## Abernathy To Play Here This Friday

### Tahoka Bulldogs Ship Stanton

Bulldogs showed they were still seeking revenge last Friday night, and they will be seeking a 16-6 defeat against the usually victorious Stanton Bulldogs in a game scheduled for 7 p.m. Friday night.

Stanton game, play the field following the shower just before the game, Tahoka rolled back rushing and passing to 131 rushing yards and 13 passing yards by the Bulldogs. The Bulldogs were 16-0 in favor.

A nice bit of fakery in the backfield by Glenn Brooks, and Bailey had the whole Stanton team moving to the right as Danny Moore wound up with the ball on the wingback counter, moved over his left side, and raced 47 yards for another Bulldog score. Joseph Bailey's place kick was good and now Tahoka led 27-8.

Stanton wasn't through, though, and came back with a passing attack late in the game that ended in Bob Jones circling right and 6 yards to score the visitor's second touchdown, and QB Keyv Allred circled left end for the conversion. Final score, Tahoka 27-16.

Tahoka linemen did a stellar job considering the fact that most were playing their first varsity ball, and will doubtless improve with experience and practice. Among those up front were Lee Curry, Curtis Stice, Rickey Meeks, Cole Brecheen, Benny Arellano, R. C. Calderon, Bobby Gunnels and John Torres.

### Booster Club Activities

At a meeting in the school cafeteria on September 2, new Booster Club officers for the current school year were elected and coaches briefed members on plans for the year. Officers for the upcoming athletic season are Joe Brooks, president; Jimmy Bragg, vice president; Mary Brecheen, secretary; and Wanita Kelly, treasurer. Meeting time each week will be at 7 p.m. on Monday night in the cafeteria at Tubb Elementary.

On Monday night, September 8, films of the Stanton-Tahoka game were shown and the possibility of chartering a bus to the Dimmitt game on September 26 were discussed. Those who would be interested in taking advantage of bus transportation to Dimmitt are asked to contact George Glenn or Othell Meeks and let it be known that Tahoka fans will commit themselves for a given number no later than September 22.

Membership chairman Othell Meeks, assisted by Roy Stephens and Jimmy Bragg, reported that there are presently eighty-nine paid members of the Booster Club. One may contact any member of this committee in order to obtain a membership.

### Golf Tourney Ends Sunday

Following the annual T-Bar membership tournament and dinner last Sunday afternoon, a short business session was held to elect new directors.

Wayne Huffaker and Harold Gene Franklin were elected to the board to succeed Mrs. Joy Brookshire and Frank Hill for three-year terms, and Robert Smith was named to the one-year unexpired term of Orville Ray Pifer, who has moved away. Holdovers are Clint Walker, John Curry, Irvin Dunagan and Lit Moore.

Officers will be elected, tournament chairman, and committees will be named at the October board meeting.

Also announced is a "Pa and Ma Kettle" tournament for September 28 in which couples will play.

Robert Harvick and Mrs. Mary Wright were medalists in the tournament which ended Sunday afternoon.

Winners in the various flights follow:

Winners in the ladies division were: Championship flight: Mary Wright, first; Venita Hamilton, second; Maxine Edwards, consolation.

Men's winners were: Championship flight: Robert Harvick, first; Stanley Renfro, second; Lawrence Harvick, consolation.

First flight: Jerry Brown first; Bill Griffin second; Wade Holland, consolation.

Second flight: Reble Thomas, first; Robin Harvick, second; Dub Harvick consolation.

Third flight: Charles McAuley, first; Irvin Dunagan, second; Jack Fenton, consolation.

Fourth flight: Joe Thomas first; Elmer Rice, second; Dan Curry consolation.

### Western Dance This Saturday

The Lynn County 4-H Horse Club is having a western dance, Saturday, September 13, 1975, 9:00 p.m. - 1:00 a.m. at the Tahoka Community Center.

Playing will be Bob Suggs and the Rangers featuring Clarence Nieman. The cost is \$2.00 per person. Everyone is welcome.

### O'Donnell Will Open Sept. 12

O'Donnell Eagles will not open their 1975 football season until Friday of next week when they play at Wilson. New Coach Lester Dupler has a problem in rejuvenating the Eagles who fail to win a game last year, but says he has a bunch of eager ball players who are hungry for a winning season.

The Eagles schedule: Sept. 12 - at Wilson; Sept. 19 - Lorenzo here; Sept. 26 at Ralls; Oct. 3 - Farwell here; Oct. 10 - at Bovina; Oct. 17 - at Plains; Oct. 24 - Ropes here; Oct. 31 - Shallowater here; Nov. 7 - at Stanton; and Nov. 14 - Seagraves here.

WHS CHEERLEADERS-Shown above are the cheerleaders for the Wilson High School Mustangs. Pictured above left to right are: Chris Nava, Kim Rice, Tracy Lee, Kathy Hagens, Camille Rice and Jan Wilke. The girls attended cheerleading camp at McMurry College in Abilene. They won one red ribbon and 3 blue ones. They also won the pep pennant. The girls are looking forward to a winning season for the Mustangs.

WHS TWIRLERS-Pictured above are the Wilson High School Band twirlers for the 1975-76 season. Shown from left to right are Lynn Stabeno, Shelly Cook, Tracy Ray and kneeling is Cherie Stone. Mr. Mike Chance is the band director. Band officers this year are: president, Greg Bednarz; vice-president, Troy Stegemoller; and secretary-treasurer, Shelly Cook.

### Sweet Street Bap. Church Revival Sun.

Revival services will begin Sunday September 14 and continue through September 21. Morning services will begin at 10 a.m. and evening services at 8 p.m. Jim Mosley will be the evangelist and singer will be Dan Zigler.

The nursery will be open for each service. Everyone is invited to attend any or all of these services.

### Drivers Class Set Tuesday

A Drivers License class will be held Tuesday at the Lynn County Community Action Center, September 16 - 17 at 8 p.m. For more information contact the Center at 998-5094. These classes will be held monthly. Everyone is invited to attend these classes.

LOCAL: Stan Sigman of Lubbock, formerly of Tahoka experienced a series of heart attacks. He is presently recuperating at his home after release from the hospital Saturday. Sigman was city secretary and employed by Wheatly Buick while residing in Tahoka. He is presently employed by Kerr Paper Co.

### Horse Show At Muleshoe

Progress 4-H Horse Show Saturday in Muleshoe, Texas. Attending from Lynn County were, Russell, Pam, and Brenda Barnett, John Dudley Edwards, Donette Hancock. Parents were: Patsy Barnett, Mary Bess Edwards Donald and Joyce Hancock.

Places were reg. gelding: Brenda Barnett, 6th; Jr. Western Pleasure: Pam Barnett - 8th; Sr. Western Pleasure: John Dudley Edwards - 10th and Russel Barnett - 12th; Jr. Reining: Donette Hancock - 6th; Sr. Reining: John D. Edwards - 1st; Jr. Polts: Donette Hancock - 4th and Pam Barnett - 6th; Sr. Polts: John D. Edwards - 4th; Sr. Barrels: John D. Edwards - 7th; Sr. Flag: John D. Edwards - 6th Jr. Goat - Pam Barnett - 4th; and Sr. Goat - Russel Barnett - 5th and John D. Edwards - 9th.

