Home, Dennis, Cissy Haley, and children of New Home, Rick and Denise Haley and son of Lubbock Bill Pool and family of Lubbock, Ray and Janis Poehl and children of Lubbock and Mr. and Mrs. N. W. Pittillo of Portales, New Mexico, and Jim and DeAnna Davis and daughter of Raton, New Mexico.

The annual Ensor family reunion was in the Roosevelt Club House Saturday August 2. All of the Ensor boys and girls and most of their families were there. The Ensors are Mrs. Nannie Mae Wilson - Big Spring; Mr. and Mrs. W. R. (Da B.) Puckett, Plainview, Mr. and Mrs. H. H. (Mattie) Smith Grand Prairie, Texas, Mr. and Mrs. A. B. (Julia) Hemmeline, Lubbock, Lucille Roseman, Grand Prairie, Texas, Mr. and Mrs. Glen Ensor, Waynesville, Miss., Mr. and Mrs. Gillie (Juanice) Henson, Lubbock, Mr. and Mrs. Charlie (Dink) Hemmeline, Petty, Mr. and Mrs. James Ensor, Ruidoso, New Mexico. About 6 p.m. Saturday Mrs. Nannie Mae Wilson of Big Spring who is the oldest member of the Ensor children suffered a stroke, and was taken immediately to the Methodist Hospital and remains in very serious condition.

Mr. and Mrs. Don Sharp and Ronnie, and Claude Fewell of Carlisle had good luck fishing at Lake Hubbard near Breckenridge catching over 200 nice fish, they went down Thursday and returned home Sunday afternoon. The families got together Tuesday night for a fish fry.

Robert Poer Shorty Milliken, and C. B. Nowlin fished at Lake Hubbard the past week.

Roy Tunnell of Levelland had open heart surgery Thursday July 24th in Methodist Hospital and has been released to return home. His sister, Mrs. Cap (Hythen)

Rowe of Arkadelphia, Arkansas has been with the family at the hospital and at Levelland.

Mrs. John Armontrout was released from the Methodist Hospital Wednesday and is doing very well at the home of Joe Mac and Faye.

Piggly Wiggly Coloring Contest

Piggly Wiggly is happy to announce the 1975 Great Southwestern Coloring Contest they will sponsor. Each child who wishes to enter will be given a 19 cent 10 page "Super Size" coloring book. Any child may enter to age 15. Shurfine Sam's coloring books will be available

August 8, 1975 and the child's entry must be received in our store no later than August 18, 1975. The following store prizes will be announced and posted on August 19, 1975: 1st - \$5.00; 2nd - \$3.00; 3rd - \$2.00; 4th - \$1.00 and 5th - \$1.00.

At the conclusion of our in-store contest, we will send the first place entry to our warehouse, Affiliated Foods in Amarillo. These entries will be given to the Commercial Arts Department of Texas State Technical Institute in Amarillo. Grand Prizes will be awarded as follows: 1st Grand Prize - A floor model Air Hockey Game value \$149.95; 2nd - grand prize - 26" boys

or girls bicycle, value \$109.95; 3rd 26" boys or girls 10 speed bicycle, value \$109.95; 4th 26" boys or girls 3 speed bicycle, value \$89.95; 5th - grand prize - 26" boys or girls 3 speed bicycle, value \$89.95; and 6th grand prize - 1 table model Air Hockey game.

So, kids remember to come by August 8, 1975 and pick up your free coloring book. All pages in the coloring book will contain space for enrollment so that you can enter any picture of your choice. No purchase is necessary.

Visitors in our home on different occasions the past week were, Mary Ellen James, and Seth Blair, Colorado Springs, Colorado, Don Mary Ann, Carolyn and Deanna Cowan, San Benito, Carlton, Joyce, Kenna Jo Davis, Lubbock Charles and Billie Jo Freeman and Mrs. Nora Freeman Crosbyton. Joe Loyd Freeman and Miss Jamaree Southward, Lubbock and this Monday night Ann and Wayland Walton of Snyder are spending the night to to Lubbock Tuesday morning to the doctors office to get the stitches out of her foot.

Mr. and Mrs. C. D. Frisbee and children of Wichita Falls attended the Ensor family reunion and spent the night and Sunday with her parents, Mr. and Mrs. Charles Hemmeline.

Mr. and Mrs. Don McBrayer and girls accompanied Mr. and Mrs. Jack Clements to their ranch home at Mangum, Oklahoma Friday July 25th returning home Sunday night. They attended the First Baptist Church in Mangum Sunday morning.

After she became ill at their home Sunday, Mrs. J. W. Edwards was taken to Methodist Hospital and re-

mains for tests. in room 778.

Mr. and Mrs. Kenneth Smith, Michele, Kimberly, and Kendall moved last week to 5209 - 70th St. in Lubbock. We wish this young family much happiness in their new home. Kenneth and the children are life long residents of New Home. Nancy was born in Louisville, Kentucky. Kenneth will continue his farming interest here.