### An Editorial

Much has been written about shopping at home. The plea is often heard: Patronize your hometown merchants. Because so much has been written, it's difficult to find persuasive new words and arguments on the subject. One of the freshest approaches we've seen was penned by a merchant some where in the United States. He expressed his thoughts in a letter to syndicated columnist Ann Landers. Here is what he said:

Dear Ann Landers: I'd like to ask the American people a few questions. It's a matter of economic survival to me as well as millions of other "little people" who have small stores. Who do you ask to cash your checks? Who do you ask for credit when things are tight? Who do you ask to take ads for your organizations, yearbooks, and programs? Who do you ask for contributions for your church suppers, raffles, etc? Who do you call after hours when you need a special item? Who do you ask to put up your posters for special events?

It's your local, home-town small businessman. After all, he's your friend, your neighbor. But when you want to make a purchase, how often do you drive past his place of business and go to a giant store (out of town) thinking you might save a few cents, with out giving your local merchant a chance or even comparing his prices?

We are competitive with the biggest stores price-wise and our services are often better. But we can't survive much longer. When we go, you'll miss us. - Too Many to Name. The unnamed merchant's words are worth pondering as you decide where to spend your shopping dollar. Why not try your Tahoka merchants first?

### Wilson Loses To Ralls, 33-6

The Ralls Jackrabbits, scoring in every quarter, swept past the Wilson Mustangs 33-6 last Friday night. Wilson scored in the second period on a 74 yard pass play from Carlton Henderson to Greg Bednarz.

### Students May Take Text Section Of ACT Program

Students at Tahoka High who are planning to go on to school after graduation will have five opportunities to take the Test Section of the ACT Assessment Program during the 1975-76 school year.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, October 18. Students planning to take the exam on that date must have registered by September 22, it was announced by Jane Roberson, counselor.

Announced also was the complete schedule of 1975-76 national test dates for the ACT Assessment Program. The dates (with registration periods in parenthesis) are: Oct. 18, 1975 (Aug. 18 - Sept. 22); Dec. 13, 1975 (Oct. 20 - Nov. 17); Feb. 14, 1976 (Dec. 15 - Jan. 19); April 10, 1976 (Feb. 16 - March 15); June 12, 1976 (April 12 - May 17).

On those national test dates it takes students about three hours to complete the four standardized exams that make up the Test Section. Another important section of the ACT Assessment Program is a two part questionnaire that is completed by students at home as part of the registration process.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors as well as to colleges designated by the students.

Information reported from the Test Section (math, English, social studies, and natural sciences) provides an indication of the respective students' general educational development. The Questionnaire Section (Student Profile and Interest Inventory) provides information about students' academic and non academic accomplishments anticipated needs, and interests.

Nearly one million students last year used the ACT Assessment Program, which is required or recommended for applications at more than 2,400 colleges and other postsecondary schools and scholarship agencies.

It is recommended that students use the ACT Assessment Program in their junior year or early senior year of high school in order that the resulting information can be of maximum value and assistance in the students' educational planning. The basic student fee for the program is \$7.50.

The ACT Assessment Program is one of several guidance oriented services provided for students and educational institutions by act (American College Testing Program.) The ACT National Office is located in Iowa City, Iowa.

Such restrictive legislation lacked only seven votes passing in the House in a recent vote in Congress. Farming interests are in great danger he said, because of the increasing dominance of urban interests in government legislative circles.

Such legislation would deny the citizen to use his land as he desires, and could lead to disaster if the bureaucrats were allowed to dictate how land may be used. He urged farm are people to write their representatives opposing land use legislation.

Also, he urged property owners to write their representatives favoring raising the limit on estate values for inheritance taxes, since the present law passed many years ago has become confiscatory in light of increased values of farm property.

He called attention to Secretary Butz's recent announcement that there would be no set-aside in 1976 and farmers will be urged to plant all they can and produce all they can.

Ross Smith arranged the program, and County Agent Bill Griffin introduced the speaker.

About thirty farmers were guests at the meeting.

### New Home Downs Spur

New Home Leopards rallied for 14 points in the final stanza to grab a 17-12 decision over the Spur Bulldogs Friday night. Except for a 28 yard field goal by New Home's Lewis Estrada with 40 seconds remaining in the second quarter, all the scoring came in the final two stanzas. Spur took the lead in the third quarter on a drive of 66 yards that was capped by a 9 yard run. The Leopards, down 6-3 came storming back in the final period. Their first rally came on a 3 yard pass from Marty McClintock to wingback Roman Zavala for a 7-6 lead. The Leopards scored in every quarter, swept past the Wilson Mustangs 33-6 last Friday night. Wilson scored in the second period on a 74 yard pass play from Carlton Henderson to Greg Bednarz.

Wilson scored in the second period on a 74 yard pass play from Carlton Henderson to Greg Bednarz.

### Farmers Are Rotary Guest

The threat of land use planning legislation to the detriment of farming interest of the nation was discussed at the Farmers' Day program of Tahoka Rotary Club last Thursday noon by Joe Brown, agricultural editor of KDAV radio station.

Such restrictive legislation lacked only seven votes passing in the House in a recent vote in Congress. Farming interests are in great danger he said, because of the increasing dominance of urban interests in government legislative circles.

Such legislation would deny the citizen to use his land as he desires, and could lead to disaster if the bureaucrats were allowed to dictate how land may be used. He urged farm are people to write their representatives opposing land use legislation.

Also, he urged property owners to write their representatives favoring raising the limit on estate values for inheritance taxes, since the present law passed many years ago has become confiscatory in light of increased values of farm property.

He called attention to Secretary Butz's recent announcement that there would be no set-aside in 1976 and farmers will be urged to plant all they can and produce all they can.

Ross Smith arranged the program, and County Agent Bill Griffin introduced the speaker.

About thirty farmers were guests at the meeting.

## 4-H Meeting Sept. 15

THE Lynn County 4-H officers met Monday, September 8th to decide the activities and plan the meet-

## TEXAS TALK

By Fred Myers

Getting it together may be the secret for grain sorghum planting in the next few years. Results from agricultural experiment stations indicate work will probably be intensified toward a grain sorghum which will grow well in rows as narrow as ten inches. Soil fertility scientist Dr. Lawrence Morrill at the Oklahoma Experiment Station says major yield increases are possible with a hybrid developed for the narrow row. Requirements of such a hybrid would be a different leaf angle and toleration for a high plant population. In experiments with current varieties of sorghum, the extremely narrow (10 inch) rows showed consistently better yield with 40,000 plants per acre than with 80-thousand. The highest yields recorded in the test plots with non-irrigated sorghum involved planting 30-inch rows with 80,000 plants per acre and 120 pounds of applied nitrogen. Tests on irrigated sorghums are underway.

## The Church Of Christ Pleas

Churches of Christ are pleading with the religious community to examine the church described in the New Testament and to compare it with their present form of church. Our plea is to return to the New Testament and restore God's blood - purchased church (Acts 20:28) together seek apostolic Christianity in its purity and simplicity.

The apostolic pattern (Rom. 6:17), nothing subtracted, will produce New Testament Christians. Attempts to trace a "lineage" to the first century are meaningless (1 Tim 1:4). Our only interest is the New Testament and to identify or establish the church described therein. If we could secure viable cotton of some ancient variety and plant them, the result production would be cotton of that same variety. The of the kingdom (God's word) is almost two thousand years old, but when sown in honest hearts only Christ of the ancient variety emerge. Hybridization of the "of the kingdom" with the "seed of corruption" (wisdom 1 Cor. 2:5) results in another variety of gospel (Gal. 1:6-9).

Churches of Christ accept the Lord's saving plan as their only creed and the Bible as their only source of authority, yet the human element renders us susceptible to error. In this respect we plead with our religious neighbors to correct us, with an open Bible, we err in what we practice and teach. It is our prayer that all men in the future will speak as the oracle God (1 Pet. 4:11), for it is by these words we shall be judged in the last day (John 12:48).

grade teacher, Mrs. Thelma Dewbre were shopping in Lubbock Monday.

Mrs. "Shorty" Woods was shopping in South Plains Mall on Saturday.

Regular meeting of Community Action Center was held Monday night with President Robert Abbe presiding. Several made reports on various activities and a nominating committee was appointed to select new officers for another year. Election will be at the next regular meeting October 6.

Visitors in the home of Mrs. D. V. Smith last week were her nephew, and wife, Mr. and Mrs. L. B. Smith of Seguin, California and their daughter, Mrs. Bob Detritch and baby of Michigan.

Visitors in Tahoka Monday was Mrs. Opal Ogden and husband of Lamesa. She will be remembered here as Opal Cooper Nowlin, having lived here many years ago.

Mrs. Dora Carpenter returned Monday night from a five weeks visit in Seattle Washington with her son, while there, she flew on to Alaska and spent two weeks with a granddaughter. She says the only time she was warm was when under the electric blanket.

Mr. and Mrs. Jack A. Robinson wish to announce the engagement and approaching marriage of their daughter, Julie, to Mr. Ron Scott, son of Mr. and Mrs. Gaines W. Scott of Lubbock, Texas. The couple plan to be married November 8, 1975, in the home of Mr. and Mrs. Garland Pennington. Julie a 1970 graduate of Tahoka High School, attended Commercial College, is employed with Jefferson Standard Life Insurance in Lubbock, Texas. Ron is a 1970 graduate of Monterey High School and is employed with Combined American Insurance, Lubbock, Texas.

The accident involved a car driven by Mary Burkhardt Russ, 30, of O'Donnell the DPS investigating official said.

The investigator said the Russ car was headed west when it apparently rolled over Vargas about 11:15 p.m.

The investigator said the Vargas farm home is about four miles from the scene of the accident.

Services were held at 9 a.m. Tuesday at St. Pias Catholic Church in O'Donnell. Burial was in O'Donnell Cemetery under direction of White Funeral Home of Tahoka.

Vargas was born August 21, 1958 in Brownfield. He attended school in Dilly. He was a Catholic.

Survivors include his wife Christina; a daughter, Rachel of the home; his mother, Guadalupe Martinez of O'Donnell; his father, Gabriel Vargas of Dilly; and three sisters, Mrs. Elena Maldonado of Morton, and Nadine Carrizales and Lupe Vargas, both of O'Donnell.

## Nursing Home News

Once again a week has passed. The Lee McFaddin's are spending some time in Lynn County Hospital, Lee is undergoing tests, we hope they will soon be back with us.

Our newest residents are Mr. and Mrs. Cruz Guerrero Room 23.

Thanks to Mr. Birdwell for the okra. Mrs. Ruby Harvick and Mrs. C. J. Carpenter and Clifton Clark for some tomatoes. We will be glad when the late gardens come on as our fresh vegetables are running low.

Frances Flores is a new graduate L.V.N. from Brownfield. She is married and has three children, one married. Expected to be a grandmother soon. We welcome her to our staff here at Colonial of Tahoka.

Joe and Billie Harvick of Gainesville, Texas visited Carrie Harvick.

Mr. and Mrs. J. E. Walker former residents of Tahoka visited friends here in the home Sunday. We enjoyed seeing them. Mr. Herman Huffaker brought black-eyed peas.

Doris Fayo doesn't feel good, she has a cold.

Vivian Barnett is still in the hospital she doesn't seem to be able to retain her food.

Bro. "Tut" Jones brought a good talk from the Sweet Street Baptist Church, September 7, on what it takes to be a good Christian. I'm afraid several people are not living top to their best.

ist Church of O'Donnell with the Rev. John H. Johns of Hereford and Dr. I. Bishop of Wayland Baptist College in Plainview officiating.

Burial was in O'Donnell Cemetery.

Snellgrove was a native of Rannels County. He lived in Lynn and Dawson Counties for 53 years. He was a farmer. Snellgrove was Dawson County Commissioner from 1948 to 1954. He was a charter member of the Dawson County Soil Conservation District. He was a board member of the Producer Grain Corporation and was on the executive committee of Plains Cooperative Mill in Lubbock. Snellgrove was a charter member and past president of the Dawson County Farm Bureau.

He was a member of the executive board of the Lubbock Baptist Association. Snellgrove was a 50 year member of the first Baptist Church in O'Donnell and a deacon for the past 37 years.

Survivors include his wife, Juanita, one son, W. L. "Buster" Snellgrove of O'Donnell one daughter, Mrs. Jerold Barton of O'Donnell and four grandchildren.

## Vargas Dies In Accident

A 17 year old Lynn county farm worker died late Saturday as a result of injuries suffered in a freak auto mishap when a car apparently rolled over his body as he lay on a farm to market road north of O'Donnell according to the Department of Public Safety.

Porfirio Vargas of the Draw community was pronounced dead at the scene of the mishap, four miles north and 2 1/2 miles east of O'Donnell on FM 213, by Justice of the Peace Cliff Lambert of O'Donnell. Judge Lambert ruled the death accidental.

## Jiggs Taylor Is Promoted

Jiggs Taylor was recently promoted to well and gas tester for Gulf Oil Corp. of Odessa.

Taylor began working for the company about three years ago as a roustabout and was later promoted to lease operator. Later he took training in Automation technology.

Taylor is the son of Mr. and Mrs. B. R. Taylor of Tahoka. Taylor, his wife, Paula, and son Chad live in Odessa.

## Faith Circle Met Monday

Faith Circle met Monday September 8 at the church for lunch and to begin their fall study. After the luncheon Mrs. Letha Porterfield presided over a short business meeting. The members voted to meet for the next four Mondays to continue with the study. The text for the study is Faith or Fear or Future Shock by Cynthia C. Wedel. The book is about change. The purpose of the study is to examine our faith - the faith that is within us - to see if it is adequate to the living of days like these.

Mrs. R. M. Stewart is leading the study. Mrs. Hubert Eudy was hostess for the luncheon.

## Snellgrove Funeral Held

Dawson County agricultural leader William Thomas Snellgrove, 66, of O'Donnell died at about 9 a.m. Wednesday in the emergency room of Lynn County Hospital in Tahoka after suffering an apparent heart attack.

Services were held at 10 a.m. Friday in the First Baptist Church of O'Donnell with the Rev. John H. Johns of Hereford and Dr. I. Bishop of Wayland Baptist College in Plainview officiating.

## INSUR-MATION

Robert Harvick  
Lynn County Farm Bureau, 998-4320

I have recently changed my employment situation and am now self-employed. Is there any way to receive tax-saving deductions and set up a pension plan for myself?

Yes. Under the Pension Reform Act of 1974, you may now receive many of the tax benefits enjoyed by employees of corporations. For retirement plan purposes... you are both an employer: being permitted to set aside up to 15% of earned annual income or \$7,500, whichever is smaller toward a pension plan... and an employee: not being taxed on such contributions or on the income earned by the funds during the accumulation period. To receive these benefits, you need to be under a qualified Keogh plan. Life insurance plans can pay retirement income as long as you live and pure insurance proceeds in such a plan are received by your beneficiary free of income taxes.

## Hobby Club Met Sept. 2

The Grassland Hobby Club met September 2 in the home of Mr. and Mrs. C. O. McCleskey. After the business meeting Mrs. Billy Ramage spoke on the culture of Saudi Arabi to 25 visitors and members. An interesting and informative hour was spent listening to Mrs. Ramage. Three years experience in Saudi and seeing the hand work pictures and much artifacts she brought home from Arabi. She and Mr. Ramage will soon return to Saudi He is employed with the McDermott Construction Co and is now home on leave.