Beth Davis of Dallas spent the week end with her father, Don McBrayer and family and attended morning services in the New Home Baptist Church.

Sherry Etheredge Says . . .

House plants can be a decorative feature of your home. They are relatively inexpensive, and their cultivation can become a fascinating hobby. There are two different categories of house plants to be considered: plants grown for foliage, and plants grown for bloom. Consider the atmospheric conditions of your house before selecting plants. Generally speaking, plants prefer a cooler, more humid atmosphere than people do, and may require direct sunlight. Exposure: If the window has southern or southwestern exposure, it will be possible to grow a wide variety of flowering plants as well as many of the spring bulbs which are available in endless variety and are most rewarding for the indoor gardener.

Temperature: is almost as important to exposure. Most house plants thrive best in a temperature which ranges between 60 and 70 degrees. If the temperature is consistently too high, the growth of the plants will tend to be weak and spindly. If the temperature drops too low at night, the growth will tend

at night, the growth may temporarily or even permanently checked. Some plants are sensitive to temperature fluctuations, while others cheerfully withstand them. Practically all plants require an abundant supply of fresh air, but direct draft should be avoided.

Humidity: Every effort should be made to increase humidity in rooms where plants grow. This can be done in a number of ways. Water pans may be attached to the radiators, or the pots may be placed on pebble-filled trays, in which the water is kept just below the bottom of the pot. Frequent syringing of the foliage is also a great help.

Watering should be done in the morning, and the water should be at room temperature. The pots should never be allowed to stand continuously in trays or saucers filled with water, as this makes the soil soggy and sour. A daily check up is necessary, although daily watering may most always be advisable. Tap the pot with your knuckle. A dull, thick sound indicates that the soil is still moist; is it

makes a hollow, ringing sound, the plant needs water. Plants vary greatly in their needs, and plants which are growing rapidly and forming flower buds will require more frequent watering than those in a less active stage. Most plants may be watered with a watering can that has a long slender spout, from which the sprinkler has been removed. There are a few plants with thick, fuzzy leaves, such as African violets and gloxinias, which resent overhead watering. Such plants should be watered by placing the pots in a shallow pan of water and leaving them there until the soil on the surface becomes damp.

Foliage should be kept clean and dust free. Plants with hairy leaves should never be washed; instead, clean the leaves gently with a soft brush. All others may be cleaned by spraying with water. Each plant is subject to its own variety of disease or blight and vulnerable to particular insects. A well-cared for plant is usually immune to such problems, but should they develop there are commercial preparations designed to combat them.

Drainage: House plants must have good drainage. This can be provided at the time of potting by placing pieces of broken crocks in the bottoms of the pots.

Fertilizer: Most house plants particularly those that flower abundantly, are benefited by an application of fertilizer every four to five weeks while the plants are making active growth.

Danger Signs: Healthy plants can be kept in good condition by following a few general rules. If the leaves and stem droop, the plant is not getting enough water; yellowing leaves indicate too much water, or improper drainage; undersized leaves mean the plant is not receiving proper nourishment.

PHILLIPS FAMILY REUNION:

Mr. and Mrs. H. E. Phillips of New Deal hosted a Phillips family reunion on Sunday July 27, in their home with approximately 55 relatives attending. Included among the guests were: Mrs. Clara Phillips, Mrs. Lorain Crowson, William Phillips, Dawn and Billy and Mrs. and Mrs. W. R. Crispin, Jr. all of Wilson; Mrs. Estelle Crowson, Mr. and Mrs. Delbert Wyatt and Mike all of Sulphur Springs, T. C. Phillips of Athens, Mr. and Mrs. Frank Burkhardt and children of Plainview, Mr. and Mrs. Charles Foerster and children, Mr. and Mrs. Leslie Dinzy, Mr. and Mrs. Jack Phillips and Richie, Mrs. Vera Phillips,

and Mrs. Jo Eagleston and Alan and Mitchell, all of Lubbock; Mr. and Mrs. Clarence Phillips and Mr. and Mrs. Ed Taylor and children all of New Deal.

Softball News

In regular City League softball play, the Tigers managed by Bill Chancy, won first place and Tatum Bros. managed by Dwayne McNeely won second place.

The Sportsmanship trophy was awarded to Roger Williams. Appreciation trophies were presented to JoAnn Miller, score keeper and Sherry Tilley announcer.

In the Tahoka tournament Gabriels of Lamesa was presented with the first place trophy; Kruse of Lamesa, second place trophy, and Tahoka Merchants, third place. The sportsmanship trophy was presented to the team of Bob Brown of Lamesa.

The all-tournament team named was composed of Milt Miller, Chuck Tipton, Jim Sterling, Brent Fields, Louis Loyd, Jeff Atwell, Bill Jones Carlos Tijerina, and Henry Villalobos. Most valuable pitcher was Gale Abney of the Merchants, and most valuable player was Louie Amaro of the Merchants.

We'd like to thank everyone who helped make the tournament a success, especially the businesses of Tahoka that contributed in many different ways.