The Grassland Community Center is being remodeled

## T-BAR BRIDGE

Duplicate bridge winners Tuesday of last week were: Mrs. Winston Wharton and Frank Hill, first; Mrs. Clint Walker and Mrs. Meldon Leslie, second; Mrs. Audie Norman and Mrs. Frank Hill third.

# SOIL CONSERVATION NEWS

People who enjoy having birds around their homes will find a new Soil Conservation brochure, "Invite Birds to Your Home", a big help in planning and landscaping for birds. The brochure written by Olan W. Dillon, Jr. SCS biologist tells the birdlover how to satisfy habitat needs of nesting and wintering birds.

with trees, shrubs, and food. It tells how a conservation landscape plan used in the selection of trees and shrubs will beautify your yard, and attract kinds of birds you like.

"A conservation landscape plan will guide you in placing bird attracting features near a window, patio or terrace so you can observe the many varieties of birds that accept your invitation," Eual Davis, SCS district conservationist at Tahoka states.

Even birdlovers in dense residential areas can attract birds by providing water for drinking and bathing and living fences and other shrubs for cover. "A single plant, the elderberry, is used by 51 species of birds and will dress your yard nine months out of the year with its white flower clusters and red-black berries," Davis said.

"Invite Birds to Your Home" will tell you the kind of food preferred by different kinds of birds, and how you can provide for them during food short winter months.

Single copies of "Invite Birds to Your Home" Pro gram Aid 1093 are available free at Soil Conservation Service offices.

## Grain Prod. To Elect Dir.

Grain sorghum producers in the High Plains area will elect four members to the Texas Grain Sorghum Producers Board on October 16. Nominations will be accepted through September 16 at TGSPB offices, 1708 A 15th Street, Lubbock, Texas 79401.

Directors whose terms will expire are Ralph Mabry of Petersburg, C. P. Smith of Hale Center, K. B. Parish of Springlake and Larry Witten of Olton. All are eligible for re-election.

Persons in the 29-county TGSPB area who produce grain sorghum and pay the board assessment are eligible to vote and seek election. Any person wishing to be nominated for membership should make application by September 16. The application must be signed by the nominee and 10 other eligible voters.

Eligible voters who do not receive ballots by October 2 may obtain one from a county agent.

Counties in the Texas Grain Sorghum Producers Board area are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran Crosby Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

## Russian Armament Subject At A Recent Lions Meeting

Maj. Joe Hickox doesn't trust the Russians, thinks Congress is "getting away with murder," doubts the wisdom of detents and worries about a clear-cut U. S. military inferiority. The former assistant air attaché to Moscow, now stationed at Reese Air Force Base, speaks his mind in no uncertain terms.

The U. S. already admits that the Red Navy is superior to ours, he says, and while Congress chips away at our defense budget Russia splurges 20 percent of her gross national product on weaponry. In this military build up, the Russians have the aid and comfort of American technology. As we detente all over the world and hand over some of our latest weapons to our "friends" the Soviet Union just waits around until some friendly -- or greedy -- soul provides her with a working model. You can save billions in research and development that way. As sort of icing on the cake, says Hickox, we pay the Saudi Arabians exorbitant prices for oil -- and the Saudis use the money to bank roll other mid-east countries in purchasing used military hardware from the Russians. In this way, the Russians get hard cash with which to replace the sold equipment with modernized war machinery for her Warsaw Pact allies.

Maj. Joe Hickox believes we're piling mistake on top of mistake. Instead of keeping the pressure on as he believes we should, the U. S. has publicly told the Soviet Union that we have re-targeted our missiles away from her cities to her military installations. Instead of making certain that U. S. military superiority is maintained, we have publicly agreed to a balance of power with no reason to expect that the Russians will be satisfied just to stay even once they've caught up.

In addition Maj. Hickox's comments, he presented a slide program on some of the known Russian weaponry now being used, its cost and its limitations. He might suspect, he said, that a deal of excitement in a much too period of questions. It is planned for the near future, he said, that the U. S. will be able to talk to the Russians again with unrestricted status concerning his own air while serving as an air attaché to Moscow.

Anyone interested in the objectives of the U. S. is "to promote good government and good citizenship."

## Sgt. Spruill Is Promoted

An official at RAF Station, England, announced the promotion of Sgt. Spruill to sergeant in the Air Force. Sergeant Spruill, Mr. and Mrs. E. of Tahoka, Texas, traffic control with a unit of the Communications Squadron. The sergeant at Tahoka High School, Linda, is the daughter of Tom W. Hale of

By: J. C. Roberts

**Gun Care . . .**  
The fall and winter hunting seasons in Texas are underway, and a few tips on gun care are in order this week. First, make sure you use quality materials to clean firearms. The oil can your wife uses to grease her sewing machine is NOT RECOMMENDED for guns. Be sure and use GUN OIL for your firearms, and nothing else. Every year hunters end up "gunless" in the field because a heavy buildup of grime and gum has rendered their gun useless. Several commercial aerosol sprays are on the market, and are perfect. For heavy cleaning jobs, a solvent is recommended, but don't forget a light coating of gun oil later. When using the aerosol sprays, it is best to spray a rag from the can, then wipe the gun. Spraying the gun directly can leave spots from the propellant in the can. **Tip Of The Week:** Record all serial numbers. You'll need them in case of a burglary.

FLORENCE DAVIES

celebrating in Rio de Janeiro on Labor Day week end. Mr. and Mrs. Bobbie Lisa and Andy, Mr. and Mrs. Mike Fillingim, Mr. and Mrs. Steve Fillingim, Mr. and Mrs. Jerry Fillingim, Mr. and Mrs. Stanley and McNeely, all from Big Springs visited with the Jerry McNeely and Bobbie Fillingim families Sunday.

Mr. and Mrs. John Balch and Mr. and Mrs. Keith Swim from Big Springs visited with the Jerry McNeely and Bobbie Fillingim families Sunday.

Mr. and Mrs. Pete White and Mrs. C. G. Eades celebrated their 40th birthday dinner for their daughter, Andrea

the ladies mother, Mrs. Edward Mendosa. Mrs. Mendosa age 50 died at 11:00 p.m. Thursday September 4 in the New Doctors hospital in Laredo, after a long illness. Funeral services were in the Church of the Nazarene in Laredo at 10 a.m. Saturday with burial in the Encinal Cemetery. Survivors including the two daughters here, four daughters, seven sons, her father, her husband, five brothers, and 19 grandchildren.

Miss Sheila McNeely is attending Texas Western College in Snyder, majoring in Park and Recreation.

Rev. and Mrs. Euel Strickland and daughter, Judith Dumas spent the weekend here with Mr. and Mrs. J. B. Edwards. The men are cousins.

Teachers tea in the New Home cafeteria 8:00 p.m. Thursday Sept. 11 this is

a joint meeting of the parents Teachers Club and the Booster Club. Door prizes will be given to registered members of the Parents Teachers Club. Come out and enjoy an evening of fun and get acquainted with all the teachers.

Beginning next week, the Booster Club will meet each Tuesday evening at 8 p.m. Season tickets are now on sale, \$7.50 for adults and \$2.50 for children.

Mr. and Mrs. W. T. Knight Mrs. Bob McAllister and Mitzi, Mr. and Mrs. Ronnie Forbes, and Mr. and Mrs. A. C. Fillingim Jr. were in Brownfield Thursday evening August 28 for a wedding shower for Miss Edith Jones and Dell Knight. In the home of Mr. and Mrs. John Williams. The couple will marry September 14 in Plains.

Visiting in the Jack Clements home the past week

end were Mr. and Mrs. Bryan Buck and Mike of Pampa. Mr. and Mrs. O. L. Davis and Cletus, Willows, Oklahoma, grandmother Davis from Oklahoma City, and Mr. and Mrs. Doug Davis and Valerie of Lubbock.

Mr. Monroe Parker is doing good at home after heart surgery in Methodist Hospital.

Mrs. Jerry Garner and Jaci spent a week here with her parents, Mr. and Mrs. Gene Bruton. Jerry came for the week end and they returned home on Monday. The Garners have recently moved to Tulsa, Oklahoma to Broger, Texas, where he is with Phillips Petroleum Co.

Several from New Home are attending the meeting in the Tahoka Church of Christ in Tahoka this week. NEW HOME KINDERGARTEN HAS PETS SHOW:

Tuesday, September 2, the

kindergarten's emphasis for the day was the care of pets. The children learned how to take care of their pets and that they were responsible for them. At 1:00 the mothers brought the children's pets for a pet show. Thirteen dogs and two goldfish, and one frog were in the parade. The scene was videotaped and then the children saw themselves on T.V. Guests were: Mrs. Herminio Perez, Mrs. Roberto Alonzo, Mrs. Joe Estrada, Mrs. Wayne Fillingim, Mrs. Freddie Keith, Mrs. Tommy Anderson, Mary DeLeon and friends, Mrs. Eugene Brewer, Mrs. Lloyd Caballero and Mrs. Catrina Regalado. Later, the movie will be shown again for other interested parents.

AS THE WORM TURNS:

The above statement derived a new meaning this week at the New Home Elementary School. Mrs. Sharp and her kindergarten students used worms to paint pictures. Actually the worms were allowed to move through white paint, then they were put on black construction paper. The results was some fancy painting and students became more aware of the interesting world around them. The pictures are on display in the hall in the elementary school.

THIRD GRADE NEWS:

Joyce Davies teacher:

We are now into our third week of another exciting school year, we have 22 students. Jennifer Nava and Linda Tenorio are new students. Our class is working hard on a spelling contest, making Indian sandpictures, reading about Indians and making an Indian Trading Post; also learning to paint with finger paints. Learning the five basic food groups, writing cursive letters using the Palmer method. Collecting bugs and toads, writing stories about our pets, and learning to sing songs about our country.

MRS. PRIDMORE SPEAKS TO HIGH SCHOOL BUSINESS LAW CLASS:

Mrs. Bessie Pridmore, New Home City Clerk, conducted an informal class discussion involving the Business Law class of the New Home High School.

Mrs. Pridmore discussed the formation of the city of New Home, ordinances, and the function of each office in the county legal structure. The class was video-taped and played back for class discussion the following day. The students received first hand information and gained more insight about their city.

Mr. and Mrs. V. M. Harrison fished at Lake Stamford Monday until Friday last week.

Mr. and Mrs. Frank McDonald and children, Sweetwater, and Mr. and Mrs. Larry Edwards and children of Garland visited here with Mr. and Mrs. Boswell Edwards last week.

Following the football game here Friday night September 12 with Lubbock Christian High School of Lubbock, a fellowship hour for high school students will be in the New Home Baptist Church fellowship hall.

Brother Jose Luis Pleites pastor of the Baptist Church in San Vincents and chairman of the Evangelism Committee of the Baptist in El Salvador, Central America spoke for a few minutes Sunday morning on the conditions in the church in San Salvador. Jessie Rodriguez acted as interpreter. Other speakers in the morning service were Ruby Overman, Charlene Kiehl and Jack Clements. Three of the several who worked all week as counselors in the Billy Graham Crusade.

Mr. and Mrs. John Edwards spent the labor day weekend at Six Flags the Lion Contry and wax museum and visited her aunt Mrs. Fernie Fortune in Breckenridge.

Mrs. Weldon McClintock spent a week with her daughter, Mrs. Bill Kirby and family in Colleyville on Saturday she and friend Mrs. Olga Godley spent the day in their childhood hometown, Coolege.

Mary Bess Edwards was in Nazareth for the Labor Day Parade dinner and other activities. She was visiting friends Mr. and Mrs. Larry Wells.

## Mrs. Hargett Services Held

Mrs. Mary Mattie Hargett 75 of Tahoka died Sunday September 7 in Lynn County Hospital following a lengthy illness.

Services were held at 2 p.m. Tuesday in the Tahoka First Baptist Church, with the Rev. Boyce Evans of Lubbock and the Rev. Jim Turner, pastor of Tahoka First Baptist Church officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home of Tahoka.

Mrs. Hargett was born October 15, 1899, in Denton County. She married H. O. Hargett December 17, 1921 in Wheeler. They moved to Lynn County in 1925. She was a member of the First Baptist Church.

Survivors include her husband; two daughters, Mrs. W. T. (Imogene) Hines of Albuquerque, New Mexico, and Mrs. Boyce Evans of Lubbock, two sisters, Bessie Heard and Mrs. Ara Crowder both of Wheeler; a brother, Hammie Heard of Wheeler; five grandchildren and three great grandchildren.

Pallbearers were Evan Evans, David Evans, Jim Sanchez, Finis Botkin, Robert Harvick, and Roy Botkin.

Sunday school class members were honorary pallbearers.

## PUBLIC NOTICE

### CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)

#### SPECIAL ELECTION NOVEMBER 4, 1975

##### PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the power of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise provided by the constitution, members of one branch may not exercise the power properly attributed to either of the other two branches.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the sessions of the legislature are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

##### PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

##### PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

##### PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

##### PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, nonprofit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection (c), which becomes

effective January 1, 1979.

**PROPOSITION NO. 6 ON THE BALLOT**

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

##### PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to contribute more than 10%.

##### PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

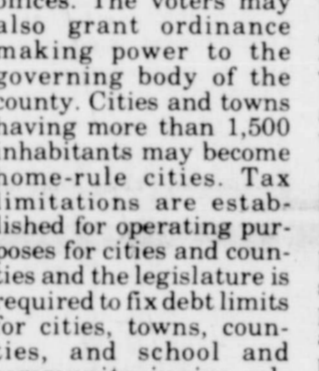

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

# FACTS FOR YOU

from Texas Farm Bureau

## PUBLIC UTILITY COMMISSION:

Governor Briscoe has appointed the following State Public Utility Commissions (1) Allen R. Erwin, Director of State Government; Washington, D.C. Liaison Office, and former assistant publisher of the Beaumont Enterprise - Journal; (2) Garrett Morris, Ft. Worth lawyer who has served on the Welfare Board, Highway Commission and Public Safety Commission; (3) George M. Cowden, Dallas, General Counsel and Vice President of the General American Reserve Insurance Company, former chairman of Texas Board of Insurance and former legislator. These three men will take office on September 1, 1975 at a salary of \$40,500 for the fiscal year beginning on September 1, 1975. (See FACTS FOR YOU, August 8, 1975, page 187-188.)

## RUSSIAN AGREEMENTS?

THE U.S. NEWS AND WORLD REPORT, of August 25, 1975, on page 5, under the heading of "Washington Whispers", reported the following: "Secretary of State Kissinger has refused to appear under oath before the Senate Armed Services Committee for questioning about allegations of Russian cheating on SALT 1 agreement,

and U. S. failure to react when the Soviets replaced light missiles with heavy missiles." The U. S. Senate, by a vote of 88 to 2 on August 3, 1972 ratified the Strategic Arms Treaty (SALT) limiting U. S. and Russia to two antiballistic missile sites each. The treaty also limited both nations' land-based and submarine borne nuclear missile forces.