Tahoka still sponsor a Low-Pitch Tournament beginning Thursday, August 7. We'd like to invite everyone out to enjoy the tournament.

WILSON NEWS

Mitch, Tracy, and Jayson Bartley are spending two weeks in Irving with their father, Floyd Bartley.

A fire on Tuesday evening of last week was discovered at the Klattenhoff farm north of Wilson. Wilson firemen quickly extinguished the blaze in a barn on the property.

BIRTHDAYS:
August 1 - Rodney Crews, August 2 - Suryp Benavidez; August 3 - Connie Moore; W. G. McCleskey; August 4 - Mrs. Woody, August 5 - Jan Gatzki, Jessie Perez, Jan Koslan, Donald Klaus; August 6 - Ginger Swope; August 8 - Donny Crowson, August 9 - Johnny Arnold; August 10 - Trisha Houchin; Ricky Moczygmba; August 11 Roger Gickhorn, Mrs. a. a. Teinert; August 12 - Jill Crews, August 15 - Rev. E.

T-BAR BRIDGE

Winners in duplicate bridge play at T-Bar Country Club last week were: Mrs. Olen Renfro and Mrs. John Curry first; Mrs. Jess Gurlley and Mrs. Dwain Lusk, second; Mrs. T. E. Leverett and Mrs. Winston Wharton, and tied for fourth and fifth were Mrs. Frank Hill and Mrs. Audle Norman and Mrs. Mattie Tudor and Mrs. Jacquie Chessir, both of Brownfield.

Bryan Moore Attending WTSU Tennis Camp

One Tahoka youngster is among 127 players participating in the third session of the West Texas Tennis Camp this week (July 29 - August 2) on the campus of West Texas State University. The camper from Tahoka attending the third session is Bryan Moore.

Over 350 tennis players between the ages of nine and 18 have participated in the camp's three sessions this summer. In its six year history, the camp has helped over 1,800 players improve their game.

WTSU Head Tennis Coach David Kent and Amarillo professional Roland Ingram are the camp directors. Kent's Buffalo team won its third straight Missouri Valley Conference championship this spring, and Ingram is returning to Amarillo following a successful term as head tennis coach at Midland College.

"We try to do two things in the camp," Kent says of the camp's aims. "One, we try to improve each individual's game, and two we try to have some fun."

The camp is held on West Texas State's 14 Laykold courts, the site of the 1976 Missouri Valley Conference championships and one of the finest tennis facilities in the Texas Panhandle. Campers also have the use of the university's \$4 million Student Activities Center.

"Our facilities are second to none," Kent adds. "With our facilities and our excellent instructors, we accomplish both our aims."

Jimmy Gickhorn Attends A & M Fireman School

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said President Carol G. Chaloupka of Dalhart. "It is our hope in sponsoring this program that the fireman will help the Wilson Volunteer Department to better serve the residents of Lynn County."

Jimmy Gickhorn, volunteer fireman on the Wilson Volunteer Fire Department of Wilson is attending the 46th Annual Texas Fireman's Training School July 21 - 25. The school, attended by nearly 1,521 students representing about 640 cities from approximately 32 states is being held on the Texas A&M University Campus this week.

Firemen can choose their course at the school from a list including Firefighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue Operations.

Fireman Gickhorn is being sponsored by Lynn County Farm Bureau and Texas Farm Bureau Insurance Companies by contributing toward the cost of the school. Since volunteer firemen are interested in attending this school to help do a better job of fire fighting and fire prevention, 100 County Farm Bureaus and the Texas Farm Bureau Insurance Companies in the statewide program have sponsored 100 firemen at the school.

Leaving for home Monday after a visit of two and a half weeks with Mrs. Calvin Edwards were her granddaughter, Calva Ann, and husband, Kenneth Ledbetter and the latter's friends, Norman and Sabrina Krupowski all of San Diego, California.

WEST TEXAS STATE UNIVERSITY GRADUATES

Three hundred and sixty-eight West Texas State University students will graduate in Summer Commencement ceremonies August 16 at 4:30 p.m. in the Amarillo Civic Center Coliseum. The rehearsal is scheduled for 10 a. m. that morning in the coliseum. Dr. Lloyd I. Watkins, University president, will present diploma covers to the students. The graduate student from Tahoka is Marlene Ren, Box 234, law science (arts & science)

MACOS COURSE

EDUCATION

MACOS EVENTS, of July 1975, reported that the Science Foundation radical MACOS proposed funds re-allocated from the Federal Fund cut at the Senate Agriculture Subcommittee on Urban Development Independent Agencies. The bill included \$10 million to implement type courses and \$10 million for development of such courses. This issue was debated on the floor where there may be some changes made to reinstate the bill. The House passed a bill denying \$9 million request for implementation funds.

WALL STREET on July 21, 1975, had an editorial under the title of MACOS AND VALUES. In summarizing National Science Foundation's spending nearly \$7 billion to develop a controlled course that has been in some 1,700 schools in school districts nationwide. The course is referred to as "Man: A Course of Study."

The purpose of MACOS is to focus appreciation on the focus appreciation among fifth graders. Students directed to examine several special animals plus the Netsilik eskimos, a society of hunters who lived in the Canadian artic.

The MACOS program judged by Farm Bureau Standards, would be unsuitable for fifth grade students. The course deals with cannibalism, adultery, bestiality, (brutality), infanticide (child murder), incest (the crime of cohabitation between persons related within the degrees wherein marriage is prohibited by law), wife-swapping and geronticide, (destruction of old people.)

The UNITED STATES GOVERNMENT MANUAL for 1974 - 1975 gives the following explanation as to the purpose of the National Science Foundation.

The purposes of the National Science Foundation (NSF) are to: increase the knowledge and strengthen its ability to conduct scientific research, encourage research in areas that can lead to improvements in economic growth, energy supply and use, productivity, and environmental quality; promote international cooperation through science; and develop and help implement science education programs that can better prepare the Nation for meeting the challenges of the decades ahead.

Foundation was established by the National Science Foundation Act of 1950 (64 Stat. 149; 42 U.S.C. 1861 - 1875), as amended and was given additional authority by the National Defense Education Act of 1958 (72 Stat. 1601; 42 U.S.C. 1876 - 1879). More recently, reorganization Plan No. 1 1973, effective July 1, 1973, transferred to the Director of NSF the functions of the Office of Science and Technology which was abolished by the reorganization plan. The Foundation consists of the National Science Board of 24 members, and a Director Deputy Director, and four Assistant Directors each appointed by the President with the advice and consent of the Foundation and serves ex officio as a member of the Board and as chairman of its Executive committee.

(U. S. GOVERNMENT MANUAL 1974 - 1975.) Farm Bureau members are reminded that laws authorizing the National Science Foundation, its programs and finances, are approved by Congress.

PESTICIDES APPLICATIONS CERTIFICATION: Texas is to receive \$18,600 from dollars appropriated by Congress to the Environmental Protection Agency to implement a pesticide applicators certification program. The funds can be used to develop state legislation, develop a state plan for certification and initiate the state pesticide applicator certification program.

COTTON CONTRACTING: New crop contracting was extremely slow. A very small volume of 1975 crop cotton was forward contracted by growers in the San Joaquin Valley of California at 49.00 cents per pound, basis grade 31 staple 35, 3.5 - 4.9 mike. Most growers in that area were not willing to contract for less than 50.00 cents per pound.

Gasoline rationing was considered only during a severe supply shortfall and would be the third of a three step strategy. Steps one and two are supply allocation, price controls, followed by taxes with rebates.

CCC LOAN REPAYMENTS: CCC loan repayments of 1974 crop cotton in the two week period ended July 9 totaled 27,900 bales. This brought repayments for the season to 1,248,200 bales. As of July 9, CCC loans were outstanding on 1,215,800 bales of 1974 crop cotton, which included 403,500 bales of Form A (producer) loans and 812,300 bales of Form G (cooperative) loans (WEEKLY COTTON MARKET REVIEW, July 18, 1975 CREDIT REPUBLIC OF SOUTH AFRICA: USDA announced on July

10, 1975, that a new \$1 million line of Commodity Credit Corporation credit had been established to finance export sales of U. S. beef and dairy breeding cattle to the ranchers in the Republic of South Africa. Terms provide for 36 months financing with equal annual payments of principal and accrued interest.

The export authorization period is effective through June 30, 1976.

COTTON PROGRAM 1976; USDA has announced its intention to determine the basic facts with regard to the 1976 cotton crop. Specifically, the Secretary proposes to make the following determination: (a) the amount of national production goal, (b) amount of national base acreage allotment, (c) apportionment of the national base acreage allotment to states and counties; (d) establishment (target) price; (e) whether there shall be a set aside requirement and if so, the extent of such requirement; (f) whether there should be a provision for additional diversion and, if so, the extent, of such diversion and payment therefor and (g) other related provision necessary to carry out the set aside program.

Anyone wishing to comment with regard to the program should address their comments to the Director, Grain, Oilseed and Cotton Division, Agricultural Stabilization and Conservation Service, U. S. Department of Agriculture, Washington, D. C. 20250, not later than August 14, 1975 (FEDERAL REGISTER, Friday, July 18, 1975, page 30274.

JUST IN CASE -- A RATIONING PLAN: Nobody hopes more than FEA that our country never has to ration gasoline. But, to be prepared for all eventualities, a special group within the agency has prepared a 3,000 page draft Gasoline Shortage Contingency now awaiting final approval.

In the plan, supplies would be first set aside for national reserves and State programs. Next, gasoline would be apportioned to commercial firms, non-profit and government organizations, and licensed drivers. Coupons for individuals would be issued quarterly from 40,000 locations, such as Federal savings and loans and county agriculture offices. The coupons would entitle drivers to a specific number of gallons for the rationing period. Once issued, coupons would have unrestricted resale value. Allowing citizens to resell their coupons on a "white market" would lessen the possibilities of a "black market" and allow adjustment of our uneven individual or regional demands.