## LABOR SUBSIDY:

THE U. S. NEWS AND WORLD REPORT of September 1, 1975 reported the following on page 8 of its column entitled "Tomorrow A Look Ahead From The Nation's Capitol."

An obscure federal program to aid workers hurt by imports is growing fast. A law that went into effect in April offers up to \$176 a week for a year to people who lose their jobs because of competition from goods made abroad.

About 30,000 persons already are drawing checks, and another 66,000 are asking for help. Automobile workers top the list. Laid-off employees in the footwear and electric equipment industries also have been hit hard. Officials expect to dole out some 350 million dollars in aid this year.

Even the most dedicated budget choppers in Government won't attack the program. They say it's a price the U. S. must pay for expanded world trade. (U. S. NEWS & WORLD REPORT, September 1, 1975.)

**CATTLEMEN WIN JUDGEMENT:** FEEDSTUFFS of August 18, 1975 reported the following with regard to a lawsuit between cattlemen and A&P.

A & P, CATTLEMEN REACH AGREEMENT ON SETTLEMENT SUIT.

NEW YORK -- The Great Atlantic & Pacific Tea Co. announced it has reached a settlement of \$9 million in the \$35.8 million judgement awarded to six cattlemen who had charged the supermarket chain with price fixing.

The \$9 million will be paid to the cattlemen in installments over a period of five years, according to Grant C. Gentry, A&P president.

The cattlemen filed their suit in 1968 and named A&P Safeway and Kroger, charging that the chains were putting abnormally high retail prices on beef while paying low wholesale prices to packers, causing still lower prices to producers.

Kroger and Safeway have also settled out of court. They agreed to pay a total of \$85,000.

All of the chains in announcing the settlement emphasized that they did not conspire to fix prices and that the settlements were made to avoid extended litigation. (FEEDSTUFFS, August 18, 1975)

## BRUCELLOSIS RESEARCH

The United States Department of Agriculture released the following in a letter dated August 4 with regard to current research on bovine brucellosis:

Research is currently underway at the National Animal Disease Center, Ames, Iowa, that includes evaluation of several serologic tests for 1 diagnosis of brucellosis in cattle and swine. These studies include characterization of antibodies detected by several diagnostic testing procedures. That information is necessary for a more complete understanding of the meaningfulness of results of tests currently being used. Studies have also been directed to further determining the optimal age that calves may be vaccinated at 1 week or 1 month of age do not develop a serviceable immunity. However, calves vaccinated at 2, 3, or 4 months of age did develop a serviceable immunity with minimal interference with diagnostic testing.

Future research will involve further studies on diagnostic tests for the disease and also practical procedures for dealing with nursing calves in infected cattle herds. Hopefully, it will include evaluation of non-infectious Brucella bacterins for their immunizing capabilities. (Letter, 8-4-75 from Edwin R. Goode, Jr. Staff Scientist, Livestock & Veterinary Sciences, USDA ARS)

The terms "serologic tests" are tests used in detecting the disease brucellosis in animals such as rapid plate agglutination, card (also known as Buffered Brucella Antigen and Rose Bengal) tests. Serum refers to the watery part of animal blood.

## CONSTITUTIONAL REVISION:

Where does the State Legislature get its authority to legislate? The State Legislature is a creature of the State Constitution and is dependent upon that Constitution for its existence.

The creation of a legislative body transfers the peoples legislative power of the legislature except what is prohibited by other provisions of the Constitution. In summary, the State Legislature may pass any law on any subject or in any field which is not explicitly denied to it by the state or national Constitution.

If the State Constitution were completely silent with regard to the subject of public education, the State Legislature would have authority to pass any law of its choosing to promote a public education system. Stated another way, the very fact that a State Legislature is created transfers the legislative power of the people to that body except as it is limited in the state and national Constitution.

## OSHA FINES DAIRY PRODUCER:

A New York dairy farmer has been fined \$150.00 by the Occupational Safety and Health administrators for not having a shield on a power take off shaft. It is generally understood that agriculture is not covered under the industrial standards, but the administrators have insisted that the general provisions of the act did provide authority for assessing the fine in the absence of specific standards. (National Institute of Farm Safety, Inc. Membership Report No. 57, August 14, 1975, page 4.)

## CHURCHES AND FARM LABOR UNIONIZATION:

The Executive Committee of the Palo Duro Union Presbytery has distributed material indicating their support of the United Farm Workers' activity in the area. The group listed the following possible alternative rolls which might be played by Presbyterian or other church membership and leadership:

A. The primary role identified for clergy and church leaders is that of impartial observer, thus putting church leaders in a position to speak factually about what is transpiring on the part of farm workers and their organizers, and law enforcement and other leadership in the community, together with the activities of growers in the area. Mr. Orendain stressed the importance of impartial observers to be able to keep one facts before the total community.

B. To provide information and communication to any interested persons in order that they might understand

the specific issues involved and the specific activities which are occurring in the interest of truthfulness.

C. To work with and in behalf of farm workers in support of their human rights and employment rights awareness of the legal issues involved and of the actual working conditions and wages of workers and awareness of the steps which would be necessary to protect them from abuse of any source.

D. To meet direct needs of persons engaged in the organizing activities of the strike, through the provision of clothing, groceries, ball bond money to provide for the release of leaders and workers who may be arrested during the period of organizing or strike activity.

E. If persons choose to do so, direct participation in the strike itself is one alternative.

The following appropriate points of contact for churches were listed:

A. For contributions of clothing, food, to ball bond money to assist the workers in the organizing activity: Chicano Unidos Campesinos, Inc. P. O. Drawer 588, 216 East Avenue D Muleshoe, Texas 79347.

B. For information communication resource concerning the total activity or for setting up meetings in churches to familiarize lay persons with the objectives of the organizing activity and for exploration of alternatives for involvement of churches: Mr. Lusk F. Robinson, Jr. No. 7 Briercroft Office Park, Suite 302, Lubbock, Texas 79412; Palo Duro Union Presbytery Mexican American Enabler Resource Mobilizer; Mr. Vann Pressley, Summer Legal Aid Student supported by the Mexican American Program Committee, Chicano Unidos Campesinos, Inc. P. O. Drawer 588, Muleshoe, Texas, 79347, or Palo Duro Union Presbytery, No. 7 Briercroft Office Park, Suite 302, Lubbock, Texas, 79412; Rev. Edwin L. Manning, Pastor of First Presbyterian Church Muleshoe, Texas, P. O. Box 1098 Dimmitt, Texas 79027, Dimmitt phone no. 806-647-3214.

Antonio Orendain served as treasurer of the Union and later took on the title of Texas independent organizer.

The legal aid program is a Federally supported and directed program to provide legal assistance for the "poor".

## ANIMAL CONFINEMENT PERMITS:

The U. S. Environmental Protection Agency's regional administrator, Dallas Texas, has announced an informal hearing on September 24, 1975, Royal Coach Inn, Dallas, Texas, 9:00 a.m. seeking ideas on how to plan a program for permitting small animal confinement operations. This situation is the result of a lawsuit brought against EPA by the National Resources Defense Council (an environmental group.) EPA regulations of July 5, 1975 exempt any animal confinement of less than 1,000 head from permit requirements. The court ordered EPA to include these small operations in its permitting program. The purpose of the Dallas meeting is to find a "workable" plan for permitting small feedlot operations.

There is also scheduled two informal public meetings for August 27 and 28 at EPA's Washington headquarters. The August 27 meeting in Washington is designed to collect the views of persons and trade associates who may be subject to the new regulatory program. Other groups and persons are to be heard on the 28th.