Other activities during the meeting included tours of Santa Fe, an afternoon at the horse races at Santa Fe Downs, and a Saturday evening dinner dance.

Approximately 150 key dealers and wives from Texas, New Mexico, Oklahoma, Kansas, and Colorado attended the three day meeting.

Major drawbacks include the built in inability to find a truly equitable distribution system and a \$2 billion price tag. For these and other reasons, FEA hopes the plan will rest comfortably on the back shelf -- forever. (ENERGY REPORTER, Federal Energy Administration Citizen Newsletter, July 1975)

Karen Sue Glenn Plans Marriage

Mr. and Mrs. George Glenn wish to announce the engagement and approaching marriage of their daughter, Karen Sue, to Dan William Pulattie, son of Frank Pulattie of Waco and Mrs. V. Wheeler of Odessa. The couple will exchange vows on September 13 in First Baptist Church of Tahoka.

Miss Glenn, a 1970 graduate of Tahoka High School, attended Commercial College in Lubbock, and is currently employed as office manager for Jefferson Standard Life Insurance Co. in Lubbock.

Mr. Pulattie is a 1975 graduate of Texas Tech with a degree in Parks Administration, and is employed as general manager of Yard Ecology Service of Lubbock.

O'Donnell Man at PAG Meet

Mr. and Mrs. E. L. Follis Jr. of O'Donnell attended the Regional P-A-G Dealer Council meeting, July 25 - 27 at the Sheraton - Santa Fe in Santa Fe, New Mexico. Follis is assistant manager of Farmers Co-op Association of O'Donnell.

Dr. Charles Berry, director of PAG Sorghum research, Lubbock, Texas, was guest speaker at the Saturday morning business meeting, presenting a program on new sorghum varieties and research developments within the PAG Seed department. The PAG Dealer Council meeting is held annually to inform key dealers about new PAG corn, sorghum and forage hybrids.

Other activities during the meeting included tours of Santa Fe, an afternoon at the horse races at Santa Fe Downs, and a Saturday evening dinner dance.

Approximately 150 key dealers and wives from Texas, New Mexico, Oklahoma, Kansas, and Colorado attended the three day meeting.

Nursing Home News

All our patients who were in the hospital are home. Mrs. Harter and Eli Mims were both in the hospital a few days.

Alean Bartley and Francis Powers brought squash and green beans, and of course we enjoyed them.

Mrs. Vivian Barnett one of our L.V.N. is in the Lynn County Hospital for x-rays and check up. We are hoping she will soon be able to be back, as Rita and Peggy have no one to relieve them.

Mrs. Sammy Turner came last week and helped us sing. Veta Ford is on vacation.

Our roses are blooming again but the garden doesn't look too good, too much rain. The guys are putting in

our sprinkler system, that is suppose to work in case of fire.

Canna Allen visits her sister, Mrs. Sam Bartley who is in the Lynn County Hospital.

Thanks for the beautiful flowers than some family sent us.

Brother Tut Jones from Sweet Street Baptist Church brought our church services he read Isalah 41 verse 10. Fear thee not for I am with thee, be not dismayed for I am thy God, I will string them Thee, yes I will help Thee always.

Virginia Dann spent three days in Big Springs visiting friends.

Also others visited their families. We have visitors everyday.

O'Donnell Infant Buried Thursday

Graveside services for Israel Gutierrez, infant son of Mr. and Mrs. Ruben Gutierrez of O'Donnell were at 10 a.m. Thursday in O'Donnell cemetery under direction of White Funeral Home.

The baby was born in Lynn County Hospital Tuesday morning and died in Methodist Hospital in Lubbock at 1:55 p.m. the same day.

The infant is survived by his parents, grandparents, Mr. and Mrs. Francisco Olvera and Mr. and Mrs. Manuel Gutierrez all of O'Donnell; a sister, Angela Dawn, of the home and a brother Reuben Ray also of the home.

Children Win At Fort Worth

Daron Norwood, age 9, and Byron Norwood, age 5, formerly of Tahoka and grandsons of Mr. and Mrs. J. T. Miller of Tahoka, recently were awarded individual trophies for their participation on the Fort Worth City Cham

plonship Track team, "The Travis Racers." Both boys run for the Racers for six weeks prior to the city championship meet on July 14, and both won numerous ribbons.

At the city meet, Byron participated in the 50 and 100 yard dashes and won two first places.

Daron won first in the high jump, third in the broad jump, and third on the 440 relay team, qualifying him for the State Meet in Grand Prairie.

At the state TAAF meet, Daron became the new state high jump champion for 9 year olds by winning first. He also won fifth in broad jump, and his relay team placed fourth.

Daron and Byron are sons of Mr. and Mrs. Hugh Jack Norwood, who live at 2901 Burchill Rd. N. in Fort Worth.

Announcing the New International 1566 Turbo

The most powerful tractor ever built — strong, it's your best choice to stretch your dollar. Make field work easier. Powered by the engine, one of the Series of International tractors that have the most outstanding reputation for durability, high performance, and high performance power shifting.

with Torque Amplifier transmission ... 12 forward speeds. Planetary final drive system handles sustained heavy loading with less strain on drive train components. Deluxe protective safety cab surrounds you with comfort. Big 19" wet power brakes, operating in bath of oil, dissipate heat, prolong life.

Come in today. Let us show you how smooth-handling this big tractor can be.

TEXAS TALK

By Fred Myers

Another Federal Agency is moving closer to the farm. This time it's the Environmental Protection Agency. EPA officials are now sifting through the chemical analysis of nearly 35-thousand pesticides to decide which ones will require a government restriction. Those chemicals classed as restricted may be applied only by persons certified. Although the starting date for the certification requirement is more than a year away (October, 1976), many farm operators are already checking the requirements for certification. The establishment of two levels of certification will make things easier for most ag producers. To be certified as a private applicator (applying pesticides on your own land) boils down basically to being able to read and follow instructions. Commercial certification will involve passing a written test which will cover chemical formulas, equipment specifications and EPA rules and regulations.

Sherry Etheredge Says . . .

Whether or not to refreeze defrosted food is a problem plaguing many homemakers especially during hot summer months, Mrs. Mary Sweeten, foods and nutrition specialist, noted this week. "Under certain conditions frozen foods thawed before they're needed may be safely refrozen to prevent loss," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System said. "Fruits, vegetables and meats may be refrozen if they have not completely thawed, or if they were thawed for a short time and remained in a household refrigerator. "However, thawing, and refreezing usually results in loss of quality and flavor." Refrozen vegetables may toughen and refrozen fruits become soft and mushy. Such fruits still may be satisfactory for cooking, although, they've lost their raw fruit appeal. "The process of thawing and refreezing in itself does not make fruit, vegetables

or meats unsafe -- but thawed foods spoil more rapidly than fresh foods and may become unsafe to eat. "Foods probably not worth freezing are those that reached temperatures of 40-45 degrees F. after passing through the slow temperature changes that occur in a home freezer when operation has stopped." She explained that because low-acid foods, such as vegetables and meats, spoil rapidly after they have thawed and reached a temperature above 45 degrees F., it isn't advisable to refreeze them. Acid foods -- most fruits and fruit products -- are likely to ferment after they have thawed and reached a temperature above 45 degrees F. However, while slight fermentation of acid foods may change or spoil flavor, it does not make them unsafe to eat, she noted. RAISIN NUT STICKS: 1/3 cup shortening 1/4 cup sifted enriched self rising flour 1/2 cup seedless raisins

1/2 cup chopped nuts
3 tablespoons brown sugar
1 teaspoon grated orange rind
1/2 teaspoon cinnamon
1 egg beaten
1/4 to 1/2 cup milk
Cut shortening into flour until mixture resembles coarse crumbs. Stir in raisins, nuts, brown sugar, orange rind, and cinnamon. Blend together egg and 1/4 cup milk. Add liquid all at once to flour mixture, stirring until flour is moistened. If necessary, blend in more milk to make soft dough. Turn out into lightly floured board of pastry cloth and knead gently 30 seconds. Roll out to 4 x 16 inch rectangle. Cut into 16 1x4 inch strips. Place on ungreased cooking sheet. Bake in preheated oven 15 minutes, or until lightly browned. Serve warm or cool.

Mrs. Littlepage Dies on Tuesday

Mrs. Johnnie Littlepage, 54, a resident of Tahoka since childhood, passed away Tuesday morning at about 8:45 in Lynn County Hospital, where she had been a patient for about a week. Funeral services are set for today, Thursday, at 2:30 p.m. in First Baptist Church with the pastor, Rev. Jim Turner, officiating, assisted by Rev. Lee (Tut) Jones, pastor of Sweet Street Baptist Church. Burial will follow in Tahoka Cemetery under direction of White Funeral Home. Born at Corsicana on March 31, 1921, she came to Lynn County in 1924 with her parents, Mr. and Mrs. C. W. McClintock. She graduated from high school here, and on June 28, 1941, was married to Walthal L. Littlepage.

She was a member of the First Baptist Church, where she taught Sunday school class, and the Eastern Star. She lived with her husband at 1901 North Fourth. Survivors include her husband; one daughter, Mrs. Mike (Rhonda) Reid, and two grandchildren all of Tahoka; her mother, Mrs. C. W. McClintock of Hurst, two sisters, Mrs. Pauline Derden of Del Rio and Mrs. Opal Brown of Hurst; and three brothers, Duane McClintock of Floydada, and Derwood and Carl Jr., both of Morton. Pallbearers will be Robert Warren, Harold Warren, Robert Edwards, G. W. Grogan, Carl Griffing, W. H. Kenley, H. F. (Son) Guin, and Garland Pennington.