There are to be informal field meetings in Boston on September 9 Chicago on September 10, Omaha on September 11 and the Dallas meeting on September 24. There will be no other meetings scheduled during the month of November.

## FARM PROGRAMS 1976:

United States Department of Agriculture has announced the following with regard to the 1976 crops of feed grains, wheat, upland cotton:

1. No set-aside requirement
2. No conserving base
3. No limitations on acres planted
4. Producers may substitute any non-conserving crop (except marketing quota crops) or any conserving crop (including approved volunteer cover) used for hay or for grazing in order to preserve allotments.

## GRAIN SALES TO RUSSIA

The United States Department of Agriculture in a news release August 21, 1975 reviewed the trade with Russia situation. In reviewing the facts presented, consider that Russia cancels some purchases before they are delivered:

USDA reports the following:

**SALES VOLUME:** As of now, private U. S. grain export firms have reported to the Department of Agriculture sales to the Soviet Union totaling 10.3 million metric tons (including 300,000 tons of what and 200,000 tons of corn from sales made in October 1974) as follows:

Wheat: 4.5 million tons (162 million bushels); Corn: 4.7 million tons (185 million bushels); Barley: 1.1 million tons (50.5 million bushels)

In 1972, private U. S. exporting firms sold the Soviet Union 19 million metric tons of grain as follows: Wheat: 12 million tons; Feed Grain - 6 million tons (mostly corn, some grain sorghum); Soybeans - 1 million tons

**AN ORIGIN BASIS:** Contracts for the 1975 sales are on an "any origin" basis. This means the exporting firm has the option of selecting the country from which sales will be shipped. The Department of Agriculture anticipates most, if not all, the corn and wheat will originate in the United States. Very little of the barley is expected to be U. S. barley.

**NO EXPORT SUBSIDY:** No export subsidies will be paid out for U. S. farmers on wheat exported this year. In 1972 about \$160 million in subsidies was paid for U. S. farmers portion of wheat exports sold to the USSR, as a means of supporting depressed U.S. wheat prices. World market export prices on wheat averaged about \$1.65 per bushel at the time of the 1972 Russian sales, compared with about \$4 per bushel at the time of the 1975 sale.

**NO CCC CREDIT:** There is no government credit involved in 1975 sales to the Soviet Union. In 1972, the Commodity Credit Corporation provided a three year credit to the USSR to buy about 7 million tons of the 12.8 million tons shipped in the 1972 marketing year. Currently, one-third of the Soviet grain shipments are required to move in American flag vessels. This helps assure jobs and employment for U. S. seamen. There will continue to be government subsidiaries from the Maritime Administration to American flag vessels for carrying U. S. grain.

# Sherry Etheredge Says . . .

Freezing main dishes can mean menu variety and provide appetizing nutritious foods on busy days, according to Sally Springer, foods and nutrition specialist. Older children can help by placing frozen casseroles in the oven when they get home from school - and dinner will be ready when parents come in from work.

Miss Springer is with the Texas Agricultural Extension Service, the Texas A&M University System.

"For freezing main dish meals, prepare the food in the usual way, and cook it until almost done."

"Remember to tightly season -- because spices such as pepper and cloves become strong during freezing. Then, just before serving, add more seasonings if they are desired," she said.

To freeze, cook food quickly and wrap it in moisture vapor proof material such as freezer paper or heavy aluminum foil, the specialist said.

In baking combination main dishes for freezing, use pans lined with aluminum foil -- allowing extra wrap that will fold over the top later.

After baking -- because hot food must be cooled quickly for freezing purposes, let it stand at room temperature for 30 minutes. Then complete the wrap immediately label, and freeze at 0 degrees or below.

Cooling this food quickly stops the cooking, retards bacteria growth -- and helps retain food color, flavor and texture, Miss Springer explained.

Later when ready to heat the food, remove wrappings from the package and place food in the oven in the original pan. Bake until heated thoroughly.

Of course homemakers can save even more time if they cook enough for several meals, the specialist noted.

Her recipe for lasagna serves 24 and is excellent for freezing.

- LASAGNA**  
 2 1/4 pounds ground lean beef  
 1 chopped onion  
 3/4 teaspoon garlic powder  
 4 teaspoons salt  
 3/8 teaspoon red pepper  
 crushed  
 1 tablespoon oregano  
 3 tablespoons parsley  
 3 cans, 6 ounces each  
 tomato paste  
 3 cans 8 ounces each  
 tomato sauce  
 2 1/4 cups hot water  
 3 pounds cottage cheese  
 cream style  
 18 (about 1 pound uncooked)  
 lasagna noodles, cooked  
 3 cups or 12 ounces  
 process Cheddar cheese,  
 shredded  
 3/4 cup Parmesan cheese

Line 8 x 8 inch baking pans with heat resistant freezer wrap. Allow enough extra to wrap over top of one pan for each serving or one fourth of the total. Do not line pans for lasagna to be served without freezing.

Crumble beef; cook and lightly browned. Stir in onion. Cook until onion is tender. Drain off fat. Stir in seasonings, tomato paste, tomato sauce and water. Simmer for five minutes, stirring occasionally. In each pan spread a layer of meat mixture, add a layer of noodles.

Cook until onion is tender. Drain off fat. Stir in seasonings, tomato paste, tomato sauce and water. Simmer for five minutes, stirring occasionally. In each pan spread a layer of meat mixture, add a layer of noodles.

Repeat layers until all ingredients are used. To Serve without freezing: Preheat oven to 400 degrees F. (hot) Bake 30 minutes or until sauce bubbles at edges.

To Freeze: Fold and wrap. Label and freeze immediately.

To Heat Frozen Food: Move freezer wrap. Place food in baking pan. Bake 1 hour or until sauce bubbles at edges and center is hot. Calories per serving about 250.

Variation -- Italian lasagna use ricotta cheese in place of cottage cheese and mozzarella cheese in place of process Cheddar cheese. About 280 calories per serving.

### School For Migrants Set

Congressman Omar Burleson announces the approval of \$18,964,452 by the U. S. Office of Education to the Texas Education Agency, effective July 1, 1975, to provide for a comprehensive educational program for over 70,000 migrant children in 56 counties during the summer and regular school year of 1975 - 1976.

Included among the 56 counties are the Southland School District and the Ralls School District in Garza County, Region XIV in Taylor County, the Lorenzo School District in Crosby County, the Klondike, La-mesa and Sands School Districts in Dawson County, Floydada and Lockney School Districts in Floyd County, and New Home, Wilson, and O'Donnell School Districts in Lynn County.

The major objective of the program will be in oral language. Supplementary educational services include mathematics, reading and early childhood.

Children enrolled in this program will receive health and nutritional services.

### Supper At Wilson Friday

The Wilson High School Band is having its annual Spaghetti Supper before the first home game on September 12th from 5:00 - 7:00 p.m. Anyone who can donate homegrown tomatoes, cucumbers, peppers, or onions by Thursday, September 11 is asked to do so and it will be greatly appreciated.

The following are asked to work the assigned hour: 5:00 - 6:00 P.M. - Linda Wilke, Helen Autry, Jo Ann Steinhauer, Onida Hagens, Linda Stone, Mary Wilke, Mary Houchin, Nancy Ross, Mary Henderson, Ethelyn Zant, Joyce Kahlich, Margaret Bednarz, Mrs. Daniel Castro, Clara Crews, Mitz Sue Henderson, Irene Talkmitt. 6:00 - 7:00 P.M. - Billie Kirbie, Venita Hobbs, Myrtle Stabeno, Jo Ann Cook, Madeline Rice, Jeanette McCleskey, Wanda Stegemoeller, Janet Davis, Ruby Gonzales, Anna Vaca, Sue Weaver, Jo Ann Arnold, Ann Ray, Emmy Jones, Laura Whiteley, Mrs. Ted Wendeborn.