AROUND TOWN

BY LEONA WALDRIP
Call 998-4496

Mrs. Edna Brasher recently returned from a two weeks visit with relatives in Longview and other points near there. Then on Saturday she had a host of relatives from Compton, California area to visit her. They attended church at F.B.C. on Sunday. This week they will be joined by those from Longview so it will be like "Old Home Week" at the Brasher residence for several days.

Mr. and Mrs. Randall Waldrip and Judy of Levelland visited in Tahoka on Tuesday. Leaving by plane on Thursday Mrs. Dora Carpenter went to Seattle Washington, and points nearby where she will visit a son, grand-daughter and other relatives for a few weeks. Although she is in her 80's and uses a cane, Mrs. Carpenter makes this trip once or twice a year.

Mr. and Mrs. A. T. Adams left on Thursday for Corsicana where they attended the funeral on Friday of her brother, Clarence Johnson. On the way home they visited with his brother, J. M. Adams in Bront. It was a very hard trip for Mrs. Adams who is herself facing major surgery shortly. They returned home Sunday.

Mrs. Lela Wood and Mr. and Mrs. Emmitt Edwards attended funeral services on Saturday for Monroe Hague. The funeral was held at the Church of God in Seagraves and the body brought to Englewood Cemetery in Slaton for burial. The man died of head and chest injuries suffered in a tractor accident while working in the field on Wednesday near Seminole. Survivors include his wife; a son and a daughter and his mother. Also a brother and three sisters. The friends here and his family were one-time neighbors in the New Home community.

The Akin Family Reunion including persons from as far away as Dublin, Stephenville, Garland, and St. Louis Missouri, concluded Sunday afternoon at the community center. The gathering began on Saturday at the home of Mr. and Mrs. Edd Akin. The annual affair, all decedents of the late Mr. and

Mrs. S. J. Akin included more than 60 guests. Most had to leave late Sunday but Doyle who lives in St. Louis stayed over for awhile and he, along with his parents left early Monday morning for a camping trip near Cloudcroft, New Mexico. They expect to return by the end of the week.

Prayer meetings got underway Monday in preparation for the Billy Graham Crusade. Surely each of us can find time to attend at least once each week for the next four weeks as they are being held at 9:30 a.m.; 2:30 p.m. and 7:30 p.m. almost any day you pick, and in your neighborhood too! This is the least we can do, so if you can't attend one on your block then attend one with a friend across town.

Mrs. Ora Curry was hostess to the 88 Club Friday night. There were enough present for 2 tables of 6 each to play.

Lawrence Rites Here on Tuesday

Clayton Lawrence, 57, died Sunday morning in Brownfield General Hospital from an apparent heart attack about three days earlier. Formerly of Tahoka, he farmed in the West Point Community. Funeral services were held Tuesday at 2:30 p.m. in First Baptist Church of Tahoka with Rev. Pat Cummings, pastor of First Baptist Church in Brownfield, officiating assisted by Rev. Jim Turner, pastor of the local church. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

Clayton was born at Platt Corybell County, on October 14, 1917. He came to Tahoka with his parents from Hockley county in 1935, graduated from Tahoka High School, attended Texas Tech and served in the Army Airforce during World War II.

He was married to Genell Fortenberry in Roswell, New Mexico on October 11, 1941. Following the war, he farmed here several years, then near Friona, and returned to farm the Lynn County land at West Point five years ago while living in Brownfield. He was a member of First Baptist Church of Tahoka.

He is survived by his wife, one daughter, Mrs. Ste Karriker, of El Paso, one son, Alfred, also of El Paso; his parents, Mr. and Mrs. C. A. Lawrence of Lubbock; two sisters, Mrs. Roy (Marjorie) Botkin of Hereford and Mrs. Deen Ellison of Lubbock; one brother, Russell of Dallas; and two grandchildren. Pallbearers were Dub Fulford, Carl Hogue, L. J. Ri-

chardson, Bonner Lytle, Lawrence Harvick, Roy Stephens, Elwayne Crowwell, and Dr. C. B. Knox. The family asks that memorials be made to the American Heart Fund.

Charley Brown Seminole Coach

Charley Brown a coach last year at AAA Iowa Park, has been hired as a coach at Seminole for the coming year. In his first year of coaching at Iowa Park, Charley was assistant football coach and head baseball coach. His baseball team advanced to the state semi-finals. After winning the district, his team defeated Snyder in bi-district and Pecos in regional play before losing to Brenham in the semi-finals. His wife, the former Tonya Dorman, daughter of Mr. and Mrs. Cecil Dorman of Tahoka, will also teach at Seminole. Charley is the son of Mr. and Mrs. J. E. (Red) Brown of Tahoka. Both are graduates of West Texas State University.

Musical Drama Coming to First Baptist

"The Sound Foundation" a group of 50 young people touring New Mexico and Colorado, will present "Here Comes the Son", a musical drama here at First Baptist Church at 8 p.m. August 11. "Here Comes the Son," is an exciting portrayal of the loves of those who come in contact with Jesus Christ from His disciples to the soldiers who nailed Him to the cross. Backed by a sound track tape, the musical is presented in full Biblical costume.