Individual duties will be posted at the school cafeteria. The clean up committee will begin at 7:00 p.m. and include the following mothers of Junior High Band students: Lana Daniell, Betty Bishop, Carolyn Klaus, Lavonne Spence, Ginger Swope, Janice Lee, Violet Stone, Mrs. C. L. Anderson, Margaret Crispin, Pat Hall, Marie Joy, DeAnna McNeely, Carolyn Day and Maxine Nolte.

Tickets are available at \$2.00 each for 6th grade thru adults, \$1.00 for kindergarten thru 5th grade.

dergarten thru 5th, and 75 cents for preschool children. Tickets for the spaghetti supper can be purchased at the door or from any member of the Wilson Mustang Band.

Junior High concession stand workers at Wilson need to take note of a correction of dates. The Ropes Jr. HI game will be held September 11th instead of October 11th, and the Sundown Jr. HI game will be September 25th instead of October 25 as previously published.

### Mustangs To Play Eagles

Wilson Mustangs will attempt to clip the Class A O'Donnell Eagle this Friday on Mustang field after having lost Friday at Class A Ralls 33 to 6.

Short on manpower this year, the Mustangs just could not handle the Ralls Jackrabbits, who scored in every quarter. Wilson's lone score came in to make the score 13 - 6 on a 74 yard pass play from Carlton Henderson to Greg Bednarz.

Fans report the inexperienced Mustangs are due to improve as the season progresses.

### LCC To Play New Home

Off to a good start with a 17 - 12 victory at Class A Spur last Friday, New Home Leopards entertained the tough Lubbock Christian High School this Friday night.

New Home got on the score board near the end of the first half with a 28 yard field goal by Lewis Estrada.

Spur took the lead on a 66 yard touchdown drive in the third quarter to take a 6-3 lead, but the Leopards came back in the final quarter to go ahead to stay on a 3 - yard pass Marty McClintock to Roman Zavala to end a 67 yard drive. A few minutes later, New Home recovered a Spur fumble on the Spur 25, and a few plays later, Roy Villareal plunged over from the 1 yard line and a 2 point conversion was good. Spur scored in the closing minutes on a long pass, but New Home had a 17 - 12 margin.

business. For immediate protection this should stop any closing of any deal in which there are questions. Previously the possibility of a tax liability wasn't brought to the new owner's attention until the sales tax permit application went through some time-consuming channels, and by that time it was often too late.

Once the possibility of the situation has been identified we can act quickly through our computers to get the new owner the necessary information.

Most new business owners have a hard enough time starting out without facing an unpleasant surprise of a delinquent tax notice.

Totally unconnected with good, honest business buyers, we have found some cases of fraudulent operators trying to change their business names from time to time to avoid paying taxes. They think they can tell us that they are a brand new business and not a successor to the former business.

I would strongly warn all such frauds that this doesn't work. The law is on the side of the state.

All such frauds can rest assured that we can add two and two. The leopard can't change his spots. Believe me, when we pin down such a fraud, we bring the full weight of the law and the full force of the Comptroller's Department to bear.

### Bond Sales 52 1/2 Of Goal

July sales of Series E and H United States Savings Bonds in Lynn County were reported today by County Bond Chairman, F. B. Hegl. Sales for the seventh month period totaled \$68,236 for 52 percent of the 1975 sales goal of \$130,000.

Texas sales during the month amounted to \$20,018, 842, while sales for the first seven months of 1975 totaled \$140,979,556 with 60 percent of the yearly sales goal of \$234.3 million.

### Words on Water

TEXAS WATER QUALITY BOARD AUSTIN, TEXAS 78711

### CLEAN, CLEANER CLEANEST

By comparison with the Mississippi River, or the Allegheny, or the Columbia, or other big rivers in the country, what we call rivers in Texas actually are small, low-flowing streams. Consequently, in those parts of the state where population and industrial densities are great, water quality is difficult to control.

Nevertheless, the quality of water in our streams is improving.

Contrary to what many people think, cities and towns do the most damage to the waters of the state. Many of them have been using sewage treatment facilities built 20 or 30 years ago when populations were small, and thus they became greatly overloaded as people moved from the country into town. But most Texas cities and towns have cooperated well with the Texas Water Quality Board to improve their plants, even though it is costly to do so.

The Neches River which flows through the Piney Woods

of East Texas is a good example. In 1968 the BOD in the Neches in the Mont-Port Arthur area was 223,500 pounds per day (BOD or Biological Oxygen Demand, is the most frequently used measure of water quality, with lower readings indicating better quality.) By 1974, it was down to 134,900. By 1972, it was at 105,881, and last year, 1974, it was down to 72,000. TWQB projected figures indicate a reading as low as 50,000 pounds per day by 1980. Only distilled water is as pure, and neither fish nor plants can live in it.

Similar improvements are beginning to show in streams in the state. But ever expect absolutely pure water in any stream in Texas. Only distilled water is pure, and neither fish nor plants can live in it.

### First Application For Itchy Skin Relief

Also Helps Promote Medicated Zemo quickly itching, irritated skin. Zemo helps nature heal red, scaly skin rashes caused. For fast relief, Ointment or Liquid.

## Texas Taxes

By BOB BULLOCK State Comptroller

Austin--AN URGENT MESSAGE FOR ANYONE THINKING OF BUYING A BUSINESS IN TEXAS:

You better check carefully to see if the business you are buying owes the state delinquent sales taxes.

If it does, you are buying a problem. You are buying the responsibility for paying off that delinquency.

The Comptroller's Department wants to save you from that pitfall. Information about any possible delinquent sales taxes is something every business buyer should have in hand before closing any deal.

The lawyers call this "successor liability". In plain English that means that the new owner is responsible for tax debts left behind by the former owner.

The law actually requires the new owner to withhold the amount of any delinquent taxes from the purchase price of the business, but as a practical matter many deals are already closed and paid before the new owner finds out about the back taxes.

We are moving to correct this by making certain all new owners are aware of what can happen and by speeding up the information they need.

We first find out that a business is changing hands when the new owner comes to one of our district offices for a sales tax permit in the new name. It is at this point that we want to emphasize to the new owner that the tax liability goes along with the

# BE BSWITCHED TO ELECTRIC HEAT

Two hundred years ago, the witch hunters would have burned us at the stake for even daring to dream of a clean, practical means of heating our homes like electric heat. Fortunately, things have changed since then and today you can choose a heating system that is not only clean and efficient, but also economical and environmentally sound. You don't even have to look for a witch to give you a great deal like this one. Call the electric company... we'll show you how easy it is to BESWITCHED to real comfort home heating that's as modern tomorrow as it is today.

ASK ABOUT THE HEAT PUMP

## IT'S NOT MAGIC...IT JUST ACTS THAT WAY

You'll think it's magic when you see what the heat pump does, but it's not at all. It probably will seem quite impossible that one unit can provide clean, efficient electric heating and cooling with only one unit, one thermostat setting. The important thing to remember is the heat pump is today's answer to improving your lifestyle—economically and efficiently. Sound like magic? Not at all.

ELECTRICITY—IT DOES SO MUCH GOOD

ENERGY EFFICIENCY ALLOWANCE

We, at Southwestern, are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers in existing homes who install electric comfort heating. Ask us about it.