"The Sound Foundation" is composed of 50 young people from Snyder Texas. They have presented the production in several places in Texas and New Mexico. Director of the group is Mr. Jerry Neill. Admission to "Here Comes the Son" is free.

MAYOR LESLIE ILL Mayor Meldon Leslie, who underwent major surgery in Lynn County Hospital Thursday of last week, is reported recovering nicely.

CAPTAIN ROBERT LEE CLARK - pictured above presenting an interesting program at Tahoka Lions Club meeting Tuesday of last week on his experiences as a "Hunter" pilot. (Photo by Wendell Patterson)

Airforce Pilot Is Speaker At Club

Captain Robert Lee Clark of Reese AFB presented a very interesting program at the regular meeting of the Tahoka Lions Club, Wednesday, July 30. Captain Clark was born in 1941 at Alistin. He is now chief of Aircraft Maintenance, Quality Control Branch, at Reese AFB. He is a senior pilot, having flown in excess of 2,000 hours, a graduate of William B. Travis High School in Austin and the University of Texas, B. A. degree, attended Inter-American University in Puerto Rico. Captain Clark entered the Air Force in February 1965 and worked as a Maintenance Officer until he decided he wanted to be a pilot. He graduated from Reese Pilot Training in June 1968. The program he presented to the Tahoka Lions was about some of his exploits as a "Hurricane pilot while he was with the 53rd Weapons Squadron, based at Rainey AFB in Rico from July 1968 until 1972. He flew 23 "Hurricane" missions and logged 2,500 hours that type mission. Experience as a pilot includes flying 96 missions in Southeast Asia on a AC 130 "Spectator" ship pilot mostly at Ho Chi Mein trail.

Outdoors in Texas

By: J. C. Roberts

Texas provides one of the widest ranges for fishing anywhere. This week let's talk about fishing the Gulf of Mexico. For the first time visitor to the great gulf, a party-boat is just the ticket. It's easy on the pocketbook, and the experience of the skipper and crew can make your first trip to salt water something to remember. Red snapper is the most popular fish, and a trip to the banks 30 or 60 miles out can be made in one day by the fast boats. The snappers love cut squid and other natural baits, and live in water from 100 to 200 feet deep. Electric reels are the ticket on some boats, to save a bone-breaking crank from the depths. Freeport, Galveston, Port Aransas and Port Isabel offer party boats, and reservations should be made. Take along Dramamine, Merizine, or some other medication for sea-sickness.

Compliments of

Tennis Tourny At Slaton

A tennis tournament of all ages will be conducted in Slaton's city - county park August 14 - 17, and residents of nine area school districts may enter.

Any persons living in Slaton, Post, Tahoka, Cooper, Roosevelt, Idalou, Wilson, New Home, or Southland school districts is eligible according to tournament director Dalton Wood.

Entries are being accepted in mens' and women's singles and doubles (high school graduates and above), in men's 35 - over singles and doubles, in high school boys and girls, singles and doubles (for those who still be sophomores, juniors and seniors this fall), junior high boys and girls singles and doubles, (those who will be

The "target price" provisions of current farm law may produce 1975-crop price deficiency payments to cotton producers across the 19-state cotton belt, including over 20,000 farmers on the Texas High Plains, according to calculations made by Lubbock-based Plains Cotton Growers, Inc.

The 1975 target price, after failure of PCG and other producer organizations to secure passage of an emergency farm bill raising it, remains at 38 cents per pound as announced by the Secretary of Agriculture last October. The law authorizes a payment equal to the difference between this target and the weighted average farm level price for all U.S. cotton sold during the calendar year.

According to U.S. Department of Agriculture figures, 4,472,160 bales of U.S. cotton sold in the January through June period this year, at an average price of 35.35 cents per pound. If prices in July through December don't raise this average to at least 38 cents, according to PCG officials, payments will be necessary to make up the short fall.

For example, should the 12-month average come to 36 cents, each producer would be eligible for a payment of 2 cents per pound times his farm's established yield from the smaller of his allotted acres or planted acres.

"Prices for the remaining six months of the year will determine whether payments are due," notes PCG Executive Vice President Donald Johnson, "but as long as the possibility of a payment exists, producers should keep in close touch with county ASCS offices to make certain they meet all eligibility requirements."

The Cotton Division of USDA's Agricultural Marketing Service reports average prices being paid to farmers as of the middle of each month, and these prices, weighted by the volume of cotton moved each month, make up the "average price paid to farmers."

USDA's most recent report, at mid-June, shows the average price paid at 36.9 cents, up from the March low of 30 cents. The price started the year in January at 42.1 cents, plunged to 32 cents by February 15, went on down to the year's low in March, then recovered to 32.2, 36.3 and 36.9 cents, respectively, in April, May and June.

In assessing chances for a price deficiency payment, PCG officials note, it should be kept in mind that, normally, more cotton moves through the market in the July-December period than during the first six months of the year. Therefore prices for the remainder of the year will have a greater influence on the annual average than the figures recorded to date.
